WHEREAS, As a result of the Manhattan Project, the United States conducted the Trinity nuclear test, the first detonation of a nuclear device, in New Mexico on July 16, 1945; and

WHEREAS, In 1996, the United States Congress repealed the Nuclear Radiation and Secrecy Agreements Act, freeing atomic veterans to describe their military involvement in nuclear testing in order to file for benefits from the United States Department of Veterans Affairs; and

WHEREAS, Atomic veterans may be eligible for free medical care from the United States Department of Veterans Affairs and compensation in the form of a partial or full service-connected disability allowance, including potential payments to a surviving spouse or children; and
