this section is taken to a location from which it may be
recovered that complies with all of the following:

   (a) It is located within twenty-five linear miles of the
location of the private tow-away zone, unless it is not
practicable to take the vehicle to a place of storage within
twenty-five linear miles.

   (b) It is well-lighted.

   (c) It is on or within a reasonable distance of a
regularly scheduled route of one or more modes of public
transportation, if any public transportation is available in the
municipal corporation or township in which the private tow-away zone is located.

(B)(1) If a vehicle is parked on private property that is established as a private tow-away zone in accordance with division (A) of this section, without the consent of the owner of the private property or in violation of any posted parking condition or regulation, the owner of the private property may cause the removal of the vehicle by a towing service. The towing service shall remove the vehicle in accordance with this section. The vehicle owner and the operator of the vehicle are considered to have consented to the removal and storage of the vehicle, to the payment of the applicable fees established by the public utilities commission in rules adopted under section 4921.25 of the Revised Code, and to the right of a towing service to obtain title to the vehicle if it remains unclaimed as provided in section 4505.101 of the Revised Code. The owner or lienholder of a vehicle that has been removed under this section, subject to division (C) of this section, may recover the vehicle in accordance with division (G) of this section.

(2) If a municipal corporation requires tow trucks and tow truck operators to be licensed, no owner of a private property located within the municipal corporation shall cause the removal and storage of any vehicle pursuant to division (B) of this section by an unlicensed tow truck or unlicensed tow truck operator.

(3) No towing service shall remove a vehicle from a private tow-away zone except pursuant to a written contract for the removal of vehicles entered into with the owner of the private property on which the private tow-away zone is located.

(C) If the owner or operator of a vehicle that is being
removed under authority of division (B) of this section arrives
after the vehicle has been prepared for removal, but prior to
its actual removal from the property, the towing service shall
give the vehicle owner or operator oral or written notification
at the time of such arrival that the vehicle owner or operator
may pay a fee of not more than one-half of the fee for the
removal of the vehicle established by the public utilities
commission in rules adopted under section 4921.25 of the Revised
Code in order to obtain release of the vehicle. That fee may be
paid by use of a major credit card unless the towing service
uses a mobile credit card processor and mobile service is not
available at the time of the transaction. Upon payment of that
fee, the towing service shall give the vehicle owner or operator
a receipt showing both the full amount normally assessed and the
actual amount received and shall release the vehicle to the
owner or operator. Upon its release, the owner or operator
immediately shall move the vehicle so that the vehicle is not
parked on the private property established as a private tow-away
zone without the consent of the owner of the private property or
in violation of any posted parking condition or regulation.

(D)(1) Prior to towing a vehicle under division (B) of
this section, a towing service shall make all reasonable efforts
to take as many photographs as necessary to evidence that the
vehicle is clearly parked on private property in violation of a
private tow-away zone established under division (A) of this
section.

The towing service shall record the time and date of the
photographs taken under this section. The towing service shall
retain the photographs and the record of the time and date, in
electronic or printed form, for at least thirty days after the
date on which the vehicle is recovered by the owner or
lienholder or at least two years after the date on which the vehicle was towed, whichever is earlier.

(2) A towing service shall deliver a vehicle towed under division (B) of this section to the location from which it may be recovered not more than two hours after the time it was removed from the private tow-away zone, unless the towing service is unable to deliver the motor vehicle within two hours due to an uncontrollable force, natural disaster, or other event that is not within the power of the towing service.

(E)(1) If an owner of a private property that is established as a private tow-away zone in accordance with division (A) of this section causes the removal of a vehicle from that property by a towing service under division (B) of this section, the towing service, within two hours of removing the vehicle, shall provide notice to the sheriff of the county or the police department law enforcement agency of the municipal corporation, township, port authority, conservancy district, or township or joint police district in which the property is located concerning all of the following:

(a) The vehicle's license number, make, model, and color;

(b) The location from which the vehicle was removed;

(c) The date and time the vehicle was removed;

(d) The telephone number of the person from whom the vehicle may be recovered;

(e) The address of the place from which the vehicle may be recovered.

(2) Each county sheriff and each chief of police law enforcement agency of a municipal corporation, township, port authority, conservancy district, or township or joint police district in which the property is located shall provide the notice required under division (E)(1) by telephone.
authority, conservancy district, or township or joint police

shall include all information submitted by the towing service.
The sheriff or chief shall provide any information in the record
that pertains to a particular vehicle to a person who, either in
person or pursuant to a telephone call, identifies self as the
owner, operator, or lienholder of the vehicle and requests
information pertaining to the vehicle.

(F)(1) When a vehicle is removed from private property in
accordance with this section, within three business days of the
removal, the towing service or storage facility from which the
vehicle may be recovered shall cause a search to be made of
either of the following to ascertain the identity of the owner
and any lienholder of the vehicle:

(a) The records of the bureau of motor vehicles;

(b) The records of any vendor or vendors, approved by the
registrar of motor vehicles, that are capable of providing real-
time access to owner and lienholder information.

The towing service or storage facility may search the
national motor vehicle title information system in order to
determine the state in which the vehicle is titled. The entity
that provides the record of the owner and any lienholder under
this division shall ensure that such information is provided in
a timely manner.

(2) Subject to division (F)(5) of this section, the towing
service or storage facility shall send notice to the vehicle
owner and any known lienholder as follows:

(a) Within five business days after the applicable entity provides the identity of the owner and any lienholder of the motor vehicle, if the vehicle remains unclaimed, to the owner's and lienholder's last known address by certified or express mail with return receipt requested, by certified mail with electronic tracking, or by a commercial carrier service utilizing any form of delivery requiring a signed receipt;

(b) If the vehicle remains unclaimed thirty days after the first notice is sent, in the manner required under division (F)(2)(a) of this section.

(3) Sixty days after any notice sent pursuant to division (F)(2) of this section is received, as evidenced by a receipt signed by any person, or the towing service or storage facility has been notified that delivery was not possible, the towing service or storage facility, if authorized under division (B) of section 4505.101 of the Revised Code, may initiate the process for obtaining a certificate of title to the motor vehicle as provided in that section.

(4) A towing service or storage facility that does not receive a signed receipt of notice, or a notification that delivery was not possible, shall not obtain, and shall not attempt to obtain, a certificate of title to the motor vehicle under division (B) of section 4505.101 of the Revised Code.

(5) With respect to a vehicle concerning which a towing service or storage facility is not eligible to obtain title under section 4505.101 of the Revised Code, the towing service or storage facility need only comply with the initial notice required under division (F)(2)(a) of this section.
(G)(1) The owner or lienholder of a vehicle that is removed under division (B) of this section may reclaim it upon both of the following:

(a) Presentation of proof of ownership, which may be evidenced by a certificate of title to the vehicle, a certificate of registration for the motor vehicle, or a lease agreement;

(b) Payment of the following fees:

(i) All applicable fees established by the public utilities commission in rules adopted under section 4921.25 of the Revised Code, except that the lienholder of a vehicle may retrieve the vehicle without paying any storage fee for the period of time that the vehicle was in the possession of the towing service or storage facility prior to the date the lienholder received the notice sent under division (F)(2)(a) of this section;

(ii) If notice has been sent to the owner and lienholder as described in division (F) of this section, a processing fee of twenty-five dollars.

(2) A towing service or storage facility in possession of a vehicle that is removed under authority of division (B) of this section shall show the vehicle owner, operator, or lienholder who contests the removal of the vehicle all photographs taken under division (D) of this section. Upon request, the towing service or storage facility shall provide a copy of all photographs in the medium in which the photographs are stored, whether paper, electronic, or otherwise.

(3) When the owner of a vehicle towed under this section retrieves the vehicle, the towing service or storage facility in
possession of the vehicle shall give the owner written notice  
that if the owner disputes that the motor vehicle was lawfully  
towed, the owner may be able to file a civil action under  
section 4513.611 of the Revised Code.

(4) Upon presentation of proof of ownership, which may be  
evidenced by a certificate of title to the vehicle, a  
certificate of registration for the motor vehicle, or a lease  
agreement, the owner of a vehicle that is removed under  
authority of division (B) of this section may retrieve any  
personal items from the vehicle without retrieving the vehicle  
and without paying any fee. The owner of the vehicle shall not  
retrieve any personal items from a vehicle if it would endanger  
the safety of the owner, unless the owner agrees to sign a  
waiver of liability. For purposes of division (G)(4) of this  
section, "personal items" do not include any items that are  
attached to the vehicle.

(H) No person shall remove, or cause the removal of, any  
vehicle from private property that is established as a private  
tow-away zone under this section or store such a vehicle other  
than in accordance with this section, or otherwise fail to  
comply with any applicable requirement of this section.

(I) This section does not affect or limit the operation of  
section 4513.60 or sections 4513.61 to 4613.65 of the Revised  
Code as they relate to property other than private property that  
is established as a private tow-away zone under division (A) of  
this section.

(J) Whoever violates division (H) of this section is  
guilty of a minor misdemeanor.

(K) As used in this section, "owner of a private property"
or "owner of the private property" includes, with respect to a private property, any of the following:

(1) Has come into the possession of the sheriff, chief of police, or state highway patrol trooper as a result of the performance of the sheriff's, chief's, or trooper's duties; or

(2) Has been left on a public street or other property open to the public for purposes of vehicular travel, or upon or within the right-of-way of any road or highway, for forty-eight hours or longer without notification to the sheriff or chief of police of the reasons for leaving the motor vehicle in such place. However, when such a motor vehicle constitutes an obstruction to traffic it may be ordered into storage immediately unless either of the following applies:
(a) The vehicle was involved in an accident and is subject to section 4513.66 of the Revised Code;

(b) The vehicle is a commercial motor vehicle. If the vehicle is a commercial motor vehicle, the sheriff, chief of police, or state highway patrol trooper shall allow the owner or operator of the vehicle the opportunity to arrange for the removal of the motor vehicle within a period of time specified by the sheriff, chief of police, or state highway patrol trooper. If the sheriff, chief of police, or state highway patrol trooper determines that the vehicle cannot be removed within the specified period of time, the sheriff, chief of police, or state highway patrol trooper shall order the removal of the vehicle.

Subject to division (C) of this section, the sheriff or chief of police shall designate the place of storage of any motor vehicle so ordered removed.

(B) If the sheriff, chief of police, or a state highway patrol trooper issues an order under division (A) of this section and arranges for the removal of a motor vehicle by a towing service, the towing service shall deliver the motor vehicle to the location designated by the sheriff or chief of police not more than two hours after the time it is removed.

(C)(1) The sheriff or chief of police shall cause a search to be made of the records of an applicable entity listed in division (F)(1) of section 4513.601 of the Revised Code to ascertain the identity of the owner and any lienholder of a motor vehicle ordered into storage by the sheriff or chief of police, or by a state highway patrol trooper within five business days of the removal of the vehicle. Upon obtaining such identity, the sheriff or chief of police shall send or cause to
be sent to the owner or lienholder at the owner's or lienholder's last known address by certified or express mail with return receipt requested, by certified mail with electronic tracking, or by a commercial carrier service utilizing any form of delivery requiring a signed receipt. The notice shall inform the owner or lienholder that the motor vehicle will be declared a nuisance and disposed of if not claimed within ten days of the date of the sending of the notice.

(2) The owner or lienholder of the motor vehicle may reclaim the motor vehicle upon payment of any expenses or charges incurred in its removal and storage, and presentation of proof of ownership, which may be evidenced by a certificate of title or memorandum certificate of title to the motor vehicle, a certificate of registration for the motor vehicle, or a lease agreement. Upon presentation of proof of ownership evidenced as provided above, the owner of the motor vehicle also may retrieve any personal items from the vehicle without retrieving the vehicle and without paying any fee. However, a towing service or storage facility may charge an after-hours retrieval fee established by the public utilities commission in rules adopted under section 4921.25 of the Revised Code if the owner retrieves the personal items after hours, unless the towing service or storage facility fails to provide the notice required under division (B)(3) of section 4513.69 of the Revised Code, if applicable. However, the owner shall not do either of the following:

(a) Retrieve any personal item that has been determined by the sheriff, chief of police, or a state highway patrol trooper, as applicable, to be necessary to a criminal investigation;

(b) Retrieve any personal item from a vehicle if it would
endanger the safety of the owner, unless the owner agrees to
sign a waiver of liability.

For purposes of division (C)(2) of this section, "personal
items" do not include any items that are attached to the
vehicle.

(3) If the owner or lienholder of the motor vehicle
reclaims it after a search of the applicable records has been
conducted and after notice has been sent to the owner or
lienholder as described in this section, and the search was
conducted by the place of storage, and the notice was sent to
the motor vehicle owner by the place of storage, the owner or
lienholder shall pay to the place of storage a processing fee of
twenty-five dollars, in addition to any expenses or charges
incurred in the removal and storage of the vehicle.

(D) If the owner or lienholder makes no claim to the motor
vehicle within ten days of the date of sending the notice, and
if the vehicle is to be disposed of at public auction as
provided in section 4513.62 of the Revised Code, the sheriff or
chief of police, without charge to any party, shall file with
the clerk of courts of the county in which the place of storage
is located an affidavit showing compliance with the requirements
of this section. Upon presentation of the affidavit, the clerk,
without charge, shall issue a salvage certificate of title, free
and clear of all liens and encumbrances, to the sheriff or chief
of police. If the vehicle is to be disposed of to a motor
vehicle salvage dealer or other facility as provided in section
4513.62 of the Revised Code, the sheriff or chief of police
shall execute in triplicate an affidavit, as prescribed by the
registrar of motor vehicles, describing the motor vehicle and
the manner in which it was disposed of, and that all
requirements of this section have been complied with. The sheriff or chief of police shall retain the original of the affidavit for the sheriff's or chief's records, and shall furnish two copies to the motor vehicle salvage dealer or other facility. Upon presentation of a copy of the affidavit by the motor vehicle salvage dealer, the clerk of courts, within thirty days of the presentation, shall issue a salvage certificate of title, free and clear of all liens and encumbrances.

(E) Whenever a motor vehicle salvage dealer or other facility receives an affidavit for the disposal of a motor vehicle as provided in this section, the dealer or facility shall not be required to obtain an Ohio certificate of title to the motor vehicle in the dealer's or facility's own name if the vehicle is dismantled or destroyed and both copies of the affidavit are delivered to the clerk of courts.

(F) No towing service or storage facility shall fail to comply with this section.

Sec. 4513.62. An unclaimed motor vehicle ordered into storage pursuant to division (A)(1) of section 4513.60 or section 4513.61 of the Revised Code is subject to one of the following:

(A) The sheriff of the county or the chief of police—law enforcement agency of the municipal corporation, township, port authority, conservancy district, or township or joint police district may dispose of it with a motor vehicle salvage dealer or scrap metal processing facility as defined in section 4737.05 of the Revised Code, or with any other facility owned by or under contract with the county, municipal corporation, port authority, conservancy district, or township, for the disposal of such motor vehicles.
(B) The sheriff, chief of police, or a licensed auctioneer may sell the motor vehicle at public auction, after giving notice thereof by advertisement, published once a week for two successive weeks in a newspaper of general circulation in the county or as provided in section 7.16 of the Revised Code.

(C) A towing service or storage facility may obtain title to the motor vehicle in accordance with section 4505.104 of the Revised Code.

Any moneys accrued pursuant to division (A) or (B) of this section that are in excess of the expenses resulting from the removal and storage of the vehicle shall be credited to the general fund of the county, municipal corporation, port authority, township, conservancy district, or joint police district, as the case may be.

Sec. 4513.63. "Abandoned junk motor vehicle" means any motor vehicle meeting all of the following requirements:

(A) Left on private property for forty-eight hours or longer without the permission of the person having the right to the possession of the property, on a public street or other property open to the public for purposes of vehicular travel or parking, or upon or within the right-of-way of any road or highway, for forty-eight hours or longer;

The officer shall record the make of motor vehicle, the serial number when available, and shall also detail the damage or missing equipment to substantiate the value of one thousand five hundred dollars or less. The sheriff or chief of police shall thereupon immediately dispose of the abandoned junk motor vehicle to a motor vehicle salvage dealer as defined in section 4738.01 of the Revised Code or a scrap metal processing facility as defined in section 4737.05 of the Revised Code which is under contract to the county, township, port authority, conservancy district, or municipal corporation, or to any other facility owned by or under contract with the county, township, port authority, conservancy district, or municipal corporation for the destruction of such motor vehicles. No political subdivision shall prevent a person from storing or keeping, or restrict a person in the method of storing or keeping, any collector's vehicle on private property with the permission of the person having the right to the possession of the property; except that a political subdivision may require a person having such permission to conceal, by means of buildings, fences, vegetation, terrain, or other suitable obstruction, any unlicensed collector's vehicle stored in the open.

private towing service is not liable for civil damages for any

(2) Division (B)(1) of this section does not apply to any of the following:

(B)(1) A storage facility that accepts for storage vehicles towed under section 4513.60, 4513.601, or 4513.61 of the Revised Code shall ensure that a notice is conspicuously posted at the entrance to the storage facility that states the telephone number at which the owner or lienholder of a vehicle may contact the owner or a representative of the storage facility for the purpose of determining whether the person may retrieve a vehicle or personal items when the storage facility is closed. The storage facility also shall provide that telephone number to the sheriff of a county or chief of law enforcement agency of a municipal corporation, township, port authority, conservancy district, or township or joint police district. The storage facility shall ensure that a process is in place for purposes of answering calls at all times day or night.

(2) After receiving a call from the owner or lienholder of a vehicle who seeks to recover a vehicle that was towed pursuant to section 4513.601 of the Revised Code, the storage facility shall ensure that, within three hours of receiving the phone call, a representative of the storage facility is available to release the vehicle upon being presented with proof of ownership of the vehicle, which may be evidenced by a certificate of title to the vehicle, a certificate of registration for the motor vehicle, or a lease agreement, and payment of an after-hours vehicle retrieval fee established under section 4921.25 of the Revised Code along with all other applicable fees.

allow the person to retrieve personal items in accordance with
division (D)(2) of section 4513.60 or division (C)(2) of section
4513.61 of the Revised Code, but shall not charge an after-hours

division.

(C) No storage facility shall fail to comply with division
