(I) The Ohio health care plan and the providers 628
participating in the plan shall not discriminate on the basis of 629
race, color, religion, national origin, sexual orientation, 630

Sec. 3920.09. (A) The Ohio health care fund is hereby 634
established in the state treasury. The administrator of finance 635
of the Ohio health care agency shall administer and monitor the 636
Ohio health care fund. All moneys collected and received by the 637
Ohio health care plan shall be transmitted to the treasurer of 638
state for deposit into the Ohio health care fund, to be used to 639
finance the Ohio health care plan and to pay the costs of 640
compensation and training for displaced workers pursuant to 641
section 3920.11 of the Revised Code. 642

(B) The treasurer of state may invest the interest earned 643
by the Ohio health care fund in any manner authorized by the 644
Revised Code for the investment of state moneys. Any revenue or 645
interest earned from the investments shall be credited to the 646
Ohio health care fund. 647

(C) All provider claims for payment for health care 648
services rendered under the Ohio health care plan shall be 649
transmitted to the Ohio health care fund by the provider or the 650

provider claims shall be determined by the Ohio health care 652
board. 653

(D) All payments for health care services rendered under 654
the Ohio health care plan shall be disbursed from the Ohio 655
health care fund. The administrator of finance of the Ohio 656
health care agency shall establish a reserve account within the 657
Ohio health care fund. When the revenue available to the Ohio 658
health care plan in any biennium exceeds the total amount 659
expended or obligated during that biennium, the excess revenue 660
shall be transferred to the reserve account. The Ohio health 661
care board may use the money in the reserve account for expenses 662
of the Ohio health care agency or the Ohio health care plan. 663

(E) The administrator of finance of the Ohio health care 664
agency shall notify the Ohio health care board when the annual 665
expenditures or anticipated future expenditures of the Ohio 666
health care plan appear to be in excess of the revenues or 667
anticipated revenues for the same period. The Ohio health care 668
board shall implement appropriate cost control measures based on 669
the notification. The Ohio health care board shall seek a 670
special appropriation for the Ohio health care fund if the cost 671
control measures implemented do not reduce the Ohio health care 672
plan's expenditures to an amount that may be covered by its 673
revenue. 674

Sec. 3920.10. (A) The Ohio health care board shall 675
establish written procedures for the receipt and resolution of 676
disputes and grievances. The procedures shall provide for an 677
initial hearing before the appropriate regional health advisory 678
committee in accordance with division (F) of section 3920.03 of 679
the Revised Code. The board shall accord to the complainant and 680

the person who is the subject of a complaint the right to be 681
heard at the hearing. 682

(B) Any party aggrieved by an order or decision issued 683
pursuant to the procedures established in division (A) of this 684
section may appeal the order or decision to the court of common 685
pleas of the county in which the consumer resides. The appellant 686
shall file a notice of appeal with the Ohio health care board 687
within fifteen days of the filing of the appeal with the court 688
of common pleas. The appellant shall file evidence of the notice 689
with the court of common pleas within twenty days of the filing. 690
If the court of common pleas does not receive such evidence, 691
proceedings shall be stayed until the court receives the 692
required evidence. 693

(C) Appeals of denied claims may be submitted by Ohio 694
health care plan beneficiaries or providers, or businesses 695
selling medical equipment and supplies to the Ohio health care 696
board. The board shall conduct appeals in compliance with its 697
written procedures and both laws of this state and federal laws. 698

Sec. 3920.11. (A) The department of job and family 699
services shall determine which residents of this state employed 700
by a health care insurer, health insuring corporation, or other 701
health care related business, have lost employment as a result 702
of the implementation and operation of the Ohio health care 703
plan. The department also shall determine the amount of monthly 704
wages that the resident lost due to the plan's implementation. 705
The department shall attempt to position these displaced workers 706
in comparable positions of employment with the Ohio health care 707
agency. 708

(B) The department of job and family services shall 709
forward the information on the amount of monthly wages lost by 710

residents of this state due to the implementation of the Ohio 711
health care plan to the Ohio health care agency. The Ohio health 712
care agency shall determine the amount of compensation and 713
training that each displaced worker shall receive and shall 714
submit a claim to the Ohio health care fund for payment. A 715
displaced worker, however, shall not receive compensation from 716
the Ohio health care fund in excess of sixty thousand dollars 717
per year for two years. Compensation paid to the displaced 718
worker under this section shall serve as a supplement to any 719
compensation the worker receives from the department of job and 720
family services. 721

Sec. 3920.12. (A) Any employer operating in this state and 722
providing employees with benefits under a public or private 723
health care policy, plan, or agreement as of the date that 724
benefits are initially provided pursuant to this chapter, which 725
benefits are less valuable than those provided by the Ohio 726
health care plan, may participate in the Ohio health care plan 727
or shall provide additional benefits so that, until the 728
expiration of the policy, plan, or agreement, the benefits 729
provided by the employer at least equal the amount and scope of 730
the benefits provided by the Ohio health care plan. If an 731
employer chooses to provide additional benefits to match or 732
exceed the benefits provided by the Ohio health care plan, the 733
additional benefits shall include the employer's payment of any 734
employee premium contributions, copayments, and deductible 735
payments called for by the policy, contract, or agreement. 736
Employers are exempt from all health taxes imposed under this 737
chapter until the expiration of the policy, plan, or agreement, 738
at which point the employer and the employer's employees become 739
participants in the Ohio health care plan. 740

(B) A person covered by a health care policy, plan, or 741

agreement that has its premiums paid for in any part with public 742
money, including money from the state, a political subdivision, 743
state educational institution, public school, or other entity, 744
shall be covered by the Ohio health care plan on the day that 745
benefits become available under the Ohio health care plan. 746

(C) Health care insurers, health insuring corporations, 747
and other persons selling or providing health care benefits may 748
deliver, issue for delivery, renew, or provide health benefit 749
packages that do not duplicate the health benefit package 750
provided by the Ohio health care plan, but shall not, except as 751
provided by division (A) of this section, deliver, issue for 752
delivery, renew, or provide health benefit packages that 753
duplicate the health benefit package provided by the Ohio health 754
care plan. 755

Sec. 3920.13. The Ohio health care agency is subrogated to 756
all rights of a participant who has received benefits, or who 757
has a right to benefits, under any other policy or contract of 758
health care. 759

Sec. 3920.14. (A) All providers may participate in the 760
Ohio health care plan. 761

(B) The Ohio health care board and the technical and 762
medical advisory board shall assess the number of primary and 763
specialty providers needed to supply adequate health care 764
services to all participants in the Ohio health care plan, and 765
shall develop a plan to meet that need. The Ohio health care 766
board shall develop incentives for providers in order to 767
increase residents' access to health care services in unserved 768
or underserved areas of the state. 769

(C) The Ohio health care board annually shall evaluate 770

residents' access to trauma care, and shall establish measures 771
to ensure participants have equitable access to trauma care and 772
to specialized medical procedures and technology. 773

(D) The Ohio health care board, with the advice of the 774
technical and medical advisory board and the administrator of 775
quality assurance, shall define performance criteria and goals 776
for the Ohio health care plan and shall report to the general 777
assembly at least annually on the plan's performance. The Ohio 778
health care board shall establish a system to monitor the 779
quality of health care and patient and provider satisfaction 780
with that care and a system to devise improvements to the 781
provision of health care services. 782

(E) All providers subject to the Ohio health care plan 783
shall provide data upon request to the Ohio health care board, 784
which data the board requires to devise methods to maintain and 785
improve the provision of health care services. 786

(F) The Ohio health care board, with the advice of the 787
technical and medical advisory board, shall coordinate the Ohio 788
health care plan's provision of health care services with any 789
other state and local agencies that provide health care services 790
directly to their residents. 791

Sec. 3920.15. In the absence of fraud or bad faith, county 792
and city health commissioners, regional health advisory 793
committees, and the Ohio health care board and Ohio health care 794
agency, and their members and employees, shall incur no 795
liability in relation to the performance of their duties and 796
responsibilities under sections 3920.01 to 3920.15 of the 797
Revised Code. The state shall incur no liability in relation to 798
the implementation and operation of the Ohio health care plan. 799

Sec. 3920.21. (A) The Ohio health care board shall prepare 800
and recommend to the general assembly an annual budget for 801
health care that specifies and establishes a limit on total 802
annual state expenditures for health care provided pursuant to 803
sections 3920.01 to 3920.15 of the Revised Code. The budget 804
shall include all of the following components: 805

(1) A system budget covering all expenditures for the 806
system, in accordance with section 3920.22 of the Revised Code; 807

(2) Provider budgets for the fee-for-service and 808
integrated health delivery systems and for individual health 809
care facilities and their associated clinics, in accordance with 810
section 3920.23 of the Revised Code; 811

(3) A capital investment budget in accordance with section 812
3920.24 of the Revised Code; 813

(4) A purchasing budget in accordance with section 3920.25 814
of the Revised Code; 815

(5) A research and innovation budget in accordance with 816
section 3920.26 of the Revised Code. 817

(B) In preparing the budget, the Ohio health care board 818
shall consider anticipated increased expenditures and savings, 819
including projected increases in expenditures due to improved 820
access for underserved populations and improved reimbursement 821
for primary care, projected administrative savings under the 822
single-payer mechanism, projected savings in prescription drug 823
expenditures under competitive bidding and a single buyer, and 824
projected savings due to provision of primary care rather than 825
emergency room treatment. 826

Sec. 3920.22. (A) The system budget referred to in 827
division (A)(1) of section 3920.21 of the Revised Code shall 828

comprise the cost of the system, services and benefits provided, 829
administration, data gathering, planning and other activities, 830
and revenues deposited with the system account of the Ohio 831
health care fund. 832

The Ohio health care board shall limit administrative 833
costs to five per cent of the system budget and shall annually 834
evaluate methods to reduce administrative costs and report the 835
results of that evaluation to the general assembly. The board 836
shall also limit growth of health care costs in the system 837
budget by reference to changes in state gross domestic product, 838
population, employment rates, and other demographic indicators, 839
as appropriate. Moneys in the reserve account of the Ohio health 840
care fund shall not be considered as available revenues for 841
purposes of preparing the system budget. 842

(B) The Ohio health care board shall implement cost 843
control measures pursuant to division (A) of this section. 844
However, no cost control measure shall limit access to care that 845
is needed on an emergency basis or that is determined by a 846
patient's provider to be medically appropriate for a patient's 847
condition. 848

Possible mandatory cost control measures shall include the 849
following: 850

(1) Postponement of the introduction of new benefits or 851
benefit improvements; 852

(2) Postponement of new capital investment; 853

(3) Adjustment of provider budgets to correct for 854
inappropriate provider utilization; 855

(4) Establishment of a limit on provider reimbursement 856
above a specified amount of aggregate billing; 857

<u>(5) Deferred funding of the reserve account;</u>	858
<u>(6) Establishment of a limit on aggregate reimbursements to pharmaceutical manufacturers;</u>	859 860
<u>(7) Imposition of an eligibility waiting period in the event of substantial influx of individuals into the state for purposes of obtaining health care through the Ohio health care plan.</u>	861 862 863 864
<u>Sec. 3920.23.</u> (A) <u>The provider budgets referred to in division (A) (2) of section 3920.21 of the Revised Code shall include allocations for fee-for-service providers and capitated providers. These allocations shall consider the relative usage of fee-for-service providers and capitated providers. Each annual provider budget shall include adjustments to reflect changes in the utilization of services and the addition or exclusion of covered services made by the Ohio health care board upon the recommendation of the technical and medical advisory board and its staff.</u>	865 866 867 868 869 870 871 872 873 874
<u>(B) Providers shall choose whether they will be compensated as fee-for-service providers or as part of a capitated provider network.</u>	875 876 877
<u>(1) The budget for fee-for-service providers shall be divided among categories of licensed health care providers in order to establish a total annual budget for each category. Each of these category budgets shall be sufficient to cover all included services anticipated to be required by eligible individuals choosing fee-for-service at the rates negotiated or set by the Ohio health care board, except as necessary for cost containment purposes pursuant to section 3920.22 of the Revised Code.</u>	878 879 880 881 882 883 884 885 886

The board shall negotiate fee-for-service reimbursement rates or salaries for licensed health care providers. In the event negotiations are not concluded in a timely manner, the board shall establish the reimbursement rates. Reimbursement rates shall reflect the goals of the system. 887

(2) The budget shall detail all operating expenses for health care facilities or clinics that are not part of a capitated provider network. In establishing a health care facility budget, the Ohio health care board shall develop and utilize separate formulas that reflect the differences in cost of primary, secondary, and tertiary care services and health care services provided by academic medical centers. The board shall negotiate reimbursement rates with facilities and clinics. Reimbursement rates shall reflect the goals of the system. 892

All health care facilities, group practices, and integrated health care systems shall submit annual operating budget requests to the board and may choose to be reimbursed through a global facility budget or on a capitated basis. The board shall adjust budgets on the basis of the health risk of enrollees; the scope of services provided; proposed innovative programs that improve quality, workplace safety, or consumer, provider, or employee satisfaction; costs of providing care for nonmembers; and an appropriate operating margin. 901

separate private medical practice or health care facility. 917
Providers and health care facilities that operate on a capitated 918
basis shall report immediately any projected operating deficits 919
to the Ohio health care board. The board shall determine whether 920
the projected deficits reflect appropriate increases in health 921
care needs, in which case the board shall adjust the provider or 922
health care facility budget appropriately. If the board 923
determines that the deficit is not justifiable, no adjustment 924
shall be made. 925

(3) The board may terminate the funding for health care 926
