To amend sections 3317.0212 and 3327.01 of the Revised Code and to amend Sections 265.10, 265.150, 265.210, 265.215, and 265.220 of H.B. 166 of the 133rd General Assembly to require school districts to provide transportation for students in grades 9-12, to have the pupil transportation formula operate for fiscal years 2020 and 2021, and to make an appropriation.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF OHIO:

Section 1. That sections 3317.0212 and 3327.01 of the Revised Code be amended to read as follows:

Sec. 3317.0212. (A) As used in this section:

(1) "Qualifying riders" means resident students enrolled in regular education in grades kindergarten to twelve who are provided school bus service by a school district and who live more than one mile from the school they attend, including students with dual enrollment in a joint vocational school district or a cooperative education school district, and students enrolled in a community school, STEM school, or nonpublic school.

(2) "Qualifying ridership" means the average number of
qualifying riders who are provided school bus service by a
school district during the first full week of October.

(3) "Rider density" means the total ADM per square mile of
a school district.

(4) "School bus service" means a school district's
transportation of qualifying riders in any of the following
types of vehicles:

(a) School buses owned or leased by the district;

(b) School buses operated by a private contractor hired by
the district;

(c) School buses operated by another school district or
entity with which the district has contracted, either as part of
a consortium for the provision of transportation or otherwise.

(B) Not later than the fifteenth day of October each year,
each city, local, and exempted village school district shall
report to the department of education its qualifying ridership
and any other information requested by the department.
Subsequent adjustments to the reported numbers shall be made
only in accordance with rules adopted by the department.

(C) The department shall calculate the statewide
transportation cost per student as follows:

(1) Determine each city, local, and exempted village
school district's transportation cost per student by dividing
the district's total costs for school bus service in the
previous fiscal year by its qualifying ridership in the previous
fiscal year.

(2) After excluding districts that do not provide school

bus service and the ten districts with the highest 48
transportation costs per student and the ten districts with the 49
lowest transportation costs per student, divide the aggregate 50
cost for school bus service for the remaining districts in the 51
previous fiscal year by the aggregate qualifying ridership of 52
those districts in the previous fiscal year. 53

(D) The department shall calculate the statewide 54
transportation cost per mile as follows: 55

(1) Determine each city, local, and exempted village 56
school district's transportation cost per mile by dividing the 57
district's total costs for school bus service in the previous 58
fiscal year by its total number of miles driven for school bus 59
service in the previous fiscal year. 60

(2) After excluding districts that do not provide school 61
bus service and the ten districts with the highest 62
transportation costs per mile and the ten districts with the 63
lowest transportation costs per mile, divide the aggregate cost 64
for school bus service for the remaining districts in the 65
previous fiscal year by the aggregate miles driven for school 66
bus service in those districts in the previous fiscal year. 67

(E) The department shall calculate each city, local, and 68
exempted village school district's transportation payment as 69
follows: 70

(1) Multiply the statewide transportation cost per student 71
by the district's qualifying ridership for the current fiscal 72
year. 73

(2) Multiply the statewide transportation cost per mile by 74
the district's total number of miles driven for school bus 75
service in the current fiscal year. 76

(3) Multiply the greater of the amounts calculated under divisions (E) (1) and (2) of this section by the following:	77 78
(a) For fiscal year 2018, the greater of thirty-seven and one-half per cent or the district's state share index, as defined in section 3317.02 of the Revised Code;	79 80 81
(b) For fiscal year <u>years 2019, 2020, and 2021</u> , the greater of twenty-five per cent or the district's state share index.	82 83 84
(F) In addition to funds paid under division (E) of this section, each city, local, and exempted village district shall receive in accordance with rules adopted by the state board of education a payment for students transported by means other than school bus service and whose transportation is not funded under division (C) of section 3317.024 of the Revised Code. The rules shall include provisions for school district reporting of such students.	85 86 87 88 89 90 91 92
(G) (1) For purposes of division (G) of this section, a school district's "transportation supplement percentage" means the following quotient:	93 94 95
(50 - the district's rider density) / 100	96
If the result of the calculation for a district under division (G) (1) of this section is less than zero, the district's transportation supplement percentage shall be zero.	97 98 99
(2) The department shall pay each district a transportation supplement calculated according to the following formula:	100 101 102
The district's transportation supplement percentage X the amount calculated for the district under division (E) (2) of this	103 104

section X 0.55 105

Sec. 3327.01. Notwithstanding division (D) of section 106
3311.19 and division (D) of section 3311.52 of the Revised Code, 107
this section and sections 3327.011, 3327.012, and 3327.02 of the 108
Revised Code do not apply to any joint vocational or cooperative 109
education school district. 110

In all city, local, and exempted village school districts 111
where resident school pupils in grades kindergarten through 112
~~eight~~ twelve live more than two miles from the school for which 113
the state board of education prescribes minimum standards 114
pursuant to division (D) of section 3301.07 of the Revised Code 115
and to which they are assigned by the board of education of the 116
district of residence or to and from the nonpublic or community 117
school which they attend, the board of education shall provide 118
transportation for such pupils to and from that school except as 119
provided in section 3327.02 of the Revised Code. 120

In all city, local, and exempted village school districts 121
where pupil transportation is required under a career-technical 122
plan approved by the state board of education under section 123
3313.90 of the Revised Code, for any student attending a career- 124
technical program operated by another school district, including 125
a joint vocational school district, as prescribed under that 126
section, the board of education of the student's district of 127
residence shall provide transportation from the public high 128
school operated by that district to which the student is 129
assigned to the career-technical program. 130

~~In all city, local, and exempted village school districts,~~ 131
~~the board may provide transportation for resident school pupils~~ 132
~~in grades nine through twelve to and from the high school to~~ 133
~~which they are assigned by the board of education of the~~ 134

~~district of residence or to and from the nonpublic or community- 135
high school which they attend for which the state board of- 136
education prescribes minimum standards pursuant to division (D)- 137
of section 3301.07 of the Revised Code. 138~~

A board of education shall not be required to transport 139
elementary or high school pupils to and from a nonpublic or 140
community school where such transportation would require more 141
than thirty minutes of direct travel time as measured by school 142
bus from the public school building to which the pupils would be 143
assigned if attending the public school designated by the 144
district of residence. 145

Where it is impractical to transport a pupil by school 146
conveyance, a board of education may offer payment, in lieu of 147
providing such transportation in accordance with section 3327.02 148
of the Revised Code. 149

A board of education shall not be required to transport 150
elementary or high school pupils to and from a nonpublic or 151

education and a nonpublic or community school have an agreement 153
in place to do so before the first day of July of the school 154
year in which the agreement takes effect. 155

In all city, local, and exempted village school districts, 156
the board shall provide transportation for all children who are 157
so disabled that they are unable to walk to and from the school 158
for which the state board of education prescribes minimum 159
standards pursuant to division (D) of section 3301.07 of the 160
Revised Code and which they attend. In case of dispute whether 161
the child is able to walk to and from the school, the health 162
commissioner shall be the judge of such ability. In all city, 163
exempted village, and local school districts, the board shall 164

provide transportation to and from school or special education 165
classes for mentally disabled children in accordance with 166
standards adopted by the state board of education. 167

When transportation of pupils is provided the conveyance 168
shall be run on a time schedule that shall be adopted and put in 169
force by the board not later than ten days after the beginning 170
of the school term. 171

The cost of any transportation service authorized by this 172
section shall be paid first out of federal funds, if any, 173
available for the purpose of pupil transportation, and secondly 174
out of state appropriations, in accordance with regulations 175
adopted by the state board of education. 176

No transportation of any pupils shall be provided by any 177
board of education to or from any school which in the selection 178
of pupils, faculty members, or employees, practices 179
discrimination against any person on the grounds of race, color, 180

Section 2. That existing sections 3317.0212 and 3327.01 of 182
the Revised Code are hereby repealed. 183
