The state board shall make available a list of suggested grade-appropriate supplemental readings that place the documents prescribed by this division in their historical context, which teachers may use as a resource to assist students in reading the documents

within that context.

(c) When the state board adopts or revises academic content standards in social studies, American history, American government, or science under division (A)(1) of this section, the state board shall develop such standards independently and not as part of a multistate consortium.

(2) After completing the standards required by division (A)(1) of this section, the state board shall adopt standards and model curricula for instruction in technology, financial literacy and entrepreneurship, fine arts, and foreign language for grades kindergarten through twelve. (D)(1) The state board shall adopt a diagnostic assessment aligned with the academic standards and model curriculum for each of grades kindergarten through two in reading, writing, and mathematics and for grade three in reading and writing. The diagnostic assessment shall be designed to measure student comprehension of academic content and mastery of related skills for the relevant subject area and grade level. Any diagnostic assessment shall not include components to identify gifted students. Blank copies of diagnostic assessments shall be public records.

(2) When each diagnostic assessment has been completed, the state board shall inform all school districts of its completion and the department shall make the diagnostic assessment available to the districts at no cost to the district. School districts shall administer the diagnostic assessment pursuant to section 3301.0715 of the Revised Code beginning the first school year following the development of the assessment.

(E) The state board shall not adopt a diagnostic or achievement assessment for any grade level or subject area other than those specified in this section.

To the extent possible, the individualized education program shall not excuse the student from taking an assessment unless no reasonable accommodation can be made to enable the student to take the assessment.

(b) Any alternate assessment approved by the department for a student under this division shall produce measurable results comparable to those produced by the assessment it replaces in order to allow for the student's results to be included in the data compiled for a school district or building under section 3302.03 of the Revised Code.

In determining which high schools shall provide intervention services based on the resources available, the district shall consider each school's graduation rate and scores on the practice assessments. The district also shall consider the scores received by ninth grade students on the English language arts and mathematics assessments prescribed under division (A)(1)(f) of section 3301.0710 of the Revised Code in the eighth grade in determining which high schools shall provide intervention services.

Each high school selected to provide intervention services under this division shall provide intervention services to any student whose results indicate that the student is failing to make satisfactory progress toward being able to attain scores at the proficient level on the Ohio graduation tests. Intervention services shall be provided in any skill in which a student demonstrates unsatisfactory progress and shall be commensurate with the student's performance. Schools shall provide the intervention services prior to the end of the school year, during the summer following the ninth grade, in the next succeeding school year, or at any combination of those times.

(E) Except as provided in section 3313.608 of the Revised Code and division ~~(M)~~(N) of this section, no school district board of education shall utilize any student's failure to attain a specified score on an assessment administered under this section as a factor in any decision to deny the student promotion to a higher grade level. However, a district board may choose not to promote to the next grade level any student who does not take an assessment administered under this section or make up an assessment as provided by division (C)(2) of this section and who is not exempt from the requirement to take the assessment under division (C)(3) of this section.

(F) No person shall be charged a fee for taking any assessment administered under this section.

(c) If the district's total enrollment in grades kindergarten through twelve during the first full school week of October was seven thousand or more, not later than the Tuesday after all of the assessments have been administered.

However, any assessment that a student takes during the make-up period described in division (C)(2) of this section shall be submitted not later than the Friday following the day the student takes the assessment.

(2) The department or an entity with which the department contracts for the scoring of the assessment shall send to each school district board a list of the individual scores of all persons taking a state achievement assessment as follows:

(a) Except as provided in division (G)(2)(b) or (c) of this section, within forty-five days after the administration of the assessments prescribed by sections 3301.0710 and 3301.0712 of the Revised Code, but in no case shall the scores be returned later than the thirtieth day of June following the administration;

(3) For assessments administered under this section by a joint vocational school district, the department or entity shall also send to each city, local, or exempted village school district a list of the individual scores of any students of such city, local, or exempted village school district who are attending school in the joint vocational school district.

(H) Individual scores on any assessments administered under this section shall be released by a district board only in accordance with section 3319.321 of the Revised Code and the rules adopted under division (A) of this section. No district board or its employees shall utilize individual or aggregate results in any manner that conflicts with rules for the ethical use of assessments adopted pursuant to division (A) of this section.

(I) Except as provided in division (G) of this section, the department or an entity with which the department contracts for the scoring of the assessment shall not release any individual scores on any assessment administered under this section. The state board shall adopt rules to ensure the protection of student confidentiality at all times. The rules may require the use of the data verification codes assigned to students pursuant to division (D)(2) of section 3301.0714 of the Revised Code to protect the confidentiality of student scores.

~~(d)(3)~~ Any chartered nonpublic school that is not subject to division (K)(1)~~(a)~~ of this section may participate in the assessment program by administering any of the assessments prescribed by division (A) of section 3301.0710 of the Revised Code. The chief administrator of the school shall specify which assessments the school will administer. Such specification shall be made in writing to the superintendent of public instruction prior to the first day of August of any school year in which assessments are administered and shall include a pledge that the nonpublic school will administer the

specified assessments in the same manner as public schools are required to do under this section and rules adopted by the department.

~~(2)-(4)~~ The department of education shall furnish the assessments prescribed by section 3301.0710 ~~or 3301.0712~~ of the Revised Code to each chartered nonpublic school that is subject to division (K)(1)~~(a)~~ of this section or participates under division (K)~~(1)(b)-(3)~~ of this section.

(L) If a chartered nonpublic school is educating students in grades nine through twelve, the following shall apply:

(1) For a student who is enrolled in a chartered nonpublic school that is accredited through the independent schools association of the central states and who is attending the school under a state scholarship program, the student shall either take all of the assessments prescribed by division (B) of section 3301.0712 of the Revised Code or take an alternative assessment approved by the department under section 3313.619 of the Revised Code.

(2) For a student who is enrolled in a chartered nonpublic school that is accredited through the independent schools association of the central states, and who is not attending the school under a state scholarship program, the student shall not be required to take any assessment prescribed under section 3301.0712 or 3313.619 of the Revised Code.

(3) For a student who is enrolled in a chartered nonpublic school that is not accredited through the independent schools association of the central states, regardless of whether the student is attending or is not attending the school under a state scholarship program, the student shall do one of the following:

(a) Take all of the assessments prescribed by division (B) of section 3301.0712 of the Revised Code;

(b) Take only the assessment prescribed by division (B)(1) of section 3301.0712 of the Revised Code, provided that the student's school publishes the results of that assessment for each graduating class. The published results of that assessment shall include the overall composite scores, mean scores, twenty-fifth percentile scores, and seventy-fifth percentile scores for each subject area of the assessment.

(c) Take an alternative assessment approved by the department under section 3313.619 of the Revised Code.

~~(M)~~(1) The superintendent of the state school for the blind and the superintendent of the state school for the deaf shall administer the assessments described by sections 3301.0710 and 3301.0712 of the Revised Code. Each superintendent shall administer the assessments in the same manner as district boards are required to do under this section and rules adopted by the department of education and in conformity with division (C)(1)(a) of this section.

(2) The department of education shall furnish the assessments described by sections 3301.0710 and 3301.0712 of the Revised Code to each superintendent.

~~(M)-(N)~~ Notwithstanding division (E) of this section, a school district may use a student's failure to attain a score in at least the proficient range on the mathematics assessment described by division (A)(1)(a) of section 3301.0710 of the Revised Code or on an assessment described by division (A)(1)(b), (c), (d), (e), or (f) of section 3301.0710 of the Revised Code as a factor in retaining that student in the current grade level.

~~(N)~~(O)(1) In the manner specified in divisions ~~(N)~~(O)(3), (4), and (6) of this section, the

assessments required by division (A)(1) of section 3301.0710 of the Revised Code shall become public records pursuant to section 149.43 of the Revised Code on the thirty-first day of July following the school year that the assessments were administered.

(2) The department may field test proposed questions with samples of students to determine the validity, reliability, or appropriateness of questions for possible inclusion in a future year's assessment. The department also may use anchor questions on assessments to ensure that different versions of the same assessment are of comparable difficulty.

Field test questions and anchor questions shall not be considered in computing scores for individual students. Field test questions and anchor questions may be included as part of the administration of any assessment required by division (A)(1) or (B) of section 3301.0710 and division (B) of section 3301.0712 of the Revised Code.

(3) Any field test question or anchor question administered under division ~~(N)(O)~~(2) of this section shall not be a public record. Such field test questions and anchor questions shall be redacted from any assessments which are released as a public record pursuant to division ~~(N)(O)~~(1) of this section.

(4) This division applies to the assessments prescribed by division (A) of section 3301.0710 of the Revised Code.

(a) The first administration of each assessment, as specified in former section 3301.0712 of the Revised Code, shall be a public record.

(b) For subsequent administrations of each assessment prior to the 2011-2012 school year, not less than forty per cent of the questions on the assessment that are used to compute a student's score shall be a public record. The department shall determine which questions will be needed for reuse on a future assessment and those questions shall not be public records and shall be redacted from the assessment prior to its release as a public record. However, for each redacted question, the department shall inform each city, local, and exempted village school district of the statewide academic standard adopted by the state board under section 3301.079 of the Revised Code and the corresponding benchmark to which the question relates. The preceding sentence does not apply to field test questions that are redacted under division ~~(N)(O)~~(3) of this section.

(c) The administrations of each assessment in the 2011-2012, 2012-2013, and 2013-2014 school years shall not be a public record.

(5) Each assessment prescribed by division (B)(1) of section 3301.0710 of the Revised Code shall not be a public record.

(6) Beginning with the spring administration for the 2014-2015 school year, questions on the assessments prescribed under division (A) of section 3301.0710 and division (B)(2) of section 3301.0712 of the Revised Code and the corresponding preferred answers that are used to compute a student's score shall become a public record as follows:

(a) Forty per cent of the questions and preferred answers on the assessments on the thirty-first day of July following the administration of the assessment;

(b) Twenty per cent of the questions and preferred answers on the assessment on the thirty-first day of July one year after the administration of the assessment;

(c) The remaining forty per cent of the questions and preferred answers on the assessment on the thirty-first day of July two years after the administration of the assessment.

The entire content of an assessment shall become a public record within three years of its administration.

The department shall make the questions that become a public record under this division readily accessible to the public on the department's web site. Questions on the spring administration of each assessment shall be released on an annual basis, in accordance with this division.

~~(O)~~(P) As used in this section:

(1) "Three-year average" means the average of the most recent consecutive three school years of data.

(2) "Dropout" means a student who withdraws from school before completing course requirements for graduation and who is not enrolled in an education program approved by the state board of education or an education program outside the state. "Dropout" does not include a student who has departed the country.

(3) "Graduation rate" means the ratio of students receiving a diploma to the number of students who entered ninth grade four years earlier. Students who transfer into the district are added to the calculation. Students who transfer out of the district for reasons other than dropout are subtracted from the calculation. If a student who was a dropout in any previous year returns to the same school district, that student shall be entered into the calculation as if the student had entered ninth grade four years before the graduation year of the graduating class that the student joins.

(4) "State scholarship programs" means the educational choice scholarship pilot program established under sections 3310.01 to 3310.17 of the Revised Code, the autism scholarship program established under section 3310.41 of the Revised Code, the Jon Peterson special needs scholarship program established under sections 3310.51 to 3310.64 of the Revised Code, and the pilot project scholarship program established under sections 3313.974 to 3313.979 of the Revised Code.

**Sec. 3301.0712.** (A) The state board of education, the superintendent of public instruction, and the chancellor of higher education shall develop a system of college and work ready assessments as described in division (B) of this section to assess whether each student upon graduating from high school is ready to enter college or the workforce. Beginning with students who enter the ninth grade for the first time on or after July 1, 2014, the system shall replace the Ohio graduation tests prescribed in division (B)(1) of section 3301.0710 of the Revised Code as a measure of student academic performance and one determinant of eligibility for a high school diploma in the manner prescribed by rule of the state board adopted under division (D) of this section.

(B) The college and work ready assessment system shall consist of the following:

(1) Nationally standardized assessments that measure college and career readiness and are used for college admission. The assessments shall be selected jointly by the state superintendent and the chancellor, and one of which shall be selected by each school district or school to administer to its students. The assessments prescribed under division (B)(1) of this section shall be administered to all eleventh-grade students in the spring of the school year.

(2) Seven end-of-course examinations, one in each of the areas of English language arts I, English language arts II, science, Algebra I, geometry, American history, and American government. The end-of-course examinations shall be selected jointly by the state superintendent and the chancellor in consultation with faculty in the appropriate subject areas at institutions of higher education of the university system of Ohio. Advanced placement examinations and international

baccalaureate examinations, as prescribed under section 3313.6013 of the Revised Code, in the areas of science, American history, and American government may be used as end-of-course examinations in accordance with division (B)(4)(a)(i) of this section. Final course grades for courses taken under any other advanced standing program, as prescribed under section 3313.6013 of the Revised Code, in the areas of science, American history, and American government may be used in lieu of end-of-course examinations in accordance with division (B)(4)(a)(ii) of this section.

(3)(a) Not later than July 1, 2013, each school district board of education shall adopt interim end-of-course examinations that comply with the requirements of divisions (B)(3)(b)(i) and (ii) of this section to assess mastery of American history and American government standards adopted under division (A)(1)(b) of section 3301.079 of the Revised Code and the topics required under division (M) of section 3313.603 of the Revised Code. Each high school of the district shall use the interim examinations until the state superintendent and chancellor select end-of-course examinations in American history and American government under division (B)(2) of this section.

(b) Not later than July 1, 2014, the state superintendent and the chancellor shall select the end-of-course examinations in American history and American government.

(i) The end-of-course examinations in American history and American government shall require demonstration of mastery of the American history and American government content for social studies standards adopted under division (A)(1)(b) of section 3301.079 of the Revised Code and the topics required under division (M) of section 3313.603 of the Revised Code.

(ii) At least twenty per cent of the end-of-course examination in American government shall address the topics on American history and American government described in division (M) of section 3313.603 of the Revised Code.

(4)(a) Notwithstanding anything to the contrary in this section, beginning with the 2014-2015 school year, both of the following shall apply:

(i) If a student is enrolled in an appropriate advanced placement or international baccalaureate course, that student shall take the advanced placement or international baccalaureate examination in lieu of the science, American history, or American government end-of-course examinations prescribed under division (B)(2) of this section. The state board shall specify the score levels for each advanced placement examination and international baccalaureate examination for purposes of calculating the minimum cumulative performance score that demonstrates the level of academic achievement necessary to earn a high school diploma.

(ii) If a student is enrolled in an appropriate course under any other advanced standing program, as described in section 3313.6013 of the Revised Code, that student shall not be required to take the science, American history, or American government end-of-course examination, whichever is applicable, prescribed under division (B)(2) of this section. Instead, that student's final course grade shall be used in lieu of the applicable end-of-course examination prescribed under that section. The state superintendent, in consultation with the chancellor, shall adopt guidelines for purposes of calculating the corresponding final course grades that demonstrate the level of academic achievement necessary to earn a high school diploma.

Division (B)(4)(a)(ii) of this section shall apply only to courses for which students receive transcribed credit, as defined in division (U) of section 3365.01 of the Revised Code. It shall not apply to remedial or developmental courses.

(b) No student shall take a substitute examination or examination prescribed under division (B)(4)(a) of this section in place of the end-of-course examinations in English language arts I, English language arts II, Algebra I, or geometry prescribed under division (B)(2) of this section.

(c) The state board shall consider additional assessments that may be used, beginning with the 2016-2017 school year, as substitute examinations in lieu of the end-of-course examinations prescribed under division (B)(2) of this section.

(5) The state board shall do all of the following:

(a) Determine and designate at least five ranges of scores on each of the end-of-course examinations prescribed under division (B)(2) of this section, and substitute examinations prescribed under division (B)(4) of this section. Each range of scores shall be considered to demonstrate a level of achievement so that any student attaining a score within such range has achieved one of the following:

- (i) An advanced level of skill;
- (ii) An accelerated level of skill;
- (iii) A proficient level of skill;
- (iv) A basic level of skill;
- (v) A limited level of skill.

(b) Determine a method by which to calculate a cumulative performance score based on the results of a student's end-of-course examinations or substitute examinations;

(c) Determine the minimum cumulative performance score that demonstrates the level of academic achievement necessary to earn a high school diploma;

(d) Develop a table of corresponding score equivalents for the end-of-course examinations and substitute examinations in order to calculate student performance consistently across the different examinations.

(6)(a) A student who meets both of the following conditions shall not be required to take an end-of-course examination:

(i) The student received high school credit prior to July 1, 2015, for a course for which the end-of-course examination is prescribed.

(ii) The examination was not available for administration prior to July 1, 2015.

Receipt of credit for the course described in division (B)(6)(a)(i) of this section shall satisfy the requirement to take the end-of-course examination. A student exempted under division (B)(6)(a) of this section may take the applicable end-of-course examination at a later date.

(b) For purposes of determining whether a student who is exempt from taking an end-of-course examination under division (B)(6)(a) of this section has attained the cumulative score prescribed by division (B)(5)(c) of this section, such student shall select either of the following:

(i) The student is considered to have attained a proficient score on the end-of-course examination from which the student is exempt;

(ii) The student's final course grade shall be used in lieu of a score on the end-of-course examination from which the student is exempt.

The state superintendent, in consultation with the chancellor, shall adopt guidelines for purposes of calculating the corresponding final course grades and the minimum cumulative performance score that demonstrates the level of academic achievement necessary to earn a high

school diploma.

(7)(a) Notwithstanding anything to the contrary in this section, the state board may replace the algebra I end-of-course examination prescribed under division (B)(2) of this section with an algebra II end-of-course examination, beginning with the 2016-2017 school year for students who enter ninth grade on or after July 1, 2016.

(b) If the state board replaces the algebra I end-of-course examination with an algebra II end-of-course examination as authorized under division (B)(7)(a) of this section, both of the following shall apply:

(i) A student who is enrolled in an advanced placement or international baccalaureate course in algebra II shall take the advanced placement or international baccalaureate examination in lieu of the algebra II end-of-course examination.

(ii) A student who is enrolled in an algebra II course under any other advanced standing program, as described in section 3313.6013 of the Revised Code, shall not be required to take the algebra II end-of-course examination. Instead, that student's final course grade shall be used in lieu of the examination.

(c) If a school district or school utilizes an integrated approach to mathematics instruction, the district or school may do either or both of the following:

(i) Administer an integrated mathematics I end-of-course examination in lieu of the prescribed algebra I end-of-course examination;

(ii) Administer an integrated mathematics II end-of-course examination in lieu of the prescribed geometry end-of-course examination.

(8)(a) For students entering the ninth grade for the first time on or after July 1, 2014, but prior to July 1, 2015, the assessment in the area of science shall be physical science or biology. For students entering the ninth grade for the first time on or after July 1, 2015, the assessment in the area of science shall be biology.

(b) Until July 1, 2019, the department of education shall make available the end-of-course examination in physical science for students who entered the ninth grade for the first time on or after July 1, 2014, but prior to July 1, 2015, and who wish to retake the examination.

(c) Not later than July 1, 2016, the state board shall adopt rules prescribing the requirements for the end-of-course examination in science for students who entered the ninth grade for the first time on or after July 1, 2014, but prior to July 1, 2015, and who have not met the requirement prescribed by section 3313.618 of the Revised Code by July 1, 2019, due to a student's failure to satisfy division (A)(2) of section 3313.618 of the Revised Code.

(9) Neither the state board nor the department of education shall develop or administer an end-of-course examination in the area of world history.

(C) The state board shall convene a group of national experts, state experts, and local practitioners to provide advice, guidance, and recommendations for the alignment of standards and model curricula to the assessments and in the design of the end-of-course examinations prescribed by this section.

(D) Upon completion of the development of the assessment system, the state board shall adopt rules prescribing all of the following:

(1) A timeline and plan for implementation of the assessment system, including a phased

implementation if the state board determines such a phase-in is warranted;

(2) The date after which a person shall meet the requirements of the entire assessment system as a prerequisite for a diploma of adult education under section 3313.611 of the Revised Code;

(3) Whether and the extent to which a person may be excused from an American history end-of-course examination and an American government end-of-course examination under division (H) of section 3313.61 and division (B)~~(4)~~(3) of section 3313.612 of the Revised Code;

(4) The date after which a person who has fulfilled the curriculum requirement for a diploma but has not passed one or more of the required assessments at the time the person fulfilled the curriculum requirement shall meet the requirements of the entire assessment system as a prerequisite for a high school diploma under division (B) of section 3313.614 of the Revised Code;

(5) The extent to which the assessment system applies to students enrolled in a dropout recovery and prevention program for purposes of division (F) of section 3313.603 and section 3314.36 of the Revised Code.

(E) Not later than forty-five days prior to the state board's adoption of a resolution directing the department to file the rules prescribed by division (D) of this section in final form under section 119.04 of the Revised Code, the superintendent of public instruction shall present the assessment system developed under this section to the respective committees of the house of representatives and senate that consider education legislation.

(F)(1) Any person enrolled in a nonchartered nonpublic school or any person who has been excused from attendance at school for the purpose of home instruction under section 3321.04 of the Revised Code may choose to participate in the system of assessments administered under divisions (B)(1) and (2) of this section. However, no such person shall be required to participate in the system of assessments.

(2) The department shall adopt rules for the administration and scoring of any assessments under division (F)(1) of this section.

(G) Not later than December 31, 2014, the state board shall select at least one nationally recognized job skills assessment. Each school district shall administer that assessment to those students who opt to take it. The state shall reimburse a school district for the costs of administering that assessment. The state board shall establish the minimum score a student must attain on the job skills assessment in order to demonstrate a student's workforce readiness and employability. The administration of the job skills assessment to a student under this division shall not exempt a school district from administering the assessments prescribed in division (B) of this section to that student.

**Sec. 3301.16.** Pursuant to standards prescribed by the state board of education as provided in division (D) of section 3301.07 of the Revised Code, the state board shall classify and charter school districts and individual schools within each district except that no charter shall be granted to a nonpublic school unless the school complies with divisions (K)(1)~~(a)~~ and ~~(b)~~(L) of section 3301.0711, as applicable, and section 3313.612 of the Revised Code.

In the course of considering the charter of a new school district created under section 3311.26 or 3311.38 of the Revised Code, the state board shall require the party proposing creation of the district to submit to the board a map, certified by the county auditor of the county in which the proposed new district is located, showing the boundaries of the proposed new district. In the case of a proposed new district located in more than one county, the map shall be certified by the county

auditor of each county in which the proposed district is located.

The state board shall revoke the charter of any school district or school which fails to meet the standards for elementary and high schools as prescribed by the board. The state board shall also revoke the charter of any nonpublic school that does not comply with ~~division~~ divisions (K)(1)(a) and (L) of section 3301.0711, if applicable, and section 3313.612 of the Revised Code.

In the issuance and revocation of school district or school charters, the state board shall be governed by the provisions of Chapter 119. of the Revised Code.

No school district, or individual school operated by a school district, shall operate without a charter issued by the state board under this section.

In case a school district charter is revoked pursuant to this section, the state board may dissolve the school district and transfer its territory to one or more adjacent districts. An equitable division of the funds, property, and indebtedness of the school district shall be made by the state board among the receiving districts. The board of education of a receiving district shall accept such territory pursuant to the order of the state board. Prior to dissolving the school district, the state board shall notify the appropriate educational service center governing board and all adjacent school district boards of education of its intention to do so. Boards so notified may make recommendations to the state board regarding the proposed dissolution and subsequent transfer of territory. Except as provided in section 3301.161 of the Revised Code, the transfer ordered by the state board shall become effective on the date specified by the state board, but the date shall be at least thirty days following the date of issuance of the order.

A high school is one of higher grade than an elementary school, in which instruction and training are given in accordance with sections 3301.07 and 3313.60 of the Revised Code and which also offers other subjects of study more advanced than those taught in the elementary schools and such other subjects as may be approved by the state board of education.

An elementary school is one in which instruction and training are given in accordance with sections 3301.07 and 3313.60 of the Revised Code and which offers such other subjects as may be approved by the state board of education. **Sec. 3310.14.** (A) Except as provided in division (B) of this section, each chartered nonpublic school that is not subject to division (K)(1)(~~a~~) of section 3301.0711 of the Revised Code and enrolls students awarded scholarships under sections 3310.01 to 3310.17 of the Revised Code annually shall administer the assessments prescribed by section 3301.0710-~~or~~, 3301.0712, or 3313.619 of the Revised Code, as applicable, to each scholarship student enrolled in the school in accordance with section 3301.0711 of the Revised Code. Each chartered nonpublic school that is subject to this

section shall report to the department of education the results of each assessment administered to each scholarship student under this section.

Nothing in this section requires a chartered nonpublic school to administer any achievement assessment, except for an Ohio graduation test prescribed by division (B)(1) of section 3301.0710 or the college and work ready assessment system prescribed by division (B) of section 3301.0712 of the Revised Code to any student enrolled in the school who is not a scholarship student.

~~(2) A chartered nonpublic school that meets the conditions specified in division (D)(2) of section 3313.612 of the Revised Code shall not be required to administer the end-of-course examinations prescribed by section 3301.0712 of the Revised Code.~~

**Sec. 3310.41.** (A) As used in this section:

(1) "Alternative public provider" means either of the following providers that agrees to enroll a child in the provider's special education program to implement the child's individualized education program and to which the child's parent owes fees for the services provided to the child:

(a) A school district that is not the school district in which the child is entitled to attend school;

(b) A public entity other than a school district.

(2) "Entitled to attend school" means entitled to attend school in a school district under section 3313.64 or 3313.65 of the Revised Code.

(3) "Formula ADM" and "category six special education ADM" have the same meanings as in section 3317.02 of the Revised Code.

(4) "Preschool child with a disability" and "individualized education program" have the same meanings as in section 3323.01 of the Revised Code.

(5) "Parent" has the same meaning as in section 3313.64 of the Revised Code, except that "parent" does not mean a parent whose custodial rights have been terminated. "Parent" also includes the custodian of a qualified special education child, when a court has granted temporary, legal, or permanent custody of the child to an individual other than either of the natural or adoptive parents of the child or to a government agency.

(6) "Preschool scholarship ADM" means the number of preschool children with disabilities certified under division (B)(3)(h) of section 3317.03 of the Revised Code.

(7) "Qualified special education child" is a child for whom all of the following conditions apply:

(a) The school district in which the child is entitled to attend school has identified the child as autistic. A child who has been identified as having a "pervasive developmental disorder - not otherwise specified (PPD-NOS)" shall be considered to be an autistic child for purposes of this section.

(b) The school district in which the child is entitled to attend school has developed an individualized education program under Chapter 3323. of the Revised Code for the child.

(c) The child either:

(i) Was enrolled in the school district in which the child is entitled to attend school in any

grade from preschool through twelve in the school year prior to the year in which a scholarship under this section is first sought for the child; or

(ii) Is eligible to enter school in any grade preschool through twelve in the school district in which the child is entitled to attend school in the school year in which a scholarship under this section is first sought for the child.

(8) "Registered private provider" means a nonpublic school or other nonpublic entity that has been approved by the department of education to participate in the program established under this section.

(9) "Special education program" means a school or facility that provides special education and related services to children with disabilities.

(B) There is hereby established the autism scholarship program. Under the program, the department of education shall pay a scholarship to the parent of each qualified special education child upon application of that parent pursuant to procedures and deadlines established by rule of the state board of education. Each scholarship shall be used only to pay tuition for the child on whose behalf the scholarship is awarded to attend a special education program that implements the child's individualized education program and that is operated by an alternative public provider or by a registered private provider, and to pay for other services agreed to by the provider and the parent of a qualified special education child that are not included in the individualized education program but are associated with educating the child. Upon agreement with the parent of a qualified special education child, the alternative public provider or the registered private provider may modify the services provided to the child. Each scholarship shall be in an amount not to exceed the lesser of the tuition charged for the child by the special education program or twenty-seven thousand dollars. The purpose of the scholarship is to permit the parent of a qualified special education child the choice to send the child to a special education program, instead of the one operated by or for the school district in which the child is entitled to attend school, to receive the services prescribed in the child's individualized education program once the individualized education program is finalized and any other services agreed to by the provider and the parent of a qualified special education child. The services provided under the scholarship shall include an educational component or services designed to assist the child to benefit from the child's education.

A scholarship under this section shall not be awarded to the parent of a child while the child's individualized education program is being developed by the school district in which the child is entitled to attend school, or while any administrative or judicial mediation or proceedings with respect to the content of the child's individualized education program are pending. A scholarship under this section shall not be used for a child to attend a public special education program that operates under a contract, compact, or other bilateral agreement between the school district in which the child is entitled to attend school and another school district or other public provider, or for a child to attend a community school established under Chapter 3314. of the Revised Code. However, nothing in this section or in any rule adopted by the state board shall prohibit a parent whose child attends a public special education program under a contract, compact, or other bilateral agreement, or a parent whose child attends a community school, from applying for and accepting a scholarship under this section so that the parent may withdraw the child from that program or community school and use the scholarship for the child to attend a special education program for which the parent is

required to pay for services for the child.

Except for development of the child's individualized education program, the school district in which a qualified special education child is entitled to attend school and the child's school district of residence, as defined in section 3323.01 of the Revised Code, if different, are not obligated to provide the child with a free appropriate public education under Chapter 3323. of the Revised Code for as long as the child continues to attend the special education program operated by either an alternative public provider or a registered private provider for which a scholarship is awarded under the autism scholarship program. If at any time, the eligible applicant for the child decides no longer to accept scholarship payments and enrolls the child in the special education program of the school district in which the child is entitled to attend school, that district shall provide the child with a free appropriate public education under Chapter 3323. of the Revised Code.

A child attending a special education program with a scholarship under this section shall continue to be entitled to transportation to and from that program in the manner prescribed by law.

(C)(1) As prescribed in divisions (A)(2)(h), (B)(3)(g), and (B)(10) of section 3317.03 of the Revised Code, a child who is not a preschool child with a disability for whom a scholarship is awarded under this section shall be counted in the formula ADM and the category six special education ADM of the district in which the child is entitled to attend school and not in the formula ADM and the category six special education ADM of any other school district. As prescribed in divisions (B)(3)(h) and (B)(10) of section 3317.03 of the Revised Code, a child who is a preschool child with a disability for whom a scholarship is awarded under this section shall be counted in the preschool scholarship ADM and category six special education ADM of the school district in which the child is entitled to attend school and not in the preschool scholarship ADM or category six special education ADM of any other school district.

(2) In each fiscal year, the department shall deduct from the amounts paid to each school district under Chapter 3317. of the Revised Code, and, if necessary, sections 321.24 and 323.156 of the Revised Code, the aggregate amount of scholarships awarded under this section for qualified special education children included in the formula ADM, or preschool scholarship ADM, and in the category six special education ADM of that school district as provided in division (C)(1) of this section.

The scholarships deducted shall be considered as an approved special education and related services expense of the school district.

(3) From time to time, the department shall make a payment to the parent of each qualified special education child for whom a scholarship has been awarded under this section. The scholarship amount shall be proportionately reduced in the case of any such child who is not enrolled in the special education program for which a scholarship was awarded under this section for the entire school year. The department shall make no payments to the parent of a child while any administrative or judicial mediation or proceedings with respect to the content of the child's individualized education program are pending.

(D) A scholarship shall not be paid to a parent for payment of tuition owed to a nonpublic entity unless that entity is a registered private provider. The department shall approve entities that meet the standards established by rule of the state board for the program established under this section.

(E) The state board shall adopt rules under Chapter 119. of the Revised Code prescribing procedures necessary to implement this section, including, but not limited to, procedures and deadlines for parents to apply for scholarships, standards for registered private providers, and procedures for approval of entities as registered private providers.

The rules also shall specify that intervention services under the autism scholarship program may be provided by a qualified, credentialed provider, including, but not limited to, all of the following:

(1) A behavior analyst certified by a nationally recognized organization that certifies behavior analysts;

(2) A psychologist licensed to practice in this state under Chapter 4732. of the Revised Code;

(3) A school psychologist licensed by the state board under section 3319.22 of the Revised Code;

(4) Any person employed by a licensed psychologist or licensed school psychologist, while carrying out specific tasks, under the licensee's supervision, as an extension of the licensee's legal and ethical authority as specified under Chapter 4732. of the Revised Code who is ascribed as "psychology trainee," "psychology assistant," "psychology intern," or other appropriate term that clearly implies their supervised or training status;

(5) Unlicensed persons holding a doctoral degree in psychology or special education from a program approved by the state board;

(6) Any other qualified individual as determined by the state board.

(F) The department shall provide reasonable notice to all parents of children receiving a scholarship under the autism scholarship program, alternative public providers, and registered private providers of any amendment to a rule governing, or change in the administration of, the autism scholarship program.

**Sec. 3310.522.** In order to maintain eligibility for a scholarship ~~under the program~~, a student shall take each assessment prescribed by ~~sections section 3301.0710 and 3301.0712, or 3313.619~~ of the Revised Code, as applicable, in accordance with section 3301.0711 of the Revised Code, unless the student is excused from taking that assessment under federal law or the student's individualized education program or the student is enrolled in a chartered nonpublic school that meets the conditions specified in ~~divisions (K)(1)(b)(ii) and division (K)(1)(e)-(2)~~ of section 3301.0711 of the Revised Code.
