(6) Although a school district should greatly value civility and mutual respect, concerns about civility and mutual respect shall never be used by a school district as a justification for closing off the discussion of ideas, however offensive, unwise, immoral, indecent, disagreeable, conservative, liberal, traditional, radical, or wrong-headed those ideas may be to some students or faculty.

(7) Although all students and all teachers are free to state their own views about and contest the views expressed on
school property, and to state their own views about and contest speakers who are invited to express their views on school property, they may not substantially obstruct or otherwise substantially interfere with the freedom of others to express views they reject or even loathe. To this end, a school district has a responsibility to promote a lively and fearless freedom of debate and deliberation and protect that freedom.

(8) A school district shall be committed to providing an atmosphere that is most conducive to speculation, experimentation, and creation by all students and all teachers, who shall always remain free to inquire, to study and to evaluate, and to gain new understanding.

(9) The primary responsibility of teachers is to engage an honest, courageous, and persistent effort to search out and communicate the truth that lies in the areas of their competence.

(10) Although teachers are free in the classroom to discuss subjects within areas of their competence, teachers shall be cautious in expressing personal views in the classroom and shall be careful not to introduce matters that have no relationship to the subject taught, and especially matters in which they have no special competence or training and in which, therefore, teachers' views cannot claim the authority accorded statements they make about subjects within areas of their competence; provided, that no teacher will face adverse employment action for classroom speech, unless it is not reasonably germane to the subject matter of the class as broadly construed, and comprises a substantial portion of classroom instruction.

(C) Each school district board of education shall
establish a process under which a student or teacher may submit a complaint about an alleged violation by a school district employee of the policy established under this section. Under the process, a school district shall investigate the alleged violation and conduct a fair and impartial hearing regarding the alleged violation. If the hearing determines the district's policy was violated, the district board shall determine a resolution to address the violation and prevent any further violation of the district's policy.

(D) Nothing contained in this section shall be construed as prohibiting a school district from imposing measures that do not violate the First Amendment to the United States Constitution or Article I, Sections 3 and 11 of the Ohio Constitution such as:

(1) Constitutional time, place, and manner restrictions;

(2) Reasonable and viewpoint-neutral restrictions in nonpublic forums;

(3) Restricting the use of the school district's property to protect the free speech rights of students and teachers and preserve the use of the property for the advancement of the district's mission;

(4) Prohibiting or limiting speech, expression, or assemblies that are not protected by the First Amendment to the United States Constitution or Article I, Sections 3 and 11 of the Ohio Constitution; or

(5) Content restrictions on speech that are reasonably related to a legitimate pedagogical purpose, such as classroom rules enacted by teachers.

(E) The policy adopted under this section shall be made...
available to students and teachers annually through one or more of the following methods:

(1) Published annually in the school district's student handbook and teacher handbook, whether paper or electronic;

(2) Made available to students and teachers by way of a prominent notice on the school district's web site other than through the electronic publication of the policy in the student handbook and teacher handbook;

(3) Sent annually to students and employees to their electronic mail address;

(4) Addressed by the school district in orientation programs for new students and new teachers.

(F) Nothing in this section shall be construed to grant students the right to disrupt previously scheduled or reserved activities occurring in a traditional public forum.

Sec. 3333.04. The chancellor of higher education shall:

(A) Make studies of state policy in the field of higher education and formulate a master plan for higher education for the state, considering the needs of the people, the needs of the state, and the role of individual public and private institutions within the state in fulfilling these needs;

(B)(1) Report annually to the governor and the general assembly on the findings from the chancellor's studies and the master plan for higher education for the state;

(F) Recommend to the state colleges, universities, and other state-assisted institutions of higher education graduate or professional programs, including, but not limited to, doctor of philosophy, doctor of education, and juris doctor programs, that could be eliminated because they constitute unnecessary duplication, as shall be determined using the process developed pursuant to this division, or for other good and sufficient cause. Prior to recommending a program for elimination, the chancellor shall request the board of regents to hold at least one public hearing on the matter and advise the chancellor on whether the program should be recommended for elimination. The board shall provide notice of each hearing within a reasonable amount of time prior to its scheduled date. Following the hearing, the board shall issue a recommendation to the chancellor. The chancellor shall consider the board's recommendation but shall not be required to accept it.
For purposes of determining the amounts of any state instructional subsidies paid to state colleges, universities, and other state-assisted institutions of higher education, the chancellor may exclude students enrolled in any program that the chancellor has recommended for elimination pursuant to this division except that the chancellor shall not exclude any such student who enrolled in the program prior to the date on which the chancellor initially commences to exclude students under this division.

The chancellor and state colleges, universities, and other state-assisted institutions of higher education shall jointly develop a process for determining which existing graduate or professional programs constitute unnecessary duplication.

(G) Recommend to the state colleges, universities, and other state-assisted institutions of higher education programs which should be added to their present programs;

instructional subsidies to be paid to state-assisted colleges
and universities, the chancellor shall define "full-time
equivalent student" by program per academic year. The definition

levels in technical education programs below which support
allowances will not be paid. Except as otherwise provided in
this section, the chancellor shall make no change in the
definition of "full-time equivalent student" in effect on
November 15, 1981, which would increase or decrease the number
of subsidy-eligible full-time equivalent students, without first
submitting a fiscal impact statement to the president of the
senate, the speaker of the house of representatives, the
legislative service commission, and the director of budget and
management. The chancellor shall work in close cooperation with
the director of budget and management in this respect and in all
other matters concerning the expenditures of appropriated funds
by state colleges, universities, and other institutions of
higher education.

assisted institutions of higher education

When considering approval of a new degree or degree
program for a state university, as defined in section 3345.011
of the Revised Code, the chancellor shall take into account the
extent to which the degree or degree program aligns with in-
demand jobs, as defined in section 3333.94 of the Revised Code.

(O) Adopt such rules as are necessary to carry out the
chancellor's duties and responsibilities. The rules shall
prescribe procedures for the chancellor to follow when taking
actions associated with the chancellor's duties and
responsibilities and shall indicate which types of actions are
subject to those procedures. The procedures adopted under this
division shall be in addition to any other procedures prescribed
by law for such actions. However, if any other provision of the
Revised Code or rule adopted by the chancellor prescribes
different procedures for such an action, the procedures adopted
under this division shall not apply to that action to the extent
they conflict with the procedures otherwise prescribed by law.
The procedures adopted under this division shall include at

(S) Conduct enrollment audits of state-supported
institutions of higher education;

The department of higher education shall publish on its web site an annual Ohio college opportunity award table. In no case shall the grant amount for such a student exceed any maximum that the chancellor may set by rule.

(2) Division (F)(1) of this section does not apply in the case of either of the following:

(a) The institution pursuant to federal law appeals its loss of eligibility for federal financial aid and the United States secretary of education determines its cohort default rate after recalculation is lower than the rate specified in division (F)(1) of this section or the secretary determines due to mitigating circumstances that the institution may continue to participate in federal financial aid programs. The chancellor shall adopt rules requiring any such appellant to provide information to the chancellor regarding an appeal.
(b) Any student who has previously received a grant pursuant to any provision of this section, including prior to the section's amendment by H.B. 1 of the 128th general assembly, effective July 17, 2009, and who meets all other eligibility requirements of this section.

(3) The chancellor shall adopt rules for the notification of all institutions whose students will be ineligible to participate in the grant program pursuant to division (F)(1) of this section.

(4) A student's attendance at any institution whose students are ineligible for grants due to division (F)(1) of this section shall not affect that student's eligibility to receive a grant when enrolled in another institution.

(G) Institutions of higher education that enroll students receiving needs-based financial aid grants under this section shall report to the chancellor all students who have received such needs-based financial aid grants but are no longer eligible for all or part of those grants and shall refund any moneys due the state within thirty days after the beginning of the quarter or term immediately following the quarter or term in which the student was no longer eligible to receive all or part of the student's grant. There shall be an interest charge of one percent per month on all moneys due and payable after such thirty-day period. The chancellor shall immediately notify the office of budget and management and the legislative service commission of all refunds so received.

(B) In addition to the Ohio college opportunity grant a student is awarded under section 3333.122 of the Revised Code, the chancellor shall award an eligible student with a supplemental grant. Funding for this supplemental grant shall be paid for from funds appropriated for grants awarded under section 3333.122 of the Revised Code. Supplemental grants awarded under this section shall be subject to the same requirements as a grant awarded under section 3333.122 of the Revised Code, including divisions (D)(1) and (E) of that section.

the United States Constitution or Article I, Sections 3 and 11 1331
of the Ohio Constitution does not protect.

(2) Nothing in this section shall enable individuals to 1333

channels for the communication of the information or message to 1345
its intended audience.

(2) "Faculty" or "faculty member" means any person, 1346
whether or not the person is compensated by a state institution 1347

(B) In addition to complying with sections 3345.0212 to 3345.0214 of the Revised Code, each state institution of higher education board of trustees shall adopt a policy that affirms the following principles, which are the public policy of this state:

(1) Students have a fundamental constitutional right to free speech.
(2) A state institution of higher education shall be committed to giving students the broadest possible latitude to speak, write, listen, challenge, learn, and discuss any issue, subject to division (D) of this section.

(3) A state institution of higher education shall be committed to maintaining a campus as a marketplace of ideas for all students and all faculty in which the free exchange of ideas is not to be suppressed because the ideas put forth are thought by some or even by most members of the institution's community to be offensive, unwise, immoral, indecent, disagreeable, conservative, liberal, traditional, radical, or wrong-headed.

(4) It is for a state institution of higher education's individual students and faculty to make judgments about ideas for themselves, and to act on those judgments not by seeking to suppress free speech, but by openly and vigorously contesting the ideas that they oppose.

(5) It is not the proper role of a state institution of higher education to attempt to shield individuals from free speech, including ideas and opinions they find offensive, unwise, immoral, indecent, disagreeable, conservative, liberal, traditional, radical, or wrong-headed.

(7) Although all students and all faculty are free to
state their own views about and contest the views expressed on campus, and to state their own views about and contest speakers who are invited to express their views on the campus of a state institution of higher education, they may not substantially obstruct or otherwise substantially interfere with the freedom of others to express views they reject or even loathe. (9) The primary responsibility of faculty is to engage an honest, courageous, and persistent effort to search out and communicate the truth that lies in the areas of their competence.

(10) Although faculty are free in the classroom to discuss subjects within areas of their competence, faculty shall be cautious in expressing personal views in the classroom and shall be careful not to introduce matters that have no relationship to the subject taught, and especially matters in which they have no special competence or training and in which, therefore, faculty’s views cannot claim the authority accorded statements they make about subjects within areas of their competence; provided, that no faculty will face adverse employment action for classroom speech, unless it is not reasonably germane to the subject matter of the class as broadly construed, and comprises a substantial portion of classroom instruction.
(11) A state institution of higher education shall not deny student activity fee funding to a student group based on the viewpoints that the student group advocates.

(12) A state institution of higher education shall permit all students and all faculty to invite guest speakers to campus to engage in free speech regardless of the views of guest speakers.

(13) A state institution of higher education shall not revoke an invitation to a speaker invited by a student, student group, or faculty member because the speaker's anticipated speech may be considered offensive, unwise, immoral, indecent, disagreeable, conservative, liberal, traditional, radical, or wrong-headed by students, faculty, administrators, government officials, or members of the public.

(C) Each board of trustees shall establish a process under which a student, student group, or faculty member may submit a complaint about an alleged violation by an employee of the state institution of higher education of the policy established under this section. Under the process, the state institution of higher education shall investigate the alleged violation and conduct a fair and impartial hearing regarding the alleged violation. If the hearing determines the state institution of higher education's policy was violated, the board of trustees shall determine a resolution to address the violation and prevent any further violation of the state institution of higher education's policy.

(D) Nothing contained in this section shall be construed as prohibiting a state institution of higher education from imposing measures that do not violate the First Amendment to the United States Constitution or Article I, Sections 3 and 11 of
the Ohio Constitution such as:

(1) Constitutional time, place, and manner restrictions;

(2) Reasonable and viewpoint-neutral restrictions in nonpublic forums;

(3) Restricting the use of the state institution's property to protect the free speech rights of students and teachers and preserve the use of the property for the advancement of the institution's mission;

(4) Prohibiting or limiting speech, expression, or assemblies that are not protected by the First Amendment to the United States Constitution or Article I, Sections 3 and 11 of the Ohio Constitution;

(5) Content restrictions on speech that are reasonably related to a legitimate pedagogical purpose, such as classroom rules enacted by teachers.

The board of trustees of each such college or university shall adopt rules for the conduct of the students, faculty, visitors, and staff, and may provide for the ejection from college or university property, suspension or expulsion of a person who violates such regulations. All such rules shall be published in a manner reasonably designed to come to the attention of, and be available to, all faculty, staff, visitors, and students.

The board of trustees shall provide for the administration and enforcement of its rules and may authorize the use of state university law enforcement officers provided for in section 3345.04 of the Revised Code to assist in enforcing the rules and the law on the campus of the college or university. The board of trustees, or appropriate officials of such college or university when the authority to do so has been delegated by the board of trustees, may seek the assistance of other appropriate law enforcement officers to enforce the rules and to enforce laws for the preservation of good order on the campus, and to prevent the disruption of the educational functions of the college or university.

Each such state university shall submit follow-up reports on implementation of the plan to the chancellor in the manner the chancellor so requires.

(C) Notwithstanding anything in Chapter 3333. or 3345. of the Revised Code to the contrary, the chancellor may require the board of trustees of a state university ranked as high crime to enter into an agreement with an appropriate law enforcement agency, as determined by the chancellor, to take over primary responsibility for security on the state university's campus if, based on reports regarding the state university's remediation plan submitted under division (B) of this section, the chancellor determines the state university is not making progress in reducing crime on campus.
