Section 7. CERTIFICATION OF AVAILABILITY OF MONEYS

Moneys that require release shall not be expended from any appropriation contained in this act without certification of the Director of Budget and Management that there are sufficient moneys in the state treasury in the fund from which the appropriation is made. Such certification made by the Office of Budget and Management shall be based on estimates of revenue, receipts, and expenses. Nothing in this section limits the authority of the Director of Budget and Management granted in section 126.07 of the Revised Code.

Section 8. LIMITATION ON USE OF CAPITAL APPROPRIATIONS

The appropriations made in this act, excluding those made from the State Capital Improvement Fund (Fund 7038) and the State Capital Improvements Revolving Loan Fund (Fund 7040) for buildings or structures, including remodeling and renovations, are limited to:

- (A) Acquisition of real property or interests in real property;
- (B) Buildings and structures, which includes construction, demolition, complete heating and cooling, lighting, and lighting fixtures, and all necessary utilities, ventilating, plumbing, sprinkling, water and sewer systems, when such systems are authorized or necessary;
- (C) Architectural, engineering, and professional services expenses directly related to the projects;
- (D) Machinery that is necessary to the operation or function of the building or structure at the time of initial acquisition or construction;
- (E) Acquisition, development, and deployment of new computer systems, including the integration of existing and new computer systems, but excluding regular or ongoing maintenance or support agreements;

- (3) Has a useful life of five years or more.

Furniture, fixtures, or equipment that is not an integral part of or directly related to the basic purpose or function of a project for which moneys are appropriated shall not be paid for from these appropriations. This paragraph does not apply to appropriation line items specifically for furniture, fixtures, or equipment.

Section 9. CONTINGENCY RESERVE REQUIREMENT

Any request for release of capital appropriations by the Director of Budget and Management or the Controlling Board for projects, the contracts for which are awarded by the Ohio Facilities Construction Commission, shall contain a contingency reserve, the amount of which shall be determined by the Ohio Facilities Construction Commission, for payment of unanticipated project expenses. Any amount deducted from the encumbrance for a contractor's contract as an assessment for liquidated damages shall be added to the encumbrance for the contingency reserve. Contingency reserve funds shall be used to pay costs resulting from unanticipated job conditions, to comply with rulings regarding building and other codes, to pay costs related to errors or omissions in contract documents, to pay costs associated with changes in the scope of work, and to pay the cost of settlements and judgments related to the project.

Any funds remaining upon completion of a project, may, upon approval of the Controlling Board, be released for the use of the institution to which the appropriation was made for another capital facilities project or projects.

Section 10. SATISFACTION OF JUDGMENTS AND SETTLEMENTS AGAINST THE STATE

Except as otherwise provided in this section, an appropriation contained in this act or in any other act may be used for the purpose of satisfying judgments, settlements, or administrative awards ordered or approved by the Court of Claims or by any other court of competent jurisdiction in connection with civil actions against the state. This authorization does not apply to appropriations that are to be applied to or used for payment of guarantees by or on behalf of the state or for payments under lease agreements relating to or debt service on bonds, notes, or other

obligations of the state. Notwithstanding any other section of law to the contrary, this authorization includes appropriations from funds into which proceeds or direct obligations of the state are deposited only to the extent that the judgment, settlement, or administrative award is for or represents capital costs for which the appropriation may otherwise be used and is consistent with the purpose for which any related obligations were issued or entered into. Nothing contained in this section is intended to subject the state to suit in any forum in which it is not otherwise subject to suit, nor is it intended to waive or compromise any defense or right available to the state in any suit against it.

Section 11. CAPITAL RELEASES BY THE DIRECTOR OF BUDGET AND MANAGEMENT

Notwithstanding section 126.14 of the Revised Code, the appropriations to the Facilities Construction Commission from the School Building Program Assistance Fund (Fund 7032) and to the Public Works Commission from the Clean Ohio Conservation Fund (Fund 7056), the State Capital Improvement Fund (Fund 7038), and the State Capital Improvements Revolving Loan Fund (Fund 7040) shall be released upon presentation of a request to release the funds, by the agency to which the appropriation has been made, to the Director of Budget and Management.

Except as provided in section 4115.04 of the Revised Code, moneys appropriated or reappropriated by the 133rd General Assembly shall not be used for the construction of public improvements, as defined in section 4115.03 of the Revised Code, unless the mechanics, laborers, or workers engaged therein are paid the prevailing rate of wages prescribed in section 4115.04 of the Revised Code. Nothing in this section affects the wages and salaries established for state employees under Chapter 124. of the Revised Code, or collective bargaining agreements entered into by the state under Chapter 4117. of the Revised Code, while engaged on force account work, nor does this section interfere with the use of inmate and patient labor by the state.

Section 13. AUTHORIZATION OF THE DIRECTOR OF BUDGET AND MANAGEMENT

The Director of Budget and Management shall authorize both of the following:

- (A) The initial release of moneys for projects from the funds into which proceeds of direct obligations of the state are deposited; and
- (B) The expenditure or encumbrance of moneys from funds into which

proceeds of direct obligations are deposited, only after determining to the Director's satisfaction that either of the following applies:

(1) The application of such moneys to the particular project will not negatively affect any exclusion of the interest or interest equivalent on obligations issued to provide moneys to the particular fund from the calculation of gross income for federal income tax purposes under the "Internal Revenue Code of 1986," 100 Stat. 2085, 26 U.S.C. 1, as amended.

(2) Moneys for the project will come from the proceeds of federally taxable obligations, the interest on which is not so excluded from the calculation of gross income for federal income tax purposes and which have been authorized and issued on that basis by their issuing authority.

In the event the Director determines that the condition set forth in division (B)(1) of this section does not apply, and that there is no existing fund in the state treasury to enable compliance with the condition set forth in division (B)(2) of this section, the Director may create a fund in the state treasury for the purpose of receiving proceeds of federally taxable obligations. The Director may establish capital appropriation items in that taxable bond fund that correspond to the preexisting capital appropriation items in the associated tax-exempt bond fund. The Director also may transfer capital appropriations in whole or in part between the taxable and tax-exempt bond funds within a particular purpose for which the bonds have been authorized.

Section 14. OBLIGATIONS ISSUED UNDER CHAPTER 151. OF THE REVISED CODE

The capital improvements for which appropriations are made in this act from the School Building Program Assistance Fund (Fund 7032), the State Capital Improvements Fund (Fund 7038), the State Capital Improvements Revolving Loan Fund (Fund 7040), and the Clean Ohio Conservation Fund (Fund 7056) are determined to be capital improvements and capital facilities for a statewide system of common schools, local subdivision capital improvement projects, and conservation purposes (under the Clean Ohio Program) and are designated as capital facilities to which proceeds of obligations issued under Chapter 151. of the Revised Code are to be applied.

Section 15. TRANSFER OF OPEN ENCUMBRANCES

Upon the request of the agency to which a capital project appropriation item is appropriated, the Director of Budget and Management may transfer open encumbrance amounts between separate encumbrances for the project appropriation item to the extent that any reductions in encumbrances are agreed to by the contracting vendor and the agency.

Section 16. LITIGATION PROCEEDS TO THE ADMINISTRATIVE

BUILDING FUND

Any proceeds received by the state as the result of litigation or a settlement agreement related to any liability for the planning, design, engineering, construction, or constructed management of facilities operated by the Department of Administrative Services shall be deposited into the General Revenue Fund or the Building Improvement Fund (Fund 5KZ0).

Section 17. The items of law contained in this act, and their applications, are severable. If an item of law contained in this act, or if an application of an item of law contained in this act, is held invalid, the invalidity does not affect other items of law contained in this act and their applications that can be given effect without the invalid item or application."

With regard to each such contract, the county or contracting authority shall maintain a record of such estimates, including the name of each person from whom an estimate is solicited. The county or contracting authority shall maintain the record for the longer of at least one year after the contract is awarded or the amount of time the federal government requires.

(d) The contracting authority negotiates with the prospective lessors to obtain a lease at the best and lowest price reasonably possible considering the fair market value of the property and any relocation and operational costs that may be incurred during the period the lease is in effect.

(2) The contracting authority may use the services of a real estate appraiser to obtain advice, consultations, or other recommendations regarding the lease of property under this division.

(J) The purchase is made pursuant to section 5139.34 or sections 5139.41 to 5139.46 of the Revised Code and is of programs or services that provide case management, treatment, or prevention services to any felony or misdemeanor delinquent, unruly youth, or status offender under the supervision of the juvenile court, including, but not limited to, community residential care, day treatment, services to children in their home, or electronic monitoring.

(K) The purchase is made by a public children services agency pursuant to section 307.92 or 5153.16 of the Revised Code and consists of family services, programs, or ancillary services that provide case management, prevention, or treatment services for children at risk of being or alleged to be abused, neglected, or dependent children.

Any contracting authority that negotiates a contract under division (F) of this section shall request proposals and negotiate with issuers in accordance with that division at least every three years from the date of the signing of such a contract, unless the parties agree upon terms for extensions or renewals of the contract. Such extension or renewal periods shall not exceed six years from the date the initial contract is signed.

The board shall enter the determination of emergency and the reasons for it in the minutes of its proceedings.

(C) For purposes of this section, a vote is unanimous if all members of a board of county hospital trustees are present, or a lesser number of members of the board if not all members are present, provided that the number of members present constitutes a quorum. Board members participating in a vote by means of authorized communications equipment in accordance with section 339.02 of the Revised Code are considered to be present in person and may vote on matters under this section.

(D) Whenever a contract of purchase, lease, or construction is exempted from competitive bidding because the estimated cost is less than one hundred thousand dollars, but the estimated cost is fifty thousand dollars or more, the board shall solicit informal estimates from not fewer than three persons who could perform the contract, before awarding the contract. With regard to each such contract, the board shall maintain a record of the informal estimates, including the name of each person from whom an informal estimate was solicited. The legislative authority may also cause notice to be inserted in trade papers or other publications designated by it or to be distributed by electronic means, including posting the notice on the legislative authority's internet web site. If the legislative authority posts the notice on its web site, it may eliminate the second notice otherwise required to be published in a newspaper of general circulation within the village, provided that the first notice published in such newspaper meets all of the following requirements:

(A) It is published at least two weeks before the opening of bids.

(B) It includes a statement that the notice is posted on the legislative authority's internet web site.

(C) It includes the internet address of the legislative authority's internet web site.

(D) It includes instructions describing how the notice may be accessed on the legislative authority's internet web site.

The bids shall be opened and shall be publicly read by the clerk of the village or a person designated by the clerk at the time, date, and place

specified in the advertisement to bidders or specifications. The time, date, and place of bid openings may be extended to a later date by the legislative authority of the village, provided that written or oral notice of the change shall be given to all persons who have received or requested specifications no later than ninety-six hours prior to the original time and date fixed for the opening. This section does not apply to those villages that have provided for the appointment of a village administrator under section 735.271 of the Revised Code.

As used in this section, "personal protective equipment" means equipment worn to minimize exposure to hazards that cause workplace injuries and illnesses.

Notwithstanding any conflicting provision of sections 749.09 to 749.14 and 749.26 to 749.31 of the Revised Code, Chapter 153. of the Revised Code, or any other competitive bidding requirement specified in the Revised Code that requires a public authority to enter into separate contracts for the design and construction of a public improvement, ~~a~~.

(A) A board of hospital commissioners or a board of hospital trustees may enter into a single contract under which the entity awarded the contract is responsible for providing both design and construction services related to the erection of a hospital, any addition to the hospital, or any other improvement to the hospital or its properties involving alteration, repair, replacement, renovation, installation, or demolition.

(B) During the period of the emergency declared by Executive Order 2020-01D, issued on March 9, 2020, a board of hospital commissioners or a board of hospital trustees may purchase personal protective equipment necessary to respond to the emergency without following competitive bidding procedures. As used in this section, "personal protective equipment" means equipment worn to minimize exposure to hazards that cause workplace injuries and illnesses.
