(2) The registrar shall deposit the bureau administrative fee of ten dollars, the purpose of which is to compensate the bureau for additional services required in the issuing of "buckeye corvette" license plates, into the state treasury to the credit of the state bureau of motor vehicles fund created in section 4501.25 of the Revised Code.

Sec. 4511.21. (A) No person shall operate a motor vehicle, trackless trolley, or streetcar at a speed greater or less than is reasonable or proper, having due regard to the traffic, surface, and width of the street or highway and any other conditions, and no person shall drive any motor vehicle, trackless trolley, or streetcar in and upon any street or highway at a greater speed than will permit the person to bring it to a stop within the assured clear distance ahead.

(B) It is prima-facie lawful, in the absence of a lower limit declared or established pursuant to this section by the director of transportation or local authorities, for the operator of a motor vehicle, trackless trolley, or streetcar to operate the same at a speed not exceeding the following:

(1)(a) Twenty miles per hour in school zones during school recess and while children are going to or leaving school during the opening or closing hours, and when twenty miles per hour school speed limit signs are erected; except that, on controlled-access highways and expressways, if the right-of-way line fence has been erected without pedestrian opening, the speed shall be governed by division (B)(4) of this section and on freeways, if the right-of-way line fence has been erected without pedestrian opening, the speed shall be governed by divisions ~~(B)(9) and (10)~~ and (11) of this section. The end of every school zone may be marked by a sign indicating the end of the zone. Nothing in this section or in the manual and specifications for a uniform system of traffic control devices shall be construed to require school zones to be indicated by signs equipped with flashing or other lights, or giving other special notice of the hours in which the school zone speed limit is in effect.

(b) As used in this section and in section 4511.212 of the Revised Code, "school" means any school chartered under section 3301.16 of the Revised Code and any nonchartered school that during the preceding year filed with the department of education in compliance with rule 3301-35-08 of the Ohio Administrative Code, a copy of the school's report for the parents of the school's pupils certifying that the school meets Ohio minimum standards for nonchartered, nontax-supported schools and presents evidence of this filing to the jurisdiction from which it is requesting the establishment of a school zone. "School" also includes a special elementary school that in writing requests the county engineer of the county in which the special elementary school is located to create a school zone at the

location of that school. Upon receipt of such a written request, the county engineer shall create a school zone at that location by erecting the appropriate signs.

(c) As used in this section, "school zone" means that portion of a street or highway passing a school fronting upon the street or highway that is encompassed by projecting the school property lines to the fronting street or highway, and also includes that portion of a state highway. Upon request from local authorities for streets and highways under their jurisdiction and that portion of a state highway under the jurisdiction of the director of transportation or a request from a county engineer in the case of a school zone for a special elementary school, the director may extend the traditional school zone boundaries. The distances in divisions (B)(1)(c)(i), (ii), and (iii) of this section shall not exceed three hundred feet per approach per direction and are bounded by whichever of the following distances or combinations thereof the director approves as most appropriate:

(i) The distance encompassed by projecting the school building lines normal to the fronting highway and extending a distance of three hundred feet on each approach direction;

(ii) The distance encompassed by projecting the school property lines intersecting the fronting highway and extending a distance of three hundred feet on each approach direction;

(iii) The distance encompassed by the special marking of the pavement for a principal school pupil crosswalk plus a distance of three hundred feet on each approach direction of the highway.

Nothing in this section shall be construed to invalidate the director's initial action on August 9, 1976, establishing all school zones at the traditional school zone boundaries defined by projecting school property lines, except when those boundaries are extended as provided in divisions (B)(1)(a) and (c) of this section.

(d) As used in this division, "crosswalk" has the meaning given that term in division (LL)(2) of section 4511.01 of the Revised Code.

The director may, upon request by resolution of the legislative authority of a municipal corporation, the board of trustees of a township, or a county board of developmental disabilities created pursuant to Chapter 5126. of the Revised Code, and upon submission by the municipal corporation, township, or county board of such engineering, traffic, and other information as the director considers necessary, designate a school zone on any portion of a state route lying within the municipal corporation, lying within the unincorporated territory of the township, or lying adjacent to the property of a school that is operated by such county board, that includes a crosswalk customarily used by children going to or leaving a school during recess and opening and closing hours, whenever the distance, as measured in a straight line, from the school property line nearest the crosswalk to the nearest point of the crosswalk is no more than one thousand three hundred twenty feet. Such a school zone shall include the distance encompassed by the crosswalk and extending three hundred feet on each approach direction of the state route.

(e) As used in this section, "special elementary school" means a school that meets all of the following criteria:

(i) It is not chartered and does not receive tax revenue from any source.

(ii) It does not educate children beyond the eighth grade.

(iii) It is located outside the limits of a municipal corporation.

(iv) A majority of the total number of students enrolled at the school are not related by blood.

(v) The principal or other person in charge of the special elementary school annually sends a

report to the superintendent of the school district in which the special elementary school is located indicating the total number of students enrolled at the school, but otherwise the principal or other person in charge does not report any other information or data to the superintendent.

(2) Twenty-five miles per hour in all other portions of a municipal corporation, except on state routes outside business districts, through highways outside business districts, and alleys;

(3) Thirty-five miles per hour on all state routes or through highways within municipal corporations outside business districts, except as provided in divisions (B)(4) and (6) of this section;

(4) Fifty miles per hour on controlled-access highways and expressways within municipal corporations;

(5) Fifty-five miles per hour on highways outside municipal corporations, other than highways within island jurisdictions as provided in division (B)(8) of this section, highways as provided in ~~division~~ divisions (B)(9) and (10) of this section, and highways, expressways, and freeways as provided in divisions (B)~~(12)~~, (13), (14), (15), and ~~(16)-(17)~~ of this section;

(6) Fifty miles per hour on state routes within municipal corporations outside urban districts unless a lower prima-facie speed is established as further provided in this section;

(7) Fifteen miles per hour on all alleys within the municipal corporation;

(8) Thirty-five miles per hour on highways outside municipal corporations that are within an island jurisdiction;

(9) Thirty-five miles per hour on through highways, except state routes, that are outside municipal corporations and that are within a national park with boundaries extending through two or more counties;

(10) Sixty miles per hour on two-lane state routes outside municipal corporations as established by the director under division (H)(2) of this section;

~~(10)-(11)~~ Fifty-five miles per hour at all times on freeways with paved shoulders inside municipal corporations, other than freeways as provided in divisions (B)~~(14)-(15)~~ and ~~(16)-(17)~~ of this section;

~~(11)-(12)~~ Fifty-five miles per hour at all times on freeways outside municipal corporations, other than freeways as provided in divisions (B)~~(14)-(15)~~ and ~~(16)-(17)~~ of this section;

~~(12)-(13)~~ Sixty miles per hour for operators of any motor vehicle at all times on all portions of rural divided highways;

~~(13)-(14)~~ Sixty-five miles per hour for operators of any motor vehicle at all times on all rural expressways without traffic control signals;

~~(14)-(15)~~ Seventy miles per hour for operators of any motor vehicle at all times on all rural freeways;

~~(15)-(16)~~ Fifty-five miles per hour for operators of any motor vehicle at all times on all portions of freeways in congested areas as determined by the director and that are part of the interstate system and are located within a municipal corporation or within an interstate freeway outerbelt;

~~(16)-(17)~~ Sixty-five miles per hour for operators of any motor vehicle at all times on all portions of freeways in urban areas as determined by the director and that are part of the interstate system and are part of an interstate freeway outerbelt.

(C) It is prima-facie unlawful for any person to exceed any of the speed limitations in

divisions (B)(1)(a), (2), (3), (4), (6), (7), ~~and (8)~~, and (9) of this section, or any declared or established pursuant to this section by the director or local authorities and it is unlawful for any person to exceed any of the speed limitations in division (D) of this section. No person shall be convicted of more than one violation of this section for the same conduct, although violations of more than one provision of this section may be charged in the alternative in a single affidavit.

(D) No person shall operate a motor vehicle, trackless trolley, or streetcar upon a street or highway as follows:

(1) At a speed exceeding fifty-five miles per hour, except upon a two-lane state route as provided in division (B)(~~9~~)-(10) of this section and upon a highway, expressway, or freeway as provided in divisions (B)(~~12~~), (13), (14), (15), and (~~16~~)-(17) of this section;

(2) At a speed exceeding sixty miles per hour upon a two-lane state route as provided in division (B)(~~9~~)-(10) of this section and upon a highway as provided in division (B)(~~12~~)-(13) of this section;

(3) At a speed exceeding sixty-five miles per hour upon an expressway as provided in division (B)(~~13~~)-(14) or upon a freeway as provided in division (B)(~~16~~)-(17) of this section, except upon a freeway as provided in division (B)(~~14~~)-(15) of this section;

(4) At a speed exceeding seventy miles per hour upon a freeway as provided in division (B)(~~14~~)-(15) of this section;

(5) At a speed exceeding the posted speed limit upon a highway, expressway, or freeway for which the director has determined and declared a speed limit pursuant to division (I)(2) or (L)(2) of this section.

(E) In every charge of violation of this section the affidavit and warrant shall specify the time, place, and speed at which the defendant is alleged to have driven, and in charges made in reliance upon division (C) of this section also the speed which division (B)(1)(a), (2), (3), (4), (6), (7), ~~or (8)~~, or (9) of, or a limit declared or established pursuant to, this section declares is prima-facie lawful at the time and place of such alleged violation, except that in affidavits where a person is alleged to have driven at a greater speed than will permit the person to bring the vehicle to a stop within the assured clear distance ahead the affidavit and warrant need not specify the speed at which the defendant is alleged to have driven.

(F) When a speed in excess of both a prima-facie limitation and a limitation in division (D) of this section is alleged, the defendant shall be charged in a single affidavit, alleging a single act, with a violation indicated of both division (B)(1)(a), (2), (3), (4), (6), (7), ~~or (8)~~, or (9) of this section, or of a limit declared or established pursuant to this section by the director or local authorities, and of the limitation in division (D) of this section. If the court finds a violation of division (B)(1)(a), (2), (3), (4), (6), (7), ~~or (8)~~, or (9) of, or a limit declared or established pursuant to, this section has occurred, it shall enter a judgment of conviction under such division and dismiss the charge under division (D) of this section. If it finds no violation of division (B)(1)(a), (2), (3), (4), (6), (7), ~~or (8)~~, or (9) of, or a limit declared or established pursuant to, this section, it shall then consider whether the evidence supports a conviction under division (D) of this section.

(G) Points shall be assessed for violation of a limitation under division (D) of this section in accordance with section 4510.036 of the Revised Code.

(H)(1) Whenever the director determines upon the basis of a geometric and traffic

characteristic study that any speed limit set forth in divisions (B)(1)(a) to (D) of this section is greater or less than is reasonable or safe under the conditions found to exist at any portion of a street or highway under the jurisdiction of the director, the director shall determine and declare a reasonable and safe prima-facie speed limit, which shall be effective when appropriate signs giving notice of it are erected at the location.

(2) Whenever the director determines upon the basis of a geometric and traffic characteristic study that the speed limit of fifty-five miles per hour on a two-lane state route outside a municipal corporation is less than is reasonable or safe under the conditions found to exist at that portion of the state route, the director may determine and declare a speed limit of sixty miles per hour for that portion of the state route, which shall be effective when appropriate signs giving notice of it are erected at the location.

(I)(1) Except as provided in divisions (I)(2) and (K) of this section, whenever local authorities determine upon the basis of an engineering and traffic investigation that the speed permitted by divisions (B)(1)(a) to (D) of this section, on any part of a highway under their jurisdiction, is greater than is reasonable and safe under the conditions found to exist at such location, the local authorities may by resolution request the director to determine and declare a reasonable and safe prima-facie speed limit. Upon receipt of such request the director may determine and declare a reasonable and safe prima-facie speed limit at such location, and if the director does so, then such declared speed limit shall become effective only when appropriate signs giving notice thereof are erected at such location by the local authorities. The director may withdraw the declaration of a prima-facie speed limit whenever in the director's opinion the altered prima-facie speed becomes unreasonable. Upon such withdrawal, the declared prima-facie speed shall become ineffective and the signs relating thereto shall be immediately removed by the local authorities.

(2) A local authority may determine on the basis of a geometric and traffic characteristic study that the speed limit of sixty-five miles per hour on a portion of a freeway under its jurisdiction that was established through the operation of division (L)(3) of this section is greater than is reasonable or safe under the conditions found to exist at that portion of the freeway. If the local authority makes such a determination, the local authority by resolution may request the director to determine and declare a reasonable and safe speed limit of not less than fifty-five miles per hour for that portion of the freeway. If the director takes such action, the declared speed limit becomes effective only when appropriate signs giving notice of it are erected at such location by the local authority.

(J) Local authorities in their respective jurisdictions may authorize by ordinance higher prima-facie speeds than those stated in this section upon through highways, or upon highways or portions thereof where there are no intersections, or between widely spaced intersections, provided signs are erected giving notice of the authorized speed, but local authorities shall not modify or alter the basic rule set forth in division (A) of this section or in any event authorize by ordinance a speed in excess of fifty miles per hour.

Alteration of prima-facie limits on state routes by local authorities shall not be effective until the alteration has been approved by the director. The director may withdraw approval of any altered prima-facie speed limits whenever in the director's opinion any altered prima-facie speed becomes unreasonable, and upon such withdrawal, the altered prima-facie speed shall become ineffective and

the signs relating thereto shall be immediately removed by the local authorities.

(K)(1) As used in divisions (K)(1), (2), (3), and (4) of this section, "unimproved highway" means a highway consisting of any of the following:

- (a) Unimproved earth;
- (b) Unimproved graded and drained earth;
- (c) Gravel.

(2) Except as otherwise provided in divisions (K)(4) and (5) of this section, whenever a board of township trustees determines upon the basis of an engineering and traffic investigation that the speed permitted by division (B)(5) of this section on any part of an unimproved highway under its jurisdiction and in the unincorporated territory of the township is greater than is reasonable or safe under the conditions found to exist at the location, the board may by resolution declare a reasonable and safe prima-facie speed limit of fifty-five but not less than twenty-five miles per hour. An altered speed limit adopted by a board of township trustees under this division becomes effective when appropriate traffic control devices, as prescribed in section 4511.11 of the Revised Code, giving notice thereof are erected at the location, which shall be no sooner than sixty days after adoption of the resolution.

(3)(a) Whenever, in the opinion of a board of township trustees, any altered prima-facie speed limit established by the board under this division becomes unreasonable, the board may adopt a resolution withdrawing the altered prima-facie speed limit. Upon the adoption of such a resolution, the altered prima-facie speed limit becomes ineffective and the traffic control devices relating thereto shall be immediately removed.

(b) Whenever a highway ceases to be an unimproved highway and the board has adopted an altered prima-facie speed limit pursuant to division (K)(2) of this section, the board shall, by resolution, withdraw the altered prima-facie speed limit as soon as the highway ceases to be unimproved. Upon the adoption of such a resolution, the altered prima-facie speed limit becomes ineffective and the traffic control devices relating thereto shall be immediately removed.

(4)(a) If the boundary of two townships rests on the centerline of an unimproved highway in unincorporated territory and both townships have jurisdiction over the highway, neither of the boards of township trustees of such townships may declare an altered prima-facie speed limit pursuant to division (K)(2) of this section on the part of the highway under their joint jurisdiction unless the boards of township trustees of both of the townships determine, upon the basis of an engineering and traffic investigation, that the speed permitted by division (B)(5) of this section is greater than is reasonable or safe under the conditions found to exist at the location and both boards agree upon a reasonable and safe prima-facie speed limit of less than fifty-five but not less than twenty-five miles per hour for that location. If both boards so agree, each shall follow the procedure specified in division (K)(2) of this section for altering the prima-facie speed limit on the highway. Except as otherwise provided in division (K)(4)(b) of this section, no speed limit altered pursuant to division (K)(4)(a) of this section may be withdrawn unless the boards of township trustees of both townships determine that the altered prima-facie speed limit previously adopted becomes unreasonable and each board adopts a resolution withdrawing the altered prima-facie speed limit pursuant to the procedure specified in division (K)(3)(a) of this section.

(b) Whenever a highway described in division (K)(4)(a) of this section ceases to be an

unimproved highway and two boards of township trustees have adopted an altered prima-facie speed limit pursuant to division (K)(4)(a) of this section, both boards shall, by resolution, withdraw the altered prima-facie speed limit as soon as the highway ceases to be unimproved. Upon the adoption of the resolution, the altered prima-facie speed limit becomes ineffective and the traffic control devices relating thereto shall be immediately removed.

(5) As used in division (K)(5) of this section:

(a) "Commercial subdivision" means any platted territory outside the limits of a municipal corporation and fronting a highway where, for a distance of three hundred feet or more, the frontage is improved with buildings in use for commercial purposes, or where the entire length of the highway is less than three hundred feet long and the frontage is improved with buildings in use for commercial purposes.

(b) "Residential subdivision" means any platted territory outside the limits of a municipal corporation and fronting a highway, where, for a distance of three hundred feet or more, the frontage is improved with residences or residences and buildings in use for business, or where the entire length of the highway is less than three hundred feet long and the frontage is improved with residences or residences and buildings in use for business.

Whenever a board of township trustees finds upon the basis of an engineering and traffic investigation that the prima-facie speed permitted by division (B)(5) of this section on any part of a highway under its jurisdiction that is located in a commercial or residential subdivision, except on highways or portions thereof at the entrances to which vehicular traffic from the majority of intersecting highways is required to yield the right-of-way to vehicles on such highways in obedience to stop or yield signs or traffic control signals, is greater than is reasonable and safe under the conditions found to exist at the location, the board may by resolution declare a reasonable and safe prima-facie speed limit of less than fifty-five but not less than twenty-five miles per hour at the location. An altered speed limit adopted by a board of township trustees under this division shall become effective when appropriate signs giving notice thereof are erected at the location by the township. Whenever, in the opinion of a board of township trustees, any altered prima-facie speed limit established by it under this division becomes unreasonable, it may adopt a resolution withdrawing the altered prima-facie speed, and upon such withdrawal, the altered prima-facie speed shall become ineffective, and the signs relating thereto shall be immediately removed by the township.

(L)(1) On ~~the effective date of this amendment~~ September 29, 2013, the director of transportation, based upon an engineering study of a highway, expressway, or freeway described in division (B)~~(12)~~, (13), (14), (15), ~~or (16)~~, or (17) of this section, in consultation with the director of public safety and, if applicable, the local authority having jurisdiction over the studied highway, expressway, or freeway, may determine and declare that the speed limit established on such highway, expressway, or freeway under division (B)~~(12)~~, (13), (14), (15), ~~or (16)~~, or (17) of this section either is reasonable and safe or is more or less than that which is reasonable and safe.

(2) If the established speed limit for a highway, expressway, or freeway studied pursuant to division (L)(1) of this section is determined to be more or less than that which is reasonable and safe, the director of transportation, in consultation with the director of public safety and, if applicable, the local authority having jurisdiction over the studied highway, expressway, or freeway, shall determine

and declare a reasonable and safe speed limit for that highway, expressway, or freeway.

~~(N)~~(M)(1)(a) If the boundary of two local authorities rests on the centerline of a highway and both authorities have jurisdiction over the highway, the speed limit for the part of the highway within their joint jurisdiction shall be either one of the following as agreed to by both authorities:

- (i) Either prima-facie speed limit permitted by division (B) of this section;
- (ii) An altered speed limit determined and posted in accordance with this section.

(b) If the local authorities are unable to reach an agreement, the speed limit shall remain as established and posted under this section.

(2) Neither local authority may declare an altered prima-facie speed limit pursuant to this section on the part of the highway under their joint jurisdiction unless both of the local authorities determine, upon the basis of an engineering and traffic investigation, that the speed permitted by this section is greater than is reasonable or safe under the conditions found to exist at the location and both authorities agree upon a uniform reasonable and safe prima-facie speed limit of less than fifty-five but not less than twenty-five miles per hour for that location. If both authorities so agree, each shall follow the procedure specified in this section for altering the prima-facie speed limit on the highway, and the speed limit for the part of the highway within their joint jurisdiction shall be uniformly altered. No altered speed limit may be withdrawn unless both local authorities determine that the altered prima-facie speed limit previously adopted becomes unreasonable and each adopts a resolution withdrawing the altered prima-facie speed limit pursuant to the procedure specified in this section.

(N) The legislative authority of a municipal corporation or township in which a boarding school is located, by resolution or ordinance, may establish a boarding school zone. The legislative authority may alter the speed limit on any street or highway within the boarding school zone and shall specify the hours during which the altered speed limit is in effect. For purposes of determining the boundaries of the boarding school zone, the altered speed limit within the boarding school zone, and the hours the altered speed limit is in effect, the legislative authority shall consult with the administration of the boarding school and with the county engineer or other appropriate engineer, as applicable. A boarding school zone speed limit becomes effective only when appropriate signs giving notice thereof are erected at the appropriate locations.

(2) If the offender has not previously been convicted of or pleaded guilty to a violation of any provision of this section or of any provision of a municipal ordinance that is substantially similar to this section and operated a motor vehicle faster than thirty-five miles an hour in a business district of a municipal corporation, faster than fifty miles an hour in other portions of a municipal corporation, or faster than thirty-five miles an hour in a school zone during recess or while children are going to or leaving school during the school's opening or closing hours, a misdemeanor of the fourth degree.

(3) Notwithstanding division (P)(1) of this section, if the offender operated a motor vehicle in a construction zone where a sign was then posted in accordance with section 4511.98 of the Revised Code, the court, in addition to all other penalties provided by law, shall impose upon the offender a fine of two times the usual amount imposed for the violation. No court shall impose a fine of two times the usual amount imposed for the violation upon an offender if the offender alleges, in an affidavit filed with the court prior to the offender's sentencing, that the offender is indigent and is unable to pay the fine imposed pursuant to this division and if the court determines that the offender is an indigent person and unable to pay the fine.

Sec. 4511.251. (A) As used in this section and section 4510.036 of the Revised Code, "street racing" means the operation of two or more vehicles from a point side by side at accelerating speeds in a competitive attempt to out-distance each other or the operation of one or more vehicles over a common selected course, from the same point to the same point, wherein timing is made of the participating vehicles involving competitive accelerations or speeds. Persons rendering assistance in any manner to such competitive use of vehicles shall be equally charged as the participants. The operation of two or more vehicles side by side either at speeds in excess of prima-facie lawful speeds established by divisions (B)(1)(a) to (B)(~~8~~)-(9) of section 4511.21 of the Revised Code or rapidly accelerating from a common starting point to a speed in excess of such prima-facie lawful speeds shall be prima-facie evidence of street racing.

(B) No person shall participate in street racing upon any public road, street, or highway in this state.

(C) Whoever violates this section is guilty of street racing, a misdemeanor of the first degree. In addition to any other sanctions, the court shall suspend the offender's driver's license, commercial driver's license, temporary instruction permit, probationary license, or nonresident operating privilege for not less than thirty days or more than three years. No judge shall suspend the first thirty days of any suspension of an offender's license, permit, or privilege imposed under this division.

Sec. 4582.03. (A) A port authority created in accordance with section 4582.02 of the Revised

Code shall be governed by a board of directors. Members of a board of directors of a port authority created by the exclusive action of a municipal corporation shall consist of the number of members it considers necessary and shall be appointed by the mayor with the advice and consent of the council. Members of a board of directors of a port authority created by the exclusive action of a township shall consist of such members as it considers necessary and shall be appointed by the township trustees of the township. Members of a board of directors of a port authority created by the exclusive action of a county shall consist of such members as it considers necessary and shall be appointed by the county commissioners of the county. Members of a board of directors of a port authority created by a combination of political subdivisions shall be divided among the political subdivisions in such proportions as the political subdivisions may agree and shall be appointed by the participating political subdivisions in the same manner as this section provides for the appointment of members by a political subdivision creating its own port authority. When a port authority is created by a combination of political subdivisions, the number of directors comprising the board shall be determined by agreement between the political subdivisions, which number from time to time may be changed by amendment of the agreement. The appointing body may at any time remove a director appointed by it for misfeasance, nonfeasance, or malfeasance in office.

A majority of the directors shall have been qualified electors of, or shall have had their businesses or places of employment in, one or more political subdivisions within the area of the jurisdiction of the port authority, for a period of at least three years next preceding their appointment.

The directors of any port authority first appointed shall serve staggered terms. Thereafter each successor shall serve for a term of four years, except that any person appointed to fill a vacancy shall be appointed to only the unexpired term and any director is eligible for reappointment.

The board of directors by rule may provide for the removal of a director who fails to attend three consecutive regular meetings of the board. If a director is so removed, a successor shall be appointed for the remaining term of the removed director in the same manner provided for the original appointment.

The directors shall elect one of their membership as chairperson and another as vice-chairperson and shall designate their terms of office, and shall appoint a secretary who need not be a director. A majority of the members of the board of directors shall constitute a quorum for purposes of holding a meeting of the board. The affirmative vote of a majority of a ~~quorum~~ quorum shall be necessary for any action taken by the port authority unless the board of directors determines by rule to require a greater number of affirmative votes for particular actions to be taken by the port authority. No vacancy in the membership of the board shall impair the rights of a quorum to exercise all the rights and perform all the duties of the port authority. The board of directors may hold a meeting by interactive video conference or teleconference as provided in section 4582.60 of Revised Code.

Each member of the board of directors of a port authority shall be entitled to receive from the port authority such sum of money as the board of directors may determine as compensation for services as director and reimbursement for reasonable expenses in the performance of official duties.

(B) Except for civil actions that arise out of the operation of a motor vehicle and civil actions in which the port authority is the plaintiff, no director, officer, or employee of a port authority shall be liable in any civil action that arises under the law of this state for damage or injury caused in the

performance of official duties, unless the director's, officer's, or employee's actions were manifestly outside the scope of the director's, officer's, or employee's employment or official responsibilities, or unless the director, officer, or employee acted with malicious purpose, in bad faith, or in a wanton or reckless manner.

This section does not eliminate, limit, or reduce any immunity from civil liability that is conferred upon a director, officer, or employee by any other provision of the Revised Code or by case law.

(C)(1) A port authority, except as provided in division (B) of this section, shall indemnify a director, officer, or employee from liability incurred in the performance of official duties by paying any judgment in, or amount negotiated in settlement of, any civil action arising under federal law, the law of another state, or the law of a foreign jurisdiction. The reasonableness of the amount of any consent judgment or settlement is subject to the review and approval of the board of directors of the port authority. The maximum aggregate amount of indemnification paid directly from funds to or on behalf of any director, officer, or employee pursuant to this division shall be one million dollars per occurrence, regardless of the number of persons who suffer damage, injury, or death as a result of the occurrence.

(2) A port authority shall not indemnify a director, officer, or employee under any of the following circumstances:

(a) To the extent the director, officer, or employee is covered by a policy of insurance for civil liability purchased by the port authority;

(b) When the director, officer, or employee acts manifestly outside the scope of the director's, officer's, or employee's employment or official responsibilities, with malicious purpose, in bad faith, or in a wanton or reckless manner;

(c) For any portion of a judgment that represents punitive or exemplary damages;

(d) For any portion of a consent judgment or settlement that is unreasonable.

(3) The port authority may purchase a policy or policies of insurance on behalf of directors, officers, and employees of the port authority from an insurer or insurers licensed to do business in this state providing coverage for damages in connection with any civil action, demand, or claim against the director, officer, or employee by reason of an act or omission by the director, officer, or employee occurring in the performance of official duties and not coming within the terms of division (C)(2)(b) of this section.

(4) This section does not affect any of the following:

(a) Any defense that would otherwise be available in an action alleging personal liability of a director, officer, or employee;

(b) The operation of section 9.83 of the Revised Code.

Sec. 4582.27. A port authority created in accordance with section 4582.22 of the Revised Code shall be governed by a board of directors. Members of a board of directors of a port authority created by the exclusive action of a municipal corporation shall consist of the number of members it considers necessary and shall be appointed by the mayor with the advice and consent of the council. Members of a board of directors of a port authority created by the exclusive action of a township shall consist of such members as it considers necessary and shall be appointed by the township trustees of the township. Members of a board of directors of a port authority created by the exclusive

action of a county shall consist of such members as it considers necessary and shall be appointed by the board of county commissioners of the county. Members of a board of directors of a port authority created by a combination of political subdivisions shall be divided among the political subdivisions in such proportions as the political subdivisions may agree and shall be appointed by the participating political subdivisions in the same manner as this section provides for the appointment of members by a political subdivision creating its own port authority. If a participating political subdivision is not authorized by section 4582.22 of the Revised Code to create its own port authority, the political subdivision's elected legislative body, if the political subdivision has an elected legislative body, or the political subdivision's elected official or officials who appoint the legislative body of the political subdivision shall appoint the members of a board of directors of a port authority that are to be appointed by that political subdivision. If the electors of a participating political subdivision do not elect either the legislative body of the political subdivision or the official or officials who appoint the legislative body of the political subdivision, the participating political subdivision may not appoint any member of a board of directors of a port authority. When a port authority is created by a combination of political subdivisions, the number of directors comprising the board shall be determined by agreement between the political subdivisions, which number may be changed from time to time by amendment of the agreement. The appointing body may at any time remove a director appointed by it for misfeasance, nonfeasance, or malfeasance in office.

A majority of the directors shall have been qualified electors of, or shall have had their businesses or places of employment in, one or more political subdivisions within the area of the jurisdiction of the port authority, for a period of at least three years next preceding their appointment.

The directors of any port authority first appointed shall serve staggered terms. Thereafter each successor shall serve for a term of four years, except that any person appointed to fill a vacancy shall be appointed to only the unexpired term and any director is eligible for reappointment.

The board of directors by rule may provide for the removal of a director who fails to attend three consecutive regular meetings of the board. If a director is so removed, a successor shall be appointed for the remaining term of the removed director in the same manner provided for the original appointment.

The directors shall elect one of their membership as chairperson and another as vice-chairperson, and shall designate their terms of office, and shall appoint a secretary who need not be a director. A majority of the members of the board of directors shall constitute a quorum for purposes of holding a meeting of the board. The affirmative vote of a majority of a quorum shall be necessary for any action taken by the port authority unless the board of directors determines by rule to require a greater number of affirmative votes for particular actions to be taken by the port authority. No vacancy in the membership of the board shall impair the rights of a quorum to exercise all the rights and perform all the duties of the port authority. The board of directors may hold a meeting by interactive video conference or teleconference as provided in section 4582.60 of the Revised Code.

Each member of the board of directors of a port authority shall be entitled to receive from the port authority such sum of money as the board of directors may determine as compensation for services as director and reimbursement for reasonable expenses in the performance of official duties.

Sec. 4582.60. (A) The requirement in division (C) of section 121.22 of the Revised Code that a member of a public body be present in person at a meeting open to the public in order to be part of

a quorum or to vote does not apply to the board of directors of a port authority if the board holds the meeting by interactive video conference or by teleconference in the following manner:

- (1) The board establishes a primary meeting location that is open and accessible to the public;
- (2) Meeting-related materials that are available before the meeting are sent via electronic mail, facsimile, hand-delivery, or United States postal service to each board member;
- (3) In the case of an interactive video conference, the board causes a clear video and audio connection to be established that enables all meeting participants at the primary meeting location to see and hear each board member;
- (4) In the case of a teleconference, the board causes a clear audio connection to be established that enables all meeting participants at the primary meeting location to hear each board member;
- (5) All board members have the capability to receive meeting-related materials that are distributed during a board meeting;
- (6) A roll call voice vote is recorded for each vote taken; and
- (7) The minutes of the board meeting identify which board members remotely attended the meeting by interactive video conference or teleconference.

If the board proceeds under this division, use of an interactive video conference is preferred, but nothing in this section prohibits the board from conducting its meetings by teleconference or by a combination of interactive video conference and teleconference at the same meeting.

(B) A port authority board of directors shall adopt rules necessary to implement this section. At a minimum, the rules shall do all of the following:

- (1) Authorize board members to remotely attend a board meeting by interactive video conference or teleconference, or by a combination thereof, in lieu of attending the meeting in person;
- (2) Establish a minimum number of board members that must be physically present in person at the primary meeting location if the board conducts a meeting by interactive video conference or teleconference;
- (3) Require that not more than one board member remotely attending a board meeting by teleconference is permitted to be physically present at the same remote location;
- (4) Establish geographic restrictions for participation in meetings by interactive video conference and by teleconference;
- (5) Establish a policy for distributing and circulating meeting-related materials to board members, the public, and the media in advance of or during a meeting at which board members are permitted to attend by interactive video conference or teleconference; and
- (6) Establish a method for verifying the identity of a board member who remotely attends a meeting by teleconference.
