this section, select the requests for financial assistance that 347

assistance that will be requested, a district public works 357
integrating committee shall give priority to capital improvement 358
projects for the repair or replacement of existing 359
infrastructure and which would be unlikely to be undertaken 360
without assistance under this chapter, and shall specifically 361

district; 364

(2) The age and condition of the system to be repaired or replaced;	365 366

(5) The cost of the project and whether it is consistent with division (G) of section 164.05 of the Revised Code and the district's allocation for grants, loans, and local debt support and credit enhancements for that year;	371 372 373 374

(C) When applying the methodology under division (A) (10) of section 164.05 of the Revised Code, a district public works integrating committee may require a subdivision to submit information on its capital infrastructure as part of an application for assistance in financing a capital improvement project under this section.	385 386 387 388 389 390
(D) In addition to reviewing and selecting the projects	391

for which approval will be sought from the director of the Ohio 392
public works commission for financial assistance from the state 393
capital improvements fund, each district public works 394
integrating committee shall appoint a subcommittee of its 395
members that will represent the interests of villages and 396
townships and that will review and select the capital 397
improvement projects which will be submitted by the subcommittee 398
to the administrator of the Ohio small government capital 399
improvements commission for consideration of assistance from the 400
portion of the net proceeds of obligations issued and sold by 401
the treasurer of state which is allocated pursuant to division 402

administrator, and the Ohio small government capital 405
improvements commission shall be guided by the provisions of 406
division (B) of this section, and shall also take into account 407

Sec. 164.08. (A) Except as provided in sections 151.01 and 410
151.08 or section 164.09 of the Revised Code, the net proceeds 411
of obligations issued and sold by the treasurer of state 412
pursuant to section 164.09 of the Revised Code before September 413
30, 2000, or pursuant to sections 151.01 and 151.08 of the 414
Revised Code, for the purpose of financing or assisting in the 415
financing of the cost of public infrastructure capital 416
improvement projects of local subdivisions, as provided for in 417
Section 2k, 2m, 2p, or 2s of Article VIII, Ohio Constitution, 418
and this chapter, shall be paid into the state capital 419
improvements fund, which is hereby created in the state 420
treasury. Investment earnings on moneys in the fund shall be 421
credited to the fund. 422

(B) Beginning July 1, 2016, each program year the amount 423

with sections 151.01 and 151.08 or section 164.09 of the Revised 425
Code, excluding the proceeds of refunding or renewal 426

of this section, the director may allocate two per cent of the 438
authorized obligations to provide financial assistance to local 439
subdivisions for capital improvement projects which in the 440
judgment of the director of the Ohio public works commission are 441
necessary for the immediate preservation of the health, safety, 442
and welfare of the citizens of the local subdivision requesting 443
assistance. Starting July 1, 2021, the director may allocate up 444
to six per cent of authorized obligations as provided in this 445
division. 446

(3) The director shall determine the amount of the 447
remaining obligations authorized to be issued and sold that each 448
county would receive if such amounts were allocated on a per 449
capita basis each year. If a county's per capita share for the 450
year would be less than three hundred thousand dollars, the 451
director shall allocate to the district in which that county is 452

located an amount equal to the difference between three hundred 453
thousand dollars and the county's per capita share. 454

(4) After making the allocation required by division (B) 455
(3) of this section, the director shall allocate the remaining 456
amount to each district on a per capita basis. 457

be deposited all repayments of loans made to local subdivisions 460
for capital improvements pursuant to this chapter. Investment 461
earnings on moneys in the fund shall be credited to the fund. 462

(2) There may also be deposited in the state capital 463
improvements revolving loan fund moneys obtained from federal or 464
private grants, or from other sources, which are to be used for 465
any of the purposes authorized by this chapter. Such moneys 466
shall be allocated each year in accordance with division (B) (4) 467
of this section. 468

(3) Moneys deposited into the state capital improvements 469
revolving loan fund shall be used to make loans for the purpose 470
of financing or assisting in the financing of the cost of 471
capital improvement projects of local subdivisions. 472

improvements revolving loan fund that exceed the amounts 474
required to meet estimated federal arbitrage rebate requirements 475
shall be used to pay costs incurred by the public works 476
commission in administering this section. Investment earnings 477
credited to the state capital improvements revolving loan fund 478
that exceed the amounts required to pay for the administrative 479
costs and estimated rebate requirements shall be allocated to 480
each district on a per capita basis. 481

(5) Each program year, loan repayments received and on 482
deposit in the state capital improvements revolving loan fund 483

Section 207.41. For all appropriations in this act from 890
the Higher Education Improvement Fund (Fund 7034) or the Higher 891
Education Improvement Taxable Fund (Fund 7024) that require 892
local funds to be contributed by any state-supported or state- 893
assisted institution of higher education, the Department of 894
Higher Education shall not recommend that any funds be released 895
until the recipient institution demonstrates to the Department 896
of Higher Education and the Office of Budget and Management that 897
the local funds contribution requirement has been secured or 898
satisfied. The local funds shall be in addition to the 899
appropriations in this act. 900

Section 207.42. None of the capital appropriations in this 901
act for state-supported or state-assisted institutions of higher 902
education shall be expended until the particular appropriation 903
has been recommended for release by the Department of Higher 904
Education and released by the Director of Budget and Management 905
or the Controlling Board. Either the institution concerned, or 906
the Department of Higher Education with the concurrence of the 907
institution concerned, may initiate the request to the Director 908
of Budget and Management or the Controlling Board for the 909
release of the particular appropriation. 910

Section 207.43. (A) No capital appropriations in this act 911

made from the Higher Education Improvement Fund (Fund 7034) or 912
the Higher Education Improvement Taxable Fund (Fund 7024) shall 913
be released for planning or for improvement, renovation, 914
construction, or acquisition of capital facilities if the 915
institution of higher education or the state does not own the 916
real property on which the capital facilities are or will be 917
located. This restriction does not apply in any of the following 918
circumstances: 919

(1) The institution has a long-term (at least twenty 920
years) lease of, or other interest (such as an easement) in, the 921
real property. 922

(2) The Department of Higher Education certifies to the 923
Controlling Board that undue delay will occur if planning does 924
not proceed while the property or property interest acquisition 925
process continues. In this case, funds may be released upon 926
approval of the Controlling Board to pay for planning through 927
the development of schematic drawings only. 928

(3) In the case of an appropriation for capital facilities 929
that, because of their unique nature or location, will be owned 930
or will be part of facilities owned by a separate nonprofit 931
organization or public body and will be made available to the 932
institution of higher education for its use or benefit, the 933
nonprofit organization or public body either owns or has a long- 934
term (at least twenty years) lease of the real property or other 935
capital facility to be improved, renovated, constructed, or 936
acquired and has entered into a joint or cooperative use 937
agreement with the institution of higher education that meets 938
the requirements of division (C) of this section. 939

(B) Any appropriations that require cooperation between a 940
technical college and a branch campus of a university may be 941

released by the Controlling Board upon recommendation by the 942
Department of Higher Education that the facilities proposed by 943
the institutions are: 944

(1) The result of a joint planning effort by the 945
university and the technical college, satisfactory to the 946
Department of Higher Education; 947

(2) Facilities that will meet the needs of the region in 948
terms of technical and general education, taking into 949
consideration the totality of facilities that will be available 950
after the completion of the projects; 951

(3) Planned to permit maximum joint use by the university 952
and technical college of the totality of facilities that will be 953
available upon their completion; and 954

(4) To be located on or adjacent to the branch campus of 955
the university. 956

(C) The Department of Higher Education shall adopt and 957
maintain rules regarding the release of moneys from all the 958
appropriations for capital facilities for all state-supported or 959
state-assisted institutions of higher education. In the case of 960
capital facilities referred to in division (A) (3) of this 961
section, the joint or cooperative use agreements shall include, 962
as a minimum, provisions that: 963

(1) Specify the extent and nature of that joint or 964
cooperative use, extending for not fewer than twenty years, with 965
the value of such use or benefit or right to use to be, as is 966
determined by the parties and approved by the Department of 967
Higher Education, reasonably related to the amount of the 968
appropriations; 969

(2) Provide for pro rata reimbursement to the state should 970

the arrangement for joint or cooperative use be terminated prior 971
to the expiration of its full term; 972

(3) Provide that procedures to be followed during the 973
capital improvement process will comply with appropriate 974
applicable state statutes and rules, including the provisions of 975
this act; and 976

(4) Provide for payment or reimbursement to the 977
institution of its administrative costs incurred as a result of 978
the facilities project, not to exceed 1.5 per cent of the 979
appropriated amount. 980

(D) Upon the recommendation of the Department of Higher 981
Education, the Controlling Board may approve the transfer of 982
appropriations for projects requiring cooperation between 983
institutions from one institution to another institution with 984
the approval of both institutions. 985

(E) Notwithstanding section 127.14 of the Revised Code, 986
the Controlling Board, upon the recommendation of the Department 987
of Higher Education, may transfer amounts appropriated to the 988
Department of Higher Education to accounts of state-supported or 989
state-assisted institutions created for that same purpose. 990

Section 207.44. The Ohio Public Facilities Commission is 991
hereby authorized to issue and sell, in accordance with Section 992
2n of Article VIII, Ohio Constitution, and Chapter 151. and 993
particularly sections 151.01 and 151.04 of the Revised Code, 994
original obligations in an aggregate principal amount not to 995
exceed \$473,000,000 in addition to the original issuance of 996
obligations heretofore authorized by prior acts of the General 997
Assembly. These authorized obligations shall be issued, subject 998
to applicable constitutional and statutory limitations, as 999

needed to provide sufficient moneys to the credit of the Higher Education Improvement Fund (Fund 7034) and the Higher Education Improvement Taxable Fund (Fund 7024) to pay costs of capital facilities for state-supported and state-assisted institutions of higher education.

Section 207.45. The requirements of Chapters 123. and 153. of the Revised Code, with respect to the powers and duties of the Executive Director of the Ohio Facilities Construction Commission as they relate to the procedure and awarding of contracts for capital improvement projects, and the requirements of section 127.16 of the Revised Code, with respect to the Controlling Board, do not apply to projects of community college districts and technical college districts.

Section 207.46. Those institutions locally administering capital improvement projects pursuant to sections 3345.50 and 3345.51 of the Revised Code may:

(A) Establish charges for recovering costs directly related to project administration as defined by the Executive Director of the Ohio Facilities Construction Commission. The Ohio Facilities Construction Commission, in consultation with the Office of Budget and Management, shall review and approve these administrative charges when the charges are in excess of 1.5 per cent of the total construction budget, provided that total administrative charges paid by the state do not exceed four per cent of the state's contribution to the total construction budget.

(B) Seek reimbursement from state capital appropriations to the institution for the in-house design services performed by the institution for the capital projects. Acceptable charges are limited to design document preparation work that is done by the

institution. These reimbursable design costs shall be shown as 1030
"A/E fees" within the project's budget that is submitted to the 1031
Controlling Board or the Director of Budget and Management as 1032
part of a request for release of funds. The reimbursement for 1033
in-house design shall not exceed seven per cent of the estimated 1034
construction cost. 1035

Section 207.47. TRANSFERS OF HIGHER EDUCATION CAPITAL 1036
APPROPRIATIONS 1037

The Director of Budget and Management may as necessary to 1038
maintain the exclusion from the calculation of gross income for 1039
federal income taxation purposes under the "Internal Revenue 1040
Code of 1986," 100 Stat. 2085, 26 U.S.C. 1 et seq., with respect 1041
to obligations issued to fund projects appropriated from the 1042
Higher Education Improvement Fund: 1043

(A) Transfer appropriations between the Higher Education 1044

appropriations to them for projects originally funded from 1049
appropriations made from the Higher Education Improvement Fund. 1050

The projects that are funded under new appropriation items 1051
created in this manner shall automatically be designated as 1052

Section 357.41. For all reappropriations in this act from 2299
the Higher Education Improvement Fund (Fund 7034) or the Higher 2300
Education Improvement Taxable Fund (Fund 7024) that require 2301
local funds to be contributed by any state-supported or state- 2302
assisted institution of higher education, the Department of 2303
Higher Education shall not recommend that any funds be released 2304
until the recipient institution demonstrates to the Department 2305
of Higher Education and the Office of Budget and Management that 2306
the local funds contribution requirement has been secured or 2307
satisfied. The local funds shall be in addition to the 2308
reappropriations in this act. 2309

Section 357.42. None of the capital reappropriations in 2310
this act for state-supported or state-assisted institutions of 2311
higher education shall be expended until the particular 2312
appropriation has been recommended for release by the Department 2313
of Higher Education and released by the Director of Budget and 2314
Management or the Controlling Board. Either the institution 2315

appropriation. 2320

Section 357.43. (A) No capital reappropriations in this 2321
act made from the Higher Education Improvement Fund (Fund 7034) 2322
or the Higher Education Improvement Taxable Fund (Fund 7024) 2323
shall be released for planning or for improvement, renovation, 2324
construction, or acquisition of capital facilities if the 2325
institution of higher education or the state does not own the 2326

real property on which the capital facilities are or will be 2327
located. This restriction does not apply in any of the following 2328
circumstances: 2329

(1) The institution has a long-term (at least twenty 2330
years) lease of, or other interest (such as an easement) in, the 2331
real property. 2332

(2) The Department of Higher Education certifies to the 2333
Controlling Board that undue delay will occur if planning does 2334
not proceed while the property or property interest acquisition 2335
process continues. In this case, funds may be released upon 2336
approval of the Controlling Board to pay for planning through 2337
the development of schematic drawings only. 2338

(3) In the case of a reappropriation for capital 2339
facilities that, because of their unique nature or location, 2340
will be owned or will be part of facilities owned by a separate 2341
nonprofit organization or public body and will be made available 2342
to the institution of higher education for its use or benefit, 2343
the nonprofit organization or public body either owns or has a 2344
long-term (at least twenty years) lease of the real property or 2345
other capital facility to be improved, renovated, constructed, 2346
or acquired and has entered into a joint or cooperative use 2347
agreement with the institution of higher education that meets 2348
the requirements of division (C) of this section. 2349

(B) Any reappropriations that require cooperation between 2350
a technical college and a branch campus of a university may be 2351
released by the Controlling Board upon recommendation by the 2352
Department of Higher Education that the facilities proposed by 2353
the institutions are: 2354

(1) The result of a joint planning effort by the 2355

university and the technical college, satisfactory to the 2356
Department of Higher Education; 2357

(2) Facilities that will meet the needs of the region in 2358
terms of technical and general education, taking into 2359
consideration the totality of facilities that will be available 2360
after the completion of the projects; 2361

(3) Planned to permit maximum joint use by the university 2362
and technical college of the totality of facilities that will be 2363
available upon their completion; and 2364

(4) To be located on or adjacent to the branch campus of 2365
the university. 2366

(C) The Department of Higher Education shall adopt and 2367
maintain rules regarding the release of moneys from all the 2368
appropriations for capital facilities for all state-supported or 2369
state-assisted institutions of higher education. In the case of 2370
capital facilities referred to in division (A) (3) of this 2371
section, the joint or cooperative use agreements shall include, 2372
as a minimum, provisions that: 2373

(1) Specify the extent and nature of that joint or 2374
cooperative use, extending for not fewer than twenty years, with 2375
the value of such use or benefit or right to use to be, as is 2376
determined by the parties and approved by the Department of 2377
Higher Education, reasonably related to the amount of the 2378
appropriations; 2379

(2) Provide for pro rata reimbursement to the state should 2380
the arrangement for joint or cooperative use be terminated prior 2381
to the expiration of its full term; 2382

(3) Provide that procedures to be followed during the 2383
capital improvement process will comply with appropriate 2384

applicable state statutes and rules, including the provisions of 2385
this act; and 2386

(4) Provide for payment or reimbursement to the 2387
institution of its administrative costs incurred as a result of 2388
the facilities project, not to exceed 1.5 per cent of the 2389
appropriated amount. 2390

(D) Upon the recommendation of the Department of Higher 2391
Education, the Controlling Board may approve the transfer of 2392
appropriations for projects requiring cooperation between 2393
institutions from one institution to another institution with 2394
the approval of both institutions. 2395

(E) Notwithstanding section 127.14 of the Revised Code, 2396
the Controlling Board, upon the recommendation of the Department 2397
of Higher Education, may transfer amounts appropriated to the 2398
Department of Higher Education to accounts of state-supported or 2399
state-assisted institutions created for that same purpose. 2400

Section 357.45. The requirements of Chapters 123. and 153. 2401
of the Revised Code, with respect to the powers and duties of 2402
the Executive Director of the Ohio Facilities Construction 2403
Commission as they relate to the procedure and awarding of 2404
contracts for capital improvement projects, and the requirements 2405
of section 127.16 of the Revised Code, with respect to the 2406
Controlling Board, do not apply to projects of community college 2407
districts and technical college districts. 2408

Section 357.46. Those institutions locally administering 2409
capital improvement projects pursuant to sections 3345.50 and 2410
3345.51 of the Revised Code may: 2411

(A) Establish charges for recovering costs directly 2412
related to project administration as defined by the Executive 2413

Director of the Ohio Facilities Construction Commission. The 2414
Ohio Facilities Construction Commission, in consultation with 2415
the Office of Budget and Management, shall review and approve 2416
these administrative charges when the charges are in excess of 2417
1.5 per cent of the total construction budget, provided that 2418
total administrative charges paid by the state do not exceed 2419
four per cent of the state's contribution to the total 2420
construction budget. 2421

(B) Seek reimbursement from state capital appropriations 2422
to the institution for the in-house design services performed by 2423
the institution for the capital projects. Acceptable charges are 2424
limited to design document preparation work that is done by the 2425
institution. These reimbursable design costs shall be shown as 2426
"A/E fees" within the project's budget that is submitted to the 2427
Controlling Board or the Director of Budget and Management as 2428
part of a request for release of funds. The reimbursement for 2429
in-house design shall not exceed seven per cent of the estimated 2430
construction cost. 2431

Section 357.47. TRANSFERS OF HIGHER EDUCATION CAPITAL 2432
APPROPRIATIONS 2433

The Director of Budget and Management may as necessary to 2434
maintain the exclusion from the calculation of gross income for 2435
federal income taxation purposes under the "Internal Revenue 2436

issued to fund projects appropriated from the Higher Education 2438

appropriation contained in this act without certification of the 3295
Director of Budget and Management that there are sufficient 3296

Section 509.04. SATISFACTION OF JUDGMENTS AND SETTLEMENTS 3359
AGAINST THE STATE 3360

Except as otherwise provided in this section, an 3361

or by any other court of competent jurisdiction in connection 3365
with civil actions against the state. This authorization does 3366
not apply to appropriations that are to be applied to or used 3367
for payment of guarantees by or on behalf of the state or for 3368

any other section of law to the contrary, this authorization 3371
includes appropriations from funds into which proceeds or direct 3372
obligations of the state are deposited only to the extent that 3373
the judgment, settlement, or administrative award is for or 3374
represents capital costs for which the appropriation may 3375
otherwise be used and is consistent with the purpose for which 3376
any related obligations were issued or entered into. Nothing 3377
contained in this section is intended to subject the state to 3378
suit in any forum in which it is not otherwise subject to suit, 3379
nor is it intended to waive or compromise any defense or right 3380
available to the state in any suit against it. 3381

Section 509.05. CAPITAL RELEASES BY THE DIRECTOR OF BUDGET 3382
AND MANAGEMENT 3383

Notwithstanding section 126.14 of the Revised Code, 3384

Support, shall be released upon the written approval of the 3390
Director of Budget and Management. The appropriations from the 3391
Public School Building Fund (Fund 7021) and the School Building 3392
Program Assistance Fund (Fund 7032) to the Facilities 3393

(Fund 7029) to the Department of Transportation, from the Clean 3395

Revolving Loan Fund (Fund 7040) to the Public Works Commission, 3398
and from the Underground Parking Garage Operating Fund (Fund 3399
2080) to the Capitol Square Review and Advisory Board shall be 3400

released upon presentation of a request to release the funds, by 3401
the agency to which the appropriation has been made, to the 3402
Director of Budget and Management. 3403

Section 509.06. PREVAILING WAGE REQUIREMENT 3404

Except as provided in section 4115.04 of the Revised Code, 3405
moneys appropriated or reappropriated by the 134th General 3406
Assembly shall not be used for the construction of public 3407
improvements, as defined in section 4115.03 of the Revised Code, 3408
unless the mechanics, laborers, or workers engaged therein are 3409
paid the prevailing rate of wages prescribed in section 4115.04 3410
of the Revised Code. Nothing in this section affects the wages 3411
and salaries established for state employees under Chapter 124. 3412
of the Revised Code, or collective bargaining agreements entered 3413
into by the state under Chapter 4117. of the Revised Code, while 3414
engaged on force account work, nor does this section interfere 3415
with the use of inmate and patient labor by the state. 3416

Section 509.07. AUTHORIZATION OF THE DIRECTOR OF BUDGET 3417
AND MANAGEMENT 3418

The Director of Budget and Management shall authorize both 3419
of the following: 3420

(A) The initial release of moneys for projects from the 3421
funds into which proceeds of direct obligations of the state are 3422
deposited; and 3423

(B) The expenditure or encumbrance of moneys from funds 3424
into which proceeds of direct obligations are deposited, only 3425
after determining to the Director's satisfaction that either of 3426
the following applies: 3427

(1) The application of such moneys to the particular 3428
project will not negatively affect any exclusion of the interest 3429

or interest equivalent on obligations issued to provide moneys 3430
to the particular fund from the calculation of gross income for 3431
federal income tax purposes under the "Internal Revenue Code of 3432
1986," 100 Stat. 2085, 26 U.S.C. 1, as amended. 3433

(2) Moneys for the project will come from the proceeds of 3434
federally taxable obligations, the interest on which is not so 3435
excluded from the calculation of gross income for federal income 3436
tax purposes and which have been authorized and issued on that 3437
basis by their issuing authority. 3438

In the event the Director determines that the condition 3439
set forth in division (B) (1) of this section does not apply, and 3440
that there is no existing fund in the state treasury to enable 3441
compliance with the condition set forth in division (B) (2) of 3442
this section, the Director may create a fund in the state 3443
treasury for the purpose of receiving proceeds of federally 3444
taxable obligations. The Director may establish capital 3445
appropriation items in that taxable bond fund that correspond to 3446
the preexisting capital appropriation items in the associated 3447
tax-exempt bond fund. The Director also may transfer capital 3448
appropriations in whole or in part between the taxable and tax- 3449
exempt bond funds within a particular purpose for which the 3450
bonds have been authorized. 3451

Section 509.08. ACCOUNTING MAINTENANCE BY THE DIRECTOR OF 3452
BUDGET AND MANAGEMENT 3453

Within the limits set forth in this act, the Director of 3454
Budget and Management shall establish accounts indicating the 3455
source and amount of funds for each appropriation made in this 3456
act, and shall determine the form and manner in which 3457
appropriation accounts shall be maintained in accordance with 3458
section 126.21 of the Revised Code. 3459

Section 509.11. REQUIREMENTS RELATING TO NON-STATE	3460
OWNERSHIP OF CERTAIN FINANCED PROJECTS	3461

154.01 of the Revised Code, does not own the real property that	3466
constitutes the capital facilities or on which the capital	3467
facilities are or will be located unless provided for elsewhere	3468
in this act. This restriction does not apply in any of the	3469
following circumstances:	3470
(1) The state agency has a long-term (at least as long as	3471
the obligations that financed the project) lease of, or other	3472
interest (such as an easement) in, the real property.	3473
(2) In the case of an appropriation or reappropriation for	3474
capital facilities that, because of their unique nature or	3475
location, will be owned or be part of facilities owned by a	3476
separate nonprofit organization and made available to the state	3477
agency for its use or benefit, the nonprofit organization either	3478
owns or has a long-term (at least as long as the obligations	3479
that financed the project) lease of the real property or other	3480
capital facility to be improved, renovated, constructed, or	3481
acquired and has entered into a joint or cooperative use	3482
agreement, with and approved by the state agency that meets the	3483
requirements of division (B) of this section.	3484
(B) In the case of capital facilities referred to in	3485
division (A) (2) of this section, the joint or cooperative use	3486
agreement shall include, as a minimum, provisions that:	3487
(1) Specify the extent and nature of that joint or	3488

cooperative use, extending for not shorter than the length of 3489
the obligations that financed the project, with the value of 3490
such use or right to use to be, as determined by the parties and 3491
approved by the approving department, reasonably related to the 3492
amount of the appropriation; 3493

(2) Provide for pro rata reimbursement to the state should 3494
the arrangement for joint or cooperative use by a state agency 3495
be terminated; and 3496

(3) Provide that procedures to be followed during the 3497
capital improvement process will comply with appropriate 3498
applicable state statutes and rules, including the provisions of 3499
this act. 3500

(C) This section does not apply to appropriations or 3501
reappropriations from the State Capital Improvements Fund (Fund 3502
7038), State Capital Improvements Revolving Loan Fund (Fund 3503
7040), Clean Ohio Conservation Fund (Fund 7056), Clean Ohio 3504
Revitalization Fund (Fund 7003), the Service Station Cleanup 3505
Fund (Fund 7100), or the School Building Program Assistance Fund 3506
(Fund 7032). 3507

Section 509.12. REAPPROPRIATION OF UNEXPENDED ENCUMBERED 3508
BALANCES OF CAPITAL APPROPRIATIONS 3509

(A) (1) Notwithstanding the original year of appropriation 3510
or encumbrance, the unexpended balance of a capital 3511
appropriation or reappropriation that a state agency has 3512
lawfully encumbered prior to the close of the fiscal year 2023- 3513
2024 capital biennium is hereby reappropriated for the fiscal 3514
year 2025-2026 capital biennium from the fund from which it was 3515
originally appropriated or was reappropriated and shall be used 3516
only for the purpose of discharging the encumbrance. For those 3517

encumbered appropriations or reappropriations, any Controlling Board approval previously granted and referenced by the encumbering document remains in effect until the encumbrance is discharged or until the encumbrance expires at the end of the fiscal year 2025-2026 capital biennium.

(2) During the fiscal year 2025-2026 capital biennium, the Director of Budget and Management may cancel an encumbrance that was reappropriated pursuant to division (A) (1) of this section if the Director determines that the encumbrance is no longer needed to complete the project for which it was reappropriated or appropriated.

(B) If during the fiscal year 2025-2026 capital biennium, pursuant to section 126.22 of the Revised Code in order to correct an accounting error, the Director of Budget and Management reestablishes an encumbrance that was reappropriated pursuant to division (A) of this section, the amount representing the encumbrance canceled in error is reappropriated in accordance with division (A) of this section.

Section 509.13. PREVIOUSLY RELEASED REAPPROPRIATIONS

Capital reappropriations in this act that have been released by the Controlling Board or the Director of Budget and Management between July 1, 2022, and June 30, 2024, do not require further approval or release prior to being encumbered. Funds reappropriated in excess of such prior releases shall be released in accordance with applicable provisions of this act.

Section 509.14. REAPPROPRIATION OF UNENCUMBERED BALANCES OF CAPITAL APPROPRIATIONS

The reappropriations made in this act represent the unencumbered balances of prior years' capital improvements

appropriations estimated to be available on June 30, 2024. 3547
Notwithstanding the foregoing, unless otherwise specified, the 3548

are hereby reappropriated. Additionally, there is hereby 3551
reappropriated the actual unencumbered balances on June 30, 3552
2024, of any appropriation items either appropriated or 3553
reappropriated in H.B. 597 of the 134th General Assembly or 3554

such balances are needed to complete the projects for which they 3560
were reappropriated or appropriated. The appropriation items and 3561
amounts that are reappropriated by this act shall be reported to 3562
the Controlling Board within 30 days after the effective date of 3563
this section. 3564
