(5) The activity is necessary to comply with federal or state law.

(6) The activity is necessary to participate in federal or state funding programs.

(C)(1) In any year that a school district or technology provider elects to generally monitor a school-issued device for any of the circumstances described in division (B) of this section, the school district shall provide written notice of that monitoring to the parents of its enrolled students.

(2) In the event that one of the circumstances described in division ~~(B)~~(B)(2) or (3) of this section is triggered and the school district initiates responsive action, the school district shall, within seventy-two hours of the access, notify the student's parent and provide a written description of the triggering circumstance, including which features of the device were accessed and a description of the threat, if any. This notice is not required at any time when the notice itself would pose a threat to life or safety, ~~but must instead be given within seventy-two hours after that threat has ceased.~~

(3) In the event that one of the circumstances described in division (B)(4) of this section is triggered and the school district initiates action in response to division (B)(4) of this section or pursuant to section 2151.421, 3313.66, 3313.666, or 3313.669 of the Revised Code, the school district shall, within seventy-two hours of the access, notify the student's parent and provide a written description of the triggering circumstance, including which features of the device were accessed and a description of the threat, if any. This notice is not required at any time when the notice itself would pose a threat to life or safety.

Unless otherwise provided by law, no person shall release, or permit access to, educational support services data concerning any student attending a public school for any purpose.

Educational support services data shall be made available to the opportunities for Ohioans with disabilities agency established in section 3304.15 of the Revised Code in furtherance of that agency's duties and supports to individuals with disabilities as described in Chapter 3304. of the Revised Code.

(D) A contract entered into between a school district and a county board of developmental disabilities, educational service center, joint vocational school district, another school district, or an information technology center for services, including the general monitoring or access of school-issued devices, shall indicate which entity is responsible for providing notice under this section.

Sec. 3320.04. Each school district board of education shall adopt a policy that reasonably accommodates the sincerely held religious beliefs and practices of individual students with regard to all examinations or other academic requirements and absences for reasons of faith or religious or spiritual belief system. The policy shall satisfy all of the following conditions:

(A) The policy shall permit a student in any of grades kindergarten through twelve to be

absent for up to three religious expression days each school year to take holidays for reasons of faith or religious or spiritual belief system or participate in organized activities conducted under the auspices of a religious denomination, church, or other religious or spiritual organization. The district shall not impose an academic penalty as a result of a student being absent as permitted in the policy. The policy shall also permit students to participate in interscholastic athletics or other extracurricular activities on days in which the student was otherwise absent for a religious expression day.

(B)(1) The policy shall require that students be provided with alternative accommodations with regard to examinations and other academic requirements missed due to an absence described in division (A) of this section if not later than fourteen school days after the first day of school, or fourteen school days after the date of enrollment for a student who transfers to or enrolls in the district after the first day of school, the parent or guardian of a student provides the school principal with written notice of up to three specific dates for which alternative accommodations are requested, if an absence approved under division (B)(2) of this section conflicts with an examination or other academic requirement on that date.

(2) The school principal shall approve not more than three written requests per school year from a student's parent or guardian for an excused absence under division (A) of this section. The school principal shall approve such requests without inquiry into the sincerity of a student's religious or spiritual belief system. However, the school principal may verify a request received under division (A) of this section by contacting the parent or guardian whose signature appears on the request. If a parent or guardian disputes having signed such a request, the school principal may deny the request. Upon approval of a request that satisfies division (B)(1) of this section, a school principal shall require the appropriate classroom teacher or teachers to schedule a time and date for an alternative examination or other academic requirement if the approved student absence creates a conflict, which may be before or after the time and date the examination or other academic requirement was originally scheduled.

(C) The policy shall require the district board to post both of the following in a prominent location on the district's web site:

(1) A copy of the policy adopted under this section, which shall include the contact information of an individual who can provide further information about the policy;

(2) A nonexhaustive list of major religious holidays, festivals, and religious observations, which may include, Eid, Good Friday, Rosh Hashanah, Yom Kippur, and Passover, for which an excused absence under this section shall not be unreasonably withheld or denied.

The ~~state superintendent~~ director of education and workforce shall provide each district with a nonexhaustive list of major religious holidays or festivals for the next two school years, including Eid, Good Friday, Rosh Hashanah, Yom Kippur, and Passover, at the beginning of each school year. Each district may adopt the ~~state superintendent's~~ director's list in its entirety or choose which holidays to include on its list.

Each time a district's policy is posted, printed, or published, including as described in

divisions (C) and (D) of this section, the district shall include a statement that the list is nonexhaustive, and the list may not be used to deny accommodation to a student for a holiday or festival of the student's faith or religious or spiritual belief system that does not appear on the list.

Nothing in this section, and no inclusion or exclusion of a religious holiday or festival on the list posted by a district, shall preclude a student from full and reasonable accommodations for any sincerely held religious beliefs and practices with regard to all examinations or other academic requirements and absences for reasons of faith or religious or spiritual belief system provided under this section.

(D) The policy shall require school districts annually to convey to parents and guardians the policy adopted under this section, including a description of the general procedure for requesting accommodations. The manner in which the school district conveys the information shall be determined at the discretion of the district.

(E) The policy shall include a procedure under which a student, parent, or guardian may notify the district of any grievance with regard to the implementation of the policy required under this section.

(F) Any days excused under this section shall not be considered in determining absence hours for the purposes of parental notification under division (C)(1) of section 3321.191 of the Revised Code.

Sec. 3326.04. (A) The STEM committee shall grant distinctions as STEM programs of excellence to STEM programs operated by joint vocational school districts, comprehensive career-technical education providers, compact career-technical education providers, and educational service centers in accordance with this section.

(B) A joint vocational school district, comprehensive career-technical education provider, compact career-technical education provider, or educational service center may submit a proposal to the STEM committee seeking distinction as a STEM program of excellence. The proposal shall demonstrate to the satisfaction of the STEM committee that the program meets at least the following standards:

(a) Emphasizes and supports the role of science, technology, engineering, and mathematics in promoting innovation and economic progress;

(b) Emphasizes the use of design thinking ~~as a school-wide approach~~;

(c) Provides opportunities for students to engage in personalized learning;

(d) Includes the arts and humanities. If the proposal is for distinction as a STEAM program of excellence, it also shall include evidence that the curriculum will integrate arts and design into the study of science, technology, engineering, and mathematics to foster creative thinking, problem-solving, and new approaches to scientific invention.

(4) The district, provider, or service center leadership supports the curriculum principles of division (B)(3) of this section.

(5) The program's leaders participate in regular STEM-focused professional development and share knowledge of best practices.

(C)(1) If a joint vocational school district, comprehensive career-technical education provider, compact career-technical education provider, or educational service center receives a distinction as a STEM program of excellence under this section, it shall maintain that distinction for five years unless the STEM committee revokes the distinction during that five-year period under division (E) of this section. At the end of that five-year period, the district, provider, or service center shall reapply to the STEM committee in order to maintain that distinction. The committee shall authorize the continuation of the district's, provider's, or service center's distinction as a STEM program of excellence if the committee finds that the district, provider, or service center is in compliance with this chapter and the provisions of its proposal and any subsequent amendments to that proposal.

If a joint vocational school district, comprehensive career-technical education provider, compact career-technical education provider, or educational service center chooses not to reapply for a distinction for a STEM program of excellence under division (C)(1) of this section, the committee shall revoke the district's, provider's, or service center's distinction at the end of its five-year period of distinction.

(2) If a joint vocational school district, comprehensive career-technical education provider, compact career-technical education provider, or educational service center reapplies for distinction as a STEM program of excellence under division (C)(1) of this section and the committee has reason to believe that it is not in compliance with this chapter or the provisions of its proposal and any

subsequent amendments to that proposal, the committee shall require the district, provider, or service center, in collaboration with the department of education and workforce and the Ohio STEM learning network or its successor, to develop a corrective action plan. The district, provider, or service center shall implement the corrective action plan and demonstrate exemplary STEM pedagogy and practices within one year of the plan's development. If the district, provider, or service center fails to implement the corrective action plan to the satisfaction of the committee at the end of that year, the committee shall revoke the district's, provider's, or service center's distinction.

(3) The department shall maintain records of the application status and designation renewal deadlines for each joint vocational school district, comprehensive career-technical education provider, compact career-technical education provider, or educational service center that has received a distinction as a STEM program of excellence under this section.

(D) If the STEM committee has reason to believe that a joint vocational school district, comprehensive career-technical education provider, compact career-technical education provider, or educational service center that has received a distinction as a STEM program of excellence under this section is not in compliance with this chapter or the provisions of its proposal and any subsequent amendments to that proposal, it may review the district's, provider's, or service center's distinction prior to the end of the five-year period during which that distinction is effective. If the committee reviews a district's, provider's, or service center's distinction under this division, it must require the district, provider, or service center to develop a corrective action plan in the same manner as specified in division (C)(2) of this section and implement that plan and demonstrate exemplary STEM pedagogy and practices within one year of the plan's development. If the district, provider, or service center fails to implement the corrective action plan to the satisfaction of the committee at the end of that year, the committee shall revoke the district's, provider's, or service center's distinction.

(E) If a joint vocational school district, comprehensive career-technical education provider, compact career-technical education provider, or educational service center that has received distinction for a STEM program of excellence instead wishes to receive a distinction for a STEAM program of excellence, it may change its existing proposal to include the items required under divisions (B)(3)(d), (B)(6), and (B)(7) of this section and submit the revised proposal to the STEM committee for approval.

SECTION 3. Section 3319.31 of the Revised Code is presented in this act as a composite of the section as amended by both H.B. 147 and S.B. 29 of the 135th General Assembly. The General Assembly, applying the principle stated in division (B) of section 1.52 of the Revised Code that amendments are to be harmonized if reasonably capable of simultaneous operation, finds that the composite is the resulting version of the section in effect prior to the effective date of the section as

presented in this act.

SECTION 4. The amendment by this act of sections 3319.31, 3319.325, 3319.326, and 3319.327 of the Revised Code is hereby declared to be an emergency measure necessary for the immediate preservation of the public peace, health, and safety. The reason for such necessity is to ensure that changes made by this act can be incorporated into the provisions enacted in S.B. 29 of the 135th General Assembly and implemented in a timely manner. Therefore, sections 3319.31, 3319.325, 3319.326, and 3319.327 of the Revised Code shall go into immediate effect.
