

Jolene E.S. Strieter director of TransHumanity
House Bill 183 False Information and Unconstitutional Infringement

Dear Mr Chairman Tom Young and Dave Dobos,

Hello to All my name is Jolene Strieter and I represent my international organization which I direct called TransHumanity which is based in Ohio. I established my organization on January 1st 2020 after a lengthy 5 years having legally and physically detransitioned finding factual truth which supports Transgender Identity. I promoted the Conversion Therapy propaganda and directed this organization which never worked all based on lies. On January 1st, 2020 I discovered a factual truth which changed my life and I came to the conclusion that the only right way for me to live was to Re-transition. In brief the very reason for my written testimony and statement against HB 183 is because I literally attempted to do what you propose and discovered it never worked in my own life.

With that being said I want to make my formal stance against what you propose on HB 183 the Trans Bathroom Ban.

“This legislation doesn’t refer to anything with regards to state or federal law with regards to transgender.”

-Chair Tom Young (R-Washington Twp), ignoring that Rep. Lear’s entire opening statement and answers to her colleagues regarding the “need” for HB 183 were focused on invalidating trans identity

Our Founding Father Thomas Jefferson once said..

He who permits himself to tell a lie once, finds it much easier to do it a second and third time, till at length it becomes habitual; he tells lies without attending to it, and truths without the world believing him. This falsehood of the tongue leads to that of the heart, and in time depraves all its good dispositions.

“I believe the sexual revolution and its father Alfred C. Kinsey are to blame. Many of our so-called modern ideas come from Kinsey. He was a depraved monster...The leftists and ACLU use his research continue to weaken our laws against pornography, rape, and child molestation.”

-Rep. Lear, answering the stunningly vague question of “How did we get here?” posed by Rep. Bernard Willis (R-Springfield).

Finally, I want to thank the Ohio GOP Representatives for hearing my plea and concerns on the unconstitutional House Bill 183. I believe each and every Transgender person who stands before you will speak the honest truth from their own experience and I urge you to uphold the oath that you swore to uphold to promote the truth and the whole truth so help us God. Therefore I urge you to turn down HB 183 thank you for your time and consideration.
