4774.01, 4774.14, 4774.16, 5167.01, and 5167.03 be amended and 29

4759.071, 4759.13, 4761.012, 4761.091, 4761.19, and 4778.17 of 31
the Revised Code be enacted to read as follows: 32

Sec. 4730.26. (A) The state medical board shall 33
investigate evidence that appears to show that any person has 34
violated this chapter or a rule adopted under it. In an 35
investigation involving the practice or supervision of a 36
physician assistant pursuant to the policies of a health care 37
facility, the board may require that the health care facility 38
provide any information the board considers necessary to 39
identify either or both of the following: 40

(1) The facility's policies for the practice of physician 41
assistants within the facility; 42

(2) The services that the facility has authorized a 43
particular physician assistant to provide for the facility. 44

(B) Any person may report to the board in a signed writing 45
any information the person has that appears to show a violation 46
of any provision of this chapter or rule adopted under it. In 47
the absence of bad faith, a person who reports such information 48
or testifies before the board in an adjudication conducted under 49
Chapter 119. of the Revised Code shall not be liable for civil 50
damages as a result of reporting the information or providing 51
testimony. Each complaint or allegation of a violation received 52
by the board shall be assigned a case number and be recorded by 53
the board. 54

(C) Investigations of alleged violations of this chapter 55
or rules adopted under it shall be supervised by the supervising 56
member elected by the board in accordance with section 4731.02 57
of the Revised Code and by the secretary as provided in section 58
4730.33 of the Revised Code. The president may designate another 59
member of the board to supervise the investigation in place of 60
the supervising member. A member of the board who supervises the 61
investigation of a case shall not participate in further 62
adjudication of the case. 63

(D) In investigating a possible violation of this chapter 64
or a rule adopted under it, the board may administer oaths, 65
order the taking of depositions, issue subpoenas, and compel the 66
attendance of witnesses and production of books, accounts, 67
papers, records, documents, and testimony, except that a 68
subpoena for patient record information shall not be issued 69
without consultation with the attorney general's office and 70
approval of the secretary and supervising member of the board. 71
Before issuance of a subpoena for patient record information, 72
the secretary and supervising member shall determine whether 73
there is probable cause to believe that the complaint filed 74
alleges a violation of this chapter or a rule adopted under it 75

and that the records sought are relevant to the alleged 76
violation and material to the investigation. The subpoena may 77
apply only to records that cover a reasonable period of time 78
surrounding the alleged violation. 79

On failure to comply with any subpoena issued by the board 80
and after reasonable notice to the person being subpoenaed, the 81
board may move for an order compelling the production of persons 82
or records pursuant to the Rules of Civil Procedure. 83

A subpoena issued by the board may be served by a sheriff, 84
the sheriff's deputy, or a board employee designated by the 85
board. Service of a subpoena issued by the board may be made by 86
delivering a copy of the subpoena to the person named therein, 87
reading it to the person, or leaving it at the person's usual 88
place of residence. When the person being served is a physician 89
assistant, service of the subpoena may be made by certified 90
mail, restricted delivery, return receipt requested, and the 91
subpoena shall be deemed served on the date delivery is made or 92
the date the person refuses to accept delivery. 93

A sheriff's deputy who serves a subpoena shall receive the 94
same fees as a sheriff. Each witness who appears before the 95
board in obedience to a subpoena shall receive the fees and 96
mileage provided for under section 119.094 of the Revised Code. 97

(E) All hearings and investigations of the board shall be 98
considered civil actions for the purposes of section 2305.252 of 99
the Revised Code. 100

(F) Information received by the board pursuant to an 101
investigation is confidential and not subject to discovery in 102
any civil action. 103

The board shall conduct all investigations and proceedings 104

in a manner that protects the confidentiality of patients and 105
persons who file complaints with the board. The board shall not 106
make public the names or any other identifying information about 107
patients or complainants unless proper consent is given or, in 108
the case of a patient, a waiver of the patient privilege exists 109
under division (B) of section 2317.02 of the Revised Code, 110
except that consent or a waiver is not required if the board 111
possesses reliable and substantial evidence that no bona fide 112
physician-patient relationship exists. 113

The board may share any information it receives pursuant 114
to an investigation, including patient records and patient 115
record information, with law enforcement agencies, other 116
licensing boards, and other governmental agencies that are 117
prosecuting, adjudicating, or investigating alleged violations 118
of statutes or administrative rules. An agency or board that 119
receives the information shall comply with the same requirements 120
regarding confidentiality as those with which the state medical 121
board must comply, notwithstanding any conflicting provision of 122
the Revised Code or procedure of the agency or board that 123
applies when it is dealing with other information in its 124
possession. In a judicial proceeding, the information may be 125
admitted into evidence only in accordance with the Rules of 126
Evidence, but the court shall require that appropriate measures 127
are taken to ensure that confidentiality is maintained with 128
respect to any part of the information that contains names or 129
other identifying information about patients or complainants 130
whose confidentiality was protected by the state medical board 131
when the information was in the board's possession. Measures to 132
ensure confidentiality that may be taken by the court include 133
sealing its records or deleting specific information from its 134
records. 135

(G) The state medical board shall develop requirements for 136
and provide appropriate initial and continuing training for 137
investigators employed by the board to carry out its duties 138
under this chapter. The training and continuing education may 139
include enrollment in courses operated or approved by the Ohio 140
peace officer training ~~council~~ commission that the board 141
considers appropriate under conditions set forth in section 142
109.79 of the Revised Code. 143

(H) On a quarterly basis, the board shall prepare a report 144
that documents the disposition of all cases during the preceding 145
three months. The report shall contain the following information 146
for each case with which the board has completed its activities: 147

(1) The case number assigned to the complaint or alleged 148
violation; 149

(2) The type of ~~certificate~~ license, if any, held by the 150
individual against whom the complaint is directed; 151

(3) A description of the allegations contained in the 152
complaint; 153

(4) The disposition of the case. 154

The report shall state how many cases are still pending, 155
and shall be prepared in a manner that protects the identity of 156
each person involved in each case. The report shall be submitted 157
to the physician assistant policy committee of the board and is 158
a public record for purposes of section 149.43 of the Revised 159
Code. 160

Sec. 4730.32. (A) Within sixty days after the imposition 161
of any formal disciplinary action taken by a health care 162
facility against any individual holding a valid license to 163
practice as a physician assistant issued under this chapter, the 164

chief administrator or executive officer of the facility shall 165
report to the state medical board the name of the individual, 166
the action taken by the facility, and a summary of the 167
underlying facts leading to the action taken. Upon request, the 168
board shall be provided certified copies of the patient records 169
that were the basis for the facility's action. Prior to release 170
to the board, the summary shall be approved by the peer review 171
committee that reviewed the case or by the governing board of 172
the facility. 173

The filing of a report with the board or decision not to 174
file a report, investigation by the board, or any disciplinary 175
action taken by the board, does not preclude a health care 176
facility from taking disciplinary action against a physician 177
assistant. 178

In the absence of fraud or bad faith, no individual or 179
entity that provides patient records to the board shall be 180
liable in damages to any person as a result of providing the 181
records. 182

~~(B) A(1) Except as provided in division (B) (2) of this 183
section, a physician assistant, professional association or 184
society of physician assistants, physician, or professional 185
association or society of physicians that believes a violation 186
of any provision of this chapter, Chapter 4731. of the Revised 187
Code, or rule of the board has occurred shall report to the 188
board the information upon which the belief is based. This 189
division does not require any treatment provider approved by the 190
board under section 4731.25 of the Revised Code or any employee, 191
agent, or representative of such a provider to make reports with 192
respect to a physician assistant participating in treatment or 193
aftercare for substance abuse as long as the physician assistant 194~~

~~maintains participation in accordance with the requirements of~~ 195
~~section 4731.25 of the Revised Code and the treatment provider~~ 196
~~or employee, agent, or representative of the provider has no~~ 197
~~reason to believe that the physician assistant has violated any~~ 198
~~provision of this chapter or rule adopted under it, other than~~ 199
~~being impaired by alcohol, drugs, or other substances. This~~ 200
~~division does not require reporting by any member of an impaired~~ 201
~~practitioner committee established by a health care facility or~~ 202
~~by any representative or agent of a committee or program~~ 203
~~sponsored by a professional association or society of physician~~ 204
~~assistants to provide peer assistance to physician assistants~~ 205
~~with substance abuse problems with respect to a physician~~ 206
~~assistant who has been referred for examination to a treatment~~ 207
~~program approved by the board under section 4731.25 of the~~ 208
~~Revised Code if the physician assistant cooperates with the~~ 209
~~referral for examination and with any determination that the~~ 210
~~physician assistant should enter treatment and as long as the~~ 211
~~committee member, representative, or agent has no reason to~~ 212
~~believe that the physician assistant has ceased to participate~~ 213
~~in the treatment program in accordance with section 4731.25 of~~ 214
~~the Revised Code or has violated any provision of this chapter~~ 215
~~or rule adopted under it, other than being impaired by alcohol,~~ 216
~~drugs, or other substances.~~ 217

(2) A physician assistant, professional association or 218
society of physician assistants, physician, or professional 219
association or society of physicians that believes that a 220
violation of division (B) (5) of section 4730.25 of the Revised 221
Code has occurred shall report the information upon which the 222
belief is based to the monitoring organization conducting the 223
program established by the board under section 4731.251 of the 224
Revised Code. If any such report is made to the board, it shall 225

be referred to the monitoring organization unless the board is 226
aware that the individual who is the subject of the report does 227
not meet the program eligibility requirements of section 228
4731.252 of the Revised Code. 229

(C) Any professional association or society composed 230
primarily of physician assistants that suspends or revokes an 231
individual's membership for violations of professional ethics, 232
or for reasons of professional incompetence or professional 233
malpractice, within sixty days after a final decision, shall 234
report to the board, on forms prescribed and provided by the 235
board, the name of the individual, the action taken by the 236
professional organization, and a summary of the underlying facts 237
leading to the action taken. 238

The filing or nonfiling of a report with the board, 239
investigation by the board, or any disciplinary action taken by 240
the board, shall not preclude a professional organization from 241
taking disciplinary action against a physician assistant. 242

(D) Any insurer providing professional liability insurance 243
to any person holding a valid license to practice as a physician 244
assistant issued under this chapter or any other entity that 245
seeks to indemnify the professional liability of a physician 246
assistant shall notify the board within thirty days after the 247
final disposition of any written claim for damages where such 248
disposition results in a payment exceeding twenty-five thousand 249
dollars. The notice shall contain the following information: 250

(1) The name and address of the person submitting the 251
notification; 252

(2) The name and address of the insured who is the subject 253
of the claim; 254

(3) The name of the person filing the written claim;	255
(4) The date of final disposition;	256
(5) If applicable, the identity of the court in which the final disposition of the claim took place.	257 258
(E) The board may investigate possible violations of this chapter or the rules adopted under it that are brought to its attention as a result of the reporting requirements of this section, except that the board shall conduct an investigation if a possible violation involves repeated malpractice. As used in this division, "repeated malpractice" means three or more claims for malpractice within the previous five-year period, each resulting in a judgment or settlement in excess of twenty-five thousand dollars in favor of the claimant, and each involving negligent conduct by the physician assistant.	259 260 261 262 263 264 265 266 267 268
(F) All summaries, reports, and records received and maintained by the board pursuant to this section shall be held in confidence and shall not be subject to discovery or introduction in evidence in any federal or state civil action involving a physician assistant, supervising physician, or health care facility arising out of matters that are the subject of the reporting required by this section. The board may use the information obtained only as the basis for an investigation, as evidence in a disciplinary hearing against a physician assistant or supervising physician, or in any subsequent trial or appeal of a board action or order.	269 270 271 272 273 274 275 276 277 278 279
The board may disclose the summaries and reports it receives under this section only to health care facility committees within or outside this state that are involved in credentialing or recredentialing a physician assistant or	280 281 282 283

supervising physician or reviewing their privilege to practice 284
within a particular facility. The board shall indicate whether 285
or not the information has been verified. Information 286
transmitted by the board shall be subject to the same 287
confidentiality provisions as when maintained by the board. 288

(G) Except for reports filed by an individual pursuant to 289
division (B) of this section, the board shall send a copy of any 290
reports or summaries it receives pursuant to this section to the 291
physician assistant. The physician assistant shall have the 292
right to file a statement with the board concerning the 293
correctness or relevance of the information. The statement shall 294
at all times accompany that part of the record in contention. 295

(H) An individual or entity that reports to the board, 296
reports to the monitoring organization described in section 297
4731.251 of the Revised Code, or refers an impaired physician 298
assistant to a treatment provider approved by the board under 299
section 4731.25 of the Revised Code shall not be subject to suit 300
for civil damages as a result of the report, referral, or 301
provision of the information. 302

(I) In the absence of fraud or bad faith, a professional 303
association or society of physician assistants that sponsors a 304
committee or program to provide peer assistance to a physician 305
assistant with substance abuse problems, a representative or 306
agent of such a committee or program, a representative or agent 307
of the monitoring organization described in section 4731.251 of 308
the Revised Code, and a member of the state medical board shall 309
not be held liable in damages to any person by reason of actions 310
taken to refer a physician assistant to a treatment provider 311
approved under section 4731.25 of the Revised Code for 312
examination or treatment. 313

Sec. 4731.224. (A) Within sixty days after the imposition 314
of any formal disciplinary action taken by any health care 315
facility, including a hospital, health care facility operated by 316
a health insuring corporation, ambulatory surgical center, or 317
similar facility, against any individual holding a valid license 318
or certificate to practice issued pursuant to this chapter, the 319
chief administrator or executive officer of the facility shall 320
report to the state medical board the name of the individual, 321
the action taken by the facility, and a summary of the 322
underlying facts leading to the action taken. Upon request, the 323
board shall be provided certified copies of the patient records 324
that were the basis for the facility's action. Prior to release 325
to the board, the summary shall be approved by the peer review 326
committee that reviewed the case or by the governing board of 327
the facility. As used in this division, "formal disciplinary 328
action" means any action resulting in the revocation, 329
restriction, reduction, or termination of clinical privileges 330
for violations of professional ethics, or for reasons of medical 331
incompetence, or medical malpractice, ~~or drug or alcohol abuse.~~ 332
"Formal disciplinary action" includes a summary action, an 333
action that takes effect notwithstanding any appeal rights that 334
may exist, and an action that results in an individual 335
surrendering clinical privileges while under investigation and 336
during proceedings regarding the action being taken or in return 337
for not being investigated or having proceedings held. "Formal 338
disciplinary action" does not include any action taken for the 339
sole reason of failure to maintain records on a timely basis or 340
failure to attend staff or section meetings. 341

The filing or nonfiling of a report with the board, 342
investigation by the board, or any disciplinary action taken by 343
the board, shall not preclude any action by a health care 344

facility to suspend, restrict, or revoke the individual's 345
clinical privileges. 346

In the absence of fraud or bad faith, no individual or 347
entity that provides patient records to the board shall be 348
liable in damages to any person as a result of providing the 349
records. 350

(B) ~~If (1) Except as provided in division (B) (2) of this~~ 351
~~section, if~~ any individual authorized to practice under this 352
chapter or any professional association or society of such 353
individuals believes that a violation of any provision of this 354
chapter, Chapter 4730., 4759., 4760., 4761., 4762., 4774., or 355
4778. of the Revised Code, or any rule of the board has 356
occurred, the individual, association, or society shall report 357
to the board the information upon which the belief is based. 358
~~This division does not require any treatment provider approved~~ 359
~~by the board under section 4731.25 of the Revised Code or any~~ 360
~~employee, agent, or representative of such a provider to make~~ 361
~~reports with respect to an impaired practitioner participating~~ 362
~~in treatment or aftercare for substance abuse as long as the~~ 363
~~practitioner maintains participation in accordance with the~~ 364
~~requirements of section 4731.25 of the Revised Code, and as long~~ 365
~~as the treatment provider or employee, agent, or representative~~ 366
~~of the provider has no reason to believe that the practitioner~~ 367
~~has violated any provision of this chapter or any rule adopted~~ 368
~~under it, other than the provisions of division (B) (26) of~~ 369
~~section 4731.22 of the Revised Code. This division does not~~ 370
~~require reporting by any member of an impaired practitioner~~ 371
~~committee established by a health care facility or by any~~ 372
~~representative or agent of a committee or program sponsored by a~~ 373
~~professional association or society of individuals authorized to~~ 374
~~practice under this chapter to provide peer assistance to~~ 375

~~practitioners with substance abuse problems with respect to a 376
practitioner who has been referred for examination to a 377
treatment program approved by the board under section 4731.25 of 378
the Revised Code if the practitioner cooperates with the 379
referral for examination and with any determination that the 380
practitioner should enter treatment and as long as the committee 381
member, representative, or agent has no reason to believe that 382
the practitioner has ceased to participate in the treatment 383
program in accordance with section 4731.25 of the Revised Code 384
or has violated any provision of this chapter or any rule 385
adopted under it, other than the provisions of division (B) (26) 386
of section 4731.22 of the Revised Code. 387~~

(2) If any individual authorized to practice under this 388
chapter or any professional association or society of such 389
individuals believes that a violation of division (B) (26) of 390
section 4731.22 of the Revised Code has occurred, the 391
individual, association, or society shall report the information 392
upon which the belief is based to the monitoring organization 393
conducting the program established by the board under section 394
4731.251 of the Revised Code. If any such report is made to the 395
board, it shall be referred to the monitoring organization 396
unless the board is aware that the individual who is the subject 397
of the report does not meet the program eligibility requirements 398
of section 4731.252 of the Revised Code. 399

(C) Any professional association or society composed 400
primarily of doctors of medicine and surgery, doctors of 401
osteopathic medicine and surgery, doctors of podiatric medicine 402

violations of professional ethics, or for reasons of 405
professional incompetence or professional malpractice, within 406

sixty days after a final decision shall report to the board, on 407
forms prescribed and provided by the board, the name of the 408
individual, the action taken by the professional organization, 409
and a summary of the underlying facts leading to the action 410
taken. 411

The filing of a report with the board or decision not to 412
file a report, investigation by the board, or any disciplinary 413
action taken by the board, does not preclude a professional 414
organization from taking disciplinary action against an 415
individual. 416

(D) Any insurer providing professional liability insurance 417
to an individual authorized to practice under this chapter, or 418
any other entity that seeks to indemnify the professional 419
liability of such an individual, shall notify the board within 420
thirty days after the final disposition of any written claim for 421
damages where such disposition results in a payment exceeding 422
twenty-five thousand dollars. The notice shall contain the 423
following information: 424

(1) The name and address of the person submitting the 425
notification; 426

(2) The name and address of the insured who is the subject 427
of the claim; 428

(3) The name of the person filing the written claim; 429

(4) The date of final disposition; 430

(5) If applicable, the identity of the court in which the 431
final disposition of the claim took place. 432

(E) The board may investigate possible violations of this 433
chapter or the rules adopted under it that are brought to its 434

attention as a result of the reporting requirements of this 435
section, except that the board shall conduct an investigation if 436
a possible violation involves repeated malpractice. As used in 437

applicant. 1327

A limited permit expires in accordance with rules adopted 1328
under section 4759.05 of the Revised Code. A limited permit may 1329
be renewed in accordance with those rules. 1330

(3) The board shall maintain a register of all persons 1331
holding limited permits under this chapter. 1332

(4) A person holding a limited permit who has failed the 1333

examination shall practice only under the direct supervision of 1334
a licensed dietitian. 1335

~~(G) A licensed dietitian may place the license in inactive 1336
status. 1337~~

(5) The board may revoke a limited permit on proof 1338
satisfactory to the board that the permit holder has engaged in 1339
practice in this state outside the scope of the permit, that the 1340
holder has engaged in unethical conduct, or that grounds for 1341
action against the holder exist under section 4759.07 of the 1342
Revised Code. 1343

Sec. 4759.062. (A) A license to practice dietetics that is 1344
not renewed on or before its expiration date is automatically 1345
suspended on its expiration date. Continued practice after 1346
suspension shall be considered as practicing in violation of 1347
section 4759.02 of the Revised Code. 1348

(B) If a license has been suspended pursuant to division 1349
(A) of this section for two years or less, it may be reinstated. 1350
The state medical board shall reinstate the license upon the 1351
applicant's submission of a complete renewal application and 1352
payment of a reinstatement fee of two hundred five dollars. 1353

(C) (1) If a license has been suspended pursuant to 1354
division (A) of this section for more than two years, it may be 1355
restored. The board may restore the license upon an applicant's 1356
submission of a complete restoration application and a 1357
restoration fee of two hundred thirty dollars and compliance 1358
with sections 4776.01 to 4776.04 of the Revised Code. The board 1359
shall not restore a license unless the board, in its discretion, 1360
decides that the results of the criminal records check do not 1361
make the applicant ineligible for a license issued pursuant to 1362

section 4759.06 of the Revised Code. 1363

(2) The board may impose terms and conditions for the restoration, including any one or more of the following: 1364
1365

(a) Requiring the applicant to pass an oral or written examination, or both, to determine the applicant's present fitness to resume practice; 1366
1367
1368

(b) Requiring the applicant to obtain additional training and to pass an examination upon completion of such training; 1369
1370

(c) Restricting or limiting the extent, scope, or type of practice of the applicant. 1371
1372

Sec. 4759.07. (A) ~~The state medical board may, in accordance with Chapter 119. of the Revised Code, refuse to issue, review, or renew, or may suspend, revoke, or impose probationary conditions upon any license or permit to practice dietetics, if the applicant has, by an affirmative vote of not fewer than six members, shall, to the extent permitted by law, limit, revoke, or suspend an individual's license or limited permit, refuse to issue a license or limited permit to an individual, refuse to renew a license or limited permit, refuse to reinstate a license or limited permit, or reprimand or place on probation the holder of a license or limited permit for one or more of the following reasons:~~ 1373

~~in relation to the practice of dietetics; or in securing or~~ 1394
~~attempting to secure any license or permit issued by the board~~ 1395
~~under this chapter.~~ 1396

As used in division (A) (2) of this section, "false, 1397
fraudulent, deceptive, or misleading statement" means a 1398
statement that includes a misrepresentation of fact, is likely 1399
to mislead or deceive because of a failure to disclose material 1400
facts, is intended or is likely to create false or unjustified 1401
expectations of favorable results, or includes representations 1402
or implications that in reasonable probability will cause an 1403
ordinarily prudent person to misunderstand or be deceived. 1404

(3) Committing fraud during the administration of the 1405
examination for a license to practice or committing fraud, 1406
misrepresentation, or deception in applying for, renewing, or 1407
securing any license or permit issued by the board; 1408

~~(3) Been convicted of any crime constituting a felony in~~ 1409

(5) Commission of an act that constitutes a felony in this 1419
state, regardless of the jurisdiction in which the act was 1420

<u>committed;</u>	1421
<u>(6) A plea of guilty to, a judicial finding of guilt of,</u>	1422

(B) For purposes of this division, any individual who	1437
holds a license or permit issued under this chapter, or applies	1438
for a license or permit to practice dietetics, is deemed to have	1439
given consent to submit to a mental or physical examination when	1440
directed to do so in writing by the board and to have waived all	1441
objections to the admissibility of testimony or examination	1442
reports that constitute a privileged communication.—	1443
For purposes of division (A)(4) of this section, if the	1444
board has reason to believe that any individual who holds a	1445
license or permit issued under this chapter or any applicant for	1446
a license or permit suffers such impairment, the board may	1447
compel the individual to submit to a mental or physical	1448
examination, or both. The expense of the examination is the	1449

~~responsibility of the individual compelled to be examined. Any 1450
mental or physical examination required under this division 1451
shall be undertaken by a treatment provider or physician 1452
qualified to conduct such examination and chosen by the board. 1453~~

~~Failure to submit to a mental or physical examination 1454
ordered by the board constitutes an admission of the allegations 1455
against the individual unless the failure is due to 1456
circumstances beyond the individual's control, and a default and 1457
final order may be entered without the taking of testimony or 1458
presentation of evidence. If the board determines that the 1459
individual's ability to practice is impaired, the board shall 1460
suspend the individual's license or permit or deny the 1461
individual's application and shall require the individual, as a 1462
condition for initial, continued, reinstated, or renewed 1463
licensure, to submit to treatment. 1464~~

~~Before being eligible to apply for reinstatement of a 1465
license or permit suspended under this division, the dietitian 1466
shall demonstrate to the board the ability to resume practice in 1467
compliance with acceptable and prevailing standards of care. The 1468
demonstration shall include the following: 1469~~

~~(1) Certification from a treatment provider approved under 1470
section 4731.25 of the Revised Code that the individual has 1471
successfully completed any required inpatient treatment; 1472~~

~~(2) Evidence of continuing full compliance with an 1473
aftercare contract or consent agreement; 1474~~

~~(3) Two written reports indicating that the individual's 1475
ability to practice has been assessed and that the individual 1476
has been found capable of practicing according to acceptable and 1477
prevailing standards of care. The reports shall be made by 1478~~

~~individuals or providers approved by the board for making such assessments and shall describe the basis for their determination.~~ 1479
1480
1481

~~The board may reinstate a license or permit suspended under this division after such demonstration and after the individual has entered into a written consent agreement.~~ 1482
1483
1484

~~When the impaired dietitian resumes practice, the board shall require continued monitoring of the dietitian. The monitoring shall include compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, upon termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of falsification stating whether the dietitian has maintained sobriety.~~ 1485

~~(C) One year or more after the date of suspension or revocation of a license or permit under division (A) (1), (2), (3), (5), or (6) of this section, an application for reinstatement of the license or permit may be made to the board. The board shall grant or deny reinstatement with a hearing, at the request of the applicant, in accordance with Chapter 119. of the Revised Code and may impose conditions upon the reinstatement, including the requirement of passing an examination approved by the board;~~ 1494

(12) The obtaining of, or attempting to obtain, money or 1507

<u>of practice;</u>	1509
<u>(13) Violation of the conditions of limitation placed by</u>	1510
<u>the board on a license or permit;</u>	1511
<u>(14) Inability to practice according to acceptable and</u>	1512
<u>prevailing standards of care by reason of mental illness or</u>	1513
<u>physical illness, including, physical deterioration that</u>	1514
<u>adversely affects cognitive, motor, or perceptive skills;</u>	1515
<u>(15) Any of the following actions taken by an agency</u>	1516
<u>responsible for authorizing, certifying, or regulating an</u>	1517
<u>individual to practice a health care occupation or provide</u>	1518
<u>health care services in this state or another jurisdiction, for</u>	1519

<u>(18) Impairment of ability to practice according to</u>	1534
<u>acceptable and prevailing standards of care because of habitual</u>	1535
<u>or excessive use or abuse of drugs, alcohol, or other substances</u>	1536

that impair ability to practice; 1537

(19) Failure to cooperate in an investigation conducted by 1538
the board under division (B) of section 4759.05 of the Revised 1539
Code, including failure to comply with a subpoena or order 1540
issued by the board or failure to answer truthfully a question 1541
presented by the board in an investigative interview, an 1542
investigative office conference, at a deposition, or in written 1543
interrogatories, except that failure to cooperate with an 1544
investigation shall not constitute grounds for discipline under 1545
this section if a court of competent jurisdiction has issued an 1546
order that either quashes a subpoena or permits the individual 1547
to withhold the testimony or evidence in issue; 1548

(20) Representing with the purpose of obtaining 1549
compensation or other advantage as personal gain or for any 1550
other person, that an incurable disease or injury, or other 1551
incurable condition, can be permanently cured. 1552

(B) Any action taken by the board under division (A) of 1553
this section resulting in a suspension from practice shall be 1554
accompanied by a written statement of the conditions under which 1555
the individual's license or permit may be reinstated. The board 1556
shall adopt rules governing conditions to be imposed for 1557
reinstatement. Reinstatement of a license or permit suspended 1558
pursuant to division (A) of this section requires an affirmative 1559
vote of not fewer than six members of the board. 1560

(C) When the board refuses to grant or issue a license or 1561
permit to an applicant, revokes an individual's license or 1562
permit, refuses to renew an individual's license or permit, or 1563
refuses to reinstate an individual's license or permit, the 1564
board may specify that its action is permanent. An individual 1565
subject to a permanent action taken by the board is forever 1566

thereafter ineligible to hold a license or permit and the board 1567
shall not accept an application for reinstatement of the license 1568
or permit or for issuance of a new license or permit. 1569

(D) Disciplinary actions taken by the board under division 1570
(A) of this section shall be taken pursuant to an adjudication 1571
under Chapter 119. of the Revised Code, except that in lieu of 1572
an adjudication, the board may enter into a consent agreement 1573
with an individual to resolve an allegation of a violation of 1574
this chapter or any rule adopted under it. A consent agreement, 1575
when ratified by an affirmative vote of not fewer than six 1576
members of the board, shall constitute the findings and order of 1577
the board with respect to the matter addressed in the agreement. 1578
If the board refuses to ratify a consent agreement, the 1579
admissions and findings contained in the consent agreement shall 1580
be of no force or effect. 1581

A telephone conference call may be utilized for 1582
ratification of a consent agreement that revokes or suspends an 1583
individual's license or permit. The telephone conference call 1584
shall be considered a special meeting under division (F) of 1585
section 121.22 of the Revised Code. 1586

(E) In enforcing division (A) (14) of this section, the 1587
board, upon a showing of a possible violation, may compel any 1588
individual authorized to practice by this chapter or who has 1589
submitted an application pursuant to this chapter to submit to a 1590
mental examination, physical examination, including an HIV test, 1591
or both a mental and a physical examination. The expense of the 1592
examination is the responsibility of the individual compelled to 1593
be examined. Failure to submit to a mental or physical 1594
examination or consent to an HIV test ordered by the board 1595
constitutes an admission of the allegations against the 1596

individual unless the failure is due to circumstances beyond the 1597
individual's control, and a default and final order may be 1598
entered without the taking of testimony or presentation of 1599
evidence. If the board finds an individual unable to practice 1600
because of the reasons set forth in division (A)(14) of this 1601
section, the board shall require the individual to submit to 1602
care, counseling, or treatment by physicians approved or 1603
designated by the board, as a condition for initial, continued, 1604
reinstated, or renewed authority to practice. An individual 1605
affected under this division shall be afforded an opportunity to 1606
demonstrate to the board the ability to resume practice in 1607
compliance with acceptable and prevailing standards under the 1608
provisions of the individual's license or permit. For the 1609
purpose of division (A)(14) of this section, any individual who 1610
applies for or receives a license or permit under this chapter 1611
accepts the privilege of practicing in this state and, by so 1612
doing, shall be deemed to have given consent to submit to a 1613
mental or physical examination when directed to do so in writing 1614
by the board, and to have waived all objections to the 1615
admissibility of testimony or examination reports that 1616
constitute a privileged communication. 1617

(F) For the purposes of division (A)(18) of this section, 1618
any individual authorized to practice by this chapter accepts 1619
the privilege of practicing in this state subject to supervision 1620
by the board. By filing an application for or holding a license 1621
or permit under this chapter, an individual shall be deemed to 1622
have given consent to submit to a mental or physical examination 1623
when ordered to do so by the board in writing, and to have 1624
waived all objections to the admissibility of testimony or 1625
examination reports that constitute privileged communications. 1626

If it has reason to believe that any individual authorized 1627

to practice by this chapter or any applicant for a license or 1628
permit suffers such impairment, the board may compel the 1629
individual to submit to a mental or physical examination, or 1630
both. The expense of the examination is the responsibility of 1631
the individual compelled to be examined. Any mental or physical 1632
examination required under this division shall be undertaken by 1633
a treatment provider or physician who is qualified to conduct 1634
the examination and who is chosen by the board. 1635

Failure to submit to a mental or physical examination 1636
ordered by the board constitutes an admission of the allegations 1637
against the individual unless the failure is due to 1638
circumstances beyond the individual's control, and a default and 1639
final order may be entered without the taking of testimony or 1640
presentation of evidence. If the board determines that the 1641
individual's ability to practice is impaired, the board shall 1642
suspend the individual's license or permit or deny the 1643
individual's application and shall require the individual, as a 1644
condition for an initial, continued, reinstated, or renewed 1645
license or permit, to submit to treatment. 1646

Before being eligible to apply for reinstatement of a 1647
license or permit suspended under this division, the impaired 1648
practitioner shall demonstrate to the board the ability to 1649
resume practice in compliance with acceptable and prevailing 1650
standards of care under the provisions of the practitioner's 1651
license or permit. The demonstration shall include, but shall 1652
not be limited to, the following: 1653

(1) Certification from a treatment provider approved under 1654
section 4731.25 of the Revised Code that the individual has 1655
successfully completed any required inpatient treatment; 1656

(2) Evidence of continuing full compliance with an 1657

aftercare contract or consent agreement; 1658

(3) Two written reports indicating that the individual's 1659
ability to practice has been assessed and that the individual 1660
has been found capable of practicing according to acceptable and 1661
prevailing standards of care. The reports shall be made by 1662
individuals or providers approved by the board for making the 1663
assessments and shall describe the basis for their 1664
determination. 1665

The board may reinstate a license or permit suspended 1666
under this division after that demonstration and after the 1667
individual has entered into a written consent agreement. 1668

When the impaired practitioner resumes practice, the board 1669
shall require continued monitoring of the individual. The 1670
monitoring shall include, but not be limited to, compliance with 1671
the written consent agreement entered into before reinstatement 1672
or with conditions imposed by board order after a hearing, and, 1673
upon termination of the consent agreement, submission to the 1674
board for at least two years of annual written progress reports 1675
made under penalty of perjury stating whether the individual has 1676
maintained sobriety. 1677

(G) If the secretary and supervising member determine both 1678
of the following, they may recommend that the board suspend an 1679
individual's license or permit without a prior hearing: 1680

(1) That there is clear and convincing evidence that an 1681
individual has violated division (A) of this section; 1682

(2) That the individual's continued practice presents a 1683
danger of immediate and serious harm to the public. 1684

Written allegations shall be prepared for consideration by 1685
the board. The board, upon review of those allegations and by an 1686

affirmative vote of not fewer than six of its members, excluding 1687
the secretary and supervising member, may suspend a license or 1688
permit without a prior hearing. A telephone conference call may 1689
be utilized for reviewing the allegations and taking the vote on 1690
the summary suspension. 1691

The board shall issue a written order of suspension by 1692
certified mail or in person in accordance with section 119.07 of 1693
the Revised Code. The order shall not be subject to suspension 1694
by the court during pendency of any appeal filed under section 1695
119.12 of the Revised Code. If the individual subject to the 1696
summary suspension requests an adjudicatory hearing by the 1697
board, the date set for the hearing shall be within fifteen 1698
days, but not earlier than seven days, after the individual 1699
requests the hearing, unless otherwise agreed to by both the 1700
board and the individual. 1701

Any summary suspension imposed under this division shall 1702
remain in effect, unless reversed on appeal, until a final 1703
adjudicative order issued by the board pursuant to this section 1704
and Chapter 119. of the Revised Code becomes effective. The 1705
board shall issue its final adjudicative order within seventy- 1706
five days after completion of its hearing. A failure to issue 1707
the order within seventy-five days shall result in dissolution 1708
of the summary suspension order but shall not invalidate any 1709
subsequent, final adjudicative order. 1710

(H) If the board is required by Chapter 119. of the 1711
Revised Code to give notice of an opportunity for a hearing and 1712
if the individual subject to the notice does not timely request 1713
a hearing in accordance with section 119.07 of the Revised Code, 1714
the board is not required to hold a hearing, but may adopt, by 1715
an affirmative vote of not fewer than six of its members, a 1716

final order that contains the board's findings. In the final 1717
order, the board may order any of the sanctions identified under 1718
division (A) of this section. 1719

(I) For purposes of divisions (A)(5), (7), and (9) of this 1720
section, the commission of the act may be established by a 1721
finding by the board, pursuant to an adjudication under Chapter 1722
119. of the Revised Code, that the individual committed the act. 1723
The board does not have jurisdiction under those divisions if 1724
the trial court renders a final judgment in the individual's 1725
favor and that judgment is based upon an adjudication on the 1726
merits. The board has jurisdiction under those divisions if the 1727
trial court issues an order of dismissal upon technical or 1728
procedural grounds. 1729

(J) The sealing of conviction records by any court shall 1730
have no effect upon a prior board order entered under this 1731
section or upon the board's jurisdiction to take action under 1732
this section if, based upon a plea of guilty, a judicial finding 1733
of guilt, or a judicial finding of eligibility for intervention 1734
in lieu of conviction, the board issued a notice of opportunity 1735
for a hearing prior to the court's order to seal the records. 1736
The board shall not be required to seal, destroy, redact, or 1737
otherwise modify its records to reflect the court's sealing of 1738
conviction records. 1739

(K) If the board takes action under division (A)(4), (6), 1740
or (8) of this section, and the judicial finding of guilt, 1741
guilty plea, or judicial finding of eligibility for intervention 1742
in lieu of conviction is overturned on appeal, upon exhaustion 1743
of the criminal appeal, a petition for reconsideration of the 1744
order may be filed with the board along with appropriate court 1745
documents. Upon receipt of a petition for reconsideration and 1746

supporting court documents, the board shall reinstate the 1747
individual's license or permit. The board may then hold an 1748
adjudication under Chapter 119. of the Revised Code to determine 1749
whether the individual committed the act in question. Notice of 1750
an opportunity for a hearing shall be given in accordance with 1751
Chapter 119. of the Revised Code. If the board finds, pursuant 1752
to an adjudication held under this division, that the individual 1753
committed the act or if no hearing is requested, the board may 1754
order any of the sanctions identified under division (A) of this 1755
section. 1756

(L) The license or permit issued to an individual under 1757
this chapter and the individual's practice in this state are 1758
automatically suspended as of the date the individual pleads 1759
guilty to, is found by a judge or jury to be guilty of, or is 1760
subject to a judicial finding of eligibility for intervention in 1761
lieu of conviction in this state or treatment or intervention in 1762
lieu of conviction in another jurisdiction for any of the 1763
following criminal offenses in this state or a substantially 1764
equivalent criminal offense in another jurisdiction: aggravated 1765
murder, murder, voluntary manslaughter, felonious assault, 1766
kidnapping, rape, sexual battery, gross sexual imposition, 1767
aggravated arson, aggravated robbery, or aggravated burglary. 1768
Continued practice after suspension shall be considered 1769
practicing without a license or permit. 1770

actions taken by the board under division (A) of this section 2955
shall be taken pursuant to an adjudication under Chapter 119. of 2956
the Revised Code, except that in lieu of an adjudication, the 2957
board may enter into a consent agreement with an individual to 2958
resolve an allegation of a violation of this chapter or any rule 2959
adopted under it. A consent agreement, when ratified by an 2960
affirmative vote of not fewer than six members of the board, 2961
shall constitute the findings and order of the board with 2962
respect to the matter addressed in the agreement. If the board 2963
refuses to ratify a consent agreement, the admissions and 2964
findings contained in the consent agreement shall be of no 2965
effect. 2966

A telephone conference call may be utilized for 2967

~~If the board votes to suspend a license or limited permit under this division, the board shall issue a written order of summary suspension to the license or limited permit holder in accordance with section 119.07 of the Revised Code. Chapter 119. of the Revised Code. Notwithstanding section 119.12- 3007
of the Revised Code, a court of common pleas shall not grant a 3008
suspension of the board's order of summary suspension pending 3009
determination of an appeal filed under that section. 3010~~

~~Any order of summary suspension issued under this division 3011
shall remain in effect until a final adjudication order issued 3012
by the board pursuant to division (A) of this section becomes 3013
effective. The board shall issue its final adjudication order 3014
regarding an order of summary suspension issued under this 3015
division not later than sixty days after completion of its 3016
hearing. Failure to issue the order within sixty days shall 3017
result in immediate dissolution of the suspension order, but 3018
shall not invalidate any subsequent, final adjudication order 3019
Any action taken by the board under division (A) of this section 3020
resulting in a suspension from practice shall be accompanied by 3021
a written statement of the conditions under which the 3022
individual's license or permit may be reinstated. The board 3023
shall adopt rules governing conditions to be imposed for 3024
reinstatement. Reinstatement of a license or permit suspended 3025
pursuant to division (A) of this section requires an affirmative 3026
vote of not fewer than six members of the board. 3027~~

~~(C) When the board refuses to grant or issue a license or 3028
permit to an applicant, revokes an individual's license or 3029
permit, refuses to renew an individual's license or permit, or 3030
refuses to reinstate an individual's license or permit, the 3031
board may specify that its action is permanent. An individual 3032
subject to a permanent action taken by the board is forever 3033
thereafter ineligible to hold a license or permit and the board 3034
shall not accept an application for reinstatement of the license 3035
or permit or for issuance of a new license or permit. 3036~~

(D) If the board is required by Chapter 119. of the 3037
Revised Code to give notice of an opportunity for a hearing and 3038
if the individual subject to the notice does not timely request 3039
a hearing in accordance with section 119.07 of the Revised Code, 3040
the board is not required to hold a hearing, but may adopt, by 3041
an affirmative vote of not fewer than six of its members, a 3042
final order that contains the board's findings. In the final 3043
order, the board may order any of the sanctions identified under 3044
division (A) of this section. 3045

(E) In enforcing division (A) (14) of this section, the 3046
board, upon a showing of a possible violation, may compel any 3047
individual authorized to practice by this chapter or who has 3048
submitted an application pursuant to this chapter to submit to a 3049
mental examination, physical examination, including an HIV test, 3050
or both a mental and a physical examination. The expense of the 3051
examination is the responsibility of the individual compelled to 3052
be examined. Failure to submit to a mental or physical 3053
examination or consent to an HIV test ordered by the board 3054
constitutes an admission of the allegations against the 3055
individual unless the failure is due to circumstances beyond the 3056
individual's control, and a default and final order may be 3057
entered without the taking of testimony or presentation of 3058
evidence. If the board finds an individual unable to practice 3059
because of the reasons set forth in division (A) (14) of this 3060
section, the board shall require the individual to submit to 3061
care, counseling, or treatment by physicians approved or 3062
designated by the board, as a condition for initial, continued, 3063
reinstated, or renewed authority to practice. An individual 3064
affected under this division shall be afforded an opportunity to 3065
demonstrate to the board the ability to resume practice in 3066
compliance with acceptable and prevailing standards under the 3067

provisions of the individual's license or permit. For the 3068
purpose of division (A) (14) of this section, any individual who 3069
applies for or receives a license or permit to practice under 3070
this chapter accepts the privilege of practicing in this state 3071
and, by so doing, shall be deemed to have given consent to 3072
submit to a mental or physical examination when directed to do 3073
so in writing by the board, and to have waived all objections to 3074
the admissibility of testimony or examination reports that 3075
constitute a privileged communication. 3076

(F) For the purposes of division (A) (18) of this section, 3077
any individual authorized to practice by this chapter accepts 3078
the privilege of practicing in this state subject to supervision 3079
by the board. By filing an application for or holding a license 3080
or permit under this chapter, an individual shall be deemed to 3081
have given consent to submit to a mental or physical examination 3082
when ordered to do so by the board in writing, and to have 3083
waived all objections to the admissibility of testimony or 3084
examination reports that constitute privileged communications. 3085

If it has reason to believe that any individual authorized 3086
to practice by this chapter or any applicant for a license or 3087
permit suffers such impairment, the board may compel the 3088
individual to submit to a mental or physical examination, or 3089
both. The expense of the examination is the responsibility of 3090
the individual compelled to be examined. Any mental or physical 3091
examination required under this division shall be undertaken by 3092
a treatment provider or physician who is qualified to conduct 3093
the examination and who is chosen by the board. 3094

Failure to submit to a mental or physical examination 3095
ordered by the board constitutes an admission of the allegations 3096
against the individual unless the failure is due to 3097

circumstances beyond the individual's control, and a default and 3098
final order may be entered without the taking of testimony or 3099
presentation of evidence. If the board determines that the 3100
individual's ability to practice is impaired, the board shall 3101
suspend the individual's license or permit or deny the 3102
individual's application and shall require the individual, as a 3103
condition for an initial, continued, reinstated, or renewed 3104
license or permit, to submit to treatment. 3105

Before being eligible to apply for reinstatement of a 3106
license or permit suspended under this division, the impaired 3107
practitioner shall demonstrate to the board the ability to 3108
resume practice in compliance with acceptable and prevailing 3109
standards of care under the provisions of the practitioner's 3110
license or permit. The demonstration shall include, but shall 3111
not be limited to, the following: 3112

(1) Certification from a treatment provider approved under 3113
section 4731.25 of the Revised Code that the individual has 3114
successfully completed any required inpatient treatment; 3115

(2) Evidence of continuing full compliance with an 3116
aftercare contract or consent agreement; 3117

(3) Two written reports indicating that the individual's 3118
ability to practice has been assessed and that the individual 3119
has been found capable of practicing according to acceptable and 3120
prevailing standards of care. The reports shall be made by 3121
individuals or providers approved by the board for making the 3122
assessments and shall describe the basis for their 3123
determination. 3124

The board may reinstate a license or permit suspended 3125
under this division after that demonstration and after the 3126

individual has entered into a written consent agreement. 3127

When the impaired practitioner resumes practice, the board 3128
shall require continued monitoring of the individual. The 3129
monitoring shall include, but not be limited to, compliance with 3130
the written consent agreement entered into before reinstatement 3131
or with conditions imposed by board order after a hearing, and, 3132
upon termination of the consent agreement, submission to the 3133
board for at least two years of annual written progress reports 3134
made under penalty of perjury stating whether the individual has 3135
maintained sobriety. 3136

(G) If the secretary and supervising member determine both 3137
of the following, they may recommend that the board suspend an 3138
individual's license or permit without a prior hearing: 3139

(1) That there is clear and convincing evidence that an 3140
individual has violated division (A) of this section; 3141

(2) That the individual's continued practice presents a 3142
danger of immediate and serious harm to the public. 3143

Written allegations shall be prepared for consideration by 3144
the board. The board, upon review of those allegations and by an 3145
affirmative vote of not fewer than six of its members, excluding 3146
the secretary and supervising member, may suspend a license or 3147
permit without a prior hearing. A telephone conference call may 3148
be utilized for reviewing the allegations and taking the vote on 3149
the summary suspension. 3150

The board shall issue a written order of suspension by 3151
certified mail or in person in accordance with section 119.07 of 3152
the Revised Code. The order shall not be subject to suspension 3153
by the court during pendency of any appeal filed under section 3154
119.12 of the Revised Code. If the individual subject to the 3155

summary suspension requests an adjudicatory hearing by the 3156
board, the date set for the hearing shall be within fifteen 3157
days, but not earlier than seven days, after the individual 3158
requests the hearing, unless otherwise agreed to by both the 3159
board and the individual. 3160

Any summary suspension imposed under this division shall 3161
remain in effect, unless reversed on appeal, until a final 3162
adjudicative order issued by the board pursuant to this section 3163
and Chapter 119. of the Revised Code becomes effective. The 3164
board shall issue its final adjudicative order within seventy- 3165
five days after completion of its hearing. A failure to issue 3166
the order within seventy-five days shall result in dissolution 3167
of the summary suspension order but shall not invalidate any 3168
subsequent, final adjudicative order. 3169

~~(D) For purposes of this division, any individual who~~ 3170

(H) For purposes of divisions (A) (2), (4), and (6) of this 3230
section, the commission of the act may be established by a 3231
finding by the board, pursuant to an adjudication under Chapter 3232
119. of the Revised Code, that the individual committed the act. 3233
The board does not have jurisdiction under those divisions if 3234
the trial court renders a final judgment in the individual's 3235
favor and that judgment is based upon an adjudication on the 3236
merits. The board has jurisdiction under those divisions if the 3237
trial court issues an order of dismissal upon technical or 3238
procedural grounds. 3239

(I) The sealing of conviction records by any court shall 3240
have no effect upon a prior board order entered under this 3241
section or upon the board's jurisdiction to take action under 3242
this section if, based upon a plea of guilty, a judicial finding 3243
of guilt, or a judicial finding of eligibility for intervention 3244

in lieu of conviction, the board issued a notice of opportunity 3245
for a hearing prior to the court's order to seal the records. 3246
The board shall not be required to seal, destroy, redact, or 3247
otherwise modify its records to reflect the court's sealing of 3248
conviction records. 3249

(J) If the board takes action under division (A) (1), (3), 3250
or (5) of this section, and the judicial finding of guilt, 3251
guilty plea, or judicial finding of eligibility for intervention 3252
in lieu of conviction is overturned on appeal, upon exhaustion 3253
of the criminal appeal, a petition for reconsideration of the 3254
order may be filed with the board along with appropriate court 3255
documents. Upon receipt of a petition for reconsideration and 3256
supporting court documents, the board shall reinstate the 3257
individual's license or permit. The board may then hold an 3258
adjudication under Chapter 119. of the Revised Code to determine 3259
whether the individual committed the act in question. Notice of 3260
an opportunity for a hearing shall be given in accordance with 3261
Chapter 119. of the Revised Code. If the board finds, pursuant 3262
to an adjudication held under this division, that the individual 3263
committed the act or if no hearing is requested, the board may 3264
order any of the sanctions identified under division (A) of this 3265
section. 3266

(K) The license or permit issued to an individual under 3267
this chapter and the individual's practice in this state are 3268
automatically suspended as of the date the individual pleads 3269
guilty to, is found by a judge or jury to be guilty of, or is 3270
subject to a judicial finding of eligibility for intervention in 3271
lieu of conviction in this state or treatment or intervention in 3272
lieu of conviction in another jurisdiction for any of the 3273
following criminal offenses in this state or a substantially 3274
equivalent criminal offense in another jurisdiction: aggravated 3275

murder, murder, voluntary manslaughter, felonious assault, 3276
kidnapping, rape, sexual battery, gross sexual imposition, 3277
aggravated arson, aggravated robbery, or aggravated burglary. 3278
Continued practice after suspension shall be considered 3279
practicing without a license or permit. 3280

The board shall notify the individual subject to the 3281
suspension by certified mail or in person in accordance with 3282
section 119.07 of the Revised Code. If an individual whose 3283
license or permit is automatically suspended under this division 3284
fails to make a timely request for an adjudication under Chapter 3285
119. of the Revised Code, the board shall enter a final order 3286
permanently revoking the individual's license or permit. 3287

(L) Notwithstanding any other provision of the Revised 3288
Code, all of the following apply: 3289

(1) The surrender of a license or permit issued under this 3290
chapter shall not be effective unless or until accepted by the 3291
board. A telephone conference call may be utilized for 3292
acceptance of the surrender of an individual's license or 3293
permit. The telephone conference call shall be considered a 3294
special meeting under division (F) of section 121.22 of the 3295
Revised Code. Reinstatement of a license or permit surrendered 3296
to the board requires an affirmative vote of not fewer than six 3297
members of the board. 3298

(2) An application for a license or permit made under the 3299
provisions of this chapter may not be withdrawn without approval 3300
of the board. 3301

(3) Failure by an individual to renew a license or permit 3302
in accordance with this chapter shall not remove or limit the 3303
board's jurisdiction to take any disciplinary action under this 3304

section against the individual. 3305

(4) At the request of the board, a license or permit holder shall immediately surrender to the board a license or permit that the board has suspended, revoked, or permanently revoked. 3306

Sec. 4761.091. (A) (1) If the holder of a license or limited permit issued under this chapter violates any section of this chapter, other than continuing education requirements set forth in section 4761.06 of the Revised Code, or violates any rule adopted under this chapter, the state medical board may, pursuant to an adjudication under Chapter 119. of the Revised Code and an affirmative vote of not fewer than six of its members, impose a civil penalty. The amount of the civil penalty shall be determined by the board in accordance with the guidelines adopted under division (A) (2) of this section. The civil penalty may be in addition to any other action the board may take under section 4761.09 of the Revised Code. 3310

(2) The board shall adopt and may amend guidelines regarding the amounts of civil penalties to be imposed under this section. 3325
3326
3327

(B) Amounts received from payment of civil penalties imposed under this section shall be deposited by the board in accordance with section 4731.24 of the Revised Code. Amounts received from payment of civil penalties imposed for violations of division (A) (18) of section 4761.09 of the Revised Code shall be used by the board solely for investigations, enforcement, and compliance monitoring. 3328

Sec. 4761.10. (A) No person shall offer or render 3335
respiratory care services, or represent that the person is a 3336
respiratory care professional, respiratory therapist, 3337
respiratory technologist, respiratory care technician, 3338
respiratory practitioner, inhalation therapist, inhalation 3339
technologist, or inhalation therapy technician, or to have any 3340
similar title or to provide these services under a similar 3341
description, unless the person holds a license or limited permit 3342
issued under this chapter. No partnership, association, or 3343
corporation shall advertise or otherwise offer to provide or 3344
convey the impression that it is providing respiratory care 3345
unless an individual holding a license or limited permit issued 3346
under this chapter is employed by or under contract with the 3347
partnership, association, or corporation and will be performing 3348
the respiratory care services to which reference is made. 3349

(B) Notwithstanding the provisions of division (A) of this 3350
section, all of the following apply: 3351

(1) In the case of a hospital or nursing facility, some 3352
limited aspects of respiratory care services such as measuring 3353
blood pressure and taking blood samples may be performed by 3354
persons demonstrating current competence in such procedures, as 3355
long as the person acts under the direction of a physician or 3356
the delegation of a registered nurse and the person does not 3357
represent that the person is engaged in the practice of 3358
respiratory care. The above limited aspects of respiratory care 3359
do not include any of the following: the administration of 3360
aerosol medication, the maintenance of patients on mechanical 3361
ventilators, aspiration, and the application and maintenance of 3362
artificial airways. 3363

(2) In the case of a facility, institution, or other 3364

setting that exists for a purpose substantially other than the 3365
provision of health care, if nursing tasks are delegated by a 3366
registered nurse as provided in Chapter 4723. of the Revised 3367
Code and the rules adopted under it, respiratory care tasks may 3368
be performed under that delegation by persons demonstrating 3369
current competence in performing the tasks, as long as the 3370
person does not represent that the person is engaged in the 3371
practice of respiratory care. 3372

(3) A polysomnographic technologist credentialed by an 3373
organization the state medical board recognizes, a trainee under 3374
the direct supervision of a polysomnographic technologist 3375
credentialed by an organization the board recognizes, or a 3376
person the board recognizes as being eligible to be credentialed 3377
as a polysomnographic technologist may perform the respiratory 3378
care tasks specified in rules adopted under section 4761.03 of 3379
the Revised Code, as long as both of the following apply: 3380

(a) The tasks are performed in the diagnosis and 3381
therapeutic intervention of sleep-related breathing disorders 3382
and under the general supervision of a physician. 3383

(b) The person performing the tasks does not represent 3384
that the person is engaged in the practice of respiratory care. 3385

~~(C) If the state medical board finds that any person, 3386
including any partnership, association, or corporation, has 3387
engaged or is engaging in any activity or conduct that is 3388
prohibited under division (A) of this section or rules of the 3389
board, or that is grounds for the denial, suspension, or 3390
permanent revocation of a person's license under section 4761.09 3391
of the Revised Code, it may apply to the court of common pleas 3392
in the county in which the violation occurred for an order 3393
restraining the unlawful activity or conduct, including the 3394~~

~~continued practice of respiratory care. Upon a showing that the~~ 3395
~~law or rule has been violated, or the person has engaged in~~ 3396
~~conduct constituting such grounds, the court may issue an~~ 3397
~~injunction or other appropriate restraining order.~~ The attorney 3398
general, the prosecuting attorney of any county in which the 3399
offense was committed or the offender resides, the state medical 3400
board, or any other person having knowledge of a person who 3401
either directly or by complicity is in violation of this 3402
section, may, in accordance with provisions of the Revised Code 3403
governing injunctions, maintain an action in the name of the 3404
state to enjoin any person from engaging either directly or by 3405
complicity in the unlawful activity by applying for an 3406
injunction in the Franklin county court of common pleas or any 3407
other court of competent jurisdiction. 3408

Prior to application for such injunction, the secretary of 3409
the state medical board shall notify the person allegedly 3410
engaged either directly or by complicity in the unlawful 3411
activity by registered mail that the secretary has received 3412
information indicating that this person is so engaged. The 3413
person shall answer the secretary within thirty days showing 3414
that the person is either properly licensed for the stated 3415
activity or that the person is not in violation of this chapter. 3416
If the answer is not forthcoming within thirty days after notice 3417
by the secretary, the secretary shall request that the attorney 3418
general, the prosecuting attorney of the county in which the 3419
offense was committed or the offender resides, or the state 3420
medical board proceed as authorized in this section. 3421

Upon the filing of a verified petition in court, the court 3422
shall conduct a hearing on the petition and shall give the same 3423
preference to this proceeding as is given all proceedings under 3424
Chapter 119. of the Revised Code, irrespective of the position 3425

of the proceeding on the calendar of the court. Injunction 3426
proceedings shall be in addition to, and not in lieu of, all 3427
penalties and other remedies provided under this chapter. 3428

Sec. 4761.11. (A) Nothing in this chapter shall be 3429
construed to prevent or restrict the practice, services, or 3430
activities of any person who: 3431

(1) Is a health care professional licensed by this state 3432

practice established by the license held, as long as the person 3434
does not represent that the person is engaged in the practice of 3435
respiratory care; 3436

certificate of completion in respiratory care and is performing 3443
duties that are part of a supervised course of study; 3444

~~(4) Is a nonresident of this state practicing or offering~~ 3445
~~to practice respiratory care, if the respiratory care services~~ 3446
~~are offered for not more than thirty days in a year, services~~ 3447
~~are provided under the supervision of a respiratory care~~ 3448
~~professional licensed under this chapter, and the nonresident~~ 3449
~~registers with the board in accordance with rules adopted by the~~ 3450
~~board under section 4761.03 of the Revised Code and meets either~~ 3451
~~of the following requirements:~~ 3452

~~(a) Qualifies for licensure under this chapter, except for~~ 3453
~~passage of the examination required under division (A) (3) of~~ 3454

~~section 4761.04 of the Revised Code;~~ 3455

~~(b) Holds a valid license issued by a state that has licensure requirements considered by the board to be comparable to those of this state and has not been issued a license in another state that has been revoked or is currently under suspension or on probation.~~ 3456

3475
3476
3477
3478

~~(11) (7) Is employed as a certified hyperbaric technologist, has filed with the board a copy of the person's current certification as a hyperbaric technologist in accordance with the rules adopted by the board under section 4761.03 of the~~ 3479

~~Revised Code, has paid the fee established pursuant to section~~ 3483
~~4761.07 of the Revised Code,~~ and administers hyperbaric oxygen 3484
therapy under the direct supervision of a physician, a 3485

Revised Code, a physician assistant, or an advanced practice 3487
registered nurse and without representing that the person is 3488
engaged in the practice of respiratory care. 3489

As used in division (A) (7) of this section: 3490

(a) "Certified hyperbaric technologist" means a person who 3491
is certified as a hyperbaric technologist by the national board 3492
of diving and hyperbaric medical technology or its successor 3493
organization. 3494

(b) "Hyperbaric oxygen therapy" means the administration 3495
of pure oxygen in a pressurized room or chamber, except that it 3496
does not include ventilator management. 3497

(B) Nothing in this chapter shall be construed to prevent 3498
any person from advertising, describing, or offering to provide 3499
respiratory care or billing for respiratory care when the 3500
respiratory care services are provided by a health care 3501
professional licensed by this state practicing within the scope 3502
of practice established by the license held. Nothing in this 3503
chapter shall be construed to prevent a hospital or nursing 3504
facility from advertising, describing, or offering to provide 3505
respiratory care, or billing for respiratory care rendered by a 3506
person licensed under this chapter or persons who may provide 3507
limited aspects of respiratory care or respiratory care tasks 3508
pursuant to division (B) of section 4761.10 of the Revised Code. 3509

(C) Notwithstanding division (A) of section 4761.10 of the 3510
Revised Code, in a life-threatening situation, in the absence of 3511

licensed personnel, unlicensed persons shall not be prohibited 3512
from taking life-saving measures. 3513

(D) Nothing in this chapter shall be construed as 3514
authorizing a respiratory care professional to practice medicine 3515
and surgery or osteopathic medicine and surgery. This division 3516
does not prohibit a respiratory care professional from 3517
administering topical or intradermal medications for the purpose 3518
of producing localized decreased sensation as part of a 3519
procedure or task that is within the scope of practice of a 3520
respiratory care professional. 3521

Sec. 4761.14. An employer that disciplines or terminates 3522
the employment of a respiratory care professional or individual 3523
holding a limited permit issued under this chapter because of 3524
conduct that would be grounds for disciplinary action under 3525
section 4761.09 of the Revised Code shall, not later than sixty 3526
days after the discipline or termination, report the action to 3527
the state medical board. The report shall state the name of the 3528
respiratory care professional or individual holding the limited 3529
permit and the reason the employer took the action. If an 3530
employer fails to report to the board, the board may seek an 3531
order from a the Franklin county court of common pleas, or any 3532
other court of competent jurisdiction, compelling submission of 3533
the report. 3534

Sec. 4761.19. A respiratory care professional, 3535
professional association or society of respiratory care 3536
professionals, physician, or professional association or society 3537
of physicians that believes a violation of division (A) (18) of 3538
section 4761.09 of the Revised Code has occurred shall report 3539

person by reason of actions taken to refer a respiratory care 3563
professional to a treatment provider approved under section 3564

Sec. 4762.14. (A) The state medical board shall 3566
investigate evidence that appears to show that any person has 3567
violated this chapter or the rules adopted under it. Any person 3568
may report to the board in a signed writing any information the 3569
person has that appears to show a violation of any provision of 3570
this chapter or the rules adopted under it. In the absence of 3571

bad faith, a person who reports such information or testifies 3572
before the board in an adjudication conducted under Chapter 119. 3573
of the Revised Code shall not be liable for civil damages as a 3574
result of reporting the information or providing testimony. Each 3575
complaint or allegation of a violation received by the board 3576
shall be assigned a case number and be recorded by the board. 3577

(B) Investigations of alleged violations of this chapter 3578
or rules adopted under it shall be supervised by the supervising 3579
member elected by the board in accordance with section 4731.02 3580
of the Revised Code and by the secretary as provided in section 3581
4762.17 of the Revised Code. The board's president may designate 3582
another member of the board to supervise the investigation in 3583
place of the supervising member. A member of the board who 3584
supervises the investigation of a case shall not participate in 3585
further adjudication of the case. 3586

(C) In investigating a possible violation of this chapter 3587
or the rules adopted under it, the board may administer oaths, 3588
order the taking of depositions, issue subpoenas, and compel the 3589
attendance of witnesses and production of books, accounts, 3590
papers, records, documents, and testimony, except that a 3591
subpoena for patient record information shall not be issued 3592
without consultation with the attorney general's office and 3593
approval of the secretary and supervising member of the board. 3594
Before issuance of a subpoena for patient record information, 3595
the secretary and supervising member shall determine whether 3596
there is probable cause to believe that the complaint filed 3597
alleges a violation of this chapter or the rules adopted under 3598
it and that the records sought are relevant to the alleged 3599
violation and material to the investigation. The subpoena may 3600
apply only to records that cover a reasonable period of time 3601
surrounding the alleged violation. 3602

On failure to comply with any subpoena issued by the board 3603
and after reasonable notice to the person being subpoenaed, the 3604
board may move for an order compelling the production of persons 3605
or records pursuant to the Rules of Civil Procedure. 3606

A subpoena issued by the board may be served by a sheriff, 3607
the sheriff's deputy, or a board employee designated by the 3608
board. Service of a subpoena issued by the board may be made by 3609
delivering a copy of the subpoena to the person named therein, 3610
reading it to the person, or leaving it at the person's usual 3611
place of residence. When the person being served is an oriental 3612
medicine practitioner or acupuncturist, service of the subpoena 3613
may be made by certified mail, restricted delivery, return 3614
receipt requested, and the subpoena shall be deemed served on 3615
the date delivery is made or the date the person refuses to 3616
accept delivery. 3617

A sheriff's deputy who serves a subpoena shall receive the 3618
same fees as a sheriff. Each witness who appears before the 3619
board in obedience to a subpoena shall receive the fees and 3620
mileage provided for under section 119.094 of the Revised Code. 3621

considered civil actions for the purposes of section 2305.252 of 3623
the Revised Code. 3624

(E) Information received by the board pursuant to an 3625
investigation is confidential and not subject to discovery in 3626

in a manner that protects the confidentiality of patients and 3629
persons who file complaints with the board. The board shall not 3630
make public the names or any other identifying information about 3631

patients or complainants unless proper consent is given. 3632

The board may share any information it receives pursuant 3633
to an investigation, including patient records and patient 3634
record information, with law enforcement agencies, other 3635
licensing boards, and other governmental agencies that are 3636
prosecuting, adjudicating, or investigating alleged violations 3637
of statutes or administrative rules. An agency or board that 3638
receives the information shall comply with the same requirements 3639
regarding confidentiality as those with which the state medical 3640
board must comply, notwithstanding any conflicting provision of 3641
the Revised Code or procedure of the agency or board that 3642
applies when it is dealing with other information in its 3643
possession. In a judicial proceeding, the information may be 3644
admitted into evidence only in accordance with the Rules of 3645
Evidence, but the court shall require that appropriate measures 3646
are taken to ensure that confidentiality is maintained with 3647
respect to any part of the information that contains names or 3648
other identifying information about patients or complainants 3649
whose confidentiality was protected by the state medical board 3650
when the information was in the board's possession. Measures to 3651
ensure confidentiality that may be taken by the court include 3652
sealing its records or deleting specific information from its 3653
records. 3654

(F) The state medical board shall develop requirements for 3655
and provide appropriate initial training and continuing 3656
education for investigators employed by the board to carry out 3657
its duties under this chapter. The training and continuing 3658
education may include enrollment in courses operated or approved 3659
by the Ohio peace officer training ~~council~~ commission that the 3660
board considers appropriate under conditions set forth in 3661
section 109.79 of the Revised Code. 3662

(G) On a quarterly basis, the board shall prepare a report 3663

be provided certified copies of the patient records that were 3689
the basis for the facility's action. Prior to release to the 3690
board, the summary shall be approved by the peer review 3691

committee that reviewed the case or by the governing board of 3692
the facility. 3693

The filing of a report with the board or decision not to 3694
file a report, investigation by the board, or any disciplinary 3695
action taken by the board, does not preclude a health care 3696
facility from taking disciplinary action against an oriental 3697
medicine practitioner or acupuncturist. 3698

In the absence of fraud or bad faith, no individual or 3699
entity that provides patient records to the board shall be 3700

forms prescribed and provided by the board, the name of the 3760

taken. 3763

The filing of a report with the board or decision not to 3764
