

Proponent Testimony for Frank Kerry
Massillon, Ohio

HD50 Representative Reggie Stoltzfus
SD29 Senator Kirk Schuring

Hello, my name is Frank Kerry, and I live in Massillon Ohio, Representative Reggie Stoltzfus' District number 50. As one of your constituents, I am watching the United States digress into a place I no longer recognize. Where our borders are overrun with illegal aliens that are not, and have not been vetted, enter this country, access benefits and healthcare, that even our own citizens and veterans cannot attain, as well as kill, rape, and rob our citizens. Daily, we constantly see rising crime in all our big cities raging out of control, and elected officials who seem to subvert the law, only to allow these criminals to be set free, and continue to propagate the same or new crimes, never to be fully prosecuted to the letter of the law.

I'm extremely tired of voting for these people, who are supposed to represent us, however, always seem to have their own best interest at heart, and always leaning toward lobbyist interests. Never accepting fiscal responsibility in these decisions, only to continue to "kick the can" down the road, and let "someone else," fix the problem. All this, while collecting a paycheck from ME, and somehow however never representing my interest, or that of good, hardworking, Blue Collar or Poor Americans, who are currently struggling in this stranglehold economy of the last almost 4 years. They continue to create larger government, by adding and creating countless agencies to tell law abiding American citizens what and how they will live, and conform to their new laws, again, never representing the people.

After seeing our country achieve energy independence, and a time which employment was ALL plentiful, and extra cash and savings for those hardworking people, including my family, friends, and myself works desperately for, drift tragically off course, into the current dystopia.

I am greatly saddened for all that I have previously listed and watch them struggling to raise their families in this economic disaster from our elected leaders, who seem to dance to the symphony of our destruction.

Now sir is the time in which I choose to stand and say, I've had enough of this lawlessness of elected officials. Now sir, is the time I ask you, to stand and do the right thing, and be remembered as a true leader of your constituents, and stand with the Convention of States.

Thus, I have signed the COS petition to enact Article V of the Constitution, in desperate hopes to create positive changes desperately needed, to reel in the federal government, and its representatives. We must create fiscal responsibility, stop governmental overreach, and create acceptable term limits for all elected federal officials.

Now sir is your time to stand fast, with us and the Convention of States!

Respectfully submitted,

Frank Kerry
