(C) Except as provided in division (D) of this section, the committee shall conduct an exercise of its plan at least annually. The committee shall notify the commission at least thirty days before each such exercise, and the commission shall observe each such exercise. The commission shall review
each such exercise in accordance with the rules adopted under
division (B)(2)(b) of section 3750.02 of the Revised Code and

the committee to make modifications in the exercise of the plan
in accordance with those rules.

If the commission finds that the committee's exercise of
its plan complies with the criteria established in rules adopted
under division (B)(2)(b) of section 3750.02 of the Revised Code,
the commission shall issue an order in accordance with section
3750.18 of the Revised Code concurring with the conduct of the
exercise. If the commission finds that the committee's exercise
of its plan does not comply with those criteria, the commission
shall, by issuance of such an order, refuse to concur with the
conduct of the exercise and direct the committee to make
modifications in the exercise of the plan that comply with those
rules.

Each committee shall annually, or more frequently if
changed circumstances in the district or at any facility in the
district so require, review the plan of the district. The review
shall include, without limitation, an evaluation of the need for
funds, personnel, training, equipment, and facilities to

recommendations and requests to the commission regarding any
additional funds that may be needed for those purposes and the
means for providing them.

(D) The commission, by order, may exempt a committee from
conducting an exercise of its plan if, in the determination of
the commission, conducting an exercise is likely to have an
adverse effect on the public health or safety or the environment
of its emergency planning district. Such an exemption shall not
last for more than one year.
