(D) The academic distress commission, in consultation with the ~~state superintendent~~ director of education and workforce and the chief executive officer, shall be responsible for expanding high-quality school choice options in the district. The commission, in consultation with the ~~state superintendent~~ director, may create an entity to act as a high-quality school accelerator for schools not operated by the district. The accelerator shall promote high-quality schools in the district, lead improvement efforts for underperforming schools, recruit high-quality sponsors for community schools, attract new high-quality schools to the district, and increase the overall capacity of schools to deliver a high-quality education for students. Any accelerator shall be an independent entity and the chief executive officer shall have no authority over the accelerator.

(E)(1) Within thirty days after the chief executive officer is appointed, the chief executive officer shall convene a group of community stakeholders. The provisions of this paragraph apply to a collective bargaining agreement entered into, modified, renewed, or extended on or after October 15, 2015, and those provisions are deemed to be part of that agreement regardless of whether the district satisfied the conditions prescribed in division (A) of this section at the time the district entered into that agreement. If the district board relinquished one or more of the rights or responsibilities listed in division (C) of section 4117.08 of the Revised Code in a collective bargaining agreement entered into prior to October 15, 2015, and had resumed holding those rights or responsibilities pursuant to division (K) of former section 3302.10 of the Revised Code, as it existed prior to that date, the district board shall continue to hold those rights or responsibilities until such time as both the new academic distress commission appointed under this section ceases to exist upon completion of the transition period specified in division (N)(1) of this section and the district board agrees to relinquish those rights or responsibilities in a new collective bargaining agreement.

The chief executive officer shall establish a separate fund to support innovative education programs and shall deposit any moneys appropriated by the general assembly for the purposes of division (G)(2) of this section in the fund. The chief executive officer shall have sole authority to disburse

moneys from the fund until the district is no longer subject to this section. All disbursements shall support the improvement plan approved under division (E)(2) of this section.

(3) If the district is not a school district in which the pilot project scholarship program is operating under sections 3313.974 to 3313.979 of the Revised Code, each student who is entitled to attend school in the district under section 3313.64 or 3313.65 of the Revised Code and is enrolled in a school operated by the district or in a community school, or will be both enrolling in any of grades kindergarten through twelve in this state for the first time and at least five years of age by the first day of January of the following school year, shall be eligible to participate in the educational choice scholarship pilot program established under sections 3310.01 to 3310.17 of the Revised Code and an application for the student may be submitted during the next application period.

(4) Notwithstanding anything to the contrary in the Revised Code, the chief executive officer may limit, suspend, or alter any contract with an administrator that is entered into, modified, renewed, or extended by the district board on or after October 15, 2015, provided that the chief executive officer shall not reduce any salary or base hourly rate of pay unless such salary or base hourly rate reductions are part of a uniform plan affecting all district employees and shall not reduce any insurance benefits unless such insurance benefit reductions are also applicable generally to other employees of the district.

(5) The chief executive officer shall represent the district board during any negotiations to modify, renew, or extend a collective bargaining agreement entered into by the board under Chapter 4117. of the Revised Code.

(1) The chief executive officer may reconstitute any school operated by the district. The chief executive officer shall present to the academic distress commission a plan that lists each school designated for reconstitution and explains how the chief executive officer plans to reconstitute the school. (f) Permanently close the school.

If the chief executive officer plans to reconstitute a school under division (H)(1)(e) or (f) of this section, the commission shall review the plan for that school and either approve or reject it by the thirtieth day of June of the school year. Upon approval of the plan by the commission, the chief executive officer shall reconstitute the school as outlined in the plan.

(2) Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the chief executive officer, in consultation with the chairperson of the academic distress commission, may reopen any collective bargaining agreement entered into, modified, renewed, or extended on or after October 15, 2015, for the purpose of renegotiating its terms. The chief executive officer shall have the sole discretion to designate any provisions of a collective bargaining agreement as subject to reopening by providing written notice to the bargaining representative. Any provisions designated for reopening by the chief executive officer shall be subject to collective bargaining as set forth in Chapter 4117. of the Revised Code. Any changes to the provisions subject to reopening shall take effect on the following first day of July or another date agreed to by the parties. The chief executive officer may reopen a collective bargaining agreement under division (H)(2) of this section as necessary to reconstitute a school under division (H)(1) of this section.

(I) If the report card for the district has been issued under section 3302.03 of the Revised Code for the second school year that the district is subject to this section and the district does not meet the qualification in division (N)(1) of this section, the following shall apply:

(1) The chief executive officer may exercise any of the powers authorized under division (H) of this section.

(2) Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the chief executive officer may limit, suspend, or alter any provision of a collective bargaining agreement entered into, modified, renewed, or extended on or after October 15, 2015, provided that the chief executive officer shall not reduce any base hourly rate of pay and shall not reduce any insurance benefits. The decision to limit, suspend, or alter any

provision of a collective bargaining agreement under this division is not subject to bargaining under Chapter 4117. of the Revised Code; however, the chief executive officer shall have the discretion to engage in effects bargaining on the way any such decision may affect wages, hours, or terms and conditions of employment. The chief executive officer may limit, suspend, or alter a provision of a collective bargaining agreement under division (I)(2) of this section as necessary to reconstitute a school under division (H)(1) of this section.

(J) If the report card for the district has been issued under section 3302.03 of the Revised Code for the third school year that the district is subject to this section and the district does not meet the qualification in division (N)(1) of this section, the following shall apply:

(1) The chief executive officer may exercise any of the powers authorized under division (H) or (I) of this section.

(2) The chief executive officer may continue in effect a limitation, suspension, or alteration of a provision of a collective bargaining agreement issued under division (I)(2) of this section. Any such continuation shall be subject to the requirements and restrictions of that division.

(K) If the report card for the district has been issued under section 3302.03 of the Revised Code for the fourth school year that the district is subject to this section and the district does not meet the qualification in division (N)(1) of this section, the following shall apply:

(1) The chief executive officer may exercise any of the powers authorized under division (H), (I), or (J) of this section.

(2) A new board of education shall be appointed for the district in accordance with section 3302.11 of the Revised Code. However, the chief executive officer shall retain complete operational, managerial, and instructional control of the district until the chief executive officer relinquishes that control to the district board under division (N)(1) of this section.

(L) If the report card for the district has been issued under section 3302.03 of the Revised Code for the fifth school year, or any subsequent school year, that the district is subject to this section and the district does not meet the qualification in division (N)(1) of this section, the chief executive officer may exercise any of the powers authorized under division (H), (I), (J), or (K)(1) of this section.

(M) If division (I), (J), (K), or (L) of this section applies to a district, community schools, STEM schools, chartered nonpublic schools, and other school districts that enroll students residing in the district and meet academic accountability standards shall be eligible to be paid an academic

performance bonus in each fiscal year for which the general assembly appropriates funds for that purpose. The academic performance bonus is intended to give students residing in the district access to a high-quality education by encouraging high-quality schools to enroll those students.

(N)(1) When a district subject to this section receives either an overall grade of "C" or higher under division (C)(3) of section 3302.03 of the Revised Code or an overall performance rating of three stars or higher under division (D)(3) of section 3302.03 of the Revised Code, the district shall begin its transition out of being subject to this section. Except as provided in division (N)(2) of this section, the transition period shall last until the district has received either an overall grade higher than "F" under division (C)(3) of section 3302.03 of the Revised Code or an overall performance rating of two stars or higher under division (D)(3) of section 3302.03 of the Revised Code for two consecutive school years after the transition period begins. The overall grade of "C" or higher or overall performance rating of three stars or higher that qualify the district to begin the transition period shall not count as one of the two consecutive school years. During the transition period, the conditions described in divisions (F) to (L) of this section for the school year prior to the school year in which the transition period begins shall continue to apply and the chief executive officer shall work closely with the district board and district superintendent to increase their ability to resume control of the district and sustain the district's academic improvement over time. Upon completion of the transition period, the chief executive officer shall relinquish all operational, managerial, and instructional control of the district to the district board and district superintendent and the academic distress commission shall cease to exist.

(2) If the district receives either an overall grade of "F" under division (C)(3) of section 3302.03 of the Revised Code or an overall performance rating of less than two stars under division (D)(3) of section 3302.03 of the Revised Code at any time during the transition period, the transition period shall end and the district shall be fully subject to this section again. The district shall resume being fully subject to this section at the point it began its transition out of being subject to this section and the division in divisions (H) to (L) of this section that would have applied to the district had the district not qualified to begin its transition under division (N)(1) of this section shall apply to the district.

(O) If at any time there are no longer any schools operated by the district due to reconstitution or other closure of the district's schools under this section, the academic distress commission shall cease to exist and the chief executive officer shall cease to exercise any powers with respect to the

district.

(P) Beginning on October 15, 2015, each collective bargaining agreement entered into by a school district board of education under Chapter 4117. of the Revised Code shall incorporate the provisions of this section.

(Q) The chief executive officer, the members of the academic distress commission, the ~~state superintendent~~director of education and workforce, and any person authorized to act on behalf of or assist them shall not be personally liable or subject to any suit, judgment, or claim for damages resulting from the exercise of or failure to exercise the powers, duties, and functions granted to them in regard to their functioning under this section, but the chief executive officer, commission, ~~state superintendent~~director, and such other persons shall be subject to mandamus proceedings to compel performance of their duties under this section.

(R) The ~~state superintendent~~ department of education and workforce shall not exempt any district from this section by approving an application for an innovative education pilot program submitted by the district under section 3302.07 of the Revised Code.

The academic distress commission shall appoint a new chief executive officer for the district as prescribed in division (C) of that section, and the chief executive officer shall reassume the powers that were being exercised under that section prior to July 1, 2022.

(2) If the district meets at least a majority of the academic improvement benchmarks established in its improvement plan at the end of the initial evaluation or, if applicable, after an extension granted by the ~~state superintendent~~ department under division (F)(1)(a) of this section, the

(2) The ~~state superintendent~~ director shall be a nonvoting member of the panel and shall serve as chairperson of the panel for the first two years of the panel's existence. After that time, the panel shall select one of its members as chairperson. The panel shall meet as necessary to make nominations at the call of the chairperson. All members of the panel shall serve at the pleasure of their appointing authority. A vacancy on the panel shall be filled

in the same manner as the initial appointment.

(E) Not later than thirty days after the nominating panel is convened, the panel shall nominate a slate of at least ten candidates for possible appointment to the district board of education. All candidates shall be residents of the school district and shall hold no elected public office. At least two of the candidates shall reside outside of the municipal corporation served by the mayor, if that municipal corporation does not contain all of the district's territory.

(F) Not later than thirty days after receiving the slate of candidates, the mayor shall select five members from the slate for appointment to the district board of education. Such an assignment may be made to an adjoining precinct in another county with the consent and approval of the board of elections of such other county. Notice of the election shall be published in a newspaper of general circulation in the district once a week for two consecutive weeks, or as provided in section 7.16 of the Revised Code, prior to the election. Nothing in this division shall preclude the nominating panel from nominating as a candidate a person who was a member of the board prior to the referendum election or shall preclude the mayor from appointing such a person to the new board.

(3) If a majority of the electors voting on the question proposed in division (G)(1) of this section disapprove the question, a new board of education shall be elected at the next regular election occurring in November of an odd-numbered year. (F) Upon completion of the audit and review, the school action team shall present its findings at a public hearing that complies with the same specifications prescribed in division (B) of this section. After the school action team presents its findings at the public hearing, it shall create a community learning center improvement plan that designates appropriate interventions, which may be based on the recommendations developed by the department under division (H)(1)(b) of this section.

If there is a federally mandated school improvement planning process, the team shall coordinate its work with that plan.

The school action team shall approve the plan by a majority vote.

(G) Upon approval of the plan by the school action team, the team shall submit the community learning center improvement plan to the same individuals described in division (C) of this section. Ballots shall be distributed and an election shall be conducted in the same manner as indicated under that division.

The school action team shall submit the plan to the district board of education or community school governing authority, if the results of the election under division (G) of this section are as follows:

(1) At least thirty per cent of parents and guardians of students enrolled in the eligible school building and students enrolled in a different building operated by a joint vocational school district but who are entitled to attend the school cast ballots by a date set by the board or governing authority, and of those ballots at least fifty per cent are in favor of initiating the process;

(B) Upon a request by the department under division (A) of this section for the data verification code of a student seeking a scholarship or a request by the student's parent for that code, the school district or community school shall submit that code to the department or parent in the manner specified by the department. If the student has not been assigned a code, because the student will be entering kindergarten during the school year for which the scholarship is sought, the district shall assign a code to that student and submit the code to the department or parent by a date specified by the department. If the district does not assign a code to the student by the specified date, the department shall assign a code to that student.

The department annually shall submit to each school district the name and data verification code of each student residing in the district who is entering kindergarten, who has been awarded a scholarship under the program, and for whom the department has assigned a code under this division.

(C) For the purpose of administering the applicable assessments prescribed under sections 3301.0710 and 3301.0712 of the Revised Code, as

required by section 3310.14 of the Revised Code, the department shall provide to each chartered nonpublic school that enrolls a scholarship student the data verification code for that student.

(D) The department and each chartered nonpublic school that receives a data verification code under this section shall not release that code to any person except as provided by law.

Any document relative to this program that the department holds in its files that contains both a student's name or other personally identifiable information and the student's data verification code shall not be a public record under section 149.43 of the Revised Code.

Sec. 3310.13. (A) No chartered nonpublic school shall charge any student whose family income is at or below two hundred per cent of the federal poverty guidelines, as defined in section 5101.46 of the Revised Code, a tuition fee that is greater than the total amount paid for that student under section 3317.022 of the Revised Code.

(B) A chartered nonpublic school may charge any other student who is paid a scholarship under that section up to the difference between the amount of the scholarship and the regular tuition charge of the school. Each chartered nonpublic school may permit such an eligible student's family to provide volunteer services in lieu of cash payment to pay all or part of the amount of the school's tuition not covered by the scholarship paid under section 3317.022 of the Revised Code.

(C) Each chartered nonpublic school that charges a scholarship student an additional amount as authorized under division (B) of this section shall annually report to the department of education and workforce in the manner prescribed by the department the following:

- (1) The number of students charged;
- (2) The average of the amounts charged to such students.

Sec. 3310.14. (A) Except as provided in division (B) of this section, each chartered nonpublic school that is not subject to division (K)(1) of section 3301.0711 of the Revised Code and enrolls students awarded scholarships under sections 3310.01 to 3310.17 of the Revised Code annually shall administer the assessments prescribed by section 3301.0710, 3301.0712, or 3313.619 of the Revised Code, as applicable, to each scholarship student enrolled in the school in accordance with section 3301.0711 of the Revised Code. Each chartered nonpublic school that is subject to this section shall report to the department of education and workforce the results of each assessment administered to each scholarship student under this section.

Nothing in this section requires a chartered nonpublic school to

administer any achievement assessment, except for an Ohio graduation test prescribed by division (B)(1) of section 3301.0710 or the college and work ready assessment system prescribed by division (B) of section 3301.0712 of the Revised Code to any student enrolled in the school who is not a scholarship student.

(B) A chartered nonpublic school that meets the conditions specified in division (K)(2) of section 3301.0711 of the Revised Code shall not be required to administer the elementary assessments prescribed by division (A) of section 3301.0710 of the Revised Code.

Sec. 3310.15. (A) The department of education and workforce annually shall compile the scores attained by scholarship students to whom an assessment is administered under section 3310.14 of the Revised Code. The scores shall be aggregated as follows:

(1) By state, which shall include all students awarded a scholarship under the educational choice scholarship pilot program and who were required to take an assessment under section 3310.14 of the Revised Code;

(2) By school district, which shall include all scholarship students who were required to take an assessment under section 3310.14 of the Revised Code and for whom the district is the student's resident district;

(3) By chartered nonpublic school, which shall include all scholarship students enrolled in that school who were required to take an assessment under section 3310.14 of the Revised Code.

(B) The department shall disaggregate the student performance data described in division (A) of this section according to the following categories:

(1) Grade level;

(2) Race and ethnicity;

(3) Gender;

(4) Students who have participated in the scholarship program for three or more years;

(5) Students who have participated in the scholarship program for more than one year and less than three years;

(6) Students who have participated in the scholarship program for one year or less;

(7) Economically disadvantaged students.

(C) The department shall post the student performance data required under divisions (A) and (B) of this section on its web site and, by the first day of February each year, shall distribute that data to the parent of each eligible student. In reporting student performance data under this division, the department shall not include any data that is statistically unreliable or

that could result in the identification of individual students. For this purpose, the department shall not report performance data for any group that contains less than ten students.

(D) The department shall provide the parent of each scholarship student with information comparing the student's performance on the assessments administered under section 3310.14 of the Revised Code with the average performance of similar students enrolled in the building operated by the student's resident district that the scholarship student would otherwise attend. In calculating the performance of similar students, the department shall consider age, grade, race and ethnicity, gender, and socioeconomic status.

Sec. 3310.16. (A) For the 2020-2021 school year and each school year thereafter, the department of education and workforce shall accept, process, and award scholarships each year for the educational choice scholarship pilot program under sections 3310.03 and 3310.032 of the Revised Code, as follows:

(1) The application period shall open on the first day of February prior to the first day of July of the school year for which a scholarship is sought. Not later than forty-five days after an applicant submits to the department of education and workforce a completed application, the department ~~of education~~ shall determine whether that applicant is eligible for a scholarship and notify the applicant whether or not the applicant is eligible. The department ~~of education~~ shall award a scholarship to each student with an approved application. However, for any application submitted after the beginning of the school year, the department ~~of education~~ shall prorate the amount of the awarded scholarship based on how much of the school year remains.

(2) In each school year, the department ~~of education~~ shall accept applications for conditional approval of a scholarship sought for that year or the next school year. Not later than five days after receiving an application under this division, the department ~~of education~~ shall grant conditional approval to an applicant who is eligible for a scholarship and notify the applicant whether or not conditional approval is granted.

(B) If the department determines an application submitted under this section contains an error or deficiency, the department shall notify the applicant who submitted that application not later than fourteen days after the application is submitted.

(C) The departments of education and workforce, job and family services, and taxation shall enter into a data sharing agreement so that, in administering this section, the department of education and workforce shall

be able to determine, based on the address provided in a student's application, whether that student is eligible for an educational choice scholarship under section 3310.03 of the Revised Code and whether the student meets the residency requirements for an educational choice scholarship under section 3310.032 of the Revised Code.

(D) No city, local, or exempted village school district shall have access to an application submitted under this section.

Sec. 3310.17. (A) The ~~state board~~ department of education and workforce shall adopt rules in accordance with Chapter 119. of the Revised Code prescribing procedures for the administration of the educational choice scholarship pilot program.

(B) The ~~state board and the~~ department of ~~education~~ shall not require chartered nonpublic schools to comply with any education laws or rules or other requirements that are not specified in sections 3310.01 to 3310.17 of the Revised Code or in rules necessary for the administration of the program, adopted under division (A) of this section, and that otherwise would not apply to a chartered nonpublic school.

Sec. 3310.41. (A) As used in this section:

(1) "Alternative public provider" means either of the following providers that agrees to enroll a child in the provider's special education program to implement the child's individualized education program and to which the child's parent owes fees for the services provided to the child:

(a) A school district that is not the school district in which the child is entitled to attend school;

(b) A public entity other than a school district.

(2) "Entitled to attend school" means entitled to attend school in a school district under section 3313.64 or 3313.65 of the Revised Code.

(3) "Formula ADM" has the same meaning as in section 3317.02 of the Revised Code.

(4) "Preschool child with a disability" and "individualized education program" have the same meanings as in section 3323.01 of the Revised Code.

(5) "Parent" has the same meaning as in section 3313.64 of the Revised Code, except that "parent" does not mean a parent whose custodial rights have been terminated. "Parent" also includes the custodian of a qualified special education child, when a court has granted temporary, legal, or permanent custody of the child to an individual other than either of the natural or adoptive parents of the child or to a government agency.

(6) "Qualified special education child" is a child for whom all of the following conditions apply:

(a) The school district in which the child is entitled to attend school has identified the child as autistic. A child who has been identified as having a "pervasive developmental disorder - not otherwise specified (PPD-NOS)" shall be considered to be an autistic child for purposes of this section.

(b) The school district in which the child is entitled to attend school has developed an individualized education program under Chapter 3323. of the Revised Code for the child.

(c) The child either:

(i) Was enrolled in the school district in which the child is entitled to attend school in any grade from preschool through twelve in the school year prior to the year in which a scholarship under this section is first sought for the child; or

(ii) Is eligible to enter school in any grade preschool through twelve in the school district in which the child is entitled to attend school in the school year in which a scholarship under this section is first sought for the child.

(7) "Registered private provider" means a nonpublic school or other nonpublic entity that has been approved by the department of education and workforce to participate in the program established under this section.

(8) "Special education program" means a school or facility that provides special education and related services to children with disabilities.

(B) There is hereby established the autism scholarship program. Under the program, the department of ~~education~~ shall pay a scholarship under section 3317.022 of the Revised Code to the parent of each qualified special education child upon application of that parent pursuant to procedures and deadlines established by rule of the ~~state board of education~~ department. Each scholarship shall be used only to pay tuition for the child on whose behalf the scholarship is awarded to attend a special education program that implements the child's individualized education program and that is operated by an alternative public provider or by a registered private provider, and to pay for other services agreed to by the provider and the parent of a qualified special education child that are not included in the individualized education program but are associated with educating the child. Upon agreement with the parent of a qualified special education child, the alternative public provider or the registered private provider may modify the services provided to the child. The purpose of the scholarship is to permit the parent of a qualified special education child the choice to send the child to a special education program, instead of the one operated by or for the school district in which the child is entitled to attend school, to receive the services prescribed in the child's individualized education program once the individualized education program is finalized and any other services

agreed to by the provider and the parent of a qualified special education child. The services provided under the scholarship shall include an educational component or services designed to assist the child to benefit from the child's education.

A scholarship under this section shall not be awarded to the parent of a child while the child's individualized education program is being developed by the school district in which the child is entitled to attend school, or while any administrative or judicial mediation or proceedings with respect to the content of the child's individualized education program are pending. A scholarship under this section shall not be used for a child to attend a public special education program that operates under a contract, compact, or other bilateral agreement between the school district in which the child is entitled to attend school and another school district or other public provider, or for a child to attend a community school established under Chapter 3314. of the Revised Code. However, nothing in this section or in any rule adopted by the ~~state board~~ department shall prohibit a parent whose child attends a public special education program under a contract, compact, or other bilateral agreement, or a parent whose child attends a community school, from applying for and accepting a scholarship under this section so that the parent may withdraw the child from that program or community school and use the scholarship for the child to attend a special education program for which the parent is required to pay for services for the child.

Except for development of the child's individualized education program, the school district in which a qualified special education child is entitled to attend school and the child's school district of residence, as defined in section 3323.01 of the Revised Code, if different, are not obligated to provide the child with a free appropriate public education under Chapter 3323. of the Revised Code for as long as the child continues to attend the special education program operated by either an alternative public provider or a registered private provider for which a scholarship is awarded under the autism scholarship program. If at any time, the eligible applicant for the child decides no longer to accept scholarship payments and enrolls the child in the special education program of the school district in which the child is entitled to attend school, that district shall provide the child with a free appropriate public education under Chapter 3323. of the Revised Code.

A child attending a special education program with a scholarship under this section shall continue to be entitled to transportation to and from that program in the manner prescribed by law.

(C) As prescribed in division (A)(2)(h) of section 3317.03 of the Revised Code, a child who is not a preschool child with a disability for

whom a scholarship is awarded under this section shall be counted in the formula ADM of the district in which the child is entitled to attend school and not in the formula ADM of any other school district.

(D) A scholarship shall not be paid under section 3317.022 of the Revised Code to a parent for payment of tuition owed to a nonpublic entity unless that entity is a registered private provider. The department shall approve entities that meet the standards established by rule of the ~~state board~~ department for the program established under this section.

(E) The ~~state board~~ department shall adopt rules under Chapter 119. of the Revised Code prescribing procedures necessary to implement this section, including, but not limited to, procedures and deadlines for parents to apply for scholarships, standards for registered private providers, and procedures for approval of entities as registered private providers.

The rules also shall specify that intervention services under the autism scholarship program may be provided by a qualified, credentialed provider, including, but not limited to, all of the following:

(1) A behavior analyst certified by a nationally recognized organization that certifies behavior analysts;

(2) A psychologist licensed to practice in this state under Chapter 4732. of the Revised Code;

(3) An independent school psychologist or school psychologist licensed to practice in this state under Chapter 4732. of the Revised Code;

(4) Any person employed by a licensed psychologist, licensed independent school psychologist, or licensed school psychologist, while carrying out specific tasks, under the licensee's supervision, as an extension of the licensee's legal and ethical authority as specified under Chapter 4732. of the Revised Code who is ascribed as "psychology trainee," "psychology assistant," "psychology intern," or other appropriate term that clearly implies their supervised or training status;

(5) Unlicensed persons holding a doctoral degree in psychology or special education from a program approved by the ~~state board~~ department;

(6) Any other qualified individual as determined by the ~~state board~~ department.

(F) The department shall provide reasonable notice to all parents of children receiving a scholarship under the autism scholarship program, alternative public providers, and registered private providers of any amendment to a rule governing, or change in the administration of, the autism scholarship program.

Sec. 3310.411. Any registered private provider approved to participate in the autism scholarship program and any of its employees shall be subject

to a criminal records check as specified in sections 109.57 and 109.572 of the Revised Code. The registered private provider shall submit the results of any records checks to the department of education and workforce. The department shall use the information submitted to enroll the individual for whom a records check is completed in the retained applicant fingerprint database, established under section 109.5721 of the Revised Code, in the same manner as any teacher licensed under sections 3319.22 to 3319.31 of the Revised Code.

Sec. 3310.42. (A) Only for the purpose of administering the autism scholarship program, the department of education and workforce may request from any of the following entities the data verification code assigned under division (D)(2) of section 3301.0714 of the Revised Code to any child who is seeking a scholarship under the program:

- (1) The school district in which the child is entitled to attend school;
- (2) If applicable, the community school in which the child is enrolled;
- (3) The independent contractor engaged to create and maintain data verification codes.

(B) Upon a request by the department under division (A) of this section for the data verification code of a child seeking a scholarship or a request by the child's parent for that code, the school district or community school shall submit that code to the department or parent in the manner specified by the department. If the child has not been assigned a code, because the child will be entering preschool or kindergarten during the school year for which the scholarship is sought, the district shall assign a code to that child and submit the code to the department or parent by a date specified by the department. If the district does not assign a code to the child by the specified date, the department shall assign a code to the child.

The department annually shall submit to each school district the name and data verification code of each child residing in the district who is entering preschool or kindergarten, who has been awarded a scholarship under the program, and for whom the department has assigned a code under this division.

(C) The department shall not release any data verification code that it receives under this section to any person except as provided by law.

(D) Any document relative to the autism scholarship program that the department holds in its files that contains both a child's name or other personally identifiable information and the child's data verification code shall not be a public record under section 149.43 of the Revised Code.

When the marriage of the natural or adoptive parents of the student has been terminated by a divorce, dissolution of marriage, or annulment, or when the natural or adoptive parents of the student are living separate and apart under a legal separation decree, and a court has issued an order allocating the parental rights and responsibilities with respect to the child, "eligible applicant" means the residential parent as designated by the court. If the court issues a shared parenting decree, "eligible applicant" means either parent. "Eligible applicant" does not mean a parent whose custodial rights have been terminated.

(2) The custodian of a qualified special education child, when a court has granted temporary, legal, or permanent custody of the child to an individual other than either of the natural or adoptive parents of the child or to a government agency;

(3) The guardian of a qualified special education child, when a court has appointed a guardian for the child;

(b) Is eligible to enter school in any grade kindergarten through twelve in the school district in which the child is entitled to attend school in the school year in which a scholarship is first sought for the child.

The scholarship shall be used only to pay all or part of the fees for the child to attend the special education program operated by the alternative public provider or registered private provider to implement the child's individualized education program, in lieu of the child's attending the special education program operated by the school district in which the child is entitled to attend school, and other services agreed to by the provider and eligible applicant that are not included in the individualized education program but are associated with educating the child. Beginning in the 2014-2015 school year, if the child is receiving special education services for a disability specified in division (A) of section 3317.013 of the Revised Code, the scholarship shall be used only to pay for related services that are included in the child's individualized education program. However, the department shall not adopt specific dates for application deadlines for scholarships under the program.

Sec. 3310.521. (A) As a condition of receiving payments for a scholarship, each eligible applicant shall attest to receipt of the profile prescribed by division (B) of this section. Such attestation shall be made and submitted to the department of education and workforce in the form and

The registered private provider shall report to the department the results of each assessment so administered under division (B) of this section.

(C) Nothing in this section requires any chartered nonpublic school that is a registered private provider to administer any achievement assessment, except for an Ohio graduation test prescribed by division (B)(1) of section 3301.0710 or the college and work ready assessment system prescribed by division (B) of section 3301.0712 of the Revised Code to any student enrolled in the school who is not a scholarship student.

Sec. 3310.53. (A) Except for development of the child's individualized education program, as specified in division (B) of this section, the school district in which a qualified special education child is entitled to attend school and the child's school district of residence, if different, are not obligated to provide the child with a free appropriate public education under Chapter 3323. of the Revised Code for as long as the child continues to attend the special education program operated by either an alternative public provider or a registered private provider for which a scholarship is awarded under the Jon Peterson special needs scholarship program. If at any time, the eligible applicant for the child decides no longer to accept scholarship payments and enrolls the child in the special education program of the school district in which the child is entitled to attend school, that district shall provide the child with a free appropriate public education under Chapter 3323. of the Revised Code.

(B) Each eligible applicant and each qualified special education child have a continuing right to the development of an individualized education program for the child that complies with Chapter 3323. of the Revised Code, 20 U.S.C. 1400 et seq., and administrative rules or guidelines adopted by the ~~Ohio~~ department of education and workforce or the United States department of education. The school district in which a qualified special education child is entitled to attend school, or the child's school district of residence if different, shall develop each individualized education program for the child in accordance with those provisions.

(C) Each school district shall notify an eligible applicant of the applicant's and qualified special education child's rights under sections 3310.51 to 3310.64 of the Revised Code by providing to each eligible

applicant the comparison document prescribed in section 3323.052 of the Revised Code. An eligible applicant's receipt of that document, as acknowledged in a format prescribed by the department of education and workforce, shall constitute notice that the eligible applicant has been informed of those rights. Upon receipt of that document, subsequent acceptance of a scholarship constitutes the eligible applicant's informed consent to the provisions of sections 3310.51 to 3310.64 of the Revised Code.

Sec. 3310.58. No nonpublic school or entity shall receive payments from an eligible applicant for services for a qualified special education child under the Jon Peterson special needs scholarship program until the school or entity registers with the ~~superintendent of public instruction~~department of education and workforce. A plan shall provide for the terms of the appointed board members. The appointed board members in each plan shall be appointed by a majority vote of the full number of elected members on the board and vacancies shall be filled as provided in the plan. The ~~superintendent's~~ director's order shall provide for the equitable division and disposition of the assets, property, debts, and obligations of the service center among the school districts that were client school districts of the service center for the service center's last fiscal year of operation. The ~~superintendent's~~ director's order shall provide that the tax duplicate of each of those school districts shall be bound for and assume the district's equitable share of the outstanding indebtedness of the service center. The ~~superintendent's~~ director's order is final and is not appealable.

Immediately upon the abolishment of the service center governing board pursuant to this section, the ~~superintendent of public instruction~~ director shall appoint a qualified individual to administer the dissolution of the service center and to implement the terms of the ~~superintendent's~~ director's dissolution order.

When the board of education of a local school district notifies the governing board of the educational service center on or before the first day of May in any year, that it has adopted, by a majority vote of its full membership, a declaration that such local school district shall be exempt from the supervision of the educational service center governing board, such

local school district shall be exempt from the supervision of the educational service center governing board for the school year commencing the first day of July following the date of such notification.

The local school district so exempted from the supervision of the educational service center governing board shall be known as an "exempted village school district" until its status as an exempted village school district has been changed.

A census taken by the board of a local school district, of territory outside the corporate limits of a village, shall be taken by persons appointed by such board. Each person so appointed shall take an oath or affirmation to take such a census accurately and shall make the return under oath to the treasurer of the board. The treasurer shall send certified copies of such census to the county auditor and to the ~~superintendent of public instruction~~ director of education and workforce. Such plan shall be submitted to the ~~state board~~ department of education and workforce by the initiating unit.

Sec. 3311.17. On approval of the plan by the ~~state board~~ department of education and workforce, the initiating unit shall file a copy of such plan with the board of education of each district whose territory is proposed to be included in the proposed joint vocational school district. Within thirty days after receiving such copy, such board of education shall determine whether its district shall become a part of the proposed joint vocational school district. If one or more boards of education decide not to become a part of such proposed district, a revised plan shall be prepared by the initiating unit, and if such revised plan is approved by the ~~state board of education~~ department, such initiating unit shall file the revised plan with the

board of education of each district whose territory is proposed to be included in the proposed joint vocational school district. Within thirty days thereafter, each such district shall determine whether its district shall become a part of the proposed joint vocational school district.

Sec. 3311.191. (A)(1) Subject to division (A)(2) of this section, if a joint vocational school district has an even number of member districts each appointing a member to the joint vocational school district board of education and the joint vocational school district's plan on file with the department of education and workforce provides for one additional board member to be appointed on a rotating basis by one of the appointing boards, the term of that additional member shall be for one year. The additional member shall otherwise meet the requirements for joint vocational school board members prescribed by section 3311.19 of the Revised Code.

On the adoption of a resolution of approval by the board of education of the joint vocational school district, it shall advertise a copy of such resolution in a newspaper of general circulation in the school district proposing to become a part of such joint vocational school district once each week for two weeks, or as provided in section 7.16 of the Revised Code, immediately following the date of the adoption of such resolution. Such resolution shall not become effective until the later of the sixty-first day after its adoption or until the board of elections certifies the results of an election in favor of joining of the school district to the joint vocational school district if such an election is held under division (B) of this section.

(B) During the sixty-day period following the date of the adoption of a resolution to join a school district to a joint vocational school district under division (A) of this section, the electors of the school district that proposes joining the joint vocational school district may petition for a referendum vote on the resolution. The petition shall be filed with the board of elections of the county

in which the school district is located. If the school district is located in more than one county, the petition shall be filed with the board of elections of the county in which the majority of the territory of the school district is located. The board shall certify the validity and sufficiency of the signatures on the petition.

The board of elections shall immediately notify the board of education of the joint vocational school district and the board of education of the school district that proposes joining the joint vocational school district that the petition has been filed.

The effect of the resolution shall be stayed until the board of elections certifies the validity and sufficiency of the signatures on the petition. If the board of elections determines that the petition does not contain a sufficient number of valid signatures and sixty days have passed since the adoption of the resolution, the resolution shall become effective.

If the board of elections certifies that the petition contains a sufficient number of valid signatures, the board shall submit the question to the qualified electors of the school district on the day of the next general or primary election held at least ninety days after but no later than six months after the board of elections certifies the validity and sufficiency of signatures on the petition. (B)(1) The chief executive officer of a municipal school district shall develop, implement, and regularly update a plan to measure student academic performance at each school within the district. The plan developed by the chief executive officer shall include a component that requires the parents or guardians of students who attend the district's schools to attend, prior to the fifteenth day of December each year, at least one parent-teacher conference or similar event held by the school the student attends to provide an opportunity for the parents and guardians to meet the student's teachers, discuss expectations for the student, discuss the student's performance, and foster communication between home and school.

(2) Where measurements demonstrate that students in particular schools are not achieving, or are not improving their achievement levels at an acceptable rate, the plan shall contain provisions requiring the chief executive officer, with the concurrence of the board, to take corrective action within those schools, including, but not limited to, reallocation of academic and financial resources, reassignment of staff, redesign of academic programs, adjusting the length of the school year or school day, and deploying additional assistance to students.

Collectively, these items shall be known as the "corrective plan." The corrective plan is not intended to be used as a cost savings measure; rather, it is intended to improve student performance at targeted schools.

Immediately after developing the corrective plan, the chief executive officer and the presiding officer of each labor organization whose members will be affected by the corrective plan shall each appoint up to four individuals to form one or more corrective action teams. The chief executive officer and any corrective action team are not bound by the applicable provisions of collective bargaining agreements in developing recommendations for and implementing the corrective plan.

It shall include annual distribution to all parents and guardians of an information card specifying the names and business addresses and telephone numbers of the ombudspersons appointed under section 3311.72 of the Revised Code and other employees of the district board of education who may serve as information resources for parents and guardians.

Sec. 3311.741. (A) This section applies only to a municipal school district in existence on July 1, 2012.

Any reduction so approved shall not result in fewer hours of instruction per school year than the applicable number of hours required under division (A) of this section.

(D) Prior to making any change in the hours or days in which a high school under its jurisdiction is open for instruction, the board of education of each city, exempted village, and local school district shall consider the compatibility of the proposed change with the scheduling needs of any joint vocational school district in which any of the high school's students are also enrolled. The board shall consider the impact of the proposed change on student access to the instructional programs offered by the joint vocational school district, incentives for students to participate in career-technical education, transportation, and the timing of graduation. The board shall provide the joint vocational school district board with advance notice of the proposed change and the two boards shall enter into a written agreement prescribing reasonable accommodations to meet the scheduling needs of the joint vocational school district prior to implementation of the change.

The auditor shall deliver a copy of each request from a board of education to the ~~superintendent of public instruction~~ director. In the case of a school district not under a fiscal emergency pursuant to Chapter 3316. of the Revised Code the auditor shall not issue a finding under this section until written notification is received from the ~~superintendent~~ director pursuant to section 3313.487 of the Revised Code.

(B) If the auditor of state finds that the board of education has attempted to avail itself to the fullest extent authorized by law of all lawful revenue sources available to it except those authorized by section 5705.21 of the Revised Code, the auditor shall certify that finding to the ~~superintendent of public instruction and the state board~~ department of education and workforce and shall certify the operating deficit the district will have at the end of the fiscal year if it commences or continues operating its instructional program in accordance with its adopted school calendar and pays all obligated expenses.

(C) No board of education may delay the opening of its schools or close its schools for financial reasons. Upon the request of the ~~superintendent of public instruction~~ director of education and workforce, the attorney general shall seek injunctive relief and any other relief required to enforce this

prohibition in the court of common pleas of Franklin county. The court of common pleas of Franklin county has exclusive original jurisdiction over all such actions.

(D) Upon the receipt of any certification of an operating deficit from the auditor of state, a board of education shall make application to a commercial bank, underwriter, or other prospective lender or purchaser of its obligations for a loan in an amount sufficient to enable the district to open or remain open for instruction on all days set forth in its adopted school calendar but not to exceed the amount of the deficit certified.

(E)(1) Any board of education that has applied for and been denied a loan from a commercial bank, underwriter, or other prospective lender or purchaser of its obligations pursuant to division (D) of this section shall submit to the ~~superintendent of public instruction~~ director of education and workforce a plan for implementing reductions in the school district's budget; apply for a loan from a commercial bank, underwriter, or other prospective lender or purchaser of its obligations in an amount not to exceed its certified deficit; and provide the ~~superintendent~~ director such information as the ~~superintendent~~ director requires concerning its application for such a loan. The board of education of a school district declared to be under a fiscal watch pursuant to division (A) of section 3316.03 of the Revised Code may, upon approval of the ~~superintendent~~ director, utilize the financial plan required by section 3316.04 of the Revised Code, or applicable parts thereof, as the plan required under this division. The board of education of a school district declared to be under a fiscal emergency pursuant to division (B) of section 3316.03 of the Revised Code may utilize the financial recovery plan for the district, or applicable parts thereof, as the plan required under this division. Except for the plan of a school district under a fiscal emergency, the ~~superintendent~~ director shall evaluate, make recommendations concerning, and approve or disapprove each plan. When a plan is submitted, the ~~superintendent~~ director shall immediately notify the members of the general assembly whose legislative districts include any or all of the territory of the school district submitting the plan.

(2) The ~~superintendent~~ director shall submit to the controlling board a copy of each plan the ~~superintendent~~ director approves, or each plan submitted by a district under a fiscal emergency pursuant to division (B) of section 3316.03 of the Revised Code, and the general terms of each proposed loan, and shall make recommendations regarding the plan and whether a proposed loan to the board of education should be approved for payment as provided in division (E)(3) of this section. The controlling board shall approve or disapprove the plan and the proposed loan presented to it by

the ~~superintendent~~director. In the case of a district not under a fiscal emergency pursuant to division (B) of section 3316.03 of the Revised Code, the controlling board may require a board of education to implement the ~~superintendent's~~ director's recommendations for expenditure reductions or impose other requirements. Loan repayments shall be in accordance with a schedule approved by the ~~superintendent~~director, except that the principal amount of the loan shall be payable in monthly, semiannual, or annual installments of principal and interest that are substantially equal principal and interest installments. Except as otherwise provided in division (E)(2) of this section, repayment shall be made no later than the fifteenth day of June of the second fiscal year following the approval of the loan. A school district with a certified deficit in excess of either twenty-five million dollars or fifteen per cent of the general fund expenditures of the district during the fiscal year shall repay the loan no later than the fifteenth day of June of the tenth fiscal year following the approval of the loan. In deciding whether to approve or disapprove a proposed loan, the controlling board shall consider the deficit certified by the auditor of state pursuant to this section. A board of education that has an outstanding loan approved pursuant to this section with a repayment date of more than two fiscal years after the date of approval of such loan may not apply for another loan with such a repayment date until the outstanding loan has been repaid.

(3) If a board of education has submitted and received controlling board approval of a plan and proposed loan in accordance with this section, the ~~superintendent of public instruction~~ director of education and workforce shall report to the controlling board the actual amounts loaned to the board of education. Such board of education shall request the ~~superintendent~~ director to pay any funds the board of education would otherwise receive pursuant to Chapter 3306. of the Revised Code first directly to the holders of the board of education's notes, or an agent thereof, such amounts as are specified under the terms of the loan. Such payments shall be made only from and to the extent of money appropriated by the general assembly for purposes of such sections. No note or other obligation of the board of education under the loan constitutes an obligation nor a debt or a pledge of the faith, credit, or taxing power of the state, and the holder or owner of such note or obligation has no right to have taxes levied by the general assembly for the payment of such note or obligation, and such note or obligation shall contain a statement to that effect.

(4) Pursuant to the terms of such a loan, a board of education may issue its notes in anticipation of the collection of its voted levies for current expenses or its receipt of such state funds or both. Such notes shall be issued

in accordance with division (E) of section 133.10 of the Revised Code and constitute Chapter 133. securities to the extent such division and the otherwise applicable provisions of Chapter 133. of the Revised Code are not inconsistent with this section, provided that in any event sections 133.24 and 5705.21 and divisions (A), (B), (C), and (E)(2) of section 133.10 of the Revised Code do not apply to such notes.

(5) Notwithstanding section 133.36 or 3313.17, any other section of the Revised Code, or any other provision of law, a board of education that has received a loan under this section may not declare bankruptcy, so long as any portion of such loan remains unpaid.

(F) Under this section and section 3313.4810, "board of education" or "district board" includes the financial planning and supervision commission of a school district under a fiscal emergency pursuant to Chapter 3316. of the Revised Code where such commission chooses to exercise the powers and duties otherwise required of the district board of education under this section and section 3313.4810 of the Revised Code.

Sec. 3313.484. No loan shall be approved under sections 3313.483 to 3313.4810 of the Revised Code after March 1, 1998.

By the last day of June each year, the department of education and workforce shall calculate and pay a subsidy to every school district that during the current fiscal year paid and was obligated to pay interest on a loan under sections 3313.483 to 3313.4810 of the Revised Code in excess of two per cent simple interest. The amount of the subsidy shall equal the difference between the amount of interest the district paid and was obligated to pay during the year and the interest that the district would have been obligated to pay if the interest rate on the loan had been two per cent per year.

Sec. 3313.487. (A) Upon receipt of a copy of a request for a determination under section 3313.483 of the Revised Code or upon the issuance of written notification under division (B) of section 3313.489 of the Revised Code, the ~~superintendent of public instruction~~ department of education and workforce shall analyze the district's financial condition and ascertain what elements of the district's educational program exceed or fail to meet the minimum standards of the ~~state board~~ director of education and workforce and requirements set forth in the Revised Code, and what, if any, additional revenues or revenue sources may be available to the district that are not included in its official certificate or amended certificate of estimated resources. The ~~superintendent~~ director shall make a written report of the ~~superintendent's~~ director's findings to the school district's board of education; and the auditor of state; ~~and the state board of education~~. The

report shall include any recommendations, including reductions in programs which exceed minimum standards of the ~~state board of education~~ director or requirements set forth in the Revised Code, that, if followed, would enable the district to reduce its expenses while operating an educational program that is responsive to the educational needs of the school district in accordance with its adopted school calendar. The ~~superintendent~~ director may determine that a responsive educational program requires the inclusion of elements exceeding the minimum standards of the ~~state board of education~~ director or requirements of the Revised Code. If, upon completion of the analysis and findings as provided in this division, the ~~superintendent~~ director determines that the district will be financially unable to operate its educational program in accordance with its adopted school calendar and pay all obligated expenses, the ~~superintendent~~ director shall notify the auditor of state in writing. Upon receipt of such notification, the auditor of state shall issue findings pursuant to section 3313.483 of the Revised Code.

(B) Upon the receipt of the ~~superintendent of public instruction's~~ director of education and workforce's report under division (A) of this section or a certification from the auditor of state under section 3313.483 of the Revised Code, the ~~state board of education~~ director may, at any time during the next ninety days, issue an order making the school district subject to section 3313.488 of the Revised Code if it finds the school district is not able to operate an educational program from existing revenue sources during the current and the ensuing school year. Such order shall take immediate effect, and such section shall apply to the school district. ~~Prior to the issuance of any order under this division, the state board of education may request from the superintendent of public instruction a recommendation regarding the matter of the issuance of an order making a school district subject to section 3313.488 of the Revised Code.~~ A board of education may appeal the order on questions of fact to the court of common pleas of Franklin county.

(C) Notwithstanding division (B) of this section, the ~~state board of education~~ director shall issue an order making a school district subject to section 3313.488 of the Revised Code if the district fails to enter into a loan agreement with a commercial lending institution within forty-five days of the deficit certification pursuant to section 3313.483 of the Revised Code. If the ~~state board~~ director issues an order under this division, the ~~superintendent of public instruction~~ director shall apply for a loan from a commercial lending institution pursuant to section 3313.483 of the Revised Code on behalf of the district. The ~~superintendent~~ director shall have full authority to act on behalf of the board of education of a school district with

respect to the making of loan agreements, and any loan agreement made by the ~~superintendent~~ director shall be fully binding on the school district.

(D) This section does not apply to a school district declared to be under a fiscal emergency pursuant to division (B) of section 3316.03 of the Revised Code.

Sec. 3313.488. (A) Within fifteen days after the date the ~~state board~~ director of education and workforce issues an order under section 3313.487 of the Revised Code making a school district subject to this section, the district's board of education shall prepare a fiscal statement of expenses and expenditures for the remainder of the current fiscal year. The fiscal statement shall be submitted to the ~~superintendent of public instruction~~ department of education and workforce and shall set forth all revenues to be received by the district during the remainder of the fiscal year and their sources, the expenses to be incurred by the district during the remainder of the fiscal year, the outstanding and unpaid expenses at the time the fiscal statement is prepared and the date or dates by which such expenses must be paid, and such other information as the ~~superintendent~~ director requires to enable the ~~superintendent~~ department of education and workforce to ensure that during the remainder of the fiscal year, the district will not incur any expenses that will further impair its ability to operate an instructional program that meets or exceeds the minimum standards of the ~~state board of education~~ director and requirements of the Revised Code during the current and ensuing fiscal years with the revenue available to it from existing revenue sources. The fiscal statement shall be presented in such detail and form as the ~~superintendent~~ department prescribes. Beginning the tenth day after the fiscal statement is submitted and for the remainder of the fiscal year, the board shall not make any expenditure of money, make any employment, purchase, or rental contract, give any order involving the expenditure of money, or increase any wage or salary schedule unless the ~~superintendent of public instruction~~ director has approved the fiscal statement in writing and the expenditure, contract, order, or schedule has been approved in writing by the ~~superintendent~~ director as being in conformity with the fiscal statement.

Any contract or expenditure made, order given, or schedule adopted or put into effect without the written approval of the ~~superintendent of public instruction~~ director is void, and no warrant shall be issued in payment of any amount due thereon.

(B) A board of education subject to division (A) of this section shall prepare a fiscal statement of expenses and expenditures for the ensuing fiscal year. The fiscal statement shall be submitted to the ~~superintendent of~~

~~public instruction~~ director and shall set forth all revenues to be received by the district during such year and their source, the expenses to be incurred by the district during such year, the outstanding and unpaid expenses on the first day of such fiscal year, the date or dates by which such expenses must be paid, and such other information as the ~~superintendent~~ department requires to enable the ~~superintendent~~ department to ensure that during such year, the district will not incur any expenses that will further impair its ability to operate an instructional program that meets or exceeds the minimum standards of the ~~state board of education~~ director and requirements of the Revised Code during such year with the revenue available to it from existing revenue sources. The fiscal statement shall be presented at the time and in such detail and form as the ~~superintendent~~ department prescribes. During the fiscal year following the year in which a board of education first becomes subject to division (A) of this section it shall not make any expenditure of money, make any employment, purchase, or rental contract, give any order involving the expenditure of money, or increase any wage or salary schedule unless the ~~superintendent of public instruction~~ director has approved the fiscal statement submitted under this division in writing and has approved the expenditure, contract, order, or schedule in writing as being in conformity with the fiscal statement.

Any contract or expenditure made, order given, or schedule adopted or put into effect without the written approval of the ~~superintendent of public instruction~~ director is void, and no warrant shall be issued in payment of any amount due thereon.

(C) The ~~state board of education~~ department shall examine any fiscal statement presented to and approved by the ~~superintendent of public instruction~~ it under division (B) of this section and shall determine whether the data set forth in the fiscal statement are factual and based upon assumptions that in its judgment are reasonable expectations consistent with acceptable governmental budget and accounting practices. If the ~~state board~~ department so determines and finds that the revenues and expenditures in the fiscal statement are in balance for the fiscal year and the fiscal statement will enable the district to operate during such year without interrupting its school calendar, it shall certify its determination and finding to the district at least thirty days prior to the beginning of the fiscal year, and the district shall thereupon cease to be subject to this section. If the ~~state board~~ department does not make such a determination and finding, the board of education and school district are subject to this division and division (B) of this section in the ensuing fiscal year and each fiscal year thereafter until the ~~state board~~ department makes a determination, finding, and certification

under this division.

(D) Any officer, employee, or other person who knowingly expends or authorizes the expenditure of any public funds or knowingly authorizes or executes any contract, order, or schedule contrary to division (A) or (B) of this section or who knowingly expends or authorizes the expenditure of any public funds on any such void contract, order, or schedule is jointly and severally liable in person and upon any official bond that the officer, employee, or other person has given to such school district to the extent of any payments on the void claim, not to exceed twenty thousand dollars. The attorney general at the written request of the ~~superintendent of public instruction~~ department shall enforce this liability by civil action brought in any court of appropriate jurisdiction in the name of and on behalf of the school district.

(E) This section does not apply to a school district declared to be under a fiscal emergency pursuant to division (B) of section 3316.03 of the Revised Code.

Sec. 3313.489. (A) The ~~superintendent of public instruction~~ director of education and workforce shall examine each five-year projection of revenues and expenditures submitted under section 5705.391 of the Revised Code and shall determine whether the information contained therein, together with any other relevant information, indicates that the district may be financially unable to operate its instructional program on all days set forth in its adopted school calendars and pay all obligated expenses during the current fiscal year. If a board of education has not adopted a school calendar for the school year beginning on the first day of July of the current fiscal year at the time an examination is required under this division, the ~~superintendent~~ director shall examine the five-year projection and determine whether the district may be financially unable to pay all obligated expenses and operate its instructional program for the number of days on which instruction was held in the preceding fiscal year.

(B) If the ~~superintendent of public instruction~~ director of education and workforce determines pursuant to division (A) of this section that a school district may be financially unable to operate its instructional program on all days required by such division and pay all obligated expenses during the current fiscal year, the ~~superintendent~~ director shall provide written notification of such determination to the president of the district's board of education and the auditor of state.

(C) This section does not apply to a school district declared to be under a fiscal emergency pursuant to division (B) of section 3316.03 of the Revised Code.

Sec. 3313.4810. Any school district receiving a loan under section 3313.483 of the Revised Code in excess of seven per cent of the general fund expenditures of the district during the fiscal year in which the loan is received and that has received a loan under that section within the last five years is subject to section 3313.488 of the Revised Code for the duration of the fiscal year in which the district receives the loan and during the ensuing two fiscal years. The controlling board may not relieve a school district to which this section applies from any requirements imposed under section 3313.483 of the Revised Code to implement recommendations of the ~~superintendent of public instruction~~ director of education and workforce for expenditure reduction and may not modify any other requirements imposed under such section upon such a district as a condition for receiving the loan unless expressly authorized to do so by law. The ~~superintendent of public instruction~~ director shall, among any recommendations the ~~superintendent~~ director makes for expenditure reduction under section 3313.483 of the Revised Code affecting the number of employees of a school district to which this section applies, provide wherever possible for the retention of teachers who are actually involved in the daily teaching of students in the classroom.

Before making any such assignment, the superintendent or ~~his~~ the superintendent's designee shall meet with the student to determine whether ~~he~~ the student should be so assigned, and shall prepare a report on ~~his~~ the superintendent's or designee's findings and determination. If based on ~~his~~ the meeting or ~~his~~ the designee's report the superintendent finds that the pupil should be placed in a program under this section, the superintendent shall make the assignment. Once assigned to the program, the student shall remain in it until ~~he~~ the student is reassigned by the superintendent or leaves school. At least once in each academic term, the superintendent or ~~his~~ the superintendent's designee shall review the progress of each student assigned to the program under this division and the superintendent shall, based on the review, make a determination of whether the student should remain in the program or be reassigned. Tuition shall not be charged for the attendance of any student assigned to a program pursuant to this division who is entitled under section 3313.64 of the Revised Code to attend the schools of the district without payment of tuition.

(B) Any applicant to a board of education for a diploma of adult education under division (B) of section 3313.611 of the Revised Code may request the board to conduct an evaluation in accordance with division (C) of this section.

(C) Upon the request of any person pursuant to division (A) or (B) of this section, the board of education to which the request is made shall evaluate the person to determine whether the person is disabled, in accordance with rules adopted by the ~~state board~~ department of education

If the evaluation indicates that the person is disabled, the board shall determine whether to excuse the person from taking any of the assessments required by section 3313.618 of the Revised Code as a requirement for receiving a diploma under section 3313.611 of the Revised Code. The board may require the person to take an alternate assessment in place of any test from which the person is so excused.

Ohioans must be prepared to apply increased knowledge and skills in the workplace and to adapt their knowledge and skills quickly to meet the rapidly changing conditions of the twenty-first century. National studies indicate that all high school graduates need the same academic foundation, regardless of the opportunities they pursue after graduation. The goal of Ohio's system of elementary and secondary education is to prepare all students for and seamlessly connect all students to success in life beyond

high school graduation, regardless of whether the next step is entering the workforce, beginning an apprenticeship, engaging in post-secondary training, serving in the military, or pursuing a college degree.

The requirements for graduation prescribed in division (C) of this section are the standard expectation for all students entering ninth grade for the first time at a public or chartered nonpublic high school on or after July 1, 2010. A student may satisfy this expectation through a variety of methods, including, but not limited to, integrated, applied, career-technical, and traditional coursework.

Stronger coordination between high schools and institutions of higher education is necessary to prepare students for more challenging academic endeavors and to lessen the need for academic remediation in college, thereby reducing the costs of higher education for Ohio's students, families, and the state. The ~~state board~~ department and the chancellor of higher education shall develop policies to ensure that only in rare instances will students who complete the requirements for graduation prescribed in division (C) of this section require academic remediation after high school.

School districts, community schools, and chartered nonpublic schools shall integrate technology into learning experiences across the curriculum in order to maximize efficiency, enhance learning, and prepare students for success in the technology-driven twenty-first century. Districts and schools shall use distance and web-based course delivery as a method of providing or augmenting all instruction required under this division, including laboratory experience in science. Districts and schools shall utilize technology access and electronic learning opportunities provided by the broadcast educational media commission, chancellor, the Ohio learning network, education technology centers, public television stations, and other public and private providers.

(D) Except as provided in division (E) of this section, a student who enters ninth grade on or after July 1, 2010, and before July 1, 2016, may qualify for graduation from a public or chartered nonpublic high school even though the student has not completed the requirements for graduation prescribed in division (C) of this section if all of the following conditions are satisfied:

(1) During the student's third year of attending high school, as determined by the school, the student and the student's parent, guardian, or custodian sign and file with the school a written statement asserting the parent's, guardian's, or custodian's consent to the student's graduating without completing the requirements for graduation prescribed in division (C) of this section and acknowledging that one consequence of not

completing those requirements is ineligibility to enroll in most state universities in Ohio without further coursework.

(2) The student and parent, guardian, or custodian fulfill any procedural requirements the school stipulates to ensure the student's and parent's, guardian's, or custodian's informed consent and to facilitate orderly filing of statements under division (D)(1) of this section. Annually, each district or school shall notify the department of the number of students who choose to qualify for graduation under division (D) of this section and the number of students who complete the student's success plan and graduate from high school.

(3) The student and the student's parent, guardian, or custodian and a representative of the student's high school jointly develop a student success plan for the student in the manner described in division (C)(1) of section 3313.6020 of the Revised Code that specifies the student matriculating to a two-year degree program, acquiring a business and industry-recognized credential, or entering an apprenticeship.

(4) The student's high school provides counseling and support for the student related to the plan developed under division (D)(3) of this section during the remainder of the student's high school experience.

(5)(a) Except as provided in division (D)(5)(b) of this section, the student successfully completes, at a minimum, the curriculum prescribed in division (B) of this section.

(b) Beginning with students who enter ninth grade for the first time on or after July 1, 2014, a student shall be required to complete successfully, at the minimum, the curriculum prescribed in division (B) of this section, except as follows:

(i) Mathematics, four units, one unit which shall be one of the following:

(I) Probability and statistics;

(II) Computer science;

(III) Applied mathematics or quantitative reasoning;

(IV) Any other course approved by the department using standards established by the superintendent not later than October 1, 2014.

(ii) Elective units, five units;

(iii) Science, three units as prescribed by division (B) of this section which shall include inquiry-based laboratory experience that engages students in asking valid scientific questions and gathering and analyzing information.

(E) Each school district and chartered nonpublic school retains the authority to require an even more challenging minimum curriculum for high

school graduation than specified in division (B) or (C) of this section. A school district board of education, through the adoption of a resolution, or the governing authority of a chartered nonpublic school may stipulate any of the following:

(1) A minimum high school curriculum that requires more than twenty units of academic credit to graduate;

(2) An exception to the district's or school's minimum high school curriculum that is comparable to the exception provided in division (D) of this section but with additional requirements, which may include a requirement that the student successfully complete more than the minimum curriculum prescribed in division (B) of this section;

(3) That no exception comparable to that provided in division (D) of this section is available.

If a school district or chartered nonpublic school requires a foreign language as an additional graduation requirement under division (E) of this section, a student may apply one unit of instruction in computer coding to satisfy one unit of foreign language. If a student applies more than one computer coding course to satisfy the foreign language requirement, the courses shall be sequential and progressively more difficult.

(F) A student enrolled in a dropout prevention and recovery program, which program has received a waiver from the department, may qualify for graduation from high school by successfully completing a competency-based instructional program administered by the dropout prevention and recovery program in lieu of completing the requirements for graduation prescribed in division (C) of this section. The department shall grant a waiver to a dropout prevention and recovery program, within sixty days after the program applies for the waiver, if the program meets all of the following conditions:

(1) The program serves only students not younger than sixteen years of age and not older than twenty-one years of age.

(2) The program enrolls students who, at the time of their initial enrollment, either, or both, are at least one grade level behind their cohort age groups or experience crises that significantly interfere with their academic progress such that they are prevented from continuing their traditional programs.

(3) The program requires students to attain at least the applicable score designated for each of the assessments prescribed under division (B)(1) of section 3301.0710 of the Revised Code or, to the extent prescribed by rule of the ~~state board~~ department under division (D)(5) of section 3301.0712 of the Revised Code, division (B)(2) of that section.

(4) The program develops a student success plan for the student in the manner described in division (C)(1) of section 3313.6020 of the Revised Code that specifies the student's matriculating to a two-year degree program, acquiring a business and industry-recognized credential, or entering an apprenticeship.

(5) The program provides counseling and support for the student related to the plan developed under division (F)(4) of this section during the remainder of the student's high school experience.

(6) The program requires the student and the student's parent, guardian, or custodian to sign and file, in accordance with procedural requirements stipulated by the program, a written statement asserting the parent's, guardian's, or custodian's consent to the student's graduating without completing the requirements for graduation prescribed in division (C) of this section and acknowledging that one consequence of not completing those requirements is ineligibility to enroll in most state universities in Ohio without further coursework.

(7) Prior to receiving the waiver, the program has submitted to the department an instructional plan that demonstrates how the academic content standards adopted by the ~~state board~~ department under section 3301.079 of the Revised Code will be taught and assessed.

(8) Prior to receiving the waiver, the program has submitted to the department a policy on career advising that satisfies the requirements of section 3313.6020 of the Revised Code, with an emphasis on how every student will receive career advising.

(9) Prior to receiving the waiver, the program has submitted to the department a written agreement outlining the future cooperation between the program and any combination of local job training, postsecondary education, nonprofit, and health and social service organizations to provide services for students in the program and their families.

Divisions (F)(8) and (9) of this section apply only to waivers granted on or after July 1, 2015.

If the department does not act either to grant the waiver or to reject the program application for the waiver within sixty days as required under this section, the waiver shall be considered to be granted.

(G) Every high school may permit students below the ninth grade to take advanced work. If a high school so permits, it shall award high school credit for successful completion of the advanced work and shall count such advanced work toward the graduation requirements of division (B) or (C) of this section if the advanced work was both:

(1) Taught by a person who possesses a license or certificate issued

under section 3301.071, 3319.22, or 3319.222 of the Revised Code that is valid for teaching high school;

(2) Designated by the board of education of the city, local, or exempted village school district, the board of the cooperative education school district, or the governing authority of the chartered nonpublic school as meeting the high school curriculum requirements.

Each high school shall record on the student's high school transcript all high school credit awarded under division (G) of this section. In addition, if the student completed a seventh- or eighth-grade fine arts course described in division (K) of this section and the course qualified for high school credit under that division, the high school shall record that course on the student's high school transcript.

(H) The department shall make its individual academic career plan available through its Ohio career information system web site for districts and schools to use as a tool for communicating with and providing guidance to students and families in selecting high school courses.

(I) A school district or chartered nonpublic school may integrate academic content in a subject area for which the ~~state board~~ department has adopted standards under section 3301.079 of the Revised Code into a course in a different subject area, including a career-technical education course, in accordance with guidance for integrated coursework developed by the department. Upon successful completion of an integrated course, a student may receive credit for both subject areas that were integrated into the course. Units earned for subject area content delivered through integrated academic and career-technical instruction are eligible to meet the graduation requirements of division (B) or (C) of this section.

For purposes of meeting graduation requirements, if an end-of-course examination has been prescribed under section 3301.0712 of the Revised Code for the subject area delivered through integrated instruction, the school district or school may administer the related subject area examinations upon the student's completion of the integrated course.

Nothing in division (I) of this section shall be construed to excuse any school district, chartered nonpublic school, or student from any requirement in the Revised Code related to curriculum, assessments, or the awarding of a high school diploma.

(J)(1) The ~~state board~~ department, in consultation with the chancellor, shall adopt a statewide plan implementing methods for students to earn units of high school credit based on a demonstration of subject area competency, instead of or in combination with completing hours of classroom instruction. ~~The state board shall adopt the plan not later than March 31, 2009, and~~

~~commence phasing in the plan during the 2009-2010 school year.~~ The plan shall include a standard method for recording demonstrated proficiency on high school transcripts. Each school district and community school shall comply with the ~~state board's~~ department's plan adopted under this division and award units of high school credit in accordance with the plan. The ~~state board~~ department may adopt existing methods for earning high school credit based on a demonstration of subject area competency as necessary prior to the 2009-2010 school year.

(2) ~~Not later than December 31, 2015, the state board~~ The department shall update the statewide plan adopted pursuant to division (J)(1) of this section to also include methods for students enrolled in seventh and eighth grade to meet curriculum requirements based on a demonstration of subject area competency, instead of or in combination with completing hours of classroom instruction. Beginning with the 2017-2018 school year, each school district and community school also shall comply with the updated plan adopted pursuant to this division and permit students enrolled in seventh and eighth grade to meet curriculum requirements based on subject area competency in accordance with the plan.

(3) ~~Not later than December 31, 2017, the~~ The department shall develop a framework for school districts and community schools to use in granting units of high school credit to students who demonstrate subject area competency through work-based learning experiences, internships, or cooperative education. Beginning with the 2018-2019 school year, each district and community school shall comply with the framework. Each district and community school also shall review any policy it has adopted regarding the demonstration of subject area competency to identify ways to incorporate work-based learning experiences, internships, and cooperative education into the policy in order to increase student engagement and opportunities to earn units of high school credit.

(K) This division does not apply to students who qualify for graduation from high school under division (D) or (F) of this section, or to students pursuing a career-technical instructional track as determined by the school district board of education or the chartered nonpublic school's governing authority. Nevertheless, the general assembly encourages such students to consider enrolling in a fine arts course as an elective.

Beginning with students who enter ninth grade for the first time on or after July 1, 2010, each student enrolled in a public or chartered nonpublic high school shall complete two semesters or the equivalent of fine arts to graduate from high school. The coursework may be completed in any of grades seven to twelve. Each student who completes a fine arts course in

grade seven or eight may elect to count that course toward the five units of electives required for graduation under division (C)(8) of this section, if the course satisfied the requirements of division (G) of this section. In that case, the high school shall award the student high school credit for the course and count the course toward the five units required under division (C)(8) of this section. If the course in grade seven or eight did not satisfy the requirements of division (G) of this section, the high school shall not award the student high school credit for the course but shall count the course toward the two semesters or the equivalent of fine arts required by this division.

(L) Notwithstanding anything to the contrary in this section, the board of education of each school district and the governing authority of each chartered nonpublic school may adopt a policy to excuse from the high school physical education requirement each student who, during high school, has participated in interscholastic athletics, marching band, show choir, or cheerleading for at least two full seasons or in the junior reserve officer training corps for at least two full school years. If the board or authority adopts such a policy, the board or authority shall not require the student to complete any physical education course as a condition to graduate. However, the student shall be required to complete one-half unit, consisting of at least sixty hours of instruction, in another course of study. In the case of a student who has participated in the junior reserve officer training corps for at least two full school years, credit received for that participation may be used to satisfy the requirement to complete one-half unit in another course of study.

(M) It is important that high school students learn and understand United States history and the governments of both the United States and the state of Ohio. Therefore, beginning with students who enter ninth grade for the first time on or after July 1, 2012, the study of American history and American government required by divisions (B)(6) and (C)(6) of this section shall include the study of all of the following documents:

- (1) The Declaration of Independence;
- (2) The Northwest Ordinance;
- (3) The Constitution of the United States with emphasis on the Bill of Rights;
- (4) The Ohio Constitution.

The study of each of the documents prescribed in divisions (M)(1) to (4) of this section shall include study of that document in its original context.

The study of American history and government required by divisions (B)(6) and (C)(6) of this section shall include the historical evidence of the role of documents such as the Federalist Papers and the Anti-Federalist

Papers to firmly establish the historical background leading to the establishment of the provisions of the Constitution and Bill of Rights.

(N) A student may apply one unit of instruction in computer science to satisfy one unit of mathematics or one unit of science under division (C) of this section as the student chooses, regardless of the field of certification of the teacher who teaches the course, so long as that teacher meets the licensure requirements prescribed by section 3319.236 of the Revised Code and, prior to teaching the course, completes a professional development program determined to be appropriate by the district board.

If a student applies more than one computer science course to satisfy curriculum requirements under that division, the courses shall be sequential and progressively more difficult or cover different subject areas within computer science.

Sec. 3313.605. (A) As used in this section:

(1) "Civic responsibility" means the patriotic and ethical duties of all citizens to take an active role in society and to consider the interests and concerns of other individuals in the community.

(2) "Volunteerism" means nonprofit activity in the United States, the benefits and limitations of nonprofit activities, and the presence and function of nonprofit civic and charitable organizations in the United States.

(3) "Community service" means a service performed through educational institutions, government agencies, nonprofit organizations, social service agencies, and philanthropies and generally designed to provide direct experience with people or project planning, with the goal of improving the quality of life for the community. Such activities may include but are not limited to tutoring, literacy training, neighborhood improvement, encouraging interracial and multicultural understanding, promoting ideals of patriotism, increasing environmental safety, assisting the elderly or disabled, and providing mental health care, housing, drug abuse prevention programs, and other philanthropic programs, particularly for disadvantaged or low-income persons.

(B) The board of education of each city, local, exempted village, and joint vocational school district, the governing authority of each community school established under Chapter 3314. of the Revised Code, and the governing body of each STEM school established under Chapter 3326. of the Revised Code may include community service education in its educational program. A governing board of an educational service center, upon the request of a local school district board of education, may provide a community service education program for the local district pursuant to this section. If a board, governing authority, or governing body includes

community service education in its education program, the board, governing authority, or governing body shall do both of the following:

(1) Establish a community service advisory committee. The committee shall provide recommendations to the board, governing authority, or governing body regarding a community service plan for students and shall oversee and assist in the implementation of the plan adopted by the board, governing authority, or governing body under division (B)(2) of this section. Each board, governing authority, or governing body shall determine the membership and organization of its advisory committee and may designate an existing committee established for another purpose to serve as the community service advisory committee; however, each such committee shall include two or more students and shall include or consult with at least one person employed in the field of volunteer management who devotes at least fifty per cent of employment hours to coordinating volunteerism among community organizations. The committee members may include representatives of parents, teachers, administrators, other educational institutions, business, government, nonprofit organizations, veterans organizations, social service agencies, religious organizations, and philanthropies.

(2) Develop and implement a community service plan. To assist in establishing its plan, the board, governing authority, or governing body shall consult with and may contract with one or more local or regional organizations with experience in volunteer program development and management. Each community service plan adopted under this division shall be based upon the recommendations of the advisory committee and shall provide for all of the following:

(a) Education of students in the value of community service and its contributions to the history of this state and this nation;

(b) Identification of opportunities for students to provide community service;

(c) Encouragement of students to provide community service;

(d) Integration of community service opportunities into the curriculum;

(e) A community service instructional program for teachers, including strategies for the teaching of community service education, for the discovery of community service opportunities, and for the motivation of students to become involved in community service.

Plans shall be reviewed periodically by the advisory committee and, if necessary, revised by the board, governing authority, or governing body at least once every five years.

Plans shall provide for students to perform services under the plan that

will not supplant the hiring of, result in the displacement of, or impair any existing employment contract of any particular employee of any private or governmental entity for which the services are performed. The plan shall provide for any entity utilizing a student to perform community service under the plan to verify to the board that the student does not supplant the hiring of, displace, or impair the employment contract of any particular employee of the entity.

Upon adoption, a board, governing authority, or governing body shall submit a copy of its plan to the department of education and workforce. Each city and exempted village board of education and each governing board of a service center shall include a copy of its plan in any course of study adopted under section 3313.60 of the Revised Code that is required to be submitted for approval to the ~~state board~~ department for review. A joint vocational school district board of education shall submit a copy of its plan to the ~~state board~~ department for review when required to do so by the ~~state board~~ department. A local board shall forward its plan to the educational service center governing board for inclusion in the governing board's course of study. The department periodically shall review all plans and publish those plans that could serve as models for other school districts, educational service centers, community schools, or STEM schools.

(C) Under this section, a board, governing authority, or governing body may only grant high school credit for a community service education course if approximately half of the course is devoted to classroom study of such matters as civic responsibility, the history of volunteerism, and community service training and approximately half of the course is devoted to community service.

Each board, governing authority, or governing body shall determine which specific activities will serve to fulfill the required hours of community service.

(D) The ~~superintendent of public instruction~~ department of education and workforce shall develop guidelines for the development and implementation of a rubric to evaluate and rate community service education projects for use by districts, governing authorities, and governing boards that adopt a community service education plan.

(E) The ~~state superintendent~~ department shall adopt rules for granting a student special certification, special recognition on a diploma, or special notification in the student's record upon the student's successful completion of an approved community service project.

The district board, governing authority, or governing body shall use a rubric developed in accordance with division (D) of this section to

determine whether a community service project warrants recognition on a student's diploma under this division.

Sec. 3313.608. (A)(1) Beginning with students who enter third grade in the school year that starts July 1, 2009, and until June 30, 2013, unless the student is excused under division (C) of section 3301.0711 of the Revised Code from taking the assessment described in this section, for any student who does not attain at least the equivalent level of achievement designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected at the end of third grade, each school district, in accordance with the policy adopted under section 3313.609 of the Revised Code, shall do one of the following:

(a) Promote the student to fourth grade if the student's principal and reading teacher agree that other evaluations of the student's skill in reading demonstrate that the student is academically prepared to be promoted to fourth grade;

(b) Promote the student to fourth grade but provide the student with intensive intervention services in fourth grade;

(c) Retain the student in third grade.

(2) Beginning with students who enter third grade in the 2013-2014 school year, unless the student is excused under division (C) of section 3301.0711 of the Revised Code from taking the assessment described in this section, no school district shall promote to fourth grade any student who does not attain at least the equivalent level of achievement designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected at the end of third grade, unless one of the following applies:

(a) The student is an English learner who has been enrolled in United States schools for less than three full school years and has had less than three years of instruction in an English as a second language program.

(b) The student is a child with a disability entitled to special education and related services under Chapter 3323. of the Revised Code and the student's individualized education program exempts the student from retention under this division.

(c) The student demonstrates an acceptable level of performance on an alternative standardized reading assessment as determined by the department of education and workforce.

(d) All of the following apply:

(i) The student is a child with a disability entitled to special education and related services under Chapter 3323. of the Revised Code.

(ii) The student has taken the third grade English language arts achievement assessment prescribed under section 3301.0710 of the Revised Code.

(iii) The student's individualized education program or plan under section 504 of the "Rehabilitation Act of 1973," 87 Stat. 355, 29 U.S.C. 794, as amended, shows that the student has received intensive remediation in reading for two school years but still demonstrates a deficiency in reading.

(iv) The student previously was retained in any of grades kindergarten to three.

(e)(i) The student received intensive remediation for reading for two school years but still demonstrates a deficiency in reading and was previously retained in any of grades kindergarten to three.

(ii) A student who is promoted under division (A)(2)(e)(i) of this section shall continue to receive intensive reading instruction in grade four. The instruction shall include an altered instructional day that includes specialized diagnostic information and specific research-based reading strategies for the student that have been successful in improving reading among low-performing readers.

(B)(1) Beginning in the 2012-2013 school year, to assist students in meeting the third grade guarantee established by this section, each school district board of education shall adopt policies and procedures with which it annually shall assess the reading skills of each student, except those students with significant cognitive disabilities or other disabilities as authorized by the department on a case-by-case basis, enrolled in kindergarten to third grade and shall identify students who are reading below their grade level. The reading skills assessment shall be completed by the thirtieth day of September for students in grades one to three, and by the twentieth day of instruction of the school year for students in kindergarten. Each district shall use the diagnostic assessment to measure reading ability for the appropriate grade level adopted under section 3301.079 of the Revised Code, or a comparable tool approved by the department of education and workforce, to identify such students. The policies and procedures shall require the students' classroom teachers to be involved in the assessment and the identification of students reading below grade level. The assessment may be administered electronically using live, two-way video and audio connections whereby the teacher administering the assessment may be in a separate location from the student.

(2) For each student identified by the diagnostic assessment prescribed under this section as having reading skills below grade level, the district shall do both of the following:

(a) Provide to the student's parent or guardian, in writing, all of the following:

(i) Notification that the student has been identified as having a substantial deficiency in reading;

(ii) A description of the current services that are provided to the student;

(iii) A description of the proposed supplemental instructional services and supports that will be provided to the student that are designed to remediate the identified areas of reading deficiency;

(iv) Notification that if the student attains a score in the range designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected at the end of third grade, the student shall be retained unless the student is exempt under division (A) of this section. The notification shall specify that the assessment under section 3301.0710 of the Revised Code is not the sole determinant of promotion and that additional evaluations and assessments are available to the student to assist parents and the district in knowing when a student is reading at or above grade level and ready for promotion.

(b) Provide intensive reading instruction services and regular diagnostic assessments to the student immediately following identification of a reading deficiency until the development of the reading improvement and monitoring plan required by division (C) of this section. These intervention services shall include research-based reading strategies that have been shown to be successful in improving reading among low-performing readers and instruction targeted at the student's identified reading deficiencies.

(3) For each student retained under division (A) of this section, the district shall do all of the following:

(a) Provide intense remediation services until the student is able to read at grade level. The remediation services shall include intensive interventions in reading that address the areas of deficiencies identified under this section including, but not limited to, not less than ninety minutes of reading instruction per day, and may include any of the following:

(i) Small group instruction;

(ii) Reduced teacher-student ratios;

(iii) More frequent progress monitoring;

(iv) Tutoring or mentoring;

(v) Transition classes containing third and fourth grade students;

(vi) Extended school day, week, or year;

(vii) Summer reading camps.

(b) Establish a policy for the mid-year promotion of a student retained

under division (A) of this section who demonstrates that the student is reading at or above grade level;

(c) Provide each student with a teacher who satisfies one or more of the criteria set forth in division (H) of this section.

The district shall offer the option for students to receive applicable services from one or more providers other than the district. Providers shall be screened and approved by the district or the department of education and workforce. If the student participates in the remediation services and demonstrates reading proficiency in accordance with standards adopted by the department prior to the start of fourth grade, the district shall promote the student to that grade.

(4) For each student retained under division (A) of this section who has demonstrated proficiency in a specific academic ability field, each district shall provide instruction commensurate with student achievement levels in that specific academic ability field.

As used in this division, "specific academic ability field" has the same meaning as in section 3324.01 of the Revised Code.

(C) For each student required to be provided intervention services under this section, the district shall develop a reading improvement and monitoring plan within sixty days after receiving the student's results on the diagnostic assessment or comparable tool administered under division (B)(1) of this section. The district shall involve the student's parent or guardian and classroom teacher in developing the plan. The plan shall include all of the following:

(1) Identification of the student's specific reading deficiencies;

(2) A description of the additional instructional services and support that will be provided to the student to remediate the identified reading deficiencies;

(3) Opportunities for the student's parent or guardian to be involved in the instructional services and support described in division (C)(2) of this section;

(4) A process for monitoring the extent to which the student receives the instructional services and support described in division (C)(2) of this section;

(5) A reading curriculum during regular school hours that does all of the following:

(a) Assists students to read at grade level;

(b) Provides scientifically based and reliable assessment;

(c) Provides initial and ongoing analysis of each student's reading progress.

(6) A statement that if the student does not attain at least the equivalent level of achievement designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected by the end of third grade, the student may be retained in third grade.

Each student with a reading improvement and monitoring plan under this division who enters third grade after July 1, 2013, shall be assigned to a teacher who satisfies one or more of the criteria set forth in division (H) of this section.

The district shall report any information requested by the department about the reading improvement monitoring plans developed under this division in the manner required by the department.

(D) Each school district shall report annually to the department on its implementation and compliance with this section using guidelines prescribed by the ~~superintendent of public instruction~~ department. The ~~superintendent of public instruction~~ director of education and workforce annually shall report to the governor and general assembly the number and percentage of students in grades kindergarten through four reading below grade level based on the diagnostic assessments administered under division (B) of this section and the achievement assessments administered under divisions (A)(1)(a) and (b) of section 3301.0710 of the Revised Code in English language arts, aggregated by school district and building; the types of intervention services provided to students; and, if available, an evaluation of the efficacy of the intervention services provided.

(E) Any summer remediation services funded in whole or in part by the state and offered by school districts to students under this section shall meet the following conditions:

(1) The remediation methods are based on reliable educational research.

(2) The school districts conduct assessment before and after students participate in the program to facilitate monitoring results of the remediation services.

(3) The parents of participating students are involved in programming decisions.

(F) Any intervention or remediation services required by this section shall include intensive, explicit, and systematic instruction.

(G) This section does not create a new cause of action or a substantive legal right for any person.

(H)(1) Except as provided under divisions (H)(2), (3), and (4) of this section, each student described in division (B)(3) or (C) of this section who enters third grade for the first time on or after July 1, 2013, shall be assigned

a teacher who has at least one year of teaching experience and who satisfies one or more of the following criteria:

(a) The teacher holds a reading endorsement on the teacher's license and has attained a passing score on the corresponding assessment for that endorsement, as applicable.

(b) The teacher has completed a master's degree program with a major in reading.

(c) The teacher was rated "most effective" for reading instruction consecutively for the most recent two years based on assessments of student growth measures developed by a vendor and that is on the list of student assessments approved by the ~~state board~~ department under division (B)(2) of section 3319.112 of the Revised Code.

(1) A person who fulfills the curriculum requirement for a diploma before September 15, 2000, is not required to pass any proficiency test or achievement test in science as a condition to receiving a diploma.

(2) A person who began ninth grade for the first time prior to July 1, 2003, is not required to pass the Ohio graduation test prescribed under division (B)(1) of section 3301.0710 or any assessment prescribed under division (B)(2) of that section in any subject as a condition to receiving a diploma once the person has passed the ninth grade proficiency test in the same subject, so long as the person passed the ninth grade proficiency test prior to September 15, 2008. However, any such person who passes the Ohio graduation test in any subject prior to passing the ninth grade proficiency test in the same subject shall be deemed to have passed the ninth grade proficiency test in that subject as a condition to receiving a diploma. For this purpose, the ninth grade proficiency test in citizenship substitutes for the Ohio graduation test in social studies. If a person began ninth grade prior to July 1, 2003, but does not pass a ninth grade proficiency test or the Ohio graduation test in a particular subject before September 15, 2008, and passage of a test in that subject is a condition for the person to receive a diploma, the person must pass the Ohio graduation test instead of the ninth grade proficiency test in that subject to receive a diploma.

assessments required by that division shall be eligible to receive a diploma if the person meets the requirement prescribed by rule of the ~~state board~~ department of education and workforce as prescribed under division (B)(3)(d) of this section.

(d) ~~Not later than December 31, 2015, the state board of education~~ The department shall adopt rules prescribing the manner in which a person who began ninth grade for the first time prior to July 1, 2014, may be eligible for a high school diploma by combining the requirement prescribed by section 3313.618 or 3313.619 of the Revised Code and the requirement to attain at least the applicable scores designated under division (B)(1) of section 3301.0710 of the Revised Code on the assessments required by that division. The rules shall ensure that the combined requirements require a demonstration of mastery that is equivalent or greater to the expectations of the assessments prescribed by division (B)(1) of section 3301.0710 of the Revised Code. The rules shall include the following:

(i) The date by which a person who began ninth grade for the first time prior to July 1, 2014, may be eligible for a high school diploma under division (B)(3)(c) of this section;

(C) This division specifies the curriculum requirement that shall be completed as a condition toward granting high school diplomas under sections 3313.61, 3313.611, 3313.612, and 3325.08 of the Revised Code.

(1) A person who is under twenty-two years of age when the person fulfills the curriculum requirement for a diploma shall complete the curriculum required by the school district or school issuing the diploma for the first year that the person originally enrolled in high school, except for a person who qualifies for graduation from high school under either division (D) or (F) of section 3313.603 of the Revised Code.

(2) Once a person fulfills the curriculum requirement for a diploma, the person is never required, as a condition of receiving a diploma, to meet any different curriculum requirements that take effect pending the person's passage of proficiency tests or achievement tests or assessments, including

changes mandated by section 3313.603 of the Revised Code, the ~~state board~~ department, a school district board of education, or a governing authority of a community school or chartered nonpublic school.

(A) As an alternative to the requirement that a person attain the scores designated under division (B)(1) of section 3301.0710 of the Revised Code on all the assessments required under that division in order to be eligible for a high school diploma or an honors diploma under sections 3313.61, 3313.612, or 3325.08 of the Revised Code or for a diploma of adult education under section 3313.611 of the Revised Code, a person who has attained at least the applicable scores designated under division (B)(1) of section 3301.0710 of the Revised Code on all but one of the assessments required by that division and from which the person was not excused or exempted, pursuant to division (L) of section 3313.61, division (B)(1) of section 3313.612, or section 3313.532 of the Revised Code, may be awarded a diploma or honors diploma if the person has satisfied all of the following conditions:

If the student attains the applicable score on that assessment, the student may qualify for a diploma under this section in the same manner as any other student who is required to take the five Ohio graduation tests prescribed by division (B)(1) of section 3301.0710 of the Revised Code.

(a) A sworn statement explaining the situation, revealing the location of the house being built, and stating the parent's intention to reside there upon its completion;

(b) A statement from the builder confirming that a new house is being built for the parent and that the house is at the location indicated in the parent's statement.

(7) A child under the age of twenty-two years residing with a parent who has a contract to purchase a house in a school district outside the district where the parent is residing and who is waiting upon the date of closing of the mortgage loan for the purchase of such house is entitled to attend school for a period of time in the district where the house is being purchased. In order to be entitled to such attendance, the parent shall provide the district superintendent with the following:

(a) A sworn statement explaining the situation, revealing the location of the house being purchased, and stating the parent's intent to reside there;

(b) A statement from a real estate broker or bank officer confirming that the parent has a contract to purchase the house, that the parent is waiting upon the date of closing of the mortgage loan, and that the house is at the location indicated in the parent's statement.

The district superintendent shall establish a period of time not to exceed

ninety days during which the child entitled to attend school under division (F)(6) or (7) of this section may attend without tuition obligation. A student attending a school under division (F)(6) or (7) of this section shall be eligible to participate in interscholastic athletics under the auspices of that school, provided the board of education of the school district where the student's parent resides, by a formal action, releases the student to participate in interscholastic athletics at the school where the student is attending, and provided the student receives any authorization required by a public agency or private organization of which the school district is a member exercising authority over interscholastic sports.

(8) A child whose parent is a full-time employee of a city, local, or exempted village school district, or of an educational service center, may be admitted to the schools of the district where the child's parent is employed, or in the case of a child whose parent is employed by an educational service center, in the district that serves the location where the parent's job is primarily located, provided the district board of education establishes such an admission policy by resolution adopted by a majority of its members. Any such policy shall take effect on the first day of the school year and the effective date of any amendment or repeal may not be prior to the first day of the subsequent school year. The policy shall be uniformly applied to all such children and shall provide for the admission of any such child upon request of the parent. No child may be admitted under this policy after the first day of classes of any school year.

(9) A child who is with the child's parent under the care of a shelter for victims of domestic violence, as defined in section 3113.33 of the Revised Code, is entitled to attend school free in the district in which the child is with the child's parent, and no other school district shall be required to pay tuition for the child's attendance in that school district.

The enrollment of a child in a school district under this division shall not be denied due to a delay in the school district's receipt of any records required under section 3313.672 of the Revised Code or any other records required for enrollment. Any days of attendance and any credits earned by a child while enrolled in a school district under this division shall be transferred to and accepted by any school district in which the child subsequently enrolls. The ~~state board~~ department of education and workforce shall adopt rules to ensure compliance with this division.

(10) Any child under the age of twenty-two years whose parent has moved out of the school district after the commencement of classes in the child's senior year of high school is entitled, subject to the approval of that district board, to attend school in the district in which the child attended

school at the time of the parental move for the remainder of the school year and for one additional semester or equivalent term. A district board may also adopt a policy specifying extenuating circumstances under which a student may continue to attend school under division (F)(10) of this section for an additional period of time in order to successfully complete the high school curriculum for the individualized education program developed for the student by the high school pursuant to section 3323.08 of the Revised Code.

(11) As used in this division, "grandparent" means a parent of a parent of a child. A child under the age of twenty-two years who is in the custody of the child's parent, resides with a grandparent, and does not require special education is entitled to attend the schools of the district in which the child's grandparent resides, provided that, prior to such attendance in any school year, the board of education of the school district in which the child's grandparent resides and the board of education of the school district in which the child's parent resides enter into a written agreement specifying that good cause exists for such attendance, describing the nature of this good cause, and consenting to such attendance.

In lieu of a consent form signed by a parent, a board of education may request the grandparent of a child attending school in the district in which the grandparent resides pursuant to division (F)(11) of this section to complete any consent form required by the district, including any authorization required by sections 3313.712, 3313.713, 3313.716, and 3313.718 of the Revised Code. Upon request, the grandparent shall complete any consent form required by the district. A school district shall not incur any liability solely because of its receipt of a consent form from a grandparent in lieu of a parent.

Division (F)(11) of this section does not create, and shall not be construed as creating, a new cause of action or substantive legal right against a school district, a member of a board of education, or an employee of a school district. This section does not affect, and shall not be construed as affecting, any immunities from defenses to tort liability created or recognized by Chapter 2744. of the Revised Code for a school district, member, or employee.

(12) A child under the age of twenty-two years is entitled to attend school in a school district other than the district in which the child is entitled to attend school under division (B), (C), or (E) of this section provided that, prior to such attendance in any school year, both of the following occur:

(a) The superintendent of the district in which the child is entitled to attend school under division (B), (C), or (E) of this section contacts the superintendent of another district for purposes of this division;

(b) The superintendents of both districts enter into a written agreement that consents to the attendance and specifies that the purpose of such attendance is to protect the student's physical or mental well-being or to deal with other extenuating circumstances deemed appropriate by the superintendents.

While an agreement is in effect under this division for a student who is not receiving special education under Chapter 3323. of the Revised Code and notwithstanding Chapter 3327. of the Revised Code, the board of education of neither school district involved in the agreement is required to provide transportation for the student to and from the school where the student attends.

A student attending a school of a district pursuant to this division shall be allowed to participate in all student activities, including interscholastic athletics, at the school where the student is attending on the same basis as any student who has always attended the schools of that district while of compulsory school age.

(13) All school districts shall comply with the "McKinney-Vento Homeless Assistance Act," 42 U.S.C.A. 11431 et seq., for the education of homeless children. Each city, local, and exempted village school district shall comply with the requirements of that act governing the provision of a free, appropriate public education, including public preschool, to each homeless child.

When a child loses permanent housing and becomes a homeless person, as defined in 42 U.S.C.A. 11481(5), or when a child who is such a homeless person changes temporary living arrangements, the child's parent or guardian shall have the option of enrolling the child in either of the following:

(a) The child's school of origin, as defined in 42 U.S.C.A. 11432(g)(3)(C);

(b) The school that is operated by the school district in which the shelter where the child currently resides is located and that serves the geographic area in which the shelter is located.

(14) A child under the age of twenty-two years who resides with a person other than the child's parent is entitled to attend school in the school district in which that person resides if both of the following apply:

(a) That person has been appointed, through a military power of attorney executed under section 574(a) of the "National Defense Authorization Act for Fiscal Year 1994," 107 Stat. 1674 (1993), 10 U.S.C. 1044b, or through a comparable document necessary to complete a family care plan, as the parent's agent for the care, custody, and control of the child

while the parent is on active duty as a member of the national guard or a reserve unit of the armed forces of the United States or because the parent is a member of the armed forces of the United States and is on a duty assignment away from the parent's residence.

(b) The military power of attorney or comparable document includes at least the authority to enroll the child in school.

The entitlement to attend school in the district in which the parent's agent under the military power of attorney or comparable document resides applies until the end of the school year in which the military power of attorney or comparable document expires.

(G) A board of education, after approving admission, may waive tuition for students who will temporarily reside in the district and who are either of the following:

(1) Residents or domiciliaries of a foreign nation who request admission as foreign exchange students;

(2) Residents or domiciliaries of the United States but not of Ohio who request admission as participants in an exchange program operated by a student exchange organization.

(H) Pursuant to sections 3311.211, 3313.90, 3319.01, 3323.04, 3327.04, and 3327.06 of the Revised Code, a child may attend school or participate in a special education program in a school district other than in the district where the child is entitled to attend school under division (B) of this section.

(I)(1) Notwithstanding anything to the contrary in this section or section 3313.65 of the Revised Code, a child under twenty-two years of age may attend school in the school district in which the child, at the end of the first full week of October of the school year, was entitled to attend school as otherwise provided under this section or section 3313.65 of the Revised Code, if at that time the child was enrolled in the schools of the district but since that time the child or the child's parent has relocated to a new address located outside of that school district and within the same county as the child's or parent's address immediately prior to the relocation. The child may continue to attend school in the district, and at the school to which the child was assigned at the end of the first full week of October of the current school year, for the balance of the school year. Division (I)(1) of this section applies only if both of the following conditions are satisfied:

(a) The board of education of the school district in which the child was entitled to attend school at the end of the first full week in October and of the district to which the child or child's parent has relocated each has adopted a policy to enroll children described in division (I)(1) of this section.

(b) The child's parent provides written notification of the relocation outside of the school district to the superintendent of each of the two school districts.

(2) At the beginning of the school year following the school year in which the child or the child's parent relocated outside of the school district as described in division (I)(1) of this section, the child is not entitled to attend school in the school district under that division.

(3) Any person or entity owing tuition to the school district on behalf of the child at the end of the first full week in October, as provided in division (C) of this section, shall continue to owe such tuition to the district for the child's attendance under division (I)(1) of this section for the lesser of the balance of the school year or the balance of the time that the child attends school in the district under division (I)(1) of this section.

(4) A pupil who may attend school in the district under division (I)(1) of this section shall be entitled to transportation services pursuant to an agreement between the district and the district in which the child or child's parent has relocated unless the districts have not entered into such agreement, in which case the child shall be entitled to transportation services in the same manner as a pupil attending school in the district under interdistrict open enrollment as described in division (E) of section 3313.981 of the Revised Code, regardless of whether the district has adopted an open enrollment policy as described in division (B)(1)(b) or (c) of section 3313.98 of the Revised Code.

(J) This division does not apply to a child receiving special education.

A school district required to pay tuition pursuant to division (C)(2) or (3) of this section or section 3313.65 of the Revised Code shall have an amount deducted under division (C) of section 3317.023 of the Revised Code equal to its own tuition rate for the same period of attendance. A school district entitled to receive tuition pursuant to division (C)(2) or (3) of this section or section 3313.65 of the Revised Code shall have an amount credited under division (C) of section 3317.023 of the Revised Code equal to its own tuition rate for the same period of attendance. If the tuition rate credited to the district of attendance exceeds the rate deducted from the district required to pay tuition, the department of education and workforce shall pay the district of attendance the difference from amounts deducted from all districts' payments under division (C) of section 3317.023 of the Revised Code but not credited to other school districts under such division and from appropriations made for such purpose. The treasurer of each school district shall, by the fifteenth day of January and July, furnish the ~~superintendent of public instruction~~ director of education and workforce a

report of the names of each child who attended the district's schools under divisions (C)(2) and (3) of this section or section 3313.65 of the Revised Code during the preceding six calendar months, the duration of the attendance of those children, the school district responsible for tuition on behalf of the child, and any other information that the ~~superintendent~~ director requires.

Upon receipt of the report the ~~superintendent~~ director, pursuant to division (C) of section 3317.023 of the Revised Code, shall deduct each district's tuition obligations under divisions (C)(2) and (3) of this section or section 3313.65 of the Revised Code and pay to the district of attendance that amount plus any amount required to be paid by the state.

(K) In the event of a disagreement, the ~~superintendent of public instruction~~ director of education and workforce shall determine the school district in which the parent resides.

(L) Nothing in this section requires or authorizes, or shall be construed to require or authorize, the admission to a public school in this state of a pupil who has been permanently excluded from public school attendance by the ~~superintendent of public instruction~~ director pursuant to sections 3301.121 and 3313.662 of the Revised Code.

(M) In accordance with division (B)(1) of this section, a child whose parent is a member of the national guard or a reserve unit of the armed forces of the United States and is called to active duty, or a child whose parent is a member of the armed forces of the United States and is ordered to a temporary duty assignment outside of the district, may continue to attend school in the district in which the child's parent lived before being called to active duty or ordered to a temporary duty assignment outside of the district, as long as the child's parent continues to be a resident of that district, and regardless of where the child lives as a result of the parent's active duty status or temporary duty assignment. However, the district is not responsible for providing transportation for the child if the child lives outside of the district as a result of the parent's active duty status or temporary duty assignment.

Sec. 3313.642. (A) Except as provided in division (B) of this section and notwithstanding the provisions of sections 3313.48 and 3313.64 of the Revised Code, the board of education of a city, exempted village, or local school district shall not be required to furnish, free of charge, to the pupils attending the public schools any materials used in a course of instruction with the exception of the necessary textbooks or electronic textbooks required to be furnished without charge pursuant to section 3329.06 of the Revised Code. The board may, however, make provision by appropriations

transferred from the general fund of the district or otherwise for furnishing free of charge any materials used in a course of instruction to such pupils as it determines are in serious financial need of such materials.

(B) No board of education of a school district shall charge a fee to a pupil who is eligible for a free lunch under the "National School Lunch Act," 60 Stat. 230 (1946), 42 U.S.C. 1751, as amended, and the "Child Nutrition Act of 1966," 80 Stat. 885, 42 U.S.C. 1771, as amended, for any materials needed to enable the pupil to participate fully in a course of instruction. The prohibition in this division against charging a fee does not apply to any fee charged for any of the following:

(1) Any materials needed to enable a pupil to participate fully in extracurricular activities or in any pupil enrichment program that is not a course of instruction;

(2) Any tools, equipment, and materials that are necessary for workforce-readiness training within a career-technical education program that, to the extent the tools, equipment, and materials are not consumed, may be retained by the student upon course completion.

(C) Boards of education may adopt rules and regulations prescribing each of the following:

(1) A schedule of fees for materials used in a course of instruction;

(2) A schedule of charges which may be imposed upon pupils for the loss, damage, or destruction of school apparatus, equipment, musical instruments, library material, textbooks, or electronic textbooks required to be furnished without charge, and for damage to school buildings.

Except as provided in division (D) of this section, boards of education may enforce the payment of such fees and charges by withholding the grades and credits of the pupils concerned.

(D) No board of education shall withhold the grades, credits, official transcripts, diploma, IEPs, or 504 plans of a pupil for nonpayment of fees for materials used in a course of instruction imposed under division (C)(1) of this section, if a complaint has been filed at any time in a juvenile court alleging that the pupil is an abused, neglected, or dependent child or if the pupil has been adjudicated an abused, neglected, or dependent child.

A board shall require that the grades, credits, official transcripts, IEPs, or 504 plan of a pupil described in this division be transferred immediately upon the receipt of either another district's or school's request for those records under section 3313.672 of the Revised Code or a juvenile judge's order under section 2151.272 of the Revised Code.

A board that is required to transfer records under division (D) of this section may request a copy of any order regarding the child's custody or

placement issued pursuant to a complaint filed under section 2151.27 of the Revised Code. However, a board shall not withhold records required to be transferred under that division pending receipt of a copy of the order.

(E) Each board of education annually shall report to the department of education and workforce the number of pupils for whom the board sends transcripts under division (D) of this section and the total amount of unpaid fees lost due to compliance with that division.

(F) As used in this section:

(1) "IEP" has the same meaning as in section 3323.01 of the Revised Code.

(2) "504 plan" means a plan based on an evaluation conducted in accordance with section 504 of the "Rehabilitation Act of 1973," 29 U.S.C. 794, as amended.

"Industrial quality eye protective devices" as used in this section, means devices meeting the standards of the American national standard practice for occupational and educational eye and face protection, Z87.1-1968, approved by the American national standards institute, inc., and subsequent revisions thereof, provided such revisions are approved and adopted by the industrial commission.

Sec. 3313.644. The board of education of any school district may contract with the state department of education and workforce or other state agency or with any agency of the federal government for the education or training of out-of-school youth or adults regardless of their place of residence. The board of education may permit the attendance, under such contract, of such students or trainees who are not residents of the school district only if the contract provides for the reimbursement to the school district of the entire actual cost of educating or training such nonresident students or trainees and regardless of the ratio of nonresident students or trainees to resident students or trainees.

Sec. 3313.645. A board of education may admit to the schools of its district, free of any tuition obligation, any resident of the district not otherwise eligible to be admitted who meets criteria established by the ~~state board~~ department of education and workforce. The ~~state board~~ department shall adopt rules establishing criteria for the admission of persons to schools under this division. The rules may authorize restrictions or limitations on the classes or programs in which such persons may participate.

For participation in vocational education programs the district operates or participates in pursuant to sections 3313.90 and 3313.91 of the Revised Code, a board of education may admit the following individuals to the schools of its district free of any tuition obligation and without regard to age:

(A) Any resident to the district who has successfully completed the individualized education program developed for the person by any high school pursuant to section 3323.08 of the Revised Code;

(B) Any person employed by the district in a position for which a license issued by the state board of education under section 3319.22 to 3319.31 of the Revised Code is not required who seeks admission to a class or program related to the person's position and is authorized by the district's superintendent to be admitted to the class or program. The superintendent shall determine whether the class or program is related to the employee's position.

Sec. 3313.646. (A) The board of education of a school district, except a cooperative education district established pursuant to section 3311.521 of

the Revised Code, may establish and operate a program to provide services to preschool-age children, provided the board has demonstrated a need for the program. A board may use school funds in support of preschool programs. The board shall maintain, operate, and admit children to any such program pursuant to rules adopted by such board and the rules of the ~~state board~~ department of education and workforce adopted under sections 3301.52 to 3301.57 of the Revised Code.

A board of education may establish fees or tuition, which may be graduated in proportion to family income, for participation in a preschool program. In cases where payment of fees or tuition would create a hardship for the child's parent or guardian, the board may waive any such fees or tuition.

(B) No board of education that is not receiving funds under the "Head Start Act," 95 Stat. 489 (1981), 42 U.S.C.A. 9831, on March 17, 1989, shall compete for funds under the "Head Start Act" with any grantee receiving funds under that act.

(C) A board of education may contract with any of the following preschool providers to provide services to preschool-age children, other than those services for which the district is eligible to receive funding under section 3317.0213 of the Revised Code:

(D) A contract entered into under division (C) of this section may provide for the board of education to lease school facilities to the preschool provider or to furnish transportation, utilities, or staff for the preschool program.

(E) The treasurer of any board of education operating a preschool program pursuant to this section shall keep an account of all funds used to operate the program in the same manner as the treasurer would any other funds of the district pursuant to this chapter.

Revised Code.

Pursuant to rules adopted by the ~~state board~~ department of education and workforce, a city, local, exempted village, or joint vocational school district may establish a policy guaranteeing a specific level of competency of certain graduates of the district. The guarantee policy shall specify that any graduate meeting specified criteria established by the board is capable of performing specified functions at a level established in the policy. Any employer or potential employer of a graduate who is guaranteed under such a policy may submit a written statement to the board of education stating the guaranteed graduate of its district does not meet the level of competency specified in the district's guarantee policy. Upon receipt of such statement the board of education shall provide an opportunity for additional education to the graduate, regardless of the graduate's age or place of residence, until such individual attains the competency level specified in the policy. No fee shall be charged to any person or government entity for such additional education. A school board may expend school funds for a guarantee program; however, no student participating in the program shall be included in the formula ADM of the district as determined under section 3317.03 of the Revised Code or included as a participant in any other program, if such inclusion would result in additional state funds to the school district.

The ~~state board of education~~ department shall adopt rules for the adoption of a policy under this section and for the additional education program described under this section.

Sec. 3313.6410. This section applies to any school that is operated by a school district and in which the enrolled students work primarily on assignments in nonclassroom-based learning opportunities provided via an internet- or other computer-based instructional method.

(A) Any school to which this section applies shall withdraw from the school any student who, for two consecutive school years of enrollment in the school, has failed to participate in the spring administration of any assessment prescribed under section 3301.0710 or 3301.0712 of the Revised Code for the student's grade level and was not excused from the assessment pursuant to division (C)(1) or (3) of section 3301.0711 of the Revised Code, regardless of whether a waiver was granted for the student under division (E) of section 3317.03 of the Revised Code. The school shall report any such student's data verification code, as assigned pursuant to section 3301.0714 of the Revised Code, to the department of education and workforce to be added to the list maintained by the department under section 3314.26 of the Revised Code.

(B) No school to which this section applies shall receive any state funds

under Chapter 3317. of the Revised Code for any enrolled student whose data verification code appears on the list maintained by the department under section 3314.26 of the Revised Code. Notwithstanding any provision of the Revised Code to the contrary, the parent of any such student shall pay tuition to the school district that operates the school in an amount equal to the state funds the district otherwise would receive for that student, as determined by the department. (C) A child who does not reside in the school district in which the child's parent resides and for whom a tuition obligation previously has not been established under division (C)(2) of section 3313.64 of the Revised Code shall be admitted to the schools of the district in which the child resides if at least one of the child's parents is in a residential or correctional facility or a juvenile residential placement and the other parent, if living and not in such a facility or placement, is not known to reside in this state.

(3) If the child's parent is in a residential facility, by the district in which the parent resided at the time the parent was admitted to the residential facility, except that if the parent was transferred from another residential

facility, tuition shall be paid by the district in which the parent resided at the time the parent was admitted to the facility from which the parent first was transferred;

(4) In the event of a disagreement as to which school district is liable for tuition under division (C)(1), (2), or (3) of this section, the ~~superintendent of public instruction~~ director of education and workforce shall determine which district shall pay tuition.

(E) If a child covered by division (D) of this section receives special education in accordance with Chapter 3323. of the Revised Code, the tuition shall be paid in accordance with section 3323.13 or 3323.14 of the Revised Code. Tuition for children who do not receive special education shall be paid in accordance with division (J) of section 3313.64 of the Revised Code.

Sec. 3313.66. (A)(1) Except as provided under division (B)(2) of this section, and subject to section 3313.668 of the Revised Code, the superintendent of schools of a city, exempted village, or local school district, or the principal of a public school may suspend a pupil from school for not more than ten school days. The board of education of a city, exempted village, or local school district may adopt a policy granting assistant principals and other administrators the authority to suspend a pupil from school for a period of time as specified in the policy of the board of education, not to exceed ten school days. If at the time an out-of-school suspension is imposed there are fewer than ten school days remaining in the school year in which the incident that gives rise to the suspension takes place, the superintendent shall not apply any remaining part of the period of the suspension to the following school year. The superintendent may instead require the pupil to participate in a community service program or another alternative consequence for a number of hours equal to the remaining part of the period of the suspension. The pupil shall be required to begin the pupil's community service or alternative consequence during the first full week day of summer break. Each school district, in its discretion, may develop an appropriate list of alternative consequences. In the event that a pupil fails to complete community service or the assigned alternative consequence, the school district may determine the next course of action, which shall not include requiring the pupil to serve the remaining time of the out-of-school suspension at the beginning of the following school year.

No pupil shall be issued an out-of-school suspension unless prior to the suspension the superintendent or principal does both of the following:

(a) Gives the pupil written notice of the intention to suspend the pupil and the reasons for the intended suspension and, if the proposed suspension is based on a violation listed in division (A) of section 3313.662 of the

Revised Code and if the pupil is sixteen years of age or older, includes in the notice a statement that the superintendent may seek to permanently exclude the pupil if the pupil is convicted of or adjudicated a delinquent child for that violation;

(b) Provides the pupil an opportunity to appear at an informal hearing before the principal, assistant principal, superintendent, or superintendent's designee and challenge the reason for the intended suspension or otherwise to explain the pupil's actions.

(2) If a pupil is issued an in-school suspension, the superintendent or principal shall ensure the pupil is serving the suspension in a supervised learning environment.

(3) Each school district board shall adopt a policy establishing parameters for completing and grading assignments missed because of a pupil's suspension.

(a) The policy shall provide the pupil an opportunity to do both of the following:

(i) Complete any classroom assignments missed because of the suspension;

(ii) Receive at least partial credit for a completed assignment.

(b) The policy may permit grade reductions on account of the pupil's suspension.

(c) The policy shall prohibit the receipt of a failing grade on a completed assignment solely on account of the pupil's suspension.

(B)(1) Except as provided under division (B)(2), (3), or (4) of this section, and subject to section 3313.668 of the Revised Code, the superintendent of schools of a city, exempted village, or local school district may expel a pupil from school for a period not to exceed the greater of eighty school days or the number of school days remaining in the semester or term in which the incident that gives rise to the expulsion takes place, unless the expulsion is extended pursuant to division (F) of this section. If at the time an expulsion is imposed there are fewer than eighty school days remaining in the school year in which the incident that gives rise to the expulsion takes place, the superintendent may apply any remaining part or all of the period of the expulsion to the following school year.

(2)(a) Unless a pupil is permanently excluded pursuant to section 3313.662 of the Revised Code, the superintendent of schools of a city, exempted village, or local school district shall expel a pupil from school for a period of one year for bringing a firearm to a school operated by the board of education of the district or onto any other property owned or controlled by the board, except that the superintendent may reduce this requirement on

a case-by-case basis in accordance with the policy adopted by the board under section 3313.661 of the Revised Code.

(b) The superintendent of schools of a city, exempted village, or local school district may expel a pupil from school for a period of one year for bringing a firearm to an interscholastic competition, an extracurricular event, or any other school program or activity that is not located in a school or on property that is owned or controlled by the district. The superintendent may reduce this disciplinary action on a case-by-case basis in accordance with the policy adopted by the board under section 3313.661 of the Revised Code.

(c) Any expulsion pursuant to division (B)(2) of this section shall extend, as necessary, into the school year following the school year in which the incident that gives rise to the expulsion takes place. As used in this division, "firearm" has the same meaning as provided pursuant to the "Gun-Free Schools Act," 115 Stat. 1762, 20 U.S.C. 7151.

(3) The board of education of a city, exempted village, or local school district may adopt a resolution authorizing the superintendent of schools to expel a pupil from school for a period not to exceed one year for bringing a knife capable of causing serious bodily injury to a school operated by the board, onto any other property owned or controlled by the board, or to an interscholastic competition, an extracurricular event, or any other program or activity sponsored by the school district or in which the district is a participant, or for possessing a firearm or knife capable of serious bodily injury, at a school, on any other property owned or controlled by the board, or at an interscholastic competition, an extracurricular event, or any other school program or activity, which firearm or knife was initially brought onto school board property by another person. The resolution may authorize the superintendent to extend such an expulsion, as necessary, into the school year following the school year in which the incident that gives rise to the expulsion takes place.

(4) The board of education of a city, exempted village, or local school district may adopt a resolution establishing a policy under section 3313.661 of the Revised Code that authorizes the superintendent of schools to expel a pupil from school for a period not to exceed one year for committing an act that is a criminal offense when committed by an adult and that results in serious physical harm to persons as defined in division (A)(5) of section 2901.01 of the Revised Code or serious physical harm to property as defined in division (A)(6) of section 2901.01 of the Revised Code while the pupil is at school, on any other property owned or controlled by the board, or at an interscholastic competition, an extracurricular event, or any other school

program or activity. Any expulsion under this division shall extend, as necessary, into the school year following the school year in which the incident that gives rise to the expulsion takes place.

(5) The board of education of any city, exempted village, or local school district may adopt a resolution establishing a policy under section 3313.661 of the Revised Code that authorizes the superintendent of schools to expel a pupil from school for a period not to exceed one year for making a bomb threat to a school building or to any premises at which a school activity is occurring at the time of the threat. Any expulsion under this division shall extend, as necessary, into the school year following the school year in which the incident that gives rise to the expulsion takes place.

(6) No pupil shall be expelled under division (B)(1), (2), (3), (4), or (5) of this section unless, prior to the pupil's expulsion, the superintendent does both of the following:

(a) Gives the pupil and the pupil's parent, guardian, or custodian written notice of the intention to expel the pupil;

(b) Provides the pupil and the pupil's parent, guardian, custodian, or representative an opportunity to appear in person before the superintendent or the superintendent's designee to challenge the reasons for the intended expulsion or otherwise to explain the pupil's actions.

The notice required in this division shall include the reasons for the intended expulsion, notification of the opportunity of the pupil and the pupil's parent, guardian, custodian, or representative to appear before the superintendent or the superintendent's designee to challenge the reasons for the intended expulsion or otherwise to explain the pupil's action, and notification of the time and place to appear. The time to appear shall not be earlier than three nor later than five school days after the notice is given, unless the superintendent grants an extension of time at the request of the pupil or the pupil's parent, guardian, custodian, or representative. If an extension is granted after giving the original notice, the superintendent shall notify the pupil and the pupil's parent, guardian, custodian, or representative of the new time and place to appear. If the proposed expulsion is based on a violation listed in division (A) of section 3313.662 of the Revised Code and if the pupil is sixteen years of age or older, the notice shall include a statement that the superintendent may seek to permanently exclude the pupil if the pupil is convicted of or adjudicated a delinquent child for that violation.

(7) A superintendent of schools of a city, exempted village, or local school district shall initiate expulsion proceedings pursuant to this section with respect to any pupil who has committed an act warranting expulsion

under the district's policy regarding expulsion even if the pupil has withdrawn from school for any reason after the incident that gives rise to the hearing but prior to the hearing or decision to impose the expulsion. If, following the hearing, the pupil would have been expelled for a period of time had the pupil still been enrolled in the school, the expulsion shall be imposed for the same length of time as on a pupil who has not withdrawn from the school.

(C)(1) Subject to division (C)(2) of this section, if a pupil's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process taking place either within a classroom or elsewhere on the school premises, the superintendent or a principal or assistant principal may remove a pupil from curricular activities or from the school premises, and a teacher may remove a pupil from curricular activities under the teacher's supervision, without the notice and hearing requirements of division (A) or (B) of this section. As soon as practicable after making such a removal, the teacher shall submit in writing to the principal the reasons for such removal.

(2) A pupil in any of grades pre-kindergarten through three may be removed pursuant to division (C)(1) of this section only for the remainder of the school day and shall be permitted to return to curricular and extracurricular activities on the school day following the day in which the student was removed.

(a) A school district or school that returns a student in any of grades pre-kindergarten through three to curricular and extracurricular activities on the next school day shall not be required to follow division (C)(3) of this section with regard to that student.

(b) A school district shall not initiate a suspension or expulsion proceeding against a student in any of grades pre-kindergarten through three who was removed from a curricular or extracurricular activity under division (C) of this section unless the student has committed an act described in division (B)(1)(a) or (b) of section 3313.668 of the Revised Code.

(3) If a pupil is removed under division (C)(1) or (2) of this section from a curricular activity or from the school premises, written notice of the hearing and of the reason for the removal shall be given to the pupil as soon as practicable prior to the hearing, which shall be held on the next school day after the initial removal is ordered. The hearing shall be held in accordance with division (A) of this section unless it is probable that the pupil may be subject to expulsion, in which case a hearing in accordance with division (B) of this section shall be held, except that the hearing shall

be held on the next school day after the date of the initial removal. The individual who ordered, caused, or requested the removal to be made shall be present at the hearing.

(4) If the superintendent or the principal reinstates a pupil in a curricular activity under the teacher's supervision prior to the hearing following a removal under this division, the teacher, upon request, shall be given in writing the reasons for such reinstatement.

(D) The superintendent or principal, within one school day after the time of a pupil's expulsion or suspension, shall notify in writing the parent, guardian, or custodian of the pupil of the expulsion or suspension. In the case of an expulsion, the superintendent or principal, within one school day after the time of a pupil's expulsion, also shall notify in writing the treasurer of the board of education. Each notice shall include the reasons for the expulsion or suspension, notification of the right of the pupil or the pupil's parent, guardian, or custodian to appeal the expulsion or suspension to the board of education or to its designee, to be represented in all appeal proceedings, to be granted a hearing before the board or its designee in order to be heard against the suspension or expulsion, and to request that the hearing be held in executive session, notification that the expulsion may be subject to extension pursuant to division (F) of this section if the pupil is sixteen years of age or older, and notification that the superintendent may seek the pupil's permanent exclusion if the suspension or expulsion was based on a violation listed in division (A) of section 3313.662 of the Revised Code that was committed when the child was sixteen years of age or older and if the pupil is convicted of or adjudicated a delinquent child for that violation.

In accordance with the policy adopted by the board of education under section 3313.661 of the Revised Code, the notice provided under this division shall specify the manner and date by which the pupil or the pupil's parent, guardian, or custodian shall notify the board of the pupil's, parent's, guardian's, or custodian's intent to appeal the expulsion or suspension to the board or its designee.

Any superintendent expelling a pupil under this section for more than twenty school days or for any period of time if the expulsion will extend into the following semester or school year shall, in the notice required under this division, provide the pupil and the pupil's parent, guardian, or custodian with information about services or programs offered by public and private agencies that work toward improving those aspects of the pupil's attitudes and behavior that contributed to the incident that gave rise to the pupil's expulsion. The information shall include the names, addresses, and phone

numbers of the appropriate public and private agencies.

(E) A pupil or the pupil's parent, guardian, or custodian may appeal the pupil's expulsion by a superintendent or suspension by a superintendent, principal, assistant principal, or other administrator to the board of education or to its designee. If the pupil or the pupil's parent, guardian, or custodian intends to appeal the expulsion or suspension to the board or its designee, the pupil or the pupil's parent, guardian, or custodian shall notify the board in the manner and by the date specified in the notice provided under division (D) of this section. The pupil or the pupil's parent, guardian, or custodian may be represented in all appeal proceedings and shall be granted a hearing before the board or its designee in order to be heard against the suspension or expulsion. At the request of the pupil or of the pupil's parent, guardian, custodian, or attorney, the board or its designee may hold the hearing in executive session but shall act upon the suspension or expulsion only at a public meeting. The board, by a majority vote of its full membership or by the action of its designee, may affirm the order of suspension or expulsion, reinstate the pupil, or otherwise reverse, vacate, or modify the order of suspension or expulsion.

The board or its designee shall make a verbatim record of hearings held under this division. The decisions of the board or its designee may be appealed under Chapter 2506. of the Revised Code.

This section shall not be construed to require notice and hearing in accordance with division (A), (B), or (C) of this section in the case of normal disciplinary procedures in which a pupil is removed from a curricular activity for a period of less than one school day and is not subject to suspension or expulsion.

(F)(1) If a pupil is expelled pursuant to division (B) of this section for committing any violation listed in division (A) of section 3313.662 of the Revised Code and the pupil was sixteen years of age or older at the time of committing the violation, if a complaint, indictment, or information is filed alleging that the pupil is a delinquent child based upon the commission of the violation or the pupil is prosecuted as an adult for the commission of the violation, and if the resultant juvenile court or criminal proceeding is pending at the time that the expulsion terminates, the superintendent of schools that expelled the pupil may file a motion with the court in which the proceeding is pending requesting an order extending the expulsion for the lesser of an additional eighty days or the number of school days remaining in the school year. Upon the filing of the motion, the court immediately shall schedule a hearing and give written notice of the time, date, and location of the hearing to the superintendent and to the pupil and the pupil's parent,

guardian, or custodian. At the hearing, the court shall determine whether there is reasonable cause to believe that the pupil committed the alleged violation that is the basis of the expulsion and, upon determining that reasonable cause to believe the pupil committed the violation does exist, shall grant the requested extension.

(2) If a pupil has been convicted of or adjudicated a delinquent child for a violation listed in division (A) of section 3313.662 of the Revised Code for an act that was committed when the child was sixteen years of age or older, if the pupil has been expelled pursuant to division (B) of this section for that violation, and if the board of education of the school district of the school from which the pupil was expelled has adopted a resolution seeking the pupil's permanent exclusion, the superintendent may file a motion with the court that convicted the pupil or adjudicated the pupil a delinquent child requesting an order to extend the expulsion until an adjudication order or other determination regarding permanent exclusion is issued by the ~~superintendent of public instruction~~ director of education and workforce pursuant to section 3301.121 and division (D) of section 3313.662 of the Revised Code. Upon the filing of the motion, the court immediately shall schedule a hearing and give written notice of the time, date, and location of the hearing to the superintendent of the school district, the pupil, and the pupil's parent, guardian, or custodian. At the hearing, the court shall determine whether there is reasonable cause to believe the pupil's continued attendance in the public school system may endanger the health and safety of other pupils or school employees and, upon making that determination, shall grant the requested extension.

(G) The failure of the superintendent or the board of education to provide the information regarding the possibility of permanent exclusion in the notice required by divisions (A), (B), and (D) of this section is not jurisdictional, and the failure shall not affect the validity of any suspension or expulsion procedure that is conducted in accordance with this section or the validity of a permanent exclusion procedure that is conducted in accordance with sections 3301.121 and 3313.662 of the Revised Code.

(H) With regard to suspensions and expulsions pursuant to divisions (A) and (B) of this section by the board of education of any city, exempted village, or local school district, this section shall apply to any student, whether or not the student is enrolled in the district, attending or otherwise participating in any curricular program provided in a school operated by the board or provided on any other property owned or controlled by the board.

(I) Whenever a student is expelled under this section, the expulsion shall result in removal of the student from the student's regular school setting.

However, during the period of the expulsion, the board of education of the school district that expelled the student or any board of education admitting the student during that expulsion period may provide educational services to the student in an alternative setting.

(J)(1) Notwithstanding sections 3109.51 to 3109.80, 3313.64, and 3313.65 of the Revised Code, any school district, after offering an opportunity for a hearing, may temporarily deny admittance to any pupil if one of the following applies:

(a) The pupil has been suspended from the schools of another district under division (A) of this section and the period of suspension, as established under that division, has not expired;

(b) The pupil has been expelled from the schools of another district under division (B) of this section and the period of the expulsion, as established under that division or as extended under division (F) of this section, has not expired.

If a pupil is temporarily denied admission under this division, the pupil shall be admitted to school in accordance with sections 3109.51 to 3109.80, 3313.64, or 3313.65 of the Revised Code no later than upon expiration of the suspension or expulsion period, as applicable.

(2) Notwithstanding sections 3109.51 to 3109.80, 3313.64, and 3313.65 of the Revised Code, any school district, after offering an opportunity for a hearing, may temporarily deny admittance to any pupil if the pupil has been expelled or otherwise removed for disciplinary purposes from a public school in another state and the period of expulsion or removal has not expired. If a pupil is temporarily denied admission under this division, the pupil shall be admitted to school in accordance with sections 3109.51 to 3109.80, 3313.64, or 3313.65 of the Revised Code no later than the earlier of the following:

(a) Upon expiration of the expulsion or removal period imposed by the out-of-state school;

(b) Upon expiration of a period established by the district, beginning with the date of expulsion or removal from the out-of-state school, that is no greater than the period of expulsion that the pupil would have received under the policy adopted by the district under section 3313.661 of the Revised Code had the offense that gave rise to the expulsion or removal by the out-of-state school been committed while the pupil was enrolled in the district.

(K) As used in this section:

(1) "Permanently exclude" and "permanent exclusion" have the same meanings as in section 3313.662 of the Revised Code.

(2) "In-school suspension" means the pupil will serve all of the suspension in a supervised learning environment within a school setting.

Sec. 3313.662. (A) The ~~superintendent of public instruction~~ director of education and workforce, pursuant to this section and the adjudication procedures of section 3301.121 of the Revised Code, may issue an adjudication order that permanently excludes a pupil from attending any of the public schools of this state if the pupil is convicted of, or adjudicated a delinquent child for, committing, when the pupil was sixteen years of age or older, an act that would be a criminal offense if committed by an adult and if the act is any of the following:

(1) A violation of section 2923.122 of the Revised Code;

(2) A violation of section 2923.12 of the Revised Code, of a substantially similar municipal ordinance, or of section 2925.03 of the Revised Code that was committed on property owned or controlled by, or at an activity held under the auspices of, a board of education of a city, local, exempted village, or joint vocational school district;

(3) A violation of section 2925.11 of the Revised Code, other than a violation of that section that would be a minor drug possession offense, that was committed on property owned or controlled by, or at an activity held under the auspices of, the board of education of a city, local, exempted village, or joint vocational school district;

(4) A violation of section 2903.01, 2903.02, 2903.03, 2903.04, 2903.11, 2903.12, 2907.02, or 2907.05 or of former section 2907.12 of the Revised Code that was committed on property owned or controlled by, or at an activity held under the auspices of, a board of education of a city, local, exempted village, or joint vocational school district, if the victim at the time of the commission of the act was an employee of that board of education;

(5) Complicity in any violation described in division (A)(1), (2), (3), or (4) of this section that was alleged to have been committed in the manner described in division (A)(1), (2), (3), or (4) of this section, regardless of whether the act of complicity was committed on property owned or controlled by, or at an activity held under the auspices of, a board of education of a city, local, exempted village, or joint vocational school district.

(B) A pupil may be suspended or expelled in accordance with section 3313.66 of the Revised Code prior to being permanently excluded from public school attendance under this section and section 3301.121 of the Revised Code.

(C)(1) If the superintendent of a city, local, exempted village, or joint vocational school district in which a pupil attends school obtains or receives

proof that the pupil has been convicted of committing when the pupil was sixteen years of age or older a violation listed in division (A) of this section or adjudicated a delinquent child for the commission when the pupil was sixteen years of age or older of a violation listed in division (A) of this section, the superintendent may issue to the board of education of the school district a request that the pupil be permanently excluded from public school attendance, if both of the following apply:

(a) After obtaining or receiving proof of the conviction or adjudication, the superintendent or the superintendent's designee determines that the pupil's continued attendance in school may endanger the health and safety of other pupils or school employees and gives the pupil and the pupil's parent, guardian, or custodian written notice that the superintendent intends to recommend to the board of education that the board adopt a resolution requesting the ~~superintendent of public instruction~~ director of education and workforce to permanently exclude the pupil from public school attendance.

(b) The superintendent or the superintendent's designee forwards to the board of education the superintendent's written recommendation that includes the determinations the superintendent or designee made pursuant to division (C)(1)(a) of this section and a copy of the proof the superintendent received showing that the pupil has been convicted of or adjudicated a delinquent child for a violation listed in division (A) of this section that was committed when the pupil was sixteen years of age or older.

(2) Within fourteen days after receipt of a recommendation from the superintendent pursuant to division (C)(1)(b) of this section that a pupil be permanently excluded from public school attendance, the board of education of a city, local, exempted village, or joint vocational school district, after review and consideration of all of the following available information, may adopt a resolution requesting the ~~superintendent of public instruction~~ director of education and workforce to permanently exclude the pupil who is the subject of the recommendation from public school attendance:

(a) The academic record of the pupil and a record of any extracurricular activities in which the pupil previously was involved;

(b) The disciplinary record of the pupil and any available records of the pupil's prior behavioral problems other than the behavioral problems contained in the disciplinary record;

(c) The social history of the pupil;

(d) The pupil's response to the imposition of prior discipline and sanctions imposed for behavioral problems;

(e) Evidence regarding the seriousness of and any aggravating factors related to the offense that is the basis of the resolution seeking permanent

exclusion;

(f) Any mitigating circumstances surrounding the offense that gave rise to the request for permanent exclusion;

(g) Evidence regarding the probable danger posed to the health and safety of other pupils or of school employees by the continued presence of the pupil in a public school setting;

(h) Evidence regarding the probable disruption of the teaching of any school district's graded course of study by the continued presence of the pupil in a public school setting;

(i) Evidence regarding the availability of alternative sanctions of a less serious nature than permanent exclusion that would enable the pupil to remain in a public school setting without posing a significant danger to the health and safety of other pupils or of school employees and without posing a threat of the disruption of the teaching of any district's graded course of study.

(3) If the board does not adopt a resolution requesting the ~~superintendent of public instruction~~ director to permanently exclude the pupil, it immediately shall send written notice of that fact to the district superintendent who sought the resolution, to the pupil who was the subject of the proposed resolution, and to that pupil's parent, guardian, or custodian.

(D)(1) Upon adoption of a resolution under division (C) of this section, the board of education immediately shall forward to the ~~superintendent of public instruction~~ director of education and workforce the written resolution, proof of the conviction or adjudication that is the basis of the resolution, a copy of the pupil's entire school record, and any other relevant information and shall forward a copy of the resolution to the pupil who is the subject of the recommendation and to that pupil's parent, guardian, or custodian.

(2) The board of education that adopted and forwarded the resolution requesting the permanent exclusion of the pupil to the ~~superintendent of public instruction~~ director promptly shall designate a representative of the school district to present the case for permanent exclusion to the superintendent or the referee appointed by the superintendent. The representative of the school district may be an attorney admitted to the practice of law in this state. At the adjudication hearing held pursuant to section 3301.121 of the Revised Code, the representative of the school district shall present evidence in support of the requested permanent exclusion.

(3) Upon receipt of a board of education's resolution requesting the permanent exclusion of a pupil from public school attendance, the ~~superintendent of public instruction~~ director, in accordance with the

adjudication procedures of section 3301.121 of the Revised Code, promptly shall issue an adjudication order that either permanently excludes the pupil from attending any of the public schools of this state or that rejects the resolution of the board of education.

(E) Notwithstanding any provision of section 3313.64 of the Revised Code or an order of any court of this state that otherwise requires the admission of the pupil to a school, no school official in a city, local, exempted village, or joint vocational school district knowingly shall admit to any school in the school district a pupil who has been permanently excluded from public school attendance by the ~~superintendent of public instruction~~ director of education and workforce.

(F)(1)(a) Upon determining that the school attendance of a pupil who has been permanently excluded from public school attendance no longer will endanger the health and safety of other students or school employees, the superintendent of any city, local, exempted village, or joint vocational school district in which the pupil desires to attend school may issue to the board of education of the school district a recommendation, including the reasons for the recommendation, that the permanent exclusion of a pupil be revoked and the pupil be allowed to return to the public schools of the state.

If any violation which in whole or in part gave rise to the permanent exclusion of any pupil involved the pupil's bringing a firearm to a school operated by the board of education of a school district or onto any other property owned or operated by such a board, no superintendent shall recommend under this division an effective date for the revocation of the pupil's permanent exclusion that is less than one year after the date on which the last such firearm incident occurred. However, on a case-by-case basis, a superintendent may recommend an earlier effective date for such a revocation for any of the reasons for which the superintendent may reduce the one-year expulsion requirement in division (B)(2) of section 3313.66 of the Revised Code.

(b) Upon receipt of the recommendation of the superintendent that a permanent exclusion of a pupil be revoked, the board of education of a city, local, exempted village, or joint vocational school district may adopt a resolution by a majority vote of its members requesting the ~~superintendent of public instruction~~ director of education and workforce to revoke the permanent exclusion of the pupil. Upon adoption of the resolution, the board of education shall forward a copy of the resolution, the reasons for the resolution, and any other relevant information to the ~~superintendent of public instruction~~ director.

(c) Upon receipt of a resolution of a board of education requesting the

revocation of a permanent exclusion of a pupil, the ~~superintendent of public instruction~~ director, in accordance with the adjudication procedures of Chapter 119. of the Revised Code, shall issue an adjudication order that revokes the permanent exclusion of the pupil from public school attendance or that rejects the resolution of the board of education.

(2)(a) A pupil who has been permanently excluded pursuant to this section and section 3301.121 of the Revised Code may request the superintendent of any city, local, exempted village, or joint vocational school district in which the pupil desires to attend school to admit the pupil on a probationary basis for a period not to exceed ninety school days. Upon receiving the request, the superintendent may enter into discussions with the pupil and with the pupil's parent, guardian, or custodian or a person designated by the pupil's parent, guardian, or custodian to develop a probationary admission plan designed to assist the pupil's probationary admission to the school. The plan may include a treatment program, a behavioral modification program, or any other program reasonably designed to meet the educational needs of the child and the disciplinary requirements of the school.

If any violation which in whole or in part gave rise to the permanent exclusion of the pupil involved the pupil's bringing a firearm to a school operated by the board of education of any school district or onto any other property owned or operated by such a board, no plan developed under this division for the pupil shall include an effective date for the probationary admission of the pupil that is less than one year after the date on which the last such firearm incident occurred except that on a case-by-case basis, a plan may include an earlier effective date for such an admission for any of the reasons for which the superintendent of the district may reduce the one-year expulsion requirement in division (B)(2) of section 3313.66 of the Revised Code.

(b) If the superintendent of a school district, a pupil, and the pupil's parent, guardian, or custodian or a person designated by the pupil's parent, guardian, or custodian agree upon a probationary admission plan prepared pursuant to division (F)(2)(a) of this section, the superintendent of the school district shall issue to the board of education of the school district a recommendation that the pupil be allowed to attend school within the school district under probationary admission, the reasons for the recommendation, and a copy of the agreed upon probationary admission plan. Within fourteen days after the board of education receives the recommendation, reasons, and plan, the board may adopt the recommendation by a majority vote of its members. If the board adopts the recommendation, the pupil may attend

school under probationary admission within that school district for a period not to exceed ninety days or any additional probationary period permitted under divisions (F)(2)(d) and (e) of this section in accordance with the probationary admission plan prepared pursuant to division (F)(2)(a) of this section.

(c) If a pupil who is permitted to attend school under probationary admission pursuant to division (F)(2)(b) of this section fails to comply with the probationary admission plan prepared pursuant to division (F)(2)(a) of this section, the superintendent of the school district immediately may remove the pupil from the school and issue to the board of education of the school district a recommendation that the probationary admission be revoked. Within five days after the board of education receives the recommendation, the board may adopt the recommendation to revoke the pupil's probationary admission by a majority vote of its members. If a majority of the board does not adopt the recommendation to revoke the pupil's probationary admission, the pupil shall continue to attend school in compliance with the pupil's probationary admission plan.

(d) If a pupil who is permitted to attend school under probationary admission pursuant to division (F)(2)(b) of this section complies with the probationary admission plan prepared pursuant to division (F)(2)(a) of this section, the pupil or the pupil's parent, guardian, or custodian, at any time before the expiration of the ninety-day probationary admission period, may request the superintendent of the school district to extend the terms and period of the pupil's probationary admission for a period not to exceed ninety days or to issue a recommendation pursuant to division (F)(1) of this section that the pupil's permanent exclusion be revoked and the pupil be allowed to return to the public schools of this state.

(e) If a pupil is granted an extension of the pupil's probationary admission pursuant to division (F)(2)(d) of this section, the pupil or the pupil's parent, guardian, or custodian, in the manner described in that division, may request, and the superintendent and board, in the manner described in that division, may recommend and grant, subsequent probationary admission periods not to exceed ninety days each. If a pupil who is permitted to attend school under an extension of a probationary admission plan complies with the probationary admission plan prepared pursuant to the extension, the pupil or the pupil's parent, guardian, or custodian may request a revocation of the pupil's permanent exclusion in the manner described in division (F)(2)(d) of this section.

(f) Any extension of a probationary admission requested by a pupil or a pupil's parent, guardian, or custodian pursuant to divisions (F)(2)(d) or (e) of

this section shall be subject to the adoption and approval of a probationary admission plan in the manner described in divisions (F)(2)(a) and (b) of this section and may be terminated as provided in division (F)(2)(c) of this section.

(g) If the pupil has complied with any probationary admission plan and the superintendent issues a recommendation that seeks revocation of the pupil's permanent exclusion pursuant to division (F)(1) of this section, the pupil's compliance with any probationary admission plan may be considered along with other relevant factors in any determination or adjudication conducted pursuant to division (F)(1) of this section.

(G)(1) Except as provided in division (G)(2) of this section, any information regarding the permanent exclusion of a pupil shall be included in the pupil's official records and shall be included in any records sent to any school district that requests the pupil's records.

(2) When a pupil who has been permanently excluded from public school attendance reaches the age of twenty-two or when the permanent exclusion of a pupil has been revoked, all school districts that maintain records regarding the pupil's permanent exclusion shall remove all references to the exclusion from the pupil's file and shall destroy them.

A pupil who has reached the age of twenty-two or whose permanent exclusion has been revoked may send a written notice to the superintendent of any school district maintaining records of the pupil's permanent exclusion requesting the superintendent to ensure that the records are removed from the pupil's file and destroyed. Upon receipt of the request and a determination that the pupil is twenty-two years of age or older or that the pupil's permanent exclusion has been revoked, the superintendent shall ensure that the records are removed from the pupil's file and destroyed.

(2) This section does not prohibit any person who has been permanently excluded pursuant to this section and section 3301.121 of the Revised Code from seeking a certificate of high school equivalence. A person who has been permanently excluded may be permitted to participate in a course of study in preparation for a high school equivalency test approved by the department of education and workforce pursuant to division (B) of section 3301.80 of the Revised Code, except that the person shall not participate during normal school hours in that course of study in any building or structure owned or controlled by the board of education of a school district.

written evidence satisfactory to the person in charge of admission, that the pupil has been immunized by a method of immunization approved by the department of health pursuant to section 3701.13 of the Revised Code against mumps, poliomyelitis, diphtheria, pertussis, tetanus, rubeola, and rubella or is in the process of being immunized.

(2) Except as provided in division (B) of this section, no pupil who begins kindergarten at an elementary school subject to the ~~state board of education's~~ director's minimum standards shall be permitted to remain in school for more than fourteen days unless the pupil presents written evidence satisfactory to the person in charge of admission that the pupil has been immunized by a department of health-approved method of immunization or is in the process of being immunized against both of the following:

- (b) During or after the school year beginning in 2006, chicken pox.

(3) Except as provided in division (B) of this section, during and after the school year beginning in 2016, no pupil who is the age or older than the age at which immunization against meningococcal disease is recommended by the state department of health shall be permitted to remain in a school subject to the ~~state board of education's~~ director's minimum standards for more than fourteen days unless the pupil presents written evidence satisfactory to the person in charge of admission that the pupil has been immunized by a department of health-approved method of immunization, or is in the process of being immunized, against meningococcal disease.

(4) As used in divisions (A)(1), (2), and (3) of this section, "in the process of being immunized" means the pupil has been immunized against mumps, rubeola, rubella, and chicken pox, and if the pupil has not been immunized against poliomyelitis, diphtheria, pertussis, tetanus, hepatitis B, and meningococcal disease, the pupil has received at least the first dose of the immunization sequence, and presents written evidence to the pupil's building principal or chief administrative officer of each subsequent dose required to obtain immunization at the intervals prescribed by the director of health. Any student previously admitted under the "in process of being immunized" provision and who has not complied with the immunization intervals prescribed by the director of health shall be excluded from school on the fifteenth day of the following school year. Any student so excluded shall be readmitted upon showing evidence to the student's building principal or chief administrative officer of progress on the director of health's interval schedule.

(C) As used in this division, "chicken pox epidemic" means the occurrence of cases of chicken pox in numbers greater than expected in the school's population or for a particular period of time.

Notwithstanding division (B) of this section, a school may deny admission to a pupil otherwise exempted from the chicken pox immunization requirement if the director of the state department of health notifies the school's principal or chief administrative officer that a chicken pox epidemic exists in the school's population. The denial of admission shall cease when the director notifies the principal or officer that the epidemic no longer exists.

The board of education or governing body of each school subject to this section shall adopt a policy that prescribes methods whereby the academic standing of a pupil who is denied admission during a chicken pox epidemic may be preserved.

(D) Boards of health, legislative authorities of municipal corporations, and boards of township trustees on application of the board of education of the district or proper authority of any school affected by this section, shall provide at the public expense, without delay, the means of immunization against mumps, poliomyelitis, rubeola, rubella, diphtheria, pertussis, tetanus, and hepatitis B to pupils who are not so provided by their parents or guardians.

(B) The board or governing authority may provide any screenings authorized by this section itself, contract with another entity for provision of the screenings, or request the parent or guardian of each student subject to the screening to obtain the screening from a provider selected by the parent or guardian and to submit the results to the board or governing authority. If the board or governing authority provides the screenings itself or contracts with another entity for provision of the screenings, the board or governing authority shall protect student privacy by ensuring that each student is screened alone and not in the presence of other students or staff.

(C) Each school year, each board or governing authority electing to require the screening shall provide the parent or guardian of each student subject to the screening with information about the screening program. If the board or governing authority requests parents and guardians to obtain a screening from a provider of their choosing, the board or governing authority shall provide them with a list of providers and information about screening services available in the community to parents and guardians who cannot afford a private provider.

(D) If the parent or guardian of a student subject to the screening signs and submits to the board or governing authority a written statement indicating that the parent or guardian does not wish to have the student undergo the screening, the board or governing authority shall not require the student to be screened.

(E) The board or governing authority shall notify the parent or guardian of each student screened under this section of any health risks associated with the student's results and shall provide the parent or guardian with information about appropriately addressing the risks. For this purpose, the department of health, in consultation with the department of education and workforce, shall develop a list of documents, pamphlets, or other resources that may be distributed to parents and guardians under this division.

In the case of a school district, data shall be aggregated for the district as a whole and not for individual schools within the district, unless the district operates only one school. In the case of a chartered nonpublic school, data shall be aggregated for the school as a whole. The department annually may publish the data reported under this division, aggregated by county. For each county in which a district, community school, STEM school, or chartered nonpublic school has elected not to require the screening for a school year for which data is published, the department shall note that the data for the county in which the district or school is located is incomplete. The department may share data reported under this division with other governmental entities for the purpose of monitoring population health, making reports, or public health promotional activities.

Sec. 3313.71. School physicians may make examinations, which shall include tests to determine the existence of hearing defects, and diagnoses of all children referred to them. Boards of education shall require and provide, in accordance with section 3313.67 of the Revised Code, such tests and examinations for tuberculosis of pupils in selected grades and of school employees as may be required by the director of health.

Boards may require annual tuberculin tests of any grades. All pupils with positive reactions to the test shall have chest x-rays and all positive reactions and x-ray findings shall be reported promptly to the county record bureau of tuberculosis cases provided for in section 339.74 of the Revised Code. Boards shall waive the required test where a pupil presents a written statement from the pupil's family physician certifying that such test has been given and that such pupil is free from tuberculosis in a communicable stage, or that such test is inadvisable for medical reasons, or from the pupil's parent or guardian objecting to such test because of religious convictions.

Whenever a pupil, teacher, or other school employee is found to be ill or have tuberculosis in a communicable stage or other communicable disease, the school physician shall promptly send such pupil, teacher, or other school employee home, with a statement, in the case of a pupil, to the pupil's parents or guardian, briefly setting forth the discovered facts, and advising

that the family physician be consulted. School physicians shall keep accurate card-index records of all examinations, and said records, that they may be uniform throughout the state, shall be according to the form prescribed by the ~~state board~~ department of education and workforce, and the reports shall be made according to the method of ~~said that~~ form. If the parent or guardian of any pupil or any teacher or other school employee, after notice from the board of education, furnishes within two weeks thereafter the written certificate of any reputable physician that the pupil, teacher, or other school employee has been examined, in such cases the service of the school physician shall be dispensed with, and such certificate shall be furnished by such parent or guardian, as required by the board of education. Such individual records shall not be open to the public and shall be solely for the use of the boards of education and boards of health officer. If any teacher or other school employee is found to have tuberculosis in a communicable stage or other communicable disease, the teacher's or employee's employment shall be discontinued or suspended upon such terms as to salary as the board deems just until the school physician has certified to a recovery from such disease. The methods of making the tuberculin tests and chest x-rays required by this section shall be such as are approved by the director of health.

This section shall apply to all elementary and high schools for which the ~~state board~~ director of education and workforce sets minimum standards pursuant to section 3301.07 of the Revised Code.

The political subdivision shall directly pay an educational service center for services specified in the contract. The board of the educational service center shall file a copy of each contract entered into under this section with the department of education and workforce by the first day the contract is in effect.

Sec. 3313.90. As used in this section, "formula ADM" has the same meaning as in section 3317.02 of the Revised Code. Notwithstanding division (D) of section 3311.19 and division (D) of section 3311.52 of the Revised Code, the provisions of this section that apply to a city school district do not apply to any joint vocational or cooperative education school district.

(A) Except as provided in division (B) of this section, each city, local, and exempted village school district shall, by one of the following means, provide to students enrolled in grades seven through twelve career-technical education adequate to prepare a student enrolled therein for an occupation:

(1) Establishing and maintaining a career-technical education program that meets standards adopted by the ~~state board~~ department of education and workforce;

(2) Being a member of a joint vocational school district that meets standards adopted by the ~~state board~~ department;

A school district may meet this requirement alone, through a cooperative arrangement pursuant to section 3313.92 of the Revised Code, through school district consolidation, by membership in a joint vocational school district, by contract with a school district, by contract with a school licensed by any state agency established by the Revised Code which school operates its courses offered for contracting with public schools under standards as to staffing and facilities comparable to those prescribed by the ~~state board of education~~ department for public schools provided no instructor in such courses shall be required to be certificated by the ~~state department of education~~, or in a combination of such ways. Exceptions to the minimum enrollment prescribed by this section may be made by the ~~state board of education~~ department based on sparsity of population or other factors indicating that comprehensive educational and career-technical education programs as required by this section can be provided through an alternate plan.

(B) If the board of education of a city, local, or exempted village school district adopts a resolution that specifies the district's intent not to provide career-technical education to students enrolled in grades seven and eight for a particular school year and submits that resolution to the department by the thirtieth day of September of that school year, the department shall waive the requirement for that district to provide career-technical education to students enrolled in grades seven and eight for that particular school year.

Any person serving as a fiscal officer of a community school on March 22, 2013, who is not licensed as a treasurer shall be permitted to serve as a fiscal officer for not more than one year following March 22, 2013. Beginning on that date and thereafter, no community school shall permit any individual to serve as a fiscal officer without a license as required by this section.

(D)(1) The governing authority of a community school may adopt a resolution waiving the requirement that the governing authority is the party responsible to employ or contract with the designated fiscal officer, as prescribed by division (A) of this section, so long as the school's sponsor also approves the resolution. The resolution shall be valid for one year. A new resolution shall be adopted for each year that the governing authority wishes to waive this requirement, so long as the school's sponsor also approves the resolution.

No resolution adopted pursuant to this division may waive the requirement for a community school to have a designated fiscal officer.

(2) If the governing authority adopts a resolution pursuant to division (D)(1) of this section, the school's designated fiscal officer annually shall meet with the governing authority to review the school's financial status.

(3) The governing authority shall submit to the department of education and workforce a copy of each resolution adopted pursuant to division (D)(1) of this section.

Sec. 3314.012. Sufficient models shall be developed to reflect the variety of grade levels served and the missions of the state's community schools. All models shall include both financial and academic data. ~~The initial models shall be~~

~~developed by March 31, 2000.~~

(B) Except as provided in section 3314.017 of the Revised Code, the department of education and workforce shall issue an annual report card for each community school, regardless of how long the school has been in operation. The report card shall report the academic and financial performance of the school utilizing one of the models developed under division (A) of this section. The report card shall include all information applicable to school buildings under section 3302.03 of the Revised Code. The ratings a community school receives under section 3302.03 of the Revised Code for its first two full school years shall not be considered toward automatic closure of the school under section 3314.35 of the Revised Code or any other matter that is based on report card ratings.

(C) Upon receipt of a copy of a contract between a sponsor and a community school entered into under this chapter, the department of ~~education~~ shall notify the community school of the specific model report card that will be used for that school.

(D) Report cards shall be distributed to the parents of all students in the community school, to the members of the board of education of the school district in which the community school is located, and to any person who requests one from the department.

Sec. 3314.013. (A) Until May 22, 2013, no internet- or computer-based community school shall operate unless the school was open for instruction as of May 1, 2005. No entity described in division (C)(1) of section 3314.02 of the Revised Code shall enter into a contract to sponsor an internet- or computer-based community school, including a conversion school, between May 1, 2005, and May 22, 2013, except as follows:

(1) The entity may renew a contract that the entity entered into with an internet- or computer-based community school prior to May 1, 2005, if the school was open for operation as of that date.

(2) The entity may assume sponsorship of an existing internet- or computer-based community school that was formerly sponsored by another entity and may enter into a contract with that community school in accordance with section 3314.03 of the Revised Code.

If a sponsor entered into a contract with an internet- or computer-based community school, including a conversion school, but the school was not open for operation as of May 1, 2005, the contract shall be void and the entity shall not enter into another contract with the school until May 22, 2013.

(B)(1) Beginning on July 1, 2013, up to five new internet- or computer-based community schools may open each year, subject to

approval of the ~~superintendent of public instruction~~ director of education and workforce under division (B)(2) of this section.

(2) The ~~superintendent of public instruction~~ director shall approve applications for new internet- or computer-based community schools from only those applicants demonstrating experience and quality.

The ~~state board~~ department of education and workforce shall adopt rules prescribing measures to determine experience and quality of applicants in accordance with Chapter 119. of the Revised Code. The measures shall include, but not be limited to, the following considerations:

- (a) The sponsor's experience with online schools;
- (b) The operator's experience with online schools;
- (c) The sponsor's and operator's previous record for student performance;
- (d) A preference for operators with previous experience in Ohio.

~~The state board shall adopt the rules so that they are effective May 22, 2013.~~

(3) The department ~~of education~~ shall notify any new internet- or computer-based community school governed by division (B) of this section of whether the ~~superintendent~~ director has approved or disapproved the school's application to open for the 2013-2014 school year not later than July 1, 2013. Notwithstanding the dates prescribed for adoption and signing on sponsor contracts in division (D) of section 3314.02 of the Revised Code, or the date for opening a school for instruction required by division (A)(25) of section 3314.03 of the Revised Code, a new internet- or computer-based community school approved for opening for the 2013-2014 school year under division (B) of this section may open and operate in that school year regardless of whether it has complied with those contract and opening dates. For each school year thereafter, the school shall comply with all applicable provisions of this chapter.

(4) Notwithstanding divisions (B)(1) and (2) of this section, a sponsor rated "exemplary" on its most recent evaluation conducted under section 3314.016 of the Revised Code is permitted to open up to two new internet- or computer-based community schools that will primarily serve students enrolled in a dropout prevention and recovery program each year, not to exceed six new schools in a five-year period.

(C) Nothing in division (A) or (B) of this section prohibits an internet- or computer-based community school from increasing the number of grade levels it offers.

Sec. 3314.015. (A) The department of education and workforce shall be responsible for the oversight of any and all sponsors of the community

schools established under this chapter and shall provide technical assistance to schools and sponsors in their compliance with applicable laws and the terms of the contracts entered into under section 3314.03 of the Revised Code and in the development and start-up activities of those schools. In carrying out its duties under this section, the department shall do all of the following:

(1) In providing technical assistance to proposing parties, governing authorities, and sponsors, conduct training sessions and distribute informational materials;

(2) Approve entities to be sponsors of community schools;

(3) Monitor and evaluate, as required under section 3314.016 of the Revised Code, the effectiveness of any and all sponsors in their oversight of the schools with which they have contracted;

(4) By December thirty-first of each year, issue a report to the governor, the speaker of the house of representatives, the president of the senate, and the chairpersons of the house and senate committees principally responsible for education matters regarding the effectiveness of academic programs, operations, and legal compliance and of the financial condition of all community schools established under this chapter and on the performance of community school sponsors;

(5) From time to time, make legislative recommendations to the general assembly designed to enhance the operation and performance of community schools.

(B)(1) Except as provided in sections 3314.021 and 3314.027 of the Revised Code, no entity shall enter into a preliminary agreement under division (C)(2) of section 3314.02 of the Revised Code or renew an existing contract to sponsor a community school until it has received approval from the department ~~of education~~ to sponsor community schools under this chapter and has entered into a written agreement with the department regarding the manner in which the entity will conduct such sponsorship.

On and after July 1, 2017, each entity that sponsors a community school in this state, except for an entity described in sections 3314.021 and 3314.027 of the Revised Code, shall attain approval from the department in order to continue sponsoring schools regardless of whether that entity intends to enter into a preliminary agreement or renew an existing contract.

All new and renewed agreements between the department and a sponsor shall contain specific language addressing the parameters under which the department can intervene and potentially revoke sponsorship authority in the event that the sponsor is unwilling or unable to fulfill its obligations. Additionally, each agreement shall set forth any territorial restrictions and

limits on the number of schools that entity may sponsor, provide for an annual evaluation process, and include a stipulation permitting the department to modify the agreement under the following circumstances:

- (a) Poor fiscal management;
- (b) Lack of academic progress.

(2) The initial term of a sponsor's agreement with the department shall be for up to five years.

(a) An agreement entered into with the department pursuant to this section may be renewed for a term of up to ten years using the following criteria:

(i) The academic performance of students enrolled in each community school the entity sponsors, as determined by the department pursuant to division (B)(1)(a) of section 3314.016 of the Revised Code;

(ii) The sponsor's adherence to quality practices, as determined by the department pursuant to division (B)(1)(b) of section 3314.016 of the Revised Code;

(iii) The sponsor's compliance with all applicable laws and administrative rules.

(b) Each agreement between the department and a sponsor shall specify that entities with an overall rating of "exemplary" for at least two consecutive years shall not be subject to the limit on the number of community schools the entity may sponsor or any territorial restrictions on sponsorship, for so long as that entity continues to be rated "exemplary."

(c) The ~~state board of education~~ department shall adopt in accordance with Chapter 119. of the Revised Code rules containing criteria, procedures, and deadlines for processing applications for approval of sponsors, for oversight of sponsors, for notifying a sponsor of noncompliance with applicable laws and administrative rules under division (F) of this section, for revocation of the approval of sponsors under division (C) of this section, and for entering into written agreements with sponsors. The rules shall require an entity to submit evidence of the entity's ability and willingness to comply with the provisions of division (D) of section 3314.03 of the Revised Code. The rules also shall require all entities approved as sponsors to demonstrate a record of financial responsibility and successful implementation of educational programs. If an entity seeking approval to sponsor community schools in this state sponsors or operates schools in another state, at least one of the schools sponsored or operated by the entity must be comparable to or better than the performance of Ohio schools in need of continuous improvement under section 3302.03 of the Revised Code, as determined by the department.

Subject to section 3314.016 of the Revised Code, an entity that sponsors community schools may enter into preliminary agreements and sponsor up to one hundred schools, provided each school and the contract for sponsorship meets the requirements of this chapter.

(3) The ~~state board of education~~ department shall determine, pursuant to criteria specified in rules adopted in accordance with Chapter 119. of the Revised Code, whether the mission proposed to be specified in the contract of a community school to be sponsored by a state university board of trustees or the board's designee under division (C)(1)(e) of section 3314.02 of the Revised Code complies with the requirements of that division. Such determination of the ~~state board~~ department is final.

(4) The ~~state board of education~~ department shall determine, pursuant to criteria specified in rules adopted in accordance with Chapter 119. of the Revised Code, if any tax-exempt entity under section 501(c)(3) of the Internal Revenue Code that is proposed to be a sponsor of a community school is an education-oriented entity for purpose of satisfying the condition prescribed in division (C)(1)(f)(iii) of section 3314.02 of the Revised Code. Such determination of the ~~state board~~ department is final.

(C) If at any time the ~~state board of education~~ department finds that a sponsor is not in compliance or is no longer willing to comply with its contract with any community school or with the department's rules for sponsorship, the ~~state board or designee~~ department shall conduct a hearing in accordance with Chapter 119. of the Revised Code on that matter. If after the hearing, the ~~state board or designee~~ department has confirmed the original finding, ~~the department of education~~ it may revoke the sponsor's approval to sponsor community schools. In that case, the department's office of Ohio school sponsorship, established under section 3314.029 of the Revised Code, may assume the sponsorship of any schools with which the sponsor has contracted until the earlier of the expiration of two school years or until a new sponsor as described in division (C)(1) of section 3314.02 of the Revised Code is secured by the school's governing authority. The office of Ohio school sponsorship may extend the term of the contract in the case of a school for which it has assumed sponsorship under this division as necessary to accommodate the term of the department's authorization to sponsor the school specified in this division. Community schools sponsored under this division shall not apply to the limit on directly authorized community schools under division (A)(3) of section 3314.029 of the Revised Code. However, nothing in this division shall preclude a community school affected by this division from applying for sponsorship under that section.

(D) The decision of the department to disapprove an entity for sponsorship of a community school or to revoke approval for such sponsorship under division (C) of this section, may be appealed by the entity in accordance with section 119.12 of the Revised Code.

(E) The department shall adopt procedures for use by a community school governing authority and sponsor when the school permanently closes and ceases operation, which shall include at least procedures for data reporting to the department, handling of student records, distribution of assets in accordance with section 3314.074 of the Revised Code, and other matters related to ceasing operation of the school.

(F)(1) In lieu of revoking a sponsor's authority to sponsor community schools under division (C) of this section, if the department finds that a sponsor is not in compliance with applicable laws and administrative rules, the department shall declare in a written notice to the sponsor the specific laws or rules, or both, for which the sponsor is noncompliant. A sponsor notified under division (F)(1) of this section shall respond to the department not later than fourteen days after the notification with a proposed plan to remedy the conditions for which the sponsor was found to be noncompliant. The department shall approve or disapprove the plan not later than fourteen days after receiving it. If the plan is disapproved, the sponsor may submit a revised plan to the department not later than fourteen days after receiving notification of disapproval from the department or not later than sixty days after the date the sponsor received notification of noncompliance from the department, whichever is earlier. The department shall approve or disapprove the revised plan not later than fourteen days after receiving it or not later than sixty days after the date the sponsor received notification of noncompliance from the department, whichever is earlier. A sponsor may continue to make revisions by the deadlines prescribed in division (F)(1) of this section to any revised plan that is disapproved by the department until the sixtieth day after the date the sponsor received notification of noncompliance from the department.

If a plan or a revised plan is approved, the sponsor shall implement it not later than sixty days after the date the sponsor received notification of noncompliance from the department or not later than thirty days after the plan is approved, whichever is later. If a sponsor does not respond to the department or implement an approved compliance plan by the deadlines prescribed by division (F)(1) of this section, or if a sponsor does not receive approval of a compliance plan on or before the sixtieth day after the date the sponsor received notification of noncompliance from the department, the department shall declare in written notice to the sponsor that the sponsor is

in probationary status, and may limit the sponsor's ability to sponsor additional schools.

(2) A sponsor that has been placed on probationary status under division (F)(1) of this section may apply to the department for its probationary status to be lifted. The application for a sponsor's probationary status to be lifted shall include evidence, occurring after the initial notification of noncompliance, of the sponsor's compliance with applicable laws and administrative rules. Not later than fourteen days after receiving an application from the sponsor, the department shall decide whether or not to remove the sponsor's probationary status.

(G) In carrying out its duties under this chapter, the department shall not impose requirements on community schools or their sponsors that are not permitted by law or duly adopted rules.

(H) This section applies to entities that sponsor conversion community schools and new start-up schools.

(I) Nothing in divisions (C) to (F) of this section prohibits the department from taking any action permitted or required under the written agreement between the department and a sponsoring entity without a hearing on the matter, in the event that the sponsor is unwilling or unable to fulfill its obligations.

Sec. 3314.016. This section applies to any entity that sponsors a community school, regardless of whether section 3314.021 or 3314.027 of the Revised Code exempts the entity from the requirement to be approved for sponsorship under divisions (A)(2) and (B)(1) of section 3314.015 of the Revised Code. The office of Ohio school sponsorship established under section 3314.029 of the Revised Code shall be rated under division (B) of this section, but divisions (A) and (C) of this section do not apply to the office.

(A) An entity that sponsors a community school shall be permitted to enter into contracts under section 3314.03 of the Revised Code to sponsor additional community schools only if the entity meets all of the following criteria:

(1) The entity is in compliance with all provisions of this chapter requiring sponsors of community schools to report data or information to the department of education and workforce.

(2) The entity is not rated as "ineffective" under division (B)(6) of this section.

(3) Except as set forth in sections 3314.021 and 3314.027 of the Revised Code, the entity has received approval from and entered into an agreement with the department ~~of education~~ pursuant to section 3314.015 of the

Revised Code.

(B)(1) The department shall develop and implement an evaluation system that annually rates and assigns an overall rating to each entity that sponsors a community school. The department, not later than the first day of February of each year, shall post on the department's web site the framework for the evaluation system, including technical documentation that the department intends to use to rate sponsors for the next school year. The department shall solicit public comment on the evaluation system for thirty consecutive days. Not later than the first day of April of each year, the department shall compile and post on the department's web site all public comments that were received during the public comment period. The evaluation system shall be posted on the department's web site by the fifteenth day of July of each school year. Any changes to the evaluation system after that date shall take effect the following year. The evaluation system shall be based on the following components:

(a) Academic performance of students enrolled in community schools sponsored by the same entity. The academic performance component shall be derived from the performance measures prescribed for the state report cards under section 3302.03 or 3314.017 of the Revised Code, and shall be based on the performance of the schools for the school year for which the evaluation is conducted. In addition to the academic performance for a specific school year, the academic performance component shall also include year-to-year changes in the overall sponsor portfolio. For a community school for which no graded performance measures are applicable or available, the department shall use nonreport card performance measures specified in the contract between the community school and the sponsor under division (A)(4) of section 3314.03 of the Revised Code.

(b) Adherence by a sponsor to the quality practices prescribed by the department under division (B)(3) of this section. For a sponsor that was rated "effective" or "exemplary" on its most recent rating, the department may evaluate that sponsor's adherence to quality practices once over a period of three years. If the department elects to evaluate a sponsor once over a period of three years, the most recent rating for a sponsor's adherence to quality practices shall be used when determining an annual overall rating conducted under this section.

(c) Compliance with all applicable laws and administrative rules by an entity that sponsors a community school.

Under the evaluation system prescribed under division (B)(1) of this section, the department shall not assign an overall rating of "ineffective" or lower to an entity that sponsors a community school solely because that

entity received no points on one of the components prescribed under that division.

(2) In calculating an academic performance component, the department shall exclude all community schools that have been in operation for not more than two full school years and all community schools described in division (A)(4)(b) of section 3314.35 of the Revised Code. However, the academic performance of the community schools described in division (A)(4)(b) of section 3314.35 of the Revised Code shall be reported, but shall not be used as a factor when determining a sponsoring entity's rating under this section.

(3) The department, in consultation with entities that sponsor community schools, shall prescribe quality practices for community school sponsors and develop an instrument to measure adherence to those quality practices. The quality practices shall be based on standards developed by the national association of charter school authorizers or any other nationally organized community school organization.

(4)(a) The department may permit peer review of a sponsor's adherence to the quality practices prescribed under division (B)(3) of this section. Peer reviewers shall be limited to individuals employed by sponsors rated "effective" or "exemplary" on the most recent ratings conducted under this section.

(b) The department shall require individuals participating in peer review under division (B)(4)(a) of this section to complete training approved or established by the department.

(c) The department may enter into an agreement with another entity to provide training to individuals conducting peer review of sponsors. Prior to entering into an agreement with an entity, the department shall review and approve of the entity's training program.

(5) The ~~state board~~ director of education and workforce shall adopt rules in accordance with Chapter 119. of the Revised Code prescribing standards for measuring compliance with applicable laws and rules under division (B)(1)(c) of this section.

(6) The department annually shall rate all entities that sponsor community schools as either "exemplary," "effective," "ineffective," or "poor," based on the components prescribed by division (B) of this section, where each component is weighted equally. A separate rating shall be given by the department for each component of the evaluation system.

The department shall publish the ratings between the first day of October and the fifteenth day of November.

Prior to the publication of the final ratings, the department shall

designate and provide notice of a period of at least ten business days during which each sponsor may review the information used by the department to determine the sponsor's rating on the components prescribed by division (B)(1) of this section. If the sponsor believes there is an error in the department's evaluation, the sponsor may request adjustments to the rating of any of those components based on documentation previously submitted as part of an evaluation. The sponsor shall provide to the department any necessary evidence or information to support the requested adjustments. The department shall review the evidence and information, determine whether an adjustment is valid, and promptly notify the sponsor of its determination and reasons. If any adjustments to the data could result in a change to the rating on the applicable component or to the overall rating, the department shall recalculate the ratings prior to publication.

The department shall provide training on an annual basis regarding the evaluation system prescribed under this section. The training shall, at a minimum, describe methodology, timelines, and data required for the evaluation system. The first training session shall occur not later than March 2, 2016. Beginning in 2018, the training shall be made available to each entity that sponsors a community school by the fifteenth day of July of each year and shall include guidance on any changes made to the evaluation system.

(7)(a) Entities with an overall rating of "exemplary" for the two most recent years in which the entity was evaluated may take advantage of the following incentives:

(i) Renewal of the written agreement with the department, not to exceed ten years, provided that the entity consents to continued evaluation of adherence to quality practices as described in division (B)(1)(b) of this section;

(ii) The ability to extend the term of the contract between the sponsoring entity and the community school beyond the term described in the written agreement with the department;

(iii) An exemption from the preliminary agreement and contract adoption and execution deadline requirements prescribed in division (D) of section 3314.02 of the Revised Code;

(iv) An exemption from the automatic contract expiration requirement, should a new community school fail to open by the thirtieth day of September of the calendar year in which the community school contract is executed;

(v) No limit on the number of community schools the entity may sponsor;

(vi) No territorial restrictions on sponsorship.

An entity may continue to sponsor any community schools with which it entered into agreements under division (B)(7)(a)(v) or (vi) of this section while rated "exemplary," notwithstanding the fact that the entity later receives a lower overall rating.

(b) Entities with an overall rating of "exemplary" or "effective" for the three most recent years in which the entity was evaluated shall be evaluated by the department once every three years.

(c)(i) Entities that receive an overall rating of "ineffective" shall be prohibited from sponsoring any new or additional community schools during the time in which the sponsor is rated as "ineffective" and shall be subject to a quality improvement plan based on correcting the deficiencies that led to the "ineffective" rating, with timelines and benchmarks that have been established by the department.

(ii) Entities that receive an overall rating of "ineffective" on their three most recent ratings shall have all sponsorship authority revoked. Within thirty days after receiving its third rating of "ineffective," the entity may appeal the revocation of its sponsorship authority to the ~~superintendent of public instruction~~ director, who shall appoint an independent hearing officer to conduct a hearing in accordance with Chapter 119. of the Revised Code. The hearing shall be conducted within thirty days after receipt of the notice of appeal. Within forty-five days after the hearing is completed, the ~~state board of education~~ director shall determine whether the revocation is appropriate based on the hearing conducted by the independent hearing officer, and if determined appropriate, the revocation shall be confirmed.

(d) Entities that receive an overall rating of "poor" shall have all sponsorship authority revoked. Within thirty days after receiving a rating of "poor," the entity may appeal the revocation of its sponsorship authority to the ~~superintendent of public instruction~~ director, who shall appoint an independent hearing officer to conduct a hearing in accordance with Chapter 119. of the Revised Code. The hearing shall be conducted within thirty days after receipt of the notice of appeal. Within forty-five days after the hearing is completed, the ~~state board of education~~ director shall determine whether the revocation is appropriate based on the hearing conducted by the independent hearing officer, and if determined appropriate, the revocation shall be confirmed.

(8) For the 2014-2015 school year and each school year thereafter, student academic performance prescribed under division (B)(1)(a) of this section shall include student academic performance data from community schools that primarily serve students enrolled in a dropout prevention and

recovery program.

(C) If the governing authority of a community school enters into a contract with a sponsor prior to the date on which the sponsor is prohibited from sponsoring additional schools under division (A) of this section and the school has not opened for operation as of that date, that contract shall be void and the school shall not open until the governing authority secures a new sponsor by entering into a contract with the new sponsor under section 3314.03 of the Revised Code. However, the department's office of Ohio school sponsorship, established under section 3314.029 of the Revised Code, may assume the sponsorship of the school until the earlier of the expiration of two school years or until a new sponsor is secured by the school's governing authority. A community school sponsored by the department under this division shall not be included when calculating the maximum number of directly authorized community schools permitted under division (A)(3) of section 3314.029 of the Revised Code.

(D) When an entity's authority to sponsor schools is revoked pursuant to division (B)(7)(c) or (d) of this section, the office of Ohio school sponsorship shall assume sponsorship of any schools with which the original sponsor has contracted for the remainder of that school year. The office may continue sponsoring those schools until the earlier of:

(1) The expiration of two school years from the time that sponsorship is revoked;

(2) When a new sponsor is secured by the governing authority pursuant to division (C)(1) of section 3314.02 of the Revised Code.

Any community school sponsored under this division shall not be counted for purposes of directly authorized community schools under division (A)(3) of section 3314.029 of the Revised Code.

(E) The department shall recalculate the rating for the 2017-2018 school year for each sponsor of a community school that receives recalculated ratings pursuant to division (I) of section 3314.017 of the Revised Code.

Sec. 3314.017. (A) The ~~state board~~ department of education shall prescribe by rules, adopted in accordance with Chapter 119. of the Revised Code, an academic performance rating and report card system that satisfies the requirements of this section for community schools that primarily serve students enrolled in dropout prevention and recovery programs as described in division (A)(4)(a) of section 3314.35 of the Revised Code, to be used in lieu of the system prescribed under sections 3302.03 and 3314.012 of the Revised Code beginning with the 2012-2013 school year. Each such school shall comply with the testing and reporting requirements of the system as prescribed by the ~~state board~~ department.

(C) In the case where a community school is proposed to be located in a facility owned by a school district or educational service center, the facility may not be used for such community school unless the district or service center board owning the facility enters into an agreement for the community school to utilize the facility. Use of the facility may be under any terms and conditions agreed to by the district or service center board and the school.

(D) Two or more separate community schools may be located in the same facility.

(E) In the case of a community school that is located in multiple facilities, beginning July 1, 2012, the department shall assign a unique identification number to the school and to each facility maintained by the school. Each number shall be used for identification purposes only. Nothing in this division shall be construed to require the department to calculate the amount of funds paid under this chapter, or to compute any data required for the report cards issued under section 3314.012 of the Revised Code, for each facility separately. The department shall make all such calculations or computations for the school as a whole.

(F)(1) In the case of a community school that exists prior to September 30, 2021, to which division (B)(3) of this section applies, if only one of the school districts in which the school is established was located in a challenged school district prior to September 30, 2021, that district continues to be considered the school's primary location and the district in which the school is located for the purposes of division (A)(19) of section 3314.03 and divisions (C) and (H) of section 3314.06 of the Revised Code and for all other purposes of this chapter unless and until the school's

governing authority designates a different school district as the school's primary location in accordance with division (F)(2) of this section. If both of the school districts in which the school is established were challenged school districts on that date, and the primary location was already designated by the school's governing authority pursuant to the requirements of this section as it existed prior to ~~the~~ September 30, 2021, that designation remains unless and until the school's governing authority designates a different primary location.

(2)(a) On and after September 30, 2021, when a new start-up community school is established in two school districts under the same contract, the school's governing authority shall designate one of those districts to be considered the school's primary location and the district in which the school is located for the purposes of division (A)(19) of section 3314.03 and divisions (C) and (H) of section 3314.06 of the Revised Code and for all other purposes of this chapter and shall notify the department of education and workforce of that designation.

(b) A community school governing authority that elects to modify a community school's primary location, whether in accordance with division (F)(1) of this section or otherwise, shall notify the department of that modification.

Sec. 3314.06. The governing authority of each community school established under this chapter shall adopt admission procedures that specify the following:

(A) That, except as otherwise provided in this section, admission to the school shall be open to any individual age five to twenty-two entitled to attend school pursuant to section 3313.64 or 3313.65 of the Revised Code in a school district in the state.

Additionally, except as otherwise provided in this section, admission to the school may be open on a tuition basis to any individual age five to twenty-two who is not a resident of this state. The school shall not receive state funds under section 3317.022 of the Revised Code for any student who is not a resident of this state.

An individual younger than five years of age may be admitted to the school in accordance with division (A)(2) of section 3321.01 of the Revised Code. The school shall receive funds for an individual admitted under that division in the manner provided under section 3317.022 of the Revised Code.

If the school operates a program that uses the Montessori method endorsed by the American Montessori society, the Montessori accreditation council for teacher education, or the association Montessori internationale as

its primary method of instruction, admission to the school may be open to individuals younger than five years of age but the school shall not receive funds under section 3317.022 of the Revised Code for those individuals. Notwithstanding anything to the contrary in this chapter, individuals younger than five years of age who are enrolled in a Montessori program shall be offered at least four hundred fifty-five hours of learning opportunities per school year.

If the school operates a preschool program that is licensed by the department of education and workforce under sections 3301.52 to 3301.59 of the Revised Code, admission to the school may be open to individuals who are younger than five years of age, but the school shall not receive funds under this chapter for those individuals.

(B)(1) That admission to the school may be limited to students who have attained a specific grade level or are within a specific age group; to students that meet a definition of "at-risk," as defined in the contract; to residents of a specific geographic area within the district, as defined in the contract; or to separate groups of autistic students and nondisabled students, as authorized in section 3314.061 of the Revised Code and as defined in the contract.

(2) For purposes of division (B)(1) of this section, "at-risk" students may include those students identified as gifted students under section 3324.03 of the Revised Code.

(C) Whether enrollment is limited to students who reside in the district in which the school is located or is open to residents of other districts, as provided in the policy adopted pursuant to the contract.

(D)(1) That there will be no discrimination in the admission of students to the school on the basis of race, creed, color, disability, or sex except that:

(a) The governing authority may do either of the following for the purpose described in division (G) of this section:

(i) Establish a single-gender school for either sex;

(ii) Establish single-gender schools for each sex under the same contract, provided substantially equal facilities and learning opportunities are offered for both boys and girls. Such facilities and opportunities may be offered for each sex at separate locations.

(b) The governing authority may establish a school that simultaneously serves a group of students identified as autistic and a group of students who are not disabled, as authorized in section 3314.061 of the Revised Code. However, unless the total capacity established for the school has been filled, no student with any disability shall be denied admission on the basis of that disability.

(2) That upon admission of any student with a disability, the community school will comply with all federal and state laws regarding the education of students with disabilities.

(E) That the school may not limit admission to students on the basis of intellectual ability, measures of achievement or aptitude, or athletic ability, except that a school may limit its enrollment to students as described in division (B) of this section.

(F) That the community school will admit the number of students that does not exceed the capacity of the school's programs, classes, grade levels, or facilities.

(G) That the purpose of single-gender schools that are established shall be to take advantage of the academic benefits some students realize from single-gender instruction and facilities and to offer students and parents residing in the district the option of a single-gender education.

(H) That, except as otherwise provided under division (B) of this section or section 3314.061 of the Revised Code, if the number of applicants exceeds the capacity restrictions of division (F) of this section, students shall be admitted by lot from all those submitting applications, except preference shall be given to students attending the school the previous year and to students who reside in the district in which the school is located. Preference may be given to siblings of students attending the school the previous year. Preference also may be given to students who are the children of full-time staff members employed by the school, provided the total number of students receiving this preference is less than five per cent of the school's total enrollment.

Notwithstanding divisions (A) to (H) of this section, in the event the racial composition of the enrollment of the community school is violative of a federal desegregation order, the community school shall take any and all corrective measures to comply with the desegregation order.

Sec. 3314.072. The provisions of this section are enacted to promote the public health, safety, and welfare by establishing procedures under which the governing authorities of community schools established under this chapter will be held accountable for their compliance with the terms of the contracts they enter into with their school's sponsors and the law relating to the school's operation. Suspension of the operation of a school imposed under this section is intended to encourage the governing authority's compliance with the terms of the school's contract and the law and is not intended to be an alteration of the terms of that contract.

(A) If a sponsor of a community school established under this chapter suspends the operation of that school pursuant to procedures set forth in this

section, the governing authority shall not operate that school while the suspension is in effect. Any such suspension shall remain in effect until the sponsor notifies the governing authority that it is no longer in effect. The contract of a school of which operation is suspended under this section also may be subject to termination or nonrenewal under section 3314.07 of the Revised Code.

(B) If at any time conditions at the school do not comply with a health and safety standard established by law for school buildings, the sponsor shall immediately suspend the operation of the school pursuant to procedures set forth in division (D) of this section. If the sponsor fails to take action to suspend the operation of a school to which this division applies, the department of education and workforce may take such action.

(C)(1) For any of the reasons prescribed in ~~division~~ divisions (B)(1)(a) to (d) of section 3314.07 of the Revised Code, the sponsor of a community school established under this chapter may suspend the operation of the school only if it first issues to the governing authority notice of the sponsor's intent to suspend the operation of the contract. Such notice shall explain the reasons for the sponsor's intent to suspend operation of the contract and shall provide the school's governing authority with five business days to submit to the sponsor a proposal to remedy the conditions cited as reasons for the suspension.

(2) The sponsor shall promptly review any proposed remedy timely submitted by the governing authority and either approve or disapprove the remedy. If the sponsor disapproves the remedy proposed by the governing authority, if the governing authority fails to submit a proposed remedy in the manner prescribed by the sponsor, or if the governing authority fails to implement the remedy as approved by the sponsor, the sponsor may suspend operation of the school pursuant to procedures set forth in division (D) of this section.

(D)(1) If division (B) of this section applies or if the sponsor of a community school established under this chapter decides to suspend the operation of a school as permitted in division (C)(2) of this section, the sponsor shall promptly send written notice to the governing authority stating that the operation of the school is immediately suspended, and explaining the specific reasons for the suspension. The notice shall state that the governing authority has five business days to submit a proposed remedy to the conditions cited as reasons for the suspension or face potential contract termination.

(2) Upon receipt of the notice of suspension prescribed under division (D)(1) of this section, the governing authority shall immediately notify the

employees of the school and the parents of the students enrolled in the school of the suspension and the reasons therefore, and shall cease all school operations on the next business day.

(E)(1) Beginning with the 2013-2014 school year, if the sponsor of a community school suspends the operation of that school pursuant to procedures set forth in this section, the school's contract with the sponsor under section 3314.03 of the Revised Code shall become void, if the governing authority of the school fails to provide a proposal to remedy the conditions cited by the sponsor as reasons for the suspension, to the satisfaction of the sponsor, by the thirtieth day of September of the school year immediately following the school year in which the operation of school was suspended.

(2) If, prior to ~~the effective date of this amendment~~ September 29, 2013, the sponsor of a community school has suspended the operation of the school, the contract with the sponsor under section 3314.03 of the Revised Code shall become void if the governing authority of the school fails to provide by September 30, 2014, a proposal to remedy the conditions cited by the sponsor as reasons for the suspension, to the satisfaction of the sponsor.

Sec. 3314.074. Divisions (A) and (B) of this section apply only to the extent permitted under Chapter 1702. of the Revised Code.

(A) If any community school established under this chapter permanently closes and ceases its operation as a community school, the assets of that school shall be distributed first to the retirement funds of employees of the school, employees of the school, and private creditors who are owed compensation, and then any remaining funds shall be paid to the department of education and workforce for redistribution to the school districts in which the students who were enrolled in the school at the time it ceased operation were entitled to attend school under section 3313.64 or 3313.65 of the Revised Code. The amount distributed to each school district shall be proportional to the district's share of the total enrollment in the community school. For any community school that closes after fiscal year 2021, any remaining funds shall be paid to the department ~~of education~~ and deposited into the state general revenue fund.

(B) If a community school closes and ceases to operate as a community school and the school has received computer hardware or software from the former Ohio SchoolNet commission or the former eTech Ohio commission, such hardware or software shall be turned over to the department ~~of education~~, which shall redistribute the hardware and software, to the extent such redistribution is possible, to school districts in conformance with the

provisions of the programs as they were operated and administered by the former eTech Ohio commission.

(C) If the assets of the school are insufficient to pay all persons or entities to whom compensation is owed, the prioritization of the distribution of the assets to individual persons or entities within each class of payees may be determined by decree of a court in accordance with this section and Chapter 1702. of the Revised Code.

(D) A community school that engages in a merger or consolidation pursuant to division (B) of section 1702.41 of the Revised Code and becomes a single public benefit corporation shall not be required to distribute assets pursuant to divisions (A), (B), and (C) of this section, provided that the governing authority of the community school created by the merger or consolidation enters into a contract for sponsorship under section 3314.03 of the Revised Code with an entity rated "effective" or higher by the department of ~~education~~ pursuant to section 3314.016 of the Revised Code.

(b) The community school shall report under division (C)(1)(a) of this

section, and the department shall pay for, only the costs of educational expenses and the related services provided to the student in accordance with the student's individualized education program. Any legal fees, court costs, or other costs associated with any cause of action relating to the student may not be included in the amount.

(2) In any fiscal year, a community school receiving funds under division (A)(7) of section 3317.022 of the Revised Code shall spend those funds only for the purposes that the department designates as approved for career-technical education expenses. Career-technical education expenses approved by the department shall include only expenses connected to the delivery of career-technical programming to career-technical students. The department shall require the school to report data annually so that the department may monitor the school's compliance with the requirements regarding the manner in which funding received under division (A)(7) of section 3317.022 of the Revised Code may be spent.

(3) Notwithstanding anything to the contrary in section 3313.90 of the Revised Code, except as provided in division (C)(5) of this section, all funds received under division (A)(7) of section 3317.022 of the Revised Code shall be spent in the following manner:

(b) Not more than twenty-five per cent of the funds shall be used for personnel expenditures.

(4) A community school shall spend the funds it receives under division (A)(4) of section 3317.022 of the Revised Code in accordance with section 3317.25 of the Revised Code.

(5) The department may waive the requirement in division (C)(3) of this section for any community school that exclusively provides one or more career-technical workforce development programs in arts and communications that are not equipment-intensive, as determined by the department.

(6) For fiscal years 2022 and 2023, a community school shall spend the funds it receives under division (A)(5) of section 3317.022 of the Revised

Code only for services for English learners.

(D) A board of education sponsoring a community school may utilize local funds to make enhancement grants to the school or may agree, either as part of the contract or separately, to provide any specific services to the community school at no cost to the school.

(E) A community school may not levy taxes or issue bonds secured by tax revenues.

(F) No community school shall charge tuition for the enrollment of any student who is a resident of this state. A community school may charge tuition for the enrollment of any student who is not a resident of this state.

(2) Except for any amount guaranteed under section 3318.50 of the Revised Code, the state is not liable for debt incurred by the governing authority of a community school.

(H) The department of ~~education~~ shall adjust the amounts paid under section 3317.022 of the Revised Code to reflect any enrollment of students in community schools for less than the equivalent of a full school year. ~~The state board of education within ninety days after April 8, 2003, department~~ shall adopt in accordance with Chapter 119. of the Revised Code rules governing the payments to community schools under section 3317.022 of the Revised Code including initial payments in a school year and adjustments and reductions made in subsequent periodic payments to community schools as provided under section 3317.022 of the Revised Code. For purposes of this division:

(1) A student shall be considered enrolled in the community school for any portion of the school year the student is participating at a college under Chapter 3365. of the Revised Code.

(2) A student shall be considered to be enrolled in a community school for the period of time beginning on the later of the date on which the school both has received documentation of the student's enrollment from a parent and the student has commenced participation in learning opportunities as defined in the contract with the sponsor, or thirty days prior to the date on which the student is entered into the education management information

system established under section 3301.0714 of the Revised Code. For purposes of applying this division and divisions (H)(3) and (4) of this section to a community school student, "learning opportunities" shall be defined in the contract, which shall describe both classroom-based and non-classroom-based learning opportunities and shall be in compliance with criteria and documentation requirements for student participation which shall be established by the department. The department shall continue paying amounts for the student under section 3317.022 of the Revised Code without interruption at the start of the subsequent school year. However, if the student without a legitimate excuse fails to participate in the first seventy-two consecutive hours of learning opportunities offered to the student in that subsequent school year, the student shall be considered not to have re-enrolled in the school for that school year and the department shall recalculate the payments to the school for that school year to account for the fact that the student is not enrolled.

(3) The department shall determine each community school student's percentage of full-time equivalency based on the percentage of learning opportunities offered by the community school to that student, reported either as number of hours or number of days, is of the total learning opportunities offered by the community school to a student who attends for the school's entire school year. However, no internet- or computer-based community school shall be credited for any time a student spends participating in learning opportunities beyond ten hours within any period of twenty-four consecutive hours. Whether it reports hours or days of learning opportunities, each community school shall offer not less than nine hundred

twenty hours of learning opportunities during the school year.

(4) With respect to the calculation of full-time equivalency under division (H)(3) of this section, the department shall waive the number of hours or days of learning opportunities not offered to a student because the community school was closed during the school year due to disease epidemic, hazardous weather conditions, law enforcement emergencies, inoperability of school buses or other equipment necessary to the school's operation, damage to a school building, or other temporary circumstances due to utility failure rendering the school building unfit for school use, so long as the school was actually open for instruction with students in attendance during that school year for not less than the minimum number of hours required by this chapter. The department shall treat the school as if it were open for instruction with students in attendance during the hours or days waived under this division.

(I) The department of education and workforce shall reduce the amounts paid under section 3317.022 of the Revised Code to reflect payments made to colleges under section 3365.07 of the Revised Code.

(J)(1) No student shall be considered enrolled in any internet- or computer-based community school or, if applicable to the student, in any community school that is required to provide the student with a computer pursuant to division (C) of section 3314.22 of the Revised Code, unless both of the following conditions are satisfied:

(a) The student possesses or has been provided with all required hardware and software materials and all such materials are operational so that the student is capable of fully participating in the learning opportunities specified in the contract between the school and the school's sponsor as required by division (A)(23) of section 3314.03 of the Revised Code;

(b) The school is in compliance with division (A) of section 3314.22 of the Revised Code, relative to such student.

(2) In accordance with policies adopted by the ~~superintendent of public instruction~~ department of education and workforce, in consultation with the auditor of state, the department shall reduce the amounts otherwise payable under section 3317.022 of the Revised Code to any community school that includes in its program the provision of computer hardware and software materials to any student, if such hardware and software materials have not been delivered, installed, and activated for each such student in a timely manner or other educational materials or services have not been provided according to the contract between the individual community school and its sponsor.

The ~~superintendent of public instruction~~ director and the auditor of state

shall jointly establish a method for auditing any community school to which this division pertains to ensure compliance with this section.

The ~~superintendent~~ director, auditor of state, and the governor shall jointly make recommendations to the general assembly for legislative changes that may be required to assure fiscal and academic accountability for such schools.

(K)(1) If the department determines that a review of a community school's enrollment is necessary, such review shall be completed and written notice of the findings shall be provided to the governing authority of the community school and its sponsor within ninety days of the end of the community school's fiscal year, unless extended for a period not to exceed thirty additional days for one of the following reasons:

(a) The department and the community school mutually agree to the extension.

(b) Delays in data submission caused by either a community school or its sponsor.

(2) If the review results in a finding that additional funding is owed to the school, such payment shall be made within thirty days of the written notice. If the review results in a finding that the community school owes moneys to the state, the following procedure shall apply:

(a) Within ten business days of the receipt of the notice of findings, the community school may appeal the department's determination to the ~~state board of education or its designee~~ director.

(b) The ~~board or its designee~~ director shall conduct an informal hearing on the matter within thirty days of receipt of such an appeal and shall issue a decision within fifteen days of the conclusion of the hearing.

(c) ~~If the board has enlisted a designee to conduct the hearing, the designee shall certify its decision to the board. The board may accept the decision of the designee or may reject the decision of the designee and issue its own decision on the matter.~~

~~(d)~~ Any decision made by the ~~board~~ director under this division is final.

(3) If it is decided that the community school owes moneys to the state, the department shall deduct such amount from the school's future payments in accordance with guidelines issued by the ~~superintendent of public instruction~~ director.

(L) The department shall not pay to a community school under section 3317.022 of the Revised Code any amount for any of the following:

(1) Any student who has graduated from the twelfth grade of a public or nonpublic high school;

(2) Any student who is not a resident of the state;

(3) Any student who was enrolled in the community school during the previous school year when assessments were administered under section 3301.0711 of the Revised Code but did not take one or more of the assessments required by that section and was not excused pursuant to division (C)(1) or (3) of that section, unless the ~~superintendent of public instruction~~ director grants the student a waiver from the requirement to take the assessment and a parent is not paying tuition for the student pursuant to section 3314.26 of the Revised Code. The ~~superintendent~~ director may grant a waiver only for good cause in accordance with rules adopted by the ~~state board of education~~ department.

(4) Any student who has attained the age of twenty-two years, except for veterans of the armed services whose attendance was interrupted before completing the recognized twelve-year course of the public schools by reason of induction or enlistment in the armed forces and who apply for enrollment in a community school not later than four years after termination of war or their honorable discharge. If, however, any such veteran elects to enroll in special courses organized for veterans for whom tuition is paid under federal law, or otherwise, the department shall not pay to a community school under section 3317.022 of the Revised Code any amount for that veteran.

Sec. 3314.081. To the extent permitted by federal law, the department of education and workforce shall include community schools established under this chapter in its annual allocation of federal moneys under Title I of the "Elementary and Secondary Education Act of 1965," 20 U.S.C. 6301, et seq.

Sec. 3314.083. If the department of education and workforce pays a joint vocational school district under division (C)(3) of section 3317.16 of the Revised Code for excess costs of providing special education and related services to a student with a disability who is enrolled in a community school, as calculated under division (C)(1) of that section, the department shall deduct the amount of that payment from the amount calculated for payment to the community school under section 3317.022 of the Revised Code.

(3) "Resident school district" means the city, exempted village, or local

school district in which a student is entitled to attend school under section 3313.64 or 3313.65 of the Revised Code.

(B) Notwithstanding anything to the contrary in this chapter or Chapter 3317. of the Revised Code, a student enrolled in a community school may simultaneously enroll in the career-technical program operated by the career-technical planning district to which the student's resident district belongs. On an FTE basis, the student's resident school district shall count the student in the category one through five career-technical education ADM for the proportion of the time the student is enrolled in a career-technical program of the career-technical planning district to which the student's resident district belongs and, accordingly, the department of education and workforce shall calculate funds under Chapter 3317. of the Revised Code for the resident district attributable to the student for the proportion of time the student attends the career-technical program. The community school shall count the student in its enrollment report under section 3314.08 of the Revised Code and shall report to the department the proportion of time that the student attends classes at the community school. The department shall pay the community school the amount computed for the student under section 3317.022 of the Revised Code in proportion to the fraction of the time on an FTE basis that the student attends classes at the community school. Sec. 3314.091. (A) A school district is not required to provide transportation for any native student enrolled in a community school if the district board of education has entered into an agreement with the community school's governing authority that designates the community school as responsible for providing or arranging for the transportation of the district's native students to and from the community school. For any such agreement to be effective, it must be certified by the ~~superintendent of public instruction~~ director of education and workforce as having met all of the following requirements:

(1) It is submitted to the department of education and workforce by a deadline which shall be established by the department.

(2) In accordance with divisions (C)(1) and (2) of this section, it specifies qualifications, such as residing a minimum distance from the school, for students to have their transportation provided or arranged.

(3) The transportation provided by the community school is subject to all provisions of the Revised Code and all rules adopted under the Revised Code pertaining to pupil transportation.

(4) The sponsor of the community school also has signed the agreement.

(B)(1) For the school year that begins on July 1, 2007, a school district is not required to provide transportation for any native student enrolled in a community school, if the community school during the previous school year transported the students enrolled in the school or arranged for the students' transportation, even if that arrangement consisted of having parents transport their children to and from the school, but did not enter into an agreement to transport or arrange for transportation for those students under division (A) of this section, and if the governing authority of the community school by July 15, 2007, submits written notification to the district board of education stating that the governing authority is accepting responsibility for providing or arranging for the transportation of the district's native students to and from the community school.

(2) Except as provided in division (B)(4) of this section, for any school year subsequent to the school year that begins on July 1, 2007, a school district is not required to provide transportation for any native student enrolled in a community school if the governing authority of the community school, by the first day of August, submits written notification to the district board of education stating that the governing authority is accepting responsibility for providing or arranging for the transportation of the district's native students to and from the community school. If the governing authority of the community school has previously accepted responsibility for providing or arranging for the transportation of a district's native students to and from the community school, under division (B)(1) or (2) of this section, and has since relinquished that responsibility under division (B)(3) of this section, the governing authority shall not accept that responsibility again unless the district board consents to the governing authority's acceptance of that responsibility.

(3) A governing authority's acceptance of responsibility under division (B)(1) or (2) of this section shall cover an entire school year, and shall remain in effect for subsequent school years unless the governing authority submits written notification to the district board that the governing authority is relinquishing the responsibility. However, a governing authority shall not relinquish responsibility for transportation before the end of a school year, and shall submit the notice relinquishing responsibility by the thirty-first day of January, in order to allow the school district reasonable time to prepare transportation for its native students enrolled in the school.

(4)(a) For any school year that begins on or after July 1, 2014, a school district is not required to provide transportation for any native student enrolled in a community school scheduled to open for operation in the

current school year, if the governing authority of the community school, by the fifteenth day of April of the previous school year, submits written notification to the district board of education stating that the governing authority is accepting responsibility for providing or arranging for the transportation of the district's native students to and from the community school.

(b) The governing authority of a community school that accepts responsibility for transporting its students under division (B)(4)(a) of this section shall comply with divisions (B)(2) and (3) of this section to renew or relinquish that authority for subsequent school years.

(C)(1) A community school governing authority that enters into an agreement under division (A) of this section, or that accepts responsibility under division (B) of this section, shall provide or arrange transportation free of any charge for each of its enrolled students who is required to be transported under section 3327.01 of the Revised Code. The governing authority shall report to the department of education and workforce the number of students transported or for whom transportation is arranged under this section in accordance with rules adopted by the ~~state board of education~~ department.

(2) The governing authority may provide or arrange transportation for any other enrolled student who is not eligible for transportation in accordance with division (C)(1) of this section and may charge a fee for such service up to the actual cost of the service.

(3) Notwithstanding anything to the contrary in division (C)(1) or (2) of this section, a community school governing authority shall provide or arrange transportation free of any charge for any disabled student enrolled in the school for whom the student's individualized education program developed under Chapter 3323. of the Revised Code specifies transportation.

(D) A community school shall use payments received under division (H) of section 3317.0212 of the Revised Code solely to pay the costs of providing or arranging for the transportation of students who are eligible as specified in section 3327.01 of the Revised Code and division (C)(1) of this section, which may include payments to a parent, guardian, or other person in charge of a child in lieu of transportation.

(E) Except when arranged through payment to a parent, guardian, or person in charge of a child, transportation provided or arranged for by a community school pursuant to an agreement under this section is subject to all provisions of the Revised Code, and all rules adopted under the Revised Code, pertaining to the construction, design, equipment, and operation of school buses and other vehicles transporting students to and from school.

The drivers and mechanics of the vehicles are subject to all provisions of the Revised Code, and all rules adopted under the Revised Code, pertaining to drivers and mechanics of such vehicles. The community school also shall comply with sections 3313.201, 3327.09, and 3327.10 of the Revised Code, division (B) of section 3327.16 of the Revised Code and, subject to division (C)(1) of this section, sections 3327.01 and 3327.02 of the Revised Code, as if it were a school district.

Sec. 3314.10. (A)(1) The governing authority of any community school established under this chapter may employ teachers and nonteaching employees necessary to carry out its mission and fulfill its contract.

(2) Except as provided under division (A)(3) of this section, employees hired under this section may organize and collectively bargain pursuant to Chapter 4117. of the Revised Code. Notwithstanding division (D)(1) of section 4117.06 of the Revised Code, a unit containing teaching and nonteaching employees employed under this section shall be considered an appropriate unit. Except as provided in divisions (B)(2)(b) and (c) of section 3307.01 of the Revised Code and in section 3309.013 of the Revised Code, employment under this section is subject to either Chapter 3307. or 3309. of the Revised Code.

(3) If a school is created by converting all or part of an existing public school rather than by establishment of a new start-up school, at the time of conversion, the employees of the community school shall remain part of any collective bargaining unit in which they were included immediately prior to the conversion and shall remain subject to any collective bargaining agreement for that unit in effect on the first day of July of the year in which the community school initially begins operation and shall be subject to any subsequent collective bargaining agreement for that unit, unless a petition is certified as sufficient under division (A)(6) of this section with regard to those employees. Any new employees of the community school shall also be included in the unit to which they would have been assigned had not the conversion taken place and shall be subject to the collective bargaining agreement for that unit unless a petition is certified as sufficient under division (A)(6) of this section with regard to those employees.

Notwithstanding division (B) of section 4117.01 of the Revised Code, the board of education of a school district and not the governing authority of a community school shall be regarded, for purposes of Chapter 4117. of the Revised Code, as the "public employer" of the employees of a conversion community school subject to a collective bargaining agreement pursuant to division (A)(3) of this section unless a petition is certified under division (A)(6) of this section with regard to those employees. Only on and after the

effective date of a petition certified as sufficient under division (A)(6) of this section shall division (A)(2) of this section apply to those employees of that community school and only on and after the effective date of that petition shall Chapter 4117. of the Revised Code apply to the governing authority of that community school with regard to those employees.

(4) Notwithstanding sections 4117.03 to 4117.18 of the Revised Code and Section 4 of Amended Substitute Senate Bill No. 133 of the 115th general assembly, the employees of a conversion community school who are subject to a collective bargaining agreement pursuant to division (A)(3) of this section shall cease to be subject to that agreement and all subsequent agreements pursuant to that division and shall cease to be part of the collective bargaining unit that is subject to that and all subsequent agreements, if a majority of the employees of that community school who are subject to that collective bargaining agreement sign and submit to the state employment relations board a petition requesting all of the following:

(a) That all the employees of the community school who are subject to that agreement be removed from the bargaining unit that is subject to that agreement and be designated by the state employment relations board as a new and separate bargaining unit for purposes of Chapter 4117. of the Revised Code;

(b) That the employee organization certified as the exclusive representative of the employees of the bargaining unit from which the employees are to be removed be certified as the exclusive representative of the new and separate bargaining unit for purposes of Chapter 4117. of the Revised Code;

(c) That the governing authority of the community school be regarded as the "public employer" of these employees for purposes of Chapter 4117. of the Revised Code.

(5) Notwithstanding sections 4117.03 to 4117.18 of the Revised Code and Section 4 of Amended Substitute Senate Bill No. 133 of the 115th general assembly, the employees of a conversion community school who are subject to a collective bargaining agreement pursuant to division (A)(3) of this section shall cease to be subject to that agreement and all subsequent agreements pursuant to that division, shall cease to be part of the collective bargaining unit that is subject to that and all subsequent agreements, and shall cease to be represented by any exclusive representative of that collective bargaining unit, if a majority of the employees of the community school who are subject to that collective bargaining agreement sign and submit to the state employment relations board a petition requesting all of the following:

(a) That all the employees of the community school who are subject to that agreement be removed from the bargaining unit that is subject to that agreement;

(b) That any employee organization certified as the exclusive representative of the employees of that bargaining unit be decertified as the exclusive representative of the employees of the community school who are subject to that agreement;

(c) That the governing authority of the community school be regarded as the "public employer" of these employees for purposes of Chapter 4117. of the Revised Code.

(6) Upon receipt of a petition under division (A)(4) or (5) of this section, the state employment relations board shall check the sufficiency of the signatures on the petition. If the signatures are found sufficient, the board shall certify the sufficiency of the petition and so notify the parties involved, including the board of education, the governing authority of the community school, and any exclusive representative of the bargaining unit. The changes requested in a certified petition shall take effect on the first day of the month immediately following the date on which the sufficiency of the petition is certified under division (A)(6) of this section.

(B)(1) The board of education of each city, local, and exempted village school district sponsoring a community school and the governing board of each educational service center in which a community school is located shall adopt a policy that provides a leave of absence of at least three years to each teacher or nonteaching employee of the district or service center who is employed by a conversion or new start-up community school sponsored by the district or located in the district or center for the period during which the teacher or employee is continuously employed by the community school. The policy shall also provide that any teacher or nonteaching employee may return to employment by the district or service center if the teacher or employee leaves or is discharged from employment with the community school for any reason, unless, in the case of a teacher, the board of the district or service center determines that the teacher was discharged for a reason for which the board would have sought to discharge the teacher under section 3311.82 or 3319.16 of the Revised Code, in which case the board may proceed to discharge the teacher utilizing the procedures of that section. Upon termination of such a leave of absence, any seniority that is applicable to the person shall be calculated to include all of the following: all employment by the district or service center prior to the leave of absence; all employment by the community school during the leave of absence; and all employment by the district or service center after the leave of absence.

The policy shall also provide that if any teacher holding valid certification returns to employment by the district or service center upon termination of such a leave of absence, the teacher shall be restored to the previous position and salary or to a position and salary similar thereto. If, as a result of teachers returning to employment upon termination of such leaves of absence, a school district or educational service center reduces the number of teachers it employs, it shall make such reductions in accordance with section 3319.171 of the Revised Code.

Unless a collective bargaining agreement providing otherwise is in effect for an employee of a conversion community school pursuant to division (A)(3) of this section, an employee on a leave of absence pursuant to this division shall remain eligible for any benefits that are in addition to benefits under Chapter 3307. or 3309. of the Revised Code provided by the district or service center to its employees provided the employee pays the entire cost associated with such benefits, except that personal leave and vacation leave cannot be accrued for use as an employee of a school district or service center while in the employ of a community school unless the district or service center board adopts a policy expressly permitting this accrual.

(2) While on a leave of absence pursuant to division (B)(1) of this section, a conversion community school shall permit a teacher to use sick leave accrued while in the employ of the school district from which the leave of absence was taken and prior to commencing such leave. If a teacher who is on such a leave of absence uses sick leave so accrued, the cost of any salary paid by the community school to the teacher for that time shall be reported to the department of education and workforce. The cost of employing a substitute teacher for that time shall be paid by the community school. The department of education and workforce shall add amounts to the payments made to a community school under this chapter as necessary to cover the cost of salary reported by a community school as paid to a teacher using sick leave so accrued pursuant to this section. The department shall subtract the amounts of any payments made to community schools under this division from payments made to such sponsoring school district under Chapter 3317. of the Revised Code.

(D) The chief administrator of the community school actively is managing daily operations at the school.

(E) The projected enrollment reported to the department is accurate.

Sec. 3314.20. (A) As used in this section:

(1) "Base enrollment" for an internet- or computer-based community school means either of the following:

(b) For the 2015-2016 school year and each school year thereafter, the previous school year's enrollment limit increased by the prescribed annual rate of growth, as calculated by the department.

(3) "Prescribed annual rate of growth" for an internet- or computer-based community school means either of the following:

(a) For a school with an enrollment limit equal to or greater than three thousand students, fifteen per cent.

(b) For a school with an enrollment limit of less than three thousand students, twenty-five per cent.

(B) Beginning in the 2014-2015 school year, no internet- or computer-based community school shall enroll more students than the number permitted by its enrollment limit.

(C) If, in any school year, an internet- or computer-based community school enrolls more students than permitted under the enrollment limit, the department shall deduct from the community school the amount of state funds credited to the community school attributable to each student enrolled in excess of the enrollment limit, as determined by the department.

Sec. 3314.21. (A) As used in this section:

(1) "Harmful to juveniles" has the same meaning as in section 2907.01 of the Revised Code.

(2) "Obscene" has the same meaning as in division (F) of section 2907.01 of the Revised Code as that division has been construed by the supreme court of this state.

(3) "Teacher of record" means a teacher who is responsible for the overall academic development and achievement of a student and not merely the student's instruction in any single subject.

(B)(1) It is the intent of the general assembly that teachers employed by internet- or computer-based community schools conduct visits with their students in person throughout the school year.

(2) Each internet- or computer-based community school shall retain an

affiliation with at least one full-time teacher of record licensed in accordance with division (A)(10) of section 3314.03 of the Revised Code.

(3) Each student enrolled in an internet- or computer-based community school shall be assigned to at least one teacher of record. No teacher of record shall be primarily responsible for the academic development and achievement of more than one hundred twenty-five students enrolled in the internet- or computer-based community school that has retained that teacher.

(C) For any internet- or computer-based community school, the contract between the sponsor and the governing authority of the school described in section 3314.03 of the Revised Code shall specify each of the following:

(1) A requirement that the school use a filtering device or install filtering software that protects against internet access to materials that are obscene or harmful to juveniles on each computer provided to students for instructional use. The school shall provide such device or software at no cost to any student who works primarily from the student's residence on a computer obtained from a source other than the school.

(2) A plan for fulfilling the intent of the general assembly specified in division (B)(1) of this section. The plan shall indicate the number of times teachers will visit each student throughout the school year and the manner in which those visits will be conducted.

(D)(1) Annually, each internet- or computer-based community school shall prepare and submit to the department of education and workforce, in a time and manner prescribed by the department, a report that contains information about all of the following:

- (d) Any other information determined necessary by the department.

(2) The department annually shall prepare and ~~submit to the state board of education~~ issue a report that contains the information received under division (D)(1) of this section.

Sec. 3314.22. (A)(1) Each child enrolled in an internet- or computer-based community school is entitled to a computer supplied by the school; however, the parent of any child enrolled in the school may waive this entitlement in the manner specified in division (A)(3) of this section. In no case shall an internet- or computer-based community school provide a

stipend or other substitute to an enrolled child or the child's parent in lieu of supplying a computer to the child. The prohibition contained in the preceding sentence is intended to clarify the meaning of this division as it existed prior to September 29, 2005, and is not intended to change that meaning in any way.

(2) Notwithstanding division (A)(1) of this section, if more than one child living in a single residence is enrolled in an internet- or computer-based community school, at the option of the parent of those children, the school may supply less than one computer per child, as long as at least one computer is supplied to the residence. An internet- or computer-based community school may supply no computer at all only if the parent has waived the entitlement prescribed in division (A)(1) of this section in the manner specified in division (A)(3) of this section. The parent may amend the decision to accept less than one computer per child anytime during the school year, and, in such case, within thirty days after the parent notifies the school of such amendment, the school shall provide any additional computers requested by the parent up to the number necessary to comply with division (A)(1) of this section.

(3) The parent of any child enrolled in an internet- or computer-based community school may waive the entitlement to one computer per child, and have no computer at all supplied by the school, if the school and parent set forth that waiver in writing with both parties attesting that there is a computer available to the child in the child's residence with sufficient hardware, software, programming, and connectivity so that the child may fully participate in all of the learning opportunities offered to the child by the school. The parent may amend the decision to waive the entitlement at any time during the school year and, in such case, within thirty days after the parent notifies the school of that decision, the school shall provide any additional computers requested by the parent up to the number necessary to comply with division (A)(1) of this section, regardless of whether there is any change in the conditions attested to in the waiver.

(4) A copy of a waiver executed under division (A)(3) of this section shall be retained by the internet- or computer-based community school and the parent who attested to the conditions prescribed in that division. The school shall submit a copy of the waiver to the department of education and workforce immediately upon execution of the waiver.

(5) The school shall notify the department ~~of education~~, in the manner specified by the department, of any parent's decision under division (A)(2) of this section to accept less than one computer per child or the parent's amendment to that decision, and of any parent's decision to amend the

waiver executed under division (A)(3) of this section.

(B) Each internet- or computer-based community school shall provide to each parent who is considering enrolling the parent's child in the school and to the parent of each child already enrolled in the school a written notice of the provisions prescribed in division (A) of this section.

(C) If a community school that is not an internet- or computer-based community school provides any of its enrolled students with nonclassroom-based learning opportunities provided via an internet- or other computer-based instructional method and requires such students to participate in any of those learning opportunities from their residences, the school shall be subject to this section and division (C)(1) of section 3314.21 of the Revised Code relative to each such student in the same manner as an internet- or computer-based community school, unless both of the following conditions apply to the student:

(1) The nonclassroom-based learning opportunities in which the student is required to participate from the student's residence are supplemental in nature or do not constitute a significant portion of the total classroom-based and nonclassroom-based learning opportunities provided to the student by the school;

(2) The student's residence is equipped with a computer available for the student's use.

Sec. 3314.232. The ~~superintendent of public instruction~~ department of education and workforce shall establish by rule adopted in accordance with Chapter 119. of the Revised Code standards for learning management software to be used by internet- and computer-based community schools.

Sec. 3314.24. (A) On or after July 1, 2004, no internet- or computer-based community school shall enter into a contract with a nonpublic school to use or rent any facility space at the nonpublic school for the provision of instructional services to students enrolled in the internet- or computer-based community school.

(B) If an internet- or computer-based community school has a contract with a nonpublic school as described in division (A) of this section, the department of education and workforce shall not make any payments under section 3317.022 of the Revised Code to the internet- or computer-based community school for any student who is enrolled in the internet- or computer-based community school and receives any instructional services from the internet- or computer-based community school at the nonpublic school.

Sec. 3314.26. (A) Each internet- or computer-based community school shall withdraw from the school any student who, for two consecutive school

years of enrollment in the school, has failed to participate in the spring administration of any assessment prescribed under section 3301.0710 or 3301.0712 of the Revised Code for the student's grade level and was not excused from the assessment pursuant to division (C)(1) or (3) of section 3301.0711 of the Revised Code, regardless of whether a waiver was granted for the student under division (L)(3) of section 3314.08 of the Revised Code. The school shall report any such student's data verification code, as assigned pursuant to section 3301.0714 of the Revised Code, to the department of education and workforce. The department shall maintain a list of all data verification codes reported under this division and section 3313.6410 of the Revised Code and provide that list to each internet- or computer-based community school and to each school to which section 3313.6410 of the Revised Code applies.

(B) No internet- or computer-based community school shall receive any state funds under this chapter for any enrolled student whose data verification code appears on the list maintained by the department under division (A) of this section.

Notwithstanding any provision of the Revised Code to the contrary, the parent of any such student shall pay tuition to the internet- or computer-based community school in an amount equal to the state funds the school otherwise would receive for that student, as determined by the department. An internet- or computer-based community school may withdraw any student for whom the parent does not pay tuition as required by this division.

Sec. 3314.27. No student enrolled in an internet- or computer-based community school may participate in more than ten hours of learning opportunities in any period of twenty-four consecutive hours. Any time such a student participates in learning opportunities beyond the limit prescribed in this section shall not count toward the annual minimum number of hours required to be provided to that student as prescribed in division (A)(11)(a) of section 3314.03 of the Revised Code. If any internet- or computer-based community school requires its students to participate in learning opportunities on the basis of days rather than hours, one day shall consist of a minimum of five hours of such participation.

Each internet- or computer-based community school shall keep an accurate record of each individual student's participation in learning opportunities each day. The record shall be kept in such a manner that the information contained within it easily can be submitted to the department of education and workforce, upon request by the department or the auditor of state.

Sec. 3314.271. (A) Each internet- or computer-based community school shall offer a student orientation course and shall notify each student who enrolls in that school of that student's opportunity to participate in the student orientation course.

(B) The department of education and workforce shall provide guidance to internet- or computer-based community schools for developing and delivering the orientation course.

(C) Each internet- or computer-based community school may, at the time of a particular student's enrollment in that school, ask the student's parent or guardian to estimate the length of time the student will attend the school. Any information collected pursuant to this division shall be included in an aggregated format in the school's annual report required by division (A)(11)(g) of section 3314.03 of the Revised Code.

(D) Each internet- or computer-based community school, on a periodic basis throughout each school year, shall communicate with each student's parent, guardian, or custodian regarding the performance and progress of that student. Each internet- or computer-based community school also shall provide opportunities for parent-teacher conferences, shall document the school's requests for such conferences, and may permit students to participate in the conferences. Parent-teacher conferences may be conducted through electronic means.

Sec. 3314.28. (A) Each internet- or computer-based community school established under this chapter shall submit to the school's sponsor a plan for providing special education and related services to disabled students enrolled in the school in accordance with division (A)(1) or (2) of this section.

(1) If the school was established prior to ~~the effective date of this section~~ June 30, 2005, the plan shall be submitted to the sponsor on or before September 1, 2005, and on or before the first day of September in each year thereafter that the school is in operation.

(2) If the school is established after ~~the effective date of this section~~ June 30, 2005, the plan shall be submitted to the sponsor prior to the school's receipt of its first payment under this chapter and on or before the first day of September in each year thereafter that the school is in operation.

(B) Within thirty days after receiving the plan prescribed in division (A) of this section, the sponsor of each internet- or computer-based community school shall certify all of the following to the department of education and workforce:

(1) A statement of whether the plan received is satisfactory to the sponsor;

(2) If the plan received is not satisfactory to the sponsor, the sponsor's assurance that it will promptly assist the school in developing a plan that is satisfactory to the sponsor;

(3) The sponsor's assurance that it will monitor the implementation of the plan;

(4) The sponsor's assurance that it will take any necessary corrective action to ensure that the school's plan is properly and fully implemented.

(C) The department shall develop guidelines for the content and format of the plan required under this section.

(1) Serves all of grades kindergarten through twelve;

(2) Has an enrollment of at least two thousand students;

(3) Has a sponsor that was not rated ineffective or poor on its most recent evaluation under section 3314.016 of the Revised Code.

(B) Beginning with the 2018-2019 school year, the governing authority of a community school to which this section applies may adopt a resolution to divide the school into two or three separate schools as follows:

(1) If the school is divided into two schools, one school shall serve grades kindergarten through eight and one school shall serve grades nine through twelve.

(2) If the school is divided into three schools, one school shall serve grades kindergarten through five, one school shall serve grades six through eight, and one school shall serve grades nine through twelve.

(C) The resolution adopted by the governing authority shall not be effective unless approved by the school's sponsor. Following approval of the resolution by the sponsor, and by the fifteenth day of March prior to the school year in which it will take effect, the governing authority shall file the resolution with the department of education and workforce. The division of the schools shall be effective on the first day of July succeeding the date the resolution is filed with the department.

(D) All of the following shall apply to each new school created as a result of the resolution authorized by this section and to the school that is divided as a result of the resolution:

(3) No school shall primarily serve students enrolled in a dropout prevention and recovery program operated by the school.

(4) No school shall be permitted to divide again under this section.

(5) Notwithstanding anything to the contrary in division (B)(2) of section 3314.016 of the Revised Code, each school shall be included in the calculation of the academic performance component for purposes of rating the schools' sponsor under the evaluation system prescribed by that section.

(6) Each school shall be subject to the laws contained in Chapter 3314. of the Revised Code, except as otherwise specified in this section.

(E) The department shall issue a report card under section 3314.012 of the Revised Code for each new school created as a result of the resolution authorized by this section and for the school that is divided as a result of the resolution. For purposes of the report cards and other reporting requirements under this chapter, the department shall assign the school that serves the highest grades the same internal retrieval number previously used by the school that is divided under this section. The department shall assign a new internal retrieval number to each other school resulting from the division.

Notwithstanding division (B) of section 3314.012 of the Revised Code, the ratings a school receives on its report card for the first two full school years after the division under this section shall count toward closure of the school under section 3314.35 of the Revised Code and any other matter that is based on report card ratings or measures.

Sec. 3314.35. (A)(1) Except as provided in division (A)(4) of this section, this section applies to any community school that meets one of the following criteria after July 1, 2009, but before July 1, 2011:

~~On and after the effective date of this amendment, the~~ The department of education and workforce shall not adopt any rules, enforce any procedures or policies, or otherwise restrict the establishment or sponsorship of a new start-up community school based upon whether the school's proposed location is in a challenged school district.

~~(5) The program provides counseling and support for the student related to the plan developed under division (A)(4) of this section during the remainder of the student's high school experience.~~

~~(6) Prior to receiving the waiver, the program has submitted to the department an instructional plan that demonstrates how the academic content standards adopted by the state board of education under section~~

~~3301.079 of the Revised Code will be taught and assessed.~~

~~If the department does not act either to grant the waiver or to reject the program application for the waiver within sixty days as required under this section, the waiver shall be considered to be granted.~~

~~(B) Notwithstanding division (A) of this section, the department shall not grant a waiver to any community school that did not qualify for a waiver under this section when it initially began operations, unless the state board of education approves the waiver.~~

Thereafter, no waivers shall be granted under this section.~~

Sec. 3314.38. (A) An individual who is at least twenty-two years of age and who is an eligible individual as defined in section 3317.23 of the Revised Code may enroll for up to two consecutive school years in a dropout prevention and recovery program operated by a community school that is designed to allow enrollees to earn a high school diploma. An individual enrolled under this division may elect to satisfy the requirements to earn a high school diploma by successfully completing a competency-based educational program, as defined in section 3317.23 of the Revised Code, that complies with the standards adopted by the department of education and workforce under section 3317.231 of the Revised Code. The community school shall report that individual's enrollment on a full-time equivalency basis to the department. This report shall be in addition to the report required under division (B) of section 3314.08 of the Revised Code. An individual enrolled under this division shall not be assigned to classes or settings with students who are younger than eighteen years of age.

(B)(1) For each community school that enrolls individuals under division (A) of this section, the department annually shall certify the enrollment and attendance, on a full-time equivalency basis, of each individual reported by the school under that division.

(2) For each individual enrolled in a community school under division (A) of this section, the department annually shall pay the community school up to \$5,000, as determined by the department based on the extent of the individual's successful completion of the graduation requirements prescribed under division (A)(11)(f) of section 3314.03 of the Revised Code.

(C) A community school that enrolls individuals under division (A) of

this section shall be subject to the program administration standards adopted by the department under section 3317.231 of the Revised Code, as applicable.

Sec. 3314.50. No community school shall initiate operation, on or after ~~the effective date of this amendment~~ February 1, 2016, unless the governing authority of the school has posted a bond in the amount of fifty thousand dollars with the auditor of state. The bond or cash guarantee shall be used, in the event the school closes, to pay the auditor of state any moneys owed or that become owed by the school for the costs of audits conducted by the auditor of state or a public accountant under Chapter 117. of the Revised Code.

The department of education and workforce shall notify the auditor of state of the proposed initiation of operations of any community school and shall provide the auditor of state with the certification of the sponsor of the community school of the compliance by the community school with all legal preconditions to the initiation of its operations, including compliance with this section.

In lieu of the bond, the governing authority of the school, the school's sponsor, or an operator that has a contract with the school may deposit with the auditor of state cash in the amount of fifty thousand dollars as guarantee of payment under the provisions of this section. In lieu of a bond or a cash deposit, the school's sponsor or an operator that has a contract with the school may provide a written guarantee of payment, which shall obligate the school's sponsor or the operator that provides the written guarantee to pay the cost of audits of the school under this section up to the amount of fifty thousand dollars. Any such written guarantee shall be binding upon any successor entity that enters into a contract to sponsor or to operate the school, and any such entity, as a condition of its undertaking shall acknowledge and accept such obligation.

In the event that a sponsor or operator has provided a written guarantee under this section, and, subsequent to the provision of the guarantee, the governing authority of the school posts a bond under this section, or the governing authority of the school, a sponsor, or an operator provides a cash deposit of fifty thousand dollars as required, the written guarantee shall cease to be of further effect.

As soon as it is practicable to do so after the filing of a bond or the deposit of cash, the auditor of state shall deliver the bond or cash to the treasurer of state, who shall hold it in trust for the purposes prescribed in this section. The treasurer of state shall be responsible for the safekeeping of all bonds filed or cash deposited under this section. The auditor of state shall

notify the department of ~~education~~ when the school's governing authority has filed the bond, deposited the cash guarantee, or submitted a written guarantee of payment.

When the auditor of state conducts an audit of a community school that has closed and is subject to the requirements of this section, the auditor of state shall certify the amount of forfeiture to the treasurer of state, who shall assess the bond for the costs of the audit or shall pay money from the named insurer or from the school's cash deposit for the costs of the audit to reimburse the auditor of state or public accountant for costs incurred in conducting audits of the school.

To the extent that the amount of the bond or the cash deposit is not needed to cover audit costs, the bond shall be of no further effect, and any cash balance shall be refunded by the treasurer of state to the entity which provided the bond. When the auditor of state conducts an audit of a community school that has closed and is subject to the requirements of this section, and, as to which, a written guarantee has been given under this section, the entity that provided the guarantee shall be solely and fully liable for any such audit costs, and shall promptly pay the costs of the audit up to fifty thousand dollars.

No community school that is subject to the provisions of this section shall maintain or continue its operations absent the ongoing provision of a bond, a cash deposit, or a written guarantee as required by this section.

Sec. 3314.51. (A) If the auditor of state or a public accountant, under section 117.41 of the Revised Code, declares a community school to be unauditible, the auditor of state shall provide written notification of that declaration to the school, the school's sponsor, and the department of education and workforce. The auditor of state also shall post the notification on the auditor of state's web site.

(B) If the community school's current fiscal officer held that position during the period for which the school is unauditible, upon receipt of the notification under division (A) of this section, the governing authority of the school shall suspend the fiscal officer until the auditor of state or a public accountant has completed an audit of the school, except that if the school has an operator and the operator employs the fiscal officer, the operator shall suspend the fiscal officer for that period. Suspension of the fiscal officer may be with or without pay, as determined by the entity imposing the suspension based on the circumstances that prompted the auditor of state's declaration. The entity imposing the suspension shall appoint a person to assume the duties of the fiscal officer during the period of the suspension. If the appointee is not licensed as a treasurer under section 3301.074 of the

Revised Code, the appointee shall be approved by the ~~superintendent of public instruction~~ director of education and workforce before assuming the duties of the fiscal officer. The state board of education may take action under section 3319.31 of the Revised Code to suspend, revoke, or limit the license of a fiscal officer who has been suspended under this division.

(C) Notwithstanding any provision to the contrary in this chapter or in any other provision of law, the sponsor of the community school shall not enter into contracts with any additional community schools under section 3314.03 of the Revised Code between ninety days after the date of the declaration under division (A) of this section and the date the auditor of state or a public accountant has completed a financial audit of the school.

(D) Not later than forty-five days after receiving the notification under division (A) of this section, the sponsor of the community school shall provide a written response to the auditor of state. The sponsor shall provide a copy of the response to the community school. The response shall include the following:

(1) An overview of the process the sponsor will use to review and understand the circumstances that led to the community school becoming unauditible;

(2) A plan for providing the auditor of state with the documentation necessary to complete an audit of the community school and for ensuring that all financial documents are available in the future;

(3) The actions the sponsor will take to ensure that the plan described in division (D)(2) of this section is implemented.

(E) If the community school fails to make reasonable efforts and continuing progress to bring its accounts, records, files, or reports into an auditable condition within ninety days after being declared unauditible, the auditor of state, in addition to requesting legal action under sections 117.41 and 117.42 of the Revised Code, shall notify the school's sponsor and the department of the school's failure. If the auditor of state or a public accountant subsequently is able to complete a financial audit of the school, the auditor of state shall notify the school's sponsor and the department that the audit has been completed.

(F) Notwithstanding any provision to the contrary in this chapter or in any other provision of law, upon notification by the auditor of state under division (E) of this section that the community school has failed to make reasonable efforts and continuing progress to bring its accounts, records, files, or reports into an auditable condition, the department shall immediately cease all payments to the school under this chapter and any other provision of law. Upon subsequent notification from the auditor of

state under that division that the auditor of state or a public accountant was able to complete a financial audit of the community school, the department shall release all funds withheld from the school under this section.

Sec. 3315.18. (A) The board of education of each city, exempted village, local, and joint vocational school district shall establish a capital and maintenance fund. Each board annually shall deposit into that fund an amount derived from revenues received by the district that would otherwise have been deposited in the general fund that is equal to three per cent of the statewide average base cost per pupil for the preceding fiscal year, as defined in section 3317.02 of the Revised Code, or another percentage if established by the auditor of state under division (B) of this section, multiplied by the district's student population for the preceding fiscal year, except that money received from a permanent improvement levy authorized by section 5705.21 of the Revised Code may replace general revenue moneys in meeting the requirements of this section. Money in the fund shall be used solely for acquisition, replacement, enhancement, maintenance, or repair of permanent improvements, as that term is defined in section 5705.01 of the Revised Code. Any money in the fund that is not used in any fiscal year shall carry forward to the next fiscal year.

(B) ~~The state superintendent of public instruction~~ director of education and workforce and the auditor of state jointly shall adopt rules in accordance with Chapter 119. of the Revised Code defining what constitutes expenditures permitted by division (A) of this section. The auditor of state may designate a percentage, other than three per cent, of the statewide average base cost per pupil multiplied by the district's student population that must be deposited into the fund.

(C) Within its capital and maintenance fund, a school district board of education may establish a separate account solely for the purpose of depositing funds transferred from the district's reserve balance account established under former division (H) of section 5705.29 of the Revised Code. After April 10, 2001, a board may deposit all or part of the funds formerly included in such reserve balance account in the separate account established under this section. Funds deposited in this separate account and interest on such funds shall be utilized solely for the purpose of providing the district's portion of the basic project costs of any project undertaken in accordance with Chapter 3318. of the Revised Code.

(D)(1) Notwithstanding division (A) of this section, in any year a district is in fiscal emergency status as declared pursuant to section 3316.03 of the Revised Code, the district may deposit an amount less than required by division (A) of this section, or make no deposit, into the district capital

and maintenance fund for that year.

(2) Notwithstanding division (A) of this section, in any fiscal year that a school district is either in fiscal watch status, as declared pursuant to section 3316.03 of the Revised Code, or in fiscal caution status, as declared pursuant to section 3316.031 of the Revised Code, the district may apply to the ~~superintendent of public instruction~~ director of education and workforce for a waiver from the requirements of division (A) of this section, under which the district may be permitted to deposit an amount less than required by that division or permitted to make no deposit into the district capital and maintenance fund for that year. The ~~superintendent~~ director may grant a waiver under division (D)(2) of this section if the district demonstrates to the satisfaction of the ~~superintendent~~ director that compliance with division (A) of this section that year will create an undue financial hardship on the district.

(3) Notwithstanding division (A) of this section, not more often than one fiscal year in every three consecutive fiscal years, any school district that does not satisfy the conditions for the exemption described in division (D)(1) of this section or the conditions to apply for the waiver described in division (D)(2) of this section may apply to the ~~superintendent of public instruction~~ director for a waiver from the requirements of division (A) of this section, under which the district may be permitted to deposit an amount less than required by that division or permitted to make no deposit into the district capital and maintenance fund for that year. The ~~superintendent~~ director may grant a waiver under division (D)(3) of this section if the district demonstrates to the satisfaction of the ~~superintendent~~ director that compliance with division (A) of this section that year will necessitate the reduction or elimination of a program currently offered by the district that is critical to the academic success of students of the district and that no reasonable alternatives exist for spending reductions in other areas of operation within the district that negate the necessity of the reduction or elimination of that program.

(E) Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the requirements of this section prevail over any conflicting provisions of agreements between employee organizations and public employers entered into after November 21, 1997.

(F) As used in this section, "student population" means the average, daily, full-time equivalent number of students in kindergarten through twelfth grade receiving any educational services from the school district during the first full school week in October, excluding students enrolled in adult education classes, but including all of the following:

(1) Adjacent or other district students enrolled in the district under an open enrollment policy pursuant to section 3313.98 of the Revised Code;

(2) Students receiving services in the district pursuant to a compact, cooperative education agreement, or a contract, but who are entitled to attend school in another district pursuant to section 3313.64 or 3313.65 of the Revised Code;

(3) Students for whom tuition is payable pursuant to sections 3317.081 and 3323.141 of the Revised Code.

The department of education and workforce shall determine a district's student population using data reported to it under section 3317.03 of the Revised Code for the applicable fiscal year.

Sec. 3315.181. As used in this section, "securities" has the same meaning as in section 133.01 of the Revised Code.

Notwithstanding division (A) of section 3315.18 of the Revised Code, the board of education of a city, exempted village, local, or joint vocational school district, in meeting the amount required by that division to be deposited in the district's capital and maintenance fund, may replace general fund revenues with proceeds received from a permanent improvement levy authorized by section 5705.21 of the Revised Code only to the extent the proceeds are available to be used for the acquisition, replacement, enhancement, maintenance, or repair of permanent improvements as defined in section 5705.01 of the Revised Code. In addition, the board may replace general fund revenues with proceeds received from any of the following sources in meeting the amount required by that division to be deposited in the fund:

(A) Proceeds received from any securities whose use is limited to the acquisition, replacement, enhancement, maintenance, or repair of permanent improvements;

(B) Insurance proceeds received as a result of the damage to or theft or destruction of a permanent improvement to the extent a board of education places the proceeds in a separate fund for the acquisition, replacement, enhancement, maintenance, or repair of permanent improvements;

(C) Proceeds received from the sale of a permanent improvement to the extent the proceeds are paid into a separate fund for the construction or acquisition of permanent improvements;

(D) Proceeds received from a tax levy authorized by section 3318.06 of the Revised Code to the extent the proceeds are available to be used for the maintenance of capital facilities;

(E) Proceeds of certificates of participation issued as part of a lease-purchase agreement entered into under section 3313.375 of the

Revised Code;

(F) Proceeds of any school district income tax levied under Chapter 5748. of the Revised Code for permanent improvements, to the extent the proceeds are available for the acquisition, replacement, enhancement, maintenance, or repair of permanent improvements;

(G) Any other revenue source identified by the auditor of state, in consultation with the department of education and workforce, in rules adopted by the auditor of state.

Sec. 3315.33. There is hereby established a fund to be known as the Ohio scholarship fund for teacher trainees for the public purpose of relieving the existing teacher shortage in public schools, to be administered and expended as prescribed in sections 3315.33 to 3315.35 of the Revised Code. Appropriations by the general assembly for the purpose of scholarships for teacher trainees shall be paid into this fund.

Each scholarship for a teacher trainee shall have a maximum value of five hundred dollars annually and shall be awarded as follows:

(A) The ~~state board~~ department of education and workforce shall prescribe standards and requirements which shall be met by persons who are eligible for such scholarships. Scholarships shall be allocated among the counties of the state on an equitable basis by the ~~state board of education~~ department, provided that not less than three such scholarships shall be available annually to residents of each county of the state. If, on the first day of September in each year, the ~~state board of education~~ department finds that the number of eligible persons recommended from any county is less than the number of scholarships allocated to that county, it may reallocate the remaining scholarships among the counties in which the number of eligible persons exceeds the number of scholarships allocated. Such reallocation as may affect a county in one year shall not prejudice in any way the allocation to it in succeeding years.

(B) In accordance with the requirements of sections 3315.33, 3315.34, and 3315.35 of the Revised Code, the educational service center superintendent in each educational service center as committee chairperson shall appoint a committee consisting of one high school principal, one elementary school principal, and one classroom teacher. This committee shall select and recommend, on the basis of merit, a number of high school graduates, not to exceed the number allocated to each county by the ~~state board of education~~ department, who are interested in teaching and whose work and qualifications are such as to indicate that they possess the qualities which should be possessed by a successful teacher. Such persons shall not have previously been enrolled in any college of education or have majored

in education in any college or university. Such other college training shall be considered in determining such person's qualifications to become a successful teacher.

(C) The scholarship fund for teacher trainees shall be disbursed to scholarship holders upon their application as approved by the ~~state board of education~~ department upon vouchers for that purpose. Such scholarships shall be paid in equal installments at the beginning of each quarter or semester while college is in session to each person who has been awarded such a scholarship when the following requirements are met:

(1) Such person shall be a bona fide student in the college of education or department of teacher training in an Ohio institution of higher learning.

(2) Such person shall pursue a course of study in elementary education in said college of education or department of teacher training approved by the ~~state board of education~~ department of education and workforce.

Sec. 3315.34. Each person who receives a scholarship shall execute a promissory note which shall be endorsed by some responsible citizen, and shall deliver said note to the ~~state board~~ department of education and workforce or to its representative. Each such note shall be made payable to the treasurer of state for the amount of the quarterly or semi-annual payment, and shall bear interest at the rate of five per cent per annum from the date of the note. The ~~state board of education~~ department shall hold said note until it has been paid or cancelled as prescribed in section 3315.35 of the Revised Code.

Each person awarded a scholarship under the terms of sections 3315.33 to 3315.35 of the Revised Code shall be eligible upon the completion of satisfactory work during the first year, under rules and regulations promulgated by the ~~state board of education~~ department, to have the scholarship renewed for a period not to exceed one additional year.

Sec. 3315.35. At the expiration of each school year of service as a teacher in the public schools of Ohio by a person who has benefited from a scholarship granted under sections 3315.33 to 3315.35 of the Revised Code, such person shall submit to the ~~state board~~ department of education and workforce a statement of service on a form provided for that purpose and certified by the superintendent of the school district in which the person has taught. Upon receipt of such statement in proper form, the board shall cancel the oldest notes given by such person covering the scholarship for one year and the interest accrued thereon. If for any reason a recipient of a scholarship ceases or, after licensure, fails to teach in the public schools of Ohio, except for death or total disability, or fails to file with the board by July first of each year a statement concerning the recipient's previous year's

employment and address for the ensuing year, any and all unpaid or uncanceled notes and interest thereon shall become due and payable and the board shall transmit all such notes promptly to the treasurer of state and the treasurer of state shall enforce collection of the principal amount of any uncanceled or unpaid notes held by the treasurer of state and the interest thereon and shall deposit said sums so collected in the general revenue fund.

Sec. 3316.03. (A) The existence of a fiscal watch shall be declared by the auditor of state. The auditor of state may make a determination on the auditor of state's initiative, or upon receipt of a written request for such a determination, which may be filed by the governor, the ~~superintendent of public instruction~~ director of education and workforce, or a majority of the members of the board of education of the school district.

(1) The auditor of state shall declare a school district to be in a state of fiscal watch if the auditor of state determines that both of the following conditions are satisfied with respect to the school district:

(b) A majority of the voting electors have not voted in favor of levying a tax under section 5705.194, 5705.199, or 5705.21 or Chapter 5748. of the Revised Code that the auditor of state expects will raise enough additional revenue in the next succeeding fiscal year that division (A)(1)(a) of this section will not apply to the district in such next succeeding fiscal year.

(2) The auditor of state shall declare a school district to be in a state of fiscal watch if the auditor of state determines that the school district has outstanding securities issued under division (A)(4) of section 3316.06 of the Revised Code, and its financial planning and supervision commission has been terminated under section 3316.16 of the Revised Code.

(3) The auditor of state shall declare a school district to be in a state of fiscal watch if both of the following conditions are satisfied:

(a) The ~~superintendent of public instruction~~ director has reported to the auditor of state that the ~~superintendent~~ director has declared the district under section 3316.031 of the Revised Code to be under a fiscal caution, has found that the district has not acted reasonably to eliminate or correct practices or conditions that prompted the declaration, and has determined the declaration of a state of fiscal watch necessary to prevent further fiscal decline;

(b) The auditor of state determines that the decision of the ~~superintendent~~ director is reasonable.

If the auditor of state determines that the decision of the ~~superintendent~~

director is not reasonable, the auditor of state shall provide the ~~superintendent~~ director with a written explanation of that determination.

(4) The auditor of state may declare a school district to be in a state of fiscal watch if all of the following conditions are satisfied:

(a) An operating deficit has been certified for the current fiscal year by the auditor of state, and the certified operating deficit exceeds two per cent, but does not exceed eight per cent, of the school district's general fund revenue for the preceding fiscal year;

(b) A majority of the voting electors have not voted in favor of levying a tax under section 5705.194, 5705.199, or 5705.21 or Chapter 5748. of the Revised Code that the auditor of state expects will raise enough additional revenue in the next succeeding fiscal year that division (A)(4)(a) of this section will not apply to the district in the next succeeding fiscal year;

(c) The auditor of state determines that there is no reasonable cause for the deficit or that the declaration of fiscal watch is necessary to prevent further fiscal decline in the district.

(B)(1) The auditor of state shall issue an order declaring a school district to be in a state of fiscal emergency if the auditor of state determines that both of the following conditions are satisfied with respect to the school district:

(a) An operating deficit has been certified for the current fiscal year by the auditor of state, and the certified operating deficit exceeds fifteen per cent of the school district's general fund revenue for the preceding fiscal year.

(b) A majority of the voting electors have not voted in favor of levying a tax under section 5705.194, 5705.199, or 5705.21 or Chapter 5748. of the Revised Code that the auditor of state expects will raise enough additional revenue in the next succeeding fiscal year that division (B)(1)(a) of this section will not apply to the district in such next succeeding fiscal year.

(2) The auditor of state shall issue an order declaring a school district to be in a state of fiscal emergency if the school district board fails, pursuant to section 3316.04 of the Revised Code, to submit a plan acceptable to the ~~state superintendent of public instruction~~ director of education and workforce within one hundred twenty days of the auditor of state's declaration under division (A) of this section or an updated plan when one is required by division (C) of section 3316.04 of the Revised Code;

(3) The auditor of state shall issue an order declaring a school district to be in a state of fiscal emergency if both of the following conditions are satisfied:

(a) The ~~superintendent of public instruction~~ director has reported to the

auditor of state that the district is not materially complying with the provisions of an original or updated plan as approved by the ~~state superintendent~~ director under section 3316.04 of the Revised Code, and that the ~~state superintendent~~ director has determined the declaration of a state of fiscal emergency necessary to prevent further fiscal decline;

(b) The auditor of state finds that the determination of the ~~superintendent~~ director is reasonable.

If the auditor of state determines that the decision of the ~~superintendent~~ director is not reasonable, the auditor of state shall provide the ~~superintendent~~ director a written explanation of that determination.

(4) The auditor of state shall issue an order declaring a school district to be in a state of fiscal emergency if a declaration of fiscal emergency is required by division (D) of section 3316.04 of the Revised Code.

(5) The auditor of state may issue an order declaring a school district to be in a state of fiscal emergency if all of the following conditions are satisfied:

(a) An operating deficit has been certified for the current fiscal year by the auditor of state, and the certified operating deficit exceeds ten per cent, but does not exceed fifteen per cent, of the school district's general fund revenue for the preceding fiscal year;

(b) A majority of the voting electors have not voted in favor of levying a tax under section 5705.194, 5705.199, or 5705.21 or Chapter 5748. of the Revised Code that the auditor of state expects will raise enough additional revenue in the next succeeding fiscal year that division (B)(5)(a) of this section will not apply to the district in the next succeeding fiscal year;

(c) The auditor of state determines that a declaration of fiscal emergency is necessary to correct the district's fiscal problems and to prevent further fiscal decline.

(C) In making the determinations under this section, the auditor of state may use financial reports required under section 117.43 of the Revised Code; tax budgets, certificates of estimated resources and amendments thereof, annual appropriating measures and spending plans, and any other documents or information prepared pursuant to Chapter 5705. of the Revised Code; and any other documents, records, or information available to the auditor of state that indicate the conditions described in divisions (A) and (B) of this section.

(D) The auditor of state shall certify the action taken under division (A) or (B) of this section to the board of education of the school district, the director of budget and management, the mayor or county auditor who could be required to act pursuant to division (B)(1) of section 3316.05 of the

Revised Code, and to the ~~superintendent of public instruction~~ director of education and workforce.

(E) A determination by the auditor of state under this section that a fiscal emergency condition does not exist is final and conclusive and not appealable. A determination by the auditor of state under this section that a fiscal emergency exists is final, except that the board of education of the school district affected by such a determination may appeal the determination of the existence of a fiscal emergency condition to the court of appeals having territorial jurisdiction over the school district. The appeal shall be heard expeditiously by the court of appeals and for good cause shown shall take precedence over all other civil matters except earlier matters of the same character. Notice of such appeal must be filed with the auditor of state and such court within thirty days after certification by the auditor of state to the board of education of the school district provided for in division (D) of this section. In such appeal, determinations of the auditor of state shall be presumed to be valid and the board of education shall have the burden of proving, by clear and convincing evidence, that each of the determinations made by the auditor of state as to the existence of a fiscal emergency condition under this section was in error. If the board of education fails, upon presentation of its case, to prove by clear and convincing evidence that each such determination by the auditor of state was in error, the court shall dismiss the appeal. The board of education and the auditor of state may introduce any evidence relevant to the existence or nonexistence of such fiscal emergency conditions. The pendency of any such appeal shall not affect or impede the operations of this chapter; no restraining order, temporary injunction, or other similar restraint upon actions consistent with this chapter shall be imposed by the court or any court pending determination of such appeal; and all things may be done under this chapter that may be done regardless of the pendency of any such appeal. Any action taken or contract executed pursuant to this chapter during the pendency of such appeal is valid and enforceable among all parties, notwithstanding the decision in such appeal. If the court of appeals reverses the determination of the existence of a fiscal emergency condition by the auditor of state, the determination no longer has any effect, and any procedures undertaken as a result of the determination shall be terminated.

Sec. 3316.031. (A) The ~~state superintendent of public instruction~~ director of education and workforce, in consultation with the auditor of state, shall develop guidelines for identifying fiscal practices and budgetary conditions that, if uncorrected, could result in a future declaration of a fiscal watch or fiscal emergency within a school district.

The guidelines shall not include a requirement that a school district submit financial statements according to generally accepted accounting principles.

(B)(1) If the ~~state superintendent~~ director determines from a school district's five-year forecast submitted under section 5705.391 of the Revised Code that a district is engaging in any of those practices or that any of those conditions exist within the district, after consulting with the district board of education concerning the practices or conditions, the ~~state superintendent~~ director may declare the district to be under a fiscal caution.

(2) If the auditor of state finds that a district is engaging in any of those practices or that any of those conditions exist within the district, the auditor of state shall report that finding to the ~~state superintendent~~ director and, after consulting with the district board of education concerning the practices or conditions, the ~~state superintendent~~ director may declare the district to be under a fiscal caution.

(3) Unless the auditor of state has elected to declare a state of fiscal watch under division (A)(4) of section 3316.03 of the Revised Code, the ~~state superintendent~~ director shall declare a school district to be under a fiscal caution if the conditions described in divisions (A)(4)(a) and (b) of that section are both satisfied with respect to the school district.

(C) When the ~~state superintendent~~ director declares a district to be under fiscal caution, the ~~state superintendent~~ director shall promptly notify the district board of education of that declaration and shall request the board to provide written proposals for discontinuing or correcting the fiscal practices or budgetary conditions that prompted the declaration and for preventing the district from experiencing further fiscal difficulties that could result in the district being declared to be in a state of fiscal watch or fiscal emergency.

(D) The ~~state superintendent~~ director, or a designee, may visit and inspect any district that is declared to be under a fiscal caution. The department of education and workforce shall provide technical assistance to the district board in implementing proposals to eliminate the practices or budgetary conditions that prompted the declaration of fiscal caution and may make recommendations concerning the board's proposals.

(E) If the ~~state superintendent~~ director finds that a school district declared to be under a fiscal caution has not made reasonable proposals or otherwise taken action to discontinue or correct the fiscal practices or budgetary conditions that prompted the declaration of fiscal caution, and if the ~~state superintendent~~ director considers it necessary to prevent further fiscal decline, the ~~state superintendent~~ director may determine that the district should be in a state of fiscal watch. As provided in division (A)(3) of

section 3316.03 of the Revised Code, the auditor of state shall declare the district to be in a state of fiscal watch if the auditor of state finds the ~~superintendent's~~ director's determination to be reasonable.

Sec. 3316.04. (A) Within sixty days of the auditor's declaration under division (A) of section 3316.03 of the Revised Code, the board of education of the school district shall prepare and submit to the ~~superintendent of public instruction~~ director of education and workforce a financial plan delineating the steps the board will take to eliminate the district's current operating deficit and avoid incurring operating deficits in ensuing years, including the implementation of spending reductions. The financial plan also shall evaluate the feasibility of entering into shared services agreements with other political subdivisions for the joint exercise of any power, performance of any function, or rendering of any service, if so authorized by statute. The ~~superintendent of public instruction~~ director shall evaluate the initial financial plan, and either approve or disapprove it within thirty calendar days from the date of its submission. If the initial financial plan is disapproved, the ~~state superintendent~~ director shall recommend modifications that will render the financial plan acceptable. No school district board shall implement a financial plan submitted to the ~~superintendent of public instruction~~ director under this section unless the ~~superintendent~~ director has approved the plan.

(B) Upon request of the board of education of a school district declared to be in a state of fiscal watch, the auditor of state and ~~superintendent of public instruction~~ director shall provide technical assistance to the board in resolving the fiscal problems that gave rise to the declaration, including assistance in drafting the board's financial plan.

(C) A financial plan adopted under this section may be amended at any time with the approval of the ~~superintendent~~ director. The board of education of the school district shall submit an updated financial plan to the ~~superintendent~~ director, for the ~~superintendent's~~ director's approval, every year that the district is in a state of fiscal watch. The updated plan shall be submitted in a form acceptable to the ~~superintendent~~ director. The ~~superintendent~~ director shall approve or disapprove each updated plan no later than the anniversary of the date on which the first such plan was approved.

(D) A school district that has restructured or refinanced a loan under section 3316.041 of the Revised Code shall be declared to be in a state of fiscal emergency if any of the following occurs:

(1) An operating deficit is certified for the district under section 3313.483 of the Revised Code for any year prior to the repayment of the

restructured or refinanced loan;

(2) The ~~superintendent~~ director determines, in consultation with the auditor of state, that the school district is not satisfactorily complying with the terms of the financial plan required by this section;

(3) The board of education of the school district fails to submit an updated plan that is acceptable to the ~~superintendent~~ director under division (C) of this section.

Sec. 3316.041. (A) Notwithstanding any provision of Chapter 133. or sections 3313.483 to 3313.4810 of the Revised Code, and subject to the approval of the ~~superintendent of public instruction~~ director of education and workforce, a school district that is in a state of fiscal watch declared under section 3316.03 of the Revised Code may restructure or refinance loans obtained or in the process of being obtained under section 3313.483 of the Revised Code if all of the following requirements are met:

(1) The operating deficit certified for the school district for the current or preceding fiscal year under section 3313.483 of the Revised Code exceeds fifteen per cent of the district's general revenue fund for the fiscal year preceding the year for which the certification of the operating deficit is made.

(2) The school district voters have, during the period of the fiscal watch, approved the levy of a tax under section 718.09, 718.10, 5705.194, 5705.21, 5748.02, or 5748.09 of the Revised Code that is not a renewal or replacement levy, or a levy under section 5705.199 of the Revised Code, and that will provide new operating revenue.

(3) The board of education of the school district has adopted or amended the financial plan required by section 3316.04 of the Revised Code to reflect the restructured or refinanced loans, and sets forth the means by which the district will bring projected operating revenues and expenditures, and projected debt service obligations, into balance for the life of any such loan.

(B) Subject to the approval of the ~~superintendent of public instruction~~ director, the school district may issue securities to evidence the restructuring or refinancing authorized by this section. Such securities may extend the original period for repayment not to exceed ten years, and may alter the frequency and amount of repayments, interest or other financing charges, and other terms or agreements under which the loans were originally contracted, provided the loans received under sections 3313.483 of the Revised Code are repaid from funds the district would otherwise receive under Chapter 3317. of the Revised Code, as required under division (E)(3) of section 3313.483 of the Revised Code. Securities issued for the purpose

of restructuring or refinancing under this section shall be repaid in equal payments and at equal intervals over the term of the debt and are not eligible to be included in any subsequent proposal to restructure or refinance.

(C) Unless the district is declared to be in a state of fiscal emergency under division (D) of section 3316.04 of the Revised Code, a school district shall remain in a state of fiscal watch for the duration of the repayment period of any loan restructured or refinanced under this section.

Sec. 3316.042. The auditor of state, on the auditor of state's initiative, may conduct a performance audit of a school district that is under a fiscal caution under section 3316.031 of the Revised Code, in a state of fiscal watch, or in a state of fiscal emergency, in which the auditor of state reviews any programs or areas of operation in which the auditor of state believes that greater operational efficiencies or enhanced program results can be achieved.

The auditor of state, in consultation with the department of education and workforce and the office of budget and management, shall determine for which school districts to conduct performance audits under this section. Priority shall be given to districts in fiscal distress, including districts employing fiscal practices or experiencing budgetary conditions that could produce a state of fiscal watch or fiscal emergency, as determined by the auditor of state, in consultation with the department and the office of budget and management.

The cost of a performance audit conducted under this section shall be paid by the auditor of state.

A performance audit under this section shall not include review or evaluation of school district academic performance.

Sec. 3316.043. Upon the approval by the ~~superintendent of public instruction~~ director of education and workforce of an initial financial plan under section 3316.04 of the Revised Code or a financial recovery plan under section 3316.06 of the Revised Code, the board of education of the school district for which the plan was approved shall revise the district's five-year projection of revenues and expenditures in accordance with rules adopted under section 5705.391 of the Revised Code so that the five-year projection is consistent with the financial plan or financial recovery plan. In the case of a school district declared to be in a state of fiscal emergency, the five-year projection shall be revised by the financial planning and supervision commission for that district.

Sec. 3316.05. (A) Pursuant to the powers of the general assembly and for the purposes of this chapter, upon the declaration of a fiscal emergency in any school district pursuant to division (B) of section 3316.03 of the

Revised Code, there is established, with respect to that school district, a body both corporate and politic constituting an agency and instrumentality of the state and performing essential governmental functions of the state to be known as the "financial planning and supervision commission for ..... (name of school district)," which, in that name, may exercise all authority vested in such a commission by this chapter. A separate commission is established with respect to each school district as to which there is a fiscal emergency as determined under this chapter.

(B) A commission appointed after July 1, 1999, shall consist of five voting members, including women and at least one Hispanic or African American if Hispanic and African Americans together constitute at least twenty per cent of the student population of the district, as follows:

(1) Two ex officio members: the director of budget and management, or a designee of the director, and the ~~superintendent of public instruction~~ director of education and workforce, or a designee of the ~~superintendent the director~~. A designee, when present, shall be counted in determining whether a quorum is present at any meeting of the commission and may vote and participate in all proceedings and actions of the commission. The designations shall be in writing, executed by the member making the designation, and filed with the secretary of the commission. The designations may be changed from time to time in like manner, but due regard shall be given to the need for continuity.

(2) Three appointed members, who shall be appointed within fifteen days after the declaration of the fiscal emergency, one by the governor, one by the ~~superintendent of public instruction~~ director of education and workforce, and one by the mayor of the municipal corporation with the largest number of residents living within the school district, except that if more than fifty per cent of the residents of the district reside outside the municipal corporation containing the greatest number of district residents or if there is no municipal corporation located in the school district, the county auditor of the county with the largest number of residents living within the school district shall make the appointment in lieu of a mayor. All of the appointed members shall serve at the pleasure of the appointing authority during the life of the commission. In the event of the death, resignation, incapacity, removal, or ineligibility to serve of an appointed member, the appointing authority shall appoint a successor within fifteen days after the vacancy occurs.

(a) The member appointed by the governor and the member appointed by the mayor or county auditor shall be an individual:

(i) Who has knowledge and experience in financial matters, financial

management, or business organization or operations, including at least five years of experience in the public or private sector in the management of business or financial enterprise, or in management consulting, public accounting, or other similar professional activity;

(ii) Whose residency, office, or principal place of professional or business activity is situated within the school district.

(b) The member appointed by the ~~superintendent of public instruction~~ director shall be a parent of a child currently enrolled in a public school within the district.

(C) Immediately after appointment of the initial appointed members of the commission, the ~~superintendent of public instruction~~ director of education and workforce shall call the first meeting of the commission and shall cause written notice of the time, date, and place of the first meeting to be given to each member of the commission at least forty-eight hours in advance of the meeting.

(D) The ~~superintendent of public instruction~~ director of education and workforce shall serve as the commission's chairperson and the commission shall elect one of its members as vice-chairperson and may appoint a secretary and any other officers, who need not be members of the commission, as it considers necessary.

(E) The commission may adopt and alter bylaws and rules, which shall not be subject to section 111.15 or Chapter 119. of the Revised Code, for the conduct of its affairs and for the manner, subject to this chapter, in which its powers and functions shall be exercised and embodied.

(F) Three members of the commission constitute a quorum of the commission. The affirmative vote of three members of the commission is necessary for any action taken by vote of the commission. No vacancy in the membership of the commission shall impair the rights of a quorum by such vote to exercise all the rights and perform all the duties of the commission. Members of the commission, and their designees, are not disqualified from voting by reason of the functions of the other office they hold and are not disqualified from exercising the functions of the other office with respect to the school district, its officers, or the commission.

(G) The auditor of state shall act as the financial supervisor for the school district under contract with the commission unless the auditor of state elects to contract for that service. At the request of the commission the auditor of state shall designate employees of the auditor of state's office to assist the commission and to coordinate the work of the auditor of state's office. Upon the declaration of a fiscal emergency in any school district, the school district shall provide the commission with such reasonable office

space in the principal building housing the administrative offices of the school district, where feasible, as the commission determines is necessary to carry out its duties under this chapter.

The attorney general shall serve as the legal counsel for the commission.

(H) The members of the commission, the ~~superintendent of public instruction~~ director of education and workforce, the auditor of state, and any person authorized to act on behalf of or assist them shall not be personally liable or subject to any suit, judgment, or claim for damages resulting from the exercise of or failure to exercise the powers, duties, and functions granted to them in regard to their functioning under this chapter, but the commission, the ~~superintendent of public instruction~~ director, the auditor of state, and such other persons shall be subject to mandamus proceedings to compel performance of their duties under this chapter.

(I) At the request of the commission the administrative head of any state agency shall temporarily assign personnel skilled in accounting and budgeting procedures to assist the commission in its duties.

(J) The appointed members of the commission are not subject to section 102.02 of the Revised Code, each appointed member of the commission shall file with the commission a signed written statement setting forth the general nature of sales of goods, property, or services or of loans to the school district with respect to which that commission is established, in which the appointed member has a pecuniary interest or in which any member of the appointed member's immediate family, as defined in section 102.01 of the Revised Code, or any corporation, partnership, or enterprise of which the appointed member is an officer, director, or partner, or of which the appointed member or a member of the appointed member's immediate family, as so defined, owns more than a five per cent interest, has a pecuniary interest, and of which sale, loan, or interest such member has knowledge. The statement shall be supplemented from time to time to reflect changes in the general nature of any such sales or loans.

(K) Meetings of the commission shall be subject to section 121.22 of the Revised Code except that division (C) of such section requiring members to be physically present to be part of a quorum or vote does not apply if the commission holds a meeting by teleconference and if provisions are made for public attendance at any location involved in such teleconference.

Sec. 3316.06. (A) Within one hundred twenty days after the first meeting of a school district financial planning and supervision commission, the commission shall adopt a financial recovery plan regarding the school district for which the commission was created. During the formulation of the plan, the commission shall seek appropriate input from the school district

board and from the community. This plan shall contain the following:

(1) Actions to be taken to:

(a) Eliminate all fiscal emergency conditions declared to exist pursuant to division (B) of section 3316.03 of the Revised Code;

(b) Satisfy any judgments, past-due accounts payable, and all past-due and payable payroll and fringe benefits;

(c) Eliminate the deficits in all deficit funds, except that any prior year deficits in the capital and maintenance fund established pursuant to section 3315.18 of the Revised Code shall be forgiven;

(d) Restore to special funds any moneys from such funds that were used for purposes not within the purposes of such funds, or borrowed from such funds by the purchase of debt obligations of the school district with the moneys of such funds, or missing from the special funds and not accounted for, if any;

(e) Balance the budget, avoid future deficits in any funds, and maintain on a current basis payments of payroll, fringe benefits, and all accounts;

(f) Avoid any fiscal emergency condition in the future;

(g) Restore the ability of the school district to market long-term general obligation bonds under provisions of law applicable to school districts generally.

(2) The management structure that will enable the school district to take the actions enumerated in division (A)(1) of this section. The plan shall specify the level of fiscal and management control that the commission will exercise within the school district during the period of fiscal emergency, and shall enumerate respectively, the powers and duties of the commission and the powers and duties of the school board during that period. The commission may elect to assume any of the powers and duties of the school board it considers necessary, including all powers related to personnel, curriculum, and legal issues in order to successfully implement the actions described in division (A)(1) of this section.

(3) The target dates for the commencement, progress upon, and completion of the actions enumerated in division (A)(1) of this section and a reasonable period of time expected to be required to implement the plan. The commission shall prepare a reasonable time schedule for progress toward and achievement of the requirements for the plan, and the plan shall be consistent with that time schedule.

(4) The amount and purpose of any issue of debt obligations that will be issued, together with assurances that any such debt obligations that will be issued will not exceed debt limits supported by appropriate certifications by the fiscal officer of the school district and the county auditor. If the

commission considers it necessary in order to maintain or improve educational opportunities of pupils in the school district, the plan may include a proposal to restructure or refinance outstanding debt obligations incurred by the board under section 3313.483 of the Revised Code contingent upon the approval, during the period of the fiscal emergency, by district voters of a tax levied under section 718.09, 718.10, 5705.194, 5705.21, 5748.02, 5748.08, or 5748.09 of the Revised Code that is not a renewal or replacement levy, or a levy under section 5705.199 of the Revised Code, and that will provide new operating revenue. Notwithstanding any provision of Chapter 133. or sections 3313.483 to 3313.4810 of the Revised Code, following the required approval of the district voters and with the approval of the commission, the school district may issue securities to evidence the restructuring or refinancing. Those securities may extend the original period for repayment, not to exceed ten years, and may alter the frequency and amount of repayments, interest or other financing charges, and other terms of agreements under which the debt originally was contracted, at the discretion of the commission, provided that any loans received pursuant to section 3313.483 of the Revised Code shall be paid from funds the district would otherwise receive under Chapter 3317. of the Revised Code, as required under division (E)(3) of section 3313.483 of the Revised Code. The securities issued for the purpose of restructuring or refinancing the debt shall be repaid in equal payments and at equal intervals over the term of the debt and are not eligible to be included in any subsequent proposal for the purpose of restructuring or refinancing debt under this section.

(5) An evaluation of the feasibility of entering into shared services agreements with other political subdivisions for the joint exercise of any power, performance of any function, or rendering of any service, if so authorized by statute.

(B) Any financial recovery plan may be amended subsequent to its adoption. Each financial recovery plan shall be updated annually.

(C) Each school district financial planning and supervision commission shall submit the financial recovery plan it adopts or updates under this section to the ~~state superintendent of public instruction~~ director of education and workforce for approval immediately following its adoption or updating. The ~~state superintendent~~ director shall evaluate the plan and either approve or disapprove it within thirty calendar days from the date of its submission. If the plan is disapproved, the ~~state superintendent~~ director shall recommend modifications that will render it acceptable. No financial planning and supervision commission shall implement a financial recovery plan that is

adopted or updated on or after April 10, 2001, unless the ~~state superintendent~~ director has approved it.

Sec. 3316.061. If any school district financial planning and supervision commission fails to submit to the ~~state superintendent of public instruction~~ director of education and workforce under section 3316.06 of the Revised Code a financial recovery plan that is acceptable to the ~~state superintendent~~ director of education and workforce, or if the ~~state superintendent~~ director of education and workforce and the director of budget and management find that a commission is not materially complying with the provisions of its financial recovery plan, the ~~state superintendent and the director~~ directors may jointly dissolve the financial planning and supervision commission and jointly appoint an individual to act as the fiscal arbitrator of the district.

When a financial planning and supervision commission is dissolved under this section, the commission ceases to exist and the appointed fiscal arbitrator becomes the successor to the commission. A fiscal arbitrator appointed under this section has all of the rights, powers, and duties given by this chapter to the commission that the arbitrator succeeds. A reference in any statute, rule, contract, or other document to a school district financial planning and supervision commission is deemed to refer to a fiscal arbitrator appointed under this section.

Business commenced but not completed by a commission when it is dissolved under this section shall be completed by the appointed fiscal arbitrator with the same effect as if completed by the commission. No validation, cure, right, privilege, remedy, obligation, or liability is lost or impaired by reason of the dissolution of the commission and appointment of a fiscal arbitrator, but shall be administered by the arbitrator.

The ~~superintendent of public instruction~~ director of education and workforce shall issue guidelines establishing the criteria that the ~~superintendent~~ directors will utilize in selecting qualified fiscal arbitrators under this section.

Sec. 3316.08. During a school district's fiscal emergency period, the auditor of state shall determine annually, or at any other time upon request of the financial planning and supervision commission, whether the school district will incur an operating deficit. If the auditor of state determines that a school district will incur an operating deficit, the auditor of state shall certify that determination to the ~~superintendent of public instruction~~ director of education and workforce, the financial planning and supervision commission, and the board of education of the school district. Upon receiving the auditor of state's certification, the commission shall adopt a resolution requesting that the board of education work with the county

auditor or tax commissioner to estimate the amount and rate of a tax levy that is needed under section 5705.194, ~~5709.199~~ 5705.199, or 5705.21 or Chapter 5748. of the Revised Code to produce a positive fund balance not later than the fifth year of the five-year forecast submitted under section 5705.391 of the Revised Code.

The board of education shall recommend to the commission whether the board supports or opposes a tax levy under section 5705.194, ~~5709.199~~ 5705.199, or 5705.21 or Chapter 5748. of the Revised Code and shall provide supporting documentation to the commission of its recommendation.

After considering the board of education's recommendation and supporting documentation, the commission shall adopt a resolution to either submit a ballot question proposing a tax levy or not to submit such a question.

Except as otherwise provided in this division, the tax shall be levied in the manner prescribed for a tax levied under section 5705.194, ~~5709.199~~ 5705.199, or 5705.21 or under Chapter 5748. of the Revised Code. If the commission decides that a tax should be levied, the tax shall be levied for the purpose of paying current operating expenses of the school district. The rate of a property tax levied under section 5705.194, ~~5709.199~~ 5705.199, 5705.21, or 5748.09 of the Revised Code shall be determined by the county auditor, and the rate of an income tax levied under section 5748.02, 5748.08, or 5748.09 of the Revised Code shall be determined by the tax commissioner, upon the request of the commission. The commission, in consultation with the board of education, shall determine the election at which the question of the tax shall appear on the ballot, and the commission shall submit a copy of its resolution to the board of elections not later than ninety days prior to the day of that election. The board of elections conducting the election shall certify the results of the election to the board of education and to the financial planning and supervision commission.

Sec. 3316.20. (A)(1) The school district solvency assistance fund is hereby created in the state treasury, to consist of such amounts designated for the purposes of the fund by the general assembly. The fund shall be used to provide assistance and grants to school districts to enable them to remain solvent and to pay unforeseeable expenses of a temporary or emergency nature that they are unable to pay from existing resources.

(2) There is hereby created within the fund an account known as the school district shared resource account, which shall consist of money appropriated to it by the general assembly. The money in the account shall be used solely for solvency assistance to school districts that have been

declared under division (B) of section 3316.03 of the Revised Code to be in a state of fiscal emergency.

(3) There is hereby created within the fund an account known as the catastrophic expenditures account, which shall consist of money appropriated to the account by the general assembly plus all investment earnings of the fund. Money in the account shall be used solely for the following:

(a) Solvency assistance to school districts that have been declared under division (B) of section 3316.03 of the Revised Code to be in a state of fiscal emergency, in the event that all money in the shared resource account is utilized for solvency assistance;

(b) Grants to school districts under division (C) of this section.

(B) Solvency assistance payments under division (A)(2) or (3)(a) of this section shall be made from the fund by the ~~superintendent of public instruction~~ director of education and workforce in accordance with rules adopted by the director of budget and management, after consulting with the ~~superintendent~~ director, specifying approval criteria and procedures necessary for administering the fund.

The fund shall be reimbursed for any solvency assistance amounts paid under division (A)(2) or (3)(a) of this section not later than the end of the second fiscal year following the fiscal year in which the solvency assistance payment was made, except that, upon the approval of the director of budget and management and the ~~superintendent of public instruction~~ director of education and workforce, the fund may be reimbursed in another fiscal year designated by the director of budget and management and ~~superintendent~~ director of education and workforce that is not later than the end of the tenth fiscal year following the fiscal year in which the solvency assistance payment was made. If not made directly by the school district, such reimbursement shall be made by the director of budget and management from the amounts the school district would otherwise receive pursuant to Chapter 3317. of the Revised Code, or from any other funds appropriated for the district by the general assembly. Reimbursements shall be credited to the respective account from which the solvency assistance paid to the district was deducted.

(C) The ~~superintendent of public instruction~~ director of education and workforce may make recommendations, and the controlling board may grant money from the catastrophic expenditures account to any school district that suffers an unforeseen catastrophic event that severely depletes the district's financial resources. The ~~superintendent~~ director of education and workforce shall make recommendations for the grants in accordance with rules adopted

by the director of budget and management, after consulting with the ~~superintendent~~ director of education and workforce. A school district shall not be required to repay any grant awarded to the district under this division, unless the district receives money from this state or a third party, including an agency of the government of the United States, specifically for the purpose of compensating the district for revenue lost or expenses incurred as a result of the unforeseen catastrophic event. If a school district receives a grant from the catastrophic expenditures account on the basis of the same circumstances for which an adjustment or recomputation is authorized under section 3317.025, 3317.028, 3317.0210, or 3317.0211 of the Revised Code, the department of education and workforce shall reduce the adjustment or recomputation by an amount not to exceed the total amount of the grant, and an amount equal to the reduction shall be transferred, from the funding source from which the adjustment or recomputation would be paid, to the catastrophic expenditures account. Any adjustment or recomputation under such sections that is in excess of the total amount of the grant shall be paid to the school district.

Sec. 3317.01. As used in this section, "school district," unless otherwise specified, means any city, local, exempted village, joint vocational, or cooperative education school district and any educational service center.

This chapter shall be administered by the ~~state board~~ department of education and workforce. The ~~superintendent of public instruction~~ department of education and workforce shall calculate the amounts payable to each school district and shall certify the amounts payable to each eligible district to the treasurer of the district as provided by this chapter. Certification of moneys pursuant to this section shall include the amounts payable to each school building, at a frequency determined by the ~~superintendent~~ department, for each subgroup of students, as defined in section 3317.40 of the Revised Code, receiving services, provided for by state funding, from the district or school. No moneys shall be distributed pursuant to this chapter without the approval of the controlling board.

The ~~state board of education~~ department shall, in accordance with appropriations made by the general assembly, meet the financial obligations of this chapter.

Moneys distributed to school districts pursuant to this chapter shall be calculated based on the annual enrollment calculated from the three reports required under sections 3317.03 and 3317.036 of the Revised Code and paid on a fiscal year basis, beginning with the first day of July and extending through the thirtieth day of June. In any given fiscal year, prior to school districts submitting the first report required under section 3317.03 of the

Revised Code, enrollment for the districts shall be calculated based on the third report submitted by the districts for the previous fiscal year. The moneys appropriated for each fiscal year shall be distributed periodically to each school district unless otherwise provided for. The ~~state board~~ department, in June of each year, shall submit to the controlling board the ~~state board's~~ department's year-end distributions pursuant to this chapter.

Except as otherwise provided, payments under this chapter shall be made only to those school districts in which:

(A) The school district, except for any educational service center and any joint vocational or cooperative education school district, levies for current operating expenses at least twenty mills. Levies for joint vocational or cooperative education school districts or county school financing districts, limited to or to the extent apportioned to current expenses, shall be included in this qualification requirement. (2) For a school district located in a county in which a reappraisal or triennial update occurred in the second preceding tax year, the recognized valuation equals the district's total taxable value for the preceding tax year minus one-third times the increase in the carryover value from the third preceding tax year to the second preceding tax year.

(3) For a school district located in a county in which a reappraisal or triennial update occurred in the third preceding tax year, the recognized valuation equals the district's total taxable value for the preceding tax year.

(5) Calculate the district's per-pupil local capacity amount for that fiscal year as follows:

(The district's valuation per pupil calculated under division (A)(1) of this section for that fiscal year X the district's per-pupil local capacity percentage calculated under division (A)(4) of this section X 0.60) + (the district's local share adjusted federal gross income per pupil calculated under division (A)(2) of this section for that fiscal year X the district's per-pupil local capacity percentage calculated under division (A)(4) of this section X 0.20) + (the district's adjusted local share federal adjusted gross income per pupil calculated under division (A)(3) of this section for that fiscal year X the district's per-pupil local capacity percentage calculated under division (A)(4)

of this section X 0.20)

(B) The department shall compute a city, local, or exempted village school district's state share for a fiscal year as follows:

(1) If the district's per-pupil local capacity amount for that fiscal year divided by the district's base cost per pupil for that fiscal year is greater than 0.95, then the district's state share shall be equal to (the district's base cost per pupil for that fiscal year X 0.05 X the district's enrolled ADM for that fiscal year).

(2) If the district's per-pupil local capacity amount for that fiscal year divided by the district's base cost per pupil for that fiscal year is less than or equal to 0.95, then the district's state share for that fiscal year shall be equal to [(the district's base cost per pupil for that fiscal year - the district's per-pupil local capacity amount for that fiscal year) X the district's enrolled ADM for that fiscal year].

(C) The department shall compute a city, local, or exempted village school district's state share percentage for a fiscal year as follows:

(the district's base cost per pupil amount for that fiscal year - the district's per pupil local capacity amount for that fiscal year)/(the district's base cost per pupil amount for that fiscal year).

If the result is less than 0.05, the state share percentage shall be 0.05.

Sec. 3317.019. (A)(1) Subject to division (C) of this section, for fiscal years 2022 and 2023, the department of education and workforce shall pay temporary transitional aid to each city, local, and exempted village school district according to the following formula:

If the computation made under division (A)(1) of this section results in a negative number, the district's funding under division (A)(1) of this section shall be zero.

(2) For fiscal years 2022 and 2023, the department shall pay temporary transitional transportation aid to that district according to the following formula:

(The amount calculated for the district for fiscal year 2020 under division (A)(2) of Section 265.220 of H.B. 166 of the 133rd general assembly, prior to any funding reductions authorized by Executive Order 2020-19D, "Implementing Additional Spending Controls to Balance the State Budget" issued on May 7, 2020) – (the district's payment for fiscal year 2019 under

division (D)(2) of section 3314.091 of the Revised Code as that division existed prior to September 30, 2021) - (the district's payment under section 3317.0212 of the Revised Code for the fiscal year for which the payment is computed)

If the computation made under division (A)(2) of this section results in a negative number, the district's funding under division (A)(2) of this section shall be zero.

(B) If a local school district participates in the establishment of a joint vocational school district that begins receiving payments under section 3317.16 of the Revised Code for fiscal year 2022 or fiscal year 2023, but does not receive payments for the fiscal year immediately preceding that fiscal year, the department shall adjust, as necessary, the district's funding base, as that term is defined in section 3317.02 of the Revised Code, according to the amounts received by the district in the immediately preceding fiscal year for career-technical education students who attend the newly established joint vocational school district.

(C)(1) For purposes of division (C) of this section, a district's "decrease threshold" for a fiscal year is the greater of the following:

(a) Twenty;

Subsequent adjustments to the reported numbers shall be made only in accordance with rules adopted by the department.

(C) The department shall calculate the statewide transportation cost per student as follows:

(1) Determine each city, local, and exempted village school district's transportation cost per student by dividing the district's total costs for school bus service in the previous fiscal year by its qualifying ridership in the previous fiscal year.

(2) After excluding districts that do not provide school bus service and the ten districts with the highest transportation costs per student and the ten districts with the lowest transportation costs per student, divide the aggregate cost for school bus service for the remaining districts in the previous fiscal year by the aggregate qualifying ridership of those districts in the previous fiscal year.

(1) The department annually shall establish a target number of qualifying riders per assigned bus for each city, local, and exempted village school district. The department shall use the most recently available data in establishing the target number. The target number shall be based on the statewide median number of riders per assigned bus as adjusted to reflect the district's density in comparison to the density of all other districts. The department shall post on the department's web site each district's target number of riders per assigned bus and a description of how the target number was determined.

(2) The department shall determine each school district's efficiency index by dividing the district's number of riders per assigned bus by its target number of riders per assigned bus.

(3) The department shall determine each city, local, and exempted village school district's efficiency adjustment payment as follows:

(a) If the district's efficiency index is equal to or greater than 1.5, the efficiency adjustment payment shall be calculated according to the following formula:

0.15 X the district's transportation base payment calculated under division (E) of this section

{[(The district's efficiency index - 1) X 0.15]/0.5} X the district's transportation base payment calculated under division (E) of this section

(c) If the district's efficiency index is less than 1.0, the efficiency adjustment payment shall be zero.

(G) In addition to funds paid under divisions (E), (F), and (H) of this

section, each city, local, and exempted village district shall receive in accordance with rules adopted by the ~~state board of education~~ department a payment for students transported by means other than school bus service and whose transportation is not funded under division (C) of section 3317.024 of the Revised Code. $$(28 - \text{the district's rider density}) / 100$$

If the result of the calculation for a district under division (H)(1)(a) of this section is less than zero, the district's transportation supplement percentage shall be zero.

(b) For fiscal year 2024 and each fiscal year thereafter, a percentage calculated in a manner determined by the general assembly.

(2) The department shall pay each district a transportation supplement calculated according to the following formula:

The district's transportation supplement percentage X the amount calculated for the district under division (E)(1)(b) of this section X 0.55

(I)(1) If a school district board and a community school governing authority elect to enter into an agreement under division (A) of section 3314.091 of the Revised Code, the department shall make payments to the community school according to the terms of the agreement for each student actually transported under division (C)(1) of that section. If a community school governing authority accepts transportation responsibility under division (B) of that section, the department shall make payments to the community school for each student actually transported or for whom transportation is arranged by the community school under division (C)(1) of that section, calculated as follows:

(a) For any fiscal year which the general assembly has specified that transportation payments to school districts be based on an across-the-board percentage of the district's payment for the previous school year, the per pupil payment to the community school shall be the following quotient:

(i) The total amount calculated for the school district in which the child is entitled to attend school for student transportation other than transportation of children with disabilities; divided by

(ii) The number of students included in the district's transportation ADM for the current fiscal year, as calculated under section 3317.03 of the Revised Code, plus the number of students enrolled in the community school not counted in the district's transportation ADM who are transported

under division (B)(1) or (2) of section 3314.091 of the Revised Code.

(b) For any fiscal year which the general assembly has specified that the transportation payments to school districts be calculated in accordance with this section and any rules of the ~~state board of education~~ department implementing this section, the payment to the community school shall be the following:

(i) For fiscal years 2022 and 2023, either of the following:

(I) If the school district in which the student is entitled to attend school would have used a method of transportation for the student for which payments are computed and paid under division (E) of this section, 1.0 times the statewide transportation cost per student, as calculated in division (C) of this section;

(II) If the school district in which the student is entitled to attend school would have used a method of transportation for the student for which payments are computed and paid in a manner described in division (G) of this section, the amount that would otherwise be computed for and paid to the district.

(ii) For fiscal year 2024 and each fiscal year thereafter, an amount calculated in a manner determined by the general assembly.

The community school, however, is not required to use the same method to transport the student.

As used in this division, "entitled to attend school" means entitled to attend school under section 3313.64 or 3313.65 of the Revised Code.

(2) A community school shall be paid under division (I)(2) of this section only for students who are eligible as specified in section 3327.01 of the Revised Code and division (C)(1) of section 3314.091 of the Revised Code, and whose transportation to and from school is actually provided, who actually utilized transportation arranged, or for whom a payment in lieu of transportation is made by the community school's governing authority. To qualify for the payments, the community school shall report to the department, in the form and manner required by the department, data on the number of students transported or whose transportation is arranged, the number of miles traveled, cost to transport, and any other information requested by the department.

Sec. 3317.0213. (A) The department of education and workforce shall compute and pay in accordance with this section additional state aid for preschool children with disabilities to each city, local, and exempted village school district and to each institution, as defined in section 3323.091 of the Revised Code. Funding shall be provided for children who are not enrolled in kindergarten and who are under age six on the thirtieth day of September

of the academic year, or on the first day of August of the academic year if the school district in which the child is enrolled has adopted a resolution under division (A)(3) of section 3321.01 of the Revised Code, but not less than age three on the first day of December of the academic year.

For fiscal years 2022 and 2023, the additional state aid shall be calculated under the following formula:

(\$4,000 X the number of students who are preschool children with disabilities) + the sum of the following:

(1) The district's or institution's category one special education students who are preschool children with disabilities X the multiple specified in division (A) of section 3317.013 of the Revised Code X the statewide average base cost per pupil for that fiscal year X the district's state share percentage X 0.50;

(2) The district's or institution's category two special education students who are preschool children with disabilities X the multiple specified in division (B) of section 3317.013 of the Revised Code X the statewide average base cost per pupil for that fiscal year X the district's state share percentage X 0.50;

(3) The district's or institution's category three special education students who are preschool children with disabilities X the multiple specified in division (C) of section 3317.013 of the Revised Code X the statewide average base cost per pupil for that fiscal year X the district's state share percentage X 0.50;

(4) The district's or institution's category four special education students who are preschool children with disabilities X the multiple specified in division (D) of section 3317.013 of the Revised Code X the statewide average base cost per pupil for that fiscal year X the district's state share percentage X 0.50;

(5) The district's or institution's category five special education students who are preschool children with disabilities X the multiple specified in division (E) of section 3317.013 of the Revised Code X the statewide average base cost per pupil for that fiscal year X the district's state share percentage X 0.50;

(6) The district's or institution's category six special education students who are preschool children with disabilities X the multiple specified in division (F) of section 3317.013 of the Revised Code X the statewide average base cost per pupil for that fiscal year X the district's state share percentage X 0.50.

For fiscal year 2024 and each fiscal year thereafter, the additional state aid shall be calculated for each category of special education students who

are preschool children with disabilities using a formula specified by the general assembly.

The special education disability categories for preschool children used in this section are the same categories prescribed in section 3317.013 of the Revised Code.

As used in division (A) of this section, the state share percentage of a student enrolled in an institution is the state share percentage of the school district in which the student is entitled to attend school under section 3313.64 or 3313.65 of the Revised Code.

(B) If an educational service center is providing services to students who are preschool children with disabilities under agreement with the city, local, or exempted village school district in which the students are entitled to attend school, that district may authorize the department to transfer funds computed under this section to the service center providing those services.

(C) If a county DD board is providing services to students who are preschool children with disabilities under agreement with the city, local, or exempted village school district in which the students are entitled to attend school, the department shall deduct from the district's payment computed under division (A) of this section the total amount of those funds that are attributable to the students served by the county DD board and pay that amount to that board.

Sec. 3317.0214. (A) The department of education and workforce shall compute and pay in accordance with this section additional state aid to school districts for students in categories two through six special education ADM. If a district's costs for the fiscal year for a student in its categories two through six special education ADM exceed the threshold catastrophic cost for serving the student, the district may submit to the ~~superintendent of public instruction~~ department documentation, as prescribed by the ~~superintendent~~ department, of all its costs for that student. Upon submission of documentation for a student of the type and in the manner prescribed, the department shall pay to the district an amount equal to the sum of the following:

(1) One-half of the district's costs for the student in excess of the threshold catastrophic cost;

(2) The product of one-half of the district's costs for the student in excess of the threshold catastrophic cost multiplied by the district's state share percentage.

(B) For purposes of division (A) of this section, the threshold catastrophic cost for serving a student equals:

(1) For a student in the school district's category two, three, four, or five

special education ADM, twenty-seven thousand three hundred seventy-five dollars;

(2) For a student in the district's category six special education ADM, thirty-two thousand eight hundred fifty dollars.

(C) The district shall report under division (A) of this section, and the department shall pay for, only the costs of educational expenses and the related services provided to the student in accordance with the student's individualized education program. Any legal fees, court costs, or other costs associated with any cause of action relating to the student may not be included in the amount.

Sec. 3317.0215. (A)(1) For fiscal years 2022 and 2023, the department of education and workforce shall withhold from the aggregate amount paid for a fiscal year to each city, local, exempted village, and joint vocational school district, community school established under Chapter 3314. of the Revised Code, and science, technology, engineering, and mathematics school established under Chapter 3326. of the Revised Code an amount equal to the following:

(a) In the case of a city, local, or exempted village school district, the aggregate amount of special education funding paid to the district under division (A)(3) of section 3317.022 of the Revised Code times 0.10, subject to any funding limitations enacted by the general assembly to the computation.

(b) In the case of a community school or STEM school, the aggregate amount of special education funding paid to the school under division (A)(1)(b) of section 3317.026 of the Revised Code times 0.10, subject to any funding limitations enacted by the general assembly to the computation.

(c) In the case of a joint vocational school district, the aggregate amount of special education funding paid to the school under division (A)(2) of section 3317.16 of the Revised Code times 0.10, subject to any funding limitations enacted by the general assembly to the computation.

(2) For fiscal year 2024 and each fiscal year thereafter, the department of education shall withhold from the aggregate amount paid for a fiscal year to each city, local, exempted village, and joint vocational school district, community school, and science, technology, engineering, and mathematics school an amount determined by the general assembly, if any, for purposes of this section.

(B) For fiscal years 2022 and 2023, the department shall use the amount of funds withheld under division (A) of this section for purposes of division (C)(1) of section 3314.08 of the Revised Code, section 3317.0214 of the Revised Code, division (B) of section 3317.16 of the Revised Code, and

section 3326.34 of the Revised Code.

For fiscal year 2024 and each fiscal year thereafter, the department shall use the amount of funds withheld under division (A) of this section, if any, for purposes determined by the general assembly.

Sec. 3317.0217. This section shall apply only for fiscal years 2022 and 2023.

Payment of the amount calculated for a school district under this section shall be made under division (A) of section 3317.022 of the Revised Code.

(A) For each fiscal year, the department of education and workforce shall compute targeted assistance funds for city, local, and exempted village school districts, in accordance with the following formula:

A district's capacity amount for that fiscal year calculated under division (B) of this section + a district's wealth amount for that fiscal year calculated under division (C) of this section

(B) The department shall calculate each district's capacity amount for a fiscal year as follows:

(1) Calculate each district's weighted wealth for that fiscal year, which equals the following sum:

(The amount determined for the district for that fiscal year under division (A)(1)(a) of section 3317.017 of the Revised Code X 0.6) + (the amount determined for the district for that fiscal year under division (A)(2)(a) of section 3317.017 of the Revised Code X 0.4)

(2) Determine the median weighted wealth of all school districts in this state for that fiscal year;

(3) Compute each district's capacity index for that fiscal year by dividing the median weighted wealth of all school districts in this state for that fiscal year by the district's weighted wealth for that fiscal year;

(4) Compute each district's capacity amount for that fiscal year as follows:

(a) The district's capacity amount shall be zero if the district satisfies either of the following criteria for that fiscal year:

(i) The district's capacity index is less than 1.

(ii) The district's enrolled ADM is less than 200.

(b) If the district does not satisfy either of the criteria specified in division (B)(4)(a) of this section for that fiscal year, the district's capacity amount for that fiscal year shall be calculated as follows:

(i) Compute the following amount for the district:

(The median weighted wealth of all school districts in this state for that fiscal year X 0.008) – (the district's weighted wealth for that fiscal year X 0.008)

(ii) If the district's enrolled ADM for that fiscal year is greater than or equal to 200 but less than or equal to 400, the district's capacity amount for that fiscal year shall be equal to 0.05 X the amount computed under division (B)(4)(b)(i) of this section.

(iii) If the district's enrolled ADM for that fiscal year is greater than 400 and less than 600, the district's capacity amount for that fiscal year shall be calculated in accordance with the following formula:

$\{ [0.95 \times (\text{the district's enrolled ADM for that fiscal year} - 400) / 200 ] + 0.05 \}$  X the amount computed under division (B)(4)(b)(i) of this section

(iv) If the district's enrolled ADM for that fiscal year is greater than or equal to 600, the district's capacity amount for that fiscal year shall be equal to the amount computed under division (B)(4)(b)(i) of this section.

(C) The department shall calculate each district's wealth amount for a fiscal year as follows:

(1) Calculate each district's weighted wealth per pupil for that fiscal year, which equals the following quotient:

The agreement for or the actual withholding and payment of moneys under this section does not constitute the assumption by the state of any debt of a school district.

(H) In the case of securities subject to the withholding provisions of this section, the issuing board of education shall appoint a paying agent or fiscal agent who is not an officer or employee of the school district.

(I) The department ~~of education~~, with the advice of the office of budget and management, may adopt reasonable rules not inconsistent with this section for the implementation of this section and division (B) of section 133.25 of the Revised Code as it relates to the withholding and depositing of payments under Chapter 3317. of the Revised Code to secure payment of debt charges on school district securities. Sec. 3318.011. For purposes of providing assistance under sections 3318.01 to 3318.20 of the Revised Code, the department of education and workforce shall annually do all of the following:

(A) Calculate the adjusted valuation per pupil of each city, local, and exempted village school district according to the following formula:

The district's valuation per pupil -  
[\$30,000 X (1 - the district's income factor)].

For purposes of this calculation:

(1) Except for a district with an open enrollment net gain that is ten per cent or more of its formula ADM, "valuation per pupil" for a district means its average taxable value, divided by its formula ADM for the previous fiscal year. "Valuation per pupil," for a district with an open enrollment net gain that is ten per cent or more of its formula ADM, means its average taxable value, divided by the sum of its formula ADM for the previous fiscal year plus its open enrollment net gain for the previous fiscal year.

(2) "Average taxable value" means the average of the sum of the amounts certified for a district under divisions (A)(1) and (2) of section 3317.021 of the Revised Code in the second, third, and fourth preceding fiscal years.

(3) "Entitled to attend school" means entitled to attend school in a city, local, or exempted village school district under section 3313.64 or 3313.65 of the Revised Code.

(4) "Formula ADM" has the same meaning as in section 3317.02 of the Revised Code.

(5) "Native student" has the same meaning as in section 3313.98 of the Revised Code.

(6) "Open enrollment net gain" for a district means (a) the number of the students entitled to attend school in another district but who are enrolled in the schools of the district under its open enrollment policy minus (b) the number of the district's native students who are enrolled in the schools of another district under the other district's open enrollment policy, both numbers as certified to the department under section 3313.981 of the Revised Code. If the difference is a negative number, the district's "open enrollment net gain" is zero.

(7) "Open enrollment policy" means an interdistrict open enrollment policy adopted under section 3313.98 of the Revised Code.

(8) "District median income" means the median Ohio adjusted gross income certified for a school district under section 3317.021 of the Revised Code.

(9) "Statewide median income" means the median district median income of all city, exempted village, and local school districts in the state.

(10) "Income factor" for a city, exempted village, or local school district means the quotient obtained by dividing that district's median income by the statewide median income.

(B) Calculate for each district the three-year average of the adjusted

valuations per pupil calculated for the district for the current and two preceding fiscal years;

(C) Rank all such districts in order of adjusted valuation per pupil from the district with the lowest three-year average adjusted valuation per pupil to the district with the highest three-year average adjusted valuation per pupil;

(D) Divide such ranking into percentiles with the first percentile containing the one per cent of school districts having the lowest three-year average adjusted valuations per pupil and the one-hundredth percentile containing the one per cent of school districts having the highest three-year average adjusted valuations per pupil;

(E) Determine the school districts that have three-year average adjusted valuations per pupil that are greater than the median three-year average adjusted valuation per pupil for all school districts in the state;

(F) On or before the first day of September, certify the information described in divisions (A) to (E) of this section to the Ohio facilities construction commission.

Sec. 3318.033. (A) As used in this section:

(1) "Formula ADM" has the same meaning as in section 3317.02 of the Revised Code.

(2) "Open enrollment net gain" has the same meaning as in section 3318.011 of the Revised Code.

(B) This section applies to each school district that meets the following criteria:

(1) The Ohio facilities construction commission certified its conditional approval of the district's project under sections 3318.01 to 3318.20 of the Revised Code after July 1, 2006, and prior to September 29, 2007, and the project had not been completed as of September 29, 2007.

(2) Within one year after the date of the commission's certification of its conditional approval, the district's electors approved a bond issue to pay the district's portion of the basic project cost or the district board of education complied with section 3318.052 of the Revised Code.

(3) In the fiscal year prior to the fiscal year in which the district's project was conditionally approved, the district had an open enrollment net gain that was ten per cent or more of its formula ADM.

(C) For each school district to which this section applies, the department of education and workforce shall recalculate the district's percentile ranking under section 3318.011 of the Revised Code for the fiscal year prior to the fiscal year in which the district's project was conditionally approved and shall report the recalculated percentile ranking to the commission. For this purpose, the department shall recalculate every school district's percentile

ranking for that fiscal year using the district's "valuation per pupil" as that term is defined in section 3318.011 of the Revised Code on and after September 29, 2007.

(D) For each school district to which this section applies, the commission shall use the recalculated percentile ranking reported under division (C) of this section to determine the district's portion of the basic project cost under section 3318.032 of the Revised Code. The commission shall not use the recalculated percentile ranking for any other purpose, and the recalculated ranking shall not affect any other district's portion of the basic project cost under section 3318.032 of the Revised Code or any district's eligibility for assistance under sections 3318.01 to 3318.20 of the Revised Code. The commission shall revise the agreement entered into under section 3318.08 of the Revised Code to reflect the district's new portion of the basic project cost as determined under this division.

Sec. 3318.051. (A) Any city, exempted village, or local school district that commences a project under sections 3318.01 to 3318.20, 3318.36, 3318.37, or 3318.38 of the Revised Code on or after September 5, 2006, need not levy the tax otherwise required under division (B) of section 3318.05 of the Revised Code, if the district board of education adopts a resolution petitioning the Ohio facilities construction commission to approve the transfer of money in accordance with this section and the commission approves that transfer. If so approved, the commission and the district board shall enter into an agreement under which the board, in each of twenty-three consecutive years beginning in the year in which the board and the commission enter into the project agreement under section 3318.08 of the Revised Code, shall transfer into the maintenance fund required by division (D) of section 3318.05 of the Revised Code not less than an amount equal to one-half mill for each dollar of the district's valuation unless and until the agreement to make those transfers is rescinded by the district board pursuant to division (F) of this section.

(B) On the first day of July each year, or on an alternative date prescribed by the commission, the district treasurer shall certify to the commission and the auditor of state that the amount required for the year has been transferred. The auditor of state shall include verification of the transfer as part of any audit of the district under section 117.11 of the Revised Code. If the auditor of state finds that less than the required amount has been deposited into a district's maintenance fund, the auditor of state shall notify the district board of education in writing of that fact and require the board to deposit into the fund, within ninety days after the date of the notice, the amount by which the fund is deficient for the year. If the district

board fails to demonstrate to the auditor of state's satisfaction that the board has made the deposit required in the notice, the auditor of state shall notify the department of education and workforce. At that time, the department shall withhold an amount equal to ten per cent of the district's funds calculated for the current fiscal year under Chapter 3317. of the Revised Code until the auditor of state notifies the department that the auditor of state is satisfied that the board has made the required transfer.

(C) Money transferred to the maintenance fund shall be used for the maintenance or, upon approval of the Ohio facilities construction commission, upgrade of the facilities acquired under the district's project.

(D) The transfers to the maintenance fund under this section does not affect a district's obligation to establish and maintain a capital and maintenance fund under section 3315.18 of the Revised Code.

(E) Any decision by the commission to approve or not approve the transfer of money under this section is final and not subject to appeal. The commission shall not be responsible for errors or miscalculations made in deciding whether to approve a petition to make transfers under this section.

(F) If the district board determines that it no longer can continue making the transfers agreed to under this section, the board may rescind the agreement only so long as the electors of the district have approved, in accordance with section 3318.063 of the Revised Code, the levy of a tax for the maintenance of the classroom facilities acquired under the district's project and that levy continues to be collected as approved by the electors. That levy shall be for a number of years that is equal to the difference between twenty-three years and the number of years that the district made transfers under this section and shall be at the rate of not less than one-half mill for each dollar of the district's valuation. The district board shall continue to make the transfers agreed to under this section until that levy has been approved by the electors.

Sec. 3318.08. Except in the case of a joint vocational school district that receives assistance under sections 3318.40 to 3318.45 of the Revised Code, if the requisite favorable vote on the election is obtained, or if the school district board has resolved to apply the proceeds of a property tax levy or the proceeds of an income tax, or a combination of proceeds from such taxes, as authorized in section 3318.052 of the Revised Code, the Ohio facilities construction commission, upon certification to it of either the results of the election or the resolution under section 3318.052 of the Revised Code, shall enter into a written agreement with the school district board for the construction and sale of the project. In the case of a joint vocational school district that receives assistance under sections 3318.40 to 3318.45 of the

Revised Code, if the school district board of education and the school district electors have satisfied the conditions prescribed in division (D)(1) of section 3318.41 of the Revised Code, the commission shall enter into an agreement with the school district board for the construction and sale of the project. In either case, the agreement shall include, but need not be limited to, the following provisions:

(A) The sale and issuance of bonds or notes in anticipation thereof, as soon as practicable after the execution of the agreement, in an amount equal to the school district's portion of the basic project cost, including any securities authorized under division (J) of section 133.06 of the Revised Code and dedicated by the school district board to payment of the district's portion of the basic project cost of the project; provided, that if at that time the county treasurer of each county in which the school district is located has not commenced the collection of taxes on the general duplicate of real and public utility property for the year in which the controlling board approved the project, the school district board shall authorize the issuance of a first installment of bond anticipation notes in an amount specified by the agreement, which amount shall not exceed an amount necessary to raise the net bonded indebtedness of the school district as of the date of the controlling board's approval to within five thousand dollars of the required level of indebtedness for the preceding year. In the event that a first installment of bond anticipation notes is issued, the school district board shall, as soon as practicable after the county treasurer of each county in which the school district is located has commenced the collection of taxes on the general duplicate of real and public utility property for the year in which the controlling board approved the project, authorize the issuance of a second and final installment of bond anticipation notes or a first and final issue of bonds.

The combined value of the first and second installment of bond anticipation notes or the value of the first and final issue of bonds shall be equal to the school district's portion of the basic project cost. The proceeds of any such bonds shall be used first to retire any bond anticipation notes. Otherwise, the proceeds of such bonds and of any bond anticipation notes, except the premium and accrued interest thereon, shall be deposited in the school district's project construction fund. In determining the amount of net bonded indebtedness for the purpose of fixing the amount of an issue of either bonds or bond anticipation notes, gross indebtedness shall be reduced by moneys in the bond retirement fund only to the extent of the moneys therein on the first day of the year preceding the year in which the controlling board approved the project. Should there be a decrease in the tax

valuation of the school district so that the amount of indebtedness that can be incurred on the tax duplicates for the year in which the controlling board approved the project is less than the amount of the first installment of bond anticipation notes, there shall be paid from the school district's project construction fund to the school district's bond retirement fund to be applied against such notes an amount sufficient to cause the net bonded indebtedness of the school district, as of the first day of the year following the year in which the controlling board approved the project, to be within five thousand dollars of the required level of indebtedness for the year in which the controlling board approved the project. The maximum amount of indebtedness to be incurred by any school district board as its share of the cost of the project is either an amount that will cause its net bonded indebtedness, as of the first day of the year following the year in which the controlling board approved the project, to be within five thousand dollars of the required level of indebtedness, or an amount equal to the required percentage of the basic project costs, whichever is greater. All bonds and bond anticipation notes shall be issued in accordance with Chapter 133. of the Revised Code, and notes may be renewed as provided in section 133.22 of the Revised Code.

(B) The transfer of such funds of the school district board available for the project, together with the proceeds of the sale of the bonds or notes, except premium, accrued interest, and interest included in the amount of the issue, to the school district's project construction fund;

(1) If section 3318.052 of the Revised Code applies, the earmarking of the proceeds of a tax levied under section 5705.21 of the Revised Code for general permanent improvements or under section 5705.218 of the Revised Code for the purpose of permanent improvements, or the proceeds of a school district income tax levied under Chapter 5748. of the Revised Code, or the proceeds from a combination of those two taxes, in an amount to pay all or part of the service charges on bonds issued to pay the school district portion of the project and an amount equivalent to all or part of the tax required under division (B) of section 3318.05 of the Revised Code;

(2) If section 3318.052 of the Revised Code does not apply, one of the following:

(a) The levy of the tax authorized at the election for the payment of maintenance costs, as specified in division (B) of section 3318.05 of the Revised Code;

(b) If the school district electors have approved a continuing tax for general permanent improvements under section 5705.21 of the Revised Code and that tax can be used for maintenance, the earmarking of an amount of the proceeds from such tax for maintenance of classroom facilities as specified in division (B) of section 3318.05 of the Revised Code;

(c) If, in lieu of the tax otherwise required under division (B) of section 3318.05 of the Revised Code, the commission has approved the transfer of money to the maintenance fund in accordance with section 3318.051 of the Revised Code, a requirement that the district board comply with the provisions of that section. The district board may rescind the provision prescribed under division (C)(2)(c) of this section only so long as the electors of the district have approved, in accordance with section 3318.063 of the Revised Code, the levy of a tax for the maintenance of the classroom facilities acquired under the district's project and that levy continues to be collected as approved by the electors.

(D) For joint vocational school districts that receive assistance under sections 3318.40 to 3318.45 of the Revised Code, provision for deposit of school district moneys dedicated to maintenance of the classroom facilities acquired under those sections as prescribed in section 3318.43 of the Revised Code;

(E) Dedication of any local donated contribution as provided for under section 3318.084 of the Revised Code, including a schedule for depositing such moneys applied as an offset of the district's obligation to levy the tax described in division (B) of section 3318.05 of the Revised Code as required under division (D)(2) of section 3318.084 of the Revised Code;

(F) Ownership of or interest in the project during the period of construction, which shall be divided between the commission and the school district board in proportion to their respective contributions to the school district's project construction fund;

(G) Maintenance of the state's interest in the project until any obligations issued for the project under section 3318.26 of the Revised Code are no longer outstanding;

(H) The insurance of the project by the school district from the time there is an insurable interest therein and so long as the state retains any ownership or interest in the project pursuant to division (F) of this section, in such amounts and against such risks as the commission shall require; provided, that the cost of any required insurance until the project is completed shall be a part of the basic project cost;

(I) The certification by the director of budget and management that funds are available and have been set aside to meet the state's share of the

basic project cost as approved by the controlling board pursuant to either section 3318.04 or division (B)(1) of section 3318.41 of the Revised Code;

(J) Authorization of the school district board to advertise for and receive construction bids for the project, for and on behalf of the commission, and to award contracts in the name of the state subject to approval by the commission;

(K) Provisions for the disbursement of moneys from the school district's project account upon issuance by the commission or the commission's designated representative of vouchers for work done to be certified to the commission by the treasurer of the school district board;

(L) Disposal of any balance left in the school district's project construction fund upon completion of the project;

(M) Limitations upon use of the project or any part of it so long as any obligations issued to finance the project under section 3318.26 of the Revised Code are outstanding;

(N) Provision for vesting the state's interest in the project to the school district board when the obligations issued to finance the project under section 3318.26 of the Revised Code are outstanding;

(O) Provision for deposit of an executed copy of the agreement in the office of the commission;

(P) Provision for termination of the contract and release of the funds encumbered at the time of the conditional approval, if the proceeds of the sale of the bonds of the school district board are not paid into the school district's project construction fund and if bids for the construction of the project have not been taken within such period after the execution of the agreement as may be fixed by the commission;

(Q) A provision that requires the school district to adhere to a facilities maintenance plan approved by the commission;

(R) Provision that all state funds reserved and encumbered to pay the state share of the cost of the project and the funds provided by the school district to pay for its share of the project cost, including the respective shares of the cost of a segment if the project is divided into segments, be spent on the construction and acquisition of the project or segment simultaneously in proportion to the state's and the school district's respective shares of that basic project cost as determined under section 3318.032 of the Revised Code or, if the district is a joint vocational school district, under section 3318.42 of the Revised Code. However, if the school district certifies to the commission that expenditure by the school district is necessary to maintain the federal tax status or tax-exempt status of notes or bonds issued by the school district to pay for its share of the project cost or to comply with

applicable temporary investment periods or spending exceptions to rebate as provided for under federal law in regard to those notes or bonds, the school district may commit to spend, or spend, a greater portion of the funds it provides during any specific period than would otherwise be required under this division.

(S) A provision stipulating that the commission may prohibit the district from proceeding with any project if the commission determines that the site is not suitable for construction purposes. The commission may perform soil tests in its determination of whether a site is appropriate for construction purposes.

(T) A provision stipulating that, unless otherwise authorized by the commission, any contingency reserve portion of the construction budget prescribed by the commission shall be used only to pay costs resulting from unforeseen job conditions, to comply with rulings regarding building and other codes, to pay costs related to design clarifications or corrections to contract documents, and to pay the costs of settlements or judgments related to the project as provided under section 3318.086 of the Revised Code;

(U) A provision stipulating that for continued release of project funds the school district board shall comply with sections 3313.41, 3313.411, and 3313.413 of the Revised Code throughout the project and shall notify the department of education and workforce and the Ohio community school association when the board plans to dispose of facilities by sale under that section;

(V) A provision stipulating that the commission shall not approve a contract for demolition of a facility until the school district board has complied with sections 3313.41, 3313.411, and 3313.413 of the Revised Code relative to that facility, unless demolition of that facility is to clear a site for construction of a replacement facility included in the district's project.

Sec. 3318.084. (A) Notwithstanding anything to the contrary in Chapter 3318. of the Revised Code, a school district board may apply any local donated contribution toward any of the following:

(1) The district's portion of the basic project cost of a project under either sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code to reduce the amount of bonds the district otherwise must issue in order to receive state assistance under those sections;

(3) If the school district is a joint vocational school district proceeding under sections 3318.40 to 3318.45 of the Revised Code, all or part of the amount the school district is obligated to set aside for maintenance of the classroom facilities acquired under that project pursuant to section 3318.43 of the Revised Code.

(B) No school district board shall apply any local donated contribution under division (A)(2) of this section unless the Ohio facilities construction commission first approves that application.

Upon the request of the school district board to apply local donated contribution under division (A)(2) of this section, the commission in consultation with the department of taxation shall determine the amount of total revenue that likely would be generated by one-half mill of the tax described in division (B) of section 3318.05 of the Revised Code over the entire twenty-three-year period required under that section and shall deduct from that amount any amount of local donated contribution that the board has committed to apply under division (A)(2) of this section. The commission then shall determine in consultation with the department of taxation the rate of tax over twenty-three years necessary to generate the amount of a one-half mill tax not offset by the local donated contribution. Notwithstanding anything to the contrary in section 3318.06, 3318.061, or 3318.361 of the Revised Code, the rate determined by the commission shall be the rate for which the district board shall seek elector approval under those sections to meet its obligation under division (B) of section 3318.05 of the Revised Code. In the case of a complete offset of the district's obligation under division (B) of section 3318.05 of the Revised Code, the district shall not be required to levy the tax otherwise required under that section. At the end of the twenty-three-year period of the tax required under division (B) of section 3318.05 of the Revised Code, whether or not the tax is actually levied, the commission in consultation of the department of taxation shall recalculate the amount that would have been generated by the tax if it had been levied at one-half mill. If the total amount actually generated over that period from both the tax that was actually levied and any local donated contribution applied under division (A)(2) of this section is less than the amount that would have been raised by a one-half mill tax, the district shall pay any difference. If the total amount actually raised in such manner is greater than the amount that would have been raised by a one-half mill tax the difference shall be zero and no payments shall be made by either the district or the commission.

(C) As used in this section, "local donated contribution" means any of

the following:

(1) Any moneys irrevocably donated or granted to a school district board by a source other than the state which the board has the authority to apply to the school district's project under sections 3318.01 to 3318.20 of the Revised Code and which the board has pledged for that purpose by resolution adopted by a majority of its members;

(2) Any irrevocable letter of credit issued on behalf of a school district which the school district board has encumbered for payment of the school district's share of its project under sections 3318.01 to 3318.20 of the Revised Code that has been approved by the commission in consultation with the department of education and workforce;

(3) Any cash a school district has on hand that the school district board has encumbered for payment of the school district's share of its project under sections 3318.01 to 3318.20 of the Revised Code that has been approved by the commission in consultation with the department of ~~education~~, including the following:

(a) Any year-end operating fund balances that can be spent for classroom facilities;

(b) Any cash resulting from a lease-purchase agreement that the school district board has entered into under section 3313.375 of the Revised Code, provided that the agreement and the related financing documents contain provisions protecting the state's superior interest in the project.

(4) Any moneys spent by a source other than the school district or the state for construction or renovation of specific classroom facilities that have been approved by the commission as part of the basic project cost of the district's project. The school district, the commission, and the entity providing the local donated contribution under division (C)(4) of this section shall enter into an agreement identifying the classroom facilities to be acquired by the expenditures made by that entity. The agreement shall include, but not be limited to, stipulations that require an audit by the commission of such expenditures made on behalf of the district and that specify the maximum amount of credit to be allowed for those expenditures. Upon completion of the construction or renovation, the commission shall determine the actual amount that the commission will credit, at the request of the district board, toward the district's portion of the basic project cost, any project cost overruns, or the basic project cost of future segments if the project has been divided into segments under section 3318.38 of the Revised Code. The actual amount of the credit shall not exceed the lesser of the amount specified in the agreement or the actual cost of the construction or renovation.

(D) No state moneys shall be released for a project to which this section applies until:

(1) Any local donated contribution authorized under division (A)(1) of this section is first deposited into the school district's project construction fund.

(2) The school district board and the commission have included a stipulation in their agreement entered into under section 3318.08 of the Revised Code under which the board will deposit into a fund approved by the commission according to a schedule that does not extend beyond the anticipated completion date of the project the total amount of any local donated contribution authorized under division (A)(2) or (3) of this section and dedicated by the board for that purpose.

However, if any local donated contribution as described in division (C)(4) of this section has been approved under this section, the state moneys may be released even if the entity providing that local donated contribution has not spent the moneys so dedicated as long as the agreement required under that section has been executed.

Sec. 3318.18. (A) As used in this section:

(1) "Valuation" of a school district means the sum of the amounts described in divisions (A)(1) and (2) of section 3317.021 of the Revised Code as most recently certified for the district before the annual computation is made under division (B) of this section.

(2) "Valuation per pupil" of a school district means the district's valuation divided by the district's formula ADM as most recently calculated under section 3317.03 of the Revised Code before the annual computation is made under division (B) of this section.

(3) "Statewide average valuation per pupil" means the total of the valuations of all school districts divided by the total of the formula ADMs of all school districts as most recently calculated under section 3317.03 of the Revised Code before the annual computation is made under division (C) of this section.

(4) "Maintenance levy requirement" means the tax required to be levied pursuant to division (C)(2)(a) of section 3318.08 and division (B) of section 3318.05 of the Revised Code or the application of proceeds of another levy to paying the costs of maintaining classroom facilities pursuant to division (A)(2) of section 3318.052, division (C)(1) or (C)(2)(b) of section 3318.08, or division (D)(2) of section 3318.36 of the Revised Code, or a combination thereof.

(5) "Project agreement" means an agreement between a school district and the Ohio facilities construction commission under section 3318.08 or

division (B)(1) of section 3318.36 of the Revised Code.

~~(B) On or before July 1, 2006, the department of education shall compute the statewide average valuation per pupil and the valuation per pupil of each school district, and provide them to the Ohio facilities construction commission.~~ On or before the first day of July each year beginning in 2007, the department of education and workforce shall compute the statewide average valuation per pupil and the valuation per pupil of each school district that has not already entered into a project agreement, and provide the results of those computations to the commission.

(C)(1) At the time the Ohio facilities construction commission enters into a project agreement with a school district, the commission shall compute the difference between the district's valuation per pupil and the statewide average valuation per pupil as most recently provided to the commission under division (B) of this section. If the school district's valuation per pupil is less than the average statewide valuation per pupil, the commission shall multiply the difference between those amounts by one-half mill times the formula ADM of the district as most recently reported to the department ~~of education~~ for October under division (A) of section 3317.03 of the Revised Code. The commission shall certify the resulting product to the department ~~of education~~, along with the date on which the maintenance levy requirement terminates as provided in the project agreement between the school district board and the commission.

(2) In the case of a school district that entered into a project agreement after July 1, 1997, but before July 1, 2006, the commission shall make the computation described in division (C)(1) of this section on the basis of the district's valuation per pupil and the statewide average valuation per pupil computed as of September 1, 2006, and the district's formula ADM reported for October 2005.

(3) The amount computed for a school district under division (C)(1) or (2) of this section shall not change for the period during which payments are made to the district under division (D) of this section.

(4) A computation need not be made under division (C)(1) or (2) of this section for a school district that certified a resolution to the commission under division (D)(3) of section 3318.36 of the Revised Code until the district becomes eligible for state assistance as provided in that division.

(D) In the fourth quarter of each fiscal year, for each school district for which a computation has been made under division (C) of this section, the department ~~of education~~ shall pay the amount computed to each such school district. Payments shall be made to a school district each year until and including the tax year in which the district's maintenance levy requirement

terminates. Payments shall be paid from the half-mill equalization fund, subject to appropriation by the general assembly. However, the department shall make no payments under this section to any district that elects the procedure authorized by section 3318.051 of the Revised Code.

(E) Payments made to a school district under this section shall be credited to the district's classroom facilities maintenance fund and shall be used only for the purpose of maintaining facilities constructed or renovated under the project agreement.

(F) There is hereby created in the state treasury the half-mill equalization fund. The fund shall receive transfers pursuant to section 5727.85 of the Revised Code. The fund shall be used first to make annual payments under division (D) of this section. If a balance remains in the fund after such payments are made in full for a year, the Ohio facilities construction commission may request the controlling board to transfer a reasonable amount from such remaining balance to the public school building fund created under section 3318.15 of the Revised Code for the purposes of this chapter.

All investment earnings arising from investment of money in the half-mill equalization fund shall be credited to the fund.

Sec. 3318.363. (A) This section applies beginning in fiscal year 2003 and only to a school district participating in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code.

(B) If there is a decrease in the tax valuation of a school district to which this section applies by ten per cent or greater from one tax year to the next due to a decrease in the assessment rate of the taxable property of an electric company that owns property in the district, as provided for in section 5727.111 of the Revised Code as amended by Am. Sub. S.B. 3 of the 123rd General Assembly, the Ohio facilities construction commission shall calculate or recalculate the state and school district portions of the basic project cost of the school district's project by determining the percentile rank in which the district would be located if such ranking were made using the adjusted valuation per pupil calculated under division (C) of this section rather than the three-year average adjusted valuation per pupil, calculated under division (B) of section 3318.011 of the Revised Code. For such district, the required percentage of the basic project cost used to determine the state and school district shares of that cost under division (C) of section 3318.36 of the Revised Code shall be based on the percentile rank as calculated under this section rather than as otherwise provided in division (C)(1) of section 3318.36 of the Revised Code. If the commission has

determined the state and school district portion of the basic project cost of such a district's project under section 3318.36 of the Revised Code prior to that decrease in tax valuation, the commission shall adjust the state and school district shares of the basic project cost of such project in accordance with this section.

(C)(1) As used in divisions (C) and (D) of this section, "total taxable value" and "formula ADM" have the same meanings as in section 3317.02 of the Revised Code, and "income factor" has the same meaning as in section 3318.011 of the Revised Code.

(2) The adjusted valuation per pupil for a school district to which this section applies shall be calculated using the following formula:

(The district's total taxable value for the tax year preceding the calendar year in which the current fiscal year begins / the district's formula ADM for the previous fiscal year) - [\$30,000 x (1 - the district's income factor)].

(D) At the request of the Ohio facilities construction commission, the department of education and workforce shall report a district's total taxable value for the tax year preceding the calendar year in which the current fiscal year begins for any district to which this section applies as that information has been certified to the department by the tax commissioner pursuant to section 3317.021 of the Revised Code.

Sec. 3318.42. (A) Not later than the sixty-first day after March 14, 2003, and subsequently not later than the sixty-first day after the first day of each ensuing fiscal year, the department of education and workforce shall do all of the following:

(1) Calculate the valuation per pupil of each joint vocational school district according to the following formula:

The school district's average taxable value divided by the school district's formula ADM calculated under section 3317.03 of the Revised Code for the previous fiscal year.

For purposes of this calculation:

(a) "Average taxable value" means the average of the amounts certified for a school district in the second, third, and fourth preceding tax years under divisions (A)(1) and (2) of section 3317.021 of the Revised Code.

(b) "Formula ADM" has the same meaning as defined in section 3317.02 of the Revised Code.

(2) Calculate for each school district the three-year average of the valuations per pupil calculated for the school district for the current and two preceding fiscal years;

(3) Rank all joint vocational school districts in order from the school district with the lowest three-year average valuation per pupil to the school

district with the highest three-year average valuation per pupil;

(4) Divide the ranking under division (A)(3) of this section into percentiles with the first percentile containing the one per cent of school districts having the lowest three-year average valuations per pupil and the one-hundredth percentile containing the one per cent of school districts having the highest three-year average valuations per pupil;

(5) Certify the information described in divisions (A)(1) to (4) of this section to the Ohio facilities construction commission.

(B) The commission annually shall select school districts for assistance under sections 3318.40 to 3318.45 of the Revised Code in the order of the school districts' three-year average valuations per pupil such that the school district with the lowest three-year average valuation per pupil shall be given the highest priority for assistance.

(C) Each joint vocational school district's portion of the basic project cost of the school district's project under sections 3318.40 to 3318.45 of the Revised Code shall be one per cent times the percentile in which the district ranks, except that no school district's portion shall be less than twenty-five per cent or greater than ninety-five per cent of the basic project cost.

Sec. 3319.02. (A)(1) As used in this section, "other administrator" means any of the following:

(a) Except as provided in division (A)(2) of this section, any employee in a position for which a board of education requires a license designated by rule of the ~~department~~ state board of education for being an administrator issued under section 3319.22 of the Revised Code, including a professional pupil services employee or administrative specialist or an equivalent of either one who is not employed as a school counselor and spends less than fifty per cent of the time employed teaching or working with students;

(b) Any nonlicensed employee whose job duties enable such employee to be considered as either a "supervisor" or a "management level employee," as defined in section 4117.01 of the Revised Code;

(c) A business manager appointed under section 3319.03 of the Revised Code.

(2) As used in this section, "other administrator" does not include a superintendent, assistant superintendent, principal, or assistant principal.

(B) The board of education of each school district and the governing board of an educational service center may appoint one or more assistant superintendents and such other administrators as are necessary. An assistant educational service center superintendent or service center supervisor employed on a part-time basis may also be employed by a local board as a teacher. The board of each city, exempted village, and local school district

shall employ principals for all high schools and for such other schools as the board designates, and those boards may appoint assistant principals for any school that they designate.

(C) In educational service centers and in city, exempted village, and local school districts, assistant superintendents, principals, assistant principals, and other administrators shall only be employed or reemployed in accordance with nominations of the superintendent, except that a board of education of a school district or the governing board of a service center, by a three-fourths vote of its full membership, may reemploy any assistant superintendent, principal, assistant principal, or other administrator whom the superintendent refuses to nominate.

The board of education or governing board shall execute a written contract of employment with each assistant superintendent, principal, assistant principal, and other administrator it employs or reemploys. The term of such contract shall not exceed three years except that in the case of a person who has been employed as an assistant superintendent, principal, assistant principal, or other administrator in the district or center for three years or more, the term of the contract shall be for not more than five years and, unless the superintendent of the district recommends otherwise, not less than two years. If the superintendent so recommends, the term of the contract of a person who has been employed by the district or service center as an assistant superintendent, principal, assistant principal, or other administrator for three years or more may be one year, but all subsequent contracts granted such person shall be for a term of not less than two years and not more than five years. When a teacher with continuing service status becomes an assistant superintendent, principal, assistant principal, or other administrator with the district or service center with which the teacher holds continuing service status, the teacher retains such status in the teacher's nonadministrative position as provided in sections 3311.77, 3319.08, and 3319.09 of the Revised Code.

A board of education or governing board may reemploy an assistant superintendent, principal, assistant principal, or other administrator at any regular or special meeting held during the period beginning on the first day of January of the calendar year immediately preceding the year of expiration of the employment contract and ending on the first day of June of the year the employment contract expires.

Except by mutual agreement of the parties thereto, no assistant superintendent, principal, assistant principal, or other administrator shall be transferred during the life of a contract to a position of lesser responsibility. No contract may be terminated by a board except pursuant to section

3319.16 of the Revised Code. No contract may be suspended except pursuant to section 3319.17 or 3319.171 of the Revised Code. The salaries and compensation prescribed by such contracts shall not be reduced by a board unless such reduction is a part of a uniform plan affecting the entire district or center. The contract shall specify the employee's administrative position and duties as included in the job description adopted under division (D) of this section, the salary and other compensation to be paid for performance of duties, the number of days to be worked, the number of days of vacation leave, if any, and any paid holidays in the contractual year.

An assistant superintendent, principal, assistant principal, or other administrator is, at the expiration of the current term of employment, deemed reemployed at the same salary plus any increments that may be authorized by the board, unless such employee notifies the board in writing to the contrary on or before the fifteenth day of June, or unless such board, on or before the first day of June of the year in which the contract of employment expires, either reemploys such employee for a succeeding term or gives written notice of its intention not to reemploy the employee. The term of reemployment of a person reemployed under this paragraph shall be one year, except that if such person has been employed by the school district or service center as an assistant superintendent, principal, assistant principal, or other administrator for three years or more, the term of reemployment shall be two years.

(D)(1) Each board shall adopt procedures for the evaluation of all assistant superintendents, principals, assistant principals, and other administrators and shall evaluate such employees in accordance with those procedures. The procedures for the evaluation of principals and assistant principals shall be based on principles comparable to the teacher evaluation policy adopted by the board under section 3319.111 of the Revised Code, but shall be tailored to the duties and responsibilities of principals and assistant principals and the environment in which they work. An evaluation based upon procedures adopted under this division shall be considered by the board in deciding whether to renew the contract of employment of an assistant superintendent, principal, assistant principal, or other administrator.

(2) The evaluation shall measure each assistant superintendent's, principal's, assistant principal's, and other administrator's effectiveness in performing the duties included in the job description and the evaluation procedures shall provide for, but not be limited to, the following:

(a) Each assistant superintendent, principal, assistant principal, and other administrator shall be evaluated annually through a written evaluation process.

(b) The evaluation shall be conducted by the superintendent or designee.

(c) In order to provide time to show progress in correcting the deficiencies identified in the evaluation process, the evaluation process shall be completed as follows:

(i) In any school year that the employee's contract of employment is not due to expire, at least one evaluation shall be completed in that year. A written copy of the evaluation shall be provided to the employee no later than the end of the employee's contract year as defined by the employee's annual salary notice.

(ii) In any school year that the employee's contract of employment is due to expire, at least a preliminary evaluation and at least a final evaluation shall be completed in that year. A written copy of the preliminary evaluation shall be provided to the employee at least sixty days prior to any action by the board on the employee's contract of employment. The final evaluation shall indicate the superintendent's intended recommendation to the board regarding a contract of employment for the employee. A written copy of the evaluation shall be provided to the employee at least five days prior to the board's acting to renew or not renew the contract.

(3) Termination of an assistant superintendent, principal, assistant principal, or other administrator's contract shall be pursuant to section 3319.16 of the Revised Code. Suspension of any such employee shall be pursuant to section 3319.17 or 3319.171 of the Revised Code.

(4) Before taking action to renew or nonrenew the contract of an assistant superintendent, principal, assistant principal, or other administrator under this section and prior to the first day of June of the year in which such employee's contract expires, the board shall notify each such employee of the date that the contract expires and that the employee may request a meeting with the board. Upon request by such an employee, the board shall grant the employee a meeting in executive session. In that meeting, the board shall discuss its reasons for considering renewal or nonrenewal of the contract. The employee shall be permitted to have a representative, chosen by the employee, present at the meeting.

(5) The establishment of an evaluation procedure shall not create an expectancy of continued employment. Nothing in division (D) of this section shall prevent a board from making the final determination regarding the renewal or nonrenewal of the contract of any assistant superintendent, principal, assistant principal, or other administrator. However, if a board fails to provide evaluations pursuant to division (D)(2)(c)(i) or (ii) of this section, or if the board fails to provide at the request of the employee a meeting as prescribed in division (D)(4) of this section, the employee

automatically shall be reemployed at the same salary plus any increments that may be authorized by the board for a period of one year, except that if the employee has been employed by the district or service center as an assistant superintendent, principal, assistant principal, or other administrator for three years or more, the period of reemployment shall be for two years.

(E) On nomination of the superintendent of a service center a governing board may employ supervisors who shall be employed under written contracts of employment for terms not to exceed five years each. Such contracts may be terminated by a governing board pursuant to section 3319.16 of the Revised Code. Any supervisor employed pursuant to this division may terminate the contract of employment at the end of any school year after giving the board at least thirty days' written notice prior to such termination. On the recommendation of the superintendent the contract or contracts of any supervisor employed pursuant to this division may be suspended for the remainder of the term of any such contract pursuant to section 3319.17 or 3319.171 of the Revised Code.

(F) A board may establish vacation leave for any individuals employed under this section. Upon such an individual's separation from employment, a board that has such leave may compensate such an individual at the individual's current rate of pay for all lawfully accrued and unused vacation leave credited at the time of separation, not to exceed the amount accrued within three years before the date of separation. In case of the death of an individual employed under this section, such unused vacation leave as the board would have paid to the individual upon separation under this section shall be paid in accordance with section 2113.04 of the Revised Code, or to the estate.

(G) The board of education of any school district may contract with the governing board of the educational service center from which it otherwise receives services to conduct searches and recruitment of candidates for assistant superintendent, principal, assistant principal, and other administrator positions authorized under this section.

Sec. 3319.073. (A) The board of education of each city and exempted village school district and the governing board of each educational service center shall adopt or adapt the curriculum developed by the department of education and workforce for, or shall develop in consultation with public or private agencies or persons involved in child abuse prevention or intervention programs, a program of in-service training in the prevention of child abuse, violence, and substance abuse and the promotion of positive youth development. Each person employed by any school district or service center to work in a school as a nurse, teacher, counselor, school

psychologist, or administrator shall complete at least four hours of the in-service training within two years of commencing employment with the district or center, and every five years thereafter. A person who is employed by any school district or service center to work in an elementary school as a nurse, teacher, counselor, school psychologist, or administrator on March 30, 2007, shall complete at least four hours of the in-service training not later than March 30, 2009, and every five years thereafter. A person who is employed by any school district or service center to work in a middle or high school as a nurse, teacher, counselor, school psychologist, or administrator on October 16, 2009, shall complete at least four hours of the in-service training not later than October 16, 2011, and every five years thereafter.

(B) Each board shall incorporate training in school safety and violence prevention, including human trafficking content, into the in-service training required by division (A) of this section. For this purpose, the board shall adopt or adapt the curriculum developed by the department or shall develop its own curriculum in consultation with public or private agencies or persons involved in school safety and violence prevention programs.

(C) Each board shall incorporate training on the board's harassment, intimidation, or bullying policy adopted under section 3313.666 of the Revised Code into the in-service training required by division (A) of this section. Each board also shall incorporate training in the prevention of dating violence into the in-service training required by that division for middle and high school employees. The board shall develop its own curricula for these purposes.

(D) Each board shall incorporate training in youth suicide awareness and prevention into the in-service training required by division (A) of this section for each person employed by a school district or service center to work in a school as a nurse, teacher, counselor, school psychologist, or administrator, and any other personnel that the board determines appropriate. The board shall require each such person to undergo training in youth suicide awareness and prevention programs once every two years. For this purpose, the board shall adopt or adapt the curriculum developed by the department under section 3301.221 of the Revised Code or shall develop its own curriculum in consultation with public or private agencies or persons involved in youth suicide awareness and prevention programs.

The training completed under this division shall count toward the satisfaction of requirements for professional development required by the school district or service center board, and the training may be accomplished through self-review of suitable suicide prevention materials approved by the

board.

(E) Each board shall incorporate training on child sexual abuse into the in-service training required by division (A) of this section. The training completed under this division shall count toward the satisfaction of requirements for professional development required by the school district or service center board. Any training provided under this section shall be presented by either of the following who have experience in handling cases involving child sexual abuse or child sexual violence:

- (1) Law enforcement officers;
- (2) Prosecutors.

Sec. 3319.074. (A) As used in this section:

(B) Beginning July 1, 2019, no city, exempted village, local, joint vocational, or cooperative education school district shall do either of the following:

(1) Employ any classroom teacher to provide instruction in a core subject area to any student, unless such teacher is a properly certified or licensed teacher;

(2) Employ any paraprofessional in a program supported with funds received under Title I of the "Elementary and Secondary Education Act of 1965," 20 U.S.C. 6301 et seq., to provide academic support in a core subject area to any student, unless such paraprofessional is a properly certified

paraprofessional.

(C) At the start of each school year, each school district shall notify the parent or guardian of each student enrolled in the district that the parent or guardian may request information on the professional qualifications of each classroom teacher who provides instruction to the student. The district shall provide the information on each applicable teacher in a timely manner to any parent or guardian who requests it. Such information shall include at least the following:

(1) Whether the teacher has satisfied all requirements for certification or licensure under this chapter applicable to the subject areas and grade levels in which the teacher provides instruction and the students to whom the teacher provides the instruction, or whether the teacher provides instruction under a waiver of any such requirements;

(2) Whether a paraprofessional provides any services to the student and, if so, the qualifications of the paraprofessional.

Sec. 3319.077. (A) As used in this section:

(2) Each approved training shall align with the guidebook developed under section 3323.25 of the Revised Code, be evidence-based, and require instruction and training for identifying characteristics of dyslexia and understanding the pedagogy for instructing students with dyslexia.

(3) The Ohio dyslexia committee shall prescribe a total number of clock hours of instruction in training approved under this section for a teacher to complete to satisfy the professional development requirements prescribed in division (C) of this section. The Ohio dyslexia committee shall prescribe a total number of clock hours that is not less than six clock hours and not more than eighteen clock hours.

Sec. 3319.143. Notwithstanding section 3319.141 of the Revised Code, the board of education of a city, exempted village, local or joint vocational school district may adopt a policy of assault leave by which an employee who is absent due to physical disability resulting from an assault which occurs in the course of board employment will be maintained on full pay status during the period of such absence. A board of education electing to effect such a policy of assault leave shall establish rules for the entitlement, crediting, and use of assault leave and file a copy of same with the ~~state board~~ department of education and workforce. A board of education adopting this policy shall require an employee to furnish a signed statement on forms prescribed by such board to justify the use of assault leave. If medical attention is required, a certificate from a licensed physician stating the nature of the disability and its duration shall be required before assault leave can be approved for payment. Falsification of either a signed statement or a physician's certificate is ground for suspension or termination of employment under section 3311.82 or 3319.16 of the Revised Code.

The state board shall give the employee notice of the allegation upon commencing an investigation and shall give the employee an opportunity to respond prior to taking any disciplinary action.

(D)(1) Violation of division (B) of this section is grounds for termination of employment of a nonteaching employee under division (C) of section 3319.081 or section 124.34 of the Revised Code.

(2) Violation of division (B) of this section is grounds for termination of a teacher contract under section 3311.82 or 3319.16 of the Revised Code.

Sec. 3319.16. The contract of any teacher employed by the board of education of any city, exempted village, local, county, or joint vocational school district may not be terminated except for good and just cause. Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the provisions of this section relating to the grounds for termination of the contract of a teacher prevail over any conflicting provisions of a collective bargaining agreement entered into after ~~the effective date of this amendment~~ October 16, 2009.

Before terminating any contract, the employing board shall furnish the teacher a written notice signed by its treasurer of its intention to consider the termination of the teacher's contract with full specification of the grounds for such consideration. The board shall not proceed with formal action to terminate the contract until after the tenth day after receipt of the notice by the teacher. Within ten days after receipt of the notice from the treasurer of the board, the teacher may file with the treasurer a written demand for a hearing before the board or before a referee, and the board shall set a time for the hearing which shall be within thirty days from the date of receipt of the written demand, and the treasurer shall give the teacher at least twenty days' notice in writing of the time and place of the hearing. If a referee is demanded by either the teacher or board, the treasurer also shall give twenty days' notice to the ~~superintendent of public instruction~~ department of

education and workforce. No hearing shall be held during the summer vacation without the teacher's consent. The hearing shall be private unless the teacher requests a public hearing. The hearing shall be conducted by a referee appointed pursuant to section 3319.161 of the Revised Code, if demanded; otherwise, it shall be conducted by a majority of the members of the board and shall be confined to the grounds given for the termination. The board shall provide for a complete stenographic record of the proceedings, a copy of the record to be furnished to the teacher. In case of the failure of any person to comply with a subpoena, a judge of the court of common pleas of the county in which the person resides, upon application of any interested party, shall compel attendance of the person by attachment proceedings as for contempt. Any member of the board or the referee may administer oaths to witnesses. After a hearing by a referee, the referee shall file a report within ten days after the termination of the hearing. After a hearing by the board, the board, by majority vote, may enter its determination upon its minutes. Any order of termination of a contract shall state the grounds for termination. If the decision, after hearing, is against termination of the contract, the charges and the record of the hearing shall be physically expunged from the minutes, and, if the teacher has suffered any loss of salary by reason of being suspended, the teacher shall be paid the teacher's full salary for the period of such suspension.

Any teacher affected by an order of termination of contract may appeal to the court of common pleas of the county in which the school is located within thirty days after receipt of notice of the entry of such order. The appeal shall be an original action in the court and shall be commenced by the filing of a complaint against the board, in which complaint the facts shall be alleged upon which the teacher relies for a reversal or modification of such order of termination of contract. Upon service or waiver of summons in that appeal, the board immediately shall transmit to the clerk of the court for filing a transcript of the original papers filed with the board, a certified copy of the minutes of the board into which the termination finding was entered,

and a certified transcript of all evidence adduced at the hearing or hearings before the board or a certified transcript of all evidence adduced at the hearing or hearings before the referee, whereupon the cause shall be at issue without further pleading and shall be advanced and heard without delay. The court shall examine the transcript and record of the hearing and shall hold such additional hearings as it considers advisable, at which it may consider other evidence in addition to the transcript and record.

Upon final hearing, the court shall grant or deny the relief prayed for in the complaint as may be proper in accordance with the evidence adduced in the hearing. Such an action is a special proceeding, and either the teacher or the board may appeal from the decision of the court of common pleas pursuant to the Rules of Appellate Procedure and, to the extent not in conflict with those rules, Chapter 2505. of the Revised Code.

In any court action, the board may utilize the services of the prosecuting attorney, village solicitor, city director of law, or other chief legal officer of a municipal corporation as authorized by section 3313.35 of the Revised Code, or may employ other legal counsel.

A violation of division (A)(7) of section 2907.03 of the Revised Code is grounds for termination of a teacher contract under this section.

For the purpose of providing referees for the hearings required by section 3319.16 of the Revised Code, the ~~superintendent of public instruction~~ department of education and workforce shall compile a list of resident electors from names that the ~~superintendent~~ department shall solicit annually from the state bar association.

Upon receipt of notice that a referee has been demanded by a teacher or by a board of education, the ~~superintendent of public instruction~~ department shall immediately designate three persons from such list, from whom the referee to hear the matter shall be chosen, and the ~~superintendent~~ department shall immediately notify the designees, the teacher, and the board of the school district involved. If within five days of receipt of the notice, the teacher and board are unable to select a mutually agreeable designee to serve as referee, the ~~superintendent of public instruction~~ department shall appoint one of the three designees to serve as referee. The appointment of the referee shall be entered in the minutes of the board. The referee appointed shall be paid the referee's usual and customary fee for attending the hearing which shall be paid from the school district general fund upon vouchers approved by the ~~superintendent of public instruction~~ department and presented to the treasurer of the district. No referee shall be a member of, an employee of, or teacher employed by the board of education nor related to any such person by consanguinity or marriage.

(C) Except as provided in division (D) of this section, prior to issuing or renewing any certificate, license, or permit for a person described in division (A)(1) or (2) of this section who is subject to a criminal records check and in the case of a person described in division (A)(3) or (4) of this section who is subject to a criminal records check, the state board or the superintendent of public instruction shall do one of the following:

(1) If the person is required to submit fingerprints and written permission under division (B)(1) of this section, request the superintendent of the bureau of criminal identification and investigation to determine whether the bureau has any information, gathered pursuant to division (A) of section 109.57 of the Revised Code, pertaining to the person and to obtain any criminal records that the federal bureau of investigation has on the person.

(2) If the person is required to submit fingerprints and written permission under division (B)(2) of this section, request the superintendent of the bureau of criminal identification and investigation to obtain any criminal records that the federal bureau of investigation has on the person.

(D) The state board or the superintendent of public instruction may

choose not to request any information about a person required by division (C) of this section if the person provides proof that a criminal records check that satisfies the requirements of that division was conducted on the person as a condition of employment pursuant to section 3319.39 of the Revised Code within the immediately preceding year. The state board or the superintendent of public instruction may accept a certified copy of records that were issued by the bureau of criminal identification and investigation and that are presented by the person in lieu of requesting that information under division (C) of this section if the records were issued by the bureau within the immediately preceding year.

(E)(1) If a person described in division (A)(3) or (4) of this section who is subject to a criminal records check fails to submit fingerprints and written permission by the date specified in the applicable division, and the state board or the superintendent of public instruction does not apply division (D) of this section to the person, or if a person who is subject to division (G) of this section fails to submit fingerprints and written permission by the date prescribed under that division, the superintendent shall prepare a written notice stating that if the person does not submit the fingerprints and written permission within fifteen days after the date the notice was mailed, the person's application will be rejected or the person's professional or permanent teaching certificate or license will be inactivated. The superintendent shall send the notification by regular mail to the person's last known residence address or last known place of employment, as indicated in the ~~department of education's~~ state board's records, or both.

If the person fails to submit the fingerprints and written permission within fifteen days after the date the notice was mailed, the superintendent of public instruction, on behalf of the state board, shall issue a written order rejecting the application or inactivating the person's professional or permanent teaching certificate or license. The rejection or inactivation shall remain in effect until the person submits the fingerprints and written permission. The superintendent shall send the order by regular mail to the person's last known residence address or last known place of employment, as indicated in the ~~department's~~ state board's records, or both. The order shall state the reason for the rejection or inactivation and shall explain that the rejection or inactivation remains in effect until the person submits the fingerprints and written permission.

The rejection or inactivation of a professional or permanent teaching certificate or license under division (E)(1) of this section does not constitute a suspension or revocation of the certificate or license by the state board under section 3319.31 of the Revised Code and the state board and the

superintendent of public instruction need not provide the person with an opportunity for a hearing with respect to the rejection or inactivation.

(2) If a person whose professional or permanent teaching certificate or license has been rejected or inactivated under division (E)(1) of this section submits fingerprints and written permission as required by division (B) or (G) of this section, the superintendent of public instruction, on behalf of the state board, shall issue a written order issuing or reactivating the certificate or license. The superintendent shall send the order to the person by regular mail.

(F) Notwithstanding divisions (A) to (C) of this section, if a person holds more than one certificate, license, or permit described in division (A)(1) of this section, the following shall apply:

(1) If the certificates, licenses, or permits are of different durations, the person shall be subject to divisions (A) to (C) of this section only when applying for renewal of the certificate, license, or permit that is of the longest duration. Prior to renewing any certificate, license, or permit with a shorter duration, the state board or the superintendent of public instruction shall determine whether the ~~department of education~~ state board has received any information about the person pursuant to section 109.5721 of the Revised Code, but the person shall not be subject to divisions (A) to (C) of this section as long as the person's certificate, license, or permit with the longest duration is valid.

(2) If the certificates, licenses, or permits are of the same duration but do not expire in the same year, the person shall designate one of the certificates, licenses, or permits as the person's primary certificate, license, or permit and shall notify the ~~department~~ state board of that designation. The person shall be subject to divisions (A) to (C) of this section only when applying for renewal of the person's primary certificate, license, or permit. Prior to renewing any certificate, license, or permit that is not the person's primary certificate, license, or permit, the state board or the superintendent of public instruction shall determine whether the ~~department~~ state board has received any information about the person pursuant to section 109.5721 of the Revised Code, but the person shall not be subject to divisions (A) to (C) of this section as long as the person's primary certificate, license, or permit is valid.

(3) If the certificates, licenses, or permits are of the same duration and expire in the same year and the person applies for renewal of the certificates, licenses, or permits at the same time, the state board or the superintendent of public instruction shall request only one criminal records check of the person under division (C) of this section.

(G) If the ~~department~~ state board is unable to enroll a person who has submitted an application for licensure, or to whom the state board has issued a license, in the retained applicant fingerprint database established under section 109.5721 of the Revised Code because the person has not satisfied the requirements for enrollment, the ~~department~~ board shall require the person to satisfy the requirements for enrollment, including requiring the person to submit, by a date prescribed by the ~~department~~state board, one complete set of fingerprints and written permission that authorizes the superintendent of public instruction to forward the fingerprints to the bureau of criminal identification and investigation for the purpose of enrolling the person in the database. If the person fails to comply by the prescribed date, the ~~department~~ state board shall reject the application or shall take action to inactivate the person's license in accordance with division (E) of this section.

The state board of education ~~and the department of education~~ may question an applicant for issuance or renewal of any license with respect to any criminal offense committed or alleged to have been committed by the applicant. If the record of a conviction, plea of guilty, bail forfeiture, or other disposition of a criminal offense committed or alleged to have been committed by the applicant has been sealed or expunged, the state board ~~and the department~~ need not assert or demonstrate that its questioning with respect to the offense bears a direct and substantial relationship to the issuance or renewal of the license or to the position in which the applicant will work under the license.

Any questions regarding a record of a conviction, plea of guilty, bail forfeiture, or other disposition of a criminal offense committed or alleged to have been committed by the applicant that has been sealed or expunged and the responses of the applicant to such questions shall not be a public record under section 149.43 of the Revised Code.

If the ~~department~~ superintendent of public instruction has received a report under any of those sections regarding the individual, the ~~department~~ state superintendent shall provide the contents of the report to the requesting officer. Upon provision of the contents of the report to the requesting officer, the ~~department~~ state superintendent shall notify the officer that the information provided is confidential and may not be disseminated to any other person or entity.

Sec. 3319.35. If the superintendent or treasurer of any school district or educational service center fails to prepare any required report, that superintendent shall be liable in the sum of three hundred dollars, to be recovered by a civil action. In the case of reports required to be submitted to the superintendent, such action shall be instituted in the name of the governing board of the service center upon the complaint of the service center superintendent and the amount collected shall be paid into the service center's general fund. In the case of reports to be submitted to the ~~state board~~ department of education and workforce, the action shall be instituted in the name of the state on complaint of the board and the amount collected shall be paid into the general revenue fund.

Every parent of any child of compulsory school age who is not employed under an age and schooling certificate or exempt under section 3321.042 of the Revised Code must send such child to a school or a special education program that conforms to the minimum standards prescribed by the ~~state board~~ director of education and workforce, for the full time the school or program attended is in session, which shall not be for less than thirty-two weeks per school year. Such attendance must begin within the first week of the school term or program or within one week of the date on which the child begins to reside in the district or within one week after the child's withdrawal from employment.

For the purpose of operating a school or program on a trimester plan, "full time the school attended is in session," as used in this section means the two trimesters to which the child is assigned by the board of education.

For the purpose of operating a school or program on a quarterly plan, "full time the school attended is in session," as used in this section, means the three quarters to which the child is assigned by the board of education. For the purpose of operating a school or program on a pentamester plan, "full time the school is in session," as used in this section, means the four pentamesters to which the child is assigned by the board of education.

Excuses from future attendance at or past absence from school or a special education program may be granted for the causes, by the authorities, and under the following conditions:

(A) The superintendent of the school district in which the child resides may excuse ~~the~~ a child enrolled in the district from attendance for any part of the remainder of the current school year upon satisfactory showing of either of the following facts:

(1) That the child's bodily or mental condition does not permit attendance at school or a special education program during such period; this fact is certified in writing by a licensed physician or, in the case of a mental condition, by a licensed physician, a licensed psychologist, licensed school psychologist or a certificated school psychologist; and provision is made for appropriate instruction of the child, in accordance with Chapter 3323. of the Revised Code;

(2) That the child is being instructed at home by a person qualified to teach the branches in which instruction is required, and such additional branches, as the advancement and needs of the child may, in the opinion of such superintendent, require. In each such case the issuing superintendent shall file in the superintendent's office, with a copy of the excuse, papers showing how the inability of the child to attend school or a special education program or the qualifications of the person instructing the child at home were determined. All such excuses shall become void and subject to recall upon the removal of the disability of the child or the cessation of ~~proper~~ home instruction; and thereupon the child or the child's parents may be proceeded against after due notice whether such excuse be recalled or not.

(B) The ~~state board~~ department of education and workforce may adopt rules authorizing the superintendent of schools of the district in which the child resides to excuse a child over fourteen years of age from attendance for a future limited period for the purpose of performing necessary work directly and exclusively for the child's parents or legal guardians.

All excuses provided for in divisions (A) and (B) of this section shall be in writing and shall show the reason for excusing the child. A copy thereof shall be sent to the person in charge of the child.

(C) The board of education of the school district or the governing

authorities of a private or parochial school may in the rules governing the discipline in such schools, prescribe the authority by which and the manner in which any child may be excused for absence from such school for good and sufficient reasons.

The ~~state board of education~~ department may by rule prescribe conditions governing the issuance of excuses, which shall be binding upon the authorities empowered to issue them.

Sec. 3321.042. (A) As used in this section, "home education" means the education of a child, between the ages of six and eighteen years of age, that is directed by the child's parent. "Home education" does not include education provided to a child who is enrolled full time in a public or chartered nonpublic school.

(B) A child receiving home education in the subject areas of English language arts, mathematics, science, history, government, and social studies is exempt from section 3321.04 of the Revised Code.

(C) Within five calendar days after commencing home education, moving into a new school district, or withdrawing from a public or nonpublic school, and by the thirtieth day of August each year thereafter, the parent or guardian of a child receiving a home education shall transmit a notice to the superintendent of the child's school district of residence. The notice shall provide the parent's name and address, the child's name, and an assurance that the child will receive education in the subject areas required under this section. The child's exemption under this section is effective immediately upon receipt of notice. The district superintendent shall provide a written acknowledgment of the superintendent's receipt of the notice to the parent or guardian not later than fourteen calendar days after receiving the notice. A child exempt under this section shall not be required to be excused under section 3321.04 of the Revised Code.

(D) A child that is being enrolled in a public school following any period of home education shall be placed in the appropriate grade level, without discrimination or prejudice, based on the policies of the child's district of residence.

(E) This section shall not be subject to any rules adopted by the director of education and workforce and the department of education and workforce.

(F) If there is evidence that a child exempt under this section is not receiving an education in the subject areas required under this section, then that child may be subject to section 3321.19 of the Revised Code.

Sec. 3321.07. If any child attends upon instruction elsewhere than in a public school such instruction shall be in a school which conforms to the minimum standards prescribed by the ~~state board~~ director of education and and

workforce. The hours and term of attendance exacted shall be equivalent to the hours and term of attendance required of children in the public schools of the district. This section does not require a child to attend a high school instead of a vocational, commercial, or other special type of school, provided the instruction therein is for a term and for hours equivalent to those of the high school, and provided ~~his~~ the child's attendance at such school will not interfere with a continuous program of education for the child to the age of sixteen.

Sec. 3321.09. Attendance at a part-time school or class provided by an employer, by a partnership, corporation, or individual, by a private or parochial school, by a college, or by a philanthropic or similar agency shall serve in lieu of attendance at a part-time school or class provided by a board of education in case the given school or class is conducted for substantially a term and hours equivalent to those of the part-time schools or classes provided by the local board, and in case the school or class is approved by the ~~state board~~ department of education and workforce. When such school or class is conducted within or in connection with the establishment in which the child is working the obligation of attendance at part-time school or class indicated in section 3321.08 of the Revised Code, shall apply to the children holding age and schooling certificates who are employed in the given establishment regardless of the accessibility of public part-time schools or classes.

Sec. 3321.12. Notwithstanding division (D) of section 3311.19 and division (D) of section 3311.52 of the Revised Code, the provisions of this section that require reporting to the treasurer of a city school district do not require reporting to the treasurer of any joint vocational or cooperative education school district.

The principal or teacher in charge of any public, private, or parochial school, shall report to the treasurer of the board of education of the city, local, or exempted village school district in which the school is situated, the names, ages, and places of residence of all pupils below eighteen years of age in attendance at their schools together with such other facts as said treasurer requires to facilitate the carrying out of the laws relating to compulsory education and the employment of minors. Such report shall be made within the first two weeks of the beginning of school in each school year, and shall be corrected with the entry of such items as are prescribed by the ~~state board~~ department of education and workforce within the first week of each subsequent school month of the year.

Nothing in this section shall require any person to release, or to permit access to, public school records in violation of section 3319.321 of the

Revised Code.

Sec. 3321.13. (A) Whenever any child of compulsory school age withdraws from school the teacher of that child shall ascertain the reason for withdrawal. The fact of the withdrawal and the reason for it shall be immediately transmitted by the teacher to the superintendent of the city, local, or exempted village school district. If the child who has withdrawn from school has done so because of change of residence, the next residence shall be ascertained and shall be included in the notice thus transmitted. The superintendent shall thereupon forward a card showing the essential facts regarding the child and stating the place of the child's new residence to the superintendent of schools of the district to which the child has moved.

The ~~superintendent of public instruction~~ department of education and workforce may prescribe the forms to be used in the operation of this division.

(B)(1) Upon receipt of information that a child of compulsory school age has withdrawn from school for a reason other than because of change of residence or for the purpose of home education pursuant to section 3321.042 of the Revised Code and is not enrolled in and attending in accordance with school policy an approved program to obtain a diploma or its equivalent, the superintendent shall notify the registrar of motor vehicles and the juvenile judge of the county in which the district is located of the withdrawal and failure to enroll in and attend an approved program to obtain a diploma or its equivalent. A notification to the registrar required by this division shall be given in the manner the registrar by rule requires and a notification to the juvenile judge required by this division shall be given in writing. Each notification shall be given within two weeks after the withdrawal and failure to enroll in and attend an approved program or its equivalent.

(2) The board of education of a school district may adopt a resolution providing that the provisions of division (B)(2) of this section apply within the district. The provisions of division (B)(2) of this section do not apply within any school district, and no superintendent of a school district shall send a notification of the type described in division (B)(2) of this section to the registrar of motor vehicles or the juvenile judge of the county in which the district is located, unless the board of education of the district has adopted such a resolution. If the board of education of a school district adopts a resolution providing that the provisions of division (B)(2) of this section apply within the district, and if the superintendent of schools of that district receives information that, during any semester or term, a child of compulsory school age has been absent without legitimate excuse from the school the child is supposed to attend for more than sixty consecutive hours

in a single month or for at least ninety hours in a school year, the superintendent shall notify the child and the child's parent, guardian, or custodian, in writing, that the information has been provided to the superintendent, that as a result of that information the child's temporary instruction permit or driver's license will be suspended or the opportunity to obtain such a permit or license will be denied, and that the child and the child's parent, guardian, or custodian may appear in person at a scheduled date, time, and place before the superintendent or a designee to challenge the information provided to the superintendent.

The notification to the child and the child's parent, guardian, or custodian required by division (B)(2) of this section shall set forth the information received by the superintendent and shall inform the child and the child's parent, guardian, or custodian of the scheduled date, time, and place of the appearance that they may have before the superintendent or a designee. The date scheduled for the appearance shall be no earlier than three and no later than five days after the notification is given, provided that an extension may be granted upon request of the child or the child's parent, guardian, or custodian. If an extension is granted, the superintendent shall schedule a new date, time, and place for the appearance and shall inform the child and the child's parent, guardian, or custodian of the new date, time, and place.

If the child and the child's parent, guardian, or custodian do not appear before the superintendent or a designee on the scheduled date and at the scheduled time and place, or if the child and the child's parent, guardian, or custodian appear before the superintendent or a designee on the scheduled date and at the scheduled time and place but the superintendent or a designee determines that the information the superintendent received indicating that, during the semester or term, the child had been absent without legitimate excuse from the school the child was supposed to attend for more than sixty consecutive hours or for at least ninety total hours, the superintendent shall notify the registrar of motor vehicles and the juvenile judge of the county in which the district is located that the child has been absent for that period of time and that the child does not have any legitimate excuse for the habitual absence. A notification to the registrar required by this division shall be given in the manner the registrar by rule requires and a notification to the juvenile judge required by this division shall be given in writing. Each notification shall be given within two weeks after the receipt of the information of the habitual absence from school without legitimate excuse, or, if the child and the child's parent, guardian, or custodian appear before the superintendent or a designee to challenge the information, within

two weeks after the appearance.

For purposes of division (B)(2) of this section, a legitimate excuse for absence from school includes, but is not limited to, the fact that the child in question has enrolled in another school or school district in this or another state, the fact that the child in question was excused from attendance for any of the reasons specified in section 3321.04 or exempt under section 3321.042 of the Revised Code, or the fact that the child in question has received an age and schooling certificate in accordance with section 3331.01 of the Revised Code.

(3) Whenever a pupil is suspended or expelled from school pursuant to section 3313.66 of the Revised Code and the reason for the suspension or expulsion is the use or possession of alcohol, a drug of abuse, or alcohol and a drug of abuse, the superintendent of schools of that district may notify the registrar and the juvenile judge of the county in which the district is located of such suspension or expulsion. Any such notification of suspension or expulsion shall be given to the registrar, in the manner the registrar by rule requires and shall be given to the juvenile judge in writing. The notifications shall be given within two weeks after the suspension or expulsion.

(4) Whenever a pupil is suspended, expelled, removed, or permanently excluded from a school for misconduct included in a policy that the board of education of a city, exempted village, or local school district has adopted under division (A) of section 3313.661 of the Revised Code, and the misconduct involves a firearm or a knife or other weapon as defined in that policy, the superintendent of schools of that district shall notify the registrar and the juvenile judge of the county in which the district is located of the suspension, expulsion, removal, or permanent exclusion. The notification shall be given to the registrar in the manner the registrar, by rule, requires and shall be given to the juvenile judge in writing. The notifications shall be given within two weeks after the suspension, expulsion, removal, or permanent exclusion.

(C) A notification of withdrawal, habitual absence without legitimate excuse, suspension, or expulsion given to the registrar or a juvenile judge under division (B)(1), (2), (3), or (4) of this section shall contain the name, address, date of birth, school, and school district of the child. If the superintendent finds, after giving a notification of withdrawal, habitual absence without legitimate excuse, suspension, or expulsion to the registrar and the juvenile judge under division (B)(1), (2), (3), or (4) of this section, that the notification was given in error, the superintendent immediately shall notify the registrar and the juvenile judge of that fact.

Sec. 3321.18. The attendance officer provided for by section 3321.14 or

3321.15 of the Revised Code shall institute proceedings against any officer, parent, guardian, or other person violating laws relating to compulsory education and the employment of minors, and otherwise discharge the duties described in sections 3321.14 to 3321.21 of the Revised Code, and perform any other service that the superintendent of schools or board of education of the district by which the attendance officer is employed considers necessary to preserve the morals and secure the good conduct of school children, and to enforce those laws.

The attendance officer shall be furnished with copies of the enumeration in each school district in which the attendance officer serves and of the lists of pupils enrolled in the schools and shall report to the superintendent discrepancies between these lists and the enumeration.

The attendance officer and assistants shall cooperate with the director of commerce in enforcing the laws relating to the employment of minors. The attendance officer shall furnish upon request any data that the attendance officer and the attendance officer's assistants have collected in their reports of children from six to eighteen years of age and also concerning employers to the director and upon request to the ~~state board~~ department of education and workforce. The attendance officer shall keep a record of the attendance officer's transactions for the inspection and information of the superintendent of schools and the board of education; and shall make reports to the superintendent of schools as often as required by the superintendent. The ~~state board of education~~ department may prescribe forms for the use of attendance officers in the performance of their duties. The blank forms and record books or indexes shall be furnished to the attendance officers by the boards of education by which they are employed.

Sec. 3321.19. (A) As used in this section and section 3321.191 of the Revised Code, "habitual truant" has the same meaning as in section 2151.011 of the Revised Code.

(B) When a board of education of any city, exempted village, local, joint vocational, or cooperative education school district or the governing board of any educational service center determines that a student in its district has been truant and the parent, guardian, or other person having care of the child has failed to cause the student's attendance at school, the board may require the parent, guardian, or other person having care of the child pursuant to division (B) of this section to attend an educational program established pursuant to rules adopted by the ~~state board~~ department of education and workforce for the purpose of encouraging parental involvement in compelling the attendance of the child at school.

No parent, guardian, or other person having care of a child shall fail

without good cause to attend an educational program described in this division if the parent, guardian, or other person has been served notice pursuant to division (C) of this section.

(C) On the request of the superintendent of schools, the superintendent of any educational service center, the board of education of any city, exempted village, local, joint vocational, or cooperative education school district, or the governing board of any educational service center or when it otherwise comes to the notice of the attendance officer or other appropriate officer of the school district, the attendance officer or other appropriate officer shall examine into any case of supposed truancy within the district and shall warn the child, if found truant, and the child's parent, guardian, or other person having care of the child, in writing, of the legal consequences of being truant. When any child of compulsory school age, in violation of law, is not attending school, the attendance or other appropriate officer shall notify the parent, guardian, or other person having care of that child of the fact, and require the parent, guardian, or other person to cause the child to attend school immediately. The parent, guardian, or other person having care of the child shall cause the child's attendance at school. Upon the failure of the parent, guardian, or other person having care of the child to do so, the attendance officer or other appropriate officer, if so directed by the superintendent, the district board, or the educational service center governing board, shall send notice requiring the attendance of that parent, guardian, or other person at a parental education program established pursuant to division (B) of this section and, subject to divisions (D) and (E) of this section, may file a complaint against the parent, guardian, or other person having care of the child in any court of competent jurisdiction.

(D)(1) Upon the failure of the parent, guardian, or other person having care of the child to cause the child's attendance at school, if the child is considered an habitual truant, the board of education of the school district or the governing board of the educational service center, within ten days, subject to division (E) of this section, shall assign the student to an absence intervention team as described in division (C) of section 3321.191 of the Revised Code.

(2) The attendance officer shall file a complaint in the juvenile court of the county in which the child has a residence or legal settlement or in which the child is supposed to attend school jointly against the child and the parent, guardian, or other person having care of the child, in accordance with the timelines and conditions set forth in division (B) of section 3321.16 of the Revised Code. A complaint filed in the juvenile court under this division shall allege that the child is an unruly child for being an habitual

truant and that the parent, guardian, or other person having care of the child has violated section 3321.38 of the Revised Code.

(E) A school district with a chronic absenteeism percentage that is less than five per cent, as displayed on the district's most recent report card issued under section 3302.03 of the Revised Code, and the school buildings within that district, shall be exempt from the requirement to assign habitually truant students to an absence intervention team for the following school year and shall instead take any appropriate action as an intervention strategy contained in the policy developed by the district board pursuant to divisions (A) and (B) of section 3321.191 of the Revised Code. In the event that those intervention strategies fail, within sixty-one days after their implementation, the attendance officer shall file a complaint, provided that the conditions described in division (B) of section 3321.16 of the Revised Code are satisfied.

Sec. 3321.191. (A) Effective beginning with the 2017-2018 school year, the board of education of each city, exempted village, local, joint vocational, and cooperative education school district and the governing board of each educational service center shall adopt a new or amended policy to guide employees of the school district or service center in addressing and ameliorating student absences. In developing the policy, the appropriate board shall consult with the judge of the juvenile court of the county or counties in which the district or service center is located, with the parents, guardians, or other persons having care of the pupils attending school in the district, and with appropriate state and local agencies.

(B) The policy developed under division (A) of this section shall include as an intervention strategy all of the following actions, if applicable:

(1) Providing a truancy intervention plan for any student who is excessively absent from school, as described in the first paragraph of division (C) of this section;

(2) Providing counseling for an habitual truant;

(3) Requesting or requiring a parent, guardian, or other person having care of an habitual truant to attend parental involvement programs, including programs adopted under section 3313.472 or 3313.663 of the Revised Code;

(4) Requesting or requiring a parent, guardian, or other person having care of an habitual truant to attend truancy prevention mediation programs;

(5) Notification of the registrar of motor vehicles under section 3321.13 of the Revised Code;

(6) Taking legal action under section 2919.222, 3321.20, or 3321.38 of the Revised Code.

(C)(1) In the event that a child of compulsory school age is absent with

a nonmedical excuse or without legitimate excuse from the public school the child is supposed to attend for thirty-eight or more hours in one school month, or sixty-five or more hours in a school year, the attendance officer of that school shall notify the child's parent, guardian, or custodian of the child's absences, in writing, within seven days after the date after the absence that triggered the notice requirement. At the time notice is given, the school also may take any appropriate action as an intervention strategy contained in the policy developed by the board pursuant to division (A) of this section.

(2)(a) If the absences of a student surpass the threshold for an habitual truant as set forth in section 2151.011 of the Revised Code, the principal or chief administrator of the school or the superintendent of the school district shall assign the student to an absence intervention team. Within fourteen school days after the assignment of a student to an absence intervention team, the team shall develop an intervention plan for that student in an effort to reduce or eliminate further absences. Each intervention plan shall vary based on the individual needs of the student, but the plan shall state that the attendance officer shall file a complaint not later than sixty-one days after the date the plan was implemented, if the child has refused to participate in, or failed to make satisfactory progress on, the intervention plan or an alternative to adjudication under division (C)(2)(b) of section 3321.191 of the Revised Code. Within seven days after the development of the plan, the school district or school shall make reasonable efforts to provide the student's parent, guardian, custodian, guardian ad litem, or temporary custodian with written notice of the plan.

(b) As part of the absence intervention plan described in division (C)(2) of this section, the school district or school, in its discretion, may contact the appropriate juvenile court and ask to have a student informally enrolled in any alternative to adjudication described in division (G) of section 2151.27 of the Revised Code. If the school district or school chooses to have students informally enrolled in an alternative to adjudication, the school district or school shall develop a written policy regarding the use of, and selection process for, offering alternatives to adjudication to ensure fairness.

(c) The superintendent of each school district, or the superintendent's designee, shall establish an absence intervention team for the district to be used by any schools of the district that do not establish their own absence intervention team as permitted under division (C)(2)(d) of this section. Membership of each absence intervention team may vary based on the needs of each individual student but shall include a representative from the child's school district or school, another representative from the child's school

district or school who knows the child, and the child's parent or parent's designee, or the child's guardian, custodian, guardian ad litem, or temporary custodian. The team also may include a school psychologist, counselor, social worker, or representative of a public or nonprofit agency designed to assist students and their families in reducing absences.

(d) The principal or chief administrator of each school may establish an absence intervention team or series of teams to be used in lieu of the district team established pursuant to division (C)(2)(c) of this section. Membership of each absence intervention team may vary based on the needs of each individual student but shall include a representative from the child's school district or school, another representative from the child's school district or school who knows the child, and the child's parent or parent's designee, or the child's guardian, custodian, guardian ad litem, or temporary custodian. The team also may include a school psychologist, counselor, social worker, or representative of a public or nonprofit agency designed to assist students and their families in reducing absences.

(e) A superintendent, as described in division (C)(2)(c) of this section, or principal or chief administrator, as described in division (C)(2)(d) of this section, shall select the members of an absence intervention team within seven school days of the triggering event described in division (C)(2)(a) of this section. The superintendent, principal, or chief administrator, within the same period of seven school days, shall make at least three meaningful, good faith attempts to secure the participation of the student's parent, guardian, custodian, guardian ad litem, or temporary custodian on that team. If the student's parent responds to any of those attempts, but is unable to participate for any reason, the representative of the school district shall inform the parent of the parent's right to appear by designee. If seven school days elapse and the student's parent, guardian, custodian, guardian ad litem, or temporary custodian fails to respond to the attempts to secure participation, the school district or school shall do both of the following:

(i) Investigate whether the failure to respond triggers mandatory reporting to the public children services agency for the county in which the child resides in the manner described in section 2151.421 of the Revised Code;

(ii) Instruct the absence intervention team to develop an intervention plan for the child notwithstanding the absence of the child's parent, guardian, custodian, guardian ad litem, or temporary custodian.

(f) In the event that a student becomes habitually truant within twenty-one school days prior to the last day of instruction of a school year, the school district or school may, in its discretion, assign one school official

to work with the child's parent, guardian, custodian, guardian ad litem, or temporary custodian to develop an absence intervention plan during the summer. If the school district or school selects this method, the plan shall be implemented not later than seven days prior to the first day of instruction of the next school year. In the alternative, the school district or school may toll the time periods to accommodate for the summer months and reconvene the absence intervention process upon the first day of instruction of the next school year.

(3) For purposes of divisions (C)(2)(c) and (d) of this section, the ~~state board~~ department of education and workforce shall develop a format for parental permission to ensure compliance with the "Family Educational Rights and Privacy Act of 1974," 88 Stat. 571, 20 U.S.C. 1232g, as amended, and any regulations promulgated under that act, and section 3319.321 of the Revised Code.

(D) Each school district or school may consult or partner with public and nonprofit agencies to provide assistance as appropriate to students and their families in reducing absences.

(E) Beginning with the 2017-2018 school year, each school district shall report to the ~~department of education~~, as soon as practicable, and in a format and manner determined by the department, any of the following occurrences:

(1) When a notice required by division (C)(1) of this section is submitted to a parent, guardian, or custodian;

(2) When a child of compulsory school age has been absent without legitimate excuse from the public school the child is supposed to attend for thirty or more consecutive hours, forty-two or more hours in one school month, or seventy-two or more hours in a school year;

(3) When a child of compulsory school age who has been adjudicated an unruly child for being an habitual truant violates the court order regarding that adjudication;

(4) When an absence intervention plan has been implemented for a child under this section.

(F) Nothing in this section shall be construed to limit the duty or authority of a district board of education or governing body of an educational service center to develop other policies related to truancy or to limit the duty or authority of any employee of the school district or service center to respond to pupil truancy. However, a board shall be subject to the prohibition against suspending, expelling, or otherwise preventing a student from attending school for excessive absences as prescribed by section 3313.668 of the Revised Code.

when the nature or severity of a child's disability is such that education in regular classes with supplementary aids and services cannot be achieved satisfactorily.

The agencies that are parties to a hearing shall divide the costs of such hearing equally. The decision of the hearing officer shall be final, except that any party to the hearing who is aggrieved by the findings or the decision of the hearing officer may appeal the findings or decision in accordance with division (H) of section 3323.05 of the Revised Code or the parent of any child affected by such decision may present a complaint in accordance with that section.

At the end of that five-year period, the school shall reapply to the STEM committee in order to maintain that designation. The committee shall authorize the continuation of the school's STEM designation if the committee finds that the school is in compliance with this chapter and the provisions of its proposal and any subsequent amendments to that proposal.

If the school fails to implement the corrective action plan to the satisfaction of the committee at the end of that year, the committee shall revoke the school's designation.

(G) If a STEM school wishes to become a STEAM school, it may change its existing proposal to include the items required under divisions (C)(5)(d), (C)(9), and (C)(10) of this section and submit the revised proposal to the STEM committee for approval.

(H) Notwithstanding division (B)(1) of this section, on and after ~~the effective date of this amendment~~ September 30, 2021, a school operated by a joint vocational school district that was designated as a STEM school prior to that date may maintain that designation provided the school continues to comply with this chapter and all provisions of its proposal and any subsequent amendments to that proposal. Nothing in this section, however, shall relieve a community school of the applicable requirements of Chapter 3314. of the Revised Code. Nor shall anything in this section relieve a school operated by a joint vocational school district, a school operated by a comprehensive career-technical education provider, a school operated by a compact career-technical education provider, or a chartered nonpublic school of any provisions of law outside of this chapter that are applicable to such schools.

(2) A school that is designated as a STEM school equivalent under this section shall not be eligible for operating funding under sections 3326.31 to 3326.37, 3326.39 to 3326.40, and 3326.51 of the Revised Code.

(C)(1) If a joint vocational school district, comprehensive career-technical education provider, compact career-technical education provider, or educational service center receives a distinction as a STEM program of excellence under this section, it shall maintain that distinction for five years unless the STEM committee revokes the distinction during that five-year period under division (E) of this section. At the end of that five-year period, the district, provider, or service center shall reapply to the STEM committee in order to maintain that distinction. The committee shall authorize the continuation of the district's, provider's, or service center's distinction as a STEM program of excellence if the committee finds that the district, provider, or service center is in compliance with this chapter and the provisions of its proposal and any subsequent amendments to that proposal.

If a joint vocational school district, comprehensive career-technical education provider, compact career-technical education provider, or educational service center chooses not to reapply for a distinction for a STEM program of excellence under division (C)(1) of this section, the committee shall revoke the district's, provider's, or service center's distinction at the end of its five-year period of distinction.

Sec. 3326.45. (A) The governing body of a science, technology, engineering, and mathematics school may contract with the governing board of an educational service center or the board of education of a joint vocational school district for the provision of services to the STEM school or to any student enrolled in the school. Services provided under the contract and the amount to be paid for those services shall be mutually agreed to by the parties to the contract, and shall be specified in the contract.

(B) A contract entered into under this section may require an educational service center to provide any one or a combination of the following services to a STEM school:

(1) Supervisory teachers;

(2) In-service and continuing education programs for personnel of the STEM school;

(3) Curriculum services as provided to the client school districts of the service center;

(C) For each contract entered into under this section, the department shall deduct the amount owed by the STEM school from the state funds due to the STEM school under this chapter and shall pay that amount to the educational service center or joint vocational school district that is party to the contract.

(D) No contract entered into under this section shall be valid unless a copy is filed with the department by the first day of the school year for which the contract is in effect.

(E) As used in this section, "client school district" means a city, exempted village, or local school district that has entered into an agreement under section 3313.843 or 3313.845 of the Revised Code to receive any services from an educational service center.

(2) The STEM school sponsoring district shall maintain a separate accounting for the STEM school as a separate and distinct operational unit within the district's finances. The auditor of state, in the course of an annual or biennial audit of the school district serving as the STEM school sponsoring district, shall audit that school district for compliance with the financing requirements of this section.

(3) With respect to students enrolled in a STEM school whose resident district is the STEM school sponsoring district:

(a) The department of education and workforce shall make payments to the school in accordance with section 3317.022 of the Revised Code from the STEM school sponsoring district's state payments.

(b) The STEM school sponsoring district is responsible for providing children with disabilities with a free appropriate public education under Chapter 3323. of the Revised Code.

(c) The STEM school sponsoring district shall provide student transportation in accordance with laws and policies generally applicable to the district.

(4) With respect to students enrolled in the STEM school whose resident district is another school district, the department shall consider the students as open enrollment students and shall make payments to the school in accordance with section 3317.022 of the Revised Code.

(5) A STEM school sponsoring district and its board may assign its district employees to the STEM school, in which case section 3326.18 of the Revised Code shall not apply. The district and board may apply any other resources of the district to the STEM school in the same manner that it applies district resources to other district schools.

(6) Provisions of this chapter requiring a STEM school and its governing body to comply with specified laws as if it were a school district and in the same manner as a board of education shall instead require such compliance by the STEM school sponsoring district and its board of education, respectively, with respect to the STEM school. Where a STEM school or its governing body is required to perform a specific duty or permitted to take a specific action under this chapter, that duty is required to be performed or that action is permitted to be taken by the STEM school sponsoring district or its board of education, respectively, with respect to the STEM school.

(7) No provision of this chapter limits the authority, as provided otherwise by law, of a school district and its board of education to levy taxes and issue bonds secured by tax revenues.

(8) The treasurer of the STEM school sponsoring district or, if the

STEM school sponsoring district is a municipal school district, the chief financial officer of the district, shall have all of the respective rights, authority, exemptions, and duties otherwise conferred upon the treasurer or chief financial officer by the Revised Code.

Sec. 3326.60. (A) With the approval of its governing body, a STEM school established under this chapter may procure injectable or nasally administered glucagon in the manner prescribed by section 3313.7115 of the Revised Code. A STEM school that elects to do so shall comply with all provisions of that section as if it were a school district.

(B)(1) The following are not liable in damages in a civil action for injury, death, or loss to person or property that allegedly arises from an act or omission associated with procuring, maintaining, accessing, or using injectable or nasally administered glucagon under this section, unless the act or omission constitutes willful or wanton misconduct:

- (a) A STEM school;
- (b) A member of a STEM school governing body;
- (c) A STEM school employee or contractor;

(d) A licensed health professional authorized to prescribe drugs who personally furnishes or prescribes injectable or nasally administered glucagon, provides a consultation, or issues a protocol pursuant to this section.

(2) This division does not eliminate, limit, or reduce any other immunity or defense that a STEM school or governing body, member of a STEM school governing body, STEM school employee or contractor, or licensed health professional may be entitled to under Chapter 2744. or any other provision of the Revised Code or under the common law of this state.

(C) A STEM school may accept donations of injectable or nasally administered glucagon from a wholesale distributor of dangerous drugs or a manufacturer of dangerous drugs, as defined in section 4729.01 of the Revised Code, and may accept donations of money from any person to purchase the drug.

(D) A STEM school that elects to procure injectable or nasally administered glucagon under this section shall report to the department of education and workforce each procurement and each occurrence in which a dose of the drug is used from the school's supply.

Sec. 3327.01. Notwithstanding division (D) of section 3311.19 and division (D) of section 3311.52 of the Revised Code, this section and sections 3327.011, 3327.012, and 3327.02 of the Revised Code do not apply to any joint vocational or cooperative education school district.

In all city, local, and exempted village school districts where resident

school pupils in grades kindergarten through eight live more than two miles from the school for which the ~~state board~~ director of education and workforce prescribes minimum standards pursuant to division (D) of section 3301.07 of the Revised Code and to which they are assigned by the board of education of the district of residence or to and from the nonpublic or community school which they attend, the board of education shall provide transportation for such pupils to and from that school except as provided in section 3327.02 of the Revised Code.

In all city, local, and exempted village school districts where pupil transportation is required under a career-technical plan approved by the ~~state board~~ department of education and workforce under section 3313.90 of the Revised Code, for any student attending a career-technical program operated by another school district, including a joint vocational school district, as prescribed under that section, the board of education of the student's district of residence shall provide transportation from the public high school operated by that district to which the student is assigned to the career-technical program.

In all city, local, and exempted village school districts, the board may provide transportation for resident school pupils in grades nine through twelve to and from the high school to which they are assigned by the board of education of the district of residence or to and from the nonpublic or community high school which they attend for which the ~~state board~~ director of education and workforce prescribes minimum standards pursuant to division (D) of section 3301.07 of the Revised Code.

A board of education shall not be required to transport elementary or high school pupils to and from a nonpublic or community school where such transportation would require more than thirty minutes of direct travel time as measured by school bus from the public school building to which the pupils would be assigned if attending the public school designated by the district of residence.

Where it is impractical to transport a pupil by school conveyance, a board of education may offer payment, in lieu of providing such transportation in accordance with section 3327.02 of the Revised Code.

A board of education shall provide transportation to students enrolled in a community school or nonpublic school in accordance with this section on each day in which that school is open for operation with students in attendance, regardless of whether the district's own schools are open for operation with students in attendance on that day. However, a board of education shall not be required to transport elementary or high school pupils to and from a nonpublic or community school on Saturday or Sunday, unless

a board of education and a nonpublic or community school have an agreement in place to do so before the first day of July of the school year in which the agreement takes effect.

In all city, local, and exempted village school districts, the board shall provide transportation for all children who are so disabled that they are unable to walk to and from the school for which the ~~state board~~ director of education and workforce prescribes minimum standards pursuant to division (D) of section 3301.07 of the Revised Code and which they attend. In case of dispute whether the child is able to walk to and from the school, the health commissioner shall be the judge of such ability. In all city, exempted village, and local school districts, the board shall provide transportation to and from school or special education classes for mentally disabled children in accordance with standards adopted by the ~~state board~~ department of education and workforce.

When transportation of pupils is provided the conveyance shall be run on a time schedule that shall be adopted and put in force by the board not later than ten days after the beginning of the school term. The operator of every school bus or motor van owned and operated by any school district or educational service center or privately owned and operated under contract with any school district or service center in this state shall deliver students enrolled in preschool through twelfth grades to their respective public and nonpublic schools not sooner than thirty minutes prior to the beginning of school and to be available to pick them up not later than thirty minutes after the close of their respective schools each day.

The cost of any transportation service authorized by this section shall be paid first out of federal funds, if any, available for the purpose of pupil transportation, and secondly out of state appropriations, in accordance with regulations adopted by the ~~state board of education~~ department.

No transportation of any pupils shall be provided by any board of education to or from any school which in the selection of pupils, faculty members, or employees, practices discrimination against any person on the grounds of race, color, religion, or national origin.

Sec. 3327.011. In determining how best to provide transportation, where persons or firms on or after April 1, 1965, were providing transportation to and from schools pursuant to contracts with persons or agencies responsible for the operation of such schools, the board of education responsible for transportation in accordance with section 3327.01 of the Revised Code shall give preference if economically feasible during the term of any such contract to the firm or person providing such transportation. The boards of education within the county or group of counties shall establish

transportation routes, schedules, and utilization of transportation equipment. The appeals from the determination of the board of education responsible for transportation shall be taken to the ~~state board~~ department of education and workforce.

Sec. 3327.012. Payments to school districts for transportation of school pupils shall be made on a current basis according to an estimate which shall be filed with the ~~state board~~ department of education and workforce by respective school districts in accordance with rules which the ~~state board of education~~ department shall promulgate. The sum due the respective school district as calculated from approved cost in accordance with the rules of the board of education shall be adjusted annually in the quarter next following the end of the school year. The ~~superintendent of public instruction, subject to the approval of the state board of education,~~ department may contract with any firm, person, or board of education to provide pupil transportation services authorized by this section. In no event shall the payment for such contract service exceed the average transportation cost per pupil, such average cost to be based on the cost of transportation of children by all boards of education in Ohio during the next preceding year.

Sec. 3327.018. The board of education of each city, local, or exempted village school district that owns and operates buses for transporting students may contract, in writing, with a public or private not-for-profit agency, group, or organization, with a municipal corporation or other political subdivision or agency of the state, or with an agency of the federal government to operate its buses to assist the agency, group, organization, or political subdivision in the fulfillment of its legitimate activities and in times of emergency. These contracts shall be entered into under the authority of the school district as a political subdivision and shall not be considered commerce. When buses are made available to other agencies, groups, organizations, or political subdivisions under this section, the buses must be operated by individuals holding certificates issued by either the educational service center governing board that has entered into an agreement with the school district under section 3313.843 or 3313.845 of the Revised Code or the superintendent of the school district certifying that the individuals satisfy the requirements of section 3327.10 of the Revised Code. All ~~state board~~ department of education and workforce regulations governing the operation of school buses when transporting students shall apply when buses are used in accordance with this section.

Any board of education of a city, local, or exempted village school district that makes one or more of its vehicles available under this section shall procure liability and property damage insurance, as provided in section

3327.09 of the Revised Code, covering all vehicles used and passengers transported under this section. The board of education may recover expenses from contracting entities, not to exceed the costs of operation and insurance coverage.

Sec. 3327.02. (A) After considering each of the following factors, the board of education of a city, exempted village, or local school district, or a community school governing authority providing transportation pursuant to section 3314.091 of the Revised Code, may determine that it is impractical to transport a pupil who is eligible for transportation to and from a school under section 3327.01 of the Revised Code:

- (1) The time and distance required to provide the transportation;
- (2) The number of pupils to be transported;
- (3) The cost of providing transportation in terms of equipment, maintenance, personnel, and administration;
- (4) Whether similar or equivalent service is provided to other pupils eligible for transportation;
- (5) Whether and to what extent the additional service unavoidably disrupts current transportation schedules;
- (6) Whether other reimbursable types of transportation are available.

(B) Based on its consideration of the factors established in division (A) of this section, the board or governing authority may pass a resolution declaring the impracticality of transportation. The resolution shall include each pupil's name and the reason for impracticality. Such determination shall be made not later than thirty calendar days prior to the district's or school's first day of instruction, or in the case of a student who enrolls within thirty calendar days prior to the first day of instruction or on or after the first day of instruction, not later than fourteen calendar days after the student's enrollment. The determination may be made by the superintendent and formalized at the next following meeting of the board or governing authority.

The board or governing authority shall report its determination to the ~~state board~~ department of education and workforce in a manner determined by the ~~state board~~ department.

In addition, the board or governing authority shall issue a letter to the pupil's parent, guardian, or other person in charge of the pupil, the nonpublic or community school in which the pupil is enrolled, and to the ~~state board~~ department with a detailed description of the reasons for which such determination was made.

(C) After passing the resolution declaring the impracticality of transportation, the district board or governing authority shall offer to provide

payment in lieu of transportation by doing the following:

(1) In accordance with guidelines established by the department ~~of education~~, informing the pupil's parent, guardian, or other person in charge of the pupil of both of the following:

(a) The resolution;

(b) The right of the pupil's parent, guardian, or other person in charge of the pupil to accept the offer of payment in lieu of transportation or to reject the offer and instead request the department to initiate mediation procedures.

(2) Issuing the pupil's parent, guardian, or other person in charge of the pupil a contract or other form on which the parent, guardian, or other person in charge of the pupil is given the option to accept or reject the board's offer of payment in lieu of transportation.

(D) If the parent, guardian, or other person in charge of the pupil accepts the offer of payment in lieu of providing transportation, the board or governing authority shall pay the parent, guardian, or other person in charge of the pupil an amount that shall be not less than fifty per cent, and not more than the amount determined by the department ~~of education~~ as the average cost of pupil transportation for the previous school year. Payment may be prorated if the time period involved is only a part of the school year.

(E)(1)(a) Upon the request of a parent, guardian, or other person in charge of the pupil who rejected the payment in lieu of transportation, the department shall conduct mediation procedures. A parent, guardian, or other person in charge of the pupil may authorize the nonpublic or community school in which the pupil is enrolled to act on the parent's, guardian's, or other person's behalf during the mediation proceedings.

(b) If the mediation does not resolve the dispute, the ~~state-board~~ department shall conduct a hearing in accordance with Chapter 119. of the Revised Code. The ~~state-board~~ department may approve the payment in lieu of transportation or may order the district board of education or governing authority to provide transportation. The decision of the ~~state-board~~ department is binding in subsequent years and on future parties in interest provided the facts of the determination remain comparable.

(2) The school district or governing authority shall provide transportation for the pupil from the time the parent, guardian, or other person in charge of the pupil requests mediation until the matter is resolved under division (E)(1)(a) or (b) of this section.

(F)(1) If the department determines that a school district board or governing authority has failed or is failing to provide transportation as required by division (E)(2) of this section or as ordered by the ~~state-board~~ department under division (E)(1)(b) of this section, the department shall

order the school district board or governing authority to pay to the pupil's parent, guardian, or other person in charge of the pupil, an amount equal to fifty per cent of the cost of providing transportation as determined by the board or governing authority under division (A)(3) of this section, and not more than two thousand five hundred dollars. The school district board or governing authority shall make payments on a schedule ordered by the department.

(2) If the department subsequently finds that a school district board is not in compliance with an order issued under division (F)(1) of this section and the affected pupils are enrolled in a nonpublic or community school, the department shall deduct the amount that the board is required to pay under that order from any pupil transportation payments the department makes to the school district board under section 3317.0212 of the Revised Code or other provisions of law. The department shall use the moneys so deducted to make payments to the nonpublic or community school attended by the pupil. The department shall continue to make the deductions and payments required under this division until the school district board either complies with the department's order issued under division (F)(1) of this section or begins providing transportation.

(G) A nonpublic or community school that receives payments from the department under division (F)(2) of this section shall do either of the following:

(1) Disburse the entire amount of the payments to the parent, guardian, or other person in charge of the pupil affected by the failure of the school district of residence to provide transportation;

(2) Use the entire amount of the payments to provide acceptable transportation for the affected pupil.

(H) At any time after a parent, guardian, or other person in charge of a pupil requests transportation for a pupil, that parent, guardian, or other person may authorize the nonpublic or community school in which the pupil is enrolled to act on the parent's, guardian's, or other person's behalf for purposes of this section.

Sec. 3327.021. The department of education and workforce shall monitor each city, local, or exempted village school district's compliance with sections 3327.01 and 3327.016 and division (B) of section 3327.017 of the Revised Code. (B) For the first fiscal year in which a college-preparatory boarding school may be established under this chapter, the "per-pupil boarding amount" is twenty-five thousand dollars. Any portion of the total per-pupil boarding amount for all enrolled students remaining after the deduction of the federal funds shall be paid by the department to the school from state funds appropriated to the department.

(2) Notwithstanding division (A) of this section, if, in any fiscal year, the department receives federal funds for the purpose of supporting the operations of a college-preparatory boarding school, the department shall use those federal funds, not including any portion of those funds designated for administration, to pay the school the total per-pupil boarding amount for all enrolled students for that fiscal year. Any portion of the total per-pupil boarding amount for all enrolled students remaining after the use of the federal funds shall be paid by the department to the school from state funds appropriated to the department.

(3) If any federal funds are used for the purpose prescribed in division (D)(1) or (2) of this section, the department shall comply with all requirements upon which the acceptance of the federal funds is conditioned, including any requirements set forth in the funding application submitted by the school or the department and, to the extent sufficient funds are appropriated by the general assembly, any requirements regarding maintenance of effort in expenditures.

The auditor of state also shall post the notification on the auditor of state's web site.

(B) If the college-preparatory boarding school's current fiscal officer held that position during the period for which the school is unauditible, upon receipt of the notification under division (A) of this section, the board of trustees of the school shall suspend the fiscal officer until the auditor of state or a public accountant has completed an audit of the school, except that if the fiscal officer is employed by the school's operator, the operator shall suspend the fiscal officer for that period. Suspension of the fiscal officer may be with or without pay, as determined by the entity imposing the suspension based on the circumstances that prompted the auditor of state's declaration. reports into an auditable condition within ninety days after being declared unauditible, the auditor of state, in addition to requesting legal action under sections 117.41 and 117.42 of the Revised Code, shall notify the school and the department of the school's failure. If the auditor of state or a public accountant subsequently is able to complete a financial audit of the school, the auditor of state shall notify the school and the department that the audit has been completed.

(E) Notwithstanding any provision to the contrary in this chapter or in any other provision of law, upon notification by the auditor of state under division (D) of this section that the college-preparatory boarding school has failed to make reasonable efforts and continuing progress to bring its accounts, records, files, or reports into an auditable condition, the department shall immediately cease all payments to the school under this chapter and any other provision of law. Prior to recommending a program for elimination, the chancellor shall request the board of regents to hold at least one public hearing on the matter and advise the chancellor on whether the program should be recommended for elimination. The board shall provide notice of each hearing within a reasonable amount of time prior to its scheduled date. Following the hearing, the board shall issue a recommendation to the chancellor. The chancellor shall consider the board's recommendation but shall not be required to accept it.

For purposes of determining the amounts of any state instructional subsidies paid to state colleges, universities, and other state-assisted institutions of higher education, the chancellor may exclude students enrolled in any program that the chancellor has recommended for elimination pursuant to this division except that the chancellor shall not exclude any such student who enrolled in the program prior to the date on which the chancellor initially commences to exclude students under this division.

Except as otherwise provided in this section, the chancellor shall make no change in the definition of "full-time equivalent student" in effect on November 15, 1981, which would increase or decrease the number of subsidy-eligible full-time equivalent students, without first submitting a fiscal impact statement to the president of the senate, the speaker of the house of representatives, the legislative service commission, and the director of budget and management. The chancellor shall work in close cooperation with the director of budget and management in this respect and in all other matters concerning the expenditures of appropriated funds by state colleges, universities, and other institutions of higher education.

The rules shall prescribe procedures for the chancellor to follow when taking actions associated with the chancellor's duties and responsibilities and shall indicate which types of actions are subject to those procedures. The procedures adopted under this division shall be in addition to any other procedures prescribed by law for such actions. However, if any

other provision of the Revised Code or rule adopted by the chancellor prescribes different procedures for such an action, the procedures adopted under this division shall not apply to that action to the extent they conflict with the procedures otherwise prescribed by law. The procedures adopted under this division shall include at least the following:

- (1) Provision for public notice of the proposed action;
- (2) An opportunity for public comment on the proposed action, which may include a public hearing on the action by the board of regents;

(S) Conduct enrollment audits of state-supported institutions of higher education;

(T) Appoint consortia of college and university personnel to advise or participate in the development and operation of statewide collaborative efforts, including the Ohio supercomputer center, the Ohio academic resources network, OhioLink, and the Ohio learning network. For each consortium, the chancellor shall designate a college or university to serve as that consortium's fiscal agent, financial officer, and employer. Any funds appropriated for the consortia shall be distributed to the fiscal agents for the operation of the consortia. A consortium shall follow the rules of the college or university that serves as its fiscal agent. No adjudication as to the status of any person under such rule, however, shall be required to be made pursuant to Chapter 119. of the Revised Code. The term "resident" for these purposes shall not be equated with the definition of that term as it is employed elsewhere under the laws of this state and other states, and shall not carry with it any of the legal

connotations appurtenant thereto. Rather, except as provided in divisions (B), (C), (D), (F), and (G) of this section, for such purposes, the rule promulgated under this section shall have the objective of excluding from treatment as residents those who are present in the state primarily for the purpose of attending a state-supported or state-assisted institution of higher education, and may prescribe presumptive rules, rebuttable or conclusive, as to such purpose based upon the source or sources of support of the student, residence prior to first enrollment, evidence of intention to remain in the state after completion of studies, or such other factors as the chancellor deems relevant.

(C) The rules of the chancellor for determining student residency shall grant residency status to both of the following:

(1) A veteran who is the recipient of federal veterans' benefits under the "All-Volunteer Force Educational Assistance Program," 38 U.S.C. 3001 et seq., or "Post-9/11 Veterans Educational Assistance Program," 38 U.S.C. 3301 et seq., or any successor program, if the veteran meets all of the following criteria:

(D) The rules of the chancellor for determining student residency shall grant residency status to a service member who is on active duty and to the service member's spouse and any dependent of the service member while the service member is on active duty. In order to qualify under division (D) of this section, the rules shall require the student seeking in-state tuition rates to live in the state as of the first day of a term of enrollment in the state institution of higher education, but shall not require the service member or the service member's spouse or dependent to establish domicile in this state as of the first day of a term of enrollment in an institution of higher education.

(E) The rules of the chancellor for determining student residency shall not deny residency status to a student who is either a dependent child of a parent, or the spouse of a person who, as of the first day of a term of enrollment in an institution of higher education, has accepted full-time employment and established domicile in this state for reasons other than gaining the benefit of favorable tuition rates.

Documentation of full-time employment and domicile shall include both of the following documents:

(1) A sworn statement from the employer or the employer's representative on the letterhead of the employer or the employer's representative certifying that the parent or spouse of the student is employed full-time in Ohio;

(2) A copy of the lease under which the parent or spouse is the lessee and occupant of rented residential property in the state, a copy of the closing statement on residential real property of which the parent or spouse is the owner and occupant in this state or, if the parent or spouse is not the lessee or owner of the residence in which the parent or spouse has established

domicile, a letter from the owner of the residence certifying that the parent or spouse resides at that residence.

Residency officers may also evaluate, in accordance with the chancellor's rule, requests for immediate residency status from dependent students whose parents are not living and whose domicile follows that of a legal guardian who has accepted full-time employment and established domicile in the state for reasons other than gaining the benefit of favorable tuition rates.

(F)(1) The rules of the chancellor for determining student residency shall grant residency status to a person who enrolls in an institution of higher education and establishes domicile in this state, regardless of the student's residence prior to that enrollment and satisfies either of the following conditions:

(a) The person, while a resident of this state for state subsidy and tuition surcharge purposes, graduated from a high school in this state or completed the final year of ~~instruction~~ education at home as authorized under section ~~3321.04~~ 3321.042 of the Revised Code.

(iii) The person, while a resident of this state for state subsidy and tuition surcharge purposes, both took a high school equivalency test and was awarded a certificate of high school equivalence.

(1) The person, while not a resident of this state for state subsidy and tuition surcharge purposes, lives in this state and completes a bachelor's degree program at an institution of higher education in this state.

(2) The person, upon completing that bachelor's degree program, immediately enrolls in a graduate degree program, as determined appropriate by the chancellor, offered at any state institution of higher education.

(3) The person, while enrolled in the graduate degree program, resides in this state.

The chancellor's rules adopted under this section shall define "immediately" for the purposes of division (G) of this section.
