To enact sections 122.29, 122.291, 122.292, and 1
122.293 of the Revised Code to create the Ohio 2
River Commission of Ohio. 3

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF OHIO:

Section 1. That sections 122.29, 122.291, 122.292, and 4
122.293 of the Revised Code be enacted to read as follows: 5

Sec. 122.29. (A) The Ohio River Commission of Ohio is 6
created as an independent agency of the state within the 7
department of development to develop and promote economic 8
development, marine cargo terminal operations, and travel and 9
tourism on the Ohio river and its tributaries. The commission 10
consists of the following members: 11

(1) The director of development, or the director's 12
designee, who shall serve as chairperson of the commission; 13

(2) The director of transportation, or the director's 14
designee; 15

(3) The director of natural resources, or the director's 16
designee; 17

(4) Two members representing the general public, one of 18
whom shall be appointed by the president of the senate and one 19
of whom shall be appointed by the speaker of the house of 20
representatives; 21

(5) Six members appointed by the governor with the advice 22
and consent of the senate, three of whom represent private 23
industry associated or affiliated with marine cargo terminal 24
operations on the Ohio river and three of whom represent private 25
industry possessing experience in marine cargo terminal 26
operations or travel and tourism on the Ohio river. Not more 27
than three of the members appointed by the governor shall be 28
from the same political party. 29

(B) (1) Each appointed member of the commission shall be a 30
resident of this state or a designee of a business licensed or 31
registered in this state. 32

(2) All members shall be reimbursed for actual expenses 33
incurred in the performance of their duties. 34

(C) (1) Within sixty days after the effective date of this 35
section, the governor shall make initial appointments to the 36
commission. Of the initial appointments made to the commission, 37
three shall be for a term ending two years after the effective 38
date of this section, and three shall be for a term ending four 39
years after that date. 40

(2) Terms for all other appointments made to the 41
commission shall be for four years. 42

(3) Vacancies shall be filled in the manner provided for 43
original appointments. Any member appointed to fill a vacancy 44
shall have the same qualifications as the member's predecessor. 45

(4) Each term shall end on the same day of the same month 46

as did the term that it succeeds. Each appointed member shall 47
hold office from the date of the member's appointment until the 48
end of the term for which the member was appointed. Any member 49
appointed to fill a vacancy before the expiration of the term 50
for which the member's predecessor was appointed shall hold 51
office for the remainder of that term. Any appointed member 52
shall continue in office subsequent to the expiration date of 53
the member's term until the member's successor takes office, or 54
for a period of sixty days, whichever occurs first. All members 55
are eligible for reappointment. 56

(D) Six members of the commission constitute a quorum. The 57
affirmative vote of a majority of the quorum is necessary for 58
any action taken by the commission. No vacancy in the membership 59
of the commission impairs the rights of a quorum to exercise all 60
the rights and perform all the duties of the commission. 61

(E) All members of the commission are subject to Chapter 62
102. of the Revised Code. 63

(F) The department of development may use all appropriate 64

to promote economic development, marine cargo terminal 69
operations, and travel and tourism on the Ohio river and its 70
tributaries are subject to the approval of the controlling 71
board. 72

(2) The commission shall use all public funds acquired by 73
the commission for developing, implementing, promoting, and 74
regulating economic development, marine terminal operations, and 75

travel and tourism on the Ohio river and its tributaries. 76
