

Written testimony of Donna L. Becker  
Before the Ohio Senate General Government Committee  
Tuesday, April 18, 2023  
On consideration of Senate Joint Resolution 2

To the Committee:

I strenuously oppose SJR 2 and any attempt to weaken or dilute the power of the voters of Ohio. This action, no matter how it is publicly represented, is simply an attempt to limit the voters' access to the decision-making process in our state.

I urge you to reject this resolution. It does nothing to support genuine Democracy in our state.

Thank you for this opportunity to submit written testimony.
