benefit effective before that date but terminated on or after 351  
it, upon the date that would have been the disability benefit's 352  
next anniversary date; 353

(3) For an allowance or benefit beginning on or after 354  
August 1, 2013, except for an allowance or benefit described in 355  
division (B)(2) of this section, upon such persons receiving an 356  
allowance or benefit for sixty months. 357

The increased amount is payable for the ensuing twelve- 358  
month period or until the next increase is granted under this 359  
section, whichever is later. Subsequent increases shall be 360  
determined from the date of the first increase paid to the 361  
former member in the case of an allowance being paid a 362  
beneficiary under an option, or from the date of the first 363  
increase to the survivor first receiving an allowance or benefit 364  
in the case of an allowance or benefit being paid to the 365  
subsequent survivors of the former member. 366

The date of the first increase under this section becomes 367  
the anniversary date for any future increases. 368

The allowance or benefit used in the first calculation of 369  
an increase under this section shall remain as the base for all 370  
future increases, unless a new base is established. 371

(C) If payment of a portion of a benefit is made to an 372  
alternate payee under section 3307.371 of the Revised Code, 373  
increases under this section granted while the order is in 374

effect shall be apportioned between the alternate payee and the 375  
benefit recipient in the same proportion that the amount being 376  
paid to the alternate payee bears to the amount paid to the 377  
benefit recipient. 378

If payment of a portion of a benefit is made to one or 379  
more beneficiaries under "option 4" under division (A)(4) of 380  
section 3307.60 of the Revised Code, each increase under this 381  
section granted while the plan of payment is in effect shall be 382  
divided among the designated beneficiaries in accordance with 383  
the portion each beneficiary has been allocated. 384

The apportioned increases under this section shall begin 385  
with increases granted on or after October 27, 2006. 386

(D) The board shall not make the increases it would 387  
otherwise make during the period July 1, 2013, through June 30, 388  
2014, to persons granted an allowance or benefit prior to July 389  
1, 2013. The board shall not increase any allowance or benefit 390  
granted on July 1, 2013, until July 1, 2015. 391

(E) The board may adjust the increase payable under this 392  
section if the board's actuary, in its annual actuarial 393  
valuation required by section 3307.51 of the Revised Code or in 394  
other evaluations conducted under that section, determines that 395  
an adjustment does not materially impair the fiscal integrity of 396  
the retirement system or is necessary to preserve the fiscal 397  
integrity of the system. 398

The board shall not adjust the increase for the first 399  
thirty thousand dollars of annual allowance or benefit specified 400  
in division (A)(1) of this section below one per cent of the 401  
base amount described in division (B) of this section. Nothing 402  
in this section prevents the board from providing an increase on 403

any portion of an annual allowance or benefit that exceeds the 404  
first thirty thousand dollars. 405

(F) The board shall make all rules necessary to carry out 406  
this section. 407

the actuarial assumptions, regular interest and such mortality 422

~~such the~~ earnable compensation of all employees, to be known as 425  
the "employer rate," required annually to fund the liability for 426  
all allowances, annuities, pensions and other benefits, and any 427

after deducting therefrom the annuity and other benefits 429  
provided by the contributor's accumulated contributions and 430  
deposits or other applicable moneys. 431
