program, the broadband expansion program authority may require a 468

broadband provider that is awarded a program grant to provide a 469
performance bond, letter of credit, or other financial assurance 470

shall be payable to the state, as applicable. 474

The bond, letter of credit, or assurance may include the 475
condition that the broadband provider will faithfully execute 476
and complete the project. 477

The purpose of the performance bond, letter of credit, or 478
other financial assurance is to assure completion of the 479
project. The bond, letter of credit, or assurance shall not be 480
required after the project is complete. 481

Sec. 122.4023. Pursuant to rules adopted under section 482
122.4077 of the Revised Code, the development services agency 483
shall evaluate the information and documents submitted by a 484
broadband provider in an application under section 122.4013 of 485
the Revised Code or by a challenging provider under section 486
122.4030 of the Revised Code. The evaluation shall determine 487
whether the information and documents are proprietary or 488
constitute a trade secret. Upon receipt of the information and 489
documents, the agency shall keep them confidential and shall not 490
publish them on the agency's web site, unless the agency finds 491
that any information or document is not proprietary or a trade 492
secret. Any information or document found not to be proprietary 493
or a trade secret under this section shall not be considered 494
confidential and shall be published on the agency web site as is 495
required for an application under division (C) (2) of section 496
122.4019 of the Revised Code. 497

Sec. 122.4024. The development services agency shall 498

establish an automatic notification process through which 499
interested parties may receive electronic mail notifications 500
when the agency publishes application and other information on 501
its web site pursuant to sections 122.40 to 122.4077 of the 502
Revised Code. 503

Sec. 122.4025. A broadband provider may enter into an 504
arrangement to designate video service provider fees remitted by 505
the broadband provider for contribution towards an eligible 506
project's broadband funding gap under the following 507
circumstances: 508

(A) The broadband provider is a video service provider 509
that, pursuant to section 1332.32 of the Revised Code, collects 510
and remits video service provider fees to one or more 511
legislative authorities in which an eligible project is located. 512

(B) The arrangement is entered into by mutual consent with 513
one or more of the legislative authorities in which the eligible 514
project is located. 515

Sec. 122.4030. (A) As used in section 122.4023 and 516
sections 122.4030 to 122.4035 of the Revised Code, "challenging 517
provider" means either of the following: 518

(1) A broadband provider that provides tier two broadband 519
service within or directly adjacent to an eligible project; 520

(2) A municipal electric utility that provides tier two 521
broadband service to an area within the eligible project that is 522
within the geographic area served by the municipal electric 523
utility. 524

(B) (1) (a) A challenging provider may challenge, in 525
writing, all or part of a completed application for a program 526
grant for the project not later than sixty-five days after the 527

close of the submission period, or an extension granted under 528
division (E) (2) of section 122.4019 of the Revised Code, in 529
which the application was made. 530

(b) The development services agency, for good cause shown, 531
may grant the broadband provider an extension of not more than 532
fourteen days in which to submit a challenge. 533

(2) The challenging provider shall provide, by certified 534
mail, a written copy of the challenge to the agency and to the 535
broadband provider that submitted the application. The copy 536
provided to the agency may include any information the 537
challenging provider considers to be proprietary or a trade 538
secret. Proprietary information or trade secrets may be redacted 539
from the copy provided to the broadband provider that submitted 540
the application. 541

(C) No challenge to an application may be accepted before 542
the completed application is published in its entirety on the 543
agency's web site pursuant to division (C) (2) of section 544
122.4019 of the Revised Code. 545

Sec. 122.4031. (A) To successfully challenge an 546
application, a challenging provider shall provide sufficient 547
evidence to the development services agency demonstrating that 548
all or part of a project under the application is ineligible for 549
a grant. The challenge shall, at minimum, include the following 550
information: 551

(1) Sufficient evidence disputing the notarized letter of 552
intent submitted with the application that the eligible project 553
contains unserved or tier one areas; 554

(2) Sufficient evidence attesting to the challenging 555
provider's existing or planned offering of tier two broadband 556

service to all or part of the eligible project, which evidence 557
shall include the following: 558

(a) With regard to existing tier two broadband service, a 559
signed, notarized statement submitted by the challenging 560
provider that sufficiently identifies the part of the eligible 561
project to which the challenging provider offers broadband 562
service; 563

(b) With regard to the planned provision of tier two 564
broadband service by a challenging provider as described in 565
division (B) of section 122.4016 of the Revised Code, both of 566
the following: 567

(i) A signed, notarized statement submitted by the 568
challenging provider that sufficiently identifies the part of 569
the eligible project to which the challenging provider will 570
offer broadband service; 571

(ii) A summary of the construction efforts that includes 572
the dates when tier two broadband construction is expected to be 573
completed and when tier two broadband service will first be 574
offered to the part of the eligible project being challenged. 575

(B) To demonstrate that all or part of a project under the 576
application is ineligible for a grant, a challenging provider 577
may present shapefile data, residential addresses, maps, or 578
similar geographic details. Census block or census tract level 579
data shall not be acceptable as evidence of ineligibility of all 580
or part of a project. 581

Sec. 122.4033. (A) Not later than thirty days after 582
receipt of a challenge under sections 122.4030 to 122.4035 of 583
the Revised Code, the broadband expansion program authority may 584
do either of the following: 585

(1) Suspend, subject to division (B) of this section, all 586
or part of the application; 587

(2) Reject the challenge, approve the application, and 588
proceed with the application process. 589

(B) The authority shall allow the broadband provider that 590
submitted the application being challenged to revise the 591
application consistent with sections 122.40 to 122.4077 of the 592
Revised Code, if the authority upholds a challenge to all or 593
part of the application. 594

(C) The authority shall notify both the broadband provider 595
that submitted the application and the challenging provider of 596
any decision made under this section by providing a copy of the 597
decision by certified mail or electronic mail. The authority 598
shall update the status of the application on the development 599
services agency web site. 600

Sec. 122.4034. (A) If the broadband expansion program 601
authority suspends all or part of an application, the broadband 602
provider that submitted the application may revise and resubmit 603
the application not later than fourteen days after receiving the 604
suspension notification sent by the authority pursuant to 605
section 122.4033 of the Revised Code. The broadband provider may 606
request, and the authority may grant for good cause shown, an 607
extension period of not more than fourteen days in which the 608
broadband provider may resubmit the application. 609

(B) When revising the application, the broadband provider 610
shall not expand the scope or impact of the original 611
application, nor shall the provider add any new residential 612
addresses to the eligible project. 613

(C) The broadband provider shall provide a copy of the 614

revised application to both the authority and the challenging 615
provider by certified mail or by electronic mail or by uploading 616
it to the development services agency's designated web site for 617
applications. The agency shall publish the revised application 618
on the agency's public web site provided that any information 619
determined to be proprietary or a trade secret under section 620
122.4023 of the Revised Code is redacted. 621

(D) Any failure to respond to the notification or properly 622
revise the application to the authority's satisfaction shall be 623
considered a withdrawal of the application. 624

Sec. 122.4035. Upon receipt of a revised application under 625
section 122.4034 of the Revised Code, the broadband expansion 626
program authority shall review the revised application and 627
decide whether to accept it or uphold the challenge under 628
sections 122.4030 to 122.4035 of the Revised Code within 629
fourteen days. The authority shall provide a copy of its 630
decision to both the broadband provider that submitted the 631
revised application and the challenging provider by certified 632
mail or electronic mail and shall update the status of the 633
application on the development services agency's web site. The 634
decision shall be considered final, and further challenges to 635
the revised application are prohibited. 636

Sec. 122.4036. If the broadband expansion program 637
authority upholds a challenge to an application under sections 638
122.4030 to 122.4035 of the Revised Code and the challenging 639
provider fails to provide tier two broadband service as 640
described in the challenge, the challenging provider, after a 641
reasonable opportunity to be heard, may be required to do either 642
or both of the following, in addition to being subject to other 643
remedies available under the law: 644

(A) Pay to the development services agency the amount of 645
the original broadband funding gap described in section 122.4020 646
of the Revised Code for the application that was challenged; 647

(B) Comply with the requirements of any other penalties 648
prescribed by agency rule and imposed after consultation with 649
the authority. 650

Sec. 122.4037. Any money collected under section 122.4036 651
of the Revised Code and funds appropriated for the Ohio 652
residential broadband expansion grant program shall be deposited 653
into the Ohio residential broadband expansion grant program 654
fund, which is hereby created in the state treasury. All amounts 655
in the fund, including interest earned on those amounts, shall 656
be used by the development services agency exclusively for 657
grants under sections 122.40 to 122.4077 of the Revised Code. 658

Sec. 122.4040. The development services agency, in 659
consultation with the broadband expansion program authority, 660
shall establish a weighted scoring system to evaluate and select 661
applications for program grants. The scoring system shall be 662
available on the agency's web site at least thirty days before 663
the beginning of the application submission period set by the 664
agency by rule. 665

Sec. 122.4041. (A) The scoring system established under 666
section 122.4040 of the Revised Code shall prioritize 667
applications, from highest to lowest weight, in the following 668
order: 669

(1) Eligible projects for unserved areas, rather than tier 670
one areas; 671

(2) Eligible projects located within distressed areas as 672
defined under section 122.19 of the Revised Code; 673

(3) Eligible projects that are receiving or have been approved to receive any financial or in-kind contributions towards the broadband funding gap identified in the application under division (A) (3) of section 122.4020 of the Revised Code, including the amounts and proportions of the contributions; 674
675
676
677
678

(4) Eligible projects for which the proposed construction will utilize state rights-of-way or otherwise require attachment to, or use of, public facilities or conduit to provide tier two broadband service to an eligible project; 679
680
681
682

(5) Eligible projects based on proposed upstream and downstream speeds and the scalability of the tier two broadband service infrastructure proposed to be deployed to speeds higher than twenty-five megabits per second downstream and three megabits per second upstream; 683
684
685
686
687

(6) Eligible projects based on each of the following, in equal measure, without favoring one broadband provider over another: 688
689
690

(a) Demonstrated support, supported by evidence, for community and economic development efforts in, or adjacent to, the projects, including the provision of tier two broadband service to commercial and nonresidential entities as a result of, but not funded directly by, the program; 691
692
693
694
695

(b) The broadband provider's experience, technical ability, and financial capability in successfully deploying and providing tier two broadband service; 696
697
698

(c) The length of time the broadband provider has been providing tier two broadband service in the state; 699
700

706
707

(f) If existing tier one or tier two broadband service infrastructure exists in the area of the eligible project, the extent to which the project utilizes or upgrades the existing tier one or tier two infrastructure, rather than duplicates it; 708
709
710
711

(g) The eligible projects' location within Ohio opportunity zones as defined under division (A) (2) of section 122.84 of the Revised Code. 712
713
714

(B) The development services agency may include in the weighted scoring system any other factors it determines to be reasonable, appropriate, and consistent with the purpose of facilitating the economic deployment of tier two broadband service to unserved or tier one areas. The factors included under this division shall be considered after the weighted factors described in division (A) of this section. 715
716
717
718
719
720
721

Sec. 122.4043. (A) The broadband expansion program authority shall award program grants under the Ohio residential broadband expansion grant program after reviewing applications sent to the authority by the development services agency. Awards shall be granted after the authority scores applications based on the scoring system under sections 122.4040 and 122.4041 of the Revised Code. 722
723
724
725
726
727
728

(B) In awarding program grants, the authority shall consider all regulatory obligations under applicable law. The authority may not consider any of the following: 729
730
731

(1) Proposed project conditions that require open access 732
networks or that establish a specific rate, service, or other 733
obligation not specified for the Ohio residential broadband 734
expansion grant program; 735

(2) Factors that would constrain a broadband provider that 736
receives a grant from offering or providing tier two broadband 737
service in the same manner as the service is offered by 738
broadband providers in other areas of the state without funding 739
from the Ohio residential broadband expansion grant program. 740

(C) Upon making the program grant awards, the authority 741
shall notify the broadband providers that submitted applications 742
of the award decisions. The authority shall publish the program 743
grant awards on the agency's web site. 744

Sec. 122.4044. After the broadband expansion program 745
authority awards a program grant under section 122.4043 of the 746
Revised Code, the development services agency shall disburse the 747
program grant as follows: 748

(A) A portion of the program grant, not to exceed thirty 749
per cent, shall be disbursed before construction of the project 750
begins. 751

(B) A portion of the program grant, not to exceed sixty 752
per cent, shall be disbursed through periodic payments over the 753
course of construction of the eligible project as determined by 754
the agency by rules adopted under section 122.4077 of the 755
Revised Code. 756

(C) The remaining portion shall be disbursed not later 757
than sixty days after the broadband provider notifies the 758
authority that it has completed construction of the project. 759

Sec. 122.4045. (A) The development services agency may, 760

through an independent third party, conduct speed verification 761
tests of an eligible project that receives a program grant. Such 762
tests shall occur as follows: 763

(1) After the construction is complete, but prior to the 764
final disbursement made under division (C) of section 122.4044 765
of the Revised Code to verify that tier two broadband service is 766
being offered; 767

(2) At any time during the reporting period required under 768
division (B) of section 122.4070 of the Revised Code, after 769
receiving a complaint concerning a residence that is part of the 770
eligible project. 771

(B) To evaluate compliance with tier two broadband service 772
standards, speed verification tests conducted under this section 773
shall be conducted on at least two different days and at two 774
different times on each of those days. 775

(C) The agency may withhold payments under this section 776
for failure to meet at least the minimum speeds required under 777
division (A)(8) of section 122.4020 of the Revised Code. 778
Payments may be held until such speeds are achieved. 779

Sec. 122.4046. (A) If the development services agency 780
determines that a broadband provider that has been awarded a 781
program grant under the Ohio residential broadband expansion 782
grant program has not complied with the requirements of the 783
program, the agency shall notify the provider of the 784
noncompliance. In accordance with rules adopted by the agency 785
under section 122.4077 of the Revised Code, the agency shall 786
give the provider an opportunity to explain or cure the 787
noncompliance. 788

(B) After reviewing the broadband provider's explanation 789

or effort to cure the noncompliance, the following shall apply: 790

(1) The agency may require the provider to refund an 791
amount equal to all, or a portion of, the amount of the program 792
grant awarded to the provider, as determined by the agency. 793

(2) The agency may require the broadband provider to 794
refund to the appropriate municipal corporation, township, or 795
county the entire amount of general revenue funds or other 796
discretionary funds that it contributed toward the broadband 797
funding gap under division (A) (3) (c) or (d) of section 122.4020 798
of the Revised Code. 799

(C) Not more than thirty days after the agency's decision 800
requiring a refund for program noncompliance or a failure to 801
explain or cure it, the broadband provider shall pay the refund 802
required under division (B) of this section. Payments shall be 803
made directly to the municipal corporation, township, or county 804
that contributed funds toward the broadband funding gap. 805

Sec. 122.4050. Upon adoption of a resolution, a board of 806
county commissioners may request the development services agency 807
to solicit applications from broadband providers for program 808
grants under the Ohio residential broadband expansion grant 809
program for eligible projects in the municipal corporations and 810
townships of the county. 811

A request made by a county shall identify, to the extent 812
possible, the residential addresses in unserved or tier one 813
areas of the county and provide a point of contact at the county 814
and the municipal corporations and townships in which the 815
addresses are located. The request may include any relevant 816
information, documents, or materials that may be helpful for an 817
application. 818

Sec. 122.4051. Upon receipt of a request from a board of 819
county commissioners pursuant to section 122.4050 of the Revised 820
Code, the development services agency shall solicit, on behalf 821
of the county, applications for program grants for eligible 822
projects under the Ohio residential broadband expansion grant 823
program. Not later than seven days after receipt of the request, 824
the agency shall make the request, and any accompanying 825
information submitted with the request, available for review on 826
the agency's web site. The request shall remain available on the 827
web site for a period not to exceed two years. 828

Sec. 122.4053. An application for a program grant under 829
the Ohio residential broadband expansion grant program made in 830
response to a request under section 122.4050 of the Revised Code 831
shall fully comply with all of the program requirements. Nothing 832
in sections 122.4050, 122.4051, and 122.4053 of the Revised Code 833
shall be construed as providing relief from compliance with any 834
program requirements. 835

Sec. 122.4055. The development services agency shall not 836
be responsible for any failure by a broadband provider to 837
respond to a request made by the agency pursuant to section 838
122.4051 of the Revised Code or to submit an application for a 839
program grant under the Ohio residential broadband expansion 840
grant program. 841

Sec. 122.4060. (A) An eligible project shall not proceed 842
unless the broadband expansion program authority awards a 843
program grant under section 122.4043 of the Revised Code. 844

(B) After receiving a program grant award, the broadband 845
provider shall construct and install last mile broadband 846
infrastructure to the eligible project. 847

Sec. 122.4061. Under alternate payment term arrangements 848
made under section 122.4025 of the Revised Code, unless 849
otherwise negotiated, the participating legislative authorities 850
in which the eligible project is located shall assume all 851
financial responsibility for all of the eligible project costs 852
incurred by the broadband provider prior to completion of the 853
project or the award of a program grant. 854

Sec. 122.4063. (A) Nothing in sections 122.40 to 122.4077 855
of the Revised Code entitles the state of Ohio, the development 856
services agency, the broadband expansion program authority, or 857
any other governmental entity to any ownership or other rights 858
to broadband infrastructure constructed by a broadband provider 859
pursuant to a program grant awarded to an eligible project. 860

(B) Nothing in sections 122.40 to 122.4077 of the Revised 861
Code prevents an assignment, sale, change in ownership, or other 862
similar transaction associated with broadband infrastructure 863
constructed by a broadband provider pursuant to a program grant 864
awarded to an eligible project. No assignment, sale, change in 865
ownership, or other similar transaction relieves the successor 866
of any obligation under sections 122.40 to 122.4077 of the 867
Revised Code. 868

Sec. 122.4070. (A) Each broadband provider that receives a 869
program grant shall submit to the development services agency an 870
annual progress report on the status of the deployment of the 871
broadband network described in the eligible project for which 872
the program grant award was made. 873

(B) The broadband provider shall submit an operational 874

assessments may be appropriated and applied for the purposes for 981
which they were levied. 982

Sec. 303.251. (A) If a program grant is awarded for an 1082
eligible project under sections 122.40 to 122.4077 of the 1083
Revised Code, the board of county commissioners of the county in 1084
which the project is situated, by resolution, may levy a special 1085
assessment upon residential property within the county for the 1086
purpose of providing a contribution from the county towards the 1087
funding gap for the eligible project. Assessments under this 1088
section shall be levied only upon the residential property that 1089
is subject to the eligible project. Before adopting the 1090
resolution, the board shall send written notice to each affected 1091
property owner stating the estimated assessment for that 1092
property. If an owner objects to the stated estimated 1093
assessment, the owner shall file a written objection with the 1094
board not later than two weeks after the notice is mailed. The 1095
board shall review the written objections and may revise the 1096
estimated assessments before adopting the resolution. If the 1097
property owner objects to the final assessment for the property 1098
levied in the resolution, the owner may appeal the final 1099
assessment under Chapter 2506. of the Revised Code. 1100

total assessment that is not more than the county's contribution 1102
towards the funding gap for the eligible project as described in 1103
the application under section 122.4020 of the Revised Code. The 1104
board shall certify the amount to be levied upon each affected 1105
property to the county auditor, who shall enter the amount on 1106
the tax duplicate for collection by the county treasurer in 1107

equal semiannual installments in the same manner and at the same 1108
times as the collection of taxes on real property. Assessments 1109
shall be paid by owners of the properties upon which assessments 1110
are levied. 1111

(C) The assessments, when collected, shall be paid by the 1112
county auditor by warrant on the county treasurer into a special 1113
fund in the county treasury created for the purpose of funding 1114
an eligible project for which a program grant is awarded under 1115
sections 122.40 to 122.4077 of the Revised Code and that is 1116
located in the county. The board may expend moneys from the fund 1117
only for the purposes for which the assessments were levied. 1118

Sec. 505.881. (A) If a program grant is awarded for an 1119
eligible project under sections 122.40 to 122.4077 of the 1120
Revised Code, the board of township trustees in which the 1121
project is situated, by resolution, may levy a special 1122
assessment upon residential property within the township for the 1123
purpose of providing a contribution from the township towards 1124
the broadband funding gap for the eligible project. Assessments 1125
under this section shall be levied only upon the residential 1126
property that is subject to the eligible project. Before 1127
adopting the resolution, the board shall send written notice to 1128
each affected property owner stating the estimated assessment 1129
for that property. If an owner objects to the stated estimated 1130
assessment, the owner shall file a written objection with the 1131
board not later than two weeks after the notice is mailed. The 1132
board shall review the written objection and may revise the 1133
estimated assessment before adopting the resolution. If the 1134
property owner objects to the final assessment for the property 1135
levied in the resolution, the owner may appeal the final 1136
assessment under Chapter 2506. of the Revised Code. 1137

(B) The assessment shall be at a rate that will produce a 1138
total assessment that is not more than the township's 1139
contribution towards the funding gap for the eligible project as 1140
described in the application under section 122.4020 of the 1141
Revised Code. The board shall certify the amount to be levied 1142
upon each affected property to the county auditor, who shall 1143
enter the amount on the tax duplicate for collection by the 1144
county treasurer in equal semiannual installments in the same 1145
manner and at the same times as the collection of taxes on real 1146
property. Assessments shall be paid by owners of the properties 1147
upon which assessments are levied. 1148

(C) The assessments, when collected, shall be paid by the 1149
county auditor by warrant on the county treasurer into a special 1150
fund in the township treasury created for the purpose of funding 1151
an eligible project for which a program grant is awarded under 1152
sections 122.40 to 122.4077 of the Revised Code and that is 1153

fund only for the purposes for which the assessments were 1155
levied. 1156

dock, wharf, pier, public road, place, boulevard, parkway, or 1163
park entrance or an easement of the municipal corporation 1164
available for the purpose of the improvement to be made in it by 1165
grading, draining, curbing, paving, repaving, repairing, 1166
treating the surface with substances designed to lay the dust on 1167
it or preserve it, constructing sidewalks, piers, wharves, 1168

docks, retaining walls, sewers, sewage disposal works and 1169
treatment plants, sewage pumping stations, water treatment 1170
plants, water pumping stations, reservoirs, and water storage 1171
tanks or standpipes, together with the facilities and 1172
appurtenances necessary and proper therefor, drains, storm-water 1173
retention basins, watercourses, water mains, or laying of water 1174
pipe, or the lighting, sprinkling, sweeping, or cleaning 1175
thereof, or removing snow therefrom, any part of the cost and 1176
expense of planting, maintaining, and removing shade trees 1177
thereupon; any part of the cost of a voluntary action, as 1178
defined in section 3746.01 of the Revised Code, undertaken 1179
pursuant to Chapter 3746. of the Revised Code by a special 1180
improvement district created under Chapter 1710. of the Revised 1181

which the voluntary action is undertaken; any part of the cost 1183
and expense of constructing, maintaining, repairing, cleaning, 1184
and enclosing ditches; any part of the cost and expense of 1185
operating, maintaining, and replacing heating and cooling 1186
facilities for enclosed pedestrian canopies and malls; any part 1187
of the cost and expense of acquiring and improving parking 1188
facilities and structures for off-street parking of motor 1189
vehicles or of acquiring land and improving it by clearing, 1190
grading, draining, paving, lighting, erecting, constructing, and 1191
equipping it for parking facilities and structures for off- 1192
street parking of motor vehicles, to the extent authorized by 1193
section 717.05 of the Revised Code, but only if no special 1194
assessment made for the purpose of developing off-street parking 1195
facilities and structures is levied against any land being used 1196
solely for off-street parking or against any land used solely 1197
for single or two-family dwellings; any part of the cost and 1198
expense of operating and maintaining the off-street parking 1199
facilities and structures; and any part of the cost connected 1200

with changing the channel of, or narrowing, widening, dredging, 1201
deepening, or improving, any stream or watercourse, and for 1202
constructing or improving any levees or boulevards on any stream 1203
or watercourse, or along or about any stream or watercourse, 1204
together with any retaining wall, riprap protection, bulkhead, 1205
culverts, approaches, flood gates, waterways, or drains 1206
incidental to any stream or watercourse, or for making any other 1207
improvement of any river or lake front, whether it is privately 1208
or publicly owned, which the legislative authority declares 1209
conducive to the public health, convenience, or welfare. If a 1210
program grant is awarded for an eligible project under sections 1211
122.40 to 122.4077 of the Revised Code, a municipal corporation 1212
may levy, against dwellings that are subject to the project, a 1213
special assessment for the purpose of providing a contribution 1214
from the municipal corporation towards the funding gap for the 1215
project. The assessment shall be at a rate that will produce a 1216
total assessment that is not more than the municipal 1217
corporation's contribution towards the funding gap for the 1218
eligible project as described in the application under section 1219
122.4020 of the Revised Code. In addition, a municipal 1220
corporation may levy a special assessment for public improvement 1221
or public services plans of a district formed under Chapter 1222
1710. of the Revised Code, as provided in that chapter. Except 1223
as otherwise provided in Chapter 1710. of the Revised Code, 1224
special assessments may be levied by any of the following 1225
methods: 1226

(A) By a percentage of the tax value of the property 1227
assessed; 1228

(B) In proportion to the benefits that may result from the 1229
improvement; 1230

Sec. 4926.39. Subject to the venue requirements of 1350
section 4926.43 of the Revised Code, an electric cooperative or 1351

Sec. 4926.42. Subject to the venue requirements of section 1356
4926.43 of the Revised Code, the court of common pleas of the 1357
county in which an electric cooperative's Ohio headquarters is 1358
located has jurisdiction to hear complaints and to grant 1359
remedies with respect to sections 4926.01 to 4926.60 of the 1360
Revised Code regarding attachment disputes for which a complaint 1361
is filed. 1362

Sec. 4926.43. A hearing regarding a complaint filed under 1363
section 4926.39 of the Revised Code is a special statutory 1364
proceeding under division (C) of Civil Rule 1 of the Rules of 1365
Civil Procedure. Any civil proceeding under section 4926.39 of 1366
the Revised Code shall be conducted in accordance with the Rules 1367
of Civil Procedure, except that a complaint regarding pole 1368
attachment disputes with respect to sections 4926.01 to 4926.60 1369
of the Revised Code is not subject to general venue provisions 1370
in Civil Rule 3 of the Rules of Civil Procedure. To that extent 1371

proceeding under division (C) (8) of Civil Rule 1 of the Rules of 1373

Orders not specifically relating to venue are reviewable on 1385
appeal in the same manner as judgments in any civil action. 1386

Land acquisition actions pursuant to Chapter 163. of the 1387

pole attachment complaint filed with respect to sections 4926.01 1393
to 4926.60 of the Revised Code, the court shall determine, and a 1394
complainant shall establish, by a preponderance of the evidence, 1395
each of the following: 1396

(A) That any rate, term, or condition complained of is not 1397
just and reasonable or a denial of access was unlawful. 1398

(B) If the complaint concerns any rate, term, or 1399
condition, that such rate, term, or condition is contained in, 1400
or demanded by either party as a condition to entering into, 1401
either: 1402

(1) A new pole attachment agreement; or 1403

(2) An amendment, renewal, or replacement of an existing 1404
agreement that may be terminated, amended, renewed, or replaced 1405

on or after the effective date of this section; 1406

(C) If the complaint concerns any rate, term, or 1407
condition, that the provider and the electric cooperative first 1408
attempted to negotiate regarding the terms of a new, amended, 1409
renewed, or replaced agreement for a period of at least forty- 1410
five days prior to filing the complaint. 1411

Sec. 4926.48. (A) The complainant under section 4926.39 of 1412
the Revised Code has the burden of establishing a prima facie 1413
case that the rate, term, or condition complained of is not just 1414
and reasonable or that the denial of access was unlawful. 1415

(B) In a case involving a denial of access, the electric 1416
cooperative has the burden of establishing, by a preponderance 1417
of the evidence, that the denial was lawful, once a prima facie 1418
case is established by the complainant. 1419

Sec. 4926.51. In a complaint filed under section 4926.39 1420
of the Revised Code, if an electric cooperative claims that the 1421
proposed rate is lower than its incremental costs, the 1422
cooperative has the burden of establishing, by a preponderance 1423
of the evidence, its incremental costs. 1424

Sec. 4926.54. In a complaint filed under section 4926.39 1425
of the Revised Code, there is a rebuttable presumption that each 1426
of the following is just and reasonable: 1427

(A) The time frame to grant or deny access, if it is 1428
within the time frame established by the federal communications 1429
commission; 1430

(B) The process for make-ready work, if it is in 1431
accordance with the process for make-ready work under 47 U.S.C. 1432
224 and the federal communications commission orders and 1433
regulations implementing that section; 1434

(C) The charged rate, if the electric cooperative can show 1435
that its charged rate does not exceed an annual recurring 1436
attachment rate calculated in accordance with the cable pole 1437
attachment rate formula in 47 U.S.C. 224(d) and federal 1438
communications commission orders and regulations implementing 1439
that formula. 1440

Sec. 4926.57. (A) If, pursuant to a complaint filed under 1441
section 4926.39 of the Revised Code, a court of common pleas 1442
determines that any rate, term, or condition described in the 1443
complaint is not just and reasonable, it may do, but is not 1444
limited to doing, any of the following: 1445

(1) Terminate the rate, term, or condition and prescribe a 1446
just and reasonable rate, term, or condition; 1447

(2) Require entry into a pole attachment agreement on just 1448
and reasonable rates, terms, and conditions; 1449

(3) Require access to poles as provided under sections 1450
4926.06 to 4926.36 of the Revised Code; 1451

(4) Substitute in the pole attachment agreement the just 1452
and reasonable rate, term, or condition established by the 1453
court; 1454

(5) Order a refund or payment, as appropriate. 1455

(B) A refund or payment ordered under this section may not 1456
exceed the difference between the actual amount paid under the 1457
unjust and unreasonable rate, term, or condition and the amount 1458
that would have been paid under the rate, term, or condition 1459
established by the court for the period described in the 1460
complaint, provided that the period during which refunds or 1461
payments are made does not exceed two years. 1462

Sec. 4926.60. A court of common pleas determination 1463
resolving a complaint under sections 4926.39 to 4926.57 of the 1464
Revised Code shall be issued in the form of a final appealable 1465
order. 1466

Section 2. That existing sections 133.13 and 727.01 of the 1467
Revised Code are hereby repealed. 1468

Section 3. All items in this act are hereby appropriated 1469
as designated out of any moneys in the state treasury to the 1470
