No public office, and no public official or employee, shall sell that information or data or use that information or data for profit.

(b) Information provided under this division for maintenance of the statewide voter registration database shall not be used to update the name or address of a registered elector. The name or address of a registered elector shall only be updated as a result of the elector's actions in filing a notice of change of name, change of address, or both.

(c) A board of elections shall contact a registered elector pursuant to the rules adopted under division (D)(7) of this section to verify the accuracy of the information in the statewide voter registration database regarding that elector if that information does not conform with information provided under division (A)(2)(a) of this section and the discrepancy would affect the elector's eligibility to cast a regular ballot.

(3)(a) The secretary of state shall enter into agreements to share information or data that is in the possession of the secretary of state with other states or groups of states, as the secretary of state considers necessary, in order to maintain the statewide voter registration database established pursuant to this section. Except as otherwise provided in division (A)(3)(b) of this section, the secretary of state shall ensure that any information or data provided to the secretary of state that is confidential in the possession of the state providing the data remains confidential while in the possession of the secretary of state.

(b) The secretary of state may provide such otherwise confidential information or data to
persons or organizations that are engaging in legitimate governmental purposes related to the maintenance of the statewide voter registration database. The secretary of state shall adopt rules pursuant to Chapter 119. of the Revised Code identifying the persons or organizations who may receive that information or data. The secretary of state shall not share that information or data with a person or organization not identified in those rules. The secretary of state shall ensure that a person or organization that receives confidential information or data under this division keeps the information or data confidential in the person's or organization's possession by, at a minimum, entering into a confidentiality agreement with the person or organization. Any confidentiality agreement entered into under this division shall include a requirement that the person or organization submit to the jurisdiction of this state in the event that the person or organization breaches the agreement.

(5) The secretary of state shall regularly transmit to the boards of elections, to the extent permitted by state and federal law, the information and data the secretary of state receives under divisions (A)(2) and (3) of this section that is necessary to do the following, in order to ensure that the accuracy of the statewide voter registration database is maintained on a regular basis in accordance with applicable state and federal law:

(a) Require the boards of elections to maintain the database in a manner that ensures that the name of each registered elector appears in the database, that only individuals who are not registered or eligible to vote are removed from the database, and that duplicate registrations are eliminated from the database;

(b) Require the boards of elections to make a reasonable effort to remove individuals who are not eligible to vote from the database;

(c) Establish safeguards to ensure that eligible electors are not removed in error from the database.

(B) The statewide voter registration database established under this section shall be the official list of registered voters for all elections conducted in this state.

(C) The statewide voter registration database established under this section shall, at a minimum, include all of the following:

(1) An electronic network that connects all board of elections offices with the office of the secretary of state and with the offices of all other boards of elections;

(2) A computer program that harmonizes the records contained in the database with records maintained by each board of elections;

(4) A search program capable of verifying registered voters and their registration information by name, driver's license or state identification card number, birth date, social security number, or current address;

(5) Safeguards and components to ensure that the integrity, security, and confidentiality of the voter registration information is maintained;

(6) Methods to retain canceled voter registration records for not less than five years after they
are canceled and to record the reason for their cancellation.

(2) Establishing a uniform method for entering voter registration records into the statewide voter registration database on an expedited basis, but not less than once per day, if new registration information is received;

(3) Establishing a uniform method for purging canceled voter registration records from the statewide voter registration database in accordance with section 3503.21 of the Revised Code;

(7) Establishing a uniform method for addressing instances in which records contained in the statewide voter registration database do not conform with records maintained by an agency, state, or group of states described in division (A)(2)(a) or (3)(a) of this section. That method shall prohibit an elector's voter registration from being canceled on the sole basis that the information in the registration record does not conform to records maintained by such an agency.

(E) A board of elections promptly shall purge a voter's name and voter registration information from the statewide voter registration database in accordance with the rules adopted by the secretary of state under division (D)(3) of this section after the cancellation of a voter's registration under section 3503.21 of the Revised Code.

(F) The secretary of state shall provide training in the operation of the statewide voter registration database to each board of elections and to any persons authorized by the secretary of state to add, delete, modify, or print database records, and to conduct updates of the database.

(iv) The voter's voting history.

(b) During the thirty days before the day of a primary or general election, the web site interface of the statewide voter registration database shall permit a voter to search for the polling

(2) The secretary of state shall establish, by rule adopted under Chapter 119. of the Revised Code, a process for boards of elections to notify the secretary of state of changes in the locations of precinct polling places for the purpose of updating the information made available on the secretary of state's web site under division (G)(1)(b) of this section. Those rules shall require a board of elections, during the thirty days before the day of a primary or general election, to notify the secretary of state within one business day of any change to the location of a precinct polling place within the county.

(3) During the thirty days before the day of a primary or general election, not later than one business day after receiving a notification from a county pursuant to division (G)(2) of this section that the location of a precinct polling place has changed, the secretary of state shall update that information on the secretary of state's web site for the purpose of division (G)(1)(b) of this section.

(H) The secretary of state shall conduct an annual review of the statewide voter registration database as follows:

(1) The secretary of state shall compare the information in the statewide voter registration database with the information the secretary of state obtains from the bureau of motor vehicles under division (A)(2) of this section to identify any person who does all of the following, in the following order:

(3) If, not later than sixty days after the first notice was sent, a person who is sent a notice under division (H)(2) of this section responds to the secretary of state, confirming that the person is a United States citizen, the secretary of state shall take no action concerning the person's voter registration.

(4) If, not later than sixty days after the first notice was sent, a person who receives a notice under division (H)(2) of this section sends a completed voter registration cancellation form to the secretary of state, the secretary of state shall instruct the board of elections of the county in which the person is registered to cancel the person's registration.

(5) If a person who was sent a second notice under division (H)(2) of this section fails to respond to the secretary of state in the manner described in division (H)(3) or (4) of this section not later than thirty days after the second notice was sent, the secretary of state shall refer the matter to the attorney general for further investigation and possible prosecution under section 3599.11,
3599.12, 3599.13, or any other applicable section of the Revised Code. If, after the thirtieth day after the second notice was sent, the person sends a completed voter registration cancellation form to the secretary of state, the secretary of state shall instruct the board of elections of the county in which the person is registered to cancel the person's registration and shall notify the attorney general of the cancellation.

Sec. 3503.16. (A) Except as otherwise provided in division (E) of section 111.44 of the Revised Code, whenever a registered elector changes the place of residence of that registered elector from one precinct to another within a county or from one county to another, or has a change of name, that registered elector shall report the change by delivering a change of residence or change of name form, whichever is appropriate, as prescribed by the secretary of state under section 3503.14 of the Revised Code to the state or local office of a designated agency, a public high school or vocational school, a public library, the office of the county treasurer, the office of the secretary of state, any office of the registrar or deputy registrar of motor vehicles, or any office of a board of elections in person or by a third person. A registered elector also may update the registration of that registered elector by filing a change of residence or change of name form on the day of a special, primary, or general election at the polling place in the precinct in which that registered elector resides or at the board of elections or at another site designated by the board.

(B)(1)(a) Any registered elector who moves within a precinct on or prior to the day of a general, primary, or special election and has not filed a notice of change of residence with the board of elections may vote in that election by going to that registered elector's assigned polling place, completing and signing a notice of change of residence, showing identification in the form of a current and valid photo identification, a military identification, or a copy of a current utility bill, bank statement, government check, paycheck, or other government document, other than a notice of voter registration mailed by a board of elections under section 3503.19 of the Revised Code, that shows the name and current address of the elector, and casting a ballot.

(b) Any registered elector who changes the name of that registered elector and remains within a precinct on or prior to the day of a general, primary, or special election and has not filed a notice of change of name with the board of elections may vote in that election by going to that registered elector's assigned polling place, completing and signing a notice of change of name, and casting a provisional ballot under section 3505.181 of the Revised Code. (2) Any registered elector who moves from one precinct to another within a county or moves from one precinct to another and changes the name of that registered elector on or prior to the day of a general, primary, or special election and has not filed a notice of change of residence or change of name, whichever is appropriate, with the board of elections may vote in that election if that registered elector complies with division (G) of this section or does all of the following:

(C) Any registered elector who moves from one county to another county within the state on or prior to the day of a general, primary, or special election and has not registered to vote in the county to which that registered elector moved may vote in that election if that registered elector complies with division (G) of this section or does all of the following:

(D) A person who votes by absent voter's ballots pursuant to division (G) of this section shall not make written application for the ballots pursuant to Chapter 3509 of the Revised Code. Ballots cast pursuant to division (G) of this section shall be set aside in a special envelope and counted during the official canvass of votes in the manner provided for in sections 3505.32 and 3509.06 of the Revised Code insofar as that manner is applicable. The board shall examine the pollbooks to verify that no ballot was cast at the polls or by absent voter's ballots under Chapter 3509 or 3511 of the Revised Code by an elector who has voted by absent voter's ballots pursuant to division (G) of this section. Any ballot determined to be insufficient for any of the reasons stated above or stated in section 3509.07 of the Revised Code shall not be counted.

Subject to division (C) of section 3501.10 of the Revised Code, a board of elections may lease or otherwise acquire a site different from the office of the board at which registered electors may vote pursuant to division (B) or (C) of this section.

(E) Upon receiving a notice of change of residence or change of name, the board of elections shall immediately send the registrant an acknowledgment notice. If the change of residence or change of name notice is valid, the board shall update the voter's registration as appropriate. If that form is incomplete, the board shall inform the registrant in the acknowledgment notice specified in this division of the information necessary to complete or update that registrant's registration.

(F) Change of residence and change of name forms shall be available at each polling place, and when these forms are completed, noting changes of residence or name, as appropriate, they shall be filed with election officials at the polling place. Election officials shall return completed forms, together with the pollbooks and tally sheets, to the board of elections.

The board of elections shall provide change of residence and change of name forms to the probate court and court of common pleas. The court shall provide the forms to any person eighteen years of age or older who has a change of name by order of the court or who applies for a marriage license. The court shall forward all completed forms to the board of elections within five days after receiving them.

(G) A registered elector who otherwise would qualify to vote under division (B) or (C) of this
section but is unable to appear at the office of the board of elections or, if pursuant to division (C) of section 3501.10 of the Revised Code the board has designated another location in the county at which registered electors may vote, at that other location, on account of personal illness, physical disability, or infirmity, may vote on the day of the election if that registered elector does all of the following:

(1) Makes a written application on a form prescribed by the secretary of state that includes all of the information required under section 3509.03 of the Revised Code to the appropriate board for an absent voter's ballot on or after the twenty-seventh day prior to the election in which the registered elector wishes to vote through noon of the Saturday close of business on the seventh day prior to that election and requests that the absent voter's ballot be sent to the address to which the registered elector has moved if the registered elector has moved, or to the address of that registered elector who has not moved but has had a change of name;

(2) Declares that the registered elector has moved or had a change of name, whichever is appropriate, and otherwise is qualified to vote under the circumstances described in division (B) or (C) of this section, whichever is appropriate, but that the registered elector is unable to appear at the board of elections because of personal illness, physical disability, or infirmity;

Sec. 3503.19. (A) Persons qualified to register or to change their registration because of a change of address or change of name may register or change their registration in person at any state or local office of a designated agency, at the office of the registrar or any deputy registrar of motor vehicles, at a public high school or vocational school, at a public library, at the office of a county treasurer, or at a branch office established by the board of elections, or in person, through another person, or by mail at the office of the secretary of state or at the office of a board of elections. A registered elector may also change the elector's registration on election day at any polling place where the elector is eligible to vote, in the manner provided under section 3503.16 of the Revised Code.

Any state or local office of a designated agency, the office of the registrar or any deputy registrar of motor vehicles, a public high school or vocational school, a public library, or the office of a county treasurer shall transmit any voter registration application or change of registration form that it receives to the board of elections of the county in which the state or local office is located, within five days after receiving the voter registration application or change of registration form.

An otherwise valid voter registration application that is returned to the appropriate office other than by mail must be received by a state or local office of a designated agency, the office of the registrar or any deputy registrar of motor vehicles, a public high school or vocational school, a public library, the office of a county treasurer, the office of the secretary of state, or the office of a board of
elections no later than the thirtieth day preceding a primary, special, or general election for the person to qualify as an elector eligible to vote at that election. An otherwise valid registration application received after that day entitles the elector to vote at all subsequent elections.

Any state or local office of a designated agency, the office of the registrar or any deputy registrar of motor vehicles, a public high school or vocational school, a public library, or the office of a county treasurer shall date stamp a registration application or change of name or change of address form it receives using a date stamp that does not disclose the identity of the state or local office that receives the registration.

Voter registration applications, if otherwise valid, that are returned by mail to the office of the secretary of state or to the office of a board of elections must be postmarked no later than the thirtieth day preceding a primary, special, or general election in order for the person to qualify as an elector eligible to vote at that election. If an otherwise valid voter registration application that is returned by mail does not bear a postmark or a legible postmark, the registration shall be valid for that election if received by the office of the secretary of state or the office of a board of elections no later than twenty-five days preceding any special, primary, or general election.

(B)(1) Any person may apply in person, by telephone, by mail, or through another person for voter registration forms to the office of the secretary of state or the office of a board of elections. An individual who is eligible to vote as a uniformed services voter or an overseas voter in accordance with 42 U.S.C. 1973ff-6 also may apply for voter registration forms by electronic means to the office of the secretary of state or to the board of elections of the county in which the person's voting residence is located pursuant to section 3503.191 of the Revised Code.

(2)(a) An applicant may return the applicant's completed registration form in person or by mail to any state or local office of a designated agency, to a public high school or vocational school, to a public library, to the office of a county treasurer, to the office of the secretary of state, or to the office of a board of elections. An applicant who is eligible to vote as a uniformed services voter or an overseas voter in accordance with 42 U.S.C. 1973ff-6 also may return the applicant's completed voter registration form electronically to the office of the secretary of state or to the board of elections of the county in which the person's voting residence is located pursuant to section 3503.191 of the Revised Code.

(b) Subject to division (B)(2)(c) of this section, an applicant may return the applicant's completed registration form through another person to any board of elections or the office of the secretary of state.

(c) A person who receives compensation for registering a voter shall return any registration form entrusted to that person by an applicant to any board of elections or to the office of the secretary of state.

(d) If a board of elections or the office of the secretary of state receives a registration form under division (B)(2)(b) or (c) of this section before the thirtieth day before an election, the board or the office of the secretary of state, as applicable, shall forward the registration to the board of elections of the county in which the applicant is seeking to register to vote within ten days after receiving the application. If a board of elections or the office of the secretary of state receives a registration form under division (B)(2)(b) or (c) of this section on or after the thirtieth day before an election, the board or the office of the secretary of state, as applicable, shall forward the registration
to the board of elections of the county in which the applicant is seeking to register to vote within thirty days after that election.

(C)(1) A board of elections that receives a voter registration application and is satisfied as to the truth of the statements made in the registration form shall register the applicant not later than twenty business days after receiving the application, unless that application is received during the thirty days immediately preceding the day of an election. The board shall promptly notify the applicant in writing of each of the following:

(a) The applicant's registration;
(b) The precinct in which the applicant is to vote;
(c) In bold type as follows:

"Voters must bring photo identification to the polls in order to verify identity. Identification may include a current and valid photo identification, a military identification, or a copy of a current utility bill, bank statement, government check, paycheck, or other government document, other than this notification, that shows the voter's name and current address. Voters who do not provide one of these documents photo identification will still be able to vote by casting a provisional ballot. Voters who do not have any of the above forms of identification, including a social security number, will still be able to vote by signing an affirmation swearing to the voter's identity under penalty of election falsification and by casting a provisional ballot."

The notification shall be by nonforwardable mail. If the mail is returned to the board, it shall investigate and cause the notification to be delivered to the correct address.

(2) If, after investigating as required under division (C)(1) of this section, the board is unable to verify the voter's correct address, it shall cause the voter's name in the official registration list and in the poll list or signature pollbook to be marked to indicate that the voter's notification was returned to the board.

At the first election at which a voter whose name has been so marked appears to vote, the voter shall be required to provide identification to the election officials and to vote by provisional ballot under section 3505.181 of the Revised Code. If the provisional ballot is counted pursuant to division (B)(3) of section 3505.183 of the Revised Code, the board shall correct that voter's registration, if needed, and shall remove the indication that the voter's notification was returned from that voter's name on the official registration list and on the poll list or signature pollbook. If the provisional ballot is not counted pursuant to division (B)(4)(a)(i), (v), or (vi) of section 3505.183 of the Revised Code, the voter's registration shall be canceled. The board shall notify the voter by United States mail of the cancellation.

(3) If a notice of the disposition of an otherwise valid registration application is sent by nonforwardable mail and is returned undelivered, the person shall be registered as provided in division (C)(2) of this section and sent a confirmation notice by forwardable mail. If the person fails to respond to the confirmation notice, update the person's registration, or vote by provisional ballot as provided in division (C)(2) of this section in any election during the period of two federal elections subsequent to the mailing of the confirmation notice, the person's registration shall be canceled.

Sec. 3503.28. (A) The secretary of state shall develop an information brochure regarding voter registration. The brochure shall include, but is not limited to, all of the following information:

(1) The applicable deadlines for registering to vote or for returning an applicant's completed
registration form;

(2) The applicable deadline for returning an applicant's completed registration form if the person returning the form is being compensated for registering voters;

(3) The locations to which a person may return an applicant's completed registration form;

(4) The location to which a person who is compensated for registering voters may return an applicant's completed registration form;

(5) The registration and affirmation requirements applicable to persons who are compensated for registering voters under section 3503.29 of the Revised Code;

(6) A notice, which shall be written in bold type, stating as follows:

"Voters must bring photo identification to the polls in order to verify identity. Identification may include a current and valid photo identification, a military identification, or a copy of a current utility bill, bank statement, government check, paycheck, or other government document, other than a voter registration notification sent by a board of elections, that shows the voter's name and current address. Voters who do not provide one of these documents will still be able to vote by casting a provisional ballot. Voters who do not have any of the above forms of identification, including a social security number, will still be able to vote by signing an affirmation swearing to the voter's identity under penalty of election falsification and by casting a provisional ballot."

(B) Except as otherwise provided in division (D) of this section, a board of elections, designated agency, public high school, public vocational school, public library, office of a county treasurer, or deputy registrar of motor vehicles shall distribute a copy of the brochure developed under division (A) of this section to any person who requests more than two voter registration forms at one time.

(C)(1) The secretary of state shall provide the information required to be included in the brochure developed under division (A) of this section to any person who prints a voter registration form that is made available on a web site of the office of the secretary of state.

(2) If a board of elections operates and maintains a web site, the board shall provide the information required to be included in the brochure developed under division (A) of this section to any person who prints a voter registration form that is made available on that web site.

(D) A board of elections shall not be required to distribute a copy of a brochure under division (B) of this section to any of the following officials or employees who are requesting more than two voter registration forms at one time in the course of the official's or employee's normal duties:

(E) As used in this section, "registering voters" includes any effort, for compensation, to provide voter registration forms or to assist persons in completing or returning those forms.

Sec. 3505.18. (A)(1) When an elector appears in a polling place to vote, the elector shall announce to the precinct election officials the elector's full name and current address and provide proof of the elector's identity in the form of a current and valid photo identification, a military identification, or a copy of a current utility bill, bank statement, government check, paycheck, or other government document, other than a notice of voter registration mailed by a board of elections under section 3503.19 of the Revised Code, that shows the name and current address of the elector.

(2) If an elector does not have or is unable to provide photo identification to the precinct election officials, any of the forms of identification required under division (A)(1) of this section, the elector may cast a provisional ballot under section 3505.181 of the Revised Code and do either of the following:

(a) Write the elector's driver's license or state identification card number or the last four digits of the elector's social security number on the provisional ballot envelope; or

(b) Appear at the office of the board of elections not later than the seventh day after the day of the election and provide the identification required under division (A)(1) of this section, the elector's driver's license or state identification card number, or the last four digits of the elector's social security number.

(B) After the elector has announced the elector's full name and current address and provided any of the forms of identification required under division (A)(1) of this section, the elector shall write confirm the elector's name and address by signing the elector's name at the proper place in the poll list or signature pollbook provided for the purpose, except that if, for any reason, an elector is unable to write sign the elector's name and current address in the poll list or signature pollbook, the elector may make the elector's mark at the place intended for the elector's name, and a precinct election official shall write the name of the elector at the proper place on the poll list or signature pollbook following the elector's mark. The making of such a mark shall be attested by the precinct election official, who shall evidence the same by signing the precinct election official's name on the poll list or signature pollbook as a witness to the mark. Alternatively, if applicable, an attorney in fact acting pursuant to section 3501.382 of the Revised Code may sign the elector's signature in the poll list or signature pollbook in accordance with that section.

The elector's signature in the poll list or signature pollbook then shall be compared with the elector's signature on the elector's registration form or a digitized signature list as provided for in section 3503.13 of the Revised Code, and if, in the opinion of a majority of the precinct election officials, the signatures are the signatures of the same person, the election officials shall enter the date of the election on the registration form or shall record the date by other means prescribed by the secretary of state. The validity of an attorney in fact's signature on behalf of an elector shall be determined in accordance with section 3501.382 of the Revised Code.

If the right of the elector to vote is not then challenged, or, if being challenged, the elector establishes the elector's right to vote, the elector shall be allowed to proceed to use the voting machine. If voting machines are not being used in that precinct, the precinct election official in charge of ballots shall then detach the next ballots to be issued to the elector from Stub B attached to
each ballot, leaving Stub A attached to each ballot, hand the ballots to the elector, and call the elector's name and the stub number on each of the ballots. The precinct election official shall enter the stub numbers opposite the signature of the elector in the pollbook. The elector shall then retire to one of the voting compartments to mark the elector's ballots. No mark shall be made on any ballot which would in any way enable any person to identify the person who voted the ballot.

Sec. 3505.181. (A) All of the following individuals shall be permitted to cast a provisional ballot at an election:

(1) An individual who declares that the individual is a registered voter in the precinct in which the individual desires to vote and that the individual is eligible to vote in an election, but the name of the individual does not appear on the official list of eligible voters for the precinct or an election official asserts that the individual is not eligible to vote;

The free access system established under this division also shall provide to an individual whose provisional ballot was not counted information explaining how that individual may contact the board of elections to register to vote or to resolve problems with the individual’s voter registration.

The appropriate state or local election official shall establish and maintain reasonable procedures necessary to protect the security, confidentiality, and integrity of personal information collected, stored, or otherwise used by the free access system established under this division. The system shall permit an individual only to gain access to information about the individual’s own provisional ballot.

(6) If, at the time that an individual casts a provisional ballot, the individual provides photo identification in the form of a current and valid photo identification, a military identification, or a copy of a current utility bill, bank statement, government check, paycheck, or other government document, other than a notice of voter registration mailed by a board of elections under section 3503.19 of the Revised Code, that shows the individual’s name and current address, or provides the individual's driver's license or state identification card number or the last four digits of the individual's social security number, the individual shall record the type of identification provided or the driver’s license, state identification card, or social security number information and include that information on the provisional ballot affirmation under division (B)(3) of this section and, if the individual provides an Ohio driver's license, state identification card, or interim identification document, the individual also shall write the individual's driver's license or state identification card number on the provisional ballot affirmation.

(2) If the individual refuses to travel to the correct precinct or to the office of the board of elections to cast a ballot, the individual shall be permitted to vote a provisional ballot at that precinct in accordance with division (B) of this section. (4) If no such challenge is made, or if such a challenge is made and not sustained, the voting location manager shall open the envelope without defacing the statement of voter and without
mutilating the ballots in it, and shall remove the ballots contained in it and proceed to count them.

(5)(a) Except as otherwise provided in division (D)(5)(b) of this section, the name of each person voting who is entitled to vote only an absent voter's presidential ballot shall be entered in a pollbook or poll list or signature pollbook followed by the words "Absentee Presidential Ballot." The name of each person voting an absent voter's ballot, other than such persons entitled to vote only a presidential ballot, shall be entered in the pollbook or poll list or signature pollbook and the person's registration card marked to indicate that the person has voted.

(b) If the person voting has a confidential voter registration record, the person's registration card shall be marked to indicate that the person has voted, but the person's name shall not be entered in the pollbook or poll list or signature pollbook.

(6) The date of such election shall also be entered on the elector's registration form. If any such challenge is made and sustained, the identification envelope of such elector shall not be opened, shall be endorsed "Not Counted" with the reasons the ballots were not counted, and shall be delivered to the board.

(E)(1) When the board of elections receives absent voter's ballots from an elector who has provided a program participant identification number instead of a residence address on the identification envelope statement of voter, the director and the deputy director personally shall examine and process the identification envelope statement of voter in the manner prescribed in division (D) of this section.

(2) If the director and the deputy director find that the identification envelope statement of voter is incomplete or that the information contained in that statement does not conform to the information contained in the statewide voter registration database concerning the voter or to the information contained in the voter's confidential voter registration record, the director and the deputy director shall mail a written notice to the voter informing the voter of the nature of the defect. The notice shall inform the voter that in order for the voter's ballot to be counted the voter must provide the necessary information to the board of elections in writing and on a form prescribed by the secretary of state not later than the seventh day after the day of the election. The voter may deliver the form to the office of the board in person or by mail. If the voter provides the necessary information to the board of elections not later than the seventh day after the day of the election and the ballot is not successfully challenged on another basis, the voter's ballot shall be counted in accordance with this section.

(3) The director or the deputy director may challenge the ballot on the ground that the signature on the envelope is not the same as the signature on the registration form, that the identification envelope statement of voter is incomplete, or upon any other of the grounds upon which the right of persons to vote may be lawfully challenged. If such a challenge is made, the board of elections shall decide whether to sustain the challenge.

(4) If neither the director nor the deputy director challenges the ballot, or if such a challenge is made and not sustained, the director and the deputy director shall open the envelope without defacing the statement of voter and without mutilating the ballots in it, shall remove the ballots contained in it, and shall transmit the ballots to the election officials to be counted with other absent voter's ballots from that precinct.

(F) The board of elections may process absent voter's ballots before the time for
counting those ballots, but the board shall not tabulate or count the votes on those ballots before that
time. As used in this section and section 3511.11 of the Revised Code, processing an absent voter's
ballot means any of the following:

(1) Examining the identification envelope statement of voter in order to verify that the absent
voter's ballot is eligible to be counted under section 3509.07 of the Revised Code;

(2) Opening the identification envelope, if the absent voter's ballot is eligible to be counted;

(3) Determining the validity of the absent voter's ballot under section 3509.07 of the Revised
Code;

(4) Preparing and sorting the absent voter's ballot for scanning by automatic tabulating
equipment;

(5) Scanning the absent voter's ballot by automatic tabulating equipment, if the equipment
used by the board of elections permits an absent voter's ballot to be scanned without tabulating or
counting the votes on the ballots scanned.

(G) Special election officials, employees or members of the board of elections, or observers
shall not disclose the count or any portion of the count of absent voter's ballots prior to the time of
the closing of the polling places. No person shall recklessly disclose the count or any portion of the
count of absent voter's ballots in such a manner as to jeopardize the secrecy of any individual ballot.

(H)(1) Except as otherwise provided in division (H)(2) of this section, observers may be
appointed under section 3505.21 of the Revised Code to witness the examination and opening of
identification envelopes and the processing and counting of absent voters' ballots under this section.

(2) Observers shall not be permitted to witness the examination and opening of identification
envelopes returned by, and the processing and counting of absent voter's ballots cast by, electors who
have confidential voter registration records in a manner that would permit the observers to learn the
identities or residence addresses of those electors.

Sec. 3509.07. If election officials find that any of the following are true concerning an absent
voter's ballot or absent voter's presidential ballot cast under section 3503.16, 3509.05, 3509.08, or
3511.09 of the Revised Code and, if applicable, the person did not provide any required additional
information to the board of elections not later than the seventh day after the day of the
election, as permitted under division (D)(3)(b) or (E)(2) of section 3509.06 of the Revised Code, the
ballot shall not be accepted or counted:

(A) The statement accompanying the ballot is incomplete as described in division (D)(3)(a)
of section 3509.06 of the Revised Code or is insufficient;

(B) The signatures do not correspond with the person's registration signature;

(C) The applicant is not a qualified elector in the precinct;

(D) The ballot envelope contains more than one ballot of any one kind, or any voted ballot
that the elector is not entitled to vote;

(E) Stub A is detached from the absent voter's ballot or absent voter's presidential ballot; or

(F) The elector has not included with the elector's ballot any identification required under
section 3509.05 or 3511.09 of the Revised Code.

The vote of any absent voter may be challenged for cause in the same manner as other votes
are challenged, and the election officials shall determine the legality of that ballot. Every ballot not
counted shall be endorsed on its back "Not Counted" with the reasons the ballot was not counted, and
shall be enclosed and returned to or retained by the board of elections along with the contested ballots.

Sec. 3509.08. (A) Any qualified elector, who, on account of the elector's own personal illness, physical disability, or infirmity, or on account of the elector's confinement in a jail or workhouse under sentence for a misdemeanor or awaiting trial on a felony or misdemeanor, will be unable to travel from the elector's home or place of confinement to the voting booth in the elector's precinct on the day of any general, special, or primary election may make application in writing for an absent voter's ballot to the director of the board of elections of the elector's county in the manner described in section 3509.03 of the Revised Code. The application shall include all of the information required under section 3509.03 of the Revised Code and shall state the nature of the elector's illness, physical disability, or infirmity, or the fact that the elector is confined in a jail or workhouse and the elector's resultant inability to travel to the election booth in the elector's precinct on election day. The application shall not be valid if it is delivered to the director before the ninetieth day or after twelve noon of the third day before the day of the election at which the ballot is to be voted.

The absent voter's ballot may be mailed directly to the applicant at the applicant's voting residence or place of confinement as stated in the applicant's application, or the board may designate two board employees belonging to the two major political parties for the purpose of delivering the ballot to the disabled or confined elector and returning it to the board, unless the applicant is confined to a public or private institution within the county, in which case the board shall designate two board employees belonging to the two major political parties for the purpose of delivering the ballot to the disabled or confined elector and returning it to the board. In all other instances, the ballot shall be returned to the office of the board in the manner prescribed in section 3509.05 of the Revised Code.

Any disabled or confined elector who declares to the two board employees belonging to the two major political parties that the elector is unable to mark the elector's ballot by reason of physical infirmity that is apparent to the employees to be sufficient to incapacitate the voter from marking the elector's ballot properly, may receive, upon request, the assistance of the employees in marking the elector's ballot, and they shall thereafter give no information in regard to this matter. Such assistance shall not be rendered for any other cause.

When two board employees belonging to the two major political parties deliver a ballot to a disabled or confined elector, each of the employees shall be present when the ballot is delivered, when assistance is given, and when the ballot is returned to the office of the board, and shall subscribe to the declaration on the identification envelope.

The secretary of state shall prescribe the form of application for absent voter's ballots under this division.

This chapter applies to disabled and confined absent voter's ballots except as otherwise provided in this section.

(B)(1) Any qualified elector who is unable to travel to the voting booth in the elector's precinct on the day of any general, special, or primary election may apply to the director of the board of elections of the county where the elector is a qualified elector to vote in the election by absent voter's ballot if either of the following apply:

(a) The elector is confined in a hospital as a result of an accident or unforeseeable medical emergency occurring before the election;
(b) The elector's minor child is confined in a hospital as a result of an accident or unforeseeable medical emergency occurring before the election.

(2) The application authorized under division (B)(1) of this section shall be made in writing, shall include all of the information required under section 3509.03 of the Revised Code, and except that the application shall be delivered to the director's office of the board not later than three p.m. on the day of the election. The application shall indicate the hospital where the applicant or the applicant's child is confined, the date of the applicant's or the applicant's child's admission to the hospital, and the offices for which the applicant is qualified to vote. The applicant may also request that a member of the applicant's family, as listed in section 3509.05 of the Revised Code, deliver the absent voter's ballot to the applicant. The director board, after establishing to the director's satisfaction the validity of the circumstances claimed by the applicant, shall supply an absent voter's ballot to be delivered to the applicant. When the applicant or the applicant's child is in a hospital in the county where the applicant is a qualified elector and no request is made for a member of the family to deliver the ballot, the director board shall arrange for the delivery of an absent voter's ballot to the applicant, and for its return to the office of the board, by two board employees belonging to the two major political parties according to the procedures prescribed in division (A) of this section. When the applicant or the applicant's child is in a hospital outside the county where the applicant is a qualified elector and no request is made for a member of the family to deliver the ballot, the director board shall arrange for the delivery of an absent voter's ballot to the applicant by mail, and the ballot shall be returned to the office of the board in the manner prescribed in section 3509.05 of the Revised Code.

(3) Any qualified elector who is eligible to vote under division (B) or (C) of section 3503.16 of the Revised Code but is unable to do so because of the circumstances described in division (B)(2) of this section may vote in accordance with division (B)(1) of this section if that qualified elector states in the application for absent voter's ballots that that qualified elector moved or had a change of name under the circumstances described in division (B) or (C) of section 3503.16 of the Revised Code and if that qualified elector complies with divisions (G)(1) to (4) of section 3503.16 of the Revised Code.

(C) Any qualified elector described in division (A) or (B)(1) of this section who needs no assistance to vote or to return absent voter's ballots to the board of elections may apply for absent voter's ballots under section 3509.03 of the Revised Code instead of applying for them under this section or may cast absent voter's ballots in person under section 3509.051 of the Revised Code.

(D) Any qualified elector described in division (A) or (B)(1) of this section to whom ballots are delivered by two employees of the board of elections or who votes with the assistance of two employees of the board of elections shall be considered to have cast absent voter's ballots by mail, rather than in person, for the purpose of the laws governing voter identification.

Sec. 3509.09. (A) The poll list or signature pollbook for each precinct shall identify each registered elector in that precinct who has requested an absent voter's ballot for that election or cast absent voter's ballots in person under section 3509.051 of the Revised Code, other than an elector who has a confidential voter registration record, as described in section 111.44 of the Revised Code.

(B) If a registered elector appears to vote in that precinct and that elector has requested or cast an absent voter's ballot for that election but the director has not received a sealed
identification envelope purporting to contain that elector's voted absent voter's ballots for that election, the elector shall be permitted to cast a provisional ballot under section 3505.181 of the Revised Code in that precinct on the day of that election.

(2) If a registered elector appears to vote in that precinct and the director has received a sealed identification envelope purporting to contain that elector's voted absent voter's ballots for that election, the elector shall be permitted to cast a provisional ballot under section 3505.181 of the Revised Code in that precinct on the day of that election.

(C)(1) In counting absent voter's ballots under section 3509.06 of the Revised Code, the board of elections shall compare the signature of each elector from whom the director has received a sealed identification envelope purporting to contain that elector's voted absent voter's ballots for that election to the signature on that elector's registration form. Except as otherwise provided in division (C)(3) of this section, if the board of elections determines that the absent voter's ballot in the sealed identification envelope is valid, it shall be counted. If the board of elections determines that the signature on the sealed identification envelope purporting to contain the elector's voted absent voter's ballot does not match the signature on the elector's registration form, the ballot shall be set aside and the board shall examine, during the time prior to the beginning of the official canvass, the poll list or signature pollbook from the precinct in which the elector is registered to vote to determine if the elector also cast a provisional ballot under section 3505.181 of the Revised Code in that precinct on the day of the election.

(2) The board of elections shall count the provisional ballot, instead of the absent voter's ballot, if both of the following apply:

(a) The board of elections determines that the signature of the elector on the outside of the identification envelope in which the absent voter's ballots are enclosed does not match the signature of the elector on the elector's registration form;

(b) The elector cast a provisional ballot in the precinct on the day of the election.

(3) If the board of elections does not receive the sealed identification envelope purporting to contain the elector's voted absent voter's ballot by the applicable deadline established under section 3509.05 of the Revised Code, the provisional ballot cast under section 3505.181 of the Revised Code in that precinct on the day of the election shall be counted as valid, if that provisional ballot is otherwise determined to be valid pursuant to section 3505.183 of the Revised Code.

(D) If the board of elections counts a provisional ballot under division (C)(2) or (3) of this section, the returned identification envelope of that elector shall not be opened, and the ballot within that envelope shall not be counted. The identification envelope shall be endorsed "Not Counted" with the reason the ballot was not counted.

Sec. 3509.10. If a board of elections receives an application for absent voter's ballots under this chapter section 3509.03 of the Revised Code and it is apparent to the board that the absent voter is a uniformed services voter or overseas voter, as defined in section 3511.01 of the Revised Code, the board shall consider that applicant to have applied for uniformed services or overseas absent ballots under Chapter 3511. of the Revised Code and shall provide those ballots to that voter in accordance with the timelines and procedures applicable to uniformed services and overseas absent voters.

Sec. 3511.02. (A) Notwithstanding any section of the Revised Code to the contrary, whenever
