S. R. No. 376-Senator Obhof.

Cosponsors: Senators Brenner, Dolan, Hoagland, Hottinger, Huffman, M., Johnson, Peterson, Roegner.

To urge the United States Congress to ratify the United States-Mexico-Canada Agreement.

WHEREAS, The agreement between the United States of America, the United Mexican States, and Canada is a signed but not yet ratified free trade agreement (United States-Mexico-Canada Agreement; USMCA) between the three countries meant to supersede the North American Free Trade Agreement; and

WHEREAS, USMCA would improve the rules of origin for automobiles, trucks, and other products, thereby creating a more level playing field for American workers and encouraging more goods and materials to be manufactured in the U.S. and throughout North America; and

WHEREAS, USMCA would benefit American farmers, ranchers, and agribusinesses by modernizing and strengthening food and agriculture trade between the three countries; and

WHEREAS, USMCA would create new protections for U.S. intellectual property (IP) and ensure opportunities for trade in U.S. services. The modernized, high-standard IP provisions provide strong and effective protection and enforcement of IP rights critical to encouraging innovation, creating economic growth, and supporting American jobs; and

WHEREAS, USMCA addresses digital trade, anticorruption, and good regulatory practices, and would ensure that small and medium sized enterprises benefit from the agreement; and

WHEREAS, USMCA's new commitments for market access address non-tariff barriers to trade in remanufactured goods, import licensing, and export licensing; and

WHEREAS, USMCA's new customs and trade rules would make it easier for small businesses to access foreign markets and participate in cross-border trade; and

WHEREAS, In 2017, Ohio exported \$25.3 billion in goods to Canada and Mexico, and a ratified USMCA would ensure continued growth in such exports; and

WHEREAS, The United States International Trade Commission estimates that implementing USMCA would raise the U.S. real GDP by \$68.2 billion and increase U.S. employment by 176,000 jobs, including 76,000 jobs in the U.S. automotive industry; now therefore be it
