except that no fee may be charged for copies furnished to the 1159
director of health or the state trauma board. 1160

On request, the facility shall furnish to the director of 1161
health or the board a copy of the report of the consultative or 1162

division (E) of that section for obtaining verification or 1166
reverification. The documents provided may omit patient- 1167
identifying information. Submission of the documents to the 1168
director or the board does not waive any privilege or right of 1169
confidentiality that otherwise applies to the documents and the 1170
information in them. 1171

The documents and the information in them are not public 1172
records and shall not be disclosed to any person except 1173
employees of the department of health or state trauma board who 1174
are expressly authorized by the director of health or the board 1175

to examine the copies and information in them. The documents and 1176
information in them are not subject to discovery or introduction 1177
into evidence in a civil action, except an action brought by the 1178
director or board against the facility or a person that 1179
authorized, approved, or created the original documents and the 1180

chapter shall also promptly notify in writing the state trauma 1208
board if any of the occurrences described in divisions (A) (1), 1209
(2), (3), or (5) of this section occur. 1210

Sec. 3728.26. The state trauma board shall monitor 1211
compliance with and investigate a possible violation of this 1212
chapter or rules adopted under it. Any person may report to the 1213
board in a signed writing any information the person may have 1214
that appears to show a violation. In the absence of bad faith, a 1215
person who reports such information or testifies before the 1216
board shall not be held liable in damages in a civil action as a 1217
result of the report or testimony. 1218

In investigating a possible violation, the board may do 1219
all of the following: question witnesses; conduct interviews; 1220
administer oaths; order the taking of depositions; inspect and 1221
copy any books, accounts, papers, records, or documents; issue 1222
subpoenas; and compel the attendance of witnesses and production 1223

except that a subpoena for patient record information shall not 1225
be issued without consultation with the attorney general's 1226
office and approval of the chairperson of the board. 1227

On failure of any person to comply with a subpoena issued 1228
by the board and after reasonable notice to the person being 1229
subpoenaed, the board may move for an order compelling the 1230
production of persons or records pursuant to the Ohio Rules of 1231
Civil Procedure. 1232

A subpoena issued by the board may be served by a sheriff, 1233

the sheriff's deputy, or a board employee designated by the 1234
board. Service of a subpoena issued by the board may be made by 1235
delivering a copy of the subpoena to the person named therein, 1236
reading it to the person, or leaving it at the person's usual 1237
place of residence, usual place of business, or address on file 1238
with the board. Service of a subpoena may be made by certified 1239
mail, return receipt requested. The subpoena shall be deemed 1240
served on the date delivery is made or the date the person 1241

to accept delivery of the subpoena or is not located, service 1243
may be made to an attorney who notifies the board that the 1244
attorney is representing the person. 1245

A sheriff's deputy who serves a subpoena shall receive the 1246
same fees as a sheriff. Each witness who appears before the 1247
board in obedience to a subpoena shall receive the fees and 1248
mileage provided for under section 119.094 of the Revised Code. 1249

The board shall not accept or consider as part of a 1250
hearing or investigation any information, document, or record 1251
that has as its sole source the proceeding or records of a peer 1252
review committee, as defined in section 2305.25 of the Revised 1253
Code. The board may accept and consider any information, 1254
document, or record that was presented to a peer review 1255
committee if the information, document, or record is produced 1256
from a source separate from the peer review committee. 1257

A report required to be submitted to the board under this 1258
chapter, a complaint, or information received by the board 1259
pursuant to an investigation under this chapter is confidential 1260
and not subject to discovery in any civil action. The board 1261
shall conduct all investigations and proceedings in a manner 1262
that protects the confidentiality of patients and persons who 1263

file complaints with the board. The board shall not make public 1264
the names or any other identifying information about patients or 1265
complainants unless proper consent is given or, in the case of a 1266
patient, a waiver of the patient privilege exists under division 1267
(B) of section 2317.02 of the Revised Code, except that consent 1268
or a waiver is not required if the board possesses reliable and 1269
substantial evidence that no bona fide physician-patient 1270
relationship exists. 1271

To the extent permitted by federal and state law, the 1272
board may share any information it receives pursuant to an 1273
investigation, including patient records and patient record 1274
information, with law enforcement agencies, other licensing 1275
boards, and other governmental agencies that are prosecuting, 1276
adjudicating, or investigating alleged violations of statutes or 1277
administrative rules. An agency or board that receives the 1278
information shall comply with the same requirements regarding 1279
confidentiality as those with which the state trauma board must 1280
comply, notwithstanding any conflicting provision of the Revised 1281
Code or procedure of the agency or board that applies when it is 1282
dealing with other information in its possession. In a judicial 1283
proceeding, the information may be admitted into evidence only 1284
in accordance with the Ohio Rules of Evidence, but the court 1285
shall require that appropriate measures be taken to ensure that 1286
confidentiality is maintained with respect to any part of the 1287
information that contains names or other identifying information 1288
about patients or complainants whose confidentiality was 1289
protected by the state trauma board when the information was in 1290
the board's possession. Measures to ensure confidentiality that 1291
may be taken by the court include sealing its records or 1292
deleting specific information from its records. 1293

Sec. 3728.28. (A) In accordance with Chapter 119. of the 1294

Revised Code, the state trauma board may do any or all of the 1295
following: 1296

(1) Suspend or revoke designation as a trauma center under 1297
this chapter if the board determines that material 1298
misrepresentations were made in the application for designation 1299
or that a trauma center has violated this chapter or rules 1300
adopted under it; 1301

(2) Suspend or revoke designation as a trauma center if 1302
the board determines that the trauma center has failed to 1303
maintain standards required for verification by the American 1304
college of surgeons; 1305

(3) Suspend or revoke designation as a trauma center if 1306
the board determines that the trauma center has failed to 1307
continue to meet designation requirements established under 1308
section 3728.09 of the Revised Code. 1309

(B) A facility adversely affected by an action taken or 1310
proposed to be taken by the board under division (A) of this 1311
section may appeal to the director of health. The director shall 1312
hear the appeal in an adjudication conducted under Chapter 119. 1313
of the Revised Code. The director may order the board not to 1314
take the action or to reverse or modify the action or may uphold 1315
the action. 1316

(C) The board may suspend designation without adjudication 1317
if it believes there is clear and convincing evidence that 1318
continued operation of a trauma center presents a danger of 1319
immediate and serious harm to the public. The board shall issue 1320
a written order of suspension and cause it to be delivered by 1321
certified mail or in person in accordance with section 119.07 of 1322
the Revised Code. The order shall not be subject to suspension 1323

by the court while an appeal filed under section 119.12 of the 1324
Revised Code is pending. If the trauma center subject to the 1325
suspension requests adjudication, the director of health shall 1326
conduct the adjudication under Chapter 119. of the Revised Code. 1327
The date set for the adjudication shall be not later than 1328
fifteen days but not earlier than seven days after the request 1329
is made, unless another date is agreed to by the trauma center 1330
and the director. The suspension shall remain in effect, unless 1331
reversed by the board, until a final adjudication order issued 1332
by the director pursuant to this section and Chapter 119. of the 1333
Revised Code becomes effective. 1334

The director shall issue a final adjudication order not 1335
later than ninety days after completion of the adjudication. If 1336
the director does not issue a final order within the ninety-day 1337
period, the suspension shall be void, but any final adjudication 1338
order issued subsequent to the ninety-day period shall not be 1339
affected. 1340

(D) If the board or the director of health revokes or 1341
suspends designation of a facility as a trauma center under this 1342
chapter and the facility continues to operate as a trauma 1343
center, at the request of the board or director the attorney 1344
general shall apply to the court of common pleas of the county 1345
in which the facility is located for an order enjoining its 1346
operation. The court shall grant the order on a showing that the 1347
facility continues to operate as a trauma center. 1348

Sec. 4511.81. (A) When any child who is in either or both 1349
of the following categories is being transported in a motor 1350

defined in section 4511.01 of the Revised Code, that is required 1352
by the United States department of transportation to be equipped 1353

with seat belts at the time of manufacture or assembly, the 1354
operator of the motor vehicle shall have the child properly 1355
secured in accordance with the manufacturer's instructions in a 1356
child restraint system that meets federal motor vehicle safety 1357
standards: 1358

(1) A child who is less than four years of age; 1359

the control of a nursery school or day-care center, the operator 1364
of the motor vehicle shall have the child properly secured in 1365
accordance with the manufacturer's instructions in a child 1366
restraint system that meets federal motor vehicle safety 1367
standards: 1368

(1) A child who is less than four years of age; 1369

(2) A child who weighs less than forty pounds. 1370
