(c) In the case of the writing component of an assessment or end-of-course examination in the area of English language arts, except for the third-grade English language arts assessment, the results may be sent after forty-five days of the administration of the writing component, but in no case shall the scores be returned later than the thirtieth day of June following the administration.

(3) For assessments administered under this section by a joint vocational school district, the department or entity shall also send to each city, local, or exempted village school district a list of the individual scores of any students of such city, local, or exempted village school district who are attending school in the joint vocational school district.

(4) A school district, other public school, or chartered nonpublic school may administer in a paper format any assessment administered under this section, and shall not be required to administer in an online format any such assessments. A district or school may administer such assessments in any combination of online and paper formats.

The department of education shall furnish, free of charge, all such

assessments regardless of the format selected by the district or school.

(H) Individual scores on any assessments administered under this section shall be released by a district board only in accordance with section 3319.321 of the Revised Code and the rules adopted under division (A) of this section. No district board or its employees shall utilize individual or aggregate results in any manner that conflicts with rules for the ethical use of assessments adopted pursuant to division (A) of this section.

(I) Except as provided in division (G) of this section, the department or an entity with which the department contracts for the scoring of the assessment shall not release any individual scores on any assessment administered under this section. The state board shall adopt rules to ensure the protection of student confidentiality at all times. The rules may require the use of the data verification codes assigned to students pursuant to division (D)(2) of section 3301.0714 of the Revised Code to protect the confidentiality of student scores.

(J) Notwithstanding division (D) of section 3311.52 of the Revised Code, this section does not apply to the board of education of any cooperative education school district except as provided under rules adopted pursuant to this division.

(1) In accordance with rules that the state board shall adopt, the board of education of any city, exempted village, or local school district with territory in a cooperative education school district established pursuant to divisions (A) to (C) of section 3311.52 of the Revised Code may enter into an agreement with the board of education of the cooperative education school district for administering any assessment prescribed under this section to students of the city, exempted village, or local school district who are attending school in the cooperative education school district.

(2) In accordance with rules that the state board shall adopt, the board of education of any city, exempted village, or local school district with territory in a cooperative education school district established pursuant to section 3311.521 of the Revised Code shall enter into an agreement with the cooperative district that provides for the administration of any assessment prescribed under this section to both of the following:

(a) Students who are attending school in the cooperative district and who, if the cooperative district were not established, would be entitled to attend school in the city, local, or exempted village school district pursuant to section 3313.64 or 3313.65 of the Revised Code;

(b) Persons described in division (B)(8)(b) of this section.

Any assessment of students pursuant to such an agreement shall be in lieu of any assessment of such students or persons pursuant to this section.

(K)(1) Except as otherwise provided in division (K)(1) or (2) of this section, each chartered nonpublic school for which at least sixty-five per cent of its total enrollment is made up of students who are participating in state scholarship programs shall administer the elementary assessments prescribed by section 3301.0710 of the Revised Code. In accordance with procedures and deadlines prescribed by the department, the parent or guardian of a student enrolled in the school who is not participating in a state scholarship program may submit notice to the chief administrative officer of the school that the parent or guardian does not wish to have the student take the elementary assessments prescribed for the student's grade level under division (A) of section 3301.0710 of the Revised Code. If a parent or guardian submits an opt-out notice, the school shall not administer the assessments to that student. This option does not apply to any assessment required for a high school diploma under section 3313.612 of the Revised Code.

(2) A chartered nonpublic school may submit to the superintendent of public instruction a request for a waiver from administering the elementary assessments prescribed by division (A) of section 3301.0710 of the Revised Code. The state superintendent shall approve or disapprove a request for a waiver submitted under division (K)(2) of this section. No waiver shall be approved for any school year prior to the 2015-2016 school year.

To be eligible to submit a request for a waiver, a chartered nonpublic school shall meet the following conditions:

(a) At least ninety-five per cent of the students enrolled in the school are children with disabilities, as defined under section 3323.01 of the Revised Code, or have received a diagnosis by a school district or from a physician, including a neuropsychiatrist or psychiatrist, or a psychologist who is authorized to practice in this or another state as having a condition that impairs academic performance, such as dyslexia, dyscalculia, attention deficit hyperactivity disorder, or Asperger's syndrome.

(b) The school has solely served a student population described in division (K)(1)(a) of this section for at least ten years.

(c) The school provides to the department at least five years of records of internal testing conducted by the school that affords the department data required for accountability purposes, including diagnostic assessments and nationally standardized norm-referenced achievement assessments that measure reading and math skills.

(3) Any chartered nonpublic school that is not subject to division (K)(1) of this section may participate in the assessment program by administering any of the assessments prescribed by division (A) of section 3301.0710 of

the Revised Code. The chief administrator of the school shall specify which assessments the school will administer. Such specification shall be made in writing to the superintendent of public instruction prior to the first day of August of any school year in which assessments are administered and shall include a pledge that the nonpublic school will administer the specified assessments in the same manner as public schools are required to do under this section and rules adopted by the department.

(4) The department of education shall furnish the assessments prescribed by section 3301.0710 of the Revised Code to each chartered nonpublic school that is subject to division (K)(1) of this section or participates under division (K)(3) of this section.

(L) If a chartered nonpublic school is educating students in grades nine through twelve, the following shall apply:

(1) ~~For~~ Except as provided in division (L)(4) of this section, for a student who is enrolled in a chartered nonpublic school that is accredited through the independent schools association of the central states and who is attending the school under a state scholarship program, the student shall either take all of the assessments prescribed by division (B) of section 3301.0712 of the Revised Code or take an alternative assessment approved by the department under section 3313.619 of the Revised Code. However, a student who is excused from taking an assessment under division (C) of this section or has presented evidence to the chartered nonpublic school of having satisfied the condition prescribed by division (A)(1) of section 3313.618 of the Revised Code to qualify for a high school diploma prior to the date of the administration of the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code shall not be required to take that assessment. No governing authority of a chartered nonpublic school shall prohibit a student who is not required to take such assessment from taking the assessment.

(2) ~~For~~ Except as provided in division (L)(4) of this section, for a student who is enrolled in a chartered nonpublic school that is accredited through the independent schools association of the central states, and who is not attending the school under a state scholarship program, the student shall not be required to take any assessment prescribed under section 3301.0712 or 3313.619 of the Revised Code.

(3)(a) Except as provided in ~~division~~ divisions (L)(3)(b) and (4) of this section, for a student who is enrolled in a chartered nonpublic school that is not accredited through the independent schools association of the central states, regardless of whether the student is attending or is not attending the school under a state scholarship program, the student shall do one of the

following:

(i) Take all of the assessments prescribed by division (B) of section 3301.0712 of the Revised Code;

(ii) Take only the assessment prescribed by division (B)(1) of section 3301.0712 of the Revised Code, provided that the student's school publishes the results of that assessment for each graduating class. The published results of that assessment shall include the overall composite scores, mean scores, twenty-fifth percentile scores, and seventy-fifth percentile scores for each subject area of the assessment.

(iii) Take an alternative assessment approved by the department under section 3313.619 of the Revised Code.

(b) A student who is excused from taking an assessment under division (C) of this section or has presented evidence to the chartered nonpublic school of having satisfied the condition prescribed by division (A)(1) of section 3313.618 of the Revised Code to qualify for a high school diploma prior to the date of the administration of the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code shall not be required to take that assessment. No governing authority of a chartered nonpublic school shall prohibit a student who is not required to take such assessment from taking the assessment.

(4) For a student who is enrolled in any chartered nonpublic school in which at least seventy-five per cent of the enrolled students are children with disabilities receiving special education and related services in accordance with Chapter 3323. of the Revised Code, the student shall not be required to take any assessment prescribed under section 3301.0712 or 3313.619 of the Revised Code, provided the student's school submits an alternate assessment plan to the department of education, receives approval from the department to implement the plan, and implements the plan.

Division (L)(4) of this section applies to any student attending such school regardless of whether the student receives special education and related services and regardless of whether the student is attending the school under a state scholarship program. The school shall make available to the department any applicable internal student data on testing that can be used for state accountability purposes.

(M)(1) The superintendent of the state school for the blind and the superintendent of the state school for the deaf shall administer the assessments described by sections 3301.0710 and 3301.0712 of the Revised Code. Each superintendent shall administer the assessments in the same manner as district boards are required to do under this section and rules adopted by the department of education and in conformity with division

(C)(1)(a) of this section.

(2) The department of education shall furnish the assessments described by sections 3301.0710 and 3301.0712 of the Revised Code to each superintendent.

(N) Notwithstanding division (E) of this section, a school district may use a student's failure to attain a score in at least the proficient range on the mathematics assessment described by division (A)(1)(a) of section 3301.0710 of the Revised Code or on an assessment described by division (A)(1)(b), (c), (d), (e), or (f) of section 3301.0710 of the Revised Code as a factor in retaining that student in the current grade level.

(O)(1) In the manner specified in divisions (O)(3), (4), ~~and (6), and (7)~~ of this section, the assessments required by division (A)(1) of section 3301.0710 of the Revised Code shall become public records pursuant to section 149.43 of the Revised Code on the thirty-first day of July following the school year that the assessments were administered.

(2) The department may field test proposed questions with samples of students to determine the validity, reliability, or appropriateness of questions for possible inclusion in a future year's assessment. The department also may use anchor questions on assessments to ensure that different versions of the same assessment are of comparable difficulty.

Field test questions and anchor questions shall not be considered in computing scores for individual students. Field test questions and anchor questions may be included as part of the administration of any assessment required by division (A)(1) or (B) of section 3301.0710 and division (B) of section 3301.0712 of the Revised Code.

(3) Any field test question or anchor question administered under division (O)(2) of this section shall not be a public record. Such field test questions and anchor questions shall be redacted from any assessments which are released as a public record pursuant to division (O)(1) of this section.

(4) This division applies to the assessments prescribed by division (A) of section 3301.0710 of the Revised Code.

(a) The first administration of each assessment, as specified in former section 3301.0712 of the Revised Code, shall be a public record.

(b) For subsequent administrations of each assessment prior to the 2011-2012 school year, not less than forty per cent of the questions on the assessment that are used to compute a student's score shall be a public record. The department shall determine which questions will be needed for reuse on a future assessment and those questions shall not be public records and shall be redacted from the assessment prior to its release as a public

record. However, for each redacted question, the department shall inform each city, local, and exempted village school district of the statewide academic standard adopted by the state board under section 3301.079 of the Revised Code and the corresponding benchmark to which the question relates. The preceding sentence does not apply to field test questions that are redacted under division (O)(3) of this section.

(c) The administrations of each assessment in the 2011-2012, 2012-2013, and 2013-2014 school years shall not be a public record.

(5) Each assessment prescribed by division (B)(1) of section 3301.0710 of the Revised Code shall not be a public record.

(6) ~~Beginning with the spring administration for~~ (a) Except as provided in division (O)(6)(b) of this section, for the administrations in the 2014-2015, 2015-2016, and 2016-2017 school year years, questions on the assessments prescribed under division (A) of section 3301.0710 and division (B)(2) of section 3301.0712 of the Revised Code and the corresponding preferred answers that are used to compute a student's score shall become a public record as follows:

~~(a)~~(i) Forty per cent of the questions and preferred answers on the assessments on the thirty-first day of July following the administration of the assessment;

~~(b)~~(ii) Twenty per cent of the questions and preferred answers on the assessment on the thirty-first day of July one year after the administration of the assessment;

~~(c)~~(iii) The remaining forty per cent of the questions and preferred answers on the assessment on the thirty-first day of July two years after the administration of the assessment.

The entire content of an assessment shall become a public record within three years of its administration.

The department shall make the questions that become a public record under this division readily accessible to the public on the department's web site. Questions on the spring administration of each assessment shall be released on an annual basis, in accordance with this division.

(b) No questions and corresponding preferred answers shall become a public record under division (O)(6) of this section after July 31, 2017.

(7) Division (O)(7) of this section applies to the assessments prescribed by division (A) of section 3301.0710 and division (B)(2) of section 3301.0712 of the Revised Code.

Beginning with the assessments administered in the spring of the 2017-2018 school year, not less than forty per cent of the questions on each assessment that are used to compute a student's score shall be a public

record. The department shall determine which questions will be needed for reuse on a future assessment and those questions shall not be public records and shall be redacted from the assessment prior to its release as a public record. However, for each redacted question, the department shall inform each city, local, and exempted village school district of the corresponding statewide academic standard adopted by the state board under section 3301.079 of the Revised Code and the corresponding benchmark to which the question relates. The department is not required to provide corresponding standards and benchmarks to field test questions that are redacted under division (O)(3) of this section.

(P) As used in this section:

(1) "Three-year average" means the average of the most recent consecutive three school years of data.

(2) "Dropout" means a student who withdraws from school before completing course requirements for graduation and who is not enrolled in an education program approved by the state board of education or an education program outside the state. "Dropout" does not include a student who has departed the country.

(3) "Graduation rate" means the ratio of students receiving a diploma to the number of students who entered ninth grade four years earlier. Students who transfer into the district are added to the calculation. Students who transfer out of the district for reasons other than dropout are subtracted from the calculation. If a student who was a dropout in any previous year returns to the same school district, that student shall be entered into the calculation as if the student had entered ninth grade four years before the graduation year of the graduating class that the student joins.

(4) "State scholarship programs" means the educational choice scholarship pilot program established under sections 3310.01 to 3310.17 of the Revised Code, the autism scholarship program established under section 3310.41 of the Revised Code, the Jon Peterson special needs scholarship program established under sections 3310.51 to 3310.64 of the Revised Code, and the pilot project scholarship program established under sections 3313.974 to 3313.979 of the Revised Code.

(5) "Other public school" means a community school established under Chapter 3314., a STEM school established under Chapter 3326., or a college-preparatory boarding school established under Chapter 3328. of the Revised Code.

Sec. 3301.0712. (A) The state board of education, the superintendent of public instruction, and the chancellor of higher education shall develop a system of college and work ready assessments as described in division (B)

of this section to assess whether each student upon graduating from high school is ready to enter college or the workforce. Beginning with students who enter the ninth grade for the first time on or after July 1, 2014, the system shall replace the Ohio graduation tests prescribed in division (B)(1) of section 3301.0710 of the Revised Code as a measure of student academic performance and one determinant of eligibility for a high school diploma in the manner prescribed by rule of the state board adopted under division (D) of this section.

(B) The college and work ready assessment system shall consist of the following:

(1) Nationally standardized assessments that measure college and career readiness and are used for college admission. The assessments shall be selected jointly by the state superintendent and the chancellor, and one of which shall be selected by each school district or school to administer to its students. The assessments prescribed under division (B)(1) of this section shall be administered to all eleventh-grade students in the spring of the school year.

(2) Seven end-of-course examinations, one in each of the areas of English language arts I, English language arts II, science, Algebra I, geometry, American history, and American government. The end-of-course examinations shall be selected jointly by the state superintendent and the chancellor in consultation with faculty in the appropriate subject areas at institutions of higher education of the university system of Ohio. Advanced placement examinations and international baccalaureate examinations, as prescribed under section 3313.6013 of the Revised Code, in the areas of science, American history, and American government may be used as end-of-course examinations in accordance with division (B)(4)(a)(i) of this section. Final course grades for courses taken under any other advanced standing program, as prescribed under section 3313.6013 of the Revised Code, in the areas of science, American history, and American government may be used in lieu of end-of-course examinations in accordance with division (B)(4)(a)(ii) of this section.

(3)(a) Not later than July 1, 2013, each school district board of education shall adopt interim end-of-course examinations that comply with the requirements of divisions (B)(3)(b)(i) and (ii) of this section to assess mastery of American history and American government standards adopted under division (A)(1)(b) of section 3301.079 of the Revised Code and the topics required under division (M) of section 3313.603 of the Revised Code. Each high school of the district shall use the interim examinations until the state superintendent and chancellor select end-of-course examinations in

American history and American government under division (B)(2) of this section.

(b) Not later than July 1, 2014, the state superintendent and the chancellor shall select the end-of-course examinations in American history and American government.

(i) The end-of-course examinations in American history and American government shall require demonstration of mastery of the American history and American government content for social studies standards adopted under division (A)(1)(b) of section 3301.079 of the Revised Code and the topics required under division (M) of section 3313.603 of the Revised Code.

(ii) At least twenty per cent of the end-of-course examination in American government shall address the topics on American history and American government described in division (M) of section 3313.603 of the Revised Code.

(4)(a) Notwithstanding anything to the contrary in this section, beginning with the 2014-2015 school year, both of the following shall apply:

(i) If a student is enrolled in an appropriate advanced placement or international baccalaureate course, that student shall take the advanced placement or international baccalaureate examination in lieu of the science, American history, or American government end-of-course examinations prescribed under division (B)(2) of this section. The state board shall specify the score levels for each advanced placement examination and international baccalaureate examination for purposes of calculating the minimum cumulative performance score that demonstrates the level of academic achievement necessary to earn a high school diploma.

(ii) If a student is enrolled in an appropriate course under any other advanced standing program, as described in section 3313.6013 of the Revised Code, that student shall not be required to take the science, American history, or American government end-of-course examination, whichever is applicable, prescribed under division (B)(2) of this section. Instead, that student's final course grade shall be used in lieu of the applicable end-of-course examination prescribed under that section. The state superintendent, in consultation with the chancellor, shall adopt guidelines for purposes of calculating the corresponding final course grades that demonstrate the level of academic achievement necessary to earn a high school diploma.

Division (B)(4)(a)(ii) of this section shall apply only to courses for which students receive transcribed credit, as defined in ~~division (U) of~~ section 3365.01 of the Revised Code. It shall not apply to remedial or

developmental courses.

(b) No student shall take a substitute examination or examination prescribed under division (B)(4)(a) of this section in place of the end-of-course examinations in English language arts I, English language arts II, Algebra I, or geometry prescribed under division (B)(2) of this section.

(c) The state board shall consider additional assessments that may be used, beginning with the 2016-2017 school year, as substitute examinations in lieu of the end-of-course examinations prescribed under division (B)(2) of this section.

(5) The state board shall do all of the following:

(a) Determine and designate at least five ranges of scores on each of the end-of-course examinations prescribed under division (B)(2) of this section, and substitute examinations prescribed under division (B)(4) of this section. Each range of scores shall be considered to demonstrate a level of achievement so that any student attaining a score within such range has achieved one of the following:

- (i) An advanced level of skill;
- (ii) An accelerated level of skill;
- (iii) A proficient level of skill;
- (iv) A basic level of skill;
- (v) A limited level of skill.

(b) Determine a method by which to calculate a cumulative performance score based on the results of a student's end-of-course examinations or substitute examinations;

(c) Determine the minimum cumulative performance score that demonstrates the level of academic achievement necessary to earn a high school diploma;

(d) Develop a table of corresponding score equivalents for the end-of-course examinations and substitute examinations in order to calculate student performance consistently across the different examinations.

A score of two on an advanced placement examination or a score of two or three on an international baccalaureate examination shall be considered equivalent to a proficient level of skill as specified under division (B)(5)(a)(iii) of this section.

(6)(a) A student who meets both of the following conditions shall not be required to take an end-of-course examination:

(i) The student received high school credit prior to July 1, 2015, for a course for which the end-of-course examination is prescribed.

(ii) The examination was not available for administration prior to July 1, 2015.

Receipt of credit for the course described in division (B)(6)(a)(i) of this section shall satisfy the requirement to take the end-of-course examination. A student exempted under division (B)(6)(a) of this section may take the applicable end-of-course examination at a later date.

(b) For purposes of determining whether a student who is exempt from taking an end-of-course examination under division (B)(6)(a) of this section has attained the cumulative score prescribed by division (B)(5)(c) of this section, such student shall select either of the following:

(i) The student is considered to have attained a proficient score on the end-of-course examination from which the student is exempt;

(ii) The student's final course grade shall be used in lieu of a score on the end-of-course examination from which the student is exempt.

The state superintendent, in consultation with the chancellor, shall adopt guidelines for purposes of calculating the corresponding final course grades and the minimum cumulative performance score that demonstrates the level of academic achievement necessary to earn a high school diploma.

(7)(a) Notwithstanding anything to the contrary in this section, the state board may replace the algebra I end-of-course examination prescribed under division (B)(2) of this section with an algebra II end-of-course examination, beginning with the 2016-2017 school year for students who enter ninth grade on or after July 1, 2016.

(b) If the state board replaces the algebra I end-of-course examination with an algebra II end-of-course examination as authorized under division (B)(7)(a) of this section, both of the following shall apply:

(i) A student who is enrolled in an advanced placement or international baccalaureate course in algebra II shall take the advanced placement or international baccalaureate examination in lieu of the algebra II end-of-course examination.

(ii) A student who is enrolled in an algebra II course under any other advanced standing program, as described in section 3313.6013 of the Revised Code, shall not be required to take the algebra II end-of-course examination. Instead, that student's final course grade shall be used in lieu of the examination.

(c) If a school district or school utilizes an integrated approach to mathematics instruction, the district or school may do either or both of the following:

(i) Administer an integrated mathematics I end-of-course examination in lieu of the prescribed algebra I end-of-course examination;

(ii) Administer an integrated mathematics II end-of-course examination in lieu of the prescribed geometry end-of-course examination.

(8)(a) For students entering the ninth grade for the first time on or after July 1, 2014, but prior to July 1, 2015, the assessment in the area of science shall be physical science or biology. For students entering the ninth grade for the first time on or after July 1, 2015, the assessment in the area of science shall be biology.

(b) Until July 1, 2019, the department of education shall make available the end-of-course examination in physical science for students who entered the ninth grade for the first time on or after July 1, 2014, but prior to July 1, 2015, and who wish to retake the examination.

(c) Not later than July 1, 2016, the state board shall adopt rules prescribing the requirements for the end-of-course examination in science for students who entered the ninth grade for the first time on or after July 1, 2014, but prior to July 1, 2015, and who have not met the requirement prescribed by section 3313.618 of the Revised Code by July 1, 2019, due to a student's failure to satisfy division (A)(2) of section 3313.618 of the Revised Code.

(9) Neither the state board nor the department of education shall develop or administer an end-of-course examination in the area of world history.

(C) The state board shall convene a group of national experts, state experts, and local practitioners to provide advice, guidance, and recommendations for the alignment of standards and model curricula to the assessments and in the design of the end-of-course examinations prescribed by this section.

(D) Upon completion of the development of the assessment system, the state board shall adopt rules prescribing all of the following:

(1) A timeline and plan for implementation of the assessment system, including a phased implementation if the state board determines such a phase-in is warranted;

(2) The date after which a person shall meet the requirements of the entire assessment system as a prerequisite for a diploma of adult education under section 3313.611 of the Revised Code;

(3) Whether and the extent to which a person may be excused from an American history end-of-course examination and an American government end-of-course examination under division (H) of section 3313.61 and division (B)(3) of section 3313.612 of the Revised Code;

(4) The date after which a person who has fulfilled the curriculum requirement for a diploma but has not passed one or more of the required assessments at the time the person fulfilled the curriculum requirement shall meet the requirements of the entire assessment system as a prerequisite for a high school diploma under division (B) of section 3313.614 of the Revised

Code;

(5) The extent to which the assessment system applies to students enrolled in a dropout recovery and prevention program for purposes of division (F) of section 3313.603 and section 3314.36 of the Revised Code.

(E) Not later than forty-five days prior to the state board's adoption of a resolution directing the department to file the rules prescribed by division (D) of this section in final form under section 119.04 of the Revised Code, the superintendent of public instruction shall present the assessment system developed under this section to the respective committees of the house of representatives and senate that consider education legislation.

(F)(1) Any person enrolled in a nonchartered nonpublic school or any person who has been excused from attendance at school for the purpose of home instruction under section 3321.04 of the Revised Code may choose to participate in the system of assessments administered under divisions (B)(1) and (2) of this section. However, no such person shall be required to participate in the system of assessments.

(2) The department shall adopt rules for the administration and scoring of any assessments under division (F)(1) of this section.

(G) Not later than December 31, 2014, the state board shall select at least one nationally recognized job skills assessment. Each school district shall administer that assessment to those students who opt to take it. The state shall reimburse a school district for the costs of administering that assessment. The state board shall establish the minimum score a student must attain on the job skills assessment in order to demonstrate a student's workforce readiness and employability. The administration of the job skills assessment to a student under this division shall not exempt a school district from administering the assessments prescribed in division (B) of this section to that student.

Sec. 3301.0714. (A) The state board of education shall adopt rules for a statewide education management information system. The rules shall require the state board to establish guidelines for the establishment and maintenance of the system in accordance with this section and the rules adopted under this section. The guidelines shall include:

(1) Standards identifying and defining the types of data in the system in accordance with divisions (B) and (C) of this section;

(2) Procedures for annually collecting and reporting the data to the state board in accordance with division (D) of this section;

(3) Procedures for annually compiling the data in accordance with division (G) of this section;

(4) Procedures for annually reporting the data to the public in

accordance with division (H) of this section;

(5) Standards to provide strict safeguards to protect the confidentiality of personally identifiable student data.

(B) The guidelines adopted under this section shall require the data maintained in the education management information system to include at least the following:

(L)(1) In accordance with division (L)(2) of this section and the rules adopted under division (L)(10) of this section, the department of education may sanction any school district that reports incomplete or inaccurate data, reports data that does not conform to data requirements and descriptions published by the department, fails to report data in a timely manner, or otherwise does not make a good faith effort to report data as required by this section.

(2) If the department decides to sanction a school district under this division, the department shall take the following sequential actions:

(a) Notify the district in writing that the department has determined that data has not been reported as required under this section and require the district to review its data submission and submit corrected data by a deadline established by the department. The department also may require the district to develop a corrective action plan, which shall include provisions for the district to provide mandatory staff training on data reporting procedures.

(b) Withhold up to ten per cent of the total amount of state funds due to the district for the current fiscal year and, if not previously required under division (L)(2)(a) of this section, require the district to develop a corrective

action plan in accordance with that division;

(c) Withhold an additional amount of up to twenty per cent of the total amount of state funds due to the district for the current fiscal year;

(d) Direct department staff or an outside entity to investigate the district's data reporting practices and make recommendations for subsequent actions. The recommendations may include one or more of the following actions:

(i) Arrange for an audit of the district's data reporting practices by department staff or an outside entity;

(viii) If the district is issued a report card under section 3302.03 of the Revised Code and incomplete or inaccurate data submitted by the district likely caused the district to receive a higher performance rating than it deserved under that section, issue a revised report card for the district;

(ix) Any other action designed to correct the district's data reporting problems.

(3) Any time the department takes an action against a school district under division (L)(2) of this section, the department shall make a report of the circumstances that prompted the action. The department shall send a copy of the report to the district superintendent or chief administrator and maintain a copy of the report in its files.

(4) If any action taken under division (L)(2) of this section resolves a school district's data reporting problems to the department's satisfaction, the department shall not take any further actions described by that division. If the department withheld funds from the district under that division, the department may release those funds to the district, except that if the department withheld funding under division (L)(2)(c) of this section, the department shall not release the funds withheld under division (L)(2)(b) of this section and, if the department withheld funding under division (L)(2)(d)

If any audit conducted by an outside entity under division (L)(2)(d)(i) or (5) of this section confirms that a district has not made a good faith effort to report data as required by this section, the district shall reimburse the department for the full cost of the audit. The department may withhold state funds due to the district for this purpose.

(6) Prior to issuing a revised report card for a school district under division (L)(2)(d)(viii) of this section, the department may hold a hearing to provide the district with an opportunity to demonstrate that it made a good faith effort to report data as required by this section. The hearing shall be conducted by a referee appointed by the department. Based on the information provided in the hearing, the referee shall recommend whether the department should issue a revised report card for the district. If the referee affirms the department's contention that the district did not make a good faith effort to report data as required by this section, the district shall bear the full cost of conducting the hearing and of issuing any revised report card.

(7) If the department determines that any inaccurate data reported under this section caused a school district to receive excess state funds in any fiscal year, the district shall reimburse the department an amount equal to the excess funds, in accordance with a payment schedule determined by the department. The department may withhold state funds due to the district for this purpose.

(8) Any school district that has funds withheld under division (L)(2) of this section may appeal the withholding in accordance with Chapter 119. of the Revised Code.

(9) In all cases of a disagreement between the department and a school district regarding the appropriateness of an action taken under division (L)(2) of this section, the burden of proof shall be on the district to demonstrate that it made a good faith effort to report data as required by this section.

(10) The state board of education shall adopt rules under Chapter 119. of the Revised Code to implement division (L) of this section.

(M) No information technology center or school district shall acquire, change, or update its student administration software package to manage and

If the district or school into which the student transfers cannot determine whether the student has taken any applicable diagnostic assessment in the current school year, the district or school may administer the diagnostic assessment to the student. However, if a student transfers into the district prior to the administration of the diagnostic assessments to all students under division (B) of this section, the district may administer the diagnostic assessments to that student on the date or dates determined under that division.

Division (A) of this section does not apply to students with significant cognitive disabilities, as defined by the department of education.

(B) Each district board shall administer each diagnostic assessment when the board deems appropriate, provided the administration complies with section 3313.608 of the Revised Code. However, the board shall administer any diagnostic assessment at least once annually to all students in the appropriate grade level. A district board may administer any diagnostic assessment in the fall and spring of a school year to measure the amount of academic growth attributable to the instruction received by students during that school year.

(C) Any district that received a grade of "A" or "B" for the performance index score under division (A)(1)(b), (B)(1)(b), or (C)(1)(b) of section 3302.03 of the Revised Code or for the value-added progress dimension under division (A)(1)(e), (B)(1)(e), or (C)(1)(e) of section 3302.03 of the Revised Code for the immediately preceding school year may use different diagnostic assessments from those adopted under division (D) of section 3301.079 of the Revised Code in order to satisfy the requirements of division (A)(3) of this section.

(F) Beginning in the 2018-2019 school year, any chartered nonpublic school may elect to administer the kindergarten readiness assessment to all kindergarten students enrolled in the school. If the school so elects, the chief administrator of the school shall notify the superintendent of public instruction not later than the thirty-first day of March prior to any school year in which the school will administer the assessment. The department shall furnish the assessment to the school at no cost to the school. In administering the assessment, the school shall do all of the following:

(1) Enter into a written agreement with the department specifying that the school will share each participating student's assessment data with the department and, that for the purpose of reporting the data to the department, each participating student will be assigned a data verification code as described in division (D)(2) of section 3301.0714 of the Revised Code;

In the course of considering the charter of a new school district created under section 3311.26 or 3311.38 of the Revised Code, the state board shall require the party proposing creation of the district to submit to the board a map, certified by the county auditor of the county in which the proposed new district is located, showing the boundaries of the proposed new district. In the case of a proposed new district located in more than one county, the map shall be certified by the county auditor of each county in which the proposed district is located.

The state board shall revoke the charter of any school district or school

No school district, or individual school operated by a school district, shall operate without a charter issued by the state board under this section.

In case a school district charter is revoked pursuant to this section, the state board may dissolve the school district and transfer its territory to one or more adjacent districts. An equitable division of the funds, property, and indebtedness of the school district shall be made by the state board among the receiving districts. The board of education of a receiving district shall accept such territory pursuant to the order of the state board. Prior to dissolving the school district, the state board shall notify the appropriate educational service center governing board and all adjacent school district boards of education of its intention to do so. Boards so notified may make recommendations to the state board regarding the proposed dissolution and subsequent transfer of territory. Except as provided in section 3301.161 of the Revised Code, the transfer ordered by the state board shall become effective on the date specified by the state board, but the date shall be at least thirty days following the date of issuance of the order.

A high school is one of higher grade than an elementary school, in which instruction and training are given in accordance with sections 3301.07 and 3313.60 of the Revised Code and which also offers other subjects of study more advanced than those taught in the elementary schools and such other subjects as may be approved by the state board of education.

An elementary school is one in which instruction and training are given in accordance with sections 3301.07 and 3313.60 of the Revised Code and which offers such other subjects as may be approved by the state board of education. In districts wherein a junior high school is maintained, the elementary schools in that district may be considered to include only the work of the first six school years inclusive, plus the kindergarten year.

Sec. 3301.164. Each chartered nonpublic school shall publish on the school's web site both of the following:

(A) The number of students enrolled in the school by the last day of October of the current school year;

(B) In addition to the requirement of division (A) of this section, not later than the first day of May each year that the department proposes changes to the manual, the department shall submit to the joint education oversight committee, and to each school district, community school, STEM school, and college-preparatory boarding school a detailed summary of the changes, specifically comparing the differences between the prior school year's manual and the proposed manual. The department shall post the summary and the proposed manual in a prominent location on the department's web site.

(C) In the event that the department fails to comply with this section or the specific timelines prescribed herein, or the joint education oversight committee, pursuant to division (D) of section 103.45 of the Revised Code, determines that schools are not reasonably capable of compliance with the proposed manual, the proposed manual shall be ineffective, and the department shall conduct its reviews or audits using the manual and accompanying standards, procedures, timelines, and other requirements from the previous school year.

Sec. 3302.01. As used in this chapter:

(A) "Performance index score" means the average of the totals derived from calculations, for each subject area, of the weighted proportion of untested students and students scoring at each level of skill described in division (A)(2) of section 3301.0710 of the Revised Code on the state achievement assessments, as follows:

(1) For the assessments prescribed by division (A)(1) of section 3301.0710 of the Revised Code, the average for each of the subject areas of English language arts, mathematics, and science,~~and social studies.~~

(2) For the assessments prescribed by division (B)(1) of section 3301.0710 and division (B)(2) of section 3301.0712 of the Revised Code,

the average for each of the subject areas of English language arts and mathematics.

The department of education shall assign weights such that students who do not take an assessment receive a weight of zero and students who take an assessment receive progressively larger weights dependent upon the level of skill attained on the assessment. The department shall assign additional weights to students who have been permitted to pass over a subject in accordance with a student acceleration policy adopted under section 3324.10 of the Revised Code. If such a student attains the proficient score prescribed under division (A)(2)(c) of section 3301.0710 of the Revised Code or higher on an assessment, the department shall assign the student the weight prescribed for the next higher scoring level. If such a student attains the advanced score, prescribed under division (A)(2)(a) of section 3301.0710 of the Revised Code, on an assessment, the department shall assign to the student an additional proportional weight, as approved by the state board. For each school year that such a student's score is included in the performance index score and the student attains the proficient score on an assessment, that additional weight shall be assigned to the student on a subject-by-subject basis.

Students shall be included in the "performance index score" in accordance with division (K)(2) of section 3302.03 of the Revised Code.

(B) "Subgroup" means a subset of the entire student population of the state, a school district, or a school building and includes each of the following:

- (2) Students with disabilities;
- (3) Economically disadvantaged students;
- (4) Limited English proficient students;

(5) Students identified as gifted in superior cognitive ability and specific academic ability fields under Chapter 3324. of the Revised Code. For students who are gifted in specific academic ability fields, the department shall use data for those students with specific academic ability in math and reading. If any other academic field is assessed, the department shall also include data for students with specific academic ability in that field.

(6) Students in the lowest quintile for achievement statewide, as determined by a method prescribed by the state board of education.

(C) "No Child Left Behind Act of 2001" includes the statutes codified at 20 U.S.C. 6301 et seq. and any amendments, waivers, or both thereto, rules and regulations promulgated pursuant to those statutes, guidance documents, and any other policy directives regarding implementation of that act issued

by the United States department of education.

(D) "Adequate yearly progress" means a measure of annual academic performance as calculated in accordance with the "No Child Left Behind Act of 2001."

(E) "Supplemental educational services" means additional academic assistance, such as tutoring, remediation, or other educational enrichment activities, that is conducted outside of the regular school day by a provider approved by the department in accordance with the "No Child Left Behind Act of 2001."

(F) "Value-added progress dimension" means a measure of academic gain for a student or group of students over a specific period of time that is calculated by applying a statistical methodology to individual student achievement data derived from the achievement assessments prescribed by section 3301.0710 of the Revised Code. The "value-added progress dimension" shall be developed and implemented in accordance with section 3302.021 of the Revised Code.

(G)(1) "Four-year adjusted cohort graduation rate" means the number of students who graduate in four years or less with a regular high school diploma divided by the number of students who form the adjusted cohort for the graduating class.

(2) "Five-year adjusted cohort graduation rate" means the number of students who graduate in five years with a regular high school diploma divided by the number of students who form the adjusted cohort for the four-year graduation rate.

(H) "State institution of higher education" has the same meaning as in section 3345.011 of the Revised Code.

(I) "Annual measurable objectives" means a measure of student progress determined in accordance with an agreement between the department of education and the United States department of education.

(J) "Community school" means a community school established under Chapter 3314. of the Revised Code.

(K) "STEM school" means a science, technology, engineering, and mathematics school established under Chapter 3326. of the Revised Code.

(L) "Entitled to attend school in the district" means entitled to attend school in a school district under section 3313.64 or 3313.65 of the Revised Code.

Sec. 3302.03. Annually, not later than the fifteenth day of September or the preceding Friday when that day falls on a Saturday or Sunday, the department of education shall assign a letter grade for overall academic performance and for each separate performance measure for each school

district, and each school building in a district, in accordance with this section. The state board shall adopt rules pursuant to Chapter 119. of the Revised Code to establish performance criteria for each letter grade and prescribe a method by which the department assigns each letter grade. For a school building to which any of the performance measures do not apply, due to grade levels served by the building, the state board shall designate the performance measures that are applicable to the building and that must be calculated separately and used to calculate the building's overall grade. The department shall issue annual report cards reflecting the performance of each school district, each building within each district, and for the state as a whole using the performance measures and letter grade system described in this section. The department shall include on the report card for each district and each building within each district the most recent two-year trend data in student achievement for each subject and each grade.

(A)(1) For the 2012-2013 school year, the department shall issue grades as described in division (E) of this section for each of the following performance measures:

(a) Annual measurable objectives;

(b) Performance index score for a school district or building. Grades shall be awarded as a percentage of the total possible points on the performance index system as adopted by the state board. In adopting benchmarks for assigning letter grades under division (A)(1)(b) of this section, the state board of education shall designate ninety per cent or higher for an "A," at least seventy per cent but not more than eighty per cent for a "C," and less than fifty per cent for an "F."

(c) The extent to which the school district or building meets each of the applicable performance indicators established by the state board under section 3302.02 of the Revised Code and the percentage of applicable performance indicators that have been achieved. In adopting benchmarks for assigning letter grades under division (A)(1)(c) of this section, the state board shall designate ninety per cent or higher for an "A."

(d) The four- and five-year adjusted cohort graduation rates.

In adopting benchmarks for assigning letter grades under division (A)(1)(d), (B)(1)(d), or (C)(1)(d) of this section, the department shall designate a four-year adjusted cohort graduation rate of ninety-three per cent or higher for an "A" and a five-year cohort graduation rate of ninety-five per cent or higher for an "A."

(e) The overall score under the value-added progress dimension of a school district or building, for which the department shall use up to three years of value-added data as available. The letter grade assigned for this

growth measure shall be as follows:

(i) A score that is at least two standard errors of measure above the mean score shall be designated as an "A."

(ii) A score that is at least one standard error of measure but less than two standard errors of measure above the mean score shall be designated as a "B."

(iii) A score that is less than one standard error of measure above the mean score but greater than or equal to one standard error of measure below the mean score shall be designated as a "C."

(iv) A score that is not greater than one standard error of measure below the mean score but is greater than or equal to two standard errors of measure below the mean score shall be designated as a "D."

(v) A score that is not greater than two standard errors of measure below the mean score shall be designated as an "F."

Whenever the value-added progress dimension is used as a graded performance measure, whether as an overall measure or as a measure of separate subgroups, the grades for the measure shall be calculated in the same manner as prescribed in division (A)(1)(e) of this section.

(f) The value-added progress dimension score for a school district or building disaggregated for each of the following subgroups: students identified as gifted, students with disabilities, and students whose performance places them in the lowest quintile for achievement on a statewide basis. Each subgroup shall be a separate graded measure.

(2) Not later than April 30, 2013, the state board of education shall adopt a resolution describing the performance measures, benchmarks, and grading system for the 2012-2013 school year and, not later than June 30, 2013, shall adopt rules in accordance with Chapter 119. of the Revised Code that prescribe the methods by which the performance measures under division (A)(1) of this section shall be assessed and assigned a letter grade, including performance benchmarks for each letter grade.

At least forty-five days prior to the state board's adoption of rules to prescribe the methods by which the performance measures under division (A)(1) of this section shall be assessed and assigned a letter grade, the department shall conduct a public presentation before the standing committees of the house of representatives and the senate that consider education legislation describing such methods, including performance benchmarks.

(3) There shall not be an overall letter grade for a school district or building for the 2012-2013 school year.

(B)(1) For the 2013-2014 and 2014-2015 school years, the department

shall issue grades as described in division (E) of this section for each of the following performance measures:

(a) Annual measurable objectives;

(b) Performance index score for a school district or building. Grades shall be awarded as a percentage of the total possible points on the performance index system as created by the department. In adopting benchmarks for assigning letter grades under division (B)(1)(b) of this section, the state board shall designate ninety per cent or higher for an "A," at least seventy per cent but not more than eighty per cent for a "C," and less than fifty per cent for an "F."

(c) The extent to which the school district or building meets each of the applicable performance indicators established by the state board under section 3302.03 of the Revised Code and the percentage of applicable performance indicators that have been achieved. In adopting benchmarks for assigning letter grades under division (B)(1)(c) of this section, the state board shall designate ninety per cent or higher for an "A."

(d) The four- and five-year adjusted cohort graduation rates;

(e) The overall score under the value-added progress dimension of a school district or building, for which the department shall use up to three years of value-added data as available.

(f) The value-added progress dimension score for a school district or building disaggregated for each of the following subgroups: students identified as gifted in superior cognitive ability and specific academic ability fields under Chapter 3324. of the Revised Code, students with disabilities, and students whose performance places them in the lowest quintile for achievement on a statewide basis. Each subgroup shall be a separate graded measure.

(g) Whether a school district or building is making progress in improving literacy in grades kindergarten through three, as determined using a method prescribed by the state board. The state board shall adopt rules to prescribe benchmarks and standards for assigning grades to districts and buildings for purposes of division (B)(1)(g) of this section. In adopting benchmarks for assigning letter grades under divisions (B)(1)(g) and (C)(1)(g) of this section, the state board shall determine progress made based on the reduction in the total percentage of students scoring below grade level, or below proficient, compared from year to year on the reading and writing diagnostic assessments administered under section 3301.0715 of the Revised Code and the third grade English language arts assessment under section 3301.0710 of the Revised Code, as applicable. The state board shall designate for a "C" grade a value that is not lower than the statewide

average value for this measure. No grade shall be issued under divisions (B)(1)(g) and (C)(1)(g) of this section for a district or building in which less than five per cent of students have scored below grade level on the diagnostic assessment administered to students in kindergarten under division (B)(1) of section 3313.608 of the Revised Code.

(h) For a high mobility school district or building, an additional value-added progress dimension score. For this measure, the department shall use value-added data from the most recent school year available and shall use assessment scores for only those students to whom the district or building has administered the assessments prescribed by section 3301.0710 of the Revised Code for each of the two most recent consecutive school years.

As used in this division, "high mobility school district or building" means a school district or building where at least twenty-five per cent of its total enrollment is made up of students who have attended that school district or building for less than one year.

(2) In addition to the graded measures in division (B)(1) of this section, the department shall include on a school district's or building's report card all of the following without an assigned letter grade:

(a) The percentage of students enrolled in a district or building participating in advanced placement classes and the percentage of those students who received a score of three or better on advanced placement examinations;

(b) The number of a district's or building's students who have earned at least three college credits through dual enrollment or advanced standing programs, such as the post-secondary enrollment options program under Chapter 3365. of the Revised Code and state-approved career-technical courses offered through dual enrollment or statewide articulation, that appear on a student's transcript or other official document, either of which is issued by the institution of higher education from which the student earned the college credit. The credits earned that are reported under divisions (B)(2)(b) and (C)(2)(c) of this section shall not include any that are remedial or developmental and shall include those that count toward the curriculum requirements established for completion of a degree.

(c) The percentage of students enrolled in a district or building who have taken a national standardized test used for college admission determinations and the percentage of those students who are determined to be remediation-free in accordance with standards adopted under division (F) of section 3345.061 of the Revised Code;

(d) The percentage of the district's or the building's students who receive

industry-recognized credentials as approved under section 3313.6113 of the Revised Code. ~~The state board shall adopt criteria for acceptable industry-recognized credentials.~~

(e) The percentage of students enrolled in a district or building who are participating in an international baccalaureate program and the percentage of those students who receive a score of four or better on the international baccalaureate examinations.

(f) The percentage of the district's or building's students who receive an honors diploma under division (B) of section 3313.61 of the Revised Code.

(3) Not later than December 31, 2013, the state board shall adopt rules in accordance with Chapter 119. of the Revised Code that prescribe the methods by which the performance measures under divisions (B)(1)(f) and (B)(1)(g) of this section will be assessed and assigned a letter grade, including performance benchmarks for each grade.

At least forty-five days prior to the state board's adoption of rules to prescribe the methods by which the performance measures under division (B)(1) of this section shall be assessed and assigned a letter grade, the department shall conduct a public presentation before the standing committees of the house of representatives and the senate that consider education legislation describing such methods, including performance benchmarks.

(4) There shall not be an overall letter grade for a school district or building for the 2013-2014, 2014-2015, 2015-2016, and 2016-2017 school years.

(C)(1) For the 2014-2015 school year and each school year thereafter, the department shall issue grades as described in division (E) of this section for each of the performance measures prescribed in division (C)(1) of this section. The graded measures are as follows:

(a) Annual measurable objectives;

(b) Performance index score for a school district or building. Grades shall be awarded as a percentage of the total possible points on the performance index system as created by the department. In adopting benchmarks for assigning letter grades under division (C)(1)(b) of this section, the state board shall designate ninety per cent or higher for an "A," at least seventy per cent but not more than eighty per cent for a "C," and less than fifty per cent for an "F."

(c) The extent to which the school district or building meets each of the applicable performance indicators established by the state board under section 3302.03 of the Revised Code and the percentage of applicable performance indicators that have been achieved. In adopting benchmarks for

assigning letter grades under division (C)(1)(c) of this section, the state board shall designate ninety per cent or higher for an "A."

(d) The four- and five-year adjusted cohort graduation rates;

(e) The overall score under the value-added progress dimension, or another measure of student academic progress if adopted by the state board, of a school district or building, for which the department shall use up to three years of value-added data as available.

In adopting benchmarks for assigning letter grades for overall score on value-added progress dimension under division (C)(1)(e) of this section, the state board shall prohibit the assigning of a grade of "A" for that measure unless the district's or building's grade assigned for value-added progress dimension for all subgroups under division (C)(1)(f) of this section is a "B" or higher.

For the metric prescribed by division (C)(1)(e) of this section, the state board may adopt a student academic progress measure to be used instead of the value-added progress dimension. If the state board adopts such a measure, it also shall prescribe a method for assigning letter grades for the new measure that is comparable to the method prescribed in division (A)(1)(e) of this section.

(f) The value-added progress dimension score of a school district or building disaggregated for each of the following subgroups: students identified as gifted in superior cognitive ability and specific academic ability fields under Chapter 3324. of the Revised Code, students with disabilities, and students whose performance places them in the lowest quintile for achievement on a statewide basis, as determined by a method prescribed by the state board. Each subgroup shall be a separate graded measure.

The state board may adopt student academic progress measures to be used instead of the value-added progress dimension. If the state board adopts such measures, it also shall prescribe a method for assigning letter grades for the new measures that is comparable to the method prescribed in division (A)(1)(e) of this section.

(g) Whether a school district or building is making progress in improving literacy in grades kindergarten through three, as determined using a method prescribed by the state board. The state board shall adopt rules to prescribe benchmarks and standards for assigning grades to a district or building for purposes of division (C)(1)(g) of this section. The state board shall designate for a "C" grade a value that is not lower than the statewide average value for this measure. No grade shall be issued under division (C)(1)(g) of this section for a district or building in which less than five per cent of students have scored below grade level on the kindergarten

diagnostic assessment under division (B)(1) of section 3313.608 of the Revised Code.

(h) For a high mobility school district or building, an additional value-added progress dimension score. For this measure, the department shall use value-added data from the most recent school year available and shall use assessment scores for only those students to whom the district or building has administered the assessments prescribed by section 3301.0710 of the Revised Code for each of the two most recent consecutive school years.

As used in this division, "high mobility school district or building" means a school district or building where at least twenty-five per cent of its total enrollment is made up of students who have attended that school district or building for less than one year.

(2) In addition to the graded measures in division (C)(1) of this section, the department shall include on a school district's or building's report card all of the following without an assigned letter grade:

(a) The percentage of students enrolled in a district or building who have taken a national standardized test used for college admission determinations and the percentage of those students who are determined to be remediation-free in accordance with the standards adopted under division (F) of section 3345.061 of the Revised Code;

(b) The percentage of students enrolled in a district or building participating in advanced placement classes and the percentage of those students who received a score of three or better on advanced placement examinations;

(c) The percentage of a district's or building's students who have earned at least three college credits through advanced standing programs, such as the college credit plus program under Chapter 3365. of the Revised Code and state-approved career-technical courses offered through dual enrollment or statewide articulation, that appear on a student's college transcript issued by the institution of higher education from which the student earned the college credit. The credits earned that are reported under divisions (B)(2)(b) and (C)(2)(c) of this section shall not include any that are remedial or developmental and shall include those that count toward the curriculum requirements established for completion of a degree.

(d) The percentage of the district's or building's students who receive an honor's diploma under division (B) of section 3313.61 of the Revised Code;

(e) The percentage of the district's or building's students who receive industry-recognized credentials as approved under section 3313.6113 of the Revised Code;

(f) The percentage of students enrolled in a district or building who are participating in an international baccalaureate program and the percentage of those students who receive a score of four or better on the international baccalaureate examinations;

(g) The results of the college and career-ready assessments administered under division (B)(1) of section 3301.0712 of the Revised Code.

(3) The state board shall adopt rules pursuant to Chapter 119. of the Revised Code that establish a method to assign an overall grade for a school district or school building for the 2017-2018 school year and each school year thereafter. The rules shall group the performance measures in divisions (C)(1) and (2) of this section into the following components:

(a) Gap closing, which shall include the performance measure in division (C)(1)(a) of this section;

(b) Achievement, which shall include the performance measures in divisions (C)(1)(b) and (c) of this section;

(c) Progress, which shall include the performance measures in divisions (C)(1)(e) and (f) of this section;

(d) Graduation, which shall include the performance measure in division (C)(1)(d) of this section;

(e) Kindergarten through third-grade literacy, which shall include the performance measure in division (C)(1)(g) of this section;

(f) Prepared for success, which shall include the performance measures in divisions (C)(2)(a), (b), (c), (d), (e), and (f) of this section. The state board shall develop a method to determine a grade for the component in division (C)(3)(f) of this section using the performance measures in divisions (C)(2)(a), (b), (c), (d), (e), and (f) of this section. When available, the state board may incorporate the performance measure under division (C)(2)(g) of this section into the component under division (C)(3)(f) of this section. When determining the overall grade for the prepared for success component prescribed by division (C)(3)(f) of this section, no individual student shall be counted in more than one performance measure. However, if a student qualifies for more than one performance measure in the component, the state board may, in its method to determine a grade for the component, specify an additional weight for such a student that is not greater than or equal to 1.0. In determining the overall score under division (C)(3)(f) of this section, the state board shall ensure that the pool of students included in the performance measures aggregated under that division are all of the students included in the four- and five-year adjusted graduation cohort.

In the rules adopted under division (C)(3) of this section, the state board

shall adopt a method for determining a grade for each component in divisions (C)(3)(a) to (f) of this section. The state board also shall establish a method to assign an overall grade of "A," "B," "C," "D," or "F" using the grades assigned for each component. The method the state board adopts for assigning an overall grade shall give equal weight to the components in divisions (C)(3)(b) and (c) of this section.

At least forty-five days prior to the state board's adoption of rules to prescribe the methods for calculating the overall grade for the report card, as required by this division, the department shall conduct a public presentation before the standing committees of the house of representatives and the senate that consider education legislation describing the format for the report card, weights that will be assigned to the components of the overall grade, and the method for calculating the overall grade.

(D) On or after ~~than~~ July 1, 2015, the state board may develop a measure of student academic progress for high school students using only data from assessments in English language arts and mathematics. If the state board develops this measure, each school district and applicable school building shall be assigned a separate letter grade for ~~if it~~ not sooner than the 2017-2018 school year. The district's or building's grade for that measure shall not be included in determining the district's or building's overall letter grade.

(E) The letter grades assigned to a school district or building under this section shall be as follows:

- (1) "A" for a district or school making excellent progress;
- (2) "B" for a district or school making above average progress;
- (3) "C" for a district or school making average progress;
- (4) "D" for a district or school making below average progress;
- (5) "F" for a district or school failing to meet minimum progress.

(F) When reporting data on student achievement and progress, the department shall disaggregate that data according to the following categories:

- (1) Performance of students by grade-level;
- (2) Performance of students by race and ethnic group;
- (3) Performance of students by gender;
- (4) Performance of students grouped by those who have been enrolled in a district or school for three or more years;
- (5) Performance of students grouped by those who have been enrolled in a district or school for more than one year and less than three years;
- (6) Performance of students grouped by those who have been enrolled in a district or school for one year or less;

(7) Performance of students grouped by those who are economically disadvantaged;

(8) Performance of students grouped by those who are enrolled in a conversion community school established under Chapter 3314. of the Revised Code;

(9) Performance of students grouped by those who are classified as limited English proficient;

(10) Performance of students grouped by those who have disabilities;

(11) Performance of students grouped by those who are classified as migrants;

(12) Performance of students grouped by those who are identified as gifted in superior cognitive ability and the specific academic ability fields of reading and math pursuant to Chapter 3324. of the Revised Code. In disaggregating specific academic ability fields for gifted students, the department shall use data for those students with specific academic ability in math and reading. If any other academic field is assessed, the department shall also include data for students with specific academic ability in that field as well.

(13) Performance of students grouped by those who perform in the lowest quintile for achievement on a statewide basis, as determined by a method prescribed by the state board.

The department may disaggregate data on student performance according to other categories that the department determines are appropriate. To the extent possible, the department shall disaggregate data on student performance according to any combinations of two or more of the categories listed in divisions (F)(1) to (13) of this section that it deems relevant.

In reporting data pursuant to division (F) of this section, the department shall not include in the report cards any data statistical in nature that is statistically unreliable or that could result in the identification of individual students. For this purpose, the department shall not report student performance data for any group identified in division (F) of this section that contains less than ten students. If the department does not report student performance data for a group because it contains less than ten students, the department shall indicate on the report card that is why data was not reported.

(G) The department may include with the report cards any additional education and fiscal performance data it deems valuable.

(H) The department shall include on each report card a list of additional information collected by the department that is available regarding the district or building for which the report card is issued. When available, such

additional information shall include student mobility data disaggregated by race and socioeconomic status, college enrollment data, and the reports prepared under section 3302.031 of the Revised Code.

The department shall maintain a site on the world wide web. The report card shall include the address of the site and shall specify that such additional information is available to the public at that site. The department shall also provide a copy of each item on the list to the superintendent of each school district. The district superintendent shall provide a copy of any item on the list to anyone who requests it.

(I)(1)(a) Except as provided in division (I)(1)(b) of this section, for any district that sponsors a conversion community school under Chapter 3314. of the Revised Code, the department shall combine data regarding the academic performance of students enrolled in the community school with comparable data from the schools of the district for the purpose of determining the performance of the district as a whole on the report card issued for the district under this section or section 3302.033 of the Revised Code.

(b) The department shall not combine data from any conversion community school that a district sponsors if a majority of the students enrolled in the conversion community school are enrolled in a dropout prevention and recovery program that is operated by the school, as described in division (A)(4)(a) of section 3314.35 of the Revised Code. The department shall include as an addendum to the district's report card the ratings and performance measures that are required under section 3314.017 of the Revised Code for any community school to which division (I)(1)(b) of this section applies. This addendum shall include, at a minimum, the data specified in divisions (C)(1)(a), (C)(2), and (C)(3) of section 3314.017 of the Revised Code.

(2) Any district that leases a building to a community school located in the district or that enters into an agreement with a community school located in the district whereby the district and the school endorse each other's programs may elect to have data regarding the academic performance of students enrolled in the community school combined with comparable data from the schools of the district for the purpose of determining the performance of the district as a whole on the district report card. Any district that so elects shall annually file a copy of the lease or agreement with the department.

(3) Any municipal school district, as defined in section 3311.71 of the Revised Code, that sponsors a community school located within the district's territory, or that enters into an agreement with a community school located

within the district's territory whereby the district and the community school endorse each other's programs, may exercise either or both of the following elections:

(a) To have data regarding the academic performance of students enrolled in that community school combined with comparable data from the schools of the district for the purpose of determining the performance of the district as a whole on the district's report card;

(b) To have the number of students attending that community school noted separately on the district's report card.

The election authorized under division (I)(3)(a) of this section is subject to approval by the governing authority of the community school.

Any municipal school district that exercises an election to combine or include data under division (I)(3) of this section, by the first day of October of each year, shall file with the department documentation indicating eligibility for that election, as required by the department.

(J) The department shall include on each report card the percentage of teachers in the district or building who are highly qualified, as defined by the No Child Left Behind Act of 2001, and a comparison of that percentage with the percentages of such teachers in similar districts and buildings.

(B) This section does not affect the retirement board's authority under division (G) of section 3309.374 of the Revised Code.

Sec. 3310.16. ~~For (A) Except as provided in division (B) of this section,~~ for the 2013-2014 school year and each school year thereafter, the department of education shall conduct two application periods each year for the educational choice scholarship pilot program under sections 3310.03 and 3310.032 of the Revised Code, as follows:

~~(A)(1)~~ (1) The first application period shall open not sooner than the first day of February prior to the first day of July of the school year for which a scholarship is sought and run not less than seventy-five days.

~~(B)(2)~~ (2) The second application period shall open not sooner than the first day of July of the school year for which the scholarship is sought and run not less than thirty days.

(B) If the scholarships awarded under section 3310.032 of the Revised Code in the first application period for any school year use the entirety of the amount appropriated by the general assembly for such scholarships for that school year, the department need not conduct a second application period for scholarships under that section. If, after the first application period, there are funds remaining to award scholarships under section 3310.032 of the Revised Code, the department shall conduct a second application period in accordance with division (A)(2) of this section.

(C) Not later than the thirty-first day of May of each school year, the department shall determine whether funds remain available for income-based scholarships under the educational choice scholarship program after the first application period.

Sec. 3310.52. (A) The Jon Peterson special needs scholarship program

is hereby established. Under the program, beginning with the 2012-2013 school year, subject to division (B) of this section, the department of education annually shall pay a scholarship to an eligible applicant for services provided by an alternative public provider or a registered private provider for a qualified special education child. The scholarship shall be used only to pay all or part of the fees for the child to attend the special education program operated by the alternative public provider or registered private provider to implement the child's individualized education program, in lieu of the child's attending the special education program operated by the school district in which the child is entitled to attend school, and other services agreed to by the provider and eligible applicant that are not included in the individualized education program but are associated with educating the child. Beginning in the 2014-2015 school year, if the child is in category one as that term is defined in division (B)(1) of section 3310.56 of the Revised Code, the scholarship shall be used only to pay for related services that are included in the child's individualized education program. Upon agreement with the eligible applicant, the alternative public provider or registered private provider may modify the services provided to the child.

(B) The number of scholarships awarded under the program in any fiscal year shall not exceed five per cent of the total number of students residing in the state identified as children with disabilities during the previous fiscal year.

~~(C) No scholarship or renewal of a scholarship shall be awarded to an eligible applicant on behalf of a qualified special education child for the next school year, unless on or before the application deadline the eligible applicant completes the application for the scholarship or renewal, in the manner prescribed by the department, and notifies the school district in which the child is entitled to attend school that the eligible applicant has applied for the scholarship or renewal.~~

~~The application deadline for academic terms that begin between the first day of July and the thirty first day of December shall be the fifteenth day of April that precedes the first day of instruction. The application deadline for academic terms that begin between the first day of January and the thirtieth day of June shall be the fifteenth day of November that precedes the first day of instruction. The department shall pay a scholarship to the parent of each qualified special education child, unless the parent authorizes a direct payment to the child's provider, upon application of that parent in the manner prescribed by the department. However, the department shall not adopt specific dates for application deadlines for scholarships under the program.~~

Sec. 3310.522. In order to maintain eligibility for a scholarship, a student shall take each assessment prescribed by section 3301.0710, 3301.0712, or 3313.619 of the Revised Code, as applicable, in accordance with section 3301.0711 of the Revised Code, unless the student is excused from taking that assessment under federal law or the student's individualized education program or the student is enrolled in a chartered nonpublic school that meets the conditions specified in division (K)(2) or (L)(4) of section 3301.0711 of the Revised Code.

Each registered private provider that is not subject to division (K)(1) of section 3301.0711 of the Revised Code and enrolls a student who is awarded a scholarship shall administer each assessment prescribed by section 3301.0710, 3301.0712, or 3313.619 of the Revised Code, as applicable, to that student in accordance with section 3301.0711 of the Revised Code, unless the student is excused from taking that assessment or the student is enrolled in a chartered nonpublic school that meets the conditions specified in division (K)(2) or (L)(4) of section 3301.0711 of the Revised Code, and shall report to the department the results of each assessment so administered.

Nothing in this section requires any chartered nonpublic school that is a registered private provider to administer any achievement assessment, except for an Ohio graduation test prescribed by division (B)(1) of section 3301.0710 or the college and work ready assessment system prescribed by division (B) of section 3301.0712 of the Revised Code to any student enrolled in the school who is not a scholarship student.

Sec. 3311.06. (A) As used in this section:

(1) "Annexation" and "annexed" mean annexation for municipal purposes under sections 709.02 to 709.37 of the Revised Code.

(2) "Annexed territory" means territory that has been annexed for municipal purposes to a city served by an urban school district, but on September 24, 1986, has not been transferred to the urban school district.

(3) "Urban school district" means a city school district with an average daily membership for the 1985-1986 school year in excess of twenty thousand that is the school district of a city that contains annexed territory.

(4) "Annexation agreement" means an agreement entered into under division (F) of this section that has been approved by the state board of education or an agreement entered into prior to September 24, 1986, that meets the requirements of division (F) of this section and has been filed with the state board.

(B) The territory included within the boundaries of a city, local, exempted village, or joint vocational school district shall be contiguous

except where a natural island forms an integral part of the district, where the state board of education authorizes a noncontiguous school district, as provided in division (E)(1) of this section, or where a local school district is created pursuant to section 3311.26 of the Revised Code from one or more local school districts, one of which has entered into an agreement under section 3313.42 of the Revised Code.

(C)(1) When all of the territory of a school district is annexed to a city or village, such territory thereby becomes a part of the city school district or the school district of which the village is a part, and the legal title to school property in such territory for school purposes shall be vested in the board of education of the city school district or the school district of which the village is a part.

(2) When the territory so annexed to a city or village comprises part but not all of the territory of a school district, the said territory becomes part of the city school district or the school district of which the village is a part only upon approval by the state board of education, unless the district in which the territory is located is a party to an annexation agreement with the city school district.

Any urban school district that has not entered into an annexation agreement with any other school district whose territory would be affected by any transfer under this division and that desires to negotiate the terms of transfer with any such district shall conduct any negotiations under division (F) of this section as part of entering into an annexation agreement with such a district.

Any school district, except an urban school district, desiring state board approval of a transfer under this division shall make a good faith effort to negotiate the terms of transfer with any other school district whose territory would be affected by the transfer. Before the state board may approve any transfer of territory to a school district, except an urban school district, under this section, it must receive the following:

(a) A resolution requesting approval of the transfer, passed by at least one of the school districts whose territory would be affected by the transfer;

(b) Evidence determined to be sufficient by the state board to show that good faith negotiations have taken place or that the district requesting the transfer has made a good faith effort to hold such negotiations;

(c) If any negotiations took place, a statement signed by all boards that participated in the negotiations, listing the terms agreed on and the points on which no agreement could be reached.

(D) The state board of education shall adopt rules governing negotiations held by any school district except an urban school district

pursuant to division (C)(2) of this section. The rules shall encourage the realization of the following goals:

(1) A discussion by the negotiating districts of the present and future educational needs of the pupils in each district;

(2) The educational, financial, and territorial stability of each district affected by the transfer;

(3) The assurance of appropriate educational programs, services, and opportunities for all the pupils in each participating district, and adequate planning for the facilities needed to provide these programs, services, and opportunities.

Districts involved in negotiations under such rules may agree to share revenues from the property included in the territory to be transferred, establish cooperative programs between the participating districts, and establish mechanisms for the settlement of any future boundary disputes.

(E)(1) If territory annexed after September 24, 1986, is part of a school district that is a party to an annexation agreement with the urban school district serving the annexing city, the transfer of such territory shall be governed by the agreement. If the agreement does not specify how the territory is to be dealt with, the boards of education of the district in which the territory is located and the urban school district shall negotiate with regard to the transfer of the territory which shall be transferred to the urban school district unless, not later than ninety days after the effective date of municipal annexation, the boards of education of both districts, by resolution adopted by a majority of the members of each board, agree that the territory will not be transferred and so inform the state board of education.

If territory is transferred under this division the transfer shall take effect on the first day of July occurring not sooner than ninety-one days after the effective date of the municipal annexation. Territory transferred under this division need not be contiguous to the district to which it is transferred.

(2) Territory annexed prior to September 24, 1986, by a city served by an urban school district shall not be subject to transfer under this section if the district in which the territory is located is a party to an annexation agreement or becomes a party to such an agreement not later than ninety days after September 24, 1986. If the district does not become a party to an annexation agreement within the ninety-day period, transfer of territory shall be governed by division (C)(2) of this section. If the district subsequently becomes a party to an agreement, territory annexed prior to September 24, 1986, other than territory annexed under division (C)(2) of this section prior to the effective date of the agreement, shall not be subject to transfer under

this section.

(F) An urban school district may enter into a comprehensive agreement with one or more school districts under which transfers of territory annexed by the city served by the urban school district after September 24, 1986, shall be governed by the agreement. Such agreement must provide for the establishment of a cooperative education program under section 3313.842 of the Revised Code in which all the parties to the agreement are participants and must be approved by resolution of the majority of the members of each of the boards of education of the school districts that are parties to it. An agreement may provide for interdistrict payments based on local revenue growth resulting from development in any territory annexed by the city served by the urban school district.

An agreement entered into under this division may be altered, modified, or terminated only by agreement, by resolution approved by the majority of the members of each board of education, of all school districts that are parties to the agreement, except that with regard to any provision that affects only the urban school district and one of the other districts that is a party, that district and the urban district may modify or alter the agreement by resolution approved by the majority of the members of the board of that district and the urban district. Alterations, modifications, terminations, and extensions of an agreement entered into under this division do not require approval of the state board of education, but shall be filed with the board after approval and execution by the parties.

If an agreement provides for interdistrict payments, each party to the agreement, except any school district specifically exempted by the agreement, shall agree to make an annual payment to the urban school district with respect to any of its territory that is annexed territory in an amount not to exceed the amount certified for that year under former section 3317.029 of the Revised Code as that section existed prior to July 1, 1998; except that such limitation of annual payments to amounts certified under former section 3317.029 of the Revised Code does not apply to agreements or extensions of agreements entered into on or after June 1, 1992, unless such limitation is expressly agreed to by the parties. The agreement may provide that all or any part of the payment shall be waived if the urban school district receives its payment with respect to such annexed territory under former section 3317.029 of the Revised Code and that all or any part of such payment may be waived if the urban school district does not receive its payment with respect to such annexed territory under such section.

With respect to territory that is transferred to the urban school district after September 24, 1986, the agreement may provide for annual payments

by the urban school district to the school district whose territory is transferred to the urban school district subsequent to annexation by the city served by the urban school district.

(G) In the event territory is transferred from one school district to another under this section, an equitable division of the funds and indebtedness between the districts involved shall be made under the supervision of the state board of education and that board's decision shall be final. Such division shall not include funds payable to or received by a school district under Chapter 3317. of the Revised Code or payable to or received by a school district from the United States or any department or agency thereof. In the event such transferred territory includes real property owned by a school district, the state board of education, as part of such division of funds and indebtedness, shall determine the true value in money of such real property and all buildings or other improvements thereon. The board of education of the school district receiving such territory shall forthwith pay to the board of education of the school district losing such territory such true value in money of such real property, buildings, and improvements less such percentage of the true value in money of each school building located on such real property as is represented by the ratio of the total enrollment in day classes of the pupils residing in the territory transferred enrolled at such school building in the school year in which such annexation proceedings were commenced to the total enrollment in day classes of all pupils residing in the school district losing such territory enrolled at such school building in such school year. The school district receiving such payment shall place the proceeds thereof in its sinking fund or bond retirement fund.

(H) The state board of education, before approving such transfer of territory, shall determine that such payment has been made and shall apportion to the acquiring school district such percentage of the indebtedness of the school district losing the territory as is represented by the ratio that the assessed valuation of the territory transferred bears to the total assessed valuation of the entire school district losing the territory as of the effective date of the transfer, provided that in ascertaining the indebtedness of the school district losing the territory the state board of education shall disregard such percentage of the par value of the outstanding and unpaid bonds and notes of said school district issued for construction or improvement of the school building or buildings for which payment was made by the acquiring district as is equal to the percentage by which the true value in money of such building or buildings was reduced in fixing the amount of said payment.

(I) No transfer of school district territory or division of funds and indebtedness incident thereto, pursuant to the annexation of territory to a city or village shall be completed in any other manner than that prescribed by this section regardless of the date of the commencement of such annexation proceedings, and this section applies to all proceedings for such transfers and divisions of funds and indebtedness pending or commenced on or after October 2, 1959.

(J) Notwithstanding anything to the contrary in the Revised Code, including section 3311.24 of the Revised Code, and any annexation agreement or any other agreement, beginning on the effective date of this amendment until October 1, 2021, no school district that is a party to an annexation agreement shall transfer territory that is or will be used for nonresidential purposes to another school district that is a party to the annexation agreement without the approval of the boards of education of each of the school districts after the effective date of this amendment, unless the school district territory of one of those boards of education overlaps with a new community authority created prior to January 1, 1993, under Chapter 349. of the Revised Code.

Sec. 3311.27. The board of education of a surviving school district, as that term is defined in section 5748.10 of the Revised Code, shall notify the tax commissioner as and in the manner required by that section.

Sec. 3311.751. Notwithstanding division (F) of section 5705.10 of the Revised Code, if a municipal school district board of education sells real property that it owns in its corporate capacity, moneys received from the sale may be paid into the general fund of the district, as long as all of the following conditions are satisfied:

(A) The district has owned the real property for at least ten years.

(B) The real property and any improvements to that real property were not acquired with the proceeds of public obligations, as defined in section 133.01 of the Revised Code, of the district that are outstanding at the time of the sale.

(C) The deposit of those moneys in that manner is not prohibited by any agreements the district board has entered into with the Ohio ~~school~~ facilities construction commission.

Sec. 3311.86. (A) As used in this section:

(1) "Alliance" means a municipal school district transformation alliance established as a nonprofit corporation.

(2) "Alliance municipal school district" means a municipal school district for which an alliance has been created under this section.

(3) "Partnering community school" means a community school

established under Chapter 3314. of the Revised Code that is located within the territory of a municipal school district and that either is sponsored by the district or is a party to an agreement with the district whereby the district and the community school endorse each other's programs.

(4) "Transformation alliance education plan" means a plan prepared by the mayor, and confirmed by the alliance, to transform public education in the alliance municipal school district to a system of municipal school district schools and partnering community schools that will be held to the highest standards of school performance and student achievement.

(B) If one or more partnering community schools are located in a municipal school district, the mayor may initiate proceedings to establish a municipal school district transformation alliance as a nonprofit corporation under Chapter 1702. of the Revised Code. The mayor shall have sole authority to appoint the directors of any alliance created under this section. The directors of the alliance shall include representatives of all of the following:

- (1) The municipal school district;
- (2) Partnering community schools;
- (3) Members of the community at large, including parents and educators;
- (4) The business community, including business leaders and foundation leaders.

No one group listed in divisions (B)(1) to (4) of this section shall comprise a majority of the directors. The mayor shall be an ex officio director, and serve as the chairperson of the board of directors, of any alliance created under this section. If the proceedings are initiated, the mayor shall identify the directors in the articles of incorporation filed under section 1702.04 of the Revised Code.

(C)(1) A majority of the members of the board of directors of the alliance shall constitute a quorum of the board. Any formal action taken by the board of directors shall take place at a meeting of the board and shall require the concurrence of a majority of the members of the board. Meetings of the board of directors shall be public meetings open to the public at all times, except that the board and its committees and subcommittees may hold an executive session, as if it were a public body with public employees, for any of the purposes for which an executive session of a public body is permitted under division (G) of section 121.22 of the Revised Code, notwithstanding that the alliance is not a public body as defined in that section, and its employees are not public employees as provided in division (F) of this section. The board of directors shall establish reasonable methods

whereby any person may determine the time and place of all of the board's public meetings and by which any person, upon request, may obtain reasonable advance notification of the board's public meetings. Provisions for that advance notification may include, but are not limited to, mailing notices to all subscribers on a mailing list or mailing notices in self-addressed, stamped envelopes provided by the person.

(2) All records of the alliance shall be organized and maintained by the alliance and also filed with the department of education. The alliance and the department shall make those records available to the public as though those records were public records for purposes of Chapter 149. of the Revised Code. The department shall promptly notify the alliance upon the department's receipt of any requests for records relating to the alliance pursuant to section 149.43 of the Revised Code.

(3) The board of directors of the alliance shall establish a conflicts of interest policy and shall adopt that policy, and any amendments to the policy, at a meeting of the board held in accordance with this section.

(D)(1) If an alliance is created under this section, the alliance shall do all of the following:

(a) Report annually on the performance of all municipal school district schools and all community schools established under Chapter 3314. of the Revised Code and located in the district, using the criteria adopted under division (B) of section 3311.87 of the Revised Code;

(b) Confirm and monitor implementation of the transformation alliance education plan;

(c) Suggest national education models for and provide input in the development of new municipal school district schools and partnering community schools.

(2) If an alliance is created under this section, the department of education may request alliance comment, or the alliance independently may offer comment to the department, on the granting, renewal, or extension of an agreement with a sponsor of community schools under section 3314.015 of the Revised Code when the sponsor has existing agreements with a community school located in an alliance municipal school district. If the alliance makes comments, those comments shall be considered by the department prior to making its decision whether to grant, renew, or extend the agreement.

For purposes of division (D)(2) of this section, comments by the alliance shall be based on the criteria established under division (A) of section 3311.87 of the Revised Code.

(E) Divisions (E)(1) to (3) of this section apply to each community

school sponsor that is subject to approval by the department under section 3314.015 of the Revised Code whose approval under that section is granted, renewed, or extended on or after October 1, 2012. Divisions (E)(1) to (3) of this section do not apply to a sponsor that has been approved by the department prior to that date, until the sponsor's approval is renewed, granted anew, or extended on or after that date.

(1) Before a sponsor to which this section applies may sponsor new community schools in an alliance municipal school district, the sponsor shall request recommendation from the alliance to sponsor community schools in the district.

(2) The alliance shall review the sponsor's request and shall make a recommendation to the department based on the standards for sponsors developed under division (A)(2) of section 3311.87 of the Revised Code.

(3) The department shall use the standards developed under division (A)(2) of section 3311.87 of the Revised Code, in addition to any other requirements of the Revised Code, to review a sponsor's request and make a final determination, on recommendation of the alliance, of whether the sponsor may sponsor new community schools in the alliance municipal school district.

No sponsor shall be required to receive authorization to sponsor new community schools under division (E)(3) of this section more than one time.

(F) Directors, officers, and employees of an alliance are not public employees or public officials, are not subject to Chapters 124., 145., and 4117. of the Revised Code, and are not "public officials" or "public servants" as defined in section 2921.01 of the Revised Code. Membership on the board of directors of an alliance does not constitute the holding of an incompatible public office or employment in violation of any statutory or common law prohibition against the simultaneous holding of more than one public office or employment. Members of the board of directors of an alliance are not disqualified from holding any public office by reason of that membership, and do not forfeit by reason of that membership the public office or employment held when appointed to the board, notwithstanding any contrary disqualification or forfeiture requirement under the Revised Code or the common law of this state.

~~(G) The authority to establish an alliance under this section expires on January 1, 2018. Any alliance established under this section is terminated, and any related authority granted to the alliance under this section expires on that date.~~

Sec. 3313.372. (A) As used in this section, "energy conservation measure" means an installation or modification of an installation in, or

remodeling of, a building, to reduce energy consumption. It includes:

- (1) Insulation of the building structure and systems within the building;
- (2) Storm windows and doors, multiglazed windows and doors, heat absorbing or heat reflective glazed and coated window and door systems, additional glazing, reductions in glass area, and other window and door system modifications that reduce energy consumption;
- (3) Automatic energy control systems;
- (4) Heating, ventilating, or air conditioning system modifications or replacements;
- (5) Caulking and weatherstripping;
- (6) Replacement or modification of lighting fixtures to increase the energy efficiency of the system without increasing the overall illumination of a facility, unless such increase in illumination is necessary to conform to the applicable state or local building code for the proposed lighting system;
- (7) Energy recovery systems;
- (8) Cogeneration systems that produce steam or forms of energy such as heat, as well as electricity, for use primarily within a building or complex of buildings;
- (9) Any other modification, installation, or remodeling approved by the Ohio ~~school~~ facilities construction commission as an energy conservation measure.

(B) A board of education of a city, exempted village, local, or joint vocational school district may enter into an installment payment contract for the purchase and installation of energy conservation measures. The provisions of such installment payment contracts dealing with interest charges and financing terms shall not be subject to the competitive bidding requirements of section 3313.46 of the Revised Code, and shall be on the following terms:

- (1) Not less than one-fifteenth of the costs thereof shall be paid within two years from the date of purchase.
- (2) The remaining balance of the costs thereof shall be paid within fifteen years from the date of purchase.

The provisions of any installment payment contract entered into pursuant to this section shall provide that all payments, except payments for repairs and obligations on termination of the contract prior to its expiration, shall not exceed the calculated energy, water, or waste water cost savings, avoided operating costs, and avoided capital costs attributable to the one or more measures over a defined period of time. Those payments shall be made only to the extent that the savings described in this division actually occur. The energy services company shall warrant and guarantee that the energy

conservation measures shall realize guaranteed savings and shall be responsible to pay an amount equal to any savings shortfall.

An installment payment contract entered into by a board of education under this section shall require the board to contract in accordance with division (A) of section 3313.46 of the Revised Code for the installation, modification, or remodeling of energy conservation measures unless division (A) of section 3313.46 of the Revised Code does not apply pursuant to division (B)(3) of that section, in which case the contract shall be awarded through a competitive selection process pursuant to rules adopted by the ~~school~~ facilities construction commission.

An installment payment contract entered into by a board of education under this section may include services for measurement and verification of energy savings associated with the guarantee. The annual cost of measurement and verification services shall not exceed ten per cent of the guaranteed savings in any year of the installment payment contract.

(C) If a board of education determines that a surety bond is necessary to secure energy, water, or waste water cost savings guaranteed in a contract entered into by the board of education under this section, the energy services company shall provide a surety bond that satisfies all of the following requirements:

(1) The penal sum of the surety bond for the first guarantee year shall equal the amount of savings included in the annual guaranteed savings amount that is measured and calculated in accordance with the measurement and verification plan included in the contract, but may not include guaranteed savings that are not measured or that are stipulated in the contract. The annual guaranteed savings amount shall include only the savings guaranteed in the contract for the one-year term that begins on the first day of the first savings guarantee year and may not include amounts from subsequent years.

(2) The surety bond shall have a term of not more than one year unless renewed. At the option of the board of education, the surety bond may be renewed for one or two additional terms, each term not to exceed one year. The surety bond may not be renewed or extended so that it is in effect for more than three consecutive years.

In the event of a renewal, the penal sum of the surety bond for each renewed year shall be revised so that the penal sum equals the annual guaranteed savings amount for such renewal year that is measured and calculated in accordance with the measurement and verification plan included in the contract, but may not include guaranteed savings that are not measured or that are stipulated in the contract. Regardless of the number of

renewals of the bond, the aggregate liability under each renewed bond may not exceed the penal sum stated in the renewal certificate for the applicable renewal year.

(3) The surety bond for the first year shall be issued within thirty days of the commencement of the first savings guarantee year under the contract.

In the event of renewal, the surety shall deliver to the board of education a renewal certificate reflecting the revised penal sum within thirty days of the board of education's request. The board of education shall deliver the request for renewal not less than thirty days prior to the expiration date of the surety bond then in existence. A surety bond furnished pursuant to section 153.54 of the Revised Code shall not secure obligations related to energy, water, or waste water cost savings as referenced in division (C) of this section.

(D) The board may issue the notes of the school district signed by the president and the treasurer of the board and specifying the terms of the purchase and securing the deferred payments provided in this section, payable at the times provided and bearing interest at a rate not exceeding the rate determined as provided in section 9.95 of the Revised Code. The notes may contain an option for prepayment and shall not be subject to Chapter 133. of the Revised Code. In the resolution authorizing the notes, the board may provide, without the vote of the electors of the district, for annually levying and collecting taxes in amounts sufficient to pay the interest on and retire the notes, except that the total net indebtedness of the district without a vote of the electors incurred under this and all other sections of the Revised Code, except section 3318.052 of the Revised Code, shall not exceed one per cent of the district's tax valuation. Revenues derived from local taxes or otherwise, for the purpose of conserving energy or for defraying the current operating expenses of the district, may be applied to the payment of interest and the retirement of such notes. The notes may be sold at private sale or given to the energy services company under the installment payment contract authorized by division (B) of this section.

(E) Debt incurred under this section shall not be included in the calculation of the net indebtedness of a school district under section 133.06 of the Revised Code.

(F) No school district board shall enter into an installment payment contract under division (B) of this section unless it first obtains a report of the costs of the energy conservation measures and the savings thereof as described under division (G)(1) of section 133.06 of the Revised Code as a requirement for issuing energy securities, makes a finding that the amount spent on such measures is not likely to exceed the amount of money it

would save in energy costs and resultant operational and maintenance costs as described in that division, except that that finding shall cover the ensuing fifteen years, and the ~~school~~ facilities construction commission determines that the district board's findings are reasonable and approves the contract as described in that division.

The district board shall monitor the savings and maintain a report of those savings, which shall be submitted to the commission in the same manner as required by division (G) of section 133.06 of the Revised Code in the case of energy securities.

Sec. 3313.411. (A) As used in this section:

(1) "College-preparatory boarding school" means a college-preparatory boarding school established under Chapter 3328. of the Revised Code.

(2) "Community school" means a community school established under Chapter 3314. of the Revised Code.

(3) "High-performing community school" has the same meaning as in section 3313.413 of the Revised Code.

(4) "STEM school" means a science, technology, engineering, and mathematics school established under Chapter 3326. of the Revised Code.

(5) "Unused school facilities" means any real property that has been used by a school district for school operations, including, but not limited to, academic instruction or administration, since July 1, 1998, but has not been used in that capacity for two years.

(B)(1) Except as provided in section 3313.412 of the Revised Code, on and after June 30, 2011, any school district board of education shall offer any unused school facilities it owns in its corporate capacity for lease or sale to the governing authorities of community schools, ~~and the board~~ boards of trustees of any college-preparatory boarding ~~school~~ schools, and the governing bodies of any STEM schools, that are located within the territory of the district. Not later than sixty days after the district board makes the offer, interested governing authorities ~~and~~ boards of trustees, and governing bodies shall notify the district treasurer in writing of the intention to lease or purchase the property.

The district board shall give priority to the governing authorities of high-performing community schools that are located within the territory of the district.

(2) At the same time that a district board makes the offer required under division (B)(1) of this section, the board also may, but shall not be required to, offer that property for sale or lease to the governing authorities of community schools with plans, stipulated in their contracts entered into under section 3314.03 of the Revised Code, either to relocate their

operations to the territory of the district or to add facilities, as authorized by division (B)(3) or (4) of section 3314.05 of the Revised Code, to be located within the territory of the district.

(C)(1) If, not later than sixty days after the district board makes the offer, only one governing authority of a high-performing community school offered the property under division (B) of this section notifies the district treasurer in writing of the intention to purchase the property pursuant to that division, the district board shall sell the property to that party for the appraised fair market value of the property as determined in an appraisal of the property that is not more than one year old.

If, not later than sixty days after the district board makes the offer, more than one governing authority of a high-performing community school offered the property under division (B) of this section notifies the district treasurer in writing of the intention to purchase the property pursuant to that division, the board shall conduct a public auction in the manner required for auctions of district property under division (A) of section 3313.41 of the Revised Code. Only the governing authorities of high-performing community schools that notified the district treasurer of the intention to purchase the property pursuant to division (B) of this section are eligible to bid at the auction. The district board is not obligated to accept any bid for the property that is lower than the appraised fair market value of the property as determined in an appraisal that is not more than one year old.

(2) If, not later than sixty days after the district board makes the offer, no governing authority of a high-performing community school notifies the district treasurer of its intention to purchase the property pursuant to division (B) of this section, the board shall then proceed with the offers from all other start-up community schools ~~and~~ college-preparatory boarding schools, and STEM schools made pursuant to that division.

If more than one such entity notifies the district treasurer of its intention to purchase the property pursuant to division (B) of this section, the board shall conduct a public auction in the manner required for auctions of district property under division (A) of section 3313.41 of the Revised Code. Only the entities that notified the district treasurer pursuant to division (B) of this section are eligible to bid at the auction.

(3) If more than one governing authority of a high-performing community school notifies the district treasurer in writing of the intention to lease the property pursuant to division (B) of this section, the district board shall conduct a lottery to select from among those governing authorities the one qualified governing authority to which the district board shall lease the property.

If no such governing authority of a high-performing community school notifies the district treasurer of its intention to lease the property pursuant to division (B) of this section, the board shall then proceed with the offers from all other start-up community schools ~~and~~, college-preparatory boarding schools, and STEM schools made pursuant to that division. If more than one other start-up community school ~~or~~, college-preparatory boarding school, or STEM school notified the district treasurer of its intention to lease the property pursuant to division (B) of this section, the district board shall conduct a lottery to select from among those parties the one qualified party to which the district board shall lease the property.

(4) The lease price offered by a district board to a community school ~~or~~, college-preparatory boarding school, or STEM school under this section shall not be higher than the fair market value for such a leasehold as determined in an appraisal that is not more than one year old.

(5) If no qualified party offered the property under division (B) of this section accepts the offer to lease or buy the property within sixty days after the offer is made, the district board may offer the property to any other entity in accordance with divisions (A) to (F) of section 3313.41 of the Revised Code.

(D) Notwithstanding division (B) of this section, a school district board may renew any agreement it originally entered into prior to June 30, 2011, to lease real property to an entity other than a community school ~~or~~, college-preparatory boarding school, or STEM school. Nothing in this section shall affect the leasehold arrangements between the district board and that other entity.

(E)(1) Except as provided in division (E)(2) of this section, the governing authority of a community school ~~or the~~, board of trustees of a college-preparatory boarding school, or governing body of a STEM school shall not sell any property purchased under division (B) of this section within five years of purchasing that property.

(2) The governing authority ~~or~~, board of trustees, or governing body may sell a property purchased under division (B) of this section within five years of the purchase, only if the governing authority ~~or~~, board of trustees, or governing body sells or transfers that property to another entity described in that division.

Sec. 3313.413. (A) As used in this section, "high-performing community school" means either of the following:

(1) A community school established under Chapter 3314. of the Revised Code that meets the following conditions:

(a) Except as provided in division (A)(1)(b) or (c) of this section, the

school both:

(i) Has received a grade of "A," "B," or "C" for the performance index score under division (C)(1)(b) of section 3302.03 of the Revised Code or has increased its performance index score under division (C)(1)(b) of section 3302.03 of the Revised Code in each of the previous three years of operation; and

(ii) Has received a grade of "A" or "B" for the value-added progress dimension under division (C)(1)(e) of section 3302.03 of the Revised Code on its most recent report card rating issued under that section.

(b) If the school serves only grades kindergarten through three, the school received a grade of "A" or "B" for making progress in improving literacy in grades kindergarten through three under division (C)(1)(g) of section 3302.03 of the Revised Code on its most recent report card issued under that section.

(c) If the school primarily serves students enrolled in a dropout prevention and recovery program as described in division (A)(4)(a) of section 3314.35 of the Revised Code, the school received a rating of "exceeds standards" on its most recent report card issued under section 3314.017 of the Revised Code.

(2) A newly established community school that is implementing a community school model that has a track record of high-quality academic performance, as determined by the department of education.

(B) When a school district board of education decides to dispose of real property it owns in its corporate capacity under section 3313.41 of the Revised Code, the board shall first offer that property to the governing authorities of all start-up community schools ~~and~~ the boards of trustees of any college-preparatory boarding ~~school~~ schools, and the governing bodies of any STEM schools that are located within the territory of the district. Not later than sixty days after the district board makes the offer, interested governing authorities ~~and~~ boards of trustees, and governing bodies shall notify the district treasurer in writing of the intention to purchase the property.

The district board shall give priority to the governing authorities of high-performing community schools that are located within the territory of the district.

(1) If more than one governing authority of a high-performing community school notifies the district treasurer of its intention to purchase the property pursuant to division (B) of this section, the board shall conduct a public auction in the manner required for auctions of district property under division (A) of section 3313.41 of the Revised Code. Only the

governing authorities of high-performing community schools that notified the district treasurer pursuant to division (B) of this section are eligible to bid at the auction.

(2) If no governing authority of a high-performing community school notifies the district treasurer of its intention to purchase the property pursuant to division (B) of this section, the board shall then proceed with the offers from all other start-up community schools ~~and~~, college-preparatory boarding schools, and STEM schools made pursuant to that division. If more than one such entity notifies the district treasurer of its intention to purchase the property pursuant to division (B) of this section, the board shall conduct a public auction in the manner required for auctions of district property under division (A) of section 3313.41 of the Revised Code. Only the entities that notified the district treasurer pursuant to division (B) of this section are eligible to bid at the auction.

(3) If no governing authority ~~or~~, board of trustees, or governing body notifies the district treasurer of its intention to purchase the property pursuant to division (B) of this section, the district may then offer the property for sale in the manner prescribed under divisions (A) to (F) of section 3313.41 of the Revised Code.

(C) Notwithstanding anything to the contrary in sections 3313.41 and 3313.411 of the Revised Code, the purchase price of any real property sold to any of the entities in accordance with division (B) of this section shall not be more than the appraised fair market value of that property as determined in an appraisal of the property that is not more than one year old.

(D) Not later than the first day of October of each year, the department of education shall post in a prominent location on its web site a list of schools that qualify as high-performing community schools for purposes of this section and section 3313.411 of the Revised Code.

Sec. 3313.46. (A) In addition to any other law governing the bidding for contracts by the board of education of any school district, when any such board determines to build, repair, enlarge, improve, or demolish any school building, the cost of which will exceed fifty thousand dollars, except in cases of urgent necessity, or for the security and protection of school property, and except as otherwise provided in division (D) of section 713.23 and in section 125.04 of the Revised Code, all of the following shall apply:

(1) The board shall cause to be prepared the plans, specifications, and related information as required in divisions (A)(1), (2), and (3) of section 153.01 of the Revised Code unless the board determines that other information is sufficient to inform any bidders of the board's requirements. However, if the board determines that such other information is sufficient

for bidding a project, the board shall not engage in the construction of any such project involving the practice of professional engineering, professional surveying, or architecture, for which plans, specifications, and estimates have not been made by, and the construction thereof inspected by, a licensed professional engineer, licensed professional surveyor, or registered architect.

(2) The board shall advertise for bids once each week for a period of not less than two consecutive weeks, or as provided in section 7.16 of the Revised Code, in a newspaper of general circulation in the district before the date specified by the board for receiving bids. The board may also cause notice to be inserted in trade papers or other publications designated by it or to be distributed by electronic means, including posting the notice on the board's internet web site. If the board posts the notice on its web site, it may eliminate the second notice otherwise required to be published in a newspaper of general circulation within the school district, provided that the first notice published in such newspaper meets all of the following requirements:

(a) It is published at least two weeks before the opening of bids.

(b) It includes a statement that the notice is posted on the board of education's internet web site.

(c) It includes the internet address of the board's internet web site.

(d) It includes instructions describing how the notice may be accessed on the board's internet web site.

(3) Unless the board extends the time for the opening of bids they shall be opened at the time and place specified by the board in the advertisement for the bids.

(4) Each bid shall contain the name of every person interested therein. Each bid shall meet the requirements of section 153.54 of the Revised Code.

(5) When both labor and materials are embraced in the work bid for, the board may require that each be separately stated in the bid, with the price thereof, or may require that bids be submitted without such separation.

(6) None but the lowest responsible bid shall be accepted. The board may reject all the bids, or accept any bid for both labor and material for such improvement or repair, which is the lowest in the aggregate. In all other respects, the award of contracts for improvement or repair, but not for purchases made under section 3327.08 of the Revised Code, shall be pursuant to section 153.12 of the Revised Code.

(7) The contract shall be between the board and the bidders. The board shall pay the contract price for the work pursuant to sections 153.13 and 153.14 of the Revised Code. The board shall approve and retain the estimates referred to in section 153.13 of the Revised Code and make them

available to the auditor of state upon request.

(8) When two or more bids are equal, in the whole, or in any part thereof, and are lower than any others, either may be accepted, but in no case shall the work be divided between such bidders.

(9) When there is reason to believe there is collusion or combination among the bidders, or any number of them, the bids of those concerned therein shall be rejected.

(B) Division (A) of this section does not apply to the board of education of any school district in any of the following situations:

(1) The acquisition of educational materials used in teaching.

(2) If the board determines and declares by resolution adopted by two-thirds of all its members that any item is available and can be acquired only from a single source.

(3) If the board declares by resolution adopted by two-thirds of all its members that division (A) of this section does not apply to any installation, modification, or remodeling involved in any energy conservation measure undertaken through an installment payment contract under section 3313.372 of the Revised Code or undertaken pursuant to division (G)(1) of section 133.06 of the Revised Code.

(4) The acquisition of computer software for instructional purposes and computer hardware for instructional purposes pursuant to division (B)(4) of section 3313.37 of the Revised Code.

(C) No resolution adopted pursuant to division (B)(2) or (3) of this section shall have any effect on whether sections 153.12 to 153.14 and 153.54 of the Revised Code apply to the board of education of any school district with regard to any item.

Any student from a country or province outside the United States, who attends an elementary or secondary school in this state that began operating a dormitory on its campus prior to 2014, shall be permitted to participate in interscholastic athletics at that school on the same basis as students who are residents of this state, so long as the student holds

an F-1 visa issued by the United States department of state. Such a student shall not be denied the opportunity to participate in interscholastic athletics solely because the student's parents do not reside in this state.

No school district, school, interscholastic conference, or organization that regulates interscholastic conferences or events shall have a rule, bylaw, or other regulation that conflicts with this section.

In developing the curriculum required by this paragraph, schools shall use

Ohioans must be prepared to apply increased knowledge and skills in the workplace and to adapt their knowledge and skills quickly to meet the rapidly changing conditions of the twenty-first century. National studies indicate that all high school graduates need the same academic foundation, regardless of the opportunities they pursue after graduation. The goal of Ohio's system of elementary and secondary education is to prepare all students for and seamlessly connect all students to success in life beyond high school graduation, regardless of whether the next step is entering the workforce, beginning an apprenticeship, engaging in post-secondary training, serving in the military, or pursuing a college degree.

The requirements for graduation prescribed in division (C) of this section are the standard expectation for all students entering ninth grade for the first time at a public or chartered nonpublic high school on or after July 1, 2010. A student may satisfy this expectation through a variety of methods, including, but not limited to, integrated, applied, career-technical, and traditional coursework.

Whereas teacher quality is essential for student success when completing the requirements for graduation, the general assembly shall appropriate funds for strategic initiatives designed to strengthen schools' capacities to hire and retain highly qualified teachers in the subject areas required by the curriculum. Such initiatives are expected to require an investment of \$120,000,000 over five years.

Stronger coordination between high schools and institutions of higher education is necessary to prepare students for more challenging academic endeavors and to lessen the need for academic remediation in college, thereby reducing the costs of higher education for Ohio's students, families,

and the state. The state board and the chancellor of higher education shall develop policies to ensure that only in rare instances will students who complete the requirements for graduation prescribed in division (C) of this section require academic remediation after high school.

School districts, community schools, and chartered nonpublic schools shall integrate technology into learning experiences across the curriculum in order to maximize efficiency, enhance learning, and prepare students for success in the technology-driven twenty-first century. Districts and schools shall use distance and web-based course delivery as a method of providing or augmenting all instruction required under this division, including laboratory experience in science. Districts and schools shall utilize technology access and electronic learning opportunities provided by the broadcast educational media commission, chancellor, the Ohio learning network, education technology centers, public television stations, and other public and private providers.

(D) Except as provided in division (E) of this section, a student who enters ninth grade on or after July 1, 2010, and before July 1, 2016, may qualify for graduation from a public or chartered nonpublic high school even though the student has not completed the requirements for graduation prescribed in division (C) of this section if all of the following conditions are satisfied:

(1) During the student's third year of attending high school, as determined by the school, the student and the student's parent, guardian, or custodian sign and file with the school a written statement asserting the parent's, guardian's, or custodian's consent to the student's graduating without completing the requirements for graduation prescribed in division (C) of this section and acknowledging that one consequence of not completing those requirements is ineligibility to enroll in most state universities in Ohio without further coursework.

(2) The student and parent, guardian, or custodian fulfill any procedural requirements the school stipulates to ensure the student's and parent's, guardian's, or custodian's informed consent and to facilitate orderly filing of statements under division (D)(1) of this section. Annually, each district or school shall notify the department of the number of students who choose to qualify for graduation under division (D) of this section and the number of students who complete the student's success plan and graduate from high school.

(3) The student and the student's parent, guardian, or custodian and a representative of the student's high school jointly develop a student success plan for the student in the manner described in division (C)(1) of section

3313.6020 of the Revised Code that specifies the student matriculating to a two-year degree program, acquiring a business and industry-recognized credential, or entering an apprenticeship.

(4) The student's high school provides counseling and support for the student related to the plan developed under division (D)(3) of this section during the remainder of the student's high school experience.

(5)(a) Except as provided in division (D)(5)(b) of this section, the student successfully completes, at a minimum, the curriculum prescribed in division (B) of this section.

(b) Beginning with students who enter ninth grade for the first time on or after July 1, 2014, a student shall be required to complete successfully, at the minimum, the curriculum prescribed in division (B) of this section, except as follows:

(i) Mathematics, four units, one unit which shall be one of the following:

(I) Probability and statistics;

(II) Computer programming;

(III) Applied mathematics or quantitative reasoning;

(IV) Any other course approved by the department using standards established by the superintendent not later than October 1, 2014.

(ii) Elective units, five units;

(iii) Science, three units as prescribed by division (B) of this section which shall include inquiry-based laboratory experience that engages students in asking valid scientific questions and gathering and analyzing information.

The department, in collaboration with the chancellor, shall analyze student performance data to determine if there are mitigating factors that warrant extending the exception permitted by division (D) of this section to high school classes beyond those entering ninth grade before July 1, 2016. The department shall submit its findings and any recommendations not later than December 1, 2015, to the speaker and minority leader of the house of representatives, the president and minority leader of the senate, the chairpersons and ranking minority members of the standing committees of the house of representatives and the senate that consider education legislation, the state board of education, and the superintendent of public instruction.

(E) Each school district and chartered nonpublic school retains the authority to require an even more challenging minimum curriculum for high school graduation than specified in division (B) or (C) of this section. A school district board of education, through the adoption of a resolution, or

the governing authority of a chartered nonpublic school may stipulate any of the following:

(1) A minimum high school curriculum that requires more than twenty units of academic credit to graduate;

(2) An exception to the district's or school's minimum high school curriculum that is comparable to the exception provided in division (D) of this section but with additional requirements, which may include a requirement that the student successfully complete more than the minimum curriculum prescribed in division (B) of this section;

(3) That no exception comparable to that provided in division (D) of this section is available.

(F) A student enrolled in a dropout prevention and recovery program, which program has received a waiver from the department, may qualify for graduation from high school by successfully completing a competency-based instructional program administered by the dropout prevention and recovery program in lieu of completing the requirements for graduation prescribed in division (C) of this section. The department shall grant a waiver to a dropout prevention and recovery program, within sixty days after the program applies for the waiver, if the program meets all of the following conditions:

(1) The program serves only students not younger than sixteen years of age and not older than twenty-one years of age.

(2) The program enrolls students who, at the time of their initial enrollment, either, or both, are at least one grade level behind their cohort age groups or experience crises that significantly interfere with their academic progress such that they are prevented from continuing their traditional programs.

(3) The program requires students to attain at least the applicable score designated for each of the assessments prescribed under division (B)(1) of section 3301.0710 of the Revised Code or, to the extent prescribed by rule of the state board under division (D)(5) of section 3301.0712 of the Revised Code, division (B)(2) of that section.

(4) The program develops a student success plan for the student in the manner described in division (C)(1) of section 3313.6020 of the Revised Code that specifies the student's matriculating to a two-year degree program, acquiring a business and industry-recognized credential, or entering an apprenticeship.

(5) The program provides counseling and support for the student related to the plan developed under division (F)(4) of this section during the remainder of the student's high school experience.

(6) The program requires the student and the student's parent, guardian, or custodian to sign and file, in accordance with procedural requirements stipulated by the program, a written statement asserting the parent's, guardian's, or custodian's consent to the student's graduating without completing the requirements for graduation prescribed in division (C) of this section and acknowledging that one consequence of not completing those requirements is ineligibility to enroll in most state universities in Ohio without further coursework.

(7) Prior to receiving the waiver, the program has submitted to the department an instructional plan that demonstrates how the academic content standards adopted by the state board under section 3301.079 of the Revised Code will be taught and assessed.

(8) Prior to receiving the waiver, the program has submitted to the department a policy on career advising that satisfies the requirements of section 3313.6020 of the Revised Code, with an emphasis on how every student will receive career advising.

(9) Prior to receiving the waiver, the program has submitted to the department a written agreement outlining the future cooperation between the program and any combination of local job training, postsecondary education, nonprofit, and health and social service organizations to provide services for students in the program and their families.

Divisions (F)(8) and (9) of this section apply only to waivers granted on or after July 1, 2015.

If the department does not act either to grant the waiver or to reject the program application for the waiver within sixty days as required under this section, the waiver shall be considered to be granted.

(G) Every high school may permit students below the ninth grade to take advanced work. If a high school so permits, it shall award high school credit for successful completion of the advanced work and shall count such advanced work toward the graduation requirements of division (B) or (C) of this section if the advanced work was both:

(1) Taught by a person who possesses a license or certificate issued under section 3301.071, 3319.22, or 3319.222 of the Revised Code that is valid for teaching high school;

(2) Designated by the board of education of the city, local, or exempted village school district, the board of the cooperative education school district, or the governing authority of the chartered nonpublic school as meeting the high school curriculum requirements.

Each high school shall record on the student's high school transcript all high school credit awarded under division (G) of this section. In addition, if

the student completed a seventh- or eighth-grade fine arts course described in division (K) of this section and the course qualified for high school credit under that division, the high school shall record that course on the student's high school transcript.

(H) The department shall make its individual academic career plan available through its Ohio career information system web site for districts and schools to use as a tool for communicating with and providing guidance to students and families in selecting high school courses.

(I) A school district or chartered nonpublic school may integrate academic content in a subject area for which the state board has adopted standards under section 3301.079 of the Revised Code into a course in a different subject area, including a career-technical education course, in accordance with guidance for integrated coursework developed by the department. Upon successful completion of an integrated course, a student may receive credit for both subject areas that were integrated into the course. Units earned ~~in English language arts, mathematics, science, and social studies that are~~ for subject area content delivered through integrated academic and career-technical instruction are eligible to meet the graduation requirements of division (B) or (C) of this section.

For purposes of meeting graduation requirements, if an end-of-course examination has been prescribed under section 3301.0712 of the Revised Code for the subject area delivered through integrated instruction, the school district or school may administer the related subject area examinations upon the student's completion of the integrated course.

Nothing in division (I) of this section shall be construed to excuse any school district, chartered nonpublic school, or student from any requirement in the Revised Code related to curriculum, assessments, or the awarding of a high school diploma.

(J)(1) The state board, in consultation with the chancellor, shall adopt a statewide plan implementing methods for students to earn units of high school credit based on a demonstration of subject area competency, instead of or in combination with completing hours of classroom instruction. The state board shall adopt the plan not later than March 31, 2009, and commence phasing in the plan during the 2009-2010 school year. The plan shall include a standard method for recording demonstrated proficiency on high school transcripts. Each school district and community school shall comply with the state board's plan adopted under this division and award units of high school credit in accordance with the plan. The state board may adopt existing methods for earning high school credit based on a demonstration of subject area competency as necessary prior to the

2009-2010 school year.

(2) Not later than December 31, 2015, the state board shall update the statewide plan adopted pursuant to division (J)(1) of this section to also include methods for students enrolled in seventh and eighth grade to meet curriculum requirements based on a demonstration of subject area competency, instead of or in combination with completing hours of classroom instruction. Beginning with the 2017-2018 school year, each school district and community school also shall comply with the updated plan adopted pursuant to this division and permit students enrolled in seventh and eighth grade to meet curriculum requirements based on subject area competency in accordance with the plan.

(3) Not later than December 31, 2017, the department shall develop a framework for school districts and community schools to use in granting units of high school credit to students who demonstrate subject area competency through work-based learning experiences, internships, or cooperative education. Beginning with the 2018-2019 school year, each district and community school shall comply with the framework. Each district and community school also shall review any policy it has adopted regarding the demonstration of subject area competency to identify ways to incorporate work-based learning experiences, internships, and cooperative education into the policy in order to increase student engagement and opportunities to earn units of high school credit.

(K) This division does not apply to students who qualify for graduation from high school under division (D) or (F) of this section, or to students pursuing a career-technical instructional track as determined by the school district board of education or the chartered nonpublic school's governing authority. Nevertheless, the general assembly encourages such students to consider enrolling in a fine arts course as an elective.

Beginning with students who enter ninth grade for the first time on or after July 1, 2010, each student enrolled in a public or chartered nonpublic high school shall complete two semesters or the equivalent of fine arts to graduate from high school. The coursework may be completed in any of grades seven to twelve. Each student who completes a fine arts course in grade seven or eight may elect to count that course toward the five units of electives required for graduation under division (C)(8) of this section, if the course satisfied the requirements of division (G) of this section. In that case, the high school shall award the student high school credit for the course and count the course toward the five units required under division (C)(8) of this section. If the course in grade seven or eight did not satisfy the requirements of division (G) of this section, the high school shall not award the student

high school credit for the course but shall count the course toward the two semesters or the equivalent of fine arts required by this division.

(L) Notwithstanding anything to the contrary in this section, the board of education of each school district and the governing authority of each chartered nonpublic school may adopt a policy to excuse from the high school physical education requirement each student who, during high school, has participated in interscholastic athletics, marching band, or cheerleading for at least two full seasons or in the junior reserve officer training corps for at least two full school years. If the board or authority adopts such a policy, the board or authority shall not require the student to complete any physical education course as a condition to graduate. However, the student shall be required to complete one-half unit, consisting of at least sixty hours of instruction, in another course of study. In the case of a student who has participated in the junior reserve officer training corps for at least two full school years, credit received for that participation may be used to satisfy the requirement to complete one-half unit in another course of study.

(M) It is important that high school students learn and understand United States history and the governments of both the United States and the state of Ohio. Therefore, beginning with students who enter ninth grade for the first time on or after July 1, 2012, the study of American history and American government required by divisions (B)(6) and (C)(6) of this section shall include the study of all of the following documents:

- (1) The Declaration of Independence;

The board shall update the policy annually. The policy shall include, but not be limited to, all of the following:

The policy shall include any prevention/intervention services required under sections 3301.0711, 3301.0715, and 3313.608 of the Revised Code.

(B) In accordance with the policy adopted under division (A) of this section, each school district shall provide prevention/intervention services in pertinent subject areas to students who score below the proficient level on a reading, writing, mathematics, ~~social studies~~, or science proficiency or achievement test or who do not demonstrate academic performance at their grade level based on the results of a diagnostic assessment.

(b) The child's natural parent places the child pursuant to section 5103.16 of the Revised Code with a person who will care for and adopt the child.

(7) "Preschool child with a disability" has the same meaning as in section 3323.01 of the Revised Code.

(8) "Child," unless otherwise indicated, includes preschool children with disabilities.

(9) "Active duty" means active duty pursuant to an executive order of the president of the United States, an act of the congress of the United States, or section 5919.29 or 5923.21 of the Revised Code.

(B) Except as otherwise provided in section 3321.01 of the Revised Code for admittance to kindergarten and first grade, a child who is at least five but under twenty-two years of age and any preschool child with a disability shall be admitted to school as provided in this division.

(1) A child shall be admitted to the schools of the school district in which the child's parent resides.

(2) Except as provided in division (B) of section 2151.362 and section 3317.30 of the Revised Code, a child who does not reside in the district where the child's parent resides shall be admitted to the schools of the district in which the child resides if any of the following applies:

(a) The child is in the legal or permanent custody of a government agency or a person other than the child's natural or adoptive parent.

(b) The child resides in a home.

(c) The child requires special education.

(3) A child who is not entitled under division (B)(2) of this section to be admitted to the schools of the district where the child resides and who is residing with a resident of this state with whom the child has been placed for adoption shall be admitted to the schools of the district where the child resides unless either of the following applies:

(a) The placement for adoption has been terminated.

(b) Another school district is required to admit the child under division (B)(1) of this section.

Division (B) of this section does not prohibit the board of education of a school district from placing a child with a disability who resides in the district in a special education program outside of the district or its schools in compliance with Chapter 3323. of the Revised Code.

(C) A district shall not charge tuition for children admitted under division (B)(1) or (3) of this section. If the district admits a child under division (B)(2) of this section, tuition shall be paid to the district that admits the child as provided in divisions (C)(1) to (3) of this section, unless division (C)(4) of this section applies to the child:

(1) If the child receives special education in accordance with Chapter 3323. of the Revised Code, the school district of residence, as defined in section 3323.01 of the Revised Code, shall pay tuition for the child in accordance with section 3323.091, 3323.13, 3323.14, or 3323.141 of the Revised Code regardless of who has custody of the child or whether the child resides in a home.

(2) For a child that does not receive special education in accordance with Chapter 3323. of the Revised Code, except as otherwise provided in division (C)(2)(d) of this section, if the child is in the permanent or legal custody of a government agency or person other than the child's parent, tuition shall be paid by:

(a) The district in which the child's parent resided at the time the court removed the child from home or at the time the court vested legal or permanent custody of the child in the person or government agency, whichever occurred first;

(b) If the parent's residence at the time the court removed the child from home or placed the child in the legal or permanent custody of the person or government agency is unknown, tuition shall be paid by the district in which the child resided at the time the child was removed from home or placed in legal or permanent custody, whichever occurred first;

(c) If a school district cannot be established under division (C)(2)(a) or (b) of this section, tuition shall be paid by the district determined as required

by section 2151.362 of the Revised Code by the court at the time it vests custody of the child in the person or government agency;

(d) If at the time the court removed the child from home or vested legal or permanent custody of the child in the person or government agency, whichever occurred first, one parent was in a residential or correctional facility or a juvenile residential placement and the other parent, if living and not in such a facility or placement, was not known to reside in this state, tuition shall be paid by the district determined under division (D) of section 3313.65 of the Revised Code as the district required to pay any tuition while the parent was in such facility or placement;

(e) If the department of education has determined, pursuant to division (A)(2) of section 2151.362 of the Revised Code, that a school district other than the one named in the court's initial order, or in a prior determination of the department, is responsible to bear the cost of educating the child, the district so determined shall be responsible for that cost.

(3) If the child is not in the permanent or legal custody of a government agency or person other than the child's parent and the child resides in a home, tuition shall be paid by one of the following:

(4) Division (C)(4) of this section applies to any child who is admitted to a school district under division (B)(2) of this section, resides in a home that is not a foster home, a home maintained by the department of youth services, a detention facility established under section 2152.41 of the Revised Code, or a juvenile facility established under section 2151.65 of the Revised Code, and receives educational services at the home or facility in which the child resides pursuant to a contract between the home or facility and the school district providing those services, ~~and does not receive special education.~~

If a child to whom division (C)(4) of this section applies is a special education student, a district may choose whether to receive a tuition payment for that child under division (C)(4) of this section or to receive a payment for that child under section 3323.14 of the Revised Code. If a district chooses to receive a payment for that child under section 3323.14 of the Revised Code, it shall not receive a tuition payment for that child under division (C)(4) of this section.

If a child to whom division (C)(4) of this section applies is not a special education student, a district shall receive a tuition payment for that child under division (C)(4) of this section.

In the case of a child to which division (C)(4) of this section applies, the total educational cost to be paid for the child shall be determined by a formula approved by the department of education, which formula shall be designed to calculate a per diem cost for the educational services provided to the child for each day the child is served and shall reflect the total actual cost incurred in providing those services. The department shall certify the total educational cost to be paid for the child to both the school district providing the educational services and, if different, the school district that is responsible to pay tuition for the child. The department shall deduct the certified amount from the state basic aid funds payable under Chapter 3317. of the Revised Code to the district responsible to pay tuition and shall pay that amount to the district providing the educational services to the child.

(D) Tuition required to be paid under divisions (C)(2) and (3)(a) of this section shall be computed in accordance with section 3317.08 of the Revised Code. Tuition required to be paid under division (C)(3)(b) of this section shall be computed in accordance with section 3317.081 of the Revised Code. If a home fails to pay the tuition required by division (C)(3)(b) of this section, the board of education providing the education may recover in a civil action the tuition and the expenses incurred in prosecuting the action, including court costs and reasonable attorney's fees. If the prosecuting attorney or city director of law represents the board in such action, costs and reasonable attorney's fees awarded by the court, based upon the prosecuting attorney's, director's, or one of their designee's time spent preparing and presenting the case, shall be deposited in the county or city general fund.

(E) A board of education may enroll a child free of any tuition obligation for a period not to exceed sixty days, on the sworn statement of an adult resident of the district that the resident has initiated legal proceedings for custody of the child.

(F) In the case of any individual entitled to attend school under this division, no tuition shall be charged by the school district of attendance and no other school district shall be required to pay tuition for the individual's attendance. Notwithstanding division (B), (C), or (E) of this section:

(1) All persons at least eighteen but under twenty-two years of age who live apart from their parents, support themselves by their own labor, and have not successfully completed the high school curriculum or the individualized education program developed for the person by the high school pursuant to section 3323.08 of the Revised Code, are entitled to attend school in the district in which they reside.

(2) Any child under eighteen years of age who is married is entitled to

attend school in the child's district of residence.

(3) A child is entitled to attend school in the district in which either of the child's parents is employed if the child has a medical condition that may require emergency medical attention. The parent of a child entitled to attend school under division (F)(3) of this section shall submit to the board of education of the district in which the parent is employed a statement from the child's physician certifying that the child's medical condition may require emergency medical attention. The statement shall be supported by such other evidence as the board may require.

(4) Any child residing with a person other than the child's parent is entitled, for a period not to exceed twelve months, to attend school in the district in which that person resides if the child's parent files an affidavit with the superintendent of the district in which the person with whom the child is living resides stating all of the following:

(a) That the parent is serving outside of the state in the armed services of the United States;

(b) That the parent intends to reside in the district upon returning to this state;

(c) The name and address of the person with whom the child is living while the parent is outside the state.

(5) Any child under the age of twenty-two years who, after the death of a parent, resides in a school district other than the district in which the child attended school at the time of the parent's death is entitled to continue to attend school in the district in which the child attended school at the time of the parent's death for the remainder of the school year, subject to approval of that district board.

(6) A child under the age of twenty-two years who resides with a parent who is having a new house built in a school district outside the district where the parent is residing is entitled to attend school for a period of time in the district where the new house is being built. In order to be entitled to such attendance, the parent shall provide the district superintendent with the following:

(a) A sworn statement explaining the situation, revealing the location of the house being built, and stating the parent's intention to reside there upon its completion;

(b) A statement from the builder confirming that a new house is being built for the parent and that the house is at the location indicated in the parent's statement.

(7) A child under the age of twenty-two years residing with a parent who has a contract to purchase a house in a school district outside the

district where the parent is residing and who is waiting upon the date of closing of the mortgage loan for the purchase of such house is entitled to attend school for a period of time in the district where the house is being purchased. In order to be entitled to such attendance, the parent shall provide the district superintendent with the following:

(a) A sworn statement explaining the situation, revealing the location of the house being purchased, and stating the parent's intent to reside there;

(b) A statement from a real estate broker or bank officer confirming that the parent has a contract to purchase the house, that the parent is waiting upon the date of closing of the mortgage loan, and that the house is at the location indicated in the parent's statement.

The district superintendent shall establish a period of time not to exceed ninety days during which the child entitled to attend school under division (F)(6) or (7) of this section may attend without tuition obligation. A student attending a school under division (F)(6) or (7) of this section shall be eligible to participate in interscholastic athletics under the auspices of that school, provided the board of education of the school district where the student's parent resides, by a formal action, releases the student to participate in interscholastic athletics at the school where the student is attending, and provided the student receives any authorization required by a public agency or private organization of which the school district is a member exercising authority over interscholastic sports.

(8) A child whose parent is a full-time employee of a city, local, or exempted village school district, or of an educational service center, may be admitted to the schools of the district where the child's parent is employed, or in the case of a child whose parent is employed by an educational service center, in the district that serves the location where the parent's job is primarily located, provided the district board of education establishes such an admission policy by resolution adopted by a majority of its members. Any such policy shall take effect on the first day of the school year and the effective date of any amendment or repeal may not be prior to the first day of the subsequent school year. The policy shall be uniformly applied to all such children and shall provide for the admission of any such child upon request of the parent. No child may be admitted under this policy after the first day of classes of any school year.

(9) A child who is with the child's parent under the care of a shelter for victims of domestic violence, as defined in section 3113.33 of the Revised Code, is entitled to attend school free in the district in which the child is with the child's parent, and no other school district shall be required to pay tuition for the child's attendance in that school district.

The enrollment of a child in a school district under this division shall not be denied due to a delay in the school district's receipt of any records required under section 3313.672 of the Revised Code or any other records required for enrollment. Any days of attendance and any credits earned by a child while enrolled in a school district under this division shall be transferred to and accepted by any school district in which the child subsequently enrolls. The state board of education shall adopt rules to ensure compliance with this division.

(10) Any child under the age of twenty-two years whose parent has moved out of the school district after the commencement of classes in the child's senior year of high school is entitled, subject to the approval of that district board, to attend school in the district in which the child attended school at the time of the parental move for the remainder of the school year and for one additional semester or equivalent term. A district board may also adopt a policy specifying extenuating circumstances under which a student may continue to attend school under division (F)(10) of this section for an additional period of time in order to successfully complete the high school curriculum for the individualized education program developed for the student by the high school pursuant to section 3323.08 of the Revised Code.

(11) As used in this division, "grandparent" means a parent of a parent of a child. A child under the age of twenty-two years who is in the custody of the child's parent, resides with a grandparent, and does not require special education is entitled to attend the schools of the district in which the child's grandparent resides, provided that, prior to such attendance in any school year, the board of education of the school district in which the child's grandparent resides and the board of education of the school district in which the child's parent resides enter into a written agreement specifying that good cause exists for such attendance, describing the nature of this good cause, and consenting to such attendance.

In lieu of a consent form signed by a parent, a board of education may request the grandparent of a child attending school in the district in which the grandparent resides pursuant to division (F)(11) of this section to complete any consent form required by the district, including any authorization required by sections 3313.712, 3313.713, 3313.716, and 3313.718 of the Revised Code. Upon request, the grandparent shall complete any consent form required by the district. A school district shall not incur any liability solely because of its receipt of a consent form from a grandparent in lieu of a parent.

Division (F)(11) of this section does not create, and shall not be construed as creating, a new cause of action or substantive legal right

against a school district, a member of a board of education, or an employee of a school district. This section does not affect, and shall not be construed as affecting, any immunities from defenses to tort liability created or recognized by Chapter 2744. of the Revised Code for a school district, member, or employee.

(12) A child under the age of twenty-two years is entitled to attend school in a school district other than the district in which the child is entitled to attend school under division (B), (C), or (E) of this section provided that, prior to such attendance in any school year, both of the following occur:

(a) The superintendent of the district in which the child is entitled to attend school under division (B), (C), or (E) of this section contacts the superintendent of another district for purposes of this division;

(b) The superintendents of both districts enter into a written agreement that consents to the attendance and specifies that the purpose of such attendance is to protect the student's physical or mental well-being or to deal with other extenuating circumstances deemed appropriate by the superintendents.

While an agreement is in effect under this division for a student who is not receiving special education under Chapter 3323. of the Revised Code and notwithstanding Chapter 3327. of the Revised Code, the board of education of neither school district involved in the agreement is required to provide transportation for the student to and from the school where the student attends.

A student attending a school of a district pursuant to this division shall be allowed to participate in all student activities, including interscholastic athletics, at the school where the student is attending on the same basis as any student who has always attended the schools of that district while of compulsory school age.

(13) All school districts shall comply with the "McKinney-Vento Homeless Assistance Act," 42 U.S.C.A. 11431 et seq., for the education of homeless children. Each city, local, and exempted village school district shall comply with the requirements of that act governing the provision of a free, appropriate public education, including public preschool, to each homeless child.

When a child loses permanent housing and becomes a homeless person, as defined in 42 U.S.C.A. 11481(5), or when a child who is such a homeless person changes temporary living arrangements, the child's parent or guardian shall have the option of enrolling the child in either of the following:

(a) The child's school of origin, as defined in 42 U.S.C.A.

11432(g)(3)(C);

(b) The school that is operated by the school district in which the shelter where the child currently resides is located and that serves the geographic area in which the shelter is located.

(14) A child under the age of twenty-two years who resides with a person other than the child's parent is entitled to attend school in the school district in which that person resides if both of the following apply:

(a) That person has been appointed, through a military power of attorney executed under section 574(a) of the "National Defense Authorization Act for Fiscal Year 1994," 107 Stat. 1674 (1993), 10 U.S.C. 1044b, or through a comparable document necessary to complete a family care plan, as the parent's agent for the care, custody, and control of the child while the parent is on active duty as a member of the national guard or a reserve unit of the armed forces of the United States or because the parent is a member of the armed forces of the United States and is on a duty assignment away from the parent's residence.

(b) The military power of attorney or comparable document includes at least the authority to enroll the child in school.

The entitlement to attend school in the district in which the parent's agent under the military power of attorney or comparable document resides applies until the end of the school year in which the military power of attorney or comparable document expires.

(G) A board of education, after approving admission, may waive tuition for students who will temporarily reside in the district and who are either of the following:

(1) Residents or domiciliaries of a foreign nation who request admission as foreign exchange students;

(2) Residents or domiciliaries of the United States but not of Ohio who request admission as participants in an exchange program operated by a student exchange organization.

(H) Pursuant to sections 3311.211, 3313.90, 3319.01, 3323.04, 3327.04, and 3327.06 of the Revised Code, a child may attend school or participate in a special education program in a school district other than in the district where the child is entitled to attend school under division (B) of this section.

(I)(1) Notwithstanding anything to the contrary in this section or section 3313.65 of the Revised Code, a child under twenty-two years of age may attend school in the school district in which the child, at the end of the first full week of October of the school year, was entitled to attend school as otherwise provided under this section or section 3313.65 of the Revised Code, if at that time the child was enrolled in the schools of the district but

since that time the child or the child's parent has relocated to a new address located outside of that school district and within the same county as the child's or parent's address immediately prior to the relocation. The child may continue to attend school in the district, and at the school to which the child was assigned at the end of the first full week of October of the current school year, for the balance of the school year. Division (I)(1) of this section applies only if both of the following conditions are satisfied:

(a) The board of education of the school district in which the child was entitled to attend school at the end of the first full week in October and of the district to which the child or child's parent has relocated each has adopted a policy to enroll children described in division (I)(1) of this section.

(b) The child's parent provides written notification of the relocation outside of the school district to the superintendent of each of the two school districts.

(2) At the beginning of the school year following the school year in which the child or the child's parent relocated outside of the school district as described in division (I)(1) of this section, the child is not entitled to attend school in the school district under that division.

(3) Any person or entity owing tuition to the school district on behalf of the child at the end of the first full week in October, as provided in division (C) of this section, shall continue to owe such tuition to the district for the child's attendance under division (I)(1) of this section for the lesser of the balance of the school year or the balance of the time that the child attends school in the district under division (I)(1) of this section.

(4) A pupil who may attend school in the district under division (I)(1) of this section shall be entitled to transportation services pursuant to an agreement between the district and the district in which the child or child's parent has relocated unless the districts have not entered into such agreement, in which case the child shall be entitled to transportation services in the same manner as a pupil attending school in the district under interdistrict open enrollment as described in division (H) of section 3313.981 of the Revised Code, regardless of whether the district has adopted an open enrollment policy as described in division (B)(1)(b) or (c) of section 3313.98 of the Revised Code.

(J) This division does not apply to a child receiving special education.

A school district required to pay tuition pursuant to division (C)(2) or (3) of this section or section 3313.65 of the Revised Code shall have an amount deducted under division (C) of section 3317.023 of the Revised Code equal to its own tuition rate for the same period of attendance. A

school district entitled to receive tuition pursuant to division (C)(2) or (3) of this section or section 3313.65 of the Revised Code shall have an amount credited under division (C) of section 3317.023 of the Revised Code equal to its own tuition rate for the same period of attendance. If the tuition rate credited to the district of attendance exceeds the rate deducted from the district required to pay tuition, the department of education shall pay the district of attendance the difference from amounts deducted from all districts' payments under division (C) of section 3317.023 of the Revised Code but not credited to other school districts under such division and from appropriations made for such purpose. The treasurer of each school district shall, by the fifteenth day of January and July, furnish the superintendent of public instruction a report of the names of each child who attended the district's schools under divisions (C)(2) and (3) of this section or section 3313.65 of the Revised Code during the preceding six calendar months, the duration of the attendance of those children, the school district responsible for tuition on behalf of the child, and any other information that the superintendent requires.

Upon receipt of the report the superintendent, pursuant to division (C) of section 3317.023 of the Revised Code, shall deduct each district's tuition obligations under divisions (C)(2) and (3) of this section or section 3313.65 of the Revised Code and pay to the district of attendance that amount plus any amount required to be paid by the state.

(K) In the event of a disagreement, the superintendent of public instruction shall determine the school district in which the parent resides.

(L) Nothing in this section requires or authorizes, or shall be construed to require or authorize, the admission to a public school in this state of a pupil who has been permanently excluded from public school attendance by the superintendent of public instruction pursuant to sections 3301.121 and 3313.662 of the Revised Code.

(M) In accordance with division (B)(1) of this section, a child whose parent is a member of the national guard or a reserve unit of the armed forces of the United States and is called to active duty, or a child whose parent is a member of the armed forces of the United States and is ordered to a temporary duty assignment outside of the district, may continue to attend school in the district in which the child's parent lived before being called to active duty or ordered to a temporary duty assignment outside of the district, as long as the child's parent continues to be a resident of that district, and regardless of where the child lives as a result of the parent's active duty status or temporary duty assignment. However, the district is not responsible for providing transportation for the child if the child lives outside of the

district as a result of the parent's active duty status or temporary duty assignment.

Sec. 3313.6410. This section applies to any school that is operated by a school district and in which the enrolled students work primarily on assignments in nonclassroom-based learning opportunities provided via an internet- or other computer-based instructional method.

(A) Any school to which this section applies shall withdraw from the school any student who, for two consecutive school years of enrollment in the school, has failed to participate in the spring administration of any assessment prescribed under section 3301.0710 or 3301.0712 of the Revised Code for the student's grade level and was not excused from the assessment pursuant to division (C)(1) or (3) of section 3301.0711 of the Revised Code, regardless of whether a waiver was granted for the student under division (E) of section 3317.03 of the Revised Code. The school shall report any such student's data verification code, as assigned pursuant to section 3301.0714 of the Revised Code, to the department of education to be added to the list maintained by the department under section 3314.26 of the Revised Code.

(B) No school to which this section applies shall receive any state funds under Chapter 3317. of the Revised Code for any enrolled student whose data verification code appears on the list maintained by the department under section 3314.26 of the Revised Code. Notwithstanding any provision of the Revised Code to the contrary, the parent of any such student shall pay tuition to the school district that operates the school in an amount equal to the state funds the district otherwise would receive for that student, as determined by the department. A school to which this section applies may withdraw any student for whom the parent does not pay tuition as required by this division.

Sec. 3313.713. (A) As used in this section:

(1) "Drug" means a drug, as defined in section 4729.01 of the Revised Code, that is to be administered pursuant to the instructions of the prescriber, whether or not required by law to be sold only upon a prescription.

(3) "Prescriber" has the same meaning as in section 4729.01 of the Revised Code.

(B) The board of education of each city, local, exempted village, and joint vocational school district shall adopt a policy on the authority of its employees, when acting in situations other than those governed by sections

2305.23, 2305.231, 3313.712, 3313.7110, 3313.7112, and 3313.7113 of the Revised Code, to administer drugs prescribed to students enrolled in the schools of the district. The policy shall provide either that:

(1) Except as otherwise required by federal law, no person employed by the board shall, in the course of such employment, administer any drug prescribed to any student enrolled in the schools of the district.

(2) Designated persons employed by the board are authorized to administer to a student a drug prescribed for the student. Effective July 1, 2011, only employees of the board who are licensed health professionals, or who have completed a drug administration training program conducted by a licensed health professional and considered appropriate by the board, may administer to a student a drug prescribed for the student. Except as otherwise provided by federal law, the board's policy may provide that certain drugs or types of drugs shall not be administered or that no employee shall use certain procedures, such as injection, to administer a drug to a student.

(C) No drug prescribed for a student shall be administered pursuant to federal law or a policy adopted under division (B) of this section until the following occur:

(1) The board, or a person designated by the board, receives a written request, signed by the parent, guardian, or other person having care or charge of the student, that the drug be administered to the student.

(2) The board, or a person designated by the board, receives a statement, signed by the prescriber, that includes all of the following information:

(h) Special instructions for administration of the drug, including sterile conditions and storage.

(3) The parent, guardian, or other person having care or charge of the student agrees to submit a revised statement signed by the prescriber to the board or a person designated by the board if any of the information provided by the prescriber pursuant to division (C)(2) of this section changes.

(4) The person authorized by the board to administer the drug receives a copy of the statement required by division (C)(2) or (3) of this section.

(5) The drug is received by the person authorized to administer the drug to the student for whom the drug is prescribed in the container in which it was dispensed by the prescriber or a licensed pharmacist.

(6) Any other procedures required by the board are followed.

(D) If a drug is administered to a student, the board of education shall acquire and retain copies of the written requests required by division (C)(1) and the statements required by divisions (C)(2) and (3) of this section and shall ensure that by the next school day following the receipt of any such statement a copy is given to the person authorized to administer drugs to the student for whom the statement has been received. The board, or a person designated by the board, shall establish a location in each school building for the storage of drugs to be administered under this section and federal law. All such drugs shall be stored in that location in a locked storage place, except that drugs that require refrigeration may be kept in a refrigerator in a place not commonly used by students.

(E) No person who has been authorized by a board of education to administer a drug and has a copy of the most recent statement required by division (C)(2) or (3) of this section given to the person in accordance with division (D) of this section prior to administering the drug is liable in civil damages for administering or failing to administer the drug, unless such person acts in a manner that constitutes gross negligence or wanton or reckless misconduct.

(F) A board of education may designate a person or persons to perform any function or functions in connection with a drug policy adopted under this section either by name or by position, training, qualifications, or similar distinguishing factors.

(G) A policy adopted by a board of education pursuant to this section may be changed, modified, or revised by action of the board.

That evaluation system shall be developed and posted on the department's web site by the fifteenth day of July of each school year. Any changes to the evaluation system after that date shall take effect the following year. The evaluation system shall be based on the following components:

(a) Academic performance of students enrolled in community schools sponsored by the same entity. The academic performance component shall be derived from the performance measures prescribed for the state report cards under section 3302.03 or 3314.017 of the Revised Code, and shall be based on the performance of the schools for the school year for which the evaluation is conducted. In addition to the academic performance for a specific school year, the academic performance component shall also include year-to-year changes in the overall sponsor portfolio. For a

community school for which no graded performance measures are applicable or available, the department shall use nonreport card performance measures specified in the contract between the community school and the sponsor under division (A)(4) of section 3314.03 of the Revised Code.

If the department uses a component prescribed under division (C)(3) of section 3302.03 of the Revised Code to calculate the academic performance component specified under division (B)(1)(a) of this section, the department shall weight the progress component specified under division (C)(3)(c) of section 3302.03 of the Revised Code at sixty per cent of the total score for the academic performance component under this section.

For a sponsor that was rated "effective" or "exemplary" on its most recent rating, the department may evaluate that sponsor's adherence to quality practices once over a period of three years. If the department elects to evaluate a sponsor once over a period of three years, the most recent rating for a sponsor's adherence to quality practices shall be used when determining an annual overall rating conducted under this section.

(c) Compliance with all applicable laws and administrative rules by an entity that sponsors a community school.

(2) In calculating an academic performance component, the department shall exclude all community schools that have been in operation for not more than two full school years and all community schools described in division (A)(4)(b) of section 3314.35 of the Revised Code. However, the academic performance of the community schools described in division (A)(4)(b) of section 3314.35 of the Revised Code shall be reported, but shall not be used as a factor when determining a sponsoring entity's rating under this section.

(3) The department, in consultation with entities that sponsor community schools, shall prescribe quality practices for community school sponsors and develop an instrument to measure adherence to those quality practices. The quality practices shall be based on standards developed by the national association of charter school authorizers or any other nationally organized community school organization.

(4)(a) The department may permit peer review of a sponsor's adherence to the quality practices prescribed under division (B)(3) of this section. Peer reviewers shall be limited to individuals employed by sponsors rated "effective" or "exemplary" on the most recent ratings conducted under this section.

(b) The department shall require individuals participating in peer review

under division (B)(4)(a) of this section to complete training approved or established by the department.

(c) The department may enter into an agreement with another entity to provide training to individuals conducting peer review of sponsors. Prior to entering into an agreement with an entity, the department shall review and approve of the entity's training program.

(5) Not later than July 1, 2013, the state board of education shall adopt rules in accordance with Chapter 119. of the Revised Code prescribing standards for measuring compliance with applicable laws and rules under division (B)(1)(c) of this section.

(6) The department annually shall rate all entities that sponsor community schools as either "exemplary," "effective," "ineffective," or "poor," based on the components prescribed by division (B) of this section, where each component is weighted equally. A separate rating shall be given by the department for each component of the evaluation system.

The department shall publish the ratings between the first day of October and the fifteenth day of ~~October~~ November.

Prior to the publication of the final ratings, the department shall designate and provide notice of a period of at least ten business days during which each sponsor may review the information used by the department to determine the sponsor's rating on the components prescribed by divisions (B)(1)(b) and (c) of this section. If the sponsor believes there is an error in the department's evaluation, the sponsor may request adjustments to the rating of either of those components based on documentation previously submitted as part of an evaluation. The sponsor shall provide to the department any necessary evidence or information to support the requested adjustments. The department shall review the evidence and information, determine whether an adjustment is valid, and promptly notify the sponsor of its determination and reasons. If any adjustments to the data could result in a change to the rating on the applicable component or to the overall rating, the department shall recalculate the ratings prior to publication.

The department shall provide training on an annual basis regarding the evaluation system prescribed under this section. The training shall, at a minimum, describe methodology, timelines, and data required for the evaluation system. The first training session shall occur not later than ~~thirty days after the effective date of this section~~ March 2, 2016. Beginning in 2018, the training shall be made available to each entity that sponsors a community school by the fifteenth day of July of each year and shall include guidance on any changes made to the evaluation system.

If the department uses a points system to determine component ratings

and overall ratings under this section, the department shall not assign an automatic overall rating to an entity based solely on the entity receiving an equivalent score of zero points on one or more of the individual components prescribed in division (B)(1)(b) or (c) of this section. An overall rating shall be the cumulative score of the individual components prescribed under this section unless the entity receives a score of zero on the academic performance component prescribed in division (B)(1)(a) of this section.

(7)(a) Entities with an overall rating of "exemplary" for at least two consecutive years may take advantage of the following incentives:

(i) Renewal of the written agreement with the department, not to exceed ten years, provided that the entity consents to continued evaluation of adherence to quality practices as described in division (B)(1)(b) of this section;

(ii) The ability to extend the term of the contract between the sponsoring entity and the community school beyond the term described in the written agreement with the department;

(iii) An exemption from the preliminary agreement and contract adoption and execution deadline requirements prescribed in division (D) of section 3314.02 of the Revised Code;

(iv) An exemption from the automatic contract expiration requirement, should a new community school fail to open by the thirtieth day of September of the calendar year in which the community school contract is executed;

(v) No limit on the number of community schools the entity may sponsor;

(vi) No territorial restrictions on sponsorship.

An entity may continue to sponsor any community schools with which it entered into agreements under division (B)(7)(a)(v) or (vi) of this section while rated "exemplary," notwithstanding the fact that the entity later receives a lower overall rating.

(b)(i) Entities that receive an overall rating of "ineffective" shall be prohibited from sponsoring any new or additional community schools during the time in which the sponsor is rated as "ineffective" and shall be subject to a quality improvement plan based on correcting the deficiencies that led to the "ineffective" rating, with timelines and benchmarks that have been established by the department.

(ii) Entities that receive an overall rating of "ineffective" on their three most recent ratings shall have all sponsorship authority revoked. Within thirty days after receiving its third rating of "ineffective," the entity may appeal the revocation of its sponsorship authority to the superintendent of

public instruction, who shall appoint an independent hearing officer to conduct a hearing in accordance with Chapter 119. of the Revised Code. The hearing shall be conducted within thirty days after receipt of the notice of appeal. Within forty-five days after the hearing is completed, the state board of education shall determine whether the revocation is appropriate based on the hearing conducted by the independent hearing officer, and if determined appropriate, the revocation shall be confirmed.

(c) Entities that receive an overall rating of "poor" shall have all sponsorship authority revoked. Within thirty days after receiving a rating of "poor," the entity may appeal the revocation of its sponsorship authority to the superintendent of public instruction, who shall appoint an independent hearing officer to conduct a hearing in accordance with Chapter 119. of the Revised Code. The hearing shall be conducted within thirty days after receipt of the notice of appeal. Within forty-five days after the hearing is completed, the state board of education shall determine whether the revocation is appropriate based on the hearing conducted by the independent hearing officer, and if determined appropriate, the revocation shall be confirmed.

(d) Notwithstanding division (F)(3) of section 3314.02 of the Revised Code and the agreement entered into with the department under section 3314.015 of the Revised Code, an entity that is an educational service center that receives an overall rating of "effective" or higher may sponsor a community school regardless of whether it is located in a county within the service territory of the service center or in a contiguous county.

(C) If the governing authority of a community school enters into a contract with a sponsor prior to the date on which the sponsor is prohibited from sponsoring additional schools under division (A) of this section and the school has not opened for operation as of that date, that contract shall be void and the school shall not open until the governing authority secures a new sponsor by entering into a contract with the new sponsor under section 3314.03 of the Revised Code. However, the department's office of Ohio school sponsorship, established under section 3314.029 of the Revised Code, may assume the sponsorship of the school until the earlier of the expiration of two school years or until a new sponsor is secured by the school's governing authority. A community school sponsored by the

department under this division shall not be included when calculating the maximum number of directly authorized community schools permitted under division (A)(3) of section 3314.029 of the Revised Code.

(D) When an entity's authority to sponsor schools is revoked pursuant to division (B)(7)(b) or (c) of this section, the office of Ohio school sponsorship shall assume sponsorship of any schools with which the original sponsor has contracted for the remainder of that school year. The office may continue sponsoring those schools until the earlier of:

(1) The expiration of two school years from the time that sponsorship is revoked;

(2) When a new sponsor is secured by the governing authority pursuant to division (C)(1) of section 3314.02 of the Revised Code.

Any community school sponsored under this division shall not be counted for purposes of directly authorized community schools under division (A)(3) of section 3314.029 of the Revised Code.

(D) A board of education sponsoring a community school may utilize local funds to make enhancement grants to the school or may agree, either as part of the contract or separately, to provide any specific services to the community school at no cost to the school.

(G)(1)(a) A community school may borrow money to pay any necessary and actual expenses of the school in anticipation of the receipt of any portion of the payments to be received by the school pursuant to division (C) of this section. The school may issue notes to evidence such borrowing. The proceeds of the notes shall be used only for the purposes for which the anticipated receipts may be lawfully expended by the school.

(b) A school may also borrow money for a term not to exceed fifteen years for the purpose of acquiring facilities.

(2) Except for any amount guaranteed under section 3318.50 of the Revised Code, the state is not liable for debt incurred by the governing authority of a community school.

(H) The department of education shall adjust the amounts subtracted and paid under division (C) of this section to reflect any enrollment of students in community schools for less than the equivalent of a full school year. The state board of education within ninety days after April 8, 2003, shall adopt in accordance with Chapter 119. of the Revised Code rules governing the payments to community schools under this section including initial payments in a school year and adjustments and reductions made in subsequent periodic payments to community schools and corresponding deductions from school district accounts as provided under division (C) of this section. For purposes of this section:

(1) A student shall be considered enrolled in the community school for any portion of the school year the student is participating at a college under Chapter 3365. of the Revised Code.

(2) A student shall be considered to be enrolled in a community school for the period of time beginning on the later of the date on which the school both has received documentation of the student's enrollment from a parent and the student has commenced participation in learning opportunities as defined in the contract with the sponsor, or thirty days prior to the date on which the student is entered into the education management information system established under section 3301.0714 of the Revised Code. For purposes of applying this division and divisions (H)(3) and (4) of this section to a community school student, "learning opportunities" shall be defined in the contract, which shall describe both classroom-based and non-classroom-based learning opportunities and shall be in compliance with criteria and documentation requirements for student participation which shall be established by the department. Any student's instruction time in non-classroom-based learning opportunities shall be certified by an employee of the community school. A student's enrollment shall be

considered to cease on the date on which any of the following occur:

(a) The community school receives documentation from a parent terminating enrollment of the student.

(b) The community school is provided documentation of a student's enrollment in another public or private school.

(c) The community school ceases to offer learning opportunities to the student pursuant to the terms of the contract with the sponsor or the operation of any provision of this chapter.

Except as otherwise specified in this paragraph, beginning in the 2011-2012 school year, any student who completed the prior school year in an internet- or computer-based community school shall be considered to be enrolled in the same school in the subsequent school year until the student's enrollment has ceased as specified in division (H)(2) of this section. The department shall continue subtracting and paying amounts for the student under division (C) of this section without interruption at the start of the subsequent school year. However, if the student without a legitimate excuse fails to participate in the first one hundred five consecutive hours of learning opportunities offered to the student in that subsequent school year, the student shall be considered not to have re-enrolled in the school for that school year and the department shall recalculate the payments to the school for that school year to account for the fact that the student is not enrolled.

(3) The department shall determine each community school student's percentage of full-time equivalency based on the percentage of learning opportunities offered by the community school to that student, reported either as number of hours or number of days, is of the total learning opportunities offered by the community school to a student who attends for the school's entire school year. However, no internet- or computer-based community school shall be credited for any time a student spends participating in learning opportunities beyond ten hours within any period of twenty-four consecutive hours. Whether it reports hours or days of learning opportunities, each community school shall offer not less than nine hundred twenty hours of learning opportunities during the school year.

(4) With respect to the calculation of full-time equivalency under division (H)(3) of this section, the department shall waive the number of hours or days of learning opportunities not offered to a student because the community school was closed during the school year due to disease epidemic, hazardous weather conditions, law enforcement emergencies, inoperability of school buses or other equipment necessary to the school's operation, damage to a school building, or other temporary circumstances due to utility failure rendering the school building unfit for school use, so

long as the school was actually open for instruction with students in attendance during that school year for not less than the minimum number of hours required by this chapter. The department shall treat the school as if it were open for instruction with students in attendance during the hours or days waived under this division.

(I) The department of education shall reduce the amounts paid under this section to reflect payments made to colleges under section 3365.07 of the Revised Code.

(J)(1) No student shall be considered enrolled in any internet- or computer-based community school or, if applicable to the student, in any community school that is required to provide the student with a computer pursuant to division (C) of section 3314.22 of the Revised Code, unless both of the following conditions are satisfied:

(a) The student possesses or has been provided with all required hardware and software materials and all such materials are operational so that the student is capable of fully participating in the learning opportunities specified in the contract between the school and the school's sponsor as required by division (A)(23) of section 3314.03 of the Revised Code;

(b) The school is in compliance with division (A) of section 3314.22 of the Revised Code, relative to such student.

(2) In accordance with policies adopted jointly by the superintendent of public instruction and the auditor of state, the department shall reduce the amounts otherwise payable under division (C) of this section to any community school that includes in its program the provision of computer hardware and software materials to any student, if such hardware and software materials have not been delivered, installed, and activated for each such student in a timely manner or other educational materials or services have not been provided according to the contract between the individual community school and its sponsor.

The superintendent of public instruction and the auditor of state shall jointly establish a method for auditing any community school to which this division pertains to ensure compliance with this section.

The superintendent, auditor of state, and the governor shall jointly make recommendations to the general assembly for legislative changes that may be required to assure fiscal and academic accountability for such schools.

(K)(1) If the department determines that a review of a community school's enrollment is necessary, such review shall be completed and written notice of the findings shall be provided to the governing authority of the community school and its sponsor within ninety days of the end of the community school's fiscal year, unless extended for a period not to exceed

thirty additional days for one of the following reasons:

(a) The department and the community school mutually agree to the extension.

(b) Delays in data submission caused by either a community school or its sponsor.

(2) If the review results in a finding that additional funding is owed to the school, such payment shall be made within thirty days of the written notice. If the review results in a finding that the community school owes moneys to the state, the following procedure shall apply:

(a) Within ten business days of the receipt of the notice of findings, the community school may appeal the department's determination to the state board of education or its designee.

(b) The board or its designee shall conduct an informal hearing on the matter within thirty days of receipt of such an appeal and shall issue a decision within fifteen days of the conclusion of the hearing.

(c) If the board has enlisted a designee to conduct the hearing, the designee shall certify its decision to the board. The board may accept the decision of the designee or may reject the decision of the designee and issue its own decision on the matter.

(d) Any decision made by the board under this division is final.

(3) If it is decided that the community school owes moneys to the state, the department shall deduct such amount from the school's future payments in accordance with guidelines issued by the superintendent of public instruction.

(L) The department shall not subtract from a school district's state aid account and shall not pay to a community school under division (C) of this section any amount for any of the following:

(1) Any student who has graduated from the twelfth grade of a public or nonpublic high school;

(2) Any student who is not a resident of the state;

(3) Any student who was enrolled in the community school during the previous school year when assessments were administered under section 3301.0711 of the Revised Code but did not take one or more of the assessments required by that section and was not excused pursuant to division (C)(1) or (3) of that section, unless the superintendent of public instruction grants the student a waiver from the requirement to take the assessment and a parent is not paying tuition for the student pursuant to section 3314.26 of the Revised Code. The superintendent may grant a waiver only for good cause in accordance with rules adopted by the state board of education.

(4) Any student who has attained the age of twenty-two years, except for veterans of the armed services whose attendance was interrupted before completing the recognized twelve-year course of the public schools by reason of induction or enlistment in the armed forces and who apply for enrollment in a community school not later than four years after termination of war or their honorable discharge. If, however, any such veteran elects to enroll in special courses organized for veterans for whom tuition is paid under federal law, or otherwise, the department shall not subtract from a school district's state aid account and shall not pay to a community school under division (C) of this section any amount for that veteran.

Sec. 3314.26. (A) Each internet- or computer-based community school shall withdraw from the school any student who, for two consecutive school years of enrollment in the school, has failed to participate in the spring administration of any assessment prescribed under section 3301.0710 or 3301.0712 of the Revised Code for the student's grade level and was not excused from the assessment pursuant to division (C)(1) or (3) of section 3301.0711 of the Revised Code, regardless of whether a waiver was granted for the student under division (L)(3) of section 3314.08 of the Revised Code. The school shall report any such student's data verification code, as assigned pursuant to section 3301.0714 of the Revised Code, to the department of education. The department shall maintain a list of all data verification codes reported under this division and section 3313.6410 of the Revised Code and provide that list to each internet- or computer-based community school and to each school to which section 3313.6410 of the Revised Code applies.

(B) No internet- or computer-based community school shall receive any state funds under this chapter for any enrolled student whose data verification code appears on the list maintained by the department under division (A) of this section.

Notwithstanding any provision of the Revised Code to the contrary, the parent of any such student shall pay tuition to the internet- or computer-based community school in an amount equal to the state funds the school otherwise would receive for that student, as determined by the department. An internet- or computer-based community school may withdraw any student for whom the parent does not pay tuition as required by this division.

Sec. 3314.29. (A) This section applies to any internet- or computer-based community school that meets all of the following conditions:

(1) Serves all of grades kindergarten through twelve;

(2) Has an enrollment of at least two thousand students;

(3) Has a sponsor that was not rated ineffective or poor on its most recent evaluation under section 3314.016 of the Revised Code.

(B) Beginning with the 2018-2019 school year, the governing authority of a community school to which this section applies may adopt a resolution to divide the school into two or three separate schools as follows:

(1) If the school is divided into two schools, one school shall serve grades kindergarten through eight and one school shall serve grades nine through twelve.

(2) If the school is divided into three schools, one school shall serve grades kindergarten through five, one school shall serve grades six through eight, and one school shall serve grades nine through twelve.

(C) The resolution adopted by the governing authority shall not be effective unless approved by the school's sponsor. Following approval of the resolution by the sponsor, and by the fifteenth day of March prior to the school year in which it will take effect, the governing authority shall file the resolution with the department of education. The division of the schools shall be effective on the first day of July succeeding the date the resolution is filed with the department.

(D) All of the following shall apply to each new school created as a result of the resolution authorized by this section and to the school that is divided as a result of the resolution:

(1) Each school shall have the same governing authority.

(2) The sponsor and governing authority shall enter into a separate contract under section 3314.03 of the Revised Code for each school.

(3) No school shall primarily serve students enrolled in a dropout prevention and recovery program operated by the school.

(4) No school shall be permitted to divide again under this section.

(5) Notwithstanding anything to the contrary in division (B)(2) of section 3314.016 of the Revised Code, each school shall be included in the calculation of the academic performance component for purposes of rating the schools' sponsor under the evaluation system prescribed by that section.

(6) Each school shall be subject to the laws contained in Chapter 3314. of the Revised Code, except as otherwise specified in this section.

(E) The department shall issue a report card under section 3314.012 of the Revised Code for each new school created as a result of the resolution authorized by this section and for the school that is divided as a result of the resolution. For purposes of the report cards and other reporting requirements under this chapter, the department shall assign the school that serves the highest grades the same internal retrieval number previously used by the

school that is divided under this section. The department shall assign a new internal retrieval number to each other school resulting from the division.

Notwithstanding division (B) of section 3314.012 of the Revised Code, the ratings a school receives on its report card for the first two full school years after the division under this section shall count toward closure of the school under section 3314.35 of the Revised Code and any other matter that is based on report card ratings or measures.

Sec. 3316.20. (A)(1) The school district solvency assistance fund is hereby created in the state treasury, to consist of such amounts designated for the purposes of the fund by the general assembly. The fund shall be used to provide assistance and grants to school districts to enable them to remain solvent and to pay unforeseeable expenses of a temporary or emergency nature that they are unable to pay from existing resources.

(2) There is hereby created within the fund an account known as the school district shared resource account, which shall consist of money appropriated to it by the general assembly. The money in the account shall be used solely for solvency assistance to school districts that have been declared under division (B) of section 3316.03 of the Revised Code to be in a state of fiscal emergency.

(3) There is hereby created within the fund an account known as the catastrophic expenditures account, which shall consist of money appropriated to the account by the general assembly plus all investment earnings of the fund. Money in the account shall be used solely for the following:

(a) Solvency assistance to school districts that have been declared under division (B) of section 3316.03 of the Revised Code to be in a state of fiscal emergency, in the event that all money in the shared resource account is utilized for solvency assistance;

(b) Grants to school districts under division (C) of this section.

(B) Solvency assistance payments under division (A)(2) or (3)(a) of this section shall be made from the fund by the superintendent of public instruction in accordance with rules adopted by the director of budget and management, after consulting with the superintendent, specifying approval criteria and procedures necessary for administering the fund.

The fund shall be reimbursed for any solvency assistance amounts paid under division (A)(2) or (3)(a) of this section not later than the end of the second fiscal year following the fiscal year in which the solvency assistance payment was made, except that, upon the approval of the director of budget and management and the superintendent of public instruction, the fund may be reimbursed in another fiscal year designated by the director and

superintendent that is not later than the end of the tenth fiscal year following the fiscal year in which the solvency assistance payment was made. If not made directly by the school district, such reimbursement shall be made by the director of budget and management from the amounts the school district would otherwise receive pursuant to Chapter 3317. of the Revised Code, or from any other funds appropriated for the district by the general assembly. Reimbursements shall be credited to the respective account from which the solvency assistance paid to the district was deducted.

(C) The superintendent of public instruction may make recommendations, and the controlling board may grant money from the catastrophic expenditures account to any school district that suffers an unforeseen catastrophic event that severely depletes the district's financial resources. The superintendent shall make recommendations for the grants in accordance with rules adopted by the director of budget and management, after consulting with the superintendent. A school district shall not be required to repay any grant awarded to the district under this division, unless the district receives money from this state or a third party, including an agency of the government of the United States, specifically for the purpose of compensating the district for revenue lost or expenses incurred as a result of the unforeseen catastrophic event. If a school district receives a grant from the catastrophic expenditures account on the basis of the same circumstances for which an adjustment or recomputation is authorized under section 3317.025, ~~3317.026~~, ~~3317.027~~, 3317.028, 3317.0210, or 3317.0211 of the Revised Code, the department of education shall reduce the adjustment or recomputation by an amount not to exceed the total amount of the grant, and an amount equal to the reduction shall be transferred, from the funding source from which the adjustment or recomputation would be paid, to the catastrophic expenditures account. Any adjustment or recomputation under such sections that is in excess of the total amount of the grant shall be paid to the school district.

Sec. 3317.01. As used in this section, "school district," unless otherwise specified, means any city, local, exempted village, joint vocational, or cooperative education school district and any educational service center.

This chapter shall be administered by the state board of education. The superintendent of public instruction shall calculate the amounts payable to each school district and shall certify the amounts payable to each eligible district to the treasurer of the district as provided by this chapter. As soon as possible after such amounts are calculated, the superintendent shall certify to the treasurer of each school district the district's adjusted charge-off increase, as defined in section 5705.211 of the Revised Code. Certification

of moneys pursuant to this section shall include the amounts payable to each school building, at a frequency determined by the superintendent, for each subgroup of students, as defined in section 3317.40 of the Revised Code, receiving services, provided for by state funding, from the district or school. No moneys shall be distributed pursuant to this chapter without the approval of the controlling board.

The state board of education shall, in accordance with appropriations made by the general assembly, meet the financial obligations of this chapter.

Moneys distributed to school districts pursuant to this chapter shall be calculated based on the annual enrollment calculated from the three reports required under sections 3317.03 and 3317.036 of the Revised Code and paid on a fiscal year basis, beginning with the first day of July and extending through the thirtieth day of June. In any given fiscal year, prior to school districts submitting the first report required under section 3317.03 of the Revised Code, enrollment for the districts shall be calculated based on the third report submitted by the districts for the previous fiscal year. The moneys appropriated for each fiscal year shall be distributed periodically to each school district unless otherwise provided for. The state board, in June of each year, shall submit to the controlling board the state board's year-end distributions pursuant to this chapter.

Except as otherwise provided, payments under this chapter shall be made only to those school districts in which:

(A) The school district, except for any educational service center and any joint vocational or cooperative education school district, levies for current operating expenses at least twenty mills. Levies for joint vocational or cooperative education school districts or county school financing districts, limited to or to the extent apportioned to current expenses, shall be included in this qualification requirement. School district income tax levies under Chapter 5748. of the Revised Code, limited to or to the extent apportioned to current operating expenses, shall be included in this qualification requirement to the extent determined by the tax commissioner under division ~~(D)~~(C) of section 3317.021 of the Revised Code.

(B) The school year next preceding the fiscal year for which such payments are authorized meets the requirement of section 3313.48 of the Revised Code, with regard to the minimum number of hours school must be open for instruction with pupils in attendance, for individualized parent-teacher conference and reporting periods, and for professional meetings of teachers.

A school district shall not be considered to have failed to comply with this division because schools were open for instruction but either twelfth

grade students were excused from attendance for up to the equivalent of three school days or only a portion of the kindergarten students were in attendance for up to the equivalent of three school days in order to allow for the gradual orientation to school of such students.

A board of education or governing board of an educational service center which has not conformed with other law and the rules pursuant thereto, shall not participate in the distribution of funds authorized by this chapter, except for good and sufficient reason established to the satisfaction of the state board of education and the state controlling board.

All funds allocated to school districts under this chapter, except those specifically allocated for other purposes, shall be used to pay current operating expenses only.

Sec. 3317.013. The amounts for the following categories of special education programs, as these programs are defined for purposes of Chapter 3323. of the Revised Code, are as follows:

Sec. 3317.017. The department of education shall compute a school district's state share index as follows:

(A) Calculate the district's valuation index, which equals the following quotient:

(The district's three-year average valuation / the district's total ADM) /

(the statewide three-year average valuation for school districts with a total ADM greater than zero / the statewide total ADM)

(B)(1) Calculate the district's median income index, which equals the following quotient:

(The district's median Ohio adjusted gross income / the median of the median Ohio adjusted gross income of all districts statewide with a total ADM greater than zero)

(2) Calculate the district's income index, which equals the following sum:

(The district's median income index X 0.5) + {[the three-year average federal adjusted gross income of the school district's residents / the district's formula ADM for fiscal year 2017] / (the three-year average federal adjusted gross income of all districts statewide with a formula ADM for fiscal year 2017 greater than zero / the statewide formula ADM for fiscal year 2017)] X 0.5}

(C) Determine the district's wealth index as follows:

(1) If the district's income index is less than the district's valuation index and the district's median income index is less than or equal to 1.5, then the district's wealth index shall be equal to [( 0.4 X the district's income index) + ( 0.6 X the district's valuation index)].

(2) If the district's income index does not meet both of the conditions described in division (C)(1) of this section, then the district's wealth index shall be equal to the district's valuation index.

(D) Determine the district's state share index as follows:

(1) If the district's wealth index is less than or equal to 0.35, then the district's state share index shall be equal to 0.90.

(3) If the district's wealth index is greater than 0.90 but less than 1.8, then the district's state share index shall be equal to {0.45 X [(1.8 – the district's wealth index) / 0.9]} + 0.05.

(4) If the district's wealth index is greater than or equal to 1.8, then the district's state share index shall be equal to 0.05.

(E)(1) For each school district for which the tax-exempt value of the district, as certified under division (A)(4) of section 3317.021 of the Revised Code, equals or exceeds thirty per cent of the potential value of the district, the department shall calculate the difference between the district's tax-exempt value and thirty per cent of the district's potential value. For this purpose, the "potential value" of a school district is the three-year average

valuation of the district plus the tax-exempt value of the district.

(2) For each school district to which division (E)(1) of this section applies, the department shall adjust the district's three-year average valuation used in the calculation under division (A) of this section by subtracting from it the amount calculated under division (E)(1) of this section. The department shall not, however, make any adjustments to the statewide three-year average valuation used in the calculation under division (A) of this section.

(F)(1) Except as provided in division (F)(3) of this section, for purposes of division (F) of this section, for fiscal year 2018 or 2019, an "eligible school district" is a school district that satisfies all of the following for that fiscal year:

(a) The total taxable value of public utility personal property in the district is at least ten per cent of the district's total taxable value for the tax year immediately preceding the most recent tax year for which data is available.

(b) The total taxable value of public utility personal property in the district for the most recent tax year for which data is available is at least ten per cent less than the total taxable value of public utility property in the district for the tax year immediately preceding the most recent tax year for which data is available.

(c) The total taxable value of power plants in the district for the most recent tax year for which data is available is at least ten per cent less than the total taxable value of power plants in the district for the tax year immediately preceding the most recent tax year for which data is available.

(2) Notwithstanding divisions (A) to (E) of this section, the department shall compute each eligible school district's state share index as follows:

(a) Calculate the district's valuation index in accordance with division (A) of this section, except that, if the district's total taxable value for the most recent tax year for which data is available is less than the district's "three-year average valuation," the district's "three-year average valuation" shall be replaced in that calculation with the district's total taxable value for the most recent tax year for which data is available;

(b) Calculate the district's median income index and income index in accordance with division (B) of this section;

(c) Determine the district's wealth index in accordance with division (C) of this section using the district's valuation index, median income index, and income index as calculated under divisions (F)(2)(a) and (b) of this section;

(d) Determine the district's state share index in accordance with division (D) of this section using the district's wealth index as determined under

division (F)(2)(c) of this section.

(3) For purposes of division (F) of this section, if a district is an eligible school district for fiscal year 2018 but is not an eligible school district for fiscal year 2019, the district's state share index for fiscal year 2019 shall be equal to the district's state share index for 2018.

(G) When performing the calculations required under this section, the department shall not round to fewer than four decimal places.

(D) Notwithstanding divisions (B) and (C) of this section, in any fiscal year, the commission may limit the number of districts for which it conducts on-site visits based upon its projections of the moneys available and moneys necessary to undertake projects under sections 3318.01 to 3318.20 of the Revised Code for that year.

Sec. 3318.024. In the first year of a capital biennium, any funds appropriated to the Ohio ~~school~~ facilities construction commission for classroom facilities projects under this chapter in the previous capital biennium that were not spent or encumbered, or for which an encumbrance has been canceled under section 3318.05 of the Revised Code, shall be used by the commission only for projects under sections 3318.01 to 3318.20 of the Revised Code, subject to appropriation by the general assembly.

In the second year of a capital biennium, any funds appropriated to the Ohio ~~school~~ facilities construction commission for classroom facilities projects under this chapter that were not spent or encumbered in the first year of the biennium and which are in excess of an amount equal to half of the appropriations for the capital biennium, or for which an encumbrance has been canceled under section 3318.05 of the Revised Code, shall be used by the commission only for projects under sections 3318.01 to 3318.20, 3318.351, 3318.364, 3318.37, 3318.371, 3318.38, and 3318.40 to 3318.46 of the Revised Code, subject to appropriation by the general assembly.

Sec. 3318.03. (A) Before conducting an on-site evaluation of a school district under section 3318.02 of the Revised Code, at the request of the district board of education, the Ohio ~~school~~ facilities construction commission shall examine any classroom facilities needs assessment that has been conducted by the district and any master plan developed for meeting the facility needs of the district.

(B) Upon conducting the on-site evaluation under section 3318.02 of the Revised Code, the Ohio ~~school~~ facilities construction commission shall make a determination of all of the following:

- (1) The needs of the school district for additional classroom facilities;
- (2) The number of classroom facilities to be included in a project and the basic project cost of constructing, acquiring, reconstructing, or making additions to each such facility;
- (3) The amount of such cost that the school district can supply from available funds, by the issuance of bonds previously authorized by the electors of the school district the proceeds of which can lawfully be used for the project and by the issuance of bonds under section 3318.05 of the Revised Code;
- (4) The remaining amount of such cost that shall be supplied by the state;
- (5) The amount of the state's portion to be encumbered in accordance with section 3318.11 of the Revised Code in the current and subsequent

fiscal years from funds appropriated for purposes of sections 3318.01 to 3318.20 of the Revised Code.

(C) The commission shall make a determination in favor of constructing, acquiring, reconstructing, or making additions to a classroom facility only upon evidence that the proposed project conforms to sound educational practice, that it is in keeping with the orderly process of school district reorganization and consolidation, and that the actual or projected enrollment in each classroom facility proposed to be included in the project is at least three hundred fifty pupils. Exceptions shall be authorized only in those districts where topography, sparsity of population, and other factors make larger schools impracticable.

If the school district board determines that an existing facility has historical value or for other good cause determines that an existing facility should be renovated in lieu of acquiring a comparable facility by new construction, the commission may approve the expenditure of project funds for the renovation of that facility up to but not exceeding one hundred per cent of the estimated cost of acquiring a comparable facility by new construction, as long as the commission determines that the facility when renovated can be operationally efficient, will be adequate for the future needs of the district, and will comply with the other provisions of this division.

(D) Sections 125.81 and 153.04 of the Revised Code shall not apply to classroom facilities constructed under either sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code.

Sec. 3318.031. (A) The Ohio ~~school~~ facilities construction commission shall consider student and staff safety and health when reviewing design plans for classroom facility construction projects proposed under this chapter. After consulting with appropriate education, health, and law enforcement personnel, the commission may require as a condition of project approval under either section 3318.03 or division (B)(1) of section 3318.41 of the Revised Code such changes in the design plans as the commission believes will advance or improve student and staff safety and health in the proposed classroom facility.

To carry out its duties under this division, the commission shall review and, if necessary, amend any construction and design standards used in its project approval process, including standards for location and number of exits, standards for lead safety in classroom facilities constructed before 1978 in which services are provided to children under six years of age, and location of restrooms, with a focus on advancing student and staff safety and health.

(B) When reviewing design standards for classroom facility construction projects proposed under this chapter, the commission shall also consider the extent to which the design standards support the following:

(1) Trends in educational delivery methods, including digital access and blended learning;

(2) Provision of sufficient space for training new teachers and promotion of collaboration among teaching candidates, experienced teachers, and teacher educators;

(3) Provision of adequate space for teacher planning and collaboration;

(4) Provision of adequate space for parent involvement activities;

(5) Provision of sufficient space for innovative partnerships between schools and health and social service agencies.

Sec. 3318.032. (A) Except as otherwise provided in divisions (C) and (D) of this section, the portion of the basic project cost supplied by the school district shall be the greater of:

(1) The required percentage of the basic project costs;

(2)(a) For all districts except a district that opts to divide its entire classroom facilities needs into segments to be completed separately as authorized by section 3318.034 of the Revised Code, an amount necessary to raise the school district's net bonded indebtedness, as of the date the controlling board approved the project, to within five thousand dollars of the required level of indebtedness;

(b) For a district that opts to divide its entire classroom facilities needs into segments to be completed separately as authorized by section 3318.034 of the Revised Code, an amount necessary to raise the school district's net bonded indebtedness, as of the date the controlling board approved the project, to within five thousand dollars of the following:

The required level of indebtedness X (the basic project cost of the segment as approved by the controlling board / the estimated basic project cost of the district's entire classroom facilities needs as determined jointly by the staff of the Ohio ~~school~~ facilities construction commission and the district)

(B) The amount of the district's share determined under this section shall be calculated only as of the date the controlling board approved the project, and that amount applies throughout the thirteen-month period permitted under section 3318.05 of the Revised Code for the district's electors to approve the propositions described in that section. If the amount reserved and encumbered for a project is released because the electors do not approve those propositions within that period, and the school district later receives

the controlling board's approval for the project, subject to a new project scope and estimated costs under section 3318.054 of the Revised Code, the district's portion shall be recalculated in accordance with this section as of the date of the controlling board's subsequent approval.

(C) At no time shall a school district's portion of the basic project cost be greater than ninety-five per cent of the total basic project cost.

(D) If the controlling board approves a project under sections 3318.01 to 3318.20 of the Revised Code for a school district that previously received assistance under those sections or section 3318.37 of the Revised Code within the twenty-year period prior to the date on which the controlling board approves the new project, the district's portion of the basic project cost for the new project shall be the lesser of the following:

(1) The portion calculated under division (A) of this section;

(2) The greater of the following:

(a) The required percentage of the basic project costs for the new project;

(b) The percentage of the basic project cost paid by the district for the previous project.

Sec. 3318.033. (A) As used in this section:

(1) "Formula ADM" has the same meaning as in section 3317.02 of the Revised Code.

(2) "Open enrollment net gain" has the same meaning as in section 3318.011 of the Revised Code.

(B) This section applies to each school district that meets the following criteria:

(1) The Ohio ~~school~~ facilities construction commission certified its conditional approval of the district's project under sections 3318.01 to 3318.20 of the Revised Code after July 1, 2006, and prior to September 29, 2007, and the project had not been completed as of September 29, 2007.

(2) Within one year after the date of the commission's certification of its conditional approval, the district's electors approved a bond issue to pay the district's portion of the basic project cost or the district board of education complied with section 3318.052 of the Revised Code.

(3) In the fiscal year prior to the fiscal year in which the district's project was conditionally approved, the district had an open enrollment net gain that was ten per cent or more of its formula ADM.

(C) For each school district to which this section applies, the department of education shall recalculate the district's percentile ranking under section 3318.011 of the Revised Code for the fiscal year prior to the fiscal year in which the district's project was conditionally approved and shall report the

recalculated percentile ranking to the commission. For this purpose, the department shall recalculate every school district's percentile ranking for that fiscal year using the district's "valuation per pupil" as that term is defined in section 3318.011 of the Revised Code on and after September 29, 2007.

(D) For each school district to which this section applies, the commission shall use the recalculated percentile ranking reported under division (C) of this section to determine the district's portion of the basic project cost under section 3318.032 of the Revised Code. The commission shall not use the recalculated percentile ranking for any other purpose, and the recalculated ranking shall not affect any other district's portion of the basic project cost under section 3318.032 of the Revised Code or any district's eligibility for assistance under sections 3318.01 to 3318.20 of the Revised Code. The commission shall revise the agreement entered into under section 3318.08 of the Revised Code to reflect the district's new portion of the basic project cost as determined under this division.

Sec. 3318.034. (A) This section applies to both of the following:

(1) Any school district that has not executed an agreement for a project under sections 3318.01 to 3318.20 of the Revised Code prior to June 24, 2008;

(2) Any school district that is eligible for additional assistance under sections 3318.01 to 3318.20 of the Revised Code pursuant to division (B)(2) of section 3318.04 of the Revised Code.

Notwithstanding any provision of this chapter to the contrary, with the approval of the Ohio ~~school~~ facilities construction commission, any school district to which this section applies may opt to divide the district's entire classroom facilities needs, as those needs are jointly determined by the staff of the commission and the school district, into discrete segments and shall comply with all of the provisions of those sections unless otherwise provided in this section.

(B) Except as provided in division (C) of this section, each segment shall comply with both of the following:

(1) The segment shall consist of the new construction of one or more entire buildings, a stand-alone segment of a building that serves grades kindergarten through twelve, or the complete renovation of one or more entire existing buildings, with any necessary additions to that building.

(2) The segment shall not include any construction of or renovation or repair to any building that does not complete the needs of the district with respect to that particular building at the time the segment is completed.

(C) A district described in division (A)(2) of this section that has not

received the additional assistance authorized under division (B)(2) of section 3318.04 of the Revised Code may undertake a segment, with commission approval, for the purpose of renovating or replacing work performed on a facility under the district's prior project. The commission may approve that segment if the commission determines that the renovation or replacement is necessary to protect the facility. The basic project cost of the segment shall be allocated between the state and the district in accordance with section 3318.032 of the Revised Code. However, the requirements of division (B) of this section shall not apply to a segment undertaken under this division.

(D) The commission shall conditionally approve and seek controlling board approval in accordance with division (A) of section 3318.04 of the Revised Code of each segment.

(E)(1) When undertaking a segment under this section, a school district may elect to prorate its full maintenance amount by setting aside for maintenance the amount calculated under division (E)(2) of this section to maintain the classroom facilities acquired under the segment, if the district will use one or more of the alternative methods authorized in sections 3318.051, 3318.052, and 3318.084 of the Revised Code to generate the entire amount calculated under that division. If the district so elects, the commission and the district shall include in the agreement entered into under section 3318.08 of the Revised Code a statement specifying that the district will use the amount calculated under that division only to maintain the classroom facilities acquired under the segment.

(2) The commission shall calculate the amount for a school district to maintain the classroom facilities acquired under a segment as follows:

The full maintenance amount X (the school district's portion of the basic project cost for the segment / the school district's portion of the basic project cost for the district's entire classroom facilities needs, as determined jointly by the staff of the commission and the district)

(3) A school district may elect to prorate its full maintenance amount for any number of segments, provided the district will use one or more of the alternative methods authorized in sections 3318.051, 3318.052, and 3318.084 of the Revised Code to generate the entire amount calculated under division (E)(2) of this section to maintain the classroom facilities acquired under each segment for which it so elects. If the district cannot use one or more of those alternative methods to generate the entire amount calculated under that division, the district shall levy the tax described in division (B) of section 3318.05 of the Revised Code or an extension of that tax under section 3318.061 of the Revised Code in an amount necessary to generate the remainder of its full maintenance amount. The commission

shall calculate the remainder of the district's full maintenance amount as follows:

The full maintenance amount - the sum of the amounts calculated for the district under division (E)(2) of this section for each prior segment of the district's project

(4) In no case shall the sum of the amounts calculated for a school district's maintenance of classroom facilities under divisions (E)(2) and (3) of this section exceed the amount that would have been required for maintenance if the district had elected to undertake its project in its entirety instead of segmenting the project under this section.

(5) If a school district commenced a segment under this section prior to September 10, 2012, but has not completed that segment, and has not levied the tax described in division (B) of section 3318.05 of the Revised Code or an extension of that tax under section 3318.061 of the Revised Code, the district may request approval from the commission to prorate its full maintenance amount in accordance with divisions (E)(1) to (4) of this section. If the commission approves the request, the commission and the district shall amend the agreement entered into under section 3318.08 of the Revised Code to reflect the change.

(F) If a school district levies the tax described in division (B) of section 3318.05 of the Revised Code or an extension of that tax under section 3318.061 of the Revised Code, the tax shall run for twenty-three years from the date the segment for which the tax is initially levied is undertaken. The maintenance levy requirement, as defined in section 3318.18 of the Revised Code, does not apply to a segment undertaken under division (C) of this section.

(G) As used in this section, "full maintenance amount" means the amount of total revenue that a school district likely would generate by one-half mill of the tax described in division (B) of section 3318.05 of the Revised Code over the entire twenty-three-year period required under that section, as determined by the commission in consultation with the department of taxation.

Sec. 3318.035. (A) This section applies only if there is a change in the assessment rates on gas pipelines imposed under state law.

(B) If at any time division (A) of this section applies and if the change in assessment rates described in that division affects a school district's valuation as determined under division (P) of section 3318.01 of the Revised Code by greater than ten per cent and if the Ohio ~~school~~ construction commission had determined the state and school district portion of the basic project cost of such a district's project under section 3318.36 or

3318.37 of the Revised Code prior to that change in valuation, the commission shall adjust the state and school district portions of the basic project cost of the school district's project using the valuation altered by the change in assessment rates described in division (A) of this section.

Sec. 3318.036. (A) For purposes of this section:

(1) "Eligible school district" is a city, local, or exempted village school district that satisfies both of the following conditions:

(a) The district resulted from one of the following that became effective between July 1, 2013, and June 30, 2018:

(i) A transfer of all of the territory of one school district to another school district in accordance with section 3311.22, 3311.231, 3311.24, or 3311.38 of the Revised Code;

(ii) The merger of two or more districts in accordance with section 3311.25 of the Revised Code;

(iii) The creation of a new local school district from all of one or more local school districts in accordance with section 3311.26 of the Revised Code;

(iv) The consolidation of two or more school districts under section 3311.37 of the Revised Code.

(b) The district has demonstrated to the Ohio ~~school~~ facilities construction commission an efficient use of facility space, including a reduction in the number of buildings used by students and administrative staff.

(2) "Basic project cost" and "required percentage of the basic project cost" have the same meanings as in section 3318.01 of the Revised Code.

(B) Notwithstanding anything to the contrary in this chapter:

(1) If the commission determines that a district is an eligible school district, the commission shall give that district first priority for funding for a project under sections 3318.01 to 3318.20 of the Revised Code as such funds become available, regardless of the district's percentile rank under section 3318.011 of the Revised Code. If the district results from a transfer, merger, consolidation, or creation of a new local district that takes effect prior to ~~the effective date of this section~~ April 6, 2017, the district's portion of the basic project cost shall be the required percentage of the basic project cost based on the percentile ranking of the district that was transferred, merged, consolidated, or existed prior to the creation of the new district that has the lowest three-year average adjusted valuation per pupil, as calculated under section 3318.011 of the Revised Code, on the date that the transfer, merger, consolidation, or creation of the new district became effective.

(2) If an eligible school district is given priority under division (B)(1) of

this section, the commission may reduce that district's portion of the basic project cost by twenty-five percentage points from the portion determined under section 3318.032 of the Revised Code or, if the district results from a transfer, merger, consolidation, or creation of a new local district that takes effect prior to ~~the effective date of this section~~ April 6, 2017, from the portion determined under division (B)(1) of this section. At no time, however, shall that district's portion of the basic project cost be less than five per cent.

(3) If an eligible school district is given priority under division (B)(1) of this section, the commission may reduce that district's portion of the basic project cost by ten percentage points from the portion determined under section 3318.032 of the Revised Code or, if the district results from a transfer, merger, consolidation, or creation of a new local district that takes effect prior to ~~the effective date of this section~~ April 6, 2017, from the portion determined under division (B)(1) of this section, if the district's project satisfies the following conditions:

(a) The project involves construction of a building on land owned by a state institution of higher education, as that term is defined in section 3345.011 of the Revised Code, and the commission approves the project.

(b) The district and the state institution of higher education enter into a written agreement regarding the continued use of the institution's land by the district, and the commission approves the agreement.

(c) On the date that the district and the state institution of higher education enter into the written agreement described in division (B)(3)(b) of this section, the state institution of higher education is participating in the college credit plus program established under Chapter 3365. of the Revised Code.

At no time, however, shall that district's portion of the basic project cost be less than five per cent.

The reduction of the district's portion of the basic project cost described in division (B)(3) of this section may be in addition to a reduction of the district's portion of the basic project cost under division (B)(2) of this section.

(C) Except as provided in division (B) of this section, a district's project undertaken pursuant to this section shall be subject to all other requirements in sections 3318.01 to 3318.20 of the Revised Code.

Sec. 3318.037. (A) For purposes of this section, an "eligible school district" is a school district that satisfies all of the following conditions:

(1) The district executed an agreement for a project under sections 3318.01 to 3318.20 of the Revised Code that was segmented under section

3318.034 of the Revised Code.

(2) The district has undertaken one or more segments of that project and has applied to the Ohio facilities construction commission for funding for a subsequent segment of the project.

(3) Since the original project agreement described in division (A)(1) of this section was executed, the district has experienced a decrease in its adjusted valuation per pupil, as determined annually under section 3318.011 of the Revised Code, such that, as of the date the district submits its application for a subsequent segment of the project as described in division (A)(2) of this section, the district's annual percentile ranking under that section is lower than its percentile ranking on the date the district executed the original agreement for the project.

(B) Notwithstanding anything to the contrary in this chapter or in any rule of the commission, an eligible school district's portion of the cost for a subsequent segment of its project shall be the "required percentage of the basic project costs" based on the district's current percentile ranking for the fiscal year for which the district seeks funding for the segment.

Upon determining the respective state and district portions of the basic project cost for the segment pursuant to this section, the commission and the district shall amend the project agreement to stipulate those portions, and the commission shall encumber funds for the segment in accordance with section 3318.11 of the Revised Code.

(C) Nothing in this section shall affect the respective state and district portions of the basic project cost of segments of a district's project undertaken prior to the district's application for funding for a subsequent segment of the project under this section.

Sec. 3318.04. (A) If the Ohio ~~school~~ facilities construction commission makes a determination under section 3318.03 of the Revised Code in favor of constructing, acquiring, reconstructing, or making additions to a classroom facility, the project shall be conditionally approved. Such conditional approval shall be submitted to the controlling board for approval thereof. The controlling board shall forthwith approve or reject the commission's determination, conditional approval, the amount of the state's portion of the basic project cost, and, the amount of the state's portion to be encumbered in the current fiscal year. In the event of approval thereof by the controlling board, the commission shall certify such conditional approval to the school district board and shall encumber from the total funds appropriated for the purpose of sections 3318.01 to 3318.20 of the Revised Code the amount approved under this section to be encumbered in the current fiscal year.

The basic project cost for a project approved under this section shall not exceed the cost that would otherwise have to be incurred if the classroom facilities to be constructed, acquired, or reconstructed, or the additions to be made to classroom facilities, under such project meet, but do not exceed, the specifications for plans and materials for classroom facilities adopted by the commission.

(B)(1) No school district shall have a project conditionally approved pursuant to this section if the school district has already received any assistance for a project funded under any version of sections 3318.01 to 3318.20 of the Revised Code, and the prior project was one for which the electors of such district approved a levy within the last twenty years pursuant to any version of section 3318.06 of the Revised Code for purposes of qualifying for the funding of that project, unless the district demonstrates to the satisfaction of the commission that the district has experienced since approval of its prior project an exceptional increase in enrollment significantly above the district's design capacity under that prior project as determined by rule of the commission.

(2) Notwithstanding division (B)(1) of this section, any school district that received assistance under sections 3318.01 to 3318.20 of the Revised Code, as those sections existed prior to May 20, 1997, may receive additional assistance under those sections, as they exist on and after May 20, 1997, prior to the expiration of the period of time required under division (B)(1) of this section, if the percentile in which the school district is located, as determined under section 3318.011 of the Revised Code, is eligible for assistance as prescribed in section 3318.02 of the Revised Code.

The commission may provide assistance under sections 3318.01 to 3318.20 of the Revised Code pursuant to this division to no more than five school districts per fiscal year until all eligible school districts have received the additional assistance authorized under this division. The commission shall establish application procedures, deadlines, and priorities for funding projects under this division.

The commission at its discretion may waive current design specifications it has adopted for projects under sections 3318.01 to 3318.20 of the Revised Code when assessing an application for additional assistance under this division for the renovation of classroom facilities constructed or renovated under a school district's previous project. If the commission finds that a school district's existing classroom facilities are adequate to meet all of the school district's needs, the commission may determine that no additional state assistance be awarded to a school district under this division.

In order for a school district to be eligible to receive any additional

assistance under this division, the school district electors shall extend the school district's existing levy dedicated for maintenance of classroom facilities under Chapter 3318. of the Revised Code, pursuant to section 3318.061 of the Revised Code or shall provide equivalent alternative maintenance funds as specified in division (A)(2) of section 3318.06 of the Revised Code.

(3) Notwithstanding division (B)(1) of this section, any school district that has received assistance under sections 3318.01 to 3318.20 of the Revised Code after May 20, 1997, may receive additional assistance if the commission decides in favor of providing such assistance pursuant to section 3318.042 of the Revised Code.

(4) Notwithstanding division (B)(1) of this section, any school district that has opted to divide its entire classroom facilities needs into segments to be completed separately, as authorized by section 3318.034 of the Revised Code, and that has received assistance under sections 3318.01 to 3318.20 of the Revised Code for one of those segments may receive assistance under those sections for a subsequent segment. Assistance for any subsequent segment shall not include any additional work on a building included in a prior segment unless the district demonstrates to the satisfaction of the commission that the district has experienced since the completion of the prior segment an exceptional increase in enrollment in the grade levels housed in that building.

Sec. 3318.041. A school district ranked in the first through twenty-fifth percentiles may adopt and certify to the Ohio ~~school~~ facilities construction commission a resolution specifying a proposed project that meets the requirements of this chapter and the needs of the district, as confirmed through an on-site visit pursuant to section 3318.02 of the Revised Code. The commission shall consider such projects for conditional approval pursuant to section 3318.03 and shall encumber funds pursuant to section 3318.04 of the Revised Code in the order in which such resolutions are received.

Sec. 3318.042. (A) The board of education of any school district that is receiving assistance under sections 3318.01 to 3318.20 of the Revised Code after May 20, 1997, or under sections 3318.40 to 3318.45 of the Revised Code, and whose project is still under construction, may request that the Ohio ~~school~~ facilities construction commission examine whether the circumstances prescribed in either division (B)(1) or (2) of this section exist in the school district. If the commission so finds, the commission shall review the school district's original assessment and approved project and consider providing additional assistance to the school district to correct the

prescribed conditions found to exist in the district. Additional assistance under this section shall be limited to additions to one or more buildings, remodeling of one or more buildings, or changes to the infrastructure of one or more buildings.

(B) Consideration of additional assistance to a school district under this section is warranted in either of the following circumstances:

(1) Additional work is needed to correct an oversight or deficiency not identified or included in the district's initial assessment.

(2) Other conditions exist that, in the opinion of the commission, warrant additions or remodeling of the project facilities or changes to infrastructure associated with the district's project that were not identified in the initial assessment and plan.

(C) If the commission decides in favor of providing additional assistance to any school district under this section, the school district shall be responsible for paying for its portion of the cost of the additions, remodeling, or infrastructure changes pursuant to section 3318.083 of the Revised Code. If, after making a financial evaluation of the school district, the commission determines that the school district is unable without undue hardship, according to the guidelines adopted by the commission, to fund the school district portion of the increase, then the state and the school district shall enter into an agreement whereby the state shall pay the portion of the cost increase attributable to the school district which is determined to be in excess of any local resources available to the district and the district shall thereafter reimburse the state. The commission shall establish the district's schedule for reimbursing the state, which shall not extend beyond ten years. The commission may lengthen the reimbursement schedule of a school district that has entered into an agreement under this section prior to ~~the effective date of this amendment~~ September 26, 2003, as long as the total term of that schedule does not extend beyond ten years. Debt incurred under this section shall not be included in the calculation of the net indebtedness of the school district under section 133.06 of the Revised Code.

Sec. 3318.05. The conditional approval of the Ohio ~~school~~ facilities construction commission for a project shall lapse and the amount reserved and encumbered for such project shall be released unless the school district board accepts such conditional approval within one hundred twenty days following the date of certification of the conditional approval to the school district board and the electors of the school district vote favorably on both of the propositions described in divisions (A) and (B) of this section within thirteen months of the date of such certification, except that a school district

described in division (C) of this section does not need to submit the proposition described in division (B) of this section. The propositions described in divisions (A) and (B) of this section shall be combined in a single proposal. If the district board or the district's electors fail to meet such requirements and the amount reserved and encumbered for the district's project is released, the district shall be given first priority for project funding as such funds become available, subject to section 3318.054 of the Revised Code.

(A) On the question of issuing bonds of the school district board, for the school district's portion of the basic project cost, in an amount equal to the school district's portion of the basic project cost less the amount of the proceeds of any securities authorized or to be authorized under division (J) of section 133.06 of the Revised Code and dedicated by the school district board to payment of the district's portion of the basic project cost; and

(B) On the question of levying a tax the proceeds of which shall be used to pay the cost of maintaining the classroom facilities included in the project. Such tax shall be at the rate of not less than one-half mill for each dollar of valuation for a period of twenty-three years, subject to any extension approved under section 3318.061 of the Revised Code.

(C) If a school district has in place a tax levied under section 5705.21 of the Revised Code for general permanent improvements for a continuing period of time and the proceeds of such tax can be used for maintenance, or if a district agrees to the transfers described in section 3318.051 of the Revised Code, the school district need not levy the additional tax required under division (B) of this section, provided the school district board includes in the agreement entered into under section 3318.08 of the Revised Code provisions either:

(1) Earmarking an amount from the proceeds of that permanent improvement tax for maintenance of classroom facilities equivalent to the amount of the additional tax and for the equivalent number of years otherwise required under this section;

(2) Requiring the transfer of money in accordance with section 3318.051 of the Revised Code.

The district board subsequently may rescind the agreement to make the transfers under section 3318.051 of the Revised Code only so long as the electors of the district have approved, in accordance with section 3318.063 of the Revised Code, the levy of a tax for the maintenance of the classroom facilities acquired under the district's project and that levy continues to be collected as approved by the electors.

(D) Proceeds of the tax to be used for maintenance of the classroom

facilities under either division (B) or (C)(1) of this section, and transfers of money in accordance with section 3318.051 of the Revised Code shall be deposited into a separate fund established by the school district for such purpose.

Sec. 3318.051. (A) Any city, exempted village, or local school district that commences a project under sections 3318.01 to 3318.20, 3318.36, 3318.37, or 3318.38 of the Revised Code on or after September 5, 2006, need not levy the tax otherwise required under division (B) of section 3318.05 of the Revised Code, if the district board of education adopts a resolution petitioning the Ohio ~~school~~ facilities construction commission to approve the transfer of money in accordance with this section and the commission approves that transfer. If so approved, the commission and the district board shall enter into an agreement under which the board, in each of twenty-three consecutive years beginning in the year in which the board and the commission enter into the project agreement under section 3318.08 of the Revised Code, shall transfer into the maintenance fund required by division (D) of section 3318.05 of the Revised Code not less than an amount equal to one-half mill for each dollar of the district's valuation unless and until the agreement to make those transfers is rescinded by the district board pursuant to division (F) of this section.

(B) On the first day of July each year, or on an alternative date prescribed by the commission, the district treasurer shall certify to the commission and the auditor of state that the amount required for the year has been transferred. The auditor of state shall include verification of the transfer as part of any audit of the district under section 117.11 of the Revised Code. If the auditor of state finds that less than the required amount has been deposited into a district's maintenance fund, the auditor of state shall notify the district board of education in writing of that fact and require the board to deposit into the fund, within ninety days after the date of the notice, the amount by which the fund is deficient for the year. If the district board fails to demonstrate to the auditor of state's satisfaction that the board has made the deposit required in the notice, the auditor of state shall notify the department of education. At that time, the department shall withhold an amount equal to ten per cent of the district's funds calculated for the current fiscal year under Chapter 3317. of the Revised Code until the auditor of state notifies the department that the auditor of state is satisfied that the board has made the required transfer.

(C) Money transferred to the maintenance fund shall be used for the maintenance of the facilities acquired under the district's project.

(D) The transfers to the maintenance fund under this section does not

affect a district's obligation to establish and maintain a capital and maintenance fund under section 3315.18 of the Revised Code.

(E) Any decision by the commission to approve or not approve the transfer of money under this section is final and not subject to appeal. The commission shall not be responsible for errors or miscalculations made in deciding whether to approve a petition to make transfers under this section.

(F) If the district board determines that it no longer can continue making the transfers agreed to under this section, the board may rescind the agreement only so long as the electors of the district have approved, in accordance with section 3318.063 of the Revised Code, the levy of a tax for the maintenance of the classroom facilities acquired under the district's project and that levy continues to be collected as approved by the electors. That levy shall be for a number of years that is equal to the difference between twenty-three years and the number of years that the district made transfers under this section and shall be at the rate of not less than one-half mill for each dollar of the district's valuation. The district board shall continue to make the transfers agreed to under this section until that levy has been approved by the electors.

Sec. 3318.052. At any time after the electors of a school district have approved either or both a property tax levied under section 5705.21 or 5705.218 of the Revised Code for the purpose of permanent improvements, including general permanent improvements, or a school district income tax levied under Chapter 5748. of the Revised Code, the proceeds of either of which, pursuant to the ballot measures approved by the electors, are not so restricted that they cannot be used to pay the costs of a project or maintaining classroom facilities, the school district board may:

(A) Within one year following the date of the certification of the conditional approval of the school district's classroom facilities project by the Ohio ~~school~~ facilities construction commission, enter into a written agreement with the commission, which may be part of an agreement entered into under section 3318.08 of the Revised Code, and in which the school district board covenants and agrees to do one or both of the following:

(1) Apply a specified amount of available proceeds of that property tax levy, of that school district income tax, or of securities issued under this section, or of proceeds from any two or more of those sources, to pay all or part of the district's portion of the basic project cost of its classroom facilities project;

(2) Apply available proceeds of either or both a property tax levied under section 5705.21 or 5705.218 of the Revised Code in effect for a continuing period of time, or of a school district income tax levied under

Chapter 5748. of the Revised Code in effect for a continuing period of time to the payment of costs of maintaining the classroom facilities.

(B) Receive, as a credit against the amount of bonds required under sections 3318.05 and 3318.06 of the Revised Code, to be approved by the electors of the district and issued by the district board for the district's portion of the basic project cost of its classroom facilities project in order for the district to receive state assistance for the project, an amount equal to the specified amount that the district board covenants and agrees with the commission to apply as set forth in division (A)(1) of this section;

(C) Receive, as a credit against the amount of the tax levy required under sections 3318.05 and 3318.06 of the Revised Code, to be approved by the electors of the district to pay the costs of maintaining the classroom facilities in order to receive state assistance for the classroom facilities project, an amount equivalent to the specified amount of proceeds the school district board covenants and agrees with the commission to apply as referred to in division (A)(2) of this section;

(D) Apply proceeds of either or both a school district income tax levied under Chapter 5748. of the Revised Code that may lawfully be used to pay the costs of a classroom facilities project or of a tax levied under section 5705.21 or 5705.218 of the Revised Code to the payment of debt charges on and financing costs related to securities issued under this section;

(E) Issue securities to provide moneys to pay all or part of the district's portion of the basic project cost of its classroom facilities project in accordance with an agreement entered into under division (A) of this section. Securities issued under this section shall be Chapter 133. securities and may be issued as general obligation securities or issued in anticipation of a school district income tax or as property tax anticipation notes under section 133.24 of the Revised Code. The district board's resolution authorizing the issuance and sale of general obligation securities under this section shall conform to the applicable requirements of section 133.22 or 133.23 of the Revised Code. Securities issued under this section shall have principal payments during each year after the year of issuance over a period of not more than twenty-three years and, if so determined by the district board, during the year of issuance. Securities issued under this section shall not be included in the calculation of net indebtedness of the district under section 133.06 of the Revised Code, including but not limited to the limitation on unvoted indebtedness specified in division (G) of that section, or under section 3313.372 of the Revised Code, if the resolution of the district board authorizing their issuance and sale includes covenants to appropriate annually from lawfully available proceeds of a property tax

levied under section 5705.21 or 5705.218 of the Revised Code or of a school district income tax levied under Chapter 5748. of the Revised Code and to continue to levy and collect the tax in amounts necessary to pay the debt charges on and financing costs related to the securities as they become due. No property tax levied under section 5705.21 or 5705.218 of the Revised Code and no school district income tax levied under Chapter 5748. of the Revised Code that is pledged, or that the school district board has covenanted to levy, collect, and appropriate annually, to pay the debt charges on and financing costs related to securities issued under this section shall be repealed while those securities are outstanding. If such a tax is reduced by the electors of the district or by the district board while those securities are outstanding, the school district board shall continue to levy and collect the tax under the authority of the original election authorizing the tax at a rate in each year that the board reasonably estimates will produce an amount in that year equal to the debt charges on the securities in that year, except that in the case of a school district income tax that amount shall be rounded up to the nearest one-fourth of one per cent.

No state moneys shall be released for a project to which this section applies until the proceeds of the tax securities issued under this section that are dedicated for the payment of the district portion of the basic project cost of its classroom facilities project are first deposited into the district's project construction fund.

Sec. 3318.054. (A) If conditional approval of a city, exempted village, or local school district's project lapses as provided in section 3318.05 of the Revised Code, or if conditional approval of a joint vocational school district's project lapses as provided in division (D) of section 3318.41 of the Revised Code, because the district's electors have not approved the ballot measures necessary to generate the district's portion of the basic project cost, and if the district board desires to seek a new conditional approval of the project, the district board shall request that the Ohio ~~school~~ facilities construction commission set the scope, basic project cost, and school district portion of the basic project cost prior to resubmitting the ballot measures to the electors. To do so, the commission shall use the district's current assessed tax valuation and the district's percentile for the prior fiscal year. For a district that has entered into an agreement under section 3318.36 of the Revised Code and desires to proceed with a project under sections 3318.01 to 3318.20 of the Revised Code, the district's portion of the basic project cost shall be the percentage specified in that agreement. The project scope and basic costs established under this division shall be valid for thirteen months from the date the commission approves them.

(B) Upon the commission's approval under division (A) of this section, the district board may submit the ballot measures to the district's electors for approval of the project based on the new project scope and estimated costs. Upon electoral approval of those measures, the district shall be given first priority for project funding as such funds become available.

(C) When the commission determines that funds are available for the district's project, the commission shall do all of the following:

(1) Determine the school district portion of the basic project cost under section 3318.032 of the Revised Code, in the case of a city, exempted village, or local school district, or under section 3318.42 of the Revised Code, in the case of a joint vocational school district;

(2) Conditionally approve the project and submit it to the controlling board for approval pursuant to section 3318.04 of the Revised Code;

(3) Encumber funds for the project under section 3318.11 of the Revised Code;

(4) Enter into an agreement with the district board under section 3318.08 of the Revised Code.

Sec. 3318.06. (A) After receipt of the conditional approval of the Ohio ~~school~~ facilities construction commission, the school district board by a majority of all of its members shall, if it desires to proceed with the project, declare all of the following by resolution:

(1) That by issuing bonds in an amount equal to the school district's portion of the basic project cost the district is unable to provide adequate classroom facilities without assistance from the state;

(2) Unless the school district board has resolved to transfer money in accordance with section 3318.051 of the Revised Code or to apply the proceeds of a property tax or the proceeds of an income tax, or a combination of proceeds from such taxes, as authorized under section 3318.052 of the Revised Code, that to qualify for such state assistance it is necessary to do either of the following:

(a) Levy a tax outside the ten-mill limitation the proceeds of which shall be used to pay the cost of maintaining the classroom facilities included in the project;

(b) Earmark for maintenance of classroom facilities from the proceeds of an existing permanent improvement tax levied under section 5705.21 of the Revised Code, if such tax can be used for maintenance, an amount equivalent to the amount of the additional tax otherwise required under this section and sections 3318.05 and 3318.08 of the Revised Code.

(3) That the question of any tax levy specified in a resolution described in division (A)(2)(a) of this section, if required, shall be submitted to the

electors of the school district at the next general or primary election, if there be a general or primary election not less than ninety and not more than one hundred ten days after the day of the adoption of such resolution or, if not, at a special election to be held at a time specified in the resolution which shall be not less than ninety days after the day of the adoption of the resolution and which shall be in accordance with the requirements of section 3501.01 of the Revised Code.

Such resolution shall also state that the question of issuing bonds of the board shall be combined in a single proposal with the question of such tax levy. More than one election under this section may be held in any one calendar year. Such resolution shall specify both of the following:

(a) That the rate which it is necessary to levy shall be at the rate of not less than one-half mill for each one dollar of valuation, and that such tax shall be levied for a period of twenty-three years;

(b) That the proceeds of the tax shall be used to pay the cost of maintaining the classroom facilities included in the project.

(B) A copy of a resolution adopted under division (A) of this section shall after its passage and not less than ninety days prior to the date set therein for the election be certified to the county board of elections.

The resolution of the school district board, in addition to meeting other applicable requirements of section 133.18 of the Revised Code, shall state that the amount of bonds to be issued will be an amount equal to the school district's portion of the basic project cost, and state the maximum maturity of the bonds which may be any number of years not exceeding the term calculated under section 133.20 of the Revised Code as determined by the board. In estimating the amount of bonds to be issued, the board shall take into consideration the amount of moneys then in the bond retirement fund and the amount of moneys to be collected for and disbursed from the bond retirement fund during the remainder of the year in which the resolution of necessity is adopted.

If the bonds are to be issued in more than one series, the resolution may state, in addition to the information required to be stated under division (B)(3) of section 133.18 of the Revised Code, the number of series, which shall not exceed five, the principal amount of each series, and the approximate date each series will be issued, and may provide that no series, or any portion thereof, may be issued before such date. Upon such a resolution being certified to the county auditor as required by division (C) of section 133.18 of the Revised Code, the county auditor, in calculating, advising, and confirming the estimated average annual property tax levy under that division, shall also calculate, advise, and confirm by certification

the estimated average property tax levy for each series of bonds to be issued.

Notice of the election shall include the fact that the tax levy shall be at the rate of not less than one-half mill for each one dollar of valuation for a period of twenty-three years, and that the proceeds of the tax shall be used to pay the cost of maintaining the classroom facilities included in the project.

If the bonds are to be issued in more than one series, the board of education, when filing copies of the resolution with the board of elections as required by division (D) of section 133.18 of the Revised Code, may direct the board of elections to include in the notice of election the principal amount and approximate date of each series, the maximum number of years over which the principal of each series may be paid, the estimated additional average property tax levy for each series, and the first calendar year in which the tax is expected to be due for each series, in addition to the information required to be stated in the notice under divisions (E)(3)(a) to (e) of section 133.18 of the Revised Code.

(C)(1) Except as otherwise provided in division (C)(2) of this section, the form of the ballot to be used at such election shall be:

"A majority affirmative vote is necessary for passage.

Shall bonds be issued by the ..... (here insert name of school district) school district to pay the local share of school construction under the State of Ohio Classroom Facilities Assistance Program in the principal amount of ..... (here insert principal amount of the bond issue), to be repaid annually over a maximum period of ..... (here insert the maximum number of years over which the principal of the bonds may be paid) years, and an annual levy of property taxes be made outside the ten-mill limitation, estimated by the county auditor to average over the repayment period of the bond issue ..... (here insert the number of mills estimated) mills for each one dollar of tax valuation, which amounts to ..... (rate expressed in cents or dollars and cents, such as "thirty-six cents" or "\$0.36") for each one hundred dollars of tax valuation to pay the annual debt charges on the bonds and to pay debt charges on any notes issued in anticipation of the bonds?"

and, unless the additional levy of taxes is not required pursuant to division (C) of section 3318.05 of the Revised Code,

"Shall an additional levy of taxes be made for a period of twenty-three years to benefit the ..... (here insert name of school district) school district, the proceeds of which shall be used to pay the cost of maintaining the classroom facilities included in the project at the rate of ..... (here

insert the number of mills, which shall not be less than one-half mill) mills for each one dollar of valuation?

	FOR THE BOND ISSUE AND TAX LEVY
	AGAINST THE BOND ISSUE AND TAX LEVY

"

(2) If authority is sought to issue bonds in more than one series and the board of education so elects, the form of the ballot shall be as prescribed in section 3318.062 of the Revised Code. If the board of education elects the form of the ballot prescribed in that section, it shall so state in the resolution adopted under this section.

(D) If it is necessary for the school district to acquire a site for the classroom facilities to be acquired pursuant to sections 3318.01 to 3318.20 of the Revised Code, the district board may propose either to issue bonds of the board or to levy a tax to pay for the acquisition of such site, and may combine the question of doing so with the questions specified in division (B) of this section. Bonds issued under this division for the purpose of acquiring a site are a general obligation of the school district and are Chapter 133. securities.

The form of that portion of the ballot to include the question of either issuing bonds or levying a tax for site acquisition purposes shall be one of the following:

(1) "Shall bonds be issued by the ..... (here insert name of the school district) school district to pay costs of acquiring a site for classroom facilities under the State of Ohio Classroom Facilities Assistance Program in the principal amount of ..... (here insert principal amount of the bond issue), to be repaid annually over a maximum period of ..... (here insert maximum number of years over which the principal of the bonds may be paid) years, and an annual levy of property taxes be made outside the ten-mill limitation, estimated by the county auditor to average over the repayment period of the bond issue ..... (here insert number of mills) mills for each one dollar of tax valuation, which amount to ..... (here insert rate expressed in cents or dollars and cents, such as "thirty-six cents" or "\$0.36") for each one hundred dollars of valuation to pay the annual debt charges on the bonds and to pay debt charges on any notes issued in anticipation of the bonds?"

(2) "Shall an additional levy of taxes outside the ten-mill limitation be made for the benefit of the ..... (here insert name of the school district)

school district for the purpose of acquiring a site for classroom facilities in the sum of ..... (here insert annual amount the levy is to produce) estimated by the county auditor to average ..... (here insert number of mills) mills for each one hundred dollars of valuation, for a period of ..... (here insert number of years the millage is to be imposed) years?"

Where it is necessary to combine the question of issuing bonds of the school district and levying a tax as described in division (B) of this section with the question of issuing bonds of the school district for acquisition of a site, the question specified in that division to be voted on shall be "For the Bond Issues and the Tax Levy" and "Against the Bond Issues and the Tax Levy."

Where it is necessary to combine the question of issuing bonds of the school district and levying a tax as described in division (B) of this section with the question of levying a tax for the acquisition of a site, the question specified in that division to be voted on shall be "For the Bond Issue and the Tax Levies" and "Against the Bond Issue and the Tax Levies."

Where the school district board chooses to combine the question in division (B) of this section with any of the additional questions described in divisions (A) to (D) of section 3318.056 of the Revised Code, the question specified in division (B) of this section to be voted on shall be "For the Bond Issues and the Tax Levies" and "Against the Bond Issues and the Tax Levies."

If a majority of those voting upon a proposition hereunder which includes the question of issuing bonds vote in favor thereof, and if the agreement provided for by section 3318.08 of the Revised Code has been entered into, the school district board may proceed under Chapter 133. of the Revised Code, with the issuance of bonds or bond anticipation notes in accordance with the terms of the agreement.

Sec. 3318.061. This section applies only to school districts eligible to receive additional assistance under division (B)(2) of section 3318.04 of the Revised Code.

The board of education of a school district in which a tax described by division (B) of section 3318.05 and levied under section 3318.06 of the Revised Code is in effect, may adopt a resolution by vote of a majority of its members to extend the term of that tax beyond the expiration of that tax as originally approved under that section. The school district board may include in the resolution a proposal to extend the term of that tax at the rate of not less than one-half mill for each dollar of valuation for a period of twenty-three years from the year in which the school district board and the Ohio ~~school~~ facilities construction commission enter into an agreement

under division (B)(2) of section 3318.04 of the Revised Code or in the following year, as specified in the resolution. Such a resolution may be adopted at any time before such an agreement is entered into and before the tax levied pursuant to section 3318.06 of the Revised Code expires. If the resolution is combined with a resolution to issue bonds to pay the school district's portion of the basic project cost, it shall conform with the requirements of divisions (A)(1), (2), and (3) of section 3318.06 of the Revised Code, except that the resolution also shall state that the tax levy proposed in the resolution is an extension of an existing tax levied under that section. A resolution proposing an extension adopted under this section does not take effect until it is approved by a majority of electors voting in favor of the resolution at a general, primary, or special election as provided in this section.

A tax levy extended under this section is subject to the same terms and limitations to which the original tax levied under section 3318.06 of the Revised Code is subject under that section, except the term of the extension shall be as specified in this section.

The school district board shall certify a copy of the resolution adopted under this section to the proper county board of elections not later than ninety days before the date set in the resolution as the date of the election at which the question will be submitted to electors. The notice of the election shall conform with the requirements of division (A)(3) of section 3318.06 of the Revised Code, except that the notice also shall state that the maintenance tax levy is an extension of an existing tax levy.

The form of the ballot shall be as follows:

"Shall the existing tax levied to pay the cost of maintaining classroom facilities constructed with the proceeds of the previously issued bonds at the rate of ..... (here insert the number of mills, which shall not be less than one-half mill) mills per dollar of tax valuation, be extended until ..... (here insert the year that is twenty-three years after the year in which the district and commission will enter into an agreement under division (B)(2) of section 3318.04 of the Revised Code or the following year)?

	FOR EXTENDING THE EXISTING TAX LEVY
	AGAINST EXTENDING THE EXISTING TAX LEVY " "

Section 3318.07 of the Revised Code applies to ballot questions under this section.

Sec. 3318.07. The board of elections shall certify the result of the election to the tax commissioner, to the auditor of the county or counties in

which the school district is located, to the treasurer of the school district board, and to the Ohio ~~school~~ facilities construction commission. The necessary tax levy for debt service on the bonds shall be included in the annual tax budget that is certified to the county budget commission or, if adoption of the tax budget is waived under section 5705.281 of the Revised Code, included among the tax rates required to be provided to the budget commission under that section.

Sec. 3318.08. Except in the case of a joint vocational school district that receives assistance under sections 3318.40 to 3318.45 of the Revised Code, if the requisite favorable vote on the election is obtained, or if the school district board has resolved to apply the proceeds of a property tax levy or the proceeds of an income tax, or a combination of proceeds from such taxes, as authorized in section 3318.052 of the Revised Code, the Ohio ~~school~~ facilities construction commission, upon certification to it of either the results of the election or the resolution under section 3318.052 of the Revised Code, shall enter into a written agreement with the school district board for the construction and sale of the project. In the case of a joint vocational school district that receives assistance under sections 3318.40 to 3318.45 of the Revised Code, if the school district board of education and the school district electors have satisfied the conditions prescribed in division (D)(1) of section 3318.41 of the Revised Code, the commission shall enter into an agreement with the school district board for the construction and sale of the project. In either case, the agreement shall include, but need not be limited to, the following provisions:

(A) The sale and issuance of bonds or notes in anticipation thereof, as soon as practicable after the execution of the agreement, in an amount equal to the school district's portion of the basic project cost, including any securities authorized under division (J) of section 133.06 of the Revised Code and dedicated by the school district board to payment of the district's portion of the basic project cost of the project; provided, that if at that time the county treasurer of each county in which the school district is located has not commenced the collection of taxes on the general duplicate of real and public utility property for the year in which the controlling board approved the project, the school district board shall authorize the issuance of a first installment of bond anticipation notes in an amount specified by the agreement, which amount shall not exceed an amount necessary to raise the net bonded indebtedness of the school district as of the date of the controlling board's approval to within five thousand dollars of the required level of indebtedness for the preceding year. In the event that a first installment of bond anticipation notes is issued, the school district board

shall, as soon as practicable after the county treasurer of each county in which the school district is located has commenced the collection of taxes on the general duplicate of real and public utility property for the year in which the controlling board approved the project, authorize the issuance of a second and final installment of bond anticipation notes or a first and final issue of bonds.

The combined value of the first and second installment of bond anticipation notes or the value of the first and final issue of bonds shall be equal to the school district's portion of the basic project cost. The proceeds of any such bonds shall be used first to retire any bond anticipation notes. Otherwise, the proceeds of such bonds and of any bond anticipation notes, except the premium and accrued interest thereon, shall be deposited in the school district's project construction fund. In determining the amount of net bonded indebtedness for the purpose of fixing the amount of an issue of either bonds or bond anticipation notes, gross indebtedness shall be reduced by moneys in the bond retirement fund only to the extent of the moneys therein on the first day of the year preceding the year in which the controlling board approved the project. Should there be a decrease in the tax valuation of the school district so that the amount of indebtedness that can be incurred on the tax duplicates for the year in which the controlling board approved the project is less than the amount of the first installment of bond anticipation notes, there shall be paid from the school district's project construction fund to the school district's bond retirement fund to be applied against such notes an amount sufficient to cause the net bonded indebtedness of the school district, as of the first day of the year following the year in which the controlling board approved the project, to be within five thousand dollars of the required level of indebtedness for the year in which the controlling board approved the project. The maximum amount of indebtedness to be incurred by any school district board as its share of the cost of the project is either an amount that will cause its net bonded indebtedness, as of the first day of the year following the year in which the controlling board approved the project, to be within five thousand dollars of the required level of indebtedness, or an amount equal to the required percentage of the basic project costs, whichever is greater. All bonds and bond anticipation notes shall be issued in accordance with Chapter 133. of the Revised Code, and notes may be renewed as provided in section 133.22 of the Revised Code.

(B) The transfer of such funds of the school district board available for the project, together with the proceeds of the sale of the bonds or notes, except premium, accrued interest, and interest included in the amount of the

issue, to the school district's project construction fund;

(C) For all school districts except joint vocational school districts that receive assistance under sections 3318.40 to 3318.45 of the Revised Code, the following provisions as applicable:

(1) If section 3318.052 of the Revised Code applies, the earmarking of the proceeds of a tax levied under section 5705.21 of the Revised Code for general permanent improvements or under section 5705.218 of the Revised Code for the purpose of permanent improvements, or the proceeds of a school district income tax levied under Chapter 5748. of the Revised Code, or the proceeds from a combination of those two taxes, in an amount to pay all or part of the service charges on bonds issued to pay the school district portion of the project and an amount equivalent to all or part of the tax required under division (B) of section 3318.05 of the Revised Code;

(2) If section 3318.052 of the Revised Code does not apply, one of the following:

(a) The levy of the tax authorized at the election for the payment of maintenance costs, as specified in division (B) of section 3318.05 of the Revised Code;

(b) If the school district electors have approved a continuing tax for general permanent improvements under section 5705.21 of the Revised Code and that tax can be used for maintenance, the earmarking of an amount of the proceeds from such tax for maintenance of classroom facilities as specified in division (B) of section 3318.05 of the Revised Code;

(c) If, in lieu of the tax otherwise required under division (B) of section 3318.05 of the Revised Code, the commission has approved the transfer of money to the maintenance fund in accordance with section 3318.051 of the Revised Code, a requirement that the district board comply with the provisions of that section. The district board may rescind the provision prescribed under division (C)(2)(c) of this section only so long as the electors of the district have approved, in accordance with section 3318.063 of the Revised Code, the levy of a tax for the maintenance of the classroom facilities acquired under the district's project and that levy continues to be collected as approved by the electors.

(D) For joint vocational school districts that receive assistance under sections 3318.40 to 3318.45 of the Revised Code, provision for deposit of school district moneys dedicated to maintenance of the classroom facilities acquired under those sections as prescribed in section 3318.43 of the Revised Code;

(E) Dedication of any local donated contribution as provided for under section 3318.084 of the Revised Code, including a schedule for depositing

such moneys applied as an offset of the district's obligation to levy the tax described in division (B) of section 3318.05 of the Revised Code as required under division (D)(2) of section 3318.084 of the Revised Code;

(F) Ownership of or interest in the project during the period of construction, which shall be divided between the commission and the school district board in proportion to their respective contributions to the school district's project construction fund;

(G) Maintenance of the state's interest in the project until any obligations issued for the project under section 3318.26 of the Revised Code are no longer outstanding;

(H) The insurance of the project by the school district from the time there is an insurable interest therein and so long as the state retains any ownership or interest in the project pursuant to division (F) of this section, in such amounts and against such risks as the commission shall require; provided, that the cost of any required insurance until the project is completed shall be a part of the basic project cost;

(I) The certification by the director of budget and management that funds are available and have been set aside to meet the state's share of the basic project cost as approved by the controlling board pursuant to either section 3318.04 or division (B)(1) of section 3318.41 of the Revised Code;

(J) Authorization of the school district board to advertise for and receive construction bids for the project, for and on behalf of the commission, and to award contracts in the name of the state subject to approval by the commission;

(K) Provisions for the disbursement of moneys from the school district's project account upon issuance by the commission or the commission's designated representative of vouchers for work done to be certified to the commission by the treasurer of the school district board;

(L) Disposal of any balance left in the school district's project construction fund upon completion of the project;

(M) Limitations upon use of the project or any part of it so long as any obligations issued to finance the project under section 3318.26 of the Revised Code are outstanding;

(N) Provision for vesting the state's interest in the project to the school district board when the obligations issued to finance the project under section 3318.26 of the Revised Code are outstanding;

(O) Provision for deposit of an executed copy of the agreement in the office of the commission;

(P) Provision for termination of the contract and release of the funds encumbered at the time of the conditional approval, if the proceeds of the

sale of the bonds of the school district board are not paid into the school district's project construction fund and if bids for the construction of the project have not been taken within such period after the execution of the agreement as may be fixed by the commission;

(Q) Provision for the school district to maintain the project in accordance with a plan approved by the commission;

(R) Provision that all state funds reserved and encumbered to pay the state share of the cost of the project and the funds provided by the school district to pay for its share of the project cost, including the respective shares of the cost of a segment if the project is divided into segments, be spent on the construction and acquisition of the project or segment simultaneously in proportion to the state's and the school district's respective shares of that basic project cost as determined under section 3318.032 of the Revised Code or, if the district is a joint vocational school district, under section 3318.42 of the Revised Code. However, if the school district certifies to the commission that expenditure by the school district is necessary to maintain the federal tax status or tax-exempt status of notes or bonds issued by the school district to pay for its share of the project cost or to comply with applicable temporary investment periods or spending exceptions to rebate as provided for under federal law in regard to those notes or bonds, the school district may commit to spend, or spend, a greater portion of the funds it provides during any specific period than would otherwise be required under this division.

(S) A provision stipulating that the commission may prohibit the district from proceeding with any project if the commission determines that the site is not suitable for construction purposes. The commission may perform soil tests in its determination of whether a site is appropriate for construction purposes.

(T) A provision stipulating that, unless otherwise authorized by the commission, any contingency reserve portion of the construction budget prescribed by the commission shall be used only to pay costs resulting from unforeseen job conditions, to comply with rulings regarding building and other codes, to pay costs related to design clarifications or corrections to contract documents, and to pay the costs of settlements or judgments related to the project as provided under section 3318.086 of the Revised Code;

(U) A provision stipulating that for continued release of project funds the school district board shall comply with sections 3313.41, 3313.411, and 3313.413 of the Revised Code throughout the project and shall notify the department of education and the Ohio community school association when the board plans to dispose of facilities by sale under that section;

(V) A provision stipulating that the commission shall not approve a contract for demolition of a facility until the school district board has complied with sections 3313.41, 3313.411, and 3313.413 of the Revised Code relative to that facility, unless demolition of that facility is to clear a site for construction of a replacement facility included in the district's project;

(W) A requirement for the school district to adhere to a facilities maintenance plan approved by the commission.

Sec. 3318.081. If the board of education of a school district authorized to impose a tax pursuant to section 3318.06 of the Revised Code determines that taxable value of property subject to the tax has increased to the extent it will not be necessary to impose such tax for twenty-three years in order to generate an amount equal to the amount of the project cost supplied by the state, it may request the county auditor to determine the amount remaining to be paid and the estimated rate of taxation required each year to pay such remainder in equal installments over the maximum number of remaining years the tax may be in effect. The auditor shall make such determination upon request and certify the results thereof to the board of education.

Upon receipt of the auditor's determination, the board of education may request the Ohio ~~school~~ facilities construction commission to enter into a supplemental agreement under which the district may pay the remainder of the amount in annual amounts equal to the quotient obtained by dividing the amount remaining to be paid by the maximum number of remaining years the tax may be in effect. If such an agreement is entered into, the commission shall certify a copy thereof to the county auditor and the tax authorized by section 3318.06 of the Revised Code thereafter shall be levied at the rate required to make the annual payments required by the supplemental agreement rather than the rate required by such section.

Sec. 3318.082. The board of education of any school district imposing a tax for the purpose of paying the state pursuant to section 3318.06 of the Revised Code prior to the effective date of the amendments to that section by Amended Substitute House Bill No. 748 of the 121st ~~General Assembly~~ general assembly, may enter into a supplemental agreement with the Ohio ~~school~~ facilities construction commission under which the proceeds of such tax shall be distributed in accordance with the requirements of section 3318.06 of the Revised Code, as amended by Amended Substitute House Bill No. 748 of the 121st general assembly.

Sec. 3318.083. If, after the Ohio ~~school~~ facilities construction commission and a school district enter into a written agreement under section 3318.08 of the Revised Code for the construction of a classroom

facilities project, the commission approves an increase in the basic project cost above the amount budgeted plus any interest earned and available in the project construction fund, the state and the school district shall share the increased cost in proportion to their respective contributions to the district's project construction fund.

Sec. 3318.084. (A) Notwithstanding anything to the contrary in Chapter 3318. of the Revised Code, a school district board may apply any local donated contribution toward any of the following:

(1) The district's portion of the basic project cost of a project under either sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code to reduce the amount of bonds the district otherwise must issue in order to receive state assistance under those sections;

(2) If the school district is not a joint vocational school district proceeding under sections 3318.40 to 3318.45 of the Revised Code, an offset of all or part of a district's obligation to levy the tax described in division (B) of section 3318.05 of the Revised Code, which shall be applied only in the manner prescribed in division (B) of this section;

(3) If the school district is a joint vocational school district proceeding under sections 3318.40 to 3318.45 of the Revised Code, all or part of the amount the school district is obligated to set aside for maintenance of the classroom facilities acquired under that project pursuant to section 3318.43 of the Revised Code.

(B) No school district board shall apply any local donated contribution under division (A)(2) of this section unless the Ohio ~~school~~ school facilities construction commission first approves that application.

Upon the request of the school district board to apply local donated contribution under division (A)(2) of this section, the commission in consultation with the department of taxation shall determine the amount of total revenue that likely would be generated by one-half mill of the tax described in division (B) of section 3318.05 of the Revised Code over the entire twenty-three-year period required under that section and shall deduct from that amount any amount of local donated contribution that the board has committed to apply under division (A)(2) of this section. The commission then shall determine in consultation with the department of taxation the rate of tax over twenty-three years necessary to generate the amount of a one-half mill tax not offset by the local donated contribution. Notwithstanding anything to the contrary in section 3318.06, 3318.061, or 3318.361 of the Revised Code, the rate determined by the commission shall be the rate for which the district board shall seek elector approval under those sections to meet its obligation under division (B) of section 3318.05 of

the Revised Code. In the case of a complete offset of the district's obligation under division (B) of section 3318.05 of the Revised Code, the district shall not be required to levy the tax otherwise required under that section. At the end of the twenty-three-year period of the tax required under division (B) of section 3318.05 of the Revised Code, whether or not the tax is actually levied, the commission in consultation of the department of taxation shall recalculate the amount that would have been generated by the tax if it had been levied at one-half mill. If the total amount actually generated over that period from both the tax that was actually levied and any local donated contribution applied under division (A)(2) of this section is less than the amount that would have been raised by a one-half mill tax, the district shall pay any difference. If the total amount actually raised in such manner is greater than the amount that would have been raised by a one-half mill tax the difference shall be zero and no payments shall be made by either the district or the commission.

(C) As used in this section, "local donated contribution" means any of the following:

(1) Any moneys irrevocably donated or granted to a school district board by a source other than the state which the board has the authority to apply to the school district's project under sections 3318.01 to 3318.20 of the Revised Code and which the board has pledged for that purpose by resolution adopted by a majority of its members;

(2) Any irrevocable letter of credit issued on behalf of a school district which the school district board has encumbered for payment of the school district's share of its project under sections 3318.01 to 3318.20 of the Revised Code that has been approved by the commission in consultation with the department of education;

(3) Any cash a school district has on hand that the school district board has encumbered for payment of the school district's share of its project under sections 3318.01 to 3318.20 of the Revised Code that has been approved by the commission in consultation with the department of education, including the following:

(a) Any year-end operating fund balances that can be spent for classroom facilities;

(b) Any cash resulting from a lease-purchase agreement that the school district board has entered into under section 3313.375 of the Revised Code, provided that the agreement and the related financing documents contain provisions protecting the state's superior interest in the project.

(4) Any moneys spent by a source other than the school district or the state for construction or renovation of specific classroom facilities that have

been approved by the commission as part of the basic project cost of the district's project. The school district, the commission, and the entity providing the local donated contribution under division (C)(4) of this section shall enter into an agreement identifying the classroom facilities to be acquired by the expenditures made by that entity. The agreement shall include, but not be limited to, stipulations that require an audit by the commission of such expenditures made on behalf of the district and that specify the maximum amount of credit to be allowed for those expenditures. Upon completion of the construction or renovation, the commission shall determine the actual amount that the commission will credit, at the request of the district board, toward the district's portion of the basic project cost, any project cost overruns, or the basic project cost of future segments if the project has been divided into segments under section 3318.38 of the Revised Code. The actual amount of the credit shall not exceed the lesser of the amount specified in the agreement or the actual cost of the construction or renovation.

(D) No state moneys shall be released for a project to which this section applies until:

(1) Any local donated contribution authorized under division (A)(1) of this section is first deposited into the school district's project construction fund.

(2) The school district board and the commission have included a stipulation in their agreement entered into under section 3318.08 of the Revised Code under which the board will deposit into a fund approved by the commission according to a schedule that does not extend beyond the anticipated completion date of the project the total amount of any local donated contribution authorized under division (A)(2) or (3) of this section and dedicated by the board for that purpose.

However, if any local donated contribution as described in division (C)(4) of this section has been approved under this section, the state moneys may be released even if the entity providing that local donated contribution has not spent the moneys so dedicated as long as the agreement required under that section has been executed.

Sec. 3318.086. The construction budget for any project under sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code shall contain a contingency reserve in an amount prescribed by the Ohio ~~school~~ facilities construction commission, which unless otherwise authorized by the commission, shall be used only to pay costs resulting from unforeseen job conditions, to comply with rulings regarding building and other codes, to pay costs related to design clarifications or corrections to

contract documents, and to pay the costs of settlements or judgments related to the project.

Sec. 3318.091. (A) Promptly after the written agreement between the school district board and the Ohio ~~school~~ facilities construction commission has been entered into, the school district board shall proceed with the issuance of its bonds or notes in anticipation thereof pursuant to the provision of such agreement required by division (A) of section 3318.08 of the Revised Code and the deposit of the proceeds thereof in the school district's project construction fund pursuant to the provision of such agreement required by division (B) of section 3318.08 of the Revised Code, and the school district board, with the approval of the commission shall employ a qualified professional person or firm to prepare preliminary plans, working drawings, specifications, estimates of cost, and such data as the school district board and the commission consider necessary for the project. When the preliminary plans and preliminary estimates of cost have been prepared, and approved by the school district board, they shall be submitted to the commission for approval, modification, or rejection. The commission shall ensure that the plans and materials proposed for use in the project comply with specifications for plans and materials that shall be established by the commission. When such preliminary plans and preliminary estimates of cost and any modifications thereof have been approved by the commission and the school district board, the school district board shall cause such qualified professional person or firm to prepare the working drawings, specifications, and estimates of cost.

(B) Whenever project plans submitted to the commission for approval under division (A) of this section propose to locate a facility on a state route or United States highway or within one mile of a state route or United States highway, the commission shall send a copy of the plans to the director of transportation. The director of transportation shall review the plans to determine the feasibility of the proposed ingress and egress to the facility, the traffic circulation pattern on roadways around the facility, and any improvements that would be necessary to conform the roadways to provisions of the manual adopted by the department of transportation pursuant to section 4511.09 of the Revised Code or state or federal law. The director of transportation shall provide a written summary of the director's findings to the commission in a timely manner. The commission shall consider the findings in deciding whether to approve the plans.

Sec. 3318.10. When such working drawings, specifications, and estimates of cost have been approved by the school district board and the Ohio ~~school~~ facilities construction commission, the treasurer of the school

district board shall advertise for construction bids in accordance with section 3313.46 of the Revised Code. Such notices shall state that plans and specifications for the project are on file in the office of the commission and such other place as may be designated in such notice, and the time and place when and where bids therefor will be received.

The form of proposal to be submitted by bidders shall be supplied by the commission. Bidders may be permitted to bid upon all the branches of work and materials to be furnished and supplied, upon any branch thereof, or upon all or any thereof.

When the construction bids for all branches of work and materials have been tabulated, the commission shall cause to be prepared a revised estimate of the basic project cost based upon the lowest responsible bids received. If such revised estimate exceeds the estimated basic project cost as approved by the controlling board pursuant to section 3318.04 or division (B)(1) of section 3318.41 of the Revised Code, no contracts may be entered into pursuant to this section unless such revised estimate is approved by the commission and by the controlling board. When such revised estimate has been prepared, and after such approvals are given, if necessary, and if the school district board has caused to be transferred to the project construction fund the proceeds from the sale of the first or first and final installment of its bonds or bond anticipation notes pursuant to the provision of the written agreement required by division (B) of section 3318.08 of the Revised Code, and when the director of budget and management has certified that there is a balance in the appropriation, not otherwise obligated to pay precedent obligations, pursuant to which the state's share of such revised estimate is required to be paid, the contract for all branches of work and materials to be furnished and supplied, or for any branch thereof as determined by the school district board, shall be awarded by the school district board to the lowest responsible bidder subject to the approval of the commission. Such award shall be made within sixty days after the date on which the bids are opened, and the successful bidder shall enter into a contract within ten days after the successful bidder is notified of the award of the contract.

Subject to the approval of the commission, the school district board may reject all bids and readvertise. Any contract made under this section shall be made in the name of the state and executed on its behalf by the president and treasurer of the school district board.

The provisions of sections 9.312 and 3313.46 of the Revised Code, which are applicable to construction contracts of boards of education, shall apply to construction contracts for the project.

The remedies afforded to any subcontractor, materials supplier, laborer,

mechanic, or persons furnishing material or machinery for the project under sections 1311.26 to 1311.32 of the Revised Code, shall apply to contracts entered into under this section and the itemized statement required by section 1311.26 of the Revised Code shall be filed with the school district board.

Notwithstanding any other requirement of this section, a school district, with the approval of the commission, may utilize any otherwise lawful alternative construction delivery method for the construction of the project.

Sec. 3318.11. For any project undertaken with financial assistance from the state under this chapter, the amount of state appropriations to be encumbered for the project in each fiscal year shall be determined by the Ohio ~~school~~ facilities construction commission based on the project's estimated construction schedule for that year. In each fiscal year subsequent to the first year in which state appropriations are encumbered for the project, the project has priority for state funds over projects for which initial state funding is sought.

Sec. 3318.112. (A) As used in this section, "solar-ready" means capable of accommodating the eventual installation of roof top, solar photovoltaic energy equipment.

(B) The Ohio ~~school~~ facilities construction commission shall adopt rules prescribing standards for solar-ready equipment in school buildings under their jurisdiction. The rules shall include, but not be limited to, standards regarding roof space limitations, shading and obstruction, building orientation, roof loading capacity, and electric systems.

(C) A school district may seek, and the commission may grant for good cause shown, a waiver from part or all of the standards prescribed under division (B) of this section.

Sec. 3318.12. (A) The Ohio ~~school~~ facilities construction commission shall cause to be transferred to the school district's project construction fund the necessary amounts from amounts appropriated by the general assembly and set aside for such purpose, from time to time as may be necessary to pay obligations chargeable to such fund when due. All investment earnings of a school district's project construction fund shall be credited to the fund.

(B)(1) The treasurer of the school district board shall disburse funds from the school district's project construction fund, including investment earnings credited to the fund, only upon the approval of the commission or the commission's designated representative. The commission or the commission's designated representative shall issue vouchers against such fund, in such amounts, and at such times as required by the contracts for construction of the project.

(2) Notwithstanding anything to the contrary in division (B)(1) of this section, the school district board may, by a duly adopted resolution, choose to use all or part of the investment earnings of the district's project construction fund that are attributable to the district's contribution to the fund to pay the cost of classroom facilities or portions or components of classroom facilities that are not included in the district's basic project cost but that are related to the district's project. If the district board adopts a resolution in favor of using those investment earnings as authorized under division (B)(2) of this section, the treasurer shall disburse the amount as designated and directed by the board. However, if the district board chooses to use any part of the investment earnings for classroom facilities or portions or components of classroom facilities that are not included in the basic project cost, as authorized under division (B)(2) of this section, and, subsequently, the cost of the project exceeds the amount in the project construction fund, the district board shall restore to the project construction fund the full amount of the investment earnings used under division (B)(2) of this section before any additional state moneys shall be released for the project.

(C) After a certificate of completion has been issued for a project under section 3318.48 of the Revised Code:

(1) At the discretion of the school district board, any investment earnings remaining in the project construction fund that are attributable to the school district's contribution to the fund shall be:

(a) Retained in the project construction fund for future projects;

(b) Transferred to the district's maintenance fund required by division (B) of section 3318.05 or section 3318.43 of the Revised Code, and the money so transferred shall be used solely for maintaining the classroom facilities included in the project;

(c) Transferred to the district's permanent improvement fund.

(2) Any investment earnings remaining in the project construction fund that are attributable to the state's contribution to the fund shall be transferred to the commission for expenditure pursuant to sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code.

(3) Any other surplus remaining in the school district's project construction fund shall be transferred to the commission and the school district board in proportion to their respective contributions to the fund. The commission shall use the money transferred to it under this division for expenditure pursuant to sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code.

(D) Pursuant to appropriations of the general assembly, any moneys

transferred to the commission under division (C)(2) or (3) of this section from a project construction fund for a project under sections 3318.40 to 3318.45 of the Revised Code may be used for future expenditures for projects under sections 3318.40 to 3318.45 of the Revised Code, notwithstanding the two per cent annual limit specified in division (B) of section 3318.40 of the Revised Code.

Sec. 3318.121. As used in this section, "big-eight school district" has the same meaning as in section 3314.02 of the Revised Code.

Notwithstanding any provision to the contrary in section 3318.12 or Chapter 5705. of the Revised Code, a big-eight school district receiving assistance for a project under this chapter, that has opted with the approval of the Ohio ~~school~~ facilities construction commission to divide the project into discrete segments to be completed sequentially, or otherwise, may, with the approval of the commission or the commission's designated representative, and pursuant to a resolution adopted by the school district board, transfer to a special construction fund investment earnings credited to the project construction fund that are attributable to the district's contribution to that fund, if the school district board and the commission, or its designated representative, determine that the unspent amount of the district's contribution to the project construction fund, including any investment earnings on that contribution that are not to be transferred to the special construction fund, together with the principal amount of any additional securities authorized by the voters of the district to be issued to pay the local share of the basic project cost of the entire project that have not yet been issued by the district, are projected at the time of the transfer to be not less than one hundred ten per cent of the amount required to provide for the entire remaining local share of the basic project cost because of reductions in the scope and estimated cost of the project that have been incorporated in the district's approved master facilities plan. The money in that special construction fund, including investment earnings attributable to money in that fund, shall be used by the district solely to pay costs of classroom facilities (A) in later segments of the project that are consistent with the specifications for plans and materials for classroom facilities adopted by the commission and those specifications used by the district for classroom facilities included in one or more prior segments, but which would cause the cost of the facilities in one or more later segments to be in excess of the approved budgeted basic project cost for the segment to be shared by the state and the district in proportion to the state's and the school district's respective shares of the basic project cost as determined under section 3318.032 of the Revised Code, or (B) that were included in the

master facilities plan prior to the reduction in scope. All investment earnings on a district's special construction fund shall be credited to the fund. After the entire project has been completed, any investment earnings remaining in the special construction fund shall be transferred to the district's maintenance fund required by division (B) of section 3318.05 of the Revised Code, and used solely for maintaining the classroom facilities included in the project.

Sec. 3318.13. Notwithstanding any provision of sections 5705.27 to 5705.50 of the Revised Code, the tax to be levied on all taxable property within a school district for the purpose of paying the cost of maintaining the classroom facilities included in the project under the agreement provided in section 3318.08 of the Revised Code or the supplemental agreement provided in section 3318.081 of the Revised Code shall be included in the budget of the school district for each year upon the certification to the county budget commission or commissions of the county or counties in which said school district is located, by the Ohio ~~school~~ facilities construction commission of the balance due the state under said agreement or supplemental agreement. Such certification shall be made on or before the fifteenth day of July in each year. Thereafter, the respective county budget commissions shall treat such certification as an additional item on the tax budget for the school district as to which such certification has been made and shall provide for the levy therefor in the manner provided in sections 5705.27 to 5705.50 of the Revised Code for tax levies included directly in the budgets of the subdivisions.

The levy of taxes shall be included in the next annual tax budget that is certified to the county budget commission after the execution of the agreement for the project.

Sec. 3318.15. There is hereby created the public school building fund within the state treasury consisting of any moneys transferred or appropriated to the fund by the general assembly, moneys paid into or transferred in accordance with section 3318.47 of the Revised Code, and any grants, gifts, or contributions received by the Ohio ~~school~~ facilities construction commission to be used for the purposes of the fund. All investment earnings of the fund shall be credited to the fund.

Moneys transferred or appropriated to the fund by the general assembly and moneys in the fund from grants, gifts, and contributions shall be used for the purposes of Chapter 3318. of the Revised Code as prescribed by the general assembly.

Sec. 3318.16. The Ohio ~~school~~ facilities construction commission shall have an interest in real property purchased with moneys in the school

district's project construction fund.

Once obligations issued to finance a project under section 3318.26 of the Revised Code are no longer outstanding, any interest held by the commission shall be transferred to the school district.

Sec. 3318.18. (A) As used in this section:

(1) "Valuation" of a school district means the sum of the amounts described in divisions (A)(1) and (2) of section 3317.021 of the Revised Code as most recently certified for the district before the annual computation is made under division (B) of this section.

(2) "Valuation per pupil" of a school district means the district's valuation divided by the district's formula ADM as most recently calculated under section 3317.03 of the Revised Code before the annual computation is made under division (B) of this section.

(3) "Statewide average valuation per pupil" means the total of the valuations of all school districts divided by the total of the formula ADMs of all school districts as most recently calculated under section 3317.03 of the Revised Code before the annual computation is made under division (C) of this section.

(4) "Maintenance levy requirement" means the tax required to be levied pursuant to division (C)(2)(a) of section 3318.08 and division (B) of section 3318.05 of the Revised Code or the application of proceeds of another levy to paying the costs of maintaining classroom facilities pursuant to division (A)(2) of section 3318.052, division (C)(1) or (C)(2)(b) of section 3318.08, or division (D)(2) of section 3318.36 of the Revised Code, or a combination thereof.

(5) "Project agreement" means an agreement between a school district and the Ohio ~~school~~ facilities construction commission under section 3318.08 or division (B)(1) of section 3318.36 of the Revised Code.

(B) On or before July 1, 2006, the department of education shall compute the statewide average valuation per pupil and the valuation per pupil of each school district, and provide them to the Ohio ~~school~~ facilities construction commission. On or before the first day of July each year beginning in 2007, the department of education shall compute the statewide average valuation per pupil and the valuation per pupil of each school district that has not already entered into a project agreement, and provide the results of those computations to the commission.

(C)(1) At the time the Ohio ~~school~~ facilities construction commission enters into a project agreement with a school district, the commission shall compute the difference between the district's valuation per pupil and the statewide average valuation per pupil as most recently provided to the

commission under division (B) of this section. If the school district's valuation per pupil is less than the average statewide valuation per pupil, the commission shall multiply the difference between those amounts by one-half mill times the formula ADM of the district as most recently reported to the department of education for October under division (A) of section 3317.03 of the Revised Code. The commission shall certify the resulting product to the department of education, along with the date on which the maintenance levy requirement terminates as provided in the project agreement between the school district board and the commission.

(2) In the case of a school district that entered into a project agreement after July 1, 1997, but before July 1, 2006, the commission shall make the computation described in division (C)(1) of this section on the basis of the district's valuation per pupil and the statewide average valuation per pupil computed as of September 1, 2006, and the district's formula ADM reported for October 2005.

(3) The amount computed for a school district under division (C)(1) or (2) of this section shall not change for the period during which payments are made to the district under division (D) of this section.

(4) A computation need not be made under division (C)(1) or (2) of this section for a school district that certified a resolution to the commission under division (D)(3) of section 3318.36 of the Revised Code until the district becomes eligible for state assistance as provided in that division.

(D) In the fourth quarter of each fiscal year, for each school district for which a computation has been made under division (C) of this section, the department of education shall pay the amount computed to each such school district. Payments shall be made to a school district each year until and including the tax year in which the district's maintenance levy requirement terminates. Payments shall be paid from the half-mill equalization fund, subject to appropriation by the general assembly. However, the department shall make no payments under this section to any district that elects the procedure authorized by section 3318.051 of the Revised Code.

(E) Payments made to a school district under this section shall be credited to the district's classroom facilities maintenance fund and shall be used only for the purpose of maintaining facilities constructed or renovated under the project agreement.

(F) There is hereby created in the state treasury the half-mill equalization fund. The fund shall receive transfers pursuant to section 5727.85 of the Revised Code. The fund shall be used first to make annual payments under division (D) of this section. If a balance remains in the fund after such payments are made in full for a year, the Ohio ~~school~~ facilities

construction commission may request the controlling board to transfer a reasonable amount from such remaining balance to the public school building fund created under section 3318.15 of the Revised Code for the purposes of this chapter.

All investment earnings arising from investment of money in the half-mill equalization fund shall be credited to the fund.

Sec. 3318.22. (A) The general assembly finds that many school districts are prevented by their size, tax base, or other conditions from performing their essential functions as agencies of state government to provide adequate classroom facilities and issuing securities under Chapter 133. of the Revised Code at favorable interest rates or charges. Accordingly, the Ohio ~~school~~ facilities construction commission is invested with the powers and duties provided in sections 3318.21 to 3318.29 of the Revised Code in order to provide deserved assistance and materially contribute to the educational revitalization of such school districts and result in improving the education and welfare of all the people of the state.

(B) Sections 3318.21 to 3318.29 of the Revised Code do not authorize the commission or the issuing authority to incur bonded indebtedness of the state or any political subdivision of the state, or to obligate or pledge moneys raised by taxation for the payment of any bonds or notes issued pursuant to sections 3318.21 to 3318.29 of the Revised Code.

Sec. 3318.25. There is hereby created in the state treasury the school building program assistance fund. The fund shall consist of the proceeds of obligations issued for the purposes of such fund pursuant to section 3318.26 of the Revised Code that are payable from moneys in the lottery profits education fund created in section 3770.06 of the Revised Code or pursuant to section 151.03 of the Revised Code. All investment earnings of the fund shall be credited to the fund. Moneys in the fund shall be used as directed by the Ohio ~~school~~ facilities construction commission for the cost to the state of constructing classroom facilities under Chapter 3318. of the Revised Code as prescribed by the general assembly.

Sec. 3318.26. (A) The provisions of this section apply only to obligations issued by the issuing authority prior to December 1, 1999.

(B) Subject to the limitations provided in section 3318.29 of the Revised Code, the issuing authority, upon the certification by the Ohio ~~school~~ facilities construction commission to the issuing authority of the amount of moneys or additional moneys needed in the school building program assistance fund for the purposes of sections 3318.01 to 3318.20 and sections 3318.40 to 3318.45 of the Revised Code, or needed for capitalized interest, for funding reserves, and for paying costs and expenses incurred in

connection with the issuance, carrying, securing, paying, redeeming, or retirement of the obligations or any obligations refunded thereby, including payment of costs and expenses relating to letters of credit, lines of credit, insurance, put agreements, standby purchase agreements, indexing, marketing, remarketing and administrative arrangements, interest swap or hedging agreements, and any other credit enhancement, liquidity, remarketing, renewal, or refunding arrangements, all of which are authorized by this section, shall issue obligations of the state under this section in the required amount. The proceeds of such obligations, except for obligations issued to provide moneys for the school building program assistance fund shall be deposited by the treasurer of state in special funds, including reserve funds, as provided in the bond proceedings. The issuing authority may appoint trustees, paying agents, and transfer agents and may retain the services of financial advisors and accounting experts and retain or contract for the services of marketing, remarketing, indexing, and administrative agents, other consultants, and independent contractors, including printing services, as are necessary in the issuing authority's judgment to carry out this section. The costs of such services are payable from the school building program assistance fund or any special fund determined by the issuing authority.

(C) The holders or owners of such obligations shall have no right to have moneys raised by taxation obligated or pledged, and moneys raised by taxation shall not be obligated or pledged, for the payment of bond service charges. Such holders or owners shall have no rights to payment of bond service charges from any money or property received by the commission, treasurer of state, or the state, or from any other use of the proceeds of the sale of the obligations, and no such moneys may be used for the payment of bond service charges, except for accrued interest, capitalized interest, and reserves funded from proceeds received upon the sale of the obligations and except as otherwise expressly provided in the applicable bond proceedings pursuant to written directions by the treasurer of state. The right of such holders and owners to payment of bond service charges shall be limited to all or that portion of the pledged receipts and those special funds pledged thereto pursuant to the bond proceedings in accordance with this section, and each such obligation shall bear on its face a statement to that effect.

(D) Obligations shall be authorized by resolution or order of the issuing authority and the bond proceedings shall provide for the purpose thereof and the principal amount or amounts, and shall provide for or authorize the manner or agency for determining the principal maturity or maturities, not exceeding the limits specified in section 3318.29 of the Revised Code, the

interest rate or rates or the maximum interest rate, the date of the obligations and the dates of payment of interest thereon, their denomination, and the establishment within or without the state of a place or places of payment of bond service charges. Sections 9.98 to 9.983 of the Revised Code are applicable to obligations issued under this section, subject to any applicable limitation under section 3318.29 of the Revised Code. The purpose of such obligations may be stated in the bond proceedings in terms describing the general purpose or purposes to be served. The bond proceedings shall also provide, subject to the provisions of any other applicable bond proceedings, for the pledge of all, or such part as the issuing authority may determine, of the pledged receipts and the applicable special fund or funds to the payment of bond service charges, which pledges may be made either prior or subordinate to other expenses, claims, or payments, and may be made to secure the obligations on a parity with obligations theretofore or thereafter issued, if and to the extent provided in the bond proceedings. The pledged receipts and special funds so pledged and thereafter received by the state are immediately subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledges is valid and binding against all parties having claims of any kind against the state or any governmental agency of the state, irrespective of whether such parties have notice thereof, and shall create a perfected security interest for all purposes of Chapter 1309. of the Revised Code, without the necessity for separation or delivery of funds or for the filing or recording of the bond proceedings by which such pledge is created or any certificate, statement or other document with respect thereto; and the pledge of such pledged receipts and special funds is effective and the money therefrom and thereof may be applied to the purposes for which pledged without necessity for any act of appropriation, except as required by section 3770.06 of the Revised Code. Every pledge, and every covenant and agreement made with respect thereto, made in the bond proceedings may therein be extended to the benefit of the owners and holders of obligations authorized by this section, and to any trustee therefor, for the further security of the payment of the bond service charges.

(E) The bond proceedings may contain additional provisions as to:

- (1) The redemption of obligations prior to maturity at the option of the issuing authority at such price or prices and under such terms and conditions as are provided in the bond proceedings;
- (2) Other terms of the obligations;
- (3) Limitations on the issuance of additional obligations;
- (4) The terms of any trust agreement or indenture securing the

obligations or under which the same may be issued;

(5) The deposit, investment and application of special funds, and the safeguarding of moneys on hand or on deposit, without regard to Chapter 131., 133., or 135. of the Revised Code, but subject to any special provisions of sections 3318.21 to 3318.29 of the Revised Code, with respect to particular funds or moneys, provided that any bank or trust company that acts as depository of any moneys in the special funds may furnish such indemnifying bonds or may pledge such securities as required by the issuing authority;

(6) Any or every provision of the bond proceedings being binding upon such officer, board, commission, authority, agency, department, or other person or body as may from time to time have the authority under law to take such actions as may be necessary to perform all or any part of the duty required by such provision;

(7) Any provision that may be made in a trust agreement or indenture;

(8) The lease or sublease of any interest of the school district or the state in one or more projects as defined in division (C) of section 3318.01 of the Revised Code, or in one or more permanent improvements, to or from the issuing authority, as provided in one or more lease or sublease agreements between the school or the state and the issuing authority;

(9) Any other or additional agreements with the holders of the obligations, or the trustee therefor, relating to the obligations or the security therefor.

(F) The obligations may have the great seal of the state or a facsimile thereof affixed thereto or printed thereon. The obligations and any coupons pertaining to obligations shall be signed or bear the facsimile signature of the issuing authority. Any obligations or coupons may be executed by the person who, on the date of execution, is the proper issuing authority although on the date of such bonds or coupons such person was not the issuing authority. In case the issuing authority whose signature or a facsimile of whose signature appears on any such obligation or coupon ceases to be the issuing authority before delivery thereof, such signature or facsimile is nevertheless valid and sufficient for all purposes as if the issuing authority had remained the issuing authority until such delivery; and in case the seal to be affixed to obligations has been changed after a facsimile of the seal has been imprinted on such obligations, such facsimile seal shall continue to be sufficient as to such obligations and obligations issued in substitution or exchange therefor.

(G) All obligations are negotiable instruments and securities under Chapter 1308. of the Revised Code, subject to the provisions of the bond

proceedings as to registration. The obligations may be issued in coupon or in registered form, or both, as the issuing authority determines. Provision may be made for the registration of any obligations with coupons attached thereto as to principal alone or as to both principal and interest, their exchange for obligations so registered, and for the conversion or reconversion into obligations with coupons attached thereto of any obligations registered as to both principal and interest, and for reasonable charges for such registration, exchange, conversion, and reconversion.

(H) Obligations may be sold at public sale or at private sale, as determined in the bond proceedings.

(I) Pending preparation of definitive obligations, the issuing authority may issue interim receipts or certificates which shall be exchanged for such definitive obligations.

(J) In the discretion of the issuing authority, obligations may be secured additionally by a trust agreement or indenture between the issuing authority and a corporate trustee which may be any trust company or bank having a place of business within the state. Any such agreement or indenture may contain the resolution or order authorizing the issuance of the obligations, any provisions that may be contained in any bond proceedings, and other provisions that are customary or appropriate in an agreement or indenture of such type, including, but not limited to:

(1) Maintenance of each pledge, trust agreement, indenture, or other instrument comprising part of the bond proceedings until the state has fully paid the bond service charges on the obligations secured thereby, or provision therefor has been made;

(2) In the event of default in any payments required to be made by the bond proceedings, or any other agreement of the issuing authority made as a part of the contract under which the obligations were issued, enforcement of such payments or agreement by mandamus, the appointment of a receiver, suit in equity, action at law, or any combination of the foregoing;

(3) The rights and remedies of the holders of obligations and of the trustee, and provisions for protecting and enforcing them, including limitations on rights of individual holders of obligations;

(4) The replacement of any obligations that become mutilated or are destroyed, lost, or stolen;

(5) Such other provisions as the trustee and the issuing authority agree upon, including limitations, conditions, or qualifications relating to any of the foregoing.

(K) Any holder of obligations or a trustee under the bond proceedings, except to the extent that the holder's or trustee's rights are restricted by the

bond proceedings, may by any suitable form of legal proceedings, protect and enforce any rights under the laws of this state or granted by such bond proceedings. Such rights include the right to compel the performance of all duties of the issuing authority, the commission, or the director of budget and management required by sections 3318.21 to 3318.29 of the Revised Code or the bond proceedings; to enjoin unlawful activities; and in the event of default with respect to the payment of any bond service charges on any obligations or in the performance of any covenant or agreement on the part of the issuing authority, the commission, or the director of budget and management in the bond proceedings, to apply to a court having jurisdiction of the cause to appoint a receiver to receive and administer the pledged receipts and special funds, other than those in the custody of the treasurer of state or the commission, which are pledged to the payment of the bond service charges on such obligations or which are the subject of the covenant or agreement, with full power to pay, and to provide for payment of bond service charges on, such obligations, and with such powers, subject to the direction of the court, as are accorded receivers in general equity cases, excluding any power to pledge additional revenues or receipts or other income or moneys of the issuing authority or the state or governmental agencies of the state to the payment of such principal and interest and excluding the power to take possession of, mortgage, or cause the sale or otherwise dispose of any permanent improvement.

Each duty of the issuing authority and the issuing authority's officers and employees, and of each governmental agency and its officers, members, or employees, undertaken pursuant to the bond proceedings or any agreement or loan made under authority of sections 3318.21 to 3318.29 of the Revised Code, and in every agreement by or with the issuing authority, is hereby established as a duty of the issuing authority, and of each such officer, member, or employee having authority to perform such duty, specifically enjoined by the law resulting from an office, trust, or station within the meaning of section 2731.01 of the Revised Code.

The person who is at the time the issuing authority, or the issuing authority's officers or employees, are not liable in their personal capacities on any obligations issued by the issuing authority or any agreements of or with the issuing authority.

(L) Obligations issued under this section are lawful investments for banks, societies for savings, savings and loan associations, deposit guarantee associations, trust companies, trustees, fiduciaries, insurance companies, including domestic for life and domestic not for life, trustees or other officers having charge of sinking and bond retirement or other special funds

of political subdivisions and taxing districts of this state, the commissioners of the sinking fund of the state, the administrator of workers' compensation, the state teachers retirement system, the public employees retirement system, the school employees retirement system, and the Ohio police and fire pension fund, notwithstanding any other provisions of the Revised Code or rules adopted pursuant thereto by any governmental agency of the state with respect to investments by them, and also are acceptable as security for the deposit of public moneys.

(M) Unless otherwise provided in any applicable bond proceedings, moneys to the credit of or in the special funds established by or pursuant to this section may be invested by or on behalf of the issuing authority only in notes, bonds, or other obligations of the United States, or of any agency or instrumentality of the United States, obligations guaranteed as to principal and interest by the United States, obligations of this state or any political subdivision of this state, and certificates of deposit of any national bank located in this state and any bank, as defined in section 1101.01 of the Revised Code, subject to inspection by the superintendent of financial institutions. If the law or the instrument creating a trust pursuant to division (J) of this section expressly permits investment in direct obligations of the United States or an agency of the United States, unless expressly prohibited by the instrument, such moneys also may be invested in no front end load money market mutual funds consisting exclusively of obligations of the United States or an agency of the United States and in repurchase agreements, including those issued by the fiduciary itself, secured by obligations of the United States or an agency of the United States; and in collective investment funds established in accordance with section 1111.14 of the Revised Code and consisting exclusively of any such securities, notwithstanding division (B)(1)(c) of that section. The income from such investments shall be credited to such funds as the issuing authority determines, and such investments may be sold at such times as the issuing authority determines or authorizes.

(N) Provision may be made in the applicable bond proceedings for the establishment of separate accounts in the bond service fund and for the application of such accounts only to the specified bond service charges on obligations pertinent to such accounts and bond service fund and for other accounts therein within the general purposes of such fund. Unless otherwise provided in any applicable bond proceedings, moneys to the credit of or in the several special funds established pursuant to this section shall be disbursed on the order of the treasurer of state, provided that no such order is required for the payment from the bond service fund when due of bond

service charges on obligations.

(O) The issuing authority may pledge all, or such portion as the issuing authority determines, of the pledged receipts to the payment of bond service charges on obligations issued under this section, and for the establishment and maintenance of any reserves, as provided in the bond proceedings, and make other provisions therein with respect to pledged receipts as authorized by this chapter, which provisions shall be controlling notwithstanding any other provisions of law pertaining thereto.

(P) The issuing authority may covenant in the bond proceedings, and any such covenants shall be controlling notwithstanding any other provision of law, that the state and applicable officers and governmental agencies of the state, including the general assembly, so long as any obligations are outstanding, shall:

(1) Maintain statutory authority for and cause to be operated the state lottery, including the transfers to and from the lottery profits education fund created in section 3770.06 of the Revised Code so that the pledged receipts shall be sufficient in amount to meet bond service charges, and the establishment and maintenance of any reserves and other requirements provided for in the bond proceedings;

(2) Take or permit no action, by statute or otherwise, that would impair the exclusion from gross income for federal income tax purposes of the interest on any obligations designated by the bond proceeding as tax-exempt obligations.

(Q) There is hereby created the school building program bond service fund, which shall be in the custody of the treasurer of state but shall be separate and apart from and not a part of the state treasury. All moneys received by or on account of the issuing authority or state agencies and required by the applicable bond proceedings, consistent with this section, to be deposited, transferred, or credited to the school building program bond service fund, and all other moneys transferred or allocated to or received for the purposes of the fund, shall be deposited and credited to such fund and to any separate accounts therein, subject to applicable provisions of the bond proceedings, but without necessity for any act of appropriation, except as required by section 3770.06 of the Revised Code. During the period beginning with the date of the first issuance of obligations and continuing during such time as any such obligations are outstanding, and so long as moneys in the school building program bond service fund are insufficient to pay all bond service charges on such obligations becoming due in each year, a sufficient amount of the moneys from the lottery profits education fund included in pledged receipts, subject to appropriation for such purpose as

provided in section 3770.06 of the Revised Code, are committed and shall be paid to the school building program bond service fund in each year for the purpose of paying the bond service charges becoming due in that year. The school building program bond service fund is a trust fund and is hereby pledged to the payment of bond service charges solely on obligations issued to provide moneys for the school building program assistance fund to the extent provided in the applicable bond proceedings, and payment thereof from such fund shall be made or provided for by the treasurer of state in accordance with such bond proceedings without necessity for any act of appropriation except as required by section 3770.06 of the Revised Code.

(R) The obligations, the transfer thereof, and the income therefrom, including any profit made on the sale thereof, at all times shall be free from taxation within the state.

Sec. 3318.311. ~~Not later than six months after September 14, 2000, the~~ The Ohio school facilities construction commission shall establish design specifications for classroom facilities that are appropriate for joint vocational education programs. The specifications shall provide standards for appropriate pupil instruction space but shall not include standards for any vocational education furnishings or equipment that is not comparable to, or the vocational education equivalent of, the furnishings or equipment for which assistance is available to other school districts under sections 3318.01 to 3318.20 of the Revised Code.

Beginning September 1, 2003, from time to time the commission may amend the specifications as determined necessary by the commission; however, any project under sections 3318.40 to 3318.45 of the Revised Code approved by the commission prior to the most recent amendment to the specifications shall not be subject to the provisions of such amendment.

Sec. 3318.351. (A) As used in this section:

(1) "Classroom facilities" has the same meaning as in section 3318.01 of the Revised Code.

(2) "Emergency project" means reconstruction or renovation of or repair to any classroom facilities made necessary because of damage due to an act of God.

(3) "Eligible school district" means any school district in the first through one-hundredth percentiles as determined under section 3318.011 of the Revised Code.

(B)(1) There is hereby established the school building emergency assistance program, under which the Ohio ~~school~~ school facilities construction commission shall distribute grants to eligible school districts from moneys specifically appropriated by the general assembly for the purposes of this

section to assist in emergency projects. Any assistance under this section shall be used to pay the cost of only the portion of an emergency project that is not covered by insurance or other public or private emergency assistance received by or payable to the school district. Any damage to classroom facilities caused by age of the facilities or by lack of timely maintenance to the facilities shall not constitute damage that is subject to assistance under this section.

(2) The commission shall establish procedures and deadlines for eligible school districts to follow in applying for assistance under this section. The commission shall consider such applications on a case-by-case basis taking into account the amount of moneys available under this section.

(3) Every effort shall be made to conform an emergency project to design specifications adopted by the commission, including minimum capacity requirements adopted under section 3318.03 of the Revised Code, unless in the judgment of the commission it is not possible to conform the project to such specifications.

Sec. 3318.36. (A)(1) As used in this section:

(a) "Ohio ~~school~~ facilities construction commission," "classroom facilities," "school district," "school district board," "net bonded indebtedness," "required percentage of the basic project costs," "basic project cost," "valuation," and "percentile" have the same meanings as in section 3318.01 of the Revised Code.

(b) "Required level of indebtedness" means five per cent of the school district's valuation for the year preceding the year in which the commission and school district enter into an agreement under division (B) of this section, plus [two one-hundredths of one per cent multiplied by (the percentile in which the district ranks minus one)].

(c) "Local resources" means any moneys generated in any manner permitted for a school district board to raise the school district portion of a project undertaken with assistance under sections 3318.01 to 3318.20 of the Revised Code.

(2) For purposes of determining the required level of indebtedness, the required percentage of the basic project costs under division (C)(1) of this section, and priority for assistance under sections 3318.01 to 3318.20 of the Revised Code, the percentile ranking of a school district with which the commission has entered into an agreement under this section between the first day of July and the thirty-first day of August in each fiscal year is the percentile ranking calculated for that district for the immediately preceding fiscal year, and the percentile ranking of a school district with which the commission has entered into such agreement between the first day of

September and the thirtieth day of June in each fiscal year is the percentile ranking calculated for that district for the current fiscal year.

(B)(1) There is hereby established the school building assistance expedited local partnership program. Under the program, the Ohio ~~school~~ facilities construction commission may enter into an agreement with the board of any school district under which the board may proceed with the new construction or major repairs of a part of the district's classroom facilities needs, as determined under sections 3318.01 to 3318.20 of the Revised Code, through the expenditure of local resources prior to the school district's eligibility for state assistance under those sections, and may apply that expenditure toward meeting the school district's portion of the basic project cost of the total of the district's classroom facilities needs, as recalculated under division (E) of this section, when the district becomes eligible for state assistance under sections 3318.01 to 3318.20 or section 3318.364 of the Revised Code. Any school district that is reasonably expected to receive assistance under sections 3318.01 to 3318.20 of the Revised Code within two fiscal years from the date the school district adopts its resolution under division (B) of this section shall not be eligible to participate in the program established under this section.

(2) To participate in the program, a school district board shall first adopt a resolution certifying to the commission the board's intent to participate in the program.

The resolution shall specify the approximate date that the board intends to seek elector approval of any bond or tax measures or to apply other local resources to use to pay the cost of classroom facilities to be constructed under this section. The resolution may specify the application of local resources or elector-approved bond or tax measures after the resolution is adopted by the board, and in such case the board may proceed with a discrete portion of its project under this section as soon as the commission and the controlling board have approved the basic project cost of the district's classroom facilities needs as specified in division (D) of this section. The board shall submit its resolution to the commission not later than ten days after the date the resolution is adopted by the board.

The commission shall not consider any resolution that is submitted pursuant to division (B)(2) of this section, as amended by this amendment, sooner than September 14, 2000.

(3) For purposes of determining when a district that enters into an agreement under this section becomes eligible for assistance under sections 3318.01 to 3318.20 of the Revised Code or priority for assistance under section 3318.364 of the Revised Code, the commission shall use the

district's percentile ranking determined at the time the district entered into the agreement under this section, as prescribed by division (A)(2) of this section.

(4) Any project under this section shall comply with section 3318.03 of the Revised Code and with any specifications for plans and materials for classroom facilities adopted by the commission under section 3318.04 of the Revised Code.

(5) If a school district that enters into an agreement under this section has not begun a project applying local resources as provided for under that agreement at the time the district is notified by the commission that it is eligible to receive state assistance under sections 3318.01 to 3318.20 of the Revised Code, all assessment and agreement documents entered into under this section are void.

(6) Only construction of or repairs to classroom facilities that have been approved by the commission and have been therefore included as part of a district's basic project cost qualify for application of local resources under this section.

(C) Based on the results of on-site visits and assessment, the commission shall determine the basic project cost of the school district's classroom facilities needs. The commission shall determine the school district's portion of such basic project cost, which shall be the greater of:

(1) The required percentage of the basic project costs, determined based on the school district's percentile ranking;

(2) An amount necessary to raise the school district's net bonded indebtedness, as of the fiscal year the commission and the school district enter into the agreement under division (B) of this section, to within five thousand dollars of the required level of indebtedness.

(D)(1) When the commission determines the basic project cost of the classroom facilities needs of a school district and the school district's portion of that basic project cost under division (C) of this section, the project shall be conditionally approved. Such conditional approval shall be submitted to the controlling board for approval thereof. The controlling board shall forthwith approve or reject the commission's determination, conditional approval, and the amount of the state's portion of the basic project cost; however, no state funds shall be encumbered under this section. Upon approval by the controlling board, the school district board may identify a discrete part of its classroom facilities needs, which shall include only new construction of or additions or major repairs to a particular building, to address with local resources. Upon identifying a part of the school district's basic project cost to address with local resources, the school district board

may allocate any available school district moneys to pay the cost of that identified part, including the proceeds of an issuance of bonds if approved by the electors of the school district.

All local resources utilized under this division shall first be deposited in the project construction account required under section 3318.08 of the Revised Code.

(2) Unless the school district board exercises its option under division (D)(3) of this section, for a school district to qualify for participation in the program authorized under this section, one of the following conditions shall be satisfied:

(a) The electors of the school district by a majority vote shall approve the levy of taxes outside the ten-mill limitation for a period of twenty-three years at the rate of not less than one-half mill for each dollar of valuation to be used to pay the cost of maintaining the classroom facilities included in the basic project cost as determined by the commission. The form of the ballot to be used to submit the question whether to approve the tax required under this division to the electors of the school district shall be the form for an additional levy of taxes prescribed in section 3318.361 of the Revised Code, which may be combined in a single ballot question with the questions prescribed under section 5705.218 of the Revised Code.

(b) As authorized under division (C) of section 3318.05 of the Revised Code, the school district board shall earmark from the proceeds of a permanent improvement tax levied under section 5705.21 of the Revised Code, an amount equivalent to the additional tax otherwise required under division (D)(2)(a) of this section for the maintenance of the classroom facilities included in the basic project cost as determined by the commission.

(c) As authorized under section 3318.051 of the Revised Code, the school district board shall, if approved by the commission, annually transfer into the maintenance fund required under section 3318.05 of the Revised Code the amount prescribed in section 3318.051 of the Revised Code in lieu of the tax otherwise required under division (D)(2)(a) of this section for the maintenance of the classroom facilities included in the basic project cost as determined by the commission.

(d) If the school district board has rescinded the agreement to make transfers under section 3318.051 of the Revised Code, as provided under division (F) of that section, the electors of the school district, in accordance with section 3318.063 of the Revised Code, first shall approve the levy of taxes outside the ten-mill limitation for the period specified in that section at a rate of not less than one-half mill for each dollar of valuation.

(e) The school district board shall apply the proceeds of a tax to

leverage bonds as authorized under section 3318.052 of the Revised Code or dedicate a local donated contribution in the manner described in division (B) of section 3318.084 of the Revised Code in an amount equivalent to the additional tax otherwise required under division (D)(2)(a) of this section for the maintenance of the classroom facilities included in the basic project cost as determined by the commission.

(3) A school district board may opt to delay taking any of the actions described in division (D)(2) of this section until the school district becomes eligible for state assistance under sections 3318.01 to 3318.20 of the Revised Code. In order to exercise this option, the board shall certify to the commission a resolution indicating the board's intent to do so prior to entering into an agreement under division (B) of this section.

(4) If pursuant to division (D)(3) of this section a district board opts to delay levying an additional tax until the district becomes eligible for state assistance, it shall submit the question of levying that tax to the district electors as follows:

(a) In accordance with section 3318.06 of the Revised Code if it will also be necessary pursuant to division (E) of this section to submit a proposal for approval of a bond issue;

(b) In accordance with section 3318.361 of the Revised Code if it is not necessary to also submit a proposal for approval of a bond issue pursuant to division (E) of this section.

(5) No state assistance under sections 3318.01 to 3318.20 of the Revised Code shall be released until a school district board that adopts and certifies a resolution under division (D) of this section also demonstrates to the satisfaction of the commission compliance with the provisions of division (D)(2) of this section.

Any amount required for maintenance under division (D)(2) of this section shall be deposited into a separate fund as specified in division (B) of section 3318.05 of the Revised Code.

(E)(1) If the school district becomes eligible for state assistance under sections 3318.01 to 3318.20 of the Revised Code based on its percentile ranking under division (B)(3) of this section or is offered assistance under section 3318.364 of the Revised Code, the commission shall conduct a new assessment of the school district's classroom facilities needs and shall recalculate the basic project cost based on this new assessment. The basic project cost recalculated under this division shall include the amount of expenditures made by the school district board under division (D)(1) of this section. The commission shall then recalculate the school district's portion of the new basic project cost, which shall be the percentage of the original

basic project cost assigned to the school district as its portion under division (C) of this section. The commission shall deduct the expenditure of school district moneys made under division (D)(1) of this section from the school district's portion of the basic project cost as recalculated under this division. If the amount of school district resources applied by the school district board to the school district's portion of the basic project cost under this section is less than the total amount of such portion as recalculated under this division, the school district board by a majority vote of all of its members shall, if it desires to seek state assistance under sections 3318.01 to 3318.20 of the Revised Code, adopt a resolution as specified in section 3318.06 of the Revised Code to submit to the electors of the school district the question of approval of a bond issue in order to pay any additional amount of school district portion required for state assistance. Any tax levy approved under division (D) of this section satisfies the requirements to levy the additional tax under section 3318.06 of the Revised Code.

(2) If the amount of school district resources applied by the school district board to the school district's portion of the basic project cost under this section is more than the total amount of such portion as recalculated under this division, within one year after the school district's portion is recalculated under division (E)(1) of this section the commission may grant to the school district the difference between the two calculated portions, but at no time shall the commission expend any state funds on a project in an amount greater than the state's portion of the basic project cost as recalculated under this division.

Any reimbursement under this division shall be only for local resources the school district has applied toward construction cost expenditures for the classroom facilities approved by the commission, which shall not include any financing costs associated with that construction.

The school district board shall use any moneys reimbursed to the district under this division to pay off any debt service the district owes for classroom facilities constructed under its project under this section before such moneys are applied to any other purpose. However, the district board first may deposit moneys reimbursed under this division into the district's general fund or a permanent improvement fund to replace local resources the district withdrew from those funds, as long as, and to the extent that, those local resources were used by the district for constructing classroom facilities included in the district's basic project cost.

Sec. 3318.362. This section applies only to a school district that participates in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code.

A school district board that enters into an agreement with the Ohio ~~school~~ facilities construction commission under division (B) of section 3318.36 of the Revised Code may propose for issuance any bonds necessary for its participation in the program under section 3318.36 of the Revised Code for any number of years not exceeding the term calculated pursuant to section 133.20 of the Revised Code. Any moneys received from the state under division (E)(2) of section 3318.36 of the Revised Code shall be applied, as agreed in writing by the school district board and the commission, to pay debt service on outstanding bonds or bond anticipation notes issued by the school district board for its participation in the expedited local partnership program, including by placing those moneys in an applicable escrow fund under division (D) of section 133.34 of the Revised Code.

Sec. 3318.363. (A) This section applies beginning in fiscal year 2003 and only to a school district participating in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code.

(B) If there is a decrease in the tax valuation of a school district to which this section applies by ten per cent or greater from one tax year to the next due to a decrease in the assessment rate of the taxable property of an electric company that owns property in the district, as provided for in section 5727.111 of the Revised Code as amended by Am. Sub. S.B. 3 of the 123rd General Assembly, the Ohio ~~school~~ facilities construction commission shall calculate or recalculate the state and school district portions of the basic project cost of the school district's project by determining the percentile rank in which the district would be located if such ranking were made using the adjusted valuation per pupil calculated under division (C) of this section rather than the three-year average adjusted valuation per pupil, calculated under division (B) of section 3318.011 of the Revised Code. For such district, the required percentage of the basic project cost used to determine the state and school district shares of that cost under division (C) of section 3318.36 of the Revised Code shall be based on the percentile rank as calculated under this section rather than as otherwise provided in division (C)(1) of section 3318.36 of the Revised Code. If the commission has determined the state and school district portion of the basic project cost of such a district's project under section 3318.36 of the Revised Code prior to that decrease in tax valuation, the commission shall adjust the state and school district shares of the basic project cost of such project in accordance with this section.

(C)(1) As used in divisions (C) and (D) of this section, "total taxable

value" and "formula ADM" have the same meanings as in section 3317.02 of the Revised Code, and "income factor" has the same meaning as in section 3318.011 of the Revised Code.

(2) The adjusted valuation per pupil for a school district to which this section applies shall be calculated using the following formula:

(The district's total taxable value for the tax year preceding the calendar year in which the current fiscal year begins / the district's formula ADM for the previous fiscal year) - [\$30,000 x (1 - the district's income factor)].

(D) At the request of the Ohio ~~school~~ facilities construction commission, the department of education shall report a district's total taxable value for the tax year preceding the calendar year in which the current fiscal year begins for any district to which this section applies as that information has been certified to the department by the tax commissioner pursuant to section 3317.021 of the Revised Code.

Sec. 3318.364. In any fiscal year, the Ohio ~~school~~ facilities construction commission may, at its discretion, provide assistance under sections 3318.01 to 3318.20 of the Revised Code to a school district that has entered into an expedited local partnership agreement under section 3318.36 of the Revised Code before the district is otherwise eligible for that assistance based on its percentile rank, if the commission determines all of the following:

(A) The district has made an expenditure of local resources under its expedited local partnership agreement on a discrete part of its district-wide project.

(B) The district is ready to complete its district-wide project or a segment of the project, in accordance with section 3318.034 of the Revised Code.

(C) The district is in compliance with division (D)(2) of section 3318.36 of the Revised Code.

(D) Sufficient state funds have been appropriated for classroom facilities projects for the fiscal year to pay the state share of the district's project or segment after paying the state share of projects for all of the following:

(1) Districts that previously had their conditional approval lapse pursuant to section 3318.05 of the Revised Code;

(2) Districts eligible for assistance under division (B)(2) of section 3318.04 of the Revised Code;

(3) Districts participating in the exceptional needs school facilities assistance program under section 3318.37 or 3318.371 of the Revised Code;

(4) Districts participating in the accelerated urban school building assistance program under section 3318.38 of the Revised Code.

Assistance under this section shall be offered to eligible districts in the order of their percentile rankings at the time they entered into their expedited local partnership agreements, from lowest to highest percentile. In the event that more than one district has the same percentile ranking, those districts shall be offered assistance in the order of the date they entered into their expedited local partnership agreements, from earliest to latest date.

As used in this section, "local resources" and "percentile" have the same meanings as in section 3318.36 of the Revised Code.

Sec. 3318.37. (A)(1) As used in this section:

(a) "Full maintenance amount" has the same meaning as in section 3318.034 of the Revised Code.

(b) A "school district with an exceptional need for immediate classroom facilities assistance" means a school district with an exceptional need for new facilities in order to protect the health and safety of all or a portion of its students.

(2) No school district that participates in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code shall receive assistance under the program established under this section unless the following conditions are satisfied:

(a) The district board adopted a resolution certifying its intent to participate in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code prior to September 14, 2000.

(b) The district was selected by the Ohio ~~school~~ facilities construction commission for participation in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code in the manner prescribed by the commission under that section as it existed prior to September 14, 2000.

(B)(1) There is hereby established the exceptional needs school facilities assistance program. Under the program, the Ohio ~~school~~ facilities construction commission may set aside from the moneys annually appropriated to it for classroom facilities assistance projects up to twenty-five per cent for assistance to school districts with exceptional needs for immediate classroom facilities assistance.

(2)(a) After consulting with education and construction experts, the commission shall adopt guidelines for identifying school districts with an exceptional need for immediate classroom facilities assistance.

(b) The guidelines shall include application forms and instructions for school districts to use in applying for assistance under this section.

(3) The commission shall evaluate the classroom facilities, and the need

for replacement classroom facilities from the applications received under this section. The commission, utilizing the guidelines adopted under division (B)(2)(a) of this section, shall prioritize the school districts to be assessed.

Notwithstanding section 3318.02 of the Revised Code, the commission may conduct on-site evaluation of the school districts prioritized under this section and approve and award funds until such time as all funds set aside under division (B)(1) of this section have been encumbered. However, the commission need not conduct the evaluation of facilities if the commission determines that a district's assessment conducted under section 3318.36 of the Revised Code is sufficient for purposes of this section.

(4) Notwithstanding division (A) of section 3318.05 of the Revised Code, the school district's portion of the basic project cost under this section shall be the "required percentage of the basic project costs," as defined in division (K) of section 3318.01 of the Revised Code.

(5) Except as otherwise specified in this section, any project undertaken with assistance under this section shall comply with all provisions of sections 3318.01 to 3318.20 of the Revised Code. A school district may receive assistance under sections 3318.01 to 3318.20 of the Revised Code for the remainder of the district's classroom facilities needs as assessed under this section when the district is eligible for such assistance pursuant to section 3318.02 of the Revised Code, but any classroom facility constructed with assistance under this section shall not be included in a district's project at that time unless the commission determines the district has experienced the increased enrollment specified in division (B)(1) of section 3318.04 of the Revised Code.

(C) No school district shall receive assistance under this section for a classroom facility that has been included in the discrete part of the district's classroom facilities needs identified and addressed in the district's project pursuant to an agreement entered into under section 3318.36 of the Revised Code, unless the district's entire classroom facilities plan consists of only a single building designed to house grades kindergarten through twelve.

(D)(1) When undertaking a project under this section, a school district may elect to prorate its full maintenance amount by setting aside for maintenance the amount calculated under division (D)(2) of this section to maintain the classroom facilities acquired under the project, if the district will use one or more of the alternative methods authorized in sections 3318.051, 3318.052, and 3318.084 of the Revised Code to generate the entire amount calculated under that division. If the district so elects, the commission and the district shall include in the agreement entered into under section 3318.08 of the Revised Code a statement specifying that the

district will use the amount calculated under that division only to maintain the classroom facilities acquired under the project under this section.

(2) The commission shall calculate the amount for a school district to maintain the classroom facilities acquired under a project under this section as follows:

The full maintenance amount X (the school district's portion of the basic project cost under this section / the school district's portion of the basic project cost for the district's entire classroom facilities needs, as determined jointly by the staff of the commission and the district)

(3) A school district may elect to prorate its full maintenance amount for any number of projects under this section, provided the district will use one or more of the alternative methods authorized in sections 3318.051, 3318.052, and 3318.084 of the Revised Code to generate the entire amount calculated under division (D)(2) of this section to maintain the classroom facilities acquired under each project for which it so elects. If the district cannot use one or more of those alternative methods to generate the entire amount calculated under that division, the district shall levy the tax described in division (B) of section 3318.05 of the Revised Code or an extension of that tax under section 3318.061 of the Revised Code in an amount necessary to generate the remainder of its full maintenance amount. The commission shall calculate the remainder of the district's full maintenance amount as follows:

The full maintenance amount - the sum of the amounts calculated for the district under division (D)(2) of this section for each of the district's prior projects under this section

(4) In no case shall the sum of the amounts calculated for a school district's maintenance of classroom facilities under divisions (D)(2) and (3) of this section exceed the amount that would have been required for maintenance if the district had elected to meet its entire classroom facilities needs with a project under sections 3318.01 to 3318.20 of the Revised Code and had not undertaken one or more projects under this section.

(5) If a school district commenced a project under this section prior to ~~the effective date of this amendment~~ September 10, 2012, but has not completed that project, and has not levied the tax described in division (B) of section 3318.05 of the Revised Code or an extension of that tax under section 3318.061 of the Revised Code, the district may request approval from the commission to prorate its full maintenance amount in accordance with divisions (D)(1) to (4) of this section. If the commission approves the request, the commission and the district shall amend the agreement entered into under section 3318.08 of the Revised Code to reflect the change.

Sec. 3318.371. The Ohio ~~school~~ facilities construction commission may provide assistance under the exceptional needs school facilities program established by section 3318.37 of the Revised Code to any school district for the purpose of the relocation or replacement of classroom facilities required as a result of any contamination of air, soil, or water that impacts the occupants of the facility.

The commission shall make a determination in accordance with guidelines adopted by the commission regarding eligibility and funding for projects under this section. The commission may contract with an independent environmental consultant to conduct a study to assist the commission in making the determination.

If the federal government or other public or private entity provides funds for restitution of costs incurred by the state or school district in the relocation or replacement of the classroom facilities, the school district shall use such funds in excess of the school district's share to refund the state for the state's contribution to the environmental contamination portion of the project. The school district may apply an amount of such restitution funds up to an amount equal to the school district's portion of the project, as defined by the commission, toward paying its portion of that project to reduce the amount of bonds the school district otherwise must issue to receive state assistance under sections 3318.01 to 3318.20 of the Revised Code.

Sec. 3318.38. (A) As used in this section, "big-eight school district" has the same meaning as in section 3314.02 of the Revised Code.

(B) There is hereby established the accelerated urban school building assistance program. Under the program, notwithstanding section 3318.02 of the Revised Code, any big-eight school district that has not been approved to receive assistance under sections 3318.01 to 3318.20 of the Revised Code by July 1, 2002, may beginning on that date apply for approval of and be approved for such assistance. Except as otherwise provided in this section, any project approved and undertaken pursuant to this section shall comply with all provisions of sections 3318.01 to 3318.20 of the Revised Code.

The Ohio ~~school~~ facilities construction commission shall provide assistance to any big-eight school district eligible for assistance under this section in the following manner:

(1) Notwithstanding section 3318.02 of the Revised Code:

(a) Not later than June 30, 2002, the commission shall conduct an on-site visit and shall assess the classroom facilities needs of each big-eight school district eligible for assistance under this section;

(b) Beginning July 1, 2002, any big-eight school district eligible for

assistance under this section may apply to the commission for conditional approval of its project as determined by the assessment conducted under division (B)(1)(a) of this section. The commission may conditionally approve that project and submit it to the controlling board for approval pursuant to section 3318.04 of the Revised Code.

(2) If the controlling board approves the project of a big-eight school district eligible for assistance under this section, the commission and the school district shall enter into an agreement as prescribed in section 3318.08 of the Revised Code. Any agreement executed pursuant to this division shall include any applicable segmentation provisions as approved by the commission under division (B)(3) of this section.

(3) Notwithstanding any provision to the contrary in sections 3318.05, 3318.06, and 3318.08 of the Revised Code, a big-eight school district eligible for assistance under this section may with the approval of the commission opt to divide the project as approved under division (B)(1)(b) of this section into discrete segments to be completed sequentially. Any project divided into segments shall comply with all other provisions of sections 3318.05, 3318.06, and 3318.08 of the Revised Code except as otherwise specified in this division.

If a project is divided into segments under this division:

(a) The school district need raise only the amount equal to its proportionate share, as determined under section 3318.032 of the Revised Code, of each segment at any one time and may seek voter approval of each segment separately;

(b) The state's proportionate share, as determined under section 3318.032 of the Revised Code, of only the segment which has been approved by the school district electors or for which the district has applied a local donated contribution under section 3318.084 of the Revised Code shall be encumbered in accordance with section 3318.11 of the Revised Code. Encumbrance of additional amounts to cover the state's proportionate share of later segments shall be approved separately as they are approved by the school district electors or as the district applies a local donated contribution to the segments under section 3318.084 of the Revised Code.

(c) The school district's maintenance levy requirement, as defined in section 3318.18 of the Revised Code, shall run for twenty-three years from the date the first segment is undertaken.

(C) In accordance with division (R) of section 3318.08 of the Revised Code, the state funds reserved and encumbered and the funds provided by the school district to pay the basic project cost of any segment of the project under this section, or of the entire project if it is not divided into segments,

shall be spent on the construction and acquisition of the project simultaneously in proportion to the state's and the school district's respective shares of that basic project cost as determined under section 3318.032 of the Revised Code.

Sec. 3318.39. (A) The 1:1 school facilities option program is hereby established. Under the program, the Ohio facilities construction commission shall provide state funds to assist eligible school districts in constructing, acquiring, reconstructing, or making additions or repairs to any feature of a classroom facility that meets the design standards of the commission in lieu of that district participating in the classroom facilities assistance program under sections 3318.01 to 3318.20 of the Revised Code, in the case of a city, exempted village, or local school district, or sections 3318.40 to 3318.45 of the Revised Code, in the case of a joint vocational school district.

For purposes of this program, an eligible school district is either of the following:

(1) A city, exempted village, or local school district that has not entered into an agreement for any program under this chapter, except for emergency assistance under section 3318.351 of the Revised Code, prior to the effective date of this section. A district that received partial assistance prior to May 20, 1997, and can qualify for assistance under division (B)(2) of section 3318.04 of the Revised Code shall not be eligible for assistance under this section.

(2) A joint vocational school district that has not entered into an agreement for any program under this chapter prior to the effective date of this section.

An eligible school district may avail itself of the option provided under this section only at the time it becomes eligible for assistance under the classroom facilities assistance program in accordance with the annual percentile ranking of districts under section 3318.011 or 3318.42 of the Revised Code.

(B)(1) The commission, at the request of a school district that meets the criteria set forth in division (A) of this section, shall assess the current conditions of the classroom facilities of that school district. Based on the results of the assessment, the commission shall determine the scope of the entire project, the basic project cost of the school district's classroom facilities needs, and the state's portion of the total project if the school district were to receive assistance under sections 3318.01 to 3318.20 of the Revised Code, in the case of a city, exempted village, or local school district, or sections 3318.40 to 3318.45 of the Revised Code, in the case of a joint vocational school district.

(2) A district that opts to receive assistance under this section shall be eligible to receive state funds in the amount of up to the greater of one million dollars or ten per cent of the state's share of the total project cost determined under division (B)(1) of this section. However, a district may choose to receive less than the maximum amount of state funds for which it is eligible under this division.

(3) A district that opts to receive assistance under this section shall match the amount of state funds it receives on a one-to-one basis. A district may generate the school district funds for its match using any lawful manner.

(C) The commission shall adopt guidelines and procedures for the administration of the program. The guidelines shall include the following:

(1) A requirement that, in order to participate in the program, the district's board of education must approve participation by an affirmative vote of not less than four-fifths of the board's full membership;

(2) The application process for districts;

(3) A requirement that, in order to participate in the program, the district shall provide a share that is at least equal to the amount of the state assistance provided under this section.

(D) If a district participates in the program established under this section, that district shall not have another project under sections 3318.01 to 3318.20 of the Revised Code, in the case of a city, exempted village, or local school district, or sections 3318.40 to 3318.45 of the Revised Code, in the case of a joint vocational school district, conditionally approved until the expiration of twenty years after the date the district enters into an agreement with the commission for assistance under this section.

Sec. 3318.40. (A)(1) Sections 3318.40 to 3318.45 of the Revised Code apply only to joint vocational school districts.

(2) As used in sections 3318.40 to 3318.45 of the Revised Code:

(a) "Ohio ~~school~~ facilities construction commission," "classroom facilities," "project," and "basic project cost" have the same meanings as in section 3318.01 of the Revised Code.

(b) "Acquisition of classroom facilities" means constructing, reconstructing, repairing, or making additions to classroom facilities.

(B) There is hereby established the vocational school facilities assistance program. Under the program, the Ohio ~~school~~ facilities construction commission shall provide assistance to joint vocational school districts for the acquisition of classroom facilities suitable to the vocational education programs of the districts in accordance with sections 3318.40 to 3318.45 of the Revised Code. For purposes of the program, beginning July

1, 2003, the commission annually may set aside up to two per cent of the aggregate amount appropriated to it for classroom facilities assistance projects in the public school building fund, established under section 3318.15 of the Revised Code, and the school building program assistance fund, established under section 3318.25 of the Revised Code.

(C) The commission shall not provide assistance for any distinct part of a project under sections 3318.40 to 3318.45 of the Revised Code that when completed will be used exclusively for an adult education program or exclusively for operation of a driver training school for instruction leading to the issuance of a commercial driver's license under Chapter 4506. of the Revised Code, except for life safety items and basic building components necessary for complete and continuous construction or renovation of a classroom facility as determined by the commission.

(D) The commission shall not provide assistance under sections 3318.40 to 3318.45 of the Revised Code to acquire classroom facilities for vocational educational instruction at a location under the control of a school district that is a member of a joint vocational school district. Any assistance to acquire classroom facilities for vocational educational instruction at such location shall be provided to the school district that is a member of the joint vocational school district through other provisions of this chapter when that member school district is eligible for assistance under those provisions.

(E) By September 1, 2003, the commission shall assess the classroom facilities needs of at least five joint vocational school districts, according to the order of priority prescribed in division (B) of section 3318.42 of the Revised Code, and based on the results of those assessments shall determine the extent to which amendments to the specifications adopted under section 3318.311 of the Revised Code are warranted. The commission, thereafter, may amend the specifications as provided in that section.

(F) After the commission has conducted the assessments prescribed in division (E) of this section, the commission shall establish, by rule adopted in accordance with section 111.15 of the Revised Code, guidelines for the commission to use in deciding whether to waive compliance with the design specifications adopted under section 3318.311 of the Revised Code when determining the number of facilities and the basic project cost of projects as prescribed in division (A)(1)(a) of section 3318.41 of the Revised Code. The guidelines shall address the following situations:

(1) Under what circumstances, if any, particular classroom facilities are adequate to meet the needs of the school district even though the facilities do not comply with the specifications adopted under section 3318.311 of the Revised Code;

(2) Under what circumstances, if any, particular classroom facilities will be renovated or repaired rather than replaced by construction of new facilities.

Sec. 3318.41. (A)(1) The Ohio ~~school~~ facilities construction commission annually shall assess the classroom facilities needs of the number of joint vocational school districts that the commission reasonably expects to be able to provide assistance to in a fiscal year, based on the amount set aside for that fiscal year under division (B) of section 3318.40 of the Revised Code and the order of priority prescribed in division (B) of section 3318.42 of the Revised Code, except that in fiscal year 2004 the commission shall conduct at least the five assessments prescribed in division (E) of section 3318.40 of the Revised Code.

Upon conducting an assessment of the classroom facilities needs of a school district, the commission shall make a determination of all of the following:

(a) The number of classroom facilities to be included in a project and the basic project cost of acquiring the classroom facilities included in the project. The number of facilities and basic project cost shall be determined in accordance with the specifications adopted under section 3318.311 of the Revised Code except to the extent that compliance with such specifications is waived by the commission pursuant to the rule of the commission adopted under division (F) of section 3318.40 of the Revised Code.

(b) The school district's portion of the basic project cost as determined under division (C) of section 3318.42 of the Revised Code;

(c) The remaining portion of the basic project cost that shall be supplied by the state;

(d) The amount of the state's portion of the basic project cost to be encumbered in accordance with section 3318.11 of the Revised Code in the current and subsequent fiscal years from funds set aside under division (B) of section 3318.40 of the Revised Code.

(2) Divisions (A), (C), and (D) of section 3318.03 of the Revised Code apply to any project under sections 3318.40 to 3318.45 of the Revised Code.

(B)(1) If the commission makes a determination under division (A) of this section in favor of the acquisition of classroom facilities for a project under sections 3318.40 to 3318.45 of the Revised Code, such project shall be conditionally approved. Such conditional approval shall be submitted to the controlling board for approval. The controlling board shall immediately approve or reject the commission's determination, conditional approval, the amount of the state's portion of the basic project cost, and the amount of the state's portion of the basic project cost to be encumbered in the current fiscal

year. In the event of approval by the controlling board, the commission shall certify the conditional approval to the joint vocational school district board of education and shall encumber the approved funds for the current fiscal year.

(2) No school district that receives assistance under sections 3318.40 to 3318.45 of the Revised Code shall have another such project conditionally approved until the expiration of twenty years after the school district's prior project was conditionally approved, unless the school district board demonstrates to the satisfaction of the commission that the school district has experienced since conditional approval of its prior project an exceptional increase in enrollment or program requirements significantly above the school district's design capacity under that prior project as determined by rule of the commission. Any rule adopted by the commission to implement this division shall be tailored to address the classroom facilities needs of joint vocational school districts.

(C) In addition to generating the amount of the school district's portion of the basic project cost as determined under division (C) of section 3318.42 of the Revised Code, in order for a school district to receive assistance under sections 3318.40 to 3318.45 of the Revised Code, the school district board shall set aside school district moneys for the maintenance of the classroom facilities included in the school district's project in the amount and manner prescribed in section 3318.43 of the Revised Code.

(D)(1) The conditional approval for a project certified under division (B)(1) of this section shall lapse and the amount reserved and encumbered for such project shall be released unless both of the following conditions are satisfied:

(a) Within one hundred twenty days following the date of certification of the conditional approval to the joint vocational school district board, the school district board accepts the conditional approval and certifies to the commission the school district board's plan to generate the school district's portion of the basic project cost, as determined under division (C) of section 3318.42 of the Revised Code, and to set aside moneys for maintenance of the classroom facilities acquired under the project, as prescribed in section 3318.43 of the Revised Code.

(b) Within thirteen months following the date of certification of the conditional approval to the school district board, the electors of the school district vote favorably on any ballot measures proposed by the school district board to generate the school district's portion of the basic project cost.

(2) If the school district board or electors fail to satisfy the conditions

prescribed in division (D)(1) of this section and the amount reserved and encumbered for the school district's project is released, the school district shall be given first priority over other joint vocational school districts for project funding under sections 3318.40 to 3318.45 of the Revised Code as such funds become available, subject to section 3318.054 of the Revised Code.

(E) If the conditions prescribed in division (D)(1) of this section are satisfied, the commission and the school district board shall enter into an agreement as prescribed in section 3318.08 of the Revised Code and shall proceed with the development of plans, cost estimates, designs, drawings, and specifications as prescribed in section 3318.091 of the Revised Code.

(F) Costs in excess of those approved by the commission under section 3318.091 of the Revised Code shall be payable only as provided in sections 3318.042 and 3318.083 of the Revised Code.

(G) Advertisement for bids and the award of contracts for construction of any project under sections 3318.40 to 3318.45 of the Revised Code shall be conducted in accordance with section 3318.10 of the Revised Code.

(H) In accordance with division (R) of section 3318.08 of the Revised Code, the state funds reserved and encumbered and the funds provided by the school district to pay the basic project cost of a project under sections 3318.40 to 3318.45 of the Revised Code shall be spent simultaneously in proportion to the state's and the school district's respective portions of that basic project cost.

(I) Sections 3318.13, 3318.14, and 3318.16 of the Revised Code apply to projects under sections 3318.40 to 3318.45 of the Revised Code.

Sec. 3318.42. (A) Not later than the sixty-first day after March 14, 2003, and subsequently not later than the sixty-first day after the first day of each ensuing fiscal year, the department of education shall do all of the following:

(1) Calculate the valuation per pupil of each joint vocational school district according to the following formula:

The school district's average taxable value divided by the school district's formula ADM calculated under section 3317.03 of the Revised Code for the previous fiscal year.

For purposes of this calculation:

(a) "Average taxable value" means the average of the amounts certified for a school district in the second, third, and fourth preceding tax years under divisions (A)(1) and (2) of section 3317.021 of the Revised Code.

(b) "Formula ADM" has the same meaning as defined in section 3317.02 of the Revised Code.

(2) Calculate for each school district the three-year average of the valuations per pupil calculated for the school district for the current and two preceding fiscal years;

(3) Rank all joint vocational school districts in order from the school district with the lowest three-year average valuation per pupil to the school district with the highest three-year average valuation per pupil;

(4) Divide the ranking under division (A)(3) of this section into percentiles with the first percentile containing the one per cent of school districts having the lowest three-year average valuations per pupil and the one-hundredth percentile containing the one per cent of school districts having the highest three-year average valuations per pupil;

(5) Certify the information described in divisions (A)(1) to (4) of this section to the Ohio ~~school~~ facilities construction commission.

(B) The commission annually shall select school districts for assistance under sections 3318.40 to 3318.45 of the Revised Code in the order of the school districts' three-year average valuations per pupil such that the school district with the lowest three-year average valuation per pupil shall be given the highest priority for assistance.

(C) Each joint vocational school district's portion of the basic project cost of the school district's project under sections 3318.40 to 3318.45 of the Revised Code shall be one per cent times the percentile in which the district ranks, except that no school district's portion shall be less than twenty-five per cent or greater than ninety-five per cent of the basic project cost.

Sec. 3318.421. A project under this section shall proceed in the manner prescribed in sections 3318.40 to 3318.45 of the Revised Code except as otherwise specified by this section.

In addition to any joint vocational school districts selected in accordance with section 3318.40 of the Revised Code, the Ohio facilities construction commission may select one joint vocational school district in fiscal year 2018 and one joint vocational school district in fiscal year 2019 for assistance to do one or both of the following:

(A) Construct a new complete classroom facility as a replacement for one or more of the facilities currently operated by the district;

(B) Renovate the district's existing facilities.

The selection shall be made through a competitive process that allows any joint vocational school district in this state to apply for assistance under this section.

The commission shall select for assistance under this section a district that has a compelling need for new construction and that demonstrates to the satisfaction of the commission that the project is necessary for the district to

meet the workforce deficiency or demand in the local community or a local industry. The commission may consult with other state agencies, public entities, nonprofit organizations, private corporations, or the JobsOhio nonprofit corporation formed under section 187.01 of the Revised Code in making its determination.

Except as provided in this section, the district's portion of the basic project cost shall be determined in accordance with division (C) of section 3318.42 of the Revised Code. If the district's portion of the basic project cost is greater than fifty per cent, the Ohio facilities construction commission shall decrease the district's portion so that it is equal to fifty per cent. At no time, however, shall the state share of the basic project cost exceed \$26,000,000.

Notwithstanding anything to the contrary in section 3318.40 of the Revised Code, the commission may set aside from funds appropriated to it for classroom facilities assistance projects under this chapter an amount each fiscal year adequate for this section.

Sec. 3318.43. Each year for twenty-three successive years after the commencement of a joint vocational school district's project under sections 3318.40 to 3318.45 of the Revised Code, the board of education of that school district shall deposit into a separate maintenance account or into the school district's capital and maintenance fund established under section 3315.18 of the Revised Code, school district moneys dedicated to maintenance of the classroom facilities acquired under sections 3318.40 to 3318.45 of the Revised Code in an amount equal to one and one-half of one per cent of the current insurance value of the classroom facilities acquired under the project, which value shall be subject to the approval of the Ohio ~~school~~ facilities construction commission.

Sec. 3318.46. By rule adopted in accordance with section 111.15 of the Revised Code, the Ohio ~~school~~ facilities construction commission shall establish a program whereby the board of education of any joint vocational school district may enter into an agreement with the commission under which the board may proceed with the new construction or major repairs of a part of the school district's classroom facilities needs, as determined under sections 3318.40 to 3318.45 of the Revised Code, through the expenditure of local resources prior to the school district's eligibility for state assistance under sections 3318.40 to 3318.45 of the Revised Code. The program shall be structured in a manner similar to the program established under section 3318.36 of the Revised Code. The program shall be operational on July 1, 2004.

Sec. 3318.48. (A) When all of the following have occurred, a project

undertaken by a school district pursuant to this chapter shall be considered complete and the Ohio ~~school~~ facilities construction commission shall issue a certificate of completion to the district board of education:

(1) All facilities to be constructed under the project, as specified in the project agreement entered into under section 3318.08 of the Revised Code, have been completed and the board has received a permanent certificate of occupancy for each of those facilities.

(2) The commission has issued certificates of contract completion on all prime construction contracts entered into by the board under section 3318.10 of the Revised Code.

(3) The commission has completed a final accounting of the district's project construction fund and has determined that all payments from the fund were made in compliance with all policies of the commission.

(4) Any litigation concerning the project has been finally resolved with no chance of appeal.

(5) All construction management services typically provided by the commission to school districts have been delivered and the commission has canceled any remaining encumbrance of funds for those services.

(B) The commission may issue a certificate of completion to a district board prior to all of the conditions described in division (A) of this section being satisfied, if the commission determines that the circumstances preventing the conditions from being satisfied are so minor in nature that the project should be considered complete. When issuing a certificate of completion under this division, the commission may specify any of the following:

(1) Any construction or work that has yet to be completed and the manner in which the board shall oversee its completion, which may include procedures for reporting progress to the commission and for accounting of expenditures;

(2) Terms and conditions for the resolution of any pending litigation;

(3) Any remaining responsibilities of the construction manager regarding the project.

(C) The commission may issue a certificate of completion to a district board that does not voluntarily participate in the process of closing out the district's project, if the construction manager for the project verifies that all facilities to be constructed under the project, as specified in the project agreement entered into under section 3318.08 of the Revised Code, have been completed and the commission determines that those facilities have been occupied for at least one year. In that case, all funds due to the commission under division (C) of section 3318.12 of the Revised Code shall

be returned to the commission not later than thirty days after receipt of the certificate of completion. If the funds due to the commission have not been returned within sixty days after receipt of the certificate of completion, the auditor of state shall issue a finding for recovery against the school district and shall request legal action under section 117.42 of the Revised Code.

(D) Upon issuance of a certificate of completion under this section, the commission's ownership of and interest in the project, as specified in division (F) of section 3318.08 of the Revised Code, shall cease. This cessation shall not alter or otherwise affect the state's or commission's interest in the project or any limitations on the use of the project as specified in the project agreement pursuant to divisions (G), (M), and (N) of that section or as specified in section 3318.16 of the Revised Code.

Sec. 3318.49. (A) The corrective action program is hereby established to provide funding for the correction of work, in connection with a project funded under sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code, that is found after occupancy of the facility to be defective or to have been omitted.

(B) The Ohio ~~school~~ facilities construction commission may provide funding under this section only if the school district notifies the executive director of the commission of the defective or omitted work within five years after occupancy of the facility for which the district seeks the funding.

(C) The commission shall establish procedures and deadlines for school districts to follow in applying for assistance under this section. The procedures shall include definitions of "defective" and "omitted," and shall require that remediation efforts focus first on engaging the respective contractors that designed and constructed the areas that have design or construction-related issues. The commission shall consider applications on a case-by-case basis, taking into account the amount of money appropriated and available for purposes of this section.

(D) The commission may provide funding assistance necessary to take corrective measures after evaluating the defective or omitted work.

(1) If the work to be corrected or remediated is part of a project not yet completed, the commission may amend the project agreement to increase the project budget and use corrective action funding to provide the state portion of the amendment. If the work to be corrected or remediated is part of a completed project and funds were retained or transferred pursuant to division (C) of section 3318.12 of the Revised Code, the commission may enter into a new agreement to address the corrective action.

(2) Whether or not the project is completed, the district shall contribute a portion of the cost of the corrective action, to be determined in accordance

with section 3318.032 of the Revised Code or, if the district is a joint vocational school district, section 3318.42 of the Revised Code. A district that is unable to provide its portion so that remediation can proceed may apply to the commission for additional assistance under section 3318.042 of the Revised Code.

(E) The commission shall assess responsibility for the defective or omitted work and seek cost recovery from responsible parties, if applicable. Any recovery of the expense of remediation shall be applied first to the district portion of the cost of the corrective action. Any remaining funds shall be applied to the state portion and deposited into the school building program assistance fund established under section 3318.25 of the Revised Code.

Sec. 3318.50. (A) As used in this section and in section 3318.52 of the Revised Code, "classroom facilities" means buildings, land, grounds, equipment, and furnishings used by a community school in furtherance of its mission and contract entered into by the school's governing authority under Chapter 3314. of the Revised Code.

(B) There is hereby established the community school classroom facilities loan guarantee program. Under the program, the Ohio ~~school~~ facilities construction commission may guarantee for up to fifteen years up to eighty-five per cent of the sum of the principal and interest on a loan made to the governing authority of a community school established under Chapter 3314. of the Revised Code for the sole purpose of assisting the governing authority in acquiring, improving, or replacing classroom facilities for the community school by lease, purchase, remodeling of existing facilities, or any other means including new construction.

The commission shall not make any loan guarantee under this section unless the commission has determined both that the applicant is creditworthy and that the classroom facilities that have been acquired, improved, or replaced under the loan meet applicable health and safety standards established by law for school buildings or those facilities that will be acquired, improved, or replaced under the loan will meet such standards.

The commission shall not guarantee any loan under this section unless the loan is obtained from a financial institution regulated by the United States or this state.

(C) At no time shall the commission exceed an aggregate liability of ten million dollars to repay loans guaranteed under this section.

(D) Any payment made to a lending institution as a result of default on a loan guaranteed under this section shall be made from moneys in the community school classroom facilities loan guarantee fund established

under section 3318.52 of the Revised Code.

(E) The commission may assess a fee of up to five hundred dollars for each loan guaranteed under this section.

(F) Not later than ninety days after September 5, 2001, the commission shall adopt rules that prescribe loan standards and procedures consistent with this section that are designed to protect the state's interest in any loan guaranteed by this section and to ensure that the state has a reasonable chance of recovering any payments made by the state in the event of a default on any such loan.

Sec. 3318.60. (A) As used in this section and section 3318.61 of the Revised Code:

(1) "Acquisition of classroom facilities" means constructing, reconstructing, repairing, or making additions to classroom facilities.

(2) "Ohio ~~school~~ facilities construction commission" and "classroom facilities" have the same meanings as in section 3318.01 of the Revised Code.

(B) There is hereby established the college-preparatory boarding school facilities program. Under the program, the Ohio ~~school~~ facilities construction commission shall provide assistance to the boards of trustees of college-preparatory boarding schools established under Chapter 3328. of the Revised Code for the acquisition of classroom facilities.

(C) The program shall comply with sections 3318.01 to 3318.20 of the Revised Code, except as follows:

(1) The commission, in consultation with the board of trustees of a college-preparatory boarding school, shall determine the basic project cost based on all campus facilities needed for the school's programs and operations and shall take into account any unique spaces or square footages needed for such facilities when calculating the basic project cost. Regardless of the inclusion of nonclassroom facilities in the calculation of the basic project cost, state funds provided under the program shall be used only to pay for the acquisition of classroom facilities that do not exceed the construction and design standards established by the commission.

(2) To be eligible for assistance under the program, the board of trustees of a college-preparatory boarding school shall secure at least twenty million dollars of private money to satisfy its share of the basic project cost. Funds provided by the board may be used for any type of facility.

(3) A college-preparatory boarding school shall not be included in the ranking required by section 3318.011 of the Revised Code. The commission shall initiate procedures for the school's project when the contract required by section 3328.12 of the Revised Code has been executed.

(4) No requirement related to the issuance of bonds or securities or the levying of taxes by a school district shall apply to a college-preparatory boarding school or its board of trustees.

(5) The agreement entered into by the commission with the board of trustees of a college-preparatory boarding school under section 3318.08 of the Revised Code shall provide for termination of the contract and release of the funds encumbered at the time of the project's conditional approval, if the board fails to secure the amount specified in division (C)(2) of this section within such period after the execution of the agreement as may be fixed by the commission.

(D) Within the ninety-day period immediately following ~~the effective date of this section~~ September 29, 2011, the commission shall adopt rules necessary for the implementation and administration of the program.

Sec. 3318.61. (A) In lieu of participating in the college-preparatory boarding school facilities program under section 3318.60 of the Revised Code, if the board of trustees of a college-preparatory boarding school established under Chapter 3328. of the Revised Code has leased, purchased, or otherwise acquired a site for the school, the board of trustees may request approval from the Ohio ~~school~~ facilities construction commission for the board of trustees and the commission to enter into an agreement with a person or entity for the development of the site, under which agreement all of the following shall occur:

(1) The board of trustees will lease the site and any facilities located on that site to the person or entity for the purpose of enabling the person or entity to provide the campus facilities needed for the school's programs and operations by constructing new facilities on the site; reconstructing, repairing, or making additions to the existing facilities on the site; or both.

(2) The person or entity will lease the site and any new or existing facilities located on that site back to the board of trustees for use by the school.

(3) The commission will pay the board of trustees state funds for the cost of acquisition of classroom facilities on the site and the board of trustees will use those funds to make rent payments on the lease provided by the person or entity. As agreed to by the commission and the board of trustees, the commission may pay the state funds to the board of trustees in periodic installments or as one lump sum in an amount equal to the outstanding balance on the lease for classroom facilities.

(B) The commission shall approve the request of the board of trustees under division (A) of this section only if the following conditions are satisfied:

(1) The person or entity that would be party to the agreement submits to the board of trustees and the commission a plan for developing the site that includes the following:

(a) Provision for installation of site utilities that meet the requirements of all applicable laws;

(b) A description of the facilities that will be constructed, reconstructed, repaired, or added to and their total square footage;

(c) A description of how the facilities will enable the board of trustees to provide the educational program described in section 3328.22 of the Revised Code;

(d) Provision for securing property and liability insurance for the facilities;

(e) A description of how the development of the site will be financed by the person or entity;

(f) The length of the lease that the person or entity will offer the board of trustees, which shall not exceed forty years, and the monthly rent that will be owed to the person or entity for that lease.

(2) The commission determines that the plan submitted under division (B)(1) of this section is satisfactory and will meet the needs of the students enrolled in the school and that the classroom facilities described in the plan do not exceed the construction and design standards established by the commission.

(3) The person or entity that would be party to the agreement has demonstrated financial responsibility to the satisfaction of the commission.

(4) The commission, in consultation with the board of trustees, determines that it is in the best interest of the school for the board of trustees and the commission to enter into the agreement.

(C) Upon approval of the commission, the board of trustees and the commission may enter into an agreement with the person or entity for development of the site in accordance with this section. The agreement shall include the following:

(1) A requirement that development of the site begin not later than eighteen months after the agreement is executed and proceed according to a schedule specified in the agreement;

(2) A stipulation that failure of the person or entity developing the site to comply with the schedule shall be grounds for termination of the agreement;

(3) A provision specifying which party to the agreement owns the facilities located on the site if the school closes prior to the expiration of the agreement and a provision indicating the period of time after the school's

closure, if any, during which rent payments will continue to be paid to the person or entity developing the site.

Sec. 3318.62. Any agreement between the Ohio ~~school~~ facilities construction commission and the board of trustees of a college-preparatory boarding school to provide facilities assistance under section 3318.60 or 3318.61 of the Revised Code shall include the following stipulations:

(A) If the school ceases its operations, the school's board of trustees may permit the classroom facilities to be used for only an alternative public purpose, including, but not limited to, primary, secondary, vocational, or higher education services.

(B) If the school ceases its operations due to either the failure of the school's operator to comply with any of the requirements of the contract prescribed under section 3328.12 of the Revised Code or the default by the school's board of trustees on an underlying leasehold or mortgage agreement, the school's board of trustees shall return to the commission the unamortized portion of the state funds provided to the board of trustees under this chapter, based on a straight-line depreciation over the first eighteen years of occupancy. However, if, within twenty-four months after the school's cessation from operation, the classroom facilities of a college-preparatory boarding school are used for an alternative public purpose as prescribed by division (A) of this section, no return of funds by the board of trustees under this division shall be required.

Sec. 3318.70. (A) As used in this section:

(1) "Acquisition of classroom facilities" has the same meaning as in section 3318.40 of the Revised Code.

(2) "Classroom facilities" has the same meaning as in section 3318.01 of the Revised Code.

(3) "STEM school" means a science, technology, engineering, and mathematics school established under Chapter 3326. of the Revised Code that is not governed by a single school district board of education, as prescribed by section 3326.51 of the Revised Code.

(B) The Ohio ~~school~~ facilities construction commission shall establish guidelines for assisting STEM schools in the acquisition of classroom facilities.

(C) Upon receipt of a written proposal by the governing body of a STEM school, the commission, subject to approval of the controlling board, shall provide funding to assist that STEM school in the acquisition of classroom facilities. The proposal of the governing body shall be submitted in a form and in the manner prescribed by the commission. The proposal shall indicate both the total amount of funding requested from the

commission and the amount of other funding pledged for the acquisition of the classroom facilities, the latter of which shall not be less than the total amount of funding requested from the commission. Once the commission determines a proposal meets its established guidelines and if the controlling board approves that funding, the commission shall enter into an agreement with the governing body for the acquisition of the classroom facilities and shall encumber, in accordance with section 3318.11 of the Revised Code, the approved funding from the amounts appropriated to the commission for classroom facilities assistance projects. The agreement shall include a stipulation of the ownership of the classroom facilities in the event the STEM school permanently closes at any time.

(D) In the case of the governing body of a group of STEM schools, as prescribed by section 3326.031 of the Revised Code, the governing body shall submit a proposal for each school under its direction separately, and the commission shall consider each proposal separately.

Sec. 3318.71. (A) As used in this section:

(1) "Acquisition of classroom facilities" has the same meaning as in section 3318.40 of the Revised Code.

(2) "Classroom facilities" has the same meaning as in section 3318.01 of the Revised Code.

(3) "Qualifying partnership" means a group of city, exempted village, or local school districts that are part of a career-technical education compact and have entered into an agreement for joint or cooperative establishment and operation of a science, technology, engineering, and mathematics education program under section 3313.842 of the Revised Code. The aggregate territory of the school districts composing a qualifying partnership shall be located in two adjacent counties, each having a population greater than forty thousand, but less than fifty thousand, and at least one of which borders another state.

(B) The Ohio ~~school~~ facilities construction commission shall establish guidelines for assisting a qualifying partnership in the acquisition of classroom facilities to be used for a joint science, technology, engineering, and mathematics education program.

(C) Upon receipt of a written proposal from a qualifying partnership, the commission, subject to approval of the controlling board, shall provide funding to assist that qualifying partnership in the acquisition of classroom facilities described in division (B) of this section. The proposal of the qualifying partnership shall be submitted in a form and in the manner prescribed by the commission. The proposal shall indicate both the total amount of funding requested from the commission and the amount of other

funding pledged for the acquisition of the classroom facilities, the latter of which shall not be less than the total amount of funding requested from the commission. Once the commission determines a proposal meets its established guidelines, and if the controlling board approves that funding, the commission shall enter into an agreement with the qualifying partnership for the acquisition of the classroom facilities and shall encumber, in accordance with section 3318.11 of the Revised Code, the approved funding from the amounts appropriated to the commission for classroom facilities assistance projects. The agreement shall include a stipulation of the ownership of the classroom facilities in the event the qualifying partnership ceases to exist.

(D) A qualifying partnership may levy taxes and issue bonds under section 5705.2112 or 5705.2113 of the Revised Code to use for all or part of the funding pledged for the acquisition of classroom facilities under division (C) of this section. If a qualifying partnership chooses to levy taxes or issue bonds for this purpose, it shall select one of the districts that is a member of the qualifying partnership to be the fiscal agent of the qualifying partnership for purposes of those sections.

Sec. 3319.088. As used in this section, "educational assistant" means any nonteaching employee in a school district who directly assists a teacher as defined in section 3319.09 of the Revised Code, by performing duties for which a license issued pursuant to sections 3319.22 to 3319.30 of the Revised Code is not required.

(A) The state board of education shall issue educational aide permits and educational paraprofessional licenses for educational assistants and shall adopt rules for the issuance and renewal of such permits and licenses which shall be consistent with the provisions of this section. Educational aide permits and educational paraprofessional licenses may be of several types and the rules shall prescribe the minimum qualifications of education, health, and character for the service to be authorized under each type. The prescribed minimum qualifications may require special training or educational courses designed to qualify a person to perform effectively the duties authorized under an educational aide permit or educational paraprofessional license.

(B)(1) Any application for a permit or license, or a renewal or duplicate of a permit or license, under this section shall be accompanied by the payment of a fee in the amount established under division (A) of section 3319.51 of the Revised Code. Any fees received under this division shall be paid into the state treasury to the credit of the state board of education licensure fund established under division (B) of section 3319.51 of the

Revised Code.

(2) Any person applying for or holding a permit or license pursuant to this section is subject to sections 3123.41 to 3123.50 of the Revised Code and any applicable rules adopted under section 3123.63 of the Revised Code and sections 3319.31 and 3319.311 of the Revised Code.

(C) Educational assistants shall at all times while in the performance of their duties be under the supervision and direction of a teacher as defined in section 3319.09 of the Revised Code. Educational assistants may assist a teacher to whom assigned in the supervision of pupils, in assisting with instructional tasks, and in the performance of duties which, in the judgment of the teacher to whom the assistant is assigned, may be performed by a person not licensed pursuant to sections 3319.22 to 3319.30 of the Revised Code and for which a teaching license, issued pursuant to sections 3319.22 to 3319.30 of the Revised Code is not required. The duties of an educational assistant shall not include the assignment of grades to pupils. The duties of an educational assistant need not be performed in the physical presence of the teacher to whom assigned, but the activity of an educational assistant shall at all times be under the direction of the teacher to whom assigned. The assignment of an educational assistant need not be limited to assisting a single teacher. In the event an educational assistant is assigned to assist more than one teacher the assignments shall be clearly delineated and so arranged that the educational assistant shall never be subject to simultaneous supervision or direction by more than one teacher.

Educational assistants assigned to supervise children shall, when the teacher to whom assigned is not physically present, maintain the degree of control and discipline that would be maintained by the teacher.

Educational assistants may not be used in place of classroom teachers or other employees and any payment of compensation by boards of education to educational assistants for such services is prohibited. The ratio between the number of licensed teachers and the pupils in a school district may not be decreased by utilization of educational assistants and no grouping, or other organization of pupils, for utilization of educational assistants shall be established which is inconsistent with sound educational practices and procedures. A school district may employ up to one full time equivalent educational assistant for each six full time equivalent licensed employees of the district. Educational assistants shall not be counted as licensed employees for purposes of state support in the school foundation program and no grouping or regrouping of pupils with educational assistants may be counted as a class or unit for school foundation program purposes. Neither special courses required by the regulations of the state board of education,

prescribing minimum qualifications of education for an educational assistant, nor years of service as an educational assistant shall be counted in any way toward qualifying for a teacher license, for a teacher contract of any type, or for determining placement on a salary schedule in a school district as a teacher.

(D) Educational assistants employed by a board of education shall have all rights, benefits, and legal protection available to other nonteaching employees in the school district, except that provisions of Chapter 124. of the Revised Code shall not apply to any person employed as an educational assistant, and shall be members of the school employees retirement system. Educational assistants shall be compensated according to a salary plan adopted annually by the board.

Except as provided in this section nonteaching employees shall not serve as educational assistants without first obtaining an appropriate educational aide permit or educational paraprofessional license from the state board of education. A nonteaching employee who is the holder of a valid educational aide permit or educational paraprofessional license shall neither render nor be required to render services inconsistent with the type of services authorized by the permit or license held. No person shall receive compensation from a board of education for services rendered as an educational assistant in violation of this provision.

Nonteaching employees whose functions are solely secretarial-clerical and who do not perform any other duties as educational assistants, even though they assist a teacher and work under the direction of a teacher shall not be required to hold a permit or license issued pursuant to this section. Students preparing to become licensed teachers or educational assistants shall not be required to hold an educational aide permit or paraprofessional license for such periods of time as such students are assigned, as part of their training program, to work with a teacher in a school district. Such students shall not be compensated for such services.

Following the determination of the assignment and general job description of an educational assistant and subject to supervision by the teacher's immediate administrative officer, a teacher to whom an educational assistant is assigned shall make all final determinations of the duties to be assigned to such assistant. Teachers shall not be required to hold a license designated for being a supervisor or administrator in order to perform the necessary supervision of educational assistants.

(E) No person who is, or who has been employed as an educational assistant shall divulge, except to the teacher to whom assigned, or the administrator of the school in the absence of the teacher to whom assigned,

or when required to testify in a court or proceedings, any personal information concerning any pupil in the school district which was obtained or obtainable by the educational assistant while so employed. Violation of this provision is grounds for disciplinary action or dismissal, or both.

(F) Notwithstanding anything to the contrary in this section, the superintendent of a school district may allow an employee who does not hold a permit or license issued under this section to work as a substitute for an educational assistant who is absent on account of illness or on a leave of absence, or to fill a temporary position created by an emergency, provided that the superintendent believes the employee's application materials indicate that the employee is qualified to obtain a permit or license under this section.

An employee shall begin work as a substitute under this division not earlier than on the date on which the employee files an application with the state board for a permit or license under this section. An employee shall cease working as a substitute under this division on the earliest of the following:

(1) The date on which the employee files a valid permit or license issued under this section with the superintendent;

(2) The date on which the employee is denied a permit or license under this section;

extension of such an agreement.

(B) When using measures of student academic growth as a component of a teacher's evaluation, those measures shall include the value-added progress dimension prescribed by section 3302.021 of the Revised Code or an alternative student academic progress measure if adopted under division (C)(1)(e) of section 3302.03 of the Revised Code. For teachers of grade levels and subjects for which the value-added progress dimension or alternative student academic progress measure is not applicable, the board shall administer assessments on the list developed under division (B)(2) of section 3319.112 of the Revised Code.

(C)(1) The board shall conduct an evaluation of each teacher employed by the board at least once each school year, except as provided in division (C)(2) of this section. The evaluation shall be completed by the first day of May and the teacher shall receive a written report of the results of the evaluation by the tenth day of May.

(2)(a) The board may evaluate each teacher who received a rating of accomplished on the teacher's most recent evaluation conducted under this section once every three school years, so long as the teacher's student academic growth measure, for the most recent school year for which data is available, is average or higher, as determined by the department of education.

(b) The board may evaluate each teacher who received a rating of skilled on the teacher's most recent evaluation conducted under this section once every two years, so long as the teacher's student academic growth measure, for the most recent school year for which data is available, is average or higher, as determined by the department of education.

(c) For each teacher who is evaluated pursuant to division (C)(2) of this section, the evaluation shall be completed by the first day of May of the applicable school year, and the teacher shall receive a written report of the results of the evaluation by the tenth day of May of that school year.

(d) Beginning with the 2014-2015 school year, the board may elect not to conduct an evaluation of a teacher who meets one of the following requirements:

(3) In any year that a teacher is not formally evaluated pursuant to division (C) of this section as a result of receiving a rating of accomplished or skilled on the teacher's most recent evaluation, an individual qualified to evaluate a teacher under division (D) of this section shall conduct at least one observation of the teacher and hold at least one conference with the teacher.

(D) Each evaluation conducted pursuant to this section shall be conducted by one or more of the following persons who hold a credential established by the department of education for being an evaluator:

(2) The board may elect, by adoption of a resolution, to require only one formal observation of a teacher who received a rating of accomplished on the teacher's most recent evaluation conducted under this section, provided the teacher completes a project that has been approved by the board to

demonstrate the teacher's continued growth and practice at the accomplished level.

(F) The board shall include in its evaluation policy procedures for using the evaluation results for retention and promotion decisions and for removal of poorly performing teachers. Seniority shall not be the basis for a decision to retain a teacher, except when making a decision between teachers who have comparable evaluations.

(G) For purposes of section 3333.0411 of the Revised Code, the board annually shall report to the department of education the number of teachers for whom an evaluation was conducted under this section and the number of teachers assigned each rating prescribed under division (B)(1) of section 3319.112 of the Revised Code, aggregated by the teacher preparation programs from which and the years in which the teachers graduated. The department shall establish guidelines for reporting the information required by this division. The guidelines shall not permit or require that the name of, or any other personally identifiable information about, any teacher be reported under this division.

(B)(1) Except as otherwise provided in division (B)(2) of this section, the state board shall require each person subject to a criminal records check under this section to submit two complete sets of fingerprints and written permission that authorizes the superintendent of public instruction to forward the fingerprints to the bureau of criminal identification and investigation pursuant to division (F) of section 109.57 of the Revised Code and that authorizes that bureau to forward the fingerprints to the federal

bureau of investigation for purposes of obtaining any criminal records that the federal bureau maintains on the person.

(2) If both of the following conditions apply to a person subject to a criminal records check under this section, the state board shall require the person to submit one complete set of fingerprints and written permission that authorizes the superintendent of public instruction to forward the fingerprints to the bureau of criminal identification and investigation so that bureau may forward the fingerprints to the federal bureau of investigation for purposes of obtaining any criminal records that the federal bureau maintains on the person:

(a) Under this section or any former version of this section, the state board or the superintendent of public instruction previously requested the superintendent of the bureau of criminal identification and investigation to determine whether the bureau has any information, gathered pursuant to division (A) of section 109.57 of the Revised Code, on the person.

(b) The person presents proof that the person has been a resident of this state for the five-year period immediately prior to the date upon which the person becomes subject to a criminal records check under this section.

(C) Except as provided in division (D) of this section, prior to issuing or renewing any certificate, license, or permit for a person described in division (A)(1) or (2) of this section who is subject to a criminal records check and in the case of a person described in division (A)(3) or (4) of this section who is subject to a criminal records check, the state board or the superintendent of public instruction shall do one of the following:

(1) If the person is required to submit fingerprints and written permission under division (B)(1) of this section, request the superintendent of the bureau of criminal identification and investigation to determine whether the bureau has any information, gathered pursuant to division (A) of section 109.57 of the Revised Code, pertaining to the person and to obtain any criminal records that the federal bureau of investigation has on the person.

(2) If the person is required to submit fingerprints and written permission under division (B)(2) of this section, request the superintendent of the bureau of criminal identification and investigation to obtain any criminal records that the federal bureau of investigation has on the person.

(D) The state board or the superintendent of public instruction may choose not to request any information about a person required by division (C) of this section if the person provides proof that a criminal records check that satisfies the requirements of that division was conducted on the person as a condition of employment pursuant to section 3319.39 of the Revised

Code within the immediately preceding year. The state board or the superintendent of public instruction may accept a certified copy of records that were issued by the bureau of criminal identification and investigation and that are presented by the person in lieu of requesting that information under division (C) of this section if the records were issued by the bureau within the immediately preceding year.

(E)(1) If a person described in division (A)(3) or (4) of this section who is subject to a criminal records check fails to submit fingerprints and written permission by the date specified in the applicable division, and the state board or the superintendent of public instruction does not apply division (D) of this section to the person, or if a person who is subject to division (G) of this section fails to submit fingerprints and written permission by the date prescribed under that division, the superintendent shall prepare a written notice stating that if the person does not submit the fingerprints and written permission within fifteen days after the date the notice was mailed, the person's application will be rejected or the person's professional or permanent teaching certificate or license will be inactivated. The superintendent shall send the notification by regular mail to the person's last known residence address or last known place of employment, as indicated in the department of education's records, or both.

If the person fails to submit the fingerprints and written permission within fifteen days after the date the notice was mailed, the superintendent of public instruction, on behalf of the state board, shall issue a written order rejecting the application or inactivating the person's professional or permanent teaching certificate or license. The rejection or inactivation shall remain in effect until the person submits the fingerprints and written permission. The superintendent shall send the order by regular mail to the person's last known residence address or last known place of employment, as indicated in the department's records, or both. The order shall state the reason for the rejection or inactivation and shall explain that the rejection or inactivation remains in effect until the person ~~complies with division (B) of this section~~ submits the fingerprints and written permission.

The rejection or inactivation of a professional or permanent teaching certificate or license under division (E)(1) of this section does not constitute a suspension or revocation of the certificate or license by the state board under section 3319.31 of the Revised Code and the state board and the superintendent of public instruction need not provide the person with an opportunity for a hearing with respect to the rejection or inactivation.

(2) If a person whose professional or permanent teaching certificate or license has been rejected or inactivated under division (E)(1) of this section

submits fingerprints and written permission as required by division (B) or (G) of this section, the superintendent of public instruction, on behalf of the state board, shall issue a written order issuing or reactivating the certificate or license. The superintendent shall send the order to the person by regular mail.

(F) Notwithstanding divisions (A) to (C) of this section, if a person holds more than one certificate, license, or permit described in division (A)(1) of this section, the following shall apply:

(1) If the certificates, licenses, or permits are of different durations, the person shall be subject to divisions (A) to (C) of this section only when applying for renewal of the certificate, license, or permit that is of the longest duration. Prior to renewing any certificate, license, or permit with a shorter duration, the state board or the superintendent of public instruction shall determine whether the department of education has received any information about the person pursuant to section 109.5721 of the Revised Code, but the person shall not be subject to divisions (A) to (C) of this section as long as the person's certificate, license, or permit with the longest duration is valid.

(2) If the certificates, licenses, or permits are of the same duration but do not expire in the same year, the person shall designate one of the certificates, licenses, or permits as the person's primary certificate, license, or permit and shall notify the department of that designation. The person shall be subject to divisions (A) to (C) of this section only when applying for renewal of the person's primary certificate, license, or permit. Prior to renewing any certificate, license, or permit that is not the person's primary certificate, license, or permit, the state board or the superintendent of public instruction shall determine whether the department has received any information about the person pursuant to section 109.5721 of the Revised Code, but the person shall not be subject to divisions (A) to (C) of this section as long as the person's primary certificate, license, or permit is valid.

(3) If the certificates, licenses, or permits are of the same duration and expire in the same year and the person applies for renewal of the certificates, licenses, or permits at the same time, the state board or the superintendent of public instruction shall request only one criminal records check of the person under division (C) of this section.

(G) If the department is unable to enroll a person who has submitted an application for licensure, or to whom the state board has issued a license, in the retained applicant fingerprint database established under section 109.5721 of the Revised Code because the person has not satisfied the requirements for enrollment, the department shall require the person to

satisfy the requirements for enrollment, including requiring the person to submit, by a date prescribed by the department, one complete set of fingerprints and written permission that authorizes the superintendent of public instruction to forward the fingerprints to the bureau of criminal identification and investigation for the purpose of enrolling the person in the database. If the person fails to comply by the prescribed date, the department shall reject the application or shall take action to inactivate the person's license in accordance with division (E) of this section.

If, beginning with the academic year that starts four years after September 29, 2013, the board of trustees determines that the general and instructional fees charged under the tuition guarantee have fallen significantly lower than those of other state universities, the board of trustees may submit a request to increase the amount charged to a cohort by a specified percentage to the chancellor, who shall approve or disapprove such a request.

(3) A benchmark by which the board sets annual increases in general and instructional fees. This benchmark and any subsequent change to the benchmark shall be subject to approval of the chancellor.

(4) Eligibility requirements for students to participate in the program;

(5) Student rights and privileges under the program;

(6) Consequences to the university for students unable to complete a degree program within four years, as follows:

- (2) The results of an HIV test in a form that identifies the individual tested;
- (3) The identity of any individual diagnosed as having AIDS or an AIDS-related condition.

(B)(1) Except as provided in divisions (B)(2), (C), (D), and (F) of this section, the results of an HIV test or the identity of an individual on whom an HIV test is performed or who is diagnosed as having AIDS or an AIDS-related condition may be disclosed only to the following:

- (a) The individual who was tested or the individual's legal guardian, and the individual's spouse or any sexual partner;
  - (b) A person to whom disclosure is authorized by a written release, executed by the individual tested or by the individual's legal guardian and specifying to whom disclosure of the test results or diagnosis is authorized and the time period during which the release is to be effective;
  - (c) ~~The individual's~~ Any physician who treats the individual;
  - (d) The department of health or a health commissioner to which reports are made under section 3701.24 of the Revised Code;
  - (e) A health care facility or provider that procures, processes, distributes, or uses a human body part from a deceased individual, donated for a purpose specified in Chapter 2108. of the Revised Code, and that needs medical information about the deceased individual to ensure that the body part is medically acceptable for its intended purpose;
  - (f) Health care facility staff committees or accreditation or oversight review organizations conducting program monitoring, program evaluation, or service reviews;
  - (g) A health care provider, emergency medical services worker, or peace officer who sustained a significant exposure to the body fluids of another individual, if that individual was tested pursuant to division (E)(6) of section 3701.242 of the Revised Code, except that the identity of the individual tested shall not be revealed;
  - (h) To law enforcement authorities pursuant to a search warrant or a subpoena issued by or at the request of a grand jury, a prosecuting attorney, a city director of law or similar chief legal officer of a municipal corporation, or a village solicitor, in connection with a criminal investigation or prosecution.
- (2) The results of an HIV test or a diagnosis of AIDS or an

AIDS-related condition may be disclosed to a health care provider, or an authorized agent or employee of a health care facility or a health care provider, if the provider, agent, or employee has a medical need to know the information and is participating in the diagnosis, care, or treatment of the individual on whom the test was performed or who has been diagnosed as having AIDS or an AIDS-related condition.

This division does not impose a standard of disclosure different from the standard for disclosure of all other specific information about a patient to health care providers and facilities. Disclosure may not be requested or made solely for the purpose of identifying an individual who has a positive HIV test result or has been diagnosed as having AIDS or an AIDS-related condition in order to refuse to treat the individual. Referral of an individual to another health care provider or facility based on reasonable professional judgment does not constitute refusal to treat the individual.

(3) Not later than ninety days after November 1, 1989, each health care facility in this state shall establish a protocol to be followed by employees and individuals affiliated with the facility in making disclosures authorized by division (B)(2) of this section. A person employed by or affiliated with a health care facility who determines in accordance with the protocol established by the facility that a disclosure is authorized by division (B)(2) of this section is immune from liability to any person in a civil action for damages for injury, death, or loss to person or property resulting from the disclosure.

(C)(1) Any person or government agency may seek access to or authority to disclose the HIV test records of an individual in accordance with the following provisions:

(a) The person or government agency shall bring an action in a court of common pleas requesting disclosure of or authority to disclose the results of an HIV test of a specific individual, who shall be identified in the complaint by a pseudonym but whose name shall be communicated to the court confidentially, pursuant to a court order restricting the use of the name. The court shall provide the individual with notice and an opportunity to participate in the proceedings if the individual is not named as a party. Proceedings shall be conducted in chambers unless the individual agrees to a hearing in open court.

(b) The court may issue an order granting the plaintiff access to or authority to disclose the test results only if the court finds by clear and convincing evidence that the plaintiff has demonstrated a compelling need for disclosure of the information that cannot be accommodated by other means. In assessing compelling need, the court shall weigh the need for

disclosure against the privacy right of the individual tested and against any disservice to the public interest that might result from the disclosure, such as discrimination against the individual or the deterrence of others from being tested.

(c) If the court issues an order, it shall guard against unauthorized disclosure by specifying the persons who may have access to the information, the purposes for which the information shall be used, and prohibitions against future disclosure.

(2) A person or government agency that considers it necessary to disclose the results of an HIV test of a specific individual in an action in which it is a party may seek authority for the disclosure by filing an in camera motion with the court in which the action is being heard. In hearing the motion, the court shall employ procedures for confidentiality similar to those specified in division (C)(1) of this section. The court shall grant the motion only if it finds by clear and convincing evidence that a compelling need for the disclosure has been demonstrated.

(3) Except for an order issued in a criminal prosecution or an order under division (C)(1) or (2) of this section granting disclosure of the result of an HIV test of a specific individual, a court shall not compel a blood bank, hospital blood center, or blood collection facility to disclose the result of HIV tests performed on the blood of voluntary donors in a way that reveals the identity of any donor.

(4) In a civil action in which the plaintiff seeks to recover damages from an individual defendant based on an allegation that the plaintiff contracted the HIV virus as a result of actions of the defendant, the prohibitions against disclosure in this section do not bar discovery of the results of any HIV test given to the defendant or any diagnosis that the defendant suffers from AIDS or an AIDS-related condition.

(D) The results of an HIV test or the identity of an individual on whom an HIV test is performed or who is diagnosed as having AIDS or an AIDS-related condition may be disclosed to a federal, state, or local government agency, or the official representative of such an agency, for purposes of the medicaid program, the medicare program, or any other public assistance program.

(E) Any disclosure pursuant to this section shall be in writing and accompanied by a written statement that includes the following or substantially similar language: "This information has been disclosed to you from confidential records protected from disclosure by state law. You shall make no further disclosure of this information without the specific, written, and informed release of the individual to whom it pertains, or as otherwise

permitted by state law. A general authorization for the release of medical or other information is not sufficient for the purpose of the release of HIV test results or diagnoses."

(F) An individual who knows that the individual has received a positive result on an HIV test or has been diagnosed as having AIDS or an AIDS-related condition shall disclose this information to any other person with whom the individual intends to make common use of a hypodermic needle or engage in sexual conduct as defined in section 2907.01 of the Revised Code. An individual's compliance with this division does not prohibit a prosecution of the individual for a violation of division (B) of section 2903.11 of the Revised Code.

(G) Nothing in this section prohibits the introduction of evidence concerning an HIV test of a specific individual in a criminal proceeding.

Sec. 3701.601. The contributed funds shall be used specifically for the provision of breast and cervical cancer screening, diagnostic, and outreach services to uninsured and under-insured women who meet the eligibility requirements specified in that section. The breast and cervical cancer project, through its regional agencies, shall ~~first~~ use the contributed funds to pay for services provided directly by personnel of local departments of health, federally qualified health centers as defined by section 3701.047 of the Revised Code, or other community health centers. ~~If contributed funds remain after a regional agency pays for all screening, diagnostic, and outreach services provided by local departments of health, federally qualified health centers, or other community health centers, the regional agency may use contributed funds to pay for services provided by other providers.~~

(2) Use a standardized form or other mechanism to assess for each family member's risk factors and social determinants of health, as well as ensure that the family is referred to the appropriate home visiting or part C early intervention program or service.

(C) The standardized form or other mechanism described in division (B)(2) of this section shall be agreed to by the home visiting consortium created under section 3701.612 of the Revised Code and the early intervention services advisory council created under section 5123.0422 of the Revised Code.

~~If the Ohio home visiting consortium created under section 3701.612 of the Revised Code has recommended a standardized form or other mechanism for this purpose, the contract may require the use of that form or other mechanism.~~

(D) A contract entered into under division (B) of this section shall require a system operator to issue an annual report to the department of health and department of developmental disabilities that includes data regarding referrals made by the central intake and referral system, costs associated with the referrals, and the quality of services received by families who were referred to services through the system. The report shall be distributed to the home visiting consortium created under section 3701.612 of the Revised Code and the early intervention services advisory council created under section 5123.0422 of the Revised Code.

(E) The department of health and department of developmental disabilities shall share any funding made available to each department for local outreach and child find efforts after creating the central intake and referral system described in division (A) of this section.

(F) Nothing in this section is intended to do any of the following:

(3) The director shall ensure that any funds allocated for a county are distributed equally among eligible organizations that apply for funding within the county.

(C) Any organization seeking funds under this section annually shall apply for distribution of the funds based on the county in which the organization is located. An organization also may apply for funding in a county in which it is not located if it demonstrates that it provides services for pregnant women residing in that county. The director shall develop an

(D) The director shall not distribute funds to an organization that does not provide verifiable evidence of the requirements specified in the application under division (C) of this section and shall not provide additional funds to any organization that fails to comply with division (E) of this section in regard to its previous receipt of funds under this section.

(E)(1) An organization receiving funds under this section shall do all of the following:

(i) That the employment service has requested the superintendent to conduct a criminal records check regarding the applicant;

(ii) That the requested criminal records check is to include a determination of whether the applicant has been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a

disqualifying offense;

(iii) That the employment service has not received the results of the criminal records check as of the date set forth on the letter;

(iv) That the employment service promptly will send a copy of the results of the criminal records check to the chief administrator of the home health agency when the employment service receives the results.

(2) If a home health agency employs an applicant conditionally pursuant to division (G)(1)(b) of this section, the employment service, on its receipt of the results of the criminal records check, promptly shall send a copy of the results to the chief administrator of the agency.

(3) A home health agency that employs an applicant conditionally pursuant to division (G)(1)(a) or (b) of this section shall terminate the applicant's employment if the results of the criminal records check, other than the results of any request for information from the federal bureau of investigation, are not obtained within the period ending sixty days after the date the request for the criminal records check is made. Regardless of when the results of the criminal records check are obtained, if the results indicate that the applicant has been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense, the home health agency shall terminate the applicant's employment unless circumstances specified in rules adopted under this section that permit the agency to employ the applicant exist and the agency chooses to employ the applicant. Termination of employment under this division shall be considered just cause for discharge for purposes of division (D)(2) of section 4141.29 of the Revised Code if the applicant makes any attempt to deceive the home health agency about the applicant's criminal record.

(H) The report of any criminal records check conducted by the bureau of criminal identification and investigation in accordance with section 109.572 of the Revised Code and pursuant to a request made under this section is not a public record for the purposes of section 149.43 of the Revised Code and shall not be made available to any person other than the following:

(1) The applicant or employee who is the subject of the criminal records check or the applicant's or employee's representative;

Sec. 3702.304. (A)(1) The director of health may grant a variance from the written transfer agreement requirement of section 3702.303 of the Revised Code if the ambulatory surgical facility submits to the director a complete variance application, prescribed by the director, and the director determines after reviewing the application that the facility is capable of achieving the purpose of a written transfer agreement in the absence of one. outstanding bonds or notes; the procedure, if any, by which the terms of any contract with bondholders or noteholders may be amended or abrogated, the amount of bonds or notes the holders of which must consent thereto, and the manner in which such consent may be given; limitations on the amount of moneys to be expended by the authority for operating, administrative, or other expenses of the authority; securing any bonds or notes by a trust agreement in accordance with section 3706.07 of the Revised Code; any other matters, of like or different character, that in any way affect the security or protection of the bonds or notes.

Revised Code, shall adopt and may amend, suspend, or rescind rules governing the issuance, modification, revocation, suspension, or denial of variances from the director's solid waste rules, including, without limitation, rules adopted under this chapter governing the management of scrap tires.

Variances shall be issued, modified, revoked, suspended, or rescinded in accordance with this division, rules adopted under it, and Chapter 3745. of the Revised Code. The director may order the person to whom a variance is issued to take such action within such time as the director may determine to be appropriate and reasonable to prevent the creation of a nuisance or a hazard to the public health or safety or the environment. Applications for variances shall contain such detail plans, specifications, and information regarding objectives, procedures, controls, and other pertinent data as the director may require. The director shall grant a variance only if the applicant demonstrates to the director's satisfaction that construction and operation of the solid waste facility in the manner allowed by the variance and any terms or conditions imposed as part of the variance will not create a nuisance or a hazard to the public health or safety or the environment. In granting any variance, the director shall state the specific provision or provisions whose terms are to be varied and also shall state specific terms or conditions imposed upon the applicant in place of the provision or provisions.

The director may hold a public hearing on an application for a variance or renewal of a variance at a location in the county where the operations that are the subject of the application for the variance are conducted. The director shall give not less than twenty days' notice of the hearing to the applicant by certified mail or by another type of mail accompanied by a receipt and shall publish at least one notice of the hearing in a newspaper with general circulation in the county where the hearing is to be held. The director shall make available for public inspection at the principal office of the environmental protection agency a current list of pending applications for variances and a current schedule of pending variance hearings. The director shall make a complete stenographic record of testimony and other evidence submitted at the hearing.

Within ten days after the hearing, the director shall make a written determination to issue, renew, or deny the variance and shall enter the determination and the basis for it into the record of the hearing. The director shall issue, renew, or deny an application for a variance or renewal of a variance within six months of the date upon which the director receives a complete application with all pertinent information and data required. No variance shall be issued, revoked, modified, or denied until the director has considered the relative interests of the applicant, other persons and property

affected by the variance, and the general public. Any variance granted under this division shall be for a period specified by the director and may be renewed from time to time on such terms and for such periods as the director determines to be appropriate. No application shall be denied and no variance shall be revoked or modified without a written order stating the findings upon which the denial, revocation, or modification is based. A copy of the order shall be sent to the applicant or variance holder by certified mail or by another type of mail accompanied by a receipt.

(B) The director shall prescribe and furnish the forms necessary to administer and enforce this chapter. The director may cooperate with and enter into agreements with other state, local, or federal agencies to carry out the purposes of this chapter. The director may exercise all incidental powers necessary to carry out the purposes of this chapter.

(C) Except as provided in this division and divisions (N)(2) and (3) of this section, no person shall establish a new solid waste facility or infectious waste treatment facility, or modify an existing solid waste facility or infectious waste treatment facility, without submitting an application for a permit with accompanying detail plans, specifications, and information regarding the facility and method of operation and receiving a permit issued by the director, except that no permit shall be required under this division to install or operate a solid waste facility for sewage sludge treatment or disposal when the treatment or disposal is authorized by a current permit issued under Chapter 3704. or 6111. of the Revised Code.

No person shall continue to operate a solid waste facility for which the director ~~has denied a permit for which an application was required under division (A)(3) of section 3734.05 of the Revised Code, or for which the director~~ has disapproved plans and specifications required to be filed by an order issued under division (A)~~(5)~~(3) of ~~that~~ section 3734.05 of the Revised Code, after the date prescribed for commencement of closure of the facility in the order issued under division (A)~~(6)~~(4) of ~~that~~ section 3734.05 of the Revised Code denying the permit application or approval.

On and after the effective date of the rules adopted under division (A) of this section and division (D) of section 3734.12 of the Revised Code governing solid waste transfer facilities, no person shall establish a new, or modify an existing, solid waste transfer facility without first submitting an application for a permit with accompanying engineering detail plans, specifications, and information regarding the facility and its method of operation to the director and receiving a permit issued by the director.

No person shall establish a new compost facility or continue to operate an existing compost facility that accepts exclusively source separated yard

wastes without submitting a completed registration for the facility to the director in accordance with rules adopted under divisions (A) and (N)(3) of this section.

This division does not apply to a generator of infectious wastes that does any of the following:

(1) Treats, by methods, techniques, and practices established by rules adopted under division (B)(2)(a) of section 3734.021 of the Revised Code, any of the following:

(a) Infectious wastes that are generated on any premises that are owned or operated by the generator;

(b) Infectious wastes that are generated by a generator who has staff privileges at a hospital as defined in section 3727.01 of the Revised Code;

(c) Infectious wastes that are generated in providing care to a patient by an emergency medical services organization as defined in section 4765.01 of the Revised Code.

(2) Holds a license or renewal of a license to operate a crematory facility issued under Chapter 4717. and a permit issued under Chapter 3704. of the Revised Code;

(3) Treats or disposes of dead animals or parts thereof, or the blood of animals, and is subject to any of the following:

(a) Inspection under the "Federal Meat Inspection Act," 81 Stat. 584 (1967), 21 U.S.C.A. 603, as amended;

(b) Chapter 918. of the Revised Code;

(c) Chapter 953. of the Revised Code.

(D) Neither this chapter nor any rules adopted under it apply to single-family residential premises; to infectious wastes generated by individuals for purposes of their own care or treatment; to the temporary storage of solid wastes, other than scrap tires, prior to their collection for disposal; to the storage of one hundred or fewer scrap tires unless they are stored in such a manner that, in the judgment of the director or the board of health of the health district in which the scrap tires are stored, the storage causes a nuisance, a hazard to public health or safety, or a fire hazard; or to the collection of solid wastes, other than scrap tires, by a political subdivision or a person holding a franchise or license from a political subdivision of the state; to composting, as defined in section 1511.01 of the Revised Code, conducted in accordance with section 1511.022 of the Revised Code; or to any person who is licensed to transport raw rendering material to a compost facility pursuant to section 953.23 of the Revised Code.

(E)(1) As used in this division:

(a) "On-site facility" means a facility that stores, treats, or disposes of hazardous waste that is generated on the premises of the facility.

(b) "Off-site facility" means a facility that stores, treats, or disposes of hazardous waste that is generated off the premises of the facility and includes such a facility that is also an on-site facility.

(c) "Satellite facility" means any of the following:

(i) An on-site facility that also receives hazardous waste from other premises owned by the same person who generates the waste on the facility premises;

(ii) An off-site facility operated so that all of the hazardous waste it receives is generated on one or more premises owned by the person who owns the facility;

(iii) An on-site facility that also receives hazardous waste that is transported uninterruptedly and directly to the facility through a pipeline from a generator who is not the owner of the facility.

(2) Except as provided in division (E)(3) of this section, no person shall establish or operate a hazardous waste facility, or use a solid waste facility for the storage, treatment, or disposal of any hazardous waste, without a hazardous waste facility installation and operation permit issued in accordance with section 3734.05 of the Revised Code and subject to the payment of an application fee not to exceed one thousand five hundred dollars, payable upon application for a hazardous waste facility installation and operation permit and upon application for a renewal permit issued under division (H) of section 3734.05 of the Revised Code, to be credited to the hazardous waste facility management fund created in section 3734.18 of the Revised Code. The term of a hazardous waste facility installation and operation permit shall not exceed ten years.

In addition to the application fee, there is hereby levied an annual permit fee to be paid by the permit holder upon the anniversaries of the date of issuance of the hazardous waste facility installation and operation permit and of any subsequent renewal permits and to be credited to the hazardous waste facility management fund. Annual permit fees totaling forty thousand dollars or more for any one facility may be paid on a quarterly basis with the first quarterly payment each year being due on the anniversary of the date of issuance of the hazardous waste facility installation and operation permit and of any subsequent renewal permits. The annual permit fee shall be determined for each permit holder by the director in accordance with the following schedule:

A hazardous waste disposal facility that disposes of hazardous waste by deep well injection and that pays the annual permit fee established in section 6111.046 of the Revised Code is not subject to the permit fee established in this division for disposal facilities using deep well injection unless the director determines that the facility is not in compliance with applicable requirements established under this chapter and rules adopted under it.

In determining the annual permit fee required by this section, the director shall not require additional payments for multiple units of the same method of storage, treatment, or disposal or for individual units that are used for both storage and treatment. A facility using more than one method of storage, treatment, or disposal shall pay the permit fee indicated by the schedule for each such method.

The director shall not require the payment of that portion of an annual permit fee of any permit holder that would apply to a hazardous waste management unit for which a permit has been issued, but for which construction has not yet commenced. Once construction has commenced, the director shall require the payment of a part of the appropriate fee indicated by the schedule that bears the same relationship to the total fee that the number of days remaining until the next anniversary date at which payment of the annual permit fee is due bears to three hundred sixty-five.

The director, by rules adopted in accordance with Chapters 119. and 3745. of the Revised Code, shall prescribe procedures for collecting the annual permit fee established by this division and may prescribe other requirements necessary to carry out this division.

(3) The prohibition against establishing or operating a hazardous waste facility without a hazardous waste facility installation and operation permit does not apply to either of the following:

(a) A facility that is operating in accordance with a permit renewal issued under division (H) of section 3734.05 of the Revised Code, a revision issued under division (I) of that section as it existed prior to August 20, 1996, or a modification issued by the director under division (I) of that section on and after August 20, 1996;

(b) Except as provided in division (J) of section 3734.05 of the Revised Code, a facility that will operate or is operating in accordance with a permit by rule, or that is not subject to permit requirements, under rules adopted by the director. In accordance with Chapter 119. of the Revised Code, the director shall adopt, and subsequently may amend, suspend, or rescind, rules for the purposes of division (E)(3)(b) of this section. Any rules so adopted shall be consistent with and equivalent to regulations pertaining to interim status adopted under the "Resource Conservation and Recovery Act of 1976," 90 Stat. 2806, 42 U.S.C.A. 6921, as amended, except as otherwise provided in this chapter.

If a modification is requested or proposed for a facility described in division (E)(3)(a) or (b) of this section, division (I)(7) of section 3734.05 of the Revised Code applies.

(F) No person shall store, treat, or dispose of hazardous waste identified or listed under this chapter and rules adopted under it, regardless of whether generated on or off the premises where the waste is stored, treated, or disposed of, or transport or cause to be transported any hazardous waste identified or listed under this chapter and rules adopted under it to any other premises, except at or to any of the following:

(1) A hazardous waste facility operating under a permit issued in

accordance with this chapter;

(2) A facility in another state operating under a license or permit issued in accordance with the "Resource Conservation and Recovery Act of 1976," 90 Stat. 2806, 42 U.S.C.A. 6921, as amended;

(3) A facility in another nation operating in accordance with the laws of that nation;

(4) A facility holding a permit issued pursuant to Title I of the "Marine Protection, Research, and Sanctuaries Act of 1972," 86 Stat. 1052, 33 U.S.C.A. 1401, as amended;

(5) A hazardous waste facility as described in division (E)(3)(a) or (b) of this section.

(G) The director, by order, may exempt any person generating, collecting, storing, treating, disposing of, or transporting solid wastes, infectious wastes, or hazardous waste, or processing solid wastes that consist of scrap tires, in such quantities or under such circumstances that, in the determination of the director, are unlikely to adversely affect the public health or safety or the environment from any requirement to obtain a registration certificate, permit, or license or comply with the manifest system or other requirements of this chapter. Such an exemption shall be consistent with and equivalent to any regulations adopted by the administrator of the United States environmental protection agency under the "Resource Conservation and Recovery Act of 1976," 90 Stat. 2806, 42 U.S.C.A. 6921, as amended, except as otherwise provided in this chapter.

(H) No person shall engage in filling, grading, excavating, building, drilling, or mining on land where a hazardous waste facility, or a solid waste facility, was operated without prior authorization from the director, who shall establish the procedure for granting such authorization by rules adopted in accordance with Chapter 119. of the Revised Code.

A public utility that has main or distribution lines above or below the land surface located on an easement or right-of-way across land where a solid waste facility was operated may engage in any such activity within the easement or right-of-way without prior authorization from the director for purposes of performing emergency repair or emergency replacement of its lines; of the poles, towers, foundations, or other structures supporting or sustaining any such lines; or of the appurtenances to those structures, necessary to restore or maintain existing public utility service. A public utility may enter upon any such easement or right-of-way without prior authorization from the director for purposes of performing necessary or routine maintenance of those portions of its existing lines; of the existing poles, towers, foundations, or other structures sustaining or supporting its

lines; or of the appurtenances to any such supporting or sustaining structure, located on or above the land surface on any such easement or right-of-way. Within twenty-four hours after commencing any such emergency repair, replacement, or maintenance work, the public utility shall notify the director or the director's authorized representative of those activities and shall provide such information regarding those activities as the director or the director's representative may request. Upon completion of the emergency repair, replacement, or maintenance activities, the public utility shall restore any land of the solid waste facility disturbed by those activities to the condition existing prior to the commencement of those activities.

(I) No owner or operator of a hazardous waste facility, in the operation of the facility, shall cause, permit, or allow the emission therefrom of any particulate matter, dust, fumes, gas, mist, smoke, vapor, or odorous substance that, in the opinion of the director, unreasonably interferes with the comfortable enjoyment of life or property by persons living or working in the vicinity of the facility, or that is injurious to public health. Any such action is hereby declared to be a public nuisance.

(J) Notwithstanding any other provision of this chapter, in the event the director finds an imminent and substantial danger to public health or safety or the environment that creates an emergency situation requiring the immediate treatment, storage, or disposal of hazardous waste, the director may issue a temporary emergency permit to allow the treatment, storage, or disposal of the hazardous waste at a facility that is not otherwise authorized by a hazardous waste facility installation and operation permit to treat, store, or dispose of the waste. The emergency permit shall not exceed ninety days in duration and shall not be renewed. The director shall adopt, and may amend, suspend, or rescind, rules in accordance with Chapter 119. of the Revised Code governing the issuance, modification, revocation, and denial of emergency permits.

(K) Except for infectious wastes generated by a person who produces fewer than fifty pounds of infectious wastes at a premises during any one month, no owner or operator of a sanitary landfill shall knowingly accept for disposal, or dispose of, any infectious wastes that have not been treated to render them noninfectious.

(L) The director, in accordance with Chapter 119. of the Revised Code, shall adopt, and may amend, suspend, or rescind, rules having uniform application throughout the state establishing a training and certification program that shall be required for employees of boards of health who are responsible for enforcing the solid waste and infectious waste provisions of this chapter and rules adopted under them and for persons who are

responsible for the operation of solid waste facilities or infectious waste treatment facilities. The rules shall provide all of the following, without limitation:

(1) The program shall be administered by the director and shall consist of a course on new solid waste and infectious waste technologies, enforcement procedures, and rules;

(2) The course shall be offered on an annual basis;

(3) Those persons who are required to take the course under division (L) of this section shall do so triennially;

(4) Persons who successfully complete the course shall be certified by the director;

(5) Certification shall be required for all employees of boards of health who are responsible for enforcing the solid waste or infectious waste provisions of this chapter and rules adopted under them and for all persons who are responsible for the operation of solid waste facilities or infectious waste treatment facilities;

(6)(a) All employees of a board of health who, on the effective date of the rules adopted under this division, are responsible for enforcing the solid waste or infectious waste provisions of this chapter and the rules adopted under them shall complete the course and be certified by the director not later than January 1, 1995;

(b) All employees of a board of health who, after the effective date of the rules adopted under division (L) of this section, become responsible for enforcing the solid waste or infectious waste provisions of this chapter and rules adopted under them and who do not hold a current and valid certification from the director at that time shall complete the course and be certified by the director within two years after becoming responsible for performing those activities.

No person shall fail to obtain the certification required under this division.

(M) The director shall not issue a permit under section 3734.05 of the Revised Code to establish a solid waste facility, or to modify a solid waste facility operating on December 21, 1988, in a manner that expands the disposal capacity or geographic area covered by the facility, that is or is to be located within the boundaries of a state park established or dedicated under Chapter 1546. of the Revised Code, a state park purchase area established under section 1546.06 of the Revised Code, any unit of the national park system, or any property that lies within the boundaries of a national park or recreation area, but that has not been acquired or is not administered by the secretary of the United States department of the interior,

located in this state, or any candidate area located in this state and identified for potential inclusion in the national park system in the edition of the "national park system plan" submitted under paragraph (b) of section 8 of "The Act of August 18, 1970," 84 Stat. 825, 16 U.S.C.A. 1a-5, as amended, current at the time of filing of the application for the permit, unless the facility or proposed facility is or is to be used exclusively for the disposal of solid wastes generated within the park or recreation area and the director determines that the facility or proposed facility will not degrade any of the natural or cultural resources of the park or recreation area. The director shall not issue a variance under division (A) of this section and rules adopted under it, or issue an exemption order under division (G) of this section, that would authorize any such establishment or expansion of a solid waste facility within the boundaries of any such park or recreation area, state park purchase area, or candidate area, other than a solid waste facility exclusively for the disposal of solid wastes generated within the park or recreation area when the director determines that the facility will not degrade any of the natural or cultural resources of the park or recreation area.

(N)(1) The rules adopted under division (A) of this section, other than those governing variances, do not apply to scrap tire collection, storage, monocell, monofill, and recovery facilities. Those facilities are subject to and governed by rules adopted under sections 3734.70 to 3734.73 of the Revised Code, as applicable.

(2) Division (C) of this section does not apply to scrap tire collection, storage, monocell, monofill, and recovery facilities. The establishment and modification of those facilities are subject to sections 3734.75 to 3734.78 and section 3734.81 of the Revised Code, as applicable.

(3) The director may adopt, amend, suspend, or rescind rules under division (A) of this section creating an alternative system for authorizing the establishment, operation, or modification of a solid waste compost facility in lieu of the requirement that a person seeking to establish, operate, or modify a solid waste compost facility apply for and receive a permit under division (C) of this section and section 3734.05 of the Revised Code and a license under division (A)(1) of that section. The rules may include requirements governing, without limitation, the classification of solid waste compost facilities, the submittal of operating records for solid waste compost facilities, and the creation of a registration or notification system in lieu of the issuance of permits and licenses for solid waste compost facilities. The rules shall specify the applicability of divisions (A)(1); and (2)(a); ~~(3); and~~ (4) of section 3734.05 of the Revised Code to a solid waste compost facility.

(O)(1) As used in this division, "secondary aluminum waste" means

waste material or byproducts, when disposed of, containing aluminum generated from secondary aluminum smelting operations and consisting of dross, salt cake, baghouse dust associated with aluminum recycling furnace operations, or dry-milled wastes.

(2) The owner or operator of a sanitary landfill shall not dispose of municipal solid waste that has been commingled with secondary aluminum waste.

(3) The owner or operator of a sanitary landfill may dispose of secondary aluminum waste, but only in a monocell or monofill that has been permitted for that purpose in accordance with this chapter and rules adopted under it.

(P)(1) As used in divisions (P) and (Q) of this section:

(a) "Natural background" means two picocuries per gram or the actual number of picocuries per gram as measured at an individual solid waste facility, subject to verification by the director of health.

(b) "Drilling operation" includes a production operation as defined in section 1509.01 of the Revised Code.

(2) The owner or operator of a solid waste facility shall not accept for transfer or disposal technologically enhanced naturally occurring radioactive material if that material contains or is contaminated with radium-226, radium-228, or any combination of radium-226 and radium-228 at concentrations equal to or greater than five picocuries per gram above natural background.

(3) The owner or operator of a solid waste facility may receive and process for purposes other than transfer or disposal technologically enhanced naturally occurring radioactive material that contains or is contaminated with radium-226, radium-228, or any combination of radium-226 and radium-228 at concentrations equal to or greater than five picocuries per gram above natural background, provided that the owner or operator has obtained and maintains all other necessary authorizations, including any authorization required by rules adopted by the director of health under section 3748.04 of the Revised Code.

(4) The director of environmental protection may adopt rules in accordance with Chapter 119. of the Revised Code governing the receipt, acceptance, processing, handling, management, and disposal by solid waste facilities of material that contains or is contaminated with radioactive material, including, without limitation, technologically enhanced naturally occurring radioactive material that contains or is contaminated with radium-226, radium-228, or any combination of radium-226 and radium-228 at concentrations less than five picocuries per gram above natural

background. Rules adopted by the director may include at a minimum both of the following:

(a) Requirements in accordance with which the owner or operator of a solid waste facility must monitor leachate and ground water for radium-226, radium-228, and other radionuclides;

(b) Requirements in accordance with which the owner or operator of a solid waste facility must develop procedures to ensure that technologically enhanced naturally occurring radioactive material accepted at the facility neither contains nor is contaminated with radium-226, radium-228, or any combination of radium-226 and radium-228 at concentrations equal to or greater than five picocuries per gram above natural background.

(Q) Notwithstanding any other provision of this section, the owner or operator of a solid waste facility shall not receive, accept, process, handle, manage, or dispose of technologically enhanced naturally occurring radioactive material associated with drilling operations without first obtaining representative analytical results to determine compliance with divisions (P)(2) and (3) of this section and rules adopted under it.

Sec. 3734.041. (A) The owner or operator holding a license issued under division (A) of section 3734.05 of the Revised Code for a sanitary landfill that is so situated that a residence or other occupied structure off the premises of the landfill is located within one thousand feet horizontal distance from the exterior boundary of the landfill, and the owner or operator of any closed landfill that is so situated and for which a license was issued under division (A) of section 3734.05 of the Revised Code, or the subsequent owner, lessee, or other person who has control of the land on which the closed landfill is located, shall, within sixty days after the effective date of the rules adopted under division (F) of this section, submit an explosive gas monitoring plan for the landfill or closed landfill to the director of environmental protection for approval for compliance with those rules. After approval of the plan, the owner or operator of the landfill, or, in the instance of a closed landfill, the owner or operator of the closed landfill, or the subsequent owner, lessee, or other person who has control of the land on which the closed landfill is located shall conduct monitoring of explosive gas levels at the landfill or closed landfill, and submit written reports of the results of the monitoring to the director and the board of health of the health district in which the landfill is located in accordance with the approved plan and the schedule for implementation contained in the approved plan.

No person shall violate or fail to perform a duty imposed by a plan approved under this section.

(B) Division (A) of this section does not apply to a sanitary landfill or

closed sanitary landfill that exclusively disposes, or disposed, of solid wastes generated on the premises where the landfill or closed landfill is located; to a sanitary landfill or closed sanitary landfill that exclusively disposes, or disposed, of solid wastes generated on one or more premises owned by the person who owns the landfill or closed landfill; or to a sanitary landfill or closed sanitary landfill owned or operated by a person other than the generator of the wastes that exclusively disposes, or disposed, of nonputrescible solid wastes or nonputrescible wastes generated by a single generator at one or more premises owned by the generator.

(C) ~~When~~ As used in this division and division (D) of this section, "responsible party" includes the owner or operator of a solid waste disposal facility; any current or former owner of a closed solid waste disposal facility; any person who was responsible for the operations of a closed solid waste disposal facility; any lessee or other person who has control of the property on which a closed solid waste disposal facility is located; a receiver appointed pursuant to Chapter 2735. of the Revised Code with respect to a solid waste disposal facility or closed solid waste disposal facility; and a trustee in bankruptcy.

Notwithstanding division (B) of this section, if the director determines that, due to the types of wastes disposed of, the engineering design, the hydrogeological setting, the period of time since the commencement of operation, and the proximity of residential or other occupied structures located off the premises of the landfill a solid waste disposal facility to the exterior boundaries, or information related to concentrations of explosive gas at or surrounding a sanitary landfill licensed under division (A) of section 3734.05 of the Revised Code facility or closed sanitary landfill for which a license was issued under that division facility, the potential exists for the formation and subsurface migration of explosive gases in such quantities and under such conditions as to endanger threaten human health or safety or the environment, the director shall may issue to the owner or operator of the sanitary landfill, or, in the instance of a closed sanitary landfill, the owner or operator of the sanitary landfill, or the subsequent owner, lessee, or other person who has control of the property on which the closed landfill is located, any responsible party an order directing such owner the responsible party to prepare, obtain approval of, and implement and submit a new or revised explosive gas monitoring and reporting plan; in accordance with division (A) of that complies with division (A) of this section and provides for the adequate evaluation of explosive gas generation at and migration from the solid waste disposal facility or closed solid waste disposal facility. A plan so submitted shall be approved in accordance with

division (A) of this section. After approval of the plan, the responsible party shall conduct monitoring of explosive gas levels at the facility or closed facility and submit written reports of the results of the monitoring in accordance with the plan approved under this section. For the purposes of this division and division (D) of this section, explosive gases shall be considered to ~~endanger~~ threaten human health or safety or the environment if concentrations of methane generated by ~~the landfill a facility in landfill occupied structures, excluding gas control or recovery system components,~~ exceed twenty-five per cent of the lower explosive limit or if concentrations of methane generated by the ~~landfill facility at the landfill facility~~ landfill facility boundary exceed the lower explosive limit. As used in this division, "lower explosive limit" means the lowest per cent by volume of methane that will produce a flame in air at twenty-five degrees centigrade and atmospheric pressure.

(D) If a report submitted pursuant to a plan approved under division (A) of this section indicates that the formation of explosive gases at, and migration of explosive gases from, a ~~sanitary landfill~~ solid waste disposal facility or closed ~~sanitary landfill~~ solid waste disposal facility threatens human health or safety or the environment, the director or his authorized representative ~~shall promptly~~ may conduct an evaluation of the levels of explosive gases on the premises of the ~~landfill facility~~ landfill facility and in occupied structures located in proximity to the boundaries of the ~~landfill facility~~ landfill facility to determine whether the formation of explosive gases at, and migration of those gases from, the ~~landfill facility~~ landfill facility or closed ~~landfill facility~~ landfill facility constitutes such a threat. In addition, the director or the director's authorized representative, on their own initiative, may conduct an evaluation in accordance with division (G) of this section. Based upon the findings of ~~the an~~ an evaluation, ~~or of an evaluation conducted by the director, or his authorized representative, on his own initiative,~~ the director ~~shall~~ may issue an order under division (A) or (B) of section 3734.13 of the Revised Code, as the director considers necessary or appropriate, directing ~~the owner or operator of the landfill, or, in the instance of a closed landfill, the owner or operator of the landfill, or the subsequent owner, lessee, or other person who has control of the land on which the closed landfill is located,~~ any responsible party to perform such measures as the director considers necessary or appropriate, to abate or minimize the formation of explosive gases or their migration off the premises of the ~~landfill facility~~ landfill facility, to abate or remedy any conditions caused by the formation and migration of such gases that ~~endanger~~ threaten human health or safety or the environment and to take such actions as the director finds necessary or appropriate to prevent recurrence of the migration of explosive gases or decrease their

concentration to levels set forth in division (C) of this section.

After the issuance of an order under this division, the director shall inspect the ~~landfill at least once each week, or~~ facility at such ~~other~~ intervals as the director or ~~his~~ an authorized representative ~~of the director~~ considers necessary or appropriate; to ascertain compliance with the order until such time as the director determines that full compliance with those terms and conditions has been achieved.

If a report submitted pursuant to a plan approved under division (A) of this section indicates that the formation of explosive gases at, and migration of explosive gases from, a ~~landfill~~ solid waste disposal facility that is subject to an order issued under division (D) of this section has recurred in such quantities or under such conditions as to threaten human health or safety or the environment, or if the director determines from an inspection of any such ~~landfill~~ facility that the ~~owner or operator of the landfill, or, in the instance of a closed landfill, the owner or operator of the landfill, or the subsequent owner, lessee, or other person who has control of the land on which the closed landfill is located,~~ responsible party has violated or is violating a term or condition of the order or that measures in addition to those prescribed by the order are necessary or appropriate under the circumstances, the director shall take such actions under division (A), (B), or (C) of section 3734.13 of the Revised Code as ~~he~~ the director considers necessary or appropriate to protect human health or safety or the environment.

(E) The director shall conduct random inspections of licensed and closed sanitary landfills for explosive gas levels and to monitor the accuracy of the reports submitted pursuant to plans approved under division (A) of this section.

(F) The director shall adopt rules under Chapter 119. of the Revised Code prescribing standards for conducting the explosive gas monitoring required by division (A) of this section including, without limitation, standards governing the numbers, locations, and design and construction of monitoring wells; quality control procedures to be followed by persons conducting those evaluations to ensure the accuracy of the monitoring; the frequency for sampling the monitoring wells, which shall be at least quarterly, except as otherwise provided in this division; and the frequency of reporting monitoring results to the director and board of health. The rules shall require that, in the instance of closed sanitary landfills, explosive gas monitoring be conducted for the period of twenty years after closure or for such other period as the director considers necessary or appropriate. Such explosive gas monitoring shall be conducted quarterly during each of the

five years immediately following closure of the landfills and semiannually thereafter. If such semiannual sampling shows that the methane limits set in division (C) of this section are exceeded, sampling may be resumed at a frequency determined by the director.

(G) The director or the director's authorized representative may enter upon a solid waste disposal facility or a closed solid waste disposal facility to conduct an evaluation of the concentration of explosive gas generated at or migrating from the facility. The owner or operator of a solid waste disposal facility or closed solid waste disposal facility shall allow the director or representative to conduct such an evaluation of the facility, any structures within the boundary of the facility, and any occupied structures in close proximity to the boundary of the facility that are owned or controlled by the owner or operator.

(H) The remedy provided by division (D) of this section is cumulative and concurrent with any other remedy provided in this chapter or Chapter 3704. of the Revised Code, and the existence or exercise of one remedy does not prevent the exercise of any other.

Sec. 3734.05. (A)(1) Except as provided in divisions (A)~~(4)~~, ~~(8)~~, (6) and ~~(9)~~(7) of this section, no person shall operate or maintain a solid waste facility without a license issued under this division by the board of health of the health district in which the facility is located or by the director of environmental protection when the health district in which the facility is located is not on the approved list under section 3734.08 of the Revised Code.

During the month of December, but before the first day of January of the next year, every person proposing to continue to operate an existing solid waste facility shall procure a license under this division to operate the facility for that year from the board of health of the health district in which the facility is located or, if the health district is not on the approved list under section 3734.08 of the Revised Code, from the director. The application for such a license shall be submitted to the board of health or to the director, as appropriate, on or before the last day of September of the year preceding that for which the license is sought. In addition to the application fee prescribed in division (A)(2) of this section, a person who submits an application after that date shall pay an additional ten per cent of the amount of the application fee for each week that the application is late. Late payment fees accompanying an application submitted to the board of health shall be credited to the special fund of the health district created in division (B) of section 3734.06 of the Revised Code, and late payment fees accompanying an application submitted to the director shall be credited to

the general revenue fund. A person who has received a license, upon sale or disposition of a solid waste facility, and upon consent of the board of health and the director, may have the license transferred to another person. The board of health or the director may include such terms and conditions in a license or revision to a license as are appropriate to ensure compliance with this chapter and rules adopted under it. The terms and conditions may establish the authorized maximum daily waste receipts for the facility. Limitations on maximum daily waste receipts shall be specified in cubic yards of volume for the purpose of regulating the design, construction, and operation of solid waste facilities. Terms and conditions included in a license or revision to a license by a board of health shall be consistent with, and pertain only to the subjects addressed in, the rules adopted under division (A) of section 3734.02 and division (D) of section 3734.12 of the Revised Code.

(2)(a) Except as provided in divisions (A)(2)(b), ~~(8)(6)~~, and ~~(9)(7)~~ of this section, each person proposing to open a new solid waste facility or to modify an existing solid waste facility shall submit an application for a permit with accompanying detail plans and specifications to the environmental protection agency for required approval under the rules adopted by the director pursuant to division (A) of section 3734.02 of the Revised Code and applicable rules adopted under division (D) of section 3734.12 of the Revised Code at least two hundred seventy days before proposed operation of the facility and shall concurrently make application for the issuance of a license under division (A)(1) of this section with the board of health of the health district in which the proposed facility is to be located.

(b) On and after the effective date of the rules adopted under division (A) of section 3734.02 of the Revised Code and division (D) of section 3734.12 of the Revised Code governing solid waste transfer facilities, each person proposing to open a new solid waste transfer facility or to modify an existing solid waste transfer facility shall submit an application for a permit with accompanying engineering detail plans, specifications, and information regarding the facility and its method of operation to the environmental protection agency for required approval under those rules at least two hundred seventy days before commencing proposed operation of the facility and concurrently shall make application for the issuance of a license under division (A)(1) of this section with the board of health of the health district in which the facility is located or proposed.

(c) Each application for a permit under division (A)(2)(a) or (b) of this section shall be accompanied by a nonrefundable application fee of four

hundred dollars that shall be credited to the general revenue fund. Each application for an annual license under division (A)(1) or (2) of this section shall be accompanied by a nonrefundable application fee of one hundred dollars. If the application for an annual license is submitted to a board of health on the approved list under section 3734.08 of the Revised Code, the application fee shall be credited to the special fund of the health district created in division (B) of section 3734.06 of the Revised Code. If the application for an annual license is submitted to the director, the application fee shall be credited to the general revenue fund. If a permit or license is issued, the amount of the application fee paid shall be deducted from the amount of the permit fee due under division (Q) of section 3745.11 of the Revised Code or the amount of the license fee due under division (A)(1), (2), (3), (4), or (5) of section 3734.06 of the Revised Code.

(d) As used in divisions (A)(2)(d), (e), and (f) of this section, "modify" means any of the following:

(i) Any increase of more than ten per cent in the total capacity of a solid waste facility;

(ii) Any expansion of the limits of solid waste placement at a solid waste facility;

(iii) Any increase in the depth of excavation at a solid waste facility;

(iv) Any change in the technique of waste receipt or type of waste received at a solid waste facility that may endanger human health, as determined by the director by rules adopted in accordance with Chapter 119. of the Revised Code.

Not later than forty-five days after submitting an application under division (A)(2)(a) or (b) of this section for a permit to open a new or modify an existing solid waste facility, the applicant, in conjunction with an officer or employee of the environmental protection agency, shall hold a public meeting on the application within the county in which the new or modified solid waste facility is or is proposed to be located or within a contiguous county. Not less than thirty days before holding the public meeting on the application, the applicant shall publish notice of the meeting in each newspaper of general circulation that is published in the county in which the facility is or is proposed to be located. If no newspaper of general circulation is published in the county, the applicant shall publish the notice in a newspaper of general circulation in the county. The notice shall contain the date, time, and location of the public meeting and a general description of the proposed new or modified facility. Not later than five days after publishing the notice, the applicant shall send by certified mail a copy of the notice and the date the notice was published to the director and the

legislative authority of each municipal corporation, township, and county, and to the chief executive officer of each municipal corporation, in which the facility is or is proposed to be located. At the public meeting, the applicant shall provide information and describe the application and respond to comments or questions concerning the application, and the officer or employee of the agency shall describe the permit application process. At the public meeting, any person may submit written or oral comments on or objections to the application. Not more than thirty days after the public meeting, the applicant shall provide the director with a copy of a transcript of the full meeting, copies of any exhibits, displays, or other materials presented by the applicant at the meeting, and the original copy of any written comments submitted at the meeting.

(e) Except as provided in division (A)(2)(f) of this section, prior to taking an action, other than a proposed or final denial, upon an application submitted under division (A)(2)(a) of this section for a permit to open a new or modify an existing solid waste facility, the director shall hold a public information session and a public hearing on the application within the county in which the new or modified solid waste facility is or is proposed to be located or within a contiguous county. If the application is for a permit to open a new solid waste facility, the director shall hold the hearing not less than fourteen days after the information session. If the application is for a permit to modify an existing solid waste facility, the director may hold both the information session and the hearing on the same day unless any individual affected by the application requests in writing that the information session and the hearing not be held on the same day, in which case the director shall hold the hearing not less than fourteen days after the information session. The director shall publish notice of the public information session or public hearing not less than thirty days before holding the information session or hearing, as applicable. The notice shall be published in each newspaper of general circulation that is published in the county in which the facility is or is proposed to be located. If no newspaper of general circulation is published in the county, the director shall publish the notice in a newspaper of general circulation in the county. The notice shall contain the date, time, and location of the information session or hearing, as applicable, and a general description of the proposed new or modified facility. At the public information session, an officer or employee of the environmental protection agency shall describe the status of the permit application and be available to respond to comments or questions concerning the application. At the public hearing, any person may submit written or oral comments on or objections to the approval of the application.

The applicant, or a representative of the applicant who has knowledge of the location, construction, and operation of the facility, shall attend the information session and public hearing to respond to comments or questions concerning the facility directed to the applicant or representative by the officer or employee of the environmental protection agency presiding at the information session and hearing.

(f) The solid waste management policy committee of a county or joint solid waste management district may adopt a resolution requesting expeditious consideration of a specific application submitted under division (A)(2)(a) of this section for a permit to modify an existing solid waste facility within the district. The resolution shall make the finding that expedited consideration of the application without the public information session and public hearing under division (A)(2)(e) of this section is in the public interest and will not endanger human health, as determined by the director by rules adopted in accordance with Chapter 119. of the Revised Code. Upon receiving such a resolution, the director, at the director's discretion, may issue a final action upon the application without holding a public information session or public hearing pursuant to division (A)(2)(e) of this section.

~~(3) Except as provided in division (A)(10) of this section, and unless the owner or operator of any solid waste facility, other than a solid waste transfer facility or a compost facility that accepts exclusively source separated yard wastes, that commenced operation on or before July 1, 1968, has obtained an exemption from the requirements of division (A)(3) of this section in accordance with division (G) of section 3734.02 of the Revised Code, the owner or operator shall submit to the director an application for a permit with accompanying engineering detail plans, specifications, and information regarding the facility and its method of operation for approval under rules adopted under division (A) of section 3734.02 of the Revised Code and applicable rules adopted under division (D) of section 3734.12 of the Revised Code in accordance with the following schedule:~~

~~(a) Not later than September 24, 1988, if the facility is located in the city of Garfield Heights or Parma in Cuyahoga county;~~

~~(b) Not later than December 24, 1988, if the facility is located in Delaware, Greene, Guernsey, Hamilton, Madison, Mahoning, Ottawa, or Vinton county;~~

~~(c) Not later than March 24, 1989, if the facility is located in Champaign, Clinton, Columbiana, Huron, Paulding, Stark, or Washington county, or is located in the city of Brooklyn or Cuyahoga Heights in Cuyahoga county;~~

~~(d) Not later than June 24, 1989, if the facility is located in Adams, Auglaize, Coshocton, Darke, Harrison, Lorain, Lucas, or Summit county or is located in Cuyahoga county outside the cities of Garfield Heights, Parma, Brooklyn, and Cuyahoga Heights;~~

~~(e) Not later than September 24, 1989, if the facility is located in Butler, Carroll, Erie, Lake, Portage, Putnam, or Ross county;~~

~~(f) Not later than December 24, 1989, if the facility is located in a county not listed in divisions (A)(3)(a) to (e) of this section;~~

~~(g) Notwithstanding divisions (A)(3)(a) to (f) of this section, not later than December 31, 1990, if the facility is a solid waste facility owned by a generator of solid wastes when the solid waste facility exclusively disposes of solid wastes generated at one or more premises owned by the generator regardless of whether the facility is located on a premises where the wastes are generated and if the facility disposes of more than one hundred thousand tons of solid wastes per year, provided that any such facility shall be subject to division (A)(5) of this section.~~

~~(4) Except as provided in divisions (A)(8), (9), and (10) of this section, unless the owner or operator of any solid waste facility for which a permit was issued after July 1, 1968, but before January 1, 1980, has obtained an exemption from the requirements of division (A)(4) of this section under division (G) of section 3734.02 of the Revised Code, the owner or operator shall submit to the director an application for a permit with accompanying engineering detail plans, specifications, and information regarding the facility and its method of operation for approval under those rules.~~

~~(5) The director may issue an order in accordance with Chapter 3745. of the Revised Code to the owner or operator of a solid waste facility requiring the person to submit to the director updated engineering detail plans, specifications, and information regarding the facility and its method of operation for approval under rules adopted under division (A) of section 3734.02 of the Revised Code and applicable rules adopted under division (D) of section 3734.12 of the Revised Code if, in the director's judgment, conditions at the facility constitute a substantial threat to public health or safety or are causing or contributing to or threatening to cause or contribute to air or water pollution or soil contamination. Any person who receives such an order shall submit the updated engineering detail plans, specifications, and information to the director within one hundred eighty days after the effective date of the order.~~

~~(6)(4) The director shall act upon an application submitted under division (A)(3) or (4) of this section and any updated engineering plans, specifications, and information submitted under division (A)(5)(3) of this~~

section within one hundred eighty days after receiving them. If the director ~~denies any such permit application, the~~ issues an order denying the application or disapproving the plans, specifications, and information submitted under division (A)(3) of this section, the order shall include all of the following requirements that:

(a) That the owner or operator submit a plan for closure and post-closure care of the facility to the director for approval within six months after issuance of the order;

(b) That the owner or operator cease accepting solid wastes for disposal or transfer at the facility; and

(c) The owner or operator commence closure of the facility not later than one year after issuance of the order. If

If the director determines that closure of the facility within that one-year period would result in the unavailability of sufficient solid waste management facility capacity within the county or joint solid waste management district in which the facility is located to dispose of or transfer the solid waste generated within the district, the director in the order of ~~denial or~~ disapproval may postpone commencement of closure of the facility for such period of time as the director finds necessary for the board of county commissioners or directors of the district to secure access to or for there to be constructed within the district sufficient solid waste management facility capacity to meet the needs of the district, provided that the director shall certify in the director's order that postponing the date for commencement of closure will not endanger ground water or any property surrounding the facility, allow methane gas migration to occur, or cause or contribute to any other type of environmental damage.

If an emergency need for disposal capacity that may affect public health and safety exists as a result of closure of a facility under division (A)(~~6~~)(4) of this section, the director may issue an order designating another solid waste facility to accept the wastes that would have been disposed of at the facility to be closed.

(~~7~~)(5) If the director determines that standards more stringent than those applicable in rules adopted under division (A) of section 3734.02 of the Revised Code and division (D) of section 3734.12 of the Revised Code, or standards pertaining to subjects not specifically addressed by those rules, are necessary to ensure that a solid waste facility constructed at the proposed location will not cause a nuisance, cause or contribute to water pollution, or endanger public health or safety, the director may issue a permit for the facility with such terms and conditions as the director finds necessary to protect public health and safety and the environment. If a permit is issued,

the director shall state in the order issuing it the specific findings supporting each such term or condition.

~~(8)(6)~~ Divisions (A)(1); and (2)(a); ~~(3), and (4)~~ of this section do not apply to a solid waste compost facility that accepts exclusively source separated yard wastes and that is registered under division (C) of section 3734.02 of the Revised Code or, unless otherwise provided in rules adopted under division (N)(3) of section 3734.02 of the Revised Code, to a solid waste compost facility if the director has adopted rules establishing an alternative system for authorizing the establishment, operation, or modification of a solid waste compost facility under that division.

~~(9)(7)~~ Divisions (A)(1) to ~~(7)(5)~~ of this section do not apply to scrap tire collection, storage, monocell, monofill, and recovery facilities. The approval of plans and specifications, as applicable, and the issuance of registration certificates, permits, and licenses for those facilities are subject to sections 3734.75 to 3734.78 of the Revised Code, as applicable, and section 3734.81 of the Revised Code.

~~(10) Divisions (A)(3) and (4) of this section do not apply to a solid waste incinerator that was placed into operation on or before October 12, 1994, and that is not authorized to accept and treat infectious wastes pursuant to division (B) of this section.~~

(B)(1) No person shall operate or maintain an infectious waste treatment facility without a license issued by the board of health of the health district in which the facility is located or by the director when the health district in which the facility is located is not on the approved list under section 3734.08 of the Revised Code.

(2)(a) During the month of December, but before the first day of January of the next year, every person proposing to continue to operate an existing infectious waste treatment facility shall procure a license to operate the facility for that year from the board of health of the health district in which the facility is located or, if the health district is not on the approved list under section 3734.08 of the Revised Code, from the director. The application for such a license shall be submitted to the board of health or to the director, as appropriate, on or before the last day of September of the year preceding that for which the license is sought. In addition to the application fee prescribed in division (B)(2)(c) of this section, a person who submits an application after that date shall pay an additional ten per cent of the amount of the application fee for each week that the application is late. Late payment fees accompanying an application submitted to the board of health shall be credited to the special infectious waste fund of the health district created in division (C) of section 3734.06 of the Revised Code, and

late payment fees accompanying an application submitted to the director shall be credited to the general revenue fund. A person who has received a license, upon sale or disposition of an infectious waste treatment facility and upon consent of the board of health and the director, may have the license transferred to another person. The board of health or the director may include such terms and conditions in a license or revision to a license as are appropriate to ensure compliance with the infectious waste provisions of this chapter and rules adopted under them.

(b) Each person proposing to open a new infectious waste treatment facility or to modify an existing infectious waste treatment facility shall submit an application for a permit with accompanying detail plans and specifications to the environmental protection agency for required approval under the rules adopted by the director pursuant to section 3734.021 of the Revised Code two hundred seventy days before proposed operation of the facility and concurrently shall make application for a license with the board of health of the health district in which the facility is or is proposed to be located. Not later than ninety days after receiving a complete application under division (B)(2)(b) of this section for a permit to open a new infectious waste treatment facility or modify an existing infectious waste treatment facility to expand its treatment capacity, or receiving a complete application under division (A)(2)(a) of this section for a permit to open a new solid waste incineration facility, or modify an existing solid waste incineration facility to also treat infectious wastes or to increase its infectious waste treatment capacity, that pertains to a facility for which a notation authorizing infectious waste treatment is included or proposed to be included in the solid waste incineration facility's license pursuant to division (B)(3) of this section, the director shall hold a public hearing on the application within the county in which the new or modified infectious waste or solid waste facility is or is proposed to be located or within a contiguous county. Not less than thirty days before holding the public hearing on the application, the director shall publish notice of the hearing in each newspaper that has general circulation and that is published in the county in which the facility is or is proposed to be located. If there is no newspaper that has general circulation and that is published in the county, the director shall publish the notice in a newspaper of general circulation in the county. The notice shall contain the date, time, and location of the public hearing and a general description of the proposed new or modified facility. At the public hearing, any person may submit written or oral comments on or objections to the approval or disapproval of the application. The applicant, or a representative of the applicant who has knowledge of the location, construction, and operation of

the facility, shall attend the public hearing to respond to comments or questions concerning the facility directed to the applicant or representative by the officer or employee of the environmental protection agency presiding at the hearing.

(c) Each application for a permit under division (B)(2)(b) of this section shall be accompanied by a nonrefundable application fee of four hundred dollars that shall be credited to the general revenue fund. Each application for an annual license under division (B)(2)(a) of this section shall be accompanied by a nonrefundable application fee of one hundred dollars. If the application for an annual license is submitted to a board of health on the approved list under section 3734.08 of the Revised Code, the application fee shall be credited to the special infectious waste fund of the health district created in division (C) of section 3734.06 of the Revised Code. If the application for an annual license is submitted to the director, the application fee shall be credited to the general revenue fund. If a permit or license is issued, the amount of the application fee paid shall be deducted from the amount of the permit fee due under division (Q) of section 3745.11 of the Revised Code or the amount of the license fee due under division (C) of section 3734.06 of the Revised Code.

(d) The director may issue an order in accordance with Chapter 3745. of the Revised Code to the owner or operator of an infectious waste treatment facility requiring the person to submit to the director updated engineering detail plans, specifications, and information regarding the facility and its method of operation for approval under rules adopted under section 3734.021 of the Revised Code if, in the director's judgment, conditions at the facility constitute a substantial threat to public health or safety or are causing or contributing to or threatening to cause or contribute to air or water pollution or soil contamination. Any person who receives such an order shall submit the updated engineering detail plans, specifications, and information to the director within one hundred eighty days after the effective date of the order.

(e) The director shall act on any updated engineering plans, specifications, and information submitted under division (B)(2)(d) of this section within one hundred eighty days after receiving them. If the director disapproves any such updated engineering plans, specifications, and information, the director shall include in the order disapproving the plans the requirement that the owner or operator cease accepting infectious wastes for treatment at the facility.

(3) Division (B) of this section does not apply to a generator of infectious wastes that meets any of the following conditions:

(a) Treats, by methods, techniques, and practices established by rules adopted under division (B)(2)(a) of section 3734.021 of the Revised Code, any of the following wastes:

(i) Infectious wastes that are generated on any premises that are owned or operated by the generator;

(ii) Infectious wastes that are generated by a generator who has staff privileges at a hospital as defined in section 3727.01 of the Revised Code;

(iii) Infectious wastes that are generated in providing care to a patient by an emergency medical services organization as defined in section 4765.01 of the Revised Code.

(b) Holds a license or renewal of a license to operate a crematory facility issued under Chapter 4717. and a permit issued under Chapter 3704. of the Revised Code;

(c) Treats or disposes of dead animals or parts thereof, or the blood of animals, and is subject to any of the following:

(i) Inspection under the "Federal Meat Inspection Act," 81 Stat. 584 (1967), 21 U.S.C.A. 603, as amended;

(ii) Chapter 918. of the Revised Code;

(iii) Chapter 953. of the Revised Code.

Nothing in division (B) of this section requires a facility that holds a license issued under division (A) of this section as a solid waste facility and that also treats infectious wastes by the same method, technique, or process to obtain a license under division (B) of this section as an infectious waste treatment facility. However, the solid waste facility license for the facility shall include the notation that the facility also treats infectious wastes.

The director shall not issue a permit to open a new solid waste incineration facility unless the proposed facility complies with the requirements for the location of new infectious waste incineration facilities established in rules adopted under division (B)(2)(b) of section 3734.021 of the Revised Code.

(C) Except for a facility or activity described in division (E)(3) of section 3734.02 of the Revised Code, a person who proposes to establish or operate a hazardous waste facility shall submit a complete application for a hazardous waste facility installation and operation permit and accompanying detail plans, specifications, and such information as the director may require to the environmental protection agency at least one hundred eighty days before the proposed beginning of operation of the facility. The applicant shall notify by certified mail the legislative authority of each municipal corporation, township, and county in which the facility is proposed to be located of the submission of the application within ten days after the

submission or at such earlier time as the director may establish by rule. If the application is for a proposed new hazardous waste disposal or thermal treatment facility, the applicant also shall give actual notice of the general design and purpose of the facility to the legislative authority of each municipal corporation, township, and county in which the facility is proposed to be located at least ninety days before the permit application is submitted to the environmental protection agency.

In accordance with rules adopted under section 3734.12 of the Revised Code, prior to the submission of a complete application for a hazardous waste facility installation and operation permit, the applicant shall hold at least one meeting in the township or municipal corporation in which the facility is proposed to be located, whichever is geographically closer to the proposed location of the facility. The meeting shall be open to the public and shall be held to inform the community of the proposed hazardous waste management activities and to solicit questions from the community concerning the activities.

(D)(1) Except as provided in section 3734.123 of the Revised Code, upon receipt of a complete application for a hazardous waste facility installation and operation permit under division (C) of this section, the director shall consider the application and accompanying information to determine whether the application complies with agency rules and the requirements of division (D)(2) of this section. After making a determination, the director shall issue either a draft permit or a notice of intent to deny the permit. The director, in accordance with rules adopted under section 3734.12 of the Revised Code or with rules adopted to implement Chapter 3745. of the Revised Code, shall provide public notice of the application and the draft permit or the notice of intent to deny the permit, provide an opportunity for public comments, and, if significant interest is shown, schedule a public meeting in the county in which the facility is proposed to be located and give public notice of the date, time, and location of the public meeting in a newspaper of general circulation in that county.

(2) The director shall not approve an application for a hazardous waste facility installation and operation permit or an application for a modification under division (I)(3) of this section unless the director finds and determines as follows:

(a) The nature and volume of the waste to be treated, stored, or disposed of at the facility;

(b) That the facility complies with the director's hazardous waste standards adopted pursuant to section 3734.12 of the Revised Code;

(c) That the facility represents the minimum adverse environmental impact, considering the state of available technology and the nature and economics of various alternatives, and other pertinent considerations;

(d) That the facility represents the minimum risk of all of the following:

(i) Fires or explosions from treatment, storage, or disposal methods;

(ii) Release of hazardous waste during transportation of hazardous waste to or from the facility;

(iii) Adverse impact on the public health and safety.

(e) That the facility will comply with this chapter and Chapters 3704. and 6111. of the Revised Code and all rules and standards adopted under them;

(f) That if the owner of the facility, the operator of the facility, or any other person in a position with the facility from which the person may influence the installation and operation of the facility has been involved in any prior activity involving transportation, treatment, storage, or disposal of hazardous waste, that person has a history of compliance with this chapter and Chapters 3704. and 6111. of the Revised Code and all rules and standards adopted under them, the "Resource Conservation and Recovery Act of 1976," 90 Stat. 2806, 42 U.S.C.A. 6921, as amended, and all regulations adopted under it, and similar laws and rules of other states if any such prior operation was located in another state that demonstrates sufficient reliability, expertise, and competency to operate a hazardous waste facility under the applicable provisions of this chapter and Chapters 3704. and 6111. of the Revised Code, the applicable rules and standards adopted under them, and terms and conditions of a hazardous waste facility installation and operation permit, given the potential for harm to the public health and safety and the environment that could result from the irresponsible operation of the facility. For off-site facilities, as defined in section 3734.41 of the Revised Code, the director may use the investigative reports of the attorney general prepared pursuant to section 3734.42 of the Revised Code as a basis for making a finding and determination under division (D)(2)(f) of this section.

(g) That the active areas within a new hazardous waste facility where acute hazardous waste as listed in 40 C.F.R. 261.33 (e), as amended, or organic waste that is toxic and is listed under 40 C.F.R. 261, as amended, is being stored, treated, or disposed of and where the aggregate of the storage design capacity and the disposal design capacity of all hazardous waste in those areas is greater than two hundred fifty thousand gallons, are not located or operated within any of the following:

(i) Two thousand feet of any residence, school, hospital, jail, or prison;

(ii) Any naturally occurring wetland;

(iii) Any flood hazard area if the applicant cannot show that the facility will be designed, constructed, operated, and maintained to prevent washout by a one-hundred-year flood.

Division (D)(2)(g) of this section does not apply to the facility of any applicant who demonstrates to the director that the limitations specified in that division are not necessary because of the nature or volume of the waste and the manner of management applied, the facility will impose no substantial danger to the health and safety of persons occupying the structures listed in division (D)(2)(g)(i) of this section, and the facility is to be located or operated in an area where the proposed hazardous waste activities will not be incompatible with existing land uses in the area.

(h) That the facility will not be located within the boundaries of a state park established or dedicated under Chapter 1546. of the Revised Code, a state park purchase area established under section 1546.06 of the Revised Code, any unit of the national park system, or any property that lies within the boundaries of a national park or recreation area, but that has not been acquired or is not administered by the secretary of the United States department of the interior, located in this state, or any candidate area located in this state identified for potential inclusion in the national park system in the edition of the "national park system plan" submitted under paragraph (b) of section 8 of "The Act of August 18, 1970," 84 Stat. 825, 16 U.S.C.A. 1a-5, as amended, current at the time of filing of the application for the permit, unless the facility will be used exclusively for the storage of hazardous waste generated within the park or recreation area in conjunction with the operation of the park or recreation area. Division (D)(2)(h) of this section does not apply to the facility of any applicant for modification of a permit unless the modification application proposes to increase the land area included in the facility or to increase the quantity of hazardous waste that will be treated, stored, or disposed of at the facility.

(3) Not later than one hundred eighty days after the end of the public comment period, the director, without prior hearing, shall issue or deny the permit in accordance with Chapter 3745. of the Revised Code. If the director approves an application for a hazardous waste facility installation and operation permit, the director shall issue the permit, upon such terms and conditions as the director finds are necessary to ensure the construction and operation of the hazardous waste facility in accordance with the standards of this section.

(E) No political subdivision of this state shall require any additional zoning or other approval, consent, permit, certificate, or condition for the construction or operation of a hazardous waste facility authorized by a

hazardous waste facility installation and operation permit issued pursuant to this chapter, nor shall any political subdivision adopt or enforce any law, ordinance, or rule that in any way alters, impairs, or limits the authority granted in the permit.

(F) The director may issue a single hazardous waste facility installation and operation permit to a person who operates two or more adjoining facilities where hazardous waste is stored, treated, or disposed of if the application includes detail plans, specifications, and information on all facilities. For the purposes of this section, "adjoining" means sharing a common boundary, separated only by a public road, or in such proximity that the director determines that the issuance of a single permit will not create a hazard to the public health or safety or the environment.

(G) No person shall falsify or fail to keep or submit any plans, specifications, data, reports, records, manifests, or other information required to be kept or submitted to the director by this chapter or the rules adopted under it.

(H)(1) Each person who holds an installation and operation permit issued under this section and who wishes to obtain a permit renewal shall submit a completed application for an installation and operation permit renewal and any necessary accompanying general plans, detail plans, specifications, and such information as the director may require to the director no later than one hundred eighty days prior to the expiration date of the existing permit or upon a later date prior to the expiration of the existing permit if the permittee can demonstrate good cause for the late submittal. The director shall consider the application and accompanying information, inspection reports of the facility, results of performance tests, a report regarding the facility's compliance or noncompliance with the terms and conditions of its permit and rules adopted by the director under this chapter, and such other information as is relevant to the operation of the facility and shall issue a draft renewal permit or a notice of intent to deny the renewal permit. The director, in accordance with rules adopted under this section or with rules adopted to implement Chapter 3745. of the Revised Code, shall give public notice of the application and draft renewal permit or notice of intent to deny the renewal permit, provide for the opportunity for public comments within a specified time period, schedule a public meeting in the county in which the facility is located if significant interest is shown, and give public notice of the public meeting.

(2) Within sixty days after the public meeting or close of the public comment period, the director, without prior hearing, shall issue or deny the renewal permit in accordance with Chapter 3745. of the Revised Code. The

director shall not issue a renewal permit unless the director determines that the facility under the existing permit has a history of compliance with this chapter, rules adopted under it, the existing permit, or orders entered to enforce such requirements that demonstrates sufficient reliability, expertise, and competency to operate the facility henceforth under this chapter, rules adopted under it, and the renewal permit. If the director approves an application for a renewal permit, the director shall issue the permit subject to the payment of the annual permit fee required under division (E) of section 3734.02 of the Revised Code and upon such terms and conditions as the director finds are reasonable to ensure that continued operation, maintenance, closure, and post-closure care of the hazardous waste facility are in accordance with the rules adopted under section 3734.12 of the Revised Code.

(3) An installation and operation permit renewal application submitted to the director that also contains or would constitute an application for a modification shall be acted upon by the director in accordance with division (I) of this section in the same manner as an application for a modification. In approving or disapproving the renewal portion of a permit renewal application containing an application for a modification, the director shall apply the criteria established under division (H)(2) of this section.

(4) An application for renewal or modification of a permit that does not contain an application for a modification as described in divisions (I)(3)(a) to (d) of this section shall not be subject to division (D)(2) of this section.

(I)(1) As used in this section, "modification" means a change or alteration to a hazardous waste facility or its operations that is inconsistent with or not authorized by its existing permit or authorization to operate. Modifications shall be classified as Class 1, 2, or 3 modifications in accordance with rules adopted under division (K) of this section. Modifications classified as Class 3 modifications, in accordance with rules adopted under that division, shall be further classified by the director as either Class 3 modifications that are to be approved or disapproved by the director under divisions (I)(3)(a) to (d) of this section or as Class 3 modifications that are to be approved or disapproved by the director under division (I)(5) of this section. Not later than thirty days after receiving a request for a modification under division (I)(4) of this section that is not listed in Appendix I to 40 C.F.R. 270.42 or in rules adopted under division (K) of this section, the director shall classify the modification and shall notify the owner or operator of the facility requesting the modification of the classification. Notwithstanding any other law to the contrary, a modification that involves the transfer of a hazardous waste facility installation and

operation permit to a new owner or operator for any off-site facility as defined in section 3734.41 of the Revised Code shall be classified as a Class 3 modification. The transfer of a hazardous waste facility installation and operation permit to a new owner or operator for a facility that is not an off-site facility shall be classified as a Class 1 modification requiring prior approval of the director.

(2) Except as provided in section 3734.123 of the Revised Code, a hazardous waste facility installation and operation permit may be modified at the request of the director or upon the written request of the permittee only if any of the following applies:

(a) The permittee desires to accomplish alterations, additions, or deletions to the permitted facility or to undertake alterations, additions, deletions, or activities that are inconsistent with or not authorized by the existing permit;

(b) New information or data justify permit conditions in addition to or different from those in the existing permit;

(c) The standards, criteria, or rules upon which the existing permit is based have been changed by new, amended, or rescinded standards, criteria, or rules, or by judicial decision after the existing permit was issued, and the change justifies permit conditions in addition to or different from those in the existing permit;

(d) The permittee proposes to transfer the permit to another person.

(3) The director shall approve or disapprove an application for a modification in accordance with division (D)(2) of this section and rules adopted under division (K) of this section for all of the following categories of Class 3 modifications:

(a) Authority to conduct treatment, storage, or disposal at a site, location, or tract of land that has not been authorized for the proposed category of treatment, storage, or disposal activity by the facility's permit;

(b) Modification or addition of a hazardous waste management unit, as defined in rules adopted under section 3734.12 of the Revised Code, that results in an increase in a facility's storage capacity of more than twenty-five per cent over the capacity authorized by the facility's permit, an increase in a facility's treatment rate of more than twenty-five per cent over the rate so authorized, or an increase in a facility's disposal capacity over the capacity so authorized. The authorized disposal capacity for a facility shall be calculated from the approved design plans for the disposal units at that facility. In no case during a five-year period shall a facility's storage capacity or treatment rate be modified to increase by more than twenty-five per cent in the aggregate without the director's approval in accordance with

division (D)(2) of this section. Notwithstanding any provision of division (I) of this section to the contrary, a request for modification of a facility's annual total waste receipt limit shall be classified and approved or disapproved by the director under division (I)(5) of this section.

(c) Authority to add any of the following categories of regulated activities not previously authorized at a facility by the facility's permit: storage at a facility not previously authorized to store hazardous waste, treatment at a facility not previously authorized to treat hazardous waste, or disposal at a facility not previously authorized to dispose of hazardous waste; or authority to add a category of hazardous waste management unit not previously authorized at the facility by the facility's permit. Notwithstanding any provision of division (I) of this section to the contrary, a request for authority to add or to modify an activity or a hazardous waste management unit for the purposes of performing a corrective action shall be classified and approved or disapproved by the director under division (I)(5) of this section.

(d) Authority to treat, store, or dispose of waste types listed or characterized as reactive or explosive, in rules adopted under section 3734.12 of the Revised Code, or any acute hazardous waste listed in 40 C.F.R. 261.33(e), as amended, at a facility not previously authorized to treat, store, or dispose of those types of wastes by the facility's permit unless the requested authority is limited to wastes that no longer exhibit characteristics meeting the criteria for listing or characterization as reactive or explosive wastes, or for listing as acute hazardous waste, but still are required to carry those waste codes as established in rules adopted under section 3734.12 of the Revised Code because of the requirements established in 40 C.F.R. 261(a) and (e), as amended, that is, the "mixture," "derived-from," or "contained-in" regulations.

(4) A written request for a modification from the permittee shall be submitted to the director and shall contain such information as is necessary to support the request. Requests for modifications shall be acted upon by the director in accordance with this section and rules adopted under it.

(5) Class 1 modification applications that require prior approval of the director, as provided in division (I)(1) of this section or as determined in accordance with rules adopted under division (K) of this section, Class 2 modification applications, and Class 3 modification applications that are not described in divisions (I)(3)(a) to (d) of this section shall be approved or disapproved by the director in accordance with rules adopted under division (K) of this section. The board of county commissioners of the county, the board of township trustees of the township, and the city manager or mayor

of the municipal corporation in which a hazardous waste facility is located shall receive notification of any application for a modification for that facility and shall be considered as interested persons with respect to the director's consideration of the application.

As used in division (I) of this section:

(a) "Owner" means the person who owns a majority or controlling interest in a facility.

(b) "Operator" means the person who is responsible for the overall operation of a facility.

The director shall approve or disapprove an application for a Class 1 modification that requires the director's approval within sixty days after receiving the request for modification. The director shall approve or disapprove an application for a Class 2 modification within three hundred days after receiving the request for modification. The director shall approve or disapprove an application for a Class 3 modification within three hundred sixty-five days after receiving the request for modification.

(6) The approval or disapproval by the director of a Class 1 modification application is not a final action that is appealable under Chapter 3745. of the Revised Code. The approval or disapproval by the director of a Class 2 modification or a Class 3 modification is a final action that is appealable under that chapter. In approving or disapproving a request for a modification, the director shall consider all comments pertaining to the request that are received during the public comment period and the public meetings. The administrative record for appeal of a final action by the director in approving or disapproving a request for a modification shall include all comments received during the public comment period relating to the request for modification, written materials submitted at the public meetings relating to the request, and any other documents related to the director's action.

(7) Notwithstanding any other provision of law to the contrary, a change or alteration to a hazardous waste facility described in division (E)(3)(a) or (b) of section 3734.02 of the Revised Code, or its operations, is a modification for the purposes of this section. An application for a modification at such a facility shall be submitted, classified, and approved or disapproved in accordance with divisions (I)(1) to (6) of this section in the same manner as a modification to a hazardous waste facility installation and operation permit.

(J)(1) Except as provided in division (J)(2) of this section, an owner or operator of a hazardous waste facility that is operating in accordance with a permit by rule under rules adopted by the director under division (E)(3)(b)

of section 3734.02 of the Revised Code shall submit either a hazardous waste facility installation and operation permit application for the facility or a modification application, whichever is required under division (J)(1)(a) or (b) of this section, within one hundred eighty days after the director has requested the application or upon a later date if the owner or operator demonstrates to the director good cause for the late submittal.

(a) If the owner or operator does not have a hazardous waste facility installation and operation permit for any hazardous waste treatment, storage, or disposal activities at the facility, the owner or operator shall submit an application for such a permit to the director for the activities authorized by the permit by rule. Notwithstanding any other provision of law to the contrary, the director shall approve or disapprove the application for the permit in accordance with the procedures governing the approval or disapproval of permit renewals under division (H) of this section.

(b) If the owner or operator has a hazardous waste facility installation and operation permit for hazardous waste treatment, storage, or disposal activities at the facility other than those authorized by the permit by rule, the owner or operator shall submit to the director a request for modification in accordance with division (I) of this section. Notwithstanding any other provision of law to the contrary, the director shall approve or disapprove the modification application in accordance with division (I)(5) of this section.

(2) The owner or operator of a boiler or industrial furnace that is conducting thermal treatment activities in accordance with a permit by rule under rules adopted by the director under division (E)(3)(b) of section 3734.02 of the Revised Code shall submit a hazardous waste facility installation and operation permit application if the owner or operator does not have such a permit for any hazardous waste treatment, storage, or disposal activities at the facility or, if the owner or operator has such a permit for hazardous waste treatment, storage, or disposal activities at the facility other than thermal treatment activities authorized by the permit by rule, a modification application to add those activities authorized by the permit by rule, whichever is applicable, within one hundred eighty days after the director has requested the submission of the application or upon a later date if the owner or operator demonstrates to the director good cause for the late submittal. The application shall be accompanied by information necessary to support the request. The director shall approve or disapprove an application for a hazardous waste facility installation and operation permit in accordance with division (D) of this section and approve or disapprove an application for a modification in accordance with division (I)(3) of this section, except that the director shall not disapprove an application for the

thermal treatment activities on the basis of the criteria set forth in division (D)(2)(g) or (h) of this section.

(3) As used in division (J) of this section:

(a) "Modification application" means a request for a modification submitted in accordance with division (I) of this section.

(b) "Thermal treatment," "boiler," and "industrial furnace" have the same meanings as in rules adopted under section 3734.12 of the Revised Code.

(K) The director shall adopt, and may amend, suspend, or rescind, rules in accordance with Chapter 119. of the Revised Code in order to implement divisions (H) and (I) of this section. Except when in actual conflict with this section, rules governing the classification of and procedures for the modification of hazardous waste facility installation and operation permits shall be substantively and procedurally identical to the regulations governing hazardous waste facility permitting and permit modifications adopted under the "Resource Conservation and Recovery Act of 1976," 90 Stat. 2806, 42 U.S.C.A. 6921, as amended.

Sec. 3734.06. (A)(1) Except as provided in divisions (A)(2), (3), (4), and (5) of this section and in section 3734.82 of the Revised Code, the annual fee for a solid waste facility license shall be in accordance with the following schedule:

The authorized maximum daily waste receipt set forth in any such document shall be stated in terms of cubic yards of volume for the purpose of regulating the design, construction, and operation of a solid waste facility. For the purpose of determining applicable license fees under this section, the authorized maximum daily waste receipt so stated shall be converted from cubic yards to tons as the unit of measurement based upon a conversion factor of three cubic yards per ton for compacted wastes generally and one cubic yard per ton for baled wastes.

(2) The annual license fee for a facility that is an incinerator facility is one-half the amount shown in division (A)(1) of this section. When a municipal corporation, county, or township owns and operates more than one incinerator within its boundaries, the municipal corporation, county, or township shall pay one fee for the licenses for all of its incinerators. (b) The facility exclusively disposes of wastes that are generated from the combustion of coal, or from the combustion of primarily coal in combination with scrap tires, that is not combined in any way with garbage at one or more premises owned by the generator.

(5) The annual license fee for a facility that is a transfer facility is seven hundred fifty dollars.

(6) The same fees shall apply to private operators and to the state and its political subdivisions and shall be paid within thirty days after issuance of a license. The fee includes the cost of licensing, all inspections, and other costs associated with the administration of the solid waste provisions of this chapter and rules adopted under them, excluding the provisions governing scrap tires. Each such license shall specify that it is conditioned upon payment of the applicable fee to the board of health or the director, as appropriate, within thirty days after issuance of the license.

(4) The board of health shall retain two thousand five hundred dollars of each license fee collected by the board under divisions (C)(1) and (2) of this section. The moneys retained shall be paid into a special infectious waste fund, which is hereby created in each health district, and used solely to administer and enforce the infectious waste provisions of this chapter and the rules adopted under them. The remainder of each license fee collected by the board shall be transmitted to the director within forty-five days after receipt of the fee. The director shall transmit these moneys to the treasurer of state to be credited to the general revenue fund.

Sec. 3734.15. (A) No person shall transport hazardous waste anywhere in this state unless the person has first ~~registered~~ filed an annual registration statement with, and ~~obtained a uniform permit from the public utilities commission~~ paid an annual registration fee to, the United States department of transportation in accordance with Chapter 4921. of the Revised Code 49 C.F.R. 107.601 to 107.620.

(B) A registered transporter of hazardous waste shall be responsible for the safe delivery of any hazardous waste that the registered transporter transports from such time as the registered transporter obtains the waste until the registered transporter delivers it to a treatment, storage, or disposal facility specified in division (F) of section 3734.02 of the Revised Code, as recorded on the manifest required in division (B) of section 3734.12 of the Revised Code. Any registered transporter who violates this chapter or any rule adopted under the chapter while transporting hazardous waste shall be liable for any damage or injury caused by the violation and for the costs of rectifying the violation and conditions caused by the violation.

(C) No person who generates hazardous waste shall cause the waste to be transported by any person who is not a registered transporter. No person shall accept for treatment, storage, or disposal any hazardous waste from an unregistered transporter. Any person who is requested to accept such waste for treatment, storage, or disposal shall notify the director, the board of health in the person's location, and the public utilities commission of the request.

If a generator causes an unregistered transporter to transport the hazardous waste, the generator of the waste, the transporter, and any person who accepts the waste for treatment, storage, or disposal shall be jointly and severally liable for any damage or injury caused by the handling of the waste and for the costs of rectifying their violation and conditions caused by their violation.

Sec. 3734.31. In preparing this report, the attorney general may request and receive criminal history information from the federal bureau of investigation and any other law enforcement agency or organization. The attorney general may provide such confidentiality regarding the information received from a law enforcement agency as may be imposed by that agency as a condition for providing that information to the attorney general.

(4) The review of the application by the director shall include a review of the disclosure statement and investigative report.

(B) All applicants and permittees shall provide any assistance or information requested by the director or the attorney general and shall cooperate in any inquiry or investigation conducted by the attorney general and any inquiry, investigation, or hearing conducted by the director. If, upon issuance of a formal request to answer any inquiry or produce information, evidence, or testimony, any applicant or permittee, any officer, director, or partner of any business concern, or any key employee of the applicant or permittee refuses to comply, the permit of the applicant or permittee may be denied or revoked by the director.

(C) The attorney general may charge and collect such fees from applicants and permittees as are necessary to cover the costs of administering and enforcing the investigative procedures authorized in sections 3734.41 to 3734.47 of the Revised Code. The attorney general shall transmit moneys collected under this division to the treasurer of state to be credited to the solid and hazardous waste background investigations fund, which is hereby created in the state treasury. Moneys in the fund shall be used solely for paying the attorney general's costs of administering and enforcing the investigative procedures authorized in sections 3734.41 to 3734.47 of the Revised Code.

(D) An appropriate applicant, a permittee, or a prospective owner shall submit to the attorney general, on a form provided by the attorney general, the following information within the periods specified:

(1) Information required to be included in the disclosure statement for any new officer, director, partner, or key employee, to be submitted within ninety days from the addition of the officer, director, partner, or key employee;

(2) Information required to be included in a disclosure statement regarding the addition of any new business concern to be submitted within ninety days from the addition of the new business concern.

(E)(1) The attorney general shall enter in the database established under section 109.5721 of the Revised Code the name, the fingerprints, and other relevant information concerning each officer, director, partner, or key employee of an applicant, permittee, or prospective owner.

(2) For purposes of section 109.5721 of the Revised Code, annually on a date assigned by the attorney general, an applicant, permittee, or prospective owner shall provide the attorney general with a list of both of the following:

(a) Each officer, director, partner, or key employee of the applicant, permittee, or prospective owner and the person's address and social security number;

(b) Any officer, director, partner, or key employee of the applicant, permittee, or prospective owner who has left a position previously held with the applicant, permittee, or prospective owner during the previous one-year period and the person's social security number.

(3) Annually, the attorney general shall update the database established under section 109.5721 of the Revised Code to reflect the information provided by an applicant, permittee, or prospective owner under divisions (E)(2)(a) and (b) of this section.

(4) Notwithstanding division (C) of this section, the attorney general shall charge and collect fees from an applicant, permittee, or prospective owner that is required to submit information under this division in accordance with rules adopted under section 109.5721 of the Revised Code. The fees shall not exceed fees that are charged to any other person who is charged fees for purposes of the database established under that section and who is not an officer, director, partner, or key employee of an applicant, permittee, or prospective owner under this section.

(F)(1) Every ~~three~~ five years, the attorney general shall request from the federal bureau of investigation any information regarding a criminal conviction with respect to each officer, director, partner, or key employee of an applicant, permittee, or prospective owner. The attorney general may take

any actions necessary for purposes of this division, including, as necessary, requesting the submission of any necessary documents authorizing the release of information.

(2) Every ~~three~~ five years, an applicant, permittee, or prospective owner shall submit an affidavit listing all of the following regarding a business concern required to be listed in the applicant's, permittee's, or prospective owner's disclosure statement:

(a) Any administrative enforcement order issued to the business concern in connection with any violation of any federal or state environmental protection laws, rules, or regulations during the previous ~~three-year~~ five-year period;

(b) Any civil action in which the business concern was determined to be liable or was the subject of injunctive relief or another type of civil relief in connection with any violation of any federal or state environmental protection laws, rules, or regulations during the previous ~~three-year~~ five-year period;

(c) Any criminal conviction for a violation of any federal or state environmental protection laws, rules, or regulations that has been committed knowingly or recklessly by the business concern during the previous ~~three-year~~ five-year period.

(G) With respect to an applicant, permittee, or prospective owner, the attorney general shall notify the director of environmental protection of any crime ascertained under division (E) or (F) of this section that is a disqualifying crime under section 3734.44 of the Revised Code. The attorney general shall provide the notification not later than thirty days after the crime was ascertained.

(H) The failure to provide information under this section may constitute the basis for the revocation of a permit or license, the denial of a permit or license application, the denial of a renewal of a permit or license, or the disapproval of a change in ownership as described in division (I) of this section. Prior to a denial, revocation, or disapproval, the director shall notify the applicant, permittee, or prospective owner of the director's intention to do so. The director shall give the applicant, permittee, or prospective owner fourteen days from the date of the notice to explain why the information was not provided. The director shall consider the explanation when determining whether to revoke the permit or license, deny the permit or license application or renewal, or disapprove the change in ownership.

Nothing in this section affects the rights of the director or the attorney general granted under sections 3734.40 to 3734.47 of the Revised Code to request information from a person at any other time.

(I)(1) Whenever there is a change in ownership of any operating off-site solid waste facility, any operating off-site infectious waste facility, or any operating off-site hazardous waste facility, the prospective owner shall file a disclosure statement with the attorney general and the director at least one hundred eighty days prior to the proposed change in ownership. In addition, whenever there is a change in ownership of any operating on-site solid waste facility, any operating on-site infectious waste facility, or any operating on-site hazardous waste facility and the prospective owner intends to operate the facility as an off-site facility by accepting wastes other than wastes generated by the facility owner, the prospective owner shall file a disclosure statement with the attorney general and the director. The prospective owner shall file the disclosure statement at least one hundred eighty days prior to the proposed change in ownership.

Upon receipt of the disclosure statement, the attorney general shall prepare an investigative report and transmit it to the director. The director shall review the disclosure statement and investigative report to determine whether the statement or report contains information that if submitted with a permit application would require a denial of the permit pursuant to section 3734.44 of the Revised Code. If the director determines that the statement or report contains such information, the director shall disapprove the change in ownership.

(2) If the parties to a change in ownership decide to proceed with the change prior to the action of the director on the disclosure statement and investigative report, the parties shall include in all contracts or other documents reflecting the change in ownership language expressly making the change in ownership subject to the approval of the director and expressly negating the change if it is disapproved by the director pursuant to division (I)(1) of this section.

(3) As used in this section, "change in ownership" includes a change of the individuals or entities who own a solid waste facility, infectious waste facility, or hazardous waste facility. "Change in ownership" does not include a legal change in a business concern's name when its ownership otherwise remains the same. "Change in ownership" also does not include a personal name change of officers, directors, partners, or key employees contained in a disclosure statement.

Sec. 3734.57. (A) The following fees are hereby levied on the transfer or disposal of solid wastes in this state:

(1) Ninety cents per ton through June 30, ~~2018~~ 2020, twenty cents of the proceeds of which shall be deposited in the state treasury to the credit of the hazardous waste facility management fund created in section 3734.18 of the

Revised Code and seventy cents of the proceeds of which shall be deposited in the state treasury to the credit of the hazardous waste clean-up fund created in section 3734.28 of the Revised Code;

(2) An additional seventy-five cents per ton through June 30, ~~2018~~ 2020, the proceeds of which shall be deposited in the state treasury to the credit of the waste management fund created in section 3734.061 of the Revised Code.

(3) An additional two dollars and eighty-five cents per ton through June 30, ~~2018~~ 2020, the proceeds of which shall be deposited in the state treasury to the credit of the environmental protection fund created in section 3745.015 of the Revised Code;

(4) An additional twenty-five cents per ton through June 30, ~~2018~~ 2020, the proceeds of which shall be deposited in the state treasury to the credit of the soil and water conservation district assistance fund created in section 940.15 of the Revised Code.

In the case of solid wastes that are taken to a solid waste transfer facility located in this state prior to being transported for disposal at a solid waste disposal facility located in this state or outside of this state, the fees levied under this division shall be collected by the owner or operator of the transfer facility as a trustee for the state. The amount of fees required to be collected under this division at such a transfer facility shall equal the total tonnage of solid wastes received at the facility multiplied by the fees levied under this division. In the case of solid wastes that are not taken to a solid waste transfer facility located in this state prior to being transported to a solid waste disposal facility, the fees shall be collected by the owner or operator of the solid waste disposal facility as a trustee for the state. The amount of fees required to be collected under this division at such a disposal facility shall equal the total tonnage of solid wastes received at the facility that was not previously taken to a solid waste transfer facility located in this state multiplied by the fees levied under this division. Fees levied under this division do not apply to materials separated from a mixed waste stream for recycling by a generator or materials removed from the solid waste stream through recycling, as "recycling" is defined in rules adopted under section 3734.02 of the Revised Code.

The owner or operator of a solid waste transfer facility or disposal facility, as applicable, shall prepare and file with the director of environmental protection each month a return indicating the total tonnage of solid wastes received at the facility during that month and the total amount of the fees required to be collected under this division during that month. In addition, the owner or operator of a solid waste disposal facility shall

indicate on the return the total tonnage of solid wastes received from transfer facilities located in this state during that month for which the fees were required to be collected by the transfer facilities. The monthly returns shall be filed on a form prescribed by the director. Not later than thirty days after the last day of the month to which a return applies, the owner or operator shall mail to the director the return for that month together with the fees required to be collected under this division during that month as indicated on the return or may submit the return and fees electronically in a manner approved by the director. If the return is filed and the amount of the fees due is paid in a timely manner as required in this division, the owner or operator may retain a discount of three-fourths of one per cent of the total amount of the fees that are required to be paid as indicated on the return.

The owner or operator may request an extension of not more than thirty days for filing the return and remitting the fees, provided that the owner or operator has submitted such a request in writing to the director together with a detailed description of why the extension is requested, the director has received the request not later than the day on which the return is required to be filed, and the director has approved the request. If the fees are not remitted within thirty days after the last day of the month to which the return applies or are not remitted by the last day of an extension approved by the director, the owner or operator shall not retain the three-fourths of one per cent discount and shall pay an additional ten per cent of the amount of the fees for each month that they are late. For purposes of calculating the late fee, the first month in which fees are late begins on the first day after the deadline has passed for timely submitting the return and fees, and one additional month shall be counted every thirty days thereafter.

The owner or operator of a solid waste facility may request a refund or credit of fees levied under this division and remitted to the director that have not been paid to the owner or operator. Such a request shall be made only if the fees have not been collected by the owner or operator, have become a debt that has become worthless or uncollectable for a period of six months or more, and may be claimed as a deduction, including a deduction claimed if the owner or operator keeps accounts on an accrual basis, under the "Internal Revenue Code of 1954," 68A Stat. 50, 26 U.S.C. 166, as amended, and regulations adopted under it. Prior to making a request for a refund or credit, an owner or operator shall make reasonable efforts to collect the applicable fees. A request for a refund or credit shall not include any costs resulting from those efforts to collect unpaid fees.

A request for a refund or credit of fees shall be made in writing, on a form prescribed by the director, and shall be supported by evidence that may

be required in rules adopted by the director under this chapter. After reviewing the request, and if the request and evidence submitted with the request indicate that a refund or credit is warranted, the director shall grant a refund to the owner or operator or shall permit a credit to be taken by the owner or operator on a subsequent monthly return submitted by the owner or operator. The amount of a refund or credit shall not exceed an amount that is equal to ninety days' worth of fees owed to an owner or operator by a particular debtor of the owner or operator. A refund or credit shall not be granted by the director to an owner or operator more than once in any twelve-month period for fees owed to the owner or operator by a particular debtor.

If, after receiving a refund or credit from the director, an owner or operator receives payment of all or part of the fees, the owner or operator shall remit the fees with the next monthly return submitted to the director together with a written explanation of the reason for the submittal.

For purposes of computing the fees levied under this division or division (B) of this section, any solid waste transfer or disposal facility that does not use scales as a means of determining gate receipts shall use a conversion factor of three cubic yards per ton of solid waste or one cubic yard per ton for baled waste, as applicable.

The fees levied under this division and divisions (B) and (C) of this section are in addition to all other applicable fees and taxes and shall be paid by the customer or a political subdivision to the owner or operator of a solid waste transfer or disposal facility. In the alternative, the fees shall be paid by a customer or political subdivision to a transporter of waste who subsequently transfers the fees to the owner or operator of such a facility. The fees shall be paid notwithstanding the existence of any provision in a contract that the customer or a political subdivision may have with the owner or operator or with a transporter of waste to the facility that would not require or allow such payment regardless of whether the contract was entered prior to or after October 16, 2009. For those purposes, "customer" means a person who contracts with, or utilizes the solid waste services of, the owner or operator of a solid waste transfer or disposal facility or a transporter of solid waste to such a facility.

(B) For the purposes specified in division (G) of this section, the solid waste management policy committee of a county or joint solid waste management district may levy fees upon the following activities:

- (1) The disposal at a solid waste disposal facility located in the district of solid wastes generated within the district;
- (2) The disposal at a solid waste disposal facility within the district of

solid wastes generated outside the boundaries of the district, but inside this state;

(3) The disposal at a solid waste disposal facility within the district of solid wastes generated outside the boundaries of this state.

The solid waste management plan of the county or joint district approved under section 3734.521 or 3734.55 of the Revised Code and any amendments to it, or the resolution adopted under this division, as appropriate, shall establish the rates of the fees levied under divisions (B)(1), (2), and (3) of this section, if any, and shall specify whether the fees are levied on the basis of tons or cubic yards as the unit of measurement. A solid waste management district that levies fees under this division on the basis of cubic yards shall do so in accordance with division (A) of this section.

The fee levied under division (B)(1) of this section shall be not less than one dollar per ton nor more than two dollars per ton, the fee levied under division (B)(2) of this section shall be not less than two dollars per ton nor more than four dollars per ton, and the fee levied under division (B)(3) of this section shall be not more than the fee levied under division (B)(1) of this section.

Prior to the approval of the solid waste management plan of a district under section 3734.55 of the Revised Code, the solid waste management policy committee of a district may levy fees under this division by adopting a resolution establishing the proposed amount of the fees. Upon adopting the resolution, the committee shall deliver a copy of the resolution to the board of county commissioners of each county forming the district and to the legislative authority of each municipal corporation and township under the jurisdiction of the district and shall prepare and publish the resolution and a notice of the time and location where a public hearing on the fees will be held. Upon adopting the resolution, the committee shall deliver written notice of the adoption of the resolution; of the amount of the proposed fees; and of the date, time, and location of the public hearing to the director and to the fifty industrial, commercial, or institutional generators of solid wastes within the district that generate the largest quantities of solid wastes, as determined by the committee, and to their local trade associations. The committee shall make good faith efforts to identify those generators within the district and their local trade associations, but the nonprovision of notice under this division to a particular generator or local trade association does not invalidate the proceedings under this division. The publication shall occur at least thirty days before the hearing. After the hearing, the committee may make such revisions to the proposed fees as it considers

appropriate and thereafter, by resolution, shall adopt the revised fee schedule. Upon adopting the revised fee schedule, the committee shall deliver a copy of the resolution doing so to the board of county commissioners of each county forming the district and to the legislative authority of each municipal corporation and township under the jurisdiction of the district. Within sixty days after the delivery of a copy of the resolution adopting the proposed revised fees by the policy committee, each such board and legislative authority, by ordinance or resolution, shall approve or disapprove the revised fees and deliver a copy of the ordinance or resolution to the committee. If any such board or legislative authority fails to adopt and deliver to the policy committee an ordinance or resolution approving or disapproving the revised fees within sixty days after the policy committee delivered its resolution adopting the proposed revised fees, it shall be conclusively presumed that the board or legislative authority has approved the proposed revised fees. The committee shall determine if the resolution has been ratified in the same manner in which it determines if a draft solid waste management plan has been ratified under division (B) of section 3734.55 of the Revised Code.

The committee may amend the schedule of fees levied pursuant to a resolution adopted and ratified under this division by adopting a resolution establishing the proposed amount of the amended fees. The committee may repeal the fees levied pursuant to such a resolution by adopting a resolution proposing to repeal them. Upon adopting such a resolution, the committee shall proceed to obtain ratification of the resolution in accordance with this division.

Not later than fourteen days after declaring the new fees to be ratified or the fees to be repealed under this division, the committee shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees of the ratification and the amount of the fees or of the repeal of the fees. Collection of any fees shall commence or collection of repealed fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

Fees levied under this division also may be established, amended, or repealed by a solid waste management policy committee through the adoption of a new district solid waste management plan, the adoption of an amended plan, or the amendment of the plan or amended plan in accordance with sections 3734.55 and 3734.56 of the Revised Code or the adoption or amendment of a district plan in connection with a change in district composition under section 3734.521 of the Revised Code.

Not later than fourteen days after the director issues an order approving

a district's solid waste management plan, amended plan, or amendment to a plan or amended plan that establishes, amends, or repeals a schedule of fees levied by the district, the committee shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees of the approval of the plan or amended plan, or the amendment to the plan, as appropriate, and the amount of the fees, if any. In the case of an initial or amended plan approved under section 3734.521 of the Revised Code in connection with a change in district composition, other than one involving the withdrawal of a county from a joint district, the committee, within fourteen days after the change takes effect pursuant to division (G) of that section, shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees that the change has taken effect and of the amount of the fees, if any. Collection of any fees shall commence or collection of repealed fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

If, in the case of a change in district composition involving the withdrawal of a county from a joint district, the director completes the actions required under division (G)(1) or (3) of section 3734.521 of the Revised Code, as appropriate, forty-five days or more before the beginning of a calendar year, the policy committee of each of the districts resulting from the change that obtained the director's approval of an initial or amended plan in connection with the change, within fourteen days after the director's completion of the required actions, shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the district's fees that the change is to take effect on the first day of January immediately following the issuance of the notice and of the amount of the fees or amended fees levied under divisions (B)(1) to (3) of this section pursuant to the district's initial or amended plan as so approved or, if appropriate, the repeal of the district's fees by that initial or amended plan. Collection of any fees set forth in such a plan or amended plan shall commence on the first day of January immediately following the issuance of the notice. If such an initial or amended plan repeals a schedule of fees, collection of the fees shall cease on that first day of January.

If, in the case of a change in district composition involving the withdrawal of a county from a joint district, the director completes the actions required under division (G)(1) or (3) of section 3734.521 of the Revised Code, as appropriate, less than forty-five days before the beginning of a calendar year, the director, on behalf of each of the districts resulting from the change that obtained the director's approval of an initial or

amended plan in connection with the change proceedings, shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the district's fees that the change is to take effect on the first day of January immediately following the mailing of the notice and of the amount of the fees or amended fees levied under divisions (B)(1) to (3) of this section pursuant to the district's initial or amended plan as so approved or, if appropriate, the repeal of the district's fees by that initial or amended plan. Collection of any fees set forth in such a plan or amended plan shall commence on the first day of the second month following the month in which notification is sent to the owner or operator. If such an initial or amended plan repeals a schedule of fees, collection of the fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

If the schedule of fees that a solid waste management district is levying under divisions (B)(1) to (3) of this section is amended or repealed, the fees in effect immediately prior to the amendment or repeal shall continue to be collected until collection of the amended fees commences or collection of the repealed fees ceases, as applicable, as specified in this division. In the case of a change in district composition, money so received from the collection of the fees of the former districts shall be divided among the resulting districts in accordance with division (B) of section 343.012 of the Revised Code and the agreements entered into under division (B) of section 343.01 of the Revised Code to establish the former and resulting districts and any amendments to those agreements.

For the purposes of the provisions of division (B) of this section establishing the times when newly established or amended fees levied by a district are required to commence and the collection of fees that have been amended or repealed is required to cease, "fees" or "schedule of fees" includes, in addition to fees levied under divisions (B)(1) to (3) of this section, those levied under section 3734.573 or 3734.574 of the Revised Code.

(C) For the purposes of defraying the added costs to a municipal corporation or township of maintaining roads and other public facilities and of providing emergency and other public services, and compensating a municipal corporation or township for reductions in real property tax revenues due to reductions in real property valuations resulting from the location and operation of a solid waste disposal facility within the municipal corporation or township, a municipal corporation or township in which such a solid waste disposal facility is located may levy a fee of not more than twenty-five cents per ton on the disposal of solid wastes at a solid waste

disposal facility located within the boundaries of the municipal corporation or township regardless of where the wastes were generated.

The legislative authority of a municipal corporation or township may levy fees under this division by enacting an ordinance or adopting a resolution establishing the amount of the fees. Upon so doing the legislative authority shall mail a certified copy of the ordinance or resolution to the board of county commissioners or directors of the county or joint solid waste management district in which the municipal corporation or township is located or, if a regional solid waste management authority has been formed under section 343.011 of the Revised Code, to the board of trustees of that regional authority, the owner or operator of each solid waste disposal facility in the municipal corporation or township that is required to collect the fee by the ordinance or resolution, and the director of environmental protection. Although the fees levied under this division are levied on the basis of tons as the unit of measurement, the legislative authority, in its ordinance or resolution levying the fees under this division, may direct that the fees be levied on the basis of cubic yards as the unit of measurement based upon a conversion factor of three cubic yards per ton generally or one cubic yard per ton for baled wastes.

Not later than five days after enacting an ordinance or adopting a resolution under this division, the legislative authority shall so notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fee. Collection of any fee levied on or after March 24, 1992, shall commence on the first day of the second month following the month in which notification is sent to the owner or operator.

(D)(1) The fees levied under divisions (A), (B), and (C) of this section do not apply to the disposal of solid wastes that:

(a) Are disposed of at a facility owned by the generator of the wastes when the solid waste facility exclusively disposes of solid wastes generated at one or more premises owned by the generator regardless of whether the facility is located on a premises where the wastes are generated;

(b) Are generated from the combustion of coal, or from the combustion of primarily coal, regardless of whether the disposal facility is located on the premises where the wastes are generated;

(c) Are asbestos or asbestos-containing materials or products disposed of at a construction and demolition debris facility that is licensed under Chapter 3714. of the Revised Code or at a solid waste facility that is licensed under this chapter.

(2) Except as provided in section 3734.571 of the Revised Code, any fees levied under division (B)(1) of this section apply to solid wastes

originating outside the boundaries of a county or joint district that are covered by an agreement for the joint use of solid waste facilities entered into under section 343.02 of the Revised Code by the board of county commissioners or board of directors of the county or joint district where the wastes are generated and disposed of.

(3) When solid wastes, other than solid wastes that consist of scrap tires, are burned in a disposal facility that is an incinerator or energy recovery facility, the fees levied under divisions (A), (B), and (C) of this section shall be levied upon the disposal of the fly ash and bottom ash remaining after burning of the solid wastes and shall be collected by the owner or operator of the sanitary landfill where the ash is disposed of.

(4) When solid wastes are delivered to a solid waste transfer facility, the fees levied under divisions (B) and (C) of this section shall be levied upon the disposal of solid wastes transported off the premises of the transfer facility for disposal and shall be collected by the owner or operator of the solid waste disposal facility where the wastes are disposed of.

(5) The fees levied under divisions (A), (B), and (C) of this section do not apply to sewage sludge that is generated by a waste water treatment facility holding a national pollutant discharge elimination system permit and that is disposed of through incineration, land application, or composting or at another resource recovery or disposal facility that is not a landfill.

(6) The fees levied under divisions (A), (B), and (C) of this section do not apply to solid wastes delivered to a solid waste composting facility for processing. When any unprocessed solid waste or compost product is transported off the premises of a composting facility and disposed of at a landfill, the fees levied under divisions (A), (B), and (C) of this section shall be collected by the owner or operator of the landfill where the unprocessed waste or compost product is disposed of.

(7) When solid wastes that consist of scrap tires are processed at a scrap tire recovery facility, the fees levied under divisions (A), (B), and (C) of this section shall be levied upon the disposal of the fly ash and bottom ash or other solid wastes remaining after the processing of the scrap tires and shall be collected by the owner or operator of the solid waste disposal facility where the ash or other solid wastes are disposed of.

(8) The director of environmental protection may issue an order exempting from the fees levied under this section solid wastes, including, but not limited to, scrap tires, that are generated, transferred, or disposed of as a result of a contract providing for the expenditure of public funds entered into by the administrator or regional administrator of the United States environmental protection agency, the director of environmental protection,

or the director of administrative services on behalf of the director of environmental protection for the purpose of remediating conditions at a hazardous waste facility, solid waste facility, or other location at which the administrator or regional administrator or the director of environmental protection has reason to believe that there is a substantial threat to public health or safety or the environment or that the conditions are causing or contributing to air or water pollution or soil contamination. An order issued by the director of environmental protection under division (D)(8) of this section shall include a determination that the amount of the fees not received by a solid waste management district as a result of the order will not adversely impact the implementation and financing of the district's approved solid waste management plan and any approved amendments to the plan. Such an order is a final action of the director of environmental protection.

(E) The fees levied under divisions (B) and (C) of this section shall be collected by the owner or operator of the solid waste disposal facility where the wastes are disposed of as a trustee for the county or joint district and municipal corporation or township where the wastes are disposed of. Moneys from the fees levied under division (B) of this section shall be forwarded to the board of county commissioners or board of directors of the district in accordance with rules adopted under division (H) of this section. Moneys from the fees levied under division (C) of this section shall be forwarded to the treasurer or such other officer of the municipal corporation as, by virtue of the charter, has the duties of the treasurer or to the fiscal officer of the township, as appropriate, in accordance with those rules.

(F) Moneys received by the treasurer or other officer of the municipal corporation under division (E) of this section shall be paid into the general fund of the municipal corporation. Moneys received by the fiscal officer of the township under that division shall be paid into the general fund of the township. The treasurer or other officer of the municipal corporation or the township fiscal officer, as appropriate, shall maintain separate records of the moneys received from the fees levied under division (C) of this section.

(G) Moneys received by the board of county commissioners or board of directors under division (E) of this section or section 3734.571, 3734.572, 3734.573, or 3734.574 of the Revised Code shall be paid to the county treasurer, or other official acting in a similar capacity under a county charter, in a county district or to the county treasurer or other official designated by the board of directors in a joint district and kept in a separate and distinct fund to the credit of the district. If a regional solid waste management authority has been formed under section 343.011 of the Revised Code, moneys received by the board of trustees of that regional

authority under division (E) of this section shall be kept by the board in a separate and distinct fund to the credit of the district. Moneys in the special fund of the county or joint district arising from the fees levied under division (B) of this section and the fee levied under division (A) of section 3734.573 of the Revised Code shall be expended by the board of county commissioners or directors of the district in accordance with the district's solid waste management plan or amended plan approved under section 3734.521, 3734.55, or 3734.56 of the Revised Code exclusively for the following purposes:

(1) Preparation of the solid waste management plan of the district under section 3734.54 of the Revised Code, monitoring implementation of the plan, and conducting the periodic review and amendment of the plan required by section 3734.56 of the Revised Code by the solid waste management policy committee;

(2) Implementation of the approved solid waste management plan or amended plan of the district, including, without limitation, the development and implementation of solid waste recycling or reduction programs;

(E) The authority and the duty of the commission to adopt regulations under this section shall not be governed by or be subject to Chapter 119. of the Revised Code.

(F) The commission shall have available at all times copies of all regulations of the commission which it has filed in the office of the secretary of state pursuant to this section, and shall furnish them free of charge to any person requesting them.

(G) The commission shall maintain and keep available for public inspection, at its principal office, a current register of all appeals filed, hearings pending, its final action thereon, and the dates on which such filings, hearings, and final actions occur.

Sec. 3745.11. (A) Applicants for and holders of permits, licenses, variances, plan approvals, and certifications issued by the director of environmental protection pursuant to Chapters 3704., 3734., 6109., and 6111. of the Revised Code shall pay a fee to the environmental protection agency for each such issuance and each application for an issuance as provided by this section. No fee shall be charged for any issuance for which no application has been submitted to the director.

(B) Except as otherwise provided in division (C)(2) of this section,

beginning July 1, 1994, each person who owns or operates an air contaminant source and who is required to apply for and obtain a Title V permit under section 3704.036 of the Revised Code shall pay the fees set forth in this division. For the purposes of this division, total emissions of air contaminants may be calculated using engineering calculations, emissions factors, material balance calculations, or performance testing procedures, as authorized by the director.

The following fees shall be assessed on the total actual emissions from a source in tons per year of the regulated pollutants particulate matter, sulfur dioxide, nitrogen oxides, organic compounds, and lead:

(1) Fifteen dollars per ton on the total actual emissions of each such regulated pollutant during the period July through December 1993, to be collected no sooner than July 1, 1994;

(2) Twenty dollars per ton on the total actual emissions of each such regulated pollutant during calendar year 1994, to be collected no sooner than April 15, 1995;

(3) Twenty-five dollars per ton on the total actual emissions of each such regulated pollutant in calendar year 1995, and each subsequent calendar year, to be collected no sooner than the fifteenth day of April of the year next succeeding the calendar year in which the emissions occurred.

The fees levied under this division do not apply to that portion of the emissions of a regulated pollutant at a facility that exceed four thousand tons during a calendar year.

(C)(1) The fees assessed under division (B) of this section are for the purpose of providing funding for the Title V permit program.

(2) The fees assessed under division (B) of this section do not apply to emissions from any electric generating unit designated as a Phase I unit under Title IV of the federal Clean Air Act prior to calendar year 2000. Those fees shall be assessed on the emissions from such a generating unit commencing in calendar year 2001 based upon the total actual emissions from the generating unit during calendar year 2000 and shall continue to be assessed each subsequent calendar year based on the total actual emissions from the generating unit during the preceding calendar year.

(3) The director shall issue invoices to owners or operators of air contaminant sources who are required to pay a fee assessed under division (B) or (D) of this section. Any such invoice shall be issued no sooner than the applicable date when the fee first may be collected in a year under the applicable division, shall identify the nature and amount of the fee assessed, and shall indicate that the fee is required to be paid within thirty days after the issuance of the invoice.

(D)(1) Except as provided in division (D)(3) of this section, from January 1, 1994, through December 31, 2003, each person who owns or operates an air contaminant source; who is required to apply for a permit to operate pursuant to rules adopted under division (G), or a variance pursuant to division (H), of section 3704.03 of the Revised Code; and who is not required to apply for and obtain a Title V permit under section 3704.036 of the Revised Code shall pay a single fee based upon the sum of the actual annual emissions from the facility of the regulated pollutants particulate matter, sulfur dioxide, nitrogen oxides, organic compounds, and lead in accordance with the following schedule:

(3)(a) As used in division (D) of this section, "synthetic minor facility" means a facility for which one or more permits to install or permits to operate have been issued for the air contaminant sources at the facility that include terms and conditions that lower the facility's potential to emit air contaminants below the major source thresholds established in rules adopted under section 3704.036 of the Revised Code.

(b) Beginning January 1, 2000, through June 30, ~~2018~~ 2020, each

person who owns or operates a synthetic minor facility shall pay an annual fee based on the sum of the actual annual emissions from the facility of particulate matter, sulfur dioxide, nitrogen dioxide, organic compounds, and lead in accordance with the following schedule:

The fees assessed under division (D)(3) of this section shall be collected no sooner than the fifteenth day of April, commencing in 2000. The fees assessed under division (D) of this section in a calendar year shall be based upon the sum of the actual emissions of those regulated pollutants during the preceding calendar year. For the purpose of division (D) of this section, emissions of air contaminants may be calculated using engineering calculations, emission factors, material balance calculations, or performance testing procedures, as authorized by the director. The director, by rule, may require persons who are required to pay the fees assessed under division (D) of this section to pay those fees biennially rather than annually.

(E)(1) Consistent with the need to cover the reasonable costs of the Title V permit program, the director annually shall increase the fees prescribed in division (B) of this section by the percentage, if any, by which the consumer price index for the most recent calendar year ending before the beginning of a year exceeds the consumer price index for calendar year 1989. Upon calculating an increase in fees authorized by division (E)(1) of this section, the director shall compile revised fee schedules for the purposes of division (B) of this section and shall make the revised schedules available to persons

required to pay the fees assessed under that division and to the public.

(2) For the purposes of division (E)(1) of this section:

(a) The consumer price index for any year is the average of the consumer price index for all urban consumers published by the United States department of labor as of the close of the twelve-month period ending on the thirty-first day of August of that year.

(b) If the 1989 consumer price index is revised, the director shall use the revision of the consumer price index that is most consistent with that for calendar year 1989.

(3)(a) Unless it is impracticable to do so and subject to its authority under division (B)(3)(d) of this section, the commission shall complete a preliminary investigation of a charge filed pursuant to division (B)(1) of this section that alleges an unlawful discriminatory practice described in division (H) of section 4112.02 of the Revised Code, and shall take one of the following actions, within one hundred days after the filing of the charge:

(i) Notify the complainant and the respondent that it is not probable that an unlawful discriminatory practice described in division (H) of section 4112.02 of the Revised Code has been or is being engaged in and that the commission will not issue a complaint in the matter;

(ii) Initiate a complaint and schedule it for informal methods of conference, conciliation, and persuasion, or alternative dispute resolution;

(iii) Initiate a complaint and refer it to the attorney general with a recommendation to seek a temporary or permanent injunction or a temporary restraining order. If this action is taken, the attorney general shall apply, as expeditiously as possible after receipt of the complaint, to the court of common pleas of the county in which the unlawful discriminatory practice allegedly occurred for the appropriate injunction or order, and the court shall hear and determine the application as expeditiously as possible.

(b) If it is not practicable to comply with the requirements of division (B)(3)(a) of this section within the one-hundred-day period described in that division, the commission shall notify the complainant and the respondent in writing of the reasons for the noncompliance.

(c) Prior to the issuance of a complaint under division (B)(3)(a)(ii) or (iii) of this section or prior to a notification of the complainant and the respondent under division (B)(3)(a)(i) of this section, the members of the commission and the officers and employees of the commission shall not make public in any manner and shall retain as confidential all information that was obtained as a result of or that otherwise pertains to a preliminary investigation of a charge filed pursuant to division (B)(1) of this section that alleges an unlawful discriminatory practice described in division (H) of section 4112.02 of the Revised Code.

(d) Notwithstanding the types of action described in divisions (B)(3)(a)(ii) and (iii) of this section, prior to the issuance of a complaint or the referral of a complaint to the attorney general and prior to endeavoring to eliminate an unlawful discriminatory practice described in division (H) of section 4112.02 of the Revised Code by informal methods of conference, conciliation, and persuasion, or by alternative dispute resolution, the commission may seek a temporary or permanent injunction or a temporary

restraining order in the court of common pleas of the county in which the unlawful discriminatory practice allegedly occurred.

(4) If the commission determines after a preliminary investigation other than one described in division (B)(3) of this section that it is not probable that an unlawful discriminatory practice has been or is being engaged in, it shall notify any complainant under division (B)(1) of this section that it has so determined and that it will not issue a complaint in the matter. If the commission determines after a preliminary investigation other than the one described in division (B)(3) of this section that it is probable that an unlawful discriminatory practice has been or is being engaged in, it shall endeavor to eliminate the practice by informal methods of conference, conciliation, and persuasion, or by alternative dispute resolution.

(5) Nothing said or done during informal methods of conference, conciliation, and persuasion, or during alternative dispute resolution, under this section shall be disclosed by any member of the commission or its staff or be used as evidence in any subsequent hearing or other proceeding. If, after a preliminary investigation and the use of informal methods of conference, conciliation, and persuasion, or alternative dispute resolution, under this section, the commission is satisfied that any unlawful discriminatory practice will be eliminated, it may treat the charge involved as being conciliated and enter that disposition on the records of the commission. If the commission fails to effect the elimination of an unlawful discriminatory practice by informal methods of conference, conciliation, and persuasion, or by alternative dispute resolution under this section and to obtain voluntary compliance with this chapter, the commission shall issue and cause to be served upon any person, including the respondent against whom a complainant has filed a charge pursuant to division (B)(1) of this section, a complaint stating the charges involved and containing a notice of an opportunity for a hearing before the commission, a member of the commission, or a hearing examiner at a place that is stated in the notice and that is located within the county in which the alleged unlawful discriminatory practice has occurred or is occurring or in which the respondent resides or transacts business. The hearing shall be held not less than thirty days after the service of the complaint upon the complainant, the aggrieved persons other than the complainant on whose behalf the complaint is issued, and the respondent, unless the complainant, an aggrieved person, or the respondent elects to proceed under division (A)(2) of section 4112.051 of the Revised Code when that division is applicable. If a complaint pertains to an alleged unlawful discriminatory practice described in division (H) of section 4112.02 of the Revised Code, the complaint shall

notify the complainant, an aggrieved person, and the respondent of the right of the complainant, an aggrieved person, or the respondent to elect to proceed with the administrative hearing process under this section or to proceed under division (A)(2) of section 4112.051 of the Revised Code.

(6) The attorney general shall represent the commission at any hearing held pursuant to division (B)(5) of this section and shall present the evidence in support of the complaint.

(7) Any complaint issued pursuant to division (B)(5) of this section after the filing of a charge under division (B)(1) of this section shall be so issued within one year after the complainant filed the charge with respect to an alleged unlawful discriminatory practice.

(C)(1) Any complaint issued pursuant to division (B) of this section may be amended by the commission, a member of the commission, or the hearing examiner conducting a hearing under division (B) of this section.

(a) Except as provided in division (C)(1)(b) of this section, a complaint issued pursuant to division (B) of this section may be amended at any time prior to or during the hearing.

(b) If a complaint issued pursuant to division (B) of this section alleges an unlawful discriminatory practice described in division (H) of section 4112.02 of the Revised Code, the complaint may be amended at any time up to seven days prior to the hearing and not thereafter.

(2) The respondent has the right to file an answer or an amended answer to the original and amended complaints and to appear at the hearing in person, by attorney, or otherwise to examine and cross-examine witnesses.

(D) The complainant shall be a party to a hearing under division (B) of this section, and any person who is an indispensable party to a complete determination or settlement of a question involved in the hearing shall be joined. Any aggrieved person who has or claims an interest in the subject of the hearing and in obtaining or preventing relief against the unlawful discriminatory practices complained of shall be permitted to appear only for the presentation of oral or written arguments, to present evidence, perform direct and cross-examination, and be represented by counsel. The commission shall adopt rules, in accordance with Chapter 119. of the Revised Code governing the authority granted under this division.

(E) In any hearing under division (B) of this section, the commission, a member of the commission, or the hearing examiner shall not be bound by the Rules of Evidence but, in ascertaining the practices followed by the respondent, shall take into account all reliable, probative, and substantial statistical or other evidence produced at the hearing that may tend to prove the existence of a predetermined pattern of employment or membership,

provided that nothing contained in this section shall be construed to authorize or require any person to observe the proportion that persons of any race, color, religion, sex, military status, familial status, national origin, disability, age, or ancestry bear to the total population or in accordance with any criterion other than the individual qualifications of the applicant.

(F) The testimony taken at a hearing under division (B) of this section shall be under oath and shall be reduced to writing and filed with the commission. Thereafter, in its discretion, the commission, upon the service of a notice upon the complainant and the respondent that indicates an opportunity to be present, may take further testimony or hear argument.

(G)(1)(a) If, upon all reliable, probative, and substantial evidence presented at a hearing under division (B) of this section, the commission determines that the respondent has engaged in, or is engaging in, any unlawful discriminatory practice, whether against the complainant or others, the commission shall state its findings of fact and conclusions of law and shall issue and, subject to the provisions of Chapter 119. of the Revised Code, cause to be served on the respondent an order requiring the respondent to do all of the following:

~~(i)~~(i) Cease and desist from the unlawful discriminatory practice;

(ii) Take any further affirmative or other action that will effectuate the purposes of this chapter, including, but not limited to, hiring, reinstatement, or upgrading of employees with or without back pay, or admission or restoration to union membership;

(iii) Report to the commission the manner of compliance.

If the commission directs payment of back pay, it shall make allowance for interim earnings.

(b) If the commission finds a violation of division (H) of section 4112.02 of the Revised Code, in addition to the action described in division (G)(1)(a) of this section, the commission additionally may require the respondent to undergo ~~recommendation~~ remediation in the form of a class, seminar, or any other type of remediation approved by the commission, may require the ~~responded~~ respondent to pay actual damages and reasonable attorney's fees, and may, to vindicate the public interest, assess a civil penalty against the respondent as follows:

(i) If division (G)(1)(b)(ii) or (iii) of this section does not apply, a civil penalty in an amount not to exceed ten thousand dollars;

(ii) If division (G)(1)(b)(iii) of this section does not apply and if the respondent has been determined by a final order of the commission or by a final judgment of a court to have committed one violation of division (H) of section 4112.02 of the Revised Code during the five-year period

immediately preceding the date on which a complaint was issued pursuant to division (B) of this section, a civil penalty in an amount not to exceed twenty-five thousand dollars;

(iii) If the respondent has been determined by a final order of the commission or by a final judgment of a court to have committed two or more violations of division (H) of section 4112.02 of the Revised Code during the seven-year period immediately preceding the date on which a complaint was issued pursuant to division (B) of this section, a civil penalty damages in an amount not to exceed fifty thousand dollars.

(2) Upon the submission of reports of compliance, the commission may issue a declaratory order stating that the respondent has ceased to engage in particular unlawful discriminatory practices.

(H) If the commission finds that no probable cause exists for crediting charges of unlawful discriminatory practices or if, upon all the evidence presented at a hearing under division (B) of this section on a charge, the commission finds that a respondent has not engaged in any unlawful discriminatory practice against the complainant or others, it shall state its findings of fact and shall issue and cause to be served on the complainant an order dismissing the complaint as to the respondent. A copy of the order shall be delivered in all cases to the attorney general and any other public officers whom the commission considers proper.

If, upon all the evidence presented at a hearing under division (B) of this section on a charge, the commission finds that a respondent has not engaged in any unlawful discriminatory practice against the complainant or others, it may award to the respondent reasonable attorney's fees to the extent provided in 5 U.S.C. 504 and accompanying regulations.

(I) Until the time period for appeal set forth in division (H) of section 4112.06 of the Revised Code expires, the commission, subject to the provisions of Chapter 119. of the Revised Code, at any time, upon reasonable notice, and in the manner it considers proper, may modify or set aside, in whole or in part, any finding or order made by it under this section.

Sec. 4141.29. Each eligible individual shall receive benefits as compensation for loss of remuneration due to involuntary total or partial unemployment in the amounts and subject to the conditions stipulated in this chapter.

(A) No individual is entitled to a waiting period or benefits for any week unless the individual:

(1) Has filed a valid application for determination of benefit rights in accordance with section 4141.28 of the Revised Code;

(2) Has made a claim for benefits in accordance with section 4141.28 of

the Revised Code;

(3)(a) Has registered for work and thereafter continues to report to an employment office or other registration place maintained or designated by the director of job and family services. Registration shall be made in accordance with the time limits, frequency, and manner prescribed by the director.

(b) For purposes of division (A)(3) of this section, an individual has "registered" upon doing any of the following:

(i) Filing an application for benefit rights;

(ii) Making a weekly claim for benefits;

(iii) Reopening an existing claim following a period of employment or nonreporting.

(c) After an applicant is registered, that registration continues for a period of three calendar weeks, including the week during which the applicant registered. However, an individual is not registered for purposes of division (A)(3) of this section during any period in which the individual fails to report, as instructed by the director, or fails to reopen an existing claim following a period of employment.

(d) The director may, for good cause, extend the period of registration.

(e) For purposes of this section, "report" means contact by phone, access electronically, or be present for an in-person appointment, as designated by the director.

(4)(a)(i) Is able to work and available for suitable work and, except as provided in division (A)(4)(a)(ii) or (iii) of this section, is actively seeking suitable work either in a locality in which the individual has earned wages subject to this chapter during the individual's base period, or if the individual leaves that locality, then in a locality where suitable work normally is performed.

(ii) The director may waive the requirement that a claimant be actively seeking work when the director finds that the individual has been laid off and the employer who laid the individual off has notified the director within ten days after the layoff, that work is expected to be available for the individual within a specified number of days not to exceed forty-five calendar days following the last day the individual worked. In the event the individual is not recalled within the specified period, this waiver shall cease to be operative with respect to that layoff.

(iii) The director may waive the requirement that a claimant be actively seeking work if the director determines that the individual has been laid off and the employer who laid the individual off has notified the director in accordance with division (C) of section 4141.28 of the Revised Code that

the employer has closed the employer's entire plant or part of the employer's plant for a purpose other than inventory or vacation that will cause unemployment for a definite period not exceeding twenty-six weeks beginning on the date the employer notifies the director, for the period of the specific shutdown, if all of the following apply:

(I) The employer and the individuals affected by the layoff who are claiming benefits under this chapter jointly request the exemption.

(II) The employer provides that the affected individuals shall return to work for the employer within twenty-six weeks after the date the employer notifies the director.

(III) The director determines that the waiver of the active search for work requirement will promote productivity and economic stability within the state.

(iv) Division (A)(4)(a)(iii) of this section does not exempt an individual from meeting the other requirements specified in division (A)(4)(a)(i) of this section to be able to work and otherwise fully be available for work. An exemption granted under division (A)(4)(a)(iii) of this section may be granted only with respect to a specific plant closing.

(b)(i) The individual shall be instructed as to the efforts that the individual must make in the search for suitable work, including that, within six months after October 11, 2013, the individual shall register with the OhioMeansJobs web site, except in any of the following circumstances:

(I) The individual is an individual described in division (A)(4)(b)(iii) of this section;

(II) Where the active search for work requirement has been waived under division (A)(4)(a) of this section;

(III) Where the active search for work requirement is considered to be met under division (A)(4)(c), (d), or (e) of this section.

(ii) An individual who is registered with the OhioMeansJobs web site shall receive a weekly listing of available jobs based on information provided by the individual at the time of registration. For each week that the individual claims benefits, the individual shall keep a record of the individual's work search efforts and shall produce that record in the manner and means prescribed by the director.

(iii) No individual shall be required to register with the OhioMeansJobs web site if the individual is legally prohibited from using a computer, has a physical or visual impairment that makes the individual unable to use a computer, or has a limited ability to read, write, speak, or understand a language in which the OhioMeansJobs web site is available.

(iv) As used in division (A)(4)(b) of this section:

(I) "OhioMeansJobs web site" ~~means the electronic job placement system operated by the state~~ has the same meaning as in section 6301.01 of the Revised Code.

(II) "Registration" includes the creation, electronic posting, and maintenance of an active, searchable resume.

(c) An individual who is attending a training course approved by the director meets the requirement of this division, if attendance was recommended by the director and the individual is regularly attending the course and is making satisfactory progress. An individual also meets the requirements of this division if the individual is participating and advancing in a training program, as defined in division (P) of section 5709.61 of the Revised Code, and if an enterprise, defined in division (B) of section 5709.61 of the Revised Code, is paying all or part of the cost of the individual's participation in the training program with the intention of hiring the individual for employment as a new employee, as defined in division (L) of section 5709.61 of the Revised Code, for at least ninety days after the individual's completion of the training program.

(d) An individual who becomes unemployed while attending a regularly established school and whose base period qualifying weeks were earned in whole or in part while attending that school, meets the availability and active search for work requirements of division (A)(4)(a) of this section if the individual regularly attends the school during weeks with respect to which the individual claims unemployment benefits and makes self available on any shift of hours for suitable employment with the individual's most recent employer or any other employer in the individual's base period, or for any other suitable employment to which the individual is directed, under this chapter.

(e) An individual who is a member in good standing with a labor organization that refers individuals to jobs meets the active search for work requirement specified in division (A)(4)(a) of this section if the individual provides documentation that the individual is eligible for a referral or placement upon request and in a manner prescribed by the director.

(f) Notwithstanding any other provisions of this section, no otherwise eligible individual shall be denied benefits for any week because the individual is in training approved under section 236(a)(1) of the "Trade Act of 1974," 88 Stat. 1978, 19 U.S.C.A. 2296, nor shall that individual be denied benefits by reason of leaving work to enter such training, provided the work left is not suitable employment, or because of the application to any week in training of provisions in this chapter, or any applicable federal unemployment compensation law, relating to availability for work, active

search for work, or refusal to accept work.

For the purposes of division (A)(4)(f) of this section, "suitable employment" means with respect to an individual, work of a substantially equal or higher skill level than the individual's past adversely affected employment, as defined for the purposes of the "Trade Act of 1974," 88 Stat. 1978, 19 U.S.C.A. 2101, and wages for such work at not less than eighty per cent of the individual's average weekly wage as determined for the purposes of that federal act.

(5) Is unable to obtain suitable work. An individual who is provided temporary work assignments by the individual's employer under agreed terms and conditions of employment, and who is required pursuant to those terms and conditions to inquire with the individual's employer for available work assignments upon the conclusion of each work assignment, is not considered unable to obtain suitable employment if suitable work assignments are available with the employer but the individual fails to contact the employer to inquire about work assignments.

(6) Participates in reemployment services, such as job search assistance services, if the individual has been determined to be likely to exhaust benefits under this chapter, including compensation payable pursuant to 5 U.S.C.A. Chapter 85, other than extended compensation, and needs reemployment services pursuant to the profiling system established by the director under division (K) of this section, unless the director determines that:

(a) The individual has completed such services; or

(b) There is justifiable cause for the claimant's failure to participate in such services.

Ineligibility for failure to participate in reemployment services as described in division (A)(6) of this section shall be for the week or weeks in which the claimant was scheduled and failed to participate without justifiable cause.

(7) Participates in the reemployment and eligibility assessment program, or other reemployment services, as required by the director. As used in division (A)(7) of this section, "reemployment services" includes job search assistance activities, skills assessments, and the provision of labor market statistics or analysis.

(a) For purposes of division (A)(7) of this section, participation is required unless the director determines that either of the following circumstances applies to the individual:

(i) The individual has completed similar services.

(ii) Justifiable cause exists for the failure of the individual to participate

in those services.

(b) Within six months after October 11, 2013, notwithstanding any earlier contact an individual may have had with a local ~~one-stop-county office~~ OhioMeansJobs center, ~~including as described~~ defined in section ~~6301.08~~ 6301.01 of the Revised Code, beginning with the eighth week after the week during which an individual first files a valid application for determination of benefit rights in the individual's benefit year, the individual shall report to a local ~~one-stop-county office~~ OhioMeansJobs center for reemployment services in the manner prescribed by the director.

(c) An individual whose active search for work requirement has been waived under division (A)(4)(a) of this section or is considered to be satisfied under division (A)(4)(c), (d), or (e) of this section is exempt from the requirements of division (A)(7) of this section.

(B) An individual suffering total or partial unemployment is eligible for benefits for unemployment occurring subsequent to a waiting period of one week and no benefits shall be payable during this required waiting period. Not more than one week of waiting period shall be required of any individual in any benefit year in order to establish the individual's eligibility for total or partial unemployment benefits.

(C) The waiting period for total or partial unemployment shall commence on the first day of the first week with respect to which the individual first files a claim for benefits at an employment office or other place of registration maintained or designated by the director or on the first day of the first week with respect to which the individual has otherwise filed a claim for benefits in accordance with the rules of the department of job and family services, provided such claim is allowed by the director.

(D) Notwithstanding division (A) of this section, no individual may serve a waiting period or be paid benefits under the following conditions:

(1) For any week with respect to which the director finds that:

(a) The individual's unemployment was due to a labor dispute other than a lockout at any factory, establishment, or other premises located in this or any other state and owned or operated by the employer by which the individual is or was last employed; and for so long as the individual's unemployment is due to such labor dispute. No individual shall be disqualified under this provision if either of the following applies:

(i) The individual's employment was with such employer at any factory, establishment, or premises located in this state, owned or operated by such employer, other than the factory, establishment, or premises at which the labor dispute exists, if it is shown that the individual is not financing, participating in, or directly interested in such labor dispute;

(ii) The individual's employment was with an employer not involved in the labor dispute but whose place of business was located within the same premises as the employer engaged in the dispute, unless the individual's employer is a wholly owned subsidiary of the employer engaged in the dispute, or unless the individual actively participates in or voluntarily stops work because of such dispute. If it is established that the claimant was laid off for an indefinite period and not recalled to work prior to the dispute, or was separated by the employer prior to the dispute for reasons other than the labor dispute, or that the individual obtained a bona fide job with another employer while the dispute was still in progress, such labor dispute shall not render the employee ineligible for benefits.

(b) The individual has been given a disciplinary layoff for misconduct in connection with the individual's work.

(2) For the duration of the individual's unemployment if the director finds that:

(a) The individual quit work without just cause or has been discharged for just cause in connection with the individual's work, provided division (D)(2) of this section does not apply to the separation of a person under any of the following circumstances:

(i) Separation from employment for the purpose of entering the armed forces of the United States if the individual is inducted into the armed forces within one of the following periods:

(I) Thirty days after separation;

(II) One hundred eighty days after separation if the individual's date of induction is delayed solely at the discretion of the armed forces.

(ii) Separation from employment pursuant to a labor-management contract or agreement, or pursuant to an established employer plan, program, or policy, which permits the employee, because of lack of work, to accept a separation from employment;

(iii) The individual has left employment to accept a recall from a prior employer or, except as provided in division (D)(2)(a)(iv) of this section, to accept other employment as provided under section 4141.291 of the Revised Code, or left or was separated from employment that was concurrent employment at the time of the most recent separation or within six weeks prior to the most recent separation where the remuneration, hours, or other conditions of such concurrent employment were substantially less favorable than the individual's most recent employment and where such employment, if offered as new work, would be considered not suitable under the provisions of divisions (E) and (F) of this section. Any benefits that would otherwise be chargeable to the account of the employer from whom an

individual has left employment or was separated from employment that was concurrent employment under conditions described in division (D)(2)(a)(iii) of this section, shall instead be charged to the mutualized account created by division (B) of section 4141.25 of the Revised Code, except that any benefits chargeable to the account of a reimbursing employer under division (D)(2)(a)(iii) of this section shall be charged to the account of the reimbursing employer and not to the mutualized account, except as provided in division (D)(2) of section 4141.24 of the Revised Code.

(iv) When an individual has been issued a definite layoff date by the individual's employer and before the layoff date, the individual quits to accept other employment, the provisions of division (D)(2)(a)(iii) of this section apply and no disqualification shall be imposed under division (D) of this section. However, if the individual fails to meet the employment and earnings requirements of division (A)(2) of section 4141.291 of the Revised Code, then the individual, pursuant to division (A)(5) of this section, shall be ineligible for benefits for any week of unemployment that occurs prior to the layoff date.

(b) The individual has refused without good cause to accept an offer of suitable work when made by an employer either in person or to the individual's last known address, or has refused or failed to investigate a referral to suitable work when directed to do so by a local employment office of this state or another state, provided that this division shall not cause a disqualification for a waiting week or benefits under the following circumstances:

(i) When work is offered by the individual's employer and the individual is not required to accept the offer pursuant to the terms of the labor-management contract or agreement; or

(ii) When the individual is attending a training course pursuant to division (A)(4) of this section except, in the event of a refusal to accept an offer of suitable work or a refusal or failure to investigate a referral, benefits thereafter paid to such individual shall not be charged to the account of any employer and, except as provided in division (B)(1)(b) of section 4141.241 of the Revised Code, shall be charged to the mutualized account as provided in division (B) of section 4141.25 of the Revised Code.

(c) Such individual quit work to marry or because of marital, parental, filial, or other domestic obligations.

(d) The individual became unemployed by reason of commitment to any correctional institution.

(e) The individual became unemployed because of dishonesty in connection with the individual's most recent or any base period work.

Remuneration earned in such work shall be excluded from the individual's total base period remuneration and qualifying weeks that otherwise would be credited to the individual for such work in the individual's base period shall not be credited for the purpose of determining the total benefits to which the individual is eligible and the weekly benefit amount to be paid under section 4141.30 of the Revised Code. Such excluded remuneration and noncredited qualifying weeks shall be excluded from the calculation of the maximum amount to be charged, under division (D) of section 4141.24 and section 4141.33 of the Revised Code, against the accounts of the individual's base period employers. In addition, no benefits shall thereafter be paid to the individual based upon such excluded remuneration or noncredited qualifying weeks.

For purposes of division (D)(2)(e) of this section, "dishonesty" means the commission of substantive theft, fraud, or deceitful acts.

(E) No individual otherwise qualified to receive benefits shall lose the right to benefits by reason of a refusal to accept new work if:

(1) As a condition of being so employed the individual would be required to join a company union, or to resign from or refrain from joining any bona fide labor organization, or would be denied the right to retain membership in and observe the lawful rules of any such organization.

(2) The position offered is vacant due directly to a strike, lockout, or other labor dispute.

(3) The work is at an unreasonable distance from the individual's residence, having regard to the character of the work the individual has been accustomed to do, and travel to the place of work involves expenses substantially greater than that required for the individual's former work, unless the expense is provided for.

(4) The remuneration, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality.

(F) Subject to the special exceptions contained in division (A)(4)(f) of this section and section 4141.301 of the Revised Code, in determining whether any work is suitable for a claimant in the administration of this chapter, the director, in addition to the determination required under division (E) of this section, shall consider the degree of risk to the claimant's health, safety, and morals, the individual's physical fitness for the work, the individual's prior training and experience, the length of the individual's unemployment, the distance of the available work from the individual's residence, and the individual's prospects for obtaining local work.

(G) The "duration of unemployment" as used in this section means the

full period of unemployment next ensuing after a separation from any base period or subsequent work and until an individual has become reemployed in employment subject to this chapter, or the unemployment compensation act of another state, or of the United States, and until such individual has worked six weeks and for those weeks has earned or been paid remuneration equal to six times an average weekly wage of not less than: eighty-five dollars and ten cents per week beginning on June 26, 1990; and beginning on and after January 1, 1992, twenty-seven and one-half per cent of the statewide average weekly wage as computed each first day of January under division (B)(3) of section 4141.30 of the Revised Code, rounded down to the nearest dollar, except for purposes of division (D)(2)(c) of this section, such term means the full period of unemployment next ensuing after a separation from such work and until such individual has become reemployed subject to the terms set forth above, and has earned wages equal to one-half of the individual's average weekly wage or sixty dollars, whichever is less.

(H) If a claimant is disqualified under division (D)(2)(a), (c), or (d) of this section or found to be qualified under the exceptions provided in division (D)(2)(a)(i), (iii), or (iv) of this section or division (A)(2) of section 4141.291 of the Revised Code, then benefits that may become payable to such claimant, which are chargeable to the account of the employer from whom the individual was separated under such conditions, shall be charged to the mutualized account provided in section 4141.25 of the Revised Code, provided that no charge shall be made to the mutualized account for benefits chargeable to a reimbursing employer, except as provided in division (D)(2) of section 4141.24 of the Revised Code. In the case of a reimbursing employer, the director shall refund or credit to the account of the reimbursing employer any over-paid benefits that are recovered under division (B) of section 4141.35 of the Revised Code. Amounts chargeable to other states, the United States, or Canada that are subject to agreements and arrangements that are established pursuant to section 4141.43 of the Revised Code shall be credited or reimbursed according to the agreements and arrangements to which the chargeable amounts are subject.

(I)(1) Benefits based on service in employment as provided in divisions (B)(2)(a) and (b) of section 4141.01 of the Revised Code shall be payable in the same amount, on the same terms, and subject to the same conditions as benefits payable on the basis of other service subject to this chapter; except that after December 31, 1977:

(a) Benefits based on service in an instructional, research, or principal administrative capacity in an institution of higher education, as defined in

division (Y) of section 4141.01 of the Revised Code; or for an educational institution as defined in division (CC) of section 4141.01 of the Revised Code, shall not be paid to any individual for any week of unemployment that begins during the period between two successive academic years or terms, or during a similar period between two regular but not successive terms or during a period of paid sabbatical leave provided for in the individual's contract, if the individual performs such services in the first of those academic years or terms and has a contract or a reasonable assurance that the individual will perform services in any such capacity for any such institution in the second of those academic years or terms.

(b) Benefits based on service for an educational institution or an institution of higher education in other than an instructional, research, or principal administrative capacity, shall not be paid to any individual for any week of unemployment which begins during the period between two successive academic years or terms of the employing educational institution or institution of higher education, provided the individual performed those services for the educational institution or institution of higher education during the first such academic year or term and, there is a reasonable assurance that such individual will perform those services for any educational institution or institution of higher education in the second of such academic years or terms.

If compensation is denied to any individual for any week under division (I)(1)(b) of this section and the individual was not offered an opportunity to perform those services for an institution of higher education or for an educational institution for the second of such academic years or terms, the individual is entitled to a retroactive payment of compensation for each week for which the individual timely filed a claim for compensation and for which compensation was denied solely by reason of division (I)(1)(b) of this section. An application for retroactive benefits shall be timely filed if received by the director or the director's deputy within or prior to the end of the fourth full calendar week after the end of the period for which benefits were denied because of reasonable assurance of employment. The provision for the payment of retroactive benefits under division (I)(1)(b) of this section is applicable to weeks of unemployment beginning on and after November 18, 1983. The provisions under division (I)(1)(b) of this section shall be retroactive to September 5, 1982, only if, as a condition for full tax credit against the tax imposed by the "Federal Unemployment Tax Act," 53 Stat. 183 (1939), 26 U.S.C.A. 3301 to 3311, the United States secretary of labor determines that retroactivity is required by federal law.

(c) With respect to weeks of unemployment beginning after December

31, 1977, benefits shall be denied to any individual for any week which commences during an established and customary vacation period or holiday recess, if the individual performs any services described in divisions (I)(1)(a) and (b) of this section in the period immediately before the vacation period or holiday recess, and there is a reasonable assurance that the individual will perform any such services in the period immediately following the vacation period or holiday recess.

(d) With respect to any services described in division (I)(1)(a), (b), or (c) of this section, benefits payable on the basis of services in any such capacity shall be denied as specified in division (I)(1)(a), (b), or (c) of this section to any individual who performs such services in an educational institution or institution of higher education while in the employ of an educational service agency. For this purpose, the term "educational service agency" means a governmental agency or governmental entity that is established and operated exclusively for the purpose of providing services to one or more educational institutions or one or more institutions of higher education.

(e) Any individual employed by a county board of developmental disabilities shall be notified by the thirtieth day of April each year if the individual is not to be reemployed the following academic year.

(f) Any individual employed by a school district, other than a municipal school district as defined in section 3311.71 of the Revised Code, shall be notified by the first day of June each year if the individual is not to be reemployed the following academic year.

(2) No disqualification will be imposed, between academic years or terms or during a vacation period or holiday recess under this division, unless the director or the director's deputy has received a statement in writing from the educational institution or institution of higher education that the claimant has a contract for, or a reasonable assurance of, reemployment for the ensuing academic year or term.

(3) If an individual has employment with an educational institution or an institution of higher education and employment with a noneducational employer, during the base period of the individual's benefit year, then the individual may become eligible for benefits during the between-term, or vacation or holiday recess, disqualification period, based on employment performed for the noneducational employer, provided that the employment is sufficient to qualify the individual for benefit rights separately from the benefit rights based on school employment. The weekly benefit amount and maximum benefits payable during a disqualification period shall be computed based solely on the nonschool employment.

(J) Benefits shall not be paid on the basis of employment performed by an alien, unless the alien had been lawfully admitted to the United States for permanent residence at the time the services were performed, was lawfully present for purposes of performing the services, or was otherwise permanently residing in the United States under color of law at the time the services were performed, under section 212(d)(5) of the "Immigration and Nationality Act," 66 Stat. 163, 8 U.S.C.A. 1101:

(1) Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status shall be uniformly required from all applicants for benefits.

(2) In the case of an individual whose application for benefits would otherwise be approved, no determination that benefits to the individual are not payable because of the individual's alien status shall be made except upon a preponderance of the evidence that the individual had not, in fact, been lawfully admitted to the United States.

(K) The director shall establish and utilize a system of profiling all new claimants under this chapter that:

(1) Identifies which claimants will be likely to exhaust regular compensation and will need job search assistance services to make a successful transition to new employment;

(2) Refers claimants identified pursuant to division (K)(1) of this section to reemployment services, such as job search assistance services, available under any state or federal law;

(3) Collects follow-up information relating to the services received by such claimants and the employment outcomes for such claimant's subsequent to receiving such services and utilizes such information in making identifications pursuant to division (K)(1) of this section; and

(4) Meets such other requirements as the United States secretary of labor determines are appropriate.

(L) Except as otherwise provided in division (A)(6) of this section, ineligibility pursuant to division (A) of this section shall begin on the first day of the week in which the claimant becomes ineligible for benefits and shall end on the last day of the week preceding the week in which the claimant satisfies the eligibility requirements.

(M) The director may adopt rules that the director considers necessary for the administration of division (A) of this section.

Sec. 4141.43. (A) The director of job and family services may cooperate with the industrial commission, the bureau of workers' compensation, the United States internal revenue service, the United States employment service, and other similar departments and agencies, as determined by the

director, in the exchange or disclosure of information as to wages, employment, payrolls, unemployment, and other information. The director may employ, jointly with one or more of such agencies or departments, auditors, examiners, inspectors, and other employees necessary for the administration of this chapter and employment and training services for workers in the state.

(B) The director may make the state's record relating to the administration of this chapter available to the railroad retirement board and may furnish the board at the board's expense such copies thereof as the board deems necessary for its purposes.

(C) The director may afford reasonable cooperation with every agency of the United States charged with the administration of any unemployment compensation law.

(D) The director may enter into arrangements with the appropriate agencies of other states or of the United States or Canada whereby individuals performing services in this and other states for a single employer under circumstances not specifically provided for in division (B) of section 4141.01 of the Revised Code or in similar provisions in the unemployment compensation laws of such other states shall be deemed to be engaged in employment performed entirely within this state or within one of such other states or within Canada, and whereby potential rights to benefits accumulated under the unemployment compensation laws of several states or under such a law of the United States, or both, or of Canada may constitute the basis for the payment of benefits through a single appropriate agency under terms that the director finds will be fair and reasonable as to all affected interests and will not result in any substantial loss to the unemployment compensation fund.

(E) The director may enter into agreements with the appropriate agencies of other states or of the United States or Canada:

(1) Whereby services or wages upon the basis of which an individual may become entitled to benefits under the unemployment compensation law of another state or of the United States or Canada shall be deemed to be employment or wages for employment by employers for the purposes of qualifying claimants for benefits under this chapter, and the director may estimate the number of weeks of employment represented by the wages reported to the director for such claimants by such other agency, provided such other state agency or agency of the United States or Canada has agreed to reimburse the unemployment compensation fund for such portion of benefits paid under this chapter upon the basis of such services or wages as the director finds will be fair and reasonable as to all affected interests;

(2) Whereby the director will reimburse other state or federal or Canadian agencies charged with the administration of unemployment compensation laws with such reasonable portion of benefits, paid under the law of such other states or of the United States or of Canada upon the basis of employment or wages for employment by employers, as the director finds will be fair and reasonable as to all affected interests. Reimbursements so payable shall be deemed to be benefits for the purpose of section 4141.09 and division (A) of section 4141.30 of the Revised Code. However, no reimbursement so payable shall be charged against any employer's account for the purposes of section 4141.24 of the Revised Code if the employer's account, under the same or similar circumstances, with respect to benefits charged under the provisions of this chapter, other than this section, would not be charged or, if the claimant at the time the claimant files the combined wage claim cannot establish benefit rights under this chapter. This noncharging shall not be applicable to a nonprofit organization that has elected to make payments in lieu of contributions under section 4141.241 of the Revised Code, except as provided in division (D)(2) of section 4141.24 of the Revised Code. The director may make to other state or federal or Canadian agencies and receive from such other state or federal or Canadian agencies reimbursements from or to the unemployment compensation fund, in accordance with arrangements pursuant to this section.

(3) Notwithstanding division (B)(2)(f) of section 4141.01 of the Revised Code, the director may enter into agreements with other states whereby services performed for a crew leader, as defined in division (BB) of section 4141.01 of the Revised Code, may be covered in the state in which the crew leader either:

(a) Has the crew leader's place of business or from which the crew leader's business is operated or controlled;

(b) Resides if the crew leader has no place of business in any state.

(F) The director may apply for an advance to the unemployment compensation fund and do all things necessary or required to obtain such advance and arrange for the repayment of such advance in accordance with Title XII of the "Social Security Act" as amended.

(G) The director may enter into reciprocal agreements or arrangements with the appropriate agencies of other states in regard to services on vessels engaged in interstate or foreign commerce whereby such services for a single employer, wherever performed, shall be deemed performed within this state or within such other states.

(H) The director shall participate in any arrangements for the payment of compensation on the basis of combining an individual's wages and

employment, covered under this chapter, with the individual's wages and employment covered under the unemployment compensation laws of other states which are approved by the United States secretary of labor in consultation with the state unemployment compensation agencies as reasonably calculated to assure the prompt and full payment of compensation in such situations and which include provisions for:

(1) Applying the base period of a single state law to a claim involving the combining of an individual's wages and employment covered under two or more state unemployment compensation laws, and

(2) Avoiding the duplicate use of wages and employment by reason of such combining.

(I) The director shall cooperate with the United States department of labor to the fullest extent consistent with this chapter, and shall take such action, through the adoption of appropriate rules, regulations, and administrative methods and standards, as may be necessary to secure to this state and its citizens all advantages available under the provisions of the "Social Security Act" that relate to unemployment compensation, the "Federal Unemployment Tax Act," (1970) 84 Stat. 713, 26 U.S.C.A. 3301 to 3311, the "Wagner-Peyser Act," (1933) 48 Stat. 113, 29 U.S.C.A. 49, ~~and~~ the "Federal-State Extended Unemployment Compensation Act of 1970," 84 Stat. 596, 26 U.S.C.A. 3306, and the ~~"Workforce Investment Act of 1998," 112 Stat. 936, 29 U.S.C.A. 2801 et seq~~ "Workforce Innovation and Opportunity Act," 29 U.S.C.A. 3101 et seq.

(J) The director may disclose wage information furnished to or maintained by the director under Chapter 4141. of the Revised Code to a consumer reporting agency as defined by the "Fair Credit Reporting Act," 84 Stat. 1128, 15 U.S.C.A. 1681a, as amended, for the purpose of verifying an individual's income under a written agreement that requires all of the following:

(1) A written statement of informed consent from the individual whose information is to be disclosed;

(2) A written statement confirming that the consumer reporting agency and any other entity to which the information is disclosed or released will safeguard the information from illegal or unauthorized disclosure;

(3) A written statement confirming that the consumer reporting agency will pay to the bureau all costs associated with the disclosure.

The director shall prescribe a manner and format in which this information may be provided.

(K) The director shall adopt rules defining the requirements of the release of individual income verification information specified in division

(J) of this section, which shall include all terms and conditions necessary to meet the requirements of federal law as interpreted by the United States department of labor or considered necessary by the director for the proper administration of this division.

(L) The director shall disclose information furnished to or maintained by the director under this chapter upon request and on a reimbursable basis as required by section 303 of the "Social Security Act," 42 U.S.C.A. 503, and section 3304 of the "Internal Revenue Code," 26 U.S.C.A. 3304.

With regard to the minimum prices at which various classes of bottled wine are sold in the state at retail, the commission shall allow a retail permit holder to offer to a personal consumer a ten per cent discount off the per-bottle retail sale price on each bottle included in a case of that wine that is offered for sale.

Sec. 4503.066. (A)(1) To obtain a tax reduction under section 4503.065 of the Revised Code, the owner of the home shall file an application with the county auditor of the county in which the home is located. An application for reduction in taxes based upon a physical disability shall be accompanied by a certificate signed by a physician, and an application for reduction in taxes based upon a mental disability shall be accompanied by a certificate signed by a physician or psychologist licensed to practice in this state. The certificate shall attest to the fact that the applicant is permanently and totally disabled, shall be in a form that the department of taxation requires, and shall include the definition of totally and permanently disabled as set forth in section 4503.064 of the Revised Code. An application for reduction in taxes based upon a disability certified as permanent and total by a state or federal agency having the function of so classifying persons shall be accompanied by a certificate from that agency. An application by a disabled veteran for the reduction under division (B) of section 4503.065 of the Revised Code shall be accompanied by a letter or other written confirmation from the United States department of veterans affairs, or its predecessor or successor agency, showing that the veteran qualifies as a disabled veteran.

(2) Each application shall constitute a continuing application for a reduction in taxes for each year in which the manufactured or mobile home is occupied by the applicant. Failure to receive a new application or notification under division (B) of this section after an application for reduction has been approved is prima-facie evidence that the original applicant is entitled to the reduction calculated on the basis of the information contained in the original application. The original application and any subsequent application shall be in the form of a signed statement and shall be filed ~~not later than the first Monday in June~~ on or before the thirty-first day of December of the year for which the reduction is sought. The statement shall be on a form, devised and supplied by the tax commissioner, that shall require no more information than is necessary to establish the applicant's eligibility for the reduction in taxes and the amount of the reduction to which the applicant is entitled. The form shall contain a statement that signing such application constitutes a delegation of authority by the applicant to the tax commissioner or the county auditor, individually

or in consultation with each other, to examine any tax or financial records that relate to the income of the applicant as stated on the application for the purpose of determining eligibility under, or possible violation of, division (C) or (D) of this section. The form also shall contain a statement that conviction of willfully falsifying information to obtain a reduction in taxes or failing to comply with division (B) of this section shall result in the revocation of the right to the reduction for a period of three years.

If an application filed for the current tax year is approved after the taxes have been paid for the current year, the amount of the reduction in taxes for the current year shall be treated as an overpayment of taxes in the same manner as a late application under division (A)(3) of this section.

(3) A late application for a reduction in taxes for the year preceding the year for which an original application is filed may be filed with an original application. If the auditor determines that the information contained in the late application is correct, the auditor shall determine both the amount of the reduction in taxes to which the applicant would have been entitled for the current tax year had the application been timely filed and approved in the preceding year, and the amount the taxes levied under section 4503.06 of the Revised Code for the current year would have been reduced as a result of the reduction. When an applicant is permanently and totally disabled on the first day of January of the year in which the applicant files a late application, the auditor, in making the determination of the amounts of the reduction in taxes under division (A)(3) of this section, is not required to determine that the applicant was permanently and totally disabled on the first day of January of the preceding year.

The amount of the reduction in taxes pursuant to a late application shall be treated as an overpayment of taxes by the applicant. The auditor shall credit the amount of the overpayment against the amount of the taxes or penalties then due from the applicant, and, at the next succeeding settlement, the amount of the credit shall be deducted from the amount of any taxes or penalties distributable to the county or any taxing unit in the county that has received the benefit of the taxes or penalties previously overpaid, in proportion to the benefits previously received. If, after the credit has been made, there remains a balance of the overpayment, or if there are no taxes or penalties due from the applicant, the auditor shall refund that balance to the applicant by a warrant drawn on the county treasurer in favor of the applicant. The treasurer shall pay the warrant from the general fund of the county. If there is insufficient money in the general fund to make the payment, the treasurer shall pay the warrant out of any undivided manufactured or mobile home taxes subsequently received by the treasurer

for distribution to the county or taxing district in the county that received the benefit of the overpaid taxes, in proportion to the benefits previously received, and the amount paid from the undivided funds shall be deducted from the money otherwise distributable to the county or taxing district in the county at the next or any succeeding distribution. At the next or any succeeding distribution after making the refund, the treasurer shall reimburse the general fund for any payment made from that fund by deducting the amount of that payment from the money distributable to the county or other taxing unit in the county that has received the benefit of the taxes, in proportion to the benefits previously received. ~~On the second Monday in September of each year, the~~ The county auditor shall certify the total amount of the reductions in taxes made in the current year under division (A)(3) of this section to the tax commissioner who shall treat that amount as a reduction in taxes for the current tax year and shall make reimbursement to the county of that amount in the manner prescribed in section 4503.068 of the Revised Code, from moneys appropriated for that purpose.

(B) If in any year for which an application for reduction in taxes has been approved the owner no longer qualifies for the reduction, the owner shall notify the county auditor that the owner is not qualified for a reduction in taxes.

During ~~January~~ February of each year, the county auditor shall furnish each person whose application for reduction has been approved, by ordinary mail, a form on which to report any changes in total income, ownership, occupancy, disability, and other information earlier furnished the auditor relative to the application. The form shall be completed and returned to the auditor not later than the ~~first Monday in June~~ thirty-first day of December if the changes would affect the person's eligibility for the reduction.

(C) No person shall knowingly make a false statement for the purpose of obtaining a reduction in taxes under section 4503.065 of the Revised Code.

(D) No person shall knowingly fail to notify the county auditor of any change required by division (B) of this section that has the effect of maintaining or securing a reduction in taxes under section 4503.065 of the Revised Code.

(E) No person shall knowingly make a false statement or certification attesting to any person's physical or mental condition for purposes of qualifying such person for tax relief pursuant to sections 4503.064 to 4503.069 of the Revised Code.

(F) Whoever violates division (C), (D), or (E) of this section is guilty of

a misdemeanor of the fourth degree.

Sec. 4503.08. (A) The weight of all motor vehicles, except those taxed under ~~section~~ sections 4503.042 and 4503.65 of the Revised Code, shall be the weight of the vehicle fully equipped as determined on a standard scale. The weight of any machinery mounted upon or affixed to a motor vehicle and not inherently motor vehicle equipment shall not be included in the determination of the total weight.

(B) The horsepower of all vehicles propelled by internal combustion engines shall be computed upon the following formula: square the diameter of the cylinder measured in inches, multiply by the number of cylinders, and divide by two and one half. For all motor vehicles propelled by steam engines, the rating of the horsepower shall be based on the system of rating adopted by the United States government.

(C) For all motor vehicles propelled by electricity, the rating of the horsepower shall be the normal horsepower of the electric motor therein, to be ascertained by the registrar of motor vehicles.

Sec. 4503.10. (A) The owner of every snowmobile, off-highway motorcycle, and all-purpose vehicle required to be registered under section 4519.02 of the Revised Code shall file an application for registration under section 4519.03 of the Revised Code. The owner of a motor vehicle, other than a snowmobile, off-highway motorcycle, or all-purpose vehicle, that is not designed and constructed by the manufacturer for operation on a street or highway may not register it under this chapter except upon certification of inspection pursuant to section 4513.02 of the Revised Code by the sheriff, or the chief of police of the municipal corporation or township, with jurisdiction over the political subdivision in which the owner of the motor vehicle resides. A motor vehicle owner also may elect to apply for or renew a motor

(2) The name and residence address of the owner, and the township and municipal corporation in which the owner resides;

(3) The district of registration, which shall be determined as follows:

An applicant is not required to present a certificate of title to an electronic motor vehicle dealer acting as a limited authority deputy registrar in accordance with rules adopted by the registrar. When a motor vehicle inspection and maintenance program is in effect under section 3704.14 of the Revised Code and rules adopted under it, each application for registration for a vehicle required to be inspected under that section and those rules shall be accompanied by an inspection certificate for the motor vehicle issued in accordance with that section. The application shall be refused if any of the following applies:

When a certificate of registration is issued upon the first registration of a motor vehicle by or on behalf of the owner, the official issuing the certificate shall indicate the issuance with a stamp on the certificate of title or memorandum certificate or, in the case of an electronic certificate of title, an electronic stamp or other notation as specified in rules

adopted by the registrar, and with a stamp on the inspection certificate for the motor vehicle, if any. The official also shall indicate, by a stamp or by other means the registrar prescribes, on the registration certificate issued upon the first registration of a motor vehicle by or on behalf of the owner the odometer reading of the motor vehicle as shown in the odometer statement included in or attached to the certificate of title. Upon each subsequent registration of the motor vehicle by or on behalf of the same owner, the official also shall so indicate the odometer reading of the motor vehicle as shown on the immediately preceding certificate of registration.

The registrar shall include in the permanent registration record of any vehicle required to be inspected under section 3704.14 of the Revised Code the inspection certificate number from the inspection certificate that is presented at the time of registration of the vehicle as required under this division.

For vehicles specified in divisions (A)(1) to (21) of section 4503.042 of the Revised Code, the registrar and deputy registrar shall collect an additional fee of thirty dollars for each application for registration and registration renewal received. No additional fee shall be charged for vehicles registered under section 4503.65 of the Revised Code. The additional fee is for the purpose of defraying the department of public safety's costs associated with the administration and enforcement of the motor vehicle and traffic laws of Ohio. Each deputy registrar shall transmit the fees collected under division (C)(1) of this section in the time and manner provided in this section. The registrar shall deposit all moneys received under division (C)(1) of this section into the public safety - highway purposes fund established in section 4501.06 of the Revised Code.

(2) In addition, a charge of twenty-five cents shall be made for each reflectorized safety license plate issued, and a single charge of twenty-five cents shall be made for each county identification sticker or each set of county identification stickers issued, as the case may be, to cover the cost of producing the license plates and stickers, including material, manufacturing, and administrative costs. Those fees shall be in addition to the license tax. If the total cost of producing the plates is less than twenty-five cents per plate, or if the total cost of producing the stickers is less than twenty-five cents per sticker or per set issued, any excess moneys accruing from the fees shall be distributed in the same manner as provided by section 4501.04 of the Revised Code for the distribution of license tax moneys. If the total cost of

producing the plates exceeds twenty-five cents per plate, or if the total cost of producing the stickers exceeds twenty-five cents per sticker or per set issued, the difference shall be paid from the license tax moneys collected pursuant to section 4503.02 of the Revised Code.

(D) Each deputy registrar shall be allowed a fee equal to the amount established under section 4503.038 of the Revised Code for each application for registration and registration renewal notice the deputy registrar receives, which shall be for the purpose of compensating the deputy registrar for the deputy registrar's services, and such office and rental expenses, as may be necessary for the proper discharge of the deputy registrar's duties in the receiving of applications and renewal notices and the issuing of registrations.

(E) Upon the certification of the registrar, the county sheriff or local police officials shall recover license plates erroneously or fraudulently issued.

(F) Each deputy registrar, upon receipt of any application for registration or registration renewal notice, together with the license fee and any local motor vehicle license tax levied pursuant to Chapter 4504. of the Revised Code, shall transmit that fee and tax, if any, in the manner provided in this section, together with the original and duplicate copy of the application, to the registrar. The registrar, subject to the approval of the director of public safety, may deposit the funds collected by those deputies in a local bank or depository to the credit of the "state of Ohio, bureau of motor vehicles." Where a local bank or depository has been designated by the registrar, each deputy registrar shall deposit all moneys collected by the deputy registrar into that bank or depository not more than one business day after their collection and shall make reports to the registrar of the amounts so deposited, together with any other information, some of which may be prescribed by the treasurer of state, as the registrar may require and as prescribed by the registrar by rule. The registrar, within three days after receipt of notification of the deposit of funds by a deputy registrar in a local bank or depository, shall draw on that account in favor of the treasurer of state. The registrar, subject to the approval of the director and the treasurer of state, may make reasonable rules necessary for the prompt transmittal of fees and for safeguarding the interests of the state and of counties, townships, municipal corporations, and transportation improvement districts levying local motor vehicle license taxes. The registrar may pay service charges usually collected by banks and depositories for such service. If deputy registrars are located in communities where banking facilities are not available, they shall transmit the fees forthwith, by money order or

otherwise, as the registrar, by rule approved by the director and the treasurer of state, may prescribe. The registrar may pay the usual and customary fees for such service.

(G) This section does not prevent any person from making an application for a motor vehicle license directly to the registrar by mail, by electronic means, or in person at any of the registrar's offices, upon payment of a service fee equal to the amount established under section 4503.038 of the Revised Code for each application.

(H) No person shall make a false statement as to the district of registration in an application required by division (A) of this section. Violation of this division is falsification under section 2921.13 of the Revised Code and punishable as specified in that section.

(2)(a) The registrar shall adopt rules ensuring that each owner registering a motor vehicle in a county where a motor vehicle inspection and maintenance program is in effect under section 3704.14 of the Revised Code and rules adopted under it receives information about the requirements established in that section and those rules and about the need in those counties to present an inspection certificate with an application for registration or preregistration.

(b) Upon request, the registrar shall provide the director of environmental protection, or any person that has been awarded a contract under section 3704.14 of the Revised Code, an on-line computer data link to registration information for all passenger cars, noncommercial motor vehicles, and commercial cars that are subject to that section. The registrar also shall provide to the director of environmental protection a magnetic data tape containing registration information regarding passenger cars, noncommercial motor vehicles, and commercial cars for which a multi-year registration is in effect under section 4503.103 of the Revised Code or rules adopted under it, including, without limitation, the date of issuance of the multi-year registration, the registration deadline established under rules adopted under section 4503.101 of the Revised Code that was applicable in

the year in which the multi-year registration was issued, and the registration deadline for renewal of the multi-year registration.

(J) Subject to division (K) of this section, application for registration under the international registration plan, as set forth in sections 4503.60 to 4503.66 of the Revised Code, shall be made to the registrar on forms furnished by the registrar. In accordance with international registration plan guidelines and pursuant to rules adopted by the registrar, the forms shall include the following:

If the registrar determines that implementing such a program is feasible, the registrar shall adopt new rules under this division or amend existing rules adopted under this division as necessary in order to respond to advances in technology.

If international registration plan guidelines and provisions allow member jurisdictions to permit applications for registrations under the international registration plan to be made via the internet, the rules the registrar adopts under this division shall permit such action.

Sec. 4503.101. (A) The registrar of motor vehicles shall adopt rules to establish a system of motor vehicle registration based upon the type of vehicle to be registered, the type of ownership of the vehicle, the class of license plate to be issued, and any other factor the registrar determines to be relevant. Except for commercial cars, buses, trailers, and semitrailers that are registered in this state and that are taxed under ~~section~~ sections 4503.042 and 4503.65 of the Revised Code; except for rental vehicles owned by motor vehicle renting dealers; and except as otherwise provided by rule, motor vehicles owned by an individual shall be registered based upon the motor vehicle owner's date of birth. Beginning with the 2004 registration year, the registrar shall assign motor vehicles to the registration periods established by rules adopted under this section.

(B) The registrar shall adopt rules to permit motor vehicle owners residing together at one address to select the date of birth of any one of the owners as the date to register any or all of the vehicles at that residence address, as shown in the records of the bureau of motor vehicles.

To effect a reassignment from the registration period in effect on June 30, 2003, to the new registration periods established by the rules adopted under this section as amended, the rules may require the motor vehicle to be registered for more or less than a twelve-month period at the time the motor vehicle's registration is subject to its initial renewal following the effective date of such rules. If necessary to effect an efficient transition, the rules may provide that the registration reassignments take place over two consecutive registration periods. The registration taxes to be charged shall be determined by the registrar on the basis of the annual tax otherwise due on the motor vehicle, prorated in accordance with the number of months for which the motor vehicle is registered, except that the fee established by division (C)(1) of section 4503.10 of the Revised Code shall be collected in full for each renewal that occurs during the transition period and shall not be prorated.

(D) The registrar shall adopt rules to permit any commercial motor vehicle owner or motor vehicle renting dealer who owns two or more motor vehicles to request the registrar to permit the owner to separate the owner's fleet into up to four divisions for assignment to separate dates upon which to register the vehicles, provided that the registrar may disapprove any such request whenever the registrar has reason to believe that an uneven distribution of registrations throughout the calendar year has developed or is likely to develop.

(E) Every owner or lessee of a motor vehicle holding a certificate of registration shall notify the registrar of any change of the owner's or lessee's correct address within ten days after the change occurs. The notification shall be in writing on a form provided by the registrar or by electronic means approved by the registrar and shall include the full name, date of birth if applicable, license number, county of residence or place of business, social security account number of an individual or federal tax identification number of a business, and new address.

(c) Except as may otherwise be specifically provided by law, any license plate created after August 21, 1997.

(2) For purposes of license plates issued under sections 4503.503 and 4503.504 of the Revised Code, "sponsor" includes ~~the Ohio agriculture license plate scholarship fund board created in section 901.90 of the Revised Code and~~ the director of agriculture.

(B)(1) If, during any calendar year, the total number of motor vehicle registrations involving a particular type of nonstandard license plate is less than twenty-five, including both new registrations and registration renewals, the registrar of motor vehicles, on or after the first day of January, but not later than the fifteenth day of January of the following year, shall send a written notice to the sponsor of that type of nonstandard license plate, if a sponsor exists, informing the sponsor of this fact. The registrar also shall inform the sponsor that if, during the calendar year in which the written notice is sent, the total number of motor vehicle registrations involving the sponsor's nonstandard license plate again is less than twenty-five, the program involving that type of nonstandard license plate will be terminated on the thirty-first day of December of the calendar year in which the written notice is sent and, except as provided in division (C) of this section, no motor vehicle registration application involving either the actual issuance of that type of nonstandard license plate or the registration renewal of a motor vehicle displaying that type of nonstandard license plate will be accepted by the registrar or a deputy registrar beginning the first day of January of the next calendar year. The registrar also shall inform the sponsor that if the

program involving the sponsor's nonstandard license plate is terminated under this section, it may be reestablished pursuant to division (D) of this section.

(2) If, during any calendar year, the total number of motor vehicle registrations involving a particular type of nonstandard license plate is less than twenty-five, including both new registrations and registration renewals, and no sponsor exists for that license plate, the registrar shall issue a public notice on or after the first day of January, but not later than the fifteenth day of January of the following year, stating that fact. The notice also shall inform the public that if, during the calendar year in which the registrar issues the public notice, the total number of motor vehicle registrations for that type of nonstandard license plate, including both new registrations and registration renewals, again is less than twenty-five, the program involving that type of nonstandard license plate will be terminated on the thirty-first day of December of the calendar year in which the registrar issues the public notice and, except as provided in division (C) of this section, no motor vehicle registration application involving either the actual issuance of that type of nonstandard license plate or the registration renewal of a motor vehicle displaying that type of nonstandard license plate will be accepted by the registrar or a deputy registrar beginning on the first day of January of the next calendar year.

(C) If the program involving a type of nonstandard license plate is terminated under division (B) of this section, the registration of any motor vehicle displaying that type of nonstandard license plate at the time of termination may be renewed so long as the nonstandard license plates remain serviceable. If the nonstandard license plates of such a motor vehicle become unfit for service, the owner of the motor vehicle may apply for the issuance of nonstandard license plates of that same type, but the registrar or deputy registrar shall issue such nonstandard license plates only if at the time of application the stock of the bureau contains license plates of that type of nonstandard license plate. If, at the time of such application, the stock of the bureau does not contain license plates of that type of nonstandard license plate, the registrar or deputy registrar shall inform the owner of that fact, and the application shall be refused.

If the program involving a type of nonstandard license plate is terminated under division (B) of this section and the registration of motor vehicles displaying such license plates continues as permitted by this division, the registrar, for as long as such registrations continue to be issued, shall continue to collect and distribute any contribution that was required to be collected and distributed prior to the termination of that program.

(D) If the program involving a nonstandard license plate is terminated under division (B)(1) of this section, the sponsor of that license plate may apply to the registrar for the reestablishment of the program. If the program involving that nonstandard license plate is reestablished, the reestablishment is subject to division (B) of section 4503.78 of the Revised Code.

Sec. 4503.83. (A) Commencing January 1, 2014, the owner or lessee of a fleet of apportioned vehicles may apply to the registrar of motor vehicles for the registration of any apportioned vehicle, commercial trailer, or other vehicle of a class approved by the registrar and issuance of company logo license plates. The initial application shall be for not less than fifty eligible vehicles. The applicant shall provide the registrar the artwork for the company logo plate in a format designated by the registrar. The registrar shall approve the artwork or return the artwork for modification in accordance with any design requirements reasonably imposed by the registrar.

Upon approval of the artwork and receipt of the completed application and compliance with divisions (B) and (C) of this section, the registrar shall issue to the applicant the appropriate vehicle registration and the appropriate number of company logo license plates with a validation sticker or a validation sticker alone when required by section 4503.191 of the Revised Code, except that no validation sticker shall be issued under this section for a motor vehicle for which the registration tax is specified in section 4503.042 of the Revised Code.

In addition to the letters and numbers ordinarily inscribed on license plates, company logo license plates shall be inscribed with words and markings requested by the applicant and approved by the registrar.

(B) A company logo license plate and a validation sticker or, when applicable, a validation sticker alone shall be issued upon payment of the applicable regular license tax prescribed in section 4503.042 or 4503.65 of the Revised Code for the registration of a vehicle in this state, any applicable fees prescribed in section 4503.10 of the Revised Code, any applicable motor vehicle tax levied under Chapter 4504. of the Revised Code, a bureau of motor vehicles fee of six dollars when a company logo license plate actually is issued, and compliance with all other applicable laws relating to the registration of motor vehicles. If a company logo plate is issued to replace an existing license plate for the same vehicle, the replacement license plate fees prescribed in division (A) of section 4503.19 of the Revised Code shall not apply.

(C) The registrar shall deposit the bureau of motor vehicles fee specified in division (B) of this section, the purpose of which is to compensate the

bureau for the additional services required in issuing company logo license plates, in the public safety - highway purposes fund created in section 4501.06 of the Revised Code.

Sec. 4504.201. No commercial car that is taxed under division (A) of section 4503.65 of the Revised Code, and no commercial bus that is taxed under division (B) of section 4503.65 of the Revised Code, is subject to a tax established under section 4504.02, 4504.06, 4504.15, 4504.16, 4504.17, 4504.171, 4504.172, 4504.18, or 4504.24 of the Revised Code.

Sec. 4505.06. (A)(1) Application for a certificate of title shall be made in a form prescribed by the registrar of motor vehicles and shall be sworn to before a notary public or other officer empowered to administer oaths. The application shall be filed with the clerk of any court of common pleas. An application for a certificate of title may be filed electronically by any electronic means approved by the registrar in any county with the clerk of the court of common pleas of that county. Any payments required by this chapter shall be considered as accompanying any electronically transmitted application when payment actually is received by the clerk. Payment of any fee or taxes may be made by electronic transfer of funds.

(2) The application for a certificate of title shall be accompanied by the fee prescribed in section 4505.09 of the Revised Code. The fee shall be retained by the clerk who issues the certificate of title and shall be distributed in accordance with that section. If a clerk of a court of common pleas, other than the clerk of the court of common pleas of an applicant's county of residence, issues a certificate of title to the applicant, the clerk shall transmit data related to the transaction to the automated title processing system.

(3) If a certificate of title previously has been issued for a motor vehicle in this state, the application for a certificate of title also shall be accompanied by that certificate of title duly assigned, unless otherwise provided in this chapter. If a certificate of title previously has not been issued for the motor vehicle in this state, the application, unless otherwise provided in this chapter, shall be accompanied by a manufacturer's or importer's certificate or by a certificate of title of another state from which the motor vehicle was brought into this state. If the application refers to a motor vehicle last previously registered in another state, the application also shall be accompanied by the physical inspection certificate required by section 4505.061 of the Revised Code. If the application is made by two persons regarding a motor vehicle in which they wish to establish joint ownership with right of survivorship, they may do so as provided in section 2131.12 of the Revised Code. If the applicant requests a designation of the

motor vehicle in beneficiary form so that upon the death of the owner of the motor vehicle, ownership of the motor vehicle will pass to a designated transfer-on-death beneficiary or beneficiaries, the applicant may do so as provided in section 2131.13 of the Revised Code. A person who establishes ownership of a motor vehicle that is transferable on death in accordance with section 2131.13 of the Revised Code may terminate that type of ownership or change the designation of the transfer-on-death beneficiary or beneficiaries by applying for a certificate of title pursuant to this section. The clerk shall retain the evidence of title presented by the applicant and on which the certificate of title is issued, except that, if an application for a certificate of title is filed electronically by an electronic motor vehicle dealer on behalf of the purchaser of a motor vehicle, the clerk shall retain the completed electronic record to which the dealer converted the certificate of title application and other required documents. The registrar, after consultation with the attorney general, shall adopt rules that govern the location at which, and the manner in which, are stored the actual application and all other documents relating to the sale of a motor vehicle when an electronic motor vehicle dealer files the application for a certificate of title electronically on behalf of the purchaser. Not later than December 31, 2017, the registrar shall arrange for a service that enables all electronic motor vehicle dealers to file applications for certificates of title on behalf of purchasers of motor vehicles electronically by transferring the applications directly from the computer systems of the dealers to the clerk.

The clerk shall use reasonable diligence in ascertaining whether or not the facts in the application for a certificate of title are true by checking the application and documents accompanying it or the electronic record to which a dealer converted the application and accompanying documents with the records of motor vehicles in the clerk's office. If the clerk is satisfied that the applicant is the owner of the motor vehicle and that the application is in the proper form, the clerk, within five business days after the application is filed and except as provided in section 4505.021 of the Revised Code, shall issue a physical certificate of title over the clerk's signature and sealed with the clerk's seal, unless the applicant specifically requests the clerk not to issue a physical certificate of title and instead to issue an electronic certificate of title. For purposes of the transfer of a certificate of title, if the clerk is satisfied that the secured party has duly discharged a lien notation but has not canceled the lien notation with a clerk, the clerk may cancel the lien notation on the automated title processing system and notify the clerk of the county of origin.

(4) In the case of the sale of a motor vehicle to a general buyer or user

by a dealer, by a motor vehicle leasing dealer selling the motor vehicle to the lessee or, in a case in which the leasing dealer subleased the motor vehicle, the sublessee, at the end of the lease agreement or sublease agreement, or by a manufactured housing broker, the certificate of title shall be obtained in the name of the buyer by the dealer, leasing dealer, or manufactured housing broker, as the case may be, upon application signed by the buyer. The certificate of title shall be issued, or the process of entering the certificate of title application information into the automated title processing system if a physical certificate of title is not to be issued shall be completed, within five business days after the application for title is filed with the clerk. If the buyer of the motor vehicle previously leased the motor vehicle and is buying the motor vehicle at the end of the lease pursuant to that lease, the certificate of title shall be obtained in the name of the buyer by the motor vehicle leasing dealer who previously leased the motor vehicle to the buyer or by the motor vehicle leasing dealer who subleased the motor vehicle to the buyer under a sublease agreement.

In all other cases, except as provided in section 4505.032 and division (D)(2) of section 4505.11 of the Revised Code, such certificates shall be obtained by the buyer.

(5)(a)(i) If the certificate of title is being obtained in the name of the buyer by a motor vehicle dealer or motor vehicle leasing dealer and there is a security interest to be noted on the certificate of title, the dealer or leasing dealer shall submit the application for the certificate of title and, if required by division (B)(5) of this section, payment of the applicable tax to a clerk within seven business days after the later of the delivery of the motor vehicle to the buyer or the date the dealer or leasing dealer obtains the manufacturer's or importer's certificate, or certificate of title issued in the name of the dealer or leasing dealer, for the motor vehicle. Submission of the application for the certificate of title and payment, if required, of the applicable tax within the required seven business days may be indicated by postmark or receipt by a clerk within that period.

(ii) Upon receipt of the certificate of title with the security interest noted on its face, the dealer or leasing dealer shall forward the certificate of title to the secured party at the location noted in the financing documents or otherwise specified by the secured party.

(iii) A motor vehicle dealer or motor vehicle leasing dealer is liable to a secured party for a late fee of ten dollars per day for each certificate of title application and, if required by division (B)(5) of this section, payment of the applicable tax ~~that is~~, submitted to a clerk more than seven business days but less than twenty-one days after the later of the delivery of the motor vehicle

to the buyer or the date the dealer or leasing dealer obtains the manufacturer's or importer's certificate, or certificate of title issued in the name of the dealer or leasing dealer, for the motor vehicle and, from then on, twenty-five dollars per day until the application and applicable tax are submitted to a clerk.

(b) In all cases of transfer of a motor vehicle except the transfer of a manufactured home or mobile home, the application for certificate of title shall be filed within thirty days after the assignment or delivery of the motor vehicle.

(c) An application for a certificate of title for a new manufactured home shall be filed within thirty days after the delivery of the new manufactured home to the purchaser. The date of the delivery shall be the date on which an occupancy permit for the manufactured home is delivered to the purchaser of the home by the appropriate legal authority.

(d) An application for a certificate of title for a used manufactured home or a used mobile home shall be filed as follows:

(i) If a certificate of title for the used manufactured home or used mobile home was issued to the motor vehicle dealer prior to the sale of the manufactured or mobile home to the purchaser, the application for certificate of title shall be filed within thirty days after the date on which an occupancy permit for the manufactured or mobile home is delivered to the purchaser by the appropriate legal authority.

(ii) If the motor vehicle dealer has been designated by a secured party to display the manufactured or mobile home for sale, or to sell the manufactured or mobile home under section 4505.20 of the Revised Code, but the certificate of title has not been transferred by the secured party to the motor vehicle dealer, and the dealer has complied with the requirements of division (A) of section 4505.181 of the Revised Code, the application for certificate of title shall be filed within thirty days after the date on which the motor vehicle dealer obtains the certificate of title for the home from the secured party or the date on which an occupancy permit for the manufactured or mobile home is delivered to the purchaser by the appropriate legal authority, whichever occurs later.

(6) If an application for a certificate of title is not filed within the period specified in division (A)(5)(b), (c), or (d) of this section, the clerk shall collect a fee of five dollars for the issuance of the certificate, except that no such fee shall be required from a motor vehicle salvage dealer, as defined in division (A) of section 4738.01 of the Revised Code, who immediately surrenders the certificate of title for cancellation. The fee shall be in addition to all other fees established by this chapter, and shall be retained by the

clerk. The registrar shall provide, on the certificate of title form prescribed by section 4505.07 of the Revised Code, language necessary to give evidence of the date on which the assignment or delivery of the motor vehicle was made.

(7) As used in division (A) of this section, "lease agreement," "lessee," and "sublease agreement" have the same meanings as in section 4505.04 of the Revised Code and "new manufactured home," "used manufactured home," and "used mobile home" have the same meanings as in section 5739.0210 of the Revised Code.

(B)(1) The clerk, except as otherwise provided in this section, shall refuse to accept for filing any application for a certificate of title and shall refuse to issue a certificate of title unless the dealer or the applicant, in cases in which the certificate shall be obtained by the buyer, submits with the application payment of the tax levied by or pursuant to Chapters 5739. and 5741. of the Revised Code based on the purchaser's county of residence. Upon payment of the tax in accordance with division (E) of this section, the clerk shall issue a receipt prescribed by the registrar and agreed upon by the tax commissioner showing payment of the tax or a receipt issued by the commissioner showing the payment of the tax. When submitting payment of the tax to the clerk, a dealer shall retain any discount to which the dealer is entitled under section 5739.12 of the Revised Code.

(2) For receiving and disbursing such taxes paid to the clerk by a resident of the clerk's county, the clerk may retain a poundage fee of one and one one-hundredth per cent, and the clerk shall pay the poundage fee into the certificate of title administration fund created by section 325.33 of the Revised Code. The clerk shall not retain a poundage fee from payments of taxes by persons who do not reside in the clerk's county.

A clerk, however, may retain from the taxes paid to the clerk an amount equal to the poundage fees associated with certificates of title issued by other clerks of courts of common pleas to applicants who reside in the first clerk's county. The registrar, in consultation with the tax commissioner and the clerks of the courts of common pleas, shall develop a report from the automated title processing system that informs each clerk of the amount of the poundage fees that the clerk is permitted to retain from those taxes because of certificates of title issued by the clerks of other counties to applicants who reside in the first clerk's county.

(3) In the case of casual sales of motor vehicles, as defined in section 4517.01 of the Revised Code, the price for the purpose of determining the tax shall be the purchase price on the assigned certificate of title executed by the seller and filed with the clerk by the buyer on a form to be prescribed by

the registrar, which shall be prima-facie evidence of the amount for the determination of the tax.

(4) Each county clerk shall forward to the treasurer of state all sales and use tax collections resulting from sales of motor vehicles, off-highway motorcycles, and all-purpose vehicles during a calendar week on or before the Friday following the close of that week. If, on any Friday, the offices of the clerk of courts or the state are not open for business, the tax shall be forwarded to the treasurer of state on or before the next day on which the offices are open. Every remittance of tax under division (B)(4) of this section shall be accompanied by a remittance report in such form as the tax commissioner prescribes. Upon receipt of a tax remittance and remittance report, the treasurer of state shall date stamp the report and forward it to the tax commissioner. If the tax due for any week is not remitted by a clerk of courts as required under division (B)(4) of this section, the commissioner may require the clerk to forfeit the poundage fees for the sales made during that week. The treasurer of state may require the clerks of courts to transmit tax collections and remittance reports electronically.

(5)(a) A new or used motor vehicle dealer licensed in this state with more than twenty million dollars in motor vehicle sales in the preceding calendar year per vendor's license held by the dealer, in lieu of remitting the tax levied by or pursuant to Chapters 5739. and 5741. of the Revised Code to the clerk under this section, may make an election to report and remit the tax due directly to the commissioner as required by section 5739.12 or 5741.12 of the Revised Code. A motor vehicle dealer that does not make an election under division (B)(5) of this section or whose election has not been approved or has been terminated or revoked shall pay the tax to the clerk of courts as provided in division (A)(5)(a) of this section. Division (B)(5) of this section applies only to sales of motor vehicles occurring on or after July 1, 2018.

(b) To make an election under division (B)(5) of this section, a dealer shall notify the commissioner on or before the first day of May on a form prescribed by the commissioner for that purpose. If a dealer's election is approved by the commissioner, it shall be effective on the first day of the ensuing July and, unless it is revoked under division (B)(5)(e) of this section, it shall be valid for a period of one year. The commissioner shall not approve a dealer's election if the commissioner has knowledge that the dealer failed to file a return or failed to submit any information required by the commissioner or that the dealer failed to remit a required payment for any tax, fee, or charge administered by the commissioner. Once an election is approved by the commissioner, it shall be renewed for each subsequent

one-year period unless the dealer terminates the election under division (B)(5)(d) of this section or the commissioner revokes the election under division (B)(5)(e) of this section. No action shall be required on the part of the dealer or the commissioner to effectuate such renewal.

(c) A dealer that makes an election under division (B)(5) of this section agrees to all of the following terms:

(i) The dealer shall notify the clerk of courts of each sale of a motor vehicle, state the purchaser's county of residence, and pledge that the dealer will report and remit the tax due directly to the commissioner as required by section 5739.12 or 5741.12 of the Revised Code.

(ii) The dealer shall timely submit the information required by division (C)(3) of section 5739.12 of the Revised Code.

(iii) The dealer is and shall remain current on all taxes, fees, and charges administered by the commissioner.

(iv) The dealer shall timely submit any information requested by the commissioner.

(d) A dealer may terminate an election under division (B)(5) of this section by submitting a notification of termination to the commissioner on a form prescribed by the commissioner for that purpose. The notice of termination shall be submitted on or before the first day of May. Such termination shall be effective on the first day of the ensuing July.

(e) The commissioner may immediately revoke a dealer's election under division (B)(5) of this section if the dealer fails to comply with any of the terms prescribed by division (B)(5)(c) of this section. If the dealer's motor vehicle sales in any calendar year are less than twenty million dollars per vendor's license held by the dealer, the commissioner may revoke that dealer's election, effective on the first day of the ensuing July.

(f) The commissioner is not required to approve subsequent elections under division (B)(5) of this section of a motor vehicle dealer whose election has, at any time, been terminated under division (B)(5)(d) of this section or revoked under division (B)(5)(e) of this section.

(g) On or before the thirtieth day of June of each year, the commissioner shall notify the registrar and the clerks through the automated title processing system, if available, of the dealers that have made elections under division (B)(5) of this section and of any elections that have been terminated by the dealer or revoked by the commissioner, as necessary.

(h)(i) For each motor vehicle sold by a dealer that makes an election under division (B)(5) of this section, the clerk that issued the certificate of title shall receive a poundage fee equal to the poundage fee that the clerk would have been entitled to retain if the dealer had remitted the tax due to

the clerk under division (A)(5)(a) of this section.

(ii) On or before the twentieth day of each month, the commissioner shall calculate the poundage fees due to each clerk in the state under division (B)(5)(h)(i) of this section for motor vehicles titled in the preceding month. The commissioner shall certify those amounts to the director of budget and management, who shall transfer the sum of those amounts from the general revenue fund to the poundage fee compensation fund, which is hereby created in the state treasury.

(iii) On or before the tenth day of each month following a deposit to the poundage fee compensation fund under division (B)(5)(h)(ii) of this section, the director of budget and management shall distribute the amount certified for each county in the preceding month to the appropriate clerks. Such distributions shall be paid to the certificate of title administration fund of each such county created pursuant to section 325.33 of the Revised Code.

(C)(1) If the transferor indicates on the certificate of title that the odometer reflects mileage in excess of the designed mechanical limit of the odometer, the clerk shall enter the phrase "exceeds mechanical limits" following the mileage designation. If the transferor indicates on the certificate of title that the odometer reading is not the actual mileage, the clerk shall enter the phrase "nonactual: warning - odometer discrepancy" following the mileage designation. The clerk shall use reasonable care in transferring the information supplied by the transferor, but is not liable for any errors or omissions of the clerk or those of the clerk's deputies in the performance of the clerk's duties created by this chapter.

The registrar shall prescribe an affidavit in which the transferor shall swear to the true selling price and, except as provided in this division, the true odometer reading of the motor vehicle. The registrar may prescribe an affidavit in which the seller and buyer provide information pertaining to the odometer reading of the motor vehicle in addition to that required by this section, as such information may be required by the United States secretary of transportation by rule prescribed under authority of subchapter IV of the "Motor Vehicle Information and Cost Savings Act," 86 Stat. 961 (1972), 15 U.S.C. 1981.

(2) Division (C)(1) of this section does not require the giving of information concerning the odometer and odometer reading of a motor vehicle when ownership of a motor vehicle is being transferred as a result of a bequest, under the laws of intestate succession, to a survivor pursuant to section 2106.18, 2131.12, or 4505.10 of the Revised Code, to a transfer-on-death beneficiary or beneficiaries pursuant to section 2131.13 of the Revised Code, in connection with the creation of a security interest or

for a vehicle with a gross vehicle weight rating of more than sixteen thousand pounds.

(D) When the transfer to the applicant was made in some other state or in interstate commerce, the clerk, except as provided in this section, shall refuse to issue any certificate of title unless the tax imposed by or pursuant to Chapter 5741. of the Revised Code based on the purchaser's county of residence has been paid as evidenced by a receipt issued by the tax commissioner, or unless the applicant submits with the application payment of the tax. Upon payment of the tax in accordance with division (E) of this section, the clerk shall issue a receipt prescribed by the registrar and agreed upon by the tax commissioner, showing payment of the tax.

For receiving and disbursing such taxes paid to the clerk by a resident of the clerk's county, the clerk may retain a poundage fee of one and one one-hundredth per cent. The clerk shall not retain a poundage fee from payments of taxes by persons who do not reside in the clerk's county.

A clerk, however, may retain from the taxes paid to the clerk an amount equal to the poundage fees associated with certificates of title issued by other clerks of courts of common pleas to applicants who reside in the first clerk's county. The registrar, in consultation with the tax commissioner and the clerks of the courts of common pleas, shall develop a report from the automated title processing system that informs each clerk of the amount of the poundage fees that the clerk is permitted to retain from those taxes because of certificates of title issued by the clerks of other counties to applicants who reside in the first clerk's county.

When the vendor is not regularly engaged in the business of selling motor vehicles, the vendor shall not be required to purchase a vendor's license or make reports concerning those sales.

(E) The clerk shall accept any payment of a tax in cash, or by cashier's check, certified check, draft, money order, or teller check issued by any insured financial institution payable to the clerk and submitted with an application for a certificate of title under division (B) or (D) of this section. The clerk also may accept payment of the tax by corporate, business, or personal check, credit card, electronic transfer or wire transfer, debit card, or any other accepted form of payment made payable to the clerk. The clerk may require bonds, guarantees, or letters of credit to ensure the collection of corporate, business, or personal checks. Any service fee charged by a third party to a clerk for the use of any form of payment may be paid by the clerk from the certificate of title administration fund created in section 325.33 of the Revised Code, or may be assessed by the clerk upon the applicant as an additional fee. Upon collection, the additional fees shall be paid by the clerk

into that certificate of title administration fund.

The clerk shall make a good faith effort to collect any payment of taxes due but not made because the payment was returned or dishonored, but the clerk is not personally liable for the payment of uncollected taxes or uncollected fees. The clerk shall notify the tax commissioner of any such payment of taxes that is due but not made and shall furnish the information to the commissioner that the commissioner requires. The clerk shall deduct the amount of taxes due but not paid from the clerk's periodic remittance of tax payments, in accordance with procedures agreed upon by the tax commissioner. The commissioner may collect taxes due by assessment in the manner provided in section 5739.13 of the Revised Code.

Any person who presents payment that is returned or dishonored for any reason is liable to the clerk for payment of a penalty over and above the amount of the taxes due. The clerk shall determine the amount of the penalty, and the penalty shall be no greater than that amount necessary to compensate the clerk for banking charges, legal fees, or other expenses incurred by the clerk in collecting the returned or dishonored payment. The remedies and procedures provided in this section are in addition to any other available civil or criminal remedies. Subsequently collected penalties, poundage fees, and title fees, less any title fee due the state, from returned or dishonored payments collected by the clerk shall be paid into the certificate of title administration fund. Subsequently collected taxes, less poundage fees, shall be sent by the clerk to the treasurer of state at the next scheduled periodic remittance of tax payments, with information as the commissioner may require. The clerk may abate all or any part of any penalty assessed under this division.

(F) In the following cases, the clerk shall accept for filing an application and shall issue a certificate of title without requiring payment or evidence of payment of the tax:

(1) When the purchaser is this state or any of its political subdivisions, a church, or an organization whose purchases are exempted by section 5739.02 of the Revised Code;

(2) When the transaction in this state is not a retail sale as defined by section 5739.01 of the Revised Code;

(3) When the purchase is outside this state or in interstate commerce and the purpose of the purchaser is not to use, store, or consume within the meaning of section 5741.01 of the Revised Code;

(4) When the purchaser is the federal government;

(5) When the motor vehicle was purchased outside this state for use outside this state;

(6) When the motor vehicle is purchased by a nonresident under the circumstances described in division (B)(1) of section 5739.029 of the Revised Code, and upon presentation of a copy of the affidavit provided by that section, and a copy of the exemption certificate provided by section 5739.03 of the Revised Code;

(7) When the applicant is a new or used motor vehicle dealer that makes an election and submits a certificate under division (B)(5) of this section.

(G) An application, as prescribed by the registrar and agreed to by the tax commissioner, shall be filled out and sworn to by the buyer of a motor vehicle in a casual sale. The application shall contain the following notice in bold lettering: "WARNING TO TRANSFEROR AND TRANSFEREE (SELLER AND BUYER): You are required by law to state the true selling price. A false statement is in violation of section 2921.13 of the Revised Code and is punishable by six months' imprisonment or a fine of up to one thousand dollars, or both. All transfers are audited by the department of taxation. The seller and buyer must provide any information requested by the department of taxation. The buyer may be assessed any additional tax found to be due."

(H) For sales of manufactured homes or mobile homes occurring on or after January 1, 2000, the clerk shall accept for filing, pursuant to Chapter 5739. of the Revised Code, an application for a certificate of title for a manufactured home or mobile home without requiring payment of any tax pursuant to section 5739.02, 5741.021, 5741.022, or 5741.023 of the Revised Code, or a receipt issued by the tax commissioner showing payment of the tax. For sales of manufactured homes or mobile homes occurring on or after January 1, 2000, the applicant shall pay to the clerk an additional fee of five dollars for each certificate of title issued by the clerk for a manufactured or mobile home pursuant to division (H) of section 4505.11 of the Revised Code and for each certificate of title issued upon transfer of ownership of the home. (b) In any criminal prosecution or juvenile court proceeding for a violation of division (A) or (B) of this section or for an equivalent offense that is vehicle-related, the court may admit evidence on the concentration of alcohol, drugs of abuse, controlled substances, metabolites of a controlled substance, or a combination of them in the defendant's whole blood, blood serum or plasma, breath, urine, or other bodily substance at the time of the alleged violation as shown by chemical analysis of the substance withdrawn within three hours of the time of the alleged violation. The three-hour time limit specified in this division regarding the admission of evidence does not extend or affect the two-hour time limit specified in division (A) of section 4511.192 of the Revised Code as the maximum period of time during which a person may consent to a chemical test or tests as described in that section. The court may admit evidence on the concentration of alcohol, drugs of abuse, or a combination of them as described in this division when a person submits to a blood, breath, urine, or other bodily substance test at the request of a law enforcement officer under section 4511.191 of the Revised Code or a blood or urine sample is obtained pursuant to a search warrant. (2) In a criminal prosecution or juvenile court proceeding for a violation of division (A) of this section or for an equivalent offense that is vehicle-related, if there was at the time the bodily substance was withdrawn a concentration of less than the applicable concentration of alcohol specified in divisions (A)(1)(b), (c), (d), and (e) of this section or less than the applicable concentration of a listed controlled substance or a listed metabolite of a controlled substance specified for a violation of division (A)(1)(j) of this section, that fact may be considered with other competent evidence in determining the guilt or innocence of the defendant. This division does not limit or affect a criminal prosecution or juvenile court proceeding for a violation of division (B) of this section or for an equivalent offense that is substantially equivalent to that division.

(3) Upon the request of the person who was tested, the results of the chemical test shall be made available to the person or the person's attorney, immediately upon the completion of the chemical test analysis.

If the chemical test was obtained pursuant to division (D)(1)(b) of this section, the person tested may have a physician, a registered nurse, or a qualified technician, chemist, or phlebotomist of the person's own choosing administer a chemical test or tests, at the person's expense, in addition to any administered at the request of a law enforcement officer. If the person was under arrest as described in division (A)(5) of section 4511.191 of the Revised Code, the arresting officer shall advise the person at the time of the arrest that the person may have an independent chemical test taken at the person's own expense. If the person was under arrest other than described in division (A)(5) of section 4511.191 of the Revised Code, the form to be read to the person to be tested, as required under section 4511.192 of the Revised Code, shall state that the person may have an independent test performed at the person's expense. The failure or inability to obtain an additional chemical test by a person shall not preclude the admission of evidence relating to the chemical test or tests taken at the request of a law enforcement officer.

(4)(a) As used in divisions (D)(4)(b) and (c) of this section, "national highway traffic safety administration" means the national highway traffic safety administration established as an administration of the United States

(b) In any criminal prosecution or juvenile court proceeding for a violation of division (A) or (B) of this section, of a municipal ordinance relating to operating a vehicle while under the influence of alcohol, a drug of abuse, or alcohol and a drug of abuse, or of a municipal ordinance relating to operating a vehicle with a prohibited concentration of alcohol, a controlled substance, or a metabolite of a controlled substance in the whole blood, blood serum or plasma, breath, or urine, if a law enforcement officer has administered a field sobriety test to the operator of the vehicle involved in the violation and if it is shown by clear and convincing evidence that the officer administered the test in substantial compliance with the testing standards for any reliable, credible, and generally accepted field sobriety tests that were in effect at the time the tests were administered, including, but not limited to, any testing standards then in effect that were set by the national highway traffic safety administration, all of the following apply:

(i) The officer may testify concerning the results of the field sobriety test so administered.

(ii) The prosecution may introduce the results of the field sobriety test so administered as evidence in any proceedings in the criminal prosecution or juvenile court proceeding.

(iii) If testimony is presented or evidence is introduced under division (D)(4)(b)(i) or (ii) of this section and if the testimony or evidence is admissible under the Rules of Evidence, the court shall admit the testimony or evidence and the trier of fact shall give it whatever weight the trier of fact considers to be appropriate.

(c) Division (D)(4)(b) of this section does not limit or preclude a court, in its determination of whether the arrest of a person was supported by probable cause or its determination of any other matter in a criminal prosecution or juvenile court proceeding of a type described in that division, from considering evidence or testimony that is not otherwise disallowed by division (D)(4)(b) of this section.

(E)(1) Subject to division (E)(3) of this section, in any criminal prosecution or juvenile court proceeding for a violation of division (A)(1)(b), (c), (d), (e), (f), (g), (h), (i), or (j) or (B)(1), (2), (3), or (4) of this section or for an equivalent offense that is substantially equivalent to any of those divisions, a laboratory report from any laboratory personnel issued a permit by the department of health authorizing an analysis as described in this division that contains an analysis of the whole blood, blood serum or plasma, breath, urine, or other bodily substance tested and that contains all of the information specified in this division shall be admitted as prima-facie

evidence of the information and statements that the report contains. The laboratory report shall contain all of the following:

(a) The signature, under oath, of any person who performed the analysis;

(b) Any findings as to the identity and quantity of alcohol, a drug of abuse, a controlled substance, a metabolite of a controlled substance, or a combination of them that was found;

(c) A copy of a notarized statement by the laboratory director or a designee of the director that contains the name of each certified analyst or test performer involved with the report, the analyst's or test performer's employment relationship with the laboratory that issued the report, and a notation that performing an analysis of the type involved is part of the analyst's or test performer's regular duties;

(d) An outline of the analyst's or test performer's education, training, and experience in performing the type of analysis involved and a certification that the laboratory satisfies appropriate quality control standards in general and, in this particular analysis, under rules of the department of health.

(2) Notwithstanding any other provision of law regarding the admission of evidence, a report of the type described in division (E)(1) of this section is not admissible against the defendant to whom it pertains in any proceeding, other than a preliminary hearing or a grand jury proceeding, unless the prosecutor has served a copy of the report on the defendant's attorney or, if the defendant has no attorney, on the defendant.

(3) A report of the type described in division (E)(1) of this section shall not be prima-facie evidence of the contents, identity, or amount of any substance if, within seven days after the defendant to whom the report pertains or the defendant's attorney receives a copy of the report, the defendant or the defendant's attorney demands the testimony of the person who signed the report. The judge in the case may extend the seven-day time limit in the interest of justice.

(F) Except as otherwise provided in this division, any physician, registered nurse, emergency medical technician-intermediate, emergency medical technician-paramedic, or qualified technician, chemist, or phlebotomist who withdraws blood from a person pursuant to this section or section 4511.191 or 4511.192 of the Revised Code, and any hospital, first-aid station, or clinic at which blood is withdrawn from a person pursuant to this section or section 4511.191 or 4511.192 of the Revised Code, is immune from criminal liability and civil liability based upon a claim of assault and battery or any other claim that is not a claim of

malpractice, for any act performed in withdrawing blood from the person. The immunity provided in this division also extends to an emergency medical service organization that employs an emergency medical technician-intermediate or emergency medical technician-paramedic who withdraws blood under this section. The immunity provided in this division is not available to a person who withdraws blood if the person engages in willful or wanton misconduct.

As used in this division, "emergency medical technician-intermediate" and "emergency medical technician-paramedic" have the same meanings as in section 4765.01 of the Revised Code.

(G)(1) Whoever violates any provision of divisions (A)(1)(a) to (i) or (A)(2) of this section is guilty of operating a vehicle under the influence of alcohol, a drug of abuse, or a combination of them. Whoever violates division (A)(1)(j) of this section is guilty of operating a vehicle while under the influence of a listed controlled substance or a listed metabolite of a controlled substance. The court shall sentence the offender for either offense under Chapter 2929. of the Revised Code, except as otherwise authorized or required by divisions (G)(1)(a) to (e) of this section:

(a) Except as otherwise provided in division (G)(1)(b), (c), (d), or (e) of this section, the offender is guilty of a misdemeanor of the first degree, and the court shall sentence the offender to all of the following:

(i) If the sentence is being imposed for a violation of division (A)(1)(a), (b), (c), (d), (e), or (j) of this section, a mandatory jail term of three consecutive days. As used in this division, three consecutive days means seventy-two consecutive hours. The court may sentence an offender to both an intervention program and a jail term. The court may impose a jail term in addition to the three-day mandatory jail term or intervention program. However, in no case shall the cumulative jail term imposed for the offense exceed six months.

The court may suspend the execution of the three-day jail term under this division if the court, in lieu of that suspended term, places the offender under a community control sanction pursuant to section 2929.25 of the Revised Code and requires the offender to attend, for three consecutive days, a drivers' intervention program certified under section 5119.38 of the Revised Code. The court also may suspend the execution of any part of the three-day jail term under this division if it places the offender under a community control sanction pursuant to section 2929.25 of the Revised Code for part of the three days, requires the offender to attend for the suspended part of the term a drivers' intervention program so certified, and sentences the offender to a jail term equal to the remainder of the three

consecutive days that the offender does not spend attending the program. The court may require the offender, as a condition of community control and in addition to the required attendance at a drivers' intervention program, to attend and satisfactorily complete any treatment or education programs that comply with the minimum standards adopted pursuant to Chapter 5119. of the Revised Code by the director of mental health and addiction services that the operators of the drivers' intervention program determine that the offender should attend and to report periodically to the court on the offender's progress in the programs. The court also may impose on the offender any other conditions of community control that it considers necessary.

If the court grants unlimited driving privileges to a first-time offender under section 4510.022 of the Revised Code, all penalties imposed upon the offender by the court under division (G)(1)(a)(i) of this section for the offense apply, except that the court shall suspend any mandatory or additional jail term imposed by the court under division (G)(1)(a)(i) of this section upon granting unlimited driving privileges in accordance with section 4510.022 of the Revised Code.

(ii) If the sentence is being imposed for a violation of division (A)(1)(f), (g), (h), or (i) or division (A)(2) of this section, except as otherwise provided in this division, a mandatory jail term of at least three consecutive days and a requirement that the offender attend, for three consecutive days, a drivers' intervention program that is certified pursuant to section 5119.38 of the Revised Code. As used in this division, three consecutive days means seventy-two consecutive hours. If the court determines that the offender is not conducive to treatment in a drivers' intervention program, if the offender refuses to attend a drivers' intervention program, or if the jail at which the offender is to serve the jail term imposed can provide a driver's intervention program, the court shall sentence the offender to a mandatory jail term of at least six consecutive days.

If the court grants unlimited driving privileges to a first-time offender under section 4510.022 of the Revised Code, all penalties imposed upon the offender by the court under division (G)(1)(a)(ii) of this section for the offense apply, except that the court shall suspend any mandatory or additional jail term imposed by the court under division (G)(1)(a)(ii) of this section upon granting unlimited driving privileges in accordance with section 4510.022 of the Revised Code.

The court may require the offender, under a community control sanction imposed under section 2929.25 of the Revised Code, to attend and satisfactorily complete any treatment or education programs that comply

with the minimum standards adopted pursuant to Chapter 5119. of the Revised Code by the director of mental health and addiction services, in addition to the required attendance at drivers' intervention program, that the operators of the drivers' intervention program determine that the offender should attend and to report periodically to the court on the offender's progress in the programs. The court also may impose any other conditions of community control on the offender that it considers necessary.

(iii) In all cases, a fine of not less than three hundred seventy-five and not more than one thousand seventy-five dollars;

(iv) In all cases, a suspension of the offender's driver's or commercial driver's license or permit or nonresident operating privilege for a definite period of one to three years. The court may grant limited driving privileges relative to the suspension under sections 4510.021 and 4510.13 of the Revised Code. The court may grant unlimited driving privileges with an ignition interlock device relative to the suspension and may reduce the period of suspension as authorized under section 4510.022 of the Revised Code.

(b) Except as otherwise provided in division (G)(1)(e) of this section, an offender who, within ten years of the offense, previously has been convicted of or pleaded guilty to one violation of division (A) or (B) of this section or one other equivalent offense is guilty of a misdemeanor of the first degree. The court shall sentence the offender to all of the following:

(i) If the sentence is being imposed for a violation of division (A)(1)(a), (b), (c), (d), (e), or (j) of this section, a mandatory jail term of ten consecutive days. The court shall impose the ten-day mandatory jail term under this division unless, subject to division (G)(3) of this section, it instead imposes a sentence under that division consisting of both a jail term and a term of house arrest with electronic monitoring, with continuous alcohol monitoring, or with both electronic monitoring and continuous alcohol monitoring. The court may impose a jail term in addition to the ten-day mandatory jail term. The cumulative jail term imposed for the offense shall not exceed six months.

In addition to the jail term or the term of house arrest with electronic monitoring or continuous alcohol monitoring or both types of monitoring and jail term, the court shall require the offender to be assessed by a community addiction services provider that is authorized by section 5119.21 of the Revised Code, subject to division (I) of this section, and shall order the offender to follow the treatment recommendations of the services provider. The purpose of the assessment is to determine the degree of the offender's alcohol usage and to determine whether or not treatment is

warranted. Upon the request of the court, the services provider shall submit the results of the assessment to the court, including all treatment recommendations and clinical diagnoses related to alcohol use.

(ii) If the sentence is being imposed for a violation of division (A)(1)(f), (g), (h), or (i) or division (A)(2) of this section, except as otherwise provided in this division, a mandatory jail term of twenty consecutive days. The court shall impose the twenty-day mandatory jail term under this division unless, subject to division (G)(3) of this section, it instead imposes a sentence under that division consisting of both a jail term and a term of house arrest with electronic monitoring, with continuous alcohol monitoring, or with both electronic monitoring and continuous alcohol monitoring. The court may impose a jail term in addition to the twenty-day mandatory jail term. The cumulative jail term imposed for the offense shall not exceed six months.

In addition to the jail term or the term of house arrest with electronic monitoring or continuous alcohol monitoring or both types of monitoring and jail term, the court shall require the offender to be assessed by a community addiction service provider that is authorized by section 5119.21 of the Revised Code, subject to division (I) of this section, and shall order the offender to follow the treatment recommendations of the services provider. The purpose of the assessment is to determine the degree of the offender's alcohol usage and to determine whether or not treatment is warranted. Upon the request of the court, the services provider shall submit the results of the assessment to the court, including all treatment recommendations and clinical diagnoses related to alcohol use.
