<u>Article VI. Rules</u>	212
<u>1. The commission shall adopt rules to effectively and</u>	213
<u>efficiently achieve the purposes of this compact.</u>	214
<u>2. The commission shall also adopt rules establishing the</u>	215
<u>criteria for defining and classifying the diseases for which</u>	216
<u>prizes shall be awarded. The commission may consult the most</u>	217
<u>recent edition of the international classification of disease as</u>	218
<u>published by the world health organization or other definitions</u>	219
<u>agreed to by a two-thirds vote of the commission.</u>	220
<u>3. The commission shall also adopt rules regarding prizes</u>	221
<u>for curing diseases that establish the following:</u>	222
<u>a. At least ten major diseases for which to create prizes,</u>	223
<u>which shall be determined based on the following factors:</u>	224
<u>i. The severity of the disease to a human individual's</u>	225
<u>overall health and well-being;</u>	226
<u>ii. The survival rate or severity of impact of the</u>	227
<u>disease;</u>	228
<u>iii. The public health expenses and treatment expenses for</u>	229
<u>the disease.</u>	230
<u>b. The criteria a treatment or therapeutic protocol must</u>	231
<u>meet in order to be considered a cure for any of the diseases</u>	232
<u>for which a prize may be awarded, which shall include the</u>	233
<u>following requirements:</u>	234
<u>i. It must yield a ninety-five per cent survival rate</u>	235
<u>through at least five years after the treatment or protocol has</u>	236
<u>ended;</u>	237
<u>ii. It requires not more than one year of the treatment or</u>	238

<u>protocol.</u>	239
<u>c. The procedure for determining the diseases for which to</u>	240
<u>award prizes, which includes the option to award prizes for more</u>	241
<u>than ten diseases that meet the above criteria, if agreed to by</u>	242
<u>two-thirds vote of the commission, and a requirement to update</u>	243
<u>the list every three years.</u>	244
<u>d. The submission and evaluation procedures and</u>	245
<u>guidelines, including filing and review procedures, and</u>	246
<u>limitations preventing public access to treatment or protocol</u>	247
<u>submissions.</u>	248
<u>e. The estimated five-year public health expenses for each</u>	249
<u>disease in each compacting state and a procedure to update these</u>	250
<u>expenses every three years in conjunction with the requirements</u>	251
<u>in section 3.c. of this article. The estimated five-year public</u>	252
<u>health expenses amount shall be calculated, estimated, and</u>	253
<u>publicized every three years by actuaries employed or contracted</u>	254
<u>by the commission.</u>	255
<u>f. The prize amount with respect to cures for each</u>	256
<u>disease, which shall be equal to the most recent estimated total</u>	257
<u>five-year savings in public health expenses for the disease as</u>	258
<u>calculated in section 3.e. of this article in all of the</u>	259
<u>compacting states; amounts donated by charities, individuals,</u>	260
<u>and any other entities intended for the prize under Article I of</u>	261
<u>the compact; and any other factors that the commission deems</u>	262
<u>appropriate.</u>	263
<u>g. The prize distribution procedures and guidelines, which</u>	264
<u>shall include the following requirements:</u>	265
<u>i. Upon acceptance of a cure, the prize winner shall</u>	266
<u>transfer to the commission the patent and all related</u>	267

intellectual property for the treatment or therapeutic protocol 268  
in exchange for the prize, except in the case that the prize 269  
money is considered by the commission to be too low, and that a 270  
prize will be awarded only to the first person or entity that 271  
submits a successful cure for a disease for which a prize may be 272  
awarded. 273

ii. Donation amounts intended for the prize shall be kept 274  
in a separate, interest-bearing account maintained by the 275  
commission. This account shall be the only account in which 276  
prize money is kept. 277

iii. Each compacting state shall have the responsibility 278  
to pay annually the compacting state's actual one-year savings 279  
in public health expenses for the particular disease for which a 280  
cure has been accepted. The compacting state shall make such an 281  
annual payment until it has fulfilled its prize responsibility 282  
as established in section 3.f. of this article. Each compacting 283  
state's payment responsibility begins one year after the date 284  
the cure becomes widely available. The commission shall employ 285  
or contract with actuaries to calculate each state's actual one- 286  
year savings in public health expenses at the end of each year 287  
to determine each state's responsibility for the succeeding 288  
year. 289

iv. Compacting states may meet prize responsibilities by 290  
any method including the issuance of bonds or other obligations, 291  
with the principal and interest of those bonds or obligations to 292  
be repaid only from revenue derived from estimated public health 293  
expense savings from a cure to a disease. If the compacting 294  
state does not make such revenue available to repay some or all 295  
of the revenue bonds or obligations issued, the owners or 296  
holders of those bonds or obligations have no right to have 297

excises or taxes levied to pay the principal or interest on 298  
them. The revenue bonds and obligations are not a debt of the 299  
issuing compacting state. 300

v. A compacting state may issue bonds or other debt that 301  
are general obligations, under which the full faith and credit, 302  
revenue, and taxing power of the state is pledged to pay the 303  
principal and interest under those obligations, only if 304  
authorized by the compacting state's constitution or, if 305  
constitutional authorization is not required, by other law of 306  
the compacting state. 307

vi. Upon acceptance of a cure, the commission shall obtain 308  
a loan from a financial institution in an amount equal to the 309  
most recently calculated total estimated five-year public health 310  
expenses for the disease in all compacting states, in accordance 311  
with section 3.f. of this article. The commission reserves the 312  
right to continuously evaluate the cure in the interim and 313  
rescind a prize offer if the commission finds that the cure no 314  
longer meets the commission's criteria. 315

4. The commission also shall adopt rules that do the 316  
following: 317

a. Establish the following regarding commission records: 318

i. Conditions and procedures for public inspection and 319  
copying of its information and official records, except such 320  
information and records involving the privacy of individuals or 321  
would otherwise violate privacy laws under federal law and the 322  
laws of the compacting states; 323

ii. Procedures for sharing with federal and state 324  
agencies, including law enforcement agencies, records and 325  
information otherwise exempt from disclosure; 326

<u>iii. Guidelines for entering into agreements with federal</u>	327
<u>and state agencies to receive or exchange information or records</u>	328
<u>subject to nondisclosure and confidentiality provisions.</u>	329
<u>b. Provide a process for commission review of submitted</u>	330
<u>treatments and therapeutic protocols for curing diseases that</u>	331
<u>includes the following:</u>	332
<u>i. An opportunity for an appeal, not later than thirty</u>	333
<u>days after a rejection of a treatment or protocol for prize</u>	334
<u>consideration, to a review panel established under the</u>	335
<u>commission's dispute resolution process;</u>	336
<u>ii. Commission monitoring and review of treatment and</u>	337
<u>protocol effectiveness consistent with the cure criteria</u>	338
<u>established by the commission for the particular disease;</u>	339
<u>iii. Commission reconsideration, modification, or</u>	340
<u>withdrawal of approval of a treatment or protocol for prize</u>	341
<u>consideration for failure to continue to meet the cure criteria</u>	342
<u>established by the commission for the particular disease.</u>	343
<u>c. Establish a dispute resolution process to resolve</u>	344
<u>disputes or other issues under the compact that may arise</u>	345
<u>between two or more compacting states or between the commission</u>	346
<u>and individuals or entities who submit treatments and</u>	347
<u>therapeutic protocols to cure diseases, which process shall</u>	348
<u>provide for:</u>	349
<u>i. Administrative review by a review panel appointed by</u>	350
<u>the commission;</u>	351
<u>ii. Judicial review of decisions issued after an</u>	352
<u>administrative review; and</u>	353
<u>iii. Qualifications to be appointed to a panel, due</u>	354

process requirements, including notice and hearing procedures, 355  
and any other procedure, requirement, or standard necessary to 356  
provide adequate dispute resolution. 357

d. Establish and impose annual member dues on compacting 358  
states, which shall be calculated based on the percentage of 359  
each compacting state's population in relation to the population 360  
of all the compacting states. 361

5. Recognizing that the goal of the compact is to pool the 362  
potential savings of as many states and countries as possible to 363  
generate sufficient financial incentive to develop a cure for 364  
many of the world's most devastating diseases, the compact will 365  
respect the laws of each of these United States by adopting 366  
rules that establish ethical standards for research that shall 367  
be followed in order for a prize to be claimed. The compact, in 368  
the rules, shall establish a common set of ethical standards 369  
that embodies the laws and restrictions in each of the states so 370  
that to be eligible for claiming a prize the entity submitting a 371  
cure must not have violated any of the ethical standards in any 372  
one of the fifty states, whether the states have joined the 373  
compact or not. The compact will publish these common ethical 374  
standards along with the specific criteria for a cure for each 375  
of the diseases the compact has targeted. 376

So long as a researcher follows the common ethical 377  
standards in effect at the time the research is done, an entity 378  
presenting a cure will be deemed to have followed the standards. 379  
On or before January 1 of each year, the compact shall review 380  
all state laws to determine if additional ethical standards have 381  
been enacted by any of the fifty states and the federal 382  
government. Any changes to the common ethical standards rules 383  
based on new state laws shall be adopted and published by the 384

compact, but shall not take effect in cure criteria for a period 385  
of three years to allow for sufficient notice to researchers. 386

6. All rules may be amended as the commission sees 387  
necessary. 388

7. All rules shall be adopted pursuant to a rule-making 389  
process that conforms to the model state administrative 390  
procedure act of 1981 by the uniform law commissioners, as 391  
amended, as may be appropriate to the operations of the 392  
commission. 393

8. In the event the commission exercises its rulemaking 394  
authority in a manner that is beyond the scope of the purpose of 395  
this compact, or the powers granted hereunder, then such rule 396  
shall be invalid and have no force and effect. 397

Article VII. Committees 398

1. Management Committee 399

a. The commission may establish a management committee 400  
comprised of not more than fourteen members when twenty-six 401  
states enact the compact. 402

b. The committee shall consist of those members 403  
representing compacting states whose total public health 404  
expenses of all of the established diseases are the highest. 405

c. The committee shall have such authority and duties as 406  
may be set forth in the commission's bylaws and rules, 407  
including: 408

commission in a manner consistent with the commission's bylaws 410  
and rules and the purposes of the compact; 411

<u>ii. Overseeing the offices of the commission; and</u>	412
<u>iii. Planning, implementing, and coordinating</u>	413
<u>communications and activities with state, federal, and local</u>	414
<u>government organizations in order to advance the goals of the</u>	415
<u>compact.</u>	416

<u>committee, with each having such authority and duties as may be</u>	418
<u>specified in the commission's bylaws and rules.</u>	419
<u>e. The management committee, subject to commission</u>	420
<u>approval, may appoint or retain an executive director for such</u>	421
<u>period, upon such terms and conditions, and for such</u>	422
<u>compensation as the committee determines. The executive director</u>	423
<u>shall serve as secretary to the commission, but shall not be a</u>	424
<u>member of the commission. The executive director shall hire and</u>	425
<u>supervise such other staff as may be authorized by the</u>	426
<u>committee.</u>	427
<u>2. Advisory Committees</u>	428
<u>The commission may appoint advisory committees to monitor</u>	429
<u>all operations related to the purposes of the compact and make</u>	430
<u>recommendations to the commission; provided that the manner of</u>	431
<u>selection and term of any committee member shall be as set forth</u>	432
<u>in the commission's bylaws and rules. The commission shall</u>	433
<u>consult with an advisory committee, to the extent required by</u>	434
<u>the commission's bylaws or rules, before doing any of the</u>	435
<u>following:</u>	436
<u>a. Approving cure criteria;</u>	437
<u>b. Amending, enacting, or repealing any bylaw or rule;</u>	438
<u>c. Adopting the commission's annual budget;</u>	439

<u>d. Addressing any other significant matter or taking any</u>	440
<u>other significant action.</u>	441
<u>Article VIII. Finance</u>	442
<u>1. The commission annually shall establish a budget to pay</u>	443
<u>or provide for the payment of its reasonable expenses. To fund</u>	444
<u>the cost of initial operations, the commission may accept</u>	445
<u>contributions and other forms of funding from the compacting</u>	446
<u>states and other sources. Contributions and other forms of</u>	447
<u>funding from other sources shall be of such a nature that the</u>	448
<u>independence of the commission concerning the performance of its</u>	449
<u>duties shall not be compromised.</u>	450
<u>2. The commission shall be exempt from all taxation in and</u>	451
<u>by the compacting states.</u>	452
