The rules shall also include the reasons for which a resident educator license may be renewed under division (A)(1)(a) of this section.

(4) Notwithstanding the requirement that each license issued under division (A)(1) of this section specify the grade band in which the educator is licensed to teach, a school district or community school may employ an educator to teach outside of the designated grade band by not more than two grade levels and for not more than two school years at a time. (1) Notwithstanding division (E) of section 119.03 and division (A)(1) of section 119.04 of the Revised Code, in the case of the adoption of any rule or the amendment or rescission of any rule that necessitates institutions' offering preparation programs for educators and other school personnel that are approved by the chancellor of higher education under section 3333.048 of the Revised Code to revise the curriculum of those programs, the effective date shall not be as prescribed in division (E) of section 119.03 and division (A)(1) of section 119.04 of the Revised Code. Instead, the effective date of such rules, or the amendment or rescission of such rules, shall be the date prescribed by section 3333.048 of the Revised Code.

(2) Notwithstanding the authority to adopt, amend, or rescind emergency rules in division (G) of section 119.03 of the Revised Code, this authority shall not apply to the state board of education with regard to rules for educator licenses.

(F)(1) The rules adopted under this section establishing standards requiring additional coursework for the renewal of any educator license shall require a school district and a chartered nonpublic school to establish local professional development committees. (2) In any school district in which there is no exclusive representative established under
Chapter 4117. of the Revised Code, the professional development committees shall be established as described in division (F)(2) of this section.

Not later than the effective date of the rules adopted under this section, the board of education of each school district shall establish the structure for one or more local professional development committees to be operated by such school district. The committee structure so established by a district board shall remain in effect unless within thirty days prior to an anniversary of the date upon which the current committee structure was established, the board provides notice to all affected district employees that the committee structure is to be modified. Professional development committees may have a district-level or building-level scope of operations, and may be established with regard to particular grade or age levels for which an educator license is designated.

Each professional development committee shall consist of at least three classroom teachers employed by the district, one principal employed by the district, and one other employee of the district appointed by the district superintendent. For committees with a building-level scope, the teacher and principal members shall be assigned to that building, and the teacher members shall be elected by majority vote of the classroom teachers assigned to that building. For committees with a district-level scope, the teacher members shall be elected by majority vote of the classroom teachers of the district, and the principal member shall be elected by a majority vote of the principals of the district, unless there are two or fewer principals employed by the district, in which case the one or two principals employed shall serve on the committee. If a committee has a particular grade or age level scope, the teacher members shall be licensed to teach such grade or age levels, and shall be elected by majority vote of the classroom teachers holding such a license and the principal shall be elected by all principals serving in buildings where any such teachers serve. The district superintendent shall appoint a replacement to fill any vacancy that occurs on a professional development committee, except in the case of vacancies among the elected classroom teacher members, which shall be filled by vote of the remaining members of the committee so selected.

Terms of office on professional development committees shall be prescribed by the district board establishing the committees. The conduct of elections for members of professional development committees shall be prescribed by the district board establishing the committees. A professional development committee may include additional members, except that the majority of members on each such committee shall be classroom teachers employed by the district. Any member appointed to fill a vacancy occurring prior to the expiration date of the term for which a predecessor was appointed shall hold office as a member for the remainder of that term.

The initial meeting of any professional development committee, upon election and appointment of all committee members, shall be called by a member designated by the district superintendent. At this initial meeting, the committee shall select a chairperson and such other officers the committee deems necessary, and shall adopt rules for the conduct of its meetings. Thereafter, the committee shall meet at the call of the chairperson or upon the filing of a petition with the district superintendent signed by a majority of the committee members calling for the
committee to meet.

(3) In the case of a school district in which an exclusive representative has been established pursuant to Chapter 4117. of the Revised Code, professional development committees shall be established in accordance with any collective bargaining agreement in effect in the district that includes provisions for such committees.

If the collective bargaining agreement does not specify a different method for the selection of teacher members of the committees, the exclusive representative of the district's teachers shall select the teacher members.

If the collective bargaining agreement does not specify a different structure for the committees, the board of education of the school district shall establish the structure, including the number of committees and the number of teacher and administrative members on each committee; the specific administrative members to be part of each committee; whether the scope of the committees will be district levels, building levels, or by type of grade or age levels for which educator licenses are designated; the lengths of terms for members; the manner of filling vacancies on the committees; and the frequency and time and place of meetings. However, in all cases, except as provided in division (F)(4) of this section, there shall be a majority of teacher members of any professional development committee, there shall be at least five total members of any professional development committee, and the exclusive representative shall designate replacement members in the case of vacancies among teacher members, unless the collective bargaining agreement specifies a different method of selecting such replacements.

(4) Whenever an administrator's coursework plan is being discussed or voted upon, the local professional development committee shall, at the request of one of its administrative members, cause a majority of the committee to consist of administrative members by reducing the number of teacher members voting on the plan.

(G)(1) The state board of education, educational service centers, county boards of developmental disabilities, college and university departments of education, head start programs, and the Ohio education computer network may establish local professional development committees to determine whether the coursework proposed by their employees who are licensed or certificated under this section or section 3319.222 of the Revised Code, or under the former version of either section as it existed prior to October 16, 2009, meet the requirements of the rules adopted under this section. They may establish local professional development committees on their own or in collaboration with a school district or other agency having authority to establish them.

Local professional development committees established by county boards of developmental disabilities shall be structured in a manner comparable to the structures prescribed for school districts in divisions (F)(2) and (3) of this section, as shall the committees established by any other entity specified in division (G)(1) of this section that provides educational services by employing or contracting for services of classroom teachers licensed or certificated under this section or section 3319.222 of the Revised Code, or under the former version of either section as it existed prior to
October 16, 2009. All other entities specified in division (G)(1) of this section shall structure their committees in accordance with guidelines which shall be issued by the state board.

(2) Educational service centers may establish local professional development committees to serve educators who are not employed in schools in this state, including pupil services personnel who are licensed under this section. Local professional development committees shall be structured in a manner comparable to the structures prescribed for school districts in divisions (F)(2) and (3) of this section.

These committees may agree to review the coursework, continuing education units, or other equivalent activities related to classroom teaching or the area of licensure that is proposed by an individual who satisfies both of the following conditions:

(a) The individual is licensed or certificated under this section or under the former version of this section as it existed prior to October 16, 2009.

Any committee that agrees to work with such an individual shall work to determine whether the proposed coursework, continuing education units, or other equivalent activities meet the requirements of the rules adopted by the state board under this section.

(3) Any public agency that is not specified in division (G)(1) or (2) of this section but provides educational services and employs or contracts for services of classroom teachers licensed or certificated under this section or section 3319.222 of the Revised Code, or under the former version of either section as it existed prior to October 16, 2009, may establish a local professional development committee, subject to the approval of the state board. The committee shall be structured in accordance with guidelines issued by the state board.

(H) Not later than July 1, 2016, the state board, in accordance with Chapter 119. of the Revised Code, shall adopt rules pursuant to division (A)(3) of this section that do both of the following:

(1) Exempt consistently high-performing teachers from the requirement to complete any additional coursework for the renewal of an educator license issued under this section or section 3319.26 of the Revised Code. The rules also shall specify that such teachers are exempt from any requirements prescribed by professional development committees established under divisions (F) and (G) of this section.

(2) For purposes of division (H)(1) of this section, the state board shall define the term "consistently high-performing teacher."

(I) The state board shall issue a resident educator license, professional educator license, senior professional educator license, lead professional educator license, or any other educator license in accordance with Chapter 4796. of the Revised Code to an applicant if either of the following applies:

The superintendent shall establish policies and procedures regarding the participation of children who do not have disabilities that are visual impairments.

The superintendent may establish reasonable fees for participation in the methods of instruction described in divisions (A) to (G) of this section to defray the costs of carrying them out. The diagnostic assessment shall be designed to measure student comprehension of academic content and mastery of related skills for the relevant subject area and grade level. Any diagnostic assessment shall not include components to identify gifted students. Blank copies of diagnostic assessments shall be public records.

The total amount of such payments for monitoring, oversight, and technical assistance of the school shall not exceed three per cent of the total amount of payments for operating expenses that the school receives from the state.

The contract shall specify the duties of the sponsor which shall be in accordance with the written agreement entered into with the department under division (B) of section 3314.015 of the Revised Code and shall include the following:

6. Have in place a plan of action to be undertaken in the event the community school experiences financial difficulties or closes prior to the end of a school year.

Upon the expiration of a contract entered into under this section, the sponsor of a
community school may, with the approval of the governing authority of the school, renew that contract for a period of time determined by the sponsor, but not ending earlier than the end of any school year, if the sponsor finds that the school's compliance with applicable laws and terms of the contract and the school's progress in meeting the academic goals prescribed in the contract have been satisfactory. A school shall not be considered permanently closed because the operations of the school have been suspended pursuant to section 3314.072 of the Revised Code.
