Dear Chairman Edwards and Ranking Member Sweeney,

As you know, antisemitism on America's college campuses has reached fever pitch. Across the country, [including](#) at such illustrious institutions as The Ohio State University, open support for terrorism and chants calling for the erasure of the Jewish state and its people have become almost commonplace.

We wanted to thank you for examining this issue, this week, in your committee. We are grateful for your attention to this matter and support efforts to ensure every student on campus feels safe and secure.

The United States is a country of tolerance, not terror; we seek to love our neighbors as ourselves and are appalled at what we witnessed on university campuses across the country in recent months.

As students return to school in the fall, we would ask that your committee and the entire Ohio Legislature ensure everything's been done to keep those students – our children – safe from the Jew hatred that has gripped so many in our country.

Sincerely,  
The Christians United for Israel (CUFI) Action Fund
