(2) The increase in rate shall remain in effect for the period specified in the resolution, not to exceed ten years, and may be extended for an additional period of time not to exceed ten years thereafter by a resolution adopted by a majority of the members of the board.

(3) The increase in rate shall be subject to the regulations adopted under division (A) of this section, except that the resolution may provide that no portion of the revenue from the increase in the rate shall be returned to townships or municipal corporations as would otherwise be required under that division.

(G)(1) Division (G) of this section applies only to a county with a population greater than sixty-five thousand and less than seventy thousand according to the most recent federal decennial census and in which, on December 31, 2006, an excise tax is levied under division (A) of this section at a rate not less than and not greater than three per cent, and in which the most recent increase in the rate of that tax was enacted or took effect in November 1984.

(2) The board of county commissioners of a county to which division (G) of this section applies, by resolution adopted by a majority of the members of the board, may increase the rate of the tax by not more than one per cent on transactions by which lodging by a hotel is or is to be furnished to transient guests. The increase in rate shall be for the purpose of paying expenses deemed necessary by the convention and visitors' bureau operating in the county to promote travel and tourism.

(3) The increase in rate shall remain in effect for the period specified in the resolution, not to exceed twenty years, provided that the increase in rate may not continue beyond the time when the purpose for which the increase is levied ceases to exist. If revenue from the increase in rate is pledged to the payment of debt charges on securities, the increase in rate is not subject to diminution by initiative or referendum or by law for so long as the securities are outstanding, unless provision is made by law or by the board of county commissioners for an adequate substitute for that revenue that is satisfactory to the trustee if a trust agreement secures payment of the debt charges.

(4) The increase in rate shall be subject to the regulations adopted under division (A) of this section, except that the resolution may provide that no portion of the revenue from the increase in the rate shall be returned to townships or municipal corporations as would otherwise be required under division (A) of this section.

(5) A resolution adopted under division (G) of this section is subject to referendum under sections 305.31 to 305.99 of the Revised Code.

(H)(1) Division (H) of this section applies only to a county satisfying all of the following:

(a) The population of the county is greater than one hundred seventy-five thousand and less than two hundred twenty-five thousand according to the most recent federal decennial census.

(b) An amusement park with an average yearly attendance in excess of two million guests is located in the county.

(c) On December 31, 2014, an excise tax was levied in the county under division (A) of this section at a rate of three per cent.

(2) The board of county commissioners of a county to which division (H) of this section applies, by resolution adopted by a majority of the members of the board, may increase the rate of the tax by not more than one per cent on transactions by which lodging by a hotel is or is to be furnished to transient guests. The increase in rate shall be used to pay the costs of constructing and maintaining

facilities owned by the county or by a port authority created under Chapter 4582. of the Revised Code, and designed to host sporting events and expenses deemed necessary by the convention and visitors' bureau operating in the county to promote travel and tourism with reference to the sports facilities, and to pay or pledge to the payment of debt service on securities issued to pay the costs of constructing, operating, and maintaining the sports facilities.

(3) The increase in rate shall remain in effect for the period specified in the resolution. If revenue from the increase in rate is pledged to the payment of debt charges on securities, the increase in rate is not subject to diminution by initiative or referendum or by law for so long as the securities are outstanding, unless provision is made by law or by the board of county commissioners for an adequate substitute for that revenue that is satisfactory to the trustee if a trust agreement secures payment of the debt charges.

(4) The increase in rate shall be subject to the regulations adopted under division (A) of this section, except that the resolution may provide that no portion of the revenue from the increase in the rate shall be returned to townships or municipal corporations as would otherwise be required under division (A) of this section.

(I)(1) The board of county commissioners of a county with a population greater than seventy-five thousand and less than seventy-eight thousand, by resolution adopted by a majority of the members of the board not later than October 15, 2015, may increase the rate of the tax by not more than one per cent on transactions by which lodging by a hotel is or is to be furnished to transient guests. The increase in rate shall be for the purposes described in section 307.679 of the Revised Code or for the promotion of travel and tourism in the county, including travel and tourism to sports facilities.

(2) The increase in rate shall remain in effect for the period specified in the resolution and as necessary to fulfill the county's obligations under a cooperative agreement entered into under section 307.679 of the Revised Code. If the resolution is adopted by the board before September 29, 2015, but after that enactment becomes law, the increase in rate shall become effective beginning on September 29, 2015. If revenue from the increase in rate is pledged to the payment of debt charges on securities, or to substitute for other revenues pledged to the payment of such debt, the increase in rate is not subject to diminution by initiative or referendum or by law for so long as the securities are outstanding, unless provision is made by law or by the board of county commissioners for an adequate substitute for that revenue that is satisfactory to the trustee if a trust agreement secures payment of the debt charges.

(3) The increase in rate shall be subject to the regulations adopted under division (A) of this section, except that no portion of the revenue from the increase in the rate shall be returned to townships or municipal corporations as would otherwise be required under division (A) of this section.

(J)(1) Division (J) of this section applies only to counties satisfying either of the following:

(a) A county that, on July 1, 2015, does not levy an excise tax under division (A) of this section and that has a population of at least thirty-nine thousand but not more than forty thousand according to the 2010 federal decennial census;

(b) A county that, on July 1, 2015, levies an excise tax under division (A) of this section at a rate of three per cent and that has a population of at least seventy-one thousand but not more than

(2) The board of county commissioners of a county to which division (J) of this section applies, by resolution adopted by a majority of the members of the board, may levy an excise tax at a rate not to exceed three per cent on transactions by which lodging by a hotel is or is to be furnished to transient guests for the purpose of acquiring, constructing, equipping, or repairing permanent improvements, as defined in section 133.01 of the Revised Code.

(3) If the board does not levy a tax under division (A) of this section, the board shall establish regulations necessary to provide for the administration of the tax, which may prescribe the time for payment of the tax and the imposition of penalty or interest subject to the limitations on penalty and interest provided in division (A) of this section. No portion of the revenue shall be returned to townships or municipal corporations in the county unless otherwise provided by resolution of the board.

(4) The tax shall apply throughout the territory of the county, including in any township or municipal corporation levying an excise tax under division (A) or (B) of section 5739.08 of the Revised Code. The levy of the tax is subject to referendum as provided under section 305.31 of the Revised Code.

(5) The tax shall remain in effect for the period specified in the resolution. If revenue from the increase in rate is pledged to the payment of debt charges on securities, the increase in rate is not subject to diminution by initiative or referendum or by law for so long as the securities are outstanding unless provision is made by law or by the board for an adequate substitute for that revenue that is satisfactory to the trustee if a trust agreement secures payment of the debt charges.

(K)(1) The board of county commissioners of an eligible county, as defined in section 307.678 of the Revised Code, that levies an excise tax under division (A) of this section on July 1, 2017, at a rate of three per cent may, by resolution adopted by a majority of the members of the board, amend the resolution levying the tax to increase the rate of the tax by not more than an additional three per cent on each transaction.

(2) No portion of the revenue shall be returned to townships or municipal corporations in the county unless otherwise provided by resolution of the board. (3) The increase in rate shall remain in effect for the period specified in the resolution. If revenue from the increase in rate is pledged to the payment of debt charges on securities, the increase in rate is not subject to diminution by initiative or referendum or by law for so long as the securities are outstanding unless provision is made by law or by the board for an adequate substitute for that revenue that is satisfactory to the trustee if a trust agreement secures payment of the debt charges.

(L)(1) As used in division (L) of this section:

(a) "Eligible county" means a county that has a population greater than one hundred ninety thousand and less than two hundred thousand according to the 2010 federal decennial census and that levies an excise tax under division (A) of this section at a rate of three per cent.

(b) "Professional sports facility" means a sports facility that is intended to house major or minor league professional athletic teams, including a stadium, together with all parking facilities,

walkways, and other auxiliary facilities, real and personal property, property rights, easements, and interests that may be appropriate for, or used in connection with, the operation of the facility.

(2) Subject to division (L)(3) of this section, the board of county commissioners of an eligible county, by resolution adopted by a majority of the members of the board, may increase the rate of the tax by not more than one per cent on transactions by which lodging by a hotel is or is to be furnished to transient guests. Revenue from the increase in rate shall be used for the purposes of paying the costs of constructing, improving, and maintaining a professional sports facility in the county and paying expenses considered necessary by the convention and visitors' bureau operating in the county to promote travel and tourism with respect to that professional sports facility. The tax shall take effect only after the convention and visitors' bureau enters into a contract for the construction, improvement, or maintenance of a professional sports facility that is or will be located on property acquired, in whole or in part, with revenue from the increased rate, and thereafter shall remain in effect for the period specified in the resolution. If revenue from the increase in rate is pledged to the payment of debt charges on securities, the increase in rate is not subject to diminution by initiative or referendum or by law for so long as the securities are outstanding, unless a provision is made by law or by the board of county commissioners for an adequate substitute for that revenue that is satisfactory to the trustee if a trust agreement secures payment of the debt charges. The increase in rate shall be subject to the regulations adopted under division (A) of this section, except that the resolution may provide that no portion of the revenue from the increase in the rate shall be returned to townships or municipal corporations as would otherwise be required under division (A) of this section.

(3) If, on December 31, 2019, the convention and visitors' bureau has not entered into a contract for the construction, improvement, or maintenance of a professional sports facility that is or will be located on property acquired, in whole or in part, with revenue from the increased rate, the authority to levy the tax under division (L)(2) of this section is hereby repealed on that date.

(M)(1) For the purposes described in section 307.695 of the Revised Code and to cover the costs of administering the tax, a board of county commissioners of a county where a tax imposed under division (A) of this section is in effect may, by resolution adopted within ninety days after July 15, 1985, by a majority of the members of the board, levy an additional excise tax not to exceed three per cent on transactions by which lodging by a hotel is or is to be furnished to transient guests. The tax authorized by division (M) of this section shall be in addition to any tax that is levied pursuant to divisions (A) to (L) of this section, but it shall not apply to transactions subject to a tax levied by a municipal corporation or township pursuant to section 5739.08 of the Revised Code.

(2) The board shall establish all regulations necessary to provide for the administration and allocation of the tax. The regulations may prescribe the time for payment of the tax, and may provide for the imposition of a penalty or interest, or both, for late payments, provided that the penalty does not exceed ten per cent of the amount of tax due, and the rate at which interest accrues does not exceed the rate per annum prescribed pursuant to section 5703.47 of the Revised Code.

(3) All revenues arising from the tax shall be expended in accordance with section 307.695 of the Revised Code. The board of county commissioners of an eligible county as defined in section 307.695 of the Revised Code may, by resolution adopted by a majority of the members of the board, amend the resolution levying a tax under this division to provide that the revenue from the tax shall

be used by the board as described in division (H) of section 307.695 of the Revised Code.

(4) A tax imposed under this division shall remain in effect at the rate at which it is imposed for the duration of the period during which any agreement entered into by the board under section 307.695 of the Revised Code is in effect, the duration of the period during which any securities issued by the board under division (I) of section 307.695 of the Revised Code are outstanding, or the duration of the period during which the board owns a project as defined in section 307.695 of the Revised Code, whichever duration is longest.

(N)(1) For the purpose of providing contributions under division (B)(1) of section 307.671 of the Revised Code to enable the acquisition, construction, and equipping of a port authority educational and cultural facility in the county and, to the extent provided for in the cooperative agreement authorized by that section, for the purpose of paying debt service charges on bonds, or notes in anticipation of bonds, described in division (B)(1)(b) of that section, a board of county commissioners, by resolution adopted within ninety days after December 22, 1992, by a majority of the members of the board, may levy an additional excise tax not to exceed one and one-half per cent on transactions by which lodging by a hotel is or is to be furnished to transient guests. The excise tax authorized by division (N) of this section shall be in addition to any tax that is levied pursuant to divisions (A) to (M) of this section, to any excise tax levied pursuant to section 5739.08 of the Revised Code, and to any excise tax levied pursuant to section 351.021 of the Revised Code.

(2) The board of county commissioners shall establish all regulations necessary to provide for the administration and allocation of the tax that are not inconsistent with this section or section 307.671 of the Revised Code. The regulations may prescribe the time for payment of the tax, and may provide for the imposition of a penalty or interest, or both, for late payments, provided that the penalty does not exceed ten per cent of the amount of tax due, and the rate at which interest accrues does not exceed the rate per annum prescribed pursuant to section 5703.47 of the Revised Code.

(3) All revenues arising from the tax shall be expended in accordance with section 307.671 of the Revised Code and division (N) of this section. The levy of a tax imposed under division (N) of this section may not commence prior to the first day of the month next following the execution of the cooperative agreement authorized by section 307.671 of the Revised Code by all parties to that agreement.

(4) The tax shall remain in effect at the rate at which it is imposed for the period of time described in division (C) of section 307.671 of the Revised Code for which the revenue from the tax has been pledged by the county to the corporation pursuant to that section, but, to any extent provided for in the cooperative agreement, for no lesser period than the period of time required for payment of the debt service charges on bonds, or notes in anticipation of bonds, described in division (B)(1)(b) of that section.

(O)(1) For the purpose of paying the costs of acquiring, constructing, equipping, and improving a municipal educational and cultural facility, including debt service charges on bonds provided for in division (B) of section 307.672 of the Revised Code, and for any additional purposes determined by the county in the resolution levying the tax or amendments to the resolution, including subsequent amendments providing for paying costs of acquiring, constructing, renovating, rehabilitating, equipping, and improving a port authority educational and cultural performing arts facility, as defined in section 307.674 of the Revised Code, and including debt service charges on

bonds provided for in division (B) of section 307.674 of the Revised Code, the legislative authority of a county, by resolution adopted within ninety days after June 30, 1993, by a majority of the members of the legislative authority, may levy an additional excise tax not to exceed one and one-half per cent on transactions by which lodging by a hotel is or is to be furnished to transient guests. The excise tax authorized by division (O) of this section shall be in addition to any tax that is levied pursuant to divisions (A) to (N) of this section, to any excise tax levied pursuant to section 5739.08 of the Revised Code, and to any excise tax levied pursuant to section 351.021 of the Revised Code.

(2) The legislative authority of the county shall establish all regulations necessary to provide for the administration and allocation of the tax. The regulations may prescribe the time for payment of the tax, and may provide for the imposition of a penalty or interest, or both, for late payments, provided that the penalty does not exceed ten per cent of the amount of tax due, and the rate at which interest accrues does not exceed the rate per annum prescribed pursuant to section 5703.47 of the Revised Code.

(3) All revenues arising from the tax shall be expended in accordance with section 307.672 of the Revised Code and this division. The levy of a tax imposed under this division shall not commence prior to the first day of the month next following the execution of the cooperative agreement authorized by section 307.672 of the Revised Code by all parties to that agreement. The tax shall remain in effect at the rate at which it is imposed for the period of time determined by the legislative authority of the county. That period of time shall not exceed fifteen years, except that the legislative authority of a county with a population of less than two hundred fifty thousand according to the most recent federal decennial census, by resolution adopted by a majority of its members before the original tax expires, may extend the duration of the tax for an additional period of time. The additional period of time by which a legislative authority extends a tax levied under division (O) of this section shall not exceed fifteen years.

(P)(1) The legislative authority of a county that has levied a tax under division (O) of this section may, by resolution adopted within one hundred eighty days after January 4, 2001, by a majority of the members of the legislative authority, amend the resolution levying a tax under that division to provide for the use of the proceeds of that tax, to the extent that it is no longer needed for its original purpose as determined by the parties to a cooperative agreement amendment pursuant to division (D) of section 307.672 of the Revised Code, to pay costs of acquiring, constructing, renovating, rehabilitating, equipping, and improving a port authority educational and cultural performing arts facility, including debt service charges on bonds provided for in division (B) of section 307.674 of the Revised Code, and to pay all obligations under any guaranty agreements, reimbursement agreements, or other credit enhancement agreements described in division (C) of section 307.674 of the Revised Code.

(2) The resolution may also provide for the extension of the tax at the same rate for the longer of the period of time determined by the legislative authority of the county, but not to exceed an additional twenty-five years, or the period of time required to pay all debt service charges on bonds provided for in division (B) of section 307.672 of the Revised Code and on port authority revenue bonds provided for in division (B) of section 307.674 of the Revised Code.

(3) All revenues arising from the amendment and extension of the tax shall be expended in accordance with section 307.674 of the Revised Code and divisions (O) and (P) of this section.

Notwithstanding any contrary provision of section 351.04 of the Revised Code, if a tax is levied by a county under division (Q) of this section, the board of county commissioners of that county may determine the manner of selection, the qualifications, the number, and terms of office of the members of the board of directors of any convention facilities authority, corporation, or other entity described in division (Q)(5) of this section.

The resolution shall provide for the extension of the tax at a rate not to exceed the rate specified in division (N) of this section for a period of time determined by the legislative authority of the county, but not to exceed an additional forty years.

by a majority of the members of the legislative authority, increase the rate of the tax levied by such county under division (A) of this section to a rate not to exceed five per cent on transactions by which lodging by a hotel is or is to be furnished to transient guests. The purpose of the tax shall be to pay the costs of expanding, maintaining, or operating a soldiers' memorial and the costs of administering the tax. All revenue arising from the tax shall be credited to one or more special funds in the county treasury and shall be spent solely for the purposes of paying those costs.

(T) As used in division (T) of this section, "eligible county" means a county in which a county agricultural society or independent agricultural society is organized under section 1711.01 or 1711.02 of the Revised Code, provided the agricultural society owns a facility or site in the county at which an annual harness horse race is conducted where one-day attendance equals at least forty thousand attendees.

A board of county commissioners of an eligible county, by resolution adopted by a majority

of the members of the board, may levy an excise tax at the rate of up to three per cent on transactions by which lodging by a hotel is or is to be furnished to transient guests for the purpose of paying the costs of permanent improvements at sites at which one or more agricultural societies conduct fairs or exhibits, paying the costs of maintaining or operating such permanent improvements, and paying the costs of administering the tax.

A resolution adopted under division (T) of this section, other than a resolution that only extends the period of time for which the tax is levied, shall direct the board of elections to submit the question of the proposed lodging tax to the electors of the county at a special election held on the date specified by the board in the resolution, provided that the election occurs not less than ninety days after a certified copy of the resolution is transmitted to the board of elections. A resolution submitted to the electors under division (T) of this section shall not go into effect unless it is approved by a majority of those voting upon it. The resolution takes effect on the date the board of county commissioners receives notification from the board of elections of an affirmative vote.

The tax shall remain in effect for the period specified in the resolution, not to exceed five years, and may be extended for an additional period of time not to exceed fifteen years thereafter by a resolution adopted by a majority of the members of the board. A resolution extending the period of time for which the tax is in effect is not subject to approval of the electors of the county, but is subject to referendum under sections 305.31 to 305.99 of the Revised Code. All revenue arising from the tax shall be credited to one or more special funds in the county treasury and shall be spent solely for the purposes of paying the costs of such permanent improvements and maintaining or operating the improvements. The rules may prescribe the time for payment of the tax, and may provide for the imposition or penalty or interest, or both, for late payments, provided that the penalty does not exceed ten per cent of the amount of tax due, and the rate at which interest accrues does not exceed the rate per annum prescribed in section 5703.47 of the Revised Code.

(D) In submitting proposals for consideration under the program, a state institution of higher education, as defined in section 3345.011 of the Revised Code, shall be the lead applicant and preference shall be given to proposals in which equipment and technology acquired by capital funds awarded under the program are owned by a state institution of higher education. If equipment, technology, or facilities acquired by capital funds awarded under the program will be owned by a separate governmental or nonprofit entity, the state institution of higher education shall enter into a joint use agreement with the entity, which shall be approved by the Chancellor.

CAMPUS SAFETY GRANT PROGRAM

(A) The foregoing appropriation item C23566, Campus Safety Grant Program, shall be used to make competitive grants to state institutions of higher education for eligible security improvements that assist the institutions in improving the overall physical security and safety of their buildings on public campuses throughout Ohio.

(B) The Director of Public Safety shall administer and award the grants described in division (A) of this section. The Director, in coordination with the Chancellor of Higher Education, shall establish procedures and forms by which applicants may apply for a grant, a competitive process for ranking applicants and awarding the grants, and procedures for distributing grants. The procedures shall require each applicant to do all of the following:

(1) Describe how the grant will be used to integrate organizational preparedness with broader state and local preparedness efforts;

(2) Submit a vulnerability assessment conducted by experienced security, law enforcement, or military personnel, and a description of how the grant will be used to address the vulnerabilities identified in the assessment.

(C) Prior to the awarding of any funds under this section, the Director of Public Safety shall consult and share preliminary funding recommendations with the Chancellor.

(D) Any grant submission that is created under this section that is determined to be a security record as defined in section 149.433 of the Revised Code is not a public record under section 149.43 of the Revised Code and is not subject to mandatory release or disclosure under that section.

(E) Upon the completion of the application and review process as defined in division (B) of this section, the Chancellor shall seek the approval of the Controlling Board to transfer appropriation to any institution receiving an award under this section.

(F) As used in this section:

(1) "Eligible security improvements" means a physical security enhancement, equipment, or inspection and screening equipment included on the Authorized Equipment List published by the United States Department of Homeland Security that is also within the definition of "costs of capital facilities" under section 151.01 of the Revised Code.

SECTION 207.41. For all appropriations in this act from the Higher Education Improvement Fund (Fund 7034) or the Higher Education Improvement Taxable Fund (Fund 7024) that require local funds to be contributed by any state-supported or state-assisted institution of higher education, the Department of Higher Education shall not recommend that any funds be released until the recipient institution demonstrates to the Department of Higher Education and the Office of Budget and Management that the local funds contribution requirement has been secured or satisfied. The local funds shall be in addition to the appropriations in this act.

SECTION 207.42. None of the capital appropriations in this act for state-supported or state-assisted institutions of higher education shall be expended until the particular appropriation has been recommended for release by the Department of Higher Education and released by the Director of Budget and Management or the Controlling Board. Either the institution concerned, or the Department of Higher Education with the concurrence of the institution concerned, may initiate the request to the Director of Budget and Management or the Controlling Board for the release of the particular appropriation.

SECTION 207.43. (A) No capital appropriations in this act made from the Higher Education Improvement Fund (Fund 7034) or the Higher Education Improvement Taxable Fund (Fund 7024) shall be released for planning or for improvement, renovation, construction, or acquisition of capital facilities if the institution of higher education or the state does not own the real property on which the capital facilities are or will be located. This restriction does not apply in any of the following circumstances:

(1) The institution has a long-term (at least twenty years) lease of, or other interest (such as an easement) in, the real property.

(2) The Department of Higher Education certifies to the Controlling Board that undue delay will occur if planning does not proceed while the property or property interest acquisition process continues. In this case, funds may be released upon approval of the Controlling Board to pay for planning through the development of schematic drawings only.

(3) In the case of an appropriation for capital facilities that, because of their unique nature or location, will be owned or will be part of facilities owned by a separate nonprofit organization or public body and will be made available to the institution of higher education for its use or benefit, the nonprofit organization or public body either owns or has a long-term (at least twenty years) lease of the real property or other capital facility to be improved, renovated, constructed, or acquired and has entered into a joint or cooperative use agreement with the institution of higher education that meets the requirements of division (C) of this section.

(B) Any appropriations that require cooperation between a technical college and a branch campus of a university may be released by the Controlling Board upon recommendation by the Department of Higher Education that the facilities proposed by the institutions are:

(1) The result of a joint planning effort by the university and the technical college, satisfactory to the Department of Higher Education;

(2) Facilities that will meet the needs of the region in terms of technical and general education, taking into consideration the totality of facilities that will be available after the completion of the projects;

(3) Planned to permit maximum joint use by the university and technical college of the totality of facilities that will be available upon their completion; and

(4) To be located on or adjacent to the branch campus of the university.

(C) The Department of Higher Education shall adopt and maintain rules regarding the release of moneys from all the appropriations for capital facilities for all state-supported or state-assisted institutions of higher education. In the case of capital facilities referred to in division (A)(3) of this section, the joint or cooperative use agreements shall include, as a minimum, provisions that:

(1) Specify the extent and nature of that joint or cooperative use, extending for not fewer than twenty years, with the value of such use or benefit or right to use to be, as is determined by the parties and approved by the Department of Higher Education, reasonably related to the amount of the appropriations;

(2) Provide for pro rata reimbursement to the state should the arrangement for joint or cooperative use be terminated prior to the expiration of its full term;

(3) Provide that procedures to be followed during the capital improvement process will comply with appropriate applicable state statutes and rules, including the provisions of this act; and

(4) Provide for payment or reimbursement to the institution of its administrative costs incurred as a result of the facilities project, not to exceed 1.5 per cent of the appropriated amount.

(D) Upon the recommendation of the Department of Higher Education, the Controlling Board may approve the transfer of appropriations for projects requiring cooperation between institutions from one institution to another institution with the approval of both institutions.

(E) Notwithstanding section 127.14 of the Revised Code, the Controlling Board, upon the

recommendation of the Department of Higher Education, may transfer amounts appropriated to the Department of Higher Education to accounts of state-supported or state-assisted institutions created for that same purpose.

SECTION 207.44. The Ohio Public Facilities Commission is hereby authorized to issue and sell, in accordance with Section 2n of Article VIII, Ohio Constitution, and Chapter 151. and particularly sections 151.01 and 151.04 of the Revised Code, original obligations in an aggregate principal amount not to exceed \$400,000,000, in addition to the original issuance of obligations heretofore authorized by prior acts of the General Assembly. These authorized obligations shall be issued, subject to applicable constitutional and statutory limitations, as needed to provide sufficient moneys to the credit of the Higher Education Improvement Fund (Fund 7034) and the Higher Education Improvement Taxable Fund (Fund 7024) to pay costs of capital facilities for state-supported and state-assisted institutions of higher education.

SECTION 207.45. The requirements of Chapters 123. and 153. of the Revised Code, with respect to the powers and duties of the Executive Director of the Ohio Facilities Construction Commission as they relate to the procedure and awarding of contracts for capital improvement projects, and the requirements of section 127.16 of the Revised Code, with respect to the Controlling Board, do not apply to projects of community college districts and technical college districts.

SECTION 207.46. Those institutions locally administering capital improvement projects pursuant to sections 3345.50 and 3345.51 of the Revised Code may:

(A) Establish charges for recovering costs directly related to project administration as defined by the Executive Director of the Ohio Facilities Construction Commission. The Ohio Facilities Construction Commission, in consultation with the Office of Budget and Management, shall review and approve these administrative charges when the charges are in excess of 1.5 per cent of the total construction budget, provided that total administrative charges paid by the state do not exceed four per cent of the state's contribution to the total construction budget.

(B) Seek reimbursement from state capital appropriations to the institution for the in-house design services performed by the institution for the capital projects. Acceptable charges are limited to design document preparation work that is done by the institution. These reimbursable design costs shall be shown as "A/E fees" within the project's budget that is submitted to the Controlling Board or the Director of Budget and Management as part of a request for release of funds. The reimbursement for in-house design shall not exceed seven per cent of the estimated construction cost.

SECTION 207.47. TRANSFERS OF HIGHER EDUCATION CAPITAL APPROPRIATIONS

The Director of Budget and Management may as necessary to maintain the exclusion from the calculation of gross income for federal income taxation purposes under the "Internal Revenue Code of 1986," 100 Stat. 2085, 26 U.S.C. 1 et seq., with respect to obligations issued to fund projects appropriated from the Higher Education Improvement Fund:

(A) Transfer appropriations between the Higher Education Improvement Fund and the Higher Education Improvement Taxable Fund;

(B) Create new appropriation items within the Higher Education Improvement Taxable Fund and make transfers of appropriations to them for projects originally funded from appropriations made from the Higher Education Improvement Fund.

The projects that are funded under new appropriation items created in this manner shall automatically be designated as specific for purposes of section 126.14 of the Revised Code.

(2) "Class C release" has the same meaning as in section 3737.87 of the Revised Code.

(3) "Property assessment" means a property assessment conducted in accordance with section 3746.04 of the Revised Code or a corrective action process or source investigation process under rule 1301:7-9-13 of the Ohio Administrative Code.

(4) "Property owner" means a political subdivision, an organization that owns publicly owned lands, or, with respect to land forfeited to the state under Chapter 5723. of the Revised Code, a county land reutilization corporation.

(5) "Cleanup or remediation" means any action at a Class C release site to contain, remove, or dispose of petroleum or other hazardous substances or remove underground storage tanks used to store petroleum or other hazardous substances.

(6) "Publicly owned lands" includes lands that are owned by an organization that has entered into a relevant agreement with a political subdivision and lands forfeited to the state under Chapter 5723. of the Revised Code.

(B) The Abandoned Gas Station Cleanup Grant Program is established in the Development Services Agency for the purpose of cleanup and remediation of Class C release sites to provide for and enable the environmentally safe and productive reuse of publicly owned lands by the remediation or cleanup, or planning and assessment for that remediation or cleanup, of contamination or by addressing property conditions or circumstances that may be deleterious to public health and safety or the environment or that preclude or inhibit environmentally sound or economic reuse of the property as authorized by Section 2o of Article VIII, Ohio Constitution. Under this program, the Director of Development Services may do either or both of the following:

(1) Award a grant of up to \$100,000 to a property owner for purposes of a property assessment on a Class C release site;

(2) Award a grant of up to \$500,000 to a property owner for purposes of cleanup or remediation of a Class C release site.

Grants under divisions (B)(1) and (2) of this section shall be used by a property owner to create a site that provides opportunities for economic impact through redevelopment. The Director of Development Services may consult with the Environmental Protection Agency, the State Fire Marshal, the Ohio Water Development Authority, and the Ohio Public Works Commission in connection with this program and the awarding of these grants. Sections 122.651 to 122.658 of the Revised Code do not apply to this program.

(C) A property owner applying for a grant under division (B)(1) or (2) of this section shall submit an application for the grant on a form prescribed by the Director of Development Services.

An authorized representative of the property owner shall sign and submit an affidavit with the application certifying that the property owner did not cause or contribute to any prior release of petroleum or other hazardous substances on the site.

Upon receipt of an application, the Director shall examine the application and all accompanying information to determine if the application is complete. If the Director determines that the application is not complete, the Director shall promptly notify the property owner that the application is not complete, provide a description of the information that is missing from the application, and return the application and all accompanying information to the property owner. The property owner may resubmit the application.

If the Director approves an application under this section, the Director may enter into an agreement with the property owner to award a grant to the property owner. The agreement shall be executed prior to paying or disbursing any grant funds approved by the Director under this section. With respect to a grant awarded to a county land reutilization corporation for land that has been forfeited to the state under Chapter 5723. of the Revised Code, the agreement shall require that the land be transferred to the corporation prior to the payment or disbursement of the grant funds.

(D) The Service Station Cleanup Fund (Fund 7100) is hereby created in the state treasury. The fund shall consist of moneys transferred to it pursuant to this section from the Clean Ohio Revitalization Fund (Fund 7003) created in section 122.658 of the Revised Code. Investment earnings of the fund shall be credited to the fund. Moneys in the fund shall be used to award grants pursuant to the Abandoned Gas Station Cleanup Grant Program established in this section.

(B) The Facilities Construction Commission shall administer and award the grants described in division (A) of this section. The Commission, in coordination with the division of Ohio Homeland Security of the Department of Public Safety, shall establish procedures and forms by which applicants may apply for a grant, a competitive process for ranking applicants and awarding the grants, and procedures for distributing grants. The procedures shall require each applicant to do all of

(C) Any grant submission that is created under this section that is determined to be a security record as defined in section 149.433 of the Revised Code is not a public record under section 149.43 of the Revised Code and is not subject to mandatory release or disclosure under that section.

(D) The Facilities Construction Commission may use up to two and one-half per cent of the total amount appropriated to administer the program.

(E) As used in this section:

(1) "Eligible security improvements" means a physical security enhancement, equipment, or inspection and screening equipment included on the Authorized Equipment List published by the United States Department of Homeland Security that is also within the definition of "costs of capital facilities" under section 151.01 of the Revised Code.

(2) "Public schools" has the same meaning as in section 3781.106 of the Revised Code.

DiPietro Park Improvements Project.

SECTION 509.01. CERTIFICATION OF AVAILABILITY OF MONEYS

Moneys that require release shall not be expended from any appropriation contained in this act without certification of the Director of Budget and Management that there are sufficient moneys in the state treasury in the fund from which the appropriation is made. Such certification made by the Office of Budget and Management shall be based on estimates of revenue, receipts, and expenses. Nothing in this section limits the authority of the Director of Budget and Management granted in section 126.07 of the Revised Code.

SECTION 509.02. LIMITATION ON USE OF CAPITAL APPROPRIATIONS

The appropriations made in this act, excluding those made from the State Capital Improvement Fund (Fund 7038) and the State Capital Improvements Revolving Loan Fund (Fund 7040) for buildings or structures, including remodeling and renovations, are limited to:

- (A) Acquisition of real property or interests in real property;
- (B) Buildings and structures, which includes construction, demolition, complete heating and cooling, lighting, and lighting fixtures, and all necessary utilities, ventilating, plumbing, sprinkling, water and sewer systems, when such systems are authorized or necessary;
- (C) Architectural, engineering, and professional services expenses directly related to the projects;
- (D) Machinery that is necessary to the operation or function of the building or structure at the time of initial acquisition or construction;
- (E) Acquisition, development, and deployment of new computer systems, including the integration of existing and new computer systems, but excluding regular or ongoing maintenance or support agreements;
- (F) Furniture, fixtures, or equipment that meets all the following criteria:
 - (1) Is essential in bringing the facility up to its intended use or is necessary for the functioning of the particular facility or project;
 - (2) Has a unit cost of about \$100 or more; and

(3) Has a useful life of five years or more.

Furniture, fixtures, or equipment that is not an integral part of or directly related to the basic purpose or function of a project for which moneys are appropriated shall not be paid for from these appropriations. This paragraph does not apply to appropriation line items specifically for furniture, fixtures, or equipment.

SECTION 509.03. CONTINGENCY RESERVE REQUIREMENT

Any request for release of capital appropriations by the Director of Budget and Management or the Controlling Board for projects, the contracts for which are awarded by the Ohio Facilities Construction Commission, shall contain a contingency reserve, the amount of which shall be determined by the Ohio Facilities Construction Commission, for payment of unanticipated project expenses. Any amount deducted from the encumbrance for a contractor's contract as an assessment for liquidated damages shall be added to the encumbrance for the contingency reserve. Contingency reserve funds shall be used to pay costs resulting from unanticipated job conditions, to comply with rulings regarding building and other codes, to pay costs related to errors or omissions in contract documents, to pay costs associated with changes in the scope of work, and to pay the cost of settlements and judgments related to the project.

Any funds remaining upon completion of a project, may, upon approval of the Controlling Board, be released for the use of the institution to which the appropriation was made for another capital facilities project or projects.

SECTION 509.04. SATISFACTION OF JUDGMENTS AND SETTLEMENTS AGAINST THE STATE

Except as otherwise provided in this section, an appropriation contained in this act or in any other act may be used for the purpose of satisfying judgments, settlements, or administrative awards ordered or approved by the Court of Claims or by any other court of competent jurisdiction in connection with civil actions against the state. This authorization does not apply to appropriations that are to be applied to or used for payment of guarantees by or on behalf of the state or for payments under lease agreements relating to or debt service on bonds, notes, or other obligations of the state. Notwithstanding any other section of law to the contrary, this authorization includes appropriations from funds into which proceeds or direct obligations of the state are deposited only to the extent that the judgment, settlement, or administrative award is for or represents capital costs for which the appropriation may otherwise be used and is consistent with the purpose for which any related obligations were issued or entered into. Nothing contained in this section is intended to subject the state to suit in any forum in which it is not otherwise subject to suit, nor is it intended to waive or compromise any defense or right available to the state in any suit against it.

SECTION 509.05. CAPITAL RELEASES BY THE DIRECTOR OF BUDGET AND MANAGEMENT

Notwithstanding section 126.14 of the Revised Code, appropriations for appropriation items C50100, Local Jails, and C50101, Community-Based Correctional Facilities, appropriated from the

Adult Correctional Building Fund (Fund 7027) to the Department of Rehabilitation and Correction, and any projects specifically identified for C58001, Community Assistance Projects, shall be released upon the written approval of the Director of Budget and Management. The appropriations from the Public School Building Fund (Fund 7021), the Education Facilities Trust Fund (Fund N087), and the School Building Program Assistance Fund (Fund 7032) to the Facilities Construction Commission, from the Transportation Building Fund (Fund 7029) to the Department of Transportation, from the Clean Ohio Conservation Fund (Fund 7056), the State Capital Improvement Fund (Fund 7038), and the State Capital Improvements Revolving Loan Fund (Fund 7040) to the Public Works Commission, and from the Underground Parking Garage Operating Fund (Fund 2080) to the Capitol Square Review and Advisory Board shall be released upon presentation of a request to release the funds, by the agency to which the appropriation has been made, to the Director of Budget and Management.

SECTION 509.06. PREVAILING WAGE REQUIREMENT

Except as provided in section 4115.04 of the Revised Code, moneys appropriated or reappropriated by the 133rd General Assembly shall not be used for the construction of public improvements, as defined in section 4115.03 of the Revised Code, unless the mechanics, laborers, or workers engaged therein are paid the prevailing rate of wages prescribed in section 4115.04 of the Revised Code. Nothing in this section affects the wages and salaries established for state employees under Chapter 124. of the Revised Code, or collective bargaining agreements entered into by the state under Chapter 4117. of the Revised Code, while engaged on force account work, nor does this section interfere with the use of inmate and patient labor by the state.

SECTION 509.07. AUTHORIZATION OF THE DIRECTOR OF BUDGET AND MANAGEMENT

The Director of Budget and Management shall authorize both of the following:

(A) The initial release of moneys for projects from the funds into which proceeds of direct obligations of the state are deposited; and

(B) The expenditure or encumbrance of moneys from funds into which proceeds of direct obligations are deposited, only after determining to the Director's satisfaction that either of the following applies:

(1) The application of such moneys to the particular project will not negatively affect any exclusion of the interest or interest equivalent on obligations issued to provide moneys to the particular fund from the calculation of gross income for federal income tax purposes under the "Internal Revenue Code of 1986," 100 Stat. 2085, 26 U.S.C. 1, as amended.

(2) Moneys for the project will come from the proceeds of federally taxable obligations, the interest on which is not so excluded from the calculation of gross income for federal income tax purposes and which have been authorized and issued on that basis by their issuing authority.

In the event the Director determines that the condition set forth in division (B)(1) of this section does not apply, and that there is no existing fund in the state treasury to enable compliance with the condition set forth in division (B)(2) of this section, the Director may create a fund in the state treasury for the purpose of receiving proceeds of federally taxable obligations. The Director

may establish capital appropriation items in that taxable bond fund that correspond to the preexisting capital appropriation items in the associated tax-exempt bond fund. The Director also may transfer capital appropriations in whole or in part between the taxable and tax-exempt bond funds within a particular purpose for which the bonds have been authorized.

SECTION 509.11. REQUIREMENTS RELATING TO NON-STATE OWNERSHIP OF CERTAIN FINANCED PROJECTS

(A) No capital improvement appropriations or reappropriations made in this act from the Mental Health Facilities Improvement Fund (Fund 7033) or from the Parks and Recreation Improvement Fund (Fund 7035) shall be released for planning or for improvement, renovation, or construction or acquisition of capital facilities if a governmental agency, as defined in section 154.01 of the Revised Code, does not own the real property that constitutes the capital facilities or on which the capital facilities are or will be located. This restriction does not apply in any of the following circumstances:

(1) The governmental agency has a long-term (at least fifteen years) lease of, or other interest (such as an easement) in, the real property.

(2) In the case of an appropriation or reappropriation for capital facilities that, because of their unique nature or location, will be owned or be part of facilities owned by a separate nonprofit organization and made available to the governmental agency for its use or benefit, the nonprofit organization either owns or has a long-term (at least fifteen years) lease of the real property or other capital facility to be improved, renovated, constructed, or acquired and has entered into a joint or cooperative use agreement, with and approved by the governmental agency that meets the requirements of division (B) of this section.

(B) In the case of capital facilities referred to in division (A)(2) of this section, the joint or cooperative use agreement shall include, as a minimum, provisions that:

(1) Specify the extent and nature of that joint or cooperative use, extending for not fewer than fifteen years, with the value of such use or right to use to be, as determined by the parties and approved by the approving department, reasonably related to the amount of the appropriation;

(2) Provide for pro rata reimbursement to the state should the arrangement for joint or cooperative use by a governmental agency be terminated; and

(3) Provide that procedures to be followed during the capital improvement process will comply with appropriate applicable state statutes and rules, including the provisions of this act.

SECTION 518.10. OBLIGATIONS ISSUED UNDER CHAPTER 151. OF THE REVISED CODE

The capital improvements for which appropriations or reappropriations are made in this act from the Higher Education Improvement Taxable Fund (Fund 7024), the Ohio Parks and Natural Resources Fund (Fund 7031), the School Building Program Assistance Fund (Fund 7032), the Higher Education Improvement Fund (Fund 7034), the State Capital Improvements Fund (Fund 7038), the State Capital Improvements Revolving Loan Fund (Fund 7040), the Coal Research and Development Fund (Fund 7046), the Clean Ohio Conservation Fund (Fund 7056), the Clean Ohio Agricultural

Easement Fund (Fund 7057), and the Clean Ohio Trail Fund (Fund 7061) are determined to be capital improvements and capital facilities for natural resources, a statewide system of common schools, state-supported and state-assisted institutions of higher education, local subdivision capital improvement projects, coal research and development projects, and conservation purposes (under the Clean Ohio Program) and are designated as capital facilities to which proceeds of obligations issued under Chapter 151. of the Revised Code are to be applied.

SECTION 518.20. OBLIGATIONS ISSUED UNDER CHAPTER 154. OF THE REVISED CODE

The capital improvements for which appropriations or reappropriations are made in this act from the Administrative Building Taxable Bond Fund (Fund 7016), the Administrative Building Fund (Fund 7026), the Adult Correctional Building Fund (Fund 7027), the Juvenile Correctional Building Fund (Fund 7028), the Transportation Building Fund (Fund 7029), the Cultural and Sports Facilities Building Fund (Fund 7030), the Mental Health Facilities Improvement Fund (Fund 7033), and the Parks and Recreation Improvement Fund (Fund 7035) are determined to be capital improvements and capital facilities for housing state agencies and branches of government, mental health and developmental disabilities, and parks and recreation and are designated as capital facilities to which proceeds of obligations issued under Chapter 154. of the Revised Code are to be applied.

SECTION 523.10. TRANSFER OF OPEN ENCUMBRANCES

Upon the request of the agency to which a capital project appropriation item is appropriated, the Director of Budget and Management may transfer open encumbrance amounts between separate encumbrances for the project appropriation item to the extent that any reductions in encumbrances are agreed to by the contracting vendor and the agency.

SECTION 525.10. LITIGATION PROCEEDS TO THE ADMINISTRATIVE BUILDING FUND

Any proceeds received by the state as the result of litigation or a settlement agreement related to any liability for the planning, design, engineering, construction, or constructed management of facilities operated by the Department of Administrative Services shall be deposited into the General Revenue Fund or the Building Improvement Fund (Fund 5KZ0).

SECTION 527.10. FACILITIES ESTABLISHMENT FUND APPROPRIATION INCREASES

Notwithstanding sections 127.14 and 131.35 of the Revised Code, the Controlling Board may authorize expenditures for fiscal year 2021, in excess of the amounts appropriated, from the Facilities Establishment Fund (Fund 7037) for purposes consistent with Chapter 166. of the Revised Code. Upon approval of the Controlling Board, the excess amounts are hereby appropriated.

SECTION 601.10. That Sections 27 (as most recently amended by H.B. 404 of the 133rd General Assembly), 221.13, and 223.15 (as amended by H.B. 614 of the 133rd General Assembly) of

H.B. 481 of the 133rd General Assembly be amended to read as follows:

Sec. 27. (A) For the purpose of this section:

(1) "Subdivision" means a county, township, or municipal corporation, and does not include a park district.

(2) "Ineligible subdivision" means a county or municipal corporation receiving a direct payment under section 5001 of the "Coronavirus Aid, Relief, and Economic Security Act," as described in 42 U.S.C. 801(b)(2).

(3) "2019 LGF allocation" means the amount that would have been deposited to a county's county undivided local government fund in 2019 disregarding any reduction under section 5747.502 of the Revised Code and excluding any amounts deposited in that fund that were paid in that year to ineligible subdivisions or pursuant to section 5747.503 of the Revised Code.

(4) "2019 CULGF allocation" means the amount of funds from a county's county undivided local government fund a subdivision would have received in 2019 under section 5747.51 or 5747.53 of the Revised Code disregarding any reduction under section 5747.502 of the Revised Code and any adjustment because the subdivision, pursuant to an ordinance or resolution, elected to forgo all or a portion of its share of such funds.

(5) "Population" means the most recent population estimate published by the Development Services Agency and based on the American Community Survey, as published by the United States Census Bureau. The population of a township includes only the population of the township's unincorporated area.

(B) As soon as is practicable after the effective date of this section, the Director of Budget and Management, in consultation with the Tax Commissioner, shall provide for payment from the Coronavirus Relief Fund to each county treasury, to be deposited into a new fund in the county treasury to be named the county coronavirus relief distribution fund, which the county auditor shall create for this purpose. The amount of the payment to each county coronavirus relief distribution fund shall equal the amount appropriated under Section 28 of ~~this act of H.B. 481 of the 133rd General Assembly~~ multiplied by a fraction, the numerator of which is the 2019 LGF allocation for that county and the denominator of which is the sum of the 2019 LGF allocations for all counties.

(C) Within seven days of deposit in the county coronavirus relief distribution fund of the payment described in division (B) of this section, the county auditor shall distribute that money to the county, unless the county is an ineligible subdivision, and to each municipal corporation and township that is not an ineligible subdivision, in an amount equal to the amount of money in that fund multiplied by a fraction, the numerator of which equals the subdivision's 2019 CULGF allocation and the denominator of which equals the sum of the 2019 CULGF allocations from that county's county undivided local government fund for all such subdivisions.

Upon making the distribution, the county auditor shall report to the Director of Budget and Management the amount distributed to each subdivision. The report shall be made in the manner prescribed by the Director.

(D) To be eligible to receive a payment under division (C) of this section, the legislative authority of a county, township, or municipal corporation must adopt a resolution or ordinance affirming that the funds so received may be expended only to cover costs of the subdivision consistent with the requirements of section 5001 of the "Coronavirus Aid, Relief, and Economic

Security Act," as described in 42 U.S.C. 801(d), and any applicable regulations. Subject to division (F) of this section, until the legislative authority adopts this resolution or ordinance, the subdivision's share of the money from the county coronavirus relief distribution fund shall remain in that fund. The legislative authority shall certify a copy of the resolution or ordinance to the county auditor and the Director of Budget and Management.

(E) Money received under division (C) of this section by a subdivision shall be deposited into a new fund in the subdivision's treasury to be named the local coronavirus relief fund, which the subdivision's fiscal officer shall create for this purpose. Money in that fund shall be used to cover only costs of the subdivision consistent with the requirements of section 5001 of the "Coronavirus Aid, Relief, and Economic Security Act," as described in 42 U.S.C. 801(d). Money in a subdivision's local coronavirus relief fund shall be audited by the Auditor of State during the subdivision's next regular audit under section 117.11 of the Revised Code to determine whether money in the fund has been expended in accordance with the requirements of this section.

(F)(1) Not later than November 20, 2020, the fiscal officer of each subdivision shall pay the unencumbered balance of money in the subdivision's local coronavirus relief fund to the county treasurer, who shall deposit this revenue in the county coronavirus relief distribution fund. If the subdivision is located within more than one county, the subdivision's fiscal officer shall apportion and pay the unencumbered balance of money in the fund among the counties in which it is located proportionally, based on the cumulative amount of money the subdivision received from each such county's coronavirus relief distribution fund under division (C) of this section, division (C) of Section 4 of H.B. 614 of the 133rd General Assembly, and any other appropriations approved by the Controlling Board. On or before November 25, 2020, the county auditor shall distribute all money to the credit of the county coronavirus relief distribution fund to the county and to each municipal corporation and township fully or partially located within that county, unless the subdivision is an ineligible subdivision or paid an unencumbered balance to the treasurer under this division or the subdivision's legislative authority has not adopted the resolution or ordinance required under division (D) of this section. Subject to divisions (F)(2) and (3) of this section, the money shall be distributed as follows:

(a) Twenty-five per cent of the money to the county if it qualifies for a distribution under division (F)(1) of this section;

(b) The remaining balance to each such qualifying municipal corporation or township, of which the distribution to each shall equal the amount of the remaining balance multiplied by a fraction, the numerator of which is the population of the municipal corporation or the township, and the denominator of which is the sum of the populations of all such municipal corporations and townships in the county that qualify for a distribution under division (F)(1) of this section. Only the portion of a municipal corporation's or township's population that resides in the county shall be included in computing that numerator and denominator.

(2) If fewer than twenty-five per cent of the municipal corporations and townships with a population that resides in a county qualify for a distribution under division (F)(1) of this section, "fifty per cent" shall be substituted for "twenty-five per cent" in computing the amount of money to be distributed to the county under division (F)(1)(a) of this section if the county qualifies for such a distribution.

(3) Any money in a county coronavirus relief distribution fund that cannot be distributed under division (F)(1) of this section because no subdivision qualifies for a distribution, or because only the county qualifies for a distribution, shall be paid to the state treasury in the manner prescribed by the Director of Budget and Management.

(4) Money received by a subdivision under division (F)(1) of this section shall be deposited in the subdivision's local coronavirus relief fund and used as required under division (E) of this section.
