any student enrolled in the joint vocational school district who has not yet attained the score on that assessment designated under that division. A board of a joint vocational school district may also administer such an assessment to any student described in division (B)(8)(b) of this section.

administration of the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code shall not be required to take that assessment. However, no board shall prohibit a student who is not required to take such assessment from taking the assessment.

(c) A student shall not be required to retake the Algebra I end-of-course examination or the English language arts II end-of-course examination prescribed under division (B)(2) of section 3301.0712 of the Revised Code in grades nine through twelve if the student demonstrates at least a proficient level of skill, as prescribed under division (B)(5)(a) of that section, or achieves a competency score, as prescribed under division (B)(10) of that section, in an administration of the examination prior to grade nine.

(C)(1)(a) In the case of a student receiving special education services under Chapter 3323. of the Revised Code, the individualized education program developed for the student under that chapter shall specify the manner in which the student will participate in the assessments administered under this section, except that a student with significant cognitive disabilities to whom an alternate assessment is administered in accordance with division (C)(1) of this section and a student determined to have a disability that includes an intellectual disability as outlined in guidance issued by the department shall not be required to take the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code. The individualized education program may excuse the student from taking any particular assessment required to be administered under this section if it instead specifies an alternate assessment method approved by the department of education as conforming to requirements of federal law for receipt of federal funds for
disadvantaged pupils. To the extent possible, the individualized education program shall not excuse the student from taking an assessment unless no reasonable accommodation can be made to enable the student to take the assessment. No board shall prohibit a student who is not required to take an assessment under division (C)(1) of this section from taking the assessment.

(b) Any alternate assessment approved by the department for a student under this division shall produce measurable results comparable to those produced by the assessment it replaces in order to allow for the student's results to be included in the data compiled for a school district or building under section 3302.03 of the Revised Code.

(c)(i) Any student enrolled in a chartered nonpublic school who has been identified, based on an evaluation conducted in accordance with section 3323.03 of the Revised Code or section 504 of the "Rehabilitation Act of 1973," 87 Stat. 355, 29 U.S.C.A. 794, as amended, as a child with a disability shall be excused from taking any particular assessment required to be administered under this section if either of the following apply:

(I) A plan developed for the student pursuant to rules adopted by the state board excuses the student from taking that assessment.

(II) The chartered nonpublic school develops a written plan in which the school, in consultation with the student's parents, determines that an assessment or alternative assessment with accommodations does not accurately assess the student's academic performance. The plan shall include an academic profile of the student's academic performance and shall be reviewed
annually to determine if the student's needs continue to require excusal from taking the assessment.

(ii) A student with significant cognitive disabilities to whom an alternate assessment is administered in accordance with division (C)(1) of this section and a student determined to have a disability that includes an intellectual disability as outlined in guidance issued by the department shall not be required to take the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code.

(iii) In the case of any student so excused from taking an assessment under division (C)(1)(c) of this section, the chartered nonpublic school shall not prohibit the student from taking the assessment.

(2) A district board may, for medical reasons or other good cause, excuse a student from taking an assessment administered under this section on the date scheduled, but that assessment shall be administered to the excused student not later than nine days following the scheduled date. The district board shall annually report the number of students who have not taken one or more of the assessments required by this section to the state board not later than the thirtieth day of June.

(3) As used in this division, "English learner" has the same meaning as in 20 U.S.C. 7801.

No school district board shall excuse any English learner from taking any particular assessment required to be administered under this section, except as follows:

(a) Any English learner who has been enrolled in United States schools for less than two years and for whom no appropriate accommodations are available based on guidance...
issued by the department shall not be required to take the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code.

(b) Any English learner who has been enrolled in United States schools for less than one full school year shall not be required to take any reading, writing, or English language arts assessment.

However, no board shall prohibit an English learner who is not required to take an assessment under division (C)(3) of this section from taking the assessment. A board may permit any English learner to take an assessment required to be administered under this section with appropriate accommodations, as determined by the department. For each English learner, each school district shall annually assess that student's progress in learning English, in accordance with procedures approved by the department.

(4)(a) The governing authority of a chartered nonpublic school may excuse an English learner from taking any assessment administered under this section.

(b) No governing authority shall require an English learner who has been enrolled in United States schools for less than two years and for whom no appropriate accommodations are available based on guidance issued by the department to take the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code.

(c) No governing authority shall prohibit an English learner from taking an assessment from which the student was excused under division (C)(4) of this section.

(D)(1) In the school year next succeeding the school year
in which the assessments prescribed by division (A)(1) or (B)(1) of section 3301.0710 of the Revised Code or former division (A) (1), (A)(2), or (B) of section 3301.0710 of the Revised Code as it existed prior to September 11, 2001, are administered to any student, the board of education of any school district in which the student is enrolled in that year shall provide to the student intervention services commensurate with the student's performance, including any intensive intervention required under section 3313.608 of the Revised Code, in any skill in which the student failed to demonstrate at least a score at the proficient level on the assessment.

(2) Following any administration of the assessments prescribed by division (D) of section 3301.0710 of the Revised Code to ninth grade students, each school district that has a three-year average graduation rate of not more than seventy-five per cent shall determine for each high school in the district whether the school shall be required to provide intervention services to any students who took the assessments. In determining which high schools shall provide intervention services based on the resources available, the district shall consider each school's graduation rate and scores on the practice assessments. The district also shall consider the scores received by ninth grade students on the English language arts and mathematics assessments prescribed under division (A) (1)(f) of section 3301.0710 of the Revised Code in the eighth grade in determining which high schools shall provide intervention services.

Each high school selected to provide intervention services under this division shall provide intervention services to any student whose results indicate that the student is failing to make satisfactory progress toward being able to attain scores at
the proficient level on the Ohio graduation tests. Intervention
services shall be provided in any skill in which a student
demonstrates unsatisfactory progress and shall be commensurate
with the student's performance. Schools shall provide the
intervention services prior to the end of the school year,
during the summer following the ninth grade, in the next
succeeding school year, or at any combination of those times.

(E) Except as provided in section 3313.608 of the Revised
Code and division (N) of this section, no school district board
of education shall utilize any student's failure to attain a
specified score on an assessment administered under this section
as a factor in any decision to deny the student promotion to a
higher grade level. However, a district board may choose not to
promote to the next grade level any student who does not take an
assessment administered under this section or make up an
assessment as provided by division (C)(2) of this section and
who is not exempt from the requirement to take the assessment
under division (C)(3) of this section.

(F) No person shall be charged a fee for taking any
assessment administered under this section.

(G)(1) Each school district board shall designate one
location for the collection of assessments administered in the
spring under division (B)(1) of this section and those
administered under divisions (B)(2) to (7) of this section. Each
district board shall submit the assessments to the entity with
which the department contracts for the scoring of the
assessments as follows:

(a) If the district's total enrollment in grades
kindergarten through twelve during the first full school week of
October was less than two thousand five hundred, not later than
the Friday after all of the assessments have been administered;

(b) If the district's total enrollment in grades kindergarten through twelve during the first full school week of October was two thousand five hundred or more, but less than seven thousand, not later than the Monday after all of the assessments have been administered;

(c) If the district's total enrollment in grades kindergarten through twelve during the first full school week of October was seven thousand or more, not later than the Tuesday after all of the assessments have been administered.

However, any assessment that a student takes during the make-up period described in division (C)(2) of this section shall be submitted not later than the Friday following the day the student takes the assessment.

(2) The department or an entity with which the department contracts for the scoring of the assessment shall send to each school district board a list of the individual scores of all persons taking a state achievement assessment as follows:

(a) Except as provided in division (G)(2)(b) or (c) of this section, within forty-five days after the administration of the assessments prescribed by sections 3301.0710 and 3301.0712 of the Revised Code, but in no case shall the scores be returned later than the thirtieth day of June following the administration;

(b) In the case of the third-grade English language arts assessment, within forty-five days after the administration of that assessment, but in no case shall the scores be returned later than the fifteenth day of June following the administration;
(c) In the case of the writing component of an assessment or end-of-course examination in the area of English language arts, except for the third-grade English language arts assessment, the results may be sent after forty-five days of the administration of the writing component, but in no case shall the scores be returned later than the thirtieth day of June following the administration.

(3) For assessments administered under this section by a joint vocational school district, the department or entity shall also send to each city, local, or exempted village school district a list of the individual scores of any students of such city, local, or exempted village school district who are attending school in the joint vocational school district.

(4) Beginning with the 2019-2020 school year, a school district, other public school, or chartered nonpublic school may administer the third-grade English language arts or mathematics assessment, or both, in a paper format in any school year for which the district board of education or school governing body adopts a resolution indicating that the district or school chooses to administer the assessment in a paper format. The board or governing body shall submit a copy of the resolution to the department of education not later than the first day of May prior to the school year for which it will apply. If the resolution is submitted, the district or school shall administer the assessment in a paper format to all students in the third grade, except that any student whose individualized education program or plan developed under section 504 of the "Rehabilitation Act of 1973," 87 Stat. 355, 29 U.S.C. 794, as amended, specifies that taking the assessment in an online format is an appropriate accommodation for the student may take the assessment in an online format.
(H) Individual scores on any assessments administered under this section shall be released by a district board only in accordance with section 3319.321 of the Revised Code and the rules adopted under division (A) of this section. No district board or its employees shall utilize individual or aggregate results in any manner that conflicts with rules for the ethical use of assessments adopted pursuant to division (A) of this section.

(I) Except as provided in division (G) of this section, the department or an entity with which the department contracts for the scoring of the assessment shall not release any individual scores on any assessment administered under this section. The state board shall adopt rules to ensure the protection of student confidentiality at all times. The rules may require the use of the data verification codes assigned to students pursuant to division (D)(2) of section 3301.0714 of the Revised Code to protect the confidentiality of student scores.

(J) Notwithstanding division (D) of section 3311.52 of the Revised Code, this section does not apply to the board of education of any cooperative education school district except as provided under rules adopted pursuant to this division.

(K) In accordance with rules that the state board shall adopt, the board of education of any city, exempted village, or local school district with territory in a cooperative education school district established pursuant to divisions (A) to (C) of section 3311.52 of the Revised Code may enter into an agreement with the board of education of the cooperative education school district for administering any assessment prescribed under this section to students of the city, exempted village, or local school district who are attending school in the cooperative district.
(2) In accordance with rules that the state board shall adopt, the board of education of any city, exempted village, or local school district with territory in a cooperative education school district established pursuant to section 3311.521 of the Revised Code shall enter into an agreement with the cooperative district that provides for the administration of any assessment prescribed under this section to both of the following:

(a) Students who are attending school in the cooperative district and who, if the cooperative district were not established, would be entitled to attend school in the city, local, or exempted village school district pursuant to section 3313.64 or 3313.65 of the Revised Code;

(b) Persons described in division (B)(8)(b) of this section.

Any assessment of students pursuant to such an agreement shall be in lieu of any assessment of such students or persons pursuant to this section.

(K)(1)(a) Except as otherwise provided in division (K)(1) or (2) of this section, each chartered nonpublic school for which at least sixty-five per cent of its total enrollment is made up of students who are participating in state scholarship programs shall administer the assessments prescribed by division (A) of section 3301.0710 of the Revised Code or an alternative standardized assessment determined by the department. In accordance with procedures and deadlines prescribed by the department, the parent or guardian of a student enrolled in the school who is not participating in a state scholarship program may submit notice to the chief administrative officer of the

...
school that the parent or guardian does not wish to have the
student take the assessments prescribed for the student's grade
level under division (A) of section 3301.0710 of the Revised
Code. If a parent or guardian submits an opt-out notice, the
school shall not administer the assessments to that student.
This option does not apply to any assessment required for a high
school diploma under section 3313.612 of the Revised Code.

(b) Any chartered nonpublic school that enrolls students
who are participating in state scholarship programs may
administer an alternative standardized assessment determined by
the department instead of the assessments prescribed by division
(A) of section 3301.0710 of the Revised Code.

Each chartered nonpublic school subject to division (K)(1)
(a) or (b) of this section shall report the results of each
assessment administered under those divisions to the department.

(2) A chartered nonpublic school may submit to the
superintendent of public instruction a request for a waiver from
administering the elementary assessments prescribed by division
(A) of section 3301.0710 of the Revised Code. The state
superintendent shall approve or disapprove a request for a
waiver submitted under division (K)(2) of this section. No
waiver shall be approved for any school year prior to the 2015-
2016 school year.

To be eligible to submit a request for a waiver, a
chartered nonpublic school shall meet the following conditions:

(a) At least ninety-five per cent of the students enrolled
in the school are children with disabilities, as defined under
section 3323.01 of the Revised Code, or have received a
diagnosis by a school district or from a physician, including a
neuropsychiatrist or psychiatrist, or a psychologist who is authorized to practice in this or another state as having a condition that impairs academic performance, such as dyslexia, dyscalculia, attention deficit hyperactivity disorder, or Asperger's syndrome.

(b) The school has solely served a student population described in division (K)(1)(a) of this section for at least ten years.

(c) The school provides to the department at least five years of records of internal testing conducted by the school that affords the department data required for accountability purposes, including diagnostic assessments and nationally standardized norm-referenced achievement assessments that measure reading and math skills.

(3) Any chartered nonpublic school that is not subject to division (K)(1) of this section may participate in the assessment program by administering any of the assessments prescribed by division (A) of section 3301.0710 of the Revised Code. The chief administrator of the school shall specify which assessments the school will administer. Such specification shall be made in writing to the superintendent of public instruction prior to the first day of August of any school year in which assessments are administered and shall include a pledge that the nonpublic school will administer the specified assessments in the same manner as public schools are required to do under this section and rules adopted by the department.

(4) The department of education shall furnish the assessments prescribed by section 3301.0710 of the Revised Code to each chartered nonpublic school that is subject to division (K)(1) of this section or participates under division (K)(3) of
As Introduced

this section.

(L) If a chartered nonpublic school is educating students in grades nine through twelve, the following shall apply:

(1) Except as provided in division (L)(4) of this section, for a student who is enrolled in a chartered nonpublic school that is accredited through the independent schools association of the central states and who is attending the school under a state scholarship program, the student shall either take all of the assessments prescribed by division (B) of section 3301.0712 of the Revised Code or take an alternative assessment approved by the department under section 3313.619 of the Revised Code. However, a student who is excused from taking an assessment under division (C) of this section or has presented evidence to the chartered nonpublic school of having satisfied the condition prescribed by division (A)(1) of section 3313.618 of the Revised Code to qualify for a high school diploma prior to the date of the administration of the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code shall not be required to take that assessment. No governing authority of a chartered nonpublic school shall prohibit a student who is not required to take such assessment from taking the assessment.

(2) For a student who is enrolled in a chartered nonpublic school that is accredited through the independent schools association of the central states, and who is not attending the school under a state scholarship program, the student shall not be required to take any assessment prescribed under section 3301.0712 or 3313.619 of the Revised Code.

schools association of the central states, regardless of whether
the student is attending or is not attending the school under a

following:

(i) Take all of the assessments prescribed by division (B)
of section 3301.0712 of the Revised Code;

(ii) Take only the assessment prescribed by division (B)
(1) of section 3301.0712 of the Revised Code, provided that the
student's school publishes the results of that assessment for
each graduating class. The published results of that assessment
shall include the overall composite scores, mean scores, twenty-
fifth percentile scores, and seventy-fifth percentile scores for
each subject area of the assessment.

(iii) Take an alternative assessment approved by the
department under section 3313.619 of the Revised Code.

(b) A student who is excused from taking an assessment
under division (C) of this section or has presented evidence to
the chartered nonpublic school of having satisfied the condition
prescribed by division (A)(1) of section 3313.618 of the Revised
Code to qualify for a high school diploma prior to the date of
the administration of the assessment prescribed under division
(B)(1) of section 3301.0712 of the Revised Code shall not be
required to take that assessment. No governing authority of a
chartered nonpublic school shall prohibit a student who is not
required to take such assessment from taking the assessment.

(4) The assessments prescribed by sections 3301.0712 and
3313.619 of the Revised Code shall not be administered to any
student attending the school, if the school meets all of the
following conditions:
(a) At least ninety-five per cent of the students enrolled in the school are children with disabilities, as defined under section 3323.01 of the Revised Code, or have received a diagnosis by a school district or from a physician, including a neuropsychologist or psychiatrist, or a psychologist who is authorized to practice in this or another state as having a condition that impairs academic performance, such as dyslexia, dyscalculia, attention deficit hyperactivity disorder, or Asperger's syndrome.

(b) The school has solely served a student population described in division (L)(4)(a) of this section for at least ten years.

(c) The school makes available to the department at least five years of records of internal testing conducted by the school that affords the department data required for accountability purposes, including growth in student achievement in reading or mathematics, or both, as measured by nationally norm-referenced assessments that have developed appropriate standards for students.

Division (L)(4) of this section applies to any student attending such school regardless of whether the student receives special education or related services and regardless of whether the student is attending the school under a state scholarship program.

(M)(1) The superintendent of the state school for the blind and the superintendent of the state school for the deaf shall administer the assessments described by sections 3301.0710 and 3301.0712 of the Revised Code. Each superintendent shall administer the assessments in the same manner as district boards are required to do under this section and rules adopted by the
department of education and in conformity with division (C)(1) (a) of this section.

(2) The department of education shall furnish the assessments described by sections 3301.0710 and 3301.0712 of the Revised Code to each superintendent.

(N) Notwithstanding division (E) of this section, a school district may use a student's failure to attain a score in at least the proficient range on the mathematics assessment described by division (A)(1)(a) of section 3301.0710 of the Revised Code or on an assessment described by division (A)(1) (b), (c), (d), (e), or (f) of section 3301.0710 of the Revised Code as a factor in retaining that student in the current grade level.

(O)(1) In the manner specified in divisions (O)(3), (4), (6), and (7) of this section, the assessments required by division (A)(1) of section 3301.0710 of the Revised Code shall become public records pursuant to section 149.43 of the Revised Code on the thirty-first day of July following the school year that the assessments were administered.

(2) The department may field test proposed questions with samples of students to determine the validity, reliability, or appropriateness of questions for possible inclusion in a future year's assessment. The department also may use anchor questions on assessments to ensure that different versions of the same assessment are of comparable difficulty.

Field test questions and anchor questions shall not be considered in computing scores for individual students. Field test questions and anchor questions may be included as part of the administration of any assessment required by division (A)(1)
or (B) of section 3301.0710 and division (B) of section 3301.0712 of the Revised Code.

(3) Any field test question or anchor question administered under division (O)(2) of this section shall not be a public record. Such field test questions and anchor questions shall be redacted from any assessments which are released as a public record pursuant to division (O)(1) of this section.

(4) This division applies to the assessments prescribed by division (A) of section 3301.0710 of the Revised Code.

(a) The first administration of each assessment, as specified in former section 3301.0712 of the Revised Code, shall be a public record.

(b) For subsequent administrations of each assessment prior to the 2011-2012 school year, not less than forty per cent of the questions on the assessment that are used to compute a student's score shall be a public record. The department shall determine which questions will be needed for reuse on a future assessment and those questions shall not be public records and shall be redacted from the assessment prior to its release as a public record. However, for each redacted question, the department shall inform each city, local, and exempted village school district of the statewide academic standard adopted by the state board under section 3301.079 of the Revised Code and the corresponding benchmark to which the question relates. The preceding sentence does not apply to field test questions that are redacted under division (O)(3) of this section.

(c) The administrations of each assessment in the 2011-2012, 2012-2013, and 2013-2014 school years shall not be a public record.
(5) Each assessment prescribed by division (B)(1) of section 3301.0710 of the Revised Code shall not be a public record.

(6)(a) Except as provided in division (O)(6)(b) of this section, for the administrations in the 2014-2015, 2015-2016, and 2016-2017 school years, questions on the assessments prescribed under division (A) of section 3301.0710 and division (B)(2) of section 3301.0712 of the Revised Code and the corresponding preferred answers that are used to compute a student's score shall become a public record as follows:

(i) Forty per cent of the questions and preferred answers on the assessments on the thirty-first day of July following the administration of the assessment;

(ii) Twenty per cent of the questions and preferred answers on the assessment on the thirty-first day of July one year after the administration of the assessment;

(iii) The remaining forty per cent of the questions and preferred answers on the assessment on the thirty-first day of July two years after the administration of the assessment.

The entire content of an assessment shall become a public record within three years of its administration.

The department shall make the questions that become a public record under this division readily accessible to the public on the department's web site. Questions on the spring administration of each assessment shall be released on an annual basis, in accordance with this division.

(b) No questions and corresponding preferred answers shall become a public record under division (O)(6) of this section after July 31, 2017.
(7) Division (O)(7) of this section applies to the assessments prescribed by division (A) of section 3301.0710 and division (B)(2) of section 3301.0712 of the Revised Code.

Beginning with the assessments administered in the spring of the 2017-2018 school year, not less than forty per cent of the questions on each assessment that are used to compute a student's score shall be a public record. The department shall determine which questions will be needed for reuse on a future assessment and those questions shall not be public records and shall be redacted from the assessment prior to its release as a public record. However, for each redacted question, the department shall inform each city, local, and exempted village school district of the corresponding statewide academic standard adopted by the state board under section 3301.079 of the Revised Code and the corresponding benchmark to which the question relates. The department is not required to provide corresponding standards and benchmarks to field test questions that are redacted under division (O)(3) of this section.

(P) As used in this section:

(1) "Three-year average" means the average of the most recent consecutive three school years of data.

(2) "Dropout" means a student who withdraws from school before completing course requirements for graduation and who is not enrolled in an education program approved by the state board of education or an education program outside the state. "Dropout" does not include a student who has departed the country.

(3) "Graduation rate" means the ratio of students receiving a diploma to the number of students who entered ninth
grade four years earlier. Students who transfer into the district are added to the calculation. Students who transfer out of the district for reasons other than dropout are subtracted from the calculation. If a student who was a dropout in any previous year returns to the same school district, that student shall be entered into the calculation as if the student had entered ninth grade four years before the graduation year of the graduating class that the student joins.

(4) "State scholarship programs" means the educational choice scholarship pilot program established under sections 3310.01 to 3310.17 of the Revised Code, the autism scholarship program established under section 3310.41 of the Revised Code, the Jon Peterson special needs scholarship program established under sections 3310.51 to 3310.64 of the Revised Code, and the pilot project scholarship program established under sections 3313.974 to 3313.979 of the Revised Code.

(5) "Other public school" means a community school established under Chapter 3314., a STEM school established under Chapter 3326., or a college-preparatory boarding school established under Chapter 3328. of the Revised Code.

Sec. 3301.163. (A) Beginning July 1, 2015 Until the 2020-2021 school year, any third-grade student who attends a chartered nonpublic school with a scholarship awarded under either the educational choice scholarship pilot program, prescribed in sections 3310.01 to 3310.17, or the pilot project scholarship program prescribed in sections 3313.974 to 3313.979 of the Revised Code, shall be subject to the third-grade reading guarantee retention provisions under division (A)(2) of section 3313.608 of the Revised Code, including the exemptions prescribed by that division. For purposes of determining if a
child with a disability is exempt from retention under this section, an individual services plan created for the child that has been reviewed by either the student's school district of residence or the school district in which the chartered nonpublic school is located and that specifies that the student is not subject to retention shall be considered in the same manner as an individualized education program or plan under section 504 of the "Rehabilitation Act of 1973," 87 Stat. 355, 29 U.S.C. 794, as amended, as prescribed by division (A)(2) of section 3313.608 of the Revised Code.

As used in this section, "child with a disability" and "school district of residence" have the same meanings as in section 3323.01 of the Revised Code.

(B)(1) Each chartered nonpublic school that enrolls students in any of grades kindergarten through three and that accepts students under the educational choice scholarship pilot program or the pilot project scholarship program shall adopt policies and procedures for the annual assessment of the reading skills of those students. Each school may use the diagnostic assessment to measure reading ability for the appropriate grade level prescribed in division (D) of section 3301.079 of the Revised Code. If the school uses such assessments, the department of education shall furnish them to the chartered nonpublic school.

(2) For each student identified as having reading skills below grade level, the school shall do both of the following:

(a) Provide to the student's parent or guardian, in writing, all of the following:

(i) Notification that the student has been identified as
having a substantial deficiency in reading;

(ii) Notification Through the 2020-2021 school year, notification that if the student attains a score in the range designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected at the end of third grade, the student shall be retained unless the student is exempt under division (A)(1) of section 3313.608 of the Revised Code.

(b) Provide intensive reading instruction services, as determined appropriate by the school, to each student identified under this section.

(C) Each chartered nonpublic school subject to this section annually shall report to the department the number of students identified as reading at grade level and the number of students identified as reading below grade level.

Sec. 3313.608. (A)(1) Beginning with students who enter third grade in the school year that starts July 1, 2009, and until June 30, 2013, unless the student is excused under division (C) of section 3301.0711 of the Revised Code from taking the assessment described in this section, for any student who does not attain at least the equivalent level of achievement designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected at the end of third grade, each school district, in accordance with the policy adopted under section 3313.609 of the Revised Code, shall do one of the following:

(a) Promote the student to fourth grade if the student's
principal and reading teacher agree that other evaluations of the student's skill in reading demonstrate that the student is academically prepared to be promoted to fourth grade;

(b) Promote the student to fourth grade but provide the student with intensive intervention services in fourth grade;

(c) Retain the student in third grade.

(2) Beginning with students who enter third grade in the 2013-2014 school year and until June 30, 2021, unless the student is excused under division (C) of section 3301.0711 of the Revised Code from taking the assessment described in this section, no school district shall promote to fourth grade any student who does not attain at least the equivalent level of achievement designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected at the end of third grade, unless one of the following applies:

(a) The student is an English learner who has been enrolled in United States schools for less than three full school years and has had less than three years of instruction in an English as a second language program.

(b) The student is a child with a disability entitled to special education and related services under Chapter 3323. of the Revised Code and the student's individualized education program exempts the student from retention under this division.

(c) The student demonstrates an acceptable level of performance on an alternative standardized reading assessment as determined by the department of education.

(d) All of the following apply:
(i) The student is a child with a disability entitled to special education and related services under Chapter 3323. of the Revised Code.

(ii) The student has taken the third grade English language arts achievement assessment prescribed under section 3301.0710 of the Revised Code.

(iii) The student’s individualized education program or plan under section 504 of the "Rehabilitation Act of 1973," 87 Stat. 355, 29 U.S.C. 794, as amended, shows that the student has received intensive remediation in reading for two school years but still demonstrates a deficiency in reading.

(iv) The student previously was retained in any of grades kindergarten to three.

(e)(i) The student received intensive remediation for reading for two school years but still demonstrates a deficiency in reading and was previously retained in any of grades kindergarten to three.

(ii) A student who is promoted under division (A)(2)(e)(i) of this section shall continue to receive intensive reading instruction in grade four. The instruction shall include an altered instructional day that includes specialized diagnostic information and specific research-based reading strategies for the student that have been successful in improving reading among low-performing readers.

(3) Beginning with students who enter the third grade in the 2021-2022 school year, no school district shall retain a student under this section based upon the student’s score on the assessment prescribed by section 3301.0710 of the Revised Code to measure skill in English language arts expected at the end of
third grade. Districts shall continue to offer intervention and remediation services in the manner prescribed under this section for students found to be reading below grade level.

(B)(1) Beginning in the 2012-2013 school year, to assist students in meeting the third grade guarantee established by this section, each school district board of education shall adopt policies and procedures with which it annually shall assess the reading skills of each student, except those students with significant cognitive disabilities or other disabilities as authorized by the department on a case-by-case basis, enrolled in kindergarten to third grade and shall identify students who are reading below their grade level. The reading skills assessment shall be completed by the thirtieth day of September for students in grades one to three, and by the first day of November for students in kindergarten. Each district shall use the diagnostic assessment to measure reading ability for the appropriate grade level adopted under section 3301.079 of the Revised Code, or a comparable tool approved by the department of education, to identify such students. The policies and procedures shall require the students' classroom teachers to be involved in the assessment and the identification of students reading below grade level. The assessment may be administered electronically using live, two-way video and audio connections whereby the teacher administering the assessment may be in a separate location from the student.

(2) For each student identified by the diagnostic assessment prescribed under this section as having reading skills below grade level, the district shall do both of the following:

(a) Provide to the student's parent or guardian, in
writing, all of the following:

(i) Notification that the student has been identified as having a substantial deficiency in reading;

(ii) A description of the current services that are provided to the student;

(iii) A description of the proposed supplemental instructional services and supports that will be provided to the student that are designed to remediate the identified areas of reading deficiency;

(iv) Notification that if the student attains a score in the range designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected at the end of third grade, the student shall be retained unless the student is exempt under division (A) of this section. The notification shall specify that the assessment under section 3301.0710 of the Revised Code is not the sole determinant of promotion and that additional evaluations and assessments are available to the student to assist parents and the district in knowing when a student is reading at or above grade level and ready for promotion.

(b) Provide intensive reading instruction services and regular diagnostic assessments to the student immediately following identification of a reading deficiency until the development of the reading improvement and monitoring plan required by division (C) of this section. These intervention services shall include research-based reading strategies that have been shown to be successful in improving reading among low-performing readers and instruction targeted at the student's
identified reading deficiencies.

(3) Prior to the 2021-2022 school year, for each student retained under division (A) of this section, the district shall do all of the following:

(a) Provide intense remediation services until the student is able to read at grade level. The remediation services shall include intensive interventions in reading that address the areas of deficiencies identified under this section including, but not limited to, not less than ninety minutes of reading instruction per day, and may include any of the following:

(i) Small group instruction;

(ii) Reduced teacher-student ratios;

(iii) More frequent progress monitoring;

(iv) Tutoring or mentoring;

(v) Transition classes containing third and fourth grade students;

(vi) Extended school day, week, or year;

(c) Provide each student with a teacher who satisfies one or more of the criteria set forth in division (H) of this section.

The district shall offer the option for students to receive applicable services from one or more providers other
than the district. Providers shall be screened and approved by the district or the department of education. If the student participates in the remediation services and demonstrates reading proficiency in accordance with standards adopted by the department prior to the start of fourth grade, the district shall promote the student to that grade.

(4) For each student retained under division (A) of this section who has demonstrated proficiency in a specific academic ability field, each district shall provide instruction commensurate with student achievement levels in that specific academic ability field.

As used in this division, "specific academic ability field" has the same meaning as in section 3324.01 of the Revised Code.

(C) For each student required to be provided intervention services under this section, the district shall develop a reading improvement and monitoring plan within sixty days after receiving the student's results on the diagnostic assessment or comparable tool administered under division (B)(1) of this section. The district shall involve the student's parent or guardian and classroom teacher in developing the plan. The plan shall include all of the following:

(1) Identification of the student's specific reading deficiencies;

(2) A description of the additional instructional services and support that will be provided to the student to remediate the identified reading deficiencies;

Each student with a reading improvement and monitoring plan under this division who enters third grade after July 1, 2013, shall be assigned to a teacher who satisfies one or more of the criteria set forth in division (H) of this section.

The district shall report any information requested by the department about the reading improvement monitoring plans developed under this division in the manner required by the department.

(D) Each school district shall report annually to the department on its implementation and compliance with this section using guidelines prescribed by the superintendent of public instruction. The superintendent of public instruction
annually shall report to the governor and general assembly the number and percentage of students in grades kindergarten through four reading below grade level based on the diagnostic assessments administered under division (B) of this section and the achievement assessments administered under divisions (A)(1) (a) and (b) of section 3301.0710 of the Revised Code in English language arts, aggregated by school district and building; the types of intervention services provided to students; and, if available, an evaluation of the efficacy of the intervention services provided.

(E) Any summer remediation services funded in whole or in part by the state and offered by school districts to students under this section shall meet the following conditions:

(1) The remediation methods are based on reliable educational research.

(2) The school districts conduct assessment before and after students participate in the program to facilitate monitoring results of the remediation services.

(3) The parents of participating students are involved in programming decisions.

(F) Any intervention or remediation services required by this section shall include intensive, explicit, and systematic instruction.

(G) This section does not create a new cause of action or a substantive legal right for any person.

(H)(1) Except as provided under divisions (H)(2), (3), and (4) of this section, each student described in division (B)(3) or (C) of this section who enters third grade for the first time on or after July 1, 2013, shall be assigned a teacher who has at

(a) The teacher holds a reading endorsement on the teacher's license and has attained a passing score on the corresponding assessment for that endorsement, as applicable.

(b) The teacher has completed a master's degree program with a major in reading.

(c) The teacher was rated "most effective" for reading instruction consecutively for the most recent two years based on assessments of student growth measures developed by a vendor and that is on the list of student assessments approved by the state board under division (B)(2) of section 3319.112 of the Revised Code.

(d) The teacher was rated "above expected value added," in reading instruction, as determined by criteria established by the department, for the most recent, consecutive two years.

(e) The teacher has earned a passing score on a rigorous test of principles of scientifically research-based reading instruction as approved by the state board.

(f) The teacher holds an educator license for teaching grades pre-kindergarten through three or four through nine issued on or after July 1, 2017.

(2) Notwithstanding division (H)(1) of this section, a student described in division (B)(3) or (C) of this section who enters third grade for the first time on or after July 1, 2013, may be assigned to a teacher with less than one year of teaching experience provided that the teacher meets one or more of the criteria described in divisions (H)(1)(a) to (f) of this section and that teacher is assigned a teacher mentor who meets the

(4) Notwithstanding division (H)(1) of this section, a student described in division (B)(3) or (C) of this section who enters third grade for the first time on or after July 1, 2013, may receive reading intervention or remediation services under this section from an individual employed as a speech-language pathologist who holds a license issued by the state speech and hearing professionals board under Chapter 4753. of the Revised Code and a professional pupil services license as a school speech-language pathologist issued by the state board of education.

(5) A teacher, other than a student's teacher of record, may provide any services required under this section, so long as that other teacher meets the requirements of division (H) of this section and the teacher of record and the school principal agree to the assignment. Any such assignment shall be documented in the student's reading improvement and monitoring plan.

As used in this division, "teacher of record" means the...

The staffing plan shall include criteria that will be used to assign a student described in division (B) (3) or (C) of this section to a teacher, credentials or training held by teachers currently teaching at the school, and how the school district or community school will meet the requirements of this section. The school district or community school shall post the staffing plan on its web site for the applicable school year.

Not later than March 1, 2014, and on the first day of March in each year thereafter, a school district or community school that has submitted a plan under this division shall
submit to the department a detailed report of the progress the
district or school has made in meeting the requirements under
this section.

A school district or community school may request an
extension of a staffing plan beyond the 2013-2014 school year.
