(C) Any municipal corporation or township political subdivision may adopt a resolution

(G) Upon certification of a proposal to the board of elections pursuant to division (F) of
this section, the board of elections shall make the necessary arrangements for the submission of the question to the electors of the territory to be included in the regional transit authority qualified to vote on the question, and the election shall be held, canvassed, and certified in the same manner as regular elections for the election of officers of the political subdivision proposing to join the regional transit authority, except that, if the resolution proposed the inclusion without a time limitation the question appearing on the ballot shall read:

"Shall the territory within the _________________________ (Name or names of political subdivisions to be joined) be added to _________________________ (Name) regional transit authority? and shall a(n) _________ (here insert type of tax or taxes) at a rate of taxation not to exceed _____ (here insert maximum tax rate or rates) be levied for all transit purposes?"

If the question is approved at a general election or at a special election occurring prior to the general election but after the fifteenth day of July, the regional transit authority may amend its budget and resolution adopted pursuant to section 5705.34 of the Revised Code, and the levy shall be placed on the current tax list and duplicate and collected as other taxes are collected from all taxable property within the territorial boundaries of the regional transit authority, including the territory within the political subdivision added as a result of the election. If the budget of the regional transit authority is amended pursuant to this paragraph, the county auditor shall prepare and deliver an amended certificate of estimated resources to reflect the change in anticipated revenues of the regional transit authority.

If the question is approved by at least a majority of the electors voting on the question, the board of trustees of the regional transit authority immediately shall amend the resolution or ordinance creating the regional transit authority to include the additional political subdivision.

If the question approved by a majority of the electors voting on the question added the political subdivision for three years, the territory of the additional municipal corporation or township political subdivision in the regional transit authority shall be removed from the territory of the regional transit authority three years after the date the territory was added, as determined in the effective date of the election, and shall no longer be a part of that authority without any further action by either the political subdivisions that were included in the authority prior to submitting the question to the electors or of the political subdivision added to the authority as a result of the election. The regional transit authority reduced to its territory as it existed prior to the inclusion of the additional municipal corporation or township political subdivision shall be entitled to levy and collect any property taxes that it was authorized to levy and collect prior to the enlargement of its territory and...

(K)(1) If a majority of the political subdivisions comprising the regional transit authority approve the inclusion of the additional political subdivision without a time limit under division (D) of this section, the board of trustees of the regional transit authority may adopt a resolution to submit to the electors of the regional transit authority, as it would be enlarged by the inclusion, the question of including the political subdivision in the regional transit authority, of levying a tax under sections 5739.023 and 5741.022 of the Revised Code throughout the territorial boundaries of the regional transit authority as so enlarged, and of repealing the property tax levied by the regional transit authority under section 306.49 of the Revised Code.

The resolution shall state all of the following:

(b) The rate of the tax to be levied under sections 5739.023 and 5741.022 of the Revised Code, the number of years it is to be levied or that it is to be levied for a continuing period of time, and the date on which it shall first be levied, all as provided under section 5739.023 of the Revised Code;

(c) The last tax year that the property tax is to be levied under section 306.49 of the Revised Code.

(2) Except as otherwise provided in division (K)(5) of this section, the political subdivision shall not be joined to the regional transit authority before the first day sales and use tax is levied by the regional transit authority under sections 5739.023 and 5741.022 of the Revised Code. Sales and use tax shall not be levied under those sections on or before the last day of the last tax year the regional transit authority levies property tax under section 306.49 of the Revised Code.

(3) The board of trustees of the regional transit authority shall certify the resolution to the board of elections for the purpose of having the proposal placed on the ballot at the next general election or at a special election conducted on the day of the next primary election that occurs not less than ninety days after the resolution is certified to the board of elections. The election shall be held, canvassed, and certified, as provided in section 306.70 of the Revised Code, except that the question appearing on the ballot shall read:

(4) If the question is approved, the sales and use tax may be levied and collected as is otherwise provided under sections 5739.023 and 5741.022 of the Revised Code on and after the date stated in the resolution.

(5) The board of trustees shall appropriate from the first moneys received from the sales and use tax in each year the full amount required in order to pay the principal of and interest on any notes of the regional transit authority issued pursuant to section 306.49 of the Revised Code in anticipation of the collection of the property tax. The board of trustees shall not thereafter levy and collect the property tax unless and to the extent that the levy and collection is necessary to pay the principal of
and interest on notes issued in anticipation of the property tax in order to avoid impairing the
obligation of the contract between the regional transit authority and the note holders. Such property
tax shall be levied only in the territory of the authority as it existed before the political subdivision
was joined to the authority.

(6) If the question is approved after the fifteenth day of July in any calendar year, the regional
transit authority may amend its budget for the current and next fiscal year, and any resolution adopted
pursuant to section 5705.34 of the Revised Code, to reflect the imposition of the sales and use tax,

regional transit authority is amended pursuant to this division, the county auditor shall prepare and
deliver an amended certificate of estimated resources to reflect the change in anticipated revenues of
the regional transit authority.

(3) If a certificate of title previously has been issued for a motor vehicle in this state, the application for a certificate of title also shall be accompanied by that certificate of title duly assigned, unless otherwise provided in this chapter. A person who establishes ownership of a motor vehicle that is transferable on death in accordance with section 2131.13 of the Revised Code may terminate that type of ownership or change the designation of the transfer-on-death beneficiary or beneficiaries by applying for a certificate of title pursuant to this section. The clerk shall retain the evidence of title presented by the applicant and on which the certificate of title is issued, except that, if an application for a certificate of title is filed electronically by an electronic motor vehicle dealer on behalf of the purchaser of a motor vehicle, the clerk shall retain the completed electronic record to which the dealer converted the application for a certificate of title application and other required documents. For purposes of the transfer of a certificate of title, if the clerk is satisfied that the secured party has duly discharged a lien notation but has not canceled the lien notation with a clerk, the clerk may cancel the lien notation on the automated title processing system and notify the clerk of the county of origin.

(4) In the case of the sale of a motor vehicle to a general buyer or user by a dealer, by a motor vehicle leasing dealer selling the motor vehicle to the lessee or, in a case in which the leasing dealer subleased the motor vehicle, the sublessee, at the end of the lease agreement or sublease agreement, or by a manufactured housing broker, the certificate of title shall be obtained in the name of the buyer by the dealer, leasing dealer, or manufactured housing broker, as the case may be, upon application signed by the buyer. The certificate of title shall be issued, or the process of entering the certificate of title application information into the automated title processing system if a physical certificate of title is not to be issued shall be completed, within five business days after the application for title is filed with the clerk. If the buyer of the motor vehicle previously leased the motor vehicle and is buying the motor vehicle at the end of the lease pursuant to that lease, the certificate of title shall be obtained in the name of the buyer by the motor vehicle leasing dealer who previously leased the motor vehicle to the buyer or by the motor vehicle leasing dealer who subleased the motor vehicle to the buyer under a sublease agreement.

In all other cases, except as provided in section 4505.032 and division (D)(2) of section 4505.11 of the Revised Code, such certificates shall be obtained by the buyer.

(5)(a)(i) If the certificate of title is being obtained in the name of the buyer by a motor vehicle dealer or motor vehicle leasing dealer and there is a security interest to be noted on the certificate of title, the dealer or leasing dealer shall submit the application for the certificate of title and payment of the applicable tax to a clerk within seven business days after the later of the delivery of the motor vehicle to the buyer or the date the dealer or leasing dealer obtains the manufacturer's or importer's certificate, or certificate of title issued in the name of the dealer or leasing dealer, for the motor vehicle. (ii) Upon receipt of the certificate of title with the security interest noted on its face, the dealer or leasing dealer shall forward the certificate of title to the secured party at the location noted in the financing documents or otherwise specified by the secured party.

(iii) A motor vehicle dealer or motor vehicle leasing dealer is liable to a secured party for a late fee of ten dollars per day for each certificate of title application and payment of the applicable tax that is submitted to a clerk more than seven business days but less than twenty-one days after the later of the delivery of the motor vehicle to the buyer or the date the dealer or leasing dealer obtains the manufacturer's or importer's certificate, or certificate of title issued in the name of the dealer or leasing dealer, for the motor vehicle and, from then on, twenty-five dollars per day until the
application and applicable tax are submitted to a clerk.

(b) In all cases of transfer of a motor vehicle except the transfer of a manufactured home or mobile home, the application for certificate of title shall be filed within thirty days after the assignment or delivery of the motor vehicle.

(c) An application for a certificate of title for a new manufactured home shall be filed within thirty days after the delivery of the new manufactured home to the purchaser. The date of the delivery shall be the date on which an occupancy permit for the manufactured home is delivered to the purchaser of the home by the appropriate legal authority.

(d) An application for a certificate of title for a used manufactured home or a used mobile home shall be filed as follows:

(i) If a certificate of title for the used manufactured home or used mobile home was issued to the motor vehicle dealer prior to the sale of the manufactured or mobile home to the purchaser, the application for certificate of title shall be filed within thirty days after the date on which an occupancy permit for the manufactured or mobile home is delivered to the purchaser by the appropriate legal authority.

(ii) If the motor vehicle dealer has been designated by a secured party to display the manufactured or mobile home for sale, or to sell the manufactured or mobile home under section 4505.20 of the Revised Code, but the certificate of title has not been transferred by the secured party to the motor vehicle dealer, and the dealer has complied with the requirements of division (A) of section 4505.181 of the Revised Code, the application for certificate of title shall be filed within thirty days after the date on which the motor vehicle dealer obtains the certificate of title for the home from the secured party or the date on which an occupancy permit for the manufactured or mobile home is delivered to the purchaser by the appropriate legal authority, whichever occurs later.

(6) If an application for a certificate of title is not filed within the period specified in division (A)(5)(b), (c), or (d) of this section, the clerk shall collect a fee of five dollars for the issuance of the certificate, except that no such fee shall be required from a motor vehicle salvage dealer, as defined in division (A) of section 4738.01 of the Revised Code, who immediately surrenders the certificate of title for cancellation. The fee shall be in addition to all other fees established by this chapter, and shall be retained by the clerk. (B)(1) The clerk, except as provided in this section, shall refuse to accept for filing any application for a certificate of title and shall refuse to issue a certificate of title unless the dealer or the applicant, in cases in which the certificate shall be obtained by the buyer, submits with the application payment of the tax levied by or pursuant to Chapters 5739. and 5741. of the Revised Code based on the purchaser's county of residence. Upon payment of the tax in accordance with division (E) of this section, the clerk shall issue a receipt prescribed by the registrar and agreed upon by the tax commissioner showing payment of the tax or a receipt issued by the commissioner
showing the payment of the tax. When submitting payment of the tax to the clerk, a dealer shall retain any discount to which the dealer is entitled under section 5739.12 of the Revised Code.

(2) For receiving and disbursing such taxes paid to the clerk by a resident of the clerk's county, the clerk may retain a poundage fee of one and one-hundredth per cent, and the clerk shall pay the poundage fee into the certificate of title administration fund created by section 325.33 of the Revised Code. The clerk shall not retain a poundage fee from payments of taxes by persons who do not reside in the clerk's county.

A clerk, however, may retain from the taxes paid to the clerk an amount equal to the poundage fees associated with certificates of title issued by other clerks of courts of common pleas to applicants who reside in the first clerk's county. The registrar, in consultation with the tax commissioner and the clerks of the courts of common pleas, shall develop a report from the automated title processing system that informs each clerk of the amount of the poundage fees that the clerk is permitted to retain from those taxes because of certificates of title issued by the clerks of other counties to applicants who reside in the first clerk's county.

(3) In the case of casual sales of motor vehicles, as defined in section 4517.01 of the Revised Code, the price for the purpose of determining the tax shall be the purchase price on the assigned certificate of title, or assignment form prescribed by the registrar, executed by the seller and filed with the clerk by the buyer on a form to be prescribed by the registrar, which shall be prima-facie evidence of the amount for the determination of the tax.

(4) Each county clerk shall forward to the treasurer of state all sales and use tax collections resulting from sales of motor vehicles, off-highway motorcycles, and all-purpose vehicles during a calendar week on or before the Friday following the close of that week. If, on any Friday, the offices of the clerk of courts or the state are not open for business, the tax shall be forwarded to the treasurer of state on or before the next day on which the offices are open. Every remittance of tax under division (B)(4) of this section shall be accompanied by a remittance report in such form as the tax commissioner prescribes. Upon receipt of a tax remittance and remittance report, the treasurer of state shall date stamp the report and forward it to the tax commissioner. If the tax due for any week is not remitted by a clerk of courts as required under division (B)(4) of this section, the commissioner may require the clerk to forfeit the poundage fees for the sales made during that week. The treasurer of state may require the clerks of courts to transmit tax collections and remittance reports electronically.

(C)(1) If the transferor indicates on the certificate of title that the odometer reflects mileage in excess of the designed mechanical limit of the odometer, the clerk shall enter the phrase "exceeds mechanical limits" following the mileage designation. If the transferor indicates on the certificate of title that the odometer reading is not the actual mileage, the clerk shall enter the phrase "nonactual: warning - odometer discrepancy" following the mileage designation. The clerk shall use reasonable care in transferring the information supplied by the transferor, but is not liable for any errors or omissions of the clerk or those of the clerk's deputies in the performance of the clerk's duties created by this chapter.

The registrar shall prescribe an affidavit in which the transferor shall swear to the true selling price and, except as provided in this division, the true odometer reading of the motor vehicle. The registrar may prescribe an affidavit in which the seller and buyer provide information pertaining to
the odometer reading of the motor vehicle in addition to that required by this section, as such information may be required by the United States secretary of transportation by rule prescribed under authority of subchapter IV of the "Motor Vehicle Information and Cost Savings Act," 86 Stat. 961 (1972), 15 U.S.C. 1981.

(2) Division (C)(1) of this section does not require the giving of information concerning the odometer and odometer reading of a motor vehicle when ownership of a motor vehicle is being transferred as a result of a bequest, under the laws of intestate succession, to a survivor pursuant to section 2106.18, 2131.12, or 4505.10 of the Revised Code, to a transfer-on-death beneficiary or beneficiaries pursuant to section 2131.13 of the Revised Code, in connection with the creation of a security interest or for a vehicle with a gross vehicle weight rating of more than sixteen thousand pounds.

(D) When the transfer to the applicant was made in some other state or in interstate commerce, the clerk, except as provided in this section, shall refuse to issue any certificate of title unless the tax imposed by or pursuant to Chapter 5741. of the Revised Code based on the purchaser's county of residence has been paid as evidenced by a receipt issued by the tax commissioner, or unless the applicant submits with the application payment of the tax. Upon payment of the tax in accordance with division (E) of this section, the clerk shall issue a receipt prescribed by the registrar and agreed upon by the tax commissioner, showing payment of the tax.

For receiving and disbursing such taxes paid to the clerk by a resident of the clerk's county, the clerk may retain a poundage fee of one and one one-hundredth per cent. The clerk shall not retain a poundage fee from payments of taxes by persons who do not reside in the clerk's county.

A clerk, however, may retain from the taxes paid to the clerk an amount equal to the poundage fees associated with certificates of title issued by other clerks of courts of common pleas to applicants who reside in the first clerk's county. The registrar, in consultation with the tax commissioner and the clerks of the courts of common pleas, shall develop a report from the automated title processing system that informs each clerk of the amount of the poundage fees that the clerk is permitted to retain from those taxes because of certificates of title issued by the clerks of other counties to applicants who reside in the first clerk's county.

When the vendor is not regularly engaged in the business of selling motor vehicles, the vendor shall not be required to purchase a vendor's license or make reports concerning those sales.

(E) The clerk shall accept any payment of a tax in cash, or by cashier's check, certified check, draft, money order, or teller check issued by any insured financial institution payable to the clerk and submitted with an application for a certificate of title under division (B) or (D) of this section. The clerk also may accept payment of the tax by corporate, business, or personal check, credit card, electronic transfer or wire transfer, debit card, or any other accepted form of payment made payable to the clerk. The clerk may require bonds, guarantees, or letters of credit to ensure the collection of corporate, business, or personal checks. Any service fee charged by a third party to a clerk for the use of any form of payment may be paid by the clerk from the certificate of title administration fund created in section 325.33 of the Revised Code, or may be assessed by the clerk upon the applicant as an additional fee. Upon collection, the additional fees shall be paid by the clerk into that certificate of title administration fund.

The clerk shall make a good faith effort to collect any payment of taxes due but not made
because the payment was returned or dishonored, but the clerk is not personally liable for the payment of uncollected taxes or uncollected fees. The clerk shall notify the tax commissioner of any such payment of taxes that is due but not made and shall furnish the information to the commissioner that the commissioner requires. The clerk shall deduct the amount of taxes due but not paid from the clerk's periodic remittance of tax payments, in accordance with procedures agreed upon by the tax commissioner. The commissioner may collect taxes due by assessment in the manner provided in section 5739.13 of the Revised Code.

Any person who presents payment that is returned or dishonored for any reason is liable to the clerk for payment of a penalty over and above the amount of the taxes due. The clerk shall determine the amount of the penalty, and the penalty shall be no greater than that amount necessary to compensate the clerk for banking charges, legal fees, or other expenses incurred by the clerk in collecting the returned or dishonored payment. The remedies and procedures provided in this section are in addition to any other available civil or criminal remedies. Subsequently collected penalties, poundage fees, and title fees, less any title fee due the state, from returned or dishonored payments collected by the clerk shall be paid into the certificate of title administration fund. Subsequently collected taxes, less poundage fees, shall be sent by the clerk to the treasurer of state at the next scheduled periodic remittance of tax payments, with information as the commissioner may require. The clerk may abate all or any part of any penalty assessed under this division.

(F) In the following cases, the clerk shall accept for filing an application and shall issue a certificate of title without requiring payment or evidence of payment of the tax:

(1) When the purchaser is this state or any of its political subdivisions, a church, or an organization whose purchases are exempted by section 5739.02 of the Revised Code;

(2) When the transaction in this state is not a retail sale as defined by section 5739.01 of the Revised Code;

(3) When the purchase is outside this state or in interstate commerce and the purpose of the purchaser is not to use, store, or consume within the meaning of section 5741.01 of the Revised Code;

(4) When the purchaser is the federal government;

(5) When the motor vehicle was purchased outside this state for use outside this state;

(6) When the motor vehicle is purchased by a nonresident under the circumstances described in division (B)(1) of section 5739.029 of the Revised Code, and upon presentation of a copy of the affidavit provided by that section, and a copy of the exemption certificate provided by section 5739.03 of the Revised Code.

(G) An application, as prescribed by the registrar and agreed to by the tax commissioner, shall be filled out and sworn to by the buyer of a motor vehicle in a casual sale. The application shall contain the following notice in bold lettering: "WARNING TO TRANSFEROR AND TRANSFEREE (SELLER AND BUYER): You are required by law to state the true selling price. A false statement is in violation of section 2921.13 of the Revised Code and is punishable by six months' imprisonment or a fine of up to one thousand dollars, or both. All transfers are audited by the department of taxation. The seller and buyer must provide any information requested by the department of taxation. The buyer may be assessed any additional tax found to be due."

(H) For sales of manufactured homes or mobile homes occurring on or after January 1, 2000,
the clerk shall accept for filing, pursuant to Chapter 5739. of the Revised Code, an application for a certificate of title for a manufactured home or mobile home without requiring payment of any tax pursuant to section 5739.02, 5741.021, 5741.022, or 5741.023 of the Revised Code, or a receipt issued by the tax commissioner showing payment of the tax. For sales of manufactured homes or mobile homes occurring on or after January 1, 2000, the applicant shall pay to the clerk an additional fee of five dollars for each certificate of title issued by the clerk for a manufactured or mobile home pursuant to division (H) of section 4505.11 of the Revised Code and for each certificate of title issued upon transfer of ownership of the home. The clerk shall credit the fee to the county certificate of title administration fund, and the fee shall be used to pay the expenses of archiving those certificates pursuant to division (A) of section 4505.08 and division (H)(3) of section 4505.11 of the Revised Code. The tax commissioner shall administer any tax on a manufactured or mobile home pursuant to Chapters 5739. and 5741. of the Revised Code.

(I) Every clerk shall have the capability to transact by electronic means all procedures and transactions relating to the issuance of motor vehicle certificates of title that are described in the Revised Code as being accomplished by electronic means.

Sec. 4505.11. This section shall also apply to all-purpose vehicles and off-highway motorcycles as defined in section 4519.01 of the Revised Code.

(A) Each owner of a motor vehicle and each person mentioned as owner in the last certificate of title, when the motor vehicle is dismantled, destroyed, or changed in such manner that it loses its character as a motor vehicle, or changed in such manner that it is not the motor vehicle described in the certificate of title, shall surrender the certificate of title to that motor vehicle to a clerk of a court of common pleas, and the clerk, with the consent of any holders of any liens noted on the certificate of title, then shall enter a cancellation upon the clerk's records and shall notify the registrar of motor vehicles of the cancellation.

Upon the cancellation of a certificate of title in the manner prescribed by this section, any clerk and the registrar of motor vehicles may cancel and destroy all certificates and all memorandum certificates in that chain of title.

(B)(1) If an Ohio certificate of title or a salvage certificate of title or assignment form as prescribed by the registrar for a motor vehicle is assigned to a salvage dealer, the dealer is not required to obtain an Ohio certificate of title or a salvage certificate of title to the motor vehicle in the dealer's own name if the dealer dismantles or destroys the motor vehicle, indicates the number of the dealer's motor vehicle salvage dealer's license on it, marks "FOR DESTRUCTION" across the face of the certificate of title or salvage certificate of title, or assignment form and surrenders the certificate of title or salvage certificate of title or assignment form to a clerk of a court of common pleas as provided in division (A) of this section. If the salvage dealer retains the motor vehicle for resale, the dealer shall make application for a salvage certificate of title to the motor vehicle in the dealer's own name as provided in division (C)(1) of this section.

(2) At the time any salvage motor vehicle is sold at auction or through a pool, the salvage motor vehicle auction or salvage motor vehicle pool shall give a copy of the salvage certificate of title or a copy of the certificate of title or assignment form marked "FOR DESTRUCTION" to the purchaser.

(C)(1) When an insurance company declares it economically impractical to repair such a
motor vehicle and has paid an agreed price for the purchase of the motor vehicle to any insured or
claimant owner, the insurance company shall proceed as follows:

(a) If an insurance company receives the certificate of title and the motor vehicle, within
thirty business days, the insurance company shall deliver the certificate of title to a clerk of a court of
common pleas and shall make application for a salvage certificate of title. This certificate of title, any
supporting power of attorney, or application for a salvage certificate of title shall be exempt from
the requirements of notarization and verification as described in this chapter and in section 1337.25 of
the Revised Code, and may be signed electronically.

(b) If an insurance company obtains possession of the motor vehicle and a physical certificate
of title was issued for the vehicle but the insurance company is unable to obtain the properly
endorsed certificate of title for the motor vehicle within thirty business days following the vehicle's
owner or lienholder's acceptance of the insurance company's payment for the vehicle, the insurance
company may apply to the clerk of a court of common pleas for a salvage certificate of title without
delivering the certificate of title for the motor vehicle. The application, which may be signed
electronically, shall be accompanied by evidence that the insurance company has paid a total loss
claim on the vehicle, a copy of the written request for the certificate of title from the insurance
company or its designee, and proof that the request was delivered by a nationally recognized courier
service to the last known address of the owner of the vehicle and any known lienholder, to obtain the
certificate of title.

(c) If an insurance company obtains possession of the motor vehicle and a physical certificate
of title was not issued for the vehicle, the insurance company may apply to the clerk of a court of
common pleas for a salvage certificate of title without delivering a certificate of title for the motor
vehicle. The application shall be accompanied by the electronic certificate of title control number and
a properly executed power of attorney, or other appropriate document, from the owner of the motor
vehicle authorizing the insurance company to apply for a salvage certificate of title. The application
for a salvage certificate of title, any supporting power of attorney, and any other appropriate
document shall be exempt from the requirements of notarization and verification as described in this
chapter and in section 1337.25 of the Revised Code, and may be signed electronically.

(d) Upon receipt of a properly completed application for a salvage certificate of title as
described in division (C)(1)(a), (b), or (c) or (C)(2) of this section, the clerk shall issue the salvage
certificate of title on a form, prescribed by the registrar, that shall be easily distinguishable from the
original certificate of title and shall bear the same information as the original certificate of title except
that it may bear a different number than that of the original certificate of title. The salvage certificate
of title shall include the following notice in bold lettering:

"SALVAGE MOTOR VEHICLE - PURSUANT TO R.C. 4738.01."

Except as provided in division (C)(3) of this section, the salvage certificate of title shall be
assigned by the insurance company to a salvage dealer or any other person for use as evidence of
ownership upon the sale or other disposition of the motor vehicle, and the salvage certificate of title
shall be transferable to any other person. The clerk shall charge a fee of four dollars for the cost of
processing each salvage certificate of title.

(2) If an insurance company requests that a salvage motor vehicle auction take possession of
a motor vehicle that is the subject of an insurance claim, and subsequently the insurance company
denies coverage with respect to the motor vehicle or does not otherwise take ownership of the motor vehicle, the salvage motor vehicle auction may proceed as follows. After the salvage motor vehicle auction has possession of the motor vehicle for forty-five days, it may apply to the clerk of a court of common pleas for a salvage certificate of title without delivering the certificate of title for the motor vehicle. The application shall be accompanied by a copy of the written request that the vehicle be removed from the facility on the salvage motor vehicle auction's letterhead, and proof that the request was delivered by a nationally recognized courier service to the last known address of the owner of the vehicle and any known lienholder, requesting that the vehicle be removed from the facility of the salvage motor vehicle auction. Upon receipt of a properly completed application, the clerk shall follow the process as described in division (C)(1)(d) of this section. The salvage certificate of title so issued shall be free and clear of all liens.

(3) If an insurance company considers a motor vehicle as described in division (C)(1)(a), (b), or (c) of this section to be impossible to restore for highway operation, the insurance company may assign the certificate of title to the motor vehicle to a salvage dealer or scrap metal processing facility and send the assigned certificate of title to the clerk of the court of common pleas of any county. The insurance company shall mark the face of the certificate of title "FOR DESTRUCTION" and shall deliver a photocopy of the certificate of title to the salvage dealer or scrap metal processing facility for its records.

(4) If an insurance company declares it economically impractical to repair a motor vehicle, agrees to pay to the insured or claimant owner an amount in settlement of a claim against a policy of motor vehicle insurance covering the motor vehicle, and agrees to permit the insured or claimant owner to retain possession of the motor vehicle, the insurance company shall not pay the insured or claimant owner any amount in settlement of the insurance claim until the owner obtains a salvage certificate of title to the vehicle and furnishes a copy of the salvage certificate of title to the insurance company.

(D) When a self-insured organization, rental or leasing company, or secured creditor becomes the owner of a motor vehicle that is burned, damaged, or dismantled and is determined to be economically impractical to repair, the self-insured organization, rental or leasing company, or secured creditor shall do one of the following:

(1) Mark the face of the certificate of title to the motor vehicle, or assignment form as prescribed by the registrar, "FOR DESTRUCTION" and surrender the certificate of title, or assignment form to a clerk of a court of common pleas for cancellation as described in division (A) of this section. The self-insured organization, rental or leasing company, or secured creditor then shall deliver the motor vehicle, together with a photocopy of the certificate of title, or assignment form, to a salvage dealer or scrap metal processing facility and shall cause the motor vehicle to be dismantled, flattened, crushed, or destroyed.

(2) Obtain a salvage certificate of title to the motor vehicle in the name of the self-insured organization, rental or leasing company, or secured creditor, as provided in division (C)(1) of this section, and then sell or otherwise dispose of the motor vehicle. If the motor vehicle is sold, the self-insured organization, rental or leasing company, or secured creditor shall obtain a salvage certificate of title to the motor vehicle in the name of the purchaser from a clerk of a court of common pleas.

(E) If a motor vehicle titled with a salvage certificate of title is restored for operation upon
the highways, application shall be made to a clerk of a court of common pleas for a certificate of title. Upon inspection by the state highway patrol, which shall include establishing proof of ownership and an inspection of the motor number and vehicle identification number of the motor vehicle and of documentation or receipts for the materials used in restoration by the owner of the motor vehicle being inspected, which documentation or receipts shall be presented at the time of inspection, the clerk, upon surrender of the salvage certificate of title, shall issue a certificate of title for a fee prescribed by the registrar. The certificate of title shall be in the same form as the original certificate of title and shall bear the words "REBUILT SALVAGE" in black boldface letters on its face. Every subsequent certificate of title, memorandum certificate of title, or duplicate certificate of title issued for the motor vehicle also shall bear the words "REBUILT SALVAGE" in black boldface letters on its face. The exact location on the face of the certificate of title of the words "REBUILT SALVAGE" shall be determined by the registrar, who shall develop an automated procedure within the automated title processing system to comply with this division. The clerk shall use reasonable care in performing the duties imposed on the clerk by this division in issuing a certificate of title pursuant to this division, but the clerk is not liable for any of the clerk's errors or omissions or those of the clerk's deputies, or the automated title processing system in the performance of those duties. A fee of fifty dollars shall be assessed by the state highway patrol for each inspection made pursuant to this division and shall be deposited into the public safety - highway purposes fund established by section 4501.06 of the Revised Code.

(F) No person shall operate upon the highways in this state a motor vehicle, title to which is evidenced by a salvage certificate of title, except to deliver the motor vehicle pursuant to an appointment for an inspection under this section.

(G) No motor vehicle the certificate of title or assignment form to which has been marked "FOR DESTRUCTION" and surrendered to a clerk of a court of common pleas shall be used for anything except parts and scrap metal.

(H)(1) Except as otherwise provided in this division, an owner of a manufactured or mobile home that will be taxed as real property pursuant to division (B) of section 4503.06 of the Revised Code shall surrender the certificate of title to the auditor of the county containing the taxing district in which the home is located. An owner whose home qualifies for real property taxation under divisions (B)(1)(a) and (b) of section 4503.06 of the Revised Code shall surrender the certificate within fifteen days after the home meets the conditions specified in those divisions. The auditor shall deliver the certificate of title to the clerk of the court of common pleas who issued it.

(2) If the certificate of title for a manufactured or mobile home that is to be taxed as real property is held by a lienholder, the lienholder shall surrender the certificate of title to the auditor of the county containing the taxing district in which the home is located, and the auditor shall deliver the certificate of title to the clerk of the court of common pleas who issued it. The lienholder shall surrender the certificate within thirty days after both of the following have occurred:

(a) The homeowner has provided written notice to the lienholder requesting that the certificate of title be surrendered to the auditor of the county containing the taxing district in which the home is located.

(b) The homeowner has either paid the lienholder the remaining balance owed to the lienholder, or, with the lienholder's consent, executed and delivered to the lienholder a mortgage on
the home and land on which the home is sited in the amount of the remaining balance owed to the lienholder.

(3) Upon the delivery of a certificate of title by the county auditor to the clerk, the clerk shall inactivate it and maintain it in the automated title processing system for a period of thirty years.

(4) Upon application by the owner of a manufactured or mobile home that is taxed as real property pursuant to division (B) of section 4503.06 of the Revised Code and that no longer satisfies divisions (B)(1)(a) and (b) or divisions (B)(2)(a) and (b) of that section, the clerk shall reactivate the record of the certificate of title that was inactivated under division (H)(3) of this section and shall issue a new certificate of title, but only if the application contains or has attached to it all of the following:

(a) An endorsement of the county treasurer that all real property taxes charged against the home under Title LVII of the Revised Code and division (B) of section 4503.06 of the Revised Code for all preceding tax years have been paid;

(b) An endorsement of the county auditor that the home will be removed from the real property tax list;

(c) Proof that there are no outstanding mortgages or other liens on the home or, if there are such mortgages or other liens, that the mortgagee or lienholder has consented to the reactivation of the certificate of title.

(I)(1) Whoever violates division (F) of this section shall be fined not more than two thousand dollars, imprisoned not more than one year, or both.

(2) Whoever violates division (G) of this section shall be fined not more than one thousand dollars, imprisoned not more than six months, or both.

Sec. 4505.19. (A) No person shall do any of the following:

(1) Procure or attempt to procure a certificate of title or a salvage certificate of title to or assignment form as prescribed by the registrar of motor vehicles for a motor vehicle, or pass or attempt to pass a certificate of title, a salvage certificate of title, an assignment form, or any assignment of a certificate of title or salvage certificate of title to or assignment form for a motor vehicle, or in any other manner gain or attempt to gain ownership to a motor vehicle, knowing or having reason to believe that the motor vehicle or any part of the motor vehicle has been acquired through commission of a theft offense as defined in section 2913.01 of the Revised Code;

(2) Purport to sell or transfer a motor vehicle without delivering to the purchaser or transferee of it a certificate of title, a salvage certificate of title, an assignment form, or a manufacturer's or importer's certificate to it, assigned to the purchaser as provided for in this chapter, except as otherwise provided in this chapter;

(3) With intent to defraud, possess, sell, offer to sell, counterfeit, or supply a blank, forged, fictitious, counterfeit, stolen, or fraudulently or unlawfully obtained certificate of title, registration, bill of sale, or other instruments of ownership of a motor vehicle, or conspire to do any of the foregoing;

(4) Knowingly obtain goods, services, credit, or money by means of an invalid, fictitious, forged, counterfeit, stolen, or unlawfully obtained original or duplicate certificate of title, registration, bill of sale, or other instrument of ownership of a motor vehicle;

(5) Knowingly obtain goods, services, credit, or money by means of a certificate of title to a
motor vehicle, which is required to be surrendered to the registrar of motor vehicles or the clerk of
the court of common pleas as provided in this chapter.

(B) Whoever violates this section shall be fined not more than five thousand dollars or
imprisoned in the county jail or workhouse not less than six months nor more than one year, or both,
or in a state correctional institution not less than one year nor more than five years.

Sec. 4505.22. A clerk of court shall not issue a salvage certificate of title for a motor vehicle
under sections 4505.08 and 4505.11 of the Revised Code, or enter any notation on a certificate of title
under those sections, based solely on information reported by an entity pursuant to 49 U.S.C. 30504
and regulations promulgated under it unless one of the following applies:

(A) The clerk receives information from the automated title processing system indicating that
a previously issued certificate of title in this state was a salvage certificate of title.

(B) The vehicle was previously titled in another state and the previous certificate of title
indicated that the vehicle was considered or categorized as salvage.

(C) An entity that is authorized under section 4505.11 of the Revised Code to apply for a
salvage certificate of title applies for a salvage title pursuant to that section.

Sec. 4507.02. (A)(1) No person shall permit the operation of a motor vehicle upon any public
or private property used by the public for purposes of vehicular travel or parking knowing the
operator does not have a valid driver's license issued to the operator by the registrar of motor vehicles
or a deputy registrar under this chapter or a valid commercial driver's license issued under Chapter
4506. of the Revised Code. Except as otherwise provided in this division, whoever violates this
division is guilty of an unclassified misdemeanor. When the offense is an unclassified misdemeanor,
the offender shall be sentenced pursuant to sections 2929.21 to 2929.28 of the Revised Code, except
that the offender shall not be sentenced to a jail term; the offender shall not be sentenced to a
community residential sanction pursuant to section 2929.26 of the Revised Code; notwithstanding
division (A)(2)(a) of section 2929.28 of the Revised Code, the offender may be fined up to one
thousand dollars; and, notwithstanding division (A)(3) of section 2929.27 of the Revised Code, the
offender may be ordered pursuant to division (C) of that section to serve a term of community service
of up to five hundred hours. The failure of an offender to complete a term of community service
imposed by the court may be punished as indirect criminal contempt under division (A) of section
2705.02 of the Revised Code that may be filed in the underlying case.

If, within three years of the offense, the offender previously has been convicted of or pleaded
guilty to two or more violations of this section or a substantially equivalent municipal ordinance, the
offense is a misdemeanor of the first degree.

(2) No person shall receive a driver's license, or a motorcycle operator's endorsement of a
driver's or commercial driver's license, temporary instruction permit, or identification card
unless and
until the person surrenders to the registrar or a deputy registrar all valid licenses, temporary
instruction permits, and identification cards issued to the person by another jurisdiction recognized
by this state.

(3) The registrar shall report the surrender cancellation of a license, temporary instruction
permit, or identification card to the issuing authority, together with information that a—the license,
temporary instruction permit, or identification card is now issued in this state. The registrar or a
deputy registrar shall destroy any such license, temporary instruction permit, or identification card
that is not returned to the issuing authority.

(4) No person shall possess more than one valid license, temporary instruction permit, or identification card at any time.

(B)(1) If a person is convicted of a violation of section 4510.11, 4510.14, or 4510.21 of the Revised Code or if division (E) of section 4507.164 of the Revised Code applies, the trial judge of any court, in addition to or independent of any other penalties provided by law or ordinance, may impound the identification license plates of any motor vehicle registered in the name of the person. The court shall send the impounded license plates to the registrar, who may retain the license plates until the driver's or commercial driver's license of the owner has been reinstated or destroy them pursuant to section 4503.232 of the Revised Code.

If the license plates of a person convicted of a violation of any provision of those sections have been impounded in accordance with the provisions of this division, the court shall notify the registrar of that action. The notice shall contain the name and address of the driver, the serial number of the driver's or commercial driver's license, the serial numbers of the license plates of the motor vehicle, and the length of time for which the license plates have been impounded. The registrar shall record the data in the notice as part of the driver's permanent record.

(2) Any motor vehicle owner who has had the license plates of a motor vehicle impounded pursuant to division (B)(1) of this section may apply to the registrar, or to a deputy registrar, for restricted license plates that shall conform to the requirements of section 4503.231 of the Revised Code. The registrar or deputy registrar forthwith shall notify the court of the application and, upon approval of the court, shall issue restricted license plates to the applicant. Until the driver's or commercial driver's license of the owner is reinstated, any new license plates issued to the owner also shall conform to the requirements of section 4503.231 of the Revised Code.

The registrar or deputy registrar shall charge the owner of a vehicle the fees provided in section 4503.19 of the Revised Code for restricted license plates that are issued in accordance with this division, except upon renewal as specified in section 4503.10 of the Revised Code, when the regular fee as provided in section 4503.04 of the Revised Code shall be charged. The registrar or deputy registrar shall charge the owner of a vehicle the fees provided in section 4503.19 of the Revised Code whenever restricted license plates are exchanged, by reason of the reinstatement of the driver's or commercial driver's license of the owner, for those ordinarily issued.

(3) If an owner wishes to sell a motor vehicle during the time the restricted license plates provided under division (B)(2) of this section are in use, the owner may apply to the court that impounded the license plates of the motor vehicle for permission to transfer title to the motor vehicle. If the court is satisfied that the sale will be made in good faith and not for the purpose of circumventing the provisions of this section, it may certify its consent to the owner and to the registrar of motor vehicles who shall enter notice of the transfer of the title of the motor vehicle in the vehicle registration record.

If, during the time the restricted license plates provided under division (B)(2) of this section are in use, the title to a motor vehicle is transferred by the foreclosure of a chattel mortgage, a sale upon execution, the cancellation of a conditional sales contract, or by order of a court, the court shall notify the registrar of the action and the registrar shall enter notice of the transfer of the title to the motor vehicle in the vehicle registration record.
(C) This section is not intended to change or modify any provision of Chapter 4503. of the Revised Code with respect to the taxation of motor vehicles or the time within which the taxes on motor vehicles shall be paid.

Sec. 4507.06. (A)(1) Every application for a driver's license, motorcycle operator's license or endorsement, or motor-driven cycle or motor scooter license or endorsement, or duplicate of any such license or endorsement, shall be made upon the approved form furnished by the registrar of motor vehicles and shall be signed by the applicant.

(f) Whether the applicant has executed a valid durable power of attorney for health care pursuant to sections 1337.11 to 1337.17 of the Revised Code or has executed a declaration governing the use or continuation, or the withholding or withdrawal, of life-sustaining treatment pursuant to sections 2133.01 to 2133.15 of the Revised Code and, if the applicant has executed either type of instrument, whether the applicant wishes the applicant's license to indicate that the applicant has executed the instrument;

(g) On and after October 7, 2009, whether the applicant is a veteran, active duty, or reservist of the armed forces of the United States and, if the applicant is such, whether the applicant wishes the applicant's license to indicate that the applicant is a veteran, active duty, or reservist of the armed forces of the United States by a military designation on the license.

(2) Every applicant for a driver's license applying in person at a deputy registrar office shall be photographed in color at the time the application for the license is made. The application shall state any additional information that the registrar requires.

(B) The registrar or a deputy registrar, in accordance with section 3503.11 of the Revised Code, shall register as an elector any person who applies for a license or endorsement under division
(A) of this section, or for a renewal or duplicate of the license or endorsement, if the applicant is eligible and wishes to be registered as an elector. The decision of an applicant whether to register as an elector shall be given no consideration in the decision of whether to issue the applicant a license or endorsement, or a renewal or duplicate.

(C) The registrar or a deputy registrar, in accordance with section 3503.11 of the Revised Code, shall offer the opportunity of completing a notice of change of residence or change of name to any applicant for a driver's license or endorsement under division (A) of this section, or for a renewal or duplicate of the license or endorsement, if the applicant is a registered elector who has changed the applicant's residence or name and has not filed such a notice.

(D) In addition to any other information it contains, on and after October 7, 2009, the approved form furnished by the registrar of motor vehicles for an application for a license or endorsement or an application for a duplicate of any such license or endorsement shall inform applicants that the applicant must present a copy of the applicant's DD-214 or an equivalent document in order to qualify to have the license or duplicate indicate that the applicant is a veteran, active duty, or reservist of the armed forces of the United States based on a request made pursuant to division (A)(1)(g) of this section.

Sec. 4507.061. (A) Beginning on and after July 1, 2022, the registrar of motor vehicles may authorize the online renewal of a driver's license or identification card issued by the bureau of motor vehicles for eligible applicants. An applicant is eligible for online renewal if all of the following apply:

The warning letter shall list the reported violations that are the basis of the points charged, list the number of points charged for each violation, and outline the suspension provisions of this section.

(B) When the registrar determines that the total points charged against any person under section 4510.036 of the Revised Code within any two-year period beginning on the date of the first conviction within the two-year period is equal to twelve or more, the registrar shall send a written notice to the person at the person's last known address by regular mail. The notice shall list the reported violations that are the basis of the points charged, list the number of points charged for each violation, and state that, because the total number of points charged against the person within the applicable two-year period is equal to twelve or more, the registrar is imposing a class D suspension of the person's driver's or commercial driver's license or permit or nonresident operating privileges for the period of time specified in division (B)(4) of section 4510.02 of the Revised Code. The notice also shall state that the suspension is effective on the twentieth day after the mailing of the notice, unless the person files a petition appealing the determination and suspension in the municipal court, county court, or, if the person is under the age of eighteen, the juvenile division of the court of common pleas in whose jurisdiction the person resides or, if the person is not a resident of this state, in the Franklin county municipal court or juvenile division of the Franklin county court of common pleas. By filing the appeal of the determination and suspension, the person agrees to pay the cost of the proceedings in the appeal of the determination and suspension and alleges that the person can show cause why the person's driver's or commercial driver's license or permit or nonresident operating privileges should not be suspended.

(C)(1) Any person against whom at least two but less than twelve points have been charged under section 4510.036 of the Revised Code may enroll in a course of remedial driving instruction that is approved by the director of public safety in accordance with division (L) of this section. Upon the person's completion of an approved course of remedial driving instruction, the person may apply to the registrar on a form prescribed by the registrar for a credit of two points on the person's driving record. Upon receipt of the application and proof of completion of the approved remedial driving course, the registrar shall approve the two-point credit. The registrar shall not approve any credits for a person who completes an approved course of remedial driving instruction pursuant to a judge's order under section 4510.02 of the Revised Code.

(2) In any three-year period, the registrar shall approve only one two-point credit on a person's driving record under division (C)(1) of this section. The registrar shall approve not more than five two-point credits on a person's driving record under division (C)(1) of this section during that person's lifetime.

(D) When a judge of a court of record suspends a person's driver's or commercial driver's license or permit or nonresident operating privilege and charges points against the person under section 4510.036 of the Revised Code for the offense that resulted in the suspension, the registrar shall credit that period of suspension against the time of any subsequent suspension imposed under
this section for which those points were used to impose the subsequent suspension. When a United States district court that has jurisdiction within this state suspends a person's driver's or commercial driver's license or permit or nonresident operating privileges pursuant to the "Assimilative Crimes Act," 102 Stat. 4381 (1988), 18 U.S.C.A. 13, as amended, the district court prepares an abstract pursuant to section 4510.031 of the Revised Code, and the district court charges points against the person under section 4510.036 of the Revised Code for the offense that resulted in the suspension, the registrar shall credit the period of suspension imposed by the district court against the time of any subsequent suspension imposed under this section for which the points were used to impose the subsequent suspension.

(E) The registrar, upon the written request of a licensee who files a petition under division (B) of this section, shall furnish the licensee a certified copy of the registrar's record of the convictions and bond forfeitures of the person. This record shall include the name, address, and date of birth of the licensee; the name of the court in which each conviction or bail forfeiture took place; the nature of the offense that was the basis of the conviction or bond forfeiture; and any other information that the registrar considers necessary. If the record indicates that twelve points or more have been charged against the person within a two-year period, it is prima-facie evidence that the person is a repeat traffic offender, and the registrar shall suspend the person's driver's or commercial driver's license or permit or nonresident operating privilege pursuant to division (B) of this section.

In hearing the petition and determining whether the person filing the petition has shown cause why the person's driver's or commercial driver's license or permit or nonresident operating privilege should not be suspended, the court shall decide the issue on the record certified by the registrar and any additional relevant, competent, and material evidence that either the registrar or the person whose license is sought to be suspended submits.

(F) If a petition is filed under division (B) of this section in a county court, the prosecuting attorney of the county in which the case is pending shall represent the registrar in the proceedings, except that, if the petitioner resides in a municipal corporation within the jurisdiction of the county court, the city director of law, village solicitor, or other chief legal officer of the municipal corporation shall represent the registrar in the proceedings. If a petition is filed under division (B) of this section in a municipal court, the registrar shall be represented in the resulting proceedings as provided in section 1901.34 of the Revised Code.

(G) If the court determines from the evidence submitted that a person who filed a petition under division (B) of this section has failed to show cause why the person's driver's or commercial driver's license or permit or nonresident operating privileges should not be suspended, the court shall assess against the person the cost of the proceedings in the appeal of the determination and suspension and shall impose the applicable suspension under this section or suspend all or a portion of the suspension and impose any conditions upon the person that the court considers proper or impose upon the person a community control sanction pursuant to section 2929.15 or 2929.25 of the Revised Code. If the court determines from the evidence submitted that a person who filed a petition under division (B) of this section has shown cause why the person's driver's or commercial driver's license or permit or nonresident operating privileges should not be suspended, the costs of the appeal proceeding shall be paid out of the county treasury of the county in which the proceedings were held.

(H) Any person whose driver's or commercial driver's license or permit or nonresident
operating privileges are suspended under this section is not entitled to apply for or receive a new driver's or commercial driver's license or permit or to request or be granted nonresident operating privileges during the effective period of the suspension.

(I) Upon the termination of any suspension or other penalty imposed under this section involving the surrender of license or permit and upon the request of the person whose license or permit was suspended or surrendered, the registrar shall return the license or permit to the person upon determining that the person has complied with all provisions of section 4510.038 of the Revised Code or, if the registrar destroyed the license or permit pursuant to section 4510.52 of the Revised Code, shall reissue the person's license or permit.

(J) Any person whose driver's or commercial driver's license or permit or nonresident operating privileges are suspended as a repeat traffic offender under this section and who, during the suspension, operates any motor vehicle upon any public roads and highways is guilty of driving under a twelve-point suspension, a misdemeanor of the first degree. The court shall sentence the offender to a minimum term of three days in jail. No court shall suspend the first three days of jail time imposed pursuant to this division.

(K) The registrar, in accordance with specific statutory authority, may suspend the privilege of driving a motor vehicle on the public roads and highways of this state that is granted to nonresidents by section 4507.04 of the Revised Code.

(L)(1) Except as provided in division (L)(2) of this section, any course of remedial driving instruction the director of public safety approves under this section shall require its students to attend at least fifty per cent of the course in person and the director shall not approve any course of remedial driving instruction that permits its students to take more than fifty per cent of the course in any other manner, including via video teleconferencing or the internet. (c) Entirely remote instruction via video teleconferencing or the internet.

(2) The director may approve a course of remedial instruction that permits students to take the entire course via video teleconferencing or the internet in any of the ways specified in division (L)(1) of this section, provided the provider of the course is capable of meeting the instructional standards established by the director. In accordance with division (C) of this section, upon receiving an application with a certificate or other proof of completion of a course approved under this division, the registrar shall approve the two-point reduction.

(2) "Vehicle owner" means either of the following:

(a) The person in whose name is registered, at the time of the seizure, a vehicle that is seized under division (B) of this section;

(b) A person to whom the certificate of title to a vehicle that is seized under division (B) of this section has been assigned and who has not obtained a certificate of title to the vehicle in that
person's name, but who is deemed by the court as being the owner of the vehicle at the time the vehicle was seized under division (B) of this section.

(3) "Interested party" includes the owner of a vehicle seized under this section, all lienholders, the arrested person, the owner of the place of storage at which a vehicle seized under this section is stored, and the person or entity that caused the vehicle to be removed.

(B)(1) The arresting officer or another officer of the law enforcement agency that employs the arresting officer, in addition to any action that the arresting officer is required or authorized to take by section 4511.19 or 4511.191 of the Revised Code or by any other provision of law, shall seize the vehicle that a person was operating at the time of the alleged offense and its license plates if the vehicle is registered in the arrested person's name and if either of the following applies:

(a) The person is arrested for a violation of division (A) of section 4511.19 of the Revised Code or of a municipal OVI ordinance and, within ten years of the alleged violation, the person previously has been convicted of or pleaded guilty to one or more violations of division (A) or (B) of section 4511.19 of the Revised Code or one or more other equivalent offenses.

(b) The person is arrested for a violation of division (A) of section 4511.19 of the Revised Code or of a municipal OVI ordinance and the person previously has been convicted of or pleaded guilty to a violation of division (A) of section 4511.19 of the Revised Code under circumstances in which the violation was a felony, regardless of when the prior felony violation of division (A) of section 4511.19 of the Revised Code and the conviction or guilty plea occurred.

(2) A law enforcement agency that employs a law enforcement officer who makes an arrest of a type that is described in division (B)(1) of this section and that involves a rented or leased vehicle that is being rented or leased for a period of thirty days or less shall notify, within twenty-four hours after the officer makes the arrest, the lessor or owner of the vehicle regarding the circumstances of the arrest and the location at which the vehicle may be picked up. At the time of the seizure of the vehicle, the law enforcement officer who made the arrest shall give the arrested person written notice that the vehicle and its license plates have been seized; that the vehicle either will be kept by the officer's law enforcement agency or will be immobilized at least until the operator's initial appearance on the charge of the offense for which the arrest was made; that, at the initial appearance, the court in certain circumstances may order that the vehicle and license plates be released to the arrested person until the disposition of that charge; and that, if the arrested person is convicted of that charge, the court generally must order the immobilization of the vehicle and the impoundment of its license plates, or the forfeiture of the vehicle.

(3) The arresting officer or a law enforcement officer of the agency that employs the arresting officer shall give written notice of the seizure to the court that will conduct the initial appearance of the arrested person on the charges arising out of the arrest. Upon receipt of the notice, the court promptly shall determine whether the arrested person is the vehicle owner. If the court determines that the arrested person is not the vehicle owner, it promptly shall send by regular mail written notice of the seizure to the vehicle's registered owner. The written notice shall contain all of the information required by division (B)(2) of this section to be in a notice to be given to the arrested person and also shall specify the date, time, and place of the arrested person's initial appearance. The notice also shall inform the vehicle owner that if title to a motor vehicle that is subject to an order for criminal forfeiture under this section is assigned or transferred and division (B)(2) or (3) of section 4503.234
of the Revised Code applies, the court may fine the arrested person the value of the vehicle. The notice also shall state that if the vehicle is immobilized under division (A) of section 4503.233 of the Revised Code, seven days after the end of the period of immobilization a law enforcement agency will send the vehicle owner a notice, informing the owner that if the release of the vehicle is not obtained in accordance with division (D)(3) of section 4503.233 of the Revised Code, the vehicle shall be forfeited. The notice also shall inform the vehicle owner that the vehicle owner may be charged expenses or charges incurred under this section and section 4503.233 of the Revised Code for the removal and storage of the vehicle.

The written notice that is given to the arrested person also shall state that if the person is convicted of or pleads guilty to the offense and the court issues an immobilization and impoundment order relative to that vehicle, division (D)(4) of section 4503.233 of the Revised Code prohibits the vehicle from being sold during the period of immobilization without the prior approval of the court.

(4) At or before the initial appearance, the vehicle owner may file a motion requesting the court to order that the vehicle and its license plates be released to the vehicle owner. Except as provided in this division and subject to the payment of expenses or charges incurred in the removal and storage of the vehicle, the court, in its discretion, then may issue an order releasing the vehicle and its license plates to the vehicle owner. Such an order may be conditioned upon such terms as the court determines appropriate, including the posting of a bond in an amount determined by the court. If the arrested person is not the vehicle owner and if the vehicle owner is not present at the arrested person's initial appearance, and if the court believes that the vehicle owner was not provided with adequate notice of the initial appearance, and if the court believes that the vehicle owner was not provided with adequate notice of the initial appearance, the court, in its discretion, may allow the vehicle owner to file a motion within seven days of the initial appearance. If the court allows the vehicle owner to file such a motion after the initial appearance, the extension of time granted by the court does not extend the time within which the initial appearance is to be conducted. If the court issues an order for the release of the vehicle and its license plates, a copy of the order shall be made available to the vehicle owner. If the vehicle owner presents a copy of the order to the law enforcement agency that employs the law enforcement officer who arrested the arrested person, the law enforcement agency promptly shall release the vehicle and its license plates to the vehicle owner upon payment by the vehicle owner of any expenses or charges incurred in the removal and storage of the vehicle.

(5) A vehicle seized under division (B)(1) of this section either shall be towed to a place specified by the law enforcement agency that employs the arresting officer to be safely kept by the agency at that place for the time and in the manner specified in this section or shall be otherwise immobilized for the time and in the manner specified in this section. A law enforcement officer of that agency shall remove the identification license plates of the vehicle, and they shall be safely kept by the agency for the time and in the manner specified in this section. The license plates shall remain on the seized vehicle unless otherwise ordered by the court. No vehicle that is seized and either towed or immobilized pursuant to this division shall be considered contraband for purposes of Chapter 2981. of the Revised Code. The vehicle shall not be immobilized at any place other than a commercially operated private storage lot, a place owned by a law enforcement agency or other government agency, or a place to which one of the following applies:

(a) The place is leased by or otherwise under the control of a law enforcement agency or other government agency.
(b) The place is owned by the vehicle operator, the vehicle operator's spouse, or a parent or
child of the vehicle operator.

(c) The place is owned by a private person or entity, and, prior to the immobilization, the
private entity or person that owns the place, or the authorized agent of that private entity or person,
has given express written consent for the immobilization to be carried out at that place.

(d) The place is a street or highway on which the vehicle is parked in accordance with the
law.

(C)(1) A vehicle seized under division (B) of this section shall be safely kept at the place to
which it is towed or otherwise moved by the law enforcement agency that employs the arresting
officer until the initial appearance of the arrested person relative to the charge in question. The
license plates that are removed pursuant to division (B) of this
section shall be safely kept by the law enforcement agency that employs the arresting officer until the
initial appearance of the arrested person relative to the charge in question unless otherwise ordered by
the court.

(2)(a) At the initial appearance or not less than seven days prior to the date of final
disposition, the court shall notify the arrested person that, if title to a motor vehicle that is subject to
an order for criminal forfeiture under this section is assigned or transferred and division (B)(2) or (3)
of section 4503.234 of the Revised Code applies, the court may fine the arrested person the value of
the vehicle. If, at the initial appearance, the arrested person pleads guilty to the violation of division
(A) of section 4511.19 of the Revised Code or of the municipal OVI ordinance or pleads no contest
to and is convicted of the violation, the court shall impose sentence upon the person as provided by
law or ordinance; the court shall order the immobilization of the vehicle the arrested person was
operating at the time of the offense if registered in the arrested person's name and the impoundment
of its license plates under section 4503.233 and section 4511.19 or 4511.193 of the Revised Code or
the criminal forfeiture to the state of the vehicle if registered in the arrested person's name under
section 4503.234 and section 4511.19 or 4511.193 of the Revised Code, whichever is applicable; and
the vehicle and its license plates shall not be returned or released to the arrested person.

(b) If, at any time, the charge that the arrested person violated division (A) of section 4511.19
of the Revised Code or the municipal OVI ordinance is dismissed for any reason, the court shall
order that the vehicle seized at the time of the arrest and its license plates immediately be released to
the person.

(D) If a vehicle and its license plates are seized under division (B) of this section and are not
returned or released to the arrested person pursuant to division (C) of this section, the vehicle and its
license plates shall be retained until the final disposition of the charge in question. Upon the final
disposition of that charge, the court shall do whichever of the following is applicable:

(1) If the arrested person is convicted of or pleads guilty to the violation of division (A) of
section 4511.19 of the Revised Code or of the municipal OVI ordinance, the court shall impose
sentence upon the person as provided by law or ordinance and shall order the immobilization of the
vehicle the person was operating at the time of the offense if it is registered in the arrested person's
name and the impoundment of its license plates under section 4503.233 and section 4511.19 or
4511.193 of the Revised Code, or the criminal forfeiture of the vehicle if it is registered in the
arrested person's name under section 4503.234 and section 4511.19 or 4511.193 of the Revised Code,
whichever is applicable.

(2) If the arrested person is found not guilty of the violation of division (A) of section 4511.19 of the Revised Code or of the municipal OVI ordinance, the court shall order that the vehicle and its license plates immediately be released to the arrested person.

(3) If the charge that the arrested person violated division (A) of section 4511.19 of the Revised Code or the municipal OVI ordinance is dismissed for any reason, the court shall order that the vehicle and its license plates immediately be released to the arrested person.

(4) If the impoundment of the vehicle was not authorized under this section, the court shall order that the vehicle and its license plates be returned immediately to the arrested person or, if the arrested person is not the vehicle owner, to the vehicle owner, and shall order that the state or political subdivision of the law enforcement agency served by the law enforcement officer who seized the vehicle pay all expenses and charges incurred in its removal and storage.

(E) If a vehicle is seized under division (B) of this section, the time between the seizure of the vehicle and either its release to the arrested person under division (C) of this section or the issuance of an order of immobilization of the vehicle under section 4503.233 of the Revised Code shall be credited against the period of immobilization ordered by the court.

(F)(1) Except as provided in division (D)(4) of this section, the arrested person may be charged expenses or charges incurred in the removal and storage of the immobilized vehicle. The court with jurisdiction over the case, after notice to all interested parties, including lienholders, and after an opportunity for them to be heard, if the court finds that the arrested person does not intend to seek release of the vehicle at the end of the period of immobilization under section 4503.233 of the Revised Code or that the arrested person is not or will not be able to pay the expenses and charges incurred in its removal and storage, may order that title to the vehicle be transferred, in order of priority, first into the name of the person or entity that removed it, next into the name of a lienholder, or lastly into the name of the owner of the place of storage.

Any lienholder that receives title under a court order shall do so on the condition that it pay any expenses or charges incurred in the vehicle's removal and storage. If the person or entity that receives title to the vehicle is the person or entity that removed it, the person or entity shall receive title on the condition that it pay any lien on the vehicle. The court shall not order that title be transferred to any person or entity other than the owner of the place of storage if the person or entity refuses to receive the title. Any person or entity that receives title either may keep title to the vehicle or may dispose of the vehicle in any legal manner that it considers appropriate, including assignment of the certificate of title to the motor vehicle to a salvage dealer or a scrap metal processing facility. The person or entity shall not transfer the vehicle to the person who is the vehicle's immediate previous owner.

If the person or entity that receives title assigns the motor vehicle to a salvage dealer or scrap metal processing facility, the person or entity shall send the assigned certificate of title to the motor vehicle to the clerk of the court of common pleas of the county in which the salvage dealer or scrap metal processing facility is located. The person or entity shall mark the face of the certificate of title with the words "FOR DESTRUCTION" and shall deliver a photocopy of the certificate of title to the salvage dealer or scrap metal processing facility for its records.

(2) Whenever a court issues an order under division (F)(1) of this section, the court also shall
order removal of the license plates from the vehicle and cause them to be sent to the registrar of motor vehicles if they have not already been sent to the registrar. Thereafter, no further proceedings shall take place under this section or under section 4503.233 of the Revised Code.

(3) Prior to initiating a proceeding under division (F)(1) of this section, and upon payment of the fee under division (B) of section 4505.14 of the Revised Code, any interested party may cause a search to be made of the public records of the bureau of motor vehicles or the clerk of the court of common pleas, to ascertain the identity of any lienholder of the vehicle. The initiating party shall furnish this information to the clerk of the court with jurisdiction over the case, and the clerk shall provide notice to the arrested person, any lienholder, and any other interested parties listed by the initiating party, at the last known address supplied by the initiating party, by certified mail or, at the option of the initiating party, by personal service or ordinary mail.

Sec. 4511.21. (A) No person shall operate a motor vehicle, trackless trolley, or streetcar at a speed greater or less than is reasonable or proper, having due regard to the traffic, surface, and width of the street or highway and any other conditions, and no person shall drive any motor vehicle, trackless trolley, or streetcar in and upon any street or highway at a greater speed than will permit the person to bring it to a stop within the assured clear distance ahead.

(B) It is prima-facie lawful, in the absence of a lower limit declared or established pursuant to this section by the director of transportation or local authorities, for the operator of a motor vehicle, trackless trolley, or streetcar to operate the same at a speed not exceeding the following:

(1)(a) Twenty miles per hour in school zones during school recess and while children are going to or leaving school during the opening or closing hours, and when twenty miles per hour school speed limit signs are erected; except that, on controlled-access highways and expressways, if the right-of-way line fence has been erected without pedestrian opening, the speed shall be governed by division (B)(4) of this section and on freeways, if the right-of-way line fence has been erected without pedestrian opening, the speed shall be governed by divisions (B)(10) and (11) of this section. The end of every school zone may be marked by a sign indicating the end of the zone. Nothing in this section or in the manual and specifications for a uniform system of traffic control devices shall be construed to require school zones to be indicated by signs equipped with flashing or other lights, or giving other special notice of the hours in which the school zone speed limit is in effect.

(b) As used in this section and in section 4511.212 of the Revised Code, "school" means any of the following:

(i) Any school chartered under section 3301.16 of the Revised Code and any;

(ii) Any nonchartered school that during the preceding year filed with the department of education in compliance with rule 3301-35-08 of the Ohio Administrative Code, a copy of the school's report for the parents of the school's pupils certifying that the school meets Ohio minimum standards for nonchartered, nontax-supported schools and presents evidence of this filing to the jurisdiction from which it is requesting the establishment of a school zone. "School" also includes a;

(iii) Any special elementary school that in writing requests the county engineer of the county in which the special elementary school is located to create a school zone at the location of that school. Upon receipt of such a written request, the county engineer shall create a school zone at that location by erecting the appropriate signs.

(iv) Any preschool education program operated by an educational service center that is
located on a street or highway with a speed limit of forty-five miles per hour or more, when the educational service center in writing requests that the county engineer of the county in which the program is located create a school zone at the location of that program. Upon receipt of such a written request, the county engineer shall create a school zone at that location by erecting the appropriate signs.

(c) As used in this section, "school zone" means that portion of a street or highway passing a school fronting upon the street or highway that is encompassed by projecting the school property lines to the fronting street or highway, and also includes that portion of a state highway. Upon request from local authorities for streets and highways under their jurisdiction and that portion of a state highway under the jurisdiction of the director of transportation or a request from a county engineer in the case of a school zone for a special elementary school, the director may extend the traditional school zone boundaries. The distances in divisions (B)(1)(c)(i), (ii), and (iii) of this section shall not exceed three hundred feet per approach per direction and are bounded by whichever of the following distances or combinations thereof the director approves as most appropriate:

(i) The distance encompassed by projecting the school building lines normal to the fronting highway and extending a distance of three hundred feet on each approach direction;

(ii) The distance encompassed by projecting the school property lines intersecting the fronting highway and extending a distance of three hundred feet on each approach direction;

(iii) The distance encompassed by the special marking of the pavement for a principal school pupil crosswalk plus a distance of three hundred feet on each approach direction of the highway.

Nothing in this section shall be construed to invalidate the director's initial action on August 9, 1976, establishing all school zones at the traditional school zone boundaries defined by projecting school property lines, except when those boundaries are extended as provided in divisions (B)(1)(a) and (c) of this section.

(d) As used in this division, "crosswalk" has the meaning given that term in division (LL)(2) of section 4511.01 of the Revised Code.

The director may, upon request by resolution of the legislative authority of a municipal corporation, the board of trustees of a township, or a county board of developmental disabilities created pursuant to Chapter 5126. of the Revised Code, and upon submission by the municipal corporation, township, or county board of such engineering, traffic, and other information as the director considers necessary, designate a school zone on any portion of a state route lying within the municipal corporation, lying within the unincorporated territory of the township, or lying adjacent to the property of a school that is operated by such county board, that includes a crosswalk customarily used by children going to or leaving a school during recess and opening and closing hours, whenever the distance, as measured in a straight line, from the school property line nearest the crosswalk to the nearest point of the crosswalk is no more than one thousand three hundred twenty feet. Such a school zone shall include the distance encompassed by the crosswalk and extending three hundred feet on each approach direction of the state route.

(e) As used in this section, "special elementary school" means a school that meets all of the following criteria:

(i) It is not chartered and does not receive tax revenue from any source.

(ii) It does not educate children beyond the eighth grade.
(iii) It is located outside the limits of a municipal corporation.

(iv) A majority of the total number of students enrolled at the school are not related by blood.

(v) The principal or other person in charge of the special elementary school annually sends a report to the superintendent of the school district in which the special elementary school is located indicating the total number of students enrolled at the school, but otherwise the principal or other person in charge does not report any other information or data to the superintendent.

(2) Twenty-five miles per hour in all other portions of a municipal corporation, except on state routes outside business districts, through highways outside business districts, and alleys;

(3) Thirty-five miles per hour on all state routes or through highways within municipal corporations outside business districts, except as provided in divisions (B)(4) and (6) of this section;

(4) Fifty miles per hour on controlled-access highways and expressways within municipal corporations, except as provided in divisions (B)(12), (13), (14), (15), and (16) of this section;

(5) Fifty-five miles per hour on highways outside municipal corporations, other than highways within island jurisdictions as provided in division (B)(8) of this section, highways as provided in divisions (B)(9) and (10) of this section, and highways, expressways, and freeways as provided in divisions (B)(12), (13), (14), and (16) of this section;

(6) Fifty miles per hour on state routes within municipal corporations outside urban districts unless a lower prima-facie speed is established as further provided in this section;

(7) Fifteen miles per hour on all alleys within the municipal corporation;

(8) Thirty-five miles per hour on highways outside municipal corporations that are within an island jurisdiction;

(9) Thirty-five miles per hour on through highways, except state routes, that are outside municipal corporations and that are within a national park with boundaries extending through two or more counties;

(10) Sixty miles per hour on two-lane state routes outside municipal corporations as established by the director under division (H)(2) of this section;

(11) Fifty-five miles per hour on freeways with paved shoulders inside municipal corporations, other than freeways as provided in divisions (B)(14) and (16) of this section;

(12) Sixty miles per hour on rural expressways with traffic control signals and on all portions of rural divided highways, except as provided in divisions (B)(13) and (14) of this section;

(13) Sixty-five miles per hour on all rural expressways without traffic control signals;

(14) Seventy miles per hour on all rural freeways;

(15) Fifty-five miles per hour on all portions of freeways or expressways in congested areas as determined by the director and that are located within a municipal corporation or within an interstate freeway outerbelt, except as provided in division (B)(16) of this section;

(16) Sixty-five miles per hour on all portions of freeways or expressways without traffic control signals in urbanized areas.

(C) It is prima-facie unlawful for any person to exceed any of the speed limitations in divisions (B)(1)(a), (2), (3), (4), (6), (7), (8), and (9) of this section, or any declared or established pursuant to this section by the director or local authorities and it is unlawful for any person to exceed any of the speed limitations in division (D) of this section. No person shall be convicted of more than one violation of this section for the same conduct, although violations of more than one provision of
this section may be charged in the alternative in a single affidavit.

(D) No person shall operate a motor vehicle, trackless trolley, or streetcar upon a street or highway as follows:

(1) At a speed exceeding fifty-five miles per hour, except upon a two-lane state route as provided in division (B)(10) of this section and upon a highway, expressway, or freeway as provided in divisions (B)(12), (13), (14), and (16) of this section;

(2) At a speed exceeding sixty miles per hour upon a two-lane state route as provided in division (B)(10) of this section and upon a highway as provided in division (B)(12) of this section;

(3) At a speed exceeding sixty-five miles per hour upon an expressway as provided in division (B)(13) or upon a freeway as provided in division (B)(16) of this section, except upon a freeway as provided in division (B)(14) of this section;

(4) At a speed exceeding seventy miles per hour upon a freeway as provided in division (B)(14) of this section;

(5) At a speed exceeding the posted speed limit upon a highway, expressway, or freeway for which the director has determined and declared a speed limit pursuant to division (I)(2) or (L)(2) of this section.

(E) In every charge of violation of this section the affidavit and warrant shall specify the time, place, and speed at which the defendant is alleged to have driven, and in charges made in reliance upon division (C) of this section also the speed which division (B)(1)(a), (2), (3), (4), (6), (7), (8), or (9) of, or a limit declared or established pursuant to, this section declares is prima-facie lawful at the time and place of such alleged violation, except that in affidavits where a person is alleged to have driven at a greater speed than will permit the person to bring the vehicle to a stop within the assured clear distance ahead the affidavit and warrant need not specify the speed at which the defendant is alleged to have driven.

(F) When a speed in excess of both a prima-facie limitation and a limitation in division (D) of this section is alleged, the defendant shall be charged in a single affidavit, alleging a single act, with a violation indicated of both division (B)(1)(a), (2), (3), (4), (6), (7), (8), or (9) of this section, or of a limit declared or established pursuant to this section by the director or local authorities, and of the limitation in division (D) of this section. If the court finds a violation of division (B)(1)(a), (2), (3), (4), (6), (7), (8), or (9) of, or a limit declared or established pursuant to, this section has occurred, it shall enter a judgment of conviction under such division and dismiss the charge under division (D) of this section. If it finds no violation of division (B)(1)(a), (2), (3), (4), (6), (7), (8), or (9) of, or a limit declared or established pursuant to, this section, it shall then consider whether the evidence supports a conviction under division (D) of this section.

(G) Points shall be assessed for violation of a limitation under division (D) of this section in accordance with section 4510.036 of the Revised Code.

(H)(1) Whenever the director determines upon the basis of criteria established by an engineering study, as defined by the director, that any speed limit set forth in divisions (B)(1)(a) to (D) of this section is greater or less than is reasonable or safe under the conditions found to exist at any portion of a street or highway under the jurisdiction of the director, the director shall determine and declare a reasonable and safe prima-facie speed limit, which shall be effective when appropriate signs giving notice of it are erected at the location.
(2) Whenever the director determines upon the basis of criteria established by an engineering study, as defined by the director, that the speed limit of fifty-five miles per hour on a two-lane state route outside a municipal corporation is less than is reasonable or safe under the conditions found to exist at that portion of the state route, the director may determine and declare a speed limit of sixty miles per hour for that portion of the state route, which shall be effective when appropriate signs giving notice of it are erected at the location.

(3)(a) For purposes of the safe and orderly movement of traffic upon any portion of a street or highway under the jurisdiction of the director, the director may establish a variable speed limit that is different than the speed limit established by or under this section on all or portions of interstate six hundred seventy, interstate two hundred seventy-five, and interstate ninety commencing at the intersection of that interstate with interstate seventy-one and continuing to the border of the state of Ohio with the state of Pennsylvania. The director shall establish criteria for determining the appropriate use of variable speed limits and shall establish variable speed limits in accordance with the criteria. The director may establish variable speed limits based upon the time of day, weather conditions, traffic incidents, or other factors that affect the safe speed on a street or highway. The director shall not establish a variable speed limit that is based on a particular type or class of vehicle. A variable speed limit established by the director under this section is effective when appropriate signs giving notice of the speed limit are displayed at the location.

(b) Except for variable speed limits established under division (H)(3)(a) of this section, the director shall establish a variable speed limit under the authority granted to the director by this section on not more than two additional highways and only pursuant to criteria established in rules adopted in accordance with Chapter 119. of the Revised Code. The rules shall be based on the criteria described in division (H)(3)(a) of this section. The rules also shall establish the parameters of any engineering study necessary for determining when variable speed limits are appropriate.

(4) Nothing in this section shall be construed to limit the authority of the director to establish speed limits within a construction zone as authorized under section 4511.98 of the Revised Code.

(I)(1) Except as provided in divisions (I)(2), (J), (K), and (N) of this section, whenever local authorities determine upon the basis of criteria established by an engineering study, as defined by the director, that the speed permitted by divisions (B)(1)(a) to (D) of this section, on any part of a highway under their jurisdiction, is greater than is reasonable and safe under the conditions found to exist at such location, the local authorities may by resolution request the director to determine and declare a reasonable and safe prima-facie speed limit. Upon receipt of such request the director may determine and declare a reasonable and safe prima-facie speed limit at such location, and if the director does so, then such declared speed limit shall become effective only when appropriate signs giving notice thereof are erected at such location by the local authorities. The director may withdraw the declaration of a prima-facie speed limit whenever in the director's opinion the altered prima-facie speed limit becomes unreasonable. Upon such withdrawal, the declared prima-facie speed limit shall become ineffective and the signs relating thereto shall be immediately removed by the local authorities.

(2) A local authority may determine on the basis of criteria established by an engineering study, as defined by the director, that the speed limit of sixty-five or seventy miles per hour on a portion of a freeway under its jurisdiction is greater than is reasonable or safe under the conditions
found to exist at that portion of the freeway. If the local authority makes such a determination, the local authority by resolution may request the director to determine and declare a reasonable and safe speed limit of not less than fifty-five miles per hour for that portion of the freeway. If the director takes such action, the declared speed limit becomes effective only when appropriate signs giving notice of it are erected at such location by the local authority.

(J) Local authorities in their respective jurisdictions may authorize by ordinance higher prima-facie speeds than those stated in this section upon through highways, or upon highways or portions thereof where there are no intersections, or between widely spaced intersections, provided signs are erected giving notice of the authorized speed, but local authorities shall not modify or alter the basic rule set forth in division (A) of this section or in any event authorize by ordinance a speed in excess of the maximum speed permitted by division (D) of this section for the specified type of highway.

Alteration of prima-facie limits on state routes by local authorities shall not be effective until the alteration has been approved by the director. The director may withdraw approval of any altered prima-facie speed limits whenever in the director's opinion any altered prima-facie speed becomes unreasonable, and upon such withdrawal, the altered prima-facie speed shall become ineffective and the signs relating thereto shall be immediately removed by the local authorities.

(K)(1) As used in divisions (K)(1), (2), (3), and (4) of this section, "unimproved highway" means a highway consisting of any of the following:

(a) Unimproved earth;
(b) Unimproved graded and drained earth;
(c) Gravel.

(2) Except as otherwise provided in divisions (K)(4) and (5) of this section, whenever a board of township trustees determines upon the basis of criteria established by an engineering study, as defined by the director, that the speed permitted by division (B)(5) of this section on any part of an unimproved highway under its jurisdiction and in the unincorporated territory of the township is greater than is reasonable or safe under the conditions found to exist at the location, the board may by resolution declare a reasonable and safe prima-facie speed limit of fifty-five but not less than twenty-five miles per hour. An altered speed limit adopted by a board of township trustees under this division becomes effective when appropriate traffic control devices, as prescribed in section 4511.11 of the Revised Code, giving notice thereof are erected at the location, which shall be no sooner than sixty days after adoption of the resolution.

(3)(a) Whenever, in the opinion of a board of township trustees, any altered prima-facie speed limit established by the board under this division becomes unreasonable, the board may adopt a resolution withdrawing the altered prima-facie speed limit. Upon the adoption of such a resolution, the altered prima-facie speed limit becomes ineffective and the traffic control devices relating thereto shall be immediately removed.

(b) Whenever a highway ceases to be an unimproved highway and the board has adopted an altered prima-facie speed limit pursuant to division (K)(2) of this section, the board shall, by resolution, withdraw the altered prima-facie speed limit as soon as the highway ceases to be unimproved. Upon the adoption of such a resolution, the altered prima-facie speed limit becomes ineffective and the traffic control devices relating thereto shall be immediately removed.
(4)(a) If the boundary of two townships rests on the centerline of an unimproved highway in unincorporated territory and both townships have jurisdiction over the highway, neither of the boards of township trustees of such townships may declare an altered prima-facie speed limit pursuant to division (K)(2) of this section on the part of the highway under their joint jurisdiction unless the boards of township trustees of both of the townships determine, upon the basis of criteria established by an engineering study, as defined by the director, that the speed permitted by division (B)(5) of this section is greater than is reasonable or safe under the conditions found to exist at the location and both boards agree upon a reasonable and safe prima-facie speed limit of less than fifty-five but not less than twenty-five miles per hour for that location. If both boards so agree, each shall follow the procedure specified in division (K)(2) of this section for altering the prima-facie speed limit on the highway. Except as otherwise provided in division (K)(4)(b) of this section, no speed limit altered pursuant to division (K)(4)(a) of this section may be withdrawn unless the boards of township trustees of both townships determine that the altered prima-facie speed limit previously adopted becomes unreasonable and each board adopts a resolution withdrawing the altered prima-facie speed limit pursuant to the procedure specified in division (K)(3)(a) of this section.

(b) Whenever a highway described in division (K)(4)(a) of this section ceases to be an unimproved highway and two boards of township trustees have adopted an altered prima-facie speed limit pursuant to division (K)(4)(a) of this section, both boards shall, by resolution, withdraw the altered prima-facie speed limit as soon as the highway ceases to be unimproved. Upon the adoption of the resolution, the altered prima-facie speed limit becomes ineffective and the traffic control devices relating thereto shall be immediately removed.

(5) As used in division (K)(5) of this section:

(a) "Commercial subdivision" means any platted territory outside the limits of a municipal corporation and fronting a highway where, for a distance of three hundred feet or more, the frontage is improved with buildings in use for commercial purposes, or where the entire length of the highway is less than three hundred feet long and the frontage is improved with buildings in use for commercial purposes.

(b) "Residential subdivision" means any platted territory outside the limits of a municipal corporation and fronting a highway, where, for a distance of three hundred feet or more, the frontage is improved with residences or residences and buildings in use for business, or where the entire length of the highway is less than three hundred feet long and the frontage is improved with residences or residences and buildings in use for business.

Whenever a board of township trustees finds upon the basis of criteria established by an engineering study, as defined by the director, that the prima-facie speed permitted by division (B)(5) of this section on any part of a highway under its jurisdiction that is located in a commercial or residential subdivision, except on highways or portions thereof at the entrances to which vehicular traffic from the majority of intersecting highways is required to yield the right-of-way to vehicles on such highways in obedience to stop or yield signs or traffic control signals, is greater than is reasonable and safe under the conditions found to exist at the location, the board may by resolution declare a reasonable and safe prima-facie speed limit of less than fifty-five but not less than twenty-five miles per hour at the location. An altered speed limit adopted by a board of township trustees under this division shall become effective when appropriate signs giving notice thereof are erected at
the location by the township. Whenever, in the opinion of a board of township trustees, any altered prima-facie speed limit established by it under this division becomes unreasonable, it may adopt a resolution withdrawing the altered prima-facie speed, and upon such withdrawal, the altered prima-facie speed shall become ineffective, and the signs relating thereto shall be immediately removed by the township.

(L)(1) The director of transportation, based upon an engineering study, as defined by the director, of a highway, expressway, or freeway described in division (B)(12), (13), (14), (15), or (16) of this section, in consultation with the director of public safety and, if applicable, the local authority having jurisdiction over the studied highway, expressway, or freeway, may determine and declare that the speed limit established on such highway, expressway, or freeway under division (B)(12), (13), (14), (15), or (16) of this section either is reasonable and safe or is more or less than that which is reasonable and safe.

(2) If the established speed limit for a highway, expressway, or freeway studied pursuant to division (L)(1) of this section is determined to be more or less than that which is reasonable and safe, the director of transportation, in consultation with the director of public safety and, if applicable, the local authority having jurisdiction over the studied highway, expressway, or freeway, shall determine and declare a reasonable and safe speed limit for that highway, expressway, or freeway.

(M)(1)(a) If the boundary of two local authorities rests on the centerline of a highway and both authorities have jurisdiction over the highway, the speed limit for the part of the highway within their joint jurisdiction shall be either one of the following as agreed to by both authorities:

(i) Either prima-facie speed limit permitted by division (B) of this section;

(ii) An altered speed limit determined and posted in accordance with this section.

(b) If the local authorities are unable to reach an agreement, the speed limit shall remain as established and posted under this section.

(2) Neither local authority may declare an altered prima-facie speed limit pursuant to this section on the part of the highway under their joint jurisdiction unless both of the local authorities determine, upon the basis of criteria established by an engineering study, as defined by the director, that the speed permitted by this section is greater than is reasonable or safe under the conditions found to exist at the location and both authorities agree upon a uniform reasonable and safe prima-facie speed limit of less than fifty-five but not less than twenty-five miles per hour for that location. If both authorities so agree, each shall follow the procedure specified in this section for altering the prima-facie speed limit on the highway, and the speed limit for the part of the highway within their joint jurisdiction shall be uniformly altered. No altered speed limit may be withdrawn unless both local authorities determine that the altered prima-facie speed limit previously adopted becomes unreasonable and each adopts a resolution withdrawing the altered prima-facie speed limit pursuant to the procedure specified in this section.

(N) The legislative authority of a municipal corporation or township in which a boarding school is located, by resolution or ordinance, may establish a boarding school zone. The legislative authority may alter the speed limit on any street or highway within the boarding school zone and shall specify the hours during which the altered speed limit is in effect. For purposes of determining the boundaries of the boarding school zone, the altered speed limit within the boarding school zone, and the hours the altered speed limit is in effect, the legislative authority shall consult with the
administration of the boarding school and with the county engineer or other appropriate engineer, as applicable. A boarding school zone speed limit becomes effective only when appropriate signs giving notice thereof are erected at the appropriate locations.

(B)(1) Upon receipt of a report under division (A) of this section, the law enforcement agency may conduct an investigation to attempt to determine or confirm the identity of the operator of the vehicle at the time of the alleged violation.

(3) If the identity of the operator of the vehicle at the time of the alleged violation cannot be established, the law enforcement agency may issue a written warning to the person who owned the vehicle at the time of the alleged violation. However, in the case of a leased or rented vehicle, the law enforcement agency shall issue the written warning to the person who leased or rented the vehicle at the time of the alleged violation.

(C)(1) Whoever violates division (A) of section 4511.45 of the Revised Code based on a report filed under division (A) of this section is guilty of a minor misdemeanor and shall be fined one hundred fifty dollars.

(2) If a person who is issued a citation for a violation of division (A) of section 4511.45 of the Revised Code based on a report filed under division (A) of this section does not enter a written plea of guilty and does not waive the person's right to contest the citation but instead appears in person in the proper court to answer the charge, the trier of fact cannot find beyond a reasonable doubt that the person committed that violation unless the emergency personnel who filed the report appears in person in the court and testifies.

Information of which the operator of the school bus has first-hand knowledge also may be corroborated by any other person.

Upon receipt of the report of the alleged violation of division (A) of section 4511.75 of the Revised Code, the law enforcement agency shall conduct an investigation to attempt to determine or confirm the identity of the operator of the vehicle at the time of the alleged violation. If the identity of the operator at the time of the alleged violation is established, the reporting of the license plate number of the vehicle shall establish probable cause for the law enforcement agency to issue a citation for the violation of division (A) of section 4511.75 of the Revised Code. However, if the identity of the operator of the vehicle at the time of the alleged violation cannot be established, the law enforcement agency shall issue a warning to the owner of the vehicle at the time of the alleged violation, except in the case of a leased or rented vehicle when the warning shall be issued to the lessee at the time of the alleged violation.

The registrar of motor vehicles and deputy registrars shall, at the time of issuing license plates to any person, include with the license plate a summary of the requirements of division (A) of section 4511.75 of the Revised Code and the procedures of, and penalty in, division (F) of section 4511.75 of the Revised Code.

The application for such a placard shall be signed by the purchaser of the off-highway motorcycle or all-purpose vehicle. The temporary motor vehicle license placard registration shall be issued only for the applicant's use of the off-highway motorcycle or all-purpose vehicle to enable the applicant to operate it legally while proper title and a registration sticker or license plate and validation sticker are being obtained and shall be displayed on no other off-highway motorcycle or all-purpose vehicle. A temporary motor vehicle license placard registration issued under this section shall be in a form prescribed by the registrar of motor vehicles, shall differ in some distinctive

Sec. 4519.55. Application for a certificate of title for an off-highway motorcycle or all-purpose vehicle shall be made upon a form prescribed by the registrar of motor vehicles and shall be sworn to before a notary public or other officer empowered to administer oaths. The application shall be filed with the clerk of any court of common pleas. An application for a certificate of title may be filed electronically by any electronic means approved by the registrar in any county with the clerk of the court of common pleas of that county.

If an application for a certificate of title is filed electronically by an electronic dealer on behalf of the purchaser of an off-highway motorcycle or all-purpose vehicle, the clerk shall retain the completed electronic record to which the dealer converted the certificate of title application and other required documents. The registrar, after consultation with the attorney general, shall adopt rules that govern the location at which, and the manner in which, are stored the actual application and all other documents relating to the sale of an off-highway motorcycle or all-purpose vehicle when an electronic dealer files the application for a certificate of title electronically on behalf of the purchaser.

The application shall be accompanied by the fee prescribed in section 4519.59 of the Revised Code. The fee shall be retained by the clerk who issues the certificate of title and shall be distributed in accordance with that section. If a clerk of a court of common pleas, other than the clerk of the court of common pleas of an applicant's county of residence, issues a certificate of title to the applicant, the clerk shall transmit data related to the transaction to the automated title processing system.

If a certificate of title previously has been issued for an off-highway motorcycle or all-
purpose vehicle, the application also shall be accompanied by the certificate of title duly assigned, unless otherwise provided in this chapter. If a certificate of title previously has not been issued for the off-highway motorcycle or all-purpose vehicle, the application, unless otherwise provided in this chapter, shall be accompanied by a manufacturer's or importer's certificate; by a sworn statement of ownership; or by a certificate of title, bill of sale, or other evidence of ownership required by law of another state from which the off-highway motorcycle or all-purpose vehicle was brought into this state. The registrar, in accordance with Chapter 119. of the Revised Code, shall prescribe the types of additional documentation sufficient to establish proof of ownership, including, but not limited to, receipts from the purchase of parts or components, photographs, and affidavits of other persons.

If the application is made by two persons regarding an off-highway motorcycle or an all-purpose vehicle in which they wish to establish joint ownership with right of survivorship, they may do so as provided in section 2131.12 of the Revised Code. If the applicant requests a designation of the off-highway motorcycle or all-purpose vehicle in beneficiary form so that upon the death of the owner of the off-highway motorcycle or all-purpose vehicle, ownership of the off-highway motorcycle or all-purpose vehicle will pass to a designated transfer-on-death beneficiary or beneficiaries, the applicant may do so as provided in section 2131.13 of the Revised Code. A person who establishes ownership of an off-highway motorcycle or an all-purpose vehicle that is transferable on death in accordance with section 2131.13 of the Revised Code may terminate that type of ownership or change the designation of the transfer-on-death beneficiary or beneficiaries by applying for a certificate of title pursuant to this section.

For purposes of the transfer of a certificate of title, if the clerk is satisfied that a secured party has duly discharged a lien notation but has not canceled the lien notation with a clerk, the clerk may cancel the lien notation on the automated title processing system and notify the clerk of the county of origin.

In the case of the sale of an off-highway motorcycle or all-purpose vehicle by a dealer to a general purchaser or user, the certificate of title shall be obtained in the name of the purchaser by the dealer upon application signed by the purchaser. In all other cases, the certificate shall be obtained by the purchaser. In all cases of transfer of an off-highway motorcycle or all-purpose vehicle, the application for certificate of title shall be filed within thirty days after the later of the date of purchase or assignment of ownership of the off-highway motorcycle or all-purpose vehicle. If the application for certificate of title is not filed within thirty days after the later of the date of purchase or assignment of ownership of the off-highway motorcycle or all-purpose vehicle, the clerk shall charge a late filing fee of five dollars in addition to the fee prescribed by section 4519.59 of the Revised Code. The clerk shall retain the entire amount of each late filing fee.

Except in the case of an off-highway motorcycle or all-purpose vehicle purchased prior to July 1, 1999, the clerk shall refuse to accept an application for certificate of title unless the applicant either tenders with the application payment of all taxes levied by or pursuant to Chapter 5739. or 5741. of the Revised Code based on the purchaser's county of residence, or submits either of the following:

(A) A receipt issued by the tax commissioner or a clerk of courts showing payment of the tax;  
(B) An exemption certificate, in any form prescribed by the tax commissioner, that specifies why the purchase is not subject to the tax imposed by Chapter 5739. or 5741. of the Revised Code.
Payment of the tax shall be made in accordance with division (E) of section 4505.06 of the Revised Code and any rules issued by the tax commissioner. When a dealer submits payment of the tax to the clerk, the dealer shall retain any discount to which the dealer is entitled under section 5739.12 of the Revised Code. The clerk shall issue a receipt in the form prescribed by the tax commissioner to any applicant who tenders payment of the tax with the application for a certificate of title. If the application for a certificate of title is for an off-highway motorcycle or all-purpose vehicle purchased prior to July 1, 1999, the clerk shall accept the application without payment of the taxes levied by or pursuant to Chapter 5739. or 5741. of the Revised Code or presentation of either of the items listed in division (A) or (B) of this section.

For receiving and disbursing such taxes paid to the clerk by a resident of the clerk's county, the clerk may retain a poundage fee of one and one-hundredth per cent of the taxes collected, which shall be paid into the certificate of title administration fund created by section 325.33 of the Revised Code. The clerk shall not retain a poundage fee from payments of taxes by persons who do not reside in the clerk's county.

A clerk, however, may retain from the taxes paid to the clerk an amount equal to the poundage fees associated with certificates of title issued by other clerks of courts of common pleas to applicants who reside in the first clerk's county. The registrar, in consultation with the tax commissioner and the clerks of the courts of common pleas, shall develop a report from the automated title processing system that informs each clerk of the amount of the poundage fees that the clerk is permitted to retain from those taxes because of certificates of title issued by the clerks of other counties to applicants who reside in the first clerk's county.

In the case of casual sales of off-highway motorcycles or all-purpose vehicles that are subject to the tax imposed by Chapter 5739. or 5741. of the Revised Code, the purchase price for the purpose of determining the tax shall be the purchase price on an affidavit executed and filed with the clerk by the seller on a form to be prescribed by the registrar, which shall be prima-facie evidence of the price for the determination of the tax.

In addition to the information required by section 4519.57 of the Revised Code, each certificate of title shall contain in bold lettering the following notification and statements: "WARNING TO TRANSFEROR AND TRANSFEREE (SELLER AND BUYER): You are required by law to state the true selling price. A false statement is in violation of section 2921.13 of the Revised Code and is punishable by six months imprisonment or a fine of up to one thousand dollars, or both. All transfers are audited by the department of taxation. The seller and buyer must provide any information requested by the department of taxation. The buyer may be assessed any additional tax found to be due."

The clerk shall forward all payments of taxes, less poundage fees, to the treasurer of state in a manner to be prescribed by the tax commissioner and shall furnish information to the commissioner as the commissioner may require.

Every clerk shall have the capability to transact by electronic means all procedures and transactions relating to the issuance of certificates of title for off-highway motorcycles and all-purpose vehicles that are described in the Revised Code as being accomplished by electronic means.

Sec. 4519.60. (A) In the event of the transfer of ownership of an off-highway motorcycle or all-purpose vehicle by operation of law, as upon inheritance, devise, bequest, order in bankruptcy,
insolvency, replevin, or execution of sale, or when repossession is had upon default in performance of the terms of a security agreement as provided in Chapter 1309. of the Revised Code, a clerk of a court of common pleas, upon the surrender of the prior certificate of title or the manufacturer's or importer's certificate, or, when that is not possible, upon presentation to the clerk of satisfactory proof of ownership and rights of possession to the off-highway motorcycle or all-purpose vehicle, and upon payment of the fee prescribed in section 4519.59 of the Revised Code and presentation of an application for certificate of title, may issue to the applicant a certificate of title to the off-highway motorcycle or all-purpose vehicle. Only an affidavit by the person or agent of the person to whom possession of the off-highway motorcycle or all-purpose vehicle has passed, setting forth the facts entitling the person to the possession and ownership, together with a copy of the journal entry, court order, or instrument upon which the claim of possession and ownership is founded, is satisfactory proof of ownership and right of possession. If the applicant cannot produce that proof of ownership, the applicant may apply directly to the registrar of motor vehicles and submit the evidence the applicant has, and the registrar, upon finding the evidence sufficient, may authorize the clerk to issue a certificate of title. If, from the records in the office of the clerk, there appears to be any lien on the off-highway motorcycle or all-purpose vehicle, the certificate of title shall contain a statement of the lien unless the application is accompanied by proper evidence of its extinction.

(B) Upon the death of one of the persons who have established joint ownership with right of survivorship under section 2131.12 of the Revised Code in an off-highway motorcycle or all-purpose vehicle and the presentation to the clerk of the title and the certificate of death of the deceased person, the clerk shall enter into the records the transfer of the off-highway motorcycle or all-purpose vehicle to the surviving person, and the title to the off-highway motorcycle or all-purpose vehicle immediately passes to the surviving person. The transfer does not affect any liens on the off-highway motorcycle or all-purpose vehicle.

(C) Upon the death of an owner of an off-highway motorcycle or all-purpose vehicle designated in beneficiary form under section 2131.13 of the Revised Code, upon application of the transfer-on-death beneficiary or beneficiaries designated pursuant to that section, and upon presentation to the clerk of the certificate of title and the certificate of death of the deceased owner, the clerk shall transfer the off-highway motorcycle or all-purpose vehicle and issue a certificate of title to the transfer-on-death beneficiary or beneficiaries. The transfer does not affect any liens upon any off-highway motorcycle or all-purpose vehicle so transferred.

Sec. 5501.47. (A) The director of transportation is responsible for inspection of all bridges on the state highway system inside and outside of municipalities, all bridges connecting Ohio with another state for which the department of transportation has inspection authority, and all other bridges or portions of bridges for which responsibility for inspection is by law or agreement assigned to the department.

Such inspection shall be made annually on a schedule established by the director, but at least once every twenty-four months, by a professional engineer or other qualified person under the supervision of a professional engineer, or more frequently if required by the director, in accordance with the manual of bridge inspection described in division (B) of this section.

Sec. 5516.11. This chapter does not affect the authority of a state, county, municipal, or other local zoning authority to zone areas for commercial or industrial purposes under its respective zoning laws. Whenever a state, county, municipal, or other local zoning authority has adopted
comprehensive zoning and established rules and regulations controlling the size, lighting, and spacing of outdoor advertising devices, that are equivalent to and consistent with the intent of this chapter, such rules and regulations will be accepted in lieu of the controls provided in division (D)(A) of section 5516.02 and in section 5516.061 of the Revised Code in the commercial and industrial zones within the geographical jurisdiction of such authority.

Whenever a zoning authority establishes new comprehensive zoning rules or regulations, a copy thereof shall be furnished to the director of transportation within thirty days after its passage.

Chapter 5516. of the Revised Code shall not be construed to allow the erection of an advertising device in an area zoned by state, county, municipal, or other local authorities to exclude such devices.

Sec. 5529.02. (A) As used in this section, "weigh station" means a weigh station to which both of the following apply:

(1) The weigh station is under either the department of transportation's or the department of public safety's control and jurisdiction.
(2) The weigh station was permanently closed prior to the effective date of this section.

(B) The department of transportation in conjunction with the Ohio state highway patrol shall reopen two closed Ohio weigh stations for use as commercial motor vehicle parking in each year, beginning in 2021 and ending in 2024, for a total of eight. The director of transportation shall ensure that each such weigh station remains open and is clearly marked as being for overnight parking only and not for standard weight checks.

Sec. 5540.02. (A) A transportation improvement district may be created by the board of county commissioners of a county. The board, by resolution, shall determine the structure of the board of trustees of the transportation improvement district it creates by adopting the structure contained either in division (C)(1) or (2) of this section.

(B) A transportation improvement district is a body both corporate and politic, constituting an instrumentality of the state, and the exercise by it of the powers conferred by this chapter in the financing, construction, maintenance, repair, and operation of a project are and shall be held to be essential governmental functions of the state.

(C)(1) If the board of county commissioners so elects, a transportation improvement district shall be governed by a board of trustees consisting of the following members:
(a) Two members appointed by the board of county commissioners;
(b) Three members appointed by the legislative authority of the most populous municipal corporation in the district;
(c) Two members appointed by the legislative authority of the second most populous municipal corporation in the district;
(d) Two members appointed by the board of township trustees of the township in the county that is most populous in its unincorporated area;
(e) The county engineer;
(f) One member appointed by the legislative authority of any township or municipal corporation that cannot otherwise appoint a member to the board pursuant to this section, and that is wholly or partially within the area of the transportation improvement district as the district was originally designated by the board of county commissioners;
(g) If the area of a transportation improvement district is expanded by the board of county commissioners, the legislative authority of any township or municipal corporation that is wholly or partially within the area of expansion and that cannot otherwise appoint a member to the board pursuant to this section, with the consent of the board of trustees of the district, may appoint one member to the board;

(h) The members of the general assembly in whose legislative districts any part of the transportation improvement district is located, who shall be ex officio, nonvoting members of the board;

(i) One member appointed by the regional planning commission for the county, who shall be a nonvoting member of the board.

One of each of the appointments made by the board of county commissioners, the legislative authority of a municipal corporation, and the board of township trustees under divisions (C)(1)(a), (b), (c), and (d) of this section, shall be members of the chamber of commerce for the respective political subdivision.

Whenever the addition of members to the board of trustees of a transportation improvement district pursuant to division (C)(1)(f) or (g) of this section results in an even number of total voting members on the board, the board of trustees of the district may appoint an additional person to its membership to maintain an odd number of voting members.

(2) As an alternative to the structure prescribed in division (C)(1) of this section, a board of county commissioners, by resolution, may elect that the transportation improvement district it creates be governed by a board of trustees consisting of the following members:

(a) Five members appointed by the board of county commissioners;

(b) One nonvoting member appointed by the speaker of the house of representatives of the general assembly;

(c) One nonvoting member appointed by the president of the senate of the general assembly.

(D) Each appointed member of the board shall hold office for a term of two years but subject to removal at the pleasure of the authority that appointed the member. Members may be reappointed. Except as otherwise provided in this division, any vacancy on the board shall be filled in the same manner as the original appointment. Any vacancy on a board appointed under division (C)(1) of this section lasting longer than thirty days due to the failure of the legislative authority of a municipal corporation or a board of township trustees to make an appointment shall be filled by the board of trustees of the transportation improvement district.

(E) The voting members of the board shall elect from the entire board membership a chairperson, vice-chairperson, and secretary-treasurer. A majority of the voting members of the board constitutes a quorum, the affirmative vote of which is necessary for any action of the district. No vacancy in the membership of the board impairs the right of a quorum to exercise all the rights and perform all duties of the district.

(F) The board of county commissioners of the county, the legislative authority of any municipal corporation, and the board of township trustees of any township that is part of the district, may make appropriations from moneys available to them and not otherwise appropriated, to pay costs incurred by the district in the exercise of its functions under this chapter.

(G) An organizational meeting of the board of trustees of a transportation improvement
district created under this section shall be held at the time and place designated by the board member who has served the most years as a member of the \textit{general assembly board of county commissioners that created the transportation improvement district}.

Sec. 5543.19. (A) The county engineer may, when authorized by the board of county commissioners and not required by this section or other law to use competitive bidding, employ such laborers and vehicles, use such county employees and property, lease such implements and tools, and purchase such materials as are necessary in the construction, reconstruction, improvement, maintenance, or repair of roads by force account.

In determining whether construction or reconstruction, including widening and resurfacing, of roads may be undertaken by force account, the county engineer shall first cause to be made an estimate of the cost of such work using the force account project assessment form developed by the auditor of state under section 117.16 of the Revised Code. When the total estimated cost of the work exceeds thirty thousand dollars per mile, the county commissioners shall invite and receive competitive bids for furnishing all the labor, materials, and equipment necessary to complete the work in accordance with sections 307.86 to 307.92 of the Revised Code.

(B) The county engineer may, when authorized by the board of county commissioners and not required by this section or other law to use competitive bidding, employ such laborers and vehicles, use such county employees and property, lease such implements and tools, and purchase such materials as are necessary in the construction, reconstruction, improvement, maintenance, or repair of bridges and culverts by force account.

In determining whether such construction, reconstruction, improvement, maintenance, or repair of bridges or culverts may be undertaken by force account, the county engineer shall first cause to be made an estimate of the cost of such work using the force account project assessment form. When the total estimated cost of the work exceeds one hundred thousand dollars, the board of county commissioners shall invite and receive competitive bids for furnishing all the labor, materials, and equipment necessary to complete the work, in accordance with sections 307.86 to 307.92 of the Revised Code. The county engineer shall obtain the approval required by section 5543.02 of the Revised Code.

(C) On the first day of July of every odd-numbered year beginning in 2021, the threshold amounts established in this section shall increase by an amount not to exceed the lesser of three per cent, or the percentage amount of any increase in the department of transportation's construction cost index as annualized and totaled for the prior two calendar years. The director of transportation shall notify each appropriate county engineer of the increased amount.

(D) "Force account," as used in this section means that the county engineer will act as contractor, using labor employed by the engineer using material and equipment either owned by the county or leased or purchased in compliance with sections 307.86 to 307.92 of the Revised Code and excludes subcontracting any part of such work unless done pursuant to sections 307.86 to 307.92 of the Revised Code.

The term "competitive bids" as used in this section requires competition for the whole contract and in regard to its component parts, including labor and materials. Neither plans nor specifications shall be drawn to favor any manufacturer or bidder unless required by the public interest.
Sec. 5543.20. The county engineer shall inspect all bridges or portions thereof on the county highway system inside and outside of municipalities, bridges on township roads, and other bridges or portions of bridges for which responsibility for inspection is by law or agreement assigned to the county. If the responsibility for inspection of a bridge is not fixed by law or agreement and the county performs the largest share of maintenance on a bridge, inspection shall be made by the engineer.

This section does not prohibit a board of township trustees from inspecting bridges within a township.

Such inspection shall be made annually on a schedule established by the director of transportation, but at least once every twenty-four months, or more frequently if required by the board of county commissioners, in accordance with the manual of bridge inspection described in section 5501.47 of the Revised Code.

Counties may contract for inspection services.

The engineer shall maintain an updated inventory of all bridges in the county, except those on the state highway system and those within a municipality for which the engineer has no duty to inspect, and indicate on the inventory record who is responsible for inspection and for maintenance, and the authority for such responsibilities.

The engineer shall report the condition of all bridges to the board of county commissioners not later than sixty days after his annual inspection or he shall report more frequently if the board so requires. Any bridge for which the county has inspection or maintenance responsibility which, at any time, is found to be in a condition that is a potential danger to life or property shall be identified in the reports, and if the engineer determines that the condition of any bridge represents an immediate danger he shall immediately report the condition to the board. With respect to those bridges where there exists joint maintenance responsibility, the engineer shall furnish a copy of his inspection report to each party responsible for a share of maintenance.

The engineer shall furnish each board of township trustees with a report of the condition of bridges on the township road system of such township and furnish the legislative authority of each municipality in the county with a report of the condition of bridges in such municipality for which the county has responsibility for inspection.

"Maintenance" as used in this division means actual performance of maintenance work.

Sec. 5575.01. (A) In the maintenance and repair of roads, the board of township trustees may proceed either by contract or force account, but, unless the exemption specified in division (C) of this section applies, if the board wishes to proceed by force account, it first shall cause the county engineer to complete the force account assessment form developed by the auditor of state under section 117.16 of the Revised Code. Except as otherwise provided in sections 505.08 and 505.101 of the Revised Code, when the board proceeds by contract, the contract shall, if the amount involved exceeds forty-five thousand dollars, be let by the board to the lowest responsible bidder after advertisement for bids once, not later than two weeks, prior to the date fixed for the letting of the contract, in a newspaper of general circulation within the township. If the amount involved is forty-five thousand dollars or less, a contract may be let without competitive bidding, or the work may be done by force account. Such a contract shall be performed under the supervision of a member of the board or the township road superintendent.

(B) Before undertaking the construction or reconstruction of a township road, the board shall
cause to be made by the county engineer an estimate of the cost of the work, which estimate shall include labor, material, freight, fuel, hauling, use of machinery and equipment, and all other items of cost. If the board finds it in the best interest of the public, it may, in lieu of constructing the road by contract, proceed to construct the road by force account. Except as otherwise provided under sections 505.08 and 505.101 of the Revised Code, where the total estimated cost of the work exceeds fifteen thousand dollars per mile, the board shall invite and receive competitive bids for furnishing all the labor, materials, and equipment and doing the work, as provided in section 5575.02 of the Revised Code, and shall consider and reject them before ordering the work done by force account. When such bids are received, considered, and rejected, and the work is done by force account, the work shall be performed in compliance with the plans and specifications upon which the bids were based.

(C) Force account assessment forms are not required under division (A) of this section for road maintenance or repair projects of less than fifteen thousand dollars, or under division (B) of this section for road construction or reconstruction projects of less than five thousand dollars per mile.

(D) On the first day of July of every odd-numbered year beginning in 2021, the threshold amounts established in divisions (A) and (B) of this section shall increase by an amount not to exceed the lesser of three per cent, or the percentage amount of any increase in the department of transportation’s construction cost index as annualized and totaled for the prior two calendar years. The director of transportation shall notify each appropriate county engineer of the increased amount.

(E) All force account work under this section shall be done under the direction of a member of the board or the township road superintendent.

Sec. 5577.02. No person shall operate or move a trackless trolley, traction engine, steam roller, or other vehicle, load, object, or structure, whether propelled by muscular or motor power, not including vehicles run upon stationary rails or tracks, fire engines, fire trucks, or other vehicles or apparatus belonging to or used by any municipal or volunteer fire department in the discharge of its functions, shall be operated or moved over or upon the improved public streets, highways, bridges, or culverts in this state, upon wheels, rollers, or otherwise, weighing in excess of the weights prescribed in sections 5577.01 to 5577.14, inclusive, of the Revised Code, including the weight of vehicle, object, structure, contrivance and load, except upon special permission, granted as provided by—unless the person has been issued a permit under section 4513.34 of the Revised Code. The prohibition in this section applies regardless of whether the weight is moved upon wheels, rollers, or otherwise. Any weight determination shall include the weight of the vehicle, object, structure, contrivance, and load.

Sec. 5577.045. (A) As used in this section, "fire engine" means a fire engine, fire truck, or other vehicle or apparatus belonging to or used by any municipal, township, or volunteer fire department, while in the discharge of its functions.

(B) Notwithstanding sections 5577.02 and 5577.04 of the Revised Code, a person may do both of the following without a written permit issued under section 4513.34 of the Revised Code:

(1) Operate a two-axle fire engine, with a front axle maximum weight of twenty-four thousand pounds and a rear axle maximum weight of thirty-three thousand five hundred pounds and a minimum wheelbase of fifteen feet, on all roadways in the state;

(2) Operate a fire engine with a maximum gross vehicle weight of eighty-six thousand pounds on the interstate highway system and within one road mile of an interstate highway system.
(C) Notwithstanding section 4513.34 of the Revised Code, for any fire engine that requires a permit, the director of transportation or local authority shall do both of the following:

1. Issue the permit at no cost to the municipal, township, or volunteer fire department;
2. Issue a permit that expires five years after the date of issuance.

Sec. 5595.04. The governing board of a regional transportation improvement project may do any of the following:

(A) Make and enter into all contracts and agreements necessary or incidental to the performance of its functions and the execution of its powers under this chapter and in accordance with the cooperative agreement. The procuring of goods and awarding of contracts with a cost in excess of fifty thousand dollars shall be done in accordance with the competitive bidding procedures established for boards of county commissioners by sections 307.86 to 307.91 of the Revised Code.

(B) Sue and be sued in its own name, plead and be impleaded, provided any actions against the governing board or the regional transportation improvement project shall be brought in the court of common pleas of a county that is a party to the cooperative agreement or in the court of common pleas of the county in which the cause of action arose, and all summonses, exceptions, and notices shall be served on the governing board by leaving a copy thereof at its principal office with a member of the governing board or an employee or agent thereof;

(C) Employ or retain persons as are necessary in the judgment of the governing board to carry out the project, and fix their compensation;

(D) Acquire by purchase, lease, lease-purchase, lease with option to purchase, or otherwise any property necessary, convenient, or proper for the construction, maintenance, repair, or operation of one or more transportation improvements. The governing board may pledge net revenues, to the extent permitted by this chapter with respect to bonds, to secure payments to be paid by the governing board under such a lease, lease-purchase agreement, or lease with option to purchase. Title to real and personal property shall be held in the name of the governing board. The governing board is not authorized to acquire property by appropriation.

(E) Issue securities to pay for the costs of transportation improvements pursuant to section 5595.05 of the Revised Code;

(F) If the regional transportation project was undertaken pursuant to section 5595.02 of the Revised Code before March 23, 2018, the effective date of the amendment of this section by S.B. 8 of the 132nd general assembly, create:

1. Create a transportation financing district and declare improvements to parcels within the district to be a public purpose and exempt from taxation as provided under sections 5709.48 to 5709.50 of the Revised Code;
2. Negotiate and enter into voluntary agreements under section 5709.481 of the Revised Code that impose assessments on real property located in a transportation financing district.

Sec. 5703.21. Sec. 5709.48. (A) As used in this section and sections 5709.481, 5709.49, and 5709.50 of the
Revised Code:

(1) "Regional transportation improvement project" has the same meaning as in section
5595.01 of the Revised Code.

(2) "Improvements" means the increase in the assessed value of any real property that would
first appear on the tax list and duplicate of real and public utility property after the effective date of
the resolution adopted under this section were it not for the exemption granted by that resolution.

(B) For the purposes described in division (A) of section 5595.06 of the Revised Code, the
governing board of a regional transportation improvement project that was undertaken pursuant to
section 5595.02 of the Revised Code before March 23, 2018, may, by resolution, create a
transportation financing district and declare improvements to parcels within the district to be a public
purpose and exempt from taxation.

(C) A transportation financing district may include territory in more than one county as long
as each such county is a participant in the regional transportation improvement project funded by the
district. A district shall not include parcels used primarily for residential purposes. A district shall not
include any parcel that is currently exempt from taxation under this section or section 5709.40,
5709.41, 5709.45, 5709.73, or 5709.77 of the Revised Code. The governing board may designate
parcels within the boundaries of a district that are not to be included in the district. The governing
board may designate noncontiguous parcels located outside the boundaries of the district that are to
be included in the district.

The governing board may adopt more than one resolution under division (B) of this section.
A single such resolution may create more than one transportation financing district.

(D) A resolution creating a transportation financing district shall specify all of the following:
(1) A description of the territory included in the district;
(2) The county treasurer's permanent parcel number associated with each parcel included in
the district;
(3) The percentage of improvements to be exempted from taxation and the duration of the
exemption, which shall not exceed the remaining number of years the cooperative agreement for the
regional transportation improvement district, described under section 5595.03 of the Revised Code, is
in effect;
(4) A plan for the district that describes the principal purposes and goals to be served by the
district and explains how the use of service payments provided for by section 5709.49 of the Revised
Code will economically benefit owners of property within the district.

(E)(1) Except as otherwise provided in divisions (E)(2) and (3) of this section, the governing
board, before adopting a resolution under division (B) of this section, shall notify and obtain the
approval of each subdivision and taxing unit that levies a property tax within the territory of the
proposed transportation financing district. A subdivision or taxing unit's approval or disapproval of
the proposed district shall be in the form of an ordinance or resolution. The governing board may
negotiate an agreement with a subdivision or taxing unit providing for compensation equal in value
to a percentage of the amount of taxes exempted or some other mutually agreeable compensation.

(2) A subdivision or taxing unit may adopt an ordinance or resolution waiving its right to
approve or receive notice of transportation financing districts proposed under this section. If a
subdivision or taxing unit has adopted such an ordinance or resolution, the terms of that ordinance or
resolution supersede the requirements of division (E)(1) of this section. The governing board may
negotiate an agreement with a subdivision or taxing unit providing for some mutually agreeable
compensation in exchange for the subdivision or taxing unit adopting such an ordinance or
resolution. If a subdivision or taxing unit has adopted such an ordinance or resolution, it shall certify
a copy to the governing board. If the subdivision or taxing unit rescinds such an ordinance or
resolution, it shall certify notice of the rescission to the governing board.

(3) The governing board need not obtain the approval of a subdivision or taxing unit if the
governing board agrees to compensate that subdivision or unit for the full amount of taxes exempted
under the resolution creating the district.

(F) After complying with division (E) of this section, the governing board shall notify and
obtain the approval of every real property owner whose property is included in the proposed
transportation financing district.
(G)(1) Upon adopting a resolution creating a transportation financing district, the governing board shall send a copy of the resolution and documentation sufficient to prove that the requirements of divisions (E) and (F) of this section have been met to the director of development services. The director shall evaluate the resolution and documentation to determine if the governing board has fully complied with the requirements of this section. If the director approves the resolution, the director shall send notice of approval to the governing board. If the director does not approve the resolution, the director shall send a notice of denial to the governing board that includes the reason or reasons for the denial. If the director does not make a determination within ninety days after receiving a resolution under this section, the director is deemed to have approved the resolution. No resolution creating a transportation financing district is effective without actual or constructive approval by the director under this section.

(2) An exemption from taxation granted under this section commences with the tax year specified in the resolution so long as the year specified in the resolution commences after the effective date of the resolution. If the resolution specifies a year commencing before the effective date of the resolution or specifies no year whatsoever, the exemption commences with the tax year in which an exempted improvement first appears on the tax list and that commences after the effective date of the resolution.

(3) Except as otherwise provided in this division, the exemption ends on the date specified in the resolution as the date the improvement ceases to be a public purpose or the regional transportation improvement project funded by the service payments dissolves under section 5595.13 of the Revised Code, whichever occurs first. Exemptions shall be claimed and allowed in the same manner as in the case of other real property exemptions. If an exemption status changes during a year, the procedure for the apportionment of the taxes for that year is the same as in the case of other changes in tax exemption status during the year.

(H) The resolution creating a transportation financing district may be amended at any time by majority vote of the governing board and with the approval of the director of development services obtained in the same manner as approval of the original resolution.

Sec. 5709.481. (A) The governing board of a regional transportation improvement project may negotiate and enter into a voluntary agreement with the owner or owners of any parcel located in a transportation financing district created by the board whereby the owner or owners agree to subject the parcel to an assessment levied by the governing board and the governing board agrees to use the proceeds of that assessment for the purposes of the project as described in the resolution creating the district.

(B) The agreement shall specify the amount and duration of the assessment. The assessment may not be collected after the dissolution of the associated regional transportation improvement project under section 5595.13 of the Revised Code.

(C) The governing board shall annually compute the amount of each assessment imposed by an agreement under this section and certify the amount to the owner or owners of the parcel and to the county auditor of the county in which the parcel is located. The county auditor shall enter the assessment on the tax list of real property opposite against which it is charged, and certify the assessment to the county treasurer. The assessment shall be charged and collected in the same manner as real property taxes and shall be treated in the same manner as real property taxes for all purposes.
of the lien described in section 323.11 of the Revised Code, including the priority and enforcement of the lien. Money collected from the assessment shall be paid immediately to the governing board. The county treasurer shall maintain a record of all payments of assessments under this section.

(D) The governing board may negotiate and enter into as many agreements under this section as are necessary or useful in serving the principal purposes and goals described in the resolution creating the district. One agreement may impose an assessment on more than one parcel only if the owner or owners of all such parcels have approved the agreement.

(E) An agreement may be amended for the purposes of subjecting additional parcels to the assessment by resolution adopted by the governing board and approved by the owner or owners of the additional parcels. An agreement may be rescinded or may be amended for any purpose other than subjecting additional parcels to the assessment by resolution adopted by the governing board and approved by the owner or owners of every parcel that is subject to the assessment imposed under the agreement.

(F) An agreement under this section is hereby deemed to be a covenant running with each parcel of land that is subject to the agreement. The covenant is fully binding on behalf of and enforceable by the governing board against any person who subsequently acquires an interest in the land and all of that person's successors and assigns. No purchase agreement for real estate or any interest in real estate that is subject to such an agreement shall be enforceable by the seller or binding upon the purchaser unless the purchase agreement specifically refers to the agreement. If a conveyance of such real estate or interest in such real estate is made pursuant to a purchase agreement that does not make such a reference, the agreement shall continue to be a covenant running with the land fully binding on behalf of and enforceable by the governing board against the person accepting the conveyance pursuant to the purchase agreement.

Sec. 5709.50. (A) The governing board of a regional transportation improvement project that grants a tax exemption under section 5709.48 of the Revised Code or enters into one or more voluntary agreements imposing assessments under section 5709.481 of the Revised Code shall establish a regional transportation improvement project fund into which shall be deposited service payments in lieu of taxes distributed under section 5709.49 of the Revised Code and assessments collected pursuant to such agreements. Money in the regional transportation improvement project fund shall be used by the governing board for the purposes described in the resolution creating the transportation financing district. Money in the regional transportation improvement project fund shall be administered by the governing board in accordance with the requirements of section 5595.08 of the Revised Code and may be invested as provided in section 5595.09 of the Revised Code.

(B) The regional transportation improvement project fund is dissolved by operation of law upon the dissolution of the associated regional transportation improvement project under section 5595.13 of the Revised Code. Any incidental surplus remaining in the fund, to the extent unencumbered, shall be divided and distributed by the county treasurer of the most populous county in which the district is located as follows:

(1) To the general funds of the subdivisions and taxing units in which the district is located, an amount equal to the surplus revenue multiplied by a fraction, the numerator of which is the amount of service payment revenue deposited to the fund after the most recent collection of property taxes and payments in lieu of taxes, and the denominator of which is the total amount deposited to
the fund after the most recent collection of property taxes and payments in lieu of taxes. This amount shall be divided proportionally based on the property tax levy revenue foregone by each such subdivision and taxing unit due to the exemption of improvements to property within the district at the most recent collection of service payments in lieu of taxes. The division of revenue shall account for amounts returned to subdivisions and taxing units through compensation agreements entered into under division (E) of section 5709.48 of the Revised Code. The amount distributed to each subdivision or taxing unit shall be apportioned among its funds as if that amount had been levied and collected as taxes and distributed in the most recent settlement of taxes.

(2) To the owners of parcels subject to a special assessment under section 5709.481 of the Revised Code, all remaining surplus revenue. This amount shall be divided proportionally based on the amount of the assessment levied against each such parcel at the most recent collection of such assessments. Owners of parcels that are delinquent in paying an assessment imposed by an agreement under section 5709.481 of the Revised Code may not receive surplus revenue under this division. The share of surplus revenue that such owner or owners would have otherwise received shall be divided proportionally among the owners of nondelinquent parcels.

Section 101.02. That existing sections 306.322, 723.52, 723.53, 723.54, 1317.07, 2131.12, 2131.13, 2913.71, 3704.14, 3743.01, 3743.04, 3743.15, 3743.17, 3743.75, 3935.04, 3937.03, 4501.01, 4501.21, 4503.04, 4503.042, 4503.10, 4503.102, 4503.103, 4503.182, 4503.19, 4503.191, 4503.21, 4503.29, 4503.51, 4503.513, 4503.573, 4503.581, 4503.591, 4503.593, 4503.67, 4503.68, 4503.69, 4503.771, 4503.78, 4503.791, 4503.83, 4503.871, 4503.873, 4503.874, 4503.875, 4503.876, 4503.877, 4503.878, 4503.879, 4503.88, 4503.892, 4503.901, 4503.902, 4503.903, 4503.904, 4503.905, 4503.906, 4503.907, 4503.908, 4503.909, 4503.951, 4503.952, 4503.953, 4503.954, 4503.955, 4505.01, 4505.06, 4505.11, 4505.19, 4507.02, 4507.06, 4507.12, 4507.21, 4507.213, 4507.50, 4507.51, 4507.53, 4508.02, 4510.037, 4511.195, 4511.21, 4511.454, 4511.513, 4511.751, 4519.10, 4519.55, 4519.60, 5501.47, 5501.48, 5516.01, 5516.02, 5516.05, 5516.06, 5516.061, 5516.11, 5540.02, 5543.19, 5543.20, 5575.01, 5577.02, 5595.04, 5703.21, 5709.48, and 5709.50 of the Revised Code are hereby repealed.
