

AN ACT

To amend sections 2945.37, 2945.371, 2945.38, 5119.94, 5122.02, 5122.03, 5122.11, and 5122.111 and to enact sections 4732.40, 4732.41, and 5122.112 of the Revised Code to make changes to the requirements for competency evaluations and mental health treatment in criminal cases, to eliminate a provision authorizing the hospitalization, on an emergency basis, of a person found after a hearing to meet the criteria for involuntary substance abuse treatment, and to enter into the Psychology Interjurisdictional Compact (PSYPACT).

Be it enacted by the General Assembly of the State of Ohio:

SECTION 1. That sections 2945.37, 2945.371, 2945.38, 5119.94, 5122.02, 5122.03, 5122.11, and 5122.111 be amended and sections 4732.40, 4732.41, and 5122.112 of the Revised Code be enacted to read as follows:

Sec. 2945.37. (A) As used in sections 2945.37 to 2945.402 of the Revised Code:

(1) "Prosecutor" means a prosecuting attorney or a city director of law, village solicitor, or similar chief legal officer of a municipal corporation who has authority to prosecute a criminal case that is before the court or the criminal case in which a defendant in a criminal case has been found incompetent to stand trial or not guilty by reason of insanity.

(2) "Examiner" means either of the following:

(a) A psychiatrist or a licensed clinical psychologist who satisfies the criteria of division (I) of section 5122.01 of the Revised Code or is employed by a certified forensic center designated by the department of mental health and addiction services to conduct examinations or evaluations.

(b) For purposes of a separate intellectual disability evaluation that is ordered by a court pursuant to division ~~(H)~~(I) of section 2945.371 of the Revised Code, a psychologist designated by the director of developmental disabilities pursuant to that section to conduct that separate intellectual disability evaluation.

(3) "Nonsecured status" means any unsupervised, off-grounds movement or trial visit from a hospital or institution, or any conditional release, that is granted to a person who is found incompetent to stand trial and is committed pursuant to section 2945.39 of the Revised Code or to a person who is found not guilty by reason of insanity and is committed pursuant to section 2945.40 of the Revised Code.

(4) "Unsupervised, off-grounds movement" includes only off-grounds privileges that are unsupervised and that have an expectation of return to the hospital or institution on a daily basis.

(5) "Trial visit" means a patient privilege of a longer stated duration of unsupervised community contact with an expectation of return to the hospital or institution at designated times.

(6) "Conditional release" means a commitment status under which the trial court at any time

may revoke a person's conditional release and order the rehospitalization or reinstitutionalization of the person as described in division (A) of section 2945.402 of the Revised Code and pursuant to which a person who is found incompetent to stand trial or a person who is found not guilty by reason of insanity lives and receives treatment in the community for a period of time that does not exceed the maximum prison term or term of imprisonment that the person could have received for the offense in question had the person been convicted of the offense instead of being found incompetent to stand trial on the charge of the offense or being found not guilty by reason of insanity relative to the offense.

(7) "Licensed clinical psychologist," "mentally ill person subject to court order," and "psychiatrist" have the same meanings as in section 5122.01 of the Revised Code.

(8) "Person with an intellectual disability subject to institutionalization by court order" has the same meaning as in section 5123.01 of the Revised Code.

(B) In a criminal action in a court of common pleas, a county court, or a municipal court, the court, prosecutor, or defense may raise the issue of the defendant's competence to stand trial. If the issue is raised before the trial has commenced, the court shall hold a hearing on the issue as provided in this section. If the issue is raised after the trial has commenced, the court shall hold a hearing on the issue only for good cause shown or on the court's own motion.

(C) The court shall conduct the hearing required or authorized under division (B) of this section within thirty days after the issue is raised, unless the defendant has been referred for evaluation in which case the court shall conduct the hearing within ten days after the filing of the report of the evaluation or, in the case of a defendant who is ordered by the court pursuant to division ~~(H)~~ (I) of section 2945.371 of the Revised Code to undergo a separate intellectual disability evaluation conducted by a psychologist designated by the director of developmental disabilities, within ten days after the filing of the report of the separate intellectual disability evaluation under that division. A hearing may be continued for good cause.

(D) The defendant shall be represented by counsel at the hearing conducted under division (C) of this section. If the defendant is unable to obtain counsel, the court shall appoint counsel under Chapter 120. of the Revised Code or under the authority recognized in division (C) of section 120.06, division (E) of section 120.16, division (E) of section 120.26, or section 2941.51 of the Revised Code before proceeding with the hearing.

(E) The prosecutor and defense counsel may submit evidence on the issue of the defendant's competence to stand trial. A written report of the evaluation of the defendant may be admitted into evidence at the hearing by stipulation, but, if either the prosecution or defense objects to its admission, the report may be admitted under sections 2317.36 to 2317.38 of the Revised Code or any other applicable statute or rule.

(F) The court shall not find a defendant incompetent to stand trial solely because the defendant is receiving or has received treatment as a voluntary or involuntary mentally ill patient under Chapter 5122. or a voluntary or involuntary resident with an intellectual disability under Chapter 5123. of the Revised Code or because the defendant is receiving or has received psychotropic drugs or other medication, even if the defendant might become incompetent to stand trial without the drugs or medication.

(G) A defendant is presumed to be competent to stand trial. If, after a hearing, the court finds

by a preponderance of the evidence that, because of the defendant's present mental condition, the defendant is incapable of understanding the nature and objective of the proceedings against the defendant or of assisting in the defendant's defense, the court shall find the defendant incompetent to stand trial and shall enter an order authorized by section 2945.38 of the Revised Code.

(H) Municipal courts shall follow the procedures set forth in sections 2945.37 to 2945.402 of the Revised Code. Except as provided in section 2945.371 of the Revised Code, a municipal court shall not order an evaluation of the defendant's competence to stand trial or the defendant's mental condition at the time of the commission of the offense to be conducted at any hospital operated by the department of mental health and addiction services. Those evaluations shall be performed through community resources including, but not limited to, certified forensic centers, court probation departments, and community mental health services providers. All expenses of the evaluations shall be borne by the legislative authority of the municipal court, as defined in section 1901.03 of the Revised Code, and shall be taxed as costs in the case. If a defendant is found incompetent to stand trial or not guilty by reason of insanity, a municipal court may commit the defendant as provided in sections 2945.38 to 2945.402 of the Revised Code.

Sec. 2945.371. (A) If the issue of a defendant's competence to stand trial is raised or if a defendant enters a plea of not guilty by reason of insanity, the court may order one or more evaluations of the defendant's present mental condition or, in the case of a plea of not guilty by reason of insanity, of the defendant's mental condition at the time of the offense charged. An examiner shall conduct the evaluation and the evaluation may be conducted through electronic means.

(B) If the court orders more than one evaluation under division (A) of this section, the prosecutor and the defendant may recommend to the court an examiner whom each prefers to perform one of the evaluations. If a defendant enters a plea of not guilty by reason of insanity and if the court does not designate an examiner recommended by the defendant, the court shall inform the defendant that the defendant may have independent expert evaluation and that, if the defendant is unable to obtain independent expert evaluation, it will be obtained for the defendant at public expense if the defendant is indigent.

(C)(1) If the court orders an evaluation under division (A) of this section, the defendant shall be available at the times and places established by the examiners who are to conduct the evaluation. The court may order a defendant who has been released on bail or recognizance to submit to an evaluation under this section. ~~If~~

(2) If a defendant who has been released on bail or recognizance refuses to submit to a complete evaluation, the court may amend the conditions of bail or recognizance and order the sheriff to take the defendant into custody and, except as provided in division (E) of this section, deliver the defendant to a center, program, or facility operated or certified by the department of mental health and addiction services or the department of developmental disabilities where the defendant may be held for evaluation for a reasonable period of time not to exceed twenty days.

(D)(1) A defendant who has not been released on bail or recognizance may be evaluated at the defendant's place of detention. ~~Upon~~

(2) Upon the request of the examiner, the court may order the sheriff to transport the defendant to a program or facility operated or certified by the department of mental health and

addiction services or the department of developmental disabilities, where the defendant may be held for evaluation for a reasonable period of time not to exceed twenty days, and to return the defendant to the place of detention after the evaluation. A municipal court may make an order under this division only upon the request of a certified forensic center examiner.

(E) Except as provided in division (D) of this section, the court shall not order a defendant to be held for evaluation in a center, program, or facility operated by the department of mental health and addiction services or the department of developmental disabilities unless the defendant is charged with a felony or an offense of violence or unless the court determines, based on facts before the court, that the defendant is in need of immediate hospitalization.

(F) If a court orders the evaluation to determine a defendant's mental condition at the time of the offense charged, the court shall inform the examiner of the offense with which the defendant is charged.

(F)-(G) In conducting an evaluation of a defendant's mental condition at the time of the offense charged, the examiner shall consider all relevant evidence and may conduct the evaluation through electronic means. If the offense charged involves the use of force against another person, the relevant evidence to be considered includes, but is not limited to, any evidence that the defendant suffered, at the time of the commission of the offense, from the "battered woman syndrome."

(G)-(H) The examiner shall file a written report with the court, under seal, within thirty days after entry of a court order for evaluation, ~~and the~~. The court shall provide copies of the report to the prosecutor and defense counsel and shall allow for inspection of the report by the defendant, the defendant's guardian, a probate court, a board of alcohol, drug addiction, and mental health services, and any mental health professional who performs a subsequent mental health evaluation of the defendant or who is involved in the treatment of the defendant, but the report shall not be open to public inspection. A person who is not among those permitted to inspect the report as described in this division may file a motion with the court seeking disclosure for good cause. When a motion for disclosure of a report is filed, the court shall notify the defendant of the pending motion and allow sufficient time for the defendant to object to the disclosure. If the defendant objects to the disclosure, the court shall schedule a hearing to determine whether the party seeking access has demonstrated that access to the report is necessary for treatment of the defendant or for a criminal adjudication of the defendant for which the report was originally created. At that time the defendant shall be allowed an opportunity to provide the court with grounds for the objection. The court shall not provide access to the report unless the party seeking access can demonstrate that access to the report is necessary for treatment of the defendant or for a criminal adjudication of the defendant for which the report was originally created.

A defendant who is the subject of an examiner's report under this section prior to the effective date of this amendment may file a motion with the court to have that report placed under seal. Upon such a motion, the court shall place the report under seal, subject to the access and disclosure provisions provided in this section for reports filed after the effective date.

The report shall include all of the following:

- (1) The examiner's findings;
- (2) The facts in reasonable detail on which the findings are based;
- (3) If the evaluation was ordered to determine the defendant's competence to stand trial, all of

the following findings or recommendations that are applicable:

(a) Whether the defendant is capable of understanding the nature and objective of the proceedings against the defendant or of assisting in the defendant's defense;

(b) If the examiner's opinion is that the defendant is incapable of understanding the nature and objective of the proceedings against the defendant or of assisting in the defendant's defense, whether the defendant presently is mentally ill or has an intellectual disability and, if the examiner's opinion is that the defendant presently has an intellectual disability, whether the defendant appears to be a person with an intellectual disability subject to institutionalization by court order;

(c) If the examiner's opinion is that the defendant is incapable of understanding the nature and objective of the proceedings against the defendant or of assisting in the defendant's defense, the examiner's opinion as to the likelihood of the defendant becoming capable of understanding the nature and objective of the proceedings against the defendant and of assisting in the defendant's defense within one year if the defendant is provided with a course of treatment;

(d) If the examiner's opinion is that the defendant is incapable of understanding the nature and objective of the proceedings against the defendant or of assisting in the defendant's defense and that the defendant presently is mentally ill or has an intellectual disability, the examiner's recommendation as to the least restrictive placement or commitment alternative, including consideration of housing needs and the availability of mental health treatment in the community, consistent with the defendant's treatment needs for restoration to competency and with the safety of the community.

(4) If the evaluation was ordered to determine the defendant's mental condition at the time of the offense charged, the examiner's findings as to whether the defendant, at the time of the offense charged, did not know, as a result of a severe mental disease or defect, the wrongfulness of the defendant's acts charged.

~~(H)~~(I) If the examiner's report filed under division ~~(G)~~(H) of this section indicates that in the examiner's opinion the defendant is incapable of understanding the nature and objective of the proceedings against the defendant or of assisting in the defendant's defense and that in the examiner's opinion the defendant appears to be a person with an intellectual disability subject to institutionalization by court order, the court shall order the defendant to undergo a separate intellectual disability evaluation conducted by a psychologist designated by the director of developmental disabilities. Divisions (C) to ~~(F)~~(G) of this section apply in relation to a separate intellectual disability evaluation conducted under this division. The psychologist appointed under this division to conduct the separate intellectual disability evaluation shall file a written report with the court within thirty days after the entry of the court order requiring the separate intellectual disability evaluation, and the court. The court shall file the report under seal in the same manner as a report submitted by an examiner under division (H) of this section and shall provide copies of the report to the prosecutor and defense counsel. The report shall include all of the information described in divisions ~~(G)~~(H)~~(1)~~ to (4) of this section. If the court orders a separate intellectual disability evaluation of a defendant under this division, the court shall not conduct a hearing under divisions (B) to (H) of section 2945.37 of the Revised Code regarding that defendant until a report of the separate intellectual disability evaluation conducted under this division has been filed. Upon the filing of that report, the court shall conduct the hearing within the period of time specified in division

(C) of section 2945.37 of the Revised Code.

~~(H)-(I)~~ ~~(J)~~ An examiner appointed under divisions (A) and (B) of this section or under division ~~(H)-(I)~~ of this section to evaluate a defendant to determine the defendant's competence to stand trial also may be appointed to evaluate a defendant who has entered a plea of not guilty by reason of insanity, but an examiner of that nature shall prepare separate reports on the issue of competence to stand trial and the defense of not guilty by reason of insanity.

~~(J)~~ ~~(K)~~ No statement that a defendant makes in an evaluation or hearing under divisions (A) to ~~(H)-(I)~~ of this section relating to the defendant's competence to stand trial or to the defendant's mental condition at the time of the offense charged shall be used against the defendant on the issue of guilt in any criminal action or proceeding, but, in a criminal action or proceeding, the prosecutor or defense counsel may call as a witness any person who evaluated the defendant or prepared a report pursuant to a referral under this section. Neither the appointment nor the testimony of an examiner appointed under this section precludes the prosecutor or defense counsel from calling other witnesses or presenting other evidence on competency or insanity issues.

~~(K)~~ ~~(L)~~ Persons appointed as examiners under divisions (A) and (B) of this section or under division ~~(H)-(I)~~ of this section shall be paid a reasonable amount for their services and expenses, as certified by the court. The certified amount shall be paid by the county in the case of county courts and courts of common pleas and by the legislative authority, as defined in section 1901.03 of the Revised Code, in the case of municipal courts.

Sec. 2945.38. (A) If the issue of a defendant's competence to stand trial is raised and if the court, upon conducting the hearing provided for in section 2945.37 of the Revised Code, finds that the defendant is competent to stand trial, the defendant shall be proceeded against as provided by law. If the court finds the defendant competent to stand trial and the defendant is receiving psychotropic drugs or other medication, the court may authorize the continued administration of the drugs or medication or other appropriate treatment in order to maintain the defendant's competence to stand trial, unless the defendant's attending physician advises the court against continuation of the drugs, other medication, or treatment.

(B)(1)(a)(i) If the defendant has been charged with a felony offense or a misdemeanor offense of violence for which the prosecutor has not recommended the procedures under division (B)(1)(a)(vi) of this section and if, after taking into consideration all relevant reports, information, and other evidence, the court finds that the defendant is incompetent to stand trial and that there is a substantial probability that the defendant will become competent to stand trial within one year if the defendant is provided with a course of treatment, the court shall order the defendant to undergo treatment.

(ii) If the defendant has been charged with a felony offense and if, after taking into consideration all relevant reports, information, and other evidence, the court finds that the defendant is incompetent to stand trial, but the court is unable at that time to determine whether there is a substantial probability that the defendant will become competent to stand trial within one year if the defendant is provided with a course of treatment, the court shall order continuing evaluation and treatment of the defendant for a period not to exceed four months to determine whether there is a substantial probability that the defendant will become competent to stand trial within one year if the defendant is provided with a course of treatment.

(iii) If the defendant has not been charged with a felony offense but has been charged with a

misdemeanor offense of violence and if, after taking into consideration all relevant reports, information, and other evidence, the court finds that the defendant is incompetent to stand trial, but the court is unable at that time to determine whether there is a substantial probability that the defendant will become competent to stand trial within the time frame permitted under division (C)(1) of this section, the court may order continuing evaluation and treatment of the defendant for a period not to exceed the maximum period permitted under that division.

(iv) If the defendant has not been charged with a felony offense or a misdemeanor offense of violence, but has been charged with a misdemeanor offense that is not a misdemeanor offense of violence and if, after taking into consideration all relevant reports, information, and other evidence, the court finds that the defendant is incompetent to stand trial, but the court is unable at that time to determine whether there is a substantial probability that the defendant will become competent to stand trial within the time frame permitted under division (C)(1) of this section, the court shall dismiss the charges and follow the process outlined in division (B)(1)(a)(v)(I) of this section.

(v) If the defendant has not been charged with a felony offense or a misdemeanor offense of violence, or if the defendant has been charged with a misdemeanor offense of violence and the prosecutor has recommended the procedures under division (B)(1)(a)(vi) of this section, and if, after taking into consideration all relevant reports, information, and other evidence, the trial court finds that the defendant is incompetent to stand trial, the trial court shall do one of the following:

(I) Dismiss the charges pending against the defendant. A dismissal under this division is not a bar to further prosecution based on the same conduct. Upon dismissal of the charges, the trial court shall discharge the defendant unless the court or prosecutor, after consideration of the requirements of section 5122.11 of the Revised Code, files an affidavit in probate court alleging that the defendant is a mentally ill person subject to court order or a person with an intellectual disability subject to institutionalization by court order. If an affidavit is filed in probate court, the trial court may detain the defendant for ten days pending a hearing in the probate court and shall send to the probate court copies of all written reports of the defendant's mental condition that were prepared pursuant to section 2945.371 of the Revised Code. The trial court or prosecutor shall specify in the appropriate space on the affidavit that the defendant is a person described in this subdivision.

(II) Order the defendant to undergo outpatient competency restoration treatment at a facility operated or certified by the department of mental health and addiction services as being qualified to treat mental illness, at a public or community mental health facility, or in the care of a psychiatrist or other mental health professional. If a defendant who has been released on bail or recognizance refuses to comply with court-ordered outpatient treatment under this division, the court may dismiss the charges pending against the defendant and proceed under division (B)(1)(a)(v)(I) of this section or may amend the conditions of bail or recognizance and order the sheriff to take the defendant into custody and deliver the defendant to a center, program, or facility operated or certified by the department of mental health and addiction services for treatment.

(vi) If the defendant has not been charged with a felony offense but has been charged with a misdemeanor offense of violence and after taking into consideration all relevant reports, information, and other evidence, the court finds that the defendant is incompetent to stand trial, the prosecutor in the case may recommend that the court follow the procedures prescribed in division (B)(1)(a)(v) of this section. If the prosecutor does not make such a recommendation, the court shall follow the

procedures in division (B)(1)(a)(i) of this section.

(b) The court order for the defendant to undergo treatment or continuing evaluation and treatment under division (B)(1)(a) of this section shall specify that the defendant, if determined to require mental health treatment or continuing evaluation and treatment, either shall be committed to the department of mental health and addiction services for treatment or continuing evaluation and treatment at a hospital, facility, or agency, as determined to be clinically appropriate by the department of mental health and addiction services or shall be committed to a facility certified by the department of mental health and addiction services as being qualified to treat mental illness, to a public or community mental health facility, or to a psychiatrist or another mental health professional for treatment or continuing evaluation and treatment. Prior to placing the defendant, the department of mental health and addiction services shall obtain court approval for that placement following a hearing. The court order for the defendant to undergo treatment or continuing evaluation and treatment under division (B)(1)(a) of this section shall specify that the defendant, if determined to require treatment or continuing evaluation and treatment for an intellectual disability, shall receive treatment or continuing evaluation and treatment at an institution or facility operated by the department of developmental disabilities, at a facility certified by the department of developmental disabilities as being qualified to treat intellectual disabilities, at a public or private intellectual disabilities facility, or by a psychiatrist or another intellectual disabilities professional. In any case, the order may restrict the defendant's freedom of movement as the court considers necessary. The prosecutor in the defendant's case shall send to the chief clinical officer of the hospital, facility, or agency where the defendant is placed by the department of mental health and addiction services, or to the managing officer of the institution, the director of the program or facility, or the person to which the defendant is committed, copies of relevant police reports and other background information that pertains to the defendant and is available to the prosecutor unless the prosecutor determines that the release of any of the information in the police reports or any of the other background information to unauthorized persons would interfere with the effective prosecution of any person or would create a substantial risk of harm to any person.

In determining the place of commitment, the court shall consider the extent to which the person is a danger to the person and to others, the need for security, the availability of housing and supportive services, including outpatient mental health services in the community, and the type of crime involved and shall order the least restrictive alternative available that is consistent with public safety and treatment goals. In weighing these factors, the court shall give preference to protecting public safety and the availability of housing and supportive services.

(c) If the defendant is found incompetent to stand trial, if the chief clinical officer of the hospital, facility, or agency where the defendant is placed, or the managing officer of the institution, the director of the program or facility, or the person to which the defendant is committed for treatment or continuing evaluation and treatment under division (B)(1)(b) of this section determines that medication is necessary to restore the defendant's competency to stand trial, and if the defendant lacks the capacity to give informed consent or refuses medication, the chief clinical officer of the hospital, facility, or agency where the defendant is placed, or the managing officer of the institution, the director of the program or facility, or the person to which the defendant is committed for treatment or continuing evaluation and treatment may petition the court for authorization for the

involuntary administration of medication. The court shall hold a hearing on the petition within five days of the filing of the petition if the petition was filed in a municipal court or a county court regarding an incompetent defendant charged with a misdemeanor or within ten days of the filing of the petition if the petition was filed in a court of common pleas regarding an incompetent defendant charged with a felony offense. Following the hearing, the court may authorize the involuntary administration of medication or may dismiss the petition.

(2) If the court finds that the defendant is incompetent to stand trial and that, even if the defendant is provided with a course of treatment, there is not a substantial probability that the defendant will become competent to stand trial within one year, the court shall order the discharge of the defendant, unless upon motion of the prosecutor or on its own motion, the court either seeks to retain jurisdiction over the defendant pursuant to section 2945.39 of the Revised Code or files an affidavit in the probate court for the civil commitment of the defendant pursuant to Chapter 5122. or 5123. of the Revised Code alleging that the defendant is a mentally ill person subject to court order or a person with an intellectual disability subject to institutionalization by court order. If an affidavit is filed in the probate court, the trial court shall send to the probate court copies of all written reports of the defendant's mental condition that were prepared pursuant to section 2945.371 of the Revised Code.

The trial court may issue the temporary order of detention that a probate court may issue under section 5122.11 or 5123.71 of the Revised Code, to remain in effect until the probable cause or initial hearing in the probate court. Further proceedings in the probate court are civil proceedings governed by Chapter 5122. or 5123. of the Revised Code.

(C) No defendant shall be required to undergo treatment, including any continuing evaluation and treatment, under division (B)(1) of this section for longer than whichever of the following periods is applicable:

(1) One year, if the most serious offense with which the defendant is charged is one of the following offenses:

(a) Aggravated murder, murder, or an offense of violence for which a sentence of death or life imprisonment may be imposed;

(b) An offense of violence that is a felony of the first or second degree;

(c) A conspiracy to commit, an attempt to commit, or complicity in the commission of an offense described in division (C)(1)(a) or (b) of this section if the conspiracy, attempt, or complicity is a felony of the first or second degree.

(2) Six months, if the most serious offense with which the defendant is charged is a felony other than a felony described in division (C)(1) of this section;

(3) Sixty days, if the most serious offense with which the defendant is charged is a misdemeanor of the first or second degree;

(4) Thirty days, if the most serious offense with which the defendant is charged is a misdemeanor of the third or fourth degree, a minor misdemeanor, or an unclassified misdemeanor.

(D) Any defendant who is committed pursuant to this section shall not voluntarily admit the defendant or be voluntarily admitted to a hospital or institution pursuant to section 5122.02, 5122.15, 5123.69, or 5123.76 of the Revised Code.

(E) Except as otherwise provided in this division, a defendant who is charged with an offense

and is committed by the court under this section to the department of mental health and addiction services or is committed to an institution or facility for the treatment of intellectual disabilities shall not be granted unsupervised on-grounds movement, supervised off-grounds movement, or nonsecured status except in accordance with the court order. The court may grant a defendant supervised off-grounds movement to obtain medical treatment or specialized habilitation treatment services if the person who supervises the treatment or the continuing evaluation and treatment of the defendant ordered under division (B)(1)(a) of this section informs the court that the treatment or continuing evaluation and treatment cannot be provided at the hospital or facility where the defendant is placed by the department of mental health and addiction services or the institution or facility to which the defendant is committed. The chief clinical officer of the hospital or facility where the defendant is placed by the department of mental health and addiction services or the managing officer of the institution or director of the facility to which the defendant is committed, or a designee of any of those persons, may grant a defendant movement to a medical facility for an emergency medical situation with appropriate supervision to ensure the safety of the defendant, staff, and community during that emergency medical situation. The chief clinical officer of the hospital or facility where the defendant is placed by the department of mental health and addiction services or the managing officer of the institution or director of the facility to which the defendant is committed shall notify the court within twenty-four hours of the defendant's movement to the medical facility for an emergency medical situation under this division.

(F) The person who supervises the treatment or continuing evaluation and treatment of a defendant ordered to undergo treatment or continuing evaluation and treatment under division (B)(1)(a) of this section shall file a written report with the court at the following times:

(1) Whenever the person believes the defendant is capable of understanding the nature and objective of the proceedings against the defendant and of assisting in the defendant's defense;

(2) For a felony offense, fourteen days before expiration of the maximum time for treatment as specified in division (C) of this section and fourteen days before the expiration of the maximum time for continuing evaluation and treatment as specified in division (B)(1)(a) of this section, and, for a misdemeanor offense, ten days before the expiration of the maximum time for treatment, as specified in division (C) of this section;

(3) At a minimum, after each six months of treatment;

(4) Whenever the person who supervises the treatment or continuing evaluation and treatment of a defendant ordered under division (B)(1)(a) of this section believes that there is not a substantial probability that the defendant will become capable of understanding the nature and objective of the proceedings against the defendant or of assisting in the defendant's defense even if the defendant is provided with a course of treatment.

(G) A report under division (F) of this section shall contain the examiner's findings, the facts in reasonable detail on which the findings are based, and the examiner's opinion as to the defendant's capability of understanding the nature and objective of the proceedings against the defendant and of assisting in the defendant's defense. If, in the examiner's opinion, the defendant remains incapable of understanding the nature and objective of the proceedings against the defendant and of assisting in the defendant's defense and there is a substantial probability that the defendant will become capable of understanding the nature and objective of the proceedings against the defendant and of assisting in

the defendant's defense if the defendant is provided with a course of treatment, if in the examiner's opinion the defendant remains mentally ill or continues to have an intellectual disability, and if the maximum time for treatment as specified in division (C) of this section has not expired, the report also shall contain the examiner's recommendation as to the least restrictive placement or commitment alternative that is consistent with the defendant's treatment needs for restoration to competency and with the safety of the community. The court shall provide copies of the report to the prosecutor and defense counsel.

(H) If a defendant is committed pursuant to division (B)(1) of this section, within ten days after the treating physician of the defendant or the examiner of the defendant who is employed or retained by the treating facility advises that there is not a substantial probability that the defendant will become capable of understanding the nature and objective of the proceedings against the defendant or of assisting in the defendant's defense even if the defendant is provided with a course of treatment, within ten days after the expiration of the maximum time for treatment as specified in division (C) of this section, within ten days after the expiration of the maximum time for continuing evaluation and treatment as specified in division (B)(1)(a) of this section, within thirty days after a defendant's request for a hearing that is made after six months of treatment, or within thirty days after being advised by the treating physician or examiner that the defendant is competent to stand trial, whichever is the earliest, the court shall conduct another hearing to determine if the defendant is competent to stand trial and shall do whichever of the following is applicable:

(1) If the court finds that the defendant is competent to stand trial, the defendant shall be proceeded against as provided by law.

(2) If the court finds that the defendant is incompetent to stand trial, but that there is a substantial probability that the defendant will become competent to stand trial if the defendant is provided with a course of treatment, and the maximum time for treatment as specified in division (C) of this section has not expired, the court, after consideration of the examiner's recommendation, shall order that treatment be continued, may change the facility or program at which the treatment is to be continued, and shall specify whether the treatment is to be continued at the same or a different facility or program.

(3) If the court finds that the defendant is incompetent to stand trial, if the defendant is charged with an offense listed in division (C)(1) of this section, and if the court finds that there is not a substantial probability that the defendant will become competent to stand trial even if the defendant is provided with a course of treatment, or if the maximum time for treatment relative to that offense as specified in division (C) of this section has expired, further proceedings shall be as provided in sections 2945.39, 2945.401, and 2945.402 of the Revised Code.

A dismissal under this division is not a bar to further prosecution based on the same conduct. The court shall discharge the defendant unless the court or prosecutor files an affidavit in

probate court for civil commitment pursuant to Chapter 5122. or 5123. of the Revised Code. If an affidavit for civil commitment is filed, the court may detain the defendant for ten days pending civil commitment: and shall send to the probate court copies of all written reports of the defendant's mental condition prepared pursuant to section 2945.371 of the Revised Code.

All of the following provisions apply to persons charged with a misdemeanor or a felony other than a felony listed in division (C)(1) of this section who are committed by the probate court subsequent to the court's or prosecutor's filing of an affidavit for civil commitment under authority of this division:

(I) If a defendant is convicted of a crime and sentenced to a jail or workhouse, the defendant's sentence shall be reduced by the total number of days the defendant is confined for evaluation to determine the defendant's competence to stand trial or treatment under this section and sections 2945.37 and 2945.371 of the Revised Code or by the total number of days the defendant is confined for evaluation to determine the defendant's mental condition at the time of the offense charged.

PSYCHOLOGY INTERJURISDICTIONAL COMPACT (PSYPACT)

ARTICLE I

PURPOSE

Whereas, states license psychologists, in order to protect the public through verification of education, training and experience and ensure accountability for professional practice; and

Whereas, this Compact is intended to regulate the day to day practice of telepsychology (i.e. the provision of psychological services using telecommunication technologies) by psychologists across state boundaries in the performance of their psychological practice as assigned by an

appropriate authority; and

Whereas, this Compact is intended to regulate the temporary in-person, face-to-face practice of psychology by psychologists across state boundaries for 30 days within a calendar year in the performance of their psychological practice as assigned by an appropriate authority;

Whereas, this Compact is intended to authorize State Psychology Regulatory Authorities to afford legal recognition, in a manner consistent with the terms of the Compact, to psychologists licensed in another state;

Whereas, this Compact recognizes that states have a vested interest in protecting the public's health and safety through their licensing and regulation of psychologists and that such state regulation will best protect public health and safety;

The receipts and disbursements of the Commission shall be subject to the audit and accounting procedures established under its Bylaws. ARTICLE XI

RULEMAKING

A. The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this Article and the Rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

B. If a majority of the legislatures of the Compact States rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the Compact, then such rule shall have no further force and effect in any Compact State.

C. Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

D. Prior to promulgation and adoption of a final rule or Rules by the Commission, and at least sixty (60) days in advance of the meeting at which the rule will be considered and voted upon, the Commission shall file a Notice of Proposed Rulemaking:

1. On the website of the Commission; and
2. On the website of each Compact States' Psychology Regulatory Authority or the publication in which each state would otherwise publish proposed rules.

E. The Notice of Proposed Rulemaking shall include:

1. The proposed time, date, and location of the meeting in which the rule will be considered and voted upon;
2. The text of the proposed rule or amendment and the reason for the proposed rule;
3. A request for comments on the proposed rule from any interested person; and
4. The manner in which interested persons may submit notice to the Commission of their intention to attend the public hearing and any written comments.

F. Prior to adoption of a proposed rule, the Commission shall allow persons to submit written data, facts, opinions and arguments, which shall be made available to the public.

G. The Commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

1. At least twenty-five (25) persons who submit comments independently of each other;
2. A governmental subdivision or agency; or
3. A duly appointed person in an association that has having at least twenty-five (25) members.

H. If a hearing is held on the proposed rule or amendment, the Commission shall publish the place, time, and date of the scheduled public hearing.

1. All persons wishing to be heard at the hearing shall notify the Executive Director of the Commission or other designated member in writing of their desire to appear and testify at the hearing not less than five (5) business days before the scheduled date of the hearing.

2. Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

3. No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This subsection shall not preclude the Commission from making a transcript or recording of the hearing if it so chooses.

4. Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

I. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

J. The Commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the

K. If no written notice of intent to attend the public hearing by interested parties is received, the Commission may proceed with promulgation of the proposed rule without a public hearing.

L. Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the Compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;
2. Prevent a loss of Commission or Compact State funds;
3. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or
4. Protect public health and safety.

M. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the Chair of the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

ARTICLE XII

OVERSIGHT, DISPUTE RESOLUTION AND ENFORCEMENT

A. Oversight

1. The Executive, Legislative and Judicial branches of state government in each Compact State shall enforce this Compact and take all actions necessary and appropriate to effectuate the Compact's purposes and intent. The provisions of this Compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the Compact and the rules in any judicial or administrative proceeding in a Compact State pertaining to the subject matter of this Compact which may affect the powers, responsibilities or actions of the Commission.

3. The Commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, this Compact or promulgated rules.

B. Default, Technical Assistance, and Termination

1. If the Commission determines that a Compact State has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall:

- a. Provide written notice to the defaulting state and other Compact States of the nature of the

default, the proposed means of remedying the default and/or any other action to be taken by the Commission; and

b. Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to remedy the default, the defaulting state may be terminated from the Compact upon an affirmative vote of a majority of the Compact States, and all rights, privileges and benefits conferred by this Compact shall be terminated on the effective date of termination. A remedy of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be submitted by the Commission to the Governor, the majority and minority leaders of the defaulting state's legislature, and each of the Compact States.

4. A Compact State which has been terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of termination, including obligations which extend beyond the effective date of termination.

5. The Commission shall not bear any costs incurred by the state which is found to be in default or which has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting state.

6. The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the state of Georgia or the federal district where the Compact has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

C. Dispute Resolution

1. Upon request by a Compact State, the Commission shall attempt to resolve disputes related to the Compact which arise among Compact States and between Compact and Non-Compact States.

2. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes that arise before the commission.

D. Enforcement

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and Rules of this Compact.

2. By majority vote, the Commission may initiate legal action in the United States District Court for the State of Georgia or the federal district where the Compact has its principal offices against a Compact State in default to enforce compliance with the provisions of the Compact and its promulgated Rules and Bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

ARTICLE XIII

DATE OF IMPLEMENTATION OF THE PSYCHOLOGY INTERJURISDICTIONAL COMPACT COMMISSION AND ASSOCIATED RULES, WITHDRAWAL, AND

AMENDMENTS

A. The Compact shall come into effect on the date on which the Compact is enacted into law in the seventh Compact State. The provisions which become effective at that time shall be limited to the powers granted to the Commission relating to assembly and the promulgation of rules. Thereafter, the Commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the Compact.

B. Any state which joins the Compact subsequent to the Commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the Compact becomes law in that state. Any rule which has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that state.

C. Any Compact State may withdraw from this Compact by enacting a statute repealing the same.

1. A Compact State's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing State's Psychology Regulatory Authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

D. Nothing contained in this Compact shall be construed to invalidate or prevent any psychology licensure agreement or other cooperative arrangement between a Compact State and a Non-Compact State which does not conflict with the provisions of this Compact.

E. This Compact may be amended by the Compact States. No amendment to this Compact shall become effective and binding upon any Compact State until it is enacted into the law of all Compact States.

ARTICLE XIV

CONSTRUCTION AND SEVERABILITY

This Compact shall be liberally construed so as to effectuate the purposes thereof. If this Compact shall be held contrary to the constitution of any state member thereto, the Compact shall remain in full force and effect as to the remaining Compact States.

Sec. 4732.41. Not later than thirty days after the "Psychology Interjurisdictional Compact (PSYPACT)" is entered into under section 4732.40 of the Revised Code, the state board of psychology shall appoint a member to the psychology interjurisdictional compact commission created under the compact. The board shall fill a vacancy not later than thirty days after the vacancy occurs.

Sec. 5119.94. (A) Upon receipt of a petition filed under section 5119.93 of the Revised Code, the probate court shall examine the petitioner under oath as to the contents of the petition.

(B) If, after reviewing the allegations contained in the petition and examining the petitioner under oath, it appears to the probate court that there is probable cause to believe the respondent may reasonably benefit from treatment, the court shall do all of the following:

(1) Schedule a hearing to be held within seven days to determine if there is clear and convincing evidence that the respondent may reasonably benefit from treatment for alcohol and other drug abuse;

(2) Notify the respondent, the legal guardian, if any and if known, and the spouse, parents, or nearest relative or friend of the respondent concerning the allegations and contents of the petition and of the date and purpose of the hearing;

(3) Notify the respondent that the respondent may retain counsel and, if the person is unable to obtain an attorney, that the respondent may be represented by court-appointed counsel at public expense if the person is indigent. Upon the appointment of an attorney to represent an indigent respondent, the court shall notify the respondent of the name, address, and telephone number of the attorney appointed to represent the respondent.

(4) Notify the respondent that the court shall cause the respondent to be examined not later than twenty-four hours before the hearing date by a physician for the purpose of a physical examination and by a qualified health professional for the purpose of a drug and alcohol addiction assessment and diagnosis. In addition, the court shall notify the respondent that the respondent may have an independent expert evaluation of the person's physical and mental condition conducted at the respondent's own expense.

(5) Cause the respondent to be examined not later than twenty-four hours before the hearing date by a qualified health professional for the purpose of a drug and alcohol addiction assessment and diagnosis;

(6) Conduct the hearing.

(C) The qualified health professional who examines the respondent pursuant to division (B) (5) of this section or who is obtained by the respondent at the respondent's own expense shall certify the professional's findings to the court within twenty-four hours of the examination. The findings of each qualified health professional shall include a recommendation for treatment if the qualified health professional determines that treatment is necessary.

(D)(1)(a) If upon completion of the hearing held under this section the probate court finds by clear and convincing evidence that the respondent may reasonably benefit from treatment, the court shall order the treatment after considering the qualified health professionals' recommendations for treatment that have been submitted to the court under division (C) of this section. Evidence that the respondent has overdosed and been revived one or more times by an opioid antagonist, overdosed in a vehicle, or overdosed in the presence of a minor is sufficient to satisfy this evidentiary requirement. If the court orders the treatment under this division, the order shall specify the type of treatment to be provided, the type of required aftercare, and the duration of the required aftercare which shall be at least three months and shall not exceed six months, and the court shall order the treatment to be provided through a community addiction services provider or by an individual licensed or certified by the state medical board under Chapter 4731. of the Revised Code, the chemical dependency professionals board under Chapter 4758. of the Revised Code, the counselor, social worker, and marriage and family therapist board under Chapter 4757. of the Revised Code, or a similar board of another state authorized to provide substance abuse treatment. In addition, the court also may order that the respondent submit to periodic examinations by a qualified mental health professional to determine if the treatment remains necessary.

~~(b) If the qualified health professional who examines the respondent certifies that the respondent meets the criteria specified in division (B)(6) of section 5119.93 of the Revised Code, if the court orders treatment under division (D)(1)(a) of this section, and if the court finds by clear and~~

~~convincing evidence that the respondent presents an imminent danger or imminent threat of danger to self, family, or others as a result of alcohol or other drug abuse, separate from the treatment described in division (D)(1)(a) of this section, the court may order that the respondent be hospitalized for a period not to exceed seventy-two hours. The court shall direct that the order shall be executed as soon as possible, but not later than seventy-two hours, after its issuance. If the order cannot be executed within seventy-two hours after its issuance, it remains valid for sixty days after its issuance, subject to tolling as described in division (D)(1)(c) of this section, and may be executed at any time during that six-month period or that six-month period as extended by the tolling. Any respondent who has been admitted to a hospital under this division shall be released within seventy-two hours of admittance, unless the respondent voluntarily agrees to remain longer. A respondent who voluntarily agrees to remain longer may be hospitalized for the additional period of time agreed to by the respondent. No respondent ordered under this division to be hospitalized shall be held in jail pending transportation to the hospital unless the court has previously found the respondent to be in contempt of court for either failure to undergo treatment or failure to appear at an evaluation ordered under this section.~~

~~(e) The six-month period for execution of an order specified in division (D)(1)(b) of this section shall not run during any time when the respondent purposely avoids execution of the order. Proof that the respondent departed this state or concealed the respondent's identity or whereabouts is prima facie evidence of the respondent's purpose to avoid the execution.~~

(2)(a) Failure of a respondent to undergo and complete any treatment ordered pursuant to this division is contempt of court. Any community addiction services provider or person providing treatment under this division shall notify the probate court of a respondent's failure to undergo or complete the ordered treatment.

(b) In addition to and separate from the sanction specified in division (D)(2)(a) of this section, if a respondent fails to undergo and complete any treatment ordered pursuant to this section, the court may issue a summons. The summons shall be directed to the respondent and shall command the respondent to appear at a time and place specified in the summons. If a respondent who has been summoned under this division fails to appear at the specified time and place, the court may order a peace officer, as defined in section 2935.01 of the Revised Code, to transport the respondent to a place described in division (D)(1)(a) of this section ~~or a hospital~~ for treatment. The peace officer, with the approval of the officer's agency, may provide for the transportation of the respondent by a private entity. The transportation costs of the peace officer or the private entity shall be included within the costs of treatment.

(E) If, at any time after a petition is filed under section 5119.93 of the Revised Code, the probate court finds that there is not probable cause to continue treatment or if the petitioner withdraws the petition, then the court shall dismiss the proceedings against the respondent.

Sec. 5122.02. (A) Except as provided in division (D) of this section, any person who is eighteen years of age or older and who is, appears to be, or believes self to be mentally ill may make written application for voluntary admission to the chief medical officer of a hospital.

(B) Except as provided in division (D) of this section, the application also may be made on behalf of a minor by a parent, a guardian of the person, or the person with custody of the minor, and on behalf of an adult incompetent person by the guardian or the person with custody of the

incompetent person.

Any person whose admission is applied for under division (A) or (B) of this section may be admitted for observation, diagnosis, care, or treatment, in any hospital unless the chief clinical officer finds that hospitalization is inappropriate, and except that, in the case of a public hospital, no person shall be admitted without the authorization of the board of the person's county of residence.

(C) If a minor or person adjudicated incompetent due to mental illness whose voluntary admission is applied for under division (B) of this section is admitted, the court shall determine, upon petition by private or otherwise appointed counsel, a relative, or one acting as next friend, whether the admission or continued hospitalization is in the best interest of the minor or incompetent.

The chief clinical officer shall discharge any voluntary patient who has recovered or whose hospitalization the officer determines to be no longer advisable ~~and may discharge any voluntary patient who refuses to accept treatment consistent with the written treatment plan required by section 5122.27 of the Revised Code.~~ In the case of a voluntary patient who refuses to accept treatment consistent with the written treatment plan required by section 5122.27 of the Revised Code, the chief clinical officer may file an affidavit under section 5122.11 of the Revised Code. If the chief clinical officer decides not to file such an affidavit and to, instead, discharge the patient, and a trial court or prosecutor had, within the past twelve months, filed an affidavit in probate court pursuant to division (B)(1)(a)(v)(I) of section 2945.38 of the Revised Code relating to the patient, the chief clinical officer, to the extent that the chief clinical officer has knowledge of the patient's prior status, shall immediately notify such trial court or prosecutor of the intent to discharge. Not later than three court days after being notified of the intent to discharge, the trial court or prosecutor may file or cause to be filed with the court of the county where the patient is hospitalized, or the court of the county where the patient resides, an affidavit under section 5122.11 of the Revised Code. If such an affidavit is filed, the patient's discharge must be postponed until a hearing under section 5122.141 of the Revised Code is held.

(D) A person who is found incompetent to stand trial or not guilty by reason of insanity and who is committed pursuant to section 2945.39, 2945.40, 2945.401, or 2945.402 of the Revised Code shall not voluntarily admit the person or be voluntarily admitted to a hospital pursuant to this section until after the final termination of the commitment, as described in division (J) of section 2945.401 of the Revised Code.

Sec. 5122.03. A patient admitted under section 5122.02 of the Revised Code who requests release in writing, or whose release is requested in writing by the patient's counsel, legal guardian, parent, spouse, or adult next of kin shall be released forthwith, ~~except that when any of the following is the case:~~

(A) The patient was admitted on the patient's own application and the request for release is made by a person other than the patient, release may be conditional upon the agreement of the patient; ~~or.~~

(B) The patient was, within the past twelve months, a defendant described in division (B)(1)(a)(v)(I) of section 2945.38 of the Revised Code and the chief clinical officer of the hospital decides not to file or cause to be filed an affidavit under section 5122.11 of the Revised Code as described in division (C) of this section. In that circumstance, the chief clinical officer shall immediately notify the trial court or prosecutor described in division (B)(1)(a)(v)(I) of section 2945.38 of the Revised

Code of the chief clinical officer's decision and intent to release the patient. Not later than three court days after being notified of the intent to release, the trial court or prosecutor may file or cause to be filed with the court of the county where the patient is hospitalized, or the court of the county where the patient resides, an affidavit under section 5122.11 of the Revised Code. If such an affidavit is filed, the patient's release must be postponed until a hearing under section 5122.141 of the Revised Code is held.

(C) The chief clinical officer of the hospital, within three court days from the receipt of the request for release, files or causes to be filed with the court of the county where the patient is hospitalized or of the county where the patient is a resident, an affidavit under section 5122.11 of the Revised Code. Release may be postponed until the hearing held under section 5122.141 of the Revised Code. A telephone communication within three court days from the receipt of the request for release from the chief clinical officer to the court, indicating that the required affidavit has been mailed, is sufficient compliance with the time limit for filing such affidavit.

Unless the patient is released within three days from the receipt of the request by the chief clinical officer, the request shall serve as a request for an initial hearing under section 5122.141 of the Revised Code. If the court finds that the patient is a mentally ill person subject to court order, all provisions of this chapter with respect to involuntary hospitalization apply to such person.

Judicial proceedings for hospitalization shall not be commenced with respect to a voluntary patient except pursuant to this section.

Sections 5121.30 to 5121.56 of the Revised Code apply to persons received in a hospital operated by the department of mental health and addiction services on a voluntary application.

The chief clinical officer of the hospital shall provide reasonable means and arrangements for informing patients of their rights to release as provided in this section and for assisting them in making and presenting requests for release or for a hearing under section 5122.141 of the Revised Code.

Before a patient is released from a public hospital, the chief clinical officer shall, when possible, notify the board of the patient's county of residence of the patient's pending release after the chief clinical officer has informed the patient that the board will be so notified.

Sec. 5122.11. Proceedings for a mentally ill person subject to court order pursuant to sections 5122.11 to 5122.15 of the Revised Code shall be commenced by the filing of an affidavit in the manner prescribed by the department of mental health and addiction services and in a form prescribed in section 5122.111 of the Revised Code, by any person or persons with the probate court, either on reliable information or actual knowledge, whichever is determined to be proper by the court. This section does not apply to the hospitalization of a person pursuant to section 2945.39, 2945.40, 2945.401, or 2945.402 of the Revised Code.

The affidavit shall contain an allegation setting forth the specific category or categories under division (B) of section 5122.01 of the Revised Code upon which the jurisdiction of the court is based and a statement of alleged facts sufficient to indicate probable cause to believe that the person is a mentally ill person subject to court order. The affidavit may be accompanied, or the court may require that the affidavit be accompanied, by a certificate of a psychiatrist, or a certificate signed by a licensed clinical psychologist and a certificate signed by a licensed physician stating that the person who issued the certificate has examined the person and is of the opinion that the person is a mentally

ill person subject to court order, or shall be accompanied by a written statement by the applicant, under oath, that the person has refused to submit to an examination by a psychiatrist, or by a licensed clinical psychologist and licensed physician.

Upon ~~With regard to a defendant described in division (B)(1)(a)(v)(I) of section 2945.38 of the Revised Code for whom criminal charges were dismissed, the affidavit shall contain a space for the trial court or prosecutor filing the affidavit to indicate that the person named in the affidavit is such a defendant.~~

Upon receipt of the affidavit, if a judge of the court or a referee who is an attorney at law appointed by the court has probable cause to believe that the person named in the affidavit is a mentally ill person subject to court order, the judge or referee may issue a temporary order of detention ordering any health or police officer or sheriff to take into custody and transport the person to a hospital or other place designated in section 5122.17 of the Revised Code, or may set the matter for further hearing. If a temporary order of detention is issued and the person is transported to a hospital or other designated place, the court that issued the order shall retain jurisdiction over the case as it relates to the person's outpatient treatment, notwithstanding that the hospital or other designated place to which the person is transported is outside the territorial jurisdiction of the court.

The person may be observed and treated until the hearing provided for in section 5122.141 of the Revised Code. If no such hearing is held, the person may be observed and treated until the hearing provided for in section 5122.15 of the Revised Code.

Sec. 5122.111. To initiate proceedings for court-ordered treatment of a person under section 5122.11 of the Revised Code, a person or persons shall file an affidavit with the probate court that is identical in form and content to the following:
