In such a case, the board shall accept the certified copy issued by the bureau in order to make a photocopy of it for that individual's employment application documents and shall return the certified copy to the individual. In a case of that nature, a district or provider only shall accept a certified copy of records of that nature within one year after the date of their issuance by the bureau.

The cabinet council shall establish a state appeals process to resolve disputes among the members of a county council concerning whether reasonable responsibilities as members are being shared. The appeals process may be accessed only by a majority vote of the council members who are required to serve on the council. Upon appeal, the cabinet council may order that state funds for services to children and families be redirected to a county's board of county commissioners.

Any of the foregoing public entities, other than the board of county commissioners, may decline to serve as the council's administrative agent.

A county council's administrative agent shall serve as the council's appointing authority for any employees of the council. The council shall file an annual budget with its administrative agent, with copies filed with the county auditor and with the board of county commissioners, unless the board is serving as the council's administrative agent. The council's administrative agent shall ensure that all expenditures are handled in accordance with policies, procedures, and activities prescribed by state departments in rules or interagency agreements that are applicable to the council's functions.

The administrative agent of a county council shall send notice of a member's absence if a member listed in division (B)(1) of this section has been absent from either three consecutive meetings of the county council or a county council subcommittee, or from one-quarter of such meetings in a calendar year, whichever is less. The notice shall be sent to the board
of county commissioners that establishes the county council and, for the members listed in divisions (B)(1)(b), (c), (e), and (l) of this section, to the governing board overseeing the respective entity; for the member listed in division (B)(1)(f) of this section, to the county board of developmental disabilities that employs the superintendent; for a member listed in division (B)(1)(g) or (h) of this section, to the school board that employs the superintendent; for the member listed in division (B)(1)(i) of this section, to the mayor of the municipal corporation; for the member listed in division (B)(1)(k) of this section, to the director of youth services; and for the member listed in division (B)(1)(n) of this section, to that member's board of trustees.

The administrative agent for a county council may do any of the following on behalf of the council:

(i) Enter into agreements or administer contracts with public or private entities to fulfill specific council business. Such agreements and contracts are exempt from the competitive bidding requirements of section 307.86 of the Revised Code if they have been approved by the county council and they are for the purchase of family and child welfare or child protection services or other social or job and family services for families and children. The approval of the county council is not required to exempt agreements or contracts entered into under section 5139.34, 5139.41, or 5139.43 of the Revised Code from the competitive bidding requirements of section 307.86 of the Revised Code.

(ii) As determined by the council, provide financial stipends, reimbursements, or both, to family representatives for expenses related to council activity;
(iii) Receive by gift, grant, devise, or bequest any moneys, lands, or other property for the purposes for which the council is established. The agent shall hold, apply, and dispose of the moneys, lands, or other property according to the terms of the gift, grant, devise, or bequest. Any interest or earnings shall be treated in the same manner and are subject to the same terms as the gift, grant, devise, or bequest from which it accrues.

(b)(i) If the county council designates the board of county commissioners as its administrative agent, the board may, by resolution, delegate any of its powers and duties as administrative agent to an executive committee the board establishes from the membership of the county council. The board shall name to the executive committee at least the individuals described in divisions (B)(1)(b) to (h) of this section and may appoint the president of the board or another individual as the chair of the executive committee. The executive committee must include at least one family county council representative who does not have a family member employed by an agency represented on the council.

(ii) The executive committee may, with the approval of the board, hire an executive director to assist the county council in administering its powers and duties. The executive director shall serve in the unclassified civil service at the pleasure of the executive committee. The executive director may, with the approval of the executive committee, hire other employees as necessary to properly conduct the county council's business.

(iii) The board may require the executive committee to submit an annual budget to the board for approval and may amend or repeal the resolution that delegated to the executive
committee its authority as the county council's administrative agent.

(6) Two or more county councils may enter into an agreement to administer their county councils jointly by creating a regional family and children first council. A regional council possesses the same duties and authority possessed by a county council, except that the duties and authority apply regionally rather than to individual counties. Prior to entering into an agreement to create a regional council, the members of each county council to be part of the regional council shall meet to determine whether all or part of the members of each county council will serve as members of the regional council.

(7) A board of county commissioners may approve a resolution by a majority vote of the board's members that requires the county council to submit a statement to the board each time the council proposes to enter into an agreement, adopt a plan, or make a decision, other than a decision pursuant to section 121.38 of the Revised Code, that requires the expenditure of funds for two or more families. The statement shall describe the proposed agreement, plan, or decision.

Not later than fifteen days after the board receives the statement, it shall, by resolution approved by a majority of its members, approve or disapprove the agreement, plan, or decision. Failure of the board to pass a resolution during that time period shall be considered approval of the agreement, plan, or decision.

An agreement, plan, or decision for which a statement is required to be submitted to the board shall be implemented only if it is approved by the board.
(C) Each county shall develop a county service coordination mechanism. The county service coordination mechanism shall serve as the guiding document for coordination of services in the county. For children who also receive services under the help me grow program, the service coordination mechanism shall be consistent with rules adopted by the department of health under section 3701.61 of the Revised Code. All family service coordination plans shall be developed in accordance with the county service coordination mechanism. The mechanism shall be developed and approved with the participation of the county entities representing child welfare; developmental disabilities; alcohol, drug addiction, and mental health services; health; juvenile judges; education; the county family and children first council; and the county early intervention collaborative established pursuant to the federal early intervention program operated under the "Individuals with Disabilities Education Act of 2004." The county shall establish an implementation schedule for the mechanism. The cabinet council may monitor the implementation and administration of each county's service coordination mechanism.

Each mechanism shall include all of the following:

(1) A procedure for an agency, including a juvenile court, or a family voluntarily seeking service coordination, to refer the child and family to the county council for service coordination in accordance with the mechanism;

(2) A procedure ensuring that a family and all appropriate staff from involved agencies, including a representative from the appropriate school district, are notified of and invited to participate in all family service coordination plan meetings;

(3) A procedure that permits a family to initiate a
meeting to develop or review the family's service coordination plan and allows the family to invite a family advocate, mentor, or support person of the family's choice to participate in any such meeting;

(4) A procedure for ensuring that a family service coordination plan meeting is conducted for each child who receives service coordination under the mechanism and for whom an emergency out-of-home placement has been made or for whom a nonemergency out-of-home placement is being considered. The meeting shall be conducted within ten days of an emergency out-of-home placement. The meeting shall be conducted before a nonemergency out-of-home placement. The family service coordination plan shall outline how the county council members will jointly pay for services, where applicable, and provide services in the least restrictive environment.

(5) A procedure for monitoring the progress and tracking the outcomes of each service coordination plan requested in the county including monitoring and tracking children in out-of-home placements to assure continued progress, appropriateness of placement, and continuity of care after discharge from placement with appropriate arrangements for housing, treatment, and education;

(6) A procedure for protecting the confidentiality of all personal family information disclosed during service coordination meetings or contained in the comprehensive family service coordination plan;

(7) A procedure for assessing the needs and strengths of any child or family that has been referred to the council for service coordination, including a child whose parent or custodian is voluntarily seeking services, and for ensuring that
parents and custodians are afforded the opportunity to participate;

(8) A procedure for development of a family service coordination plan described in division (D) of this section;

(9) A local dispute resolution process to serve as the process that must be used first to resolve disputes among the agencies represented on the county council concerning the provision of services to children, including children who are abused, neglected, dependent, unruly, alleged unruly, or delinquent children and under the jurisdiction of the juvenile court and children whose parents or custodians are voluntarily seeking services. The local dispute resolution process shall comply with sections 121.38, 121.381, and 121.382 of the Revised Code. The local dispute resolution process shall be used to resolve disputes between a child's parents or custodians and the county council regarding service coordination. The county council shall inform the parents or custodians of their right to use the dispute resolution process. Parents or custodians shall use existing local agency grievance procedures to address disputes not involving service coordination. The dispute resolution process is in addition to and does not replace other rights or procedures that parents or custodians may have under other sections of the Revised Code.

The cabinet council shall adopt rules in accordance with Chapter 119. of the Revised Code establishing an administrative review process to address problems that arise concerning the operation of a local dispute resolution process.

Nothing in division (C)(4) of this section shall be interpreted as overriding or affecting decisions of a juvenile court regarding an out-of-home placement, long-term placement,
or emergency out-of-home placement.

(D) Each county shall develop a family service coordination plan that does all of the following:

(1) Designates service responsibilities among the various state and local agencies that provide services to children and their families, including children who are abused, neglected, dependent, unruly, or delinquent children and under the jurisdiction of the juvenile court and children whose parents or custodians are voluntarily seeking services;

(4) Includes a process for dealing with a child who is alleged to be an unruly child. The process shall include methods to divert the child from the juvenile court system;

(5) Includes timelines for completion of goals specified in the plan with regular reviews scheduled to monitor progress toward those goals;

(E)(1) The process provided for under division (D)(4) of
this section may include, but is not limited to, the following:

(b) An emphasis on the personal responsibilities of the child and the parental responsibilities of the parents, guardian, or custodian of the child;

(c) Involvement of local law enforcement agencies and officials.

(2) The method to divert a child from the juvenile court system that must be included in the service coordination process may include, but is not limited to, the following:

(a) The preparation of a complaint under section 2151.27 of the Revised Code alleging that the child is an unruly child and notifying the child and the parents, guardian, or custodian that the complaint has been prepared to encourage the child and the parents, guardian, or custodian to comply with other methods to divert the child from the juvenile court system;

(b) Conducting a meeting with the child, the parents, guardian, or custodian, and other interested parties to determine the appropriate methods to divert the child from the juvenile court system;

(g) Other appropriate measures, including, but not limited to, any alternative methods to divert a child from the juvenile court system that are identified by the Ohio family and children first cabinet council.

(F) Each county may review and revise the service coordination process described in division (D) of this section based on the availability of funds under Title IV-A of the "Social Security Act," 110 Stat. 2113 (1996), 42 U.S.C.A. 601, as amended, or to the extent resources are available from any other federal, state, or local funds.

(5) Whether removing the regulatory restriction would require a change to state or federal law, provided that removing a regulatory restriction adopted under a law granting the agency general authority shall be presumed not to require a change to state or federal law;

(6) Any other information the joint committee on agency rule review considers necessary.

(D) The state agency shall compute and state the total number of regulatory restrictions indicated in the base inventory, shall post the base inventory on its web site, and shall electronically transmit a copy of the inventory to the joint committee. The joint committee shall review the base inventory, then transmit it electronically to the speaker of the house of representatives and the president of the senate.

(E) The following types of rules or regulatory restrictions are not required to be included in a state agency's inventory of regulatory restrictions:

(1) An internal management rule;

(2) An emergency rule;

(B) The pay schedule of all employees shall be on a biweekly basis, with amounts computed on an hourly basis.

(C) Part-time employees shall be compensated on an hourly basis for time worked, at the rates shown in division (A) of this section or in section 124.152 of the Revised Code.

(D) The salary and wage rates in division (A) of this section or in section 124.152 of the Revised Code represent base rates of compensation and may be augmented by the provisions of section 124.181 of the Revised Code. In those cases where lodging, meals, laundry, or other personal services are
furnished an employee in the service of the state, the actual
costs or fair market value of the personal services shall be
paid by the employee in such amounts and manner as determined by
the director of administrative services and approved by the
director of budget and management, and those personal services
shall not be considered as a part of the employee's
compensation. An appointing authority that appoints employees in
the service of the state, with the approval of the director of
administrative services and the director of budget and
management, may establish payments to employees for uniforms,
tools, equipment, and other requirements of the department and
payments for the maintenance of them.

The director of administrative services may review
collective bargaining agreements entered into under Chapter
4117. of the Revised Code that cover employees in the service of
the state and determine whether certain benefits or payments
provided to the employees covered by those agreements should
also be provided to employees in the service of the state who
are exempt from collective bargaining coverage and are paid in
accordance with section 124.152 of the Revised Code or are
listed in division (B)(2) or (4) of section 124.14 of the
Revised Code. On completing the review, the director of
administrative services, with the approval of the director of
budget and management, may provide to some or all of these
employees any payment or benefit, except for salary, contained
in such a collective bargaining agreement even if it is similar
to a payment or benefit already provided by law to some or all
of these employees. Any payment or benefit so provided shall not
exceed the highest level for that payment or benefit specified
in such a collective bargaining agreement. The director of
administrative services shall not provide, and the director of
budget and management shall not approve, any payment or benefit to such an employee under this division unless the payment or benefit is provided pursuant to a collective bargaining agreement to a state employee who is in a position with similar duties as, is supervised by, or is employed by the same appointing authority as, the employee to whom the benefit or payment is to be provided.

As used in this division, "payment or benefit already provided by law" includes, but is not limited to, bereavement, personal, vacation, administrative, and sick leave, disability benefits, holiday pay, and pay supplements provided under the Revised Code, but does not include wages or salary.

(E) New employees paid in accordance with schedule B of division (A) of this section or schedule E-1 of section 124.152 of the Revised Code shall be employed at the minimum rate established for the range unless otherwise provided. Employees with qualifications that are beyond the minimum normally required for the position and that are determined by the director to be exceptional may be employed in, or may be transferred or promoted to, a position at an advanced step of the range. Further, in time of a serious labor market condition when it is relatively impossible to recruit employees at the minimum rate for a particular classification, the entrance rate may be set at an advanced step in the range by the director of administrative services. This rate may be limited to geographical regions of the state. Appointments made to an advanced step under the provision regarding exceptional qualifications shall not affect the step assignment of employees already serving. However, anytime the hiring rate of an entire classification is advanced to a higher step, all incumbents of that classification being paid at a step lower than that being
used for hiring, shall be advanced beginning at the start of the first pay period thereafter to the new hiring rate, and any time accrued at the lower step will be used to calculate advancement to a succeeding step. If the hiring rate of a classification is increased for only a geographical region of the state, only incumbents who work in that geographical region shall be advanced to a higher step. When an employee in the unclassified service changes from one state position to another or is appointed to a position in the classified service, or if an employee in the classified service is appointed to a position in the unclassified service, the employee's salary or wage in the new position shall be determined in the same manner as if the employee were an employee in the classified service. When an employee in the unclassified service who is not eligible for step increases is appointed to a classification in the classified service under which step increases are provided, future step increases shall be based on the date on which the employee last received a pay increase. If the employee has not received an increase during the previous year, the date of the appointment to the classified service shall be used to determine the employee's annual step advancement eligibility date. In reassigning any employee to a classification resulting in a pay range increase or to a new pay range as a result of a promotion, an increase pay range adjustment, or other classification change resulting in a pay range increase, the director shall assign such employee to the step in the new pay range that will provide an increase of approximately four per cent if the new pay range can accommodate the increase. When an employee is being assigned to a classification or new pay range as the result of a class plan change, if the employee has completed a probationary period, the employee shall be placed in a step no lower than step two of the new pay range. If the employee has not completed
a probationary period, the employee may be placed in step one of the new pay range. Such new salary or wage shall become effective on such date as the director determines.

(F) If employment conditions and the urgency of the work require such action, the director of administrative services may, upon the application of a department head, authorize payment at any rate established within the range for the class of work, for work of a casual or intermittent nature or on a project basis. Payment at such rates shall not be made to the same individual for more than three calendar months in any one calendar year. Any such action shall be subject to the approval of the director of budget and management as to the availability of funds. This section and sections 124.14 and 124.152 of the Revised Code do not repeal any authority of any department or public official to contract with or fix the compensation of professional persons who may be employed temporarily for work of a casual nature or for work on a project basis.

(G)(1) Except as provided in divisions (G)(2) and (3) of this section, each state employee paid in accordance with schedule B of this section or schedule E-1 of section 124.152 of the Revised Code shall be eligible for advancement to succeeding steps in the range for the employee's class or grade according to the schedule established in this division. Beginning on the first day of the pay period within which the employee completes the prescribed probationary period in the employee's classification with the state, each employee shall receive an automatic salary adjustment equivalent to the next higher step within the pay range for the employee's class or grade.

Except as provided in divisions (G)(2) and (3) of this section, each employee paid in accordance with schedule E-1 of...
section 124.152 of the Revised Code shall be eligible to advance to the next higher step until the employee reaches the top step in the range for the employee's class or grade, if the employee has maintained satisfactory performance in accordance with criteria established by the employee's appointing authority. Those step advancements shall not occur more frequently than once in any twelve-month period.

When an employee is promoted, the step entry date shall be set to account for a probationary period. When an employee is reassigned to a higher pay range, the step entry date shall be set to allow an employee who is not at the highest step of the range to receive a step advancement one year from the reassignment date. Step advancement shall not be affected by demotion. A promoted employee shall advance to the next higher step of the pay range on the first day of the pay period in which the required probationary period is completed. Step advancement shall become effective at the beginning of the pay period within which the employee attains the necessary length of service. Time spent on authorized leave of absence shall be counted for this purpose.

If determined to be in the best interest of the state service, the director of administrative services may, either statewide or in selected agencies, adjust the dates on which annual step advancements are received by employees paid in accordance with schedule E-1 of section 124.152 of the Revised Code.

(2)(a) There shall be a moratorium on annual step advancements under division (G)(1) of this section beginning June 21, 2009, through June 20, 2011. Step advancements shall resume with the pay period beginning June 21, 2011. Upon the
resumption of step advancements, there shall be no retroactive step advancements for the period the moratorium was in effect. The moratorium shall not affect an employee's performance evaluation schedule.

An employee who begins a probationary period before June 21, 2009, shall advance to the next step in the employee's pay range at the end of probation, and then become subject to the moratorium. An employee who is hired, promoted, or reassigned to a higher pay range between June 21, 2009, through June 20, 2011, shall not advance to the next step in the employee's pay range until the next anniversary of the employee's date of hire, promotion, or reassignment that occurs on or after June 21, 2011.

(b) The moratorium under division (G)(2)(a) of this section shall apply to the employees of the secretary of state, the auditor of state, the treasurer of state, and the attorney general, who are subject to this section unless the secretary of state, the auditor of state, the treasurer of state, or the attorney general decides to exempt the office's employees from the moratorium and so notifies the director of administrative services in writing on or before July 1, 2009.

(3) Employees in intermittent positions shall be employed at the minimum rate established for the pay range for their classification and are not eligible for step advancements.

(H) Employees in appointive managerial or professional positions paid in accordance with schedule C of this section or schedule E-2 of section 124.152 of the Revised Code may be appointed at any rate within the appropriate pay range. This rate of pay may be adjusted higher or lower within the respective pay range at any time the appointing authority so
desires as long as the adjustment is based on the employee's ability to successfully administer those duties assigned to the employee. Salary adjustments shall not be made more frequently than once in any six-month period under this provision to incumbents holding the same position and classification.

(I) When an employee is assigned to duty outside this state, the employee may be compensated, upon request of the department head and with the approval of the director of administrative services, at a rate not to exceed fifty per cent in excess of the employee's current base rate for the period of time spent on that duty.

(J) Unless compensation for members of a board or commission is otherwise specifically provided by law, the director of administrative services shall establish the rate and method of payment for members of boards and commissions pursuant to the pay schedules listed in section 124.152 of the Revised Code.

(K) Regular full-time employees in positions assigned to classes within the instruction and education administration series under the job classification plans of the director of administrative services, except certificated employees on the instructional staff of the state school for the blind or the state school for the deaf, whose positions are scheduled to work on the basis of an academic year rather than a full calendar year, shall be paid according to the pay range assigned by the applicable job classification plan, but only during those pay periods included in the academic year of the school where the employee is located.

(L) Part-time or substitute teachers or those whose period of employment is other than the full academic year shall be
compensated for the actual time worked at the rate established by this section.

(2) Employees governed by this division are exempt from sections 124.13 and 124.19 of the Revised Code.

(3) Length of service for the purpose of determining eligibility for step advancements as provided by division (G) of this section and for the purpose of determining eligibility for longevity pay supplements as provided by division (E) of section 124.181 of the Revised Code shall be computed on the basis of one full year of service for the completion of each academic year.

(L) The superintendent of the state school for the deaf and the superintendent of the state school for the blind shall, subject to the approval of the superintendent of public instruction, carry out both of the following:

(1) Annually, between the first day of April and the last day of June, establish for the ensuing fiscal year a schedule of hourly rates for the compensation of each certificated employee on the instructional staff of that superintendent's respective school constructed as follows:

(a) Determine for each level of training, experience, and other professional qualification for which an hourly rate is set forth in the current schedule, the per cent that rate is of the rate set forth in such schedule for a teacher with a bachelor's degree and no experience. If there is more than one such rate for such a teacher, the lowest rate shall be used to make the computation.

(b) Determine which six city, local, and exempted village
school districts with territory in Franklin county have in effect on, or have adopted by, the first day of April for the school year that begins on the ensuing first day of July, teacher salary schedules with the highest minimum salaries for a teacher with a bachelor's degree and no experience;

(c) Divide the sum of such six highest minimum salaries by ten thousand five hundred sixty;

(d) Multiply each per cent determined in division (L)(1) (a) of this section by the quotient obtained in division (L)(1) (c) of this section;

(e) One hundred five per cent of each product thus obtained shall be the hourly rate for the corresponding level of training, experience, or other professional qualification in the schedule for the ensuing fiscal year.

(2) Annually, assign each certificated employee on the instructional staff of the superintendent's respective school to an hourly rate on the schedule that is commensurate with the employee's training, experience, and other professional qualifications.

If an employee is employed on the basis of an academic year, the employee's annual salary shall be calculated by multiplying the employee's assigned hourly rate times one thousand seven hundred sixty. If an employee is not employed on the basis of an academic year, the employee's annual salary shall be calculated in accordance with the following formula:

(a) Multiply the number of days the employee is required to work pursuant to the employee's contract by eight;

(b) Multiply the product of division (L)(2)(a) of this section by the employee's assigned hourly rate.
Each employee shall be paid an annual salary in biweekly installments. The amount of each installment shall be calculated by dividing the employee's annual salary by the number of biweekly installments to be paid during the year.

Sections 124.13 and 124.19 of the Revised Code do not apply to an employee who is paid under this division.

As used in this division, "academic year" means the number of days in each school year that the schools are required to be open for instruction with pupils in attendance. Upon completing an academic year, an employee paid under this division shall be deemed to have completed one year of service. An employee paid under this division is eligible to receive a pay supplement under division (L)(1), (2), or (3) of section 124.181 of the Revised Code for which the employee qualifies, but is not eligible to receive a pay supplement under division (L)(4) or (5) of that section. An employee paid under this division is eligible to receive a pay supplement under division (L)(6) of section 124.181 of the Revised Code for which the employee qualifies, except that the supplement is not limited to a maximum of five per cent of the employee's regular base salary in a calendar year.

(M) Division (A) of this section does not apply to "exempt employees," as defined in section 124.152 of the Revised Code, who are paid under that section.

Notwithstanding any other provisions of this chapter, when an employee transfers between bargaining units or transfers out of or into a bargaining unit, the director of administrative services shall establish the employee's compensation and adjust the maximum leave accrual schedule as the director deems equitable.
Sec. 124.382. (A) As used in this section and sections 124.383, 124.386, 124.387, and 124.388 of the Revised Code:

(1) "Pay period" means the fourteen-day period of time during which the payroll is accumulated, as determined by the director of administrative services.

(2) "Active pay status" means the conditions under which an employee is eligible to receive pay, and includes, but is not limited to, vacation leave, sick leave, personal leave, bereavement leave, and administrative leave.

(3) "No pay status" means the conditions under which an employee is ineligible to receive pay and includes, but is not limited to, leave without pay, leave of absence, and disability leave.

(4) "Disability leave" means the leave granted pursuant to section 124.385 of the Revised Code.

(5) "Full-time permanent employee" means an employee whose regular hours of duty total eighty hours in a pay period in a state agency and whose appointment is not for a limited period of time.

(6) "Base rate of pay" means the rate of pay established under schedule B or C of section 124.15 of the Revised Code or under schedule E-1 or schedule E-2 of section 124.152 of the Revised Code, plus any supplement provided under section 124.181 of the Revised Code, plus any supplements enacted into law which are added to schedule B or C of section 124.15 of the Revised Code or to schedule E-1 or schedule E-2 of section 124.152 of the Revised Code.

(7) "Part-time permanent employee" means an employee whose regular hours of duty total less than eighty hours in a pay...
period in a state agency and whose appointment is not for a limited period of time.

(B) Each full-time permanent and part-time permanent employee whose salary or wage is paid directly by warrant of the director of budget and management shall be credited with sick leave of three and one-tenth hours for each completed eighty hours of service, excluding overtime hours worked. Sick leave is not available for use until it appears on the employee's earning statement and the compensation described in the earning statement is available to the employee.

(C) Any sick leave credit provided pursuant to division (B) of this section, remaining as of the last day of the pay period preceding the first paycheck the employee receives in December, shall be converted pursuant to section 124.383 of the Revised Code.

(D) Employees may use sick leave, provided a credit balance is available, upon approval of the responsible administrative officer of the employing unit, for absence due to personal illness, pregnancy, injury, exposure to contagious disease that could be communicated to other employees, and illness, injury, or death in the employee's immediate family. When sick leave is used, it shall be deducted from the employee's credit on the basis of absence from previously scheduled work in such increments of an hour and at such a compensation rate as the director of administrative services determines. The appointing authority of each employing unit may require an employee to furnish a satisfactory, signed statement to justify the use of sick leave.

If, after having utilized the credit provided by this section, an employee utilizes sick leave that was accumulated
prior to November 15, 1981, compensation for such sick leave
used shall be at a rate as the director determines.

(E)(1) The previously accumulated sick leave balance of an
employee who has been separated from the public service, for
which separation payments pursuant to section 124.384 of the
Revised Code have not been made, shall be placed to the
employee's credit upon the employee's reemployment in the public
service, if the reemployment takes place within ten years of the
date on which the employee was last terminated from public
service.

(2) The previously accumulated sick leave balance of an
employee who has separated from a school district shall be
placed to the employee's credit upon the employee's appointment
as an unclassified employee of the state department of education
and workforce, if all of the following apply:

(a) The employee accumulated the sick leave balance while
employed by the school district.

(b) The employee did not receive any separation payments
for the sick leave balance.

(c) The employee's employment with the department takes
place within ten years after the date on which the employee
separated from the school district.

(F) An employee who transfers from one public agency to
another shall be credited with the unused balance of the
employee's accumulated sick leave.

(G) The director of administrative services shall
establish procedures to uniformly administer this section. No
sick leave may be granted to a state employee upon or after the
employee's retirement or termination of employment.
(H) As used in this division, "active payroll" means conditions under which an employee is in active pay status or eligible to receive pay for an approved leave of absence, including, but not limited to, occupational injury leave, disability leave, or workers' compensation.

(1) Employees who are in active payroll status on June 18, 2011, shall receive a one-time credit of additional sick leave in the pay period that begins on July 1, 2011. Full-time employees shall receive the lesser of either a one-time credit of thirty-two hours of additional sick leave or a one-time credit of additional sick leave equivalent to half the hours of personal leave the employee lost during the moratorium established under either division (A) of section 124.386 of the Revised Code or pursuant to a rule of the director of administrative services. Part-time employees shall receive a one-time credit of sixteen hours of additional sick leave.

(2) Employees who are not in active payroll status due to military leave or an absence taken in accordance with the federal "Family and Medical Leave Act" are eligible to receive the one-time additional sick leave credit.

(3) The one-time additional sick leave credit does not apply to employees of the supreme court, general assembly, legislative service commission, secretary of state, auditor of state, treasurer of state, or attorney general unless the supreme court, general assembly, legislative service commission, secretary of state, auditor of state, treasurer of state, or attorney general participated in the moratorium under division (H) or (I) of section 124.386 of the Revised Code and notifies in writing the director of administrative services on or before June 1, 2011, of the decision to participate in the one-time
additional sick leave credit. Written notice under this division shall be signed by the appointing authority for employees of the supreme court, general assembly, or legislative service commission, as the case may be.

**Sec. 124.384.** (A) Except as otherwise provided in this section, employees whose salaries or wages are paid by warrant of the director of budget and management and who have accumulated sick leave under section 124.38 or 124.382 of the Revised Code shall be paid for a percentage of their accumulated balances, upon separation for any reason, including death but excluding retirement, at their last base rate of pay at the rate of one hour of pay for every two hours of accumulated balances. An employee who retires in accordance with any retirement plan offered by the state shall be paid upon retirement for each hour of the employee's accumulated sick leave balance at a rate of fifty-five per cent of the employee's last base rate of pay.

An employee serving in a temporary work level who elects to convert unused sick leave to cash shall do so at the base rate of pay of the employee's normal classification. If an employee dies, the employee's unused sick leave shall be paid in accordance with section 2113.04 of the Revised Code or to the employee's estate.

In order to be eligible for the payment authorized by this section, an employee shall have at least one year of state service and shall request all or a portion of that payment no later than three years after separation from state service. No person is eligible to receive all or a portion of the payment authorized by this section at any time later than three years after the person's separation from state service.

(B) A person initially employed on or after July 5, 1987,
by a state agency in which the employees' salaries or wages are
paid directly by warrant of the director of budget and
management shall receive payment under this section only for
sick leave accumulated while employed by state agencies in which
the employees' salaries or wages are paid directly by warrant of
the director of budget and management. Additionally, a person
initially employed on or after July 5, 1987, but before October
1, 2017, by the state department of education and workforce as
an unclassified employee shall receive payment under this
section for sick leave placed to the employee's credit under
division (E)(2) of section 124.382 of the Revised Code.

(C) For employees paid in accordance with section 124.152
of the Revised Code and those employees listed in divisions (B)
(2) and (4) of section 124.14 of the Revised Code, the director
of administrative services, with the approval of the director of
budget and management, may establish a plan for early payment of
accrued sick leave and vacation leave.

Sec. 125.05. Except as provided in division (D) or (E) of
this section, no state agency shall purchase any supplies or
services except as provided in divisions (A) to (C) of this
section.

(A) A state agency may, without competitive selection,
make any purchase of supplies or services that cost less than
fifty thousand dollars after complying with divisions (A) to (E)
of section 125.035 of the Revised Code. The agency may make the
purchase directly or may make the purchase from or through the
department of administrative services, whichever the agency
determines. The agency shall adopt written procedures consistent
with the department's purchasing procedures and shall use those
procedures when making purchases under this division.
Section 127.16 of the Revised Code does not apply to purchases made under this division.

(B) A state agency shall make purchases of supplies and services that cost fifty thousand dollars or more through the department of administrative services and the process provided in section 125.035 of the Revised Code, unless the department grants a waiver under division (D) or (E) of that section and a release and permit under division (G) of that section.

(C) An agency that has been granted a release and permit under division (G) of section 125.035 of the Revised Code to make a purchase may make the purchase without competitive selection if after making the purchase the cumulative purchase threshold as computed under division (E) of section 127.16 of the Revised Code would:

(1) Be exceeded and the controlling board approves the purchase;

(2) Not be exceeded and the department of administrative services approves the purchase.

(D) If the department of education and workforce or the Ohio education computer network determines that it can purchase software services or supplies for specified school districts at a price less than the price for which the districts could purchase the same software services or supplies for themselves, the department or network shall certify that fact to the department of administrative services and, acting as an agent for the specified school districts, shall make that purchase without following the provisions in divisions (A) to (D) of this section.

(E) When the purchase cost of personal protective
equipment is less than fifty thousand dollars, a state agency shall comply with divisions (A) to (E) of section 125.035 of the Revised Code. If the purchase is not subject to the requirements of an applicable first or second requisite procurement program, the agency shall apply the same preferences in section 125.09 of the Revised Code when making the purchase. As used in this division, "personal protective equipment" means equipment worn to minimize exposure to hazards that cause workplace injuries and illnesses.

Sec. 125.13. (A) As used in this section:

(1) "Emergency medical service organization" has the same meaning as in section 4765.01 of the Revised Code.

(2) "Private fire company" has the same meaning as in section 9.60 of the Revised Code.

(B) Whenever a state agency has excess or surplus supplies, it shall notify the director of administrative services. On forms provided by the director, the state agency shall furnish to the director a list of its excess and surplus supplies, including the location of the supplies and whether the supplies are currently in the agency's control.

(C) Upon receipt of notification and at no cost to the state agency, the director of administrative services shall make arrangements for their disposition and shall take immediate control of a state agency's excess and surplus supplies, except for the following excess and surplus supplies:

(1) Excess or surplus supplies that have a value below the minimum value that the director establishes for excess and surplus supplies under division (F) of this section;

(2) Excess or surplus supplies that the director has
authorized an agency to donate to a governmental agency, including, but not limited to, public schools and surplus computers and computer equipment transferred to a public school under division (G) of this section;

(3) Excess or surplus supplies that an agency trades in as full or partial payment when purchasing a replacement item;

(4) Hazardous property;

(5) Excess or surplus supplies that the director has authorized to be part of an interagency transfer;

(6) Excess or surplus supplies that are donated under division (H) of this section.

(D) The director shall inventory excess and surplus supplies in the director's control and post on a public web site a list of the supplies available for acquisition. The director may have the supplies repaired. The director shall not charge a fee for the collection or transportation of excess and surplus supplies.

(E) The director may do any of the following:

(1) Dispose of declared surplus or excess supplies in the director's control by sale, lease, donation, or transfer. If the director does so, the director shall dispose of those supplies in any of the following manners:

(a) To state agencies or by interagency trade;

(b) To state-supported or state-assisted institutions of higher education;

(c) To tax-supported agencies, municipal corporations, or other political subdivisions of this state, private fire
companies, or private, nonprofit emergency medical service
organizations;

(d) To nonpublic elementary and secondary schools chartered by the state board of education and workforce under section 3301.16 of the Revised Code;

(e) To a nonprofit organization that is both exempt from federal income taxation under 26 U.S.C. 501(a) and (c)(3) and that receives funds from the state or has a contract with the state;

(f) To the general public by auction, sealed bid, sale, or negotiation.

(2) If the director has attempted to dispose of any declared surplus or excess motor vehicle that does not exceed four thousand five hundred dollars in value pursuant to divisions (E)(1)(a) to (c) of this section, donate the motor vehicle to a nonprofit organization exempt from federal income taxation pursuant to 26 U.S.C. 501(a) and (c)(3) for the purpose of meeting the transportation needs of participants in the Ohio works first program established under Chapter 5107. of the Revised Code and participants in the prevention, retention, and contingency program established under Chapter 5108. of the Revised Code. The director may not donate a motor vehicle furnished to the state highway patrol to a nonprofit organization pursuant to this division.

(F) The director may adopt rules governing the sale, lease, or transfer of surplus and excess supplies in the director's control by public auction, sealed bid, sale, or negotiation, except that no employee of the disposing agency shall be allowed to purchase, lease, or receive any such
supplies. The director may dispose of declared surplus or excess
supplies, including motor vehicles, in the director's control as
the director determines proper if such supplies cannot be
disposed of pursuant to division (E) of this section. The
director shall by rule establish a minimum value for excess and
surplus supplies and prescribe procedures for a state agency to
follow in disposing of excess and surplus supplies in its
control that have a value below the minimum value established by
the director.

(G) The director of administrative services may authorize
any state agency to transfer surplus computers and computer
equipment that are not needed by other state agencies directly
to an accredited public school within the state. The computers
and computer equipment may be repaired or refurbished prior to
transfer. The state agency may charge a service fee to the
public schools for the property not to exceed the direct cost of
repairing or refurbishing it. The state agency shall deposit
such funds into the account used for repair or refurbishment.

(H) Excess and surplus supplies of food shall be exempt
from this section and may be donated directly to nonprofit food
pantries and institutions without notification to the director
of administrative services.

Sec. 133.06. (A) A school district shall not incur,
without a vote of the electors, net indebtedness that exceeds an
amount equal to one-tenth of one per cent of its tax valuation,
except as provided in divisions (G) and (H) of this section and
in division (D) of section 3313.372 of the Revised Code, or as
prescribed in section 3318.052 or 3318.44 of the Revised Code,
or as provided in division (J) of this section.

(B) Except as provided in divisions (E), (F), and (I) of
this section, a school district shall not incur net indebtedness
that exceeds an amount equal to nine per cent of its tax
valuation.

(C) A school district shall not submit to a vote of the
electors the question of the issuance of securities in an amount
that will make the district's net indebtedness after the
issuance of the securities exceed an amount equal to four per
cent of its tax valuation, unless the superintendent of public
instruction, director of education and workforce, acting under
policies adopted by the state board of education and
workforce, and the tax commissioner, acting under written
policies of the commissioner, consent to the submission. A
request for the consents shall be made at least one hundred
twenty days prior to the election at which the question is to be
submitted.

The superintendent of public instruction, director of
education and workforce shall certify to the district the
superintendent's, director's, and the tax commissioner's decisions
within thirty days after receipt of the request for consents.

If the electors do not approve the issuance of securities
at the election for which the superintendent of public
instruction, director of education and workforce and tax
commissioner consented to the submission of the question, the
school district may submit the same question to the electors on
the date that the next special election may be held under
section 3501.01 of the Revised Code without submitting a new
request for consent. If the school district seeks to submit the
same question at any other subsequent election, the district
shall first submit a new request for consent in accordance with
this division.
(D) In calculating the net indebtedness of a school district, none of the following shall be considered:

1. Securities issued to acquire school buses and other equipment used in transporting pupils or issued pursuant to division (D) of section 133.10 of the Revised Code;

2. Securities issued under division (F) of this section and, to the extent in excess of the limitation stated in division (B) of this section, under division (E) of this section;

3. Indebtedness resulting from the dissolution of a joint vocational school district under section 3311.217 of the Revised Code, evidenced by outstanding securities of that joint vocational school district;

4. Loans, evidenced by any securities, received under sections 3313.483, 3317.0210, and 3317.0211 of the Revised Code;

5. Debt incurred under section 3313.374 of the Revised Code;

6. Debt incurred pursuant to division (B)(5) of section 3313.37 of the Revised Code to acquire computers and related hardware;

7. Debt incurred under section 3318.042 of the Revised Code;

8. Debt incurred under section 5705.2112 or 5705.2113 of the Revised Code by the fiscal board of a qualifying partnership of which the school district is a participating school district.

(E) A school district may become a special needs district as to certain securities as provided in division (E) of this section.
(1) A board of education, by resolution, may declare its school district to be a special needs district by determining both of the following:

   (a) The student population is not being adequately serviced by the existing permanent improvements of the district.

   (b) The district cannot obtain sufficient funds by the issuance of securities within the limitation of division (B) of this section to provide additional or improved needed permanent improvements in time to meet the needs.

(2) The board of education shall certify a copy of that resolution to the superintendent of public instruction with a statistical report showing all of the following:

   (a) The history of and a projection of the growth of the tax valuation;

   (b) The projected needs;

   (c) The estimated cost of permanent improvements proposed to meet such projected needs.

(3) The superintendent of public instruction shall certify the district as an approved special needs district if the superintendent finds both of the following:

   (a) The district does not have available sufficient additional funds from state or federal sources to meet the projected needs.

   (b) The projection of the potential average growth of tax valuation during the next five years, according to the information certified to the superintendent and any
other information the superintendent-director obtains, indicates a likelihood of potential average growth of tax valuation of the district during the next five years of an average of not less than one and one-half per cent per year. The findings and certification of the superintendent-director shall be conclusive.

(4) An approved special needs district may incur net indebtedness by the issuance of securities in accordance with the provisions of this chapter in an amount that does not exceed an amount equal to the greater of the following:

(a) Twelve per cent of the sum of its tax valuation plus an amount that is the product of multiplying that tax valuation by the percentage by which the tax valuation has increased over the tax valuation on the first day of the sixtieth month preceding the month in which its board determines to submit to the electors the question of issuing the proposed securities;

(b) Twelve per cent of the sum of its tax valuation plus an amount that is the product of multiplying that tax valuation by the percentage, determined by the superintendent of public instruction-director of education and workforce, by which that tax valuation is projected to increase during the next ten years.

(F) A school district may issue securities for emergency purposes, in a principal amount that does not exceed an amount equal to three per cent of its tax valuation, as provided in this division.

(1) A board of education, by resolution, may declare an emergency if it determines both of the following:

(a) School buildings or other necessary school facilities
in the district have been wholly or partially destroyed, or
condemned by a constituted public authority, or that such
buildings or facilities are partially constructed, or so
constructed or planned as to require additions and improvements
to them before the buildings or facilities are usable for their
intended purpose, or that corrections to permanent improvements
are necessary to remove or prevent health or safety hazards.

(b) Existing fiscal and net indebtedness limitations make
adequate replacement, additions, or improvements impossible.

(2) Upon the declaration of an emergency, the board of
education may, by resolution, submit to the electors of the
district pursuant to section 133.18 of the Revised Code the
question of issuing securities for the purpose of paying the
cost, in excess of any insurance or condemnation proceeds
received by the district, of permanent improvements to respond
to the emergency need.

(3) The procedures for the election shall be as provided
in section 133.18 of the Revised Code, except that:

(a) The form of the ballot shall describe the emergency
existing, refer to this division as the authority under which
the emergency is declared, and state that the amount of the
proposed securities exceeds the limitations prescribed by
division (B) of this section;

(b) The resolution required by division (B) of section
133.18 of the Revised Code shall be certified to the county
auditor and the board of elections at least one hundred days
prior to the election;

(c) The county auditor shall advise and, not later than
ninety-five days before the election, confirm that advice by
certification to, the board of education of the information required by division (C) of section 133.18 of the Revised Code;

(d) The board of education shall then certify its resolution and the information required by division (D) of section 133.18 of the Revised Code to the board of elections not less than ninety days prior to the election.

(4) Notwithstanding division (B) of section 133.21 of the Revised Code, the first principal payment of securities issued under this division may be set at any date not later than sixty months after the earliest possible principal payment otherwise provided for in that division.

(G)(1) The board of education may contract with an architect, professional engineer, or other person experienced in the design and implementation of energy conservation measures for an analysis and recommendations pertaining to installations, modifications of installations, or remodeling that would significantly reduce energy consumption in buildings owned by the district. The report shall include estimates of all costs of such installations, modifications, or remodeling, including costs of design, engineering, installation, maintenance, repairs, measurement and verification of energy savings, and debt service, forgone residual value of materials or equipment replaced by the energy conservation measure, as defined by the Ohio facilities construction commission, a baseline analysis of actual energy consumption data for the preceding three years with the utility baseline based on only the actual energy consumption data for the preceding twelve months, and estimates of the amounts by which energy consumption and resultant operational and maintenance costs, as defined by the commission, would be reduced.
If the board finds after receiving the report that the amount of money the district would spend on such installations, modifications, or remodeling is not likely to exceed the amount of money it would save in energy and resultant operational and maintenance costs over the ensuing fifteen years, the board may submit to the commission a copy of its findings and a request for approval to incur indebtedness to finance the making or modification of installations or the remodeling of buildings for the purpose of significantly reducing energy consumption.

The facilities construction commission, in consultation with the auditor of state, may deny a request under division (G) (1) of this section by the board of education of any school district that is in a state of fiscal watch pursuant to division (A) of section 3316.03 of the Revised Code, if it determines that the expenditure of funds is not in the best interest of the school district.

No district board of education of a school district that is in a state of fiscal emergency pursuant to division (B) of section 3316.03 of the Revised Code shall submit a request without submitting evidence that the installations, modifications, or remodeling have been approved by the district's financial planning and supervision commission established under section 3316.05 of the Revised Code.

No board of education of a school district for which an academic distress commission has been established under section 3302.10 of the Revised Code shall submit a request without first receiving approval to incur indebtedness from the district's academic distress commission established under that section, for so long as such commission continues to be required for the district.
(2) The board of education may contract with a person experienced in the implementation of student transportation to produce a report that includes an analysis of and recommendations for the use of alternative fuel vehicles by school districts. The report shall include cost estimates detailing the return on investment over the life of the alternative fuel vehicles and environmental impact of alternative fuel vehicles. The report also shall include estimates of all costs associated with alternative fuel transportation, including facility modifications and vehicle purchase costs or conversion costs.

If the board finds after receiving the report that the amount of money the district would spend on purchasing alternative fuel vehicles or vehicle conversion is not likely to exceed the amount of money it would save in fuel and resultant operational and maintenance costs over the ensuing five years, the board may submit to the commission a copy of its findings and a request for approval to incur indebtedness to finance the purchase of new alternative fuel vehicles or vehicle conversions for the purpose of reducing fuel costs.

The facilities construction commission, in consultation with the auditor of state, may deny a request under division (G) (2) of this section by the board of education of any school district that is in a state of fiscal watch pursuant to division (A) of section 3316.03 of the Revised Code, if it determines that the expenditure of funds is not in the best interest of the school district.

No district board of education of a school district that is in a state of fiscal emergency pursuant to division (B) of section 3316.03 of the Revised Code shall submit a request...
without submitting evidence that the purchase or conversion of alternative fuel vehicles has been approved by the district's financial planning and supervision commission established under section 3316.05 of the Revised Code.

No board of education of a school district for which an academic distress commission has been established under section 3302.10 of the Revised Code shall submit a request without first receiving approval to incur indebtedness from the district's academic distress commission established under that section, for so long as such commission continues to be required for the district.

(3) The facilities construction commission shall approve the board's request provided that the following conditions are satisfied:

(a) The commission determines that the board's findings are reasonable.

(b) The request for approval is complete.

(c) If the request was submitted under division (G)(1) of this section, the installations, modifications, or remodeling are consistent with any project to construct or acquire classroom facilities, or to reconstruct or make additions to existing classroom facilities under sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code.

Upon receipt of the commission's approval, the district may issue securities without a vote of the electors in a principal amount not to exceed nine-tenths of one per cent of its tax valuation for the purpose specified in division (G)(1) or (2) of this section, but the total net indebtedness of the district without a vote of the electors incurred under this and
all other sections of the Revised Code, except section 3318.052 of the Revised Code, shall not exceed one per cent of the district's tax valuation.

(4)(a) So long as any securities issued under division (G)(1) of this section remain outstanding, the board of education shall monitor the energy consumption and resultant operational and maintenance costs of buildings in which installations or modifications have been made or remodeling has been done pursuant to that division. Except as provided in division (G)(4)(b) of this section, the board shall maintain and annually update a report in a form and manner prescribed by the facilities construction commission documenting the reductions in energy consumption and resultant operational and maintenance cost savings attributable to such installations, modifications, or remodeling. The resultant operational and maintenance cost savings shall be certified by the school district treasurer. The report shall be submitted annually to the commission.

(b) If the facilities construction commission verifies that the certified annual reports submitted to the commission by a board of education under division (G)(4)(a) of this section fulfill the guarantee required under division (B) of section 3313.372 of the Revised Code for three consecutive years, the board of education shall no longer be subject to the annual reporting requirements of division (G)(4)(a) of this section.

(5) So long as any securities issued under division (G)(2) of this section remain outstanding, the board of education shall monitor the purchase of new alternative fuel vehicles or vehicle conversions pursuant to that division. The board shall maintain and annually update a report in a form and manner prescribed by the facilities construction commission documenting the purchase
of new alternative fuel vehicles or vehicle conversions, the
associated environmental impact, and return on investment. The
resultant fuel and operational and maintenance cost savings
shall be certified by the school district treasurer. The report
shall be submitted annually to the commission.

(H) With the consent of the superintendent of public
instruction, director of education and workforce, a school
district may incur without a vote of the electors net
indebtedness that exceeds the amounts stated in divisions (A)
and (G) of this section for the purpose of paying costs of
permanent improvements, if and to the extent that both of the
following conditions are satisfied:

(1) The fiscal officer of the school district estimates
that receipts of the school district from payments made under or
pursuant to agreements entered into pursuant to section 725.02,
1728.10, 3735.671, 5709.081, 5709.082, 5709.40, 5709.41,
5709.45, 5709.57, 5709.62, 5709.63, 5709.632, 5709.73, 5709.78,
or 5709.82 of the Revised Code, or distributions under division
(C) of section 5709.43 or division (B) of section 5709.47 of the
Revised Code, or any combination thereof, are, after accounting
for any appropriate coverage requirements, sufficient in time
and amount, and are committed by the proceedings, to pay the
debt charges on the securities issued to evidence that
indebtedness and payable from those receipts, and the taxing
authority of the district confirms the fiscal officer's
estimate, which confirmation is approved by the superintendent
of public instruction, director of education and workforce;

(2) The fiscal officer of the school district certifies,
and the taxing authority of the district confirms, that the
district, at the time of the certification and confirmation,
reasonably expects to have sufficient revenue available for the purpose of operating such permanent improvements for their intended purpose upon acquisition or completion thereof, and the superintendent of public instruction—director of education and workforce approves the taxing authority's confirmation.

The maximum maturity of securities issued under division (H) of this section shall be the lesser of twenty years or the maximum maturity calculated under section 133.20 of the Revised Code.

(I) A school district may incur net indebtedness by the issuance of securities in accordance with the provisions of this chapter in excess of the limit specified in division (B) or (C) of this section when necessary to raise the school district portion of the basic project cost and any additional funds necessary to participate in a project under Chapter 3318. of the Revised Code, including the cost of items designated by the facilities construction commission as required locally funded initiatives, the cost of other locally funded initiatives in an amount that does not exceed fifty per cent of the district's portion of the basic project cost, and the cost for site acquisition. A school district shall notify the superintendent of public instruction—director of education and workforce whenever that district will exceed either limit pursuant to this division.

(J) A school district whose portion of the basic project cost of its classroom facilities project under sections 3318.01 to 3318.20 of the Revised Code is greater than or equal to one hundred million dollars may incur without a vote of the electors net indebtedness in an amount up to two per cent of its tax valuation through the issuance of general obligation securities.
in order to generate all or part of the amount of its portion of
the basic project cost if the controlling board has approved the
facilities construction commission's conditional approval of the
project under section 3318.04 of the Revised Code. The school
district board and the Ohio facilities construction commission
shall include the dedication of the proceeds of such securities
in the agreement entered into under section 3318.08 of the
Revised Code. No state moneys shall be released for a project to
which this section applies until the proceeds of any bonds
issued under this section that are dedicated for the payment of
the school district portion of the project are first deposited
into the school district's project construction fund.

Sec. 133.061. (A) This section applies only to a school
district that satisfies all of the following conditions:

(1) The district, prior to June 30, 2007, undertook a
classroom facilities project under section 3318.37 of the
Revised Code.

(2) The district will undertake a subsequent classroom
facilities project under section 3318.37 of the Revised Code

incur net indebtedness by the issuance of securities in
accordance with the provisions of this chapter in excess of the
limit specified in division (B) or (C) of section 133.06 of the
Revised Code when necessary to raise the school district portion
of the basic project cost and any additional funds necessary to
participate in the classroom facilities project described in
division (A)(2) of this section, including the cost of items
designated by the Ohio facilities construction commission as
required locally funded initiatives, the cost for site
acquisition, and the cost of the locally funded initiatives that
are not required by the commission described in division (A)(3)
of this section, as long as the district's total net
indebtedness after the issuance of those securities does not
exceed one hundred twenty-five per cent of the limit prescribed
in division (B) of section 133.06 of the Revised Code and the
electors of the district approve the issuance of those
securities.

The facilities construction commission shall notify the
superintendent of public instruction, director of education and
workforce whenever a school district will exceed either limit
pursuant to this section.

Sec. 135.142. (A) In addition to the investments
authorized by section 135.14 of the Revised Code, any board of

(1) Commercial paper notes issued by any entity that is
defined in division (D) of section 1705.01 or division (E)(K)

The type and amount of such training shall be approved and may be conducted by or provided under the supervision of the treasurer of state.

(C) The treasurer of the board of education shall prepare annually and submit to the board of education, the superintendent of public instruction, director of education and workforce, and the auditor of state, on or before the thirty-first day of August, a report listing each investment made
pursuant to division (A) of this section during the preceding fiscal year, income earned from such investments, fees and commissions paid pursuant to division (D) of this section, and any other information required by the board, the superintendent, director, and the auditor of state.

(D) A board of education may make appropriations and expenditures for fees and commissions in connection with investments made pursuant to division (A) of this section.

The collateral shall be delivered to and held by a custodian acceptable to the treasurer of state, marked to market daily, and any default to be cured within twelve hours. Unlimited substitution shall be allowed of comparable securities.

(C) Establish "general schedules" proposing the disposal, after the lapse of specified periods of time, of records of specified form or character common to several or all agencies that either have accumulated or may accumulate in such agencies and that apparently will not, after the lapse of the periods specified, have sufficient administrative, legal, fiscal, or other value to warrant their further preservation by the state;

(D) Establish and maintain a records management training program, and provide a basic consulting service, for personnel involved in record-making and record-keeping functions of departments, offices, and institutions;

(E) Provide for the disposition of any remaining records of any state agency, board, or commission, whether in the executive, judicial, or legislative branch of government, that

(2) Two members shall be members of the senate appointed by the governor after consultation with the president of the senate, with one member being from the majority party and one member being from the minority party, to serve a term of the remainder of the general assembly during which the senator is appointed.  

(3) Three nonvoting ex officio members, to serve until the ex officio member ceases to hold the applicable office:  

(a) The superintendent of public instruction
education and workforce;

Any member appointed to fill a vacancy occurring prior to the expiration of the term for which the member's predecessor was appointed shall hold office for the remainder of that term. Any appointed member shall continue in office subsequent to the expiration of that member's term until the member's successor takes office or until a period of sixty days has elapsed, whichever occurs first.

Sec. 319.301. (A) The reductions required by division (D) of this section do not apply to any of the following:

(1) Taxes levied at whatever rate is required to produce a specified amount of tax money, including a tax levied under section 5705.199 or 5748.09 of the Revised Code, or an amount to pay debt charges;

(2) Taxes levied within the one per cent limitation imposed by Section 2 of Article XII, Ohio Constitution;
(3) Taxes provided for by the charter of a municipal corporation.

(B) As used in this section:

(1) "Real property" includes real property owned by a railroad.

(2) "Carryover property" means all real property on the current year's tax list except:

(a) Land and improvements that were not taxed by the district in both the preceding year and the current year;

(b) Land and improvements that were not in the same class in both the preceding year and the current year.

(3) "Effective tax rate" means with respect to each class of property:

(a) The sum of the total taxes that would have been charged and payable for current expenses against real property in that class if each of the district's taxes were reduced for the current year under division (D)(1) of this section without regard to the application of division (E)(3) of this section divided by

(b) The taxable value of all real property in that class.

(4) "Taxes charged and payable" means the taxes charged and payable prior to any reduction required by section 319.302 of the Revised Code.

(C) The tax commissioner shall make the determinations required by this section each year, without regard to whether a taxing district has territory in a county to which section 5715.24 of the Revised Code applies for that year. Separate
determinations shall be made for each of the two classes established pursuant to section 5713.041 of the Revised Code.

(D) With respect to each tax authorized to be levied by each taxing district, the tax commissioner, annually, shall do both of the following:

(1) Determine by what percentage, if any, the sums levied by such tax against the carryover property in each class would have to be reduced for the tax to levy the same number of dollars against such property in that class in the current year as were charged against such property by such tax in the preceding year subsequent to the reduction made under this section but before the reduction made under section 319.302 of the Revised Code. In the case of a tax levied for the first time that is not a renewal of an existing tax, the commissioner shall determine by what percentage the sums that would otherwise be levied by such tax against carryover property in each class would have to be reduced to equal the amount that would have been levied if the full rate thereof had been imposed against the total taxable value of such property in the preceding tax year. A tax or portion of a tax that is designated a replacement levy under section 5705.192 of the Revised Code is not a renewal of an existing tax for purposes of this division.

(2) Certify each percentage determined in division (D)(1) of this section, as adjusted under division (E) of this section, and the class of property to which that percentage applies to the auditor of each county in which the district has territory. The auditor, after complying with section 319.30 of the Revised Code, shall reduce the sum to be levied by such tax against each parcel of real property in the district by the percentage so certified for its class. Certification shall be made by the
first day of September except in the case of a tax levied for the first time, in which case certification shall be made within fifteen days of the date the county auditor submits the information necessary to make the required determination.

(E)(1) As used in division (E)(2) of this section, "pre-1982 joint vocational taxes" means, with respect to a class of property, the difference between the following amounts:

(a) The taxes charged and payable in tax year 1981 against the property in that class for the current expenses of the joint vocational school district of which the school district is a part after making all reductions under this section;

(b) Two-tenths of one per cent of the taxable value of all real property in that class.

If the amount in division (E)(1)(b) of this section exceeds the amount in division (E)(1)(a) of this section, the pre-1982 joint vocational taxes shall be zero.

As used in divisions (E)(2) and (3) of this section, "taxes charged and payable" has the same meaning as in division (B)(4) of this section and excludes any tax charged and payable in 1985 or thereafter under sections 5705.194 to 5705.197 or section 5705.199, 5705.213, 5705.219, or 5748.09 of the Revised Code.

(2) If in the case of a school district other than a joint vocational or cooperative education school district any percentage required to be used in division (D)(2) of this section for either class of property could cause the total taxes charged and payable for current expenses to be less than two per cent of the taxable value of all real property in that class that is subject to taxation by the district, the commissioner
shall determine what percentages would cause the district's total taxes charged and payable for current expenses against that class, after all reductions that would otherwise be made under this section, to equal, when combined with the pre-1982 joint vocational taxes against that class, the lesser of the following:

(a) The sum of the rates at which those taxes are authorized to be levied;

(b) Two per cent of the taxable value of the property in that class. The auditor shall use such percentages in making the reduction required by this section for that class.

(3) If in the case of a joint vocational school district any percentage required to be used in division (D)(2) of this section for either class of property could cause the total taxes charged and payable for current expenses for that class to be less than two-tenths of one per cent of the taxable value of that class, the commissioner shall determine what percentages would cause the district's total taxes charged and payable for current expenses for that class, after all reductions that would otherwise be made under this section, to equal that amount. The auditor shall use such percentages in making the reductions required by this section for that class.

(F) No reduction shall be made under this section in the rate at which any tax is levied.

(G) The commissioner may order a county auditor to furnish any information the commissioner needs to make the determinations required under division (D) or (E) of this section, and the auditor shall supply the information in the form and by the date specified in the order. If the auditor
fails to comply with an order issued under this division, except for good cause as determined by the commissioner, the commissioner shall withhold from such county or taxing district therein fifty per cent of state revenues to local governments pursuant to section 5747.50 of the Revised Code or shall direct the department of education and workforce to withhold therefrom fifty per cent of state revenues to school districts pursuant to Chapter 3317. of the Revised Code. The commissioner shall withhold the distribution of such revenues until the county auditor has complied with this division, and the department shall withhold the distribution of such revenues until the commissioner has notified the department that the county auditor has complied with this division.

(H) If the commissioner is unable to certify a tax reduction factor for either class of property in a taxing district located in more than one county by the last day of November because information required under division (G) of this section is unavailable, the commissioner may compute and certify an estimated tax reduction factor for that district for that class. If the court grants permanent custody under this division, the court, upon the request of any party, shall file a written opinion setting forth its findings of fact.
and conclusions of law in relation to the proceeding.

(5) Place the child in a planned permanent living arrangement with a public children services agency or private child placing agency, if a public children services agency or private child placing agency requests the court to place the child in a planned permanent living arrangement and if the court finds, by clear and convincing evidence, that a planned permanent living arrangement is in the best interest of the child, that the child is sixteen years of age or older, and that one of the following exists:

(a) The child, because of physical, mental, or psychological problems or needs, is unable to function in a family-like setting and must remain in residential or institutional care now and for the foreseeable future beyond the date of the dispositional hearing held pursuant to section 2151.35 of the Revised Code.

(b) The parents of the child have significant physical, mental, or psychological problems and are unable to care for the child because of those problems, adoption is not in the best interest of the child, as determined in accordance with division (D)(1) of section 2151.414 of the Revised Code, and the child retains a significant and positive relationship with a parent or relative.

(c) The child has been counseled on the permanent placement options available to the child, and is unwilling to accept or unable to adapt to a permanent placement.

(6) Order the removal from the child's home until further order of the court of the person who committed abuse as described in section 2151.031 of the Revised Code against the
child, who caused or allowed the child to suffer neglect as described in section 2151.03 of the Revised Code, or who is the parent, guardian, or custodian of a child who is adjudicated a dependent child and order any person not to have contact with the child or the child's siblings.

(B)(1) When making a determination on whether to place a child in a planned permanent living arrangement pursuant to division (A)(5)(b) or (c) of this section, the court shall consider all relevant information that has been presented to the court, including information gathered from the child, the child's guardian ad litem, and the public children services agency or private child placing agency.

(2) A child who is placed in a planned permanent living arrangement pursuant to division (A)(5)(b) or (c) of this section shall be placed in an independent living setting or in a family setting in which the caregiver has been provided by the agency that has custody of the child with a notice that addresses the following:

(a) The caregiver understands that the planned permanent living arrangement is intended to be permanent in nature and that the caregiver will provide a stable placement for the child through the child's emancipation or until the court releases the child from the custody of the agency, whichever occurs first.

(b) The caregiver is expected to actively participate in the youth's independent living case plan, attend agency team meetings and court hearings as appropriate, complete training, as developed and implemented under section 5103.035 of the Revised Code, related to providing the child independent living services, and assist in the child's transition into adulthood.
(3) The department of job and family services shall develop a model notice to be provided by an agency that has custody of a child to a caregiver under division (B)(2) of this section. The agency may modify the model notice to apply to the needs of the agency.

(C) No order for permanent custody or temporary custody of a child or the placement of a child in a planned permanent living arrangement shall be made pursuant to this section unless the complaint alleging the abuse, neglect, or dependency contains a prayer requesting permanent custody, temporary custody, or the placement of the child in a planned permanent living arrangement as desired, the summons served on the parents of the child contains as is appropriate a full explanation that the granting of an order for permanent custody permanently divests them of their parental rights, a full explanation that an adjudication that the child is an abused, neglected, or dependent child may result in an order of temporary custody that will cause the removal of the child from their legal custody until the court terminates the order of temporary custody or permanently divests the parents of their parental rights, or a full explanation that the granting of an order for a planned permanent living arrangement will result in the removal of the child from their legal custody if any of the conditions listed in divisions (A)(5)(a) to (c) of this section are found to exist, and the summons served on the parents contains a full explanation of their right to be represented by counsel and to have counsel appointed pursuant to Chapter 120. of the Revised Code if they are indigent.

If after making disposition as authorized by division (A) (2) of this section, a motion is filed that requests permanent custody of the child, the court may grant permanent custody of
the child to the movant in accordance with section 2151.414 of
the Revised Code.

(D) If the court issues an order for protective
supervision pursuant to division (A)(1) of this section, the
court may place any reasonable restrictions upon the child, the
child's parents, guardian, or custodian, or any other person,
including, but not limited to, any of the following:

(1) Order a party, within forty-eight hours after the
issuance of the order, to vacate the child's home indefinitely
or for a specified period of time;

(2) Order a party, a parent of the child, or a physical
custodian of the child to prevent any particular person from
having contact with the child;

(3) Issue an order restraining or otherwise controlling
the conduct of any person which conduct would not be in the best
interest of the child.

(E) As part of its dispositional order, the court shall
journalize a case plan for the child. The journalized case plan
shall not be changed except as provided in section 2151.412 of
the Revised Code.

(F)(1) The court shall retain jurisdiction over any child
for whom the court issues an order of disposition pursuant to
division (A) of this section or pursuant to section 2151.414 or
2151.415 of the Revised Code until the child attains the age of
eighteen years if the child does not have a developmental
disability or physical impairment, the child attains the age of
twenty-one years if the child has a developmental disability or
physical impairment, or the child is adopted and a final decree
of adoption is issued, except that the court may retain
jurisdiction over the child and continue any order of
disposition under division (A) of this section or under section
2151.414 or 2151.415 of the Revised Code for a specified period
of time to enable the child to graduate from high school or
vocational school. The court shall make an entry continuing its
jurisdiction under this division in the journal.

(2) Any public children services agency, any private child
placing agency, the department of job and family services, or
any party, other than any parent whose parental rights with
respect to the child have been terminated pursuant to an order
issued under division (A)(4) of this section, by filing a motion
with the court, may at any time request the court to modify or
terminate any order of disposition issued pursuant to division
(A) of this section or section 2151.414 or 2151.415 of the
Revised Code. The court shall hold a hearing upon the motion as
if the hearing were the original dispositional hearing and shall
give all parties to the action and the guardian ad litem notice
of the hearing pursuant to the Juvenile Rules. If applicable,
the court shall comply with section 2151.42 of the Revised Code.

(G) Any temporary custody order issued pursuant to
division (A) of this section shall terminate one year after the
earlier of the date on which the complaint in the case was filed
or the child was first placed into shelter care, except that,
upon the filing of a motion pursuant to section 2151.415 of the
Revised Code, the temporary custody order shall continue and not
terminate until the court issues a dispositional order under
that section. In resolving the motion, the court shall not order
an existing temporary custody order to continue beyond two years
after the date on which the complaint was filed or the child was
first placed into shelter care, whichever date is earlier,
regardless of whether any extensions have been previously
ordered pursuant to division (D) of section 2151.415 of the Revised Code.

(H)(1) No later than one year after the earlier of the date the complaint in the case was filed or the child was first placed in shelter care, a party may ask the court to extend an order for protective supervision for six months or to terminate the order. A party requesting extension or termination of the order shall file a written request for the extension or termination with the court and give notice of the proposed extension or termination in writing before the end of the day after the day of filing it to all parties and the child's guardian ad litem. If a public children services agency or private child placing agency requests termination of the order, the agency shall file a written status report setting out the facts supporting termination of the order at the time it files the request with the court. If no party requests extension or termination of the order, the court shall notify the parties that the court will extend the order for six months or terminate it and that it may do so without a hearing unless one of the parties requests a hearing. All parties and the guardian ad litem shall have seven days from the date a notice is sent pursuant to this division to object to and request a hearing on the proposed extension or termination.

(a) If it receives a timely request for a hearing, the court shall schedule a hearing to be held no later than thirty days after the request is received by the court. The court shall give notice of the date, time, and location of the hearing to all parties and the guardian ad litem. At the hearing, the court shall determine whether extension or termination of the order is in the child's best interest. If termination is in the child's best interest, the court shall terminate the order. If extension
is in the child's best interest, the court shall extend the order for six months.

(b) If it does not receive a timely request for a hearing, the court may extend the order for six months or terminate it without a hearing and shall journalize the order of extension or termination not later than fourteen days after receiving the request for extension or termination or after the date the court notifies the parties that it will extend or terminate the order. If the court does not extend or terminate the order, it shall schedule a hearing to be held no later than thirty days after the expiration of the applicable fourteen-day time period and give notice of the date, time, and location of the hearing to all parties and the child's guardian ad litem. At the hearing, the court shall determine whether extension or termination of the order is in the child's best interest. If termination is in the child's best interest, the court shall terminate the order. If extension is in the child's best interest, the court shall issue an order extending the order for protective supervision six months.

(2) If the court grants an extension of the order for protective supervision pursuant to division (H)(1) of this section, a party may, prior to termination of the extension, file with the court a request for an additional extension of six months or for termination of the order. The court and the parties shall comply with division (H)(1) of this section with respect to extending or terminating the order.

(3) If a court grants an extension pursuant to division (H)(2) of this section, the court shall terminate the order for protective supervision at the end of the extension.

(I) The court shall not issue a dispositional order
pursuant to division (A) of this section that removes a child from the child's home unless the court complies with section 2151.419 of the Revised Code and includes in the dispositional order the findings of fact required by that section.

(J) If a motion or application for an order described in division (A)(6) of this section is made, the court shall not issue the order unless, prior to the issuance of the order, it provides to the person all of the following:

(1) Notice and a copy of the motion or application;

(2) The grounds for the motion or application;

(3) An opportunity to present evidence and witnesses at a hearing regarding the motion or application;

(4) An opportunity to be represented by counsel at the hearing.

(K) The jurisdiction of the court shall terminate one year after the date of the award or, if the court takes any further action in the matter subsequent to the award, the date of the latest further action subsequent to the award, if the court awards legal custody of a child to either of the following:

(1) A legal custodian who, at the time of the award of legal custody, resides in a county of this state other than the county in which the court is located;

(2) A legal custodian who resides in the county in which the court is located at the time of the award of legal custody, but moves to a different county of this state prior to one year after the date of the award or, if the court takes any further action in the matter subsequent to the award, one year after the date of the latest further action subsequent to the award.
The court in the county in which the legal custodian resides then shall have jurisdiction in the matter.

Sec. 2151.357. (A) If the court orders the records of a person sealed pursuant to section 2151.356 of the Revised Code, the person who is subject of the order properly may, and the court shall, reply that no record exists with respect to the person upon any inquiry in the matter, and the court, except as provided in division (D) of this section, shall do all of the following:

(1) Order that the proceedings in a case described in divisions (B) and (C) of section 2151.356 of the Revised Code be deemed never to have occurred;

(2) Except as provided in division (C) of this section, delete all index references to the case and the person so that the references are permanently irretrievable;

(3) Order that all original records of the case maintained by any public office or agency, except fingerprints held by a law enforcement agency, DNA specimens collected pursuant to section 2152.74 of the Revised Code, and DNA records derived from DNA specimens pursuant to section 109.573 of the Revised Code, be delivered to the court;

(4) Order each public office or agency, upon the delivering of records to the court under division (A)(3) of this section, to expunge remaining records of the case that are the subject of the sealing order that are maintained by that public office or agency, except fingerprints, DNA specimens, and DNA records described under division (A)(3) of this section;

(5) Send notice of the order to seal to any public office or agency that the court has reason to believe may have a record
of the sealed record including, but not limited to, the bureau
of criminal identification and investigation;

(6) Seal all of the records delivered to the court under
division (A)(3) of this section, in a separate file in which
only sealed records are maintained.

(B) Except as provided in division (D) of this section, an
order to seal under section 2151.356 of the Revised Code applies
to every public office or agency that has a record relating to
the case, regardless of whether it receives notice of the
hearing on the sealing of the record or a copy of the order.
Except as provided in division (D) of this section, upon the
written request of a person whose record has been sealed and the
presentation of a copy of the order and compliance with division
(A)(3) of this section, a public office or agency shall expunge
its record relating to the case, except a record of the
adjudication or arrest or taking into custody that is maintained
for compiling statistical data and that does not contain any
reference to the person who is the subject of the order.

(C) The court that maintains sealed records pursuant to
this section may maintain a manual or computerized index of the
sealed records and shall make the index available only for the
purposes set forth in division (E) of this section.

(1) Each entry regarding a sealed record in the index of
sealed records shall contain all of the following:

(a) The name of the person who is the subject of the
sealed record;

(b) An alphanumeric identifier relating to the person who
is the subject of the sealed record;

(c) The word "sealed";
(d) The name of the court that has custody of the sealed record.

(2) Any entry regarding a sealed record in the index of sealed records shall not contain either of the following:

(a) The social security number of the person who is subject of the sealed record;

(b) The name or a description of the act committed.

(D) Notwithstanding any provision of this section that requires otherwise, a board of education of a city, local, exempted village, or joint vocational school district that maintains records of an individual who has been permanently excluded under sections 3301.121 and 3313.662 of the Revised Code is permitted to maintain records regarding an adjudication that the individual is a delinquent child that was used as the basis for the individual's permanent exclusion, regardless of a court order to seal the record. An order issued under section 2151.356 of the Revised Code to seal the record of an adjudication that an individual is a delinquent child does not revoke the adjudication order of the superintendent of public instruction, director of education and workforce to permanently exclude the individual who is the subject of the sealing order. An order to seal the record of an adjudication that an individual is a delinquent child may be presented to a district superintendent as evidence to support the contention that the superintendent should recommend that the permanent exclusion of the individual who is the subject of the sealing order be revoked. Except as otherwise authorized by this division and sections 3301.121 and 3313.662 of the Revised Code, any school employee in possession of or having access to the sealed adjudication records of an individual that were the basis of a
permanent exclusion of the individual is subject to division (F) of this section.

(E) Inspection of records that have been ordered sealed under section 2151.356 of the Revised Code may be made only by the following persons or for the following purposes:

(1) By the court;

(2) If the records in question pertain to an act that would be an offense of violence that would be a felony if committed by an adult, by any law enforcement officer or any prosecutor, or the assistants of a law enforcement officer or prosecutor, for any valid law enforcement or prosecutorial purpose;

(3) Upon application by the person who is the subject of the sealed records, by the person that is named in that application;

(4) If the records in question pertain to an alleged violation of division (E)(1) of section 4301.69 of the Revised Code, by any law enforcement officer or any prosecutor, or the assistants of a law enforcement officer or prosecutor, for the purpose of determining whether the person is eligible for diversion under division (E)(2) of section 4301.69 of the Revised Code;

(5) At the request of a party in a civil action that is based on a case the records for which are the subject of a sealing order issued under section 2151.356 of the Revised Code, as needed for the civil action. The party also may copy the records as needed for the civil action. The sealed records shall be used solely in the civil action and are otherwise confidential and subject to the provisions of this section;
(6) By the attorney general or an authorized employee of the attorney general or the court for purposes of determining whether a child is a public registry-qualified juvenile offender registrant, as defined in section 2950.01 of the Revised Code, for purposes of Chapter 2950. of the Revised Code.

(F) No officer or employee of the state or any of its political subdivisions shall knowingly release, disseminate, or make available for any purpose involving employment, bonding, licensing, or education to any person or to any department, agency, or other instrumentality of the state or of any of its political subdivisions any information or other data concerning any arrest, taking into custody, complaint, indictment, information, trial, hearing, adjudication, or correctional supervision, the records of which have been sealed pursuant to section 2151.356 of the Revised Code and the release, dissemination, or making available of which is not expressly permitted by this section. Whoever violates this division is guilty of divulging confidential information, a misdemeanor of the fourth degree.

(G) In any application for employment, license, or other right or privilege, any appearance as a witness, or any other inquiry, a person may not be questioned with respect to any arrest or taking into custody for which the records were sealed. If an inquiry is made in violation of this division, the person may respond as if the sealed arrest or taking into custody did not occur, and the person shall not be subject to any adverse action because of the arrest or taking into custody or the response.

(H) The judgment rendered by the court under this chapter shall not impose any of the civil disabilities ordinarily
imposed by conviction of a crime in that the child is not a criminal by reason of the adjudication, and no child shall be charged with or convicted of a crime in any court except as provided by this chapter. The disposition of a child under the judgment rendered or any evidence given in court shall not operate to disqualify a child in any future civil service examination, appointment, or application. Evidence of a judgment rendered and the disposition of a child under the judgment is not admissible to impeach the credibility of the child in any action or proceeding. Otherwise, the disposition of a child under the judgment rendered or any evidence given in court is admissible as evidence for or against the child in any action or proceeding in any court in accordance with the Rules of Evidence and also may be considered by any court as to the matter of sentence or to the granting of probation, and a court may consider the judgment rendered and the disposition of a child under that judgment for purposes of determining whether the child, for a future criminal conviction or guilty plea, is a repeat violent offender, as defined in section 2929.01 of the Revised Code.

Sec. 2151.362. (A)(1) In the manner prescribed by division (C)(1) or (2) of section 3313.64 of the Revised Code, as applicable, the court, at the time of making any order that removes a child from the child's own home or that vests legal or permanent custody of the child in a person other than the child's parent or a government agency, shall determine the school district that is to bear the cost of educating the child. The court shall make the determination a part of the order that provides for the child's placement or commitment. That school district shall bear the cost of educating the child unless and until the department of education and workforce determines that
a different district shall be responsible for bearing that cost pursuant to division (A)(2) of this section. The court's order shall state that the determination of which school district is responsible to bear the cost of educating the child is subject to re-determination by the department pursuant to that division.

(2) If, while the child is in the custody of a person other than the child's parent or a government agency, the department of education and workforce determines that the place of residence of the child's parent has changed since the court issued its initial order, the department may name a different school district to bear the cost of educating the child. The department shall make this new determination, and any future determinations, based on evidence received from the school district currently responsible to bear the cost of educating the child. If the department finds that the evidence demonstrates to its satisfaction that the residence of the child's parent has changed since the court issued its initial order under division (A)(1) of this section, or since the department last made a determination under division (A)(2) of this section, the department shall name the district in which the child's parent currently resides or, if the parent's residence is not known, the district in which the parent's last known residence is located. If the department cannot determine any Ohio district in which the parent currently resides or has resided, the school district designated in the initial court order under division (A)(1) of this section, or in the most recent determination made by the department under division (A)(2) of this section, shall continue to bear the cost of educating the child.

(B) Whenever a child is placed in a detention facility established under section 2152.41 of the Revised Code or a juvenile facility established under section 2151.65 of the
Revised Code, the facility shall be responsible for coordinating the education of the child. The facility may take any of the following measures in coordinating the education of the child:

(1) If applicable, use the chartered nonpublic school that the facility operates;

(2) Arrange with the school district responsible for bearing the cost of educating the child determined under division (A) of this section, for the facility to educate the child on its own;

(3) Contract with an educational service center for the service center to educate the child;

(4) Contract with the school district in which the facility is located for that school district to educate the child;

(5) If the child is enrolled in an internet- or computer-based community school established under Chapter 3314. of the Revised Code, and provided that the facility possesses the necessary hardware, software, and internet connectivity, permit continued instruction of the child by the internet- or computer-based community school.

If the facility coordinates the education of the child pursuant to division (B)(1), (2), (3), or (4) of this section, the child's school district as determined by the court or the department, in the same manner as prescribed in division (A) of this section, shall pay the cost of educating the child based on the per capita cost of the educational facility within the detention home or juvenile facility.

If the facility coordinates the education of the child pursuant to division (B)(5) of this section, payment for the
cost of educating the child shall be made only as provided in
section 3317.022 of the Revised Code.

(C) Whenever a child is placed by the court in a private
institution, school, or residential treatment center or any
other private facility, the state shall pay to the court a
subsidy to help defray the expense of educating the child in an
amount equal to the product of the daily per capita educational
cost of the private facility, as determined pursuant to this
section, and the number of days the child resides at the private
facility, provided that the subsidy shall not exceed twenty-five
hundred dollars per year per child. The daily per capita
educational cost of a private facility shall be determined by
dividing the actual program cost of the private facility or
twenty-five hundred dollars, whichever is less, by three hundred
sixty-five days or by three hundred sixty-six days for years
that include February twenty-ninth. The state shall pay seventy-
five per cent of the total subsidy for each year quarterly to
the court. The state may adjust the remaining twenty-five per
cent of the total subsidy to be paid to the court for each year
to an amount that is less than twenty-five per cent of the total
subsidy for that year based upon the availability of funds
appropriated to the department of education and workforce for
the purpose of subsidizing courts that place a child in a
private institution, school, or residential treatment center or
any other private facility and shall pay that adjusted amount to
the court at the end of the year.

This division applies to any of the following violations committed in the following specified circumstances:

If the defendant in an action brought by a victim of childhood sexual abuse asserting a claim resulting from childhood sexual abuse

(4) A sheriff required by division (A) or (C) of this section, or authorized by division (D)(2) of this section, to provide notices regarding an offender or delinquent child, or a designee of a sheriff of that type, may request the department of job and family services department of education, or Ohio board of regents and workforce, or chancellor by telephone, in person, or by mail, to provide the sheriff or designee with the names, addresses, and telephone numbers of the appropriate persons and entities to whom the notices described in divisions (A)(2) to (7) of this section are to be provided. Upon receipt of a request, the department or board shall provide the requesting sheriff or designee with the names, addresses, and telephone numbers of the appropriate persons and entities to whom those notices are to be provided.

(H)(1) Upon the motion of the offender or the prosecuting attorney of the county in which the offender was convicted of or
pleaded guilty to the sexually oriented offense or child-victim oriented offense for which the offender is subject to community notification under this section, or upon the motion of the sentencing judge or that judge's successor in office, the judge may schedule a hearing to determine whether the interests of justice would be served by suspending the community notification requirement under this section in relation to the offender. The judge may dismiss the motion without a hearing but may not issue an order suspending the community notification requirement without a hearing. At the hearing, all parties are entitled to be heard, and the judge shall consider all of the factors set forth in division (K) of this section. If, at the conclusion of the hearing, the judge finds that the offender has proven by clear and convincing evidence that the offender is unlikely to commit in the future a sexually oriented offense or a child-victim oriented offense and if the judge finds that suspending the community notification requirement is in the interests of justice, the judge may suspend the application of this section in relation to the offender. The order shall contain both of these findings.

The judge promptly shall serve a copy of the order upon the sheriff with whom the offender most recently registered under section 2950.04, 2950.041, or 2950.05 of the Revised Code and upon the bureau of criminal identification and investigation.

An order suspending the community notification requirement does not suspend or otherwise alter an offender's duties to comply with sections 2950.04, 2950.041, 2950.05, and 2950.06 of the Revised Code and does not suspend the victim notification requirement under section 2950.10 of the Revised Code.
(2) A prosecuting attorney, a sentencing judge or that judge's successor in office, and an offender who is subject to the community notification requirement under this section may initially make a motion under division (H)(1) of this section upon the expiration of twenty years after the offender's duty to comply with division (A)(2), (3), or (4) of section 2950.04, division (A)(2), (3), or (4) of section 2950.041 and sections 2950.05 and 2950.06 of the Revised Code begins in relation to the offense for which the offender is subject to community notification. After the initial making of a motion under division (H)(1) of this section, thereafter, the prosecutor, judge, and offender may make a subsequent motion under that division upon the expiration of five years after the judge has entered an order denying the initial motion or the most recent motion made under that division.

(3) The offender and the prosecuting attorney have the right to appeal an order approving or denying a motion made under division (H)(1) of this section.

(4) Divisions (H)(1) to (3) of this section do not apply to any of the following types of offender:

(a) A person who is convicted of or pleads guilty to a violent sex offense or designated homicide, assault, or kidnapping offense and who, in relation to that offense, is adjudicated a sexually violent predator;

(b) A person who is convicted of or pleads guilty to a sexually oriented offense that is a violation of division (A)(1) of section 2907.02 of the Revised Code committed on or after January 2, 2007, and either who is sentenced under section 2971.03 of the Revised Code or upon whom a sentence of life without parole is imposed under division (B) of section 2907.02.
of the Revised Code;

(c) A person who is convicted of or pleads guilty to a sexually oriented offense that is attempted rape committed on or after January 2, 2007, and who also is convicted of or pleads guilty to a specification of the type described in section 2941.1418, 2941.1419, or 2941.1420 of the Revised Code;

(d) A person who is convicted of or pleads guilty to an offense described in division (B)(3)(a), (b), (c), or (d) of section 2971.03 of the Revised Code and who is sentenced for that offense pursuant to that division;

(e) An offender who is in a category specified in division (F)(1)(a), (b), or (c) of this section and who, subsequent to being subjected to community notification, has pleaded guilty to or been convicted of a sexually oriented offense or child-victim oriented offense.

(I) If a person is convicted of, pleads guilty to, has been convicted of, or has pleaded guilty to a sexually oriented offense or a child-victim oriented offense or a person is or has been adjudicated a delinquent child for committing a sexually oriented offense or a child-victim oriented offense and is classified a juvenile offender registrant or is an out-of-state juvenile offender registrant based on that adjudication, and if the offender or delinquent child is not in any category specified in division (F)(1)(a), (b), or (c) of this section, the sheriff with whom the offender or delinquent child has most recently registered under section 2950.04, 2950.041, or 2950.05 of the Revised Code and the sheriff to whom the offender or delinquent child most recently sent a notice of intent to reside under section 2950.04 or 2950.041 of the Revised Code, within the period of time specified in division (D) of this section,
shall provide a written notice containing the information set forth in division (B) of this section to the executive director of the public children services agency that has jurisdiction within the specified geographical notification area and that is located within the county served by the sheriff.

(J) Each sheriff shall allow a volunteer organization or other organization, company, or individual who wishes to receive the notice described in division (A)(10) of this section regarding a specific offender or delinquent child or notice regarding all offenders and delinquent children who are located in the specified geographical notification area to notify the sheriff by electronic mail or through the sheriff's web site of this election. The sheriff shall promptly inform the bureau of criminal identification and investigation of these requests in accordance with the forwarding procedures adopted by the attorney general pursuant to section 2950.13 of the Revised Code.

(K) In making a determination under division (H)(1) of this section as to whether to suspend the community notification requirement under this section for an offender, the judge shall consider all relevant factors, including, but not limited to, all of the following:

(1) The offender's age;

(2) The offender's prior criminal or delinquency record regarding all offenses, including, but not limited to, all sexually oriented offenses or child-victim oriented offenses;

(3) The age of the victim of the sexually oriented offense or child-victim oriented offense the offender committed;

(4) Whether the sexually oriented offense or child-victim
oriented offense the offender committed involved multiple victims;

   (5) Whether the offender used drugs or alcohol to impair
   the victim of the sexually oriented offense or child-victim
   oriented offense the offender committed or to prevent the victim
   from resisting;

   (6) If the offender previously has been convicted of,
   pleaded guilty to, or been adjudicated a delinquent child for
   committing an act that if committed by an adult would be a
   criminal offense, whether the offender completed any sentence or
   dispositional order imposed for the prior offense or act and, if
   the prior offense or act was a sexually oriented offense or a
   child-victim oriented offense, whether the offender or
   delinquent child participated in available programs for sex
   offenders or child-victim offenders;

   (7) Any mental illness or mental disability of the
   offender;

   (8) The nature of the offender's sexual conduct, sexual
   contact, or interaction in a sexual context with the victim of
   the sexually oriented offense the offender committed or the
   nature of the offender's interaction in a sexual context with
   the victim of the child-victim oriented offense the offender
   committed, whichever is applicable, and whether the sexual
   conduct, sexual contact, or interaction in a sexual context was
   part of a demonstrated pattern of abuse;

   (9) Whether the offender, during the commission of the
   sexually oriented offense or child-victim oriented offense the
   offender committed, displayed cruelty or made one or more
   threats of cruelty;
Any additional behavioral characteristics that contribute to the offender's conduct.

(L) As used in this section, "specified geographical notification area" means the geographic area or areas within which the attorney general, by rule adopted under section 2950.13 of the Revised Code, requires the notice described in division (B) of this section to be given to the persons identified in divisions (A)(2) to (8) of this section.

Sec. 2953.34. (A) Inspection of the sealed records included in a sealing order may be made only by the following persons or for the following purposes:

(1) By a law enforcement officer or prosecutor, or the assistants of either, to determine whether the nature and character of the offense with which a person is to be charged would be affected by virtue of the person's previously having been convicted of a crime;

(2) By the parole or probation officer of the person who is the subject of the records, for the exclusive use of the officer in supervising the person while on parole or under a community control sanction or a post-release control sanction, and in making inquiries and written reports as requested by the court or adult parole authority;

(3) Upon application by the person who is the subject of the records, by the persons named in the application;

(4) By a law enforcement officer who was involved in the case, for use in the officer's defense of a civil action arising out of the officer's involvement in that case;

(5) By a prosecuting attorney or the prosecuting attorney's assistants, to determine a defendant's eligibility to...
enter a pre-trial diversion program established pursuant to section 2935.36 of the Revised Code;

(6) By any law enforcement agency or any authorized employee of a law enforcement agency or by the department of rehabilitation and correction or department of youth services as part of a background investigation of a person who applies for employment with the agency or with the department;

(7) By any law enforcement agency or any authorized employee of a law enforcement agency, for the purposes set forth in, and in the manner provided in, division (I) of section 2953.34 of the Revised Code;

(8) By the bureau of criminal identification and investigation or any authorized employee of the bureau for the purpose of providing information to a board or person pursuant to division (F) or (G) of section 109.57 of the Revised Code;

(9) By the bureau of criminal identification and investigation or any authorized employee of the bureau for the purpose of performing a criminal history records check on a person to whom a certificate as prescribed in section 109.77 of the Revised Code is to be awarded;

(10) By the bureau of criminal identification and investigation or any authorized employee of the bureau for the purpose of conducting a criminal records check of an individual pursuant to division (B) of section 109.572 of the Revised Code that was requested pursuant to any of the sections identified in division (B)(1) of that section;

(11) By the bureau of criminal identification and investigation, an authorized employee of the bureau, a sheriff, or an authorized employee of a sheriff in connection with a
criminal records check described in section 311.41 of the Revised Code;

(12) By the attorney general or an authorized employee of the attorney general or a court for purposes of determining a person's classification pursuant to Chapter 2950. of the Revised Code;

(13) By a court, the registrar of motor vehicles, a prosecuting attorney or the prosecuting attorney's assistants, or a law enforcement officer for the purpose of assessing points against a person under section 4510.036 of the Revised Code or for taking action with regard to points assessed.

When the nature and character of the offense with which a person is to be charged would be affected by the information, it may be used for the purpose of charging the person with an offense.

(B) In any criminal proceeding, proof of any otherwise admissible prior conviction may be introduced and proved, notwithstanding the fact that for any such prior conviction an order of sealing or expungement previously was issued pursuant to sections 2953.31 to 2953.34 of the Revised Code.

(C) The person or governmental agency, office, or department that maintains sealed records pertaining to convictions or bail forfeitures that have been sealed pursuant to section 2953.32 of the Revised Code may maintain a manual or computerized index to the sealed records. The index shall contain only the name of, and alphanumeric identifiers that relate to, the persons who are the subject of the sealed records, the word "sealed," and the name of the person, agency, office, or department that has custody of the sealed records,
and shall not contain the name of the crime committed. The index shall be made available by the person who has custody of the sealed records only for the purposes set forth in divisions (A), (B), and (D) of this section.

(D) Notwithstanding any provision of this section or section 2953.32 of the Revised Code that requires otherwise, a board of education of a city, local, exempted village, or joint vocational school district that maintains records of an individual who has been permanently excluded under sections 3301.121 and 3313.662 of the Revised Code is permitted to maintain records regarding a conviction that was used as the basis for the individual's permanent exclusion, regardless of a court order to seal or expunge the record. An order issued under this section to seal or expunge the record of a conviction does not revoke the adjudication order of the superintendent of public instruction director of education and workforce to permanently exclude the individual who is the subject of the sealing or expungement order. An order issued under this section to seal or expunge the record of a conviction of an individual may be presented to a district superintendent as evidence to support the contention that the superintendent should recommend that the permanent exclusion of the individual who is the subject of the sealing or expungement order be revoked. Except as otherwise authorized by this division and sections 3301.121 and 3313.662 of the Revised Code, any school employee in possession of or having access to the sealed or expunged conviction records of an individual that were the basis of a permanent exclusion of the individual is subject to division (J) of this section.

(E) Notwithstanding any provision of this section or section 2953.32 of the Revised Code that requires otherwise, if
the auditor of state or a prosecutor maintains records, reports, or audits of an individual who has been forever disqualified from holding public office, employment, or a position of trust in this state under sections 2921.41 and 2921.43 of the Revised Code, or has otherwise been convicted of an offense based upon the records, reports, or audits of the auditor of state, the auditor of state or prosecutor is permitted to maintain those records to the extent they were used as the basis for the individual's disqualification or conviction, and shall not be compelled by court order to seal or expunge those records.

(F) For purposes of sections 2953.31 and 2953.34 of the Revised Code, DNA records collected in the DNA database and fingerprints filed for record by the superintendent of the bureau of criminal identification and investigation shall not be sealed or expunged unless the superintendent receives a certified copy of a final court order establishing that the offender's conviction has been overturned. For purposes of this section, a court order is not "final" if time remains for an appeal or application for discretionary review with respect to the order.

(G) The sealing of a record under this section does not affect the assessment of points under section 4510.036 of the Revised Code and does not erase points assessed against a person as a result of the sealed record.

(H)(1) The court shall send notice of any order to seal official records issued pursuant to division (B)(3) of section 2953.33 of the Revised Code to the bureau of criminal identification and investigation and shall send notice of any order issued pursuant to division (B)(4) of that section to any public office or agency that the court knows or has reason to
believe may have any record of the case, whether or not it is an
official record, that is the subject of the order.

(2) A person whose official records have been sealed
pursuant to an order issued pursuant to section 2953.33 of the
Revised Code may present a copy of that order and a written
request to comply with it, to a public office or agency that has
a record of the case that is the subject of the order.

(3) An order to seal official records issued pursuant to
section 2953.33 of the Revised Code applies to every public
office or agency that has a record of the case that is the
subject of the order, regardless of whether it receives notice
of the hearing on the application for the order to seal the
official records or receives a copy of the order to seal the
official records pursuant to division (H)(1) or (2) of this
section.

(4) Upon receiving a copy of an order to seal official
records pursuant to division (H)(1) or (2) of this section or
upon otherwise becoming aware of an applicable order to seal
official records issued pursuant to section 2953.33 of the
Revised Code, a public office or agency shall comply with the
order and, if applicable, with division (K) of this section,
except that it may maintain a record of the case that is the
subject of the order if the record is maintained for the purpose
of compiling statistical data only and does not contain any
reference to the person who is the subject of the case and the
order.

(5) A public office or agency also may maintain an index
of sealed official records, in a form similar to that for sealed
records of conviction as set forth in division (C) of this
section, access to which may not be afforded to any person other
than the person who has custody of the sealed official records.
The sealed official records to which such an index pertains
shall not be available to any person, except that the official
records of a case that have been sealed may be made available to
the following persons for the following purposes:

   (a) To the person who is the subject of the records upon
written application, and to any other person named in the
application, for any purpose;

   (b) To a law enforcement officer who was involved in the
case, for use in the officer's defense of a civil action arising
out of the officer's involvement in that case;

   (c) To a prosecuting attorney or the prosecuting
attorney's assistants to determine a defendant's eligibility to
enter a pre-trial diversion program established pursuant to
section 2935.36 of the Revised Code;

   (d) To a prosecuting attorney or the prosecuting
attorney's assistants to determine a defendant's eligibility to
enter a pre-trial diversion program under division (E)(2)(b) of
section 4301.69 of the Revised Code.

   (I)(1) Upon the issuance of an order by a court pursuant
to division (D)(2) of section 2953.32 of the Revised Code
directing that all official records of a case pertaining to a
conviction or bail forfeiture be sealed or expunged or an order
by a court pursuant to division (E) of section 2151.358,
division (C)(2) of section 2953.35, or division (E) of section
2953.36 of the Revised Code directing that all official records
of a case pertaining to a conviction or delinquent child
adjudication be expunged:

   (a) Every law enforcement officer who possesses
investigatory work product immediately shall deliver that work product to the law enforcement officer's employing law enforcement agency.

(b) Except as provided in divisions (I)(1)(c) and (d) of this section, every law enforcement agency that possesses investigatory work product shall close that work product to all persons who are not directly employed by the law enforcement agency and shall treat that work product, in relation to all persons other than those who are directly employed by the law enforcement agency, as if it did not exist and never had existed.

(c) A law enforcement agency that possesses investigatory work product may permit another law enforcement agency to use that work product in the investigation of another offense if the facts incident to the offense being investigated by the other law enforcement agency and the facts incident to an offense that is the subject of the case are reasonably similar. The agency that permits the use of investigatory work product may provide the other agency with the name of the person who is the subject of the case if it believes that the name of the person is necessary to the conduct of the investigation by the other agency.

(d) The auditor of state may provide to or discuss with other parties investigatory work product maintained pursuant to Chapter 117. of the Revised Code by the auditor of state.

(2)(a) Except as provided in divisions (I)(1)(c) and (d) of this section, no law enforcement officer or other person employed by a law enforcement agency shall knowingly release, disseminate, or otherwise make the investigatory work product or any information contained in that work product available to, or
discuss any information contained in it with, any person not
employed by the employing law enforcement agency.

(b) No law enforcement agency, or person employed by a law
enforcement agency, that receives investigatory work product
pursuant to divisions (I)(1)(c) and (d) of this section shall
use that work product for any purpose other than the
investigation of the offense for which it was obtained from the
other law enforcement agency, or disclose the name of the person
who is the subject of the work product except when necessary for
the conduct of the investigation of the offense, or the
prosecution of the person for committing the offense, for which
it was obtained from the other law enforcement agency.

(3) Whoever violates division (I)(2)(a) or (b) of this
section is guilty of divulging confidential investigatory work
product, a misdemeanor of the fourth degree.

(J)(1) Except as authorized by divisions (A) to (C) of
this section or by Chapter 2950. of the Revised Code and subject
to division (J)(2) of this section, any officer or employee of
the state, or a political subdivision of the state, who releases
or otherwise disseminates or makes available for any purpose
involving employment, bonding, or licensing in connection with
any business, trade, or profession to any person, or to any

(a) The officer or employee released, disseminated, or made available the information or data from the sealed or expunged records together with information or data concerning another law enforcement or justice system matter.

(b) The records of the other law enforcement or justice system matter were not sealed or expunged by any order of a type described in division (J)(1) of this section.

(c) The law enforcement or justice system matter covered by the information or data from the sealed or expunged records and the other law enforcement or justice system matter covered by the information or data from the records that were not sealed or expunged resulted from or were connected to the same act.

(d) The officer or employee made a good faith effort to not release, disseminate, or make available any information or other data concerning any law enforcement or justice system matter from the sealed or expunged records, and the officer or employee did not release, disseminate, or make available the information or other data from the sealed or expunged records.

Except as provided in division (K)(1)(c) or (d) of this section, no such officer shall knowingly release, disseminate, or otherwise make the records and reports or any information contained in them available to, or discuss any information contained in them with, any person not employed by the officer's employing law enforcement agency.

(b) Every law enforcement agency that possesses records or reports pertaining to the case that are its specific investigatory work product and that are excepted from the definition of official records, or that are the specific investigatory work product of a law enforcement officer it employs and that were delivered to it under division (K)(1)(a) of this section shall, except as provided in division (K)(1)(c) or (d) of this section, close the records and reports to all
persons who are not directly employed by the law enforcement agency and shall, except as provided in division (K)(1)(c) or (d) of this section, treat the records and reports, in relation to all persons other than those who are directly employed by the law enforcement agency, as if they did not exist and had never existed. The agency that provides the records and reports may provide the other agency with the name of the person who is the subject of the case, if it believes that the name of the person is necessary to the conduct of the investigation by the other agency.

No law enforcement agency, or person employed by a law enforcement agency, that receives from another law enforcement agency records or reports pertaining to a case the records of

(A) There is hereby created the state board of education consisting of nineteen members with eleven elected members, one each to be elected in accordance with section 3301.03 of the Revised Code from each of the districts established in accordance with division (B) of this section, and
with eight members to be appointed by the governor with the
advice and consent of the senate.

In addition to the nineteen elected or appointed members,

shall be nonvoting ex officio members of the board.

(B)(1) The territory of each state board of education
district for each elected voting member of the board shall

time on or after July 1, 2014.

(3) The state board department may enter into a reciprocal agreement with the appropriate body or agency of any other state that has similar statewide achievement assessment requirements for receiving high school diplomas, under which any student who has met an achievement assessment requirement of one state is recognized as having met the similar requirement of the other state for purposes of receiving a high school diploma. For purposes of this section and sections 3301.0711 and 3313.61 of the Revised Code, any student enrolled in any public high school in this state who has met an achievement assessment requirement specified in a reciprocal agreement entered into under this division shall be deemed to have attained at least the applicable score designated under this division on each assessment required by division (B)(1) or (2) of this section that is specified in the agreement.

(C) The superintendent of public instruction director of education and workforce shall designate dates and times for the administration of the assessments prescribed by divisions (A) and (B) of this section.

In prescribing administration dates pursuant to this division, the superintendent director shall designate the dates in such a way as to allow a reasonable length of time between the administration of assessments prescribed under this section and any administration of the national assessment of educational progress given to students in the same grade level pursuant to section 3301.27 of the Revised Code or federal law.

(D) The state board department shall prescribe a practice version of each Ohio graduation test described in division (B) (1) of this section that is of comparable length to the actual

(E) Any committee established by the department of education for the purpose of making recommendations to the state board regarding the state board’s designation of scores on the assessments described by this section shall inform the state board department of the probable percentage of students who would score in each of the ranges established under division (A) (2) of this section on the assessments if the committee's recommendations are adopted by the state board department. To the extent possible, these percentages shall be disaggregated by gender, major racial and ethnic groups, English learners, economically disadvantaged students, students with disabilities, and migrant students.

(10) If the district has a three-year average graduation rate of not more than seventy-five per cent, administer each assessment prescribed by division (D) of section 3301.0710 of
the Revised Code in September to all ninth grade students who
entered ninth grade prior to July 1, 2014.

Except as provided in section 3313.614 of the Revised Code
for administration of an assessment to a person who has

but has not passed one or more of the required assessments, the
assessments prescribed under division (B)(1) of section
3301.0710 of the Revised Code shall not be administered after
the date specified in the rules adopted by the state board of
education under division (D)(1) of section 3301.0712 of the

division (B)(2) of section 3301.0710 and section 3301.0712 of
the Revised Code in accordance with the timeline and plan for
implementation of those assessments prescribed by rule of the
state board adopted under division (D)(1) of section 3301.0712
of the Revised Code;

(b) A student who has presented evidence to the district
or school of having satisfied the condition prescribed by
division (A)(1) of section 3313.618 of the Revised Code to
qualify for a high school diploma prior to the date of the
administration of the assessment prescribed under division (B)
(1) of section 3301.0712 of the Revised Code shall not be

(C)(1)(a) In the case of a student receiving special education services under Chapter 3323. of the Revised Code, the individualized education program developed for the student under that chapter shall specify the manner in which the student will participate in the assessments administered under this section, except that a student with significant cognitive disabilities to whom an alternate assessment is administered in accordance with division (C)(1) of this section and a student determined to have a disability that includes an intellectual disability as outlined in guidance issued by the department shall not be required to take the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code. The individualized education program may excuse the student from taking any particular assessment required to be administered under this section if it instead specifies an alternate assessment method approved by the department of education as conforming to requirements of federal law for receipt of federal funds for disadvantaged pupils. To the extent possible, the individualized education program shall not excuse the student from taking an assessment unless no reasonable accommodation can be made to enable the student to take the assessment. No board shall prohibit a student who is not required to take an assessment under division (C)(1) of this section from taking the assessment.

(b) Any alternate assessment approved by the department
for a student under this division shall produce measurable
results comparable to those produced by the assessment it

included in the data compiled for a school district or building
under section 3302.03 of the Revised Code.

(c)(i) Any student enrolled in a chartered nonpublic
school who has been identified, based on an evaluation conducted
in accordance with section 3323.03 of the Revised Code or
section 504 of the "Rehabilitation Act of 1973," 87 Stat. 355,
29 U.S.C.A. 794, as amended, as a child with a disability shall
be excused from taking any particular assessment required to be
administered under this section if either of the following
apply:

(I) A plan developed for the student pursuant to rules
adopted by the state board department excuses the student from
taking that assessment.

(II) The chartered nonpublic school develops a written
plan in which the school, in consultation with the student's
parents, determines that an assessment or alternative assessment
with accommodations does not accurately assess the student's
academic performance. The plan shall include an academic profile
of the student's academic performance and shall be reviewed
annually to determine if the student's needs continue to require
excusal from taking the assessment.

(ii) A student with significant cognitive disabilities to
whom an alternate assessment is administered in accordance with
division (C)(1) of this section and a student determined to have
a disability that includes an intellectual disability as
outlined in guidance issued by the department shall not be
required to take the assessment prescribed under division (B)(1)
of section 3301.0712 of the Revised Code.

(iii) In the case of any student so excused from taking an assessment under division (C)(1)(c) of this section, the chartered nonpublic school shall not prohibit the student from taking the assessment.

(2) A district board may, for medical reasons or other good cause, excuse a student from taking an assessment administered under this section on the date scheduled, but that assessment shall be administered to the excused student not later than nine days following the scheduled date. The district board shall annually report the number of students who have not taken one or more of the assessments required by this section to the state board department not later than the thirtieth day of June.

(3) As used in this division, "English learner" has the same meaning as in 20 U.S.C. 7801.

No school district board shall excuse any English learner from taking any particular assessment required to be administered under this section, except as follows:

(a) Any English learner who has been enrolled in United States schools for less than two years and for whom no appropriate accommodations are available based on guidance issued by the department shall not be required to take the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code.

(b) Any English learner who has been enrolled in United States schools for less than one full school year shall not be required to take any reading, writing, or English language arts assessment.
However, no board shall prohibit an English learner who is not required to take an assessment under division (C)(3) of this section from taking the assessment. A board may permit any English learner to take an assessment required to be administered under this section with appropriate accommodations, as determined by the department. For each English learner, each school district shall annually assess that student's progress in learning English, in accordance with procedures approved by the department.

(4)(a) The governing authority of a chartered nonpublic school may excuse an English learner from taking any assessment administered under this section.

(b) No governing authority shall require an English learner who has been enrolled in United States schools for less than two years and for whom no appropriate accommodations are available based on guidance issued by the department to take the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code.

(c) No governing authority shall prohibit an English learner from taking an assessment from which the student was excused under division (C)(4) of this section.

(D)(1) In the school year next succeeding the school year in which the assessments prescribed by division (A)(1) or (B)(1) of section 3301.0710 of the Revised Code or former division (A)(1), (A)(2), or (B) of section 3301.0710 of the Revised Code as it existed prior to September 11, 2001, are administered to any student, the board of education of any school district in which the student is enrolled in that year shall provide to the student intervention services commensurate with the student's performance, including any intensive intervention required under
section 3313.608 of the Revised Code, in any skill in which the student failed to demonstrate at least a score at the proficient level on the assessment.

(2) Following any administration of the assessments prescribed by division (D) of section 3301.0710 of the Revised Code to ninth grade students, each school district that has a three-year average graduation rate of not more than seventy-five per cent shall determine for each high school in the district whether the school shall be required to provide intervention services to any students who took the assessments. In determining which high schools shall provide intervention services based on the resources available, the district shall consider each school's graduation rate and scores on the practice assessments. The district also shall consider the scores received by ninth grade students on the English language arts and mathematics assessments prescribed under division (A)(1)(f) of section 3301.0710 of the Revised Code in the eighth grade in determining which high schools shall provide intervention services.

Each high school selected to provide intervention services under this division shall provide intervention services to any student whose results indicate that the student is failing to make satisfactory progress toward being able to attain scores at the proficient level on the Ohio graduation tests. Intervention services shall be provided in any skill in which a student demonstrates unsatisfactory progress and shall be commensurate with the student's performance. Schools shall provide the intervention services prior to the end of the school year, during the summer following the ninth grade, in the next succeeding school year, or at any combination of those times.
(E) Except as provided in section 3313.608 of the Revised Code and division (N) of this section, no school district board of education shall utilize any student's failure to attain a specified score on an assessment administered under this section as a factor in any decision to deny the student promotion to a higher grade level. However, a district board may choose not to promote to the next grade level any student who does not take an assessment administered under this section or make up an assessment as provided by division (C)(2) of this section and who is not exempt from the requirement to take the assessment under division (C)(3) of this section.

(F) No person shall be charged a fee for taking any assessment administered under this section.

(G)(1) Each school district board shall designate one location for the collection of assessments administered in the spring under division (B)(1) of this section and those administered under divisions (B)(2) to (7) of this section. Each district board shall submit the assessments to the entity with which the department contracts for the scoring of the assessments as follows:

(a) If the district's total enrollment in grades kindergarten through twelve during the first full school week of October was less than two thousand five hundred, not later than the Friday after all of the assessments have been administered;

(b) If the district's total enrollment in grades kindergarten through twelve during the first full school week of October was two thousand five hundred or more, but less than seven thousand, not later than the Monday after all of the assessments have been administered;
(c) If the district's total enrollment in grades kindergarten through twelve during the first full school week of October was seven thousand or more, not later than the Tuesday after all of the assessments have been administered.

However, any assessment that a student takes during the make-up period described in division (C)(2) of this section shall be submitted not later than the Friday following the day the student takes the assessment.

(2) The department or an entity with which the department contracts for the scoring of the assessment shall send to each school district board a list of the individual scores of all persons taking a state achievement assessment as follows:

(a) Except as provided in division (G)(2)(b) or (c) of this section, within forty-five days after the administration of the assessments prescribed by sections 3301.0710 and 3301.0712 of the Revised Code, but in no case shall the scores be returned later than the thirtieth day of June following the administration;

(b) In the case of the third-grade English language arts assessment, within forty-five days after the administration of that assessment, but in no case shall the scores be returned later than the fifteenth day of June following the administration;

(c) In the case of the writing component of an assessment or end-of-course examination in the area of English language arts, except for the third-grade English language arts assessment, the results may be sent after forty-five days of the administration of the writing component, but in no case shall the scores be returned later than the thirtieth day of June.
following the administration.

(3) For assessments administered under this section by a joint vocational school district, the department or entity shall also send to each city, local, or exempted village school district a list of the individual scores of any students of such city, local, or exempted village school district who are attending school in the joint vocational school district.

(4) Beginning with the 2019-2020 school year, a school district, other public school, or chartered nonpublic school may administer the third-grade English language arts or mathematics assessment, or both, in a paper format in any school year for which the district board of education or school governing body adopts a resolution indicating that the district or school chooses to administer the assessment in a paper format. The board or governing body shall submit a copy of the resolution to the department of education and workforce not later than the first day of May prior to the school year for which it will apply. If the resolution is submitted, the district or school shall administer the assessment in a paper format to all students in the third grade, except that any student whose individualized education program or plan developed under section 504 of the "Rehabilitation Act of 1973," 87 Stat. 355, 29 U.S.C. 794, as amended, specifies that taking the assessment in an online format is an appropriate accommodation for the student may take the assessment in an online format.

(H) Individual scores on any assessments administered under this section shall be released by a district board only in accordance with section 3319.321 of the Revised Code and the rules adopted under division (A) of this section. No district board or its employees shall utilize individual or aggregate
results in any manner that conflicts with rules for the ethical
use of assessments adopted pursuant to division (A) of this
section.

(I) Except as provided in division (G) of this section,
the department or an entity with which the department contracts
for the scoring of the assessment shall not release any
individual scores on any assessment administered under this
section. The state board department shall adopt rules to ensure
the protection of student confidentiality at all times. The
rules may require the use of the data verification codes
assigned to students pursuant to division (D)(2) of section
3301.0714 of the Revised Code to protect the confidentiality of
student scores.

(J) Notwithstanding division (D) of section 3311.52 of the
Revised Code, this section does not apply to the board of
education of any cooperative education school district except as
provided under rules adopted pursuant to this division.

(1) In accordance with rules that the state board
department shall adopt, the board of education of any city,
exempted village, or local school district with territory in a
cooperative education school district established pursuant to
divisions (A) to (C) of section 3311.52 of the Revised Code may
enter into an agreement with the board of education of the
cooperative education school district for administering any
assessment prescribed under this section to students of the
city, exempted village, or local school district who are
attending school in the cooperative education school district.

(2) In accordance with rules that the state board
department shall adopt, the board of education of any city,
exempted village, or local school district with territory in a
cooperative education school district established pursuant to
section 3311.521 of the Revised Code shall enter into an
agreement with the cooperative district that provides for the
administration of any assessment prescribed under this section
to both of the following:

(a) Students who are attending school in the cooperative
district and who, if the cooperative district were not
established, would be entitled to attend school in the city,
local, or exempted village school district pursuant to section
3313.64 or 3313.65 of the Revised Code;

(b) Persons described in division (B)(8)(b) of this
section.

Any assessment of students pursuant to such an agreement
shall be in lieu of any assessment of such students or persons
pursuant to this section.

(K)(1)(a) Except as otherwise provided in division (K)(1)
or (2) of this section, each chartered nonpublic school for
which at least sixty-five per cent of its total enrollment is
made up of students who are participating in state scholarship
programs shall administer the assessments prescribed by division
(A) of section 3301.0710 of the Revised Code or an alternative
standardized assessment determined by the department. In
accordance with procedures and deadlines prescribed by the
department, the parent or guardian of a student enrolled in the
school who is not participating in a state scholarship program
may submit notice to the chief administrative officer of the
school that the parent or guardian does not wish to have the
student take the assessments prescribed for the student's grade
level under division (A) of section 3301.0710 of the Revised
Code. If a parent or guardian submits an opt-out notice, the
school shall not administer the assessments to that student. This option does not apply to any assessment required for a high school diploma under section 3313.612 of the Revised Code.

(b) Any chartered nonpublic school that enrolls students who are participating in state scholarship programs may administer an alternative standardized assessment determined by the department instead of the assessments prescribed by division (A) of section 3301.0710 of the Revised Code.

Each chartered nonpublic school subject to division (K)(1)(a) or (b) of this section shall report the results of each assessment administered under those divisions to the department.

(2) A chartered nonpublic school may submit to the superintendent of public instruction director of education and workforce a request for a waiver from administering the elementary assessments prescribed by division (A) of section 3301.0710 of the Revised Code. The state superintendent director shall approve or disapprove a request for a waiver submitted under division (K)(2) of this section. No waiver shall be approved for any school year prior to the 2015-2016 school year.

To be eligible to submit a request for a waiver, a chartered nonpublic school shall meet the following conditions:

(a) At least ninety-five per cent of the students enrolled in the school are children with disabilities, as defined under section 3323.01 of the Revised Code, or have received a diagnosis by a school district or from a physician, including a neuropsychiatrist or psychiatrist, or a psychologist who is authorized to practice in this or another state as having a condition that impairs academic performance, such as dyslexia, dyscalculia, attention deficit hyperactivity disorder, or
Asperger's syndrome.

(b) The school has solely served a student population described in division (K)(1)(a) of this section for at least ten years.

(c) The school provides to the department at least five years of records of internal testing conducted by the school that affords the department data required for accountability purposes, including diagnostic assessments and nationally standardized norm-referenced achievement assessments that measure reading and math skills.

(3) Any chartered nonpublic school that is not subject to division (K)(1) of this section may participate in the assessment program by administering any of the assessments prescribed by division (A) of section 3301.0710 of the Revised Code. The chief administrator of the school shall specify which assessments the school will administer. Such specification shall be made in writing to the superintendent of public instruction prior to the first day of August of any school year in which assessments are administered and shall include a pledge that the nonpublic school will administer the specified assessments in the same manner as public schools are required to do under this section and rules adopted by the department.

(4) The department of education shall furnish the assessments prescribed by section 3301.0710 of the Revised Code to each chartered nonpublic school that is subject to division (K)(1) of this section or participates under division (K)(3) of this section.

(L) If a chartered nonpublic school is educating students in grades nine through twelve, the following shall apply:
(1) Except as provided in division (L)(4) of this section, for a student who is enrolled in a chartered nonpublic school that is accredited through the independent schools association of the central states and who is attending the school under a state scholarship program, the student shall either take all of the assessments prescribed by division (B) of section 3301.0712 of the Revised Code or take an alternative assessment approved by the department under section 3313.619 of the Revised Code. However, a student who is excused from taking an assessment under division (C) of this section or has presented evidence to the chartered nonpublic school of having satisfied the condition prescribed by division (A)(1) of section 3313.618 of the Revised Code to qualify for a high school diploma prior to the date of the administration of the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code shall not be required to take that assessment. No governing authority of a chartered nonpublic school shall prohibit a student who is not required to take such assessment from taking the assessment.

(2) For a student who is enrolled in a chartered nonpublic school that is accredited through the independent schools association of the central states, and who is not attending the school under a state scholarship program, the student shall not be required to take any assessment prescribed under section 3301.0712 or 3313.619 of the Revised Code.

(3)(a) Except as provided in divisions (L)(3)(b) and (4) of this section, for a student who is enrolled in a chartered nonpublic school that is not accredited through the independent schools association of the central states, regardless of whether the student is attending or is not attending the school under a state scholarship program, the student shall do one of the following:
(i) Take all of the assessments prescribed by division (B) of section 3301.0712 of the Revised Code;

(ii) Take only the assessment prescribed by division (B)(1) of section 3301.0712 of the Revised Code, provided that the student's school publishes the results of that assessment for each graduating class. The published results of that assessment shall include the overall composite scores, mean scores, twenty-fifth percentile scores, and seventy-fifth percentile scores for each subject area of the assessment.

(iii) Take an alternative assessment approved by the department under section 3313.619 of the Revised Code.

(b) A student who is excused from taking an assessment under division (C) of this section or has presented evidence to the chartered nonpublic school of having satisfied the condition prescribed by division (A)(1) of section 3313.618 of the Revised Code to qualify for a high school diploma prior to the date of the administration of the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code shall not be required to take that assessment. No governing authority of a chartered nonpublic school shall prohibit a student who is not required to take such assessment from taking the assessment.

(4) The assessments prescribed by sections 3301.0712 and 3313.619 of the Revised Code shall not be administered to any student attending the school, if the school meets all of the following conditions:

(a) At least ninety-five per cent of the students enrolled in the school are children with disabilities, as defined under section 3323.01 of the Revised Code, or have received a diagnosis by a school district or from a physician, including a
neuropsychologist or psychiatrist, or a psychologist who is 
authorized to practice in this or another state as having a 
condition that impairs academic performance, such as dyslexia, 
dyscalculia, attention deficit hyperactivity disorder, or 
Asperger's syndrome.

(b) The school has solely served a student population 
described in division (L)(4)(a) of this section for at least ten 
years.

(c) The school makes available to the department at least 
five years of records of internal testing conducted by the 
school that affords the department data required for 
accountability purposes, including growth in student achievement 
in reading or mathematics, or both, as measured by nationally 
norm-referenced assessments that have developed appropriate 
standards for students.

Division (L)(4) of this section applies to any student 
attending such school regardless of whether the student receives 
special education or related services and regardless of whether 
the student is attending the school under a state scholarship 
program.

(M)(1) The superintendent of the state school for the 
blind and the superintendent of the state school for the deaf 
shall administer the assessments described by sections 3301.0710 
and 3301.0712 of the Revised Code. Each superintendent shall 
administer the assessments in the same manner as district boards 
are required to do under this section and rules adopted by the 
department of education and in conformity with division (C)(1) 
(a) of this section.

(2) The department of education shall furnish the
(N) Notwithstanding division (E) of this section, a school district may use a student's failure to attain a score in at least the proficient range on the mathematics assessment described by division (A)(1)(a) of section 3301.0710 of the Revised Code or on an assessment described by division (A)(1) (b), (c), (d), (e), or (f) of section 3301.0710 of the Revised Code as a factor in retaining that student in the current grade level.

(O)(1) In the manner specified in divisions (O)(3), (4), (6), and (7) of this section, the assessments required by division (A)(1) of section 3301.0710 of the Revised Code shall become public records pursuant to section 149.43 of the Revised Code on the thirty-first day of July following the school year that the assessments were administered.

(2) The department may field test proposed questions with samples of students to determine the validity, reliability, or appropriateness of questions for possible inclusion in a future year's assessment. The department also may use anchor questions on assessments to ensure that different versions of the same assessment are of comparable difficulty.

Field test questions and anchor questions shall not be considered in computing scores for individual students. Field test questions and anchor questions may be included as part of the administration of any assessment required by division (A)(1) or (B) of section 3301.0710 and division (B) of section 3301.0712 of the Revised Code.

(3) Any field test question or anchor question

(b) For subsequent administrations of each assessment prior to the 2011-2012 school year, not less than forty per cent of the questions on the assessment that are used to compute a student's score shall be a public record. The department shall determine which questions will be needed for reuse on a future assessment and those questions shall not be public records and shall be redacted from the assessment prior to its release as a public record. However, for each redacted question, the department shall inform each city, local, and exempted village school district of the statewide academic standard adopted by the state board under section 3301.079 of the Revised Code and the corresponding benchmark to which the question relates. The preceding sentence does not apply to field test questions that are redacted under division (O)(3) of this section.

(1) "Three-year average" means the average of the most recent consecutive three school years of data.

(2) "Dropout" means a student who withdraws from school before completing course requirements for graduation and who is not enrolled in an education program approved by the state board of education department or an education program outside the state. "Dropout" does not include a student who has departed the country.

(3) "Graduation rate" means the ratio of students receiving a diploma to the number of students who entered ninth grade four years earlier. Students who transfer into the district are added to the calculation. Students who transfer out of the district for reasons other than dropout are subtracted from the calculation. If a student who was a dropout in any
previous year returns to the same school district, that student
shall be entered into the calculation as if the student had
entered ninth grade four years before the graduation year of the
graduating class that the student joins.

(4) "State scholarship programs" means the educational
choice scholarship pilot program established under sections
3310.01 to 3310.17 of the Revised Code, the autism scholarship
program established under section 3310.41 of the Revised Code,

superintendent of public instruction, and the chancellor of higher education shall
develop a system of college and work ready assessments as
described in division (B) of this section to assess whether each
student upon graduating from high school is ready to enter
college or the workforce. Beginning with students who enter the
ninth grade for the first time on or after July 1, 2014, the
system shall replace the Ohio graduation tests prescribed in
division (B)(1) of section 3301.0710 of the Revised Code as a
measure of student academic performance and one determinant of
eligibility for a high school diploma in the manner prescribed
by rule of the state board adopted under division (D) of this
section.
(B) The college and work ready assessment system shall consist of the following:

(1)(a) Except as provided in division (B)(1)(b) of this section, nationally standardized assessments that measure college and career readiness and are used for college admission. The assessments shall be selected jointly by the state superintendent department and the chancellor, and one of which shall be selected by each school district or school to administer to its students. The assessments prescribed under division (B)(1) of this section shall be administered to all eleventh-grade students in the spring of the school year.

(b) Beginning with students who enter the ninth grade for the first time on or after the first day of July immediately following the effective date of this amendment 1, 2022, the parent or guardian of a student may elect not to have a nationally standardized assessment administered to that student. In that event, the student's school district or school shall not administer the nationally standardized assessment to that student.

(2)(a) Except as provided in division (B)(2)(b) of this section, seven end-of-course examinations, one in each of the areas of English language arts I, English language arts II, science, Algebra I, geometry, American history, and American government. Final course grades for courses taken under any other advanced standing program, as prescribed under section 3313.6013 of the Revised Code, in the areas of science, American history, and American government may be used in lieu of end-of-course examinations in accordance with division (B)(4)(a)(ii) of this section.

(b) Beginning with students who enter ninth grade for the first time on or after July 1, 2019, five end-of-course examinations, one in each areas of English language arts II, science, Algebra I, American history, and American government. However, only the end-of-course examinations in English language arts II and Algebra I shall be required for graduation.

The department of education shall, as necessary to implement division (B)(2)(b) of this section, seek a waiver from the United States secretary of education for testing requirements prescribed under federal law to allow for the use and implementation of Algebra I as the primary assessment of high school mathematics. If the department does not receive a waiver under this division, the end-of-course examinations for students described in division (B)(2)(b) of this section also shall include an end-of-course examination in the area of geometry. However, the geometry end-of-course examination shall not be required for graduation.

(A)(1)(b) of section 3301.079 of the Revised Code and the topics required under division (M) of section 3313.603 of the Revised Code. Each high school of the district shall use the interim examinations until the state superintendent and chancellor select end-of-course examinations in American history and American government under division (B)(2) of this section.

(ii) At least twenty per cent of the end-of-course examination in American government shall address the topics on American history and American government described in division (M) of section 3313.603 of the Revised Code.

(4)(a) Notwithstanding anything to the contrary in this section, beginning with the 2014-2015 school year, both of the following shall apply:

(i) If a student is enrolled in an appropriate advanced placement or international baccalaureate course, that student shall take the advanced placement or international baccalaureate examination in lieu of the science, American history, or American government end-of-course examinations prescribed under division (B)(2) of this section. The state board department shall specify the score levels for each advanced placement
examination and international baccalaureate examination for purposes of calculating the minimum cumulative performance score that demonstrates the level of academic achievement necessary to earn a high school diploma.

(ii) If a student is enrolled in an appropriate course under any other advanced standing program, as described in section 3313.6013 of the Revised Code, that student shall not be required to take the science, American history, or American government end-of-course examination, whichever is applicable, prescribed under division (B)(2) of this section. Instead, that student's final course grade shall be used in lieu of the applicable end-of-course examination prescribed under that section. The state superintendent department, in consultation with the chancellor, shall adopt guidelines for purposes of calculating the corresponding final course grades that demonstrate the level of academic achievement necessary to earn a high school diploma.

Division (B)(4)(a)(ii) of this section shall apply only to courses for which students receive transcripted credit, as defined in section 3365.01 of the Revised Code. It shall not apply to remedial or developmental courses.

(b) No student shall take a substitute examination or examination prescribed under division (B)(4)(a) of this section in place of the end-of-course examinations in English language arts I, English language arts II, Algebra I, or geometry prescribed under division (B)(2) of this section.

(5) The state board shall do all of the following:

(a) Determine and designate at least five ranges of scores on each of the end-of-course examinations prescribed under division (B)(2) of this section, and substitute examinations prescribed under division (B)(4) of this section. Not later than sixty days after the designation of ranges of scores, the state superintendent, or the state superintendent's designee, director of education and workforce shall conduct a public presentation before the standing committees of the house of representatives and the senate that consider primary and secondary education legislation regarding the designated range of scores. Each range of scores shall be considered to demonstrate a level of achievement so that any student attaining a score within such range has achieved one of the following:

A score of two on an advanced placement examination or a score of two or three on an international baccalaureate examination shall be considered equivalent to a proficient level of skill as specified under division (B)(5)(a)(iii) of this section.

(6)(a) A student who meets both of the following conditions shall not be required to take an end-of-course examination:

(i) The student received high school credit prior to July 1, 2015, for a course for which the end-of-course examination is prescribed.

(ii) The examination was not available for administration prior to July 1, 2015.

Receipt of credit for the course described in division (B) (6)(a)(i) of this section shall satisfy the requirement to take the end-of-course examination. A student exempted under division (B)(6)(a) of this section may take the applicable end-of-course examination at a later date.

(b) For purposes of determining whether a student who is exempt from taking an end-of-course examination under division (B)(6)(a) of this section has attained the cumulative score prescribed by division (B)(5)(c) of this section, such student shall select either of the following:
(i) The student is considered to have attained a proficient score on the end-of-course examination from which the student is exempt;

(ii) The student's final course grade shall be used in lieu of a score on the end-of-course examination from which the student is exempt.

The state superintendent department, in consultation with the chancellor, shall adopt guidelines for purposes of calculating the corresponding final course grades and the minimum cumulative performance score that demonstrates the level of academic achievement necessary to earn a high school diploma.

(7) (a) Notwithstanding anything to the contrary in this section, the state board department may replace the algebra I end-of-course examination prescribed under division (B)(2) of this section with an algebra II end-of-course examination, beginning with the 2016-2017 school year for students who enter ninth grade on or after July 1, 2016.

(i) A student who is enrolled in an advanced placement or international baccalaureate course in algebra II shall take the advanced placement or international baccalaureate examination in lieu of the algebra II end-of-course examination.

(ii) A student who is enrolled in an algebra II course under any other advanced standing program, as described in section 3313.6013 of the Revised Code, shall not be required to take the algebra II end-of-course examination. Instead, that
student's final course grade shall be used in lieu of the examination.

(c) If a school district or school utilizes an integrated approach to mathematics instruction, the district or school may do either or both of the following:

(i) Administer an integrated mathematics I end-of-course examination in lieu of the prescribed algebra I end-of-course examination;

(ii) Administer an integrated mathematics II end-of-course examination in lieu of the prescribed geometry end-of-course examination.

(8)(a) For students entering the ninth grade for the first time on or after July 1, 2014, but prior to July 1, 2015, the assessment in the area of science shall be physical science or biology. (a) The cost of each support or extracurricular services category required by guidelines adopted under division (B)(1)(b) of this section that is provided directly to students by a licensed employee, such as services provided by a guidance counselor or any services provided by a licensed employee under a supplemental contract;

(b) The cost of each such services category provided directly to students by a nonlicensed employee, such as janitorial services, cafeteria services, or services of a sports trainer;

(c) The cost of the administrative services related to each services category in division (C)(4)(a) or (b) of this section, such as the cost of any licensed or nonlicensed employees that develop, supervise, coordinate, or otherwise are involved in administering or aiding the delivery of each services category.

(D)(1) The guidelines adopted under this section shall
require school districts to collect information about individual students, staff members, or both in connection with any data required by division (B) or (C) of this section or other reporting requirements established in the Revised Code. The guidelines may also require school districts to report information about individual staff members in connection with any data required by division (B) or (C) of this section or other reporting requirements established in the Revised Code. The guidelines shall not authorize school districts to request social security numbers of individual students. The guidelines shall prohibit the reporting under this section of a student's name, address, and social security number to the state board of education or the department of education. The guidelines shall also prohibit the reporting under this section of any personally identifiable information about any student, except for the purpose of assigning the data verification code required by division (D)(2) of this section, to any other person unless such person is employed by the school district or the information technology center operated under section 3301.075 of the Revised Code and is authorized by the district or technology center to have access to such information or is employed by an entity with which the department contracts for the scoring or the development of state assessments. The guidelines may require school districts to provide the social security numbers of individual staff members and the county of residence for a student. Nothing in this section prohibits the state board of education or department of education from providing a student's county of residence to the department of taxation to facilitate the distribution of tax revenue.

(2)(a) The guidelines shall provide for each school district or community school to assign a data verification code
that is unique on a statewide basis over time to each student  
whose initial Ohio enrollment is in that district or school and  
to report all required individual student data for that student  
utilizing such code. The guidelines shall also provide for  
assigning data verification codes to all students enrolled in  
districts or community schools on the effective date of the  
guidelines established under this section. The assignment of  
data verification codes for other entities, as described in  
division (D)(2)(d) of this section, the use of those codes, and  
the reporting and use of associated individual student data  
shall be coordinated by the department of education and  
workforce in accordance with state and federal law.

School districts shall report individual student data to  
the department through the information technology centers  
utilizing the code. The entities described in division (D)(2)(d)  
of this section shall report individual student data to the  
department in the manner prescribed by the department.

(b)(i) Except as provided in sections 3301.941, 3310.11,  
3310.42, 3310.63, 3313.978, 3317.20, and 5747.057 of the Revised  
Code, and in division (D)(2)(b)(ii) of this section, at no time  
shall the state board or the department have access to  
information that would enable any data verification code to be  
matched to personally identifiable student data.

(ii) For the purpose of making per-pupil payments to  
community schools under section 3317.022 of the Revised Code,  
the department shall have access to information that would  
enable any data verification code to be matched to personally  
identifiable student data.

(c) Each school district and community school shall ensure  
that the data verification code is included in the student's
records reported to any subsequent school district, community  
school, or state institution of higher education, as defined in  
section 3345.011 of the Revised Code, in which the student  
enrolls. Any such subsequent district or school shall utilize  
the same identifier in its reporting of data under this section.

(d) The director of any state agency that administers a  
publicly funded program providing services to children who are  
younger than compulsory school age, as defined in section  
3321.01 of the Revised Code, including the directors of health,  
job and family services, mental health and addiction services,  
and developmental disabilities, shall request and receive,  
pursuant to sections 3301.0723 and 5123.0423 of the Revised  
Code, a data verification code for a child who is receiving  
those services.

(E) The guidelines adopted under this section may require  
school districts to collect and report data, information, or  
reports other than that described in divisions (A), (B), and (C)  
of this section for the purpose of complying with other  
reporting requirements established in the Revised Code. The  
other data, information, or reports may be maintained in the  
education management information system but are not required to  
be compiled as part of the profile formats required under  
division (G) of this section or the annual statewide report  
required under division (H) of this section.

(F) Beginning with the school year that begins July 1,  
1991, the board of education of each school district shall  
annually collect and report to the state board department, in  
accordance with the guidelines established by the board  
department, the data required pursuant to this section. A school  
district may collect and report these data notwithstanding
(G) The state board department shall, in accordance with the procedures it adopts, annually compile the data reported by each school district pursuant to division (D) of this section. The state board department shall design formats for profiling each school district as a whole and each school building within each district and shall compile the data in accordance with these formats. These profile formats shall:

(1) Include all of the data gathered under this section in a manner that facilitates comparison among school districts and among school buildings within each school district;

(2) Present the data on academic achievement levels as assessed by the testing of student achievement maintained pursuant to division (B)(1)(d) of this section.

(H)(1) The state board department shall, in accordance with the procedures it adopts, annually prepare a statewide report for all school districts and the general public that includes the profile of each of the school districts developed pursuant to division (G) of this section. Copies of the report shall be sent to each school district.

(2) The state board department shall, in accordance with the procedures it adopts, annually prepare an individual report for each school district and the general public that includes the profiles of each of the school buildings in that school district developed pursuant to division (G) of this section. Copies of the report shall be sent to the superintendent of the district and to each member of the district board of education.

(3) Copies of the reports received from the state board under prescribed in divisions (H)(1) and (2) of this section
shall be made available to the general public at each school
district's offices. Each district board of education shall make
copies of each report available to any person upon request and
payment of a reasonable fee for the cost of reproducing the
report. The board shall annually publish in a newspaper of
general circulation in the school district, at least twice
during the two weeks prior to the week in which the reports will
first be available, a notice containing the address where the
reports are available and the date on which the reports will be
available.

(I) Any data that is collected or maintained pursuant to
this section and that identifies an individual pupil is not a
public record for the purposes of section 149.43 of the Revised
Code.

(K) Any person who removes data from the information
system established under this section for the purpose of
releasing it to any person not entitled under law to have access to such information is subject to section 2913.42 of the Revised Code prohibiting tampering with data.

(L)(1) In accordance with division (L)(2) of this section and the rules adopted under division (L)(10) of this section, the department of education may sanction any school district that reports incomplete or inaccurate data, reports data that does not conform to data requirements and descriptions published by the department, fails to report data in a timely manner, or otherwise does not make a good faith effort to report data as required by this section.

(2) If the department decides to sanction a school district under this division, the department shall take the following sequential actions:

(a) Notify the district in writing that the department has determined that data has not been reported as required under this section and require the district to review its data submission and submit corrected data by a deadline established by the department. The department also may require the district to develop a corrective action plan, which shall include provisions for the district to provide mandatory staff training on data reporting procedures.

(b) Withhold up to ten per cent of the total amount of state funds due to the district for the current fiscal year and, if not previously required under division (L)(2)(a) of this section, require the district to develop a corrective action plan in accordance with that division;

(c) Withhold an additional amount of up to twenty per cent of the total amount of state funds due to the district for the
current fiscal year;

(d) Direct department staff or an outside entity to investigate the district's data reporting practices and make recommendations for subsequent actions. The recommendations may include one or more of the following actions:

(i) Arrange for an audit of the district's data reporting practices by department staff or an outside entity;

(viii) If the district is issued a report card under section 3302.03 of the Revised Code and incomplete or inaccurate data submitted by the district likely caused the district to receive a higher performance rating than it deserved under that section, issue a revised report card for the district;

(ix) Any other action designed to correct the district's
data reporting problems.

(3) Any time the department takes an action against a school district under division (L)(2) of this section, the department shall make a report of the circumstances that prompted the action. The department shall send a copy of the report to the district superintendent or chief administrator and maintain a copy of the report in its files.

(4) If any action taken under division (L)(2) of this section resolves a school district's data reporting problems to the department's satisfaction, the department shall not take any further actions described by that division. If the department withheld funds from the district under that division, the department may release those funds to the district, except that if the department withheld funding under division (L)(2)(c) of this section, the department shall not release the funds withheld under division (L)(2)(b) of this section and, if the department withheld funding under division (L)(2)(d) of this section, the department shall not release the funds withheld under division (L)(2)(b) or (c) of this section.

(5) Notwithstanding anything in this section to the contrary, the department may use its own staff or an outside entity to conduct an audit of a school district's data reporting practices any time the department has reason to believe the district has not made a good faith effort to report data as required by this section. If any audit conducted by an outside entity under division (L)(2)(d)(i) or (5) of this section confirms that a district has not made a good faith effort to report data as required by this section, the district shall reimburse the department for the full cost of the audit. The department may withhold state funds due to the district for this
(6) Prior to issuing a revised report card for a school district under division (L)(2)(d)(viii) of this section, the department may hold a hearing to provide the district with an opportunity to demonstrate that it made a good faith effort to report data as required by this section. The hearing shall be conducted by a referee appointed by the department. Based on the information provided in the hearing, the referee shall recommend whether the department should issue a revised report card for the district. If the referee affirms the department's contention that the district did not make a good faith effort to report data as required by this section, the district shall bear the full cost of conducting the hearing and of issuing any revised report card.

(7) If the department determines that any inaccurate data reported under this section caused a school district to receive excess state funds in any fiscal year, the district shall reimburse the department an amount equal to the excess funds, in accordance with a payment schedule determined by the department. The department may withhold state funds due to the district for this purpose.

(8) Any school district that has funds withheld under division (L)(2) of this section may appeal the withholding in accordance with Chapter 119. of the Revised Code.

(9) In all cases of a disagreement between the department and a school district regarding the appropriateness of an action taken under division (L)(2) of this section, the burden of proof shall be on the district to demonstrate that it made a good faith effort to report data as required by this section.
(10) The state board director of education and workforce shall adopt rules under Chapter 119. of the Revised Code to implement division (L) of this section.

(M) No information technology center or school district shall acquire, change, or update its student administration software package to manage and report data required to be reported to the department unless it converts to a student software package that is certified by the department.

(N) The state board of education, in accordance with sections 3319.31 and 3319.311 of the Revised Code, may suspend or revoke a license as defined under division (A) of section 3319.31 of the Revised Code that has been issued to any school district employee found to have willfully reported erroneous, inaccurate, or incomplete data to the education management information system.

(O) No person shall release or maintain any information about any student in violation of this section. Whoever violates this division is guilty of a misdemeanor of the fourth degree.

(P) The department shall disaggregate the data collected under division (B)(1)(n) of this section according to the race and socioeconomic status of the students assessed.

(Q) If the department cannot compile any of the information required by division (I) of section 3302.03 of the Revised Code based upon the data collected under this section, the department shall develop a plan and a reasonable timeline for the collection of any data necessary to comply with that division.

Sec. 3301.0715. (A) Except as required under division (B)(1) of section 3313.608 or as specified in division (D)(3) of...
section 3301.079 of the Revised Code, the board of education of each city, local, and exempted village school district shall administer each applicable diagnostic assessment developed and provided to the district in accordance with section 3301.079 of the Revised Code to the following:

(1) Any student who transfers into the district or to a different school within the district if each applicable diagnostic assessment was not administered by the district or school the student previously attended in the current school year, within thirty days after the date of transfer. If the district or school into which the student transfers cannot determine whether the student has taken any applicable diagnostic assessment in the current school year, the district or school may administer the diagnostic assessment to the student. However, if a student transfers into the district prior to the administration of the diagnostic assessments to all students under division (B) of this section, the district may administer the diagnostic assessments to that student on the date or dates determined under that division.

For the purpose of division (A)(2) of this section, the district shall administer the kindergarten readiness assessment provided by the department of education and workforce. In no case shall the results of the readiness assessment be used to prohibit a student from enrolling in kindergarten.

(3) Each student enrolled in first, second, or third grade.
Division (A) of this section does not apply to students with significant cognitive disabilities, as defined by the department of education.

(B) Each district board shall administer each diagnostic assessment when the board deems appropriate, provided the administration complies with section 3313.608 of the Revised Code. However, the board shall administer any diagnostic assessment at least once annually to all students in the appropriate grade level. A district board may administer any diagnostic assessment in the fall and spring of a school year to measure the amount of academic growth attributable to the instruction received by students during that school year.

(C) A district may use different diagnostic assessments from those adopted under division (D) of section 3301.079 of the Revised Code in order to satisfy the requirements of division (A)(3) of this section if the district meets either of the following conditions for the immediately preceding school year:

(1) The district received a grade of "A" or "B" for the performance index score under division (C)(1)(b) of section 3302.03 of the Revised Code or for the value-added progress dimension under division (C)(1)(e) of that section.

(2) The district received a performance rating of four stars or higher for achievement under division (D)(3)(b) of section 3302.03 of the Revised Code or for progress under division (D)(3)(c) of that section.

(D) Each district board shall utilize and score any diagnostic assessment administered under division (A) of this section in accordance with rules established by the department. After the administration of any diagnostic assessment, each
district shall provide a student's completed diagnostic assessment, the results of such assessment, and any other accompanying documents used during the administration of the assessment to the parent of that student, and shall include all such documents and information in any plan developed for the student under division (C) of section 3313.608 of the Revised Code. Each district shall submit to the department, in the manner the department prescribes, the results of the diagnostic assessments administered under this section, regardless of the type of assessment used under section 3313.608 of the Revised Code. The department may issue reports with respect to the data collected. The department may report school and district level kindergarten diagnostic assessment data and use diagnostic assessment data to calculate the measures prescribed by divisions (B)(1)(g), (C)(1)(g), and (D)(1)(h) of section 3302.03 of the Revised Code and the data reported under division (D)(2)(e) of that section.

(E) Each district board shall provide intervention services to students whose diagnostic assessments show that they are failing to make satisfactory progress toward attaining the academic standards for their grade level.

(F) Beginning in the 2018-2019 school year, any chartered nonpublic school may elect to administer the kindergarten readiness assessment to all kindergarten students enrolled in the school. If the school so elects, the chief administrator of the school shall notify the superintendent of public instruction department not later than the thirty-first day of March prior to any school year in which the school will administer the assessment. The department shall furnish the assessment to the school at no cost to the school. In administering the assessment, the school shall do all of the
following:

(1) Enter into a written agreement with the department specifying that the school will share each participating student's assessment data with the department and, that for the purpose of reporting the data to the department, each participating student will be assigned a data verification code as described in division (D)(2) of section 3301.0714 of the Revised Code;

(2) Require the assessment to be administered by a teacher certified under section 3301.071 of the Revised Code who either has completed training on administering the kindergarten readiness assessment provided by the department or has been trained by another person who has completed such training;

Prior to implementation, the plan shall be approved by the school district board of education.

Sec. 3301.0716. Notwithstanding division (D) of section 3301.0714 of the Revised Code, the department of education and workforce may have access to personally identifiable information about any student under the following circumstances:

(A) An entity with which the department contracts for the
scoring of assessments administered under section 3301.0711 or 3301.0712 of the Revised Code has notified the department that the student's written response to a question on an assessment included threats or descriptions of harm to another person or the student's self and the information is necessary to enable the department to identify the student for purposes of notifying the school district or school in which the student is enrolled of the potential for harm.

(B) The department requests the information to respond to an appeal from a school district or school for verification of the accuracy of the student's score on an assessment administered under section 3301.0711 or 3301.0712 of the Revised Code.

Sec. 3301.0718. The state board of education and workforce shall not adopt or revise any standards or curriculum in the area of health unless, by concurrent resolution, the standards, curriculum, or revisions are approved by both houses of the general assembly. Before the house of representatives or senate votes on a concurrent resolution approving health standards, curriculum, or revisions, its standing committee having jurisdiction over education legislation shall conduct at least one public hearing on the standards, curriculum, or revisions.

Sec. 3301.0721. (A) The superintendent of public instruction department of education and workforce shall develop a model curriculum for instruction in college and career readiness and financial literacy. The curriculum shall focus on grades seven through twelve, but the superintendent may include other grade levels. (2) The superintendent of public instruction director or a referee appointed by the superintendent director shall conduct an adjudication hearing on a proposed permanent exclusion of a pupil. The referee may be an attorney admitted to the practice of law in this state but shall not be an attorney that represents the board of education that forwarded the resolution requesting the permanent exclusion.

(3) In any adjudication hearing conducted pursuant to this section and section 3313.662 of the Revised Code, a court order that proves the adjudication or conviction that is the basis for the resolution of the board of education seeking permanent exclusion is sufficient evidence to prove that the pupil committed a violation as specified in division (F)(1) of this section.

(4) The superintendent or the referee shall make or cause to be made a record of any adjudication hearing conducted pursuant to this section.

(5) A referee who conducts an adjudication hearing pursuant to this section shall promptly report the referee's findings in writing to the superintendent at the conclusion of the adjudication hearing.

(G)(1) Within seven days after the conclusion of an adjudication hearing that is conducted pursuant to this section, the superintendent of public instruction director shall enter an order in relation to the permanent exclusion of the pupil who is the subject of the hearing or determination.

(c) A statement informing the pupil and the pupil's parent, guardian, or custodian of the provisions of divisions (F), (G), and (H) of section 3313.662 of the Revised Code.

(3) If the superintendent or a referee does not make the findings described in divisions (F)(1) and (2) of this section, the superintendent shall issue a written order that rejects the resolution of the board of education and immediately shall send written notice of that fact to the board of education that forwarded the resolution, to the pupil who was the subject of the proposed resolution, and to that pupil's parent, guardian, or custodian.

(5) Students identified as gifted in superior cognitive ability and specific academic ability fields under Chapter 3324. of the Revised Code. For students who are gifted in specific academic ability fields, the department shall use data for those students with specific academic ability in math and reading. If any other academic field is assessed, the department shall also
include data for students with specific academic ability in that field.

(C) "No Child Left Behind Act of 2001" includes the statutes codified at 20 U.S.C. 6301 et seq. and any amendments, waivers, or both thereto, rules and regulations promulgated pursuant to those statutes, guidance documents, and any other policy directives regarding implementation of that act issued by the United States department of education.

(D) "Adequate yearly progress" means a measure of annual academic performance as calculated in accordance with the "No Child Left Behind Act of 2001."

(E) "Supplemental educational services" means additional academic assistance, such as tutoring, remediation, or other educational enrichment activities, that is conducted outside of the regular school day by a provider approved by the department in accordance with the "No Child Left Behind Act of 2001."

(F) "Value-added progress dimension" means a measure of academic gain for a student or group of students over a specific period of time that is calculated by applying a statistical methodology to individual student achievement data derived from the achievement assessments prescribed by section 3301.0710 of the Revised Code. The "value-added progress dimension" shall be developed and implemented in accordance with section 3302.021 of the Revised Code.

(G)(1) "Four-year adjusted cohort graduation rate" means the number of students who graduate in four years or less with a regular high school diploma divided by the number of students who form the adjusted cohort for the graduating class.

(2) "Five-year adjusted cohort graduation rate" means the
number of students who graduate in five years with a regular high school diploma divided by the number of students who form the adjusted cohort for the four-year graduation rate.

(H) "State institution of higher education" has the same meaning as in section 3345.011 of the Revised Code.

(I) "Annual measurable objectives" means a measure of student progress determined in accordance with an agreement between the department of education and workforce and the United States department of education.

(J) "Community school" means a community school established under Chapter 3314. of the Revised Code.

(K) "STEM school" means a science, technology, engineering, and mathematics school established under Chapter 3326. of the Revised Code.

(L) "Entitled to attend school in the district" means entitled to attend school in a school district under section 3313.64 or 3313.65 of the Revised Code.

Sec. 3302.02. (A) Not later than one year after the adoption of rules under division (D) of section 3301.0712 of the Revised Code and at least every sixth year thereafter, upon recommendations of the superintendent of public instruction, the state board of education and workforce shall establish all of the following:

(1) A set of performance indicators that considered as a unit will be used as one of the performance categories for the report cards required by section 3302.03 of the Revised Code. In establishing these indicators, the superintendent of education shall consider inclusion of student performance on assessments prescribed under section 3301.0710 or 3301.0712 of the Revised
Code, rates of student improvement on such assessments, the breadth of coursework available within the district, and other indicators of student success.

Beginning with the report card issued under section 3302.03 of the Revised Code for the 2021-2022 school year, the performance indicators prescribed under division (A)(1) of this section regarding student performance on state assessments shall not require a school district or building to attain a proficiency percentage to meet an indicator. Rather, the performance indicators only shall report proficiency percentages, trends, and comparisons.

(2) A performance indicator that reflects the level of identification and services provided to, and the performance of, students identified as gifted under Chapter 3324. of the Revised Code. The indicator shall be prescribed by rules adopted under Chapter 119. of the Revised Code by the state board department. The state board department shall consult with the gifted advisory council regarding all rules adopted under this section. Consultation with the state gifted advisory council shall occur not less than every three years.

The gifted performance indicator shall include:

(a) The performance of students on state assessments, as measured by a performance index score, disaggregated for students identified as gifted;

(b) Value-added growth measure under section 3302.021 of the Revised Code, disaggregated for students identified as gifted;

(c) The level of identification as measured by the percentage of students in each grade level identified as gifted.
and disaggregated by traditionally underrepresented and economically disadvantaged students;

(d) The level of services provided to students as measured by the percentage of students provided services in each grade level and disaggregated by traditionally underrepresented and economically disadvantaged students.

(3) A performance indicator that measures chronic absenteeism, as determined by the department of education, in a school district or school building.

Beginning with the report card issued under section 3302.03 of the Revised Code for the 2021-2022 school year, the performance indicators prescribed in divisions (A)(2) and (3) of this section shall not be part of the performance indicator unit under division (A)(1) of this section.

(B) For the 2013-2014 school year, except as otherwise provided in this section, for any indicator based on the percentage of students attaining a proficient score on the assessments prescribed by divisions (A) and (B)(1) of section 3301.0710 of the Revised Code, a school district or building shall be considered to have met the indicator if at least eighty per cent of the tested students attain a score of proficient or higher on the assessment. A school district or building shall be considered to have met the indicator for the assessments prescribed by division (B)(1) of section 3301.0710 of the Revised Code and only as administered to eleventh grade students, if at least eighty-five per cent of the tested students attain a score of proficient or higher on the assessment.

The state board department shall adopt rules, under
Chapter 119. of the Revised Code, to establish proficiency percentages to meet each indicator that is based on a state assessment, prescribed under section 3301.0710 or 3301.0712 of the Revised Code, for the 2014-2015, 2015-2016, 2016-2017, 2017-2018, 2018-2019, 2019-2020, and 2020-2021 school years by the following dates:

(1) Not later than December 31, 2015, for the 2014-2015 school year;

(2) Not later than July 1, 2016, for the 2015-2016 school year;

Sec. 3302.021. (A) Not earlier than July 1, 2005, and not later than July 1, 2007, the department of education and workforce shall implement a value-added progress dimension for school districts and buildings and shall incorporate the value-added progress dimension into the report cards and performance ratings issued for districts and buildings under section 3302.03 of the Revised Code.

The state board of education shall adopt rules, pursuant to Chapter 119. of the Revised Code, for the implementation of the value-added progress dimension. The rules adopted under this division shall specify both of the following:

(1) A scale for describing the levels of academic progress in reading and mathematics relative to a standard year of academic growth in those subjects for each of grades three through eight;

(2) That the department shall maintain the confidentiality of individual student test scores and individual student reports.
in accordance with sections 3301.0711, 3301.0714, and 3319.321
of the Revised Code and federal law. The department may require
school districts to use a unique identifier for each student for
this purpose. Individual student test scores and individual
student reports shall be made available only to a student's
classroom teacher and other appropriate educational personnel
and to the student's parent or guardian.

(B) The department shall explore the feasibility of using
the value-added gain index and effect size to improve
differentiation and interpretation of the measure. If the
department determines that it is feasible, the state board it
may update the rules adopted under division (A) of this section
to implement the use of gain index and effect size. If rules are
adopted under division (A) of this section that use the gain
index and effect size, any prior method used to calculate letter
grades or performance ratings under section 3302.03 of the
Revised Code shall no longer apply. Rather, the state board
department shall update its rules to determine how letter grades
or performance ratings for each level of performance are
calculated under section 3302.03 of the Revised Code using gain
index and effect size.

(C) The department shall use a system designed for
collecting necessary data, calculating the value-added progress
dimension, analyzing data, and generating reports, which system
has been used previously by a nonprofit organization led by the
Ohio business community for at least one year in the operation
of a pilot program in cooperation with school districts to
collect and report student achievement data via electronic means
and to provide information to the districts regarding the
academic performance of individual students, grade levels,
school buildings, and the districts as a whole.
(D) The department shall not pay more than two dollars per student for data analysis and reporting to implement the value-added progress dimension in the same manner and with the same services as under the pilot program described by division (B) of this section. However, nothing in this section shall preclude the department or any school district from entering into a contract for the provision of more services at a higher fee per student. Any data analysis conducted under this section by an entity under contract with the department shall be completed in accordance with timelines established by the superintendent of public instruction.

(E) The department shall share any aggregate student data and any calculation, analysis, or report utilizing aggregate student data that is generated under this section with the chancellor of the Ohio board of regents. The department shall not share individual student test scores and individual student reports with the chancellor.

Sec. 3302.03. Not later than the thirty-first day of July of each year, the department of education and workforce shall submit preliminary report card data for overall academic performance and for each separate performance measure for each school district, and each school building, in accordance with this section.

Annually, not later than the fifteenth day of September or the preceding Friday when that day falls on a Saturday or Sunday, the department shall assign a letter grade or performance rating for overall academic performance and for each separate performance measure for each school district, and each school building in a district, in accordance with this section. The state board of education shall adopt rules...
pursuant to Chapter 119. of the Revised Code to implement this
section. The state board's department's rules shall establish
performance criteria for each letter grade or performance rating
and prescribe a method by which the department assigns each
letter grade or performance rating. For a school building to
which any of the performance measures do not apply, due to grade
levels served by the building, the department shall designate
the performance measures that are applicable to the building and
that must be calculated separately and used to calculate the
building's overall grade or performance rating. The department
shall issue annual report cards reflecting the performance of
each school district, each building within each district, and
for the state as a whole using the performance measures and
letter grade or performance rating system described in this
section. The department shall include on the report card for
each district and each building within each district the most
recent two-year trend data in student achievement for each
subject and each grade.

(A)(1) For the 2012-2013 school year, the department shall
issue grades as described in division (F) of this section for
each of the following performance measures:

(a) Annual measurable objectives;

(b) Performance index score for a school district or
building. Grades shall be awarded as a percentage of the total
possible points on the performance index system as adopted by
the state board department. In adopting benchmarks for assigning
letter grades under division (A)(1)(b) of this section, the
state board department shall designate ninety per cent or higher
for an "A," at least seventy per cent but not more than eighty
per cent for a "C," and less than fifty per cent for an "F."
(c) The extent to which the school district or building
meets each of the applicable performance indicators established
by the state board department under section 3302.02 of the
Revised Code and the percentage of applicable performance
indicators that have been achieved. In adopting benchmarks for
assigning letter grades under division (A)(1)(c) of this
section, the state board department shall designate ninety per
cent or higher for an "A."

(d) The four- and five-year adjusted cohort graduation
rates.

In adopting benchmarks for assigning letter grades under
division (A)(1)(d), (B)(1)(d), or (C)(1)(d) of this section, the
department shall designate a four-year adjusted cohort
graduation rate of ninety-three per cent or higher for an "A"
and a five-year cohort graduation rate of ninety-five per cent
or higher for an "A."

(e) The overall score under the value-added progress
dimension of a school district or building, for which the
department shall use up to three years of value-added data as
available. The letter grade assigned for this growth measure
shall be as follows:

(i) A score that is at least one standard error of measure
above the mean score shall be designated as an "A."

(ii) A score that is less than one standard error of
measure above but greater than one standard error of measure
below the mean score shall be designated as a "B."

(iii) A score that is less than or equal to one standard
error of measure below the mean score but greater than two
standard errors of measure below the mean score shall be
designated as a "C."

(iv) A score that is less than or equal to two standard
errors of measure below the mean score but is greater than three
standard errors of measure below the mean score shall be
designated as a "D."

(v) A score that is less than or equal to three standard
errors of measure below the mean score shall be designated as an
"F."

Whenever the value-added progress dimension is used as a
graded performance measure in this division and divisions (B)
and (C) of this section, whether as an overall measure or as a
measure of separate subgroups, the grades for the measure shall
be calculated in the same manner as prescribed in division (A)
(1)(e) of this section.

(f) The value-added progress dimension score for a school
district or building disaggregated for each of the following
subgroups: students identified as gifted, students with
disabilities, and students whose performance places them in the
lowest quintile for achievement on a statewide basis. Each
subgroup shall be a separate graded measure.

(2) Not later than April 30, 2013, the state board of
education shall adopt a resolution describing the
performance measures, benchmarks, and grading system for the
2012-2013 school year and, not later than June 30, 2013,
shall adopt rules in accordance with Chapter 119. of the Revised Code
that prescribe the methods by which the performance measures
under division (A)(1) of this section shall be assessed and
assigned a letter grade, including performance benchmarks for
each letter grade.
At least forty-five days prior to the state board’s department’s adoption of rules to prescribe the methods by which the performance measures under division (A)(1) of this section shall be assessed and assigned a letter grade, the department shall conduct a public presentation before the standing committees of the house of representatives and the senate that consider education legislation describing such methods, including performance benchmarks.

(3) There shall not be an overall letter grade for a school district or building for the 2012-2013 school year.

(B)(1) For the 2013-2014 school year, the department shall issue grades as described in division (F) of this section for each of the following performance measures:

(a) Annual measurable objectives;

(b) Performance index score for a school district or building. Grades shall be awarded as a percentage of the total possible points on the performance index system as created by the department. In adopting benchmarks for assigning letter grades under division (B)(1)(b) of this section, the state board department shall designate ninety per cent or higher for an "A," at least seventy per cent but not more than eighty per cent for a "C," and less than fifty per cent for an "F."

(c) The extent to which the school district or building meets each of the applicable performance indicators established by the state board department under section 3302.03 of the Revised Code and the percentage of applicable performance indicators that have been achieved. In adopting benchmarks for assigning letter grades under division (B)(1)(c) of this section, the state board department shall designate ninety per...
cent or higher for an "A."

d) The four- and five-year adjusted cohort graduation rates;

e) The overall score under the value-added progress dimension of a school district or building, for which the department shall use up to three years of value-added data as available.

f) The value-added progress dimension score for a school district or building disaggregated for each of the following subgroups: students identified as gifted in superior cognitive ability and specific academic ability fields under Chapter 3324. of the Revised Code, students with disabilities, and students whose performance places them in the lowest quintile for achievement on a statewide basis. Each subgroup shall be a separate graded measure.

g) Whether a school district or building is making progress in improving literacy in grades kindergarten through three, as determined using a method prescribed by the state board. The state board shall adopt rules to prescribe benchmarks and standards for assigning grades to districts and buildings for purposes of division (B)(1)(g) of this section. In adopting benchmarks for assigning letter grades under divisions (B)(1)(g) and (C)(1)(g) of this section, the state board shall determine progress made based on the reduction in the total percentage of students scoring below grade level, or below proficient, compared from year to year on the reading and writing diagnostic assessments administered under section 3301.0715 of the Revised Code and the third grade English language arts assessment under section 3301.0710 of the Revised Code, as applicable. The state board shall
designate for a "C" grade a value that is not lower than the statewide average value for this measure. No grade shall be issued under divisions (B)(1)(g) and (C)(1)(g) of this section for a district or building in which less than five per cent of students have scored below grade level on the diagnostic assessment administered to students in kindergarten under division (B)(1) of section 3313.608 of the Revised Code.

(h) For a high mobility school district or building, an additional value-added progress dimension score. For this measure, the department shall use value-added data from the most recent school year available and shall use assessment scores for only those students to whom the district or building has administered the assessments prescribed by section 3301.0710 of the Revised Code for each of the two most recent consecutive school years.

As used in this division, "high mobility school district or building" means a school district or building where at least twenty-five per cent of its total enrollment is made up of students who have attended that school district or building for less than one year.

(2) In addition to the graded measures in division (B)(1) of this section, the department shall include on a school district's or building's report card all of the following without an assigned letter grade:

(a) The percentage of students enrolled in a district or building participating in advanced placement classes and the percentage of those students who received a score of three or better on advanced placement examinations;

(b) The number of a district's or building's students who
have earned at least three college credits through dual enrollment or advanced standing programs, such as the post-secondary enrollment options program under Chapter 3365. of the Revised Code and state-approved career-technical courses offered through dual enrollment or statewide articulation, that appear on a student's transcript or other official document, either of which is issued by the institution of higher education from which the student earned the college credit. The credits earned that are reported under divisions (B)(2)(b) and (C)(2)(c) of this section shall not include any that are remedial or developmental and shall include those that count toward the curriculum requirements established for completion of a degree.

(c) The percentage of students enrolled in a district or building who have taken a national standardized test used for college admission determinations and the percentage of those students who are determined to be remediation-free in accordance with standards adopted under division (F) of section 3345.061 of the Revised Code;

(d) The percentage of the district's or the building's students who receive industry-recognized credentials as approved under section 3313.6113 of the Revised Code.

(e) The percentage of students enrolled in a district or building who are participating in an international baccalaureate program and the percentage of those students who receive a score of four or better on the international baccalaureate examinations.

(f) The percentage of the district's or building's students who receive an honors diploma under division (B) of section 3313.61 of the Revised Code.
(3) Not later than December 31, 2013, the state board shall adopt rules in accordance with Chapter 119. of the Revised Code that prescribe the methods by which the performance measures under divisions (B)(1)(f) and (B)(1)(g) of this section will be assessed and assigned a letter grade, including performance benchmarks for each grade.

At least forty-five days prior to the state board's adoption of rules to prescribe the methods by which the performance measures under division (B)(1) of this section shall be assessed and assigned a letter grade, the department shall conduct a public presentation before the standing committees of the house of representatives and the senate that consider education legislation describing such methods, including performance benchmarks.

(C)(1) For the 2014-2015, 2015-2016, 2016-2017, 2017-2018, 2018-2019, 2019-2020, and 2020-2021 school years, the department shall issue grades as described in division (F) of this section for each of the performance measures prescribed in division (C)(1) of this section. The graded measures are as follows:

(a) Annual measurable objectives. For the 2017-2018 school year, the department shall not include any subgroup data in the annual measurable objectives that includes data from fewer than twenty-five students. For the 2018-2019 school year, the department shall not include any subgroup data in the annual measurable objectives that includes data from fewer than twenty students. Beginning with the 2019-2020 school year, the department shall not include any subgroup data in the annual
measurable objectives that includes data from fewer than fifteen
students.

(b) Performance index score for a school district or
building. Grades shall be awarded as a percentage of the total
possible points on the performance index system as created by
the department. In adopting benchmarks for assigning letter
grades under division (C)(1)(b) of this section, the state board
department shall designate ninety per cent or higher for an "A,"
at least seventy per cent but not more than eighty per cent for
a "C," and less than fifty per cent for an "F."

(c) The extent to which the school district or building
meets each of the applicable performance indicators established
by the state board department under section 3302.03 of the
Revised Code and the percentage of applicable performance
indicators that have been achieved. In adopting benchmarks for
assigning letter grades under division (C)(1)(c) of this
section, the state board department shall designate ninety per
cent or higher for an "A."

(d) The four- and five-year adjusted cohort graduation
rates;

(e) The overall score under the value-added progress
dimension, or another measure of student academic progress if
adopted by the state board department, of a school district or
building, for which the department shall use up to three years
of value-added data as available.

In adopting benchmarks for assigning letter grades for
overall score on value-added progress dimension under division
(C)(1)(e) of this section, the state board department shall
prohibit the assigning of a grade of "A" for that measure unless

...
the district's or building's grade assigned for value-added progress dimension for all subgroups under division (C)(1)(f) of this section is a "C" or higher.

For the metric prescribed by division (C)(1)(e) of this section, the state board department may adopt a student academic progress measure to be used instead of the value-added progress dimension. If the state board department adopts such a measure, it also shall prescribe a method for assigning letter grades for the new measure that is comparable to the method prescribed in division (A)(1)(e) of this section.

(f) The value-added progress dimension score of a school district or building disaggregated for each of the following subgroups: students identified as gifted in superior cognitive ability and specific academic ability fields under Chapter 3324 of the Revised Code, students with disabilities, and students whose performance places them in the lowest quintile for achievement on a statewide basis, as determined by a method prescribed by the state board department. Each subgroup shall be a separate graded measure.

The state board department may adopt student academic progress measures to be used instead of the value-added progress dimension. If the state board department adopts such measures, it also shall prescribe a method for assigning letter grades for the new measures that is comparable to the method prescribed in division (A)(1)(e) of this section.

(g) Whether a school district or building is making progress in improving literacy in grades kindergarten through three, as determined using a method prescribed by the state board department. The state board department shall adopt rules to prescribe benchmarks and standards for assigning grades to a
district or building for purposes of division (C)(1)(g) of this section. The state board department shall designate for a "C" grade a value that is not lower than the statewide average value for this measure. No grade shall be issued under division (C)(1) (g) of this section for a district or building in which less than five per cent of students have scored below grade level on the kindergarten diagnostic assessment under division (B)(1) of section 3313.608 of the Revised Code.

(h) For a high mobility school district or building, an additional value-added progress dimension score. For this measure, the department shall use value-added data from the most recent school year available and shall use assessment scores for only those students to whom the district or building has administered the assessments prescribed by section 3301.0710 of the Revised Code for each of the two most recent consecutive school years.

As used in this division, "high mobility school district or building" means a school district or building where at least twenty-five per cent of its total enrollment is made up of students who have attended that school district or building for less than one year.

(2) In addition to the graded measures in division (C)(1) of this section, the department shall include on a school district's or building's report card all of the following without an assigned letter grade:

(a) The percentage of students enrolled in a district or building who have taken a national standardized test used for college admission determinations and the percentage of those students who are determined to be remediation-free in accordance with the standards adopted under division (F) of section
3345.061 of the Revised Code;

(b) The percentage of students enrolled in a district or building participating in advanced placement classes and the percentage of those students who received a score of three or better on advanced placement examinations;

(c) The percentage of a district's or building's students who have earned at least three college credits through advanced standing programs, such as the college credit plus program under Chapter 3365. of the Revised Code and state-approved career-technical courses offered through dual enrollment or statewide articulation, that appear on a student's college transcript issued by the institution of higher education from which the student earned the college credit. The credits earned that are reported under divisions (B)(2)(b) and (C)(2)(c) of this section shall not include any that are remedial or developmental and shall include those that count toward the curriculum requirements established for completion of a degree.

(d) The percentage of the district's or building's students who receive an honor's diploma under division (B) of section 3313.61 of the Revised Code;

(e) The percentage of the district's or building's students who receive industry-recognized credentials as approved under section 3313.6113 of the Revised Code;

(f) The percentage of students enrolled in a district or building who are participating in an international baccalaureate program and the percentage of those students who receive a score of four or better on the international baccalaureate examinations;

(g) The results of the college and career-ready
assessments administered under division (B)(1) of section 3301.0712 of the Revised Code;

(h) Whether the school district or building has implemented a positive behavior intervention and supports framework in compliance with the requirements of section 3319.46 of the Revised Code, notated as a "yes" or "no" answer.

(3) The state board department shall adopt rules pursuant to Chapter 119. of the Revised Code that establish a method to assign an overall grade for a school district or school building for the 2017-2018 school year and each school year thereafter. The rules shall group the performance measures in divisions (C) (1) and (2) of this section into the following components:

(a) Gap closing, which shall include the performance measure in division (C)(1)(a) of this section;

(b) Achievement, which shall include the performance measures in divisions (C)(1)(b) and (c) of this section;

(c) Progress, which shall include the performance measures in divisions (C)(1)(e) and (f) of this section;

(d) Graduation, which shall include the performance measure in division (C)(1)(d) of this section;

(e) Kindergarten through third-grade literacy, which shall include the performance measure in division (C)(1)(g) of this section;

(f) Prepared for success, which shall include the performance measures in divisions (C)(2)(a), (b), (c), (d), (e), and (f) of this section. The state board department shall develop a method to determine a grade for the component in division (C)(3)(f) of this section using the performance
measures in divisions (C)(2)(a), (b), (c), (d), (e), and (f) of this section. When available, the state board department may incorporate the performance measure under division (C)(2)(g) of this section into the component under division (C)(3)(f) of this section. When determining the overall grade for the prepared for success component prescribed by division (C)(3)(f) of this section, no individual student shall be counted in more than one performance measure. However, if a student qualifies for more than one performance measure in the component, the state board department may, in its method to determine a grade for the component, specify an additional weight for such a student that is not greater than or equal to 1.0. In determining the overall score under division (C)(3)(f) of this section, the state board department shall ensure that the pool of students included in the performance measures aggregated under that division are all of the students included in the four- and five-year adjusted graduation cohort.

In the rules adopted under division (C)(3) of this section, the state board department shall adopt a method for determining a grade for each component in divisions (C)(3)(a) to (f) of this section. The state board department also shall establish a method to assign an overall grade of "A," "B," "C," "D," or "F" using the grades assigned for each component. The method the state board department adopts for assigning an overall grade shall give equal weight to the components in divisions (C)(3)(b) and (c) of this section.

At least forty-five days prior to the state board's department's adoption of rules to prescribe the methods for calculating the overall grade for the report card, as required by this division, the department shall conduct a public presentation before the standing committees of the house of
representatives and the senate that consider education legislation describing the format for the report card, weights that will be assigned to the components of the overall grade, and the method for calculating the overall grade.

(D) For the 2021-2022 school year and each school year thereafter, all of the following apply:

(1) The department shall include on a school district's or building's report card all of the following performance measures without an assigned performance rating:

(a) Whether the district or building meets the gifted performance indicator under division (A)(2) of section 3302.02 of the Revised Code and the extent to which the district or building meets gifted indicator performance benchmarks;

(b) The extent to which the district or building meets the chronic absenteeism indicator under division (A)(3) of section 3302.02 of the Revised Code;

(c) Performance index score percentage for a district or building, which shall be calculated by dividing the district's or building's performance index score according to the performance index system created by the department by the maximum performance index score for a district or building. The maximum performance index score shall be as follows:

(i) For a building, the average of the highest two percent of performance index scores achieved by a building for the school year for which a report card is issued;

(ii) For a district, the average of the highest two percent of performance index scores achieved by a district for the school year for which a report card is issued.
(d) The overall score under the value-added progress dimension of a district or building, for which the department shall use three consecutive years of value-added data. In using three years of value-added data to calculate the measure prescribed under division (D)(1)(d) of this section, the department shall assign a weight of fifty per cent to the most recent year's data and a weight of twenty-five per cent to the data of each of the other years. However, if three consecutive years of value-added data is not available, the department shall use prior years of value-added data to calculate the measure, as follows:

(i) If two consecutive years of value-added data is not available, the department shall use one year of value-added data to calculate the measure.

(ii) If two consecutive years of value-added data is available, the department shall use two consecutive years of value-added data to calculate the measure. In using two years of value-added data to calculate the measure, the department shall assign a weight of sixty-seven per cent to the most recent year's data and a weight of thirty-three per cent to the data of the other year.

The method shall not include a deduction for students who did not pass the third grade English language arts assessment under section 3301.0710 of the Revised Code and were not on a reading improvement and monitoring plan.

The performance measure prescribed under division (D)(1)(h) of this section shall not be included on the report card of a district or building in which less than ten per cent of students have scored below grade level on the diagnostic assessment administered to students in kindergarten under division (B)(1) of section 3313.608 of the Revised Code.

(i) The percentage of students in a district or building who are promoted to the fourth grade and not subject to retention under division (A)(2) of section 3313.608 of the Revised Code;

the denominator of the four-year adjusted graduation rate
cohort. Demonstration of post-secondary readiness shall include

program under Chapter 3365. of the Revised Code, an early
college high school program under section 3313.6013 of the
Revised Code, and state-approved career-technical courses
offered through dual enrollment or statewide articulation, that
appear on a student's college transcript issued by the
institution of higher education from which the student earned
the college credit. Earned credits reported under division (D)
(1)(j)(iii) of this section shall include credits that count
toward the curriculum requirements established for completion of
a degree, but shall not include any remedial or developmental
credits.

To the extent possible, and when appropriate, the data shall be disaggregated by grade level and subgroup. The measure also shall include data regarding the statewide average, the average for similar school districts, and, for a building, the average for the district in
which the building is located. The measure shall include all of the following data for the district or building:

(3) Except as provided in division (D)(3)(f) of this section, the department shall use the state board's method prescribed under rules adopted under division (D)(4) of this section to assign performance ratings of "one star," "two stars," "three stars," "four stars," or "five stars," as described in division (F) of this section, for a district or building for the individual components prescribed under division (D)(3) of this section. The department also shall assign an overall performance rating for a district or building in accordance with division (D)(3)(g) of this section. The method shall use the performance measures prescribed under division (D) (1) of this section to calculate performance ratings for
components. The method may report data under division (D)(2) of this section with corresponding components, but shall not use the data to calculate performance ratings for that component. The performance measures and reported data shall be grouped together into components as follows:

(a) Gap closing. In addition to other criteria determined appropriate by the department, performance ratings for the gap closing component shall reflect whether each of the following performance measures are met or not met:

(i) The gifted performance indicator as described in division (D)(1)(a) of this section;

(ii) The chronic absenteeism indicator as described in division (D)(1)(b) of this section;

(iii) For English learners, an English language proficiency improvement indicator established by the department;

(iv) The subgroup graduation targets;

(v) The subgroup achievement targets in both mathematics and English language arts;

(vi) The subgroup progress targets in both mathematics and English language arts.

Achievement and progress targets under division (D)(3)(a) of this section shall be calculated individually, and districts and buildings shall receive a status of met or not met on each measure. The department shall not require a subgroup of a district or building to meet both the achievement and progress targets at the same time to receive a status of met.

The department shall not include any subgroup data in this measure that includes data from fewer than fifteen students. Any
penalty for failing to meet the required assessment participation rate must be partially in proportion to how close the district or building was to meeting the rate requirement.

(b) Achievement, which shall include the performance measure in division (D)(1)(c) of this section and the reported data in division (D)(2)(a) of this section. Performance ratings for the achievement component shall be awarded as a percentage of the maximum performance index score described in division (D)(1)(c) of this section.

(c) Progress, which shall include the performance measure in division (D)(1)(d) of this section and the reported data in divisions (D)(2)(b) and (c) of this section;

(d) Graduation, which shall include the performance measures in divisions (D)(1)(e) and (f) of this section and the reported data in divisions (D)(2)(d) and (j) of this section. The four-year adjusted cohort graduation rate shall be assigned a weight of sixty per cent and the five-year adjusted cohort graduation rate shall be assigned a weight of forty per cent;

(e) Early literacy, which shall include the performance measures in divisions (D)(1)(g), (h), and (i) of this section and the reported data in divisions (D)(2)(e) and (k) of this section.

If the measure prescribed under division (D)(1)(h) of this section is included in a report card, performance ratings for the early literacy component shall give a weight of forty per cent to the measure prescribed under division (D)(1)(g) of this section, a weight of thirty-five per cent to the measure prescribed under division (D)(1)(i) of this section, and a weight of twenty-five per cent to the measure prescribed under
division (D)(1)(h) of this section.

If the measure prescribed under division (D)(1)(h) of this section is not included in a report card of a district or building, performance ratings for the early literacy component shall give a weight of sixty per cent to the measure prescribed under division (D)(1)(g) of this section and a weight of forty per cent to the measure prescribed under division (D)(1)(i) of this section.

(f) College, career, workforce, and military readiness, which shall include the performance measure in division (D)(1)(j) of this section and the reported data in division (D)(2)(f) of this section.

For the 2021-2022, 2022-2023, and 2023-2024 school years, the department only shall report the data for, and not assign a performance rating to, the college, career, workforce, and military readiness component. The reported data shall include the percentage of students who demonstrate post-secondary readiness using any of the options described in division (D)(1)(j) of this section.

The department shall analyze the data included in the performance measure prescribed in division (D)(1)(j) of this section for the 2021-2022, 2022-2023, and 2023-2024 school years. Using that data, the department shall develop and propose rules for a method to assign a performance rating to the college, career, workforce, and military readiness component based on that measure. The method to assign a performance rating shall not include a tiered structure or per student bonuses. The rules shall specify that a district or building shall not receive lower than a performance rating of three stars for the component if the district's or building's performance on the
component meets or exceeds a level of improvement set by the department. Notwithstanding division (D)(4)(b) of this section, more than half of the total districts and buildings may earn a performance rating of three stars on this component to account for the districts and buildings that earned a performance rating of three stars because they met or exceeded the level of improvement set by the department.

The department shall submit the rules to the joint committee on agency rule review. The committee shall conduct at least one public hearing on the proposed rules and approve or disapprove the rules. If the committee approves the rules, the department shall adopt the rules in accordance with Chapter 119. of the Revised Code. If the rules are adopted, the department shall assign a performance rating to the college, career, workforce, and military readiness component under the rules beginning with the 2024-2025 school year, and for each school year thereafter. If the committee disapproves the rules, the component shall be included in the report card only as reported data for the 2024-2025 school year, and each school year thereafter.

(g)(i) Except as provided for in division (D)(3)(g)(ii) of this section, beginning with the 2022-2023 school year, under the state board's method prescribed under rules adopted in division (D)(4) of this section, the department shall use the performance ratings assigned for the components prescribed in divisions (D)(3)(a) to (e) of this section to determine and assign an overall performance rating of "one star," "one and one-half stars," "two stars," "two and one-half stars," "three stars," "three and one-half stars," "four stars," "four and one-half stars," or "five stars" for a district or building. The method shall give equal weight to the components in divisions...
(D)(3)(b) and (c) of this section. The method shall give equal weight to the components in divisions (D)(3)(a), (d), and (e) of this section. The individual weights of each of the components prescribed in divisions (D)(3)(a), (d), and (e) of this section shall be equal to one-half of the weight given to the component prescribed in division (D)(3)(b) of this section.

(ii) If the joint committee on agency rule review approves the department's rules regarding the college, career, workforce, and military readiness component as described in division (D)(3) (f) of this section, for the 2024-2025 school year, and each school year thereafter, the state board's department's method shall use the components in divisions (D)(3)(a), (b), (c), (d), (e), and (f) of this section to calculate the overall performance rating. The method shall give equal weight to the components in divisions (D)(3)(b) and (c) of this section. The method shall give equal weight to the components prescribed in divisions (D)(3)(a), (d), (e), and (f) of this section. The individual weights of each of the components prescribed in divisions (D)(3)(a), (d), (e), and (f) of this section shall be equal to one-half the weight given to the component prescribed in division (D)(3)(b) of this section.

If the joint committee on agency rule review disapproves the department's rules regarding the college, career, workforce, and military readiness component as described in division (D)(3) (f) of this section, division (D)(3)(g)(ii) of this section does not apply.

(4)(a) The state board department shall adopt rules in accordance with Chapter 119. of the Revised Code to establish the performance criteria, benchmarks, and rating system necessary to implement divisions (D) and (F) of this section,
including the method for the department to assign performance
ratings under division (D)(3) of this section.

(b) In establishing the performance criteria, benchmarks,
and rating system, the state board department shall consult with
stakeholder groups and advocates that represent parents,
community members, students, business leaders, and educators
from different school typology regions. The state board
department shall use data from prior school years and
simulations to ensure that there is meaningful differentiation
among districts and buildings across all performance ratings and
that, except as permitted in division (D)(3)(f) of this section,
more than half of all districts or buildings do not earn the
same performance rating in any component or overall performance
rating.

(c) The state board department shall adopt the rules
prescribed by division (D)(4) of this section not later than
March 31, 2022. However, the department shall notify districts
and buildings of the changes to the report card prescribed in
law not later than one week after the effective date of this
amendment September 30, 2021.

(d) Prior to adopting or updating rules under division (D)
(4) of this section, the president director of the state board
education and workforce and the department shall conduct a
public presentation before the standing committees of the house
of representatives and the senate that consider primary and
secondary education legislation describing the format for the
report card and the performance criteria, benchmarks, and rating
system, including the method to assign performance ratings under
division (D)(3) of this section.

(E) On or after July 1, 2015, the state board The
department may develop a measure of student academic progress for high school students using only data from assessments in English language arts and mathematics. If the state board develops this measure, each school district and applicable school building shall be assigned a separate letter grade for it not sooner than the 2017-2018 school year. The district's or building's grade for that measure shall not be included in determining the district's or building's overall letter grade.

(F)(1) The letter grades assigned to a school district or building under this section shall be as follows:

(a) "A" for a district or school making excellent progress;

(b) "B" for a district or school making above average progress;

(c) "C" for a district or school making average progress;

(d) "D" for a district or school making below average progress;

(e) "F" for a district or school failing to meet minimum progress.

(2) For the overall performance rating under division (D) (3) of this section, the department shall include a descriptor for each performance rating as follows:

(a) "Significantly exceeds state standards" for a performance rating of five stars;

(b) "Exceeds state standards" for a performance rating of four stars or four and one-half stars;
(c) "Meets state standards" for a performance rating of three stars or three and one-half stars;

(d) "Needs support to meet state standards" for a performance rating of two stars or two and one-half stars;

(e) "Needs significant support to meet state standards" for a performance rating of one star or one and one-half stars.

(3) For performance ratings for each component under divisions (D)(3)(a) to (f) of this section, the state board department shall include a description of each component and performance rating. The description shall include component-specific context to each performance rating earned, estimated comparisons to other school districts and buildings if appropriate, and any other information determined by the state board department. The descriptions shall be not longer than twenty-five words in length when possible. In addition to such descriptions, the state board department shall include the descriptors in division (F)(2) of this section for component performance ratings.

(4) Each report card issued under this section shall include all of the following:

(a) A graphic that depicts the performance ratings of a district or school on a color scale. The color associated with a performance rating of three stars shall be green and the color associated with a performance rating of one star shall be red.

(b) An arrow graphic that shows data trends for performance ratings for school districts or buildings. The state board department shall determine the data to be used for this graphic, which shall include at least the three most recent years of data.
(c) A description regarding the weights that are assigned to each component and used to determine an overall performance rating, as prescribed under division (D)(3)(g) of this section, which shall be included in the presentation of the overall performance rating on each report card.

(G) When reporting data on student achievement and progress, the department shall disaggregate that data according to the following categories:

(1) Performance of students by grade-level;

(2) Performance of students by race and ethnic group;

(3) Performance of students by gender;

(4) Performance of students grouped by those who have been enrolled in a district or school for three or more years;

(5) Performance of students grouped by those who have been enrolled in a district or school for more than one year and less than three years;

(6) Performance of students grouped by those who have been enrolled in a district or school for one year or less;

(7) Performance of students grouped by those who are economically disadvantaged;

(8) Performance of students grouped by those who are enrolled in a conversion community school established under Chapter 3314. of the Revised Code;

(9) Performance of students grouped by those who are classified as English learners;

(10) Performance of students grouped by those who have disabilities;
(11) Performance of students grouped by those who are classified as migrants;

(12) Performance of students grouped by those who are identified as gifted in superior cognitive ability and the specific academic ability fields of reading and math pursuant to Chapter 3324. of the Revised Code. In disaggregating specific academic ability fields for gifted students, the department shall use data for those students with specific academic ability in math and reading. If any other academic field is assessed, the department shall also include data for students with specific academic ability in that field as well.

(13) Performance of students grouped by those who perform in the lowest quintile for achievement on a statewide basis, as determined by a method prescribed by the state board department.

The department may disaggregate data on student performance according to other categories that the department determines are appropriate. To the extent possible, the department shall disaggregate data on student performance according to any combinations of two or more of the categories listed in divisions (G)(1) to (13) of this section that it deems relevant.

In reporting data pursuant to division (G) of this section, the department shall not include in the report cards any data statistical in nature that is statistically unreliable or that could result in the identification of individual students. For this purpose, the department shall not report student performance data for any group identified in division (G) of this section that contains less than ten students. If the department does not report student performance data for a group because it contains less than ten students, the department shall
indicate on the report card that is why data was not reported.

(H) The department may include with the report cards any additional education and fiscal performance data it deems valuable.

(I) The department shall include on each report card a list of additional information collected by the department that is available regarding the district or building for which the report card is issued. When available, such additional information shall include student mobility data disaggregated by race and socioeconomic status, college enrollment data, and the reports prepared under section 3302.031 of the Revised Code.

The department shall maintain a site on the world wide web. The report card shall include the address of the site and shall specify that such additional information is available to the public at that site. The department shall also provide a copy of each item on the list to the superintendent of each school district. The district superintendent shall provide a copy of any item on the list to anyone who requests it.

(J)(1)(a) Except as provided in division (J)(1)(b) of this section, for any district that sponsors a conversion community school under Chapter 3314. of the Revised Code, the department shall combine data regarding the academic performance of students enrolled in the community school with comparable data from the schools of the district for the purpose of determining the performance of the district as a whole on the report card issued for the district under this section or section 3302.033 of the Revised Code.

(b) The department shall not combine data from any conversion community school that a district sponsors if a
majority of the students enrolled in the conversion community school are enrolled in a dropout prevention and recovery program that is operated by the school, as described in division (A)(4)(a) of section 3314.35 of the Revised Code. The department shall include as an addendum to the district's report card the ratings and performance measures that are required under section 3314.017 of the Revised Code for any community school to which division (J)(1)(b) of this section applies. This addendum shall include, at a minimum, the data specified in divisions (C)(1)(a), (C)(2), and (C)(3) of section 3314.017 of the Revised Code.

(2) Any district that leases a building to a community school located in the district or that enters into an agreement with a community school located in the district whereby the district and the school endorse each other's programs may elect to have data regarding the academic performance of students enrolled in the community school combined with comparable data from the schools of the district for the purpose of determining the performance of the district as a whole on the district report card. Any district that so elects shall annually file a copy of the lease or agreement with the department.

(3) Any municipal school district, as defined in section 3311.71 of the Revised Code, that sponsors a community school located within the district's territory, or that enters into an agreement with a community school located within the district's territory whereby the district and the community school endorse each other's programs, may exercise either or both of the following elections:

(a) To have data regarding the academic performance of students enrolled in that community school combined with comparable data from the schools of the district for the purpose
of determining the performance of the district as a whole on the district's report card;

(b) To have the number of students attending that community school noted separately on the district's report card.

The election authorized under division (J)(3)(a) of this section is subject to approval by the governing authority of the community school.

Any municipal school district that exercises an election to combine or include data under division (J)(3) of this section, by the first day of October of each year, shall file with the department documentation indicating eligibility for that election, as required by the department.

(K) The department shall include on each report card the percentage of teachers in the district or building who are properly certified or licensed teachers, as defined in section 3319.074 of the Revised Code, and a comparison of that percentage with the percentages of such teachers in similar districts and buildings.

The provisions of this paragraph apply to a collective bargaining agreement entered into, modified, renewed, or extended on or after October 15, 2015, and those provisions are deemed to be
part of that agreement regardless of whether the district satisfied the conditions prescribed in division (A) of this section at the time the district entered into that agreement. If the district board relinquished one or more of the rights or responsibilities listed in division (C) of section 4117.08 of the Revised Code in a collective bargaining agreement entered into prior to October 15, 2015, and had resumed holding those rights or responsibilities pursuant to division (K) of former section 3302.10 of the Revised Code, as it existed prior to that date, the district board shall continue to hold those rights or responsibilities until such time as both the new academic distress commission appointed under this section ceases to exist upon completion of the transition period specified in division (N)(1) of this section and the district board agrees to relinquish those rights or responsibilities in a new collective bargaining agreement.

(G) In each school year that the district is subject to this section, the following shall apply:

(1) The chief executive officer shall implement the improvement plan approved under division (E)(2) of this section and shall review the plan annually to determine if changes are needed. The chief executive officer may modify the plan upon the approval of the modifications by the academic distress commission.

(2) The chief executive officer may implement innovative education programs to do any of the following:

(a) Address the physical and mental well-being of students and their families;

(b) Provide mentoring;
(c) Provide job resources;

(d) Disseminate higher education information;

(e) Offer recreational or cultural activities;

(f) Provide any other services that will contribute to a successful learning environment.

The chief executive officer shall establish a separate fund to support innovative education programs and shall deposit any moneys appropriated by the general assembly for the purposes of division (G)(2) of this section in the fund. The chief executive officer shall have sole authority to disburse moneys from the fund until the district is no longer subject to this section. All disbursements shall support the improvement plan approved under division (E)(2) of this section.

(3) If the district is not a school district in which the pilot project scholarship program is operating under sections 3313.974 to 3313.979 of the Revised Code, each student who is entitled to attend school in the district under section 3313.64 or 3313.65 of the Revised Code and is enrolled in a school operated by the district or in a community school, or will be both enrolling in any of grades kindergarten through twelve in this state for the first time and at least five years of age by the first day of January of the following school year, shall be eligible to participate in the educational choice scholarship pilot program established under sections 3310.01 to 3310.17 of the Revised Code and an application for the student may be submitted during the next application period.

(4) Notwithstanding anything to the contrary in the Revised Code, the chief executive officer may limit, suspend, or alter any contract with an administrator that is entered into,
modified, renewed, or extended by the district board on or after October 15, 2015, provided that the chief executive officer shall not reduce any salary or base hourly rate of pay unless such salary or base hourly rate reductions are part of a uniform plan affecting all district employees and shall not reduce any insurance benefits unless such insurance benefit reductions are also applicable generally to other employees of the district.

(5) The chief executive officer shall represent the district board during any negotiations to modify, renew, or extend a collective bargaining agreement entered into by the board under Chapter 4117. of the Revised Code.

(H) If the report card for the district has been issued under section 3302.03 of the Revised Code for the first school year that the district is subject to this section and the district does not meet the qualification in division (N)(1) of this section, the following shall apply:

(1) The chief executive officer may reconstitute any school operated by the district. The chief executive officer shall present to the academic distress commission a plan that lists each school designated for reconstitution and explains how the chief executive officer plans to reconstitute the school. The chief executive officer may take any of the following actions to reconstitute a school:

(a) Change the mission of the school or the focus of its curriculum;

(b) Replace the school's principal and/or administrative staff;

(c) Replace a majority of the school's staff, including teaching and nonteaching employees;
(d) Contract with a nonprofit or for-profit entity to manage the operations of the school. The contract may provide for the entity to supply all or some of the staff for the school.

(e) Reopen the school as a community school under Chapter 3314. of the Revised Code or a science, technology, engineering, and mathematics school under Chapter 3326. of the Revised Code;

(f) Permanently close the school.

If the chief executive officer plans to reconstitute a school under division (H)(1)(e) or (f) of this section, the commission shall review the plan for that school and either approve or reject it by the thirtieth day of June of the school year. Upon approval of the plan by the commission, the chief executive officer shall reconstitute the school as outlined in the plan.

(2) Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the chief executive officer, in consultation with the chairperson of the academic distress commission, may reopen any collective bargaining agreement entered into, modified, renewed, or extended on or after October 15, 2015, for the purpose of renegotiating its terms. The chief executive officer shall have the sole discretion to designate any provisions of a collective bargaining agreement as subject to reopening by providing written notice to the bargaining representative. Any provisions designated for reopening by the chief executive officer shall be subject to collective bargaining as set forth in Chapter 4117. of the Revised Code. Any changes to the provisions subject to reopening shall take effect on the following first day of July or another date agreed to by the parties. The chief executive officer may reopen a
collective bargaining agreement under division (H)(2) of this section as necessary to reconstitute a school under division (H) (1) of this section.

(I) If the report card for the district has been issued under section 3302.03 of the Revised Code for the second school year that the district is subject to this section and the district does not meet the qualification in division (N)(1) of this section, the following shall apply:

(1) The chief executive officer may exercise any of the powers authorized under division (H) of this section.

(2) Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the chief executive officer may limit, suspend, or alter any provision of a collective bargaining agreement entered into, modified, renewed, or extended on or after October 15, 2015, provided that the chief executive officer shall not reduce any base hourly rate of pay and shall not reduce any insurance benefits. The decision to limit, suspend, or alter any provision of a collective bargaining agreement under this division is not subject to bargaining under Chapter 4117. of the Revised Code; however, the chief executive officer shall have the discretion to engage in effects bargaining on the way any such decision may affect wages, hours, or terms and conditions of employment. The chief executive officer may limit, suspend, or alter a provision of a collective bargaining agreement under division (I)(2) of this section as necessary to reconstitute a school under division (H) (1) of this section.

(J) If the report card for the district has been issued under section 3302.03 of the Revised Code for the third school year that the district is subject to this section and the
district does not meet the qualification in division (N)(1) of this section, the following shall apply:

(1) The chief executive officer may exercise any of the powers authorized under division (H) or (I) of this section.

(2) The chief executive officer may continue in effect a limitation, suspension, or alteration of a provision of a collective bargaining agreement issued under division (I)(2) of this section. Any such continuation shall be subject to the requirements and restrictions of that division.

(K) If the report card for the district has been issued under section 3302.03 of the Revised Code for the fourth school year that the district is subject to this section and the district does not meet the qualification in division (N)(1) of this section, the following shall apply:

(1) The chief executive officer may exercise any of the powers authorized under division (H), (I), or (J) of this section.

(2) A new board of education shall be appointed for the district in accordance with section 3302.11 of the Revised Code. However, the chief executive officer shall retain complete operational, managerial, and instructional control of the district until the chief executive officer relinquishes that control to the district board under division (N)(1) of this section.

(L) If the report card for the district has been issued under section 3302.03 of the Revised Code for the fifth school year, or any subsequent school year, that the district is subject to this section and the district does not meet the qualification in division (N)(1) of this section, the chief
executive officer may exercise any of the powers authorized under division (H), (I), (J), or (K)(l) of this section.

(M) If division (I), (J), (K), or (L) of this section applies to a district, community schools, STEM schools, chartered nonpublic schools, and other school districts that enroll students residing in the district and meet academic accountability standards shall be eligible to be paid an academic performance bonus in each fiscal year for which the general assembly appropriates funds for that purpose. The academic performance bonus is intended to give students residing in the district access to a high-quality education by encouraging high-quality schools to enroll those students.

(N)(1) When a district subject to this section receives either an overall grade of "C" or higher under division (C)(3) of section 3302.03 of the Revised Code or an overall performance rating of three stars or higher under division (D)(3) of section 3302.03 of the Revised Code, the district shall begin its transition out of being subject to this section. Except as provided in division (N)(2) of this section, the transition period shall last until the district has received either an overall grade higher than "F" under division (C)(3) of section 3302.03 of the Revised Code or an overall performance rating of two stars or higher under division (D)(3) of section 3302.03 of the Revised Code for two consecutive school years after the transition period begins. The overall grade of "C" or higher or overall performance rating of three stars or higher that qualify the district to begin the transition period shall not count as one of the two consecutive school years. During the transition period, the conditions described in divisions (F) to (L) of this section for the school year prior to the school year in which the transition period begins shall continue to apply and the
chief executive officer shall work closely with the district board and district superintendent to increase their ability to resume control of the district and sustain the district's academic improvement over time. Upon completion of the transition period, the chief executive officer shall relinquish all operational, managerial, and instructional control of the district to the district board and district superintendent and the academic distress commission shall cease to exist.

(2) If the district receives either an overall grade of "F" under division (C)(3) of section 3302.03 of the Revised Code or an overall performance rating of less than two stars under division (D)(3) of section 3302.03 of the Revised Code at any time during the transition period, the transition period shall end and the district shall be fully subject to this section again. The district shall resume being fully subject to this section at the point it began its transition out of being subject to this section and the division in divisions (H) to (L) of this section that would have applied to the district had the district not qualified to begin its transition under division (N)(1) of this section shall apply to the district.

(O) If at any time there are no longer any schools operated by the district due to reconstitution or other closure of the district's schools under this section, the academic distress commission shall cease to exist and the chief executive officer shall cease to exercise any powers with respect to the district.

(P) Beginning on October 15, 2015, each collective bargaining agreement entered into by a school district board of education under Chapter 4117. of the Revised Code shall incorporate the provisions of this section.
(Q) The chief executive officer, the members of the academic distress commission, the state superintendent director of education and workforce, and any person authorized to act on behalf of or assist them shall not be personally liable or subject to any suit, judgment, or claim for damages resulting from the exercise of or failure to exercise the powers, duties, and functions granted to them in regard to their functioning under this section, but the chief executive officer, commission, state superintendent director, and such other persons shall be subject to mandamus proceedings to compel performance of their duties under this section.

(R) The state superintendent department of education and workforce shall not exempt any district from this section by approving an application for an innovative education pilot program submitted by the district under section 3302.07 of the Revised Code.

Sec. 3302.103. (A) This section applies to any school district that meets one of the following conditions:

(1) An academic distress commission was established for the district in 2013 by the superintendent of public instruction under former section 3302.10 of the Revised Code, as it existed prior to October 15, 2015, and a new academic distress commission was established for the district by the state superintendent under division (A)(2) of section 3302.10 of the Revised Code.

(2) An academic distress commission was established for the district in 2010 by the state superintendent under former section 3302.10 of the Revised Code, as it existed prior to October 15, 2015, and a new academic distress commission was established for the district under division (A)(2) of section 3302.10 of the Revised Code.
3302.10 of the Revised Code.

(3) An academic distress commission was established for the district by the state superintendent in 2018 under division (A)(1) of section 3302.10 of the Revised Code.

(B) The auditor of state shall complete a performance audit of a school district to which this section applies one time during the three-year period of the plan implemented under division (D)(2) of this section and submit the results of the audit to the board of education of the school district and the academic distress commission established for the district. The performance audit shall be conducted in the same manner as prescribed by section 3316.042 of the Revised Code.

(C) Notwithstanding anything to the contrary in the Revised Code, not later than ninety days after the effective date of this section, the district board of a school district to which this section applies, in consultation with the appropriate stakeholders, the academic distress commission, and the chief executive officer appointed by that commission under section 3302.10 of the Revised Code, shall develop and submit an academic improvement plan for the district to the state superintendent of education and workforce.

The plan developed under division (C) of this section shall operate for a period of three school years and shall include annual and overall academic improvement benchmarks for the district and strategies for achieving those benchmarks.

(D)(1) The state superintendent of education shall review the plan submitted under division (C) of this section. Not later than thirty days after receiving the plan for review, the state superintendent of education shall approve the plan or suggest
modifications to the plan. If the state superintendent department suggests modifications, the district board shall revise the plan and resubmit it within fifteen days after receiving the suggested modifications. The state superintendent department shall review and approve the plan within thirty days after receiving it.

(2) Upon approval of the plan by the state superintendent department, the district board may begin to prepare to implement the plan, which shall be in effect from July 1, 2022, to June 30, 2025. The district's academic distress commission and chief executive officer shall work with the district in preparing to implement the plan.

(3) If the district board determines it necessary, it may submit a request to the state superintendent department to modify the improvement plan during the period of time specified in division (D)(2) of this section. The improvement plan shall not be modified without the state superintendent's department's approval.

(E) During the school years that the district is implementing the plan approved by the state superintendent department, the following apply:

(1) The district shall not be subject to section 3302.10 of the Revised Code.

(2) The district board shall reassign all powers granted to it under the Revised Code.

(3) The district's academic distress commission shall continue to exist and provide assistance to the district but shall not have any operational or managerial control of the district.
(4) The chief executive officer appointed by the academic
distress commission shall relinquish all operational,
managerial, and instructional control of the district and be
removed from that position.

The district board may employ as district superintendent
the individual who previously served as chief executive officer.
If the district board enters into a contract for district
superintendent with that individual while the district is
implementing the improvement plan, the department of education
shall continue compensating the individual under the terms of
the individual's chief executive officer contract until the
district meets either of the conditions prescribed in division
(F)(1)(b) or (F)(2) of this section. In either event, the
district board shall begin compensating the individual under the
terms of the district board's employment contract with the
individual for district superintendent.

(5) The district board shall provide annual reports to the
state board of education on the district's progress
toward achieving the academic benchmarks established in the
district's improvement plan.

(F) At the end of three school years under the plan, the
district shall be evaluated by the state board department based
on the academic improvement benchmarks established in the plan.

(1)(a) If the district improves but does not meet at least
a majority of the academic improvement benchmarks established in
the improvement plan, the district board may apply to the state-
superintendent for an extension of one school year to
continue implementing the plan, pending approval by the state-
superintendent. If the district does not meet at least
a majority of the established benchmarks at the end of the
extension, the district again may apply to the state superintendent department for an extension of one school year to continue implementing the plan. The district shall not apply for an extension more than twice.

(b) If the district does not meet at least a majority of the academic improvement benchmarks at the end of five school years under the plan or if the state superintendent department does not approve a district's application for an extension submitted under division (F)(1)(a) of this section, the district shall be subject to section 3302.10 of the Revised Code. The academic distress commission shall appoint a new chief executive officer for the district as prescribed in division (C) of that section, and the chief executive officer shall reassume the powers that were being exercised under that section prior to July 1, 2022.

(2) If the district meets at least a majority of the academic improvement benchmarks established in its improvement plan at the end of the initial evaluation or, if applicable, after an extension granted by the state superintendent department under division (F)(1)(a) of this section, the academic distress commission shall be dissolved, and the district board shall continue exercising all powers granted to it under the Revised Code.

Sec. 3302.11. (A) This section applies to any school district that becomes subject to division (K) of section 3302.10 of the Revised Code, as it exists on and after the effective date of this section October 15, 2015.

(B) As used in this section, "mayor" means the mayor of the municipality in which a majority of the territory of a school district to which this section applies is located or, if
no such municipality exist, the mayor of a municipality selected
by the superintendent of public instruction director of
education and workforce in which the district has territory.

(C) On the first day of January following the date on
which this section first applies to a school district, the mayor
shall appoint a new five-member board of education for the
district from a slate of candidates nominated by the nominating
panel established under division (D)(1) of this section.

(D)(1) Not later than thirty days after the date on which
this section first applies to a school district, the
superintendent of public instruction director shall convene a
nominating panel to nominate candidates for appointment to the
district board of education. The panel shall consist of the
following members:

(a) Two persons appointed by the mayor, one of whom shall
be a representative of the business community or an institution
of higher education located in the district;

(b) One principal employed by the district, who shall be
selected by a vote of the district's principals conducted by the
state superintendent director;

(c) One teacher appointed by the bargaining representative
for teachers employed by the district;

(d) One parent of a student enrolled in the district
appointed by the parent-teacher association, or a similar
organization selected by the state superintendent director;

(e) The chairperson of the academic distress commission
established for the district under section 3302.10 of the
Revised Code and the chief executive officer appointed under
division (C)(1) of that section, until such time as the
(2) The state superintendent director shall be a nonvoting member of the panel and shall serve as chairperson of the panel for the first two years of the panel's existence. After that time, the panel shall select one of its members as chairperson. The panel shall meet as necessary to make nominations at the call of the chairperson. All members of the panel shall serve at the pleasure of their appointing authority. A vacancy on the panel shall be filled in the same manner as the initial appointment.

(E) Not later than thirty days after the nominating panel is convened, the panel shall nominate a slate of at least ten candidates for possible appointment to the district board of education. All candidates shall be residents of the school district and shall hold no elected public office. At least two of the candidates shall reside outside of the municipal corporation served by the mayor, if that municipal corporation does not contain all of the district's territory.

(F) Not later than thirty days after receiving the slate of candidates, the mayor shall select five members from the slate for appointment to the district board of education. Initial members of the board shall take office on the first day of January following their appointment and their terms shall expire on the thirtieth day of June following the referendum election required by division (G)(1) of this section.

(G)(1) At the general election held in the first even-numbered year occurring at least three years after the date on which the academic distress commission established for the district ceases to exist pursuant to division (N)(1) of section 3302.10 of the Revised Code, a referendum election shall be held...
to determine if the mayor shall continue to appoint the district board of education. Not later than ninety days before the general election, the board of education shall notify the board of elections of each county containing territory of the district of the referendum election. At the general election, the following question shall be submitted to the electors of the district:

"Shall the mayor of... (here insert the name of the applicable municipal corporation) continue to appoint the members of the board of education of the... (here insert the name of the school district to which this section applies)?"

The board of elections of the county in which the majority of the district's territory is located shall make all necessary arrangements for the submission of the question to the electors, and the election shall be conducted, canvassed, and certified in the same manner as regular elections in the district for the election of county officers, provided that in any such election in which only part of the electors of a precinct are qualified to vote, the board of elections may assign voters in such part to an adjoining precinct. Such an assignment may be made to an adjoining precinct in another county with the consent and approval of the board of elections of such other county. Notice of the election shall be published in a newspaper of general circulation in the district once a week for two consecutive weeks, or as provided in section 7.16 of the Revised Code, prior to the election. If the board of elections operates and maintains a web site, the board of elections shall post notice of the election on its web site for thirty days prior to the election. The notice shall state the question on which the election is being held. The ballot shall be in the form prescribed by the secretary of state. Costs of submitting the
question to the electors shall be charged to the district in accordance with section 3501.17 of the Revised Code.

(2) If a majority of the electors voting on the question proposed in division (G)(1) of this section approve the question, the mayor shall appoint a new board of education on the immediately following first day of July from a slate of candidates nominated by the nominating panel in the same manner as the initial board was appointed pursuant to divisions (E) and (F) of this section. Three of the members of the new board shall be appointed to four-year terms and two of the members shall be appointed to two-year terms, each term beginning on the first day of July. Thereafter, the mayor shall appoint members to four-year terms in the same manner prescribed in divisions (E) and (F) of this section. Whenever the nominating panel is required to nominate a slate of candidates, the panel shall nominate at least twice the number of candidates as members to be appointed to the board at that time, including two candidates who reside outside of the municipal corporation served by the mayor, if that municipal corporation does not contain all of the district's territory. Nothing in this division shall preclude the nominating panel from nominating as a candidate a person who was a member of the board prior to the referendum election or shall preclude the mayor from appointing such a person to the new board.

(3) If a majority of the electors voting on the question proposed in division (G)(1) of this section disapprove the question, a new board of education shall be elected at the next regular election occurring in November of an odd-numbered year. The board shall have the same number of members as the board in place prior to the board appointed under this section. At such election, one-half of the total number of members rounded up to
the next whole number shall be elected for terms of four years
and the remaining members shall be elected for terms of two
years. Thereafter, their successors shall be elected in the same
manner and for the same terms as provided in the Revised Code
for members of boards of education. All members of the board of
education appointed under this section shall continue to serve
after the end of the terms to which they were appointed until
their successors are qualified and assume office in accordance
with section 3313.09 of the Revised Code.

(H) All of the following shall apply to a board of
education appointed under division (F) or (G)(2) of this
section:

(1) At any given time, at least two of the board members
shall have significant expertise in education, finance, or
business management and at least one member shall reside outside
of the municipal corporation served by the mayor, if that
municipal corporation does not contain all of the district's
territory.

(2) The members of the board shall designate one of its
members as the chairperson of the board. The chairperson shall
have all the rights, authority, and duties conferred upon the
president of a board of education by the Revised Code.

(3) The mayor may remove any member of the board with the
advice and consent of the nominating panel.

Sec. 3302.12. (A)(1) Except as provided in divisions (C)
and (D) of this section, this section applies to a school
building that is ranked according to performance index score
under section 3302.21 of the Revised Code in the lowest five per
cent of public school buildings statewide for three consecutive
years and that meets any combination of the following for three consecutive years:

(a) The school building is declared to be under an academic watch or in a state of academic emergency under section 3302.03 of the Revised Code;

(b) The school building has received a grade of "F" for the value-added progress dimension under division (A)(1)(e), (B)(1)(e), or (C)(1)(e) of section 3302.03 of the Revised Code;

(c) The school building has received an overall grade of "F" under section 3302.03 of the Revised Code;

(d) The school building has received a performance rating of one star for progress under division (D)(3)(c) of section 3302.03 of the Revised Code;

(e) The school building has received an overall performance rating of less than two stars under section 3302.03 of the Revised Code.

(2) In the case of a building to which this section applies, the district board of education in control of that building shall do one of the following at the conclusion of the school year in which the building first becomes subject to this section:

(a) Close the school and direct the district superintendent to reassign the students enrolled in the school to other school buildings that demonstrate higher academic achievement;

(b) Contract with another school district or a nonprofit or for-profit entity with a demonstrated record of effectiveness to operate the school;
(c) Replace the principal and all teaching staff of the school and, upon request from the new principal, exempt the school from all requested policies and regulations of the board regarding curriculum and instruction. The board also shall distribute funding to the school in an amount that is at least equal to the product of the per pupil amount of state and local revenues received by the district multiplied by the student population of the school.

(d) Reopen the school as a conversion community school under Chapter 3314. of the Revised Code.

(B) If an action taken by the board under division (A)(2) of this section causes the district to no longer maintain all grades kindergarten through twelve, as required by section 3311.29 of the Revised Code, the board shall enter into a contract with another school district pursuant to section 3327.04 of the Revised Code for enrollment of students in the schools of that other district to the extent necessary to comply with the requirement of section 3311.29 of the Revised Code. Notwithstanding any provision of the Revised Code to the contrary, if the board enters into and maintains a contract under section 3327.04 of the Revised Code, the district shall not be considered to have failed to comply with the requirement of section 3311.29 of the Revised Code. If, however, the district board fails to or is unable to enter into or maintain such a contract, the state board of education and workforce shall take all necessary actions to dissolve the district as provided in division (A) of section 3311.29 of the Revised Code.

(C) If a particular school is required to restructure under this section and a petition with respect to that same
school has been filed and verified under divisions (B) and (C) of section 3302.042 of the Revised Code, the provisions of that section and the petition filed and verified under it shall prevail over the provisions of this section and the school shall be restructured under that section. However, if division (D)(1), (2), or (3) of section 3302.042 of the Revised Code also applies to the school, the school shall be subject to restructuring under this section and not section 3302.042 of the Revised Code.

If the provisions of this section conflict in any way with the requirements of federal law, federal law shall prevail over the provisions of this section.

(D) If a school is restructured under this section, section 3302.042 or 3302.10 of the Revised Code, or federal law, the school shall not be required to restructure again under state law for three consecutive years after the implementation of that prior restructuring.

Sec. 3302.13. (A) This section applies to any school district or community school that meets both of the following criteria, as reported on the past two consecutive report cards issued for that district or school under section 3302.03 of the Revised Code:

(1) The district or school received either of the following:

   (a) A grade of "D" or "F" on the kindergarten through third-grade literacy progress measure under division (C)(3)(e) of section 3302.03 of the Revised Code;

   (b) A performance rating of less than three stars for early literacy under division (D)(3)(e) of section 3302.03 of the Revised Code.
(2) Fifty-one per cent or less of the district's students who took the third grade English language arts assessment prescribed under section 3301.0710 of the Revised Code for that school year attained at least a proficient score on that assessment.

(B) By December 31, 2016, and by the thirty-first day of each December thereafter of each year, any school district or community school that meets the criteria set forth in division (A) of this section shall submit to the department of education and workforce a school or district reading achievement improvement plan, which shall include all requirements prescribed by the state board of education department pursuant to division (C) of this section.

(C) Not later than December 31, 2014, the state board of education department shall adopt rules in accordance with Chapter 119. of the Revised Code prescribing the content of and deadlines for the reading achievement improvement plans required under division (B) of this section. The rules shall prescribe that each plan include, at a minimum, an analysis of relevant student performance data, measurable student performance goals, strategies to meet specific student needs, a staffing and professional development plan, and instructional strategies for improving literacy.

(D) Any school district or community school to which this section applies shall no longer be required to submit an improvement plan pursuant to division (B) of this section when that district or school meets either of the following criteria, as reported on the most recent report card issued for that district or school under section 3302.03 of the Revised Code:

(1) The district or school received either of the

Sec. 3302.14. The department of education annually shall collect, analyze, and publish data regarding reading achievement in schools and progress in assisting all students to become proficient readers. (B) The progress of school districts and community schools that are currently operating under a reading achievement
improvement plan pursuant to section 3302.13 of the Revised Code, as data is made available.

**Sec. 3302.15.** (A) Notwithstanding anything to the contrary in Chapter 3301. or 3302. of the Revised Code, the board of education of a school district, governing authority of a community school established under Chapter 3314. of the Revised Code, or governing body of a STEM school established under Chapter 3326. of the Revised Code may submit to the superintendent of public instruction department of education and workforce, during the 2015-2016 school year, a request for a waiver for up to five school years from administering the state achievement assessments required under sections 3301.0710 and 3301.0712 of the Revised Code and related requirements specified under division (B)(2) of this section. A district or school that obtains a waiver under this section shall use the alternative assessment system, as proposed by the district or school and as approved by the state superintendent department, in place of the assessments required under sections 3301.0710 and 3301.0712 of the Revised Code.

(B)(1) A request for a waiver under this section shall contain the following:

(a) A timeline to develop and implement an alternative assessment system for the district or school;

(b) An overview of the proposed innovative educational programs or strategies to be offered by the district or school;

(c) An overview of the proposed alternative assessment system;

(d) An overview of planning details that have been implemented or proposed and any documented support from
educational networks, established educational consultants, state
institutions of higher education as defined under section
3345.011 of the Revised Code, and employers or workforce

alternative assessments, conduct the evaluation of teachers with

implementing innovative educational programs or strategies,
teaching practices, or assessment practices;

(f) An acknowledgement by the district or school of
federal funding that may be impacted by obtaining a waiver.

(2) The request for a waiver shall indicate the extent to
which exemptions from state or federal requirements regarding
the administration of the assessments required under sections
3301.0710 and 3301.0712 of the Revised Code are sought. Such
items from which a district or school may be exempt are as

(D) Upon receipt of a request for a waiver, the state superintendent department shall approve or deny the waiver or may request additional information from the district or school. The state superintendent department shall not grant waivers to more than a total of ten districts, community schools, or STEM schools, based on requests for a waiver received during the 2015-2016 school year. A waiver granted to a district or school shall be contingent on an ongoing review and evaluation by the state superintendent department of the program for which the waiver was granted.

(E)(1) For the purpose of this section, the department of education shall seek a waiver from the testing requirements prescribed under the "No Child Left Behind Act of 2001," if necessary to implement this section.

(2) The department shall create a mechanism for the comparison of the alternative assessments prescribed under division (B) of this section and the assessments required under sections 3301.0710 and 3301.0712 of the Revised Code as it
relates to the evaluation of teachers and student achievement data for the purpose of state report card ratings.

(F) For purposes of this section, "innovative educational program or strategy" means a program or strategy using a new idea or method aimed at increasing student engagement and preparing students to be college or career ready.

Sec. 3302.151. (A) Notwithstanding anything to the contrary in the Revised Code, a school district that qualifies under division (D) of this section shall be exempt from all of the following:

(1) The teacher qualification requirements under the third-grade reading guarantee, as prescribed under divisions (B)(3)(c) and (H) of section 3313.608 of the Revised Code. This exemption does not relieve a teacher from holding a valid Ohio license in a subject area and grade level determined appropriate by the board of education of that district.

(2) The mentoring component of the Ohio teacher residency program established under division (A)(1) of section 3319.223 of the Revised Code, so long as the district utilizes a local approach to train and support new teachers;

(3) Any provision of the Revised Code or rule or standard of the state board department of education and workforce prescribing a minimum or maximum class size;

(4) Any provision of the Revised Code or rule or standard of the state board department requiring teachers to be licensed specifically in the grade level in which they are teaching, except unless otherwise prescribed by federal law. This exemption does not apply to special education teachers. Nor does this exemption relieve a teacher from holding a valid Ohio license in a subject area and grade level determined appropriate by the board of education of that district.
license in the subject area in which that teacher is teaching and at least some grade level determined appropriate by the district board.

(B)(1) Notwithstanding anything to the contrary in the Revised Code, including sections 3319.30 and 3319.36 of the Revised Code, the superintendent of a school district that qualifies under division (D) of this section may employ an individual who is not licensed as required by sections 3319.22 to 3319.30 of the Revised Code, but who is otherwise qualified based on experience, to teach classes in the district, so long as the board of education of the school district approves the individual's employment and provides mentoring and professional development opportunities to that individual, as determined necessary by the board.

(2) As a condition of employment under this section, an individual shall be subject to a criminal records check as prescribed by section 3319.391 of the Revised Code. In the manner prescribed by the department of education, the individual shall submit the criminal records check to the department and shall register with the department during the period in which the individual is employed by the district. The department shall use the information submitted to enroll the individual in the retained applicant fingerprint database, established under section 109.5721 of the Revised Code, in the same manner as any teacher licensed under sections 3319.22 to 3319.31 of the Revised Code.

(3) An individual employed pursuant to this division is subject to Chapter 3307. of the Revised Code.

If the department receives notification of the
arrest or conviction of an individual employed under division (B) of this section, the department shall promptly notify the employing district and may take any action authorized under sections 3319.31 and 3319.311 of the Revised Code that it considers appropriate. No district shall employ any individual under division (B) of this section if the district learns that the individual has plead guilty to, has been found guilty by a jury or court of, or has been convicted of any of the offenses listed in division (C) of section 3319.31 of the Revised Code.

(C) Notwithstanding anything to the contrary in the Revised Code, noncompliance with any of the requirements listed in divisions (A) or (B) of this section shall not disqualify a school district that qualifies under division (D) of this section from receiving funds under Chapter 3317. of the Revised Code.

(D) In order for a city, local, or exempted village school district to qualify for the exemptions described in this section, the school district shall meet all of the following benchmarks on the most recent report card issued for that district under section 3302.03 of the Revised Code:

(1) The district received at least eighty-five per cent of the total possible points for the performance index score calculated under division (C)(1)(b) or (D)(1)(c) of that section;

(2) The district received a grade of an "A" for performance indicators met under division (C)(1)(c) of that section. However, division (D)(2) of this section shall not apply for the 2021-2022 school year or any school year thereafter.
(3) The district has a four-year adjusted cohort graduation rate of at least ninety-three per cent and a five-year adjusted cohort graduation rate of at least ninety-five per cent, as calculated under division (C)(1)(d) or divisions (D)(1)(e) and (D)(1)(f) of that section.

(E) A school district that meets the requirements prescribed by division (D) of this section shall be qualified for the exemptions prescribed by this section for three school years, beginning with the school year in which the qualifying report card is issued.

(F) As used in this section, "license" has the same meaning as in section 3319.31 of the Revised Code.

Sec. 3302.17. (A) Any school building operated by a city, exempted village, or local school district, or a community school established under Chapter 3314. of the Revised Code is eligible to initiate the community learning center process as prescribed by this section.

(B) Beginning with the 2015-2016 school year, each district board of education or community school governing authority may initiate a community learning center process for any school building to which this section applies.

First, the board or governing authority shall conduct a public information hearing at each school building to which this section applies to inform the community of the community learning center process. The board or governing authority may do all of the following with regard to the public information hearing:

(1) Announce the meeting not less than forty-five days in advance at the school and on the school's or district's web
sites and using tools to ensure effective communication with individuals with disabilities;

(2) Schedule the meeting for an evening or weekend time;

(3) Provide interpretation services and written materials in all languages spoken by five per cent or more of the students enrolled in the school;

(4) Provide child care services for parents attending the meeting;

(5) Provide parents, students, teachers, nonteaching employees, and community members with the opportunity to speak at the meeting;

(6) Comply with section 149.43 of the Revised Code.

In preparing for the public information hearing, the board or governing authority shall ensure that information about the hearing is broadly distributed throughout the community.

The board or governing authority may enter into an agreement with any civic engagement organizations, community organizations, or employee organizations to support the implementation of the community learning center process.

The board or governing authority shall conduct a follow-up hearing at least once annually until action is further taken under the section with respect to the school building or until the conditions described in division (A) of this section no longer apply to the school building.

(C) Not sooner than forty-five days after the first public information hearing, the board or governing authority shall conduct an election, by paper ballot, to initiate the process to become a community learning center. Only parents or guardians of
students enrolled in the school and students enrolled in a different school operated by a joint vocational school district but are otherwise entitled to attend the school, and teachers and nonteaching employees who are assigned to the school may vote in the election.

The board or governing authority shall distribute the ballots by mail and shall make copies available at the school and on the web site of the school. The board or governing authority also may distribute the ballots by directly giving ballots to teachers and nonteaching employees and sending home ballots with every student enrolled in the school building.

(D) The board or governing authority shall initiate the transition of the building to a community learning center if the results of the election held under division (C) of this section are as follows:

(1) At least fifty per cent of parents and guardians of students enrolled in the eligible school building and students enrolled in a different building operated by a joint vocational school district but who are entitled to attend the school cast ballots by a date set by the board or governing authority, and of those ballots at least sixty-seven per cent are in favor of initiating the process; and

(2) At least fifty per cent of teachers and nonteaching employees who are assigned to the school cast ballots by a date set by the board or governing authority, and of those ballots at least sixty-seven per cent are in favor of initiating the process.

(E) If a community learning center process is initiated under this section, the board or governing authority shall
create a school action team under section 3302.18 of the Revised Code. Within four months upon selection, the school action team shall conduct and complete, in consultation with community partners, a performance audit of the school and review, with parental input, the needs of the school with regard to restructuring under section 3302.10, 3302.12, or 3302.042 of the Revised Code, or federal law.

The school action team shall provide quarterly updates of its work in a public hearing that complies with the same specifications prescribed in division (B) of this section.

(F) Upon completion of the audit and review, the school action team shall present its findings at a public hearing that complies with the same specifications prescribed in division (B) of this section. After the school action team presents its findings at the public hearing, it shall create a community learning center improvement plan that designates appropriate interventions, which may be based on the recommendations developed by the department under division (H)(1)(b) of this section.

If there is a federally mandated school improvement planning process, the team shall coordinate its work with that plan.

The school action team shall approve the plan by a majority vote.

(G) Upon approval of the plan by the school action team, the team shall submit the community learning center improvement plan to the same individuals described in division (C) of this section. Ballots shall be distributed and an election shall be conducted in the same manner as indicated under that division.
The school action team shall submit the plan to the district board of education or community school governing authority, if the results of the election under division (G) of this section are as follows:

(1) At least thirty per cent of parents and guardians of students enrolled in the eligible school building and students enrolled in a different building operated by a joint vocational school district but who are entitled to attend the school cast ballots by a date set by the board or governing authority, and of those ballots at least fifty per cent are in favor of initiating the process; and

(2) At least thirty per cent of teachers and nonteaching employees who are assigned to the school cast ballots by a date set by the board or governing authority, and of those ballots at least fifty per cent are in favor of initiating the process.

The board or governing authority shall evaluate the plan and determine whether to adopt it. The board or governing authority shall adopt the plan in full or adopt portions of the plan. If the board or governing authority does not adopt the plan in full, it shall provide a written explanation of why portions of the plan were rejected.

(H)(1) The department shall do all of the following with respect to this section:

(a) Adopt rules regarding the elections required under this section;

(b) Develop appropriate interventions for a community learning center improvement plan that may be used by a school action team under division (F) of this section;

(c) Publish a menu of programs and services that may be
offered by community learning centers. The information shall be posted on the department's web site. To compile this information the department shall solicit input from resource coordinators of existing community learning centers.

(d) Provide information regarding implementation of comprehensive community-based programs and supportive services including the community learning center model to school buildings meeting any of the following conditions:

(i) The building is in improvement status as defined by the "No Child Left Behind Act of 2001" or under an agreement between the Ohio department of education and workforce and the United States secretary of education.

(ii) The building is a secondary school that is among the lowest achieving fifteen per cent of secondary schools statewide, as determined by the department.

(iii) The building is a secondary school with a graduation rate of sixty per cent or lower for three or more consecutive years.

(iv) The building is a school that the department determines is persistently low-performing.

(2) The department may do the following with respect to this section:

(a) Provide assistance, facilitation, and training to school action teams in the conducting of the audit required under this section;

(b) Provide opportunities for members of school action teams from different schools to share school improvement strategies with parents, teachers, and other relevant
stakeholders in higher performing schools;

(c) Provide financial support in a school action team's planning process and create a grant program to assist in the implementation of a qualified community learning center plan.

(I) Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the requirements of this section prevail over any conflicting provisions of a collective bargaining agreement entered into on or after the effective date of this section October 15, 2015. However, the board or governing authority and the teachers' labor organization may negotiate additional factors to be considered in the adoption of a community learning center plan.

Sec. 3302.20. (A) The department of education and workforce shall develop standards for determining, from the existing data reported in accordance with sections 3301.0714 and 3314.17 of the Revised Code, the amount of annual operating expenditures for classroom instructional purposes and for nonclassroom purposes for each city, exempted village, local, and joint vocational school district, each community school established under Chapter 3314. that is not an internet- or computer-based community school, each internet- or computer-based community school, and each STEM school established under Chapter 3326. of the Revised Code. (2) The department shall categorize all joint vocational school districts into not less than three nor more than five groups based primarily on enrolled ADM as that term is defined in section 3317.02 of the Revised Code rounded to the nearest whole number.

(3) The department shall categorize all community schools that are not internet- or computer-based community schools into not less than three nor more than five groups based primarily on average daily student enrollment as reported on the most recent report card issued for each community school under sections 3302.03 and 3314.012 of the Revised Code or, in the case of a school to which section 3314.017 of the Revised Code applies, on the total number of students reported under divisions (B)(1) and (2) of section 3314.08 of the Revised Code.

(4) The department shall categorize all internet- or computer-based community schools into a single category.

For districts, schools, or buildings to which the performance index score does not apply, the superintendent of public instruction department may develop another measure of student academic performance based on similar data and performance measures if appropriate and use that measure to include those buildings in the ranking so that districts, schools, and buildings may be reliably compared to each other.

(2) Student performance growth from year to year, using
the value-added progress dimension, if applicable, and other measures of student performance growth designated by the superintendent of public instruction department for subjects and grades not covered by the value-added progress dimension or the alternative student academic progress measure if adopted under division (C)(1)(e) of section 3302.03 of the Revised Code;

districts, joint vocational school districts, community schools
established under Chapter 3314., and STEM schools established

established by the department, in consultation with the
governor's office of 21st century education. The standards for
recognition for each type of school may vary depending upon the
unique characteristics of that type of school. The standards

Sec. 3302.25. (A) In accordance with standards prescribed by the state board of education and workforce for categorization of school district expenditures adopted under division (A) of section 3302.20 of the Revised Code, the department of education annually shall determine all of the following for the previous fiscal year:

(1) For each school district, the ratio of the district's operating expenditures for classroom instructional purposes compared to its operating expenditures for nonclassroom purposes;

(2) For each school district, the per pupil amount of the district's expenditures for classroom instructional purposes;

(3) For each school district, the per pupil amount of the district's operating expenditures for nonclassroom purposes;

The section shall be located in a prominent location on the department's public web site. The section shall include, but not be limited to, all of the following:

(1) A graph that illustrates the relationship between a district's academic performance, as measured by the performance index score, and its expenditure per equivalent pupils as compared to similar districts;

(2) Each district's total operating expenditures per pupil;
(3) Statistics of academic and financial performance measures for each district to allow for a comparison and benchmarking between districts.

(C) The department may contract with an independent organization to develop and host the performance management section of its web site.

Sec. 3309.48. Any employee who left the service of an employer after attaining age sixty-five or over and such employer had failed or refused to deduct and transmit to the school employees retirement system the employee contributions as required by section 3309.47 of the Revised Code during any year for which membership was compulsory as determined by the school employees retirement board, shall be granted service credit without cost, which shall be considered as total service credit for the purposes of meeting the qualifications for service retirement provided by the law in effect on and retroactive to the first eligible retirement date following the date such employment terminated, but shall not be paid until formal application for such allowance on a form provided by the retirement board is received in the office of the retirement system. The total service credit granted under this section shall not exceed ten years for any such employee.

The liability incurred by the retirement board because of the service credit granted under this section shall be determined by the retirement board, the cost of which shall be equal to an amount that is determined by applying the combined employee and employer rates of contribution against the compensation of such employee at the rates of contribution and maximum salary provisions in effect during such employment for each year for which credit is granted, together with interest at
the rate to be credited accumulated contributions at retirement, compounded annually from the first day of the month payment was due the retirement system to and including the month of deposit, the total amount of which shall be collected from the employer. Such amounts shall be certified by the retirement board to the superintendent of public instruction, the department of education and workforce, which shall deduct the amount due the system from any funds due the affected school district under Chapter 3317. of the Revised Code. The superintendent department shall certify to the director of budget and management the amount due the system for payment. The total amount paid shall be deposited into the employers' trust fund, and shall not be considered as accumulated contributions of the employee in the event of the employee's death or withdrawal of funds.

Sec. 3309.491. (A) An actuary employed by the school employees retirement board shall annually determine the minimum annual compensation amount for each member that will be needed to fund the cost of providing future health care benefits under section 3309.69 of the Revised Code. The amount determined by the actuary under this division shall be approved by the board and shall be known as the "minimum compensation amount."

(B)(1) The secretary of the school employees retirement board shall annually determine for each employer the "employer minimum compensation contribution."

Subject to division (B)(2) of this section, the amount determined shall be the lesser of the following:

(a) An amount equal to two per cent of the compensation of all members employed by the employer during the prior year;

(b) The total of the amounts determined as follows for
each member whose compensation for the prior year was less than the minimum compensation amount:

(i) Subtract the member's compensation for the prior year from the minimum compensation amount;

(ii) Multiply the remainder obtained under division (B)(1) of this section by one, or if the member earned less than a year's service credit for the prior year, by the same fraction as the fraction of a year's service credit credited to the member under section 3309.30 of the Revised Code;

(iii) Multiply the product obtained under division (B)(1) of this section by the employer contribution rate in effect for the year the service credit was earned.

(2) If the total of the employer minimum contribution amounts determined under division (B)(1) of this section exceeds one and one-half per cent of the compensation of all members employed by employers required to pay the employer minimum compensation contribution, the school employees retirement board shall reduce the amount determined for each employer so that the total amount determined does not exceed one and one-half per cent of the compensation of all members employed by employers required to pay the employer minimum compensation contribution. Any reduction shall be applied to each employer in the same proportion as the employer's minimum compensation contribution bears to the total employer minimum compensation contribution.

(C) The secretary shall annually certify to each employer the employer minimum compensation contribution determined under division (B) of this section. In addition to the employer contribution required by section 3309.49 of the Revised Code, each employer shall pay annually to the employers' trust fund
the amount certified to the employer under this division.

(D) Annually by the first day of August, the secretary shall submit to the superintendent of public instruction a list of the payments made by each employer under this section during the preceding fiscal year.

Sec. 3309.51. (A) Each employer shall pay into the employers' trust fund, monthly or at such times as the school employees retirement board requires, an amount certified by the school employees retirement board, which shall be as required by Chapter 3309. of the Revised Code.

Payments by school district boards of education to the employers' trust fund of the school employees retirement system may be made from the amounts allocated under Chapter 3317. of the Revised Code prior to their distribution to the individual school districts. The amount due from each school district may be certified by the secretary of the system to the superintendent of public instruction department of education and workforce monthly, or at such times as determined by the school employees retirement board.

Payments by governing authorities of community schools to the employers' trust fund of the school employees retirement system shall be made from the amounts allocated under section 3317.022 of the Revised Code prior to their distribution to the individual community schools. The amount due from each community school shall be certified by the secretary of the system to the superintendent of public instruction department monthly, or at such times as determined by the school employees retirement board.
Payments by a science, technology, engineering, and mathematics school to the employers' trust fund of the school employees retirement system shall be made from the amounts allocated under section 3317.022 of the Revised Code prior to their distribution to the school. The amount due from a science, technology, engineering, and mathematics school shall be certified by the secretary of the school employees retirement system to the superintendent of public instruction department monthly, or at such times as determined by the school employees retirement board.

(B) The superintendent department shall deduct from the amount allocated to each community school, to each school district, or to each science, technology, engineering, and mathematics school under Chapter 3317. of the Revised Code the entire amounts due to the school employees retirement system from such school or school district upon the certification to the superintendent department by the secretary thereof.

(C) Where an employer fails or has failed or refuses to make payments to the employers' trust fund, as provided for under Chapter 3309. of the Revised Code, or fails to pay any penalty imposed under section 3309.571 of the Revised Code the secretary of the school employees retirement system may certify to the state superintendent of public instruction department, monthly or at such times as is determined by the school employees retirement board, the amount due from such employer, and the superintendent department shall deduct from the amount allocated to the employer under Chapter 3317. of the Revised Code, the entire amounts due to the system from the employer upon the certification to the superintendent department by the secretary of the school employees retirement system.
(D) The superintendent shall certify to the director of budget and management the amounts thus due the system for payment.

(B) Notwithstanding anything in the Revised Code to the

(D) The department of education and workforce may request any individual applying for a scholarship under this section on behalf of a qualifying student to provide appropriate documentation, as defined by the department, that the student meets the eligibility qualifications prescribed under this section. In the case of a student who qualifies under division (B)(6) of this section, such documentation shall be provided by the student's parent, guardian, or caretaker.
Sec. 3310.036. If a student is eligible for an educational choice scholarship under section 3310.03 of the Revised Code for a school year as of the first day of February prior to that school year, that student's eligibility for a scholarship for that school year shall not change solely because, after the first day of February, the department of education and workforce changes the internal retrieval number of the school building in which the student is enrolled or would otherwise be assigned.

Sec. 3310.07. (A) Any parent, or any student who is at least eighteen years of age, who is seeking a scholarship under the educational choice scholarship pilot program shall notify the department of education and workforce of the student's and parent's names and address, the chartered nonpublic school in which the student has been accepted for enrollment, and the tuition charged by the school.

The student's resident district shall not be permitted to object to a student's eligibility for an educational choice scholarship under that section if the department's system determines the student is eligible.

For the purposes of division (B) of this section, not later than the first day of January of each year, each school district that has a school building described in division (A)(1) or (C) of section 3310.03 of the Revised Code shall submit to
the department, in the manner prescribed by the department, the attendance zone for students assigned to that building.

If the student has not been assigned a code, because the student will be entering kindergarten during the school year for which the scholarship is sought, the district shall assign a code to that student and submit the code to the department or parent by a date specified by the department. If the district does not assign a code to the student by the specified date, the department shall assign a code to that student.

The department annually shall submit to each school district the name and data verification code of each student residing in the district who is entering kindergarten, who has been awarded a scholarship under the program, and for whom the
department has assigned a code under this division.

(C) For the purpose of administering the applicable assessments prescribed under sections 3301.0710 and 3301.0712 of the Revised Code, as required by section 3310.14 of the Revised Code, the department shall provide to each chartered nonpublic school that enrolls a scholarship student the data verification code for that student.

(D) The department and each chartered nonpublic school that receives a data verification code under this section shall not release that code to any person except as provided by law.

Sec. 3310.13. (A) No chartered nonpublic school shall charge any student whose family income is at or below two hundred per cent of the federal poverty guidelines, as defined in section 5101.46 of the Revised Code, a tuition fee that is greater than the total amount paid for that student under section 3317.022 of the Revised Code.

(B) A chartered nonpublic school may charge any other student who is paid a scholarship under that section up to the difference between the amount of the scholarship and the regular tuition charge of the school. Each chartered nonpublic school may permit such an eligible student's family to provide volunteer services in lieu of cash payment to pay all or part of the amount of the school's tuition not covered by the scholarship paid under section 3317.022 of the Revised Code.
(C) Each chartered nonpublic school that charges a scholarship student an additional amount as authorized under division (B) of this section shall annually report to the department of education and workforce in the manner prescribed by the department the following:

(1) The number of students charged;

(2) The average of the amounts charged to such students.

Sec. 3310.14. (A) Except as provided in division (B) of this section, each chartered nonpublic school that is not subject to division (K)(1) of section 3301.0711 of the Revised Code and enrolls students awarded scholarships under sections 3310.01 to 3310.17 of the Revised Code annually shall administer the assessments prescribed by section 3301.0710, 3301.0712, or 3313.619 of the Revised Code, as applicable, to each scholarship student enrolled in the school in accordance with section 3301.0711 of the Revised Code. Each chartered nonpublic school that is subject to this section shall report to the department of education and workforce the results of each assessment administered to each scholarship student under this section.

Nothing in this section requires a chartered nonpublic school to administer any achievement assessment, except for an Ohio graduation test prescribed by division (B)(1) of section 3301.0710 or the college and work ready assessment system prescribed by division (B) of section 3301.0712 of the Revised Code to any student enrolled in the school who is not a scholarship student.

(B) A chartered nonpublic school that meets the conditions specified in division (K)(2) of section 3301.0711 of the Revised Code shall not be required to administer the elementary
assessments prescribed by division (A) of section 3301.0710 of the Revised Code.

Sec. 3310.15. (A) The department of education and workforce annually shall compile the scores attained by scholarship students to whom an assessment is administered under section 3310.14 of the Revised Code. The scores shall be aggregated as follows:

(1) By state, which shall include all students awarded a scholarship under the educational choice scholarship pilot program and who were required to take an assessment under section 3310.14 of the Revised Code;

(2) By school district, which shall include all scholarship students who were required to take an assessment under section 3310.14 of the Revised Code and for whom the district is the student's resident district;

(3) By chartered nonpublic school, which shall include all scholarship students enrolled in that school who were required to take an assessment under section 3310.14 of the Revised Code.

(B) The department shall disaggregate the student performance data described in division (A) of this section according to the following categories:

(1) Grade level;

(2) Race and ethnicity;

(3) Gender;

(4) Students who have participated in the scholarship program for three or more years;

(5) Students who have participated in the scholarship program for at least one year and who have participated in the scholarship program for three or more years;
program for more than one year and less than three years;

(6) Students who have participated in the scholarship program for one year or less;

(7) Economically disadvantaged students.

(C) The department shall post the student performance data required under divisions (A) and (B) of this section on its web site and, by the first day of February each year, shall distribute that data to the parent of each eligible student. In reporting student performance data under this division, the department shall not include any data that is statistically unreliable or that could result in the identification of individual students. For this purpose, the department shall not report performance data for any group that contains less than ten students.

(D) The department shall provide the parent of each scholarship student with information comparing the student's performance on the assessments administered under section 3310.14 of the Revised Code with the average performance of similar students enrolled in the building operated by the student's resident district that the scholarship student would otherwise attend. In calculating the performance of similar students, the department shall consider age, grade, race and ethnicity, gender, and socioeconomic status.

Sec. 3310.16. (A) For the 2020-2021 school year and each school year thereafter, the department of education and workforce shall accept, process, and award scholarships each year for the educational choice scholarship pilot program under sections 3310.03 and 3310.032 of the Revised Code, as follows:

(1) The application period shall open on the first day of
February prior to the first day of July of the school year for which a scholarship is sought. Not later than forty-five days after an applicant submits to the department of education and workforce a completed application, the department of education shall determine whether that applicant is eligible for a scholarship and notify the applicant whether or not the applicant is eligible. The department of education shall award a scholarship to each student with an approved application. However, for any application submitted after the beginning of the school year, the department of education shall prorate the amount of the awarded scholarship based on how much of the school year remains.

(2) In each school year, the department of education shall accept applications for conditional approval of a scholarship sought for that year or the next school year. Not later than five days after receiving an application under this division, the department of education shall grant conditional approval to an applicant who is eligible for a scholarship and notify the applicant whether or not conditional approval is granted.

(B) If the department determines an application submitted under this section contains an error or deficiency, the department shall notify the applicant who submitted that application not later than fourteen days after the application is submitted.

(C) The departments of education and workforce, job and family services, and taxation shall enter into a data sharing agreement so that, in administering this section, the department of education and workforce shall be able to determine, based on the address provided in a student’s application, whether that student is eligible for an educational choice scholarship under
section 3310.03 of the Revised Code and whether the student meets the residency requirements for an educational choice scholarship under section 3310.032 of the Revised Code.

(D) No city, local, or exempted village school district shall have access to an application submitted under this section.

Sec. 3310.17. (A) The state board of education shall adopt rules in accordance with Chapter 119. of the Revised Code prescribing procedures for the administration of the educational choice scholarship pilot program.

(B) The state board and the department of education shall not require chartered nonpublic schools to comply with any education laws or rules or other requirements that are not specified in sections 3310.01 to 3310.17 of the Revised Code or in rules necessary for the administration of the program, adopted under division (A) of this section, and that otherwise would not apply to a chartered nonpublic school.

Sec. 3310.41. (A) As used in this section:

(1) "Alternative public provider" means either of the following providers that agrees to enroll a child in the provider's special education program to implement the child's individualized education program and to which the child's parent owes fees for the services provided to the child:

(a) A school district that is not the school district in which the child is entitled to attend school;

(b) A public entity other than a school district.

(2) "Entitled to attend school" means entitled to attend
school in a school district under section 3313.64 or 3313.65 of the Revised Code.

(3) "Formula ADM" has the same meaning as in section 3317.02 of the Revised Code.

(4) "Preschool child with a disability" and "individualized education program" have the same meanings as in section 3323.01 of the Revised Code.

(5) "Parent" has the same meaning as in section 3313.64 of the Revised Code, except that "parent" does not mean a parent whose custodial rights have been terminated. "Parent" also includes the custodian of a qualified special education child, when a court has granted temporary, legal, or permanent custody of the child to an individual other than either of the natural or adoptive parents of the child or to a government agency.

(6) "Qualified special education child" is a child for whom all of the following conditions apply:

(a) The school district in which the child is entitled to attend school has identified the child as autistic. A child who has been identified as having a "pervasive developmental disorder - not otherwise specified (PPD-NOS)" shall be considered to be an autistic child for purposes of this section.

(b) The school district in which the child is entitled to attend school has developed an individualized education program under Chapter 3323. of the Revised Code for the child.

(c) The child either:

(i) Was enrolled in the school district in which the child is entitled to attend school in any grade from preschool through twelve in the school year prior to the year in which a

...
(ii) Is eligible to enter school in any grade preschool through twelve in the school district in which the child is entitled to attend school in the school year in which a scholarship under this section is first sought for the child.

(7) "Registered private provider" means a nonpublic school or other nonpublic entity that has been approved by the department of education and workforce to participate in the program established under this section.

(8) "Special education program" means a school or facility that provides special education and related services to children with disabilities.

(B) There is hereby established the autism scholarship program. Under the program, the department of education shall pay a scholarship under section 3317.022 of the Revised Code to the parent of each qualified special education child upon application of that parent pursuant to procedures and deadlines established by rule of the state board of education department. Each scholarship shall be used only to pay tuition for the child on whose behalf the scholarship is awarded to attend a special education program that implements the child's individualized education program and that is operated by an alternative public provider or by a registered private provider, and to pay for other services agreed to by the provider and the parent of a qualified special education child that are not included in the individualized education program but are associated with educating the child. Upon agreement with the parent of a qualified special education child, the alternative public provider or the registered private provider may modify the services provided to the child. The purpose of the scholarship
is to permit the parent of a qualified special education child
the choice to send the child to a special education program,
instead of the one operated by or for the school district in
which the child is entitled to attend school, to receive the
services prescribed in the child's individualized education
program once the individualized education program is finalized
and any other services agreed to by the provider and the parent
of a qualified special education child. The services provided
under the scholarship shall include an educational component or
services designed to assist the child to benefit from the
child's education.

A scholarship under this section shall not be awarded to
the parent of a child while the child's individualized education
program is being developed by the school district in which the
child is entitled to attend school, or while any administrative
or judicial mediation or proceedings with respect to the content
of the child's individualized education program are pending. A
scholarship under this section shall not be used for a child to
attend a public special education program that operates under a
contract, compact, or other bilateral agreement between the
school district in which the child is entitled to attend school
and another school district or other public provider, or for a
child to attend a community school established under Chapter
3314. of the Revised Code. However, nothing in this section or
in any rule adopted by the state board department shall prohibit
a parent whose child attends a public special education program
under a contract, compact, or other bilateral agreement, or a
parent whose child attends a community school, from applying for
and accepting a scholarship under this section so that the
parent may withdraw the child from that program or community
school and use the scholarship for the child to attend a special
education program for which the parent is required to pay for services for the child.

Except for development of the child's individualized education program, the school district in which a qualified special education child is entitled to attend school and the child's school district of residence, as defined in section 3323.01 of the Revised Code, if different, are not obligated to provide the child with a free appropriate public education under Chapter 3323. of the Revised Code for as long as the child continues to attend the special education program operated by either an alternative public provider or a registered private provider for which a scholarship is awarded under the autism scholarship program. If at any time, the eligible applicant for the child decides no longer to accept scholarship payments and enrolls the child in the special education program of the school district in which the child is entitled to attend school, that district shall provide the child with a free appropriate public education under Chapter 3323. of the Revised Code.

A child attending a special education program with a scholarship under this section shall continue to be entitled to transportation to and from that program in the manner prescribed by law.

(C) As prescribed in division (A)(2)(h) of section 3317.03 of the Revised Code, a child who is not a preschool child with a disability for whom a scholarship is awarded under this section shall be counted in the formula ADM of the district in which the child is entitled to attend school and not in the formula ADM of any other school district.

(D) A scholarship shall not be paid under section 3317.022 of the Revised Code to a parent for payment of tuition owed to a
nonpublic entity unless that entity is a registered private provider. The department shall approve entities that meet the standards established by rule of the state board department for the program established under this section.

(E) The state board department shall adopt rules under Chapter 119. of the Revised Code prescribing procedures necessary to implement this section, including, but not limited to, procedures and deadlines for parents to apply for scholarships, standards for registered private providers, and procedures for approval of entities as registered private providers.

The rules also shall specify that intervention services under the autism scholarship program may be provided by a qualified, credentialed provider, including, but not limited to, all of the following:

(1) A behavior analyst certified by a nationally recognized organization that certifies behavior analysts;

(2) A psychologist licensed to practice in this state under Chapter 4732. of the Revised Code;

(3) An independent school psychologist or school psychologist licensed to practice in this state under Chapter 4732. of the Revised Code;

(4) Any person employed by a licensed psychologist, licensed independent school psychologist, or licensed school psychologist, while carrying out specific tasks, under the licensee's supervision, as an extension of the licensee's legal and ethical authority as specified under Chapter 4732. of the Revised Code who is ascribed as "psychology trainee," "psychology assistant," "psychology intern," or other
appropriate term that clearly implies their supervised or training status;

(5) Unlicensed persons holding a doctoral degree in psychology or special education from a program approved by the state board department;

(6) Any other qualified individual as determined by the state board department.

(F) The department shall provide reasonable notice to all parents of children receiving a scholarship under the autism scholarship program, alternative public providers, and registered private providers of any amendment to a rule governing, or change in the administration of, the autism scholarship program.

Sec. 3310.411. Any registered private provider approved to participate in the autism scholarship program and any of its employees shall be subject to a criminal records check as specified in sections 109.57 and 109.572 of the Revised Code. The registered private provider shall submit the results of any records checks to the department of education and workforce. The department shall use the information submitted to enroll the individual for whom a records check is completed in the retained applicant fingerprint database, established under section 109.5721 of the Revised Code, in the same manner as any teacher licensed under sections 3319.22 to 3319.31 of the Revised Code.

Sec. 3310.42. (A) Only for the purpose of administering the autism scholarship program, the department of education and workforce may request from any of the following entities the data verification code assigned under division (D)(2) of section 3301.0714 of the Revised Code to any child who is seeking a
(1) The school district in which the child is entitled to attend school;

(2) If applicable, the community school in which the child is enrolled;

(3) The independent contractor engaged to create and maintain data verification codes.

(B) Upon a request by the department under division (A) of this section for the data verification code of a child seeking a scholarship or a request by the child's parent for that code, the school district or community school shall submit that code to the department or parent in the manner specified by the department. If the child has not been assigned a code, because the child will be entering preschool or kindergarten during the school year for which the scholarship is sought, the district shall assign a code to that child and submit the code to the department or parent by a date specified by the department. If the district does not assign a code to the child by the specified date, the department shall assign a code to the child.

The department annually shall submit to each school district the name and data verification code of each child residing in the district who is entering preschool or kindergarten, who has been awarded a scholarship under the program, and for whom the department has assigned a code under this division.

(C) The department shall not release any data verification code that it receives under this section to any person except as provided by law.

(D) Any document relative to the autism scholarship
program that the department holds in its files that contains both a child's name or other personally identifiable information and the child's data verification code shall not be a public record under section 149.43 of the Revised Code.

Sec. 3310.51. As used in sections 3310.51 to 3310.64 of the Revised Code:

(A) "Alternative public provider" means either of the following providers that agrees to enroll a child in the provider's special education program to implement the child's individualized education program and to which the eligible applicant owes fees for the services provided to the child:

(C) "Eligible applicant" means any of the following:

(1) Either of the natural or adoptive parents of a qualified special education child, except as otherwise specified in this division. When the marriage of the natural or adoptive parents of the student has been terminated by a divorce, dissolution of marriage, or annulment, or when the natural or adoptive parents of the student are living separate and apart under a legal separation decree, and a court has issued an order allocating the parental rights and responsibilities with respect to the child, "eligible applicant" means the residential parent as designated by the court. If the court issues a shared
parenting decree, "eligible applicant" means either parent.  "Eligible applicant" does not mean a parent whose custodial rights have been terminated.

(2) The custodian of a qualified special education child, when a court has granted temporary, legal, or permanent custody of the child to an individual other than either of the natural or adoptive parents of the child or to a government agency;

(3) The guardian of a qualified special education child, when a court has appointed a guardian for the child;

(4) The grandparent of a qualified special education child, when the grandparent is the child's attorney in fact under a power of attorney executed under sections 3109.51 to 3109.62 of the Revised Code or when the grandparent has executed a caretaker authorization affidavit under sections 3109.65 to 3109.73 of the Revised Code;

(5) The surrogate parent appointed for a qualified special education child pursuant to division (B) of section 3323.05 and section 3323.051 of the Revised Code;

(6) A qualified special education child, if the child does not have a custodian or guardian and the child is at least eighteen years of age.

(D) "Entitled to attend school" means entitled to attend school in a school district under sections 3313.64 and 3313.65 of the Revised Code.

(E) "Formula ADM" has the same meaning as in section 3317.02 of the Revised Code.

(2) The school district in which the child is entitled to attend school, or the child's school district of residence if different, has identified the child as a child with a disability.

(3) The school district in which the child is entitled to attend school, or the child's school district of residence if different, has developed an individualized education program under Chapter 3323. of the Revised Code for the child.

(4) The child either:

   (a) Was enrolled in the schools of the school district in which the child is entitled to attend school in any grade from kindergarten through twelve in the school year prior to the school year in which a scholarship is first sought for the child;

   (b) Is eligible to enter school in any grade kindergarten through twelve in the school district in which the child is entitled to attend school in the school year in which a scholarship is first sought for the child.

(5) The department of education and workforce has not approved a scholarship for the child under the educational choice scholarship pilot program, under sections 3310.01 to 3310.17 of the Revised Code, the autism scholarship program, under section 3310.41 of the Revised Code, or the pilot project scholarship program, under sections 3313.974 to 3313.979 of the Revised Code for the same school year in which a scholarship under the Jon Peterson special needs scholarship program is sought.
(6) The child and the child's parents are in compliance with the state compulsory attendance law under Chapter 3321. of the Revised Code.

(G) "Registered private provider" means a nonpublic school or other nonpublic entity that has been registered by the superintendent of public instruction under section 3310.58 of the Revised Code prior to the effective date of this amendment or the department of education and workforce on or after that date.

(H) "Scholarship" means a scholarship awarded under the Jon Peterson special needs scholarship program pursuant to sections 3310.51 to 3310.64 of the Revised Code.

(J) "School year" has the same meaning as in section 3313.62 of the Revised Code.

(K) "Special education program" means a school or facility that provides special education and related services to children with disabilities.

Sec. 3310.52. (A) The Jon Peterson special needs scholarship program is hereby established. Under the program, beginning with the 2012-2013 school year, subject to division (B) of this section, the department of education and workforce annually shall pay a scholarship under section 3317.022 of the Revised Code to an eligible applicant for services provided by an alternative public provider or a registered private provider.
for a qualified special education child. The scholarship shall be used only to pay all or part of the fees for the child to attend the special education program operated by the alternative public provider or registered private provider to implement the child's individualized education program, in lieu of the child's attending the special education program operated by the school district in which the child is entitled to attend school, and other services agreed to by the provider and eligible applicant that are not included in the individualized education program but are associated with educating the child. Beginning in the 2014-2015 school year, if the child is receiving special education services for a disability specified in division (A) of section 3317.013 of the Revised Code, the scholarship shall be used only to pay for related services that are included in the child's individualized education program. Upon agreement with the eligible applicant, the alternative public provider or registered private provider may modify the services provided to the child.

(C) The department shall pay a scholarship under section 3317.022 of the Revised Code to the parent of each qualified special education child, unless the parent authorizes a direct payment to the child's provider, upon application of that parent in the manner prescribed by the department. However, the department shall not adopt specific dates for application deadlines for scholarships under the program.

Sec. 3310.521. (A) As a condition of receiving payments
for a scholarship, each eligible applicant shall attest to receipt of the profile prescribed by division (B) of this section. Such attestation shall be made and submitted to the department of education and workforce in the form and manner as required by the department.

(B) The alternative public provider or registered private provider that enrolls a qualified special education child shall submit in writing to the eligible applicant to whom a scholarship is awarded on behalf of that child a profile of the provider's special education program, in a form as prescribed by the department, that shall contain the following:

Sec. 3310.522. (A) In order to maintain eligibility for a scholarship, a student shall take each assessment prescribed by section 3301.0710, 3301.0712, or 3313.619 of the Revised Code, as applicable, in accordance with section 3301.0711 of the Revised Code, unless one of the following applies to the student:

(L)(4) of section 3301.0711 of the Revised Code.

(3) The student is enrolled in any of grades three to eight and takes an alternative standardized assessment under division (K)(1) of section 3301.0711 of the Revised Code or division (B)(3) of this section.

(4) The student is excused from taking the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code pursuant to division (C)(1)(c)(ii) of section 3301.0711 of the Revised Code.

(B) Each registered private provider that is not subject to division (K)(1) of section 3301.0711 of the Revised Code and enrolls a student who is awarded a scholarship shall administer each assessment prescribed by section 3301.0710, 3301.0712, or 3313.619 of the Revised Code, as applicable, to that student in accordance with section 3301.0711 of the Revised Code, unless one of the following applies to the student:

(1) The student is excused from taking that assessment under division (A)(1) of this section.

(2) The student is enrolled in a chartered nonpublic school that meets the conditions specified in division (K)(2) or (L)(4) of section 3301.0711 of the Revised Code.

(3) The student is enrolled in any of grades three to eight and the registered private provider administers an alternative standardized assessment determined by the department of education and workforce under division (K)(1) of section 3301.0711 of the Revised Code to the student.

(4) The student is excused from taking the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code pursuant to division (C)(1)(c)(ii) of section 3301.0711 of the Revised Code.
3301.0711 of the Revised Code.

The registered private provider shall report to the department the results of each assessment so administered under division (B) of this section.

(C) Nothing in this section requires any chartered nonpublic school that is a registered private provider to administer any achievement assessment, except for an Ohio graduation test prescribed by division (B)(1) of section 3301.0710 or the college and work ready assessment system prescribed by division (B) of section 3301.0712 of the Revised Code to any student enrolled in the school who is not a scholarship student.

Sec. 3310.53. (A) Except for development of the child's individualized education program, as specified in division (B) of this section, the school district in which a qualified special education child is entitled to attend school and the child's school district of residence, if different, are not obligated to provide the child with a free appropriate public education under Chapter 3323. of the Revised Code for as long as the child continues to attend the special education program operated by either an alternative public provider or a registered private provider for which a scholarship is awarded under the Jon Peterson special needs scholarship program. If at any time, the eligible applicant for the child decides no longer to accept scholarship payments and enrolls the child in the special education program of the school district in which the child is entitled to attend school, that district shall provide the child with a free appropriate public education under Chapter 3323. of the Revised Code.

(B) Each eligible applicant and each qualified special
education child have a continuing right to the development of an
individualized education program for the child that complies
with Chapter 3323. of the Revised Code, 20 U.S.C. 1400 et seq.,
and administrative rules or guidelines adopted by the Ohio
department of education and workforce or the United States
department of education. The school district in which a
qualified special education child is entitled to attend school,
or the child's school district of residence if different, shall
develop each individualized education program for the child in
accordance with those provisions.

(C) Each school district shall notify an eligible
applicant of the applicant's and qualified special education
child's rights under sections 3310.51 to 3310.64 of the Revised
Code by providing to each eligible applicant the comparison
document prescribed in section 3323.052 of the Revised Code. An
eligible applicant's receipt of that document, as acknowledged
in a format prescribed by the department of education and
workforce, shall constitute notice that the eligible applicant
has been informed of those rights. Upon receipt of that
document, subsequent acceptance of a scholarship constitutes the
eligible applicant's informed consent to the provisions of
sections 3310.51 to 3310.64 of the Revised Code.

Sec. 3310.58. No nonpublic school or entity shall receive
payments from an eligible applicant for services for a qualified
special education child under the Jon Peterson special needs
scholarship program until the school or entity registers with
the superintendent of public instruction department of education
and workforce. The superintendent department shall register and
designate as a registered private provider any nonpublic school
or entity that meets the following requirements:
(A) The school or entity complies with the antidiscrimination provisions of 42 U.S.C. 2000d, regardless of whether the school or entity receives federal financial assistance.

(B) If the school or entity is not chartered by the state board of education and workforce under section 3301.16 of the Revised Code, the school or entity agrees to comply with sections 3319.39, 3319.391, and 3319.392 of the Revised Code as if it were a school district.

(C) The teaching and nonteaching professionals employed by the school or entity, or employed by any subcontractors of the school or entity, hold credentials determined by the state board of education to be appropriate for the qualified special education children enrolled in the special education program it operates.

(D) The school's or entity's educational program shall be approved by the department of education.

(E) The school or entity meets applicable health and safety standards established by law.

(F) The school or entity agrees to retain on file documentation as required by the department of education.

(G) The school or entity agrees to provide a record of the implementation of the individualized education program for each qualified special education child enrolled in the school's or entity's special education program, including evaluation of the child's progress, to the school district in which the child is entitled to attend school, in the form and manner prescribed by the department.

(H) The school or entity agrees that, if it declines to
enroll a particular qualified special education child, it will notify in writing the eligible applicant of its reasons for declining to enroll the child.

(B) Development of individualized education programs subsequent to the one developed for the child the first time a scholarship was awarded on behalf of the child and the prosecuting, by the eligible applicant on behalf of the child, of administrative or judicial mediation or proceedings with respect to any of those subsequent individualized education programs do not affect the applicant's and the child's continued eligibility for scholarship payments.

(C) In the case of any child for whom a scholarship has been awarded, if the school district in which the child is entitled to attend school has agreed to provide some services
for the child under an agreement entered into with the eligible applicant or with the alternative public provider or registered private provider implementing the child's individualized education program, or if the district is required by law to provide some services for the child, including transportation services under sections 3310.60 and 3327.01 of the Revised Code, the district shall not discontinue the services it is providing pending completion of any administrative proceedings regarding those services. The prosecuting, by the eligible applicant on behalf of the child, of administrative proceedings regarding the services provided by the district does not affect the applicant's and the child's continued eligibility for scholarship payments.

(D) The department of education and workforce shall continue to make payments to the eligible applicant under section 3317.022 of the Revised Code while either of the following are pending:

If the child has not been assigned a code, because the child will be entering kindergarten during the school year for which the scholarship is sought, the district shall assign a code to that child and submit the code to the department or applicant by a date specified by the department. If the district does not assign a code to the child by the specified date, the department shall assign a code to the child.

The department annually shall submit to each school district the name and data verification code of each child residing in the district who is entering kindergarten, who has been awarded a scholarship under the program, and for whom the department has assigned a code under this division.

(C) The department shall not release any data verification code that it receives under this section to any person except as provided by law.

this section, the vendor may recoup that money.

(D)(1) If a parent or guardian makes a request under division (B) of this section during fiscal year 2022, five hundred dollars shall be credited to the account established pursuant to the parent's or guardian's request within fourteen days of the parent's or guardian's request, and that amount shall be disbursed upon request to the parent or guardian not later than June 30, 2022, for use in accordance with division (E) of this section. Any amount remaining in an account at the end of fiscal year 2022 shall remain in that account for fiscal year 2023 for use in accordance with division (E) of this section.

(2) If a parent or guardian makes a request under division (B) of this section during fiscal year 2023, five hundred dollars shall be credited to the account established pursuant to the parent's or guardian's request within fourteen days of the parent's or guardian's request, and that amount shall be disbursed upon request to the parent or guardian not later than June 30, 2023, for use in accordance with division (E) of this section. A plan may provide for adding to the board a number of appointed members that is up to one less than the number of elected members on the board except that the total number of elected and appointed board members shall be an odd number. A plan shall provide for the terms of the appointed board members. The appointed board members in each plan shall be appointed by a majority vote of the full number of elected members on the board and vacancies shall be filled as provided in the plan. Each plan shall specify the qualifications for the appointed board members of an educational service center including the experience, knowledge, and skills that advance the mission and vision of the service center. Appointed members may be representative of the client school districts of the service center that are not otherwise represented on the board. As used in this section, "client school district" has the same meaning as in section 3311.0510 of the Revised Code.

A governing board adopting a plan under this section shall submit the plan to the state board of education and workforce for approval. The state board of education may approve or disapprove a plan or make recommendations for modifications.

The revision or rescission of a plan shall be submitted to the state board of education department for approval. The state board department may approve or disapprove a revision or rescission of a plan or make recommendations for modifications. Sec. 3311.08. The board of education of any local school district which contains within its territorial boundaries:

(A) All the territory lying within the corporate limits of a village having a population of three thousand or more according to the last federal census;

(B) All the territory lying within the corporate limits of a village having a population of two thousand or more according to the last federal census and a population outside the corporate limits of said village, as determined by a census taken by such board, sufficient to make the total population of such district three thousand or more, may, by a majority vote of the full membership of such board, declare that such district be
exempt from the supervision of the governing board of the educational service center.

When the board of education of a local school district notifies the governing board of the educational service center on or before the first day of May in any year, that it has adopted, by a majority vote of its full membership, a declaration that such local school district shall be exempt from the supervision of the educational service center governing board, such local school district shall be exempt from the supervision of the educational service center governing board for the school year commencing the first day of July following the date of such notification.

The local school district so exempted from the supervision of the educational service center governing board shall be known as an "exempted village school district" until its status as an exempted village school district has been changed.

A census taken by the board of a local school district, of territory outside the corporate limits of a village, shall be taken by persons appointed by such board. Each person so appointed shall take an oath or affirmation to take such a census accurately and shall make the return under oath to the treasurer of the board. The treasurer shall send certified copies of such census to the county auditor and to the superintendent of public instruction—director of education and workforce. Such census shall be approved by the superintendent director before the school district is deemed to have sufficient population to meet the requirements of an exempted village school district.

Sec. 3311.16. Any local, exempted village, or city board of education, any educational service center governing board, or
any combination of boards of such districts and centers,
referred to in sections 3311.16, 3311.17, and 3311.18 of the
Revised Code as the initiating unit, may make or contract for
the making of a study pertaining to the need to establish within
one county, or within an area comprised of two or more adjoining
counties, a joint vocational school district, and for the
preparation of a plan for the establishment and operation of a
joint vocational school district covering the territory of two
or more school districts within such county or counties. Any
local, exempted village, or city school district in the county
or counties may participate with the initiating unit in the cost
of such study and plan. Such plan shall be submitted to the
state board of education and workforce by the
initiating unit.

Sec. 3311.17. On approval of the plan by the state board of
department of education and workforce, the initiating unit shall
file a copy of such plan with the board of education of each
district whose territory is proposed to be included in the
proposed joint vocational school district. Within thirty days
after receiving such copy, such board of education shall
determine whether its district shall become a part of the
proposed joint vocational school district. If one or more boards
of education decide not to become a part of such proposed
district, a revised plan shall be prepared by the initiating
unit, and if such revised plan is approved by the state board of
department, such initiating unit shall file the revised
plan with the board of education of each district whose
territory is proposed to be included in the proposed joint
vocational school district. Within thirty days thereafter, each
such district shall determine whether its district shall become
a part of the proposed joint vocational school district.

All members of a joint vocational school district board serving unexpired terms on September 29, 2013, may continue in office until the expiration of their terms. If a member leaves office for any reason prior to the expiration of that member's term, the vacancy shall be filled only in the manner provided in division (C) of this section.

(B) Except as provided in section 3311.191 of the Revised Code, members of the joint vocational school district board appointed on or after September 29, 2013, shall serve for three-year terms of office.

(C) The manner of appointment and the total number of members appointed to the joint vocational school district board shall be in accordance with the most recent plan for the joint vocational school district on file with the department of education and workforce.

(1) Appointments under this section shall be made as the terms of members of each joint vocational school district board who are serving unexpired terms on September 29, 2013, expire or as those offices are otherwise vacated prior to the expiration date.

(2) Members of the joint vocational board shall be appointed by the member school district boards of education. Members of a joint vocational school district board may either be a current elected board member of a school district board
that is a member of the joint vocational school district or an individual who has experience or knowledge regarding the labor needs of the state and region with an understanding of the skills, training, and education needed for current and future employment opportunities in the state. The appointing board may give preference to individuals who have served as members on a joint vocational school business advisory committee.

(D) The vocational schools in the joint vocational school district shall be available to all youth of school age within the joint vocational school district subject to the rules adopted by the joint vocational school district board of education in regard to the standards requisite to admission. A joint vocational school district board of education shall have the same powers, duties, and authority for the management and operation of such joint vocational school district as is granted by law, except by this chapter and Chapters 124., 3317., 3323., and 3331. of the Revised Code, to a board of education of a city school district, and shall be subject to all the provisions of law that apply to a city school district, except such provisions in this chapter and Chapters 124., 3317., 3323., and 3331. of the Revised Code.

(E) The superintendent of schools of a joint vocational school district shall exercise the duties and authority vested by law in a superintendent of schools pertaining to the operation of a school district and the employment and supervision of its personnel. The joint vocational school district board of education shall appoint a treasurer of the joint vocational school district who shall be the fiscal officer for such district and who shall have all the powers, duties, and authority vested by law in a treasurer of a board of education.
(F) Each member of a joint vocational school district board of education may be paid such compensation as the board provides by resolution, but it shall not exceed one hundred twenty-five dollars per member for each meeting attended plus mileage, at the rate per mile provided by resolution of the board, to and from meetings of the board.

The board may provide by resolution for the deduction of amounts payable for benefits under section 3313.202 of the Revised Code.

Each member of a joint vocational school district board may be paid such compensation as the board provides by resolution for attendance at an approved training program, provided that such compensation shall not exceed sixty dollars per day for attendance at a training program three hours or fewer in length and one hundred twenty-five dollars a day for attendance at a training program longer than three hours in length. However, no board member shall be compensated for the same training program under this section and section 3313.12 of the Revised Code.

Sec. 3311.191. (A)(1) Subject to division (A)(2) of this section, if a joint vocational school district has an even number of member districts each appointing a member to the joint vocational school district board of education and the joint vocational school district's plan on file with the department of education and workforce provides for one additional board member to be appointed on a rotating basis by one of the appointing boards, the term of that additional member shall be for one year. The additional member shall otherwise meet the requirements for joint vocational school board members prescribed by section 3311.19 of the Revised Code.
(2) If an additional member of a joint vocational school district board appointed on a rotating basis, as described in division (A)(1) of this section, was appointed on or after September 29, 2013, but prior to September 29, 2015, that member may continue in office until the expiration of the member's current term of office. If such member vacates that office for any reason prior to the expiration of that member's term, a new additional member shall be appointed according to the rotational basis prescribed by the district's plan, and that member shall serve for the remainder of the vacating member's term. Thereafter, the term of office of the additional member shall be as prescribed by division (A)(1) of this section.

(B) A joint vocational school district board of education may submit an application to the superintendent of public instruction department for approval to revise its membership plan to stagger the members' terms of office. Each board may do so only one time. The application shall include the revisions proposed to be made to members' terms, the manner by which the terms shall be staggered, and any other information the state superintendent department requires.

Sec. 3311.213. (A) With the approval of the board of education of a joint vocational school district that is in existence, any school district in the county or counties comprising the joint vocational school district or any school district in a county adjacent to a county comprising part of a joint vocational school district may become a part of the joint vocational school district. On the adoption of a resolution of approval by the board of education of the joint vocational school district, it shall advertise a copy of such resolution in a newspaper of general circulation in the school district proposing to become a part of such joint vocational school.
district once each week for two weeks, or as provided in section 7.16 of the Revised Code, immediately following the date of the adoption of such resolution. Such resolution shall not become effective until the later of the sixty-first day after its adoption or until the board of elections certifies the results of an election in favor of joining of the school district to the joint vocational school district if such an election is held under division (B) of this section.

(B) During the sixty-day period following the date of the adoption of a resolution to join a school district to a joint vocational school district under division (A) of this section, the electors of the school district that proposes joining the joint vocational school district may petition for a referendum vote on the resolution. The question whether to approve or disapprove the resolution shall be submitted to the electors of such school district if a number of qualified electors equal to twenty per cent of the number of electors in the school district who voted for the office of governor at the most recent general election for that office sign a petition asking that the question of whether the resolution shall be disapproved be submitted to the electors. The petition shall be filed with the board of elections of the county in which the school district is located. If the school district is located in more than one county, the petition shall be filed with the board of elections of the county in which the majority of the territory of the school district is located. The board shall certify the validity and sufficiency of the signatures on the petition.

The board of elections shall immediately notify the board of education of the joint vocational school district and the board of education of the school district that proposes joining the joint vocational school district that the petition has been filed.
The effect of the resolution shall be stayed until the board of elections certifies the validity and sufficiency of the signatures on the petition. If the board of elections determines that the petition does not contain a sufficient number of valid signatures and sixty days have passed since the adoption of the resolution, the resolution shall become effective.

If the board of elections certifies that the petition contains a sufficient number of valid signatures, the board shall submit the question to the qualified electors of the school district on the day of the next general or primary election held at least ninety days after but no later than six months after the board of elections certifies the validity and sufficiency of signatures on the petition. If there is no general or primary election held at least ninety days after but no later than six months after the board of elections certifies the validity and sufficiency of signatures on the petition, the board shall submit the question to the electors at a special election to be held on the next day specified for special elections in division (D) of section 3501.01 of the Revised Code that occurs at least ninety days after the board certifies the validity and sufficiency of signatures on the petition. The election shall be conducted and canvassed and the results shall be certified in the same manner as in regular elections for the election of members of a board of education.

If a majority of the electors voting on the question disapprove the resolution, the resolution shall not become effective.

(C) If the resolution becomes effective, the board of education of the joint vocational school district shall notify
the county auditor of the county in which the school district becoming a part of the joint vocational school district is located, who shall thereupon have any outstanding levy for building purposes, bond retirement, or current expenses in force in the joint vocational school district spread over the territory of the school district becoming a part of the joint vocational school district. On the addition of a city or exempted village school district or an educational service center to the joint vocational school district, pursuant to this section, the board of education of such joint vocational school district shall submit to the state board department of education and workforce a proposal to enlarge the membership of such board by the addition of one or more persons at least one of whom shall be a member of the board of education or governing board of such additional school district or educational service center, and the term of each such additional member. On the addition of a local school district to the joint vocational school district, pursuant to this section, the board of education of such joint vocational school district may submit to the state board of education department a proposal to enlarge the membership of such board by the addition of one or more persons who are members of the educational service center governing board of such additional local school district. On approval by the state board of education department additional members shall be added to such joint vocational school district board of education.

Sec. 3311.214. (A) With the approval of the state board department of education and workforce, the boards of education of any two or more joint vocational school districts may, by the adoption of identical resolutions by a majority of the members of each such board, propose that one new joint vocational school
district be created by adding together all of the territory of each of the districts and dissolving such districts. A copy of each resolution shall be filed with the state board of education department for its approval or disapproval. The resolutions shall include a provision that the board of education of the new district shall be composed of the members from the same boards of education that composed the membership of the board of each of the districts to be dissolved, except that, if an even number of districts are to be dissolved, one additional member shall be added, who may be from any school district included in the territory of any of the districts to be dissolved as designated in the resolutions. The members of the new board shall have the same terms of office as they had under the respective plans of the districts adopting the resolutions, except that, if the new board has an additional member, the additional member shall have a term as specified in the resolutions.

If the state board department approves the resolutions, the board of education of each district to be dissolved shall advertise a copy of the resolution in a newspaper of general circulation in its district once each week for two weeks, or as provided in section 7.16 of the Revised Code, immediately following the date the resolutions are approved by the state board department. The resolutions shall become effective on the first day of July next succeeding the sixtieth day following approval by the state board department unless prior to the expiration of such sixty-day period, qualified electors residing in one of the districts to be dissolved equal in number to a majority of the qualified electors of that district voting at the last general election file with the state board department a petition of remonstrance against creation of the proposed new district.
(B) When a resolution becomes effective under division (A) of this section, each district in which a resolution was adopted and the board of each such district are dissolved. The territory of each dissolved district becomes a part of the new joint vocational school district. The net indebtedness of each dissolved district shall be assumed in full by the new district and the funds and property of each dissolved district shall become in full the funds and property of the new district. All existing contracts of each dissolved board shall be honored by the board of the new district until their expiration dates. The board of the new district shall notify the county auditor of each county in which each dissolved district was located that a resolution has become effective and a new district has been created and shall certify to each auditor any changes that might be required in the tax rate as a result of the creation of the new district.

(C) As used in this section, "net indebtedness" means the difference between the par value of the outstanding and unpaid bonds and notes of the school district and the amount held in the sinking fund and other indebtedness retirement funds for their redemption.

**Sec. 3311.217.** Upon approval by a majority of the full membership of the board of education of a joint vocational school district, or upon the receipt of resolutions formally adopted by a majority of the boards of education of the school districts participating in the joint vocational school district, the board of education of the joint vocational school district shall adopt and send to the state board of education and workforce a resolution requesting the dissolution of the joint vocational school district. Such resolution shall state the reasons for the proposed dissolution of the joint vocational
school district, shall set forth a plan for the equitable adjustment, division, and disposition of the assets, property, debts, and obligations of the joint vocational school district, and shall provide that the tax duplicate of each participating school district shall be bound for and assume its share of the outstanding indebtedness of the joint vocational school district. Upon approval of the resolution by the state board of education, the joint vocational school district shall be dissolved in accordance with the provisions of the resolution.

Sec. 3311.218. The board of education of a joint vocational school district may enter into a written agreement with the board of trustees of any technical college district, the boundaries of which are coterminous with such joint vocational school district, which agreement may provide for the sharing of use of any physical facility or equipment owned or used by either district. Such agreement may further provide that the joint vocational school district may contribute a portion of its funds for current operating expenses, regardless of whether such funds are derived from a tax levy or otherwise, to the technical college district to be expended by the technical college district for any lawful purpose. The agreement shall require the approval by resolution of both boards and shall be executed by the president and treasurer of both boards. A copy of such agreement shall be filed with the board of regents chancellor of higher education and a copy shall be filed with the state board department of education and workforce.

Sec. 3311.521. (A) The boards of education of any two or more contiguous city, exempted village, or local school districts may establish a cooperative education school district
in accordance with this section for the purpose of operating a joint high school in lieu of each of such boards operating any high school. Such a cooperative education school district shall only be established pursuant to the adoption of identical resolutions in accordance with this section within a sixty-day period by a majority of the members of the board of education of all such boards. Upon the adoption of all such resolutions, a copy of each resolution shall be filed with the state board department of education and workforce.

The territory of any cooperative education school district established pursuant to this section shall consist of the territory of all of the school districts whose boards of education adopt identical resolutions under this section.

(B) Any resolutions adopted under division (A) of this section shall include all of the following:

(1) Provision for the date on which the cooperative district will be created, which date shall be the first day of July in the year specified in the resolution;

(2) Provision for the composition, selection, and terms of office of the board of education of the cooperative district, which provision shall include but not necessarily be limited to both of the following:

(a) A requirement that the board include at least two members selected from or by the members of the board of education of each city, local, and exempted village school district within the territory of the cooperative district;

(b) Specification of the date by which the initial members of the board must be selected, which date shall be the same as the date specified pursuant to division (B)(1) of this section.
(3) Provision for the selection of a superintendent and treasurer of the cooperative school district, which provision shall require one of the following:

(a) The selection of one person as both the superintendent and treasurer of the cooperative district, which provision may require such person to be the superintendent or treasurer of any city, local, or exempted village school district within the territory of the cooperative district;

(b) The selection of one person as the superintendent and another person as the treasurer of the cooperative district, which provision may require either one or both such persons to be superintendents or treasurers of any city, local, or exempted village school district within the territory of the cooperative district.

(4) A statement of the high school education program the board of education of the cooperative education school district will conduct in lieu of any high school education program being operated by the boards of education of the city, local, and exempted village school districts within the territory of the cooperative district, which statement shall include but not necessarily be limited to the high school grade levels to be operated in the program, the timetable for commencing operation of the program, and the facilities proposed to be used or constructed to be used by the program;

(5) A statement that the boards of education of the city, local, and exempted village school districts within the territory of the cooperative district will not operate any high school education program for the grade levels operated by the cooperative district;
(6) A statement of how special education and related services will be provided in accordance with Chapter 3323. of the Revised Code to the children with disabilities who are identified by each city, exempted village, or local school district with territory in the cooperative district and who are in the grade levels to be operated by the cooperative district;

(7) A statement of how transportation of students to and from school will be provided in the cooperative district, which statement shall include but not be necessarily limited to both of the following:

(a) How special education students will be transported as required by their individualized education program adopted pursuant to section 3323.08 of the Revised Code;

(b) Whether transportation to and from school will be provided to any other students of the cooperative district and, if so, the manner in which this transportation will be provided.

(8) A statement of the annual amount, or the method for determining the annual amount, of funds or services or facilities that each city, local, and exempted village school district is required to pay to or provide for the use of the board of education of the cooperative education school district;

(9) Provision for adopting amendments to the provisions adopted pursuant to divisions (B)(3) to (8) of this section, which provision shall require that any such amendments comply with divisions (B)(3) to (8) of this section.

(C) Upon the adoption of identical resolutions in accordance with this section, the cooperative education school district and board of education of that district specified in and selected in accordance with such resolutions shall be
established on the date specified in the resolutions. Upon the
establishment of the district and board, the board of the
cooperative district shall give written notice of the creation
of the district to the county auditor and the board of elections
of each county having any territory in the new district.

Sec. 3311.53. (A)(1) The board of education of any city, local, or exempted village school district that wishes to become part of a cooperative education school district established pursuant to divisions (A) to (C) of section 3311.52 of the Revised Code may adopt a resolution proposing to become a part of the cooperative education school district.

(2) The board of education of any city, local, or exempted village school district that is contiguous to a cooperative education school district established pursuant to section 3311.521 of the Revised Code and that wishes to become part of that cooperative district may adopt a resolution proposing to become part of that cooperative district.

(B) If, after the adoption of a resolution in accordance with division (A) of this section, the board of education of the cooperative education school district named in that resolution also adopts a resolution accepting the new district, the board of the district wishing to become part of the cooperative district shall advertise a copy of the cooperative district board's resolution in a newspaper of general circulation in the school district proposing to become a part of the cooperative education school district once each week for two weeks, or as provided in section 7.16 of the Revised Code, immediately following the date of the adoption of the resolution. The resolution shall become legally effective on the sixtieth day after its adoption, unless prior to the expiration of that
sixty-day period qualified electors residing in the school

district proposed to become a part of the cooperative education

school district equal in number to a majority of the qualified

electors voting at the last general election file with the board

of education a petition of remonstrance against the transfer. If
the resolution becomes legally effective, both of the following
shall apply:

(1) The resolution that established the cooperative

education school district pursuant to divisions (A) to (C) of

section 3311.52 or section 3311.521 of the Revised Code shall be

amended to reflect the addition of the new district to the

cooperative district.

(2) The board of education of the cooperative education

school district shall give written notice of this fact to the

county auditor and the board of elections of each county in

which the school district becoming a part of the cooperative

shall thereupon have any outstanding levy for building purposes,

bond retirement, or current expenses in force in the cooperative

education school district spread over the territory of the

school district becoming a part of the cooperative education

school district.

(C) If the board of education of the cooperative education

school district is not the governing board of an educational

service center, the board of education of the cooperative

education school district shall, on the addition of a city,

local, or exempted village school district to the district

pursuant to this section, submit to the state board of education and workforce a proposal to enlarge the membership of the board. In the case of a cooperative district established
pursuant to divisions (A) to (C) of section 3311.52 of the Revised Code, the proposal shall add one or more persons to the district's board, at least one of whom shall be a member of or selected by the board of education of the additional school district, and shall specify the term of each such additional member. This section applies to any school district that has an average daily membership, as reported under division (A) of section 3317.03 of the Revised Code, greater than sixty thousand and of which the majority of the district's territory is located in a city with a population greater than seven hundred thousand according to the most recent federal decennial census.

(A) Subject to approval by the electors under section 3311.61 of the Revised Code, the board of education of a school district to which this section applies shall create the position of independent auditor to be responsible for all internal auditing functions of the district. The independent auditor shall be selected by the selection committee prescribed by division (B) of this section. Upon selection of the independent auditor, the district board shall execute a written contract of employment with the independent auditor. The district board shall appropriate funds to support the operations and functions of the independent auditor.

If sufficient funds are available, the independent auditor may obtain the services of certified public accountants, qualified management consultants, or other professional experts necessary to perform the duties prescribed under divisions (C) and (D) of this section.

(D) In cooperation with the school district board of education and in coordination with the auditor of state, the independent auditor may conduct or initiate financial and performance audits and analyses of the school district to ensure the following:

Sec. 3311.71. (A) As used in this section and in sections 3311.72 to 3311.87 of the Revised Code:

(1) "Municipal school district" means a school district that is or has ever been under a federal court order requiring supervision and operational, fiscal, and personnel management of the district by the state superintendent of public instruction.
prior to the effective date of this amendment or by the director of education and workforce on and after the effective date of this amendment.

(2) "Mayor" means the mayor of the municipal corporation containing the greatest portion of a municipal school district's territory.

(B) Whenever any municipal school district is released by a federal court from an order requiring supervision and operational, fiscal, and personnel management of the district by the state superintendent or director of education and workforce, the management and control of that district shall be assumed, effective immediately, by a new nine-member board of education. Members of the new board shall be appointed by the mayor, who shall also designate one member as the chairperson of the board. In addition to the rights, authority, and duties conferred upon the chairperson by sections 3311.71 to 3311.87 of the Revised Code, the chairperson shall have all the rights, authority, and duties conferred upon the president of a board of education by the Revised Code that are not inconsistent with sections 3311.71 to 3311.87 of the Revised Code.

(C) No school board member shall be appointed by the mayor pursuant to division (B) of this section until the mayor has received a slate of at least eighteen candidates nominated by a municipal school district nominating panel, at least three of whom reside in the municipal school district but not in the municipal corporation containing the greatest portion of the district's territory. The municipal school district nominating panel shall be initially convened and chaired by the state superintendent of public instruction or director, who shall serve as a nonvoting member for the first two years of the
panel's existence, and shall consist of eleven persons selected as follows:

(1) Three parents or guardians of children attending the schools of the municipal school district appointed by the district parent-teacher association, or similar organization selected by the state superintendent or director;

(2) Three persons appointed by the mayor;

(3) One person appointed by the president of the legislative body of the municipal corporation containing the greatest portion of the municipal school district's territory;

(4) One teacher appointed by the collective bargaining representative of the school district's teachers;

(5) One principal appointed through a vote of the school district's principals, which vote shall be conducted by the state superintendent or director;

(6) One representative of the business community appointed by an organized collective business entity selected by the mayor;

(7) One president of a public or private institution of higher education located within the municipal school district appointed by the state superintendent of public instruction or director.

The municipal school district nominating panel shall select one of its members as its chairperson commencing two years after the date of the first meeting of the panel, at which time the state superintendent of public instruction or director shall no longer convene or chair the panel. Thereafter, the panel shall meet as necessary to make nominations at the call of
the chairperson. All members of the panel shall serve at the
pleasure of the appointing authority. Vacancies on the panel
shall be filled in the same manner as the initial appointments.

(D) No individual shall be appointed by the mayor pursuant
to division (B) or (F) of this section unless the individual has
been nominated by the nominating panel, resides in the school
district, and holds no elected public office. At any given time,
four of the nine members appointed by the mayor to serve on the
board pursuant to either division (B) or (F) of this section
shall have displayed, prior to appointment, significant
expertise in either the education field, finance, or business
management. At all times at least one member of the board shall
be an individual who resides in the municipal school district
but not in the municipal corporation containing the greatest
portion of the district's territory.

(E) The terms of office of all members appointed by the
mayor pursuant to division (B) of this section shall expire on
the next thirtieth day of June following the referendum election
required by section 3311.73 of the Revised Code. The mayor may,
with the advice and consent of the nominating panel, remove any
member appointed pursuant to that division or division (F) of
this section for cause.

(F) If the voters of the district approve the continuation
of an appointed board at the referendum election required by
section 3311.73 of the Revised Code, the mayor shall appoint the
members of a new board from a slate prepared by the nominating
panel in the same manner as the initial board was appointed
pursuant to divisions (B), (C), and (D) of this section. Five of
the members of the new board shall be appointed to four-year
terms and the other four shall be appointed to two-year terms,
each term beginning on the first day of July. Thereafter, the mayor shall appoint members to four-year terms in the same manner as described in divisions (B), (C), and (D) of this section. The minimum number of individuals who shall be on the slate prepared by the nominating panel for this purpose shall be at least twice the number of members to be appointed, including at least two who reside in the municipal school district but not in the municipal corporation containing the greatest portion of the district's territory.

(G) In addition to the nine members appointed by the mayor, the boards appointed pursuant to divisions (B) and (F) of this section shall include the following nonvoting ex officio members:

(1) If the main campus of a state university specified in section 3345.011 of the Revised Code is located within the municipal school district, the president of the university or the president's designee;

(2) If any community college has its main branch located within the district, the president of the community college that has the largest main branch within the district, or the president's designee.

Sec. 3311.74. (A) The board of education of a municipal school district, in consultation with the department of education and workforce, shall set goals for the district's educational, financial, and management progress and establish accountability standards with which to measure the district's progress.

(B) (1) The chief executive officer of a municipal school district shall develop, implement, and regularly update a plan
to measure student academic performance at each school within
the district. The plan developed by the chief executive officer
shall include a component that requires the parents or guardians
of students who attend the district's schools to attend, prior
to the fifteenth day of December each year, at least one parent-
teacher conference or similar event held by the school the
student attends to provide an opportunity for the parents and
guardians to meet the student's teachers, discuss expectations
for the student, discuss the student's performance, and foster
communication between home and school.

(2) Where measurements demonstrate that students in
particular schools are not achieving, or are not improving their
achievement levels at an acceptable rate, the plan shall contain
provisions requiring the chief executive officer, with the
concurrence of the board, to take corrective action within those
schools, including, but not limited to, reallocation of academic
and financial resources, reassignment of staff, redesign of
academic programs, adjusting the length of the school year or
school day, and deploying additional assistance to students.

(3) Prior to taking corrective action pursuant to the
plan, the chief executive officer shall first identify which
schools are in need of corrective action, what corrective action
is warranted at each school, and when the corrective action
should be implemented. Collectively, these items shall be known
as the "corrective plan." The corrective plan is not intended to
be used as a cost savings measure; rather, it is intended to
improve student performance at targeted schools.

Immediately after developing the corrective plan, the
chief executive officer and the presiding officer of each labor
organization whose members will be affected by the corrective
plan shall each appoint up to four individuals to form one or more corrective action teams. The corrective action teams, within the timelines set by the chief executive officer for implementation of the corrective plan, shall collaborate with the chief executive officer and, where there are overlapping or mutual concerns, with other corrective action teams to make recommendations to the chief executive officer on implementation of the corrective plan.

If the chief executive officer disagrees with all or part of the recommendations of a corrective action team, or if a corrective action team fails to make timely recommendations on the implementation of all or part of the corrective plan, the chief executive officer may implement the corrective plan in the manner in which the chief executive officer determines to be in the best interest of the students, consistent with the timelines originally established.

The chief executive officer and any corrective action team are not bound by the applicable provisions of collective bargaining agreements in developing recommendations for and implementing the corrective plan.

(4) Notwithstanding anything to the contrary in Chapter 4117. of the Revised Code, the content and implementation of the corrective plan prevail over any conflicting provision of a collective bargaining agreement entered into on or after the effective date of this amendment October 1, 2012.

(C) Annually the chief executive officer shall issue a report to residents of the district that includes results of achievement measurements made under division (B)(1) of this section and delineates the nature of any reforms and corrective actions being taken in response to any failure to achieve at an
acceptable level or rate. The report shall also contain descriptions of efforts undertaken to improve the overall quality or efficiency of operation of the district, shall list the source of all district revenues, and shall contain a description of all district expenditures during the preceding fiscal year.

(D) The chief executive officer shall implement a public awareness campaign to keep the parents and guardians of the district's students informed of the changes being implemented within the district. The campaign may include such methods as community forums, letters, and brochures. It shall include annual distribution to all parents and guardians of an information card specifying the names and business addresses and telephone numbers of the ombudspersons appointed under section 3311.72 of the Revised Code and other employees of the district board of education who may serve as information resources for parents and guardians.

Sec. 3311.741. (A) This section applies only to a municipal school district in existence on July 1, 2012.

(B) Not later than December 1, 2012, the board of education of each municipal school district to which this section applies shall submit to the superintendent of public instruction—director of education and workforce an array of measures to be used in evaluating the performance of the district. The measures shall assess at least overall student achievement, student progress over time, the achievement and progress over time of each of the applicable categories of students described in division (G) of section 3302.03 of the Revised Code, and college and career readiness. The state—superintendent—director shall approve or disapprove the measures.
by January 15, 2013. If the measures are disapproved, the state superintendent shall recommend modifications that will make the measures acceptable.

(C) Beginning with the 2012-2013 school year, the board annually shall establish goals for improvement on each of the measures approved under division (B) of this section. The school district's performance data for the 2011-2012 school year shall be used as a baseline for determining improvement.

(D) Not later than October 1, 2013, and by the first day of October each year thereafter, the board shall issue a report describing the school district's performance for the previous school year on each of the measures approved under division (B) of this section and whether the district has met each of the improvement goals established for that year under division (C) of this section. The board shall provide the report to the governor, the superintendent of public instruction, director of education and workforce, and, in accordance with section 101.68 of the Revised Code, the general assembly.

Sec. 3311.76. (A) Notwithstanding Chapters 3302. and 3317. of the Revised Code, upon written request of the district chief executive officer, the state superintendent of public instruction—director of education and workforce—may exempt a municipal school district from any rules adopted under Title XXXIII of the Revised Code except for any rule adopted under Chapter 3307. or 3309., sections 3319.07 to 3319.21, or Chapter 3323. of the Revised Code, and may authorize a municipal school district to apply funds allocated to the district under Chapter 3317. of the Revised Code, except those specifically allocated to purposes other than current expenses, to the payment of debt charges on the district's public obligations. The request must
specify the provisions from which the district is seeking exemption or the application of funds requested and the reasons for the request. The state superintendent or director shall approve the request if the superintendent or director finds the requested exemption or application of funds is in the best interest of the district's students. The superintendent or director shall approve or disapprove the request within thirty days and shall notify the district board and the district chief executive officer of approval or reasons for disapproving the request.

(B) The board of education of a municipal school district may apply for an exemption from specific statutory provisions or rules under section 3302.07 of the Revised Code.

(C) In addition to the rights, authority, and duties conferred upon a municipal school district and its board of education in sections 3311.71 to 3311.87 of the Revised Code, a municipal school district and its board shall have all of the rights, authority, and duties conferred upon a city school district and its board by law that are not inconsistent with sections 3311.71 to 3311.87 of the Revised Code.

Sec. 3311.86. (A) As used in this section:

(1) "Alliance" means a municipal school district transformation alliance established as a nonprofit corporation.

(2) "Alliance municipal school district" means a municipal school district for which an alliance has been created under this section.

(3) "Partnering community school" means a community school established under Chapter 3314. of the Revised Code that is located within the territory of a municipal school district and that either is sponsored by the district or is a party to an
agreement with the district whereby the district and the community school endorse each other's programs.

(4) "Transformation alliance education plan" means a plan prepared by the mayor, and confirmed by the alliance, to transform public education in the alliance municipal school district to a system of municipal school district schools and partnering community schools that will be held to the highest standards of school performance and student achievement.

(B) If one or more partnering community schools are located in a municipal school district, the mayor may initiate proceedings to establish a municipal school district transformation alliance as a nonprofit corporation under Chapter 1702. of the Revised Code. The mayor shall have sole authority to appoint the directors of any alliance created under this section. The directors of the alliance shall include representatives of all of the following:

(1) The municipal school district;

(2) Partnering community schools;

(3) Members of the community at large, including parents and educators;

(4) The business community, including business leaders and foundation leaders.

No one group listed in divisions (B)(1) to (4) of this section shall comprise a majority of the directors. The mayor shall be an ex officio director, and serve as the chairperson of the board of directors, of any alliance created under this section. If the proceedings are initiated, the mayor shall identify the directors in the articles of incorporation filed under section 1702.04 of the Revised Code.
(C)(1) A majority of the members of the board of directors of the alliance shall constitute a quorum of the board. Any formal action taken by the board of directors shall take place at a meeting of the board and shall require the concurrence of a majority of the members of the board. Meetings of the board of directors shall be public meetings open to the public at all times, except that the board and its committees and subcommittees may hold an executive session, as if it were a public body with public employees, for any of the purposes for which an executive session of a public body is permitted under division (G) of section 121.22 of the Revised Code, notwithstanding that the alliance is not a public body as defined in that section, and its employees are not public employees as provided in division (F) of this section. The board of directors shall establish reasonable methods whereby any person may determine the time and place of all of the board's public meetings and by which any person, upon request, may obtain reasonable advance notification of the board's public meetings. Provisions for that advance notification may include, but are not limited to, mailing notices to all subscribers on a mailing list or mailing notices in self-addressed, stamped envelopes provided by the person.

(2) All records of the alliance shall be organized and maintained by the alliance and also filed with the department of education and workforce. The alliance and the department shall make those records available to the public as though those records were public records for purposes of Chapter 149. of the Revised Code. The department shall promptly notify the alliance upon the department's receipt of any requests for records relating to the alliance pursuant to section 149.43 of the Revised Code.
(3) The board of directors of the alliance shall establish a conflicts of interest policy and shall adopt that policy, and any amendments to the policy, at a meeting of the board held in accordance with this section.

(D)(1) If an alliance is created under this section, the alliance shall do all of the following:

(a) Report annually on the performance of all municipal school district schools and all community schools established under Chapter 3314. of the Revised Code and located in the district, using the criteria adopted under division (B) of section 3311.87 of the Revised Code;

(b) Confirm and monitor implementation of the transformation alliance education plan;

(c) Suggest national education models for and provide input in the development of new municipal school district schools and partnering community schools.

(2) If an alliance is created under this section, the department of education may request alliance comment, or the alliance independently may offer comment to the department, on the granting, renewal, or extension of an agreement with a sponsor of community schools under section 3314.015 of the Revised Code when the sponsor has existing agreements with a community school located in an alliance municipal school district. If the alliance makes comments, those comments shall be considered by the department prior to making its decision whether to grant, renew, or extend the agreement.

For purposes of division (D)(2) of this section, comments by the alliance shall be based on the criteria established under division (A) of section 3311.87 of the Revised Code.
(E) Divisions (E)(1) to (3) of this section apply to each community school sponsor that is subject to approval by the department under section 3314.015 of the Revised Code whose approval under that section is granted, renewed, or extended on or after October 1, 2012. Divisions (E)(1) to (3) of this section do not apply to a sponsor that has been approved by the department prior to that date, until the sponsor's approval is renewed, granted anew, or extended on or after that date.

(1) Before a sponsor to which this section applies may sponsor new community schools in an alliance municipal school district, the sponsor shall request recommendation from the alliance to sponsor community schools in the district.

(2) The alliance shall review the sponsor's request and shall make a recommendation to the department based on the standards for sponsors developed under division (A)(2) of section 3311.87 of the Revised Code.

(3) The department shall use the standards developed under division (A)(2) of section 3311.87 of the Revised Code, in addition to any other requirements of the Revised Code, to review a sponsor's request and make a final determination, on recommendation of the alliance, of whether the sponsor may sponsor new community schools in the alliance municipal school district.

No sponsor shall be required to receive authorization to sponsor new community schools under division (E)(3) of this section more than one time.

(F) Directors, officers, and employees of an alliance are not public employees or public officials, are not subject to Chapters 124., 145., and 4117. of the Revised Code, and are not
"public officials" or "public servants" as defined in section 2921.01 of the Revised Code. Membership on the board of directors of an alliance does not constitute the holding of an incompatible public office or employment in violation of any statutory or common law prohibition against the simultaneous holding of more than one public office or employment. Members of the board of directors of an alliance are not disqualified from holding any public office by reason of that membership, and do not forfeit by reason of that membership the public office or employment held when appointed to the board, notwithstanding any contrary disqualification or forfeiture requirement under the Revised Code or the common law of this state.

Sec. 3311.87. The department of education and workforce, in conjunction with the municipal school district transformation alliance established under section 3311.86 of the Revised Code, if such an alliance is established under that section, and a statewide nonprofit organization whose membership is comprised solely of entities that sponsor community schools and whose members sponsor the majority of start-up community schools in the state, shall do all of the following:

(A) Not later than December 31, 2012, establish both of the following:

(1) Objective criteria to be used by a sponsor to determine if it will sponsor new community schools located within the municipal school district. Beginning with any community school that opens after July 1, 2013, each sponsor shall use the criteria established under this division to determine whether to sponsor a community school in the municipal district.

(2) Criteria for assessing the ability of a sponsor to
successfully sponsor a community school in a municipal school district.

The criteria adopted under divisions (A)(1) and (2) of this section shall be based on standards issued by the national association of charter school authorizers or any other nationally organized community or charter school organization.

(B) Not later than April 30, 2013, establish a comprehensive framework to assess the efficacy of district schools and community schools located in the municipal school district. Where possible, the framework shall be based on nationally accepted quality standards and principles for schools and shall be specific to a school’s model, mission, and student populations.

Sec. 3312.01. (A) The educational regional service system is hereby established. The system shall support state and regional education initiatives and efforts to improve school effectiveness and student achievement. Services, including special education and related services, shall be provided under the system to school districts, community schools established under Chapter 3314. of the Revised Code, and chartered nonpublic schools.

It is the intent of the general assembly that the educational regional service system reduce the unnecessary duplication of programs and services and provide for a more streamlined and efficient delivery of educational services without reducing the availability of the services needed by school districts and schools.

(B) The educational regional service system shall consist of the following:
(1) The advisory councils and subcommittees established under sections 3312.03 and 3312.05 of the Revised Code;

(2) A fiscal agent for each of the regions as configured under section 3312.02 of the Revised Code;

(3) Educational service centers, information technology centers established under section 3301.075 of the Revised Code, and other regional education service providers.

(C) Educational service centers shall provide the services that they are specifically required to provide by the Revised Code and may enter into agreements pursuant to section 3313.843, 3313.844, or 3313.845 of the Revised Code for the provision of other services, which may include any of the following:

(1) Assistance in improving student performance;

(2) Services to enable a school district or school to operate more efficiently or economically;

(3) Professional development for teachers or administrators;

(4) Assistance in the recruitment and retention of teachers and administrators;

(5) Applying for any state or federal grant on behalf of a school district;

(6) Any other educational, administrative, or operational services.

Such subdistricts shall be bounded as far as practicable by corporation lines, streets, alleys, avenues, public grounds, canals, watercourses, ward boundaries, voting precinct boundaries, or present school district boundaries, shall be as nearly equal in population as possible, and be composed of adjacent and as compact territory as practicable. an audit of the district. Suspension of the treasurer may be
with or without pay, as determined by the district board based
on the circumstances that prompted the auditor of state's

(1) If more than one governing authority of a high-performing community school notifies the district treasurer of...
its intention to purchase the property pursuant to division (B) of this section, the board shall conduct a public auction in the manner required for auctions of district property under division (A) of section 3313.41 of the Revised Code. Only the governing authorities of high-performing community schools that notified the district treasurer pursuant to division (B) of this section are eligible to bid at the auction.

(A) The board of education of each city, exempted village, local, and joint vocational school district shall provide for the free education of the youth of school age within the district under its jurisdiction, at such places as will be most convenient for the attendance of the largest number thereof. Each school so provided and each chartered nonpublic school shall be open for instruction with pupils in attendance, including scheduled classes, supervised activities, and approved education options but excluding lunch and breakfast periods and extracurricular activities, for not less than four hundred fifty-five hours in the case of pupils in kindergarten unless such pupils are provided all-day kindergarten, as defined in section 3321.05 of the Revised Code, in which case the pupils shall be in attendance for nine hundred ten hours; nine hundred ten hours in the case of pupils in grades one through six; and one thousand one hours in the case of pupils in grades seven through twelve in each school year, which may include all of the following:

(C) No school operated by a city, exempted village, local, or joint vocational school district shall reduce the number of hours in each school year that the school is scheduled to be open for instruction from the number of hours per year the school was open for instruction during the previous school year unless the reduction is approved by a resolution adopted by the district board of education. Any reduction so approved shall not result in fewer hours of instruction per school year than the applicable number of hours required under division (A) of this section.

(D) Prior to making any change in the hours or days in which a high school under its jurisdiction is open for instruction, the board of education of each city, exempted village, and local school district shall consider the compatibility of the proposed change with the scheduling needs of any joint vocational school district in which any of the high school's students are also enrolled. The board shall consider the impact of the proposed change on student access to the instructional programs offered by the joint vocational school district, incentives for students to participate in career-technical education, transportation, and the timing of
graduation. The board shall provide the joint vocational school district board with advance notice of the proposed change and the two boards shall enter into a written agreement prescribing reasonable accommodations to meet the scheduling needs of the joint vocational school district prior to implementation of the change.

(E) Subject to section 3327.016 of the Revised Code, prior to making any change in the hours or days in which a school under its jurisdiction is open for instruction, the board of education of each city, exempted village, and local school district shall consider the compatibility of the proposed change with the scheduling needs of any community school established under Chapter 3314. of the Revised Code to which the district is required to transport students under sections 3314.09 and 3327.01 of the Revised Code. The board shall consider the impact of the proposed change on student access to the instructional programs offered by the community school, transportation, and the timing of graduation. The board shall provide the sponsor, governing authority, and operator of the community school with advance notice of the proposed change, and the board and the governing authority, or operator if such authority is delegated to the operator, shall enter into a written agreement prescribing reasonable accommodations to meet the scheduling needs of the community school prior to implementation of the change.

(F) Subject to section 3327.016 of the Revised Code, prior to making any change in the hours or days in which the schools under its jurisdiction are open for instruction, the board of education of each city, exempted village, and local school district shall consult with the chartered nonpublic schools to which the district is required to transport students under
section 3327.01 of the Revised Code and shall consider the effect of the proposed change on the schedule for transportation of those students to their nonpublic schools. The governing authority of a chartered nonpublic school shall consult with each school district board of education that transports students to the chartered nonpublic school under section 3327.01 of the Revised Code prior to making any change in the hours or days in which the nonpublic school is open for instruction.

(G) The state board of education and workforce shall not adopt or enforce any rule or standard that imposes on chartered nonpublic schools the procedural requirements imposed on school districts by divisions (B), (C), (D), and (E) of this section.

Sec. 3313.483. (A) A board of education, upon the adoption of a resolution stating that it may be financially unable to open on the day or to remain open for instruction on all days set forth in its adopted school calendar and pay all obligated expenses, or the superintendent of public instruction upon the issuance of written notification under division (B) of section 3313.489 of the Revised Code, shall request the auditor of state to determine whether such situation exists. The auditor shall deliver a copy of each request from a board of education to the superintendent of public instruction. In the case of a school district not under a fiscal emergency pursuant to Chapter 3316. of the Revised Code the auditor shall not issue a finding under this section until written notification is received from the superintendent pursuant to section 3313.487 of the Revised Code.

(B) If the auditor of state finds that the board of
education has attempted to avail itself to the fullest extent
authorized by law of all lawful revenue sources available to it
except those authorized by section 5705.21 of the Revised Code,
the auditor shall certify that finding to the superintendent of
public instruction and the state board of education
and workforce and shall certify the operating deficit the
district will have at the end of the fiscal year if it commences
or continues operating its instructional program in accordance
with its adopted school calendar and pays all obligated
expenses.

(C) No board of education may delay the opening of its
schools or close its schools for financial reasons. Upon the
request of the superintendent of public instruction, director of
education and workforce, the attorney general shall seek
injunctive relief and any other relief required to enforce this
prohibition in the court of common pleas of Franklin county. The
court of common pleas of Franklin county has exclusive original
jurisdiction over all such actions.

(D) Upon the receipt of any certification of an operating
deficit from the auditor of state, a board of education shall
make application to a commercial bank, underwriter, or other
prospective lender or purchaser of its obligations for a loan in
an amount sufficient to enable the district to open or remain
open for instruction on all days set forth in its adopted school
calendar but not to exceed the amount of the deficit certified.

(E)(1) Any board of education that has applied for and
been denied a loan from a commercial bank, underwriter, or other
prospective lender or purchaser of its obligations pursuant to
division (D) of this section shall submit to the superintendent
of public instruction, director of education and workforce a plan
for implementing reductions in the school district's budget; apply for a loan from a commercial bank, underwriter, or other prospective lender or purchaser of its obligations in an amount not to exceed its certified deficit; and provide the superintendent director such information as the superintendent director requires concerning its application for such a loan. The board of education of a school district declared to be under a fiscal watch pursuant to division (A) of section 3316.03 of the Revised Code may, upon approval of the superintendent director, utilize the financial plan required by section 3316.04 of the Revised Code, or applicable parts thereof, as the plan required under this division. The board of education of a school district declared to be under a fiscal emergency pursuant to division (B) of section 3316.03 of the Revised Code may utilize the financial recovery plan for the district, or applicable parts thereof, as the plan required under this division. Except for the plan of a school district under a fiscal emergency, the superintendent director shall evaluate, make recommendations concerning, and approve or disapprove each plan. When a plan is submitted, the superintendent director shall immediately notify the members of the general assembly whose legislative districts include any or all of the territory of the school district submitting the plan.

(2) The superintendent director shall submit to the controlling board a copy of each plan the superintendent director approves, or each plan submitted by a district under a fiscal emergency pursuant to division (B) of section 3316.03 of the Revised Code, and the general terms of each proposed loan, and shall make recommendations regarding the plan and whether a proposed loan to the board of education should be approved for payment as provided in division (E)(3) of this section. The
controlling board shall approve or disapprove the plan and the proposed loan presented to it by the superintendent or director. In the case of a district not under a fiscal emergency pursuant to division (B) of section 3316.03 of the Revised Code, the controlling board may require a board of education to implement the superintendent's or director's recommendations for expenditure reductions or impose other requirements. Loan repayments shall be in accordance with a schedule approved by the superintendent or director, except that the principal amount of the loan shall be payable in monthly, semiannual, or annual installments of principal and interest that are substantially equal principal and interest installments. Except as otherwise provided in division (E)(2) of this section, repayment shall be made no later than the fifteenth day of June of the second fiscal year following the approval of the loan. A school district with a certified deficit in excess of either twenty-five million dollars or fifteen per cent of the general fund expenditures of the district during the fiscal year shall repay the loan no later than the fifteenth day of June of the tenth fiscal year following the approval of the loan. In deciding whether to approve or disapprove a proposed loan, the controlling board shall consider the deficit certified by the auditor of state pursuant to this section. A board of education that has an outstanding loan approved pursuant to this section with a repayment date of more than two fiscal years after the date of approval of such loan may not apply for another loan with such a repayment date until the outstanding loan has been repaid.

(3) If a board of education has submitted and received controlling board approval of a plan and proposed loan in accordance with this section, the superintendent of public
instruction director of education and workforce shall report to the controlling board the actual amounts loaned to the board of education. Such board of education shall request the superintendent director to pay any funds the board of education would otherwise receive pursuant to Chapter 3306. of the Revised Code first directly to the holders of the board of education's notes, or an agent thereof, such amounts as are specified under the terms of the loan. Such payments shall be made only from and to the extent of money appropriated by the general assembly for purposes of such sections. No note or other obligation of the board of education under the loan constitutes an obligation nor a debt or a pledge of the faith, credit, or taxing power of the state, and the holder or owner of such note or obligation has no right to have taxes levied by the general assembly for the payment of such note or obligation, and such note or obligation shall contain a statement to that effect.

(4) Pursuant to the terms of such a loan, a board of education may issue its notes in anticipation of the collection of its voted levies for current expenses or its receipt of such state funds or both. Such notes shall be issued in accordance with division (E) of section 133.10 of the Revised Code and constitute Chapter 133. securities to the extent such division and the otherwise applicable provisions of Chapter 133. of the Revised Code are not inconsistent with this section, provided that in any event sections 133.24 and 5705.21 and divisions (A), (B), (C), and (E)(2) of section 133.10 of the Revised Code do not apply to such notes.

(5) Notwithstanding section 133.36 or 3313.17, any other section of the Revised Code, or any other provision of law, a board of education that has received a loan under this section may not declare bankruptcy, so long as any portion of such loan
remains unpaid.

(F) Under this section and section 3313.4810, "board of education" or "district board" includes the financial planning and supervision commission of a school district under a fiscal emergency pursuant to Chapter 3316. of the Revised Code where such commission chooses to exercise the powers and duties otherwise required of the district board of education under this section and section 3313.4810 of the Revised Code.

Sec. 3313.484. No loan shall be approved under sections 3313.483 to 3313.4810 of the Revised Code after March 1, 1998.

By the last day of June each year, the department of education and workforce shall calculate and pay a subsidy to every school district that during the current fiscal year paid and was obligated to pay interest on a loan under sections 3313.483 to 3313.4810 of the Revised Code in excess of two per cent simple interest. The amount of the subsidy shall equal the difference between the amount of interest the district paid and was obligated to pay during the year and the interest that the district would have been obligated to pay if the interest rate on the loan had been two per cent per year.

Sec. 3313.487. (A) Upon receipt of a copy of a request for a determination under section 3313.483 of the Revised Code or upon the issuance of written notification under division (B) of section 3313.489 of the Revised Code, the superintendent of public instruction shall analyze the district's financial condition and ascertain what elements of the district's educational program exceed or fail to meet the minimum standards of the state board of education and workforce and requirements set forth in the Revised Code, and what, if any, additional revenues or revenue
sources may be available to the district that are not included in its official certificate or amended certificate of estimated resources. The superintendent director shall make a written report of the superintendent's director's findings to the school district's board of education, and the auditor of state, and the state board of education. The report shall include any recommendations, including reductions in programs which exceed minimum standards of the state board of education director or requirements set forth in the Revised Code, that, if followed, would enable the district to reduce its expenses while operating an educational program that is responsive to the educational needs of the school district in accordance with its adopted school calendar. The superintendent director may determine that a responsive educational program requires the inclusion of elements exceeding the minimum standards of the state board of education director or requirements of the Revised Code. If, upon completion of the analysis and findings as provided in this division, the superintendent director determines that the district will be financially unable to operate its educational program in accordance with its adopted school calendar and pay all obligated expenses, the superintendent director shall notify the auditor of state in writing. Upon receipt of such notification, the auditor of state shall issue findings pursuant to section 3313.483 of the Revised Code.

(B) Upon the receipt of the superintendent of public instruction's director of education and workforce's report under division (A) of this section or a certification from the auditor of state under section 3313.483 of the Revised Code, the state board of education director may, at any time during the next ninety days, issue an order making the school district subject to section 3313.488 of the Revised Code if it finds the school
district is not able to operate an educational program from existing revenue sources during the current and the ensuing school year. Such order shall take immediate effect, and such section shall apply to the school district. Prior to the issuance of any order under this division, the state board of education may request from the superintendent of public instruction a recommendation regarding the matter of the issuance of an order making a school district subject to section 3313.488 of the Revised Code. A board of education may appeal the order on questions of fact to the court of common pleas of Franklin county.

(C) Notwithstanding division (B) of this section, the state board of education director shall issue an order making a school district subject to section 3313.488 of the Revised Code if the district fails to enter into a loan agreement with a commercial lending institution within forty-five days of the deficit certification pursuant to section 3313.483 of the Revised Code. If the state board director issues an order under this division, the superintendent of public instruction director shall apply for a loan from a commercial lending institution pursuant to section 3313.483 of the Revised Code on behalf of the district. The superintendent director shall have full authority to act on behalf of the board of education of a school district with respect to the making of loan agreements, and any loan agreement made by the superintendent director shall be fully binding on the school district.

(D) This section does not apply to a school district declared to be under a fiscal emergency pursuant to division (B) of section 3316.03 of the Revised Code.

The fiscal statement shall be submitted to the superintendent of public instruction and department of education and workforce and shall set forth all revenues to be received by the district during the remainder of the fiscal year and their sources, the expenses to be incurred by the district during the remainder of the fiscal year, the outstanding and unpaid expenses at the time the fiscal statement is prepared and the date or dates by which such expenses must be paid, and such other information as the superintendent director requires to enable the superintendent department of education and workforce to ensure that during the remainder of the fiscal year, the district will not incur any expenses that will further impair its ability to operate an instructional program that meets or exceeds the minimum standards of the state board of education and requirements of the Revised Code during the current and ensuing fiscal years with the revenue available to it from existing revenue sources. The fiscal statement shall be presented in such detail and form as the superintendent department prescribes. Beginning the tenth day after the fiscal statement is submitted and for the remainder of the fiscal year, the board shall not make any expenditure of money, make any employment, purchase, or rental contract, give any order involving the expenditure of money, or increase any wage or salary schedule unless the superintendent of public instruction director has approved the fiscal statement in writing and the expenditure, contract, order, or schedule has been approved in writing by the superintendent director as being in conformity with the fiscal

(B) A board of education subject to division (A) of this section shall prepare a fiscal statement of expenses and expenditures for the ensuing fiscal year. The fiscal statement shall be submitted to the superintendent of public instruction director and shall set forth all revenues to be received by the district during such year and their source, the expenses to be incurred by the district during such year, the outstanding and unpaid expenses on the first day of such fiscal year, the date or dates by which such expenses must be paid, and such other information as the superintendent department requires to enable the superintendent department to ensure that during such year, the district will not incur any expenses that will further impair its ability to operate an instructional program that meets or exceeds the minimum standards of the state board of education director and requirements of the Revised Code during such year with the revenue available to it from existing revenue sources. The fiscal statement shall be presented at the time and in such detail and form as the superintendent department prescribes. During the fiscal year following the year in which a board of education first becomes subject to division (A) of this section it shall not make any expenditure of money, make any employment, purchase, or rental contract, give any order involving the expenditure of money, or increase any wage or salary schedule unless the superintendent of public instruction director has approved the fiscal statement submitted under this division in writing and has approved the expenditure, contract,
order, or schedule in writing as being in conformity with the fiscal statement.

Any contract or expenditure made, order given, or schedule adopted or put into effect without the written approval of the superintendent of public instruction director is void, and no warrant shall be issued in payment of any amount due thereon.

(C) The state board of education department shall examine any fiscal statement presented to and approved by the superintendent of public instruction it under division (B) of this section and shall determine whether the data set forth in the fiscal statement are factual and based upon assumptions that in its judgment are reasonable expectations consistent with acceptable governmental budget and accounting practices. If the state board department so determines and finds that the revenues and expenditures in the fiscal statement are in balance for the fiscal year and the fiscal statement will enable the district to operate during such year without interrupting its school calendar, it shall certify its determination and finding to the district at least thirty days prior to the beginning of the fiscal year, and the district shall thereupon cease to be subject to this section. If the state board department does not make such a determination and finding, the board of education and school district are subject to this division and division (B) of this section in the ensuing fiscal year and each fiscal year thereafter until the state board department makes a determination, finding, and certification under this division.

(D) Any officer, employee, or other person who knowingly expends or authorizes the expenditure of any public funds or knowingly authorizes or executes any contract, order, or schedule contrary to division (A) or (B) of this section or who

The attorney general at the written request of the superintendent of public instruction shall enforce this liability by civil action brought in any court of appropriate jurisdiction in the name of and on behalf of the school district.

(E) This section does not apply to a school district declared to be under a fiscal emergency pursuant to division (B) of section 3316.03 of the Revised Code.

**Sec. 3313.489.** (A) The superintendent of public instruction director of education and workforce shall examine each five-year projection of revenues and expenditures submitted under section 5705.391 of the Revised Code and shall determine whether the information contained therein, together with any other relevant information, indicates that the district may be financially unable to operate its instructional program on all days set forth in its adopted school calendars and pay all obligated expenses during the current fiscal year. If a board of education has not adopted a school calendar for the school year beginning on the first day of July of the current fiscal year at the time an examination is required under this division, the superintendent director shall examine the five-year projection and determine whether the district may be financially unable to pay all obligated expenses and operate its instructional program for the number of days on which instruction was held in the preceding fiscal year.
(B) If the superintendent of public instruction—director of education and workforce determines pursuant to division (A) of this section that a school district may be financially unable to operate its instructional program on all days required by such division and pay all obligated expenses during the current fiscal year, the superintendent—director shall provide written notification of such determination to the president of the district's board of education and the auditor of state.

(C) This section does not apply to a school district declared to be under a fiscal emergency pursuant to division (B) of section 3316.03 of the Revised Code.

Sec. 3313.4810. Any school district receiving a loan under section 3313.483 of the Revised Code in excess of seven per cent of the general fund expenditures of the district during the fiscal year in which the loan is received and that has received a loan under that section within the last five years is subject to section 3313.488 of the Revised Code for the duration of the fiscal year in which the district receives the loan and during the ensuing two fiscal years. The controlling board may not relieve a school district to which this section applies from any requirements imposed under section 3313.483 of the Revised Code to implement recommendations of the superintendent of public instruction—director of education and workforce for expenditure reduction and may not modify any other requirements imposed under such section upon such a district as a condition for receiving the loan unless expressly authorized to do so by law. The superintendent of public instruction—director shall, among any recommendations the superintendent—director makes for expenditure reduction under section 3313.483 of the Revised Code affecting the number of employees of a school district to which this section applies, provide wherever possible for the
retention of teachers who are actually involved in the daily

high school continuation program may specify the contribution

the resolutions establishing such program shall also designate

and disbursing funds, and administering the program for the
benefit of all participating boards of education.

(C) A board of education that operates an adult high
school continuation program alone or jointly with another board

assign to such program in accordance with this section, any
student who has not received a high school diploma, who is at
least eighteen years old, and who is being readmitted to school
following expulsion or commitment to the department of youth
services. Before making any such assignment, the superintendent or his designee shall meet with the student to determine whether he should be so assigned, and shall prepare a report on his findings and determination. If based on his meeting or his designee's report the superintendent finds that the pupil should be placed in a program under this section, the superintendent shall make the assignment. Once assigned to the program, the student shall remain in it until he is reassigned by the superintendent or leaves school. At least once in each academic term, the superintendent or his designee shall review the progress of each student assigned to the program under this division and the superintendent shall, based on the review, make a determination of whether the student should remain in the program or be reassigned. Tuition shall not be charged for the attendance of any student assigned to a program pursuant to this division who is entitled under section 3313.64 of the Revised Code to attend the schools of the district without payment of tuition.

(D) The state board of education and workforce shall adopt rules and standards governing the operations of adult high school continuation programs. (C) Upon the request of any person pursuant to division (A) or (B) of this section, the board of education to which the request is made shall evaluate the person to determine whether the person is disabled, in accordance with rules adopted by the state board of education and workforce. If the evaluation indicates that the person is disabled, the board shall determine whether to excuse the person from taking any of the assessments required by section 3313.618 of the Revised Code as a requirement for receiving a diploma under section 3313.611 of the Revised Code. The board may require the person to take an alternate assessment in place of any test from which the person is so excused.

section shall be licensed and shall be subject to background

(2) If the student did not receive home instruction in the preceding grading period, the student's academic performance during the preceding grading period shall have met any academic standards for eligibility to participate in the program established by the school district.

(D) Eligibility for a student who leaves a school district mid-year for home instruction shall be determined based on an interim academic assessment issued by the district in which the student was enrolled based on the student's work while enrolled in that district.

(E) Any student who commences home instruction after the beginning of a school year and who is, at the time home instruction commences, ineligible to participate in an extracurricular activity due to failure to meet academic standards or any other requirements of the district shall not participate in the extracurricular activity under this section until the student meets the applicable academic requirements established by the state board of education for continuation of home instruction as verified by the superintendent of the district. No student under this section shall be eligible to participate in the same semester in which the student was
determined ineligible.

(F) No school district shall impose additional rules on a student to participate under this section that do not apply to other students participating in the same extracurricular activity. No district shall impose fees for a student to participate under this section that exceed any fees charged to other students participating in the same extracurricular activity.

(G) No school district, interscholastic conference, or organization that regulates interscholastic conferences or events shall require a student who is eligible to participate in interscholastic extracurricular activities under this section to meet eligibility requirements that conflict with this section.

Sec. 3313.5314. No student who is enrolled in a public or nonpublic school shall be denied the opportunity to participate in interscholastic athletics offered by that school solely because the student is participating or has participated in the college credit plus program under Chapter 3365. of the Revised Code, so long as the student fulfills all other academic, nonacademic, and financial requirements that are not related to participation in the program.

Additionally, no student who is enrolled in a community school, STEM school, or nonpublic school or who is receiving home instruction education shall be denied the opportunity to participate in interscholastic athletics at the school in which the student is entitled to attend school under section 3313.64 or 3313.65 of the Revised Code solely because of participation in the college credit plus program, so long as the student meets the applicable requirements under section 3313.537, 3313.5311, or 3313.5312 of the Revised Code and fulfills all other
academic, nonacademic, and financial requirements that are not related to participation in the program.

As used in this section, "community school" means a community school established under Chapter 3314. of the Revised Code, and "STEM school" means a science, technology, engineering, and mathematics school established under Chapter 3326. of the Revised Code.

For students who choose to take advanced computer science in lieu of algebra II under division (C)(3) of this section, the school shall communicate to those students that some institutions of higher education may require algebra II for the purpose of college admission. Also, the parent, guardian, or legal custodian of each student who chooses to take advanced computer science in lieu of algebra II shall sign and submit to the school a document containing a statement acknowledging that not taking algebra II may have an adverse effect on college admission decisions.

A student may fulfill one unit of mathematics under division (C)(3) of this section by completing one-half unit of financial literacy instruction to satisfy the requirement prescribed under division (C)(9) of this section and one-half unit of a mathematics course. The one-half unit course in mathematics shall not be in algebra II, or its equivalent, or a
course for which the state board department requires an end-of-course examination under section 3301.0712 of the Revised Code.

Students who choose to take one unit of advanced computer science in lieu of algebra II, as described in division (C)(3) of this section, shall not be permitted to complete one-half unit of financial literacy instruction to satisfy the mathematics unit requirements of that division. Instead, those students shall be required to complete the one-half unit of financial literacy instruction under division (C)(8) of this section.

(4) Physical education, one-half unit;

(5) Science, three units with inquiry-based laboratory experience that engages students in asking valid scientific questions and gathering and analyzing information, which shall include the following, or their equivalent:

(a) American history, one-half unit;

(b) American government, one-half unit.

(7) Social studies, two units.

Beginning with students who enter ninth grade for the first time on or after July 1, 2017, the two units of instruction prescribed by division (C)(7) of this section shall include at least one-half unit of instruction in the study of world history and civilizations.

(8) Five units consisting of one or any combination of foreign language, fine arts, business, career-technical education, family and consumer sciences, technology which may include computer science, agricultural education, a junior reserve officer training corps (JROTC) program approved by the congress of the United States under title 10 of the United States Code, or English language arts, mathematics, science, or social studies courses not otherwise required under division (C) of this section.

One-half unit of instruction under division (C)(8) of this section may be instruction in financial literacy to satisfy the requirement under division (C)(9) of this section.

(9)(a) Except as provided in division (C)(9)(b) of this section, for students who enter ninth grade for the first time on or after July 1, 2022, financial literacy, one-half unit. Each student shall elect to complete the one-half unit of instruction in financial literacy either in lieu of one-half unit of instruction in mathematics under division (C)(3) of this
section or an elective under division (C)(8) of this section.

(b) A student attending a nonpublic school accredited through the independent schools association of the central states or any other chartered nonpublic school shall not be required to complete the one-half unit of financial literacy instruction prescribed in division (C)(9)(a) of this section, unless that student is attending the school under a state scholarship program as defined in section 3301.0711 of the Revised Code.

The study and instruction of financial literacy required under division (C)(9) of this section shall align with the academic content standards for financial literacy and entrepreneurship adopted under division (A)(2) of section 3301.079 of the Revised Code. In developing the curriculum for the study and instruction of financial literacy, schools may use available public-private partnerships and resources and materials that exist in business, industry, and through the centers for economics education at institutions of higher education.

Ohioans must be prepared to apply increased knowledge and skills in the workplace and to adapt their knowledge and skills quickly to meet the rapidly changing conditions of the twenty-first century. National studies indicate that all high school graduates need the same academic foundation, regardless of the opportunities they pursue after graduation. The goal of Ohio's system of elementary and secondary education is to prepare all students for and seamlessly connect all students to success in life beyond high school graduation, regardless of whether the next step is entering the workforce, beginning an apprenticeship, engaging in post-secondary training, serving in
the military, or pursuing a college degree.

The requirements for graduation prescribed in division (C) of this section are the standard expectation for all students entering ninth grade for the first time at a public or chartered nonpublic high school on or after July 1, 2010. A student may satisfy this expectation through a variety of methods, including, but not limited to, integrated, applied, career-technical, and traditional coursework.

Stronger coordination between high schools and institutions of higher education is necessary to prepare students for more challenging academic endeavors and to lessen the need for academic remediation in college, thereby reducing the costs of higher education for Ohio's students, families, and the state. The state board department and the chancellor of higher education shall develop policies to ensure that only in rare instances will students who complete the requirements for graduation prescribed in division (C) of this section require academic remediation after high school.

School districts, community schools, and chartered nonpublic schools shall integrate technology into learning experiences across the curriculum in order to maximize efficiency, enhance learning, and prepare students for success in the technology-driven twenty-first century. Districts and schools shall use distance and web-based course delivery as a method of providing or augmenting all instruction required under this division, including laboratory experience in science. Districts and schools shall utilize technology access and electronic learning opportunities provided by the broadcast educational media commission, chancellor, the Ohio learning network, education technology centers, public television
stations, and other public and private providers.

(D) Except as provided in division (E) of this section, a student who enters ninth grade on or after July 1, 2010, and before July 1, 2016, may qualify for graduation from a public or chartered nonpublic high school even though the student has not completed the requirements for graduation prescribed in division (C) of this section if all of the following conditions are satisfied:

(1) During the student's third year of attending high school, as determined by the school, the student and the student's parent, guardian, or custodian sign and file with the school a written statement asserting the parent's, guardian's, or custodian's consent to the student's graduating without completing the requirements for graduation prescribed in division (C) of this section and acknowledging that one consequence of not completing those requirements is ineligibility to enroll in most state universities in Ohio without further coursework.

(2) The student and parent, guardian, or custodian fulfill any procedural requirements the school stipulates to ensure the student's and parent's, guardian's, or custodian's informed consent and to facilitate orderly filing of statements under division (D)(1) of this section. Annually, each district or school shall notify the department of the number of students who choose to qualify for graduation under division (D) of this section and the number of students who complete the student's success plan and graduate from high school.

(3) The student and the student's parent, guardian, or custodian and a representative of the student's high school jointly develop a student success plan for the student in the
manner described in division (C)(1) of section 3313.6020 of the Revised Code that specifies the student matriculating to a two-year degree program, acquiring a business and industry-recognized credential, or entering an apprenticeship.

(4) The student's high school provides counseling and support for the student related to the plan developed under division (D)(3) of this section during the remainder of the student's high school experience.

(5)(a) Except as provided in division (D)(5)(b) of this section, the student successfully completes, at a minimum, the curriculum prescribed in division (B) of this section.

(b) Beginning with students who enter ninth grade for the first time on or after July 1, 2014, a student shall be required to complete successfully, at the minimum, the curriculum prescribed in division (B) of this section, except as follows:

(i) Mathematics, four units, one unit which shall be one of the following:

   (I) Probability and statistics;
   (II) Computer science;
   (III) Applied mathematics or quantitative reasoning;
   (IV) Any other course approved by the department using standards established by the superintendent not later than October 1, 2014.

(ii) Elective units, five units;

(iii) Science, three units as prescribed by division (B) of this section which shall include inquiry-based laboratory experience that engages students in asking valid scientific
questions and gathering and analyzing information.

(E) Each school district and chartered nonpublic school retains the authority to require an even more challenging minimum curriculum for high school graduation than specified in division (B) or (C) of this section. A school district board of education, through the adoption of a resolution, or the governing authority of a chartered nonpublic school may stipulate any of the following:

(1) A minimum high school curriculum that requires more than twenty units of academic credit to graduate;

(2) An exception to the district's or school's minimum high school curriculum that is comparable to the exception provided in division (D) of this section but with additional requirements, which may include a requirement that the student successfully complete more than the minimum curriculum prescribed in division (B) of this section;

(3) That no exception comparable to that provided in division (D) of this section is available.

If a school district or chartered nonpublic school requires a foreign language as an additional graduation requirement under division (E) of this section, a student may apply one unit of instruction in computer coding to satisfy one unit of foreign language. If a student applies more than one computer coding course to satisfy the foreign language requirement, the courses shall be sequential and progressively more difficult.

(F) A student enrolled in a dropout prevention and recovery program, which program has received a waiver from the department, may qualify for graduation from high school by
successfully completing a competency-based instructional program 
administered by the dropout prevention and recovery program in 
lieu of completing the requirements for graduation prescribed in 
division (C) of this section. The department shall grant a 
waiver to a dropout prevention and recovery program, within 
sixty days after the program applies for the waiver, if the 
program meets all of the following conditions:

(1) The program serves only students not younger than 
sixteen years of age and not older than twenty-one years of age.

(2) The program enrolls students who, at the time of their 
initial enrollment, either, or both, are at least one grade 
level behind their cohort age groups or experience crises that 
significantly interfere with their academic progress such that 
they are prevented from continuing their traditional programs.

(3) The program requires students to attain at least the 
applicable score designated for each of the assessments 
prescribed under division (B)(1) of section 3301.0710 of the 
Revised Code or, to the extent prescribed by rule of the state 
board department under division (D)(5) of section 3301.0712 of 
the Revised Code, division (B)(2) of that section.

(4) The program develops a student success plan for the 
student in the manner described in division (C)(1) of section 
3313.6020 of the Revised Code that specifies the student's 
matriculating to a two-year degree program, acquiring a business 
and industry-recognized credential, or entering an 
apprenticeship.

(5) The program provides counseling and support for the 
student related to the plan developed under division (F)(4) of 
this section during the remainder of the student's high school
experience.

(6) The program requires the student and the student's parent, guardian, or custodian to sign and file, in accordance with procedural requirements stipulated by the program, a written statement asserting the parent's, guardian's, or custodian's consent to the student's graduating without completing the requirements for graduation prescribed in division (C) of this section and acknowledging that one consequence of not completing those requirements is ineligibility to enroll in most state universities in Ohio without further coursework.

(7) Prior to receiving the waiver, the program has submitted to the department an instructional plan that demonstrates how the academic content standards adopted by the state board—department under section 3301.079 of the Revised Code will be taught and assessed.

(8) Prior to receiving the waiver, the program has submitted to the department a policy on career advising that satisfies the requirements of section 3313.6020 of the Revised Code, with an emphasis on how every student will receive career advising.

(9) Prior to receiving the waiver, the program has submitted to the department a written agreement outlining the future cooperation between the program and any combination of local job training, postsecondary education, nonprofit, and health and social service organizations to provide services for students in the program and their families.

Divisions (F)(8) and (9) of this section apply only to waivers granted on or after July 1, 2015.
If the department does not act either to grant the waiver or to reject the program application for the waiver within sixty days as required under this section, the waiver shall be considered to be granted.

(G) Every high school may permit students below the ninth grade to take advanced work. If a high school so permits, it shall award high school credit for successful completion of the advanced work and shall count such advanced work toward the graduation requirements of division (B) or (C) of this section if the advanced work was both:

(1) Taught by a person who possesses a license or certificate issued under section 3301.071, 3319.22, or 3319.222 of the Revised Code that is valid for teaching high school;

(2) Designated by the board of education of the city, local, or exempted village school district, the board of the cooperative education school district, or the governing authority of the chartered nonpublic school as meeting the high school curriculum requirements.

Each high school shall record on the student's high school transcript all high school credit awarded under division (G) of this section. In addition, if the student completed a seventh- or eighth-grade fine arts course described in division (K) of this section and the course qualified for high school credit under that division, the high school shall record that course on the student's high school transcript.

(H) The department shall make its individual academic career plan available through its Ohio career information system web site for districts and schools to use as a tool for communicating with and providing guidance to students and
families in selecting high school courses.

(I) A school district or chartered nonpublic school may integrate academic content in a subject area for which the state board department has adopted standards under section 3301.079 of the Revised Code into a course in a different subject area, including a career-technical education course, in accordance with guidance for integrated coursework developed by the department. Upon successful completion of an integrated course, a student may receive credit for both subject areas that were integrated into the course. Units earned for subject area content delivered through integrated academic and career-technical instruction are eligible to meet the graduation requirements of division (B) or (C) of this section.

For purposes of meeting graduation requirements, if an end-of-course examination has been prescribed under section 3301.0712 of the Revised Code for the subject area delivered through integrated instruction, the school district or school may administer the related subject area examinations upon the student's completion of the integrated course.

Nothing in division (I) of this section shall be construed to excuse any school district, chartered nonpublic school, or student from any requirement in the Revised Code related to curriculum, assessments, or the awarding of a high school diploma.

(J)(1) The state board department, in consultation with the chancellor, shall adopt a statewide plan implementing methods for students to earn units of high school credit based on a demonstration of subject area competency, instead of or in combination with completing hours of classroom instruction. The state board shall adopt the plan not later than March 31, 2009,
and commence phasing in the plan during the 2009-2010 school year. The plan shall include a standard method for recording demonstrated proficiency on high school transcripts. Each school district and community school shall comply with the state board's plan adopted under this division and award units of high school credit in accordance with the plan. The state board may adopt existing methods for earning high school credit based on a demonstration of subject area competency as necessary prior to the 2009-2010 school year.

(2) Not later than December 31, 2015, the state board shall update the statewide plan adopted pursuant to division (J)(1) of this section to also include methods for students enrolled in seventh and eighth grade to meet curriculum requirements based on a demonstration of subject area competency, instead of or in combination with completing hours of classroom instruction. Beginning with the 2017-2018 school year, each school district and community school also shall comply with the updated plan adopted pursuant to this division and permit students enrolled in seventh and eighth grade to meet curriculum requirements based on subject area competency in accordance with the plan.

(3) Not later than December 31, 2017, the department shall develop a framework for school districts and community schools to use in granting units of high school credit to students who demonstrate subject area competency through work-based learning experiences, internships, or cooperative education. Beginning with the 2018-2019 school year, each district and community school shall comply with the framework. Each district and community school also shall review any policy it has adopted regarding the demonstration of subject area competency to identify ways to incorporate work-based learning
experiences, internships, and cooperative education into the policy in order to increase student engagement and opportunities to earn units of high school credit.

(K) This division does not apply to students who qualify for graduation from high school under division (D) or (F) of this section, or to students pursuing a career-technical instructional track as determined by the school district board of education or the chartered nonpublic school's governing authority. Nevertheless, the general assembly encourages such students to consider enrolling in a fine arts course as an elective.

Beginning with students who enter ninth grade for the first time on or after July 1, 2010, each student enrolled in a public or chartered nonpublic high school shall complete two semesters or the equivalent of fine arts to graduate from high school. The coursework may be completed in any of grades seven to twelve. Each student who completes a fine arts course in grade seven or eight may elect to count that course toward the five units of electives required for graduation under division (C)(8) of this section, if the course satisfied the requirements of division (G) of this section. In that case, the high school shall award the student high school credit for the course and count the course toward the five units required under division (C)(8) of this section. If the course in grade seven or eight did not satisfy the requirements of division (G) of this section, the high school shall not award the student high school credit for the course but shall count the course toward the two semesters or the equivalent of fine arts required by this division.

(L) Notwithstanding anything to the contrary in this
section, the board of education of each school district and the
governing authority of each chartered nonpublic school may adopt
a policy to excuse from the high school physical education
requirement each student who, during high school, has
participated in interscholastic athletics, marching band, show
choir, or cheerleading for at least two full seasons or in the
junior reserve officer training corps for at least two full
school years. If the board or authority adopts such a policy,
the board or authority shall not require the student to complete
any physical education course as a condition to graduate.
However, the student shall be required to complete one-half
unit, consisting of at least sixty hours of instruction, in
another course of study. In the case of a student who has
participated in the junior reserve officer training corps for at
least two full school years, credit received for that
participation may be used to satisfy the requirement to complete
one-half unit in another course of study.

(M) It is important that high school students learn and
understand United States history and the governments of both the
United States and the state of Ohio. Therefore, beginning with
students who enter ninth grade for the first time on or after
July 1, 2012, the study of American history and American
government required by divisions (B)(6) and (C)(6) of this
section shall include the study of all of the following
documents:

(1) The Declaration of Independence;

(2) The Northwest Ordinance;

(3) The Constitution of the United States with emphasis on
the Bill of Rights;
(4) The Ohio Constitution.

The study of each of the documents prescribed in divisions (M)(1) to (4) of this section shall include study of that document in its original context.

The study of American history and government required by divisions (B)(6) and (C)(6) of this section shall include the historical evidence of the role of documents such as the Federalist Papers and the Anti-Federalist Papers to firmly establish the historical background leading to the establishment of the provisions of the Constitution and Bill of Rights.

(N) A student may apply one unit of instruction in computer science to satisfy one unit of mathematics or one unit of science under division (C) of this section as the student chooses, regardless of the field of certification of the teacher who teaches the course, so long as that teacher meets the licensure requirements prescribed by section 3319.236 of the Revised Code and, prior to teaching the course, completes a professional development program determined to be appropriate by the district board.

If a student applies more than one computer science course to satisfy curriculum requirements under that division, the courses shall be sequential and progressively more difficult or cover different subject areas within computer science.

Sec. 3313.605. (A) As used in this section:

(1) "Civic responsibility" means the patriotic and ethical duties of all citizens to take an active role in society and to consider the interests and concerns of other individuals in the community.

(2) "Volunteerism" means nonprofit activity in the United
States, the benefits and limitations of nonprofit activities, and the presence and function of nonprofit civic and charitable organizations in the United States.

(3) "Community service" means a service performed through educational institutions, government agencies, nonprofit organizations, social service agencies, and philanthropies and generally designed to provide direct experience with people or project planning, with the goal of improving the quality of life for the community. Such activities may include but are not limited to tutoring, literacy training, neighborhood improvement, encouraging interracial and multicultural understanding, promoting ideals of patriotism, increasing environmental safety, assisting the elderly or disabled, and providing mental health care, housing, drug abuse prevention programs, and other philanthropic programs, particularly for disadvantaged or low-income persons.

(B) The board of education of each city, local, exempted village, and joint vocational school district, the governing authority of each community school established under Chapter 3314. of the Revised Code, and the governing body of each STEM school established under Chapter 3326. of the Revised Code may include community service education in its educational program. A governing board of an educational service center, upon the request of a local school district board of education, may provide a community service education program for the local district pursuant to this section. If a board, governing authority, or governing body includes community service education in its education program, the board, governing authority, or governing body shall do both of the following:

(1) Establish a community service advisory committee. The
committee shall provide recommendations to the board, governing authority, or governing body regarding a community service plan for students and shall oversee and assist in the implementation of the plan adopted by the board, governing authority, or governing body under division (B)(2) of this section. Each board, governing authority, or governing body shall determine the membership and organization of its advisory committee and may designate an existing committee established for another purpose to serve as the community service advisory committee; however, each such committee shall include two or more students and shall include or consult with at least one person employed in the field of volunteer management who devotes at least fifty per cent of employment hours to coordinating volunteerism among community organizations. The committee members may include representatives of parents, teachers, administrators, other educational institutions, business, government, nonprofit organizations, veterans organizations, social service agencies, religious organizations, and philanthropies.

(2) Develop and implement a community service plan. To assist in establishing its plan, the board, governing authority, or governing body shall consult with and may contract with one or more local or regional organizations with experience in volunteer program development and management. Each community service plan adopted under this division shall be based upon the recommendations of the advisory committee and shall provide for all of the following:

(a) Education of students in the value of community service and its contributions to the history of this state and this nation;

(b) Identification of opportunities for students to
provide community service;

    (c) Encouragement of students to provide community service;

    (d) Integration of community service opportunities into the curriculum;

    (e) A community service instructional program for teachers, including strategies for the teaching of community service education, for the discovery of community service opportunities, and for the motivation of students to become involved in community service.

Plans shall be reviewed periodically by the advisory committee and, if necessary, revised by the board, governing authority, or governing body at least once every five years.

    Plans shall provide for students to perform services under the plan that will not supplant the hiring of, result in the displacement of, or impair any existing employment contract of any particular employee of any private or governmental entity for which the services are performed. The plan shall provide for any entity utilizing a student to perform community service under the plan to verify to the board that the student does not supplant the hiring of, displace, or impair the employment contract of any particular employee of the entity.

    Upon adoption, a board, governing authority, or governing body shall submit a copy of its plan to the department of education and workforce. Each city and exempted village board of education and each governing board of a service center shall include a copy of its plan in any course of study adopted under section 3313.60 of the Revised Code that is required to be submitted for approval to the state board department for review.
A joint vocational school district board of education shall submit a copy of its plan to the state board department for review when required to do so by the state board department. A local board shall forward its plan to the educational service center governing board for inclusion in the governing board's course of study. The department periodically shall review all plans and publish those plans that could serve as models for other school districts, educational service centers, community schools, or STEM schools.

(C) Under this section, a board, governing authority, or governing body may only grant high school credit for a community service education course if approximately half of the course is devoted to classroom study of such matters as civic responsibility, the history of volunteerism, and community service training and approximately half of the course is devoted to community service.

Each board, governing authority, or governing body shall determine which specific activities will serve to fulfill the required hours of community service.

(D) The superintendent of public instruction department of education and workforce shall develop guidelines for the development and implementation of a rubric to evaluate and rate community service education projects for use by districts, governing authorities, and governing boards that adopt a community service education plan.

(E) The state superintendent department shall adopt rules for granting a student special certification, special recognition on a diploma, or special notification in the student's record upon the student's successful completion of an approved community service project.
The district board, governing authority, or governing body shall use a rubric developed in accordance with division (D) of this section to determine whether a community service project warrants recognition on a student's diploma under this division.

**Sec. 3313.608.** (A)(1) Beginning with students who enter third grade in the school year that starts July 1, 2009, and until June 30, 2013, unless the student is excused under division (C) of section 3301.0711 of the Revised Code from taking the assessment described in this section, for any student who does not attain at least the equivalent level of achievement designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected at the end of third grade, each school district, in accordance with the policy adopted under section 3313.609 of the Revised Code, shall do one of the following:

(a) Promote the student to fourth grade if the student's principal and reading teacher agree that other evaluations of the student's skill in reading demonstrate that the student is academically prepared to be promoted to fourth grade;

(b) Promote the student to fourth grade but provide the student with intensive intervention services in fourth grade;

(c) Retain the student in third grade.

(2) Beginning with students who enter third grade in the 2013-2014 school year, unless the student is excused under division (C) of section 3301.0711 of the Revised Code from taking the assessment described in this section, no school district shall promote to fourth grade any student who does not attain at least the equivalent level of achievement designated...
under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected at the end of third grade, unless one of the following applies:

(a) The student is an English learner who has been enrolled in United States schools for less than three full school years and has had less than three years of instruction in an English as a second language program.

(b) The student is a child with a disability entitled to special education and related services under Chapter 3323. of the Revised Code and the student's individualized education program exempts the student from retention under this division.

(c) The student demonstrates an acceptable level of performance on an alternative standardized reading assessment as determined by the department of education and workforce.

(d) All of the following apply:

(i) The student is a child with a disability entitled to special education and related services under Chapter 3323. of the Revised Code.

(ii) The student has taken the third grade English language arts achievement assessment prescribed under section 3301.0710 of the Revised Code.

(iii) The student's individualized education program or plan under section 504 of the "Rehabilitation Act of 1973," 87 Stat. 355, 29 U.S.C. 794, as amended, shows that the student has received intensive remediation in reading for two school years but still demonstrates a deficiency in reading.

(iv) The student previously was retained in any of grades

[Numbers]
(e)(i) The student received intensive remediation for reading for two school years but still demonstrates a deficiency in reading and was previously retained in any of grades kindergarten to three.

(ii) A student who is promoted under division (A)(2)(e)(i) of this section shall continue to receive intensive reading instruction in grade four. The instruction shall include an altered instructional day that includes specialized diagnostic information and specific research-based reading strategies for the student that have been successful in improving reading among low-performing readers.

(B)(1) Beginning in the 2012-2013 school year, to assist students in meeting the third grade guarantee established by this section, each school district board of education shall adopt policies and procedures with which it annually shall assess the reading skills of each student, except those students with significant cognitive disabilities or other disabilities as authorized by the department on a case-by-case basis, enrolled in kindergarten to third grade and shall identify students who are reading below their grade level. The reading skills assessment shall be completed by the thirtieth day of September for students in grades one to three, and by the twentieth day of instruction of the school year for students in kindergarten. Each district shall use the diagnostic assessment to measure reading ability for the appropriate grade level adopted under section 3301.079 of the Revised Code, or a comparable tool approved by the department of education and workforce, to identify such students. The policies and procedures shall require the students' classroom teachers to be involved in the
assessment and the identification of students reading below grade level. The assessment may be administered electronically using live, two-way video and audio connections whereby the teacher administering the assessment may be in a separate location from the student.

(2) For each student identified by the diagnostic assessment prescribed under this section as having reading skills below grade level, the district shall do both of the following:

(a) Provide to the student's parent or guardian, in writing, all of the following:

(i) Notification that the student has been identified as having a substantial deficiency in reading;

(ii) A description of the current services that are provided to the student;

(iii) A description of the proposed supplemental instructional services and supports that will be provided to the student that are designed to remediate the identified areas of reading deficiency;

(iv) Notification that if the student attains a score in the range designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected at the end of third grade, the student shall be retained unless the student is exempt under division (A) of this section. The notification shall specify that the assessment under section 3301.0710 of the Revised Code is not the sole determinant of promotion and that additional evaluations and assessments are available to the student to assist parents and the district in
knowing when a student is reading at or above grade level and
ready for promotion.

(b) Provide intensive reading instruction services and
regular diagnostic assessments to the student immediately
following identification of a reading deficiency until the
development of the reading improvement and monitoring plan
required by division (C) of this section. These intervention
services shall include research-based reading strategies that
have been shown to be successful in improving reading among low-
performing readers and instruction targeted at the student's
identified reading deficiencies.

(3) For each student retained under division (A) of this
section, the district shall do all of the following:

(a) Provide intense remediation services until the student
is able to read at grade level. The remediation services shall
include intensive interventions in reading that address the
areas of deficiencies identified under this section including,
but not limited to, not less than ninety minutes of reading
instruction per day, and may include any of the following:

(i) Small group instruction;

(ii) Reduced teacher-student ratios;

(iii) More frequent progress monitoring;

(iv) Tutoring or mentoring;

(v) Transition classes containing third and fourth grade
students;

(vi) Extended school day, week, or year;

(vii) Summer reading camps.
(b) Establish a policy for the mid-year promotion of a student retained under division (A) of this section who demonstrates that the student is reading at or above grade level;

(c) Provide each student with a teacher who satisfies one or more of the criteria set forth in division (H) of this section.

The district shall offer the option for students to receive applicable services from one or more providers other than the district. Providers shall be screened and approved by the district or the department of education and workforce. If the student participates in the remediation services and demonstrates reading proficiency in accordance with standards adopted by the department prior to the start of fourth grade, the district shall promote the student to that grade.

(4) For each student retained under division (A) of this section who has demonstrated proficiency in a specific academic ability field, each district shall provide instruction commensurate with student achievement levels in that specific academic ability field.

As used in this division, "specific academic ability field" has the same meaning as in section 3324.01 of the Revised Code.

(C) For each student required to be provided intervention services under this section, the district shall develop a reading improvement and monitoring plan within sixty days after receiving the student's results on the diagnostic assessment or comparable tool administered under division (B)(1) of this section. The district shall involve the student's parent or
guardian and classroom teacher in developing the plan. The plan shall include all of the following:

(1) Identification of the student's specific reading deficiencies;

(2) A description of the additional instructional services and support that will be provided to the student to remediate the identified reading deficiencies;

(3) Opportunities for the student's parent or guardian to be involved in the instructional services and support described in division (C)(2) of this section;

(4) A process for monitoring the extent to which the student receives the instructional services and support described in division (C)(2) of this section;

(5) A reading curriculum during regular school hours that does all of the following:

(a) Assists students to read at grade level;

(b) Provides scientifically based and reliable assessment;

(c) Provides initial and ongoing analysis of each student's reading progress.

(6) A statement that if the student does not attain at least the equivalent level of achievement designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected by the end of third grade, the student may be retained in third grade.

Each student with a reading improvement and monitoring plan under this division who enters third grade after July 1,
2013, shall be assigned to a teacher who satisfies one or more of the criteria set forth in division (H) of this section.

The district shall report any information requested by the department about the reading improvement monitoring plans developed under this division in the manner required by the department.

(D) Each school district shall report annually to the department on its implementation and compliance with this section using guidelines prescribed by the superintendent of public instruction. The superintendent of public instruction annually shall report to the governor and general assembly the number and percentage of students in grades kindergarten through four reading below grade level based on the diagnostic assessments administered under division (B) of this section and the achievement assessments administered under divisions (A)(1)(a) and (b) of section 3301.0710 of the Revised Code in English language arts, aggregated by school district and building; the types of intervention services provided to students; and, if available, an evaluation of the efficacy of the intervention services provided.

(E) Any summer remediation services funded in whole or in part by the state and offered by school districts to students under this section shall meet the following conditions:

(1) The remediation methods are based on reliable educational research.

(2) The school districts conduct assessment before and after students participate in the program to facilitate monitoring results of the remediation services.
(3) The parents of participating students are involved in programming decisions.

(F) Any intervention or remediation services required by this section shall include intensive, explicit, and systematic instruction.

(G) This section does not create a new cause of action or a substantive legal right for any person.

(H)(1) Except as provided under divisions (H)(2), (3), and (4) of this section, each student described in division (B)(3) or (C) of this section who enters third grade for the first time on or after July 1, 2013, shall be assigned a teacher who has at least one year of teaching experience and who satisfies one or more of the following criteria:

(a) The teacher holds a reading endorsement on the teacher's license and has attained a passing score on the corresponding assessment for that endorsement, as applicable.

(b) The teacher has completed a master's degree program with a major in reading.

(c) The teacher was rated "most effective" for reading instruction consecutively for the most recent two years based on assessments of student growth measures developed by a vendor and that is on the list of student assessments approved by the state board department under division (B)(2) of section 3319.112 of the Revised Code.

(d) The teacher was rated "above expected value added," in reading instruction, as determined by criteria established by the department, for the most recent, consecutive two years.

(e) The teacher has earned a passing score on a rigorous
test of principles of scientifically research-based reading instruction as approved by the state board department.

(f) The teacher holds an educator license for teaching grades pre-kindergarten through three or four through nine issued on or after July 1, 2017.

(2) Notwithstanding division (H)(1) of this section, a student described in division (B)(3) or (C) of this section who enters third grade for the first time on or after July 1, 2013, may be assigned to a teacher with less than one year of teaching experience provided that the teacher meets one or more of the criteria described in divisions (H)(1)(a) to (f) of this section and that teacher is assigned a teacher mentor who meets the qualifications of division (H)(1) of this section.

(3) Notwithstanding division (H)(1) of this section, a student described in division (B)(3) or (C) of this section who enters third grade for the first time on or after July 1, 2013, but prior to July 1, 2016, may be assigned to a teacher who holds an alternative credential approved by the department or who has successfully completed training that is based on principles of scientifically research-based reading instruction that has been approved by the department. Beginning on July 1, 2014, the alternative credentials and training described in division (H)(3) of this section shall be aligned with the reading competencies adopted by the state board of education under section 3301.077 of the Revised Code.

(4) Notwithstanding division (H)(1) of this section, a student described in division (B)(3) or (C) of this section who enters third grade for the first time on or after July 1, 2013, may receive reading intervention or remediation services under this section from an individual employed as a speech-language
pathologist who holds a license issued by the state speech and hearing professionals board under Chapter 4753. of the Revised Code and a professional pupil services license as a school speech-language pathologist issued by the state board of education registration under section 3319.221 of the Revised Code.

(5) A teacher, other than a student's teacher of record, may provide any services required under this section, so long as that other teacher meets the requirements of division (H) of this section and the teacher of record and the school principal agree to the assignment. Any such assignment shall be documented in the student's reading improvement and monitoring plan.

As used in this division, "teacher of record" means the classroom teacher to whom a student is assigned.

(I) Notwithstanding division (H) of this section, a teacher may teach reading to any student who is an English language learner, and has been in the United States for three years or less, or to a student who has an individualized education program developed under Chapter 3323. of the Revised Code if that teacher holds an alternative credential approved by the department or has successfully completed training that is based on principles of scientifically research-based reading instruction that has been approved by the department. Beginning on July 1, 2014, the alternative credentials and training described in this division shall be aligned with the reading competencies adopted by the state board of education under section 3301.077 of the Revised Code.

(J) If, on or after June 4, 2013, a school district or community school cannot furnish the number of teachers needed who satisfy one or more of the criteria set forth in division
(H) of this section for the 2013-2014 school year, the school district or community school shall develop and submit a staffing plan by June 30, 2013. The staffing plan shall include criteria that will be used to assign a student described in division (B) (3) or (C) of this section to a teacher, credentials or training held by teachers currently teaching at the school, and how the school district or community school will meet the requirements of this section. The school district or community school shall post the staffing plan on its web site for the applicable school year.

Not later than March 1, 2014, and on the first day of March in each year thereafter, a school district or community school that has submitted a plan under this division shall submit to the department a detailed report of the progress the district or school has made in meeting the requirements under this section.

A school district or community school may request an extension of a staffing plan beyond the 2013-2014 school year. Extension requests must be submitted to the department not later than the thirtieth day of April prior to the start of the applicable school year. The department may grant extensions valid through the 2015-2016 school year.

Until June 30, 2015, the department annually shall review all staffing plans and report to the state board not later than the thirtieth day of June of each year the progress of school districts and community schools in meeting the requirements of this section.

(K) The department of education and workforce shall designate one or more staff members to provide guidance and assistance to school districts and community schools in
implementing the third grade guarantee established by this section, including any standards or requirements adopted to implement the guarantee and to provide information and support for reading instruction and achievement.

(B) Instruction in venereal disease education pursuant to division (A)(5)(c) of section 3313.60 of the Revised Code shall emphasize that abstinence from sexual activity is the only protection that is one hundred per cent effective against unwanted pregnancy, sexually transmitted disease, and the sexual transmission of a virus that causes acquired immunodeficiency syndrome.

(C)(1) The department of education and workforce shall require course material and instruction in venereal disease education courses taught pursuant to division (A)(5)(c) of section 3313.60 of the Revised Code to do all of the following:

(a) Stress that students should abstain from sexual activity until after marriage;

(b) Teach the potential physical, psychological, emotional, and social side effects of participating in sexual activity outside of marriage;

(c) Teach that conceiving children out of wedlock is likely to have harmful consequences for the child, the child's parents, and society;

(d) Stress that sexually transmitted diseases are serious possible hazards of sexual activity;
(e) Advise students of the laws pertaining to financial responsibility of parents to children born in and out of wedlock;

(f) Advise students of the circumstances under which it is criminal to have sexual contact with a person under the age of sixteen pursuant to section 2907.04 of the Revised Code;

(g) Emphasize adoption as an option for unintended pregnancies.

(2) If a school district or school chooses to offer additional instruction in venereal disease or sexual education not specified in division (C)(1) of this section, the district or school shall notify all parents or guardians of that instruction, including the name of any instructor, vendor name, if applicable, and the name of the curriculum being used. No district or school shall offer that instruction to a student unless that student's parent or guardian has submitted written permission for that student to receive that instruction. Division (E) of this section does not apply to division (C)(2) of this section.

(3) Upon request, a school district or school shall provide any materials associated with the instruction offered under divisions (C)(1) and (2) of this section to a parent or guardian.

(D) The state board of education department shall not adopt a separate model education program for health education.

(E) The department shall conduct an annual audit of each city, local, and exempted village school district, at the start of each school year, relative to its compliance with the instruction requirements of this section and division (A)(5)(c)
of section 3313.60 of the Revised Code. The department shall publish the findings of each audit not later than one hundred twenty days after the start of the school year. The department shall include in the findings of each audit the name of any organization or program that provided materials to a school district regarding venereal disease instruction. The department's findings shall be prominently posted on its web site.

(F) The superintendent of public instruction director of education and workforce shall not approve, pursuant to section 3302.07 of the Revised Code, any waiver of any requirement of this section.

Sec. 3313.6013. (A) As used in this section, "advanced standing program" means a program that enables a student to earn credit toward a degree from an institution of higher education while enrolled in high school or that enables a student to complete coursework while enrolled in high school that may earn credit toward a degree from an institution of higher education upon the student's attainment of a specified score on an examination covering the coursework. Advanced standing programs may include any of the following:

department of education and workforce.

(2) A chartered nonpublic high school that elects to
participate in the college credit plus program established under
Chapter 3365. of the Revised Code meets the requirements of this
division. Each chartered nonpublic high school that elects not
to participate in the college credit plus program instead shall
offer at least one other advanced standing program to students
in good standing, as defined by the partnership for continued
learning under section 3301.42 of the Revised Code as it existed
prior to October 16, 2009, or as subsequently defined by the
department of education and workforce.

(C) Each school district and each chartered nonpublic high

advanced standing programs offered by the district or school to
all students enrolled in grades six through eleven. The district 23764
or school shall include information about all of the following: 23765

one of the following conditions is satisfied:

(1) The person successfully completes the high school curriculum of a school district, a community school, a chartered nonpublic school, or a correctional institution.

(2) The person successfully completes the individualized education program developed for the person under section 3323.08 of the Revised Code.

(3) A board of education issues its determination under section 3313.611 of the Revised Code that the person qualifies as having successfully completed the curriculum required by the district.

(B) This division specifies the assessment requirements that must be fulfilled as a condition toward granting high school diplomas under sections 3313.61, 3313.611, 3313.612, and 3325.08 of the Revised Code.

(1) A person who fulfills the curriculum requirement for a diploma before September 15, 2000, is not required to pass any proficiency test or achievement test in science as a condition to receiving a diploma.

(2) A person who began ninth grade for the first time prior to July 1, 2003, is not required to pass the Ohio graduation test prescribed under division (B)(1) of section 3301.0710 or any assessment prescribed under division (B)(2) of that section in any subject as a condition to receiving a diploma once the person has passed the ninth grade proficiency test in the same subject, so long as the person passed the ninth grade proficiency test prior to September 15, 2008. However, any such person who passes the Ohio graduation test in any subject prior to passing the ninth grade proficiency test in the same subject.
subject shall be deemed to have passed the ninth grade proficiency test in that subject as a condition to receiving a diploma. For this purpose, the ninth grade proficiency test in citizenship substitutes for the Ohio graduation test in social studies. If a person began ninth grade prior to July 1, 2003, but does not pass a ninth grade proficiency test or the Ohio graduation test in a particular subject before September 15, 2008, and passage of a test in that subject is a condition for the person to receive a diploma, the person must pass the Ohio graduation test instead of the ninth grade proficiency test in that subject to receive a diploma.

(3)(a) Except as provided in division (B)(3)(b) of this section, a person who begins ninth grade for the first time on or after July 1, 2003, in a school district, community school, or chartered nonpublic school is not eligible to receive a diploma based on passage of ninth grade proficiency tests. Each such person who begins ninth grade prior to July 1, 2014, must pass Ohio graduation tests to meet the assessment requirements applicable to that person as a condition to receiving a diploma or satisfy one of the conditions prescribed in division (B)(3)(b) of this section.

(b) A person who began ninth grade for the first time prior to July 1, 2014, shall be eligible to receive a diploma if the person meets the requirement prescribed by section 3313.618 or 3313.619 of the Revised Code.

(c) A person who began ninth grade for the first time prior to July 1, 2014, and who has not attained at least the applicable scores designated under division (B)(1) of section 3301.0710 of the Revised Code on all the assessments required by that division shall be eligible to receive a diploma if the
person meets the requirement prescribed by rule of the state board of education and workforce as prescribed under division (B)(3)(d) of this section.

(d) Not later than December 31, 2015, the state board of education shall adopt rules prescribing the manner in which a person who began ninth grade for the first time prior to July 1, 2014, may be eligible for a high school diploma by combining the requirement prescribed by section 3313.618 or 3313.619 of the Revised Code and the requirement to attain at least the applicable scores designated under division (B)(1) of section 3301.0710 of the Revised Code on the assessments required by that division. The rules shall ensure that the combined requirements require a demonstration of mastery that is equivalent or greater to the expectations of the assessments prescribed by division (B)(1) of section 3301.0710 of the Revised Code. The rules shall include the following:

(i) The date by which a person who began ninth grade for the first time prior to July 1, 2014, may be eligible for a high school diploma under division (B)(3)(c) of this section;

(ii) Methods of replacing individual assessments prescribed by division (B)(1) of section 3301.0710 of the Revised Code;

(iii) Methods of integrating the pathways prescribed by division (A) of section 3313.618 or section 3313.619 of the Revised Code.

(4) Except as provided in division (B)(3)(b) of this section, a person who begins ninth grade on or after July 1, 2014, is not eligible to receive a diploma based on passage of the Ohio graduation tests. Each such person must meet the
requirement prescribed by section 3313.618 or 3313.619 of the Revised Code.

(C) This division specifies the curriculum requirement that shall be completed as a condition toward granting high school diplomas under sections 3313.61, 3313.611, 3313.612, and 3325.08 of the Revised Code.

(1) A person who is under twenty-two years of age when the person fulfills the curriculum requirement for a diploma shall complete the curriculum required by the school district or school issuing the diploma for the first year that the person originally enrolled in high school, except for a person who qualifies for graduation from high school under either division (D) or (F) of section 3313.603 of the Revised Code.

(2) Once a person fulfills the curriculum requirement for a diploma, the person is never required, as a condition of receiving a diploma, to meet any different curriculum requirements that take effect pending the person's passage of proficiency tests or achievement tests or assessments, including changes mandated by section 3313.603 of the Revised Code, the state board of education, a school district board of education, or a governing authority of a community school or chartered nonpublic school.

Sec. 3313.615. This section shall apply to diplomas awarded after September 15, 2006, to students who are required to take the five Ohio graduation tests prescribed by division (B)(1) of section 3301.0710 of the Revised Code. This section does not apply to any student who enters ninth grade for the first time on or after July 1, 2014.

(A) As an alternative to the requirement that a person
attain the scores designated under division (B)(1) of section 3301.0710 of the Revised Code on all the assessments required under that division in order to be eligible for a high school diploma or an honors diploma under sections 3313.61, 3313.612, or 3325.08 of the Revised Code or for a diploma of adult education under section 3313.611 of the Revised Code, a person who has attained at least the applicable scores designated under division (B)(1) of section 3301.0710 of the Revised Code on all but one of the assessments required by that division and from which the person was not excused or exempted, pursuant to division (L) of section 3313.61, division (B)(1) of section 3313.612, or section 3313.532 of the Revised Code, may be awarded a diploma or honors diploma if the person has satisfied all of the following conditions:

(1) On the one assessment required under division (B)(1) of section 3301.0710 of the Revised Code for which the person failed to attain the designated score, the person missed that score by ten points or less;

(2) Has a ninety-seven per cent school attendance rate in each of the last four school years, excluding any excused absences;

(3) Has not been expelled from school under section 3313.66 of the Revised Code in any of the last four school years;

(4) Has a grade point average of at least 2.5 out of 4.0, or its equivalent as designated in rules adopted by the state board of education and workforce, in the subject area of the assessment required under division (B)(1) of section 3301.0710 of the Revised Code for which the person failed to attain the designated score;
(5) Has completed the high school curriculum requirements prescribed in section 3313.603 of the Revised Code or has qualified under division (D) or (F) of that section;

(6) Has taken advantage of any intervention programs provided by the school district or school in the subject area described in division (A)(4) of this section and has a ninety-seven per cent attendance rate, excluding any excused absences, in any of those programs that are provided at times beyond the normal school day, school week, or school year or has received comparable intervention services from a source other than the school district or school;

(7) Holds a letter recommending graduation from each of the person's high school teachers in the subject area described in division (A)(4) of this section and from the person's high school principal.

(B) The state board of education department shall establish rules designating grade point averages equivalent to the average specified in division (A)(4) of this section for use by school districts and schools with different grading systems.

(C) Any student who is exempt from attaining the applicable score designated under division (B)(1) of section 3301.0710 of the Revised Code on the Ohio graduation test in social studies pursuant to division (H) of section 3313.61 or division (B)(3) of section 3313.612 of the Revised Code shall not qualify for a high school diploma under this section, unless, notwithstanding the exemption, the student attains the applicable score on that assessment. If the student attains the applicable score on that assessment, the student may qualify for a diploma under this section in the same manner as any other student who is required to take the five Ohio graduation tests.
As Passed by the Senate

**Sec. 3313.618.** (A) In addition to the curriculum requirements specified by the board of education of a school district or governing authority of a chartered nonpublic school, each student entering ninth grade for the first time on or after July 1, 2014, but prior to July 1, 2019, shall satisfy at least one of the following conditions or the conditions prescribed under division (B) of this section in order to qualify for a high school diploma:

A student may choose to qualify for a high school diploma by satisfying any of the separate requirements prescribed by divisions (A)(1) to (3) of this section. If the student's school district or school does not administer the examination prescribed by one of those divisions that the student chooses to take to satisfy the requirements of this section, the school district or school may require that student to arrange for the applicable scores to be sent directly to the district or school by the company or organization that administers the examination.

(B) In addition to the curriculum requirements specified by the district board or school governing authority, each student entering ninth grade for the first time on or after July 1, 2019, shall satisfy the following conditions in order to qualify for a high school diploma:

School districts and chartered nonpublic schools shall offer remedial support to any student who fails to attain a competency score on one or both of the Algebra I and English language arts II end-of-course examinations.

Following the first administration of the exam, if a student fails to attain a competency score on one or both of the Algebra I and English language arts II end-of-course examinations that student must retake the respective examination at least once.

participate in the assessments administered under this division
or an alternate assessment in accordance with division (C)(1) of

(1) Residents or domiciliaries of a foreign nation who request admission as foreign exchange students;

(2) Residents or domiciliaries of the United States but not of Ohio who request admission as participants in an exchange program operated by a student exchange organization.

(H) Pursuant to sections 3311.211, 3313.90, 3319.01, 3323.04, 3327.04, and 3327.06 of the Revised Code, a child may attend school or participate in a special education program in a school district other than in the district where the child is
entitled to attend school under division (B) of this section.

(I)(1) Notwithstanding anything to the contrary in this section or section 3313.65 of the Revised Code, a child under twenty-two years of age may attend school in the school district in which the child, at the end of the first full week of October of the school year, was entitled to attend school as otherwise provided under this section or section 3313.65 of the Revised Code, if at that time the child was enrolled in the schools of the district but since that time the child or the child's parent has relocated to a new address located outside of that school district and within the same county as the child's or parent's address immediately prior to the relocation. The child may continue to attend school in the district, and at the school to which the child was assigned at the end of the first full week of October of the current school year, for the balance of the school year. Division (I)(1) of this section applies only if both of the following conditions are satisfied:

(a) The board of education of the school district in which the child was entitled to attend school at the end of the first full week in October and of the district to which the child or child's parent has relocated each has adopted a policy to enroll children described in division (I)(1) of this section.

(b) The child's parent provides written notification of the relocation outside of the school district to the superintendent of each of the two school districts.

(2) At the beginning of the school year following the school year in which the child or the child's parent relocated outside of the school district as described in division (I)(1) of this section, the child is not entitled to attend school in the school district under that division.
(3) Any person or entity owing tuition to the school district on behalf of the child at the end of the first full week in October, as provided in division (C) of this section, shall continue to owe such tuition to the district for the child's attendance under division (I)(1) of this section for the lesser of the balance of the school year or the balance of the time that the child attends school in the district under division (I)(1) of this section.

(4) A pupil who may attend school in the district under division (I)(1) of this section shall be entitled to transportation services pursuant to an agreement between the district and the district in which the child or child's parent has relocated unless the districts have not entered into such agreement, in which case the child shall be entitled to transportation services in the same manner as a pupil attending school in the district under interdistrict open enrollment as described in division (E) of section 3313.981 of the Revised Code, regardless of whether the district has adopted an open enrollment policy as described in division (B)(1)(b) or (c) of section 3313.98 of the Revised Code.

(J) This division does not apply to a child receiving special education.

A school district required to pay tuition pursuant to division (C)(2) or (3) of this section or section 3313.65 of the Revised Code shall have an amount deducted under division (C) of section 3317.023 of the Revised Code equal to its own tuition rate for the same period of attendance. A school district entitled to receive tuition pursuant to division (C)(2) or (3) of this section or section 3313.65 of the Revised Code shall have an amount credited under division (C) of section 3317.023 of the Revised Code.
of the Revised Code equal to its own tuition rate for the same period of attendance. If the tuition rate credited to the district of attendance exceeds the rate deducted from the district required to pay tuition, the department of education and workforce shall pay the district of attendance the difference from amounts deducted from all districts' payments under division (C) of section 3317.023 of the Revised Code but not credited to other school districts under such division and from appropriations made for such purpose. The treasurer of each school district shall, by the fifteenth day of January and July, furnish the superintendent of public instruction a report of the names of each child who attended the district's schools under divisions (C)(2) and (3) of this section or section 3313.65 of the Revised Code during the preceding six calendar months, the duration of the attendance of those children, the school district responsible for tuition on behalf of the child, and any other information that the superintendent requires.

Upon receipt of the report the superintendent, pursuant to division (C) of section 3317.023 of the Revised Code, shall deduct each district's tuition obligations under divisions (C)(2) and (3) of this section or section 3313.65 of the Revised Code and pay to the district of attendance that amount plus any amount required to be paid by the state.

(K) In the event of a disagreement, the superintendent of public instruction shall determine the school district in which the parent resides.

(L) Nothing in this section requires or authorizes, or shall be construed to require or authorize, the admission to a public school in this state of a pupil who has been permanently
excluded from public school attendance by the superintendent of 
public instruction director pursuant to sections 3301.121 and 
3313.662 of the Revised Code.

(M) In accordance with division (B)(1) of this section, a 
child whose parent is a member of the national guard or a 
reserve unit of the armed forces of the United States and is
called to active duty, or a child whose parent is a member of 
the armed forces of the United States and is ordered to a 
temporary duty assignment outside of the district, may continue 
to attend school in the district in which the child's parent 
lived before being called to active duty or ordered to a 
temporary duty assignment outside of the district, as long as 
the child's parent continues to be a resident of that district, 
and regardless of where the child lives as a result of the 
parent's active duty status or temporary duty assignment. 
However, the district is not responsible for providing 
transportation for the child if the child lives outside of the 
district as a result of the parent's active duty status or 
temporary duty assignment.

Sec. 3313.642. (A) Except as provided in division (B) of 
this section and notwithstanding the provisions of sections 
3313.48 and 3313.64 of the Revised Code, the board of education 
of a city, exempted village, or local school district shall not 
be required to furnish, free of charge, to the pupils attending 
the public schools any materials used in a course of instruction 
with the exception of the necessary textbooks or electronic 
textbooks required to be furnished without charge pursuant to 
section 3329.06 of the Revised Code. The board may, however, 
make provision by appropriations transferred from the general 
fund of the district or otherwise for furnishing free of charge 
any materials used in a course of instruction to such pupils as
it determines are in serious financial need of such materials.

(B) No board of education of a school district shall charge a fee to a pupil who is eligible for a free lunch under the "National School Lunch Act," 60 Stat. 230 (1946), 42 U.S.C. 1751, as amended, and the "Child Nutrition Act of 1966," 80 Stat. 885, 42 U.S.C. 1771, as amended, for any materials needed to enable the pupil to participate fully in a course of instruction. The prohibition in this division against charging a fee does not apply to any fee charged for any of the following:

(1) Any materials needed to enable a pupil to participate fully in extracurricular activities or in any pupil enrichment program that is not a course of instruction;

(2) Any tools, equipment, and materials that are necessary for workforce-readiness training within a career-technical education program that, to the extent the tools, equipment, and materials are not consumed, may be retained by the student upon course completion.

(C) Boards of education may adopt rules and regulations prescribing each of the following:

(1) A schedule of fees for materials used in a course of instruction;

(2) A schedule of charges which may be imposed upon pupils for the loss, damage, or destruction of school apparatus, equipment, musical instruments, library material, textbooks, or electronic textbooks required to be furnished without charge, and for damage to school buildings.

Except as provided in division (D) of this section, boards of education may enforce the payment of such fees and charges by withholding the grades and credits of the pupils concerned.
(D) No board of education shall withhold the grades, credits, official transcripts, diploma, IEPs, or 504 plans of a pupil for nonpayment of fees for materials used in a course of instruction imposed under division (C)(1) of this section, if a complaint has been filed at any time in a juvenile court alleging that the pupil is an abused, neglected, or dependent child or if the pupil has been adjudicated an abused, neglected, or dependent child.

A board shall require that the grades, credits, official transcripts, IEPs, or 504 plan of a pupil described in this division be transferred immediately upon the receipt of either another district's or school's request for those records under section 3313.672 of the Revised Code or a juvenile judge's order under section 2151.272 of the Revised Code.

A board that is required to transfer records under division (D) of this section may request a copy of any order regarding the child's custody or placement issued pursuant to a complaint filed under section 2151.27 of the Revised Code. However, a board shall not withhold records required to be transferred under that division pending receipt of a copy of the order.

(E) Each board of education annually shall report to the department of education and workforce the number of pupils for whom the board sends transcripts under division (D) of this section and the total amount of unpaid fees lost due to compliance with that division.

(F) As used in this section:

(1) "IEP" has the same meaning as in section 3323.01 of the Revised Code.
(2) "504 plan" means a plan based on an evaluation conducted in accordance with section 504 of the "Rehabilitation Act of 1973," 29 U.S.C. 794, as amended.

Sec. 3313.643. Every student and teacher of a school, college, or other educational institution shall wear industrial quality eye protective devices at all times while participating in or observing any of the following courses:

(A) Vocational, technical, industrial arts, fine arts, chemical, physical, or combined chemical-physical educational activities, involving exposure to:

(1) Hot molten metals or other molten materials;

(2) Milling, sawing, drilling, turning, shaping, cutting, grinding, buffing, or stamping of any solid materials;

(3) Heat treatment, tempering, or kiln firing of any metal or other materials;

(4) Gas or electric arc welding or other forms of welding processes;

(5) Repair or servicing of any vehicle;

(6) Caustic or explosive materials;

(B) Chemical, physical, or combined chemical-physical laboratories involving caustic or explosive materials, hot liquids or solids, injurious radiations, or other hazards.

Such devices may be furnished for all students and teachers, purchased and sold at cost to students and teachers, or made available for a moderate rental fee, and shall be furnished for all visitors to such shops and laboratories.

The superintendent of public instruction, director of
education and workforce or any other appropriate educational authority designated by the superintendent or director, shall prepare and circulate to each public and private educational institution in this state instructions and recommendations for implementing the eye safety provisions of this section. The bureau of workers' compensation shall ensure compliance with this section.

"Industrial quality eye protective devices" as used in this section, means devices meeting the standards of the American national standard practice for occupational and educational eye and face protection, Z87.1-1968, approved by the American national standards institute, inc., and subsequent revisions thereof, provided such revisions are approved and adopted by the industrial commission.

Sec. 3313.644. The board of education of any school district may contract with the state department of education and workforce or other state agency or with any agency of the federal government for the education or training of out-of-school youth or adults regardless of their place of residence. The board of education may permit the attendance, under such contract, of such students or trainees who are not residents of the school district only if the contract provides for the reimbursement to the school district of the entire actual cost of educating or training such nonresident students or trainees and regardless of the ratio of nonresident students or trainees to resident students or trainees.

Sec. 3313.645. A board of education may admit to the schools of its district, free of any tuition obligation, any resident of the district not otherwise eligible to be admitted who meets criteria established by the state board department of
education and workforce. The state board department shall adopt rules establishing criteria for the admission of persons to schools under this division. The rules may authorize restrictions or limitations on the classes or programs in which such persons may participate.

For participation in vocational education programs the district operates or participates in pursuant to sections 3313.90 and 3313.91 of the Revised Code, a board of education may admit the following individuals to the schools of its district free of any tuition obligation and without regard to age:

(A) Any resident to the district who has successfully completed the individualized education program developed for the person by any high school pursuant to section 3323.08 of the Revised Code;

(B) Any person employed by the district in a position for which a license issued by the state board of education under section 3319.22 to 3319.31 of the Revised Code is not required who seeks admission to a class or program related to the person's position and is authorized by the district's superintendent to be admitted to the class or program. The superintendent shall determine whether the class or program is related to the employee's position.

Sec. 3313.646. (A) The board of education of a school district, except a cooperative education district established pursuant to section 3311.521 of the Revised Code, may establish and operate a program to provide services to preschool-age children, provided the board has demonstrated a need for the program. A board may use school funds in support of preschool programs. The board shall maintain, operate, and admit children
to any such program pursuant to rules adopted by such board and
the rules of the state board department of education and
workforce adopted under sections 3301.52 to 3301.57 of the
Revised Code.

A board of education may establish fees or tuition, which
may be graduated in proportion to family income, for
participation in a preschool program. In cases where payment of
fees or tuition would create a hardship for the child's parent
or guardian, the board may waive any such fees or tuition.

(B) No board of education that is not receiving funds
9831, on March 17, 1989, shall compete for funds under the "Head
Start Act" with any grantee receiving funds under that act.

(C) A board of education may contract with any of the
following preschool providers to provide services to preschool-
age children, other than those services for which the district
is eligible to receive funding under section 3317.0213 of the
Revised Code:

(1) Any organization receiving funds under the "Head Start
Act";

(2) Any nonsectarian eligible nonpublic school as defined
in division (H) of section 3301.52 of the Revised Code;

(3) Any child care provider licensed under Chapter 5104.
of the Revised Code.

Boards may contract to provide services to preschool-age
children only with such organizations whose staff meet the
requirements of rules adopted under section 3301.53 of the
Revised Code or those of the child development associate
credential established by the national association for the
education of young children.

(D) A contract entered into under division (C) of this section may provide for the board of education to lease school facilities to the preschool provider or to furnish transportation, utilities, or staff for the preschool program.

(E) The treasurer of any board of education operating a preschool program pursuant to this section shall keep an account of all funds used to operate the program in the same manner as the treasurer would any other funds of the district pursuant to this chapter.

Sec. 3313.647. As used in this division, "graduate" means a person who has received a diploma from a district pursuant to section 3313.61 of the Revised Code.

Pursuant to rules adopted by the state board department of education and workforce, a city, local, exempted village, or joint vocational school district may establish a policy guaranteeing a specific level of competency of certain graduates of the district. The guarantee policy shall specify that any graduate meeting specified criteria established by the board is capable of performing specified functions at a level established in the policy. Any employer or potential employer of a graduate who is guaranteed under such a policy may submit a written statement to the board of education stating the guaranteed graduate of its district does not meet the level of competency specified in the district's guarantee policy. Upon receipt of such statement the board of education shall provide an opportunity for additional education to the graduate, regardless of the graduate's age or place of residence, until such individual attains the competency level specified in the policy. No fee shall be charged to any person or government entity for
such additional education. A school board may expend school funds for a guarantee program; however, no student participating in the program shall be included in the formula ADM of the district as determined under section 3317.03 of the Revised Code or included as a participant in any other program, if such inclusion would result in additional state funds to the school district.

The state board of education department shall adopt rules for the adoption of a policy under this section and for the additional education program described under this section.

Sec. 3313.6410. This section applies to any school that is operated by a school district and in which the enrolled students work primarily on assignments in nonclassroom-based learning opportunities provided via an internet- or other computer-based instructional method.

(A) Any school to which this section applies shall withdraw from the school any student who, for two consecutive school years of enrollment in the school, has failed to participate in the spring administration of any assessment prescribed under section 3301.0710 or 3301.0712 of the Revised Code for the student's grade level and was not excused from the assessment pursuant to division (C)(1) or (3) of section 3301.0711 of the Revised Code, regardless of whether a waiver was granted for the student under division (E) of section 3317.03 of the Revised Code. The school shall report any such student's data verification code, as assigned pursuant to section 3314.26 of the Revised Code.

(B) No school to which this section applies shall receive
any state funds under Chapter 3317. of the Revised Code for any enrolled student whose data verification code appears on the list maintained by the department under section 3314.26 of the Revised Code. Notwithstanding any provision of the Revised Code to the contrary, the parent of any such student shall pay tuition to the school district that operates the school in an amount equal to the state funds the district otherwise would receive for that student, as determined by the department. A school to which this section applies may withdraw any student for whom the parent does not pay tuition as required by this division.

**Sec. 3313.65.** (A) As used in this section and section 3313.64 of the Revised Code:

(1) A person is "in a residential facility" if the person is a resident or a resident patient of an institution, home, or other residential facility that is:

(a) Licensed as a nursing home, residential care facility, or home for the aging by the director of health under section 3721.02 of the Revised Code;

(b) Maintained as a county home or district home by the board of county commissioners or a joint board of county commissioners under Chapter 5155. of the Revised Code;

(c) Operated or administered by a board of alcohol, drug addiction, and mental health services under section 340.037 of the Revised Code, or provides residential care pursuant to contracts made under section 340.036 of the Revised Code;

(d) Maintained as a state institution for the mentally ill under Chapter 5119. of the Revised Code;

(e) Licensed by the department of mental health and
addiction services under section 5119.33 or 5119.34 of the Revised Code;

(a) The person is an Ohio resident and is:

   (i) Imprisoned, as defined in section 1.05 of the Revised Code;

   (ii) Serving a term in a community-based correctional facility or a district community-based correctional facility;

   (iii) Required, as a condition of parole, a post-release control sanction, a community control sanction, transitional control, or early release from imprisonment, as a condition of shock parole or shock probation granted under the law in effect prior to July 1, 1996, or as a condition of a furlough granted under the version of section 2967.26 of the Revised Code in effect prior to March 17, 1998, to reside in a halfway house or other community residential center licensed under section 2967.14 of the Revised Code or a similar facility designated by the court of common pleas that established the condition or by the adult parole authority.

(b) The person is imprisoned in a state correctional institution of another state or a federal correctional
institution but was an Ohio resident at the time the sentence was imposed for the crime for which the person is imprisoned.

(3) A person is "in a juvenile residential placement" if the person is an Ohio resident who is under twenty-one years of age and has been removed, by the order of a juvenile court, from the place the person resided at the time the person became subject to the court's jurisdiction in the matter that resulted in the person's removal.

(4) "Community control sanction" has the same meaning as in section 2929.01 of the Revised Code.

(5) "Post-release control sanction" has the same meaning as in section 2967.01 of the Revised Code.

(B) If the circumstances described in division (C) of this section apply, the determination of what school district must admit a child to its schools and what district, if any, is liable for tuition shall be made in accordance with this section, rather than section 3313.64 of the Revised Code.

(C) A child who does not reside in the school district in which the child's parent resides and for whom a tuition obligation previously has not been established under division (C)(2) of section 3313.64 of the Revised Code shall be admitted to the schools of the district in which the child resides if at least one of the child's parents is in a residential or correctional facility or a juvenile residential placement and the other parent, if living and not in such a facility or placement, is not known to reside in this state.

(D) Regardless of who has custody or care of the child, whether the child resides in a home, or whether the child receives special education, if a district admits a child under
division (C) of this section, tuition shall be paid to that
district as follows:

(1) If the child's parent is in a juvenile residential
placement, by the district in which the child's parent resided
at the time the parent became subject to the jurisdiction of the
juvenile court;

(2) If the child's parent is in a correctional facility,
by the district in which the child's parent resided at the time
the sentence was imposed;

(3) If the child's parent is in a residential facility, by
the district in which the parent resided at the time the parent
was admitted to the residential facility, except that if the
parent was transferred from another residential facility,
tuition shall be paid by the district in which the parent
resided at the time the parent was admitted to the facility from
which the parent first was transferred;

(4) In the event of a disagreement as to which school
district is liable for tuition under division (C)(1), (2), or
(3) of this section, the superintendent of public instruction—
director of education and workforce shall determine which
district shall pay tuition.

(E) If a child covered by division (D) of this section
receives special education in accordance with Chapter 3323. of
the Revised Code, the tuition shall be paid in accordance with
section 3323.13 or 3323.14 of the Revised Code. Tuition for
children who do not receive special education shall be paid in
accordance with division (J) of section 3313.64 of the Revised
Code.

Sec. 3313.66. (A)(1) Except as provided under division (B)
(2) of this section, and subject to section 3313.668 of the Revised Code, the superintendent of schools of a city, exempted village, or local school district, or the principal of a public school may suspend a pupil from school for not more than ten school days. The board of education of a city, exempted village, or local school district may adopt a policy granting assistant principals and other administrators the authority to suspend a pupil from school for a period of time as specified in the policy of the board of education, not to exceed ten school days. If at the time an out-of-school suspension is imposed there are fewer than ten school days remaining in the school year in which the incident that gives rise to the suspension takes place, the superintendent shall not apply any remaining part of the period of the suspension to the following school year. The superintendent may instead require the pupil to participate in a community service program or another alternative consequence for a number of hours equal to the remaining part of the period of the suspension. The pupil shall be required to begin the pupil's community service or alternative consequence during the first full week day of summer break. Each school district, in its discretion, may develop an appropriate list of alternative consequences. In the event that a pupil fails to complete community service or the assigned alternative consequence, the school district may determine the next course of action, which shall not include requiring the pupil to serve the remaining time of the out-of-school suspension at the beginning of the following school year.

No pupil shall be issued an out-of-school suspension unless prior to the suspension the superintendent or principal does both of the following:

(a) Gives the pupil written notice of the intention to
suspend the pupil and the reasons for the intended suspension and, if the proposed suspension is based on a violation listed in division (A) of section 3313.662 of the Revised Code and if the pupil is sixteen years of age or older, includes in the notice a statement that the superintendent may seek to permanently exclude the pupil if the pupil is convicted of or adjudicated a delinquent child for that violation;

(b) Provides the pupil an opportunity to appear at an informal hearing before the principal, assistant principal, superintendent, or superintendent's designee and challenge the reason for the intended suspension or otherwise to explain the pupil's actions.

(2) If a pupil is issued an in-school suspension, the superintendent or principal shall ensure the pupil is serving the suspension in a supervised learning environment.

(3) Each school district board shall adopt a policy establishing parameters for completing and grading assignments missed because of a pupil's suspension.

(a) The policy shall provide the pupil an opportunity to do both of the following:

(i) Complete any classroom assignments missed because of the suspension;

(ii) Receive at least partial credit for a completed assignment.

(b) The policy may permit grade reductions on account of the pupil's suspension.

(c) The policy shall prohibit the receipt of a failing grade on a completed assignment solely on account of the pupil's
(B)(1) Except as provided under division (B)(2), (3), or (4) of this section, and subject to section 3313.668 of the Revised Code, the superintendent of schools of a city, exempted village, or local school district may expel a pupil from school for a period not to exceed the greater of eighty school days or the number of school days remaining in the semester or term in which the incident that gives rise to the expulsion takes place, unless the expulsion is extended pursuant to division (F) of this section. If at the time an expulsion is imposed there are fewer than eighty school days remaining in the school year in which the incident that gives rise to the expulsion takes place, the superintendent may apply any remaining part or all of the period of the expulsion to the following school year.

(2)(a) Unless a pupil is permanently excluded pursuant to section 3313.662 of the Revised Code, the superintendent of schools of a city, exempted village, or local school district shall expel a pupil from school for a period of one year for bringing a firearm to a school operated by the board of education of the district or onto any other property owned or controlled by the board, except that the superintendent may reduce this requirement on a case-by-case basis in accordance with the policy adopted by the board under section 3313.661 of the Revised Code.

(b) The superintendent of schools of a city, exempted village, or local school district may expel a pupil from school for a period of one year for bringing a firearm to an interscholastic competition, an extracurricular event, or any other school program or activity that is not located in a school or on property that is owned or controlled by the district. The
superintendent may reduce this disciplinary action on a case-by-case basis in accordance with the policy adopted by the board under section 3313.661 of the Revised Code.

(c) Any expulsion pursuant to division (B)(2) of this section shall extend, as necessary, into the school year following the school year in which the incident that gives rise to the expulsion takes place. As used in this division, "firearm" has the same meaning as provided pursuant to the "Gun-Free Schools Act," 115 Stat. 1762, 20 U.S.C. 7151.

(3) The board of education of a city, exempted village, or local school district may adopt a resolution authorizing the superintendent of schools to expel a pupil from school for a period not to exceed one year for bringing a knife capable of causing serious bodily injury to a school operated by the board, onto any other property owned or controlled by the board, or to an interscholastic competition, an extracurricular event, or any other program or activity sponsored by the school district or in which the district is a participant, or for possessing a firearm or knife capable of serious bodily injury, at a school, on any other property owned or controlled by the board, or at an interscholastic competition, an extracurricular event, or any other school program or activity, which firearm or knife was initially brought onto school board property by another person. The resolution may authorize the superintendent to extend such an expulsion, as necessary, into the school year following the school year in which the incident that gives rise to the expulsion takes place.

(4) The board of education of a city, exempted village, or local school district may adopt a resolution establishing a policy under section 3313.661 of the Revised Code that
authorizes the superintendent of schools to expel a pupil from
school for a period not to exceed one year for committing an act
that is a criminal offense when committed by an adult and that
results in serious physical harm to persons as defined in
division (A)(5) of section 2901.01 of the Revised Code or
serious physical harm to property as defined in division (A)(6)
of section 2901.01 of the Revised Code while the pupil is at
school, on any other property owned or controlled by the board,
or at an interscholastic competition, an extracurricular event,
or any other school program or activity. Any expulsion under
this division shall extend, as necessary, into the school year
following the school year in which the incident that gives rise
to the expulsion takes place.

(5) The board of education of any city, exempted village,
or local school district may adopt a resolution establishing a
policy under section 3313.661 of the Revised Code that
authorizes the superintendent of schools to expel a pupil from
school for a period not to exceed one year for making a bomb
threat to a school building or to any premises at which a school
activity is occurring at the time of the threat. Any expulsion
under this division shall extend, as necessary, into the school
year following the school year in which the incident that gives
rise to the expulsion takes place.

(6) No pupil shall be expelled under division (B)(1), (2),
(3), (4), or (5) of this section unless, prior to the pupil's
expulsion, the superintendent does both of the following:

(a) Gives the pupil and the pupil's parent, guardian, or
custodian written notice of the intention to expel the pupil;

(b) Provides the pupil and the pupil's parent, guardian,
custodian, or representative an opportunity to appear in person
As Passed by the Senate

before the superintendent or the superintendent's designee to
challenge the reasons for the intended expulsion or otherwise to
explain the pupil's actions.

The notice required in this division shall include the
reasons for the intended expulsion, notification of the
opportunity of the pupil and the pupil's parent, guardian,
custodian, or representative to appear before the superintendent
or the superintendent's designee to challenge the reasons for
the intended expulsion or otherwise to explain the pupil's
action, and notification of the time and place to appear. The
time to appear shall not be earlier than three nor later than
five school days after the notice is given, unless the
superintendent grants an extension of time at the request of the
pupil or the pupil's parent, guardian, custodian, or
representative. If an extension is granted after giving the
original notice, the superintendent shall notify the pupil and
the pupil's parent, guardian, custodian, or representative of
the new time and place to appear. If the proposed expulsion is
based on a violation listed in division (A) of section 3313.662
of the Revised Code and if the pupil is sixteen years of age or
older, the notice shall include a statement that the
superintendent may seek to permanently exclude the pupil if the
pupil is convicted of or adjudicated a delinquent child for that
violation.

(7) A superintendent of schools of a city, exempted
village, or local school district shall initiate expulsion
proceedings pursuant to this section with respect to any pupil
who has committed an act warranting expulsion under the
district's policy regarding expulsion even if the pupil has
withdrawn from school for any reason after the incident that
gives rise to the hearing but prior to the hearing or decision
to impose the expulsion. If, following the hearing, the pupil
would have been expelled for a period of time had the pupil
still been enrolled in the school, the expulsion shall be
imposed for the same length of time as on a pupil who has not
withdrawn from the school.

(C)(1) Subject to division (C)(2) of this section, if a
pupil's presence poses a continuing danger to persons or
property or an ongoing threat of disrupting the academic process
taking place either within a classroom or elsewhere on the
school premises, the superintendent or a principal or assistant
principal may remove a pupil from curricular activities or from
the school premises, and a teacher may remove a pupil from
curricular activities under the teacher's supervision, without
the notice and hearing requirements of division (A) or (B) of
this section. As soon as practicable after making such a
removal, the teacher shall submit in writing to the principal
the reasons for such removal.

(2) A pupil in any of grades pre-kindergarten through
three may be removed pursuant to division (C)(1) of this section
only for the remainder of the school day and shall be permitted
to return to curricular and extracurricular activities on the
school day following the day in which the student was removed.

(a) A school district or school that returns a student in
any of grades pre-kindergarten through three to curricular and
extracurricular activities on the next school day shall not be
required to follow division (C)(3) of this section with regard
to that student.

(b) A school district shall not initiate a suspension or
expulsion proceeding against a student in any of grades pre-
kindergarten through three who was removed from a curricular or
extracurricular activity under division (C) of this section unless the student has committed an act described in division (B)(1)(a) or (b) of section 3313.668 of the Revised Code.

(3) If a pupil is removed under division (C)(1) or (2) of this section from a curricular activity or from the school premises, written notice of the hearing and of the reason for the removal shall be given to the pupil as soon as practicable prior to the hearing, which shall be held on the next school day after the initial removal is ordered. The hearing shall be held in accordance with division (A) of this section unless it is probable that the pupil may be subject to expulsion, in which case a hearing in accordance with division (B) of this section shall be held, except that the hearing shall be held on the next school day after the date of the initial removal. The individual who ordered, caused, or requested the removal to be made shall be present at the hearing.

(4) If the superintendent or the principal reinstates a pupil in a curricular activity under the teacher's supervision prior to the hearing following a removal under this division, the teacher, upon request, shall be given in writing the reasons for such reinstatement.

(D) The superintendent or principal, within one school day after the time of a pupil's expulsion or suspension, shall notify in writing the parent, guardian, or custodian of the pupil of the expulsion or suspension. In the case of an expulsion, the superintendent or principal, within one school day after the time of a pupil's expulsion, also shall notify in writing the treasurer of the board of education. Each notice shall include the reasons for the expulsion or suspension, notification of the right of the pupil or the pupil's parent,
guardian, or custodian to appeal the expulsion or suspension to the board of education or to its designee, to be represented in all appeal proceedings, to be granted a hearing before the board or its designee in order to be heard against the suspension or expulsion, and to request that the hearing be held in executive session, notification that the expulsion may be subject to extension pursuant to division (F) of this section if the pupil is sixteen years of age or older, and notification that the superintendent may seek the pupil's permanent exclusion if the suspension or expulsion was based on a violation listed in division (A) of section 3313.662 of the Revised Code that was committed when the child was sixteen years of age or older and if the pupil is convicted of or adjudicated a delinquent child for that violation.

In accordance with the policy adopted by the board of education under section 3313.661 of the Revised Code, the notice provided under this division shall specify the manner and date by which the pupil or the pupil's parent, guardian, or custodian shall notify the board of the pupil's, parent's, guardian's, or custodian's intent to appeal the expulsion or suspension to the board or its designee.

Any superintendent expelling a pupil under this section for more than twenty school days or for any period of time if the expulsion will extend into the following semester or school year shall, in the notice required under this division, provide the pupil and the pupil's parent, guardian, or custodian with information about services or programs offered by public and private agencies that work toward improving those aspects of the pupil's attitudes and behavior that contributed to the incident that gave rise to the pupil's expulsion. The information shall include the names, addresses, and phone numbers of the
appropriate public and private agencies.

(E) A pupil or the pupil's parent, guardian, or custodian may appeal the pupil's expulsion by a superintendent or suspension by a superintendent, principal, assistant principal, or other administrator to the board of education or to its designee. If the pupil or the pupil's parent, guardian, or custodian intends to appeal the expulsion or suspension to the board or its designee, the pupil or the pupil's parent, guardian, or custodian shall notify the board in the manner and by the date specified in the notice provided under division (D) of this section. The pupil or the pupil's parent, guardian, or custodian may be represented in all appeal proceedings and shall be granted a hearing before the board or its designee in order to be heard against the suspension or expulsion. At the request of the pupil or of the pupil's parent, guardian, custodian, or attorney, the board or its designee may hold the hearing in executive session but shall act upon the suspension or expulsion only at a public meeting. The board, by a majority vote of its full membership or by the action of its designee, may affirm the order of suspension or expulsion, reinstate the pupil, or otherwise reverse, vacate, or modify the order of suspension or expulsion.

The board or its designee shall make a verbatim record of hearings held under this division. The decisions of the board or its designee may be appealed under Chapter 2506. of the Revised Code.

This section shall not be construed to require notice and hearing in accordance with division (A), (B), or (C) of this section in the case of normal disciplinary procedures in which a pupil is removed from a curricular activity for a period of less
than one school day and is not subject to suspension or expulsion.

(F)(1) If a pupil is expelled pursuant to division (B) of this section for committing any violation listed in division (A) of section 3313.662 of the Revised Code and the pupil was sixteen years of age or older at the time of committing the violation, if a complaint, indictment, or information is filed alleging that the pupil is a delinquent child based upon the commission of the violation or the pupil is prosecuted as an adult for the commission of the violation, and if the resultant juvenile court or criminal proceeding is pending at the time that the expulsion terminates, the superintendent of schools that expelled the pupil may file a motion with the court in which the proceeding is pending requesting an order extending the expulsion for the lesser of an additional eighty days or the number of school days remaining in the school year. Upon the filing of the motion, the court immediately shall schedule a hearing and give written notice of the time, date, and location of the hearing to the superintendent and to the pupil and the pupil's parent, guardian, or custodian. At the hearing, the court shall determine whether there is reasonable cause to believe that the pupil committed the alleged violation that is the basis of the expulsion and, upon determining that reasonable cause to believe the pupil committed the violation does exist, shall grant the requested extension.

(2) If a pupil has been convicted of or adjudicated a delinquent child for a violation listed in division (A) of section 3313.662 of the Revised Code for an act that was committed when the child was sixteen years of age or older, if the pupil has been expelled pursuant to division (B) of this section for that violation, and if the board of education of the school district

school district of the school from which the pupil was expelled has adopted a resolution seeking the pupil's permanent exclusion, the superintendent may file a motion with the court that convicted the pupil or adjudicated the pupil a delinquent child requesting an order to extend the expulsion until an adjudication order or other determination regarding permanent exclusion is issued by the superintendent of public instruction director of education and workforce pursuant to section 3301.121 and division (D) of section 3313.662 of the Revised Code. Upon the filing of the motion, the court immediately shall schedule a hearing and give written notice of the time, date, and location of the hearing to the superintendent of the school district, the pupil, and the pupil's parent, guardian, or custodian. At the hearing, the court shall determine whether there is reasonable cause to believe the pupil's continued attendance in the public school system may endanger the health and safety of other pupils or school employees and, upon making that determination, shall grant the requested extension.

(G) The failure of the superintendent or the board of education to provide the information regarding the possibility of permanent exclusion in the notice required by divisions (A), (B), and (D) of this section is not jurisdictional, and the failure shall not affect the validity of any suspension or expulsion procedure that is conducted in accordance with this section or the validity of a permanent exclusion procedure that is conducted in accordance with sections 3301.121 and 3313.662 of the Revised Code.

(H) With regard to suspensions and expulsions pursuant to divisions (A) and (B) of this section by the board of education of any city, exempted village, or local school district, this section shall apply to any student, whether or not the student
is enrolled in the district, attending or otherwise participating in any curricular program provided in a school operated by the board or provided on any other property owned or controlled by the board.

(I) Whenever a student is expelled under this section, the expulsion shall result in removal of the student from the student's regular school setting. However, during the period of the expulsion, the board of education of the school district that expelled the student or any board of education admitting the student during that expulsion period may provide educational services to the student in an alternative setting.

(J)(1) Notwithstanding sections 3109.51 to 3109.80, 3313.64, and 3313.65 of the Revised Code, any school district, after offering an opportunity for a hearing, may temporarily deny admittance to any pupil if one of the following applies:

(a) The pupil has been suspended from the schools of another district under division (A) of this section and the period of suspension, as established under that division, has not expired;

(b) The pupil has been expelled from the schools of another district under division (B) of this section and the period of the expulsion, as established under that division or as extended under division (F) of this section, has not expired.

If a pupil is temporarily denied admission under this division, the pupil shall be admitted to school in accordance with sections 3109.51 to 3109.80, 3313.64, or 3313.65 of the Revised Code no later than upon expiration of the suspension or expulsion period, as applicable.

(2) Notwithstanding sections 3109.51 to 3109.80, 3313.64,
and 3313.65 of the Revised Code, any school district, after offering an opportunity for a hearing, may temporarily deny admittance to any pupil if the pupil has been expelled or otherwise removed for disciplinary purposes from a public school in another state and the period of expulsion or removal has not expired. If a pupil is temporarily denied admission under this division, the pupil shall be admitted to school in accordance with sections 3109.51 to 3109.80, 3313.64, or 3313.65 of the Revised Code no later than the earlier of the following:

(a) Upon expiration of the expulsion or removal period imposed by the out-of-state school;

(b) Upon expiration of a period established by the district, beginning with the date of expulsion or removal from the out-of-state school, that is no greater than the period of expulsion that the pupil would have received under the policy adopted by the district under section 3313.661 of the Revised Code had the offense that gave rise to the expulsion or removal by the out-of-state school been committed while the pupil was enrolled in the district.

(K) As used in this section:

(1) "Permanently exclude" and "permanent exclusion" have the same meanings as in section 3313.662 of the Revised Code.

(2) "In-school suspension" means the pupil will serve all of the suspension in a supervised learning environment within a school setting.

Sec. 3313.662. (A) The superintendent of public instruction, director of education and workforce, pursuant to this section and the adjudication procedures of section 3301.121 of the Revised Code, may issue an adjudication order that
permits the pupil from attending any of the public

schools of this state if the pupil is convicted of, or

adjudicated a delinquent child for, committing, when the pupil

was sixteen years of age or older, an act that would be a

criminal offense if committed by an adult and if the act is any

of the following:

(1) A violation of section 2923.122 of the Revised Code;

(2) A violation of section 2923.12 of the Revised Code, of

a substantially similar municipal ordinance, or of section

2925.03 of the Revised Code that was committed on property owned

or controlled by, or at an activity held under the auspices of,

a board of education of a city, local, exempted village, or

joint vocational school district;

(3) A violation of section 2925.11 of the Revised Code,

other than a violation of that section that would be a minor

drug possession offense, that was committed on property owned or

controlled by, or at an activity held under the auspices of, the

board of education of a city, local, exempted village, or joint

vocational school district;

(4) A violation of section 2903.01, 2903.02, 2903.03,

2903.04, 2903.11, 2903.12, 2907.02, or 2907.05 or of former

section 2907.12 of the Revised Code that was committed on

property owned or controlled by, or at an activity held under

the auspices of, a board of education of a city, local, exempted

village, or joint vocational school district, if the victim at

the time of the commission of the act was an employee of that

board of education;

(5) Complicity in any violation described in division (A)

(1), (2), (3), or (4) of this section that was alleged to have
been committed in the manner described in division (A)(1), (2), (3), or (4) of this section, regardless of whether the act of complicity was committed on property owned or controlled by, or at an activity held under the auspices of, a board of education of a city, local, exempted village, or joint vocational school district.

(B) A pupil may be suspended or expelled in accordance with section 3313.66 of the Revised Code prior to being permanently excluded from public school attendance under this section and section 3301.121 of the Revised Code.

(C)(1) If the superintendent of a city, local, exempted village, or joint vocational school district in which a pupil attends school obtains or receives proof that the pupil has been convicted of committing when the pupil was sixteen years of age or older a violation listed in division (A) of this section or adjudicated a delinquent child for the commission when the pupil was sixteen years of age or older of a violation listed in division (A) of this section, the superintendent may issue to the board of education of the school district a request that the pupil be permanently excluded from public school attendance, if both of the following apply:

(a) After obtaining or receiving proof of the conviction or adjudication, the superintendent or the superintendent's designee determines that the pupil's continued attendance in school may endanger the health and safety of other pupils or school employees and gives the pupil and the pupil's parent, guardian, or custodian written notice that the superintendent intends to recommend to the board of education that the board adopt a resolution requesting the superintendent of public instruction director of education and workforce to permanently
exclude the pupil from public school attendance.

(b) The superintendent or the superintendent's designee forwards to the board of education the superintendent's written recommendation that includes the determinations the superintendent or designee made pursuant to division (C)(1)(a) of this section and a copy of the proof the superintendent received showing that the pupil has been convicted of or adjudicated a delinquent child for a violation listed in division (A) of this section that was committed when the pupil was sixteen years of age or older.

(2) Within fourteen days after receipt of a recommendation from the superintendent pursuant to division (C)(1)(b) of this section that a pupil be permanently excluded from public school attendance, the board of education of a city, local, exempted village, or joint vocational school district, after review and consideration of all of the following available information, may adopt a resolution requesting the superintendent of public instruction director of education and workforce to permanently exclude the pupil who is the subject of the recommendation from public school attendance:

(a) The academic record of the pupil and a record of any extracurricular activities in which the pupil previously was involved;

(b) The disciplinary record of the pupil and any available records of the pupil's prior behavioral problems other than the behavioral problems contained in the disciplinary record;

(c) The social history of the pupil;

(d) The pupil's response to the imposition of prior discipline and sanctions imposed for behavioral problems;
(e) Evidence regarding the seriousness of and any aggravating factors related to the offense that is the basis of the resolution seeking permanent exclusion;

(f) Any mitigating circumstances surrounding the offense that gave rise to the request for permanent exclusion;

(g) Evidence regarding the probable danger posed to the health and safety of other pupils or of school employees by the continued presence of the pupil in a public school setting;

(h) Evidence regarding the probable disruption of the teaching of any school district's graded course of study by the continued presence of the pupil in a public school setting;

(i) Evidence regarding the availability of alternative sanctions of a less serious nature than permanent exclusion that would enable the pupil to remain in a public school setting without posing a significant danger to the health and safety of other pupils or of school employees and without posing a threat of the disruption of the teaching of any district's graded course of study.

(3) If the board does not adopt a resolution requesting the superintendent of public instruction director to permanently exclude the pupil, it immediately shall send written notice of that fact to the district superintendent who sought the resolution, to the pupil who was the subject of the proposed resolution, and to that pupil's parent, guardian, or custodian.

(D)(1) Upon adoption of a resolution under division (C) of this section, the board of education immediately shall forward to the superintendent of public instruction director of education and workforce the written resolution, proof of the conviction or adjudication that is the basis of the resolution,
a copy of the pupil's entire school record, and any other relevant information and shall forward a copy of the resolution to the pupil who is the subject of the recommendation and to that pupil's parent, guardian, or custodian.

(2) The board of education that adopted and forwarded the resolution requesting the permanent exclusion of the pupil to the superintendent of public instruction director promptly shall designate a representative of the school district to present the case for permanent exclusion to the superintendent or the referee appointed by the superintendent. The representative of the school district may be an attorney admitted to the practice of law in this state. At the adjudication hearing held pursuant to section 3301.121 of the Revised Code, the representative of the school district shall present evidence in support of the requested permanent exclusion.

(3) Upon receipt of a board of education's resolution requesting the permanent exclusion of a pupil from public school attendance, the superintendent of public instruction director, in accordance with the adjudication procedures of section 3301.121 of the Revised Code, promptly shall issue an adjudication order that either permanently excludes the pupil from attending any of the public schools of this state or that rejects the resolution of the board of education.

(E) Notwithstanding any provision of section 3313.64 of the Revised Code or an order of any court of this state that otherwise requires the admission of the pupil to a school, no school official in a city, local, exempted village, or joint vocational school district knowingly shall admit to any school in the school district a pupil who has been permanently excluded from public school attendance by the superintendent of public
(F)(1)(a) Upon determining that the school attendance of a pupil who has been permanently excluded from public school attendance no longer will endanger the health and safety of other students or school employees, the superintendent of any city, local, exempted village, or joint vocational school district in which the pupil desires to attend school may issue to the board of education of the school district a recommendation, including the reasons for the recommendation, that the permanent exclusion of a pupil be revoked and the pupil be allowed to return to the public schools of the state.

If any violation which in whole or in part gave rise to the permanent exclusion of any pupil involved the pupil's bringing a firearm to a school operated by the board of education of a school district or onto any other property owned or operated by such a board, no superintendent shall recommend under this division an effective date for the revocation of the pupil's permanent exclusion that is less than one year after the date on which the last such firearm incident occurred. However, on a case-by-case basis, a superintendent may recommend an earlier effective date for such a revocation for any of the reasons for which the superintendent may reduce the one-year expulsion requirement in division (B)(2) of section 3313.66 of the Revised Code.

(b) Upon receipt of the recommendation of the superintendent that a permanent exclusion of a pupil be revoked, the board of education of a city, local, exempted village, or joint vocational school district may adopt a resolution by a majority vote of its members requesting the superintendent of public instruction director of education and workforce to revoke
the permanent exclusion of the pupil. Upon adoption of the resolution, the board of education shall forward a copy of the resolution, the reasons for the resolution, and any other relevant information to the superintendent of public instruction.  

(c) Upon receipt of a resolution of a board of education requesting the revocation of a permanent exclusion of a pupil, the superintendent of public instruction, in accordance with the adjudication procedures of Chapter 119. of the Revised Code, shall issue an adjudication order that revokes the permanent exclusion of the pupil from public school attendance or that rejects the resolution of the board of education.  

(2)(a) A pupil who has been permanently excluded pursuant to this section and section 3301.121 of the Revised Code may request the superintendent of any city, local, exempted village, or joint vocational school district in which the pupil desires to attend school to admit the pupil on a probationary basis for a period not to exceed ninety school days. Upon receiving the request, the superintendent may enter into discussions with the pupil and with the pupil's parent, guardian, or custodian or a person designated by the pupil's parent, guardian, or custodian to develop a probationary admission plan designed to assist the pupil's probationary admission to the school. The plan may include a treatment program, a behavioral modification program, or any other program reasonably designed to meet the educational needs of the child and the disciplinary requirements of the school.  

If any violation which in whole or in part gave rise to the permanent exclusion of the pupil involved the pupil's bringing a firearm to a school operated by the board of
education of any school district or onto any other property
owned or operated by such a board, no plan developed under this
division for the pupil shall include an effective date for the
probationary admission of the pupil that is less than one year
after the date on which the last such firearm incident occurred
except that on a case-by-case basis, a plan may include an
earlier effective date for such an admission for any of the
reasons for which the superintendent of the district may reduce
the one-year expulsion requirement in division (B)(2) of section
3313.66 of the Revised Code.

(b) If the superintendent of a school district, a pupil,
and the pupil's parent, guardian, or custodian or a person
designated by the pupil's parent, guardian, or custodian agree
upon a probationary admission plan prepared pursuant to division
(F)(2)(a) of this section, the superintendent of the school
district shall issue to the board of education of the school
district a recommendation that the pupil be allowed to attend
school within the school district under probationary admission,
the reasons for the recommendation, and a copy of the agreed
upon probationary admission plan. Within fourteen days after the
board of education receives the recommendation, reasons, and
plan, the board may adopt the recommendation by a majority vote
of its members. If the board adopts the recommendation, the
pupil may attend school under probationary admission within that
school district for a period not to exceed ninety days or any
additional probationary period permitted under divisions (F)(2)
(d) and (e) of this section in accordance with the probationary
admission plan prepared pursuant to division (F)(2)(a) of this
section.

(c) If a pupil who is permitted to attend school under
probationary admission pursuant to division (F)(2)(b) of this
section fails to comply with the probationary admission plan prepared pursuant to division (F)(2)(a) of this section, the superintendent of the school district immediately may remove the pupil from the school and issue to the board of education of the school district a recommendation that the probationary admission be revoked. Within five days after the board of education receives the recommendation, the board may adopt the recommendation to revoke the pupil's probationary admission by a majority vote of its members. If a majority of the board does not adopt the recommendation to revoke the pupil's probationary admission, the pupil shall continue to attend school in compliance with the pupil's probationary admission plan.

(d) If a pupil who is permitted to attend school under probationary admission pursuant to division (F)(2)(b) of this section complies with the probationary admission plan prepared pursuant to division (F)(2)(a) of this section, the pupil or the pupil's parent, guardian, or custodian, at any time before the expiration of the ninety-day probationary admission period, may request the superintendent of the school district to extend the terms and period of the pupil's probationary admission for a period not to exceed ninety days or to issue a recommendation pursuant to division (F)(1) of this section that the pupil's permanent exclusion be revoked and the pupil be allowed to return to the public schools of this state.

(e) If a pupil is granted an extension of the pupil's probationary admission pursuant to division (F)(2)(d) of this section, the pupil or the pupil's parent, guardian, or custodian, in the manner described in that division, may request, and the superintendent and board, in the manner described in that division, may recommend and grant, subsequent probationary admission periods not to exceed ninety days each.
If a pupil who is permitted to attend school under an extension of a probationary admission plan complies with the probationary admission plan prepared pursuant to the extension, the pupil or the pupil's parent, guardian, or custodian may request a revocation of the pupil's permanent exclusion in the manner described in division (F)(2)(d) of this section.

(f) Any extension of a probationary admission requested by a pupil or a pupil's parent, guardian, or custodian pursuant to divisions (F)(2)(d) or (e) of this section shall be subject to the adoption and approval of a probationary admission plan in the manner described in divisions (F)(2)(a) and (b) of this section and may be terminated as provided in division (F)(2)(c) of this section.

(g) If the pupil has complied with any probationary admission plan and the superintendent issues a recommendation that seeks revocation of the pupil's permanent exclusion pursuant to division (F)(1) of this section, the pupil's compliance with any probationary admission plan may be considered along with other relevant factors in any determination or adjudication conducted pursuant to division (F)(1) of this section.

(G)(1) Except as provided in division (G)(2) of this section, any information regarding the permanent exclusion of a pupil shall be included in the pupil's official records and shall be included in any records sent to any school district that requests the pupil's records.

(2) When a pupil who has been permanently excluded from public school attendance reaches the age of twenty-two or when the permanent exclusion of a pupil has been revoked, all school districts that maintain records regarding the pupil's permanent
exclusion shall remove all references to the exclusion from the pupil's file and shall destroy them.

A pupil who has reached the age of twenty-two or whose permanent exclusion has been revoked may send a written notice to the superintendent of any school district maintaining records of the pupil's permanent exclusion requesting the superintendent to ensure that the records are removed from the pupil's file and destroyed. Upon receipt of the request and a determination that the pupil is twenty-two years of age or older or that the pupil's permanent exclusion has been revoked, the superintendent shall ensure that the records are removed from the pupil's file and destroyed.

(H)(1) This section does not apply to any of the following:

(a) An institution that is a residential facility, that receives and cares for children, that is maintained by the department of youth services, and that operates a school chartered by the state board director of education and workforce under section 3301.16 of the Revised Code;

A person who has been permanently excluded may be permitted to participate in a course of study in preparation for a high school equivalency test approved by the department of education and workforce pursuant to division (B) of section 3301.80 of the Revised Code, except that the person shall not participate during normal school hours in that course of study in any building or structure owned or controlled by the board of education of a school district.

(3) This section does not relieve any school district from any requirement under section 2151.362 or 3313.64 of the Revised Code to pay for the cost of educating any child who has been permanently excluded pursuant to this section and section 3301.121 of the Revised Code.

entry or at the beginning of each school year, to an elementary
or high school for which the state board director of education
and workforce prescribes minimum standards pursuant to division
(D) of section 3301.07 of the Revised Code, shall be permitted
to remain in school for more than fourteen days unless the pupil
presents written evidence satisfactory to the person in charge
of admission, that the pupil has been immunized by a method of
immunization approved by the department of health pursuant to
section 3701.13 of the Revised Code against mumps,
poliomyelitis, diphtheria, pertussis, tetanus, rubeola, and
rubella or is in the process of being immunized.

(2) Except as provided in division (B) of this section, no
pupil who begins kindergarten at an elementary school subject to
the state board of education's director's minimum standards
shall be permitted to remain in school for more than fourteen
days unless the pupil presents written evidence satisfactory to
the person in charge of admission that the pupil has been
immunized by a department of health-approved method of
immunization or is in the process of being immunized against
both of the following:

(a) During or after the school year beginning in 1999,
hepatitis B;

(b) During or after the school year beginning in 2006,
chicken pox.

(3) Except as provided in division (B) of this section,
during and after the school year beginning in 2016, no pupil who
is the age or older than the age at which immunization against
meningococcal disease is recommended by the state department of
health shall be permitted to remain in a school subject to the
state board of education's director's minimum standards for more
than fourteen days unless the pupil presents written evidence
satisfactory to the person in charge of admission that the pupil
has been immunized by a department of health-approved method of
immunization, or is in the process of being immunized, against
meningococcal disease.

(4) As used in divisions (A)(1), (2), and (3) of this
section, "in the process of being immunized" means the pupil has
been immunized against mumps, rubeola, rubella, and chicken pox,
and if the pupil has not been immunized against poliomyelitis,
diphtheria, pertussis, tetanus, hepatitis B, and meningococcal
disease, the pupil has received at least the first dose of the
immunization sequence, and presents written evidence to the
pupil's building principal or chief administrative officer of
each subsequent dose required to obtain immunization at the
intervals prescribed by the director of health. Any student
previously admitted under the "in process of being immunized" provision and who has not complied with the immunization intervals prescribed by the director of health shall be excluded from school on the fifteenth day of the following school year. Any student so excluded shall be readmitted upon showing evidence to the student's building principal or chief administrative officer of progress on the director of health's interval schedule.

(B)(1) A pupil who has had natural rubeola, and presents a signed statement from the pupil's parent, guardian, or physician to that effect, is not required to be immunized against rubeola.

(2) A pupil who has had natural mumps, and presents a signed statement from the pupil's parent, guardian, or physician to that effect, is not required to be immunized against mumps.

(3) A pupil who has had natural chicken pox, and presents a signed statement from the pupil's parent, guardian, or physician to that effect, is not required to be immunized against chicken pox.

(4) A pupil who presents a written statement of the pupil's parent or guardian in which the parent or guardian declines to have the pupil immunized for reasons of conscience, including religious convictions, is not required to be immunized.

(5) A child whose physician certifies in writing that such immunization against any disease is medically contraindicated is not required to be immunized against that disease.

(C) As used in this division, "chicken pox epidemic" means the occurrence of cases of chicken pox in numbers greater than expected in the school's population or for a particular period.
Notwithstanding division (B) of this section, a school may deny admission to a pupil otherwise exempted from the chicken pox immunization requirement if the director of the state department of health notifies the school's principal or chief administrative officer that a chicken pox epidemic exists in the school's population. The denial of admission shall cease when the director notifies the principal or officer that the epidemic no longer exists.

The board of education or governing body of each school subject to this section shall adopt a policy that prescribes methods whereby the academic standing of a pupil who is denied admission during a chicken pox epidemic may be preserved.

(D) Boards of health, legislative authorities of municipal corporations, and boards of township trustees on application of the board of education of the district or proper authority of any school affected by this section, shall provide at the public expense, without delay, the means of immunization against mumps, poliomyelitis, rubeola, rubella, diphtheria, pertussis, tetanus, and hepatitis B to pupils who are not so provided by their parents or guardians.

(E) The department of health shall specify the age at which immunization against meningococcal disease, as required by division (A)(3) of this section, is recommended, and approve a method of immunization against meningococcal disease.

Sec. 3313.674. (A) Except as provided in division (D) of this section, the board of education of each city, exempted village, or local school district and the governing authority of each chartered nonpublic school may require each student
enrolled in kindergarten, third grade, fifth grade, and ninth
grade to undergo a screening for body mass index and weight
status category.

(B) The board or governing authority may provide any
screenings authorized by this section itself, contract with
another entity for provision of the screenings, or request the
parent or guardian of each student subject to the screening to
obtain the screening from a provider selected by the parent or
guardian and to submit the results to the board or governing
authority. If the board or governing authority provides the
screenings itself or contracts with another entity for provision
of the screenings, the board or governing authority shall
protect student privacy by ensuring that each student is
screened alone and not in the presence of other students or
staff.

(C) Each school year, each board or governing authority
electing to require the screening shall provide the parent or
guardian of each student subject to the screening with
information about the screening program. If the board or
governing authority requests parents and guardians to obtain a
screening from a provider of their choosing, the board or
governing authority shall provide them with a list of providers
and information about screening services available in the
community to parents and guardians who cannot afford a private
provider.

(D) If the parent or guardian of a student subject to the
screening signs and submits to the board or governing authority
a written statement indicating that the parent or guardian does
not wish to have the student undergo the screening, the board or
governing authority shall not require the student to be
screened.

(E) The board or governing authority shall notify the parent or guardian of each student screened under this section of any health risks associated with the student's results and shall provide the parent or guardian with information about appropriately addressing the risks. For this purpose, the department of health, in consultation with the department of education and workforce, shall develop a list of documents, pamphlets, or other resources that may be distributed to parents and guardians under this division.

(F) The board or governing authority shall maintain the confidentiality of each student's individual screening results at all times. No board or governing authority shall report a student's individual screening results to any person other than the student's parent or guardian.

(G) In a manner prescribed by rule of the director of health, each board or governing authority electing to require the screening shall report aggregated body mass index and weight status category data collected under this section, and any other demographic data required by the director, to the department of health. In the case of a school district, data shall be aggregated for the district as a whole and not for individual schools within the district, unless the district operates only one school. In the case of a chartered nonpublic school, data shall be aggregated for the school as a whole. The department annually may publish the data reported under this division, aggregated by county. For each county in which a district, community school, STEM school, or chartered nonpublic school has elected not to require the screening for a school year for which data is published, the department shall note that the data for
the county in which the district or school is located is incomplete. The department may share data reported under this division with other governmental entities for the purpose of monitoring population health, making reports, or public health promotional activities.

Sec. 3313.71. School physicians may make examinations, which shall include tests to determine the existence of hearing defects, and diagnoses of all children referred to them. They may make such examination of teachers and other school employees and inspection of school buildings as in their opinion the protection of health of the pupils, teachers, and other school employees requires.

Boards of education shall require and provide, in accordance with section 3313.67 of the Revised Code, such tests and examinations for tuberculosis of pupils in selected grades and of school employees as may be required by the director of health.

Boards may require annual tuberculin tests of any grades. All pupils with positive reactions to the test shall have chest x-rays and all positive reactions and x-ray findings shall be reported promptly to the county record bureau of tuberculosis cases provided for in section 339.74 of the Revised Code. Boards shall waive the required test where a pupil presents a written statement from the pupil's family physician certifying that such test has been given and that such pupil is free from tuberculosis in a communicable stage, or that such test is inadvisable for medical reasons, or from the pupil's parent or guardian objecting to such test because of religious convictions.

Whenever a pupil, teacher, or other school employee is
found to be ill or suffering from tuberculosis in a communicable stage or other communicable disease, the school physician shall promptly send such pupil, teacher, or other school employee home, with a statement, in the case of a pupil, to the pupil's parents or guardian, briefly setting forth the discovered facts, and advising that the family physician be consulted. School physicians shall keep accurate card-index records of all examinations, and said records, that they may be uniform throughout the state, shall be according to the form prescribed by the state board of education and workforce, and the reports shall be made according to the method of said that form. If the parent or guardian of any pupil or any teacher or other school employee, after notice from the board of education, furnishes within two weeks thereafter the written certificate of any reputable physician that the pupil, teacher, or other school employee has been examined, in such cases the service of the school physician shall be dispensed with, and such certificate shall be furnished by such parent or guardian, as required by the board of education. Such individual records shall not be open to the public and shall be solely for the use of the boards of education and boards of health officer. If any teacher or other school employee is found to have tuberculosis in a communicable stage or other communicable disease, the teacher's or employee's employment shall be discontinued or suspended upon such terms as to salary as the board deems just until the school physician has certified to a recovery from such disease. The methods of making the tuberculin tests and chest x-rays required by this section shall be such as are approved by the director of health.

This section shall apply to all elementary and high schools for which the state board of education and
workforce sets minimum standards pursuant to section 3301.07 of the Revised Code.

Thereafter, the failure of a district board to notify an educational service center of its intent to terminate an agreement by the first day of January of an odd-numbered year shall result in renewal of the existing agreement for the following two school years.

(2) If the school district that terminates an agreement for services under division (D)(1) of this section is also subject to the requirement of division (B)(1) of this section, the district board shall enter into a new agreement with any educational service center so that the new agreement is effective on the first day of July of that same year.
(3) If all moneys owed by a school district to an educational service center under an agreement for services terminated under division (D)(1) of this section have been paid in full by the effective date of the termination, the governing board of the service center shall submit an affidavit to the department certifying that fact not later than fifteen days after the termination's effective date. Notwithstanding anything in the Revised Code to the contrary, until the department receives such an affidavit, it shall not make any payments to any other educational service center with which the district enters into an agreement under this section for services that the educational service center provides to the district.

(E) An educational service center may apply to any state or federal agency for competitive grants. It may also apply to any private entity for additional funds.

(F) Not later than January 1, 2014, each educational service center shall post on its web site a list of all of the services that it provides and the corresponding cost for each of those services.

(G)(1) For purposes of calculating any state operating subsidy to be paid to an educational service center for the operation of that service center and any services required under Title XXXIII of the Revised Code to be provided by the service center to a school district, the service center's student count shall be the sum of the total student counts of all the school districts with which the educational service center has entered into an agreement under this section.

(2) When a district enters into a new agreement with a new educational service center, the department of education shall ensure that the state operating subsidy for services provided to
the district is paid to the new educational service center and
that the educational service center with which the district
previously had an agreement is no longer paid a state operating
subsidy for providing services to that district.

(H) Pursuant to division (B) of section 3317.023 of the
Revised Code, the department annually shall deduct from each
school district that enters into an agreement with an
educational service center under this section, and pay to the
service center, an amount equal to six dollars and fifty cents
times the school district's total student count. The district
board of education, or the district superintendent acting on
behalf of the district board, may agree to pay an amount in
excess of six dollars and fifty cents per student in total
student count. If a majority of the boards of education, or
superintendents acting on behalf of the boards, of the districts
that entered into an agreement under this section approve an
amount in excess of six dollars and fifty cents per student in
total student count, each district shall pay the excess amount
to the service center.

(I)(1) An educational service center may enter into a
contract to purchase supplies, materials, equipment, and
services, which may include those specified in division (B) of
this section or Chapter 3312. of the Revised Code, or the
delivery of such services, on behalf of a school district or
political subdivision that has entered into an agreement with
the service center under this section or section 3313.844,
3313.845, or 3313.846 of the Revised Code.

(2) Purchases made by a school district or political
subdivision that has entered into an agreement with the service
center as described in this division are exempt from competitive
bidding required by law for the purchase of supplies, materials, equipment, or services. No political subdivision shall make any purchase under this division when the political subdivision has received bids for such purchase, unless the same terms, conditions, and specifications at a lower price can be made for such purchase under this division.

(J) Any school district, community school, or STEM school that has entered into an agreement with an educational service center under this section or section 3313.844 or 3313.845 of the Revised Code shall be in compliance with federal law and exempt from competitive bidding requirements for personnel-based services pursuant to the authority granted to the Ohio department of education and workforce under federal law, provided the service center has met the following conditions:

(1) It is in compliance with division (F) of this section.

(2) It has been designated "high performing" under rule of the state board of education department.

(3) It has been found to be substantially in compliance with audit rules and guidelines in its most recent audit by the auditor of state.

Sec. 3313.844. The governing authority of a community school established under Chapter 3314. of the Revised Code and the governing board of an educational service center may enter into an agreement, through adoption of identical resolutions, under which the service center board will provide services to
the community school. Services provided under the agreement and the amount and manner in which the community school will pay for such services shall be mutually agreed to by the school's governing authority and the service center board, and shall be specified in the service agreement. If specified in the agreement as the manner of payment, the department of education and workforce shall pay the service center the amount due to it under the agreement and shall deduct that amount from the payments made to the community school under Chapter 3314. of the Revised Code. Any agreement entered into under this section shall be valid only if a copy is filed with the department.

Sec. 3313.845. The board of education of a city, exempted village, local, or joint vocational school district and the governing board of an educational service center may enter into an agreement under which the educational service center will provide services to the school district. Services provided under the agreement and the amount to be paid for such services shall be mutually agreed to by the district board of education and the service center governing board, and shall be specified in the agreement. Payment for services specified in the agreement shall be made pursuant to the terms of that agreement. If specified in the agreement as the manner of payment, the department of education and workforce shall pay the service center the amount due to it under the agreement and shall deduct that amount from the payments made to the city, exempted village, local, or joint vocational school district under Chapter 3317. of the Revised Code. Any agreement entered into pursuant to this section shall be valid only if a copy is filed with the department.

The authority granted under this section to the boards of education of city, exempted village, and local school districts is in addition to the authority granted to such boards under
section 3313.843 of the Revised Code.

**Sec. 3313.846.** The governing board of an educational service center may enter into a contract with any political subdivision as defined in section 2744.01 of the Revised Code, not including school districts, community schools, or STEM schools contracting for services under section 3313.843, 3313.844, 3313.845, or 3326.45 of the Revised Code, under which the educational service center will provide services to the political subdivision. Services provided under the contract and the amount to be paid for such services shall be mutually agreed to by the parties and shall be specified in the contract. The political subdivision shall directly pay an educational service center for services specified in the contract. The board of the educational service center shall file a copy of each contract entered into under this section with the department of education and workforce by the first day the contract is in effect.

**Sec. 3313.90.** As used in this section, "formula ADM" has the same meaning as in section 3317.02 of the Revised Code. Notwithstanding division (D) of section 3311.19 and division (D) of section 3311.52 of the Revised Code, the provisions of this section that apply to a city school district do not apply to any joint vocational or cooperative education school district.

(A) Except as provided in division (B) of this section, each city, local, and exempted village school district shall, by one of the following means, provide to students enrolled in grades seven through twelve career-technical education adequate to prepare a student enrolled therein for an occupation:

(1) Establishing and maintaining a career-technical education program that meets standards adopted by the state board of education and workforce:
(2) Being a member of a joint vocational school district that meets standards adopted by the state board department;

(3) Contracting for career-technical education with a joint vocational school district or another school district that meets the standards adopted by the state board department.

The standards of the state board of education department shall include criteria for the participation by nonpublic students in career-technical education programs without financial assessment, charge, or tuition to such student except such assessments, charges, or tuition paid by resident public school students in such programs. Such nonpublic school students shall be included in the formula ADM of the school district maintaining the career-technical education program as part-time students in proportion to the time spent in the career-technical education program.

By the thirtieth day of October of each year, the superintendent of public instruction director of education and workforce shall determine and certify to the superintendent of each school district subject to this section either that the district is in compliance with the requirements of this section for the current school year or that the district is not in compliance. If the superintendent director certifies that the district is not in compliance, he the director shall notify the board of education of the district of the actions necessary to bring the district into compliance with this section.

In meeting standards established by the state board of education department, school districts, where practicable, shall provide career-technical education programs in high schools. A minimum enrollment of fifteen hundred students in grades nine through twelve is established as a base for comprehensive
career-technical education course offerings. Beginning with the 2015-2016 school year, this base shall increase to a minimum enrollment of two thousand two hundred fifty students in grades seven through twelve. A school district may meet this requirement alone, through a cooperative arrangement pursuant to section 3313.92 of the Revised Code, through school district consolidation, by membership in a joint vocational school district, by contract with a school district, by contract with a school licensed by any state agency established by the Revised Code which school operates its courses offered for contracting with public schools under standards as to staffing and facilities comparable to those prescribed by the state board of education department for public schools provided no instructor in such courses shall be required to be certificated by the state department of education, or in a combination of such ways. Exceptions to the minimum enrollment prescribed by this section may be made by the state board of education department based on sparsity of population or other factors indicating that comprehensive educational and career-technical education programs as required by this section can be provided through an alternate plan.

(B) If the board of education of a city, local, or exempted village school district adopts a resolution that specifies the district's intent not to provide career-technical education to students enrolled in grades seven and eight for a particular school year and submits that resolution to the department by the thirtieth day of September of that school year, the department shall waive the requirement for that district to provide career-technical education to students enrolled in grades seven and eight for that particular school year.

However, if the student does not participate in the credentialing assessment or license examination, the student shall take the applicable technical assessments prescribed by the department.

The department shall develop, in consultation with the Ohio association for career and technical education, the Ohio association of career-technical superintendents, the Ohio association of city career-technical schools, and other stakeholders, procedures for identifying industry-recognized credentials and licenses aligned to a student's career-technical education program that can be used as an acceptable measure of technical skill, and for identifying students in the process of earning such credentials and licenses. (G) The state board department of education and workforce shall monitor school districts to ensure compliance with this section and the districts' policies. The board department may adopt rules requiring uniform application procedures, deadlines for application, notification procedures, and record-keeping requirements for all school boards that adopt policies permitting the enrollment of adjacent or other district students, as applicable. If the state board department adopts such rules, no school board shall adopt a policy that conflicts with those rules.

(H) A resolution adopted by a board of education under this section that entirely prohibits the enrollment of students from adjacent and from other school districts does not abrogate any agreement entered into under section 3313.841 or 3313.92 of the Revised Code or any contract entered into under section 3313.90 of the Revised Code between the board of education adopting the resolution and the board of education of any adjacent or other district or prohibit these boards of education from entering into any such agreement or contract.

(I) Nothing in this section shall be construed to permit or require the board of education of a city, exempted village, or local school district to exclude any native student of the district from enrolling in the district.

Sec. 3313.981. (A) The state board department of education and workforce shall adopt rules requiring all of the following:

(1) The board of education of each city, exempted village, and local school district to annually report to the department of education all of the following:
(a) The number of adjacent district or other district students in grades kindergarten through twelve, as applicable, the number of adjacent district or other district students who are preschool children with disabilities, as applicable, and the number of adjacent district or other district joint vocational students, as applicable, enrolled in the district, in accordance with a policy adopted under division (B) of section 3313.98 of the Revised Code;

(b) The number of native students in grades kindergarten through twelve enrolled in adjacent or other districts and the number of native students who are preschool children with disabilities enrolled in adjacent or other districts, in accordance with a policy adopted under division (B) of section 3313.98 of the Revised Code;

(c) Each adjacent district or other district student's or adjacent district or other district joint vocational student's date of enrollment in the district;

(d) The full-time equivalent number of adjacent district or other district students enrolled in each of the categories of career-technical education programs or classes described in section 3317.014 of the Revised Code;

(e) Each native student's date of enrollment in an adjacent or other district.

(2) The board of education of each joint vocational school district to annually report to the department all of the following:

(a) The number of adjacent district or other district joint vocational students, as applicable, enrolled in the district;
(b) The full-time equivalent number of adjacent district or other district joint vocational students enrolled in each category of career-technical education programs or classes described in section 3317.014 of the Revised Code;

(c) For each adjacent district or other district joint vocational student, the city, exempted village, or local school district in which the student is also enrolled.

(3) Prior to the end of each reporting period specified in section 3317.03 of the Revised Code, the superintendent of each city, local, or exempted village school district that admits adjacent district or other district students who are in grades kindergarten through twelve, adjacent district or other district students who are preschool children with disabilities, or adjacent district or other district joint vocational students in accordance with a policy adopted under division (B) of section 3313.98 of the Revised Code to report to the department of each adjacent or other district's students and where those students who are enrolled in the superintendent's district under the policy are entitled to attend school under section 3313.64 or 3313.65 of the Revised Code.

The rules shall provide for the method of counting students who are enrolled for part of a school year in an adjacent or other district or as an adjacent district or other district joint vocational student.

(B) From the payments made to a city, exempted village, or local school district under Chapter 3317. of the Revised Code and, if necessary, from the payments made to the district under sections 321.24 and 323.156 of the Revised Code, the department of education shall annually subtract, for each native student who is a preschool child with a disability reported under
division (A)(1) of this section who is enrolled in an adjacent or other district pursuant to policies adopted by such a district under division (B) of section 3313.98 of the Revised Code, $4,000.

(C) To the payments made to a city, exempted village, or local school district under Chapter 3317. of the Revised Code, the department of education shall annually add, for each adjacent district or other district student who is a preschool child with a disability reported under division (A)(1) of this section who is enrolled in the district, $4,000.

(D) No city, exempted village, or local school district shall receive a payment under division (C) of this section for a student if for the same school year that student is counted in the district's enrollment certified under section 3317.03 of the Revised Code.

(E) Upon request of a parent, and provided the board offers transportation to native students of the same grade level and distance from school under section 3327.01 of the Revised Code, a city, exempted village, or local school board enrolling an adjacent or other district student shall provide transportation for the student within the boundaries of the board's district, except that the board shall be required to pick up and drop off a nonhandicapped student only at a regular school bus stop designated in accordance with the board's transportation policy. Pursuant to rules of the state board of education department, such board may reimburse the parent from funds received for pupil transportation under section 3317.0212 of the Revised Code, or other provisions of law, for the reasonable cost of transportation from the student's home to the designated school bus stop if the student's family has an income
below the federal poverty line.

Sec. 3313.982. Notwithstanding division (C)(1) of section 3313.97 and division (C)(1) of section 3313.98 of the Revised Code:

(A) Any school district board operating any schools on October 1, 1989, admission to which was restricted to students possessing certain academic, athletic, artistic, or other skills, may continue to restrict admission to such schools.

(B) Any district board that did not operate any schools described by division (A) of this section on October 1, 1989, and that desires to begin restricting admission to any school on the basis of student academic, athletic, artistic, or other skills, may submit a plan proposing such restricted admission to the state board department of education. If the board department finds that the plan will generally promote increased educational opportunities for students in the district and will not unduly restrict opportunities for some students, it may approve the plan and the district board may implement it during the next ensuing school year.

Sec. 3314.011. (A) Every community school established under this chapter shall have a designated fiscal officer. Except as provided for in division (C) of this section, the fiscal officer shall be employed by or engaged under a contract with the governing authority of the community school.

(B) Except as otherwise provided in section 3.061 of the Revised Code, the auditor of state shall require that the fiscal officer of any community school, before entering upon duties as fiscal officer of the school, execute a bond in an amount and with surety to be approved by the governing authority of the
school, payable to the state, conditioned for the faithful
performance of all the official duties required of the fiscal
officer. The bond shall be deposited with the governing
authority of the school, and a copy thereof, certified by the
governing authority, shall be filed with the county auditor.

(C) Prior to assuming the duties of fiscal officer, the
fiscal officer designated under this section shall be licensed
under section 3301.074 of the Revised Code. Any person serving
as a fiscal officer of a community school on March 22, 2013, who
is not licensed as a treasurer shall be permitted to serve as a
fiscal officer for not more than one year following March 22,
2013. Beginning on that date and thereafter, no community school
shall permit any individual to serve as a fiscal officer without
a license as required by this section.

(D)(1) The governing authority of a community school may
adopt a resolution waiving the requirement that the governing
authority is the party responsible to employ or contract with
the designated fiscal officer, as prescribed by division (A) of
this section, so long as the school's sponsor also approves the
resolution. The resolution shall be valid for one year. A new
resolution shall be adopted for each year that the governing
authority wishes to waive this requirement, so long as the
school's sponsor also approves the resolution.

No resolution adopted pursuant to this division may waive
the requirement for a community school to have a designated
fiscal officer.

(2) If the governing authority adopts a resolution
pursuant to division (D)(1) of this section, the school's
designated fiscal officer annually shall meet with the governing
authority to review the school's financial status.
(3) The governing authority shall submit to the department of education and workforce a copy of each resolution adopted pursuant to division (D)(1) of this section.

Sec. 3314.012. (A) Within ninety days of September 28, 1999, the superintendent of public instruction shall appoint representatives of the department of education and workforce, including employees who work with the education management information system, to a committee to develop report card models for community schools. The committee shall design model report cards appropriate for the various types of community schools approved to operate in the state. Sufficient models shall be developed to reflect the variety of grade levels served and the missions of the state's community schools. All models shall include both financial and academic data. The initial models shall be developed by March 31, 2000.

(B) Except as provided in section 3314.017 of the Revised Code, the department of education and workforce shall issue an annual report card for each community school, regardless of how long the school has been in operation. The report card shall report the academic and financial performance of the school utilizing one of the models developed under division (A) of this section. The report card shall include all information applicable to school buildings under section 3302.03 of the Revised Code. The ratings a community school receives under section 3302.03 of the Revised Code for its first two full school years shall not be considered toward automatic closure of the school under section 3314.35 of the Revised Code or any other matter that is based on report card ratings.

(C) Upon receipt of a copy of a contract between a sponsor
and a community school entered into under this chapter, the department of education shall notify the community school of the specific model report card that will be used for that school.

(D) Report cards shall be distributed to the parents of all students in the community school, to the members of the board of education of the school district in which the community school is located, and to any person who requests one from the department.

Sec. 3314.013. (A) Until May 22, 2013, no internet- or computer-based community school shall operate unless the school was open for instruction as of May 1, 2005. No entity described in division (C)(1) of section 3314.02 of the Revised Code shall enter into a contract to sponsor an internet- or computer-based community school, including a conversion school, between May 1, 2005, and May 22, 2013, except as follows:

(1) The entity may renew a contract that the entity entered into with an internet- or computer-based community school prior to May 1, 2005, if the school was open for operation as of that date.

(2) The entity may assume sponsorship of an existing internet- or computer-based community school that was formerly sponsored by another entity and may enter into a contract with that community school in accordance with section 3314.03 of the Revised Code.

If a sponsor entered into a contract with an internet- or computer-based community school, including a conversion school, but the school was not open for operation as of May 1, 2005, the contract shall be void and the entity shall not enter into another contract with the school until May 22, 2013.
(B)(1) Beginning on July 1, 2013, up to five new internet- or computer-based community schools may open each year, subject to approval of the superintendent of public instruction director of education and workforce under division (B)(2) of this section.

(2) The superintendent of public instruction director shall approve applications for new internet- or computer-based community schools from only those applicants demonstrating experience and quality.

The state board department of education and workforce shall adopt rules prescribing measures to determine experience and quality of applicants in accordance with Chapter 119. of the Revised Code. The measures shall include, but not be limited to, the following considerations:

(a) The sponsor's experience with online schools;

(b) The operator's experience with online schools;

(c) The sponsor's and operator's previous record for student performance;

(d) A preference for operators with previous experience in Ohio.

The state board shall adopt the rules so that they are effective May 22, 2013.

(3) The department of education shall notify any new internet- or computer-based community school governed by division (B) of this section of whether the superintendent director has approved or disapproved the school's application to open for the 2013-2014 school year not later than July 1, 2013. Notwithstanding the dates prescribed for adoption and signing on
sponsor contracts in division (D) of section 3314.02 of the
Revised Code, or the date for opening a school for instruction
required by division (A)(25) of section 3314.03 of the Revised
Code, a new internet- or computer-based community school
approved for opening for the 2013-2014 school year under
division (B) of this section may open and operate in that school
year regardless of whether it has complied with those contract
and opening dates. For each school year thereafter, the school
shall comply with all applicable provisions of this chapter.

(4) Notwithstanding divisions (B)(1) and (2) of this
section, a sponsor rated "exemplary" on its most recent
evaluation conducted under section 3314.016 of the Revised Code
is permitted to open up to two new internet- or computer-based
community schools that will primarily serve students enrolled in
a dropout prevention and recovery program each year, not to
exceed six new schools in a five-year period.

(C) Nothing in division (A) or (B) of this section
prohibits an internet- or computer-based community school from
increasing the number of grade levels it offers.

Sec. 3314.015. (A) The department of education and
workforce shall be responsible for the oversight of any and all
sponsors of the community schools established under this chapter
and shall provide technical assistance to schools and sponsors
in their compliance with applicable laws and the terms of the
contracts entered into under section 3314.03 of the Revised Code
and in the development and start-up activities of those schools.
In carrying out its duties under this section, the department
shall do all of the following:

(1) In providing technical assistance to proposing
parties, governing authorities, and sponsors, conduct training
sessions and distribute informational materials;

(2) Approve entities to be sponsors of community schools;

(3) Monitor and evaluate, as required under section 3314.016 of the Revised Code, the effectiveness of any and all sponsors in their oversight of the schools with which they have contracted;

(4) By December thirty-first of each year, issue a report to the governor, the speaker of the house of representatives, the president of the senate, and the chairpersons of the house and senate committees principally responsible for education matters regarding the effectiveness of academic programs, operations, and legal compliance and of the financial condition of all community schools established under this chapter and on the performance of community school sponsors;

(5) From time to time, make legislative recommendations to the general assembly designed to enhance the operation and performance of community schools.

(B)(1) Except as provided in sections 3314.021 and 3314.027 of the Revised Code, no entity shall enter into a preliminary agreement under division (C)(2) of section 3314.02 of the Revised Code or renew an existing contract to sponsor a community school until it has received approval from the department of education to sponsor community schools under this chapter and has entered into a written agreement with the department regarding the manner in which the entity will conduct such sponsorship.

On and after July 1, 2017, each entity that sponsors a community school in this state, except for an entity described in sections 3314.021 and 3314.027 of the Revised Code, shall
attain approval from the department in order to continue
sponsoring schools regardless of whether that entity intends to
enter into a preliminary agreement or renew an existing
contract.

All new and renewed agreements between the department and
a sponsor shall contain specific language addressing the
parameters under which the department can intervene and
potentially revoke sponsorship authority in the event that the
sponsor is unwilling or unable to fulfill its obligations.
Additionally, each agreement shall set forth any territorial
restrictions and limits on the number of schools that entity may
sponsor, provide for an annual evaluation process, and include a
stipulation permitting the department to modify the agreement
under the following circumstances:

(a) Poor fiscal management;

(b) Lack of academic progress.

(2) The initial term of a sponsor's agreement with the
department shall be for up to five years.

(a) An agreement entered into with the department pursuant
to this section may be renewed for a term of up to ten years
using the following criteria:

(i) The academic performance of students enrolled in each
community school the entity sponsors, as determined by the
department pursuant to division (B)(1)(a) of section 3314.016 of
the Revised Code;

(ii) The sponsor's adherence to quality practices, as
determined by the department pursuant to division (B)(1)(b) of
section 3314.016 of the Revised Code;
(iii) The sponsor's compliance with all applicable laws and administrative rules.

(b) Each agreement between the department and a sponsor shall specify that entities with an overall rating of "exemplary" for at least two consecutive years shall not be subject to the limit on the number of community schools the entity may sponsor or any territorial restrictions on sponsorship, for so long as that entity continues to be rated "exemplary."

(c) The state board of education department shall adopt in accordance with Chapter 119. of the Revised Code rules containing criteria, procedures, and deadlines for processing applications for approval of sponsors, for oversight of sponsors, for notifying a sponsor of noncompliance with applicable laws and administrative rules under division (F) of this section, for revocation of the approval of sponsors under division (C) of this section, and for entering into written agreements with sponsors. The rules shall require an entity to submit evidence of the entity's ability and willingness to comply with the provisions of division (D) of section 3314.03 of the Revised Code. The rules also shall require all entities approved as sponsors to demonstrate a record of financial responsibility and successful implementation of educational programs. If an entity seeking approval to sponsor community schools in this state sponsors or operates schools in another state, at least one of the schools sponsored or operated by the entity must be comparable to or better than the performance of Ohio schools in need of continuous improvement under section 3302.03 of the Revised Code, as determined by the department.

Subject to section 3314.016 of the Revised Code, an entity
that sponsors community schools may enter into preliminary
agreements and sponsor up to one hundred schools, provided each
school and the contract for sponsorship meets the requirements
of this chapter.

(3) The state board of education department shall
determine, pursuant to criteria specified in rules adopted in
accordance with Chapter 119. of the Revised Code, whether the
mission proposed to be specified in the contract of a community
school to be sponsored by a state university board of trustees
or the board’s designee under division (C)(1)(e) of section
3314.02 of the Revised Code complies with the requirements of
that division. Such determination of the state board department
is final.

(4) The state board of education department shall
determine, pursuant to criteria specified in rules adopted in
accordance with Chapter 119. of the Revised Code, if any tax-
exempt entity under section 501(c)(3) of the Internal Revenue
Code that is proposed to be a sponsor of a community school is
an education-oriented entity for purpose of satisfying the
condition prescribed in division (C)(1)(f)(iii) of section
3314.02 of the Revised Code. Such determination of the state
board department is final.

(C) If at any time the state board of education department
finds that a sponsor is not in compliance or is no longer
willing to comply with its contract with any community school or
with the department’s rules for sponsorship, the state board or
designee department shall conduct a hearing in accordance with
Chapter 119. of the Revised Code on that matter. If after the
hearing, the state board or designee department has confirmed
the original finding, the department of education it may revoke
the sponsor's approval to sponsor community schools. In that case, the department's office of Ohio school sponsorship, established under section 3314.029 of the Revised Code, may assume the sponsorship of any schools with which the sponsor has contracted until the earlier of the expiration of two school years or until a new sponsor as described in division (C)(1) of section 3314.02 of the Revised Code is secured by the school's governing authority. The office of Ohio school sponsorship may extend the term of the contract in the case of a school for which it has assumed sponsorship under this division as necessary to accommodate the term of the department's authorization to sponsor the school specified in this division. Community schools sponsored under this division shall not apply to the limit on directly authorized community schools under division (A)(3) of section 3314.029 of the Revised Code. However, nothing in this division shall preclude a community school affected by this division from applying for sponsorship under that section.

(D) The decision of the department to disapprove an entity for sponsorship of a community school or to revoke approval for such sponsorship under division (C) of this section, may be appealed by the entity in accordance with section 119.12 of the Revised Code.

(E) The department shall adopt procedures for use by a community school governing authority and sponsor when the school permanently closes and ceases operation, which shall include at least procedures for data reporting to the department, handling of student records, distribution of assets in accordance with section 3314.074 of the Revised Code, and other matters related to ceasing operation of the school.
(F)(1) In lieu of revoking a sponsor's authority to sponsor community schools under division (C) of this section, if the department finds that a sponsor is not in compliance with applicable laws and administrative rules, the department shall declare in a written notice to the sponsor the specific laws or rules, or both, for which the sponsor is noncompliant. A sponsor notified under division (F)(1) of this section shall respond to the department not later than fourteen days after the notification with a proposed plan to remedy the conditions for which the sponsor was found to be noncompliant. The department shall approve or disapprove the plan not later than fourteen days after receiving it. If the plan is disapproved, the sponsor may submit a revised plan to the department not later than fourteen days after receiving notification of disapproval from the department or not later than sixty days after the date the sponsor received notification of noncompliance from the department, whichever is earlier. The department shall approve or disapprove the revised plan not later than fourteen days after receiving it or not later than sixty days after the date the sponsor received notification of noncompliance from the department, whichever is earlier. A sponsor may continue to make revisions by the deadlines prescribed in division (F)(1) of this section to any revised plan that is disapproved by the department until the sixtieth day after the date the sponsor received notification of noncompliance from the department.

If a plan or a revised plan is approved, the sponsor shall implement it not later than sixty days after the date the sponsor received notification of noncompliance from the department or not later than thirty days after the plan is approved, whichever is later. If a sponsor does not respond to the department or implement an approved compliance plan by the
deadlines prescribed by division (F)(1) of this section, or if a
sponsor does not receive approval of a compliance plan on or
before the sixtieth day after the date the sponsor received
notification of noncompliance from the department, the
department shall declare in written notice to the sponsor that
the sponsor is in probationary status, and may limit the
sponsor's ability to sponsor additional schools.

(2) A sponsor that has been placed on probationary status
under division (F)(1) of this section may apply to the
department for its probationary status to be lifted. The
application for a sponsor's probationary status to be lifted
shall include evidence, occurring after the initial notification
of noncompliance, of the sponsor's compliance with applicable
laws and administrative rules. Not later than fourteen days
after receiving an application from the sponsor, the department
shall decide whether or not to remove the sponsor's probationary
status.

(G) In carrying out its duties under this chapter, the
department shall not impose requirements on community schools or
their sponsors that are not permitted by law or duly adopted
rules.

(H) This section applies to entities that sponsor
conversion community schools and new start-up schools.

(I) Nothing in divisions (C) to (F) of this section
prohibits the department from taking any action permitted or
required under the written agreement between the department and
a sponsoring entity without a hearing on the matter, in the
event that the sponsor is unwilling or unable to fulfill its
obligations.
Sec. 3314.016. This section applies to any entity that sponsors a community school, regardless of whether section 3314.021 or 3314.027 of the Revised Code exempts the entity from the requirement to be approved for sponsorship under divisions (A)(2) and (B)(1) of section 3314.015 of the Revised Code. The office of Ohio school sponsorship established under section 3314.029 of the Revised Code shall be rated under division (B) of this section, but divisions (A) and (C) of this section do not apply to the office.

(A) An entity that sponsors a community school shall be permitted to enter into contracts under section 3314.03 of the Revised Code to sponsor additional community schools only if the entity meets all of the following criteria:

(1) The entity is in compliance with all provisions of this chapter requiring sponsors of community schools to report data or information to the department of education and workforce.

(2) The entity is not rated as "ineffective" under division (B)(6) of this section.

(3) Except as set forth in sections 3314.021 and 3314.027 of the Revised Code, the entity has received approval from and entered into an agreement with the department of education pursuant to section 3314.015 of the Revised Code.

(B)(1) The department shall develop and implement an evaluation system that annually rates and assigns an overall rating to each entity that sponsors a community school. The department, not later than the first day of February of each year, shall post on the department's web site the framework for the evaluation system, including technical documentation that
the department intends to use to rate sponsors for the next school year. The department shall solicit public comment on the evaluation system for thirty consecutive days. Not later than the first day of April of each year, the department shall compile and post on the department's web site all public comments that were received during the public comment period. The evaluation system shall be posted on the department's web site by the fifteenth day of July of each school year. Any changes to the evaluation system after that date shall take effect the following year. The evaluation system shall be based on the following components:

(a) Academic performance of students enrolled in community schools sponsored by the same entity. The academic performance component shall be derived from the performance measures prescribed for the state report cards under section 3302.03 or 3314.017 of the Revised Code, and shall be based on the performance of the schools for the school year for which the evaluation is conducted. In addition to the academic performance for a specific school year, the academic performance component shall also include year-to-year changes in the overall sponsor portfolio. For a community school for which no graded performance measures are applicable or available, the department shall use nonreport card performance measures specified in the contract between the community school and the sponsor under division (A)(4) of section 3314.03 of the Revised Code.

(b) Adherence by a sponsor to the quality practices prescribed by the department under division (B)(3) of this section. For a sponsor that was rated "effective" or "exemplary" on its most recent rating, the department may evaluate that sponsor's adherence to quality practices once over a period of three years. If the department elects to evaluate a sponsor once...
As Passed by the Senate

over a period of three years, the most recent rating for a sponsor's adherence to quality practices shall be used when determining an annual overall rating conducted under this section.

(c) Compliance with all applicable laws and administrative rules by an entity that sponsors a community school.

Under the evaluation system prescribed under division (B) (1) of this section, the department shall not assign an overall rating of "ineffective" or lower to an entity that sponsors a community school solely because that entity received no points on one of the components prescribed under that division.

(2) In calculating an academic performance component, the department shall exclude all community schools that have been in operation for not more than two full school years and all community schools described in division (A)(4)(b) of section 3314.35 of the Revised Code. However, the academic performance of the community schools described in division (A)(4)(b) of section 3314.35 of the Revised Code shall be reported, but shall not be used as a factor when determining a sponsoring entity's rating under this section.

(3) The department, in consultation with entities that sponsor community schools, shall prescribe quality practices for community school sponsors and develop an instrument to measure adherence to those quality practices. The quality practices shall be based on standards developed by the national association of charter school authorizers or any other nationally organized community school organization.

(4)(a) The department may permit peer review of a sponsor's adherence to the quality practices prescribed under
division (B)(3) of this section. Peer reviewers shall be limited to individuals employed by sponsors rated "effective" or "exemplary" on the most recent ratings conducted under this section.

(b) The department shall require individuals participating in peer review under division (B)(4)(a) of this section to complete training approved or established by the department.

(c) The department may enter into an agreement with another entity to provide training to individuals conducting peer review of sponsors. Prior to entering into an agreement with an entity, the department shall review and approve of the entity's training program.

(5) The state board director of education and workforce shall adopt rules in accordance with Chapter 119. of the Revised Code prescribing standards for measuring compliance with applicable laws and rules under division (B)(1)(c) of this section.

(6) The department annually shall rate all entities that sponsor community schools as either "exemplary," "effective," "ineffective," or "poor," based on the components prescribed by division (B) of this section, where each component is weighted equally. A separate rating shall be given by the department for each component of the evaluation system.

The department shall publish the ratings between the first day of October and the fifteenth day of November.

Prior to the publication of the final ratings, the department shall designate and provide notice of a period of at least ten business days during which each sponsor may review the information used by the department to determine the sponsor's
rating on the components prescribed by division (B)(1) of this section. If the sponsor believes there is an error in the department's evaluation, the sponsor may request adjustments to the rating of any of those components based on documentation previously submitted as part of an evaluation. The sponsor shall provide to the department any necessary evidence or information to support the requested adjustments. The department shall review the evidence and information, determine whether an adjustment is valid, and promptly notify the sponsor of its determination and reasons. If any adjustments to the data could result in a change to the rating on the applicable component or to the overall rating, the department shall recalculate the ratings prior to publication.

The department shall provide training on an annual basis regarding the evaluation system prescribed under this section. The training shall, at a minimum, describe methodology, timelines, and data required for the evaluation system. The first training session shall occur not later than March 2, 2016. Beginning in 2018, the training shall be made available to each entity that sponsors a community school by the fifteenth day of July of each year and shall include guidance on any changes made to the evaluation system.

(7)(a) Entities with an overall rating of "exemplary" for the two most recent years in which the entity was evaluated may take advantage of the following incentives:

(i) Renewal of the written agreement with the department, not to exceed ten years, provided that the entity consents to continued evaluation of adherence to quality practices as described in division (B)(1)(b) of this section;

(ii) The ability to extend the term of the contract
between the sponsoring entity and the community school beyond the term described in the written agreement with the department;

(iii) An exemption from the preliminary agreement and contract adoption and execution deadline requirements prescribed in division (D) of section 3314.02 of the Revised Code;

(iv) An exemption from the automatic contract expiration requirement, should a new community school fail to open by the thirtieth day of September of the calendar year in which the community school contract is executed;

(v) No limit on the number of community schools the entity may sponsor;

(vi) No territorial restrictions on sponsorship.

(b) Transportation between the two facilities does not require more than thirty minutes of direct travel time as measured by school bus.

(4) A community school may be located in multiple facilities under the same contract and, notwithstanding division (B)(1) of this section, may assign students in the same grade level to multiple facilities, as long as both of the following apply:

Nothing in this division shall be construed to require the department to calculate the amount of funds paid under this chapter, or to compute any data required for the report cards issued under section 3314.012 of the Revised Code, for each facility separately. The department shall make all such calculations or computations for the school as a whole.

(F)(1) In the case of a community school that exists prior to September 30, 2021, to which division (B)(3) of this section applies, if only one of the school districts in which the school is established was located in a challenged school district prior to September 30, 2021, that district continues to be considered the school's primary location and the district in which the school is located for the purposes of division (A)(19) of section 3314.03 and divisions (C) and (H) of section 3314.06 of the Revised Code and for all other purposes of this chapter unless and until the school's governing authority designates a different school district as the school's primary location in accordance with division (F)(2) of this section. If both of the school districts in which the school is established were challenged school districts on that date, and the primary location was already designated by the school's governing authority pursuant to the requirements of this section as it
existed prior to September 30, 2021, that designation remains unless and until the school's governing authority designates a different primary location.

(2)(a) On and after September 30, 2021, when a new start-up community school is established in two school districts under the same contract, the school's governing authority shall designate one of those districts to be considered the school's primary location and the district in which the school is located for the purposes of division (A)(19) of section 3314.03 and divisions (C) and (H) of section 3314.06 of the Revised Code and for all other purposes of this chapter and shall notify the department of education and workforce of that designation.

(b) A community school governing authority that elects to modify a community school's primary location, whether in accordance with division (F)(1) of this section or otherwise, shall notify the department of that modification.

Sec. 3314.06. The governing authority of each community school established under this chapter shall adopt admission procedures that specify the following:

Additionally, except as otherwise provided in this section, admission to the school may be open on a tuition basis to any individual age five to twenty-two who is not a resident of this state. The school shall not receive state funds under section 3317.022 of the Revised Code for any student who is not
a resident of this state.

An individual younger than five years of age may be admitted to the school in accordance with division (A)(2) of section 3321.01 of the Revised Code. The school shall receive funds for an individual admitted under that division in the manner provided under section 3317.022 of the Revised Code.

If the school operates a program that uses the Montessori method endorsed by the American Montessori Society, the Montessori accreditation council for teacher education, or the association Montessori internationale as its primary method of instruction, admission to the school may be open to individuals younger than five years of age but the school shall not receive funds under section 3317.022 of the Revised Code for those individuals. Notwithstanding anything to the contrary in this chapter, individuals younger than five years of age who are enrolled in a Montessori program shall be offered at least four hundred fifty-five hours of learning opportunities per school year.

If the school operates a preschool program that is licensed by the department of education and workforce under sections 3301.52 to 3301.59 of the Revised Code, admission to the school may be open to individuals who are younger than five years of age, but the school shall not receive funds under this chapter for those individuals.

(B)(1) That admission to the school may be limited to students who have attained a specific grade level or are within a specific age group; to students that meet a definition of "at-risk," as defined in the contract; to residents of a specific geographic area within the district, as defined in the contract; or to separate groups of autistic students and nondisabled
students, as authorized in section 3314.061 of the Revised Code and as defined in the contract.

(2) For purposes of division (B)(1) of this section, "at-risk" students may include those students identified as gifted students under section 3324.03 of the Revised Code.

(C) Whether enrollment is limited to students who reside in the district in which the school is located or is open to residents of other districts, as provided in the policy adopted pursuant to the contract.

(D)(1) That there will be no discrimination in the admission of students to the school on the basis of race, creed, color, disability, or sex except that:

(a) The governing authority may do either of the following for the purpose described in division (G) of this section:

(i) Establish a single-gender school for either sex;

(ii) Establish single-gender schools for each sex under the same contract, provided substantially equal facilities and learning opportunities are offered for both boys and girls. Such facilities and opportunities may be offered for each sex at separate locations.

(b) The governing authority may establish a school that simultaneously serves a group of students identified as autistic and a group of students who are not disabled, as authorized in section 3314.061 of the Revised Code. However, unless the total capacity established for the school has been filled, no student with any disability shall be denied admission on the basis of that disability.

(2) That upon admission of any student with a disability,
the community school will comply with all federal and state laws regarding the education of students with disabilities. (E) That the school may not limit admission to students on the basis of intellectual ability, measures of achievement or aptitude, or athletic ability, except that a school may limit its enrollment to students as described in division (B) of this section. (F) That the community school will admit the number of students that does not exceed the capacity of the school's programs, classes, grade levels, or facilities. (G) That the purpose of single-gender schools that are established shall be to take advantage of the academic benefits some students realize from single-gender instruction and facilities and to offer students and parents residing in the district the option of a single-gender education. (H) That, except as otherwise provided under division (B) of this section or section 3314.061 of the Revised Code, if the number of applicants exceeds the capacity restrictions of division (F) of this section, students shall be admitted by lot from all those submitting applications, except preference shall be given to students attending the school the previous year and to students who reside in the district in which the school is located. Preference may be given to siblings of students attending the school the previous year. Preference also may be given to students who are the children of full-time staff members employed by the school, provided the total number of students receiving this preference is less than five per cent of the school's total enrollment. Notwithstanding divisions (A) to (H) of this section, in
the event the racial composition of the enrollment of the community school is violative of a federal desegregation order, the community school shall take any and all corrective measures to comply with the desegregation order.

**Sec. 3314.072.** The provisions of this section are enacted to promote the public health, safety, and welfare by establishing procedures under which the governing authorities of community schools established under this chapter will be held accountable for their compliance with the terms of the contracts they enter into with their school's sponsors and the law relating to the school's operation. Suspension of the operation of a school imposed under this section is intended to encourage the governing authority's compliance with the terms of the school's contract and the law and is not intended to be an alteration of the terms of that contract.

(A) If a sponsor of a community school established under this chapter suspends the operation of that school pursuant to procedures set forth in this section, the governing authority shall not operate that school while the suspension is in effect. Any such suspension shall remain in effect until the sponsor notifies the governing authority that it is no longer in effect. The contract of a school of which operation is suspended under this section also may be subject to termination or nonrenewal under section 3314.07 of the Revised Code.

(B) If at any time conditions at the school do not comply with a health and safety standard established by law for school buildings, the sponsor shall immediately suspend the operation of the school pursuant to procedures set forth in division (D) of this section. If the sponsor fails to take action to suspend the operation of a school to which this division applies, the
department of education and workforce may take such action.

(C)(1) For any of the reasons prescribed in division (B)(1)(a) to (d) of section 3314.07 of the Revised Code, the sponsor of a community school established under this chapter may suspend the operation of the school only if it first issues to the governing authority notice of the sponsor's intent to suspend the operation of the contract. Such notice shall explain the reasons for the sponsor's intent to suspend operation of the contract and shall provide the school's governing authority with five business days to submit to the sponsor a proposal to remedy the conditions cited as reasons for the suspension.

(2) The sponsor shall promptly review any proposed remedy timely submitted by the governing authority and either approve or disapprove the remedy. If the sponsor disapproves the remedy proposed by the governing authority, if the governing authority fails to submit a proposed remedy in the manner prescribed by the sponsor, or if the governing authority fails to implement the remedy as approved by the sponsor, the sponsor may suspend operation of the school pursuant to procedures set forth in division (D) of this section.

(D)(1) If division (B) of this section applies or if the sponsor of a community school established under this chapter decides to suspend the operation of a school as permitted in division (C)(2) of this section, the sponsor shall promptly send written notice to the governing authority stating that the operation of the school is immediately suspended, and explaining the specific reasons for the suspension. The notice shall state that the governing authority has five business days to submit a proposed remedy to the conditions cited as reasons for the
suspension or face potential contract termination.

(2) Upon receipt of the notice of suspension prescribed under division (D)(1) of this section, the governing authority shall immediately notify the employees of the school and the parents of the students enrolled in the school of the suspension and the reasons therefore, and shall cease all school operations on the next business day.

(E)(1) Beginning with the 2013-2014 school year, if the sponsor of a community school suspends the operation of that school pursuant to procedures set forth in this section, the school's contract with the sponsor under section 3314.03 of the Revised Code shall become void, if the governing authority of the school fails to provide a proposal to remedy the conditions cited by the sponsor as reasons for the suspension, to the satisfaction of the sponsor, by the thirtieth day of September of the school year immediately following the school year in which the operation of school was suspended.

(2) If, prior to the effective date of this amendment September 29, 2013, the sponsor of a community school has suspended the operation of the school, the contract with the sponsor under section 3314.03 of the Revised Code shall become void if the governing authority of the school fails to provide by September 30, 2014, a proposal to remedy the conditions cited by the sponsor as reasons for the suspension, to the satisfaction of the sponsor.

Sec. 3314.074. Divisions (A) and (B) of this section apply only to the extent permitted under Chapter 1702. of the Revised Code.

(A) If any community school established under this chapter
permanently closes and ceases its operation as a community school, the assets of that school shall be distributed first to the retirement funds of employees of the school, employees of the school, and private creditors who are owed compensation, and then any remaining funds shall be paid to the department of education and workforce for redistribution to the school districts in which the students who were enrolled in the school at the time it ceased operation were entitled to attend school under section 3313.64 or 3313.65 of the Revised Code. The amount distributed to each school district shall be proportional to the district's share of the total enrollment in the community school. For any community school that closes after fiscal year 2021, any remaining funds shall be paid to the department of education and deposited into the state general revenue fund.

(B) If a community school closes and ceases to operate as a community school and the school has received computer hardware or software from the former Ohio SchoolNet commission or the former eTech Ohio commission, such hardware or software shall be turned over to the department of education, which shall redistribute the hardware and software, to the extent such redistribution is possible, to school districts in conformance with the provisions of the programs as they were operated and administered by the former eTech Ohio commission.

(C) If the assets of the school are insufficient to pay all persons or entities to whom compensation is owed, the prioritization of the distribution of the assets to individual persons or entities within each class of payees may be determined by decree of a court in accordance with this section and Chapter 1702. of the Revised Code.

(D) A community school that engages in a merger or
consolidation pursuant to division (B) of section 1702.41 of the Revised Code and becomes a single public benefit corporation shall not be required to distribute assets pursuant to divisions (A), (B), and (C) of this section, provided that the governing authority of the community school created by the merger or consolidation enters into a contract for sponsorship under section 3314.03 of the Revised Code with an entity rated "effective" or higher by the department of education pursuant to section 3314.016 of the Revised Code.

(5) The number of students reported under divisions (B)(1) and (2) of this section who are not reported under division (B)(4) of this section but who are enrolled in career-technical education programs or classes described in each of divisions (A)(1) to (5) of section 3317.014 of the Revised Code at a joint vocational school district or another district in the career-technical planning district to which the school is assigned;

(6) The number of students reported under divisions (B)(1) and (2) of this section who are category one to three English learners described in each of divisions (A) to (C) of section 3317.016 of the Revised Code;

(7) The number of students reported under divisions (B)(1) and (2) of this section who are economically disadvantaged, as defined by the department. A student shall not be categorically excluded from the number reported under division (B)(7) of this section based on anything other than family income.

A governing authority of a community school shall not include in its report under divisions (B)(1) to (9) of this section any student for whom tuition is charged under division (F) of this section.

(C)(1)(a) If a community school's costs for a fiscal year for a student receiving special education and related services pursuant to an IEP for a disability described in divisions (B) to (F) of section 3317.013 of the Revised Code exceed the threshold catastrophic cost for serving the student as specified in division (B) of section 3317.0214 of the Revised Code, the school may submit to the superintendent of public instruction documentation, as prescribed by the superintendent, of all its costs for that student. Upon submission of documentation for a student of the type and in the manner prescribed, the department shall pay to the community school an amount equal to the school's costs for the student in excess of the threshold catastrophic costs.

(b) The community school shall report under division (C)(1)(a) of this section, and the department shall pay for, only the costs of educational expenses and the related services provided to the student in accordance with the student's individualized education program. Any legal fees, court costs, or other costs associated with any cause of action relating to the student may not be included in the amount.
(2) In any fiscal year, a community school receiving funds under division (A)(7) of section 3317.022 of the Revised Code shall spend those funds only for the purposes that the department designates as approved for career-technical education expenses. Career-technical education expenses approved by the department shall include only expenses connected to the delivery of career-technical programming to career-technical students. The department shall require the school to report data annually so that the department may monitor the school's compliance with the requirements regarding the manner in which funding received under division (A)(7) of section 3317.022 of the Revised Code may be spent.

(3) Notwithstanding anything to the contrary in section 3313.90 of the Revised Code, except as provided in division (C)(5) of this section, all funds received under division (A)(7) of section 3317.022 of the Revised Code shall be spent in the following manner:

(a) At least seventy-five per cent of the funds shall be spent on curriculum development, purchase, and implementation; instructional resources and supplies; industry-based program certification; student assessment, credentialing, and placement; curriculum specific equipment purchases and leases; career-technical student organization fees and expenses; home and agency linkages; work-based learning experiences; professional development; and other costs directly associated with career-technical education programs including development of new programs.

(b) Not more than twenty-five per cent of the funds shall be used for personnel expenditures.

(4) A community school shall spend the funds it receives
(5) The department may waive the requirement in division (C)(3) of this section for any community school that exclusively provides one or more career-technical workforce development programs in arts and communications that are not equipment-intensive, as determined by the department.

(6) For fiscal years 2022 and 2023, a community school shall spend the funds it receives under division (A)(5) of section 3317.022 of the Revised Code only for services for English learners.

(D) A board of education sponsoring a community school may utilize local funds to make enhancement grants to the school or may agree, either as part of the contract or separately, to provide any specific services to the community school at no cost to the school.

(E) A community school may not levy taxes or issue bonds secured by tax revenues.

(F) No community school shall charge tuition for the enrollment of any student who is a resident of this state. A community school may charge tuition for the enrollment of any student who is not a resident of this state.

(G)(1)(a) A community school may borrow money to pay any necessary and actual expenses of the school in anticipation of the receipt of any portion of the payments to be received by the school pursuant to section 3317.022 of the Revised Code. The school may issue notes to evidence such borrowing. The proceeds of the notes shall be used only for the purposes for which the anticipated receipts may be lawfully expended by the school.
(b) A school may also borrow money for a term not to exceed fifteen years for the purpose of acquiring facilities.

(2) Except for any amount guaranteed under section 3318.50 of the Revised Code, the state is not liable for debt incurred by the governing authority of a community school.

(H) The department of education shall adjust the amounts paid under section 3317.022 of the Revised Code to reflect any enrollment of students in community schools for less than the equivalent of a full school year. The state board of education within ninety days after April 8, 2003, department shall adopt in accordance with Chapter 119. of the Revised Code rules governing the payments to community schools under section 3317.022 of the Revised Code including initial payments in a school year and adjustments and reductions made in subsequent periodic payments to community schools as provided under section 3317.022 of the Revised Code. For purposes of this division:

(1) A student shall be considered enrolled in the community school for any portion of the school year the student is participating at a college under Chapter 3365. of the Revised Code.

(2) A student shall be considered to be enrolled in a community school for the period of time beginning on the later of the date on which the school both has received documentation of the student's enrollment from a parent and the student has commenced participation in learning opportunities as defined in the contract with the sponsor, or thirty days prior to the date on which the student is entered into the education management information system established under section 3301.0714 of the Revised Code. For purposes of applying this division and divisions (H)(3) and (4) of this section to a community school
student, "learning opportunities" shall be defined in the contract, which shall describe both classroom-based and non-classroom-based learning opportunities and shall be in compliance with criteria and documentation requirements for student participation which shall be established by the department. Any student's instruction time in non-classroom-based learning opportunities shall be certified by an employee of the community school. A student's enrollment shall be considered to cease on the date on which any of the following occur:

(a) The community school receives documentation from a parent terminating enrollment of the student.

(b) The community school is provided documentation of a student's enrollment in another public or private school.

(c) The community school ceases to offer learning opportunities to the student pursuant to the terms of the contract with the sponsor or the operation of any provision of this chapter.

Except as otherwise specified in this paragraph, beginning in the 2011-2012 school year, any student who completed the prior school year in an internet- or computer-based community school shall be considered to be enrolled in the same school in the subsequent school year until the student's enrollment has ceased as specified in division (H)(2) of this section. The department shall continue paying amounts for the student under section 3317.022 of the Revised Code without interruption at the start of the subsequent school year. However, if the student without a legitimate excuse fails to participate in the first seventy-two consecutive hours of learning opportunities offered to the student in that subsequent school year, the student shall
be considered not to have re-enrolled in the school for that school year and the department shall recalculate the payments to the school for that school year to account for the fact that the student is not enrolled.

(3) The department shall determine each community school student's percentage of full-time equivalency based on the percentage of learning opportunities offered by the community school to that student, reported either as number of hours or number of days, is of the total learning opportunities offered by the community school to a student who attends for the school's entire school year. However, no internet- or computer-based community school shall be credited for any time a student spends participating in learning opportunities beyond ten hours within any period of twenty-four consecutive hours. Whether it reports hours or days of learning opportunities, each community school shall offer not less than nine hundred twenty hours of learning opportunities during the school year.

(4) With respect to the calculation of full-time equivalency under division (H)(3) of this section, the department shall waive the number of hours or days of learning opportunities not offered to a student because the community school was closed during the school year due to disease epidemic, hazardous weather conditions, law enforcement emergencies, inoperability of school buses or other equipment necessary to the school's operation, damage to a school building, or other temporary circumstances due to utility failure rendering the school building unfit for school use, so long as the school was actually open for instruction with students in attendance during that school year for not less than the minimum number of hours required by this chapter. The department shall treat the school as if it were open for
instruction with students in attendance during the hours or days 
waived under this division.

(I) The department of education and workforce shall reduce 
the amounts paid under section 3317.022 of the Revised Code to 
reflect payments made to colleges under section 3365.07 of the 
Revised Code.

(J)(1) No student shall be considered enrolled in any 
internet- or computer-based community school or, if applicable 
to the student, in any community school that is required to 
provide the student with a computer pursuant to division (C) of 
section 3314.22 of the Revised Code, unless both of the 
following conditions are satisfied:

(a) The student possesses or has been provided with all 
required hardware and software materials and all such materials 
are operational so that the student is capable of fully 
participating in the learning opportunities specified in the 
contract between the school and the school's sponsor as required 
by division (A)(23) of section 3314.03 of the Revised Code;

(b) The school is in compliance with division (A) of 
section 3314.22 of the Revised Code, relative to such student.

(2) In accordance with policies adopted by the 
superintendent of public instruction, department of education and 
workforce, in consultation with the auditor of state, the 
department shall reduce the amounts otherwise payable under 
section 3317.022 of the Revised Code to any community school 
that includes in its program the provision of computer hardware 
and software materials to any student, if such hardware and 
software materials have not been delivered, installed, and 
activated for each such student in a timely manner or other
educational materials or services have not been provided according to the contract between the individual community school and its sponsor.

The superintendent of public instruction and the auditor of state shall jointly establish a method for auditing any community school to which this division pertains to ensure compliance with this section.

The superintendent, auditor of state, and the governor shall jointly make recommendations to the general assembly for legislative changes that may be required to assure fiscal and academic accountability for such schools.

(K)(1) If the department determines that a review of a community school's enrollment is necessary, such review shall be completed and written notice of the findings shall be provided to the governing authority of the community school and its sponsor within ninety days of the end of the community school's fiscal year, unless extended for a period not to exceed thirty additional days for one of the following reasons:

(a) The department and the community school mutually agree to the extension.
(b) Delays in data submission caused by either a community school or its sponsor.

(2) If the review results in a finding that additional funding is owed to the school, such payment shall be made within thirty days of the written notice. If the review results in a finding that the community school owes moneys to the state, the following procedure shall apply:

(a) Within ten business days of the receipt of the notice of findings, the community school may appeal the department's
(b) The board or its designee shall conduct an informal hearing on the matter within thirty days of receipt of such an appeal and shall issue a decision within fifteen days of the conclusion of the hearing.

(c) If the board has enlisted a designee to conduct the hearing, the designee shall certify its decision to the board. The board may accept the decision of the designee or may reject the decision of the designee and issue its own decision on the matter.

(d) Any decision made by the board under this division is final.

(3) If it is decided that the community school owes moneys to the state, the department shall deduct such amount from the school's future payments in accordance with guidelines issued by the superintendent of public instruction.

(L) The department shall not pay to a community school under section 3317.022 of the Revised Code any amount for any of the following:

(1) Any student who has graduated from the twelfth grade of a public or nonpublic high school;

(2) Any student who is not a resident of the state;

(3) Any student who was enrolled in the community school during the previous school year when assessments were administered under section 3301.0711 of the Revised Code but did not take one or more of the assessments required by that section and was not excused pursuant to division (C)(1) or (3) of that section.
section, unless the superintendent of public instruction or director grants the student a waiver from the requirement to take the assessment and a parent is not paying tuition for the student pursuant to section 3314.26 of the Revised Code. The superintendent or director may grant a waiver only for good cause in accordance with rules adopted by the state board of education.

(4) Any student who has attained the age of twenty-two years, except for veterans of the armed services whose attendance was interrupted before completing the recognized twelve-year course of the public schools by reason of induction or enlistment in the armed forces and who apply for enrollment in a community school not later than four years after termination of war or their honorable discharge. If, however, any such veteran elects to enroll in special courses organized for veterans for whom tuition is paid under federal law, or otherwise, the department shall not pay to a community school under section 3317.022 of the Revised Code any amount for that veteran.

**Sec. 3314.081.** To the extent permitted by federal law, the department of education and workforce shall include community schools established under this chapter in its annual allocation of federal moneys under Title I of the "Elementary and Secondary Education Act of 1965," 20 U.S.C. 6301, et seq.

**Sec. 3314.083.** If the department of education and workforce pays a joint vocational school district under division (C)(3) of section 3317.16 of the Revised Code for excess costs of providing special education and related services to a student with a disability who is enrolled in a community school, as calculated under division (C)(1) of that section, the department
shall deduct the amount of that payment from the amount calculated for payment to the community school under section 3317.022 of the Revised Code.

Sec. 3314.087. (A) As used in this section:

(1) "Career-technical program" means career-technical programs or classes described in division (A)(1), (2), (3), (4), or (5) of section 3317.014 of the Revised Code in which a student is enrolled.

(2) "Category one through five career-technical education ADM," and "FTE basis" have the same meanings as in section 3317.02 of the Revised Code.

(3) "Resident school district" means the city, exempted village, or local school district in which a student is entitled to attend school under section 3313.64 or 3313.65 of the Revised Code.

(B) Notwithstanding anything to the contrary in this chapter or Chapter 3317. of the Revised Code, a student enrolled in a community school may simultaneously enroll in the career-technical program operated by the career-technical planning district to which the student's resident district belongs. On an FTE basis, the student's resident school district shall count the student in the category one through five career-technical education ADM for the proportion of the time the student is enrolled in a career-technical program of the career-technical planning district to which the student's resident district belongs and, accordingly, the department of education and workforce shall calculate funds under Chapter 3317. of the Revised Code for the resident district attributable to the student for the proportion of time the student attends the
career-technical program. The community school shall count the student in its enrollment report under section 3314.08 of the Revised Code and shall report to the department the proportion of time that the student attends classes at the community school. The department shall pay the community school the amount computed for the student under section 3317.022 of the Revised Code in proportion to the fraction of the time on an FTE basis that the student attends classes at the community school. "Full-time equivalency" for a community school student, as defined in division (H) of section 3314.08 of the Revised Code, does not apply to the student.

Sec. 3314.091. (A) A school district is not required to provide transportation for any native student enrolled in a community school if the district board of education has entered into an agreement with the community school's governing authority that designates the community school as responsible for providing or arranging for the transportation of the district's native students to and from the community school. For any such agreement to be effective, it must be certified by the superintendent of public instruction director of education and workforce as having met all of the following requirements:

(1) It is submitted to the department of education and workforce by a deadline which shall be established by the department.

(2) In accordance with divisions (C)(1) and (2) of this section, it specifies qualifications, such as residing a minimum distance from the school, for students to have their transportation provided or arranged.

(3) The transportation provided by the community school is subject to all provisions of the Revised Code and all rules...
(4) The sponsor of the community school also has signed the agreement.

(B)(1) For the school year that begins on July 1, 2007, a school district is not required to provide transportation for any native student enrolled in a community school, if the community school during the previous school year transported the students enrolled in the school or arranged for the students' transportation, even if that arrangement consisted of having parents transport their children to and from the school, but did not enter into an agreement to transport or arrange for transportation for those students under division (A) of this section, and if the governing authority of the community school by July 15, 2007, submits written notification to the district board of education stating that the governing authority is accepting responsibility for providing or arranging for the transportation of the district's native students to and from the community school.

(2) Except as provided in division (B)(4) of this section, for any school year subsequent to the school year that begins on July 1, 2007, a school district is not required to provide transportation for any native student enrolled in a community school if the governing authority of the community school, by the first day of August, submits written notification to the district board of education stating that the governing authority is accepting responsibility for providing or arranging for the transportation of the district's native students to and from the community school. If the governing authority of the community school has previously accepted responsibility for providing or
arranging for the transportation of a district's native students to and from the community school, under division (B)(1) or (2) of this section, and has since relinquished that responsibility under division (B)(3) of this section, the governing authority shall not accept that responsibility again unless the district board consents to the governing authority's acceptance of that responsibility.

(3) A governing authority's acceptance of responsibility under division (B)(1) or (2) of this section shall cover an entire school year, and shall remain in effect for subsequent school years unless the governing authority submits written notification to the district board that the governing authority is relinquishing the responsibility. However, a governing authority shall not relinquish responsibility for transportation before the end of a school year, and shall submit the notice relinquishing responsibility by the thirty-first day of January, in order to allow the school district reasonable time to prepare transportation for its native students enrolled in the school.

(4)(a) For any school year that begins on or after July 1, 2014, a school district is not required to provide transportation for any native student enrolled in a community school scheduled to open for operation in the current school year, if the governing authority of the community school, by the fifteenth day of April of the previous school year, submits written notification to the district board of education stating that the governing authority is accepting responsibility for providing or arranging for the transportation of the district's native students to and from the community school.

(b) The governing authority of a community school that accepts responsibility for transporting its students under
division (B)(4)(a) of this section shall comply with divisions (B)(2) and (3) of this section to renew or relinquish that authority for subsequent school years.

(C)(1) A community school governing authority that enters into an agreement under division (A) of this section, or that accepts responsibility under division (B) of this section, shall provide or arrange transportation free of any charge for each of its enrolled students who is required to be transported under section 3327.01 of the Revised Code. The governing authority shall report to the department of education and workforce the number of students transported or for whom transportation is arranged under this section in accordance with rules adopted by the state board of education department.

(2) The governing authority may provide or arrange transportation for any other enrolled student who is not eligible for transportation in accordance with division (C)(1) of this section and may charge a fee for such service up to the actual cost of the service.

(3) Notwithstanding anything to the contrary in division (C)(1) or (2) of this section, a community school governing authority shall provide or arrange transportation free of any charge for any disabled student enrolled in the school for whom the student's individualized education program developed under Chapter 3323. of the Revised Code specifies transportation.

(D) A community school shall use payments received under division (H) of section 3317.0212 of the Revised Code solely to pay the costs of providing or arranging for the transportation of students who are eligible as specified in section 3327.01 of the Revised Code and division (C)(1) of this section, which may include payments to a parent, guardian, or other person in
charge of a child in lieu of transportation.

(E) Except when arranged through payment to a parent, guardian, or person in charge of a child, transportation provided or arranged for by a community school pursuant to an agreement under this section is subject to all provisions of the Revised Code, and all rules adopted under the Revised Code, pertaining to the construction, design, equipment, and operation of school buses and other vehicles transporting students to and from school. The drivers and mechanics of the vehicles are subject to all provisions of the Revised Code, and all rules adopted under the Revised Code, pertaining to drivers and mechanics of such vehicles. The community school also shall comply with sections 3313.201, 3327.09, and 3327.10 of the Revised Code, division (B) of section 3327.16 of the Revised Code and, subject to division (C)(1) of this section, sections 3327.01 and 3327.02 of the Revised Code, as if it were a school district.

Sec. 3314.10. (A)(1) The governing authority of any community school established under this chapter may employ teachers and nonteaching employees necessary to carry out its mission and fulfill its contract.

(2) Except as provided under division (A)(3) of this section, employees hired under this section may organize and collectively bargain pursuant to Chapter 4117. of the Revised Code. Notwithstanding division (D)(1) of section 4117.06 of the Revised Code, a unit containing teaching and nonteaching employees employed under this section shall be considered an appropriate unit. Except as provided in divisions (B)(2)(b) and (c) of section 3307.01 of the Revised Code and in section 3309.013 of the Revised Code, employment under this section is
subject to either Chapter 3307. or 3309. of the Revised Code.

(3) If a school is created by converting all or part of an existing public school rather than by establishment of a new start-up school, at the time of conversion, the employees of the community school shall remain part of any collective bargaining unit in which they were included immediately prior to the conversion and shall remain subject to any collective bargaining agreement for that unit in effect on the first day of July of the year in which the community school initially begins operation and shall be subject to any subsequent collective bargaining agreement for that unit, unless a petition is certified as sufficient under division (A)(6) of this section with regard to those employees. Any new employees of the community school shall also be included in the unit to which they would have been assigned had not the conversion taken place and shall be subject to the collective bargaining agreement for that unit unless a petition is certified as sufficient under division (A)(6) of this section with regard to those employees.

Notwithstanding division (B) of section 4117.01 of the Revised Code, the board of education of a school district and not the governing authority of a community school shall be regarded, for purposes of Chapter 4117. of the Revised Code, as the "public employer" of the employees of a conversion community school subject to a collective bargaining agreement pursuant to division (A)(3) of this section unless a petition is certified under division (A)(6) of this section with regard to those employees. Only on and after the effective date of a petition certified as sufficient under division (A)(6) of this section shall division (A)(2) of this section apply to those employees of that community school and only on and after the effective date of that petition shall Chapter 4117. of the Revised Code
apply to the governing authority of that community school with regard to those employees.

(4) Notwithstanding sections 4117.03 to 4117.18 of the Revised Code and Section 4 of Amended Substitute Senate Bill No. 133 of the 115th general assembly, the employees of a conversion community school who are subject to a collective bargaining agreement pursuant to division (A)(3) of this section shall cease to be subject to that agreement and all subsequent agreements pursuant to that division and shall cease to be part of the collective bargaining unit that is subject to that and all subsequent agreements, if a majority of the employees of that community school who are subject to that collective bargaining agreement sign and submit to the state employment relations board a petition requesting all of the following:

(a) That all the employees of the community school who are subject to that agreement be removed from the bargaining unit that is subject to that agreement and be designated by the state employment relations board as a new and separate bargaining unit for purposes of Chapter 4117. of the Revised Code;

(b) That the employee organization certified as the exclusive representative of the employees of the bargaining unit from which the employees are to be removed be certified as the exclusive representative of the new and separate bargaining unit for purposes of Chapter 4117. of the Revised Code;

(c) That the governing authority of the community school be regarded as the "public employer" of these employees for purposes of Chapter 4117. of the Revised Code.

(5) Notwithstanding sections 4117.03 to 4117.18 of the Revised Code and Section 4 of Amended Substitute Senate Bill No.
133 of the 115th general assembly, the employees of a conversion
community school who are subject to a collective bargaining
agreement pursuant to division (A)(3) of this section shall
cease to be subject to that agreement and all subsequent
agreements pursuant to that division, shall cease to be part of
the collective bargaining unit that is subject to that and all
subsequent agreements, and shall cease to be represented by any
exclusive representative of that collective bargaining unit, if
a majority of the employees of the community school who are
subject to that collective bargaining agreement sign and submit
to the state employment relations board a petition requesting
all of the following:

(a) That all the employees of the community school who are
subject to that agreement be removed from the bargaining unit
that is subject to that agreement;

(b) That any employee organization certified as the
exclusive representative of the employees of that bargaining
unit be decertified as the exclusive representative of the
employees of the community school who are subject to that
agreement;

(c) That the governing authority of the community school
be regarded as the "public employer" of these employees for
purposes of Chapter 4117. of the Revised Code.

(6) Upon receipt of a petition under division (A)(4) or
(5) of this section, the state employment relations board shall
check the sufficiency of the signatures on the petition. If the
signatures are found sufficient, the board shall certify the
sufficiency of the petition and so notify the parties involved,
including the board of education, the governing authority of the
community school, and any exclusive representative of the
bargaining unit. The changes requested in a certified petition shall take effect on the first day of the month immediately following the date on which the sufficiency of the petition is certified under division (A)(6) of this section.

(B)(1) The board of education of each city, local, and exempted village school district sponsoring a community school and the governing board of each educational service center in which a community school is located shall adopt a policy that provides a leave of absence of at least three years to each teacher or nonteaching employee of the district or service center who is employed by a conversion or new start-up community school sponsored by the district or located in the district or center for the period during which the teacher or employee is continuously employed by the community school. The policy shall also provide that any teacher or nonteaching employee may return to employment by the district or service center if the teacher or employee leaves or is discharged from employment with the community school for any reason, unless, in the case of a teacher, the board of the district or service center determines that the teacher was discharged for a reason for which the board would have sought to discharge the teacher under section 3311.82 or 3319.16 of the Revised Code, in which case the board may proceed to discharge the teacher utilizing the procedures of that section. Upon termination of such a leave of absence, any seniority that is applicable to the person shall be calculated to include all of the following: all employment by the district or service center prior to the leave of absence; all employment by the community school during the leave of absence; and all employment by the district or service center after the leave of absence. The policy shall also provide that if any teacher holding valid certification returns to employment by the
district or service center upon termination of such a leave of absence, the teacher shall be restored to the previous position and salary or to a position and salary similar thereto. If, as a result of teachers returning to employment upon termination of such leaves of absence, a school district or educational service center reduces the number of teachers it employs, it shall make such reductions in accordance with section 3319.171 of the Revised Code.

Unless a collective bargaining agreement providing otherwise is in effect for an employee of a conversion community school pursuant to division (A)(3) of this section, an employee on a leave of absence pursuant to this division shall remain eligible for any benefits that are in addition to benefits under Chapter 3307. or 3309. of the Revised Code provided by the district or service center to its employees provided the employee pays the entire cost associated with such benefits, except that personal leave and vacation leave cannot be accrued for use as an employee of a school district or service center while in the employ of a community school unless the district or service center board adopts a policy expressly permitting this accrual.

(2) While on a leave of absence pursuant to division (B) (1) of this section, a conversion community school shall permit a teacher to use sick leave accrued while in the employ of the school district from which the leave of absence was taken and prior to commencing such leave. If a teacher who is on such a leave of absence uses sick leave so accrued, the cost of any salary paid by the community school to the teacher for that time shall be reported to the department of education and workforce. The cost of employing a substitute teacher for that time shall be paid by the community school. The department of education and
workforce shall add amounts to the payments made to a community school under this chapter as necessary to cover the cost of salary reported by a community school as paid to a teacher using sick leave so accrued pursuant to this section. The department shall subtract the amounts of any payments made to community schools under this division from payments made to such sponsoring school district under Chapter 3317. of the Revised Code.

A school district providing a leave of absence and employee benefits to a person pursuant to this division is not liable for any action of that person while the person is on such leave and employed by a community school.

Sec. 3314.101. (A) As used in this section, "license" has the same meaning as in section 3319.31 of the Revised Code.

(B) If a person who is employed by a community school established under this chapter or by an operator is arrested, summoned, or indicted for an alleged violation of an offense listed in division (C) of section 3319.31 of the Revised Code, if the person holds a license, or an offense listed in division (B)(1) of section 3319.39 of the Revised Code, if the person does not hold a license, the chief administrator of the community school in which that person works shall suspend that person from all duties that require the care, custody, or control of a child during the pendency of the criminal action against the person. If the person who is arrested, summoned, or indicted for an alleged violation of an offense listed in division (C) of section 3319.31 or division (B)(1) of section 3319.39 of the Revised Code is the chief administrator of the community school, the governing authority of the school shall suspend the chief administrator from all duties that require the
care, custody, or control of a child.

(C) When a person who holds a license is suspended in accordance with this section, the chief administrator or governing authority that imposed the suspension promptly shall report the person's suspension to the department of education and workforce and state board of education. The report shall include the offense for which the person was arrested, summoned, or indicted.

Sec. 3314.11. (A) The governing authority of each community school established under this chapter monthly shall review the residency records of students enrolled in that community school. Upon the enrollment of each student and on an annual basis, the governing authority shall verify to the department of education and workforce the school district in which the student is entitled to attend school under section 3313.64 or 3313.65 of the Revised Code.

The school district may review the determination made by the community school under division (A) of this section.

(B)(1) For purposes of its initial reporting of the school districts in which its students are entitled to attend school, the governing authority of a community school shall adopt a policy that prescribes the number of documents listed in division (E) of this section required to verify a student's residency. This policy shall supersede any policy concerning the number of documents for initial residency verification adopted by the district the student is entitled to attend.

(2) For purposes of the annual reporting of the school districts in which its students are entitled to attend school, the governing authority of a community school shall adopt a
policy that prescribes the information required to verify a student's residency. This information may be obtained through any type of document, including any of the documents listed in division (E) of this section, or any type of communication with a government official authorized to provide such information.

(C) For purposes of making the determinations required under this section, the school district in which a parent or child resides is the location the parent or student has established as the primary residence and where substantial family activity takes place.

(D) If a community school's determination under division (A) of this section of the school district a student is entitled to attend under section 3313.64 or 3313.65 of the Revised Code differs from a district's determination, the community school that made the determination under division (A) of this section shall provide the school district with documentation of the student's residency and shall make a good faith effort to accurately identify the correct residence of the student.

(E) For purposes of this section, the following documents may serve as evidence of primary residence:

1. A deed, mortgage, lease, current home owner's or renter's insurance declaration page, or current real property tax bill;

2. A utility bill or receipt of utility installation issued within ninety days of enrollment;

3. A paycheck or paystub issued to the parent or student within ninety days of the date of enrollment that includes the address of the parent's or student's primary residence;

4. The most current available bank statement issued to
the parent or student that includes the address of the parent's or student's primary residence;

(5) Any other official document issued to the parent or student that includes the address of the parent's or student's primary residence. The superintendent of public instruction department shall develop guidelines for determining what qualifies as an "official document" under this division.

(F) When a student loses permanent housing and becomes a homeless child or youth, as defined in 42 U.S.C. 11434a, or when a child who is such a homeless child or youth changes temporary living arrangements, the district in which the student is entitled to attend school shall be determined in accordance with division (F)(13) of section 3313.64 of the Revised Code and the "McKinney-Vento Homeless Assistance Act," 42 U.S.C. 11431 et seq.

(G) In the event of a disagreement as to which school district a student is entitled to attend, the community school, after complying with division (D) of this section, but not more than sixty days after the monthly deadline established by the department of education for reporting of community school enrollment, may present the matter to the superintendent of public instruction director of education and workforce. Not later than thirty days after the community school presents the matter, the state superintendent director, or the state superintendent's director's designee, shall determine which district the student is entitled to attend and shall direct any necessary adjustments to payments under section 3317.022 of the Revised Code based on that determination.

Sec. 3314.12. On or before the first day of November each year, the sponsor of each community school established under...
this chapter shall submit to the department of education and workforce, in accordance with guidelines adopted by the department for purposes of this section, a report that describes the special education and related services provided by that school to enrolled students during the previous fiscal year and the school's expenditures for those services.

A community school that elects to do so shall comply with all provisions of that section as if it were a school district.

(B)(1) The following are not liable in damages in a civil action for injury, death, or loss to person or property that allegedly arises from an act or omission associated with procuring, maintaining, accessing, or using an epinephrine autoinjector under this section, unless the act or omission constitutes willful or wanton misconduct:

(B) With the approval of its governing authority, a community school may procure inhalers in the manner prescribed by section 3313.7113 of the Revised Code. A community school that elects to do so shall comply with all provisions of that section as if it were a school district.

(C) A community school, a member of a community school governing authority, or a community school employee or contractor is not liable in damages in a civil action for injury, death, or loss to person or property that allegedly arises from an act or omission associated with procuring, maintaining, accessing, or using an inhaler under this section, unless the act or omission constitutes willful or wanton misconduct.

This division does not eliminate, limit, or reduce any
other immunity or defense that a community school or governing authority, member of a community school governing authority, or community school employee or contractor may be entitled to under Chapter 2744. or any other provision of the Revised Code or under the common law of this state.

(D) A community school may accept donations of inhalers from a wholesale distributor of dangerous drugs or a manufacturer of dangerous drugs, as defined in section 4729.01 of the Revised Code, and may accept donations of money from any person to purchase inhalers.

(E) A community school that elects to procure inhalers under this section shall report to the department of education and workforce each procurement and occurrence in which an inhaler is used from the school's supply of inhalers.

Sec. 3314.147. (B) The following are not liable in damages in a civil action for injury, death, or loss to person or property that allegedly arises from an act or omission associated with procuring, maintaining, accessing, or using injectable or nasally administered glucagon under this section, unless the act or omission constitutes willful or wanton misconduct:

(b) A member of a community school governing authority;

(c) A community school employee or contractor;
(d) A licensed health professional authorized to prescribe drugs who personally furnishes or prescribes injectable or nasally administered glucagon, provides a consultation, or issues a protocol pursuant to this section.

All provisions of that section and the rules adopted under that section apply to each community school as if it were a school district, except as modified for community schools under division (B) of this section. Each community school shall comply with division (C) of section 3301.0723 of the Revised Code.
(B) The rules adopted by the state board of education and workforce under section 3301.0714 of the Revised Code may distinguish methods and timelines for community schools to annually report data, which methods and timelines differ from those prescribed for school districts. The guidelines, however, shall not modify the actual data required to be reported under that section.

(C) Each fiscal officer appointed under section 3314.011 of the Revised Code is responsible for annually reporting the community school's data under section 3301.0714 of the Revised Code. The superintendent's or director's authority to impose civil penalties under this division does not preclude the state board of education from suspending or revoking the license of a community school employee under division (N) of section 3301.0714 of the Revised Code.

(D) No community school shall acquire, change, or update its student administration software package to manage and report data required to be reported to the department unless it converts to a student software package that is certified by the department.

The governing authority required to establish a breakfast program under this division may make a charge in accordance with federal requirements for each reduced price breakfast or paid breakfast to cover the cost incurred in providing that meal.

A breakfast program established under this section shall be operated in accordance with section 3313.818 of the Revised Code in any community school meeting the conditions prescribed by that section.

(D) The governing authority of each community school required to establish a school breakfast, school lunch, or summer food service program under this section shall apply for state and federal funds allocated by the state board of education and workforce under division (B) of section 3313.813 of the Revised Code and shall comply with the state board's standards adopted under that division.

(E) The governing authority of any community school required to establish a breakfast program under this section or that elects to participate in a breakfast program pursuant to the "National School Lunch Act" and the "Child Nutrition Act of 1966" may offer breakfast to pupils in their classrooms during the school day. (B) Beginning in the 2014-2015 school year, no internet- or computer-based community school shall enroll more students than the number permitted by its enrollment limit.
(C) If, in any school year, an internet- or computer-based community school enrolls more students than permitted under the enrollment limit, the department shall deduct from the community school the amount of state funds credited to the community school attributable to each student enrolled in excess of the enrollment limit, as determined by the department.

Sec. 3314.21. (A) As used in this section:

(1) "Harmful to juveniles" has the same meaning as in section 2907.01 of the Revised Code.

(2) "Obscene" has the same meaning as in division (F) of section 2907.01 of the Revised Code as that division has been construed by the supreme court of this state.

(3) "Teacher of record" means a teacher who is responsible for the overall academic development and achievement of a student and not merely the student's instruction in any single subject.

(C) For any internet- or computer-based community school, the contract between the sponsor and the governing authority of the school described in section 3314.03 of the Revised Code shall specify each of the following:

(1) A requirement that the school use a filtering device or install filtering software that protects against internet access to materials that are obscene or harmful to juveniles on each computer provided to students for instructional use. Sec. 3314.22. (A)(1) Each child enrolled in an internet- or computer-based community school is entitled to a computer supplied by the school; however, the parent of any child enrolled in the school may waive this entitlement in the manner specified in division (A)(3) of this section. In no case shall an internet- or computer-based community school provide a stipend or other substitute to an enrolled child or the child's parent in lieu of supplying a computer to the child. The prohibition contained in the preceding sentence is intended to clarify the meaning of this division as it existed prior to September 29, 2005, and is not intended to change that meaning in any way.

(2) Notwithstanding division (A)(1) of this section, if more than one child living in a single residence is enrolled in an internet- or computer-based community school, at the option of the parent of those children, the school may supply less than one computer per child, as long as at least one computer is supplied to the residence. An internet- or computer-based community school may supply no computer at all only if the parent has waived the entitlement prescribed in division (A)(1) of this section in the manner specified in division (A)(3) of this section. The parent may amend the decision to accept less than one computer per child anytime during the school year, and,
in such case, within thirty days after the parent notifies the
school of such amendment, the school shall provide any
additional computers requested by the parent up to the number
necessary to comply with division (A)(1) of this section.

(3) The parent of any child enrolled in an internet- or
computer-based community school may waive the entitlement to one
computer per child, and have no computer at all supplied by the
school, if the school and parent set forth that waiver in
writing with both parties attesting that there is a computer
available to the child in the child's residence with sufficient
hardware, software, programming, and connectivity so that the
child may fully participate in all of the learning opportunities
offered to the child by the school. The parent may amend the
decision to waive the entitlement at any time during the school
year and, in such case, within thirty days after the parent
notifies the school of that decision, the school shall provide
any additional computers requested by the parent up to the
number necessary to comply with division (A)(1) of this section,
regardless of whether there is any change in the conditions
attested to in the waiver.

(4) A copy of a waiver executed under division (A)(3) of
this section shall be retained by the internet- or computer-
based community school and the parent who attested to the
conditions prescribed in that division. The school shall submit
a copy of the waiver to the department of education and
workforce immediately upon execution of the waiver.

(5) The school shall notify the department of education,
in the manner specified by the department, of any parent's
decision under division (A)(2) of this section to accept less
than one computer per child or the parent's amendment to that
decision, and of any parent's decision to amend the waiver executed under division (A)(3) of this section.

(B) Each internet- or computer-based community school shall provide to each parent who is considering enrolling the parent's child in the school and to the parent of each child already enrolled in the school a written notice of the provisions prescribed in division (A) of this section.

(C) If a community school that is not an internet- or computer-based community school provides any of its enrolled students with nonclassroom-based learning opportunities provided via an internet- or other computer-based instructional method and requires such students to participate in any of those learning opportunities from their residences, the school shall be subject to this section and division (C)(1) of section 3314.21 of the Revised Code relative to each such student in the same manner as an internet- or computer-based community school, unless both of the following conditions apply to the student:

(1) The nonclassroom-based learning opportunities in which the student is required to participate from the student's residence are supplemental in nature or do not constitute a significant portion of the total classroom-based and nonclassroom-based learning opportunities provided to the student by the school;

(2) The student's residence is equipped with a computer available for the student's use.

Sec. 3314.232. The superintendent of public instruction—department of education and workforce shall establish by rule adopted in accordance with Chapter 119. of the Revised Code standards for learning management software to be used by
internet- and computer-based community schools.

Sec. 3314.24. (A) On or after July 1, 2004, no internet- or computer-based community school shall enter into a contract with a nonpublic school to use or rent any facility space at the nonpublic school for the provision of instructional services to students enrolled in the internet- or computer-based community school.

(B) If an internet- or computer-based community school has a contract with a nonpublic school as described in division (A) of this section, the department of education and workforce shall not make any payments under section 3317.022 of the Revised Code to the internet- or computer-based community school for any student who is enrolled in the internet- or computer-based community school and receives any instructional services from the internet- or computer-based community school at the nonpublic school.

Sec. 3314.26. (A) Each internet- or computer-based community school shall withdraw from the school any student who, for two consecutive school years of enrollment in the school, has failed to participate in the spring administration of any assessment prescribed under section 3301.0710 or 3301.0712 of the Revised Code for the student's grade level and was not excused from the assessment pursuant to division (C)(1) or (3) of section 3301.0711 of the Revised Code, regardless of whether a waiver was granted for the student under division (L)(3) of section 3314.08 of the Revised Code. The school shall report any such student's data verification code, as assigned pursuant to section 3301.0714 of the Revised Code, to the department of education and workforce. The department shall maintain a list of all data verification codes reported under this division and
section 3313.6410 of the Revised Code and provide that list to each internet- or computer-based community school and to each school to which section 3313.6410 of the Revised Code applies.

(B) No internet- or computer-based community school shall receive any state funds under this chapter for any enrolled student whose data verification code appears on the list maintained by the department under division (A) of this section.

Notwithstanding any provision of the Revised Code to the contrary, the parent of any such student shall pay tuition to the internet- or computer-based community school in an amount equal to the state funds the school otherwise would receive for that student, as determined by the department. An internet- or computer-based community school may withdraw any student for whom the parent does not pay tuition as required by this division.

**Sec. 3314.27.** No student enrolled in an internet- or computer-based community school may participate in more than ten hours of learning opportunities in any period of twenty-four consecutive hours. Any time such a student participates in learning opportunities beyond the limit prescribed in this section shall not count toward the annual minimum number of hours required to be provided to that student as prescribed in division (A)(11)(a) of section 3314.03 of the Revised Code. If any internet- or computer-based community school requires its students to participate in learning opportunities on the basis of days rather than hours, one day shall consist of a minimum of five hours of such participation.

Each internet- or computer-based community school shall keep an accurate record of each individual student's participation in learning opportunities each day. The record...
shall be kept in such a manner that the information contained
within it easily can be submitted to the department of education
and workforce, upon request by the department or the auditor of
state.

Sec. 3314.271. (A) Each internet- or computer-based
community school shall offer a student orientation course and
shall notify each student who enrolls in that school of that
student's opportunity to participate in the student orientation
course.

(B) The department of education and workforce shall
provide guidance to internet- or computer-based community
schools for developing and delivering the orientation course.

(C) Each internet- or computer-based community school may,
at the time of a particular student's enrollment in that school,
ask the student's parent or guardian to estimate the length of
time the student will attend the school. Any information
collected pursuant to this division shall be included in an
aggregated format in the school's annual report required by
division (A)(11)(g) of section 3314.03 of the Revised Code.

(D) Each internet- or computer-based community school, on
a periodic basis throughout each school year, shall communicate
with each student's parent, guardian, or custodian regarding the
performance and progress of that student. Each internet- or
computer-based community school also shall provide opportunities
for parent-teacher conferences, shall document the school's
requests for such conferences, and may permit students to
participate in the conferences. Parent-teacher conferences may
be conducted through electronic means.

Sec. 3314.28. (A) Each internet- or computer-based
community school established under this chapter shall submit to
the school's sponsor a plan for providing special education and
related services to disabled students enrolled in the school in
accordance with division (A)(1) or (2) of this section.

(1) If the school was established prior to the effective
date of this section June 30, 2005, the plan shall be submitted
to the sponsor on or before September 1, 2005, and on or before
the first day of September in each year thereafter that the
school is in operation.

(2) If the school is established after the effective date
of this section June 30, 2005, the plan shall be submitted to
the sponsor prior to the school's receipt of its first payment
under this chapter and on or before the first day of September
in each year thereafter that the school is in operation.

(B) Within thirty days after receiving the plan prescribed
in division (A) of this section, the sponsor of each internet-
or computer-based community school shall certify all of the
following to the department of education and workforce:

(1) A statement of whether the plan received is
satisfactory to the sponsor;

(2) If the plan received is not satisfactory to the
sponsor, the sponsor's assurance that it will promptly assist
the school in developing a plan that is satisfactory to the
sponsor;

(3) The sponsor's assurance that it will monitor the
implementation of the plan;

(4) The sponsor's assurance that it will take any
necessary corrective action to ensure that the school's plan is
properly and fully implemented.
(C) The department shall develop guidelines for the content and format of the plan required under this section.

Sec. 3314.29. (A) This section applies to any internet- or computer-based community school that meets all of the following conditions:

(1) Serves all of grades kindergarten through twelve;

(2) Has an enrollment of at least two thousand students;

(3) Has a sponsor that was not rated ineffective or poor on its most recent evaluation under section 3314.016 of the Revised Code.

(B) Beginning with the 2018-2019 school year, the governing authority of a community school to which this section applies may adopt a resolution to divide the school into two or three separate schools as follows:

(1) If the school is divided into two schools, one school shall serve grades kindergarten through eight and one school shall serve grades nine through twelve.

(2) If the school is divided into three schools, one school shall serve grades kindergarten through five, one school shall serve grades six through eight, and one school shall serve grades nine through twelve.

(C) The resolution adopted by the governing authority shall not be effective unless approved by the school's sponsor. Following approval of the resolution by the sponsor, and by the fifteenth day of March prior to the school year in which it will take effect, the governing authority shall file the resolution with the department of education and workforce. The division of the schools shall be effective on the first day of July.
succeeding the date the resolution is filed with the department.

(D) All of the following shall apply to each new school created as a result of the resolution authorized by this section and to the school that is divided as a result of the resolution:

(1) Each school shall have the same governing authority.

(2) The sponsor and governing authority shall enter into a separate contract under section 3314.03 of the Revised Code for each school.

(3) No school shall primarily serve students enrolled in a dropout prevention and recovery program operated by the school.

(4) No school shall be permitted to divide again under this section.

(5) Notwithstanding anything to the contrary in division (B)(2) of section 3314.016 of the Revised Code, each school shall be included in the calculation of the academic performance component for purposes of rating the schools' sponsor under the evaluation system prescribed by that section.

(6) Each school shall be subject to the laws contained in Chapter 3314. of the Revised Code, except as otherwise specified in this section.

(E) The department shall issue a report card under section 3314.012 of the Revised Code for each new school created as a result of the resolution authorized by this section and for the school that is divided as a result of the resolution. For purposes of the report cards and other reporting requirements under this chapter, the department shall assign the school that serves the highest grades the same internal retrieval number previously used by the school that is divided under this
section. The department shall assign a new internal retrieval number to each other school resulting from the division.

Notwithstanding division (B) of section 3314.012 of the Revised Code, the ratings a school receives on its report card for the first two full school years after the division under this section shall count toward closure of the school under section 3314.35 of the Revised Code and any other matter that is based on report card ratings or measures.

Sec. 3314.35. (A)(1) Except as provided in division (A)(4) of this section, this section applies to any community school that meets one of the following criteria after July 1, 2009, but before July 1, 2011:

this section applies to any community school that meets one of  
the following criteria after July 1, 2011, but before July 1,  
2013:

(iii) The school has received a performance rating of one star for early literacy under division (D)(3)(e) of section 3302.03 of the Revised Code;

(4) This section does not apply to either of the following:

  (a) Any community school in which a majority of the students are enrolled in a dropout prevention and recovery program that is operated by the school. Rather, such schools shall be subject to closure only as provided in section 3314.351 of the Revised Code. However, prior to July 1, 2014, a community school in which a majority of the students are enrolled in a
dropout prevention and recovery program shall be exempt from this section only if it has been granted a waiver under section 3314.36 of the Revised Code.

(b) Any community school in which a majority of the enrolled students are children with disabilities receiving special education and related services in accordance with Chapter 3323. of the Revised Code.

(B) Any community school to which this section applies shall permanently close at the conclusion of the school year in which the school first becomes subject to this section. The sponsor and governing authority of the school shall comply with all procedures for closing a community school adopted by the department under division (E) of section 3314.015 of the Revised Code. The governing authority of the school shall not enter into a contract with any other sponsor under section 3314.03 of the Revised Code after the school closes.

(C) In accordance with division (B) of section 3314.012 of the Revised Code, the department shall not consider the performance ratings assigned to a community school for its first two years of operation when determining whether the school meets the criteria prescribed by division (A)(1) or (2) of this section.

(D) Nothing in this section or in any other provision of the Revised Code prohibits the sponsor of a community school from exercising its option not to renew a contract for any reason or from terminating a contract prior to its expiration for any of the reasons set forth in section 3314.07 of the Revised Code.

Sec. 3314.351. (A) This section applies to any community
school in which a majority of the students are enrolled in a
dropout prevention and recovery program. Except as provided in
division (F) of this section, any such community school that has
received a designation of "does not meet standards," as
described in division (D)(1) of section 3314.017 of the Revised
Code on the report card issued under that section, for the three
most recent school years shall be subject to closure in
accordance with this section.

(B) Not later than the first day of September in each
school year, the department of education and workforce shall
notify each school subject to closure under this section that
the school must close not later than the thirtieth day of the
following June.

A school so notified shall close as required.

(C) A school that opens on or after July 1, 2014, shall
not be subject to closure under this section for its first two
years of operation. A school that is in operation prior to July
1, 2014, shall not be subject to closure under this section
until after August 31, 2016.

(D) The sponsor and governing authority of the school
shall comply with all procedures for closing a community school
adopted by the department under division (E) of section 3314.015
of the Revised Code. The governing authority of the school shall
not enter into a contract with any other sponsor under section
3314.03 of the Revised Code after the school closes.

(E) Nothing in this section or in any other provision of
the Revised Code prohibits the sponsor of a community school
from exercising its option not to renew a contract for any
reason or from terminating a contract prior to its expiration
for any of the reasons set forth in section 3314.07 of the Revised Code.

(F) Beginning in the 2019-2020 school year, no school shall be subject to closure under this section based on the report card issued for that school for the 2017-2018 or 2018-2019 school year if the school received an overall rating of "meets standards" or "exceeds standards" for the 2017-2018 or 2018-2019 school year pursuant to division (I) of section 3314.017 of the Revised Code. However, no school permanently closed under this section prior to the 2019-2020 school year shall be eligible to reopen based on the calculated or recalculated ratings under division (I) of section 3314.017 of the Revised Code.

**Sec. 3314.353.** Each year, the department of education and workforce shall publish separate lists of the following:

(A) Community schools that have become subject to permanent closure under section 3314.35 or 3314.351 of the Revised Code;

(B) Community schools that are at risk of becoming subject to permanent closure under section 3314.35 or 3314.351 of the Revised Code if their academic performance, as prescribed in those sections, does not improve on the next state report cards issued under section 3302.03 or 3314.017 of the Revised Code.

On and after the effective date of this amendment, the department of education and workforce shall not adopt any rules, enforce any procedures or policies, or otherwise restrict the establishment or sponsorship of a new start-up community school based upon whether the school's proposed location is in a challenged school district.
Sec. 3314.354. Not later than the thirty-first day of July of each year, the department of education and workforce shall submit preliminary data on community schools at risk of becoming subject to permanent closure under section 3314.35 or 3314.351 of the Revised Code.

Sec. 3314.36. (A) Section 3314.35 of the Revised Code does not apply to any community school in which a majority of the students are enrolled in a dropout prevention and recovery program that is operated by the school and that has been granted a waiver by the former department of education prior to July 1, 2014. Until June 30, 2014, the department shall grant a waiver to a dropout prevention and recovery program, within sixty days after the program applies for the waiver, if the program meets all of the following conditions:

(1) The program serves only students not younger than sixteen years of age and not older than twenty-one years of age.

(2) The program enrolls students who, at the time of their initial enrollment, either, or both, are at least one grade level behind their cohort age groups or experience crises that significantly interfere with their academic progress such that they are prevented from continuing their traditional programs.

(3) The program requires students to attain at least the applicable score designated for each of the assessments prescribed under division (B)(1) of section 3301.0710 of the Revised Code or, to the extent prescribed by rule of the state board of education under division (D)(5) of section 3301.0712 of the Revised Code, division (B)(2) of that section.

(4) The program develops an individual career plan for the student that specifies the student's matriculating to a two-year
degree program, acquiring a business and industry credential, or entering an apprenticeship.

(5) The program provides counseling and support for the student related to the plan developed under division (A)(4) of this section during the remainder of the student's high school experience.

(6) Prior to receiving the waiver, the program has submitted to the department an instructional plan that demonstrates how the academic content standards adopted by the state board of education under section 3301.079 of the Revised Code will be taught and assessed.

If the department does not act either to grant the waiver or to reject the program application for the waiver within sixty days as required under this section, the waiver shall be considered to be granted.

(B) Notwithstanding division (A) of this section, the department shall not grant a waiver to any community school that did not qualify for a waiver under this section when it initially began operations, unless the state board of education approves the waiver.

(C) Beginning on July 1, 2014, all community schools in which a majority of the students are enrolled in a dropout prevention and recovery program are subject to the provisions of section 3314.351 of the Revised Code, regardless of whether a waiver has been granted under this section prior to July 1, 2014. Thereafter, no waivers shall be granted under this section.

Sec. 3314.38. (A) An individual who is at least twenty-two years of age and who is an eligible individual as defined in
sections 3317.23 of the Revised Code may enroll for up to two
consecutive school years in a dropout prevention and recovery
program operated by a community school that is designed to allow
enrollees to earn a high school diploma. An individual enrolled
under this division may elect to satisfy the requirements to
earn a high school diploma by successfully completing a
competency-based educational program, as defined in section
3317.23 of the Revised Code, that complies with the standards
adopted by the department of education and workforce under
section 3317.231 of the Revised Code. The community school shall
report that individual's enrollment on a full-time equivalency
basis to the department. This report shall be in addition to the
report required under division (B) of section 3314.08 of the
Revised Code. An individual enrolled under this division shall
not be assigned to classes or settings with students who are
younger than eighteen years of age.

(B)(1) For each community school that enrolls individuals
under division (A) of this section, the department annually
shall certify the enrollment and attendance, on a full-time
equivalency basis, of each individual reported by the school
under that division.

(2) For each individual enrolled in a community school
under division (A) of this section, the department annually
shall pay the community school up to $5,000, as determined by
the department based on the extent of the individual's
successful completion of the graduation requirements prescribed
under division (A)(11)(f) of section 3314.03 of the Revised
Code.

(C) A community school that enrolls individuals under
division (A) of this section shall be subject to the program
Sec. 3314.50. No community school shall initiate operation, on or after the effective date of this amendment, unless the governing authority of the school has posted a bond in the amount of fifty thousand dollars with the auditor of state. The bond shall be used, in the event the school closes, to pay the auditor of state any moneys owed or that become owed by the school for the costs of audits conducted by the auditor of state or a public accountant under Chapter 117. of the Revised Code.

The department of education and workforce shall notify the auditor of state of the proposed initiation of operations of any community school and shall provide the auditor of state with the certification of the sponsor of the community school of the compliance by the community school with all legal preconditions to the initiation of its operations, including compliance with this section.

In lieu of the bond, the governing authority of the school, the school's sponsor, or an operator that has a contract with the school may deposit with the auditor of state cash in the amount of fifty thousand dollars as guarantee of payment under the provisions of this section. In lieu of a bond or a cash deposit, the school's sponsor or an operator that has a contract with the school may provide a written guarantee of payment, which shall obligate the school's sponsor or the operator that provides the written guarantee to pay the cost of audits of the school under this section up to the amount of fifty thousand dollars. Any such written guarantee shall be binding upon any successor entity that enters into a contract to
sponsor or to operate the school, and any such entity, as a
condition of its undertaking shall acknowledge and accept such
obligation.

In the event that a sponsor or operator has provided a
written guarantee under this section, and, subsequent to the
provision of the guarantee, the governing authority of the
school posts a bond under this section, or the governing
authority of the school, a sponsor, or an operator provides a
cash deposit of fifty thousand dollars as required, the written
guarantee shall cease to be of further effect.

As soon as it is practicable to do so after the filing of
a bond or the deposit of cash, the auditor of state shall
deliver the bond or cash to the treasurer of state, who shall
hold it in trust for the purposes prescribed in this section.
The treasurer of state shall be responsible for the safekeeping
of all bonds filed or cash deposited under this section. The
auditor of state shall notify the department of education when
the school's governing authority has filed the bond, deposited
the cash guarantee, or submitted a written guarantee of payment.

When the auditor of state conducts an audit of a community
school that has closed and is subject to the requirements of
this section, the auditor of state shall certify the amount of
forfeiture to the treasurer of state, who shall assess the bond
for the costs of the audit or shall pay money from the named
insurer or from the school's cash deposit for the costs of the
audit to reimburse the auditor of state or public accountant for
costs incurred in conducting audits of the school.

To the extent that the amount of the bond or the cash
deposit is not needed to cover audit costs, the bond shall be of
no further effect, and any cash balance shall be refunded by the
treasurer of state to the entity which provided the bond. When
the auditor of state conducts an audit of a community school
that has closed and is subject to the requirements of this
section, and, as to which, a written guarantee has been given
under this section, the entity that provided the guarantee shall
be solely and fully liable for any such audit costs, and shall
promptly pay the costs of the audit up to fifty thousand
dollars.

No community school that is subject to the provisions of
this section shall maintain or continue its operations absent
the ongoing provision of a bond, a cash deposit, or a written
guarantee as required by this section.

Sec. 3314.51. (A) If the auditor of state or a public
accountant, under section 117.41 of the Revised Code, declares a
community school to be unauditable, the auditor of state shall
provide written notification of that declaration to the school,
the school's sponsor, and the department of education and
workforce. The auditor of state also shall post the notification
on the auditor of state's web site.

(B) If the community school's current fiscal officer held
that position during the period for which the school is
unauditable, upon receipt of the notification under division (A)
of this section, the governing authority of the school shall
suspend the fiscal officer until the auditor of state or a
public accountant has completed an audit of the school, except
that if the school has an operator and the operator employs the
fiscal officer, the operator shall suspend the fiscal officer
for that period. Suspension of the fiscal officer may be with or
without pay, as determined by the entity imposing the suspension
based on the circumstances that prompted the auditor of state's
declaration. The entity imposing the suspension shall appoint a person to assume the duties of the fiscal officer during the period of the suspension. If the appointee is not licensed as a treasurer under section 3301.074 of the Revised Code, the appointee shall be approved by the superintendent of public instruction, director of education and workforce before assuming the duties of the fiscal officer. The state board of education may take action under section 3319.31 of the Revised Code to suspend, revoke, or limit the license of a fiscal officer who has been suspended under this division.

(C) Notwithstanding any provision to the contrary in this chapter or in any other provision of law, the sponsor of the community school shall not enter into contracts with any additional community schools under section 3314.03 of the Revised Code between ninety days after the date of the declaration under division (A) of this section and the date the auditor of state or a public accountant has completed a financial audit of the school.

(D) Not later than forty-five days after receiving the notification under division (A) of this section, the sponsor of the community school shall provide a written response to the auditor of state. The sponsor shall provide a copy of the response to the community school. The response shall include the following:

(1) An overview of the process the sponsor will use to review and understand the circumstances that led to the community school becoming unauditable;

(2) A plan for providing the auditor of state with the documentation necessary to complete an audit of the community school and for ensuring that all financial documents are
available in the future;

(3) The actions the sponsor will take to ensure that the plan described in division (D)(2) of this section is implemented.

(E) If the community school fails to make reasonable efforts and continuing progress to bring its accounts, records, files, or reports into an auditable condition within ninety days after being declared unauditable, the auditor of state, in addition to requesting legal action under sections 117.41 and 117.42 of the Revised Code, shall notify the school's sponsor and the department of the school's failure. If the auditor of state or a public accountant subsequently is able to complete a financial audit of the school, the auditor of state shall notify the school's sponsor and the department that the audit has been completed.

(F) Notwithstanding any provision to the contrary in this chapter or in any other provision of law, upon notification by the auditor of state under division (E) of this section that the community school has failed to make reasonable efforts and continuing progress to bring its accounts, records, files, or reports into an auditable condition, the department shall immediately cease all payments to the school under this chapter and any other provision of law. Upon subsequent notification from the auditor of state under that division that the auditor of state or a public accountant was able to complete a financial audit of the community school, the department shall release all funds withheld from the school under this section.

Sec. 3315.18. (A) The board of education of each city, exempted village, local, and joint vocational school district shall establish a capital and maintenance fund. Each board
annually shall deposit into that fund an amount derived from revenues received by the district that would otherwise have been deposited in the general fund that is equal to three per cent of the statewide average base cost per pupil for the preceding fiscal year, as defined in section 3317.02 of the Revised Code, or another percentage if established by the auditor of state under division (B) of this section, multiplied by the district's student population for the preceding fiscal year, except that money received from a permanent improvement levy authorized by section 5705.21 of the Revised Code may replace general revenue moneys in meeting the requirements of this section. Money in the fund shall be used solely for acquisition, replacement, enhancement, maintenance, or repair of permanent improvements, as that term is defined in section 5705.01 of the Revised Code. Any money in the fund that is not used in any fiscal year shall carry forward to the next fiscal year.

(B) The state superintendent of public instruction director of education and workforce and the auditor of state jointly shall adopt rules in accordance with Chapter 119. of the Revised Code defining what constitutes expenditures permitted by division (A) of this section. The auditor of state may designate a percentage, other than three per cent, of the statewide average base cost per pupil multiplied by the district's student population that must be deposited into the fund.

(C) Within its capital and maintenance fund, a school district board of education may establish a separate account solely for the purpose of depositing funds transferred from the district's reserve balance account established under former division (H) of section 5705.29 of the Revised Code. After April 10, 2001, a board may deposit all or part of the funds formerly included in such reserve balance account in the separate account.
established under this section. Funds deposited in this separate account and interest on such funds shall be utilized solely for the purpose of providing the district's portion of the basic project costs of any project undertaken in accordance with Chapter 3318. of the Revised Code.

(D)(1) Notwithstanding division (A) of this section, in any year a district is in fiscal emergency status as declared pursuant to section 3316.03 of the Revised Code, the district may deposit an amount less than required by division (A) of this section, or make no deposit, into the district capital and maintenance fund for that year.

(2) Notwithstanding division (A) of this section, in any fiscal year that a school district is either in fiscal watch status, as declared pursuant to section 3316.03 of the Revised Code, or in fiscal caution status, as declared pursuant to section 3316.031 of the Revised Code, the district may apply to the superintendent of public instruction director of education and workforce for a waiver from the requirements of division (A) of this section, under which the district may be permitted to deposit an amount less than required by that division or permitted to make no deposit into the district capital and maintenance fund for that year. The superintendent director may grant a waiver under division (D)(2) of this section if the district demonstrates to the satisfaction of the superintendent director that compliance with division (A) of this section that year will create an undue financial hardship on the district.

(3) Notwithstanding division (A) of this section, not more often than one fiscal year in every three consecutive fiscal years, any school district that does not satisfy the conditions for the exemption described in division (D)(1) of this section
or the conditions to apply for the waiver described in division (D)(2) of this section may apply to the superintendent of public instruction for a waiver from the requirements of division (A) of this section, under which the district may be permitted to deposit an amount less than required by that division or permitted to make no deposit into the district capital and maintenance fund for that year. The superintendent director may grant a waiver under division (D)(3) of this section if the district demonstrates to the satisfaction of the superintendent director that compliance with division (A) of this section that year will necessitate the reduction or elimination of a program currently offered by the district that is critical to the academic success of students of the district and that no reasonable alternatives exist for spending reductions in other areas of operation within the district that negate the necessity of the reduction or elimination of that program.

(E) Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the requirements of this section prevail over any conflicting provisions of agreements between employee organizations and public employers entered into after November 21, 1997.

(F) As used in this section, "student population" means the average, daily, full-time equivalent number of students in kindergarten through twelfth grade receiving any educational services from the school district during the first full school week in October, excluding students enrolled in adult education classes, but including all of the following:

(1) Adjacent or other district students enrolled in the district under an open enrollment policy pursuant to section
3313.98 of the Revised Code;

(2) Students receiving services in the district pursuant to a compact, cooperative education agreement, or a contract, but who are entitled to attend school in another district pursuant to section 3313.64 or 3313.65 of the Revised Code;

(3) Students for whom tuition is payable pursuant to sections 3317.081 and 3323.141 of the Revised Code.

The department of education and workforce shall determine a district's student population using data reported to it under section 3317.03 of the Revised Code for the applicable fiscal year.

Sec. 3315.181. As used in this section, "securities" has the same meaning as in section 133.01 of the Revised Code.

Notwithstanding division (A) of section 3315.18 of the Revised Code, the board of education of a city, exempted village, local, or joint vocational school district, in meeting the amount required by that division to be deposited in the district's capital and maintenance fund, may replace general fund revenues with proceeds received from a permanent improvement levy authorized by section 5705.21 of the Revised Code only to the extent the proceeds are available to be used for the acquisition, replacement, enhancement, maintenance, or repair of permanent improvements as defined in section 5705.01 of the Revised Code. In addition, the board may replace general fund revenues with proceeds received from any of the following sources in meeting the amount required by that division to be deposited in the fund:

(A) Proceeds received from any securities whose use is limited to the acquisition, replacement, enhancement,
maintenance, or repair of permanent improvements;

    (B) Insurance proceeds received as a result of the damage
to or theft or destruction of a permanent improvement to the
extent a board of education places the proceeds in a separate
fund for the acquisition, replacement, enhancement, maintenance,
or repair of permanent improvements;

    (C) Proceeds received from the sale of a permanent
improvement to the extent the proceeds are paid into a separate
fund for the construction or acquisition of permanent
improvements;

    (D) Proceeds received from a tax levy authorized by
section 3318.06 of the Revised Code to the extent the proceeds
are available to be used for the maintenance of capital
facilities;

    (E) Proceeds of certificates of participation issued as
part of a lease-purchase agreement entered into under section
3313.375 of the Revised Code;

    (F) Proceeds of any school district income tax levied
under Chapter 5748. of the Revised Code for permanent
improvements, to the extent the proceeds are available for the
acquisition, replacement, enhancement, maintenance, or repair of
permanent improvements;

    (G) Any other revenue source identified by the auditor of
state, in consultation with the department of education and
workforce, in rules adopted by the auditor of state.

Sec. 3315.33. There is hereby established a fund to be
known as the Ohio scholarship fund for teacher trainees for the
public purpose of relieving the existing teacher shortage in
public schools, to be administered and expended as prescribed in
sections 3315.33 to 3315.35 of the Revised Code. Appropriations
by the general assembly for the purpose of scholarships for
teacher trainees shall be paid into this fund.

Each scholarship for a teacher trainee shall have a
maximum value of five hundred dollars annually and shall be
awarded as follows:

(A) The state board department of education and workforce
shall prescribe standards and requirements which shall be met by
persons who are eligible for such scholarships. Scholarships
shall be allocated among the counties of the state on an
equitable basis by the state board of education department,
provided that not less than three such scholarships shall be
available annually to residents of each county of the state. If,
on the first day of September in each year, the state board of
education department finds that the number of eligible persons
recommended from any county is less than the number of
scholarships allocated to that county, it may reallocate the
remaining scholarships among the counties in which the number of
eligible persons exceeds the number of scholarships allocated.
Such reallocation as may affect a county in one year shall not
prejudice in any way the allocation to it in succeeding years.

(B) In accordance with the requirements of sections
3315.33, 3315.34, and 3315.35 of the Revised Code, the
educational service center superintendent in each educational
service center as committee chairperson shall appoint a
committee consisting of one high school principal, one
elementary school principal, and one classroom teacher. This
committee shall select and recommend, on the basis of merit, a
number of high school graduates, not to exceed the number
allocated to each county by the state board of education.
department, who are interested in teaching and whose work and qualifications are such as to indicate that they possess the qualities which should be possessed by a successful teacher. Such persons shall not have previously been enrolled in any college of education or have majored in education in any college or university. Such other college training shall be considered in determining such person's qualifications to become a successful teacher.

(C) The scholarship fund for teacher trainees shall be disbursed to scholarship holders upon their application as approved by the state board of education upon vouchers for that purpose. Such scholarships shall be paid in equal installments at the beginning of each quarter or semester while college is in session to each person who has been awarded such a scholarship when the following requirements are met:

(1) Such person shall be a bona fide student in the college of education or department of teacher training in an Ohio institution of higher learning.

(2) Such person shall pursue a course of study in elementary education in said college of education or department of teacher training approved by the state board of education and workforce.

Sec. 3315.34. Each person who receives a scholarship shall execute a promissory note which shall be endorsed by some responsible citizen, and shall deliver said note to the state board of education and workforce or to its representative. Each such note shall be made payable to the treasurer of state for the amount of the quarterly or semi-annual payment, and shall bear interest at the rate of five percent per annum from the date of the note. The state board of...
education department shall hold said note until it has been paid or cancelled as prescribed in section 3315.35 of the Revised Code.

Each person awarded a scholarship under the terms of sections 3315.33 to 3315.35 of the Revised Code shall be eligible upon the completion of satisfactory work during the first year, under rules and regulations promulgated by the state board of education department, to have the scholarship renewed for a period not to exceed one additional year.

Sec. 3315.35. At the expiration of each school year of service as a teacher in the public schools of Ohio by a person who has benefited from a scholarship granted under sections 3315.33 to 3315.35 of the Revised Code, such person shall submit to the state board department of education and workforce a statement of service on a form provided for that purpose and certified by the superintendent of the school district in which the person has taught. Upon receipt of such statement in proper form, the board shall cancel the oldest notes given by such person covering the scholarship for one year and the interest accrued thereon. If for any reason a recipient of a scholarship ceases or, after licensure, fails to teach in the public schools of Ohio, except for death or total disability, or fails to file with the board by July first of each year a statement concerning the recipient's previous year's employment and address for the ensuing year, any and all unpaid or uncancelled notes and interest thereon shall become due and payable and the board shall transmit all such notes promptly to the treasurer of state and the treasurer of state shall enforce collection of the principal amount of any uncancelled or unpaid notes held by the treasurer of state and the interest thereon and shall deposit said sums so collected in the general revenue fund.
Sec. 3316.03. (A) The existence of a fiscal watch shall be declared by the auditor of state. The auditor of state may make a determination on the auditor of state's initiative, or upon receipt of a written request for such a determination, which may be filed by the governor, the superintendent of public instruction, director of education and workforce, or a majority of the members of the board of education of the school district.

(1) The auditor of state shall declare a school district to be in a state of fiscal watch if the auditor of state determines that both of the following conditions are satisfied with respect to the school district:

(a) An operating deficit has been certified for the current fiscal year by the auditor of state, and the certified operating deficit exceeds eight per cent of the school district's general fund revenue for the preceding fiscal year;

(b) A majority of the voting electors have not voted in favor of levying a tax under section 5705.194, 5705.199, or 5705.21 or Chapter 5748. of the Revised Code that the auditor of state expects will raise enough additional revenue in the next succeeding fiscal year that division (A)(1)(a) of this section will not apply to the district in such next succeeding fiscal year.

(2) The auditor of state shall declare a school district to be in a state of fiscal watch if the auditor of state determines that the school district has outstanding securities issued under division (A)(4) of section 3316.06 of the Revised Code, and its financial planning and supervision commission has been terminated under section 3316.16 of the Revised Code.

(3) The auditor of state shall declare a school district
to be in a state of fiscal watch if both of the following conditions are satisfied:

(a) The superintendent of public instruction director has reported to the auditor of state that the superintendent director has declared the district under section 3316.031 of the Revised Code to be under a fiscal caution, has found that the district has not acted reasonably to eliminate or correct practices or conditions that prompted the declaration, and has determined the declaration of a state of fiscal watch necessary to prevent further fiscal decline;

(b) The auditor of state determines that the decision of the superintendent director is reasonable.

If the auditor of state determines that the decision of the superintendent director is not reasonable, the auditor of state shall provide the superintendent director with a written explanation of that determination.

(4) The auditor of state may declare a school district to be in a state of fiscal watch if all of the following conditions are satisfied:

(a) An operating deficit has been certified for the current fiscal year by the auditor of state, and the certified operating deficit exceeds two per cent, but does not exceed eight per cent, of the school district's general fund revenue for the preceding fiscal year;

(b) A majority of the voting electors have not voted in favor of levying a tax under section 5705.194, 5705.199, or 5705.21 or Chapter 5748. of the Revised Code that the auditor of state expects will raise enough additional revenue in the next succeeding fiscal year that division (A)(4)(a) of this section
will not apply to the district in the next succeeding fiscal year;

(c) The auditor of state determines that there is no reasonable cause for the deficit or that the declaration of fiscal watch is necessary to prevent further fiscal decline in the district.

(B)(1) The auditor of state shall issue an order declaring a school district to be in a state of fiscal emergency if the auditor of state determines that both of the following conditions are satisfied with respect to the school district:

(a) An operating deficit has been certified for the current fiscal year by the auditor of state, and the certified operating deficit exceeds fifteen per cent of the school district's general fund revenue for the preceding fiscal year.

(b) A majority of the voting electors have not voted in favor of levying a tax under section 5705.194, 5705.199, or 5705.21 or Chapter 5748. of the Revised Code that the auditor of state expects will raise enough additional revenue in the next succeeding fiscal year that division (B)(1)(a) of this section will not apply to the district in such next succeeding fiscal year.

(2) The auditor of state shall issue an order declaring a school district to be in a state of fiscal emergency if the school district board fails, pursuant to section 3316.04 of the Revised Code, to submit a plan acceptable to the state superintendent of public instruction—director of education and workforce within one hundred twenty days of the auditor of state's declaration under division (A) of this section or an updated plan when one is required by division (C) of section
3316.04 of the Revised Code;

(3) The auditor of state shall issue an order declaring a school district to be in a state of fiscal emergency if both of the following conditions are satisfied:

(a) The superintendent of public instruction has reported to the auditor of state that the district is not materially complying with the provisions of an original or updated plan as approved by the state superintendent under section 3316.04 of the Revised Code, and that the state superintendent has determined the declaration of a state of fiscal emergency necessary to prevent further fiscal decline;

(b) The auditor of state finds that the determination of the superintendent is reasonable.

If the auditor of state determines that the decision of the superintendent is not reasonable, the auditor of state shall provide the superintendent a written explanation of that determination.

(4) The auditor of state shall issue an order declaring a school district to be in a state of fiscal emergency if a declaration of fiscal emergency is required by division (D) of section 3316.04 of the Revised Code.

(5) The auditor of state may issue an order declaring a school district to be in a state of fiscal emergency if all of the following conditions are satisfied:

(a) An operating deficit has been certified for the current fiscal year by the auditor of state, and the certified operating deficit exceeds ten per cent, but does not exceed fifteen per cent, of the school district's general fund revenue.
for the preceding fiscal year;

(b) A majority of the voting electors have not voted in favor of levying a tax under section 5705.194, 5705.199, or 5705.21 or Chapter 5748. of the Revised Code that the auditor of state expects will raise enough additional revenue in the next succeeding fiscal year that division (B)(5)(a) of this section will not apply to the district in the next succeeding fiscal year;

(c) The auditor of state determines that a declaration of fiscal emergency is necessary to correct the district's fiscal problems and to prevent further fiscal decline.

(C) In making the determinations under this section, the auditor of state may use financial reports required under section 117.43 of the Revised Code; tax budgets, certificates of estimated resources and amendments thereof, annual appropriating measures and spending plans, and any other documents or information prepared pursuant to Chapter 5705. of the Revised Code; and any other documents, records, or information available to the auditor of state that indicate the conditions described in divisions (A) and (B) of this section.

(D) The auditor of state shall certify the action taken under division (A) or (B) of this section to the board of education of the school district, the director of budget and management, the mayor or county auditor who could be required to act pursuant to division (B)(1) of section 3316.05 of the Revised Code, and to the superintendent of public instruction/director of education and workforce.

(E) A determination by the auditor of state under this section that a fiscal emergency condition does not exist is
final and conclusive and not appealable. A determination by the auditor of state under this section that a fiscal emergency exists is final, except that the board of education of the school district affected by such a determination may appeal the determination of the existence of a fiscal emergency condition to the court of appeals having territorial jurisdiction over the school district. The appeal shall be heard expeditiously by the court of appeals and for good cause shown shall take precedence over all other civil matters except earlier matters of the same character. Notice of such appeal must be filed with the auditor of state and such court within thirty days after certification by the auditor of state to the board of education of the school district provided for in division (D) of this section. In such appeal, determinations of the auditor of state shall be presumed to be valid and the board of education shall have the burden of proving, by clear and convincing evidence, that each of the determinations made by the auditor of state as to the existence of a fiscal emergency condition under this section was in error. If the board of education fails, upon presentation of its case, to prove by clear and convincing evidence that each such determination by the auditor of state was in error, the court shall dismiss the appeal. The board of education and the auditor of state may introduce any evidence relevant to the existence or nonexistence of such fiscal emergency conditions. The pendency of any such appeal shall not affect or impede the operations of this chapter; no restraining order, temporary injunction, or other similar restraint upon actions consistent with this chapter shall be imposed by the court or any court pending determination of such appeal; and all things may be done under this chapter that may be done regardless of the pendency of any such appeal. Any action taken or contract executed pursuant to this chapter during the pendency of such appeal is valid and
enforceable among all parties, notwithstanding the decision in such appeal. If the court of appeals reverses the determination of the existence of a fiscal emergency condition by the auditor of state, the determination no longer has any effect, and any procedures undertaken as a result of the determination shall be terminated.

Sec. 3316.031. (A) The state superintendent of public instruction, in consultation with the auditor of state, shall develop guidelines for identifying fiscal practices and budgetary conditions that, if uncorrected, could result in a future declaration of a fiscal watch or fiscal emergency within a school district.

The guidelines shall not include a requirement that a school district submit financial statements according to generally accepted accounting principles.

(B)(1) If the state superintendent of public instruction determines from a school district's five-year forecast submitted under section 5705.391 of the Revised Code that a district is engaging in any of those practices or that any of those conditions exist within the district, after consulting with the district board of education concerning the practices or conditions, the state superintendent may declare the district to be under a fiscal caution.

(2) If the auditor of state finds that a district is engaging in any of those practices or that any of those conditions exist within the district, the auditor of state shall report that finding to the state superintendent and, after consulting with the district board of education concerning the practices or conditions, the state superintendent may declare the district to be under a fiscal caution.
(3) Unless the auditor of state has elected to declare a state of fiscal watch under division (A)(4) of section 3316.03 of the Revised Code, the state superintendent—director shall declare a school district to be under a fiscal caution if the conditions described in divisions (A)(4)(a) and (b) of that section are both satisfied with respect to the school district.

(C) When the state superintendent—director declares a district to be under fiscal caution, the state superintendent—director shall promptly notify the district board of education of that declaration and shall request the board to provide written proposals for discontinuing or correcting the fiscal practices or budgetary conditions that prompted the declaration and for preventing the district from experiencing further fiscal difficulties that could result in the district being declared to be in a state of fiscal watch or fiscal emergency.

(D) The state superintendent—director, or a designee, may visit and inspect any district that is declared to be under a fiscal caution. The department of education and workforce shall provide technical assistance to the district board in implementing proposals to eliminate the practices or budgetary conditions that prompted the declaration of fiscal caution and may make recommendations concerning the board’s proposals.

(E) If the state superintendent—director finds that a school district declared to be under a fiscal caution has not made reasonable proposals or otherwise taken action to discontinue or correct the fiscal practices or budgetary conditions that prompted the declaration of fiscal caution, and if the state superintendent—director considers it necessary to prevent further fiscal decline, the state superintendent—director may determine that the district should be in a state of fiscal watch or fiscal emergency.
fiscal watch. As provided in division (A)(3) of section 3316.03 of the Revised Code, the auditor of state shall declare the district to be in a state of fiscal watch if the auditor of state finds the superintendent's determination to be reasonable.

Sec. 3316.04. (A) Within sixty days of the auditor's declaration under division (A) of section 3316.03 of the Revised Code, the board of education of the school district shall prepare and submit to the superintendent of public instruction, director of education and workforce a financial plan delineating the steps the board will take to eliminate the district's current operating deficit and avoid incurring operating deficits in ensuing years, including the implementation of spending reductions. The financial plan also shall evaluate the feasibility of entering into shared services agreements with other political subdivisions for the joint exercise of any power, performance of any function, or rendering of any service, if so authorized by statute. The superintendent of public instruction shall evaluate the initial financial plan, and either approve or disapprove it within thirty calendar days from the date of its submission. If the initial financial plan is disapproved, the state superintendent shall recommend modifications that will render the financial plan acceptable. No school district board shall implement a financial plan submitted to the superintendent under this section unless the superintendent has approved the plan.

(B) Upon request of the board of education of a school district declared to be in a state of fiscal watch, the auditor of state and superintendent of public instruction shall provide technical assistance to the board in resolving the
fiscal problems that gave rise to the declaration, including assistance in drafting the board's financial plan.

(C) A financial plan adopted under this section may be amended at any time with the approval of the superintendent. The board of education of the school district shall submit an updated financial plan to the superintendent, for the superintendent's approval, every year that the district is in a state of fiscal watch. The updated plan shall be submitted in a form acceptable to the superintendent. The superintendent shall approve or disapprove each updated plan no later than the anniversary of the date on which the first such plan was approved.

(D) A school district that has restructured or refinanced a loan under section 3316.041 of the Revised Code shall be declared to be in a state of fiscal emergency if any of the following occurs:

(1) An operating deficit is certified for the district under section 3313.483 of the Revised Code for any year prior to the repayment of the restructured or refinanced loan;

(2) The superintendent determines, in consultation with the auditor of state, that the school district is not satisfactorily complying with the terms of the financial plan required by this section;

(3) The board of education of the school district fails to submit an updated plan that is acceptable to the superintendent under division (C) of this section.

Sec. 3316.041. (A) Notwithstanding any provision of Chapter 133. or sections 3313.483 to 3313.4810 of the Revised
Code, and subject to the approval of the superintendent of public instruction, a school district that is in a state of fiscal watch declared under section 3316.03 of the Revised Code may restructure or refinance loans obtained or in the process of being obtained under section 3313.483 of the Revised Code if all of the following requirements are met:

(1) The operating deficit certified for the school district for the current or preceding fiscal year under section 3313.483 of the Revised Code exceeds fifteen per cent of the district's general revenue fund for the fiscal year preceding the year for which the certification of the operating deficit is made.

(2) The school district voters have, during the period of the fiscal watch, approved the levy of a tax under section 718.09, 718.10, 5705.194, 5705.21, 5748.02, or 5748.09 of the Revised Code that is not a renewal or replacement levy, or a levy under section 5705.199 of the Revised Code, and that will provide new operating revenue.

(3) The board of education of the school district has adopted or amended the financial plan required by section 3316.04 of the Revised Code to reflect the restructured or refinanced loans, and sets forth the means by which the district will bring projected operating revenues and expenditures, and projected debt service obligations, into balance for the life of any such loan.

(B) Subject to the approval of the superintendent of public instruction, the school district may issue securities to evidence the restructuring or refinancing authorized by this section. Such securities may extend the
original period for repayment not to exceed ten years, and may alter the frequency and amount of repayments, interest or other financing charges, and other terms or agreements under which the loans were originally contracted, provided the loans received under sections 3313.483 of the Revised Code are repaid from funds the district would otherwise receive under Chapter 3317 of the Revised Code, as required under division (E)(3) of section 3313.483 of the Revised Code. Securities issued for the purpose of restructuring or refinancing under this section shall be repaid in equal payments and at equal intervals over the term of the debt and are not eligible to be included in any subsequent proposal to restructure or refinance.

(C) Unless the district is declared to be in a state of fiscal emergency under division (D) of section 3316.04 of the Revised Code, a school district shall remain in a state of fiscal watch for the duration of the repayment period of any loan restructured or refinanced under this section.

Sec. 3316.042. The auditor of state, on the auditor of state's initiative, may conduct a performance audit of a school district that is under a fiscal caution under section 3316.031 of the Revised Code, in a state of fiscal watch, or in a state of fiscal emergency, in which the auditor of state reviews any programs or areas of operation in which the auditor of state believes that greater operational efficiencies or enhanced program results can be achieved.

The auditor of state, in consultation with the department of education and the office of budget and management, shall determine for which school districts to conduct performance audits under this section. Priority shall be given to districts in fiscal distress, including districts
employing fiscal practices or experiencing budgetary conditions that could produce a state of fiscal watch or fiscal emergency, as determined by the auditor of state, in consultation with the department and the office of budget and management.

The cost of a performance audit conducted under this section shall be paid by the auditor of state.

A performance audit under this section shall not include review or evaluation of school district academic performance.

Sec. 3316.05. (A) Pursuant to the powers of the general assembly and for the purposes of this chapter, upon the declaration of a fiscal emergency in any school district pursuant to division (B) of section 3316.03 of the Revised Code, there is established, with respect to that school district, a body both corporate and politic constituting an agency and instrumentality of the state and performing essential governmental functions of the state to be known as the "financial planning and supervision commission for ________ (name of school district)," which, in that name, may exercise all authority vested in such a commission by this chapter. A separate commission is established with respect to each school district as to which there is a fiscal emergency as determined under this chapter.

(B) A commission appointed after July 1, 1999, shall consist of five voting members, including women and at least one Hispanic or African American if Hispanic and African Americans together constitute at least twenty per cent of the student population of the district, as follows:

(1) Two ex officio members: the director of budget and management, or a designee of the director, and the
superintendent of public instruction, director of education and workforce, or a designee of the superintendent, the director. A designee, when present, shall be counted in determining whether a quorum is present at any meeting of the commission and may vote and participate in all proceedings and actions of the commission. The designations shall be in writing, executed by the member making the designation, and filed with the secretary of the commission. The designations may be changed from time to time in like manner, but due regard shall be given to the need for continuity.

(2) Three appointed members, who shall be appointed within fifteen days after the declaration of the fiscal emergency, one by the governor, one by the superintendent of public instruction, director of education and workforce, and one by the mayor of the municipal corporation with the largest number of residents living within the school district, except that if more than fifty per cent of the residents of the district reside outside the municipal corporation containing the greatest number of district residents or if there is no municipal corporation located in the school district, the county auditor of the county with the largest number of residents living within the school district shall make the appointment in lieu of a mayor. All of the appointed members shall serve at the pleasure of the appointing authority during the life of the commission. In the event of the death, resignation, incapacity, removal, or ineligibility to serve of an appointed member, the appointing authority shall appoint a successor within fifteen days after the vacancy occurs.

(a) The member appointed by the governor and the member appointed by the mayor or county auditor shall be an individual:

functions shall be exercised and embodied.

(F) Three members of the commission constitute a quorum of the commission. The affirmative vote of three members of the commission is necessary for any action taken by vote of the commission. No vacancy in the membership of the commission shall impair the rights of a quorum by such vote to exercise all the rights and perform all the duties of the commission. Members of the commission, and their designees, are not disqualified from voting by reason of the functions of the other office they hold and are not disqualified from exercising the functions of the other office with respect to the school district, its officers, or the commission.

(G) The auditor of state shall act as the financial supervisor for the school district under contract with the commission unless the auditor of state elects to contract for that service. At the request of the commission the auditor of state shall designate employees of the auditor of state's office to assist the commission and to coordinate the work of the auditor of state's office. Upon the declaration of a fiscal emergency in any school district, the school district shall provide the commission with such reasonable office space in the principal building housing the administrative offices of the school district, where feasible, as the commission determines is necessary to carry out its duties under this chapter.

The attorney general shall serve as the legal counsel for the commission.

(H) The members of the commission, the superintendent of public instruction, director of education and workforce, the auditor of state, and any person authorized to act on behalf of or assist them shall not be personally liable or subject to any

(I) At the request of the commission the administrative head of any state agency shall temporarily assign personnel skilled in accounting and budgeting procedures to assist the commission in its duties.

(J) The appointed members of the commission are not subject to section 102.02 of the Revised Code, each appointed member of the commission shall file with the commission a signed written statement setting forth the general nature of sales of goods, property, or services or of loans to the school district with respect to which that commission is established, in which the appointed member has a pecuniary interest or in which any member of the appointed member's immediate family, as defined in section 102.01 of the Revised Code, or any corporation, partnership, or enterprise of which the appointed member is an officer, director, or partner, or of which the appointed member or a member of the appointed member's immediate family, as so defined, owns more than a five per cent interest, has a pecuniary interest, and of which sale, loan, or interest such member has knowledge. The statement shall be supplemented from time to time to reflect changes in the general nature of any such sales or loans.

(K) Meetings of the commission shall be subject to section 121.22 of the Revised Code except that division (C) of such
section requiring members to be physically present to be part of
a quorum or vote does not apply if the commission holds a
meeting by teleconference and if provisions are made for public
attendance at any location involved in such teleconference.

Sec. 3316.06. (A) Within one hundred twenty days after the
first meeting of a school district financial planning and
supervision commission, the commission shall adopt a financial
recovery plan regarding the school district for which the
commission was created. During the formulation of the plan, the
commission shall seek appropriate input from the school district
board and from the community. This plan shall contain the

that were used for purposes not within the purposes of such
funds, or borrowed from such funds by the purchase of debt
obligations of the school district with the moneys of such
funds, or missing from the special funds and not accounted for,
if any;

The plan shall specify the level of fiscal and management control that the commission will exercise within the school district during the period of fiscal emergency, and shall enumerate respectively, the powers and duties of the commission and the powers and duties of the school board during that period. The commission may elect to assume any of the powers and duties of the school board it considers necessary, including all powers related to personnel, curriculum, and legal issues in order to successfully implement the actions described in division (A)(1) of this section.

(3) The target dates for the commencement, progress upon, and completion of the actions enumerated in division (A)(1) of this section and a reasonable period of time expected to be required to implement the plan. The commission shall prepare a reasonable time schedule for progress toward and achievement of the requirements for the plan, and the plan shall be consistent with that time schedule.

(4) The amount and purpose of any issue of debt obligations that will be issued, together with assurances that any such debt obligations that will be issued will not exceed debt limits supported by appropriate certifications by the
fiscal officer of the school district and the county auditor. If the commission considers it necessary in order to maintain or improve educational opportunities of pupils in the school district, the plan may include a proposal to restructure or refinance outstanding debt obligations incurred by the board under section 3313.483 of the Revised Code contingent upon the approval, during the period of the fiscal emergency, by district voters of a tax levied under section 718.09, 718.10, 5705.194, 5705.21, 5748.02, 5748.08, or 5748.09 of the Revised Code that is not a renewal or replacement levy, or a levy under section 5705.199 of the Revised Code, and that will provide new operating revenue. Notwithstanding any provision of Chapter 133. or sections 3313.483 to 3313.4810 of the Revised Code, following the required approval of the district voters and with the approval of the commission, the school district may issue securities to evidence the restructuring or refinancing. Those securities may extend the original period for repayment, not to exceed ten years, and may alter the frequency and amount of repayments, interest or other financing charges, and other terms of agreements under which the debt originally was contracted, at the discretion of the commission, provided that any loans received pursuant to section 3313.483 of the Revised Code shall be paid from funds the district would otherwise receive under Chapter 3317. of the Revised Code, as required under division (E)(3) of section 3313.483 of the Revised Code. The securities issued for the purpose of restructuring or refinancing the debt shall be repaid in equal payments and at equal intervals over the term of the debt and are not eligible to be included in any subsequent proposal for the purpose of restructuring or refinancing debt under this section.

annually.

(C) Each school district financial planning and
supervision commission shall submit the financial recovery plan
it adopts or updates under this section to the state
superintendent of public instruction director of education and
workforce for approval immediately following its adoption or
updating. The state superintendent director shall evaluate the
plan and either approve or disapprove it within thirty calendar
days from the date of its submission. If the plan is
disapproved, the state superintendent director shall recommend
modifications that will render it acceptable. No financial
planning and supervision commission shall implement a financial
recovery plan that is adopted or updated on or after April 10,
2001, unless the state superintendent director has approved it.

Sec. 3316.08. During a school district's fiscal emergency
period, the auditor of state shall determine annually, or at any
other time upon request of the financial planning and
supervision commission, whether the school district will incur
an operating deficit. If the auditor of state determines that a
school district will incur an operating deficit, the auditor of
state shall certify that determination to the superintendent of
public instruction director of education and workforce, the
financial planning and supervision commission, and the board of
education of the school district. Upon receiving the auditor of
state's certification, the commission shall adopt a resolution

The rate of a property tax levied under section 5705.194, 5709.199, 5705.21, or 5748.09 of the Revised Code shall be determined by the county auditor, and the rate of an income tax levied under section 5748.02, 5748.08, or 5748.09 of the Revised Code shall be determined by the tax commissioner, upon the request of the commission. The commission, in consultation with the board of education, shall determine the election at which the question of the tax shall appear on the ballot, and the
commission shall submit a copy of its resolution to the board of elections not later than ninety days prior to the day of that election. The board of elections conducting the election shall certify the results of the election to the board of education and to the financial planning and supervision commission.

Sec. 3316.20. (A)(1) The school district solvency assistance fund is hereby created in the state treasury, to consist of such amounts designated for the purposes of the fund by the general assembly. (2) There is hereby created within the fund an account known as the school district shared resource account, which shall consist of money appropriated to it by the general assembly. The money in the account shall be used solely for solvency assistance to school districts that have been declared under division (B) of section 3316.03 of the Revised Code to be in a state of fiscal emergency.

The superintendent director of education and workforce shall make recommendations for the grants in accordance with rules adopted by the director of budget and management, after consulting with the superintendent director of education and workforce. A school district shall not be required to repay any grant awarded to the district under this division, unless the district receives money from this state or a third party, including an agency of the government of the United States, specifically for the purpose of compensating the district for revenue lost or expenses incurred as a result of the unforeseen catastrophic event. If a school district receives a grant from the catastrophic expenditures account on the basis of the same circumstances for which an adjustment or recomputation is authorized under section 3317.025, 3317.028, 3317.0210, or 3317.0211 of the Revised Code, the department of education and workforce shall reduce the adjustment or recomputation by an amount not to exceed the total amount of the grant, and an amount equal to the reduction shall be transferred, from the funding source from which the adjustment or recomputation would be paid, to the catastrophic expenditures account. Any adjustment or recomputation under such sections that is in excess of the total amount of the grant shall be paid to the school district.

A board of education or governing board of an educational service center which has not conformed with other law and the rules pursuant thereto, shall not participate in the
distribution of funds authorized by this chapter, except for good and sufficient reason established to the satisfaction of the state board of education and the state controlling board.

accordance with division (H) of this section.

(F)(1) In any fiscal year, a school district receiving
funds calculated under division (C) of this section shall spend
those funds only for the purposes that the department designates
as approved for career-technical education expenses. Career-
technical education expenses approved by the department shall
include only expenses connected to the delivery of career-

Sec. 3317.015. (A) In addition to the information certified to the department of education and workforce and the office of budget and management under division (A) of section 3317.021 of the Revised Code, the tax commissioner shall, at the same time, certify the following information to the department
and the office of budget and management for each city, exempted

property, as defined in section 319.301 of the Revised Code, for
the preceding tax year;

(2) The increase in such carryover value, if any, between
the second preceding tax year and the preceding tax year as used
in calculating the percentage reduction under section 319.301 of
the Revised Code.

(B) For each fiscal year the department of education and
workforce shall calculate each school district's recognized
valuation in the following manner:

(1) For a school district located in a county in which a
reappraisal or triennial update occurred in the preceding tax
year, the recognized valuation equals the district's total
taxable value for the preceding tax year minus two-thirds times
the increase in the carryover value from the second preceding
tax year to the preceding tax year.

(2) For a school district located in a county in which a
reappraisal or triennial update occurred in the second preceding
tax year, the recognized valuation equals the district's total
taxable value for the preceding tax year minus one-third times
the increase in the carryover value from the third preceding tax
year to the second preceding tax year.

(3) For a school district located in a county in which a
reappraisal or triennial update occurred in the third preceding
tax year, the recognized valuation equals the district's total
taxable value for the preceding tax year.
Sec. 3317.017. This section shall apply only for fiscal years 2022 and 2023.

(A) The department of education and workforce shall compute a city, local, or exempted village school district's per-pupil local capacity amount for a fiscal year as follows:

(1) Calculate the district's valuation per pupil for that fiscal year as follows:

(a) Determine the minimum of the district's three-year average valuation for the fiscal year for which the calculation is made and the district's taxable value for the most recent tax year for which data is available;

(b) Divide the amount determined under division (A)(1)(a) of this section by the district's base cost enrolled ADM for the fiscal year for which the calculation is made.

(2) Calculate the district's local share federal adjusted gross income per pupil for that fiscal year as follows:

(a) Determine the minimum of the following:

(i) The average of the total federal adjusted gross income of the district's residents for the three most recent tax years for which data is available, as certified under section 3317.021 of the Revised Code;

(ii) The total federal adjusted gross income of the district's residents for the most recent tax year for which data is available, as certified under section 3317.021 of the Revised Code.

(b) Divide the amount determined under division (A)(2)(a) of this section by the district's base cost enrolled ADM for the fiscal year for which the calculation is made.
(3) Calculate the district's adjusted local share federal adjusted gross income per pupil for that fiscal year as follows:

(a) Determine both of the following:

(i) The median federal adjusted gross income of the district's residents for the most recent tax year for which data is available, as certified under section 3317.021 of the Revised Code;

(ii) The number of state tax returns filed by taxpayers residing in the district for the most recent tax year for which data is available, as certified under section 3317.021 of the Revised Code.

(b) Compute the product of divisions (A)(3)(a)(i) and (ii) of this section;

(c) Divide the amount determined under division (A)(3)(b) of this section by the district's base cost enrolled ADM for the fiscal year for which the calculation is made.

(4) Calculate the district's per-pupil local capacity percentage as follows:

(a) Determine the median of the median federal adjusted gross incomes determined for all districts statewide under division (A)(3)(a)(i) of this section for that fiscal year;

(b) Divide the district's median federal adjusted gross income for that fiscal year determined under division (A)(3)(a)(i) of this section by the median federal adjusted gross income for all districts statewide determined under division (A)(4)(a) of this section;

(c) Rank all school districts in order of the ratios calculated under division (A)(4)(b) of this section, from the
district with the highest ratio calculated under division (A)(4)(b) of this section to the district with the lowest ratio calculated under division (A)(4)(b) of this section;

(d) Determine the district's per-pupil local capacity percentage as follows:

(i) If the ratio calculated for the district under division (A)(4)(b) of this section is greater than or equal to the ratio calculated under division (A)(4)(b) of this section for the district with the fortieth highest ratio as determined under division (A)(4)(c) of this section, the district's per-pupil local capacity percentage shall be equal to 0.025.

(ii) If the ratio calculated for the district under division (A)(4)(b) of this section is less than the ratio calculated under division (A)(4)(b) of this section for the district with the fortieth highest ratio as determined under division (A)(4)(c) of this section but greater than 1.0, the district's per-pupil local capacity percentage shall be equal to an amount calculated as follows:

$$\frac{\left(\text{The ratio calculated for the district under division (A)(4)(b) of this section} - 1\right) \times 0.0025}{\text{the ratio calculated under division (A)(4)(b) of this section for the district with the fortieth highest ratio as determined under division (A)(4)(c) of this section} - 1} + 0.0225$$

(iii) If the ratio calculated for the district under division (A)(4)(b) of this section is less than or equal to 1.0, the district's per-pupil local capacity percentage shall be equal to the amount calculated under division (A)(4)(b) of this section times 0.0225.

(5) Calculate the district's per-pupil local capacity
amount for that fiscal year as follows:

(The district's valuation per pupil calculated under division (A)(1) of this section for that fiscal year X the district's per-pupil local capacity percentage calculated under division (A)(4) of this section X 0.60) + (the district's local share adjusted federal gross income per pupil calculated under division (A)(2) of this section for that fiscal year X the district's per-pupil local capacity percentage calculated under division (A)(4) of this section X 0.20) + (the district's adjusted local share federal adjusted gross income per pupil calculated under division (A)(3) of this section for that fiscal year X the district's per-pupil local capacity percentage calculated under division (A)(4) of this section X 0.20)

(B) The department shall compute a city, local, or exempted village school district's state share for a fiscal year as follows:

(1) If the district's per-pupil local capacity amount for that fiscal year divided by the district's base cost per pupil for that fiscal year is greater than 0.95, then the district's state share shall be equal to (the district's base cost per pupil for that fiscal year X 0.05 X the district's enrolled ADM for that fiscal year).

(2) If the district's per-pupil local capacity amount for that fiscal year divided by the district's base cost per pupil for that fiscal year is less than or equal to 0.95, then the district's state share for that fiscal year shall be equal to [(the district's base cost per pupil for that fiscal year - the district's per-pupil local capacity amount for that fiscal year) X the district's enrolled ADM for that fiscal year].
(C) The department shall compute a city, local, or exempted village school district's state share percentage for a fiscal year as follows:

\[
\text{(the district's base cost per pupil amount for that fiscal year - the district's per pupil local capacity amount for that fiscal year)/(the district's base cost per pupil amount for that fiscal year)}.
\]

If the result is less than 0.05, the state share percentage shall be 0.05.

Sec. 3317.019. (A)(1) Subject to division (C) of this section, for fiscal years 2022 and 2023, the department of education and workforce shall pay temporary transitional aid to each city, local, and exempted village school district according to the following formula:

\[

\]

If the computation made under division (A)(1) of this section results in a negative number, the district's funding under division (A)(1) of this section shall be zero.

(2) For fiscal years 2022 and 2023, the department shall pay temporary transitional transportation aid to that district according to the following formula:

\[
\text{(The amount calculated for the district for fiscal year 2020 under division (A)(2) of Section 265.220 of H.B. 166 of the 133rd general assembly, prior to any funding reductions)}
\]
authorized by Executive Order 2020-19D, "Implementing Additional Spending Controls to Balance the State Budget" issued on May 7, 2020) - (the district's payment for fiscal year 2019 under division (D)(2) of section 3314.091 of the Revised Code as that division existed prior to September 30, 2021) - (the district's payment under section 3317.0212 of the Revised Code for the fiscal year for which the payment is computed)

If the computation made under division (A)(2) of this section results in a negative number, the district's funding under division (A)(2) of this section shall be zero.

(B) If a local school district participates in the establishment of a joint vocational school district that begins receiving payments under section 3317.16 of the Revised Code for fiscal year 2022 or fiscal year 2023, but does not receive payments for the fiscal year immediately preceding that fiscal year, the department shall adjust, as necessary, the district's funding base, as that term is defined in section 3317.02 of the Revised Code, according to the amounts received by the district in the immediately preceding fiscal year for career-technical education students who attend the newly established joint vocational school district.

(C)(1) For purposes of division (C) of this section, a district's "decrease threshold" for a fiscal year is the greater of the following:

(a) Twenty;

(b) Ten per cent of the number of the district's students counted under division (A)(1)(b) of section 3317.03 of the Revised Code for the previous fiscal year.

(2) For fiscal years 2022 and 2023, if a district has
fewer students counted under division (A)(1)(b) of section 3317.03 of the Revised Code for that fiscal year than for the previous fiscal year and the positive difference between those two student counts is greater than or equal to the district's decrease threshold for that fiscal year, the amount paid to the district under division (A) of this section shall be reduced by the following amount:

The statewide average base cost per pupil X [(the positive difference between the number of the district's students counted under division (A)(1)(b) of section 3317.03 of the Revised Code for that fiscal year and the number of the district's students counted under that division for the previous fiscal year) - the district's decrease threshold for that fiscal year]

(b) For fiscal year 2024 and each fiscal year thereafter,
students specified by the general assembly.

(5) "Qualifying ridership" means the following:

(a) For fiscal years 2022 and 2023, the greater of the
average number of qualifying riders counted in the morning or
counted in the afternoon who are provided school bus service by a school district during the first full week of October;

(b) For fiscal year 2024 and each fiscal year thereafter, a ridership determined in a manner specified by the general assembly.

(6) "Rider density" means the following:

(a) For fiscal years 2022 and 2023, the following quotient:

\[
\frac{\text{A school district's total number of qualifying riders}}{\text{the number of square miles in the district}}
\]

(b) For fiscal year 2024 and each fiscal year thereafter, a number calculated in a manner determined by the general assembly.

(7) For fiscal years 2022 and 2023, "riders" means students enrolled in regular and special education in grades kindergarten through twelve who are provided school bus service by a school district, including students with dual enrollment in a joint vocational school district or a cooperative education school district, and students enrolled in a community school, STEM school, or nonpublic school.

(8) "School bus service" means a school district's transportation of qualifying riders in any of the following types of vehicles:

(a) School buses owned or leased by the district;

(b) School buses operated by a private contractor hired by the district;

(c) School buses operated by another school district or
entity with which the district has contracted, either as part of a consortium for the provision of transportation or otherwise.

(B) Not later than the first day of November, for fiscal years 2022 and 2023, or a date determined by the general assembly, for fiscal year 2024 and each fiscal year thereafter, of each year, each city, local, and exempted village school district shall report to the department of education and workforce its qualifying ridership and any other information requested by the department. Subsequent adjustments to the reported numbers shall be made only in accordance with rules adopted by the department.

(C) The department shall calculate the statewide transportation cost per student as follows:

(1) Determine each city, local, and exempted village school district's transportation cost per student by dividing the district's total costs for school bus service in the previous fiscal year by its qualifying ridership in the previous fiscal year.

(2) After excluding districts that do not provide school bus service and the ten districts with the highest transportation costs per student and the ten districts with the lowest transportation costs per student, divide the aggregate cost for school bus service for the remaining districts in the previous fiscal year by the aggregate qualifying ridership of those districts in the previous fiscal year.

(D) The department shall calculate the statewide transportation cost per mile as follows:

(1) Determine each city, local, and exempted village school district's transportation cost per mile by dividing the
district's total costs for school bus service in the previous fiscal year by its total number of miles driven for school bus service in the previous fiscal year.

(2) After excluding districts that do not provide school bus service and the ten districts with the highest transportation costs per mile and the ten districts with the lowest transportation costs per mile, divide the aggregate cost for school bus service for the remaining districts in the previous fiscal year by the aggregate miles driven for school bus service in those districts in the previous fiscal year.

(E) The department shall calculate each city, local, and exempted village school district's transportation base payment as follows:

(1) For fiscal years 2022 and 2023:

(a) Calculate the sum of the following:

(i) The product of the statewide transportation cost per student and the number of students counted in the district's qualifying ridership for the current fiscal year who are enrolled in the district;

(ii) 1.5 times the statewide transportation cost per student times the number of students counted in the district's qualifying ridership for the current fiscal year who are enrolled in community schools established under Chapter 3314. of the Revised Code or STEM schools established under Chapter 3326. of the Revised Code;

(iii) 2.0 times the statewide transportation cost per student times the number of students counted in the district's qualifying ridership for the current fiscal year who are enrolled in nonpublic schools.
(b) Calculate the sum of the following:

(i) The product of the statewide transportation cost per mile and the number of miles driven for school bus service as reported for qualifying riders for the current fiscal year who are enrolled in the district;

(ii) 1.5 times the statewide transportation cost per mile times the number of miles driven for school bus service as reported for qualifying riders for the current fiscal year who are enrolled in community schools or STEM schools;

(iii) 2.0 times the statewide transportation cost per mile times the number of miles driven for school bus service as reported for qualifying riders for the current fiscal year who are enrolled in nonpublic schools.

(c) Multiply the greater of the amounts calculated under divisions (E)(1)(a) and (b) of this section by the following:

(i) For fiscal year 2022, the greater of twenty-nine and one-sixth per cent or the district's state share percentage, as defined in section 3317.02 of the Revised Code;

(ii) For fiscal year 2023, the greater of thirty-three and one-third per cent or the district's state share percentage.

(2) For fiscal year 2024 and each fiscal year thereafter, an amount determined by the general assembly.

(F) For fiscal years 2022 and 2023, the department shall pay a district's efficiency adjustment payment in accordance with divisions (F)(1) to (3) of this section. For fiscal year 2024 and each fiscal year thereafter, the department shall pay a district's efficiency adjustment payment in a manner determined by the general assembly, if the general assembly authorizes such
a payment to districts.

(1) The department annually shall establish a target number of qualifying riders per assigned bus for each city, local, and exempted village school district. The department shall use the most recently available data in establishing the target number. The target number shall be based on the statewide median number of riders per assigned bus as adjusted to reflect the district's density in comparison to the density of all other districts. The department shall post on the department's web site each district's target number of riders per assigned bus and a description of how the target number was determined.

(2) The department shall determine each school district's efficiency index by dividing the district's number of riders per assigned bus by its target number of riders per assigned bus.

(3) The department shall determine each city, local, and exempted village school district's efficiency adjustment payment as follows:

(a) If the district's efficiency index is equal to or greater than 1.5, the efficiency adjustment payment shall be calculated according to the following formula:

\[0.15 \times \text{the district's transportation base payment calculated under division (E) of this section}\]

(b) If the district's efficiency index is less than 1.5 but greater than or equal to 1.0, the efficiency adjustment payment shall be calculated according to the following formula:

\[\left(\frac{(\text{The district's efficiency index} - 1) \times 0.15}{0.5}\right) \times \text{the district's transportation base payment calculated under division (E) of this section}\]
(c) If the district's efficiency index is less than 1.0, the efficiency adjustment payment shall be zero.

(G) In addition to funds paid under divisions (E), (F), and (H) of this section, each city, local, and exempted village district shall receive in accordance with rules adopted by the state board of education a payment for students transported by means other than school bus service and whose transportation is not funded under division (C) of section 3317.024 of the Revised Code. The rules shall include provisions for school district reporting of such students.

(H)(1) For purposes of division (H) of this section, a school district's "transportation supplement percentage" means the following:

(a) For fiscal years 2022 and 2023, the following quotient:

\[
\frac{28 - \text{the district's rider density}}{100}
\]

If the result of the calculation for a district under division (H)(1)(a) of this section is less than zero, the district's transportation supplement percentage shall be zero.

(b) For fiscal year 2024 and each fiscal year thereafter, a percentage calculated in a manner determined by the general assembly.

(2) The department shall pay each district a transportation supplement calculated according to the following formula:

\[
\text{The district's transportation supplement percentage} \times \text{the amount calculated for the district under division (E)(1)(b) of this section} \times 0.55
\]
(I)(1) If a school district board and a community school governing authority elect to enter into an agreement under division (A) of section 3314.091 of the Revised Code, the department shall make payments to the community school according to the terms of the agreement for each student actually transported under division (C)(1) of that section. If a community school governing authority accepts transportation responsibility under division (B) of that section, the department shall make payments to the community school for each student actually transported or for whom transportation is arranged by the community school under division (C)(1) of that section, calculated as follows:

(a) For any fiscal year which the general assembly has specified that transportation payments to school districts be based on an across-the-board percentage of the district's payment for the previous school year, the per pupil payment to the community school shall be the following quotient:

(i) The total amount calculated for the school district in which the child is entitled to attend school for student transportation other than transportation of children with disabilities; divided by

(ii) The number of students included in the district's transportation ADM for the current fiscal year, as calculated under section 3317.03 of the Revised Code, plus the number of students enrolled in the community school not counted in the district's transportation ADM who are transported under division (B)(1) or (2) of section 3314.091 of the Revised Code.

(b) For any fiscal year which the general assembly has specified that the transportation payments to school districts be calculated in accordance with this section and any rules of
the state board of education-department implementing this
section, the payment to the community school shall be the
following:

(i) For fiscal years 2022 and 2023, either of the
following:

(I) If the school district in which the student is
entitled to attend school would have used a method of
transportation for the student for which payments are computed
and paid under division (E) of this section, 1.0 times the
statewide transportation cost per student, as calculated in
division (C) of this section;

(II) If the school district in which the student is
entitled to attend school would have used a method of
transportation for the student for which payments are computed
and paid in a manner described in division (G) of this section,
the amount that would otherwise be computed for and paid to the
district.

(ii) For fiscal year 2024 and each fiscal year thereafter,
an amount calculated in a manner determined by the general
assembly.

The community school, however, is not required to use the
same method to transport the student.

As used in this division, "entitled to attend school"
means entitled to attend school under section 3313.64 or 3313.65
of the Revised Code.

(2) A community school shall be paid under division (I)(2)
of this section only for students who are eligible as specified
in section 3327.01 of the Revised Code and division (C)(1) of
section 3314.091 of the Revised Code, and whose transportation
to and from school is actually provided, who actually utilized 38711
transportation arranged, or for whom a payment in lieu of 38712
transportation is made by the community school's governing 38713
authority. To qualify for the payments, the community school 38714
shall report to the department, in the form and manner required 38715
by the department, data on the number of students transported or 38716
whose transportation is arranged, the number of miles traveled, 38717
cost to transport, and any other information requested by the 38718
department.

Sec. 3317.0213. (A) The department of education and workforce 38719
shall compute and pay in accordance with this section 38720
additional state aid for preschool children with disabilities to 38721
each city, local, and exempted village school district and to 38722
each institution, as defined in section 3323.091 of the Revised 38723
Code. Funding shall be provided for children who are not 38724
enrolled in kindergarten and who are under age six on the 38725
thirtieth day of September of the academic year, or on the first 38726
day of August of the academic year if the school district in 38727
which the child is enrolled has adopted a resolution under 38728
division (A)(3) of section 3321.01 of the Revised Code, but not 38729
less than age three on the first day of December of the academic 38730
year.

For fiscal years 2022 and 2023, the additional state aid 38731
shall be calculated under the following formula:

($4,000 X the number of students who are preschool 38732
children with disabilities) + the sum of the following:

(1) The district's or institution's category one special 38733
education students who are preschool children with disabilities 38734
X the multiple specified in division (A) of section 3317.013 of 38735
the Revised Code X the statewide average base cost per pupil for 38736

38737
38738
38739
38740
that fiscal year X the district's state share percentage X 0.50;

(2) The district's or institution's category two special education students who are preschool children with disabilities X the multiple specified in division (B) of section 3317.013 of the Revised Code X the statewide average base cost per pupil for that fiscal year X the district's state share percentage X 0.50;

(3) The district's or institution's category three special education students who are preschool children with disabilities X the multiple specified in division (C) of section 3317.013 of the Revised Code X the statewide average base cost per pupil for that fiscal year X the district's state share percentage X 0.50;

(4) The district's or institution's category four special education students who are preschool children with disabilities X the multiple specified in division (D) of section 3317.013 of the Revised Code X the statewide average base cost per pupil for that fiscal year X the district's state share percentage X 0.50;

(5) The district's or institution's category five special education students who are preschool children with disabilities X the multiple specified in division (E) of section 3317.013 of the Revised Code X the statewide average base cost per pupil for that fiscal year X the district's state share percentage X 0.50;

(6) The district's or institution's category six special education students who are preschool children with disabilities X the multiple specified in division (F) of section 3317.013 of the Revised Code X the statewide average base cost per pupil for that fiscal year X the district's state share percentage X 0.50.

For fiscal year 2024 and each fiscal year thereafter, the additional state aid shall be calculated for each category of special education students who are preschool children with disabilities.
disabilities using a formula specified by the general assembly.

The special education disability categories for preschool children used in this section are the same categories prescribed in section 3317.013 of the Revised Code.

As used in division (A) of this section, the state share percentage of a student enrolled in an institution is the state share percentage of the school district in which the student is entitled to attend school under section 3313.64 or 3313.65 of the Revised Code.

(B) If an educational service center is providing services to students who are preschool children with disabilities under agreement with the city, local, or exempted village school district in which the students are entitled to attend school, that district may authorize the department to transfer funds computed under this section to the service center providing those services.

(C) If a county DD board is providing services to students who are preschool children with disabilities under agreement with the city, local, or exempted village school district in which the students are entitled to attend school, the department shall deduct from the district's payment computed under division (A) of this section the total amount of those funds that are attributable to the students served by the county DD board and pay that amount to that board.

**Sec. 3317.0214.** (A) The department of education and workforce shall compute and pay in accordance with this section additional state aid to school districts for students in categories two through six special education ADM. If a district's costs for the fiscal year for a student in its
categories two through six special education ADM exceed the threshold catastrophic cost for serving the student, the district may submit to the superintendent of public instruction department documentation, as prescribed by the department, of all its costs for that student. Upon submission of documentation for a student of the type and in the manner prescribed, the department shall pay to the district an amount equal to the sum of the following:

(1) One-half of the district's costs for the student in excess of the threshold catastrophic cost;

(2) The product of one-half of the district's costs for the student in excess of the threshold catastrophic cost multiplied by the district's state share percentage.

(B) For purposes of division (A) of this section, the threshold catastrophic cost for serving a student equals:

(1) For a student in the school district's category two, three, four, or five special education ADM, twenty-seven thousand three hundred seventy-five dollars;

(2) For a student in the district's category six special education ADM, thirty-two thousand eight hundred fifty dollars.

(C) The district shall report under division (A) of this section, and the department shall pay for, only the costs of educational expenses and the related services provided to the student in accordance with the student's individualized education program. Any legal fees, court costs, or other costs associated with any cause of action relating to the student may not be included in the amount.

Sec. 3317.0215. (A)(1) For fiscal years 2022 and 2023, the department of education and workforce shall withhold from the
aggregate amount paid for a fiscal year to each city, local, exempted village, and joint vocational school district, community school established under Chapter 3314. of the Revised Code, and science, technology, engineering, and mathematics school established under Chapter 3326. of the Revised Code an amount equal to the following:

(a) In the case of a city, local, or exempted village school district, the aggregate amount of special education funding paid to the district under division (A)(3) of section 3317.022 of the Revised Code times 0.10, subject to any funding limitations enacted by the general assembly to the computation.

(b) In the case of a community school or STEM school, the aggregate amount of special education funding paid to the school under division (A)(1)(b) of section 3317.026 of the Revised Code times 0.10, subject to any funding limitations enacted by the general assembly to the computation.

(c) In the case of a joint vocational school district, the aggregate amount of special education funding paid to the school under division (A)(2) of section 3317.16 of the Revised Code times 0.10, subject to any funding limitations enacted by the general assembly to the computation.

(2) For fiscal year 2024 and each fiscal year thereafter, the department of education shall withhold from the aggregate amount paid for a fiscal year to each city, local, exempted village, and joint vocational school district, community school, and science, technology, engineering, and mathematics school an amount determined by the general assembly, if any, for purposes of this section.

(B) For fiscal years 2022 and 2023, the department shall
use the amount of funds withheld under division (A) of this section for purposes of division (C)(1) of section 3314.08 of the Revised Code, section 3317.0214 of the Revised Code, division (B) of section 3317.16 of the Revised Code, and section 3326.34 of the Revised Code.

For fiscal year 2024 and each fiscal year thereafter, the department shall use the amount of funds withheld under division (A) of this section, if any, for purposes determined by the general assembly.

Sec. 3317.0217. This section shall apply only for fiscal years 2022 and 2023.

Payment of the amount calculated for a school district under this section shall be made under division (A) of section 3317.022 of the Revised Code.

(A) For each fiscal year, the department of education and workforce shall compute targeted assistance funds for city, local, and exempted village school districts, in accordance with the following formula:

A district's capacity amount for that fiscal year calculated under division (B) of this section + a district's wealth amount for that fiscal year calculated under division (C) of this section

(B) The department shall calculate each district's capacity amount for a fiscal year as follows:

(1) Calculate each district's weighted wealth for that fiscal year, which equals the following sum:

(The amount determined for the district for that fiscal year under division (A)(1)(a) of section 3317.017 of the Revised Code
X 0.6) + (the amount determined for the district for that fiscal
year under division (A)(2)(a) of section 3317.017 of the Revised
Code X 0.4)

(2) Determine the median weighted wealth of all school
districts in this state for that fiscal year;

(3) Compute each district's capacity index for that fiscal
year by dividing the median weighted wealth of all school
districts in this state for that fiscal year by the district's
weighted wealth for that fiscal year;

(4) Compute each district's capacity amount for that
fiscal year as follows:

(a) The district's capacity amount shall be zero if the
district satisfies either of the following criteria for that fiscal year:

(i) The district's capacity index is less than 1.

(ii) The district's enrolled ADM is less than 200.

(b) If the district does not satisfy either of the
criteria specified in division (B)(4)(a) of this section for that fiscal year, the district's capacity amount for that fiscal year shall be calculated as follows:

(i) Compute the following amount for the district:

(The median weighted wealth of all school districts in this
state for that fiscal year X 0.008) - (the district's weighted
wealth for that fiscal year X 0.008)

(ii) If the district's enrolled ADM for that fiscal year
is greater than or equal to 200 but less than or equal to 400, the district's capacity amount for that fiscal year shall be
equal to 0.05 X the amount computed under division (B)(4)(b)(i) of this section.

(iii) If the district's enrolled ADM for that fiscal year is greater than 400 and less than 600, the district's capacity amount for that fiscal year shall be calculated in accordance with the following formula:

{[0.95 X (the district's enrolled ADM for that fiscal year – 400)/200] + 0.05} X the amount computed under division (B)(4)(b)(i) of this section

(iv) If the district's enrolled ADM for that fiscal year is greater than or equal to 600, the district's capacity amount for that fiscal year shall be equal to the amount computed under division (B)(4)(b)(i) of this section.

(C) The department shall calculate each district's wealth amount for a fiscal year as follows:

(1) Calculate each district's weighted wealth per pupil for that fiscal year, which equals the following quotient:

The district's weighted wealth for that fiscal year calculated under division (B)(1) of this section/ (the district's enrolled ADM for that fiscal year - the students described in division (A)(1)(b) of section 3317.03 of the Revised Code + the students described in division (A)(2)(d) of section 3317.03 of the Revised Code)

(2) Determine the median weighted wealth per pupil of all school districts in this state for that fiscal year;

(3) Compute each district's wealth index for that fiscal year by dividing the median weighted wealth per pupil of all school districts in this state for that fiscal year by the
district's weighted wealth per pupil for that fiscal year;

(4) Compute each district's wealth amount for that fiscal year, as follows:

(a) If the district's wealth index computed under division (C)(3) of this section for that fiscal year is less than 0.8, the district's wealth amount for that fiscal year shall be zero.

(b) If the district's wealth index computed under division (C)(3) of this section for that fiscal year is greater than or equal to 0.8, the district's wealth amount for that fiscal year shall be calculated in accordance with the following formula:

\[
[(\text{The median weighted wealth per pupil of all school districts in this state for that fiscal year } \times 0.014) - (\text{the district's weighted wealth per pupil for that fiscal year } \times 0.0112)] \times \text{the district's enrolled ADM for that fiscal year}
\]

Sec. 3317.0218. This section shall apply only for fiscal years 2022 and 2023.

For each fiscal year, the department of education and workforce shall compute supplemental targeted assistance for each city, local, and exempted village school district as follows:

(A) Determine if the district satisfies both of the following criteria:

(1) The wealth index calculated for the district for fiscal year 2019 under division (A)(4) of former section 3317.0217 of the Revised Code as it existed prior to the effective date of this section—September 30, 2021, is greater than 1.6;

(2) The district's enrolled ADM for fiscal year 2019 is
AsPassed by the Senate

less than eighty-eight per cent of the district's total ADM for
fiscal year 2019.

(B) Determine the maximum of the wealth indices calculated
under division (A)(4) of former section 3317.0217 of the Revised
Code as it existed prior to the effective date of this section
September 30, 2021, for all districts that satisfy both of the
criteria specified under division (A) of this section;

(C) If the district satisfies both of the criteria
specified under division (A) of this section, compute the
district's supplemental amount as the product of the following:

(1) \[ \left( \frac{\text{(The number specified under division (A)(1) of this}
\text{section) - 1.6}}{\text{(the number determined under division (B) of}
\text{this section) - 1.6}} \right) \times 675 + 75; \]

(2) The district's enrolled ADM.

(D) If the district does not satisfy both of the criteria
specified under division (A) of this section, the district's
supplemental amount shall be equal to zero.

Sec. 3317.03. (A) The superintendent of each city, local,
and exempted village school district shall report to the state-
board department of education and workforce as of the last day
of October, March, and June of each year the enrollment of
students receiving services from schools under the
superintendent's supervision, and the numbers of other students
entitled to attend school in the district under section 3313.64
or 3313.65 of the Revised Code the superintendent is required to
report under this section, so that the department of education
can calculate the district's enrolled ADM, formula ADM, total
ADM, category one through five career-technical education ADM,
category one through three English learner ADM, category one
through six special education ADM, transportation ADM, and, for purposes of provisions of law outside of Chapter 3317. of the Revised Code, average daily membership.

(1) The enrollment reported by the superintendent during the reporting period shall consist of the number of students in grades kindergarten through twelve receiving any educational services from the district, except that the following categories of students shall not be included in the determination:

(a) Students enrolled in adult education classes;

(b) Adjacent or other district students enrolled in the district under an open enrollment policy pursuant to section 3313.98 of the Revised Code;

(c) Students receiving services in the district pursuant to a compact, cooperative education agreement, or a contract, but who are entitled to attend school in another district pursuant to section 3313.64 or 3313.65 of the Revised Code;

(d) Students for whom tuition is payable pursuant to sections 3317.081 and 3323.141 of the Revised Code;

(e) Students receiving services in the district through a scholarship awarded under either section 3310.41 or sections 3310.51 to 3310.64 of the Revised Code.

When reporting students under division (A)(1) of this section, the superintendent also shall report the district where each student is entitled to attend school pursuant to sections 3313.64 and 3313.65 of the Revised Code.

(2) The department of education shall compile a list of all students reported to be enrolled in a district under division (A)(1) of this section and of the students entitled to
attend school in the district pursuant to section 3313.64 or 3313.65 of the Revised Code on an FTE basis but receiving educational services in grades kindergarten through twelve from one or more of the following entities:

(a) A community school pursuant to Chapter 3314. of the Revised Code, including any participation in a college pursuant to Chapter 3365. of the Revised Code while enrolled in such community school;

(b) An alternative school pursuant to sections 3313.974 to 3313.979 of the Revised Code;

(c) A college pursuant to Chapter 3365. of the Revised Code, except when the student is enrolled in the college while also enrolled in a community school pursuant to Chapter 3314., a science, technology, engineering, and mathematics school established under Chapter 3326., or a college-preparatory boarding school established under Chapter 3328. of the Revised Code;

(d) An adjacent or other school district under an open enrollment policy adopted pursuant to section 3313.98 of the Revised Code;

(e) An educational service center or cooperative education district;

(f) Another school district under a cooperative education agreement, compact, or contract;

(g) A chartered nonpublic school with a scholarship paid under section 3317.022 of the Revised Code, if the students qualified for the scholarship under section 3310.03 or 3310.032 of the Revised Code;
(h) An alternative public provider or a registered private provider with a scholarship awarded under either section 3310.41 or sections 3310.51 to 3310.64 of the Revised Code.

As used in this section, "alternative public provider" and "registered private provider" have the same meanings as in section 3310.41 or 3310.51 of the Revised Code, as applicable.

(i) A science, technology, engineering, and mathematics school established under Chapter 3326. of the Revised Code, including any participation in a college pursuant to Chapter 3365. of the Revised Code while enrolled in the school;

(j) A college-preparatory boarding school established under Chapter 3328. of the Revised Code, including any participation in a college pursuant to Chapter 3365. of the Revised Code while enrolled in the school.

(3) The department also shall compile a list of the students entitled to attend school in the district under section 3313.64 or 3313.65 of the Revised Code who are enrolled in a joint vocational school district or under a career-technical education compact, excluding any students so entitled to attend school in the district who are enrolled in another school district through an open enrollment policy as reported under division (A)(2)(d) of this section and then enroll in a joint vocational school district or under a career-technical education compact.

The superintendent of public instruction department shall send to the district required to pay the tuition an itemized statement showing such deductions at the time of such deduction.

When a political subdivision owns and operates an airport, welfare, or correctional institution or other project or facility outside its corporate limits, the territory within which the facility is located is exempt from taxation by the school district within which such territory is located, and there are school age children residing within such territory, the political subdivision owning such tax exempt territory shall pay tuition to the district in which such children attend school. The tuition for these children shall be computed as provided for in this section.

If any school district is responsible to pay tuition for any such child, the department of education, no later than the immediately succeeding last day of February or August, as applicable, shall calculate the amount of the tuition of the district under section 3317.08 of the Revised Code for the period of time indicated on the statement and do one of the following:

(1) If the tuition amount is equal to or less than the
district's state education aid, pay to the institution submitting the statement an amount equal to the tuition amount, as provided under division (G) of section 3317.024 of the Revised Code, and deduct the tuition amount from the state basic aid funds payable to the district, as provided under division (C)(2) of section 3317.023 of the Revised Code;

(2) If the tuition amount is greater than the district's state education aid, require the district to pay to the institution submitting the statement an amount equal to the tuition amount.

The percentages used in this section show the relationships between the minimum salaries required by this section and the base amount and shall not be construed as requiring any school district or educational service center to adopt a schedule containing salaries in excess of the amounts set forth in this section for corresponding levels of training and experience.

As used in this division:

(1) "Base amount" means thirty thousand dollars.

(2) "Five years of training" means at least one hundred fifty semester hours, or the equivalent, and a bachelor's degree from a recognized college or university.

(C) The schedule shall provide for annual adjustments based on performance on the evaluations conducted under section 3319.111 of the Revised Code. The annual performance-based adjustment for a teacher rated as accomplished shall be greater than the annual performance-based adjustment for a teacher rated as skilled.

(D) The salary schedule adopted under this section may provide for additional compensation for teachers who agree to perform duties, not contracted for under a supplemental contract, that the employing board determines warrant additional compensation. Sec. 3317.162. (A) For fiscal years 2022 and 2023, the department of education and workforce shall pay temporary transitional aid to each joint vocational school district according to the following formula:

(The district's funding base, as that term is defined in section 3317.02 of the Revised Code) - (the district's payment under section 3317.16 of the Revised Code for the fiscal year for which the payment is computed)

If the computation made under division (A) of this section results in a negative number, the district's funding under division (A) of this section shall be zero.

(B) If a joint vocational school district begins receiving payments under section 3317.16 of the Revised Code for fiscal year 2022 or fiscal year 2023 but does not receive payments for

department shall establish the district's funding base, as that
term is defined in section 3317.02 of the Revised Code, as an

The board of education shall deliver to the state department a copy of such resolution and any additional pertinent information the state department may require.

The department of education and the office of budget and management shall evaluate each request received from a school district under this section and the department, with the advice and consent of the director of budget and management, shall approve or deny each request based on all of the following:

1. Whether approval of the request will enhance the marketability of the securities for which the request is made;

2. Any other pertinent factors or limitations established in rules made under division (I) of this section, including:
   
   a. Current and projected obligations of funds due to the requesting school district under Chapter 3317. of the Revised Code including obligations of those funds to public obligations or relevant credit enhancement facilities under this section, Chapter 133. and section 3313.483 of the Revised Code, and under any other similar provisions of law;

   b. Whether the department of education and workforce or the office of budget and management has any reason to believe the requesting school district will be unable to pay when due the debt charges on the securities for which the request is
made.

The department may require a school district to establish schedules for the payment of all debt charges that take into account the amount and timing of anticipated distributions of funds to the district under Chapter 3317. of the Revised Code.

(C) If the department approves the request of a school district to withhold and deposit funds pursuant to this section, the department shall enter into a written agreement with the district and the primary paying agent or fiscal agent for the securities which shall provide for the withholding of funds pursuant to this section for the payment of debt charges on those securities, and may include both of the following:

(1) Provisions for certification by the district to the department, at a time prior to any date for the payment of applicable debt charges, whether the district is able to pay those debt charges when due;

the paying agent or fiscal agent to confirm or determine whether
the district is unable to make the required payment by the date
on which it is due.

withhold and deposit funds pursuant to this section for payment
of debt service charges on that obligation.

If the department confirms or determines that the district
will be unable to make such payment and payment will not be made
pursuant to a credit enhancement facility, the department shall
promptly pay to the applicable primary paying agent or fiscal
agent the lesser of the amount due for debt charges or the
amount due the district for the remainder of the fiscal year
under Chapter 3317. of the Revised Code. If this amount is
insufficient to pay the total amount then due the agent for the
payment of debt charges, the department shall pay to the agent
each fiscal year thereafter, and until the full amount due the
agent for unpaid debt charges is paid in full, the lesser of the
remaining amount due the agent for debt charges or the amount
due the district for the fiscal year under Chapter 3317. of the
Revised Code.

(E) The state department may make any payments under this
division by direct deposit of funds by electronic transfer.

Any amount received by a paying agent or fiscal agent
under this section shall be applied only to the payment of debt
charges on the securities of the school district subject to this
section or to the reimbursement to the provider of a credit
enhancement facility that has paid such debt charges.

(G) The department may make payments under this section to paying agents or fiscal agents only from and to the extent that money is appropriated by the general assembly for Chapter 3317. of the Revised Code or for the purposes of this section. No securities of a school district to which this section is made applicable constitute an obligation or a debt or a pledge of the faith, credit, or taxing power of the state, and the holders or owners of such securities have no right to have taxes levied or appropriations made by the general assembly for the payment of debt charges on those securities, and those securities, if the department requires, shall contain a statement to that effect. The agreement for or the actual withholding and payment of moneys under this section does not constitute the assumption by the state of any debt of a school district.

(H) In the case of securities subject to the withholding provisions of this section, the issuing board of education shall appoint a paying agent or fiscal agent who is not an officer or employee of the school district.

(I) The department of education, with the advice of the office of budget and management, may adopt reasonable rules not inconsistent with this section for the implementation of this
section and division (B) of section 133.25 of the Revised Code
as it relates to the withholding and depositing of payments
under Chapter 3317. of the Revised Code to secure payment of
debt charges on school district securities. Those rules shall
include criteria for the evaluation and approval or denial of
school district requests for withholding under this section and
limits on the obligation for the purpose of paying debt charges
or reimbursing credit enhancement facilities of funds otherwise
to be paid to school districts under Chapter 3317. of the
Revised Code.

(J) The authority granted by this section is in addition
to and not a limitation on any other authorizations granted by
or pursuant to law for the same or similar purposes.

As such, school districts and schools shall be held accountable for those funds to ensure that all students are provided an opportunity to graduate from high school prepared for a career or for post-secondary education.

(C) When funds are provided under this chapter specifically for services for a subgroup of students, the general assembly has determined that these students experience unique challenges requiring additional resources and intends that the funds so provided be used for services that will allow students in those subgroups to master the knowledge base required for high school graduation.

The plan may be included in any other improvement plan required of the district or school under state or federal law. The partner organization may be another school, district, or other education provider.

Not later than December 31, 2014, the state board of education shall establish measures of
satisfactory achievement and progress, which include, but are not limited to, performance measures under section 3302.03 of the Revised Code. The department shall make the initial determination of satisfactory achievement and progress under this section using those measures not later than September 1, 2015, and then make determinations under this section annually thereafter.

Sec. 3317.50. The telecommunity education fund is hereby created in the state treasury. The fund shall consist of moneys paid by any telephone company as a part of a settlement agreement between such company and the public utilities commission in fiscal year 1995 in part to establish distance learning throughout the state. The chancellor of the Ohio board of regents higher education shall administer the fund and expend moneys from it to finance technology grants to eligible schools chartered by the state board director of education and workforce.
to establish distance learning in those schools. Chartered schools are eligible for funds if they are within the service area of the telephone company. Investment earnings of the fund shall be credited to the fund.

(B) For purposes of this section, "distance learning" means the creation of a learning environment involving a school setting and at least one other location outside of the school which allows for information available at one site to be accessed at the other through the use of such educational applications as one-way or two-way transmission of data, voice, and video, singularly or in appropriate combinations.

Sec. 3318.011. For purposes of providing assistance under sections 3318.01 to 3318.20 of the Revised Code, the department of education and workforce shall annually do all of the following:

(A) Calculate the adjusted valuation per pupil of each city, local, and exempted village school district according to the following formula:

\[
\text{The district's valuation per pupil} = \left[ \$30,000 \times (1 - \text{the district's income factor}) \right].
\]

For purposes of this calculation:

(1) Except for a district with an open enrollment net gain that is ten per cent or more of its formula ADM, "valuation per pupil" for a district means its average taxable value, divided by its formula ADM for the previous fiscal year. "Valuation per pupil," for a district with an open enrollment net gain that is ten per cent or more of its formula ADM, means its average taxable value, divided by the sum of its formula ADM for the previous fiscal year plus its open enrollment net gain for the
previous fiscal year.

(2) "Average taxable value" means the average of the sum of the amounts certified for a district under divisions (A)(1) and (2) of section 3317.021 of the Revised Code in the second, third, and fourth preceding fiscal years.

(3) "Entitled to attend school" means entitled to attend school in a city, local, or exempted village school district under section 3313.64 or 3313.65 of the Revised Code.

(4) "Formula ADM" has the same meaning as in section 3317.02 of the Revised Code.

(5) "Native student" has the same meaning as in section 3313.98 of the Revised Code.

(6) "Open enrollment net gain" for a district means (a) the number of the students entitled to attend school in another district but who are enrolled in the schools of the district under its open enrollment policy minus (b) the number of the district's native students who are enrolled in the schools of another district under the other district's open enrollment policy, both numbers as certified to the department under section 3313.981 of the Revised Code. If the difference is a negative number, the district's "open enrollment net gain" is zero.

(7) "Open enrollment policy" means an interdistrict open enrollment policy adopted under section 3313.98 of the Revised Code.

(8) "District median income" means the median Ohio adjusted gross income certified for a school district under section 3317.021 of the Revised Code.
(9) "Statewide median income" means the median district median income of all city, exempted village, and local school districts in the state.

(10) "Income factor" for a city, exempted village, or local school district means the quotient obtained by dividing that district's median income by the statewide median income.

(B) Calculate for each district the three-year average of the adjusted valuations per pupil calculated for the district for the current and two preceding fiscal years;

(C) Rank all such districts in order of adjusted valuation per pupil from the district with the lowest three-year average adjusted valuation per pupil to the district with the highest three-year average adjusted valuation per pupil;

(D) Divide such ranking into percentiles with the first percentile containing the one per cent of school districts having the lowest three-year average adjusted valuations per pupil and the one-hundredth percentile containing the one per cent of school districts having the highest three-year average adjusted valuations per pupil;

(E) Determine the school districts that have three-year average adjusted valuations per pupil that are greater than the median three-year average adjusted valuation per pupil for all school districts in the state;

(F) On or before the first day of September, certify the information described in divisions (A) to (E) of this section to the Ohio facilities construction commission.

Sec. 3318.033. (A) As used in this section:

(1) "Formula ADM" has the same meaning as in section
3317.02 of the Revised Code.

(2) "Open enrollment net gain" has the same meaning as in section 3318.011 of the Revised Code.

(B) This section applies to each school district that meets the following criteria:

(1) The Ohio facilities construction commission certified its conditional approval of the district's project under sections 3318.01 to 3318.20 of the Revised Code after July 1, 2006, and prior to September 29, 2007, and the project had not been completed as of September 29, 2007.

(2) Within one year after the date of the commission's certification of its conditional approval, the district's electors approved a bond issue to pay the district's portion of the basic project cost or the district board of education complied with section 3318.052 of the Revised Code.

(3) In the fiscal year prior to the fiscal year in which the district's project was conditionally approved, the district had an open enrollment net gain that was ten per cent or more of its formula ADM.

(C) For each school district to which this section applies, the department of education and workforce shall recalculate the district's percentile ranking under section 3318.011 of the Revised Code for the fiscal year prior to the fiscal year in which the district's project was conditionally approved and shall report the recalculated percentile ranking to the commission. For this purpose, the department shall recalculate every school district's percentile ranking for that fiscal year using the district's "valuation per pupil" as that term is defined in section 3318.011 of the Revised Code on and
(D) For each school district to which this section applies, the commission shall use the recalculated percentile ranking reported under division (C) of this section to determine the district's portion of the basic project cost under section 3318.032 of the Revised Code. The commission shall not use the recalculated percentile ranking for any other purpose, and the recalculated ranking shall not affect any other district's portion of the basic project cost under section 3318.032 of the Revised Code or any district's eligibility for assistance under sections 3318.01 to 3318.20 of the Revised Code. The commission shall revise the agreement entered into under section 3318.08 of the Revised Code to reflect the district's new portion of the basic project cost as determined under this division.

Sec. 3318.051. (A) Any city, exempted village, or local school district that commences a project under sections 3318.01 to 3318.20, 3318.36, 3318.37, or 3318.38 of the Revised Code on or after September 5, 2006, need not levy the tax otherwise required under division (B) of section 3318.05 of the Revised Code, if the district board of education adopts a resolution petitioning the Ohio facilities construction commission to approve the transfer of money in accordance with this section and the commission approves that transfer. If so approved, the commission and the district board shall enter into an agreement under which the board, in each of twenty-three consecutive years beginning in the year in which the board and the commission enter into the project agreement under section 3318.08 of the Revised Code, shall transfer into the maintenance fund required by division (D) of section 3318.05 of the Revised Code not less than an amount equal to one-half mill for each dollar of the district's valuation unless and until the agreement to make
those transfers is rescinded by the district board pursuant to division (F) of this section.

(B) On the first day of July each year, or on an alternative date prescribed by the commission, the district treasurer shall certify to the commission and the auditor of state that the amount required for the year has been transferred. The auditor of state shall include verification of the transfer as part of any audit of the district under section 117.11 of the Revised Code. If the auditor of state finds that less than the required amount has been deposited into a district's maintenance fund, the auditor of state shall notify the district board of education in writing of that fact and require the board to deposit into the fund, within ninety days after the date of the notice, the amount by which the fund is deficient for the year. If the district board fails to demonstrate to the auditor of state's satisfaction that the board has made the deposit required in the notice, the auditor of state shall notify the department of education and workforce. At that time, the department shall withhold an amount equal to ten per cent of the district's funds calculated for the current fiscal year under Chapter 3317. of the Revised Code until the auditor of state notifies the department that the auditor of state is satisfied that the board has made the required transfer.

(C) Money transferred to the maintenance fund shall be used for the maintenance or, upon approval of the Ohio facilities construction commission, upgrade of the facilities acquired under the district's project.

(D) The transfers to the maintenance fund under this section does not affect a district's obligation to establish and
maintain a capital and maintenance fund under section 3315.18 of the Revised Code.

(E) Any decision by the commission to approve or not approve the transfer of money under this section is final and not subject to appeal. The commission shall not be responsible for errors or miscalculations made in deciding whether to approve a petition to make transfers under this section.

(F) If the district board determines that it no longer can continue making the transfers agreed to under this section, the board may rescind the agreement only so long as the electors of the district have approved, in accordance with section 3318.063 of the Revised Code, the levy of a tax for the maintenance of the classroom facilities acquired under the district's project and that levy continues to be collected as approved by the electors. That levy shall be for a number of years that is equal to the difference between twenty-three years and the number of years that the district made transfers under this section and shall be at the rate of not less than one-half mill for each dollar of the district's valuation. The district board shall continue to make the transfers agreed to under this section until that levy has been approved by the electors.

Sec. 3318.08. Except in the case of a joint vocational school district that receives assistance under sections 3318.40 to 3318.45 of the Revised Code, if the requisite favorable vote on the election is obtained, or if the school district board has resolved to apply the proceeds of a property tax levy or the proceeds of an income tax, or a combination of proceeds from such taxes, as authorized in section 3318.052 of the Revised Code, the Ohio facilities construction commission, upon certification to it of either the results of the election or the
resolution under section 3318.052 of the Revised Code, shall enter into a written agreement with the school district board for the construction and sale of the project. In the case of a joint vocational school district that receives assistance under sections 3318.40 to 3318.45 of the Revised Code, if the school district board of education and the school district electors have satisfied the conditions prescribed in division (D)(1) of section 3318.41 of the Revised Code, the commission shall enter into an agreement with the school district board for the construction and sale of the project. In either case, the agreement shall include, but need not be limited to, the following provisions:

(A) The sale and issuance of bonds or notes in anticipation thereof, as soon as practicable after the execution of the agreement, in an amount equal to the school district's portion of the basic project cost, including any securities authorized under division (J) of section 133.06 of the Revised Code and dedicated by the school district board to payment of the district's portion of the basic project cost of the project; provided, that if at that time the county treasurer of each county in which the school district is located has not commenced the collection of taxes on the general duplicate of real and public utility property for the year in which the controlling board approved the project, the school district board shall authorize the issuance of a first installment of bond anticipation notes in an amount specified by the agreement, which amount shall not exceed an amount necessary to raise the net bonded indebtedness of the school district as of the date of the controlling board's approval to within five thousand dollars of the required level of indebtedness for the preceding year. In the event that a first installment of bond anticipation notes is
issued, the school district board shall, as soon as practicable after the county treasurer of each county in which the school district is located has commenced the collection of taxes on the general duplicate of real and public utility property for the year in which the controlling board approved the project, authorize the issuance of a second and final installment of bond anticipation notes or a first and final issue of bonds.

The combined value of the first and second installment of bond anticipation notes or the value of the first and final issue of bonds shall be equal to the school district's portion of the basic project cost. The proceeds of any such bonds shall be used first to retire any bond anticipation notes. Otherwise, the proceeds of such bonds and of any bond anticipation notes, except the premium and accrued interest thereon, shall be deposited in the school district's project construction fund. In determining the amount of net bonded indebtedness for the purpose of fixing the amount of an issue of either bonds or bond anticipation notes, gross indebtedness shall be reduced by moneys in the bond retirement fund only to the extent of the moneys therein on the first day of the year preceding the year in which the controlling board approved the project. Should there be a decrease in the tax valuation of the school district so that the amount of indebtedness that can be incurred on the tax duplicates for the year in which the controlling board approved the project is less than the amount of the first installment of bond anticipation notes, there shall be paid from the school district's project construction fund to the school district's bond retirement fund to be applied against such notes an amount sufficient to cause the net bonded indebtedness of the school district, as of the first day of the year following the year in which the controlling board approved the project, to be...
within five thousand dollars of the required level of indebtedness for the year in which the controlling board approved the project. The maximum amount of indebtedness to be incurred by any school district board as its share of the cost of the project is either an amount that will cause its net bonded indebtedness, as of the first day of the year following the year in which the controlling board approved the project, to be within five thousand dollars of the required level of indebtedness, or an amount equal to the required percentage of the basic project costs, whichever is greater. All bonds and bond anticipation notes shall be issued in accordance with Chapter 133. of the Revised Code, and notes may be renewed as provided in section 133.22 of the Revised Code.

(B) The transfer of such funds of the school district board available for the project, together with the proceeds of the sale of the bonds or notes, except premium, accrued interest, and interest included in the amount of the issue, to the school district’s project construction fund;

(C) For all school districts except joint vocational school districts that receive assistance under sections 3318.40 to 3318.45 of the Revised Code, the following provisions as applicable:

(1) If section 3318.052 of the Revised Code applies, the earmarking of the proceeds of a tax levied under section 5705.21 of the Revised Code for general permanent improvements or under section 5705.218 of the Revised Code for the purpose of permanent improvements, or the proceeds of a school district income tax levied under Chapter 5748. of the Revised Code, or the proceeds from a combination of those two taxes, in an amount to pay all or part of the service charges on bonds issued to pay
the school district portion of the project and an amount
equivalent to all or part of the tax required under division (B)
of section 3318.05 of the Revised Code;

(2) If section 3318.052 of the Revised Code does not
apply, one of the following:

(a) The levy of the tax authorized at the election for the
payment of maintenance costs, as specified in division (B) of
section 3318.05 of the Revised Code;

(b) If the school district electors have approved a
continuing tax for general permanent improvements under section
5705.21 of the Revised Code and that tax can be used for
maintenance, the earmarking of an amount of the proceeds from
such tax for maintenance of classroom facilities as specified in
division (B) of section 3318.05 of the Revised Code;

(c) If, in lieu of the tax otherwise required under
division (B) of section 3318.05 of the Revised Code, the
commission has approved the transfer of money to the maintenance
fund in accordance with section 3318.051 of the Revised Code, a
requirement that the district board comply with the provisions
of that section. The district board may rescind the provision
prescribed under division (C)(2)(c) of this section only so long
as the electors of the district have approved, in accordance
with section 3318.063 of the Revised Code, the levy of a tax for
the maintenance of the classroom facilities acquired under the
district's project and that levy continues to be collected as
approved by the electors.

(D) For joint vocational school districts that receive
assistance under sections 3318.40 to 3318.45 of the Revised
Code, provision for deposit of school district moneys dedicated
to maintenance of the classroom facilities acquired under those sections as prescribed in section 3318.43 of the Revised Code;

(E) Dedication of any local donated contribution as provided for under section 3318.084 of the Revised Code, including a schedule for depositing such moneys applied as an offset of the district's obligation to levy the tax described in division (B) of section 3318.05 of the Revised Code as required under division (D)(2) of section 3318.084 of the Revised Code;

(F) Ownership of or interest in the project during the period of construction, which shall be divided between the commission and the school district board in proportion to their respective contributions to the school district's project construction fund;

(G) Maintenance of the state's interest in the project until any obligations issued for the project under section 3318.26 of the Revised Code are no longer outstanding;

(H) The insurance of the project by the school district from the time there is an insurable interest therein and so long as the state retains any ownership or interest in the project pursuant to division (F) of this section, in such amounts and against such risks as the commission shall require; provided, that the cost of any required insurance until the project is completed shall be a part of the basic project cost;

(I) The certification by the director of budget and management that funds are available and have been set aside to meet the state's share of the basic project cost as approved by the controlling board pursuant to either section 3318.04 or division (B)(1) of section 3318.41 of the Revised Code;

(J) Authorization of the school district board to
advertise for and receive construction bids for the project, for
and on behalf of the commission, and to award contracts in the
name of the state subject to approval by the commission;

(K) Provisions for the disbursement of moneys from the
school district's project account upon issuance by the
commission or the commission's designated representative of
vouchers for work done to be certified to the commission by the
treasurer of the school district board;

(L) Disposal of any balance left in the school district's
project construction fund upon completion of the project;

(M) Limitations upon use of the project or any part of it
so long as any obligations issued to finance the project under
section 3318.26 of the Revised Code are outstanding;

(N) Provision for vesting the state's interest in the
project to the school district board when the obligations issued
to finance the project under section 3318.26 of the Revised Code
are outstanding;

(O) Provision for deposit of an executed copy of the
agreement in the office of the commission;

(P) Provision for termination of the contract and release
of the funds encumbered at the time of the conditional approval,
if the proceeds of the sale of the bonds of the school district
board are not paid into the school district's project
construction fund and if bids for the construction of the
project have not been taken within such period after the
execution of the agreement as may be fixed by the commission;

(Q) A provision that requires the school district to
adhere to a facilities maintenance plan approved by the
commission;
(R) Provision that all state funds reserved and encumbered to pay the state share of the cost of the project and the funds provided by the school district to pay for its share of the project cost, including the respective shares of the cost of a segment if the project is divided into segments, be spent on the construction and acquisition of the project or segment simultaneously in proportion to the state's and the school district's respective shares of that basic project cost as determined under section 3318.032 of the Revised Code or, if the district is a joint vocational school district, under section 3318.42 of the Revised Code. However, if the school district certifies to the commission that expenditure by the school district is necessary to maintain the federal tax status or tax-exempt status of notes or bonds issued by the school district to pay for its share of the project cost or to comply with applicable temporary investment periods or spending exceptions to rebate as provided for under federal law in regard to those notes or bonds, the school district may commit to spend, or spend, a greater portion of the funds it provides during any specific period than would otherwise be required under this division.

(S) A provision stipulating that the commission may prohibit the district from proceeding with any project if the commission determines that the site is not suitable for construction purposes. The commission may perform soil tests in its determination of whether a site is appropriate for construction purposes.

(T) A provision stipulating that, unless otherwise authorized by the commission, any contingency reserve portion of the construction budget prescribed by the commission shall be used only to pay costs resulting from unforeseen job conditions,
to comply with rulings regarding building and other codes, to pay costs related to design clarifications or corrections to contract documents, and to pay the costs of settlements or judgments related to the project as provided under section 3318.086 of the Revised Code;

(U) A provision stipulating that for continued release of project funds the school district board shall comply with sections 3313.41, 3313.411, and 3313.413 of the Revised Code throughout the project and shall notify the department of education and workforce and the Ohio community school association when the board plans to dispose of facilities by sale under that section;

(V) A provision stipulating that the commission shall not approve a contract for demolition of a facility until the school district board has complied with sections 3313.41, 3313.411, and 3313.413 of the Revised Code relative to that facility, unless demolition of that facility is to clear a site for construction of a replacement facility included in the district's project.

Sec. 3318.084. (A) Notwithstanding anything to the contrary in Chapter 3318. of the Revised Code, a school district board may apply any local donated contribution toward any of the following:

(1) The district's portion of the basic project cost of a project under either sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code to reduce the amount of bonds the district otherwise must issue in order to receive state assistance under those sections;

(2) If the school district is not a joint vocational school district proceeding under sections 3318.40 to 3318.45 of
the Revised Code, an offset of all or part of a district's obligation to levy the tax described in division (B) of section 3318.05 of the Revised Code, which shall be applied only in the manner prescribed in division (B) of this section;

(3) If the school district is a joint vocational school district proceeding under sections 3318.40 to 3318.45 of the Revised Code, all or part of the amount the school district is obligated to set aside for maintenance of the classroom facilities acquired under that project pursuant to section 3318.43 of the Revised Code.

(B) No school district board shall apply any local donated contribution under division (A)(2) of this section unless the Ohio facilities construction commission first approves that application.

Upon the request of the school district board to apply local donated contribution under division (A)(2) of this section, the commission in consultation with the department of taxation shall determine the amount of total revenue that likely would be generated by one-half mill of the tax described in division (B) of section 3318.05 of the Revised Code over the entire twenty-three-year period required under that section and shall deduct from that amount any amount of local donated contribution that the board has committed to apply under division (A)(2) of this section. The commission then shall determine in consultation with the department of taxation the rate of tax over twenty-three years necessary to generate the amount of a one-half mill tax not offset by the local donated contribution. Notwithstanding anything to the contrary in section 3318.06, 3318.061, or 3318.361 of the Revised Code, the rate determined by the commission shall be the rate for which
the district board shall seek elector approval under those sections to meet its obligation under division (B) of section 3318.05 of the Revised Code. In the case of a complete offset of the district's obligation under division (B) of section 3318.05 of the Revised Code, the district shall not be required to levy the tax otherwise required under that section. At the end of the twenty-three-year period of the tax required under division (B) of section 3318.05 of the Revised Code, whether or not the tax is actually levied, the commission in consultation of the department of taxation shall recalculate the amount that would have been generated by the tax if it had been levied at one-half mill. If the total amount actually generated over that period from both the tax that was actually levied and any local donated contribution applied under division (A)(2) of this section is less than the amount that would have been raised by a one-half mill tax, the district shall pay any difference. If the total amount actually raised in such manner is greater than the amount that would have been raised by a one-half mill tax the difference shall be zero and no payments shall be made by either the district or the commission.

(C) As used in this section, "local donated contribution" means any of the following:

(1) Any moneys irrevocably donated or granted to a school district board by a source other than the state which the board has the authority to apply to the school district's project under sections 3318.01 to 3318.20 of the Revised Code and which the board has pledged for that purpose by resolution adopted by a majority of its members;

(2) Any irrevocable letter of credit issued on behalf of a school district which the school district board has encumbered
for payment of the school district's share of its project under sections 3318.01 to 3318.20 of the Revised Code that has been approved by the commission in consultation with the department of education and workforce;

(3) Any cash a school district has on hand that the school district board has encumbered for payment of the school district's share of its project under sections 3318.01 to 3318.20 of the Revised Code that has been approved by the commission in consultation with the department of education, including the following:

(a) Any year-end operating fund balances that can be spent for classroom facilities;

(b) Any cash resulting from a lease-purchase agreement that the school district board has entered into under section 3313.375 of the Revised Code, provided that the agreement and the related financing documents contain provisions protecting the state's superior interest in the project.

(4) Any moneys spent by a source other than the school district or the state for construction or renovation of specific classroom facilities that have been approved by the commission as part of the basic project cost of the district's project. The school district, the commission, and the entity providing the local donated contribution under division (C)(4) of this section shall enter into an agreement identifying the classroom facilities to be acquired by the expenditures made by that entity. The agreement shall include, but not be limited to, stipulations that require an audit by the commission of such expenditures made on behalf of the district and that specify the maximum amount of credit to be allowed for those expenditures. Upon completion of the construction or renovation, the
commission shall determine the actual amount that the commission will credit, at the request of the district board, toward the district's portion of the basic project cost, any project cost overruns, or the basic project cost of future segments if the project has been divided into segments under section 3318.38 of the Revised Code. The actual amount of the credit shall not exceed the lesser of the amount specified in the agreement or the actual cost of the construction or renovation.

(D) No state moneys shall be released for a project to which this section applies until:

(1) Any local donated contribution authorized under division (A)(1) of this section is first deposited into the school district's project construction fund.

(2) The school district board and the commission have included a stipulation in their agreement entered into under section 3318.08 of the Revised Code under which the board will deposit into a fund approved by the commission according to a schedule that does not extend beyond the anticipated completion date of the project the total amount of any local donated contribution authorized under division (A)(2) or (3) of this section and dedicated by the board for that purpose.

However, if any local donated contribution as described in division (C)(4) of this section has been approved under this section, the state moneys may be released even if the entity providing that local donated contribution has not spent the moneys so dedicated as long as the agreement required under that section has been executed.

Sec. 3318.18. (A) As used in this section:

(1) "Valuation" of a school district means the sum of the
amounts described in divisions (A)(1) and (2) of section 3317.021 of the Revised Code as most recently certified for the district before the annual computation is made under division (B) of this section.

(2) "Valuation per pupil" of a school district means the district's valuation divided by the district's formula ADM as most recently calculated under section 3317.03 of the Revised Code before the annual computation is made under division (B) of this section.

(3) "Statewide average valuation per pupil" means the total of the valuations of all school districts divided by the total of the formula ADMs of all school districts as most recently calculated under section 3317.03 of the Revised Code before the annual computation is made under division (C) of this section.

(4) "Maintenance levy requirement" means the tax required to be levied pursuant to division (C)(2)(a) of section 3318.08 and division (B) of section 3318.05 of the Revised Code or the application of proceeds of another levy to paying the costs of maintaining classroom facilities pursuant to division (A)(2) of section 3318.052, division (C)(1) or (C)(2)(b) of section 3318.08, or division (D)(2) of section 3318.36 of the Revised Code, or a combination thereof.

(5) "Project agreement" means an agreement between a school district and the Ohio facilities construction commission under section 3318.08 or division (B)(1) of section 3318.36 of the Revised Code.

(B) On or before July 1, 2006, the department of education shall compute the statewide average valuation per pupil and the
valuation per pupil of each school district, and provide them to the Ohio facilities construction commission. On or before the first day of July each year beginning in 2007, the department of education and workforce shall compute the statewide average valuation per pupil and the valuation per pupil of each school district that has not already entered into a project agreement, and provide the results of those computations to the commission.

(C)(1) At the time the Ohio facilities construction commission enters into a project agreement with a school district, the commission shall compute the difference between the district's valuation per pupil and the statewide average valuation per pupil as most recently provided to the commission under division (B) of this section. If the school district's valuation per pupil is less than the average statewide valuation per pupil, the commission shall multiply the difference between those amounts by one-half mill times the formula ADM of the district as most recently reported to the department of education for October under division (A) of section 3317.03 of the Revised Code. The commission shall certify the resulting product to the department of education, along with the date on which the maintenance levy requirement terminates as provided in the project agreement between the school district board and the commission.

(2) In the case of a school district that entered into a project agreement after July 1, 1997, but before July 1, 2006, the commission shall make the computation described in division (C)(1) of this section on the basis of the district's valuation per pupil and the statewide average valuation per pupil computed as of September 1, 2006, and the district's formula ADM reported for October 2005.
(3) The amount computed for a school district under 
division (C)(1) or (2) of this section shall not change for the 
period during which payments are made to the district under 
division (D) of this section.

(4) A computation need not be made under division (C)(1) 
or (2) of this section for a school district that certified a 
resolution to the commission under division (D)(3) of section 
3318.36 of the Revised Code until the district becomes eligible 
for state assistance as provided in that division.

(D) In the fourth quarter of each fiscal year, for each 
school district for which a computation has been made under 
division (C) of this section, the department of education shall 
pay the amount computed to each such school district. Payments 
shall be made to a school district each year until and including 
the tax year in which the district's maintenance levy 
requirement terminates. Payments shall be paid from the half-
mill equalization fund, subject to appropriation by the general 
assembly. However, the department shall make no payments under 
this section to any district that elects the procedure 
authorized by section 3318.051 of the Revised Code.

(E) Payments made to a school district under this section 
shall be credited to the district's classroom facilities 
maintenance fund and shall be used only for the purpose of 
maintaining facilities constructed or renovated under the 
project agreement.

(F) There is hereby created in the state treasury the 
half-mill equalization fund. The fund shall receive transfers 
pursuant to section 5727.85 of the Revised Code. The fund shall 
be used first to make annual payments under division (D) of this 
section. If a balance remains in the fund after such payments
are made in full for a year, the Ohio facilities construction commission may request the controlling board to transfer a reasonable amount from such remaining balance to the public school building fund created under section 3318.15 of the Revised Code for the purposes of this chapter.

All investment earnings arising from investment of money in the half-mill equalization fund shall be credited to the fund.

Sec. 3318.363. (A) This section applies beginning in fiscal year 2003 and only to a school district participating in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code.

(B) If there is a decrease in the tax valuation of a school district to which this section applies by ten per cent or greater from one tax year to the next due to a decrease in the assessment rate of the taxable property of an electric company that owns property in the district, as provided for in section 5727.111 of the Revised Code as amended by Am. Sub. S.B. 3 of the 123rd General Assembly, the Ohio facilities construction commission shall calculate or recalculate the state and school district portions of the basic project cost of the school district's project by determining the percentile rank in which the district would be located if such ranking were made using the adjusted valuation per pupil calculated under division (C) of this section rather than the three-year average adjusted valuation per pupil, calculated under division (B) of section 3318.011 of the Revised Code. For such district, the required percentage of the basic project cost used to determine the state and school district shares of that cost under division (C) of section 3318.36 of the Revised Code shall be based on the
percentile rank as calculated under this section rather than as otherwise provided in division (C)(1) of section 3318.36 of the Revised Code. If the commission has determined the state and school district portion of the basic project cost of such a district's project under section 3318.36 of the Revised Code prior to that decrease in tax valuation, the commission shall adjust the state and school district shares of the basic project cost of such project in accordance with this section.

(C)(1) As used in divisions (C) and (D) of this section, "total taxable value" and "formula ADM" have the same meanings as in section 3317.02 of the Revised Code, and "income factor" has the same meaning as in section 3318.011 of the Revised Code.

(2) The adjusted valuation per pupil for a school district to which this section applies shall be calculated using the following formula:

\[
\text{(The district's total taxable value for the tax year preceding the calendar year in which the current fiscal year begins / the district's formula ADM for the previous fiscal year)} - \left[\$30,000 \times (1 - \text{the district's income factor})\right].
\]

(D) At the request of the Ohio facilities construction commission, the department of education and workforce shall report a district's total taxable value for the tax year preceding the calendar year in which the current fiscal year begins for any district to which this section applies as that information has been certified to the department by the tax commissioner pursuant to section 3317.021 of the Revised Code.

Sec. 3318.42. (A) Not later than the sixty-first day after March 14, 2003, and subsequently not later than the sixty-first day after the first day of each ensuing fiscal year, the
department of education and workforce shall do all of the following:

(1) Calculate the valuation per pupil of each joint vocational school district according to the following formula:

The school district's average taxable value divided by the school district's formula ADM calculated under section 3317.03 of the Revised Code for the previous fiscal year. For purposes of this calculation:

(a) "Average taxable value" means the average of the amounts certified for a school district in the second, third, and fourth preceding tax years under divisions (A)(1) and (2) of section 3317.021 of the Revised Code.

(b) "Formula ADM" has the same meaning as defined in section 3317.02 of the Revised Code.

(2) Calculate for each school district the three-year average of the valuations per pupil calculated for the school district for the current and two preceding fiscal years;

(3) Rank all joint vocational school districts in order from the school district with the lowest three-year average valuation per pupil to the school district with the highest three-year average valuation per pupil;

(4) Divide the ranking under division (A)(3) of this section into percentiles with the first percentile containing the one per cent of school districts having the lowest three-year average valuations per pupil and the one-hundredth percentile containing the one per cent of school districts having the highest three-year average valuations per pupil;

(5) Certify the information described in divisions (A)(1)
(B) The commission annually shall select school districts for assistance under sections 3318.40 to 3318.45 of the Revised Code in the order of the school districts' three-year average valuations per pupil such that the school district with the lowest three-year average valuation per pupil shall be given the highest priority for assistance.

(C) Each joint vocational school district's portion of the basic project cost of the school district's project under sections 3318.40 to 3318.45 of the Revised Code shall be one per cent times the percentile in which the district ranks, except that no school district's portion shall be less than twenty-five per cent or greater than ninety-five per cent of the basic project cost.

Sec. 3319.02. (A)(1) As used in this section, "other administrator" means any of the following:

(a) Except as provided in division (A)(2) of this section, any employee in a position for which a board of education requires a license designated by rule of the state board of education for being an administrator issued under section 3319.22 of the Revised Code, including a professional pupil services employee or administrative specialist or an equivalent of either one who is not employed as a school counselor and spends less than fifty per cent of the time employed teaching or working with students;

(b) Any nonlicensed employee whose job duties enable such employee to be considered as either a "supervisor" or a "management level employee," as defined in section 4117.01 of
the Revised Code;

   (c) A business manager appointed under section 3319.03 of
the Revised Code.

   (2) As used in this section, "other administrator" does
not include a superintendent, assistant superintendent,
principal, or assistant principal.

   (B) The board of education of each school district and the
governing board of an educational service center may appoint one
or more assistant superintendents and such other administrators
as are necessary. An assistant educational service center
superintendent or service center supervisor employed on a part-
time basis may also be employed by a local board as a teacher.
The board of each city, exempted village, and local school
district shall employ principals for all high schools and for
such other schools as the board designates, and those boards may
appoint assistant principals for any school that they designate.

   (C) In educational service centers and in city, exempted
village, and local school districts, assistant superintendents,
 principals, assistant principals, and other administrators shall
only be employed or reemployed in accordance with nominations of
the superintendent, except that a board of education of a school
district or the governing board of a service center, by a three-
fourths vote of its full membership, may reemploy any assistant
superintendent, principal, assistant principal, or other
administrator whom the superintendent refuses to nominate.

The board of education or governing board shall execute a
written contract of employment with each assistant
superintendent, principal, assistant principal, and other
administrator it employs or reemploys. The term of such contract
shall not exceed three years except that in the case of a person who has been employed as an assistant superintendent, principal, assistant principal, or other administrator in the district or center for three years or more, the term of the contract shall be for not more than five years and, unless the superintendent of the district recommends otherwise, not less than two years. If the superintendent so recommends, the term of the contract of a person who has been employed by the district or service center as an assistant superintendent, principal, assistant principal, or other administrator for three years or more may be one year, but all subsequent contracts granted such person shall be for a term of not less than two years and not more than five years. When a teacher with continuing service status becomes an assistant superintendent, principal, assistant principal, or other administrator with the district or service center with which the teacher holds continuing service status, the teacher retains such status in the teacher's nonadministrative position as provided in sections 3311.77, 3319.08, and 3319.09 of the Revised Code.

A board of education or governing board may reemploy an assistant superintendent, principal, assistant principal, or other administrator at any regular or special meeting held during the period beginning on the first day of January of the calendar year immediately preceding the year of expiration of the employment contract and ending on the first day of June of the year the employment contract expires.

Except by mutual agreement of the parties thereto, no assistant superintendent, principal, assistant principal, or other administrator shall be transferred during the life of a contract to a position of lesser responsibility. No contract may be terminated by a board except pursuant to section 3319.16 of
the Revised Code. No contract may be suspended except pursuant to section 3319.17 or 3319.171 of the Revised Code. The salaries and compensation prescribed by such contracts shall not be reduced by a board unless such reduction is a part of a uniform plan affecting the entire district or center. The contract shall specify the employee's administrative position and duties as included in the job description adopted under division (D) of this section, the salary and other compensation to be paid for performance of duties, the number of days to be worked, the number of days of vacation leave, if any, and any paid holidays in the contractual year.

An assistant superintendent, principal, assistant principal, or other administrator is, at the expiration of the current term of employment, deemed reemployed at the same salary plus any increments that may be authorized by the board, unless such employee notifies the board in writing to the contrary on or before the fifteenth day of June, or unless such board, on or before the first day of June of the year in which the contract of employment expires, either reemploys such employee for a succeeding term or gives written notice of its intention not to reemploy the employee. The term of reemployment of a person reemployed under this paragraph shall be one year, except that if such person has been employed by the school district or service center as an assistant superintendent, principal, assistant principal, or other administrator for three years or more, the term of reemployment shall be two years.

(D)(1) Each board shall adopt procedures for the evaluation of all assistant superintendents, principals, assistant principals, and other administrators and shall evaluate such employees in accordance with those procedures. The procedures for the evaluation of principals and assistant

principals shall be based on principles comparable to the teacher evaluation policy adopted by the board under section 3319.111 of the Revised Code, but shall be tailored to the duties and responsibilities of principals and assistant principals and the environment in which they work. An evaluation based upon procedures adopted under this division shall be considered by the board in deciding whether to renew the contract of employment of an assistant superintendent, principal, assistant principal, or other administrator.

(2) The evaluation shall measure each assistant superintendent's, principal's, assistant principal's, and other administrator's effectiveness in performing the duties included in the job description and the evaluation procedures shall provide for, but not be limited to, the following:

(a) Each assistant superintendent, principal, assistant principal, and other administrator shall be evaluated annually through a written evaluation process.

(b) The evaluation shall be conducted by the superintendent or designee.

(c) In order to provide time to show progress in correcting the deficiencies identified in the evaluation process, the evaluation process shall be completed as follows:

(i) In any school year that the employee's contract of employment is not due to expire, at least one evaluation shall be completed in that year. A written copy of the evaluation shall be provided to the employee no later than the end of the employee's contract year as defined by the employee's annual salary notice.

(ii) In any school year that the employee's contract of
employment is due to expire, at least a preliminary evaluation
and at least a final evaluation shall be completed in that year.
A written copy of the preliminary evaluation shall be provided
to the employee at least sixty days prior to any action by the
board on the employee's contract of employment. The final
evaluation shall indicate the superintendent's intended
recommendation to the board regarding a contract of employment
for the employee. A written copy of the evaluation shall be
provided to the employee at least five days prior to the board's
acting to renew or not renew the contract.

(3) Termination of an assistant superintendent, principal,
assistant principal, or other administrator's contract shall be
pursuant to section 3319.16 of the Revised Code. Suspension of
any such employee shall be pursuant to section 3319.17 or
3319.171 of the Revised Code.

(4) Before taking action to renew or nonrenew the contract
of an assistant superintendent, principal, assistant principal,
or other administrator under this section and prior to the first
day of June of the year in which such employee's contract
expires, the board shall notify each such employee of the date
that the contract expires and that the employee may request a
meeting with the board. Upon request by such an employee, the
board shall grant the employee a meeting in executive session.
In that meeting, the board shall discuss its reasons for
considering renewal or nonrenewal of the contract. The employee
shall be permitted to have a representative, chosen by the
employee, present at the meeting.

(5) The establishment of an evaluation procedure shall not
create an expectancy of continued employment. Nothing in
division (D) of this section shall prevent a board from making
the final determination regarding the renewal or nonrenewal of the contract of any assistant superintendent, principal, assistant principal, or other administrator. However, if a board fails to provide evaluations pursuant to division (D)(2)(c)(i) or (ii) of this section, or if the board fails to provide at the request of the employee a meeting as prescribed in division (D)(4) of this section, the employee automatically shall be reemployed at the same salary plus any increments that may be authorized by the board for a period of one year, except that if the employee has been employed by the district or service center as an assistant superintendent, principal, assistant principal, or other administrator for three years or more, the period of reemployment shall be for two years.

(E) On nomination of the superintendent of a service center a governing board may employ supervisors who shall be employed under written contracts of employment for terms not to exceed five years each. Such contracts may be terminated by a governing board pursuant to section 3319.16 of the Revised Code. Any supervisor employed pursuant to this division may terminate the contract of employment at the end of any school year after giving the board at least thirty days' written notice prior to such termination. On the recommendation of the superintendent the contract or contracts of any supervisor employed pursuant to this division may be suspended for the remainder of the term of any such contract pursuant to section 3319.17 or 3319.171 of the Revised Code.

(F) A board may establish vacation leave for any individuals employed under this section. Upon such an individual's separation from employment, a board that has such leave may compensate such an individual at the individual's current rate of pay for all lawfully accrued and unused vacation.
leave credited at the time of separation, not to exceed the amount accrued within three years before the date of separation. In case of the death of an individual employed under this section, such unused vacation leave as the board would have paid to the individual upon separation under this section shall be paid in accordance with section 2113.04 of the Revised Code, or to the estate.

(G) The board of education of any school district may contract with the governing board of the educational service center from which it otherwise receives services to conduct searches and recruitment of candidates for assistant superintendent, principal, assistant principal, and other administrator positions authorized under this section.

Sec. 3319.073. (A) The board of education of each city and exempted village school district and the governing board of each educational service center shall adopt or adapt the curriculum developed by the department of education and workforce, or shall develop in consultation with public or private agencies or persons involved in child abuse prevention or intervention programs, a program of in-service training in the prevention of child abuse, violence, and substance abuse and the promotion of positive youth development. Each person employed by any school district or service center to work in a school as a nurse, teacher, counselor, school psychologist, or administrator shall complete at least four hours of the in-service training within two years of commencing employment with the district or center, and every five years thereafter. A person who is employed by any school district or service center to work in an elementary school as a nurse, teacher, counselor, school psychologist, or administrator on March 30, 2007, shall complete at least four hours of the in-service training not later than March 30, 2009,

(B) Each board shall incorporate training in school safety and violence prevention, including human trafficking content, into the in-service training required by division (A) of this section. For this purpose, the board shall adopt or adapt the curriculum developed by the department or shall develop its own curriculum in consultation with public or private agencies or persons involved in school safety and violence prevention programs.

(C) Each board shall incorporate training on the board's harassment, intimidation, or bullying policy adopted under section 3313.666 of the Revised Code into the in-service training required by division (A) of this section. Each board also shall incorporate training in the prevention of dating violence into the in-service training required by that division for middle and high school employees. The board shall develop its own curricula for these purposes.

(D) Each board shall incorporate training in youth suicide awareness and prevention into the in-service training required by division (A) of this section for each person employed by a school district or service center to work in a school as a nurse, teacher, counselor, school psychologist, or administrator, and any other personnel that the board determines appropriate. The board shall require each such person to undergo training in youth suicide awareness and prevention programs once
every two years. For this purpose, the board shall adopt or adapt the curriculum developed by the department under section 3301.221 of the Revised Code or shall develop its own curriculum in consultation with public or private agencies or persons involved in youth suicide awareness and prevention programs.

The training completed under this division shall count toward the satisfaction of requirements for professional development required by the school district or service center board, and the training may be accomplished through self-review of suitable suicide prevention materials approved by the board.

(E) Each board shall incorporate training on child sexual abuse into the in-service training required by division (A) of this section. The training completed under this division shall count toward the satisfaction of requirements for professional development required by the school district or service center board. Any training provided under this section shall be presented by either of the following who have experience in handling cases involving child sexual abuse or child sexual violence:

(1) Law enforcement officers;

(2) Prosecutors.

(D) Any professional development training completed by a
teacher prior to April 12, 2021, that is then included on the
list of training approved under division (B)(1) of this section
shall count toward the number of instructional hours in approved
professional development training required under division (C) of
this section.

(E) Nothing in this section shall prohibit a school
district from requiring employees who are not subject to this
section from completing professional development training
approved under division (B) of this section.

Sec. 3319.111. Notwithstanding section 3319.09 of the
Revised Code, this section applies to any person who is employed
under a teacher license issued under this chapter, or under a
professional or permanent teacher's certificate issued under
former section 3319.222 of the Revised Code, and who spends at
least fifty per cent of the time employed providing student
instruction. However, this section does not apply to any person
who is employed as a substitute teacher or as an instructor of
adult education.

(A) Not later than July 1, 2020, the board of
education of each school district, in consultation with teachers
employed by the board, shall update its standards-based teacher
evaluation policy to conform with the framework for evaluation
of teachers adopted under section 3319.112 of the Revised Code.
The policy shall become operative at the expiration of any
collective bargaining agreement covering teachers employed by
the board that is in effect on the effective date of this amendment November 2, 2018, and shall be included in any renewal or extension of such an agreement.

(B) When using measures of student performance as evidence in a teacher's evaluation, those measures shall be high-quality student data. The board of education of each school district may use data from the assessments on the list developed under division (B)(2) of section 3319.112 of the Revised Code as high-quality student data.

(C)(1) The board shall conduct an evaluation of each teacher employed by the board at least once each school year, except as provided in division (C)(2) of this section. The evaluation shall be completed by the first day of May and the teacher shall receive a written report of the results of the evaluation by the tenth day of May.

(2)(a) The board may evaluate each teacher who received a rating of accomplished on the teacher's most recent evaluation conducted under this section once every three school years, so long as the teacher submits a self-directed professional growth plan to the evaluator that focuses on specific areas identified in the observations and evaluation and the evaluator determines that the teacher is making progress on that plan.

(b) The board may evaluate each teacher who received a rating of skilled on the teacher's most recent evaluation conducted under this section once every two years, so long as the teacher and evaluator jointly develop a professional growth plan for the teacher that focuses on specific areas identified in the observations and evaluation and the evaluator determines that the teacher is making progress on that plan.
(c) For each teacher who is evaluated pursuant to division (C)(2) of this section, the evaluation shall be completed by the first day of May of the applicable school year, and the teacher shall receive a written report of the results of the evaluation by the tenth day of May of that school year.

(d) The board may elect not to conduct an evaluation of a teacher who meets one of the following requirements:

(i) The teacher was on leave from the school district for fifty per cent or more of the school year, as calculated by the board.

(ii) The teacher has submitted notice of retirement and that notice has been accepted by the board not later than the first day of December of the school year in which the evaluation is otherwise scheduled to be conducted.

(e) The board may elect not to conduct an evaluation of a teacher who is participating in the teacher residency program established under section 3319.223 of the Revised Code for the year during which that teacher takes, for the first time, at least half of the performance-based assessment prescribed by the state board of education for resident educators.

(3) In any year that a teacher is not formally evaluated pursuant to division (C) of this section as a result of receiving a rating of accomplished or skilled on the teacher's most recent evaluation, an individual qualified to evaluate a teacher under division (D) of this section shall conduct at least one observation of the teacher and hold at least one conference with the teacher. The conference shall include a discussion of progress on the teacher's professional growth plan.
(D) Each evaluation conducted pursuant to this section shall be conducted by one or more of the following persons who hold a credential established by the department of education for being an evaluator:

(1) A person who is under contract with the board pursuant to section 3319.01 or 3319.02 of the Revised Code and holds a license designated for being a superintendent, assistant superintendent, or principal issued under section 3319.22 of the Revised Code;

(2) A person who is under contract with the board pursuant to section 3319.02 of the Revised Code and holds a license designated for being a vocational director, administrative specialist, or supervisor in any educational area issued under section 3319.22 of the Revised Code;

(3) A person designated to conduct evaluations under an agreement entered into by the board, including an agreement providing for peer review entered into by the board and representatives of teachers employed by the board;

(4) A person who is employed by an entity contracted by the board to conduct evaluations and who holds a license designated for being a superintendent, assistant superintendent, principal, vocational director, administrative specialist, or supervisor in any educational area issued under section 3319.22 of the Revised Code or is qualified to conduct evaluations.

(E) Notwithstanding division (A)(3) of section 3319.112 of the Revised Code, the board shall require at least three formal observations of each teacher who is under consideration for nonrenewal and with whom the board has entered into a limited contract or an extended limited contract under section 3319.11...
of the Revised Code.

(F) The board shall include in its evaluation policy procedures for using the evaluation results for retention and promotion decisions and for removal of poorly performing teachers. Seniority shall not be the basis for a decision to retain a teacher, except when making a decision between teachers who have comparable evaluations.

(G) For purposes of section 3333.0411 of the Revised Code, the board annually shall report to the department of education the number of teachers for whom an evaluation was conducted under this section and the number of teachers assigned each rating prescribed under division (B)(1) of section 3319.112 of the Revised Code, aggregated by the teacher preparation programs from which and the years in which the teachers graduated. The department shall establish guidelines for reporting the information required by this division. The guidelines shall not permit or require that the name of, or any other personally identifiable information about, any teacher be reported under this division.

(H) Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the requirements of this section prevail over any conflicting provisions of a collective bargaining agreement entered into on or after the effective date of this amendment November 2, 2018.

Sec. 3319.112. (A) The state board of education shall revise the standards-based state framework for the evaluation of teachers based on the recommendations of the educator standards board established under section 3319.60 of the Revised Code. The state board shall hold at least one public hearing on the revised framework and shall make the full text of the revised
framework available at each hearing it holds on the revised framework. Not later than May 1, 2020, the state board shall adopt the revised framework. The state board may update the framework periodically by adoption of a resolution. The framework shall establish an evaluation system that does the following:

1. Provides for multiple evaluation factors;
2. Is aligned with the standards for teachers adopted under section 3319.61 of the Revised Code;
3. Requires observation of the teacher being evaluated, including at least two formal observations by the evaluator of at least thirty minutes each and classroom walk-throughs;
4. Assigns a rating on each evaluation in accordance with division (B) of this section;
5. Requires each teacher to be provided with a written report of the results of the teacher's evaluation;
6. Uses at least two measures of high-quality student data to provide evidence of student learning attributable to the teacher being evaluated. The state board shall define "high-quality student data" for this purpose. When applicable to the grade level or subject area taught by a teacher, high-quality student data shall include the value-added progress dimension established under section 3302.021 of the Revised Code, but the teacher or evaluator shall use at least one other measure of high-quality student data to demonstrate student learning. In accordance with the guidance described in division (D)(3) of this section, high-quality student data may be used as evidence in any component of the evaluation related to the following:

(a) Knowledge of the students to whom the teacher provides...
instruction;

(b) The teacher's use of differentiated instructional practices based on the needs or abilities of individual students;

(c) Assessment of student learning;

(d) The teacher's use of assessment data;

(e) Professional responsibility and growth.

(7) Prohibits the shared attribution of student performance data among all teachers in a district, building, grade, content area, or other group;

(8) Includes development of a professional growth plan or improvement plan for the teacher that is based on the results of the evaluation and is aligned to any school district or building improvement plan required for the teacher's district or building under the "Elementary and Secondary Education Act of 1965," as amended by the "Every Student Succeeds Act of 2015," Pub. L. No. 114-95, 20 U.S.C. 6301 et seq.;

(9) Provides for professional development to accelerate and continue teacher growth and provide support to poorly performing teachers;

(10) Provides for the allocation of financial resources to support professional development;

(11) Prohibits the use of student learning objectives.

(B) For purposes of the framework adopted under this section, the state board also shall do the following:

(1) Revise, as necessary, specific standards and criteria that distinguish between the following levels of performance for
teachers and principals for the purpose of assigning ratings on the evaluations conducted under sections 3311.80, 3311.84, 3319.02, and 3319.111 of the Revised Code:

(a) Accomplished;

(b) Skilled;

(c) Developing;

(d) Ineffective.

(2) Develop a list of student assessments that measure mastery of the course content for the appropriate grade level, which may include nationally normed standardized assessments, industry certification examinations, or end-of-course examinations. The data from these assessments may be considered high-quality student data.

(C) The state board shall consult with experts, teachers and principals employed in public schools, the educator standards board, and representatives of stakeholder groups in revising the standards and criteria required by division (B)(1) of this section.

(D) To assist school districts in developing evaluation policies under sections 3311.80, 3311.84, 3319.02, and 3319.111 of the Revised Code, the state board shall do all of the following:

(1) Serve as a clearinghouse of promising evaluation procedures and evaluation models that districts may use;

(2) Provide technical assistance to districts in creating evaluation policies;

(E) Not later than July 1, 2020, the state board, in consultation with state agencies that employ teachers, shall update its standards-based framework for the evaluation of teachers employed by those agencies. Each state agency that employs teachers shall adopt a standards-based teacher evaluation policy to conform with the framework. The policy shall become operative at the expiration of any collective bargaining agreement covering teachers employed by the agency that is in effect on the effective date of this amendment—November 2, 2018, and shall be included in any renewal or extension of such an agreement. However, this division does not apply to any person who is employed as a substitute teacher or as an instructor of adult education.

Sec. 3319.113. (A) Not later than May 31, 2016, the The state board of education shall develop a standards-based state framework for the evaluation of school counselors. The state board may update the framework periodically by adoption of a resolution. The framework shall establish an evaluation system that does the following:

(1) Requires school counselors to demonstrate their ability to produce positive student outcomes using metrics,
including those from the school or school district's report card issued under section 3302.03 of the Revised Code when appropriate;

(2) Is aligned with the standards for school counselors adopted under section 3319.61 of the Revised Code and requires school counselors to demonstrate their ability in all the areas identified by those standards;

(3) Requires that all school counselors be evaluated annually, except as otherwise appropriate for high-performing school counselors or as specified in division (D) of this section;

(4) Assigns a rating on each evaluation in accordance with division (B) of this section;

(5) Designates the personnel that may conduct evaluations of school counselors in accordance with this framework;

(6) Requires that each school counselor be provided with a written report of the results of that school counselor's evaluation;

(7) Provides for professional development to accelerate and continue school counselor growth and provide support to poorly performing school counselors.

(B)(1) The state board shall develop specific standards and criteria that distinguish between the following levels of performance for school counselors for the purposes of assigning ratings on the evaluations conducted under this section:

(a) Accomplished;

(b) Skilled;
(c) Developing;

(d) Ineffective.

(2) The state board shall consult with experts, school counselors and principals employed in public schools, and representatives of stakeholder groups in developing the standards and criteria required by division (B)(1) of this section.

(C)(1) Not later than September 30, 2016, each school district board of education shall adopt a standards-based school counselor evaluation policy that conforms with the framework for the evaluation of school counselors developed under this section. The policy shall become operative at the expiration of any collective bargaining agreement covering school counselors employed by the board that is in effect on September 29, 2015, and shall be included in any renewal or extension of such an agreement.

(2) A district board shall include both of the following in its evaluation policy:

(a) The implementation of the framework for the evaluation of school counselors developed under this section beginning in the 2016-2017 school year;

(b) Procedures for using the evaluation results, beginning in the 2017-2018 school year, for both of the following:

(i) Decisions regarding retention and promotion of school counselors;

(ii) Removal of poorly performing school counselors.

(D) Beginning with the 2017-2018 school year, a district board may elect not to conduct an evaluation of a school...
counselor who meets one of the following requirements:

(1) The school counselor was on leave from the school
district for fifty per cent or more of the school year, as
calculated by the board.

(2) The school counselor has submitted notice of
retirement and that notice has been accepted by the board not
later than the first day of December of the school year in which
the evaluation is otherwise scheduled to be conducted.

(E) Each district board shall annually submit a report to
the department of education state board, in a form and manner
prescribed by the department state board, regarding its
implementation of division (C) of this section. At no time shall
the department state board permit or require that the name or
personally identifiable information of any school counselor be
reported to the department state board under this division.

(F) Notwithstanding any provision to the contrary in
Chapter 4117. of the Revised Code, the requirements of this
section prevail over any conflicting provision of a collective
bargaining agreement entered into on or after September 29,
2015.

Sec. 3319.143. Notwithstanding section 3319.141 of the
Revised Code, the board of education of a city, exempted
village, local or joint vocational school district may adopt a
policy of assault leave by which an employee who is absent due
to physical disability resulting from an assault which occurs in
the course of board employment will be maintained on full pay
status during the period of such absence. A board of education
electing to effect such a policy of assault leave shall
establish rules for the entitlement, crediting, and use of
assault leave and file a copy of same with the state board 
department of education and workforce. A board of education 
adopter this policy shall require an employee to furnish a 
signed statement on forms prescribed by such board to justify 
the use of assault leave. If medical attention is required, a 
certificate from a licensed physician stating the nature of the 
disability and its duration shall be required before assault 
leave can be approved for payment. Falsification of either a 
signed statement or a physician's certificate is ground for 
suspension or termination of employment under section 3311.82 or 
3319.16 of the Revised Code.

Assault leave granted under rules adopted by a board of 
education pursuant to this section shall not be charged against 
sick leave earned or earnable under section 3319.141 of the 
Revised Code or leave granted under rules adopted by a board of 
education pursuant to section 3311.77 or 3319.08 of the Revised 
Code. This section shall be uniformly administered in those 
districts where such policy is adopted.

Sec. 3319.151. (A) As used in this section, "assessment" 
means an assessment administered under section 3301.0711 of the 
Revised Code.

(B) No person shall do any of the following:

(1) Reveal to any student any specific question that the 
person knows is part of an assessment or in any other way assist 
a pupil to cheat on an assessment;

(2) Obtain prior knowledge of the contents of an 
assessment;

(3) Use prior knowledge of the contents of an assessment 
to assist students in preparing for the assessment;
(4) Fail to comply with any rule adopted by the department of education and workforce regarding security protocols for an assessment.

(C) On a finding by the state board of education, after investigation, that a school employee who holds a license, as defined in section 3319.31 of the Revised Code, has violated division (B) of this section, the state board shall take any action against the employee under section 3319.31 of the Revised Code that it considers appropriate, based on the nature and extent of the violation. The state board shall give the employee notice of the allegation upon commencing an investigation and shall give the employee an opportunity to respond prior to taking any disciplinary action.

(D)(1) Violation of division (B) of this section is grounds for termination of employment of a nonteaching employee under division (C) of section 3319.081 or section 124.34 of the Revised Code.

(2) Violation of division (B) of this section is grounds for termination of a teacher contract under section 3311.82 or 3319.16 of the Revised Code.

Sec. 3319.16. The contract of any teacher employed by the board of education of any city, exempted village, local, county, or joint vocational school district may not be terminated except for good and just cause. Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the provisions of this section relating to the grounds for termination of the contract of a teacher prevail over any conflicting provisions of a collective bargaining agreement entered into after the effective date of this amendment October 16, 2009.
Before terminating any contract, the employing board shall furnish the teacher a written notice signed by its treasurer of its intention to consider the termination of the teacher's contract with full specification of the grounds for such consideration. The board shall not proceed with formal action to terminate the contract until after the tenth day after receipt of the notice by the teacher. Within ten days after receipt of the notice from the treasurer of the board, the teacher may file with the treasurer a written demand for a hearing before the board or before a referee, and the board shall set a time for the hearing which shall be within thirty days from the date of receipt of the written demand, and the treasurer shall give the teacher at least twenty days' notice in writing of the time and place of the hearing. If a referee is demanded by either the teacher or board, the treasurer also shall give twenty days' notice to the superintendent of public instruction department of education and workforce. No hearing shall be held during the summer vacation without the teacher's consent. The hearing shall be private unless the teacher requests a public hearing. The hearing shall be conducted by a referee appointed pursuant to section 3319.161 of the Revised Code, if demanded; otherwise, it shall be conducted by a majority of the members of the board and shall be confined to the grounds given for the termination. The board shall provide for a complete stenographic record of the proceedings, a copy of the record to be furnished to the teacher. The board may suspend a teacher pending final action to terminate the teacher's contract if, in its judgment, the character of the charges warrants such action.

Both parties may be present at such hearing, be represented by counsel, require witnesses to be under oath, cross-examine witnesses, take a record of the proceedings, and
require the presence of witnesses in their behalf upon subpoena
to be issued by the treasurer of the board. In case of the
failure of any person to comply with a subpoena, a judge of the
court of common pleas of the county in which the person resides,
upon application of any interested party, shall compel
attendance of the person by attachment proceedings as for
contempt. Any member of the board or the referee may administer
oaths to witnesses. After a hearing by a referee, the referee
shall file a report within ten days after the termination of the
hearing. After consideration of the referee's report, the board,
by a majority vote, may accept or reject the referee's
recommendation on the termination of the teacher's contract.
After a hearing by the board, the board, by majority vote, may
enter its determination upon its minutes. Any order of
termination of a contract shall state the grounds for
termination. If the decision, after hearing, is against
termination of the contract, the charges and the record of the
hearing shall be physically expunged from the minutes, and, if
the teacher has suffered any loss of salary by reason of being
suspended, the teacher shall be paid the teacher's full salary
for the period of such suspension.

Any teacher affected by an order of termination of
contract may appeal to the court of common pleas of the county
in which the school is located within thirty days after receipt
of notice of the entry of such order. The appeal shall be an
original action in the court and shall be commenced by the
filing of a complaint against the board, in which complaint the
facts shall be alleged upon which the teacher relies for a
reversal or modification of such order of termination of
contract. Upon service or waiver of summons in that appeal, the
board immediately shall transmit to the clerk of the court for
filing a transcript of the original papers filed with the board, a certified copy of the minutes of the board into which the termination finding was entered, and a certified transcript of all evidence adduced at the hearing or hearings before the board or a certified transcript of all evidence adduced at the hearing or hearings before the referee, whereupon the cause shall be at issue without further pleading and shall be advanced and heard without delay. The court shall examine the transcript and record of the hearing and shall hold such additional hearings as it considers advisable, at which it may consider other evidence in addition to the transcript and record.

Upon final hearing, the court shall grant or deny the relief prayed for in the complaint as may be proper in accordance with the evidence adduced in the hearing. Such an action is a special proceeding, and either the teacher or the board may appeal from the decision of the court of common pleas pursuant to the Rules of Appellate Procedure and, to the extent not in conflict with those rules, Chapter 2505. of the Revised Code.

In any court action, the board may utilize the services of the prosecuting attorney, village solicitor, city director of law, or other chief legal officer of a municipal corporation as authorized by section 3313.35 of the Revised Code, or may employ other legal counsel.

A violation of division (A)(7) of section 2907.03 of the Revised Code is grounds for termination of a teacher contract under this section.

Sec. 3319.161. For the purpose of providing referees for the hearings required by section 3319.16 of the Revised Code, the superintendent of public instruction department of education...
and workforce shall compile a list of resident electors from names that the superintendent department shall solicit annually from the state bar association.

Upon receipt of notice that a referee has been demanded by a teacher or by a board of education, the superintendent of public instruction department shall immediately designate three persons from such list, from whom the referee to hear the matter shall be chosen, and the superintendent department shall immediately notify the designees, the teacher, and the board of the school district involved. If within five days of receipt of the notice, the teacher and board are unable to select a mutually agreeable designee to serve as referee, the superintendent of public instruction department shall appoint one of the three designees to serve as referee. The appointment of the referee shall be entered in the minutes of the board. The referee appointed shall be paid the referee's usual and customary fee for attending the hearing which shall be paid from the school district general fund upon vouchers approved by the superintendent of public instruction department and presented to the treasurer of the district. No referee shall be a member of, an employee of, or teacher employed by the board of education nor related to any such person by consanguinity or marriage.

Sec. 3319.22. (A)(1) The state board of education shall issue the following educator licenses:

(a) A resident educator license, which shall be valid for two years and shall be renewable for reasons specified by rules adopted by the state board pursuant to division (A)(3) of this section. The state board, on a case-by-case basis, may extend the license's duration as necessary to enable the license holder to complete the Ohio teacher residency program established under
section 3319.223 of the Revised Code;

(b) A professional educator license, which shall be valid for five years and shall be renewable;

(c) A senior professional educator license, which shall be valid for five years and shall be renewable;

(d) A lead professional educator license, which shall be valid for five years and shall be renewable.

Licenses issued under division (A)(1) of this section on and after November 2, 2018, shall specify whether the educator is licensed to teach grades pre-kindergarten through five, grades four through nine, or grades seven through twelve. The changes to the grade band specifications under this amendment shall not apply to a person who holds a license under division (A)(1) of this section prior to November 2, 2018. Further, the changes to the grade band specifications under this amendment shall not apply to any license issued to teach in the area of computer information science, bilingual education, dance, drama or theater, world language, health, library or media, music, physical education, teaching English to speakers of other languages, career-technical education, or to any license issued to an intervention specialist, including a gifted intervention specialist, or to any other license that does not align to the grade band specifications.

(2)(a) Except as provided in division (A)(2)(b) of this section, the state board may issue any additional educator licenses of categories, types, and levels the board elects to provide.

(b) Not later than December 31, 2024, the state board shall cease licensing school psychologists. The state board
shall coordinate with the state board of psychology to transition to licensure under Chapter 4732. of the Revised Code any school psychologists licensed under rules adopted in accordance with sections 3301.07 and 3319.22 of the Revised Code.

(3) The state board shall adopt rules establishing the standards and requirements for obtaining each educator license issued under this section. The rules shall also include the reasons for which a resident educator license may be renewed under division (A)(1)(a) of this section.

(B) The rules adopted under this section shall require at least the following standards and qualifications for the educator licenses described in division (A)(1) of this section:

(1) An applicant for a resident educator license shall hold at least a bachelor's degree from an accredited teacher preparation program or be a participant in the teach for America program and meet the qualifications required under section 3319.227 of the Revised Code.

(2) An applicant for a professional educator license shall:

(a) Hold at least a bachelor's degree from an institution of higher education accredited by a regional accrediting organization;

(b) Have successfully completed the Ohio teacher residency program established under section 3319.223 of the Revised Code, if the applicant's current or most recently issued license is a resident educator license issued under this section or an alternative resident educator license issued under section 3319.26 of the Revised Code.
(3) An applicant for a senior professional educator license shall:

(a) Hold at least a master's degree from an institution of higher education accredited by a regional accrediting organization;

(b) Have previously held a professional educator license issued under this section or section 3319.222 or under former section 3319.22 of the Revised Code;

(c) Meet the criteria for the accomplished or distinguished level of performance, as described in the standards for teachers adopted by the state board under section 3319.61 of the Revised Code.

(4) An applicant for a lead professional educator license shall:

(a) Hold at least a master's degree from an institution of higher education accredited by a regional accrediting organization;

(b) Have previously held a professional educator license or a senior professional educator license issued under this section or a professional educator license issued under section 3319.222 or former section 3319.22 of the Revised Code;

(c) Meet the criteria for the distinguished level of performance, as described in the standards for teachers adopted by the state board under section 3319.61 of the Revised Code;

(d) Either hold a valid certificate issued by the national board for professional teaching standards or meet the criteria for a master teacher or other criteria for a lead teacher adopted by the educator standards board under division (F)(4) or
(5) of section 3319.61 of the Revised Code.

(C) The state board shall align the standards and qualifications for obtaining a principal license with the standards for principals adopted by the state board under section 3319.61 of the Revised Code.

(D) If the state board requires any examinations for educator licensure, the department of education shall provide the results of such examinations received by the department to the chancellor of higher education, in the manner and to the extent permitted by state and federal law.

(E) Any rules the state board of education adopts, amends, or rescinds for educator licenses under this section, division (D) of section 3301.07 of the Revised Code, or any other law shall be adopted, amended, or rescinded under Chapter 119. of the Revised Code except as follows:

(1) Notwithstanding division (E) of section 119.03 and division (A)(1) of section 119.04 of the Revised Code, in the case of the adoption of any rule or the amendment or rescission of any rule that necessitates institutions' offering preparation programs for educators and other school personnel that are approved by the chancellor of higher education under section 3333.048 of the Revised Code to revise the curriculum of those programs, the effective date shall not be as prescribed in division (E) of section 119.03 and division (A)(1) of section 119.04 of the Revised Code. Instead, the effective date of such rules, or the amendment or rescission of such rules, shall be the date prescribed by section 3333.048 of the Revised Code.

(2) Notwithstanding the authority to adopt, amend, or rescind emergency rules in division (G) of section 119.03 of the
Revised Code, this authority shall not apply to the state board of education with regard to rules for educator licenses.

(F)(1) The rules adopted under this section establishing standards requiring additional coursework for the renewal of any educator license shall require a school district and a chartered nonpublic school to establish local professional development committees. In a nonpublic school, the chief administrative officer shall establish the committees in any manner acceptable to such officer. The committees established under this division shall determine whether coursework that a district or chartered nonpublic school teacher proposes to complete meets the requirement of the rules. The department of education state board shall provide technical assistance and support to committees as the committees incorporate the professional development standards adopted by the state board of education pursuant to section 3319.61 of the Revised Code into their review of coursework that is appropriate for license renewal. The rules shall establish a procedure by which a teacher may appeal the decision of a local professional development committee.

(2) In any school district in which there is no exclusive representative established under Chapter 4117. of the Revised Code, the professional development committees shall be established as described in division (F)(2) of this section.

Not later than the effective date of the rules adopted under this section, the board of education of each school district shall establish the structure for one or more local professional development committees to be operated by such school district. The committee structure so established by a district board shall remain in effect unless within thirty days
prior to an anniversary of the date upon which the current
committee structure was established, the board provides notice
to all affected district employees that the committee structure
is to be modified. Professional development committees may have
a district-level or building-level scope of operations, and may
be established with regard to particular grade or age levels for
which an educator license is designated.

Each professional development committee shall consist of

(D) The state board or the superintendent of public
instruction may choose not to request any information about a
person required by division (C) of this section if the person provides proof that a criminal records check that satisfies the requirements of that division was conducted on the person as a condition of employment pursuant to section 3319.39 of the Revised Code within the immediately preceding year. The state board or the superintendent of public instruction may accept a certified copy of records that were issued by the bureau of criminal identification and investigation and that are presented by the person in lieu of requesting that information under division (C) of this section if the records were issued by the bureau within the immediately preceding year.

(E)(1) If a person described in division (A)(3) or (4) of this section who is subject to a criminal records check fails to submit fingerprints and written permission by the date specified in the applicable division, and the state board or the superintendent of public instruction does not apply division (D) of this section to the person, or if a person who is subject to division (G) of this section fails to submit fingerprints and written permission by the date prescribed under that division, the superintendent shall prepare a written notice stating that if the person does not submit the fingerprints and written permission within fifteen days after the date the notice was mailed, the person's application will be rejected or the person's professional or permanent teaching certificate or license will be inactivated. The superintendent shall send the notification by regular mail to the person's last known residence address or last known place of employment, as indicated in the department of education's state board's records, or both.

If the person fails to submit the fingerprints and written permission within fifteen days after the date the notice was
mailed, the superintendent of public instruction, on behalf of the state board, shall issue a written order rejecting the application or inactivating the person's professional or permanent teaching certificate or license. The rejection or inactivation shall remain in effect until the person submits the fingerprints and written permission. The superintendent shall send the order by regular mail to the person's last known residence address or last known place of employment, as indicated in the department's state board's records, or both. The order shall state the reason for the rejection or inactivation and shall explain that the rejection or inactivation remains in effect until the person submits the fingerprints and written permission.

The rejection or inactivation of a professional or permanent teaching certificate or license under division (E)(1) of this section does not constitute a suspension or revocation of the certificate or license by the state board under section 3319.31 of the Revised Code and the state board and the superintendent of public instruction need not provide the person with an opportunity for a hearing with respect to the rejection or inactivation.

(2) If a person whose professional or permanent teaching certificate or license has been rejected or inactivated under division (E)(1) of this section submits fingerprints and written permission as required by division (B) or (G) of this section, the superintendent of public instruction, on behalf of the state board, shall issue a written order issuing or reactivating the certificate or license. The superintendent shall send the order to the person by regular mail.

(F) Notwithstanding divisions (A) to (C) of this section,
if a person holds more than one certificate, license, or permit described in division (A)(1) of this section, the following shall apply:

(1) If the certificates, licenses, or permits are of different durations, the person shall be subject to divisions (A) to (C) of this section only when applying for renewal of the certificate, license, or permit that is of the longest duration. Prior to renewing any certificate, license, or permit with a shorter duration, the state board or the superintendent of public instruction shall determine whether the department of education has received any information about the person pursuant to section 109.5721 of the Revised Code, but the person shall not be subject to divisions (A) to (C) of this section as long as the person's certificate, license, or permit with the longest duration is valid.

(2) If the certificates, licenses, or permits are of the same duration but do not expire in the same year, the person shall designate one of the certificates, licenses, or permits as the person's primary certificate, license, or permit and shall notify the department of that designation. The person shall be subject to divisions (A) to (C) of this section only when applying for renewal of the person's primary certificate, license, or permit. Prior to renewing any certificate, license, or permit that is not the person's primary certificate, license, or permit, the state board or the superintendent of public instruction shall determine whether the department has received any information about the person pursuant to section 109.5721 of the Revised Code, but the person shall not be subject to divisions (A) to (C) of this section as long as the person's primary certificate, license, or permit is valid.
(3) If the certificates, licenses, or permits are of the same duration and expire in the same year and the person applies for renewal of the certificates, licenses, or permits at the same time, the state board or the superintendent of public instruction shall request only one criminal records check of the person under division (C) of this section.

(G) If the department state board is unable to enroll a person who has submitted an application for licensure, or to whom the state board has issued a license, in the retained applicant fingerprint database established under section 109.5721 of the Revised Code because the person has not satisfied the requirements for enrollment, the department board shall require the person to satisfy the requirements for enrollment, including requiring the person to submit, by a date prescribed by the department state board, one complete set of fingerprints and written permission that authorizes the superintendent of public instruction to forward the fingerprints to the bureau of criminal identification and investigation for the purpose of enrolling the person in the database. If the person fails to comply by the prescribed date, the department state board shall reject the application or shall take action to inactivate the person's license in accordance with division (E) of this section.

Sec. 3319.292. As used in this section, "license" has the same meaning as in section 3319.31 of the Revised Code.

The state board of education and the department of education may question an applicant for issuance or renewal of any license with respect to any criminal offense committed or alleged to have been committed by the applicant. If the record of a conviction, plea of guilty, bail forfeiture, or other
disposition of a criminal offense committed or alleged to have been committed by the applicant has been sealed or expunged, the state board and the department need not assert or demonstrate that its questioning with respect to the offense bears a direct and substantial relationship to the issuance or renewal of the license or to the position in which the applicant will work under the license.

Any questions regarding a record of a conviction, plea of guilty, bail forfeiture, or other disposition of a criminal offense committed or alleged to have been committed by the applicant that has been sealed or expunged and the responses of the applicant to such questions shall not be a public record under section 149.43 of the Revised Code.

Sec. 3319.316. The department of education, on behalf of the state board of education, shall be a participating public office for purposes of the retained applicant fingerprint database established under section 109.5721 of the Revised Code and shall receive notification from the bureau of criminal identification and investigation of the arrest or conviction of persons to whom the state board has issued a license, as defined in section 3319.31 of the Revised Code.

Sec. 3319.319. The appointing or hiring officer of a school district or school located in Ohio or another state may request from the department of education any report the department has received under sections 3314.40, 3319.313, 3326.24, 3328.19, or 5126.253 of the Revised Code regarding an individual who is under consideration for employment by the district or school. If the department of public instruction has received a report under any of those sections regarding the individual, the department of state superintendent of public instruction
shall provide the contents of the report to the requesting officer. Upon provision of the contents of the report to the requesting officer, the \textit{department state superintendent} shall notify the officer that the information provided is confidential and may not be disseminated to any other person or entity.

If the \textit{department state superintendent} provides the contents of a report to an appointing or hiring officer under this section, the \textit{department state superintendent} shall document the information provided in the record of any investigation undertaken pursuant to section 3319.311 of the Revised Code based on the report. Such documentation shall include a list of the information provided, the date the information was provided, and the name and contact information of the appointing or hiring officer to whom the information was provided.

\textbf{Sec. 3319.33.} On or before the first day of August in each year, the board of education of each city, exempted village, and local school district shall report to the \textit{state board department} of education and workforce the school statistics of its district. Such report shall be made on forms furnished by the \textit{state board of education department} and shall contain such information as the \textit{state board of education department} requires. The report shall also set forth with respect to each civil proceeding in which the board of education is a defendant and each civil proceeding in which the board of education is a party and is not a defendant and in which one of the other parties is a board of education in this state or an officer, board, or official of this state:

(A) The nature of the proceeding;

(B) The capacity in which the board is a party to the proceeding;
(C) The total expenses incurred by the board with respect to the proceeding;

(D) The total expenses incurred by the board with respect to the proceeding during the reporting period.

Divisions (A) to (D) of this section do not apply to any proceeding for which no expenses have been incurred during the reporting period.

The board of education of each city, exempted village, and local school district may prepare and publish annually a report of the condition and administration of the schools under its supervision which shall include therein an exhibit of the financial affairs of the district and the information required in divisions (A) to (D) of this section. Such annual report shall be for a full year.

Sec. 3319.35. If the superintendent or treasurer of any school district or educational service center fails to prepare any required report, that superintendent shall be liable in the sum of three hundred dollars, to be recovered by a civil action. In the case of reports required to be submitted to the superintendent, such action shall be instituted in the name of the governing board of the service center upon the complaint of the service center superintendent and the amount collected shall be paid into the service center's general fund. In the case of reports to be submitted to the state board department of education and workforce, the action shall be instituted in the name of the state on complaint of the board and the amount collected shall be paid into the general revenue fund.

Sec. 3319.361. (A) The state board of education shall establish rules for the issuance of a supplemental teaching
license. This license shall be issued at the request of the superintendent of a city, local, exempted village, or joint vocational school district, educational service center, or the governing authority of a STEM school, chartered nonpublic school, or community school to an individual who meets all of the following criteria:

(1) Holds a current professional or permanent Ohio teaching certificate or resident educator license, professional educator license, senior professional educator license, or lead professional educator license, as issued under section 3319.22 or 3319.26 of the Revised Code;

(2) Is of good moral character;

(3) Is employed in a supplemental licensure area or teaching field, as defined by the state board;

(4) Completes an examination prescribed by the state board in the licensure area;

(5) Completes, while employed under the supplemental teaching license and subsequent renewals thereof, additional coursework, if applicable, and testing requirements for full licensure in the supplemental area as a condition of holding and teaching under a supplemental teaching license.

(B) The employing school district, service center, or school shall assign a mentor to the individual holding a supplemental teaching license. The assigned mentor shall be an experienced teacher who currently holds a license in the same, or a related, content area as the supplemental license.

(C) Before the department of education or state board will issue an individual a supplemental teaching license in another area, the supplemental licensee must complete the supplemental...
licensure program, or its equivalent, and be issued a standard teaching license in the area of the currently held supplemental license.

(D) An individual may advance from a supplemental teaching license to a standard teaching license upon:

(1) Verification from the employing superintendent or governing authority that the individual holding the supplemental teaching license has taught successfully in the licensure area for a minimum of two years; and

(2) Completing requirements as applicable to the licensure area or teaching field as established by the state board.

(E) A licensee who has filed an application under this section may work in the supplemental licensure area for up to sixty school days while completing the requirements in division (A)(4) of this section. If the requirements are not completed within sixty days, the application shall be declined.

Sec. 3319.39. (A)(1) Except as provided in division (F)(2)(b) of section 109.57 of the Revised Code, the appointing or hiring officer of the board of education of a school district, the governing board of an educational service center, or of a chartered nonpublic school shall request the superintendent of the bureau of criminal identification and investigation to conduct a criminal records check with respect to any applicant who has applied to the school district, educational service center, or school for employment in any position. The appointing or hiring officer shall request that the superintendent include information from the federal bureau of investigation in the criminal records check, unless all of the following apply to the applicant:
(a) The applicant is applying to be an instructor of adult
education.

(b) The duties of the position for which the applicant is
applying do not involve routine interaction with a child or
regular responsibility for the care, custody, or control of a
child or, if the duties do involve such interaction or
responsibility, during any period of time in which the
applicant, if hired, has such interaction or responsibility,
another employee of the school district, educational service
center, or chartered nonpublic school will be present in the
same room with the child or, if outdoors, will be within a
thirty-yard radius of the child or have visual contact with the
child.

(c) The applicant presents proof that the applicant has
been a resident of this state for the five-year period
immediately prior to the date upon which the criminal records
check is requested or provides evidence that within that five-
year period the superintendent has requested information about
the applicant from the federal bureau of investigation in a
criminal records check.

(2) A person required by division (A)(1) of this section
to request a criminal records check shall provide to each
applicant a copy of the form prescribed pursuant to division (C)
(1) of section 109.572 of the Revised Code, provide to each
applicant a standard impression sheet to obtain fingerprint
impressions prescribed pursuant to division (C)(2) of section

(3) An applicant who receives pursuant to division (A)(2) of this section a copy of the form prescribed pursuant to division (C)(1) of section 109.572 of the Revised Code and a copy of an impression sheet prescribed pursuant to division (C)(2) of that section and who is requested to complete the form and provide a set of fingerprint impressions shall complete the form or provide all the information necessary to complete the form and shall provide the impression sheet with the impressions of the applicant's fingerprints. If an applicant, upon request, fails to provide the information necessary to complete the form or fails to provide impressions of the applicant's fingerprints, the board of education of a school district, governing board of an educational service center, or governing authority of a chartered nonpublic school shall not employ that applicant for any position.

(4) Notwithstanding any provision of this section to the contrary, an applicant who meets the conditions prescribed in divisions (A)(1)(a) and (b) of this section and who, within the two-year period prior to the date of application, was the subject of a criminal records check under this section prior to being hired for short-term employment with the school district, educational service center, or chartered nonpublic school to which application is being made shall not be required to undergo a criminal records check prior to the applicant's rehiring by that district, service center, or school.

(B)(1) Except as provided in rules adopted by the department of state board of education in accordance with division (E) of this section and as provided in division (B)(3) of this
As Passed by the Senate

2911.01, 2911.02, 2911.11, 2911.12, 2919.12, 2919.22, 2919.24,
2919.25, 2923.12, 2923.13, 2923.161, 2925.02, 2925.03, 2925.04,
2925.05, 2925.06, or 3716.11 of the Revised Code, a violation of

(b) A violation of an existing or former law of this
state, another state, or the United States that is substantially

division (B)(1)(a) of this section.

(2) A board, governing board of an educational service
center, or a governing authority of a chartered nonpublic school
may employ an applicant conditionally until the criminal records
check required by this section is completed and the board or
governing authority receives the results of the criminal records
check. If the results of the criminal records check indicate
that, pursuant to division (B)(1) of this section, the applicant
does not qualify for employment, the board or governing
authority shall release the applicant from employment.

(3) No board and no governing authority of a chartered
nonpublic school shall employ a teacher who previously has been
convicted of or pleaded guilty to any of the offenses listed in
section 3319.31 of the Revised Code.

(C)(1) Each board and each governing authority of a
chartered nonpublic school shall pay to the bureau of criminal

division (C)(3) of section 109.572 of the Revised Code for each
criminal records check conducted in accordance with that section
upon the request pursuant to division (A)(1) of this section of
the appointing or hiring officer of the board or governing
authority.

(2) A board and the governing authority of a chartered
nonpublic school may charge an applicant a fee for the costs it
incurs in obtaining a criminal records check under this section.
A fee charged under this division shall not exceed the amount of
fees the board or governing authority pays under division (C)(1)
of this section. If a fee is charged under this division, the
board or governing authority shall notify the applicant at the
time of the applicant's initial application for employment of
the amount of the fee and that, unless the fee is paid, the
board or governing authority will not consider the applicant for
employment.

(D) The report of any criminal records check conducted by
the bureau of criminal identification and investigation in
accordance with section 109.572 of the Revised Code and pursuant
to a request under division (A)(1) of this section is not a public record for the purposes of section 149.43 of the Revised Code and shall not be made available to any person other than the applicant who is the subject of the criminal records check or the applicant's representative, the board or governing authority requesting the criminal records check or its representative, and any court, hearing officer, or other necessary individual involved in a case dealing with the denial of employment to the applicant.

(E) The department of education state board shall adopt rules pursuant to Chapter 119. of the Revised Code to implement this section, including rules specifying circumstances under which the board or governing authority may hire a person who has been convicted of an offense listed in division (B)(1) or (3) of this section but who meets standards in regard to rehabilitation set by the department state board. Any rules adopted by the department state board under this division regarding the employment of a person holding a certificate, license, or permit described in this chapter or in division (B) of section 3301.071 or in section 3301.074 of the Revised Code shall comply with section 9.79 of the Revised Code.

The department state board shall amend rule 3301-83-23 of the Ohio Administrative Code that took effect August 27, 2009, and that specifies the offenses that disqualify a person for employment as a school bus or school van driver and establishes rehabilitation standards for school bus and school van drivers.

(F) Any person required by division (A)(1) of this section to request a criminal records check shall inform each person, at the time of the person's initial application for employment, of the requirement to provide a set of fingerprint impressions and
that a criminal records check is required to be conducted and satisfactorily completed in accordance with section 109.572 of the Revised Code if the person comes under final consideration for appointment or employment as a precondition to employment for the school district, educational service center, or school for that position.

(G) As used in this section:

(1) "Applicant" means a person who is under final consideration for appointment or employment in a position with a board of education, governing board of an educational service center, or a chartered nonpublic school, except that "applicant" does not include a person already employed by a board or chartered nonpublic school who is under consideration for a different position with such board or school.

(2) "Teacher" means a person holding an educator license or permit issued under section 3319.22 or 3319.301 of the Revised Code and teachers in a chartered nonpublic school.

(4) "Minor drug possession offense" has the same meaning as in section 2925.01 of the Revised Code.

(H) If the board of education of a local school district adopts a resolution requesting the assistance of the educational service center in which the local district has territory in conducting criminal records checks of substitute teachers and substitutes for other district employees under this section, the appointing or hiring officer of such educational service center shall serve for purposes of this section as the appointing or hiring officer of the local board in the case of hiring
substitute teachers and other substitute employees for the local district.

Sec. 3319.391. This section applies to any person hired by a school district, educational service center, or chartered nonpublic school in any position that does not require a "license" issued by the state board of education, as defined in section 3319.31 of the Revised Code, and is not for the operation of a vehicle for pupil transportation.

(A) For each person to whom this section applies who is hired on or after November 14, 2007, the employer shall request a criminal records check in accordance with section 3319.39 of the Revised Code and shall request a subsequent criminal records check by the fifth day of September every fifth year thereafter. For each person to whom this division applies who is hired prior to November 14, 2007, the employer shall request a criminal records check by a date prescribed by the department of education and shall request a subsequent criminal records check by the fifth day of September every fifth year thereafter.

(B)(1) Each request for a criminal records check under this section shall be made to the superintendent of the bureau of criminal identification and investigation in the manner prescribed in section 3319.39 of the Revised Code, except that if both of the following conditions apply to the person subject to the records check, the employer shall request the superintendent only to obtain any criminal records that the federal bureau of investigation has on the person:

(a) The employer previously requested the superintendent to determine whether the bureau of criminal identification and investigation has any information, gathered pursuant to division
(A) of section 109.57 of the Revised Code, on the person in

section 3319.39 of the Revised Code or under this section.

(b) The person presents proof that the person has been a
resident of this state for the five-year period immediately
prior to the date upon which the person becomes subject to a
criminal records check under this section.

(2) Upon receipt of a request under division (B)(1) of
this section, the superintendent shall conduct the criminal
records check in accordance with section 109.572 of the Revised
Code as if the request had been made under section 3319.39 of
the Revised Code. However, as specified in division (B)(2) of
section 109.572 of the Revised Code, if the employer requests
the superintendent only to obtain any criminal records that the
federal bureau of investigation has on the person for whom the
request is made, the superintendent shall not conduct the review
prescribed by division (B)(1) of that section.

(C) Any person who is the subject of a criminal records
check under this section and has been convicted of or pleaded
guilty to any offense described in division (B)(1) of section
3319.39 of the Revised Code shall not be hired or shall be
released from employment, as applicable, unless the person meets
the rehabilitation standards adopted by the department of
employment under division (E) of that section.

Sec. 3319.393. (A) Each school district and chartered
nonpublic school shall include the following notice in boldface
type in each employment application: "ANY PERSON WHO KNOWINGLY
MAKES A FALSE STATEMENT IS GUILTY OF FALSIFICATION UNDER SECTION
2921.13 OF THE REVISED CODE, WHICH IS A MISDEMEANOR OF THE FIRST
DEGREE."
(B)(1) Each district and chartered nonpublic school shall consult the "educator profile" database maintained on the web site of the department of education prior to making any hiring decision.

(2) After consulting the "educator profile" database, a district or chartered nonpublic school may further discern the employment, disciplinary, or criminal record of an applicant for employment in either or both of the following ways:

   (a) Consulting the state board of education's office of professional conduct within the department of education in accordance with section 3319.319 of the Revised Code to determine whether the individual has been the subject of either:

      (i) Any notice to the department superintendent of public instruction under section 3314.40, 3319.313, 3326.24, 3328.19, or 5126.253 of the Revised Code;

      (ii) Any disciplinary actions conducted by the department.

   (b) Consulting any prior education-related employers of the individual.

(3) A district or chartered nonpublic school may require additional background checks other than the criminal records checks authorized under sections 109.574 to 109.577 of the Revised Code or those required under section 3319.39 or 3319.391 of the Revised Code for any applicant for employment or potential volunteer.

(C) A district or chartered nonpublic school may conditionally employ an individual pending the receipt of information sought in accordance with division (B)(2) of this section. Should that information indicate that the individual
has engaged in conduct unbecoming to the teaching profession or
has committed an offense that prevents, limits, or otherwise
affects the applicant's employment with the district or school,
the district or chartered nonpublic school may release the
individual from employment.

Sec. 3319.40. (A) As used in this section, "license" has
the same meaning as in section 3319.31 of the Revised Code.

(B) If a person who is employed by a school district or
chartered nonpublic school is arrested, summoned, or indicted
for an alleged violation of an offense listed in division (C) of
section 3319.31 of the Revised Code, if the person holds a
license, or an offense listed in division (B)(1) of section
3319.39 of the Revised Code, if the person does not hold a
license, the superintendent of the district or the chief
administrative officer of the chartered nonpublic school shall
suspend that person from all duties that require the care,
custody, or control of a child during the pendency of the
criminal action against the person. If the person who is
arrested, summoned, or indicted for an alleged violation of an
offense listed in division (C) of section 3319.31 or division
(B)(1) of section 3319.39 of the Revised Code is a person whose
duties are assigned by the district treasurer under division (B)
of section 3313.31 of the Revised Code, the treasurer shall
suspend the person from all duties that require the care,
custody, or control of a child. If the person who is arrested,
summoned, or indicted for an alleged violation of an offense
listed in division (C) of section 3319.31 or division (B)(1) of
section 3319.39 of the Revised Code is the superintendent or
treasurer of the district, the district board shall suspend the
superintendent or treasurer from all duties that require the
care, custody, or control of a child. If the person who is
arrested, summoned, or indicted for an alleged violation of an
offense listed in division (C) of section 3319.31 or division
(B)(1) of section 3319.39 of the Revised Code is the chief
administrative officer of the chartered nonpublic school, the
governing authority of the chartered nonpublic school shall
suspend the chief administrative officer from all duties that
require the care, custody, or control of a child.

(C) When a person who holds a license is suspended in
accordance with this section, the superintendent, treasurer,
board of education, chief administrative officer, or governing
authority that imposed the suspension promptly shall report the
person's suspension to the department of education.
The report shall include the offense for which the person was
arrested, summoned, or indicted.

Sec. 3319.44. True copies of all contracts made on behalf
of this state pursuant to sections 3319.42 and 3319.43 of the
Revised Code shall be kept on file in the offices of the state
department of education and workforce and of the secretary of
state. The state department of education and workforce shall
publish all such contracts in convenient form.

Sec. 3319.46. (A)(1) The state board of education and workforce shall adopt rules under Chapter 119. of
the Revised Code that establish both of the following:

(a) A policy and standards for the implementation of
positive behavior intervention and supports framework;

(b) A policy and standards for the use of physical

(2) Within ninety days after the effective date of this
amendment, the state board of education and workforce shall amend or update

(B)(1) Each school district board of education shall do all of the following:

If the child is in the legal or permanent custody of a person or government agency, "parent" means that person or government agency. When a child is a resident of a home, as defined in section 3313.64 of the Revised Code, and the child's parent is not a resident of this state, "parent," "guardian," or "other person having charge or care of a child" means the head of the home.

A child between six and eighteen years of age is "of compulsory school age" for the purpose of sections 3321.01 to 3321.13 of the Revised Code. A child under six years of age who has been enrolled in kindergarten also shall be considered "of
compulsory school age" for the purpose of sections 3321.01 to
3321.13 of the Revised Code unless at any time the child's
parent or guardian, at the parent's or guardian's discretion and

admittance, or by the first day of a term or semester other than
one beginning in August or September in school districts
granting admittance at the beginning of such term or semester. A

admittance to kindergarten or first grade, but who will be five

evaluated for early admittance in accordance with district

educator employed by the district, a preschool educator who
knows the child, or a pediatrician or psychologist who knows the
child. Following an evaluation in accordance with a referral
under this section, the district board shall decide whether to
admit the child. If a child for whom admission to kindergarten
or first grade is requested will not be five or six years of
age, respectively, prior to the first day of January of the
school year in which admission is requested, the child shall be
admitted only in accordance with the district's acceleration
policy adopted under section 3324.10 of the Revised Code.
(3) Notwithstanding division (A)(2) of this section, beginning with the school year that starts in 2001 and continuing thereafter the board of education of any district may adopt a resolution establishing the first day of August in lieu of the thirtieth day of September as the required date by which students must have attained the age specified in that division.

(4) After a student has been admitted to kindergarten in a school district or chartered nonpublic school, no board of education of a school district to which the student transfers shall deny that student admission based on the student's age.

(C)(1) Except as provided in division (A)(2) of this section, no school district shall admit to the first grade any child who has not successfully completed kindergarten.

(2) Notwithstanding division (A)(2) of this section, any student who has successfully completed kindergarten in accordance with section (B) of this section shall be admitted to first grade.

(E) Any kindergarten class offered by a day-care provider or school described by division (B)(1) or (B)(2)(a) of this section shall be developmentally appropriate.

(F) Upon written request of a day-care provider described by division (B)(2)(a) of this section, the department of education and workforce shall determine whether certification held by a teacher employed by the provider meets the requirement of division (B)(2)(b)(iii) of this section and, if so, shall furnish the provider a statement to that effect.

(G) As used in this division, "all-day kindergarten" has the same meaning as in section 3321.05 of the Revised Code.

(1) A school district that is offering all-day kindergarten for the first time or that charged fees or tuition for all-day kindergarten in the 2012-2013 school year may charge fees or tuition for a student enrolled in all-day kindergarten in any school year following the 2012-2013 school year. The
department shall adjust the district's average daily membership certification under section 3317.03 of the Revised Code by one-half of the full-time equivalency for each student charged fees or tuition for all-day kindergarten under this division. If a district charges fees or tuition for all-day kindergarten under this division, the district shall develop a sliding fee scale based on family incomes.

(2) The department of education shall conduct an annual survey of each school district described in division (G)(1) of this section to determine the following:

(a) Whether the district charges fees or tuition for students enrolled in all-day kindergarten;

(b) The amount of the fees or tuition charged;

(c) How many of the students for whom tuition is charged are eligible for free lunches under the "National School Lunch Act," 60 Stat. 230 (1946), 42 U.S.C. 1751, as amended, and the "Child Nutrition Act of 1966," 80 Stat. 885, 42 U.S.C. 1771, as amended, and how many of the students for whom tuition is charged are eligible for reduced price lunches under those acts;

(d) How many students are enrolled in traditional half-day kindergarten rather than all-day kindergarten.

Each district shall report to the department, in the manner prescribed by the department, the information described in divisions (G)(2)(a) to (d) of this section.

The department shall issue an annual report on the results of the survey and shall post the report on its web site. The department shall issue the first report not later than April 30, 2008, and shall issue a report not later than the thirtieth day of April each year thereafter.
Sec. 3321.03. As used in this section and section 3321.04 of the Revised Code, "special education program" means a school or the educational agency that provides special education and related services to children with disabilities in accordance with Chapter 3323. of the Revised Code.

Every child of compulsory school age shall attend a school or participate in a special education program that conforms to the minimum standards prescribed by the state board director of education and workforce until the child:

Sec. 3321.04. Notwithstanding division (D) of section
3311.19 and division (D) of section 3311.52 of the Revised Code, this section does not apply to any joint vocational or cooperative education school district or its superintendent.

Every parent of any child of compulsory school age who is not employed under an age and schooling certificate or exempt under section 3321.042 of the Revised Code must send such child to a school or a special education program that conforms to the minimum standards prescribed by the state board director of education and workforce, for the full time the school or program attended is in session, which shall not be for less than thirty-two weeks per school year. Such attendance must begin within the first week of the school term or program or within one week of the date on which the child begins to reside in the district or within one week after the child's withdrawal from employment.

For the purpose of operating a school or program on a trimester plan, "full time the school attended is in session," as used in this section means the two trimesters to which the child is assigned by the board of education. For the purpose of operating a school or program on a quarterly plan, "full time the school attended is in session," as used in this section, means the three quarters to which the child is assigned by the board of education. (A) The superintendent of the school district in which the child resides may excuse the child from attendance for any part
of the remainder of the current school year upon a satisfactory showing of either of the following facts:

(1) That the child's bodily or mental condition does not permit attendance at school or a special education program during such period; this fact is certified in writing by a licensed physician or, in the case of a mental condition, by a licensed physician, a licensed psychologist, licensed school psychologist or a certificated school psychologist; and provision is made for appropriate instruction of the child, in accordance with Chapter 3323. of the Revised Code.

(2) That the child is being instructed at home by a person qualified to teach the branches in which instruction is required, and such additional branches, as the advancement and needs of the child may, in the opinion of such superintendent, require. In each such case the issuing superintendent shall file in the superintendent's office, with a copy of the excuse, papers showing how the inability of the child to attend school or a special education program or the qualifications of the person instructing the child at home were determined. All such excuses shall become void and subject to recall upon the removal of the disability of the child or the cessation of proper home instruction; and thereupon the child or the child's parents may be proceeded against after due notice whether such excuse be recalled or not.

(B) The state board of education and workforce may adopt rules authorizing the superintendent of schools of the district in which the child resides to excuse a child over fourteen years of age from attendance for a future limited period for the purpose of performing necessary work directly and exclusively for the child's parents or legal guardians.
All excuses provided for in divisions (A) and (B) of this section shall be in writing and shall show the reason for excusing the child. A copy thereof shall be sent to the person in charge of the child.

(C) The board of education of the school district or the governing authorities of a private or parochial school may in the rules governing the discipline in such schools, prescribe the authority by which and the manner in which any child may be excused for absence from such school for good and sufficient reasons.

The state board of education department may by rule prescribe conditions governing the issuance of excuses, which shall be binding upon the authorities empowered to issue them.

Sec. 3321.042. (A) A child is exempt from compulsory school attendance when receiving home education in the subject areas of English language arts, mathematics, science, history and government, and social studies as supervised and directed by the child's parent. Upon the commencement of home education or when moving into a new district, and annually thereafter within five days of the start of school in the child's school district of residence, the parent shall file a notice with the superintendent of the child's school district of residence. The notice shall include the parent's name and address, the child's name, and an assurance the child will receive instruction in the required subjects. Upon receipt of the notice, the exemption takes immediate effect, and the superintendent shall send a letter of acknowledgment to the parent.

(B) A student that enrolls in a public school following any period of home education shall be placed in the appropriate grade level based on the policies of the student's resident
school district.

(C) A student who is receiving a home education pursuant to this section is subject to section 3321.19 of the Revised Code.

Sec. 3321.07. If any child attends upon instruction elsewhere than in a public school such instruction shall be in a school which conforms to the minimum standards prescribed by the state board director of education and workforce. The hours and term of attendance exacted shall be equivalent to the hours and term of attendance required of children in the public schools of the district. This section does not require a child to attend a high school instead of a vocational, commercial, or other special type of school, provided the instruction therein is for a term and for hours equivalent to those of the high school, and provided his the child’s attendance at such school will not interfere with a continuous program of education for the child to the age of sixteen.

Sec. 3321.09. Attendance at a part-time school or class provided by an employer, by a partnership, corporation, or individual, by a private or parochial school, by a college, or by a philanthropic or similar agency shall serve in lieu of attendance at a part-time school or class provided by a board of education in case the given school or class is conducted for substantially a term and hours equivalent to those of the part-time schools or classes provided by the local board, and in case the school or class is approved by the state board department of education and workforce. When such school or class is conducted within or in connection with the establishment in which the child is working the obligation of attendance at part-time school or class indicated in section 3321.08 of the Revised
Code, shall apply to the children holding age and schooling certificates who are employed in the given establishment regardless of the accessibility of public part-time schools or classes.

Sec. 3321.12. Notwithstanding division (D) of section 3311.19 and division (D) of section 3311.52 of the Revised Code, the provisions of this section that require reporting to the treasurer of a city school district do not require reporting to the treasurer of any joint vocational or cooperative education school district.

The principal or teacher in charge of any public, private, or parochial school, shall report to the treasurer of the board of education of the city, local, or exempted village school district in which the school is situated, the names, ages, and places of residence of all pupils below eighteen years of age in attendance at their schools together with such other facts as said treasurer requires to facilitate the carrying out of the laws relating to compulsory education and the employment of minors. Such report shall be made within the first two weeks of the beginning of school in each school year, and shall be corrected with the entry of such items as are prescribed by the state board department of education and workforce within the first week of each subsequent school month of the year.

Nothing in this section shall require any person to release, or to permit access to, public school records in violation of section 3319.321 of the Revised Code.

Sec. 3321.13. (A) Whenever any child of compulsory school age withdraws from school the teacher of that child shall ascertain the reason for withdrawal. The fact of the withdrawal and the reason for it shall be immediately transmitted by the
teacher to the superintendent of the city, local, or exempted village school district. If the child who has withdrawn from school has done so because of change of residence, the next residence shall be ascertained and shall be included in the notice thus transmitted. The superintendent shall thereupon forward a card showing the essential facts regarding the child and stating the place of the child's new residence to the superintendent of schools of the district to which the child has moved.

The superintendent of public instruction department of education and workforce may prescribe the forms to be used in the operation of this division.

(B)(1) Upon receipt of information that a child of compulsory school age has withdrawn from school for a reason other than because of change of residence and is not enrolled in and attending in accordance with school policy an approved program to obtain a diploma or its equivalent, the district superintendent shall notify the registrar of motor vehicles and the juvenile judge of the county in which the district is located of the withdrawal and failure to enroll in and attend an approved program to obtain a diploma or its equivalent. A notification to the registrar required by this division shall be given in the manner the registrar by rule requires and a notification to the juvenile judge required by this division shall be given in writing. Each notification shall be given within two weeks after the withdrawal and failure to enroll in and attend an approved program or its equivalent.

(2) The board of education of a school district may adopt a resolution providing that the provisions of division (B)(2) of this section apply within the district. The provisions of
division (B)(2) of this section do not apply within any school district, and no superintendent of a school district shall send a notification of the type described in division (B)(2) of this section to the registrar of motor vehicles or the juvenile judge of the county in which the district is located, unless the board of education of the district has adopted such a resolution. If the board of education of a school district adopts a resolution providing that the provisions of division (B)(2) of this section apply within the district, and if the superintendent of schools of that district receives information that, during any semester or term, a child of compulsory school age has been absent without legitimate excuse from the school the child is supposed to attend for more than sixty consecutive hours in a single month or for at least ninety hours in a school year, the superintendent shall notify the child and the child's parent, guardian, or custodian, in writing, that the information has been provided to the superintendent, that as a result of that information the child's temporary instruction permit or driver's license will be suspended or the opportunity to obtain such a permit or license will be denied, and that the child and the child's parent, guardian, or custodian may appear in person at a scheduled date, time, and place before the superintendent or a designee to challenge the information provided to the superintendent.

The notification to the child and the child's parent, guardian, or custodian required by division (B)(2) of this section shall set forth the information received by the superintendent and shall inform the child and the child's parent, guardian, or custodian of the scheduled date, time, and place of the appearance that they may have before the superintendent or a designee. The date scheduled for the
appearance shall be no earlier than three and no later than five
days after the notification is given, provided that an extension
may be granted upon request of the child or the child's parent,
guardian, or custodian. If an extension is granted, the
superintendent shall schedule a new date, time, and place for
the appearance and shall inform the child and the child's
parent, guardian, or custodian of the new date, time, and place.

If the child and the child's parent, guardian, or
custodian do not appear before the superintendent or a designee
on the scheduled date and at the scheduled time and place, or if
the child and the child's parent, guardian, or custodian appear
before the superintendent or a designee on the scheduled date
and at the scheduled time and place but the superintendent or a
designee determines that the information the superintendent
received indicating that, during the semester or term, the child
had been absent without legitimate excuse from the school the
child was supposed to attend for more than sixty consecutive
hours or for at least ninety total hours, the superintendent
shall notify the registrar of motor vehicles and the juvenile
judge of the county in which the district is located that the
child has been absent for that period of time and that the child
does not have any legitimate excuse for the habitual absence. A
notification to the registrar required by this division shall be
given in the manner the registrar by rule requires and a
notification to the juvenile judge required by this division
shall be given in writing. Each notification shall be given
within two weeks after the receipt of the information of the
habitual absence from school without legitimate excuse, or, if
the child and the child's parent, guardian, or custodian appear
before the superintendent or a designee to challenge the
information, within two weeks after the appearance.
For purposes of division (B)(2) of this section, a legitimate excuse for absence from school includes, but is not limited to, the fact that the child in question has enrolled in another school or school district in this or another state, the fact that the child in question was excused from attendance for any of the reasons specified in section 3321.04 or 3321.042 of the Revised Code, or the fact that the child in question has received an age and schooling certificate in accordance with section 3331.01 of the Revised Code.

(3) Whenever a pupil is suspended or expelled from school pursuant to section 3313.66 of the Revised Code and the reason for the suspension or expulsion is the use or possession of alcohol, a drug of abuse, or alcohol and a drug of abuse, the superintendent of schools of that district may notify the registrar and the juvenile judge of the county in which the district is located of such suspension or expulsion. Any such notification of suspension or expulsion shall be given to the registrar, in the manner the registrar by rule requires and shall be given to the juvenile judge in writing. The notifications shall be given within two weeks after the suspension or expulsion.

(4) Whenever a pupil is suspended, expelled, removed, or permanently excluded from a school for misconduct included in a policy that the board of education of a city, exempted village, or local school district has adopted under division (A) of section 3313.661 of the Revised Code, and the misconduct involves a firearm or a knife or other weapon as defined in that policy, the superintendent of schools of that district shall notify the registrar and the juvenile judge of the county in which the district is located of the suspension, expulsion, removal, or permanent exclusion. The notification shall be given
to the registrar in the manner the registrar, by rule, requires and shall be given to the juvenile judge in writing. The notifications shall be given within two weeks after the suspension, expulsion, removal, or permanent exclusion.

(C) A notification of withdrawal, habitual absence without legitimate excuse, suspension, or expulsion given to the registrar or a juvenile judge under division (B)(1), (2), (3), or (4) of this section shall contain the name, address, date of birth, school, and school district of the child. If the superintendent finds, after giving a notification of withdrawal, habitual absence without legitimate excuse, suspension, or expulsion to the registrar and the juvenile judge under division (B)(1), (2), (3), or (4) of this section, that the notification was given in error, the superintendent immediately shall notify the registrar and the juvenile judge of that fact.

Sec. 3321.18. The attendance officer provided for by section 3321.14 or 3321.15 of the Revised Code shall institute proceedings against any officer, parent, guardian, or other person violating laws relating to compulsory education and the employment of minors, and otherwise discharge the duties described in sections 3321.14 to 3321.21 of the Revised Code, and perform any other service that the superintendent of schools or board of education of the district by which the attendance officer is employed considers necessary to preserve the morals and secure the good conduct of school children, and to enforce those laws.

The attendance officer shall be furnished with copies of the enumeration in each school district in which the attendance officer serves and of the lists of pupils enrolled in the schools and shall report to the superintendent discrepancies
between these lists and the enumeration.

The attendance officer and assistants shall cooperate with the director of commerce in enforcing the laws relating to the employment of minors. The attendance officer shall furnish upon request any data that the attendance officer and the attendance officer's assistants have collected in their reports of children from six to eighteen years of age and also concerning employers to the director and upon request to the state board of education and workforce. The attendance officer shall keep a record of the attendance officer's transactions for the inspection and information of the superintendent of schools and the board of education; and shall make reports to the superintendent of schools as often as required by the superintendent. The state board of education department may prescribe forms for the use of attendance officers in the performance of their duties. The blank forms and record books or indexes shall be furnished to the attendance officers by the boards of education by which they are employed.

Sec. 3321.19. (A) As used in this section and section 3321.191 of the Revised Code, "habitual truant" has the same meaning as in section 2151.011 of the Revised Code.

(B) When a board of education of any city, exempted village, local, joint vocational, or cooperative education school district or the governing board of any educational service center determines that a student in its district has been truant and the parent, guardian, or other person having care of the child has failed to cause the student's attendance at school, the board may require the parent, guardian, or other person having care of the child pursuant to division (B) of this section to attend an educational program established pursuant to
rules adopted by the state board department of education and workforce for the purpose of encouraging parental involvement in compelling the attendance of the child at school.

No parent, guardian, or other person having care of a child shall fail without good cause to attend an educational program described in this division if the parent, guardian, or other person has been served notice pursuant to division (C) of this section.

(C) On the request of the superintendent of schools, the superintendent of any educational service center, the board of education of any city, exempted village, local, joint vocational, or cooperative education school district, or the governing board of any educational service center or when it otherwise comes to the notice of the attendance officer or other appropriate officer of the school district, the attendance officer or other appropriate officer shall examine into any case of supposed truancy within the district and shall warn the child, if found truant, and the child's parent, guardian, or other person having care of the child, in writing, of the legal consequences of being truant. When any child of compulsory school age, in violation of law, is not attending school, the attendance or other appropriate officer shall notify the parent, guardian, or other person having care of that child of the fact, and require the parent, guardian, or other person to cause the child to attend school immediately. The parent, guardian, or other person having care of the child shall cause the child's attendance at school. Upon the failure of the parent, guardian, or other person having care of the child to do so, the attendance officer or other appropriate officer, if so directed by the superintendent, the district board, or the educational service center governing board, shall send notice requiring the
attendance of that parent, guardian, or other person at a
parental education program established pursuant to division (B)
of this section and, subject to divisions (D) and (E) of this
section, may file a complaint against the parent, guardian, or
other person having care of the child in any court of competent
jurisdiction.

(D)(1) Upon the failure of the parent, guardian, or other
person having care of the child to cause the child's attendance
at school, if the child is considered an habitual truant, the
board of education of the school district or the governing board
of the educational service center, within ten days, subject to
division (E) of this section, shall assign the student to an
absence intervention team as described in division (C) of
section 3321.191 of the Revised Code.

(2) The attendance officer shall file a complaint in the
juvenile court of the county in which the child has a residence
or legal settlement or in which the child is supposed to attend
school jointly against the child and the parent, guardian, or
other person having care of the child, in accordance with the
timelines and conditions set forth in division (B) of section
3321.16 of the Revised Code. A complaint filed in the juvenile
court under this division shall allege that the child is an
unruly child for being an habitual truant and that the parent,
guardian, or other person having care of the child has violated
section 3321.38 of the Revised Code.

(E) A school district with a chronic absenteeism
percentage that is less than five per cent, as displayed on the
district's most recent report card issued under section 3302.03
of the Revised Code, and the school buildings within that
district, shall be exempt from the requirement to assign
habitually truant students to an absence intervention team for the following school year and shall instead take any appropriate action as an intervention strategy contained in the policy developed by the district board pursuant to divisions (A) and (B) of section 3321.191 of the Revised Code. In the event that those intervention strategies fail, within sixty-one days after their implementation, the attendance officer shall file a complaint, provided that the conditions described in division (B) of section 3321.16 of the Revised Code are satisfied.

**Sec. 3321.191.** (A) Effective beginning with the 2017-2018 school year, the board of education of each city, exempted village, local, joint vocational, and cooperative education school district and the governing board of each educational service center shall adopt a new or amended policy to guide employees of the school district or service center in addressing and ameliorating student absences. In developing the policy, the appropriate board shall consult with the judge of the juvenile court of the county or counties in which the district or service center is located, with the parents, guardians, or other persons having care of the pupils attending school in the district, and with appropriate state and local agencies.

(B) The policy developed under division (A) of this section shall include as an intervention strategy all of the following actions, if applicable:

(1) Providing a truancy intervention plan for any student who is excessively absent from school, as described in the first paragraph of division (C) of this section;

(2) Providing counseling for an habitual truant;

(3) Requesting or requiring a parent, guardian, or other
person having care of an habitual truant to attend parental involvement programs, including programs adopted under section 3313.472 or 3313.663 of the Revised Code;

(4) Requesting or requiring a parent, guardian, or other person having care of an habitual truant to attend truancy prevention mediation programs;

(5) Notification of the registrar of motor vehicles under section 3321.13 of the Revised Code;

(6) Taking legal action under section 2919.222, 3321.20, or 3321.38 of the Revised Code.

(C)(1) In the event that a child of compulsory school age is absent with a nonmedical excuse or without legitimate excuse from the public school the child is supposed to attend for thirty-eight or more hours in one school month, or sixty-five or more hours in a school year, the attendance officer of that school shall notify the child's parent, guardian, or custodian of the child's absences, in writing, within seven days after the date after the absence that triggered the notice requirement. At the time notice is given, the school also may take any appropriate action as an intervention strategy contained in the policy developed by the board pursuant to division (A) of this section.

(2)(a) If the absences of a student surpass the threshold for an habitual truant as set forth in section 2151.011 of the Revised Code, the principal or chief administrator of the school or the superintendent of the school district shall assign the student to an absence intervention team. Within fourteen school days after the assignment of a student to an absence intervention team, the team shall develop an intervention plan
for that student in an effort to reduce or eliminate further
absences. Each intervention plan shall vary based on the
individual needs of the student, but the plan shall state that
the attendance officer shall file a complaint not later than
sixty-one days after the date the plan was implemented, if the
child has refused to participate in, or failed to make
satisfactory progress on, the intervention plan or an
alternative to adjudication under division (C)(2)(b) of section
3321.191 of the Revised Code. Within seven days after the
development of the plan, the school district or school shall
make reasonable efforts to provide the student's parent,
guardian, custodian, guardian ad litem, or temporary custodian
with written notice of the plan.

(b) As part of the absence intervention plan described in
division (C)(2) of this section, the school district or school,
in its discretion, may contact the appropriate juvenile court
and ask to have a student informally enrolled in any alternative
to adjudication described in division (G) of section 2151.27 of
the Revised Code. If the school district or school chooses to
have students informally enrolled in an alternative to
adjudication, the school district or school shall develop a
written policy regarding the use of, and selection process for,
offering alternatives to adjudication to ensure fairness.

(c) The superintendent of each school district, or the
superintendent's designee, shall establish an absence
intervention team for the district to be used by any schools of
the district that do not establish their own absence
intervention team as permitted under division (C)(2)(d) of this
section. Membership of each absence intervention team may vary
based on the needs of each individual student but shall include
a representative from the child's school district or school,
another representative from the child's school district or school who knows the child, and the child's parent or parent's designee, or the child's guardian, custodian, guardian ad litem, or temporary custodian. The team also may include a school psychologist, counselor, social worker, or representative of a public or nonprofit agency designed to assist students and their families in reducing absences.

(d) The principal or chief administrator of each school may establish an absence intervention team or series of teams to be used in lieu of the district team established pursuant to division (C)(2)(c) of this section. Membership of each absence intervention team may vary based on the needs of each individual student but shall include a representative from the child's school district or school, another representative from the child's school district or school who knows the child, and the child's parent or parent's designee, or the child's guardian, custodian, guardian ad litem, or temporary custodian. The team also may include a school psychologist, counselor, social worker, or representative of a public or nonprofit agency designed to assist students and their families in reducing absences.

(e) A superintendent, as described in division (C)(2)(c) of this section, or principal or chief administrator, as described in division (C)(2)(d) of this section, shall select the members of an absence intervention team within seven school days of the triggering event described in division (C)(2)(a) of this section. The superintendent, principal, or chief administrator, within the same period of seven school days, shall make at least three meaningful, good faith attempts to secure the participation of the student's parent, guardian, custodian, guardian ad litem, or temporary custodian on that
team. If the student's parent responds to any of those attempts, but is unable to participate for any reason, the representative of the school district shall inform the parent of the parent's right to appear by designee. If seven school days elapse and the student's parent, guardian, custodian, guardian ad litem, or temporary custodian fails to respond to the attempts to secure participation, the school district or school shall do both of the following:

(i) Investigate whether the failure to respond triggers mandatory reporting to the public children services agency for the county in which the child resides in the manner described in section 2151.421 of the Revised Code;

(ii) Instruct the absence intervention team to develop an intervention plan for the child notwithstanding the absence of the child's parent, guardian, custodian, guardian ad litem, or temporary custodian.

(f) In the event that a student becomes habitually truant within twenty-one school days prior to the last day of instruction of a school year, the school district or school may, in its discretion, assign one school official to work with the child's parent, guardian, custodian, guardian ad litem, or temporary custodian to develop an absence intervention plan during the summer. If the school district or school selects this method, the plan shall be implemented not later than seven days prior to the first day of instruction of the next school year. In the alternative, the school district or school may toll the time periods to accommodate for the summer months and reconvene the absence intervention process upon the first day of instruction of the next school year.

(3) For purposes of divisions (C)(2)(c) and (d) of this
section, the state board of education and workforce shall develop a format for parental permission to ensure compliance with the "Family Educational Rights and Privacy Act of 1974," 88 Stat. 571, 20 U.S.C. 1232g, as amended, and any regulations promulgated under that act, and section 3319.321 of the Revised Code.

(D) Each school district or school may consult or partner with public and nonprofit agencies to provide assistance as appropriate to students and their families in reducing absences.

(E) Beginning with the 2017-2018 school year, each school district shall report to the department of education, as soon as practicable, and in a format and manner determined by the department, any of the following occurrences:

(1) When a notice required by division (C)(1) of this section is submitted to a parent, guardian, or custodian;

(2) When a child of compulsory school age has been absent without legitimate excuse from the public school the child is supposed to attend for thirty or more consecutive hours, forty-two or more hours in one school month, or seventy-two or more hours in a school year;

(3) When a child of compulsory school age who has been adjudicated an unruly child for being an habitual truant violates the court order regarding that adjudication;

(4) When an absence intervention plan has been implemented for a child under this section.

(F) Nothing in this section shall be construed to limit the duty or authority of a district board of education or governing body of an educational service center to develop other policies related to truancy or to limit the duty or authority of
any employee of the school district or service center to respond to pupil truancy. However, a board shall be subject to the prohibition against suspending, expelling, or otherwise preventing a student from attending school for excessive absences as prescribed by section 3313.668 of the Revised Code.

developmental disabilities of the county in which the child
resides regarding the proposed placement.

A child with a disability enrolled in a nonpublic school
or facility shall be provided special education and related
services, in accordance with an individualized education
program, at no cost for those services, if the child is placed
in, or referred to, that nonpublic school or facility by the
department of education and workforce or a school district.

The IEP team shall review the individualized education
program of each child with a disability periodically, but at least annually, to determine whether the annual goals for the child are being achieved, and shall revise the individualized education program as appropriate.

The agencies that are parties to a hearing shall divide the costs of such hearing equally. The decision of the hearing officer shall be final, except that any party to the hearing who is aggrieved by the findings or the decision of the hearing officer may appeal the findings or decision in accordance with division (H) of section 3323.05 of the Revised Code or the parent of any child affected by such decision may present a complaint in accordance with that section.

Sec. 3323.14. (A) Where a child who is a school resident of one school district receives special education from another
district and the per capita cost to the educating district for that child exceeds the sum of the amount received by the educating district for that child under division (A) of section 3317.08 of the Revised Code and the amount received by the district from the state board of education and workforce for that child, then the board of education of the district of residence shall pay to the board of the school district that is providing the special education such excess cost as is determined by using a formula approved by the department of education and agreed upon in contracts entered into by the boards of the districts concerned at the time the district providing such special education accepts the child for enrollment. If the district providing the services chooses to charge excess costs, the district may report the amount calculated under this division to the department.

(C) If a district providing special education for a child reports an amount for the excess cost of those services, as authorized and calculated under division (A) or (B) of this
section, the department shall pay that amount of excess cost to the district providing the services and shall deduct that amount from the child's district of residence in accordance with division (K) of section 3317.023 of the Revised Code.

(D) If a district providing special education to a child to whom division (C)(4) of section 3313.64 of the Revised Code applies chooses to receive a tuition payment for that child under that division, that district shall not receive any payments under this section.

Sec. 3323.141. (A) When a child who is not in the legal or permanent custody of an Ohio resident or a government agency in this state and whose natural or adoptive parents are not known to have been residents of this state subsequent to the child's birth is a resident of a home as defined in section 3313.64 of the Revised Code and receives special education and related services from a school district or county board of developmental disabilities, the home shall pay tuition to the board providing the special education.

(B) In the case of a child described in division (A) of this section who receives special education and related services from a school district, tuition shall be the amount determined under division (B)(1) or (2) of this section.

(1) For a child other than a child described in division (B)(2) of this section the tuition shall be an amount equal to the sum of the following:

   (b) Such excess cost as is determined by using a formula
established by rule of the department of education and workforce. The excess cost computed in this section shall not be used as excess cost computed under section 3323.14 of the Revised Code.

(2) For a child who is a preschool child with a disability, the tuition shall be computed as follows:

(a) Determine the amount of the tuition of the district providing the education for the child as calculated under division (B) of section 3317.08 of the Revised Code;

(b) For each type of special education service included in the computation of the amount of tuition under division (B)(2) (a) of this section, divide the amount determined for that computation under division (B)(2) of section 3317.08 of the Revised Code by the total number of preschool children with disabilities used for that computation under division (B)(3) of section 3317.08 of the Revised Code;

(c) Determine the sum of the quotients obtained under division (B)(2)(b) of this section;

(d) Determine the sum of the amounts determined under divisions (B)(2)(a) and (c) of this section.

(C) In the case of a child described in division (A) of this section who receives special education and related services from a county board of developmental disabilities, tuition shall be the amount determined under division (C)(1) or (2) of this section.

(1) For a child other than a child described in division (C)(2) of this section, the tuition shall be an amount equal to such board's per capita cost of providing special education and related services for children at least three but less than
twenty-two years of age as determined by using a formula established by rule of the department of developmental disabilities.

(2) For a child who is a preschool child with a disability, the tuition shall equal the sum of the amounts of each such board's per capita cost of providing each of the special education or related service that the child receives. The calculation of tuition shall be made by using a formula established by rule of the department of developmental disabilities. The formula for the calculation of per capita costs under division (C)(2) of this section shall be based only on each such county board's cost of providing each type of special education or related service to preschool children with disabilities.

(D) If a home fails to pay the tuition required under this section, the board of education or county board of developmental disabilities providing the education may recover in a civil action the tuition and the expenses incurred in prosecuting the action, including court costs and reasonable attorney's fees. If the prosecuting attorney or city director of law represents the board in such action, costs and reasonable attorney's fees awarded by the court, based upon the time spent preparing and presenting the case by the prosecuting attorney, director, or a designee of either, shall be deposited in the county or city general fund.

Sec. 3323.142. As used in this section, "per pupil amount" for a preschool child with a disability included in such an approved unit means the amount determined by dividing the amount received for the classroom unit in which the child has been placed by the number of children in the unit. For any other
child, "per pupil amount" means the amount paid for the child under section 3317.20 of the Revised Code.

When a school district places or has placed a child with a county board of developmental disabilities for special education, but another district is responsible for tuition under section 3313.64 or 3313.65 of the Revised Code and the child is not a resident of the territory served by the county board of developmental disabilities, the board may charge the district responsible for tuition with the educational costs in excess of the per pupil amount received by the board under Chapter 3317. of the Revised Code. The amount of the excess cost shall be determined by the formula established by rule of the department of education and workforce under section 3323.14 of the Revised Code, and the payment for such excess cost shall be made by the school district directly to the county board of developmental disabilities.

A school district board of education and the county board of developmental disabilities that serves the school district may negotiate and contract, at or after the time of placement, for payments by the board of education to the county board for additional services provided to a child placed with the county board and whose individualized education program established pursuant to section 3323.08 of the Revised Code requires additional services that are not routinely provided children in the county board's program but are necessary to maintain the child's enrollment and participation in the program. Additional services may include, but are not limited to, specialized supplies and equipment for the benefit of the child and instruction, training, or assistance provided by staff members other than staff members for which funding is received under Chapter 3317. of the Revised Code.
Sec. 3323.15. district in which that student is enrolled shall require the student to undergo a comprehensive eye examination performed either by an optometrist licensed under Chapter 4725. of the Revised Code or by a physician authorized under Chapter 4731. of the Revised Code to practice medicine and surgery or osteopathic medicine and surgery who is comprehensively trained and educated in the treatment of the human eye, eye disease, or comprehensive vision services, unless the student underwent such an examination within the nine-month period immediately prior to being identified with disabilities.

However, no student who has not undergone the eye examination required under this section shall be prohibited from initiating, receiving, or continuing to receive services prescribed in the student's individualized education program.

(B) The superintendent of each school district or the superintendent's designee may determine fulfillment of the requirement prescribed in division (A) of this section based on any special circumstances of the student, the student's parent, guardian, or family that may prevent the student from undergoing the eye examination prior to beginning special education services.

(C) Except for a student who may be entitled to a comprehensive eye examination in the identification of the student's disabilities, in the development of the student's individualized education program, or as a related service under the student's individualized education program, neither the state nor any school district shall be responsible for paying for the eye examination required by this section.

(D) The department of education and workforce annually shall do both of the following:
(1) Notify each school district and community school of the requirements of this section;

During that time, the superintendent shall make every effort possible to locate the pupil or the pupil's parent or guardian. If, at the end of this period, no demand has been made for the money held by the state school for the blind, the superintendent of the state school for the blind shall dispose of the money by transferring it to the state school for the blind student activity and work-study fund established by section 3325.11 of the Revised Code. other moneys designated for deposit in the fund by the
superintendent of the school, shall be credited to the fund.
Notwithstanding section 3325.01 of the Revised Code, the
approval of the state board of education and workforce is not required to designate money for deposit into the fund. The state school for the deaf shall use moneys in the fund for educational programs, after-school activities, and expenses associated with student activities and clubs.

Members of the public shall be appointed based on their expertise in business or in STEM fields.

All members of the committee appointed under division (D) of this section shall serve at the pleasure of their appointing authority.

If a member listed in divisions (A) to (C) of this section elects to assign a designee to participate in committee business on the member's behalf, the member shall assign that designation to a single person for the time period in which the designation is effective.

Members of the committee shall receive no compensation for their services. The department of education and workforce shall provide administrative support for the committee.

Sec. 3326.03. (A) The STEM committee shall authorize the establishment of science, technology, engineering, and mathematics schools based on proposals submitted to the committee.

The committee shall determine the criteria for proposals, establish procedures for the submission of proposals, accept and evaluate proposals, and choose which proposals to approve to become a STEM school. In approving proposals for STEM schools, the committee shall consider designating schools in diverse geographic regions of the state so that all students have access to a STEM school.

The committee shall seek technical assistance from the
Ohio STEM learning network, or its successor, throughout the process of accepting and evaluating proposals and choosing which proposals to approve. In approving proposals for STEM schools, the committee shall consider the recommendations of the Ohio STEM learning network, or its successor.

The committee may authorize the establishment of a group of multiple STEM schools to operate from multiple facilities located in one or more school districts under the direction of a single governing body in the manner prescribed by section 3326.031 of the Revised Code. The committee shall consider the merits of each of the proposed STEM schools within a group and shall authorize each school separately. Anytime after authorizing a group of STEM schools to be under the direction of a single governing body, the committee may authorize one or more additional schools to operate as part of that group, provided a proposal for each school is submitted in accordance with this section.

The STEM committee may approve one or more STEM schools to serve only students identified as gifted under Chapter 3324. of the Revised Code.

(B) Proposals may be submitted only by a partnership of public and private entities consisting of at least all of the following:

3. Assurances that each STEM school will operate in compliance with this chapter and the provisions of the proposal as accepted by the committee and that the school will maintain the STEM education practices set forth in the proposal;

4. Evidence that each school will exhibit school-wide cultural strategies reflecting innovation, an entrepreneurial spirit, inquiry, and collaboration with individual accountability;

5. Evidence that each school will offer a rigorous, diverse, integrated, and problem- or project-based curriculum to all students enrolled in the school, with the goal to prepare all students for post-high school learning experiences, the workforce, and citizenship, and that does all of the following:

   a. Emphasizes and supports the role of science, technology, engineering, and mathematics in promoting innovation and economic progress;

   b. Emphasizes the use of design thinking as a school-wide approach;

   c. Provides opportunities for students to engage in personalized learning;

   d. Includes the arts and humanities. If the proposal is
for a STEAM school, it also shall include evidence that the curriculum will integrate arts and design into the study of science, technology, engineering, and mathematics to foster creative thinking, problem-solving, and new approaches to scientific invention.

(6) Evidence that school leadership supports the curriculum principles of division (C)(5) of this section;

(7) A description of how each school's curriculum was developed using the curriculum principles described in division (C)(5) of this section and approved by a team in accordance with section 3326.09 of the Revised Code;

If the proposal is for a STEAM school, it also shall include assurances that the school has received commitments of sustained and verifiable fiscal and in-kind support from arts organizations.

As passed by the Senate proposal by the committee, those grades may be offered by the school.

(E)(1) If a school is designated as a STEM school under this section, it shall maintain that designation for five years unless the STEM committee revokes its designation during that five-year period under division (F) of this section. At the end of that five-year period, the school shall reapply to the STEM committee in order to maintain that designation. The committee shall authorize the continuation of the school's STEM designation if the committee finds that the school is in compliance with this chapter and the provisions of its proposal and any subsequent amendments to that proposal.

If a school chooses not to reapply for designation as a STEM school under division (E)(1) of this section, the committee shall revoke the school's designation at the end of its five-year designation period.

(2) If a school reapplies for its designation as a STEM school under division (E)(1) of this section and the committee has reason to believe that it is not in compliance with this chapter or the provisions of its proposal and any subsequent amendments to that proposal, the committee shall require the school, in collaboration with the department of education and workforce and the Ohio STEM learning network or its successor, to develop a corrective action plan. The school shall implement the corrective action plan and demonstrate exemplary STEM pedagogy and practices within one year of the plan's development. If the school fails to implement the corrective action plan to the satisfaction of the committee at the end of that year, the committee shall revoke the school's designation.

(3) The department shall maintain records of the
application status and designation renewal deadlines for each
school that has been designated as a STEM school under this
section.

(F) If the STEM committee has reason to believe that a
school that is designated as a STEM school under this section is
not in compliance with this chapter or the provisions of its
proposal and any subsequent amendments to that proposal, it may
review the school's designation prior to the end of its five-
year designation period. If the committee reviews a school's
designation under this division, it must require the school to
develop a corrective action plan in the same manner as specified
in division (E)(2) of this section and implement that plan and
demonstrate exemplary STEM pedagogy and practices within one
year of the plan's development. If the school fails to implement
the corrective action plan to the satisfaction of the committee
at the end of that year, the committee shall revoke the school's
designation.

(G) If a STEM school wishes to become a STEAM school, it
may change its existing proposal to include the items required
under divisions (C)(5)(d), (C)(9), and (C)(10) of this section
and submit the revised proposal to the STEM committee for
approval.

(H) Notwithstanding division (B)(1) of this section, on
and after the effective date of this amendment September 30, 2021,
a school operated by a joint vocational school district
that was designated as a STEM school prior to that date may
maintain that designation provided the school continues to
comply with this chapter and all provisions of its proposal and
any subsequent amendments to that proposal. However, nothing
shall prohibit that school from electing to apply for a
Sec. 3326.032. (A) The STEM committee may grant a designation of STEM school equivalent to any of the following schools:

(3) A school offering career-technical education programs that is operated by a school district that is a participant in a compact career-technical education provider;

(4) A community school established under Chapter 3314. of the Revised Code;

(5) A chartered nonpublic school.

In order to be eligible for this designation, a school shall submit a proposal that satisfies the requirements of this section.

The committee shall determine the criteria for proposals, establish procedures for the submission of proposals, accept and evaluate proposals, and choose which proposals warrant a school to be designated as a STEM school equivalent.

(B) A proposal for designation as a STEM school equivalent shall include at least the following:

(1) A statement of which of grades kindergarten through
twelve will be offered by the school;

   (2) Assurances that the school will operate in compliance with this section and the provisions of the proposal as accepted by the committee and that the school will maintain the STEM education practices set forth in the proposal;

   (3) Evidence that the school will exhibit school-wide cultural strategies reflecting innovation, an entrepreneurial spirit, inquiry, and collaboration with individual accountability;

   (4) Evidence that the school will offer a rigorous, diverse, integrated, and problem- or project-based curriculum to all students enrolled in the school, with the goal to prepare all students for post-secondary learning experiences, the workforce, and citizenship, and that does all of the following:

      (a) Emphasizes and supports the role of science, technology, engineering, and mathematics in promoting innovation and economic progress;

      (b) Emphasizes the use of design thinking as a school-wide approach;

      (c) Provides opportunities for students to engage in personalized learning;

      (d) Includes the arts and humanities. If the proposal is for a STEAM school equivalent, it also shall include evidence that the curriculum will integrate arts and design into the study of science, technology, engineering, and mathematics to foster creative thinking, problem-solving, and new approaches to scientific invention.

   (5) Evidence that the school leadership supports the
curriculum principles of division (B)(4) of this section;

(6) A description of how the school's curriculum was
developed using the principles of division (B)(4) of this
section and approved by a team in accordance with section
3326.09 of the Revised Code;

professional development and share knowledge of best practices;

(8) Evidence that the school has established partnerships
with institutions of higher education and businesses. If the
proposal is for a STEAM school equivalent, it also shall include
evidence of established partnerships with one or more arts
organizations.

(9) Assurances that the school has received commitments of
sustained and verifiable fiscal and in-kind support from
regional education and business entities. If the proposal is for
a STEAM school equivalent, it also shall include assurances that
the school has received commitments of sustained and verifiable
fiscal and in-kind support from arts organizations.

(C)(1) If a school is designated as a STEM school
equivalent under this section, it shall maintain that
designation for five years unless the STEM committee revokes its
designation during that five-year period under division (D) of
this section. At the end of that five-year period, the school
shall reapply to the STEM committee in order to maintain that
designation. The committee shall authorize the continuation of
the school's designation as a STEM school equivalent if the
committee finds that the school is in compliance with this
chapter and the provisions of its proposal and any subsequent
amendments to that proposal.
If a school chooses not to reapply for designation as a STEM school equivalent under division (C)(1) of this section, the committee shall revoke the school's designation at the end of its five-year designation period.

(2) If a school reapsplies for its designation as a STEM school equivalent under division (C)(1) of this section and the committee has reason to believe that it is not in compliance with this chapter or the provisions of its proposal and any subsequent amendments to that proposal, the committee shall require the school, in collaboration with the department of education and workforce and the Ohio STEM learning network or its successor, to develop a corrective action plan. The school shall implement the corrective action plan and demonstrate exemplary STEM pedagogy and practices within one year of the plan's development. If the school fails to implement the corrective action plan to the satisfaction of the committee at the end of that year, the committee shall revoke the school's designation.

(3) The department shall maintain records of the application status and designation renewal deadlines for each school that has been designated as a STEM school equivalent under this section.

(D) If the STEM committee has reason to believe that a school that is designated as a STEM school equivalent under this section is not in compliance with this chapter or the provisions of its proposal and any subsequent amendments to that proposal, it may review the school's designation prior to the end of its five-year designation period. If the committee reviews a school's designation under this division, it must require the school to develop a corrective action plan in the same manner as
specified in division (C)(2) of this section and implement that plan and demonstrate exemplary STEM pedagogy and practices within one year of the plan's development. If the school fails to implement the corrective action plan to the satisfaction of the committee at the end of that year, the committee shall revoke the school's designation.

(E) A school that is designated as a STEM school equivalent under this section shall not be subject to the requirements of Chapter 3326. of the Revised Code, except that the school shall be subject to the requirements of this section and to the curriculum requirements of section 3326.09 of the Revised Code.

Nothing in this section, however, shall relieve a community school of the applicable requirements of Chapter 3314. of the Revised Code. Nor shall anything in this section relieve a school operated by a joint vocational school district, a school operated by a comprehensive career-technical education provider, a school operated by a compact career-technical education provider, or a chartered nonpublic school of any provisions of law outside of this chapter that are applicable to such schools.

(2) A school that is designated as a STEM school equivalent under this section shall not be eligible for operating funding under sections 3326.31 to 3326.37, 3326.39 to 3326.40, and 3326.51 of the Revised Code.

(3) A school that is designated as a STEM school equivalent under this section may apply for any of the grants and additional funds described in section 3326.38 of the Revised Code for which the school is eligible.
(F) If a school that is designated as a STEM school equivalent under this section intends to close or intends to no longer be designated as a STEM school equivalent, it shall notify the STEM committee of that fact.

(G) If a school that is designated as a STEM school equivalent wishes to be designated as a STEAM school equivalent, it may change its existing proposal to include the items required under divisions (B)(4)(d), (B)(8), and (B)(9) of this section and submit the revised proposal to the STEM committee for approval.

Sec. 3326.04. (A) The STEM committee shall grant distinctions as STEM programs of excellence to STEM programs operated by joint vocational school districts, comprehensive career-technical education providers, compact career-technical education providers, and educational service centers in accordance with this section.

(B) A joint vocational school district, comprehensive career-technical education provider, compact career-technical education provider, or educational service center may submit a proposal to the STEM committee seeking distinction as a STEM program of excellence. The proposal shall demonstrate to the satisfaction of the STEM committee that the program meets at least the following standards:

(1) Unless the program is designed to serve only students identified as gifted under Chapter 3324. of the Revised Code, the program will serve all students enrolled in the grades for which the program is designed.

(2) The program will provide students with the opportunity to innovate, develop an entrepreneurial spirit, engage in
inquiry, and collaborate with individual accountability.

(3) The program will offer a rigorous, diverse, integrated, and problem- or project-based curriculum to students, with the goal to prepare students for post-secondary learning experiences, the workforce, and citizenship, and that does all of the following:

(a) Emphasizes and supports the role of science, technology, engineering, and mathematics in promoting innovation and economic progress;

(b) Emphasizes the use of design thinking as a school-wide approach;

(c) Provides opportunities for students to engage in personalized learning;

(d) Includes the arts and humanities. If the proposal is for distinction as a STEAM program of excellence, it also shall include evidence that the curriculum will integrate arts and design into the study of science, technology, engineering, and mathematics to foster creative thinking, problem-solving, and new approaches to scientific invention.

(4) The district, provider, or service center leadership supports the curriculum principles of division (B)(3) of this section.

(5) The program's leaders participate in regular STEM-focused professional development and share knowledge of best practices.

(6) The program has established partnerships with institutions of higher education and businesses. If the proposal is for distinction as a STEAM program of excellence, it also
shall include evidence of established partnerships with one or more arts organizations.

(7) The program has received commitments of sustained and verifiable fiscal and in-kind support from regional education and business entities. If the proposal is for distinction as a STEAM program of excellence, the program also has received commitments of sustained and verifiable fiscal and in-kind support from arts organizations;

(8) The program's curriculum was developed using the principles described in division (B)(3) of this section and approved by a team in accordance with section 3326.09 of the Revised Code.

(C)(1) If a joint vocational school district, comprehensive career-technical education provider, compact career-technical education provider, or educational service center receives a distinction as a STEM program of excellence under this section, it shall maintain that distinction for five years unless the STEM committee revokes the distinction during that five-year period under division (E) of this section. At the end of that five-year period, the district, provider, or service center shall reapply to the STEM committee in order to maintain that distinction. The committee shall authorize the continuation of the district's, provider's, or service center's distinction as a STEM program of excellence if the committee finds that the district, provider, or service center is in compliance with this chapter and the provisions of its proposal and any subsequent amendments to that proposal.

If a joint vocational school district, comprehensive career-technical education provider, compact career-technical education provider, or educational service center chooses not to
reapply for a distinction for a STEM program of excellence under division (C)(1) of this section, the committee shall revoke the district's, provider's, or service center's distinction at the end of its five-year period of distinction.

(2) If a joint vocational school district, comprehensive career-technical education provider, compact career-technical education provider, or educational service center reapplies for distinction as a STEM program of excellence under division (C) (1) of this section and the committee has reason to believe that it is not in compliance with this chapter or the provisions of its proposal and any subsequent amendments to that proposal, the committee shall require the district, provider, or service center, in collaboration with the department of education and workforce and the Ohio STEM learning network or its successor, to develop a corrective action plan. The district, provider, or service center shall implement the corrective action plan and demonstrate exemplary STEM pedagogy and practices within one year of the plan's development. If the district, provider, or service center fails to implement the corrective action plan to the satisfaction of the committee at the end of that year, the committee shall revoke the district's, provider's, or service center's distinction.

(3) The department shall maintain records of the application status and designation renewal deadlines for each joint vocational school district, comprehensive career-technical education provider, compact career-technical education provider, or educational service center that has received a distinction as a STEM program of excellence under this section.

(D) If the STEM committee has reason to believe that a joint vocational school district, comprehensive career-technical
education provider, compact career-technical education provider, or educational service center that has received a distinction as a STEM program of excellence under this section is not in compliance with this chapter or the provisions of its proposal and any subsequent amendments to that proposal, it may review the district's, provider's, or service center's distinction prior to the end of the five-year period during which that distinction is effective. If the committee reviews a district's, provider's, or service center's distinction under this division, it must require the district, provider, or service center to develop a corrective action plan in the same manner as specified in division (C)(2) of this section and implement that plan and demonstrate exemplary STEM pedagogy and practices within one year of the plan's development. If the district, provider, or service center fails to implement the corrective action plan to the satisfaction of the committee at the end of that year, the committee shall revoke the district's, provider's, or service center's distinction.

(E) If a joint vocational school district, comprehensive career-technical education provider, compact career-technical education provider, or educational service center that has received distinction for a STEM program of excellence instead wishes to receive a distinction for a STEAM program of excellence, it may change its existing proposal to include the items required under divisions (B)(3)(d), (B)(6), and (B)(7) of this section and submit the revised proposal to the STEM committee for approval.

Sec. 3326.08. (A) The governing body of each science, technology, engineering, and mathematics school shall engage the services of administrative officers, teachers, and nonteaching employees of the STEM school necessary for the school to carry...
out its mission and shall oversee the operations of the school. The governing body of each STEM school shall engage the services of a chief administrative officer to serve as the school's instructional and administrative leader. The chief administrative officer shall be granted the authority to oversee the recruitment, retention, and employment of teachers and nonteaching employees.

(B) The department of education and workforce shall monitor the oversight of each STEM school exercised by the school's governing body and shall monitor the school's compliance with this chapter and with the proposal for the establishment of the school as it was approved by the STEM committee under section 3326.03 of the Revised Code. Except in the case of a STEM school that is governed and controlled by a school district in accordance with section 3326.51 of the Revised Code, if the department finds that the school is not in compliance with this chapter or with the proposal and the STEM committee has revoked the school's STEM designation under division (E)(1) or (2) or (F) of section 3326.03 of the Revised Code, the department shall consult with the STEM committee, and the committee shall order the school to close on the last day of the school year in which the committee issues its order.

(C) The governing body of each STEM school shall comply with sections 121.22 and 149.43 of the Revised Code.

(B) If a person who is employed by a science, technology, engineering, and mathematics school established under this chapter is arrested, summoned, or indicted for an alleged violation of an offense listed in division (C) of section 3326.081.
3319.31 of the Revised Code, if the person holds a license, or an offense listed in division (B)(1) of section 3319.39 of the Revised Code, if the person does not hold a license, the chief administrative officer of the school shall suspend that person from all duties that require the care, custody, or control of a child during the pendency of the criminal action against the person. If the person who is arrested, summoned, or indicted for an alleged violation of an offense listed in division (C) of section 3319.31 or division (B)(1) of section 3319.39 of the Revised Code is the chief administrative officer of the school, the governing body of the school shall suspend the chief administrative officer from all duties that require the care, custody, or control of a child.

(C) When a person who holds a license is suspended in accordance with this section, the chief administrative officer or governing body that imposed the suspension promptly shall report the person's suspension to the department of education and workforce and to the state board of education. The report shall include the offense for which the person was arrested, summoned, or indicted.

Sec. 3326.15. Each science, technology, engineering, and mathematics school and its governing body shall comply with sections 3313.603 and 3313.6027 of the Revised Code as if it were a school district. However, a STEM school may permit a student to earn units of high school credit based on a demonstration of subject area competency instead of or in combination with completing hours of classroom instruction prior to the adoption by the state board of education and workforce of the plan for granting high school credit based on competency, as required by division (J) of that section. Upon adoption of the plan, each STEM school shall comply with that
plan and award units of high school credit in accordance with the plan.

Sec. 3326.17. (A) The department of education and workforce shall issue an annual report card for each science, technology, engineering, and mathematics school that includes all information applicable to school buildings under section 3302.03 of the Revised Code.

(B) Beginning with the report cards issued for the 2020-2021 school year, for each student enrolled in a STEM school that is not a STEM school governed by a STEM school sponsoring district, as defined in section 3326.51 of the Revised Code, the department shall combine data regarding the academic performance of that student with comparable data from the school district in which the student is entitled to attend school pursuant to section 3313.64 or 3313.65 of the Revised Code for the purpose of calculating the performance of the district as a whole on the report card issued for the district under section 3302.03 of the Revised Code.

(C) The department also shall compute a rating for each group of STEM schools that is under the direction of the same governing body, as authorized under section 3326.031 of the Revised Code, and issue a distinct report card for the group as a whole.

(D) Each STEM school and its governing body shall comply with sections 3302.04 and 3302.041 of the Revised Code, except that any action required to be taken by a school district pursuant to those sections shall be taken by the school. However, the school shall not be required to take any action described in division (F) of section 3302.04 of the Revised Code.
Sec. 3326.211. (A) If the auditor of state or a public accountant, pursuant to section 117.41 of the Revised Code, declares a science, technology, engineering, and mathematics school to be unauditable, the auditor of state shall provide written notification of that declaration to the school and the department of education and workforce. The auditor of state also shall post the notification on the auditor of state's web site.

(B) If the STEM school's current treasurer held that position during the period for which the school is unauditable, upon receipt of the notification under division (A) of this section, the governing body of the school shall suspend the treasurer until the auditor of state or a public accountant has completed an audit of the school. Suspension of the treasurer may be with or without pay, as determined by the governing body based on the circumstances that prompted the auditor of state's declaration. The governing body shall appoint a person to assume the duties of the treasurer during the period of the suspension. If the appointee is not licensed as a treasurer under section 3301.074 of the Revised Code, the appointee shall be approved by the superintendent of public instruction director of education and workforce before assuming the duties of the treasurer. The state board of education may take action under section 3319.31 of the Revised Code to suspend, revoke, or limit the license of a treasurer who has been suspended under this division.

(C) Not later than forty-five days after receiving the notification under division (A) of this section, the governing body of the STEM school shall provide a written response to the auditor of state. The response shall include the following:

(1) An overview of the process the governing body will use to review and understand the circumstances that led to the
school becoming unauditable;

(2) A plan for providing the auditor of state with the documentation necessary to complete an audit of the school and for ensuring that all financial documents are available in the future;

(3) The actions the governing body will take to ensure that the plan described in division (C)(2) of this section is implemented.

(D) If the STEM school fails to make reasonable efforts and continuing progress to bring its accounts, records, files, or reports into an auditable condition within ninety days after being declared unauditable, the auditor of state, in addition to requesting legal action under sections 117.41 and 117.42 of the Revised Code, shall notify the school and the department of the school's failure. If the auditor of state or a public accountant subsequently is able to complete a financial audit of the school, the auditor of state shall notify the school and the department that the audit has been completed.

(E) Notwithstanding any provision to the contrary in this chapter or in any other provision of law, upon notification by the auditor of state under division (D) of this section that the STEM school has failed to make reasonable efforts and continuing progress to bring its accounts, records, files, or reports into an auditable condition, the department shall immediately cease all payments to the school under this chapter and any other provision of law. **Sec. 3326.35.** The department of education and workforce shall adjust the amounts paid under section 3317.022 of the Revised Code to reflect any enrollment of students in science, technology, engineering, and mathematics schools for less than the equivalent of a full school year.

**Sec. 3326.36.** The department of education and workforce shall reduce the amounts paid to a science, technology, engineering, and mathematics school or to the governing body of a group of science, technology, engineering, and mathematics schools under section 3317.022 of the Revised Code to reflect payments made to colleges under section 3365.07 of the Revised Code. The superintendent [director] may grant a waiver only for good cause in accordance with rules adopted by the state board of education [department].

(D) Any student who has attained the age of twenty-two years, except for veterans of the armed services whose attendance was interrupted before completing the recognized twelve-year course of the public schools by reason of induction or enlistment in the armed forces and who apply for enrollment in a STEM school not later than four years after termination of war or their honorable discharge. Sec. 3326.45. (A) The governing body of a science, technology, engineering, and mathematics school may contract with the governing board of an educational service center or the board of education of a joint vocational school district for the provision of services to the STEM school or to any student enrolled in the school. Services provided under the contract and the amount to be paid for those services shall be mutually agreed to by the parties to the contract, and shall be specified
in the contract.

(B) A contract entered into under this section may require an educational service center to provide any one or a combination of the following services to a STEM school:

(1) Supervisory teachers;

(2) In-service and continuing education programs for personnel of the STEM school;

(3) Curriculum services as provided to the client school districts of the service center;

The contract shall specify whether the service center will receive a per-pupil payment from the department of education and workforce for the provision of these services and, if so, the amount of the per-pupil payment.

(C) For each contract entered into under this section, the department shall deduct the amount owed by the STEM school from the state funds due to the STEM school under this chapter and shall pay that amount to the educational service center or joint vocational school district that is party to the contract.
(D) No contract entered into under this section shall be valid unless a copy is filed with the department by the first day of the school year for which the contract is in effect.

(E) As used in this section, "client school district" means a city, exempted village, or local school district that has entered into an agreement under section 3313.843 or 3313.845 of the Revised Code to receive any services from an educational service center.

(1) "Resident district" has the same meaning as in section 3326.31 of the Revised Code.

(2) "STEM school sponsoring district" means a municipal, city, local, or exempted village school district that governs and controls a STEM school pursuant to this section.

(B) Notwithstanding any other provision of this chapter to the contrary:

(1) If a proposal for a STEM school submitted under section 3326.03 of the Revised Code proposes that the governing body of the school be the board of education of a municipal, city, local, or exempted village school district that is one of the partners submitting the proposal, and the STEM committee approves that proposal, that school district board shall govern and control the STEM school as one of the schools of its district.

(2) The STEM school sponsoring district shall maintain a separate accounting for the STEM school as a separate and distinct operational unit within the district's finances. The auditor of state, in the course of an annual or biennial audit of the school district serving as the STEM school sponsoring
district, shall audit that school district for compliance with
the financing requirements of this section.

(3) With respect to students enrolled in a STEM school
whose resident district is the STEM school sponsoring district:

(a) The department of education and workforce shall make
payments to the school in accordance with section 3317.022 of
the Revised Code from the STEM school sponsoring district's
state payments.

(b) The STEM school sponsoring district is responsible for
providing children with disabilities with a free appropriate
public education under Chapter 3323. of the Revised Code.

(c) The STEM school sponsoring district shall provide
student transportation in accordance with laws and policies
generally applicable to the district.

(4) With respect to students enrolled in the STEM school
whose resident district is another school district, the
department shall consider the students as open enrollment
students and shall make payments to the school in accordance
with section 3317.022 of the Revised Code.

(5) A STEM school sponsoring district and its board may
assign its district employees to the STEM school, in which case
section 3326.18 of the Revised Code shall not apply. The
district and board may apply any other resources of the district
to the STEM school in the same manner that it applies district
resources to other district schools.

(6) Provisions of this chapter requiring a STEM school and
its governing body to comply with specified laws as if it were a
school district and in the same manner as a board of education
shall instead require such compliance by the STEM school
sponsoring district and its board of education, respectively, with respect to the STEM school. Where a STEM school or its governing body is required to perform a specific duty or permitted to take a specific action under this chapter, that duty is required to be performed or that action is permitted to be taken by the STEM school sponsoring district or its board of education, respectively, with respect to the STEM school.

(7) No provision of this chapter limits the authority, as provided otherwise by law, of a school district and its board of education to levy taxes and issue bonds secured by tax revenues.

(8) The treasurer of the STEM school sponsoring district or, if the STEM school sponsoring district is a municipal school district, the chief financial officer of the district, shall have all of the respective rights, authority, exemptions, and duties otherwise conferred upon the treasurer or chief financial officer by the Revised Code.

Sec. 3326.60. (A) With the approval of its governing body, a STEM school established under this chapter may procure injectable or nasally administered glucagon in the manner prescribed by section 3313.7115 of the Revised Code. A STEM school that elects to do so shall comply with all provisions of that section as if it were a school district.

(B)(1) The following are not liable in damages in a civil action for injury, death, or loss to person or property that allegedly arises from an act or omission associated with procuring, maintaining, accessing, or using injectable or nasally administered glucagon under this section, unless the act or omission constitutes willful or wanton misconduct:

(a) A STEM school;
(b) A member of a STEM school governing body;

(c) A STEM school employee or contractor;

(d) A licensed health professional authorized to prescribe drugs who personally furnishes or prescribes injectable or nasally administered glucagon, provides a consultation, or issues a protocol pursuant to this section.

(2) This division does not eliminate, limit, or reduce any other immunity or defense that a STEM school or governing body, member of a STEM school governing body, STEM school employee or contractor, or licensed health professional may be entitled to under Chapter 2744. or any other provision of the Revised Code or under the common law of this state.

(C) A STEM school may accept donations of injectable or nasally administered glucagon from a wholesale distributor of dangerous drugs or a manufacturer of dangerous drugs, as defined in section 4729.01 of the Revised Code, and may accept donations of money from any person to purchase the drug.

(D) A STEM school that elects to procure injectable or nasally administered glucagon under this section shall report to the department of education and workforce each procurement and each occurrence in which a dose of the drug is used from the school's supply.

Sec. 3327.01. Notwithstanding division (D) of section 3311.19 and division (D) of section 3311.52 of the Revised Code, this section and sections 3327.011, 3327.012, and 3327.02 of the Revised Code do not apply to any joint vocational or cooperative education school district.

In all city, local, and exempted village school districts where resident school pupils in grades kindergarten through
eight live more than two miles from the school for which the
state board director of education and workforce prescribes
minimum standards pursuant to division (D) of section 3301.07 of
the Revised Code and to which they are assigned by the board of
education of the district of residence or to and from the
nonpublic or community school which they attend, the board of
education shall provide transportation for such pupils to and
from that school except as provided in section 3327.02 of the
Revised Code.

In all city, local, and exempted village school districts
where pupil transportation is required under a career-technical
plan approved by the state board department of education and
workforce under section 3313.90 of the Revised Code, for any
student attending a career-technical program operated by another
school district, including a joint vocational school district,
as prescribed under that section, the board of education of the
student’s district of residence shall provide transportation
from the public high school operated by that district to which
the student is assigned to the career-technical program.

In all city, local, and exempted village school districts,
the board may provide transportation for resident school pupils
in grades nine through twelve to and from the high school to
which they are assigned by the board of education of the
district of residence or to and from the nonpublic or community
high school which they attend for which the state board director
of education and workforce prescribes minimum standards pursuant
to division (D) of section 3301.07 of the Revised Code.

A board of education shall not be required to transport
elementary or high school pupils to and from a nonpublic or
community school where such transportation would require more
than thirty minutes of direct travel time as measured by school
bus from the public school building to which the pupils would be
assigned if attending the public school designated by the
district of residence.

Where it is impractical to transport a pupil by school
conveyance, a board of education may offer payment, in lieu of
providing such transportation in accordance with section 3327.02
of the Revised Code.

A board of education shall provide transportation to
students enrolled in a community school or nonpublic school in
accordance with this section on each day in which that school is
open for operation with students in attendance, regardless of
whether the district's own schools are open for operation with
students in attendance on that day. However, a board of
education shall not be required to transport elementary or high
school pupils to and from a nonpublic or community school on
Saturday or Sunday, unless a board of education and a nonpublic
or community school have an agreement in place to do so before
the first day of July of the school year in which the agreement
takes effect.

In all city, local, and exempted village school districts,
the board shall provide transportation for all children who are
so disabled that they are unable to walk to and from the school
for which the state board director of education and workforce
prescribes minimum standards pursuant to division (D) of section
3301.07 of the Revised Code and which they attend. In case of
dispute whether the child is able to walk to and from the
school, the health commissioner shall be the judge of such
ability. In all city, exempted village, and local school
districts, the board shall provide transportation to and from
school or special education classes for mentally disabled children in accordance with standards adopted by the state board of education and workforce.

When transportation of pupils is provided the conveyance shall be run on a time schedule that shall be adopted and put in force by the board not later than ten days after the beginning of the school term. The operator of every school bus or motor van owned and operated by any school district or educational service center or privately owned and operated under contract with any school district or service center in this state shall deliver students enrolled in preschool through twelfth grades to their respective public and nonpublic schools not sooner than thirty minutes prior to the beginning of school and to be available to pick them up not later than thirty minutes after the close of their respective schools each day.

The cost of any transportation service authorized by this section shall be paid first out of federal funds, if any, available for the purpose of pupil transportation, and secondly out of state appropriations, in accordance with regulations adopted by the state board of education.

No transportation of any pupils shall be provided by any board of education to or from any school which in the selection of pupils, faculty members, or employees, practices discrimination against any person on the grounds of race, color, religion, or national origin.

Sec. 3327.011. In determining how best to provide transportation, where persons or firms on or after April 1, 1965, were providing transportation to and from schools pursuant to contracts with persons or agencies responsible for the operation of such schools, the board of education responsible
for transportation in accordance with section 3327.01 of the Revised Code shall give preference if economically feasible during the term of any such contract to the firm or person providing such transportation. The boards of education within the county or group of counties shall establish transportation routes, schedules, and utilization of transportation equipment. The appeals from the determination of the board of education responsible for transportation shall be taken to the state board of education and workforce.

Sec. 3327.012. Payments to school districts for transportation of school pupils shall be made on a current basis according to an estimate which shall be filed with the state board of education and workforce by respective school districts in accordance with rules which the state board of education shall promulgate. The sum due the respective school district as calculated from approved cost in accordance with the rules of the board of education shall be adjusted annually in the quarter next following the end of the school year. The superintendent of public instruction, subject to the approval of the state board of education, may contract with any firm, person, or board of education to provide pupil transportation services authorized by this section. In no event shall the payment for such contract service exceed the average transportation cost per pupil, such average cost to be based on the cost of transportation of children by all boards of education in Ohio during the next preceding year.

Sec. 3327.018. The board of education of each city, local, or exempted village school district that owns and operates buses for transporting students may contract, in writing, with a public or private not-for-profit agency, group, or organization, with a municipal corporation or other political subdivision or
agency of the state, or with an agency of the federal government to operate its buses to assist the agency, group, organization, or political subdivision in the fulfillment of its legitimate activities and in times of emergency. These contracts shall be entered into under the authority of the school district as a political subdivision and shall not be considered commerce. When buses are made available to other agencies, groups, organizations, or political subdivisions under this section, the buses must be operated by individuals holding certificates issued by either the educational service center governing board that has entered into an agreement with the school district under section 3313.843 or 3313.845 of the Revised Code or the superintendent of the school district certifying that the individuals satisfy the requirements of section 3327.10 of the Revised Code. All state board department of education and workforce regulations governing the operation of school buses when transporting students shall apply when buses are used in accordance with this section.

Any board of education of a city, local, or exempted village school district that makes one or more of its vehicles available under this section shall procure liability and property damage insurance, as provided in section 3327.09 of the Revised Code, covering all vehicles used and passengers transported under this section. The board of education may recover expenses from contracting entities, not to exceed the costs of operation and insurance coverage.

Sec. 3327.02. (A) After considering each of the following factors, the board of education of a city, exempted village, or local school district, or a community school governing authority providing transportation pursuant to section 3314.091 of the Revised Code, may determine that it is impractical to transport
a pupil who is eligible for transportation to and from a school under section 3327.01 of the Revised Code:

(1) The time and distance required to provide the transportation;

(2) The number of pupils to be transported;

(3) The cost of providing transportation in terms of equipment, maintenance, personnel, and administration;

(4) Whether similar or equivalent service is provided to other pupils eligible for transportation;

(5) Whether and to what extent the additional service unavoidably disrupts current transportation schedules;

(6) Whether other reimbursable types of transportation are available.

(B) Based on its consideration of the factors established in division (A) of this section, the board or governing authority may pass a resolution declaring the impracticality of transportation. The resolution shall include each pupil's name and the reason for impracticality. Such determination shall be made not later than thirty calendar days prior to the district's or school's first day of instruction, or in the case of a student who enrolls within thirty calendar days prior to the first day of instruction or on or after the first day of instruction, not later than fourteen calendar days after the student's enrollment. The determination may be made by the superintendent and formalized at the next following meeting of the board or governing authority.

The board or governing authority shall report its determination to the state board of education.
workforce in a manner determined by the state board department.

In addition, the board or governing authority shall issue a letter to the pupil's parent, guardian, or other person in charge of the pupil, the nonpublic or community school in which the pupil is enrolled, and to the state board department with a detailed description of the reasons for which such determination was made.

(C) After passing the resolution declaring the impracticality of transportation, the district board or governing authority shall offer to provide payment in lieu of transportation by doing the following:

(1) In accordance with guidelines established by the department of education, informing the pupil's parent, guardian, or other person in charge of the pupil of both of the following:

(a) The resolution;

(b) The right of the pupil's parent, guardian, or other person in charge of the pupil to accept the offer of payment in lieu of transportation or to reject the offer and instead request the department to initiate mediation procedures.

(2) Issuing the pupil's parent, guardian, or other person in charge of the pupil a contract or other form on which the parent, guardian, or other person in charge of the pupil is given the option to accept or reject the board's offer of payment in lieu of transportation.

(D) If the parent, guardian, or other person in charge of the pupil accepts the offer of payment in lieu of providing transportation, the board or governing authority shall pay the parent, guardian, or other person in charge of the pupil an amount that shall be not less than fifty per cent, and not more
than the amount determined by the department of education as the
average cost of pupil transportation for the previous school
year. Payment may be prorated if the time period involved is
only a part of the school year.

(E)(1)(a) Upon the request of a parent, guardian, or other
person in charge of the pupil who rejected the payment in lieu
of transportation, the department shall conduct mediation
procedures. A parent, guardian, or other person in charge of the
pupil may authorize the nonpublic or community school in which
the pupil is enrolled to act on the parent's, guardian's, or
other person's behalf during the mediation proceedings.

(b) If the mediation does not resolve the dispute, the
state board department shall conduct a hearing in accordance
with Chapter 119. of the Revised Code. The state board
department may approve the payment in lieu of transportation or
may order the district board of education or governing authority
to provide transportation. The decision of the state board
department is binding in subsequent years and on future parties
in interest provided the facts of the determination remain
comparable.

(2) The school district or governing authority shall
provide transportation for the pupil from the time the parent,
guardian, or other person in charge of the pupil requests
mediation until the matter is resolved under division (E)(1)(a)
or (b) of this section.

(F)(1) If the department determines that a school district
board or governing authority has failed or is failing to provide
transportation as required by division (E)(2) of this section or
as ordered by the state board department under division (E)(1)
(b) of this section, the department shall order the school
district board or governing authority to pay to the pupil's parent, guardian, or other person in charge of the pupil, an amount equal to fifty per cent of the cost of providing transportation as determined by the board or governing authority under division (A)(3) of this section, and not more than two thousand five hundred dollars. The school district board or governing authority shall make payments on a schedule ordered by the department.

(2) If the department subsequently finds that a school district board is not in compliance with an order issued under division (F)(1) of this section and the affected pupils are enrolled in a nonpublic or community school, the department shall deduct the amount that the board is required to pay under that order from any pupil transportation payments the department makes to the school district board under section 3317.0212 of the Revised Code or other provisions of law. The department shall use the moneys so deducted to make payments to the nonpublic or community school attended by the pupil. The department shall continue to make the deductions and payments required under this division until the school district board either complies with the department's order issued under division (F)(1) of this section or begins providing transportation.

(G) A nonpublic or community school that receives payments from the department under division (F)(2) of this section shall do either of the following:

(1) Disburse the entire amount of the payments to the parent, guardian, or other person in charge of the pupil affected by the failure of the school district of residence to provide transportation;
(2) Use the entire amount of the payments to provide acceptable transportation for the affected pupil.

(H) At any time after a parent, guardian, or other person in charge of a pupil requests transportation for a pupil, that parent, guardian, or other person may authorize the nonpublic or community school in which the pupil is enrolled to act on the parent's, guardian's, or other person's behalf for purposes of this section.

Sec. 3327.021. The department of education and workforce shall monitor each city, local, or exempted village school district's compliance with sections 3327.01 and 3327.016 and division (B) of section 3327.017 of the Revised Code. If the department determines a consistent or prolonged period of noncompliance on the part of the school district to provide transportation as required under those sections, the department shall deduct from the district's payment for student transportation under Chapter 3317. of the Revised Code the total daily amount of that payment, as computed by the department, for each day that the district is not in compliance.

This section does not affect the authority of a school district to provide payment in lieu of transportation in accordance with section 3327.02 of the Revised Code.

Sec. 3327.05. (A) Except as provided in division (B) of this section, no board of education of any school district shall provide transportation for any pupil who is a school resident of another school district unless the pupil is enrolled pursuant to section 3313.98 of the Revised Code or the board of the other district has given its written consent thereto. If the board of any school district files with the state board department of education and workforce a written complaint that transportation
for resident pupils is being provided by the board of another school district contrary to this division, the state board of education shall make an investigation of such complaint. If the state board of education finds that transportation is being provided contrary to this section, it may withdraw from state funds due the offending district any part of the amount that has been approved for transportation pursuant to section 3317.0212 of the Revised Code or other provisions of law.

(B) Notwithstanding division (D) of section 3311.19 and division (D) of section 3311.52 of the Revised Code, this division does not apply to any joint vocational or cooperative education school district.

A board of education may provide transportation to and from the nonpublic school of attendance if both of the following apply:

(1) The parent, guardian, or other person in charge of the pupil agrees to pay the board for all costs incurred in providing the transportation that are not reimbursed pursuant to Chapter 3317. of the Revised Code;

(2) The pupil's school district of residence does not provide transportation for public school pupils of the same grade as the pupil being transported under this division, or that district is not required under section 3327.01 of the Revised Code to transport the pupil to and from the nonpublic school because the direct travel time to the nonpublic school is more than thirty minutes.

Upon receipt of the request to provide transportation, the board shall review the request and determine whether the board
will accommodate the request. If the board agrees to transport the pupil, the board may transport the pupil to and from the nonpublic school and a collection point in the district, as determined by the board. If the board transports the pupil, the board may include the pupil in the district's enrollment reported to the department of education for purposes of calculating the district's transportation ADM under section 3317.03 of the Revised Code and, accordingly, may receive a state payment under section 3317.0212 of the Revised Code or other provisions of law for transporting the pupil.

If the board declines to transport the pupil, the board, in a written communication to the parent, guardian, or other person in charge of the pupil, shall state the reasons for declining the request.

Sec. 3327.08. Boards of education of city school districts, local school districts, exempted village school districts, cooperative education school districts, and joint vocational school districts and governing boards of educational service centers may purchase on individual contract school buses and other equipment used in transporting children to and from school and to other functions as authorized by the boards, or the boards, at their discretion, may purchase the buses and equipment through any system of centralized purchasing established by the state department of education and workforce for that purpose, provided that state subsidy payments shall be based on the amount of the lowest price available to the boards by either method of purchase. No board shall be deprived of any form of state assistance in the purchase of buses and equipment by reason of purchases of buses and equipment on an individual contract.
The purchase of school buses shall be made only after competitive bidding in accordance with section 3313.46 of the Revised Code. All bids shall state that the buses, prior to delivery, will comply with the safety rules of the department of public safety adopted pursuant to section 4511.76 of the Revised Code and all other pertinent provisions of law.

At no time shall bid bonds be required for the purchase of school buses, unless the district board or educational service center governing board requests that bid bonds be part of the competitive bidding process for a specified purchase.

Failure to comply with such division may be cause for disciplinary action or termination of employment under division (C) of section 3319.081, or section 124.34 of the Revised Code.

(B) No person shall be employed as driver of a school bus or motor van not subject to the rules of the department of education pursuant to division (A) of this section who has not received a certificate from the school administrator or contractor certifying that such person is at least eighteen years of age and is qualified physically and otherwise for such position. Each driver shall have an annual physical examination which conforms to the state highway patrol rules, ascertaining the driver's physical fitness for such employment. The examination shall be performed by one of the following:

(5) A certified nurse-midwife;

(6) A medical examiner who is listed on the national registry of certified medical examiners established by the federal motor carrier safety administration in accordance with 49 C.F.R. part 390.

Any written documentation of the physical examination shall be completed by the individual who performed the examination.

Any certificate may be revoked by the authority granting the same on proof that the holder has been guilty of failing to comply with division (D)(2) of this section.

(C) Any person who drives a school bus or motor van must give satisfactory and sufficient bond except a driver who is an employee of a school district and who drives a bus or motor van owned by the school district.

(2) If employed under division (B) of this section, the person shall file the notice with the employing school administrator or contractor, or a person designated by the administrator or contractor.

(E) In addition to resulting in possible revocation of a certificate as authorized by divisions (A) and (B) of this section, violation of division (D) of this section is a minor misdemeanor.

(F)(1) Not later than thirty days after June 30, 2007, each owner of a school bus or motor van shall obtain the complete driving record for each person who is currently employed or otherwise authorized to drive the school bus or motor van. An owner of a school bus or motor van shall not permit a person to operate the school bus or motor van for the first time before the owner has obtained the person's complete driving record. Thereafter, the owner of a school bus or motor van shall obtain the person's driving record not less frequently than semiannually if the person remains employed or otherwise authorized to drive the school bus or motor van. An owner of a school bus or motor van shall not permit a person to resume operating a school bus or motor van, after an interruption of one year or longer, before the owner has obtained the person's complete driving record.

(G) No superintendent of a school district, educational service center, community school, or public or private employer shall permit the operation of a vehicle used for pupil transportation within this state by an individual unless both of the following apply:

(I) For qualified drivers who, on July 1, 2007, are employed by the owner of a school bus or motor van to drive the school bus or motor van, any instance in which the driver was
convicted of or pleaded guilty to a violation of section 4511.19 of the Revised Code or a substantially equivalent municipal ordinance prior to two years prior to July 1, 2007, shall not be considered a disqualifying event with respect to division (F) of this section.

(J)(1) This division applies to persons hired by a school district, educational service center, community school, chartered nonpublic school, or science, technology, engineering, and mathematics school established under Chapter 3326. of the Revised Code to operate a vehicle used for pupil transportation.

No officer, trustee, or member of the board of trustees of a college-preparatory boarding school incurs any personal liability by virtue of section 3318.08, 3318.60, or 3318.61 of the Revised Code or the entering into any contract on behalf of the school.

Sec. 3328.18. (A) As used in this section, "license" has the same meaning as in section 3319.31 of the Revised Code.

(B) If a person who is employed by a college-preparatory boarding school established under this chapter or its operator is arrested, summoned, or indicted for an alleged violation of an offense listed in division (C) of section 3319.31 of the Revised Code, if the person holds a license, or an offense listed in division (B)(1) of section 3319.39 of the Revised Code, if the person does not hold a license, the chief administrator of the school in which that person works shall suspend that person from all duties that require the care, custody, or control of a child during the pendency of the criminal action against the person. If the person who is arrested, summoned, or indicted for an alleged violation of an offense listed in division (C) of section 3319.31 or division (B)(1) of section 3319.39 of the Revised Code is the chief administrator of the school, the board of trustees of the school shall suspend the chief administrator from all duties that require the care, custody, or control of a child.

(C) When a person who holds a license is suspended in
accordance with this section, the chief administrator or board
that imposed the suspension promptly shall report the person's
suspension to the department of education and workforce and to
the state board of education. The report shall include the
offense for which the person was arrested, summoned, or
indicted.

Sec. 3328.23. (A) A college-preparatory boarding school
established under this chapter shall comply with Chapter 3323.
of the Revised Code as if the school were a school district. For
each child with a disability enrolled in the school for whom an
IEP has been developed, the school shall verify in the manner
prescribed by the department of education and workforce that the
school is providing the services required under the child's IEP.

(B) The school district in which a child with a disability
enrolled in the college-preparatory boarding school is entitled
to attend school and the child's school district of residence,
if different, are not obligated to provide the student with a
free appropriate public education under Chapter 3323. of the
Revised Code for as long as the child is enrolled in the
college-preparatory boarding school.

Sec. 3328.26. (A) The department of education and
workforce shall issue an annual report card for each college-
preparatory boarding school established under this chapter that
includes all information applicable to school buildings under
section 3302.03 of the Revised Code.

(B) For each student enrolled in the school, the
department shall combine data regarding the academic performance
of that student with comparable data from the school district in
which the student is entitled to attend school for the purpose
of calculating the performance of the district as a whole on the
report card issued for the district under section 3302.03 of the Revised Code.

(C) Each college-preparatory boarding school and its operator shall comply with sections 3302.04 and 3302.041 of the Revised Code, except that any action required to be taken by a school district pursuant to those sections shall be taken by the school.

Sec. 3328.29. (A) With the approval of its board of trustees, a college-preparatory boarding school established under this chapter may procure epinephrine autoinjectors in the manner prescribed by section 3313.7110 of the Revised Code. A college-preparatory boarding school that elects to do so shall comply with all provisions of that section as if it were a school district.

(B)(1) The following are not liable in damages in a civil action for injury, death, or loss to person or property that allegedly arises from an act or omission associated with procuring, maintaining, accessing, or using an epinephrine autoinjector under this section, unless the act or omission constitutes willful or wanton misconduct:

(a) A college-preparatory boarding school;

(b) A member of a college-preparatory boarding school board of trustees;

(c) A college-preparatory boarding school employee or contractor;

(d) A licensed health professional authorized to prescribe drugs who personally furnishes or prescribes epinephrine autoinjectors, provides a consultation, or issues a protocol pursuant to this section.
(2) This division does not eliminate, limit, or reduce any other immunity or defense that a college-preparatory boarding school or board of trustees, member of a college-preparatory boarding school board of trustees, college-preparatory boarding school employee or contractor, or licensed health professional may be entitled to under Chapter 2744. or any other provision of the Revised Code or under the common law of this state.

(C) A college-preparatory boarding school may accept donations of epinephrine autoinjectors from a wholesale distributor of dangerous drugs or a manufacturer of dangerous drugs, as defined in section 4729.01 of the Revised Code, and may accept donations of money from any person to purchase epinephrine autoinjectors.

(D) A college-preparatory boarding school that elects to procure epinephrine autoinjectors under this section shall report to the department of education and workforce each procurement and occurrence in which an epinephrine autoinjector is used from a school's supply of epinephrine autoinjectors.

Sec. 3328.30. (A) As used in this section, "inhaler" has the same meaning as in section 3313.7113 of the Revised Code.

(B) With the approval of its board of trustees, a college-preparatory boarding school may procure inhalers in the manner prescribed by section 3313.7113 of the Revised Code. A college-preparatory boarding school that elects to do so shall comply with all provisions of that section as if it were a school district.

(C) A college-preparatory boarding school, a member of a college-preparatory boarding school board of trustees, or a college-preparatory boarding school employee or contractor is
not liable in damages in a civil action for injury, death, or loss to person or property that allegedly arises from an act or omission associated with procuring, maintaining, accessing, or using an inhaler under this section, unless the act or omission constitutes willful or wanton misconduct.

This division does not eliminate, limit, or reduce any other immunity or defense that a college-preparatory boarding school or board of trustees, member of a college-preparatory boarding school board of trustees, or college-preparatory boarding school employee or contractor may be entitled to under Chapter 2744. or any other provision of the Revised Code or under the common law of this state.

(D) A college-preparatory boarding school may accept donations of inhalers from a wholesale distributor of dangerous drugs or a manufacturer of dangerous drugs, as defined in section 4729.01 of the Revised Code, and may accept donations of money from any person to purchase inhalers.

(E) A college-preparatory boarding school that elects to procure inhalers under this section shall report to the department of education and workforce each procurement and occurrence in which an inhaler is used from a school's supply of inhalers.

Sec. 3328.31. Each college-preparatory boarding school established under this chapter shall report to the department of education and workforce, in the form and manner prescribed by the department, the following information:

(A) The total number of students enrolled in the school;

(B) The number of students enrolled in the school who are receiving special education and related services pursuant to an
IEP;

(C) The city, exempted village, or local school district in which each student reported under division (A) of this section is entitled to attend school;

(D) Any additional information the department determines necessary to make payments to the school under this chapter.

Sec. 3328.34. (A) For each child enrolled in a college-preparatory boarding school, as reported under section 3328.31 of the Revised Code, the department of education and workforce shall pay to the school the sum of the amount eighty-five percent of the operating expenditure per pupil of the city, local, or exempted village school district in which the child is entitled to attend school plus the per-pupil boarding amount specified in division (B) of this section.

As used in this division, a district's "operating expenditure per pupil" is the total amount of state payments and other nonfederal revenue spent by the district for operating expenses during the previous fiscal year, divided by the district's enrolled ADM, as that term is defined in section 3317.02 of the Revised Code, for the previous fiscal year.

(B) For the first fiscal year in which a college-preparatory boarding school may be established under this chapter, the "per-pupil boarding amount" is twenty-five thousand dollars. For each fiscal year thereafter, that amount shall be adjusted by the rate of inflation, as measured by the consumer price index (all urban consumers, all items) prepared by the bureau of labor statistics of the United States department of labor, for the previous twelve-month period.

(C) The state board of education may accept
funds from federal and state noneducation support services programs for the purpose of funding the per pupil boarding amount prescribed in division (B) of this section.

Notwithstanding any other provision of the Revised Code, the state board department shall coordinate and streamline any noneducation program requirements in order to eliminate redundant or conflicting requirements, licensing provisions, and oversight by government programs or agencies. The applicable regulatory entities shall, to the maximum extent possible, use reports and financial audits provided by the auditor of state and coordinated by the department of education to eliminate or reduce contract and administrative reviews. Regulatory entities other than the state board department may suggest reasonable additional items to be included in such reports and financial audits to meet any requirements of federal law. Reporting paperwork prepared for the state board department shall be shared with and accepted by other state and local entities to the maximum extent feasible.

(D)(1) Notwithstanding division (A) of this section, if, in any fiscal year, a college-preparatory boarding school receives federal funds for the purpose of supporting the school's operations, the amount of those federal funds shall be deducted from the total per-pupil boarding amount for all enrolled students paid by the department to the school for that fiscal year, unless the school's board of trustees and the department determine otherwise in a written agreement. Any portion of the total per-pupil boarding amount for all enrolled students remaining after the deduction of the federal funds shall be paid by the department to the school from state funds appropriated to the department.

(2) Notwithstanding division (A) of this section, if, in
any fiscal year, the department receives federal funds for the purpose of supporting the operations of a college-preparatory boarding school, the department shall use those federal funds, not including any portion of those funds designated for administration, to pay the school the total per-pupil boarding amount for all enrolled students for that fiscal year. Any portion of the total per-pupil boarding amount for all enrolled students remaining after the use of the federal funds shall be paid by the department to the school from state funds appropriated to the department.

(3) If any federal funds are used for the purpose prescribed in division (D)(1) or (2) of this section, the department shall comply with all requirements upon which the acceptance of the federal funds is conditioned, including any requirements set forth in the funding application submitted by the school or the department and, to the extent sufficient funds are appropriated by the general assembly, any requirements regarding maintenance of effort in expenditures.

Sec. 3328.35. To the extent permitted by federal law, the department of education and workforce shall include college-preparatory boarding schools established under this chapter in its annual allocation of federal moneys under Title I of the "Elementary and Secondary Education Act of 1965," 20 U.S.C. 6301, et seq. The department may apply for any other federal moneys that may be used to support the operations of college-preparatory boarding schools established under this chapter.

Sec. 3328.37. (A) If the auditor of state or a public accountant, under section 117.41 of the Revised Code, declares a college-preparatory boarding school established under this chapter to be unauditable, the auditor of state shall provide
written notification of that declaration to the school and the department of education and workforce. The auditor of state also shall post the notification on the auditor of state's web site.

(B) If the college-preparatory boarding school's current fiscal officer held that position during the period for which the school is unauditable, upon receipt of the notification under division (A) of this section, the board of trustees of the school shall suspend the fiscal officer until the auditor of state or a public accountant has completed an audit of the school, except that if the fiscal officer is employed by the school's operator, the operator shall suspend the fiscal officer for that period. Suspension of the fiscal officer may be with or without pay, as determined by the entity imposing the suspension based on the circumstances that prompted the auditor of state's declaration. The entity imposing the suspension shall appoint a person to assume the duties of the fiscal officer during the period of the suspension. If the appointee is not licensed as a treasurer under section 3301.074 of the Revised Code, the appointee shall be approved by the superintendent of public instruction director of education and workforce before assuming the duties of the fiscal officer. The state board of education may take action under section 3319.31 of the Revised Code to suspend, revoke, or limit the license of a fiscal officer who has been suspended under this division.

(C) Not later than forty-five days after receiving the notification under division (A) of this section, the board of trustees of the college-preparatory boarding school shall provide a written response to the auditor of state. The response shall include the following:

(1) An overview of the process the board will use to
review and understand the circumstances that led to the school becoming unauditable;

(2) A plan for providing the auditor of state with the documentation necessary to complete an audit of the school and for ensuring that all financial documents are available in the future;

(3) The actions the board will take to ensure that the plan described in division (C)(2) of this section is implemented.

(D) If the college-preparatory boarding school fails to make reasonable efforts and continuing progress to bring its accounts, records, files, or reports into an auditable condition within ninety days after being declared unauditable, the auditor of state, in addition to requesting legal action under sections 117.41 and 117.42 of the Revised Code, shall notify the school and the department of the school's failure. If the auditor of state or a public accountant subsequently is able to complete a financial audit of the school, the auditor of state shall notify the school and the department that the audit has been completed.

(E) Notwithstanding any provision to the contrary in this chapter or in any other provision of law, upon notification by the auditor of state under division (D) of this section that the college-preparatory boarding school has failed to make reasonable efforts and continuing progress to bring its accounts, records, files, or reports into an auditable condition, the department shall immediately cease all payments to the school under this chapter and any other provision of law. Upon subsequent notification from the auditor of state under that division that the auditor of state or a public accountant was able to complete a financial audit of the school, the
department shall release all funds withheld from the school under this section.

Sec. 3328.38. (A) With the approval of its board of trustees, a college-preparatory boarding school established under this chapter may procure injectable or nasally administered glucagon in the manner prescribed by section 3313.7115 of the Revised Code. A college-preparatory boarding school that elects to do so shall comply with all provisions of that section as if it were a school district.

(B)(1) The following are not liable in damages in a civil action for injury, death, or loss to person or property that allegedly arises from an act or omission associated with procuring, maintaining, accessing, or using injectable or nasally administered glucagon under this section, unless the act or omission constitutes willful or wanton misconduct:

(a) A college-preparatory boarding school;

(b) A member of a college-preparatory boarding school board of trustees;

(c) A college-preparatory boarding school employee or contractor;

(d) A licensed health professional authorized to prescribe drugs who personally furnishes or prescribes injectable or nasally administered glucagon, provides a consultation, or issues a protocol pursuant to this section.

(2) This division does not eliminate, limit, or reduce any other immunity or defense that a college-preparatory boarding school or board of trustees, member of a college-preparatory boarding school board of trustees, college-preparatory boarding school employee or contractor, or licensed health professional
may be entitled to under Chapter 2744. or any other provision of
the Revised Code or under the common law of this state.

(C) A college-preparatory boarding school may accept
donations of injectable or nasally administered glucagon from a
wholesale distributor of dangerous drugs or a manufacturer of
dangerous drugs, as defined in section 4729.01 of the Revised
Code, and may accept donations of money from any person to
purchase the drug.

(D) A college-preparatory boarding school that elects to
procure injectable or nasally administered glucagon under this
section shall report to the department of education and
workforce each procurement and each occurrence in which a dose
of the drug is used from the school's supply.

Sec. 3328.45. (A) If the state board of education and
workforce determines that a college-preparatory
boarding school established under this chapter is not in
compliance with any provision of this chapter or the terms of
the contract entered into under section 3328.12 of the Revised
Code, or that the school has failed to meet the academic goals
or performance standards specified in that contract, the state
board may initiate the termination procedures
specified in the contract. No termination shall take effect
prior to the end of a school year. Upon the effective date of a
termination, the school shall close.

(B) If a college-preparatory boarding school is required
to close under division (A) of this section or closes for any
other reason, the school's board of trustees shall execute the
closing as provided in the contract under section 3328.12 of the
Revised Code.
Sec. 3328.50. The state board of education and workforce shall adopt rules in accordance with Chapter 119. of the Revised Code prescribing procedures necessary for the implementation of this chapter.

Sec. 3329.01. Any publisher of textbooks or electronic textbooks in the United States desiring to offer such textbooks or electronic textbooks for use by pupils in the public schools of Ohio, before such textbooks or electronic textbooks may be adopted and purchased by any school board, must, on or before the first day of January of each year, file in the office of the superintendent of public instruction, a statement that the list wholesale price to school districts in Ohio will be no more than the lowest list wholesale price available to school districts in any other state.

No publisher of a textbook shall file a statement under this section unless the publisher complies with all of the following:

(A) At the same time as filing the statement, the publisher also files:

(1) For textbooks published before August 18, 2006, the wholesale price of an electronic file that contains the text of the textbook in rich text format, or another electronic format approved by the superintendent of public instruction, for translating the text of the textbook into braille;

(2) For textbooks published on or after August 18, 2006, the wholesale price of an electronic file that contains the text of the textbook, and of all instructional materials the publisher offers with the textbook, in the national
instructional materials accessibility standard (NIMAS) code for translating the text of the entire textbook into NIMAS-approved formats, including braille, audio, digital text, or large print.

(B) The list wholesale price filed for any specified number of electronic files described in divisions (A)(1) and (2) of this section for the textbook and instructional materials the publisher offers with the textbook does not exceed the list wholesale price for the same number of the printed version of the textbook and materials.

(C) For textbooks published on or after August 18, 2006, the publisher sends one copy of the electronic file described in division (A)(2) of this section for the entire textbook and all instructional materials the publisher offers with the textbook in NIMAS code, at no cost, to the national instructional materials access center.

As used in this section and in sections 3329.03 to 3329.10 of the Revised Code, "electronic textbook" means computer software, interactive videotest, magnetic media, optical media, computer courseware, on-line service, electronic medium, or other means of conveying information to the student or otherwise contributing to the learning process through electronic means.

Sec. 3329.03. If a publisher who files a statement under section 3329.01 of the Revised Code, fails or refuses to furnish such textbooks or electronic textbooks adopted as provided in sections 3329.01 to 3329.10 of the Revised Code to any board of education upon the terms provided in such sections, such board at once must notify the state board of education and workforce of such failure or refusal, and the state board of education and workforce at once shall cause an investigation of such charge to be made. If it is found to be true, the state
board of education department at once shall notify such publisher and each board in the state that such textbooks or electronic textbooks shall not thereafter be adopted and purchased by boards of education. Such publisher shall pay to the state five hundred dollars for each failure, to be recovered in the name of the state, in an action to be brought by the attorney general, in the court of common pleas of Franklin county, or in any other proper court or in any other place where service can be made. The amount, when collected, must be paid into the state treasury to the credit of the state general revenue fund.

Sec. 3329.10. A superintendent, supervisor, principal, or teacher employed by any board of education shall not act as sales agent, either directly or indirectly, for any person, firm, or corporation that files school textbooks or electronic textbooks with the superintendent of public instruction department of education and workforce, or that sells school apparatus or equipment of any kind for use in the public schools. A violation of this section shall work a forfeiture of their licenses to teach in the public schools.

Sec. 3331.01. (A) As used in this chapter:

(1) "Superintendent" or "superintendent of schools" of a school district means the person employed as the superintendent or that person's designee.

(2) "Chief administrative officer" means the chief administrative officer of a nonpublic or community school or that person's designee.

(B)(1) Except as provided in division (B)(2) of this section, an age and schooling certificate may be issued only by
the superintendent of the city, local, joint vocational, or
exempted village school district in which the child in whose
name such certificate is issued resides or by the chief
administrative officer of the nonpublic or community school the
child attends, and only upon satisfactory proof that the child
to whom the certificate is issued is at least fourteen years of
age.

(2) A child who resides in this state shall apply for an
age and schooling certificate to the superintendent of the
school district in which the child resides, or to the chief
administrative officer of the school that the child attends.
Residents of other states who work in Ohio shall apply to the
superintendent of the school district in which the place of
employment is located, as a condition of employment or service.

(C) Any such age and schooling certificate may be issued
only upon satisfactory proof that the employment contemplated by
the child is not prohibited by any law regulating the employment
of such children. Section 4113.08 of the Revised Code does not
apply to such employer in respect to such child while engaged in
an employment legal for a child of the age stated therein.

(D) Age and schooling certificate forms shall be approved
by the state board of education and workforce,
including forms submitted electronically. Forms shall not
display the social security number of the child. Except as
otherwise provided in this section, every application for an age
and schooling certificate must be signed in the presence of the
officer issuing it by the child in whose name it is issued.

(E) A child shall furnish the superintendent or chief
administrative officer all information required by this chapter
in support of the issuance of a certificate.
(F) On and after September 1, 2002, each superintendent and chief administrative officer who issues an age and schooling certificate shall file electronically the certificate with the director of commerce in accordance with rules adopted by the director of administrative services pursuant to section 1306.21 of the Revised Code. On and after September 1, 2002, only electronically filed certificates are valid to satisfy the requirements of Chapter 4109. of the Revised Code.

Sec. 3331.02. (A) The superintendent of schools or the chief administrative officer, as appropriate pursuant to section 3331.01 of the Revised Code, shall not issue an age and schooling certificate until the superintendent or chief administrative officer has received, examined, approved, and filed the following papers duly executed:

(1) The written pledge or promise of the person, partnership, or corporation to legally employ the child, and for this purpose work performed by a minor, directly and exclusively for the benefit of such minor's parent, in the farm home or on the farm of such parent is legal employment, irrespective of any contract of employment, or the absence thereof, to permit the child to attend school as provided in section 3321.08 of the Revised Code, and give notice of the nonuse of an age and schooling certificate within five days from the date of the child's withdrawal or dismissal from the service of that person, partnership, or corporation, giving the reasons for such withdrawal or dismissal;

(2) The child's school record or notification. As used in this division, a "school record" means documents properly filled out and signed by the person in charge of the school which the child last attended, giving the recorded age of the child, the
child's address, standing in studies, rating in conduct, and attendance in days during the school year of the child's last attendance; "notification" means the information submitted to the superintendent by the parent of a child excused from attendance at school pursuant to division (A)(2) of section 3321.041 of the Revised Code, as the notification is required by rules adopted by the department of education and workforce.

(3) Evidence of the age of the child as follows:

(a) A certified copy of an original birth record or a certification of birth, issued in accordance with Chapter 3705. of the Revised Code, or by an officer charged with the duty of recording births in another state or country, shall be conclusive evidence of the age of the child;

(b) In the absence of such birth record or certification of birth, a passport, or duly attested transcript thereof, showing the date and place of birth of the child, filed with a register of passports at a port of entry of the United States; or an attested transcript of the certificate of birth or baptism or other religious record, showing the date and place of birth of the child, shall be conclusive evidence of the age of the child;

(c) In case none of the above proofs of age can be produced, other documentary evidence, except the affidavit of the parent, guardian, or custodian, satisfactory to the superintendent or chief administrative officer may be accepted in lieu thereof;

(d) In case no documentary proof of age can be procured, the superintendent or chief administrative officer may receive
and file an application signed by the parent, guardian, or
custodian of the child that a medical certificate be secured to
establish the sufficiency of the age of the child, which
application shall state the alleged age of the child, the place
and date of birth, the child's present residence, and such
further facts as may be of assistance in determining the age of
the child, and shall certify that the person signing the
application is unable to obtain any of the documentary proofs
specified in divisions (A)(3)(a), (b), and (c) of this section;
and if the superintendent or chief administrative officer is
satisfied that a reasonable effort to procure such documentary
proof has been without success such application shall be granted
and the certificate of the school physician or if there be none,
of a physician, a physician assistant, a clinical nurse
specialist, or a certified nurse practitioner employed by the
board of education, that said physician, physician assistant,
clinical nurse specialist, or certified nurse practitioner is
satisfied that the child is above the age required for an age
and schooling certificate as stated in section 3331.01 of the
Revised Code, shall be accepted as sufficient evidence of age

(4) A certificate, including an athletic certificate of
examination, from a physician licensed pursuant to Chapter 4731.
of the Revised Code, a physician assistant, a clinical nurse
specialist, or a certified nurse practitioner, or from the
district health commissioner, showing after a thorough
examination that the child is physically fit to be employed in
such occupations as are not prohibited by law for a boy or girl,
as the case may be, under eighteen years of age; but a
certificate with "limited" written, printed, marked, or stamped
thereon may be furnished by such physician, physician assistant,
clinical nurse specialist, or certified nurse practitioner and
accepted by the superintendent or chief administrative officer in issuing a "limited" age and schooling certificate provided in section 3331.06 of the Revised Code, showing that the child is physically fit to be employed in some particular occupation not prohibited by law for a boy or girl of such child's age, as the case may be, even if the child's complete physical ability to engage in such occupation cannot be vouched for.

(B)(1) Except as provided in division (B)(2) of this section, a physical fitness certificate described in division (A)(4) of this section is valid for purposes of that division while the child remains employed in job duties of a similar nature as the job duties for which the child last was issued an age and schooling certificate. The superintendent or chief administrative officer who issues an age and schooling certificate shall determine whether job duties are similar for purposes of this division.

(2) A "limited" physical fitness certificate described in division (A)(4) of this section is valid for one year.

(C) The superintendent of schools or the chief administrative officer shall require a child who resides out of this state to file all the information required under division (A) of this section. The superintendent of schools or the chief administrative officer shall evaluate the information filed and determine whether to issue the age and schooling certificate using the same standards as those the superintendent or officer uses for in-state children.

Sec. 3331.04. (A) Until July 1, 2016, an age and schooling certificate may be issued by the superintendent of schools to a child over sixteen years of age upon proof acceptable to such superintendent of the following facts and upon agreement to the
respective conditions made in writing by the child and by the
parents, guardian, or custodian in charge of such child:

(1) That the child is addicted to no habit which is likely
to detract from the child's reliability or effectiveness as a
worker, or proper use of the child's earnings or leisure, or the
probability of the child's faithfully carrying out the
conditions to which the child agrees as specified in division
(A)(2) of this section, and in addition any one of the following
groups of facts:

(a) That the child has been a resident of the school
district for the last two years, has diligently attended upon
instruction at school for the last two years, and is able to
read, write, and perform the fundamental operations of
arithmetic. These abilities shall be judged by the
superintendent.

(b) That the child having been a resident of the school
district less than two years, diligently attended upon
instruction in school in the district in which the child was a
resident next preceding the child's residence in the present
district for the last school year preceding the child's removal
to the present district, and has diligently attended upon
instruction in the schools of the present district for the
period that the child has been a resident thereof;

(c) That the child has removed to the present school
district since the beginning of the last annual school session,
and that instruction adapted to the child's needs is not
provided in the regular day schools in the district;

(d) That conditions are such that the child must provide
for the child's own support or that the child is needed for the
support or care of parents or for the support or care of
brothers or sisters for whom the parents are unable to provide
and that the child is desirous of working for the support or
care of self or of such parents or siblings and that such child
cannot render such needed support or care by a reasonable effort
outside of school hours; but no age and schooling certificate
shall be granted to a child of this group upon proof of such
facts without written consent given to the superintendent by the
juvenile judge and by the department of job and family services.

(2) In case the certificate is granted under division (A)
(1) of this section, that until reaching the age of eighteen
years the child will diligently attend in addition to part-time
classes, such evening classes as will add to the child's
education for literacy, citizenship, or vocational preparation
which may be made available to the child in the school district
and which the child may be directed to attend by the
superintendent, or in case no such classes are available, that
the child will pursue such reading and study and report monthly
thereon as may be directed by the superintendent.

(B) Beginning July 1, 2016, an age and schooling
certificate may be issued pursuant to this section only to a
child over sixteen years of age who does both of the following:

(1) Upon agreement in writing, by the child and the
parents, guardian, or custodian in charge of such child,
provides proof acceptable to the superintendent that the
conditions in division (A)(1) of this section are met;

(2) Is enrolled in a competency-based instructional
program to earn a high school diploma in accordance with the
rules adopted by the state board of education and
workforce pursuant to division (C) of this section.
(C) Not later than July 1, 2016, the state board of education, in accordance with Chapter 119. of the Revised Code, shall adopt rules on the requirements for completing a competency-based instructional program that leads to a high school diploma under this section.

The board may also arrange for services and facilities to be provided by the state board of education and the Ohio board of regents, department of education and workforce or the department of higher education. All receipts of the board shall be deposited in the state treasury to the credit of the occupational licensing and regulatory fund.

**Sec. 3333.04.** The chancellor of higher education shall:

(A) Make studies of state policy in the field of higher education and formulate a master plan for higher education for the state, considering the needs of the people, the needs of the state, and the role of individual public and private institutions within the state in fulfilling these needs;

(B)(1) Report annually to the governor and the general assembly on the findings from the chancellor's studies and the master plan for higher education for the state;

(2) Report at least semiannually to the general assembly and the governor the enrollment numbers at each state-assisted institution of higher education.

(C) Approve or disapprove the establishment of new branches or academic centers of state colleges and universities;

(D) Approve or disapprove the establishment of state technical colleges or any other state institution of higher education;

(E) Recommend the nature of the programs, undergraduate, graduate, professional, state-financed research, and public
services which should be offered by the state colleges,
universities, and other state-assisted institutions of higher
education in order to utilize to the best advantage their
facilities and personnel;

(F) Recommend to the state colleges, universities, and
other state-assisted institutions of higher education graduate
or professional programs, including, but not limited to, doctor
of philosophy, doctor of education, and juris doctor programs,
that could be eliminated because they constitute unnecessary
duplication, as shall be determined using the process developed
pursuant to this division, or for other good and sufficient
cause. Prior to recommending a program for elimination, the
chancellor shall request the board of regents to hold at least
one public hearing on the matter and advise the chancellor on
whether the program should be recommended for elimination. The
board shall provide notice of each hearing within a reasonable
amount of time prior to its scheduled date. Following the
hearing, the board shall issue a recommendation to the
chancellor. The chancellor shall consider the board's
recommendation but shall not be required to accept it.

For purposes of determining the amounts of any state
instructional subsidies paid to state colleges, universities,
and other state-assisted institutions of higher education, the
chancellor may exclude students enrolled in any program that the
chancellor has recommended for elimination pursuant to this
division except that the chancellor shall not exclude any such
student who enrolled in the program prior to the date on which
the chancellor initially commences to exclude students under
this division.

The chancellor and state colleges, universities, and other
state-assisted institutions of higher education shall jointly
develop a process for determining which existing graduate or
professional programs constitute unnecessary duplication.

(G) Recommend to the state colleges, universities, and
other state-assisted institutions of higher education programs
which should be added to their present programs;

(H) Conduct studies for the state colleges, universities,
and other state-assisted institutions of higher education to
assist them in making the best and most efficient use of their
existing facilities and personnel;

(I) Make recommendations to the governor and general
assembly concerning the development of state-financed capital
plans for higher education; the establishment of new state
colleges, universities, and other state-assisted institutions of
higher education; and the establishment of new programs at the
existing state colleges, universities, and other institutions of
higher education;

(J) Review the appropriation requests of the public
community colleges and the state colleges and universities and
submit to the office of budget and management and to the
chairpersons of the finance committees of the house of
representatives and of the senate the chancellor's
recommendations in regard to the biennial higher education
appropriation for the state, including appropriations for the
individual state colleges and universities and public community
colleges. For the purpose of determining the amounts of
instructional subsidies to be paid to state-assisted colleges
and universities, the chancellor shall define "full-time
equivalent student" by program per academic year. The definition
may take into account the establishment of minimum enrollment
levels in technical education programs below which support
allowances will not be paid. Except as otherwise provided in
this section, the chancellor shall make no change in the
definition of "full-time equivalent student" in effect on
November 15, 1981, which would increase or decrease the number
of subsidy-eligible full-time equivalent students, without first
submitting a fiscal impact statement to the president of the
senate, the speaker of the house of representatives, the
legislative service commission, and the director of budget and
management. The chancellor shall work in close cooperation with
the director of budget and management in this respect and in all
other matters concerning the expenditures of appropriated funds
by state colleges, universities, and other institutions of
higher education.

(K) Seek the cooperation and advice of the officers and
trustees of both public and private colleges, universities, and
other institutions of higher education in the state in
performing the chancellor's duties and making the chancellor's
plans, studies, and recommendations;

(L) Appoint advisory committees consisting of persons
associated with public or private secondary schools, members of
the state board of education, or personnel of the state
department of education and workforce;

(M) Appoint advisory committees consisting of college and
university personnel, or other persons knowledgeable in the
field of higher education, or both, in order to obtain their
advice and assistance in defining and suggesting solutions for
the problems and needs of higher education in this state;

(N) Approve or disapprove all new degrees and new degree
programs at all state colleges, universities, and other state-
assisted institutions of higher education.

When considering approval of a new degree or degree program for a state institution of higher education, as defined in section 3345.011 of the Revised Code, the chancellor shall take into account the extent to which the degree or degree program aligns with the state's workforce development priorities.

(0) Adopt such rules as are necessary to carry out the chancellor's duties and responsibilities. The rules shall prescribe procedures for the chancellor to follow when taking actions associated with the chancellor's duties and responsibilities and shall indicate which types of actions are subject to those procedures. The procedures adopted under this division shall be in addition to any other procedures prescribed by law for such actions. However, if any other provision of the Revised Code or rule adopted by the chancellor prescribes different procedures for such an action, the procedures adopted under this division shall not apply to that action to the extent they conflict with the procedures otherwise prescribed by law. The procedures adopted under this division shall include at least the following:

(1) Provision for public notice of the proposed action;

(2) An opportunity for public comment on the proposed action, which may include a public hearing on the action by the board of regents;

(3) Methods for parties that may be affected by the proposed action to submit comments during the public comment period;

regents regarding the proposed action, at the request of the chancellor;

(Q) Participate in education-related state or federal programs on behalf of the state and assume responsibility for the administration of such programs in accordance with applicable state or federal law;

(R) Adopt rules for student financial aid programs as required by sections 3333.12, 3333.122, 3333.21 to 3333.26, 3333.28, and 5910.02 of the Revised Code, and perform any other administrative functions assigned to the chancellor by those sections;

(S) Conduct enrollment audits of state-supported institutions of higher education;

(T) Appoint consortia of college and university personnel to advise or participate in the development and operation of statewide collaborative efforts, including the Ohio supercomputer center, the Ohio academic resources network, OhioLink, and the Ohio learning network. For each consortium, the chancellor shall designate a college or university to serve as that consortium's fiscal agent, financial officer, and employer. Any funds appropriated for the consortia shall be
distributed to the fiscal agents for the operation of the
consortia. A consortium shall follow the rules of the college or
university that serves as its fiscal agent. The chancellor may
restructure existing consortia, appointed under this division,
in accordance with procedures adopted under divisions (O)(1) to
(6) of this section.

the governor and, in accordance with section 101.68 of the
Revised Code, the general assembly a report or reports
concerning all of the following:

(1) The status of graduates of Ohio school districts at
state institutions of higher education during the twelve-month
period ending on the thirtieth day of September of the current
calendar year. The report shall list, by school district, the
number of graduates of each school district who attended a state
institution of higher education and the percentage of each
district's graduates enrolled in a state institution of higher
education during the reporting period who were required during
such period by the college or university, as a prerequisite to
enrolling in those courses generally required for first-year
students, to enroll in a remedial course in English, including
composition or reading, mathematics, and any other area
designated by the chancellor. The chancellor also shall make the
information described in division (A)(1) of this section available to the board of education of each city, exempted village, and local school district.

For this purpose, the director shall use the value-added progress dimension prescribed by section 3302.021 of the Revised Code or the alternative student academic progress measure if adopted under division (C)(1)(e) of section 3302.03 of the Revised Code. The director shall aggregate the data by graduating class for each approved teacher preparation program, except that if a particular class has ten or fewer graduates to which this division applies, the director shall report the data for a group of classes over a three-year period. In no case shall the report identify any individual graduate. The department of education and workforce shall share any data necessary for the report with the director.

(C) As used in this section:

Each institution shall allocate money from its existing revenue sources to pay the cost of making the curricular changes.

(E) The chancellor shall notify the state board of the metrics and educator preparation programs established under division (A)(1) of this section and the institutions of higher education approved under division (B) of this section. The state board shall publish the metrics, educator preparation programs, and approved institutions with the standards and qualifications for each type of educator license.

(F) The graduates of educator preparation programs approved by the chancellor shall be licensed by the state board in accordance with the standards and qualifications adopted under section 3319.22 of the Revised Code.

(B) By April 15, 2007, the chancellor of higher education, in consultation with the department of education and workforce, public adult and secondary career-technical education institutions, and state institutions of higher education, shall establish criteria, policies, and procedures that enable students to transfer agreed upon technical courses completed through an adult career-technical education institution, a public secondary career-technical institution, or a state institution of higher education to a state institution of higher education without unnecessary duplication or institutional barriers. The courses to which the criteria, policies, and procedures apply shall be those that adhere to recognized industry standards and equivalent coursework common to the secondary career pathway and adult career-technical education system and regionally accredited state institutions of higher education. Where applicable, the policies and procedures shall
build upon the articulation agreement and transfer initiative
course equivalency system required by section 3333.16 of the Revised Code.

**Sec. 3333.167.** (A) As used in this section:

1. "Approved course" means a career-technical education course offered by a career-technical planning district to which either of the following applies:

   a. The course complies with the criteria, policies, and procedures established under section 3333.162 of the Revised Code.

   b. The course is approved through an articulation agreement that a career-technical planning district has entered into with a state institution of higher education.

2. "Career-technical planning district" has the same meaning as in section 3317.023 of the Revised Code.

3. "State institution of higher education" has the same meaning as in section 3345.011 of the Revised Code.

(B) The chancellor of higher education, in consultation with the superintendent of public instruction, shall develop and, if determined appropriate by the chancellor and the state superintendent, implement a statewide plan that permits a high school student enrolled in a career-technical planning district to receive post-secondary credit on a college transcript in a manner comparable to the college credit plus program established under Chapter 3365. of the Revised Code for the completion of an approved course.

(C) The statewide plan developed under division (B) of...
this section shall do all of the following:

(1) Identify and define the criteria, policies, procedures, and timelines necessary for a high school student to receive post-secondary credit on a college transcript for completing an approved course;

(2) Identify any technology solutions or statewide data information systems necessary to streamline and facilitate the electronic exchange of student data to improve the credit verification process for students, career-technical planning districts, and state institutions of higher education;

(3) Identify any regional or national accreditation requirements or state policy barriers that currently exist that need to be considered in developing the statewide plan;

(4) If the chancellor and the state superintendent determine it appropriate to implement the statewide plan, recommend a date and the method by which the statewide plan shall be implemented.

(D) The chancellor shall convene a group of stakeholders to assist in preparing the plan under division (B) of this section. The group shall include a representative from each of the following:

(1) The Ohio association of career-technical education;

(2) The Ohio association of career-technical superintendents;

(4) The Ohio association of community colleges;
(5) The inter-university council of Ohio;

(7) Any other stakeholders determined appropriate by the chancellor.

(E) Not later than June 30, 2020, the chancellor shall submit to the governor, the president and minority leader of the senate, and the speaker and minority leader of the house of representatives, the completed plan developed under division (B) of this section.

Sec. 3333.21. As used in sections 3333.21 to 3333.23 of the Revised Code, "term" and "academic year" mean "term" and "academic year" as defined by the chancellor of higher education.

The chancellor shall establish and administer an academic scholarship program. Under the program, a total of one thousand new scholarships shall be awarded annually in the amount of not less than two thousand dollars per award. At least one such new scholarship shall be awarded annually to a student in each public high school and joint vocational school and each nonpublic high school for which the state board director of education and workforce prescribes minimum standards in accordance with section 3301.07 of the Revised Code.

To be eligible for the award of a scholarship, a student shall be a resident of Ohio and shall be enrolled as a full-time undergraduate student in an Ohio institution of higher education that meets the requirements of Title VI of the "Civil Rights Act of 1964" and is state-assisted, is nonprofit and holds a certificate of authorization issued under section 1713.02 of the
Revised Code, is a private institution exempt from regulation under Chapter 3332. of the Revised Code as prescribed in section 3333.046 of the Revised Code, or holds a certificate of registration and program authorization issued under section 3332.05 of the Revised Code and awards an associate or bachelor's degree. Students who attend an institution holding a certificate of registration shall be enrolled in a program leading to an associate or bachelor's degree for which associate or bachelor's degree program the institution has program authorization to offer the program issued under section 3332.05 of the Revised Code.

"Resident" and "full-time student" shall be defined in rules adopted by the chancellor.

The chancellor shall award the scholarships on the basis of a formula designed by the chancellor to identify students with the highest capability for successful college study. The formula shall weigh the factor of achievement, as measured by grade point average, and the factor of ability, as measured by performance on a competitive examination specified by the chancellor. Students receiving scholarships shall be known as "Ohio academic scholars."

Sec. 3333.31. (A) For state subsidy and tuition surcharge purposes, status as a resident of Ohio shall be defined by the chancellor of higher education by rule promulgated pursuant to Chapter 119. of the Revised Code. No adjudication as to the status of any person under such rule, however, shall be required to be made pursuant to Chapter 119. of the Revised Code. The term "resident" for these purposes shall not be equated with the definition of that term as it is employed elsewhere under the laws of this state and other states, and shall not carry with it
any of the legal connotations appurtenant thereto. Rather, except as provided in divisions (B), (C), (D), (F), and (G) of this section, for such purposes, the rule promulgated under this section shall have the objective of excluding from treatment as residents those who are present in the state primarily for the purpose of attending a state-supported or state-assisted institution of higher education, and may prescribe presumptive rules, rebuttable or conclusive, as to such purpose based upon the source or sources of support of the student, residence prior to first enrollment, evidence of intention to remain in the state after completion of studies, or such other factors as the chancellor deems relevant.

(B) The rules of the chancellor for determining student residency shall grant residency status to a veteran and to the veteran's spouse and any dependent of the veteran, if both of the following conditions are met:

(1) The veteran either:

(a) Served one or more years on active military duty and was honorably discharged or received a medical discharge that was related to the military service;

(b) Was killed while serving on active military duty or has been declared to be missing in action or a prisoner of war.

(2) If the veteran seeks residency status for tuition surcharge purposes, the veteran has established domicile in this state as of the first day of a term of enrollment in an institution of higher education. If the spouse or a dependent of the veteran seeks residency status for tuition surcharge purposes, the veteran and the spouse or dependent seeking residency status have established domicile in this state as of
the first day of a term of enrollment in an institution of higher education, except that if the veteran was killed while serving on active military duty, has been declared to be missing in action or a prisoner of war, or is deceased after discharge, only the spouse or dependent seeking residency status shall be required to have established domicile in accordance with this division.

(C) The rules of the chancellor for determining student residency shall grant residency status to both of the following:

(1) A veteran who is the recipient of federal veterans' benefits under the "All-Volunteer Force Educational Assistance Program," 38 U.S.C. 3001 et seq., or "Post-9/11 Veterans Educational Assistance Program," 38 U.S.C. 3301 et seq., or any successor program, if the veteran meets all of the following criteria:

   (a) The veteran served at least ninety days on active duty.

   (b) The veteran enrolls in a state institution of higher education, as defined in section 3345.011 of the Revised Code.

(8) Report, from time to time, but not less than once a year, to the general assembly and the governor, describing in detail the investigations, proceedings, and hearings it has conducted and their outcome, the decisions it has rendered, and the other work performed by it, which report shall include a copy of any surveys prepared pursuant to division (A)(7) of this section and shall include the recommendations of the commission as to legislative or other remedial action;

(9) Prepare a comprehensive educational program, in cooperation with the department of education and workforce, for the students of the public schools of this state and for all other residents of this state that is designed to eliminate prejudice on the basis of race, color, religion, sex, military status, familial status, national origin, disability, age, or ancestry in this state, to further good will among those groups, and to emphasize the origin of prejudice against those groups, its harmful effects, and its incompatibility with American principles of equality and fair play;

(10) Receive progress reports from agencies, instrumentalities, institutions, boards, commissions, and other entities of this state or any of its political subdivisions and their agencies, instrumentalities, institutions, boards, commissions, and other entities regarding affirmative action programs for the employment of persons against whom discrimination is prohibited by this chapter, or regarding any affirmative housing accommodations programs developed to eliminate or reduce an imbalance of race, color, religion, sex,
military status, familial status, national origin, disability, or ancestry. All agencies, instrumentalities, institutions, boards, commissions, and other entities of this state or its political subdivisions, and all political subdivisions, that have undertaken affirmative action programs pursuant to a conciliation agreement with the commission, an executive order of the governor, any federal statute or rule, or an executive order of the president of the United States shall file progress reports with the commission annually on or before the first day of November. The commission shall analyze and evaluate the progress reports and report its findings annually to the general assembly on or before the thirtieth day of January of the year immediately following the receipt of the reports.

(11) Notify a person who files a charge pursuant to section 4112.051 of the Revised Code that under division (A) of section 4112.052 of the Revised Code, the person is prohibited from bringing a civil action under this chapter unless one of the following applies:

(a) The conditions stated in division (B)(1) of section 4112.052 of the Revised Code are satisfied;

(b) An exception specified in division (B)(2) of section 4112.052 of the Revised Code applies.

(B) The commission may do any of the following:

(1) Meet and function at any place within the state;

(2) Initiate and undertake on its own motion investigations of problems of employment or housing accommodations discrimination;

(3) Hold hearings, subpoena witnesses, compel their attendance, administer oaths, take the testimony of any person
under oath, require the production for examination of any books
and papers relating to any matter under investigation or in
question before the commission, and make rules as to the
issuance of subpoenas by individual commissioners.

(a) In conducting a hearing or investigation, the
commission shall have access at all reasonable times to
premises, records, documents, individuals, and other evidence or
possible sources of evidence and may examine, record, and copy
the premises, records, documents, and other evidence or possible
sources of evidence and take and record the testimony or
statements of the individuals as reasonably necessary for the
furtherance of the hearing or investigation. In investigations,
the commission shall comply with the fourth amendment to the
United States Constitution relating to unreasonable searches and

subpoenas to compel access to or the production of premises,
records, documents, and other evidence or possible sources of
evidence or the appearance of individuals, and may issue

(b) Upon written application by a party to a hearing under
division (B) of section 4112.05 or division (G) of section
4112.051 of the Revised Code, the commission shall issue

name and address of the party and shall state that they were
issued at the party's request.
(c) Witnesses summoned by subpoena of the commission are entitled to the witness and mileage fees provided for under section 119.094 of the Revised Code.

(d) Within five days after service of a subpoena upon any person, the person may petition the commission to revoke or modify the subpoena. The commission shall grant the petition if it finds that the subpoena requires an appearance or attendance at an unreasonable time or place, that it requires production of evidence that does not relate to any matter before the commission, that it does not describe with sufficient particularity the evidence to be produced, that compliance would be unduly onerous, or for other good reason.

(e) In case of contumacy or refusal to obey a subpoena, the commission or person at whose request it was issued may petition for its enforcement in the court of common pleas in the county in which the person to whom the subpoena was addressed resides, was served, or transacts business.

Sec. 4112.12. (A) There is hereby created the commission on African-Americans, which shall consist of not more than thirteen members as follows: the directors or their designees of the departments of health, development, mental health and addiction services, and job and family services; the superintendent of public instruction; the chancellor of higher education or the chancellor's designee; the director of education and workforce; two members of the house of representatives appointed by the speaker of the house of representatives each of whom shall be members of different political parties; and two members of the senate appointed by the president of the senate each of whom shall be members of different political parties. The members who are members of the general assembly shall be nonvoting members. The Ohio state university Bell national resource center, in consultation with the governor, shall appoint two members from the private corporate sector or the nonprofit sector, and one member with experience in the philanthropic community.

(B) Terms of office shall be for three years, except that members of the general assembly appointed to the commission
shall be members only so long as they are members of the general
assembly. Each term ends on the same day of the same month as
did the term that it succeeds. Each member shall hold office
from the date of appointment until the end of the term for which
the member was appointed. Members may be reappointed. Vacancies
shall be filled in the manner provided for original
appointments. Any member appointed to fill a vacancy occurring
prior to the expiration date of the term for which the member's
predecessor was appointed shall hold office as a member for the
remainder of that term. A member shall continue in office
subsequent to the expiration date of the member's term until the
member's successor takes office or until a period of sixty days
has elapsed, whichever occurs first.

The commission annually shall elect a chairperson from
among its members.

(C) Members of the commission and members of subcommittees
appointed under division (B) of section 4112.13 of the Revised
Code shall not be compensated, but shall be reimbursed for their
necessary and actual expenses incurred in the performance of
their official duties.

(D) The Ohio state university Bell national resource
center, in consultation with the governor, shall appoint an
executive director of the commission on African-Americans, who
shall be in the unclassified civil service. The executive
director shall supervise the commission's activities and report
to the commission and to the Ohio state university Bell national
resource center on the progress of those activities. The
executive director shall do all things necessary for the
efficient and effective implementation of the duties of the
commission.
The responsibilities assigned to the executive director do not relieve the members of the commission from final responsibility for the proper performance of the requirements of this division.

(E) The commission on African-Americans shall do all of the following:

(1) Employ, promote, supervise, and remove all employees, as needed, in connection with the performance of its duties under this section;

(2) Maintain its office at the Ohio state university Bell national resource center;

that the commission shall meet at least quarterly;

(2) Establish, change, or abolish positions, and assign
and reassign duties and responsibilities of any employee of the
commission as necessary to achieve the most efficient
performance of its functions.

(G) The Ohio state university Bell national resource
center shall establish the overall policy and management of the
commission on African-Americans and shall direct, manage, and
oversee the commission. The center shall develop overall
policies and plans, and the commission shall implement those
policies and plans. The commission, through its executive
director, shall keep the center informed as to the activities of
the commission in such manner and at such times as the center
shall determine.

The Ohio state university Bell national resource center
may prescribe duties and responsibilities of the commission in
addition to those prescribed in section 4112.13 of the Revised
Code.

(H) The Ohio state university Bell national resource
center annually shall contract for a report on the status of
African Americans in this state. Issues to be evaluated in the
report shall include the criminal justice system, education,
employment, health care, and housing, and such other issues as
the center may specify. The report shall include policy
recommendations relating to the issues covered in the report.

Sec. 4117.10. (A) An agreement between a public employer
and an exclusive representative entered into pursuant to this
chapter governs the wages, hours, and terms and conditions of
public employment covered by the agreement. If the agreement
provides for a final and binding arbitration of grievances, public employers, employees, and employee organizations are subject solely to that grievance procedure and the state personnel board of review or civil service commissions have no jurisdiction to receive and determine any appeals relating to matters that were the subject of a final and binding grievance procedure. Where no agreement exists or where an agreement makes no specification about a matter, the public employer and public employees are subject to all applicable state or local laws or ordinances pertaining to the wages, hours, and terms and conditions of employment for public employees. All of the following prevail over conflicting provisions of agreements between employee organizations and public employers:

(1) Laws pertaining to any of the following subjects:

(a) Civil rights;

(b) Affirmative action;

(c) Unemployment compensation;

(d) Workers' compensation;

(e) The retirement of public employees;

(f) Residency requirements;

(g) The minimum educational requirements contained in the Revised Code pertaining to public education including the requirement of a certificate by the fiscal officer of a school district pursuant to section 5705.41 of the Revised Code;

(h) The provisions of division (A) of section 124.34 of the Revised Code governing the disciplining of officers and employees who have been convicted of a felony;
(i) The minimum standards promulgated by the state board of education and workforce pursuant to division (D) of section 3301.07 of the Revised Code.

(2) The law pertaining to the leave of absence and compensation provided under section 5923.05 of the Revised Code, if the terms of the agreement contain benefits which are less than those contained in that section or the agreement contains no such terms and the public authority is the state or any agency, authority, commission, or board of the state or if the public authority is another entity listed in division (B) of section 4117.01 of the Revised Code that elects to provide leave of absence and compensation as provided in section 5923.05 of the Revised Code;

(3) The law pertaining to the leave established under section 5906.02 of the Revised Code, if the terms of the agreement contain benefits that are less than those contained in section 5906.02 of the Revised Code;

(4) The law pertaining to excess benefits prohibited under section 3345.311 of the Revised Code with respect to an agreement between an employee organization and a public employer entered into on or after the effective date of this amendment, September 29, 2015.

Except for sections 306.08, 306.12, 306.35, and 4981.22 of the Revised Code and arrangements entered into thereunder, and section 4981.21 of the Revised Code as necessary to comply with section 13(c) of the "Urban Mass Transportation Act of 1964," 87 Stat. 295, 49 U.S.C.A. 1609(c), as amended, and arrangements entered into thereunder, this chapter prevails over any and all other conflicting laws, resolutions, provisions, present or future, except as otherwise specified in this chapter or as
otherwise specified by the general assembly. Nothing in this section prohibits or shall be construed to invalidate the provisions of an agreement establishing supplemental workers' compensation or unemployment compensation benefits or exceeding minimum requirements contained in the Revised Code pertaining to public education or the minimum standards promulgated by the state board of education and workforce pursuant to division (D) of section 3301.07 of the Revised Code.

(B) The public employer shall submit a request for funds necessary to implement an agreement and for approval of any other matter requiring the approval of the appropriate legislative body to the legislative body within fourteen days of the date on which the parties finalize the agreement, unless otherwise specified, but if the appropriate legislative body is not in session at the time, then within fourteen days after it convenes. The legislative body must approve or reject the submission as a whole, and the submission is deemed approved if the legislative body fails to act within thirty days after the public employer submits the agreement. The parties may specify that those provisions of the agreement not requiring action by a legislative body are effective and operative in accordance with the terms of the agreement, provided there has been compliance with division (C) of this section. If the legislative body rejects the submission of the public employer, either party may reopen all or part of the entire agreement.

As used in this section, "legislative body" includes the governing board of a municipal corporation, school district, college or university, village, township, or board of county commissioners or any other body that has authority to approve the budget of their public jurisdiction and, with regard to the state, "legislative body" means the controlling board.
(C) The chief executive officer, or the chief executive officer's representative, of each municipal corporation, the designated representative of the board of education of each school district, college or university, or any other body that has authority to approve the budget of their public jurisdiction, the designated representative of the board of county commissioners and of each elected officeholder of the county whose employees are covered by the collective negotiations, and the designated representative of the village or the board of township trustees of each township is responsible for negotiations in the collective bargaining process; except that the legislative body may accept or reject a proposed collective bargaining agreement. When the matters about which there is agreement are reduced to writing and approved by the employee organization and the legislative body, the agreement is binding upon the legislative body, the employer, and the employee organization and employees covered by the agreement.

(D) There is hereby established an office of collective bargaining in the department of administrative services for the purpose of negotiating with and entering into written agreements between state agencies, departments, boards, and commissions and the exclusive representative on matters of wages, hours, terms and other conditions of employment and the continuation, modification, or deletion of an existing provision of a collective bargaining agreement. Nothing in any provision of law to the contrary shall be interpreted as excluding the bureau of workers' compensation and the industrial commission from the preceding sentence. This office shall not negotiate on behalf of other statewide elected officials or boards of trustees of state institutions of higher education who shall be considered as
separate public employers for the purposes of this chapter; however, the office may negotiate on behalf of these officials or trustees where authorized by the officials or trustees. The staff of the office of collective bargaining are in the unclassified service. The director of administrative services shall fix the compensation of the staff.

The office of collective bargaining shall:

(1) Assist the director in formulating management's philosophy for public collective bargaining as well as planning bargaining strategies;

(2) Conduct negotiations with the exclusive representatives of each employee organization;

(3) Coordinate the state's resources in all mediation, fact-finding, and arbitration cases as well as in all labor disputes;

(4) Conduct systematic reviews of collective bargaining agreements for the purpose of contract negotiations;

(5) Coordinate the systematic compilation of data by all agencies that is required for negotiating purposes;

(6) Prepare and submit an annual report and other reports as requested to the governor and the general assembly on the implementation of this chapter and its impact upon state government.

Sec. 4117.102. The state employment relations board shall compile a list of the school districts in the state that have filed with the board agreements entered into with teacher employee organizations under this chapter. The board shall annually update the list to reflect, for each district, for the
As Passed by the Senate

current fiscal year, the starting salary in the district for teachers with no prior teaching experience who hold bachelors degrees. The board shall send a copy of each annually updated list to the state board of education and workforce.

Sec. 4141.01. As used in this chapter, unless the context otherwise requires:

(A)(1) "Employer" means the state, its instrumentalities, its political subdivisions and their instrumentalities, Indian tribes, and any individual or type of organization including any partnership, limited liability company, association, trust, estate, joint-stock company, insurance company, or corporation, whether domestic or foreign, or the receiver, trustee in bankruptcy, trustee, or the successor thereof, or the legal representative of a deceased person who subsequent to December 31, 1971, or in the case of political subdivisions or their instrumentalities, subsequent to December 31, 1973:

(a) Had in employment at least one individual, or in the case of a nonprofit organization, subsequent to December 31, 1973, had not less than four individuals in employment for some portion of a day in each of twenty different calendar weeks, in either the current or the preceding calendar year whether or not the same individual was in employment in each such day; or

(b) Except for a nonprofit organization, had paid for service in employment wages of fifteen hundred dollars or more in any calendar quarter in either the current or preceding calendar year; or

   (i) For the purposes of divisions (A)(1)(a) and (b) of this section, there shall not be taken into account any wages paid to, or employment of, an individual performing domestic service as described in this division.

   (ii) An employer under this division shall not be an employer with respect to wages paid for any services other than domestic service unless the employer is also found to be an employer under division (A)(1)(a), (b), or (d) of this section.

   (d) As a farm operator or a crew leader subsequent to December 31, 1977, had in employment individuals in agricultural labor; and

   (i) During any calendar quarter in the current calendar year or the preceding calendar year, paid cash remuneration of twenty thousand dollars or more for the agricultural labor; or

(e) Is not otherwise an employer as defined under division (A)(1)(a) or (b) of this section; and

(i) For which, within either the current or preceding calendar year, service, except for domestic service in a private home not covered under division (A)(1)(c) of this section, is or was performed with respect to which such employer is liable for any federal tax against which credit may be taken for contributions required to be paid into a state unemployment fund;

(ii) Which, as a condition for approval of this chapter for full tax credit against the tax imposed by the "Federal Unemployment Tax Act," 84 Stat. 713, 26 U.S.C.A. 3301 to 3311, is required, pursuant to such act to be an employer under this chapter; or

(iii) Who became an employer by election under division (A)(4) or (5) of this section and for the duration of such election; or

(f) In the case of the state, its instrumentalities, its political subdivisions, and their instrumentalities, and Indian tribes, had in employment, as defined in divisions (B)(2)(a) and (B)(2)(l) of this section, at least one individual;

(g) For the purposes of division (A)(1)(a) of this section, if any week includes both the thirty-first day of December and the first day of January, the days of that week before the first day of January shall be considered one calendar week and the days beginning the first day of January another week.

(2) Each individual employed to perform or to assist in performing the work of any agent or employee of an employer is
employed by such employer for all the purposes of this chapter, whether such individual was hired or paid directly by such employer or by such agent or employee, provided the employer had actual or constructive knowledge of the work. All individuals performing services for an employer of any person in this state who maintains two or more establishments within this state are employed by a single employer for the purposes of this chapter.

(3) An employer subject to this chapter within any calendar year is subject to this chapter during the whole of such year and during the next succeeding calendar year.

(4) An employer not otherwise subject to this chapter who files with the director of job and family services a written election to become an employer subject to this chapter for not less than two calendar years shall, with the written approval of such election by the director, become an employer subject to this chapter to the same extent as all other employers as of the date stated in such approval, and shall cease to be subject to this chapter as of the first day of January of any calendar year subsequent to such two calendar years only if at least thirty days prior to such first day of January the employer has filed with the director a written notice to that effect.

(5) Any employer for whom services that do not constitute employment are performed may file with the director a written election that all such services performed by individuals in the employer's employ in one or more distinct establishments or places of business shall be deemed to constitute employment for all the purposes of this chapter, for not less than two calendar years. Upon written approval of the election by the director, such services shall be deemed to constitute employment subject to this chapter from and after the date stated in such approval.
Such services shall cease to be employment subject to this chapter as of the first day of January of any calendar year subsequent to such two calendar years only if at least thirty days prior to such first day of January such employer has filed with the director a written notice to that effect.

(6) "Employer" does not include a franchisor with respect to the franchisor's relationship with a franchisee or an employee of a franchisee, unless the franchisor agrees to assume that role in writing or a court of competent jurisdiction determines that the franchisor exercises a type or degree of control over the franchisee or the franchisee's employees that is not customarily exercised by a franchisor for the purpose of protecting the franchisor's trademark, brand, or both. For purposes of this division, "franchisor" and "franchisee" have the same meanings as in 16 C.F.R. 436.1.

(B)(1) "Employment" means service performed by an individual for remuneration under any contract of hire, written or oral, express or implied, including service performed in interstate commerce and service performed by an officer of a corporation, without regard to whether such service is executive, managerial, or manual in nature, and without regard to whether such officer is a stockholder or a member of the board of directors of the corporation, unless it is shown to the satisfaction of the director that such individual has been and will continue to be free from direction or control over the performance of such service, both under a contract of service and in fact. The director shall adopt rules to define "direction or control."

(2) "Employment" includes:

and one or more other states or political subdivisions and

of the service is performed but the individual's residence is in this state.

(h) Service of an individual who is a citizen of the United States, performed outside the United States except in Canada after December 31, 1971, or the Virgin Islands, after December 31, 1971, and before the first day of January of the year following that in which the United States secretary of labor approves the Virgin Islands law for the first time, in the employ of an American employer, other than service which is "employment" under divisions (B)(2)(f) and (g) of this section or similar provisions of another state's law, if:

(i) The employer's principal place of business in the
United States is located in this state;

(ii) The employer has no place of business in the United States, but the employer is an individual who is a resident of this state; or the employer is a corporation which is organized under the laws of this state, or the employer is a partnership or a trust and the number of partners or trustees who are residents of this state is greater than the number who are residents of any other state; or

The "benefit year" of a combined wage claim, as described in division (H) of section 4141.43 of the Revised Code, shall be the benefit year prescribed by the law of the

imposed pursuant to division (D)(2) of section 4141.29 or
section 4141.291 of the Revised Code must be removed as provided
in those sections as a requirement of establishing a valid
application for benefit years beginning on and after December
26, 2004, but before July 1, 2022. Effective for benefit years
beginning on and after July 1, 2022, any application for
determination of benefit rights made in accordance with section
4141.28 of the Revised Code is valid if the individual satisfies
the criteria described in division (R)(1) of this section. A

initially hired.

(4) Requires either that state employees take, at least annually and as though the employees were test applicants, the tests actually administered by the other party, that the director test a sample of drivers who were examined by the other party to compare the test results, or that state employees accompany a test applicant during an actual test;

(5) Unless the other party is a governmental entity, requires the other party to initiate and maintain a bond in an amount determined by the director to sufficiently pay for the retesting of drivers in the event that the other party or its skills test examiners are involved in fraudulent activities related to skills testing;

(6) Requires the other party to use only skills test examiners who have successfully completed a commercial driver's license examiner training course as prescribed by the director, and have been certified by the state as a commercial driver's license skills test examiner qualified to administer skills tests;

(11) Requires each skills test examiner to administer a complete skills test to a minimum of thirty-two different individuals per calendar year;

(12) Reserves to this state the right to take prompt and appropriate remedial action against the other party and its skills test examiners if the other party or its skills test examiners fail to comply with standards of this state or federal standards for the testing program or with any other terms of the contract.

(C) The director shall enter into an agreement with the department of education and workforce authorizing the skills test specified in this section to be administered by the department at any location operated by the department for purposes of training and testing school bus drivers, provided that the agreement between the director and the department complies with the requirements of division (B) of this section. Skills tests administered by the department shall be limited to
persons applying for a commercial driver's license with a school bus endorsement.

(D)(1) The director shall adopt rules, in accordance with Chapter 119. of the Revised Code, authorizing waiver of the skills test specified in this section for any applicant for a commercial driver's license who meets all of the following requirements:

(2) The waiver established under division (D)(1) of this section does not apply to United States reserve technicians.

(E)(1) The department of public safety may charge and collect a divisible fee of fifty dollars for each skills test given as part of a commercial driver's license examination. The fee shall consist of ten dollars for the pre-trip inspection portion of the test, ten dollars for the off-road maneuvering
portion of the test, and thirty dollars for the on-road portion of the test.

(2) No applicant is eligible to take the skills test until a minimum of fourteen days have elapsed since the initial issuance of a commercial driver's license temporary instruction permit to the applicant. The director may require an applicant for a commercial driver's license who schedules an appointment with the highway patrol or other authorized employee of the department of public safety to take all portions of the skills test and to pay an appointment fee of fifty dollars at the time of scheduling the appointment. If the applicant appears at the time and location specified for the appointment and takes all portions of the skills test during that appointment, the appointment fee serves as the skills test fee. If the applicant schedules an appointment to take all portions of the skills test and fails to appear at the time and location specified for the appointment, the director shall not refund any portion of the appointment fee. If the applicant schedules an appointment to take all portions of the skills test and appears at the time and location specified for the appointment, but declines or is unable to take all portions of the skills test, the director shall not refund any portion of the appointment fee. If the applicant cancels a scheduled appointment forty-eight hours or more prior to the time of the appointment time, the applicant shall not forfeit the appointment fee.

An applicant for a commercial driver's license who schedules an appointment to take one or more, but not all, portions of the skills test is required to pay an appointment fee equal to the costs of each test scheduled, as prescribed in division (E)(1) of this section, when scheduling such an appointment. If the applicant appears at the time and location
specified for the appointment and takes all the portions of the
skills test during that appointment that the applicant was
scheduled to take, the appointment fee serves as the skills test
fee. If the applicant schedules an appointment to take one or
more, but not all, portions of the skills test and fails to
appear at the time and location specified for the appointment,
the director shall not refund any portion of the appointment
fee. If the applicant schedules an appointment to take one or
more, but not all, portions of the skills test and appears at
the time and location specified for the appointment, but
deleines or is unable to take all portions of the skills test
that the applicant was scheduled to take, the director shall not
refund any portion of the appointment fee. If the applicant
cancels a scheduled appointment forty-eight hours or more prior
to the time of the appointment time, the applicant shall not
forfeit the appointment fee.

(3) The department of public safety shall deposit all fees
it collects under division (E) of this section in the public

Upon the person's completion of the skills test, this state shall electronically transmit the applicant's results to the state where the person is domiciled. If a person who is domiciled in this state takes a skills test in another state, this state shall accept the results of the skills test from the other state. If the person passed the other state's skills test and meets all of the other licensing requirements set forth in this chapter and rules adopted under this chapter, the registrar of
motor vehicles or a deputy registrar shall issue a commercial
driver's license to that person.

director's representative shall conduct the examinations,
inspections, audits, and test monitoring set forth in divisions
(B)(2),(3), and (4) of this section at least annually. If the
other party or any of its skills test examiners fail to comply
with state or federal standards for the skills testing program,

(E) An applicant shall file an application under this section in duplicate, and the deputy registrar issuing the license shall immediately forward to the office of the registrar the original copy of the application, together with the duplicate copy of any certificate of completion if issued for purposes of division (B) of this section. (A) No person shall operate a motor vehicle, trackless trolley, or streetcar at a speed greater or less than is reasonable or proper, having due regard to the traffic, surface, and width of the street or highway and any other conditions, and no person shall drive any motor vehicle, trackless trolley, or streetcar in and upon any street or highway at a greater speed than will permit the person to bring it to a stop within the assured clear distance ahead.

(B) It is prima-facie lawful, in the absence of a lower limit declared or established pursuant to this section by the director of transportation or local authorities, for the operator of a motor vehicle, trackless trolley, or streetcar to operate the same at a speed not exceeding the following:

(1)(a) Twenty miles per hour in school zones during school recess and while children are going to or leaving school during the opening or closing hours, and when twenty miles per hour school speed limit signs are erected; except that, on controlled-access highways and expressways, if the right-of-way line fence has been erected without pedestrian opening, the speed shall be governed by division (B)(4) of this section and on freeways, if the right-of-way line fence has been erected without pedestrian opening, the speed shall be governed by divisions (B)(10) and (11) of this section. The end of every school zone may be marked by a sign indicating the end of the
zone. Nothing in this section or in the manual and
specifications for a uniform system of traffic control devices
shall be construed to require school zones to be indicated by
signs equipped with flashing or other lights, or giving other
special notice of the hours in which the school zone speed limit
is in effect.

(b) As used in this section and in section 4511.212 of the
Revised Code, "school" means all of the following:

(i) Any school chartered under section 3301.16 of the
Revised Code;

(ii) Any nonchartered school that during the preceding
year filed with the department of education and workforce in
compliance with rule 3301-35-08 of the Ohio Administrative Code,
a copy of the school's report for the parents of the school's
pupils certifying that the school meets Ohio minimum standards
for nonchartered, nontax-supported schools and presents evidence
of this filing to the jurisdiction from which it is requesting
the establishment of a school zone;

(iii) Any special elementary school that in writing
requests the county engineer of the county in which the special
elementary school is located to create a school zone at the
location of that school. Upon receipt of such a written request,
the county engineer shall create a school zone at that location
by erecting the appropriate signs.

(iv) Any preschool education program operated by an
educational service center that is located on a street or
highway with a speed limit of forty-five miles per hour or more,
when the educational service center in writing requests that the
county engineer of the county in which the program is located
create a school zone at the location of that program. Upon receipt of such a written request, the county engineer shall create a school zone at that location by erecting the appropriate signs.

(c) As used in this section, "school zone" means that portion of a street or highway passing a school fronting upon the street or highway that is encompassed by projecting the school property lines to the fronting street or highway, and also includes that portion of a state highway. Upon request from local authorities for streets and highways under their jurisdiction and that portion of a state highway under the jurisdiction of the director of transportation or a request from a county engineer in the case of a school zone for a special elementary school, the director may extend the traditional school zone boundaries. The distances in divisions (B)(1)(c)(i), (ii), and (iii) of this section shall not exceed three hundred feet per approach per direction and are bounded by whichever of the following distances or combinations thereof the director approves as most appropriate:

(i) The distance encompassed by projecting the school building lines normal to the fronting highway and extending a distance of three hundred feet on each approach direction;

(ii) The distance encompassed by projecting the school property lines intersecting the fronting highway and extending a distance of three hundred feet on each approach direction;

(iii) The distance encompassed by the special marking of the pavement for a principal school pupil crosswalk plus a distance of three hundred feet on each approach direction of the highway.
Nothing in this section shall be construed to invalidate the director's initial action on August 9, 1976, establishing all school zones at the traditional school zone boundaries defined by projecting school property lines, except when those boundaries are extended as provided in divisions (B)(1)(a) and (c) of this section.

(d) As used in this division, "crosswalk" has the meaning given that term in division (LL)(2) of section 4511.01 of the Revised Code.

The director may, upon request by resolution of the legislative authority of a municipal corporation, the board of trustees of a township, or a county board of developmental disabilities created pursuant to Chapter 5126. of the Revised Code, and upon submission by the municipal corporation, township, or county board of such engineering, traffic, and other information as the director considers necessary, designate a school zone on any portion of a state route lying within the municipal corporation, lying within the unincorporated territory of the township, or lying adjacent to the property of a school that is operated by such county board, that includes a crosswalk customarily used by children going to or leaving a school during recess and opening and closing hours, whenever the distance, as measured in a straight line, from the school property line nearest the crosswalk to the nearest point of the crosswalk is no more than one thousand three hundred twenty feet. Such a school zone shall include the distance encompassed by the crosswalk and extending three hundred feet on each approach direction of the state route.

(e) As used in this section, "special elementary school" means a school that meets all of the following criteria:
(i) It is not chartered and does not receive tax revenue from any source.

(ii) It does not educate children beyond the eighth grade.

(iii) It is located outside the limits of a municipal corporation.

(iv) A majority of the total number of students enrolled at the school are not related by blood.

(v) The principal or other person in charge of the special elementary school annually sends a report to the superintendent of the school district in which the special elementary school is located indicating the total number of students enrolled at the school, but otherwise the principal or other person in charge does not report any other information or data to the superintendent.

(2) Twenty-five miles per hour in all other portions of a municipal corporation, except on state routes outside business districts, through highways outside business districts, and alleys;

(3) Thirty-five miles per hour on all state routes or through highways within municipal corporations outside business districts, except as provided in divisions (B)(4) and (6) of this section;

(4) Fifty miles per hour on controlled-access highways and expressways within municipal corporations, except as provided in divisions (B)(12), (13), (14), (15), and (16) of this section;

(5) Fifty-five miles per hour on highways outside municipal corporations, other than highways within island jurisdictions as provided in division (B)(8) of this section,
highways as provided in divisions (B)(9) and (10) of this section, and highways, expressways, and freeways as provided in divisions (B)(12), (13), (14), and (16) of this section;

(6) Fifty miles per hour on state routes within municipal corporations outside urban districts unless a lower prima-facie speed is established as further provided in this section;

(7) Fifteen miles per hour on all alleys within the municipal corporation;

(8) Thirty-five miles per hour on highways outside municipal corporations that are within an island jurisdiction;

(9) Thirty-five miles per hour on through highways, except state routes, that are outside municipal corporations and that are within a national park with boundaries extending through two or more counties;

(10) Sixty miles per hour on two-lane state routes outside municipal corporations as established by the director under division (H)(2) of this section;

(11) Fifty-five miles per hour on freeways with paved shoulders inside municipal corporations, other than freeways as provided in divisions (B)(14) and (16) of this section;

(12) Sixty miles per hour on rural expressways with traffic control signals and on all portions of rural divided highways, except as provided in divisions (B)(13) and (14) of this section;

(13) Sixty-five miles per hour on all rural expressways without traffic control signals;

(14) Seventy miles per hour on all rural freeways;
(15) Fifty-five miles per hour on all portions of freeways or expressways in congested areas as determined by the director and that are located within a municipal corporation or within an interstate freeway outerbelt, except as provided in division (B) (16) of this section;

(16) Sixty-five miles per hour on all portions of freeways or expressways without traffic control signals in urbanized areas.

(C) It is prima-facie unlawful for any person to exceed any of the speed limitations in divisions (B)(1)(a), (2), (3), (4), (6), (7), (8), and (9) of this section, or any declared or established pursuant to this section by the director or local authorities and it is unlawful for any person to exceed any of the speed limitations in division (D) of this section. No person shall be convicted of more than one violation of this section for the same conduct, although violations of more than one provision of this section may be charged in the alternative in a single affidavit.

(D) No person shall operate a motor vehicle, trackless trolley, or streetcar upon a street or highway as follows:

(1) At a speed exceeding fifty-five miles per hour, except upon a two-lane state route as provided in division (B)(10) of this section and upon a highway, expressway, or freeway as provided in divisions (B)(12), (13), (14), and (16) of this section;

(2) At a speed exceeding sixty miles per hour upon a two-lane state route as provided in division (B)(10) of this section and upon a highway as provided in division (B)(12) of this section;
(3) At a speed exceeding sixty-five miles per hour upon an expressway as provided in division (B)(13) or upon a freeway as provided in division (B)(16) of this section, except upon a freeway as provided in division (B)(14) of this section;

(4) At a speed exceeding seventy miles per hour upon a freeway as provided in division (B)(14) of this section;

(5) At a speed exceeding the posted speed limit upon a highway, expressway, or freeway for which the director has determined and declared a speed limit pursuant to division (I)(2) or (L)(2) of this section.

(E) In every charge of violation of this section the affidavit and warrant shall specify the time, place, and speed at which the defendant is alleged to have driven, and in charges made in reliance upon division (C) of this section also the speed which division (B)(1)(a), (2), (3), (4), (6), (7), (8), or (9) of, or a limit declared or established pursuant to, this section declares is prima-facie lawful at the time and place of such alleged violation, except that in affidavits where a person is alleged to have driven at a greater speed than will permit the person to bring the vehicle to a stop within the assured clear distance ahead the affidavit and warrant need not specify the speed at which the defendant is alleged to have driven.

(F) When a speed in excess of both a prima-facie limitation and a limitation in division (D) of this section is alleged, the defendant shall be charged in a single affidavit, alleging a single act, with a violation indicated of both division (B)(1)(a), (2), (3), (4), (6), (7), (8), or (9) of this section, or of a limit declared or established pursuant to this section by the director or local authorities, and of the limitation in division (D) of this section. If the court finds a
violation of division (B)(1)(a), (2), (3), (4), (6), (7), (8), or (9) of, or a limit declared or established pursuant to, this section has occurred, it shall enter a judgment of conviction under such division and dismiss the charge under division (D) of this section. If it finds no violation of division (B)(1)(a), (2), (3), (4), (6), (7), (8), or (9) of, or a limit declared or established pursuant to, this section, it shall then consider whether the evidence supports a conviction under division (D) of this section.

(G) Points shall be assessed for violation of a limitation under division (D) of this section in accordance with section 4510.036 of the Revised Code.

(H)(1) Whenever the director determines upon the basis of criteria established by an engineering study, as defined by the director, that any speed limit set forth in divisions (B)(1)(a) to (D) of this section is greater or less than is reasonable or safe under the conditions found to exist at any portion of a street or highway under the jurisdiction of the director, the director shall determine and declare a reasonable and safe prima-facie speed limit, which shall be effective when appropriate signs giving notice of it are erected at the location.

(2) Whenever the director determines upon the basis of criteria established by an engineering study, as defined by the director, that the speed limit of fifty-five miles per hour on a two-lane state route outside a municipal corporation is less than is reasonable or safe under the conditions found to exist at that portion of the state route, the director may determine and declare a speed limit of sixty miles per hour for that portion of the state route, which shall be effective when
appropriate signs giving notice of it are erected at the location.

(3)(a) For purposes of the safe and orderly movement of traffic upon any portion of a street or highway under the jurisdiction of the director, the director may establish a variable speed limit that is different than the speed limit established by or under this section on all or portions of interstate six hundred seventy, interstate two hundred seventy-five, and interstate ninety commencing at the intersection of that interstate with interstate seventy-one and continuing to the border of the state of Ohio with the state of Pennsylvania. The director shall establish criteria for determining the appropriate use of variable speed limits and shall establish variable speed limits in accordance with the criteria. The director may establish variable speed limits based upon the time of day, weather conditions, traffic incidents, or other factors that affect the safe speed on a street or highway. The director shall not establish a variable speed limit that is based on a particular type or class of vehicle. A variable speed limit established by the director under this section is effective when appropriate signs giving notice of the speed limit are displayed at the location.

(b) Except for variable speed limits established under division (H)(3)(a) of this section, the director shall establish a variable speed limit under the authority granted to the director by this section on not more than two additional highways and only pursuant to criteria established in rules adopted in accordance with Chapter 119. of the Revised Code. The rules shall be based on the criteria described in division (H)(3)(a) of this section. The rules also shall establish the parameters of any engineering study necessary for determining
when variable speed limits are appropriate.

(4) Nothing in this section shall be construed to limit
the authority of the director to establish speed limits within a
construction zone as authorized under section 4511.98 of the
Revised Code.

(I)(1) Except as provided in divisions (I)(2), (J), (K),
and (N) of this section, whenever local authorities determine
upon the basis of criteria established by an engineering study,
as defined by the director, that the speed permitted by
divisions (B)(1)(a) to (D) of this section, on any part of a
highway under their jurisdiction, is greater than is reasonable
and safe under the conditions found to exist at such location,
the local authorities may by resolution request the director to
determine and declare a reasonable and safe prima-facie speed
limit. Upon receipt of such request the director may determine
and declare a reasonable and safe prima-facie speed limit at
such location, and if the director does so, then such declared
speed limit shall become effective only when appropriate signs
giving notice thereof are erected at such location by the local
authorities. The director may withdraw the declaration of a
prima-facie speed limit whenever in the director's opinion the
altered prima-facie speed limit becomes unreasonable. Upon such
withdrawal, the declared prima-facie speed limit shall become
ineffective and the signs relating thereto shall be immediately
removed by the local authorities.

(2) A local authority may determine on the basis of
criteria established by an engineering study, as defined by the
director, that the speed limit of sixty-five or seventy miles
per hour on a portion of a freeway under its jurisdiction is
greater than is reasonable or safe under the conditions found to
exist at that portion of the freeway. If the local authority makes such a determination, the local authority by resolution may request the director to determine and declare a reasonable and safe speed limit of not less than fifty-five miles per hour for that portion of the freeway. If the director takes such action, the declared speed limit becomes effective only when appropriate signs giving notice of it are erected at such location by the local authority.

(J) Local authorities in their respective jurisdictions may authorize by ordinance higher prima-facie speeds than those stated in this section upon through highways, or upon highways or portions thereof where there are no intersections, or between widely spaced intersections, provided signs are erected giving notice of the authorized speed, but local authorities shall not modify or alter the basic rule set forth in division (A) of this section or in any event authorize by ordinance a speed in excess of the maximum speed permitted by division (D) of this section for the specified type of highway.

Alteration of prima-facie limits on state routes by local authorities shall not be effective until the alteration has been approved by the director. The director may withdraw approval of any altered prima-facie speed limits whenever in the director's opinion any altered prima-facie speed becomes unreasonable, and upon such withdrawal, the altered prima-facie speed shall become ineffective and the signs relating thereto shall be immediately removed by the local authorities.

(K)(1) As used in divisions (K)(1), (2), (3), and (4) of this section, "unimproved highway" means a highway consisting of any of the following:

(a) Unimproved earth;
(b) Unimproved graded and drained earth;

(c) Gravel.

(2) Except as otherwise provided in divisions (K)(4) and (5) of this section, whenever a board of township trustees determines upon the basis of criteria established by an engineering study, as defined by the director, that the speed permitted by division (B)(5) of this section on any part of an unimproved highway under its jurisdiction and in the unincorporated territory of the township is greater than is reasonable or safe under the conditions found to exist at the location, the board may by resolution declare a reasonable and safe prima-facie speed limit of fifty-five but not less than twenty-five miles per hour. An altered speed limit adopted by a board of township trustees under this division becomes effective when appropriate traffic control devices, as prescribed in section 4511.11 of the Revised Code, giving notice thereof are erected at the location, which shall be no sooner than sixty days after adoption of the resolution.

(3)(a) Whenever, in the opinion of a board of township trustees, any altered prima-facie speed limit established by the board under this division becomes unreasonable, the board may adopt a resolution withdrawing the altered prima-facie speed limit. Upon the adoption of such a resolution, the altered prima-facie speed limit becomes ineffective and the traffic control devices relating thereto shall be immediately removed.

(b) Whenever a highway ceases to be an unimproved highway and the board has adopted an altered prima-facie speed limit pursuant to division (K)(2) of this section, the board shall, by resolution, withdraw the altered prima-facie speed limit as soon as the highway ceases to be unimproved. Upon the adoption of
such a resolution, the altered prima-facie speed limit becomes ineffective and the traffic control devices relating thereto shall be immediately removed.

(4)(a) If the boundary of two townships rests on the centerline of an unimproved highway in unincorporated territory and both townships have jurisdiction over the highway, neither of the boards of township trustees of such townships may declare an altered prima-facie speed limit pursuant to division (K)(2) of this section on the part of the highway under their joint jurisdiction unless the boards of township trustees of both of the townships determine, upon the basis of criteria established by an engineering study, as defined by the director, that the speed permitted by division (B)(5) of this section is greater than is reasonable or safe under the conditions found to exist at the location and both boards agree upon a reasonable and safe prima-facie speed limit of less than fifty-five but not less than twenty-five miles per hour for that location. If both boards so agree, each shall follow the procedure specified in division (K)(2) of this section for altering the prima-facie speed limit on the highway. Except as otherwise provided in division (K)(4)(b) of this section, no speed limit altered pursuant to division (K)(4)(a) of this section may be withdrawn unless the boards of township trustees of both townships determine that the altered prima-facie speed limit previously adopted becomes unreasonable and each board adopts a resolution withdrawing the altered prima-facie speed limit pursuant to the procedure specified in division (K)(3)(a) of this section.

(b) Whenever a highway described in division (K)(4)(a) of this section ceases to be an unimproved highway and two boards of township trustees have adopted an altered prima-facie speed limit pursuant to division (K)(4)(a) of this section, both
boards shall, by resolution, withdraw the altered prima-facie speed limit as soon as the highway ceases to be unimproved. Upon the adoption of the resolution, the altered prima-facie speed limit becomes ineffective and the traffic control devices relating thereto shall be immediately removed.

(5) As used in division (K)(5) of this section:

(a) "Commercial subdivision" means any platted territory outside the limits of a municipal corporation and fronting a highway where, for a distance of three hundred feet or more, the frontage is improved with buildings in use for commercial purposes, or where the entire length of the highway is less than three hundred feet long and the frontage is improved with buildings in use for commercial purposes.

(b) "Residential subdivision" means any platted territory outside the limits of a municipal corporation and fronting a highway, where, for a distance of three hundred feet or more, the frontage is improved with residences or residences and buildings in use for business, or where the entire length of the highway is less than three hundred feet long and the frontage is improved with residences or residences and buildings in use for business.

Whenever a board of township trustees finds upon the basis of criteria established by an engineering study, as defined by the director, that the prima-facie speed permitted by division (B)(5) of this section on any part of a highway under its jurisdiction that is located in a commercial or residential subdivision, except on highways or portions thereof at the entrances to which vehicular traffic from the majority of intersecting highways is required to yield the right-of-way to vehicles on such highways in obedience to stop or yield signs or
traffic control signals, is greater than is reasonable and safe
under the conditions found to exist at the location, the board
may by resolution declare a reasonable and safe prima-facie
speed limit of less than fifty-five but not less than twenty-
five miles per hour at the location. An altered speed limit
adopted by a board of township trustees under this division
shall become effective when appropriate signs giving notice
thereof are erected at the location by the township. Whenever,
in the opinion of a board of township trustees, any altered
prima-facie speed limit established by it under this division
becomes unreasonable, it may adopt a resolution withdrawing the
altered prima-facie speed, and upon such withdrawal, the altered
prima-facie speed shall become ineffective, and the signs
relating thereto shall be immediately removed by the township.

(L)(1) The director of transportation, based upon an
engineering study, as defined by the director, of a highway,
expressway, or freeway described in division (B)(12), (13),
(14), (15), or (16) of this section, in consultation with the
director of public safety and, if applicable, the local
authority having jurisdiction over the studied highway,
expressway, or freeway, may determine and declare that the speed
limit established on such highway, expressway, or freeway under
division (B)(12), (13), (14), (15), or (16) of this section
either is reasonable and safe or is more or less than that which
is reasonable and safe.

(2) If the established speed limit for a highway,
expressway, or freeway studied pursuant to division (L)(1) of
this section is determined to be more or less than that which is
reasonable and safe, the director of transportation, in
consultation with the director of public safety and, if
applicable, the local authority having jurisdiction over the
studied highway, expressway, or freeway, shall determine and declare a reasonable and safe speed limit for that highway, expressway, or freeway.

(M)(1)(a) If the boundary of two local authorities rests on the centerline of a highway and both authorities have jurisdiction over the highway, the speed limit for the part of the highway within their joint jurisdiction shall be either one of the following as agreed to by both authorities:

(i) Either prima-facie speed limit permitted by division (B) of this section;

(ii) An altered speed limit determined and posted in accordance with this section.

(b) If the local authorities are unable to reach an agreement, the speed limit shall remain as established and posted under this section.

(2) Neither local authority may declare an altered prima-facie speed limit pursuant to this section on the part of the highway under their joint jurisdiction unless both of the local authorities determine, upon the basis of criteria established by an engineering study, as defined by the director, that the speed permitted by this section is greater than is reasonable or safe under the conditions found to exist at the location and both authorities agree upon a uniform reasonable and safe prima-facie speed limit of less than fifty-five but not less than twenty-five miles per hour for that location. If both authorities so agree, each shall follow the procedure specified in this section for altering the prima-facie speed limit on the highway, and the speed limit for the part of the highway within their joint jurisdiction shall be uniformly altered. No altered speed limit
may be withdrawn unless both local authorities determine that
the altered prima-facie speed limit previously adopted becomes
unreasonable and each adopts a resolution withdrawing the
altered prima-facie speed limit pursuant to the procedure
specified in this section.

(N) The legislative authority of a municipal corporation
or township in which a boarding school is located, by resolution
or ordinance, may establish a boarding school zone. The
legislative authority may alter the speed limit on any street or
highway within the boarding school zone and shall specify the
hours during which the altered speed limit is in effect. For
purposes of determining the boundaries of the boarding school
zone, the altered speed limit within the boarding school zone,
and the hours the altered speed limit is in effect, the
legislative authority shall consult with the administration of
the boarding school and with the county engineer or other
appropriate engineer, as applicable. A boarding school zone
speed limit becomes effective only when appropriate signs giving
notice thereof are erected at the appropriate locations.

(O) As used in this section:

(1) "Interstate system" has the same meaning as in 23

(2) "Commercial bus" means a motor vehicle designed for
carrying more than nine passengers and used for the
transportation of persons for compensation.

(3) "Noncommercial bus" includes but is not limited to a
school bus or a motor vehicle operated solely for the
transportation of persons associated with a charitable or
nonprofit organization.
(4) "Outerbelt" means a portion of a freeway that is part
of the interstate system and is located in the outer vicinity of
a major municipal corporation or group of municipal
corporations, as designated by the director.

(5) "Rural" means an area outside urbanized areas and
outside of a business or urban district, and areas that extend
within urbanized areas where the roadway characteristics remain
mostly unchanged from those outside the urbanized areas.

(6) "Urbanized area" has the same meaning as in 23 U.S.C.
101.

(7) "Divided" means a roadway having two or more travel
lanes for vehicles moving in opposite directions and that is
separated by a median of more than four feet, excluding turn
lanes.

(P)(1) A violation of any provision of this section is one
of the following:

(a) Except as otherwise provided in divisions (P)(1)(b),
(1)(c), (2), and (3) of this section, a minor misdemeanor;

(b) If, within one year of the offense, the offender
previously has been convicted of or pleaded guilty to two
violations of any provision of this section or of any provision
of a municipal ordinance that is substantially similar to any
 provision of this section, a misdemeanor of the fourth degree;

(c) If, within one year of the offense, the offender
previously has been convicted of or pleaded guilty to three or
more violations of any provision of this section or of any
 provision of a municipal ordinance that is substantially similar
to any provision of this section, a misdemeanor of the third
degree.
(2) If the offender operated a motor vehicle faster than thirty-five miles an hour in a business district of a municipal corporation, faster than fifty miles an hour in other portions of a municipal corporation, or faster than thirty-five miles an hour in a school zone during recess or while children are going to or leaving school during the school's opening or closing hours, a misdemeanor of the fourth degree. Division (P)(2) of this section does not apply if penalties may be imposed under division (P)(1)(b) or (c) of this section.

(3) Notwithstanding division (P)(1) of this section, if the offender operated a motor vehicle in a construction zone where a sign was then posted in accordance with section 4511.98 of the Revised Code, the court, in addition to all other penalties provided by law, shall impose upon the offender a fine of two times the usual amount imposed for the violation. No court shall impose a fine of two times the usual amount imposed for the violation upon an offender if the offender alleges, in an affidavit filed with the court prior to the offender's sentencing, that the offender is indigent and is unable to pay the fine imposed pursuant to this division and if the court determines that the offender is an indigent person and unable to pay the fine.

(4) If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under section 4511.991 of the Revised Code.

Sec. 4511.75. (A) The driver of a vehicle, streetcar, or trackless trolley upon meeting or overtaking from either direction any school bus stopped for the purpose of receiving or
discharging any school child, person attending programs offered
by community boards of mental health and county boards of
developmental disabilities, or child attending a program offered
by a head start agency, shall stop at least ten feet from the
front or rear of the school bus and shall not proceed until such
school bus resumes motion, or until signaled by the school bus
driver to proceed.

It is no defense to a charge under this division that the
school bus involved failed to display or be equipped with an
automatically extended stop warning sign as required by division
(B) of this section.

(B) Every school bus shall be equipped with amber and red
visual signals meeting the requirements of section 4511.771 of
the Revised Code, and an automatically extended stop warning
sign of a type approved by the state board of education and workforce, which shall be actuated by the driver
of the bus whenever but only whenever the bus is stopped or
stopping on the roadway for the purpose of receiving or
discharging school children, persons attending programs offered
by community boards of mental health and county boards of
developmental disabilities, or children attending programs
offered by head start agencies. A school bus driver shall not
actuate the visual signals or the stop warning sign in
designated school bus loading areas where the bus is entirely
off the roadway or at school buildings when children or persons
attending programs offered by community boards of mental health
and county boards of developmental disabilities are loading or
unloading at curbside or at buildings when children attending
programs offered by head start agencies are loading or unloading
at curbside. The visual signals and stop warning sign shall be
synchronized or otherwise operated as required by rule of the
board.

(C) Where a highway has been divided into four or more traffic lanes, a driver of a vehicle, streetcar, or trackless trolley need not stop for a school bus approaching from the opposite direction which has stopped for the purpose of receiving or discharging any school child, persons attending programs offered by community boards of mental health and county boards of developmental disabilities, or children attending programs offered by head start agencies. The driver of any vehicle, streetcar, or trackless trolley overtaking the school bus shall comply with division (A) of this section.

(D) School buses operating on divided highways or on highways with four or more traffic lanes shall receive and discharge all school children, persons attending programs offered by community boards of mental health and county boards of developmental disabilities, and children attending programs offered by head start agencies on their residence side of the highway.

(E) No school bus driver shall start the driver's bus until after any child, person attending programs offered by community boards of mental health and county boards of developmental disabilities, or child attending a program offered by a head start agency who may have alighted therefrom has reached a place of safety on the child's or person's residence side of the road.

(F)(1) Whoever violates division (A) of this section may be fined an amount not to exceed five hundred dollars. A person who is issued a citation for a violation of division (A) of this section is not permitted to enter a written plea of guilty and waive the person's right to contest the citation in a trial but
instead must appear in person in the proper court to answer the charge.

(2) In addition to and independent of any other penalty provided by law, the court or mayor may impose upon an offender who violates this section a class seven suspension of the offender's driver's license, commercial driver's license, temporary instruction permit, probationary license, or nonresident operating privilege from the range specified in division (A)(7) of section 4510.02 of the Revised Code. (2) The rules for the pilot program shall require that the program be established at an appropriate state correctional institution designated by the director and that the program consist of both of the following for each eligible offender whom the department, with the approval of the sentencing judge, permits to serve the eligible offender's sentence as a sentence of shock incarceration:

serve the sentence in a program of shock incarceration, in accordance with division (I) of section 2929.14 of the Revised Code, with this section, and with the rules adopted under this section. If the sentencing court recommends placement of the offender in a program of shock incarceration and the department for any reason does not subsequently place the offender in the recommended program, the department shall send a notice to the court indicating why the offender was not placed in the recommended program.

If the sentencing court does not make a recommendation on the placement of an offender in a program of shock incarceration and if the department determines that the offender is an eligible offender for placement in a program of that nature, the department shall screen the offender and determine if the offender is suited for the program of shock incarceration. If the offender is suited for the program of shock incarceration, at least three weeks prior to permitting an eligible offender to serve the sentence in a program of shock incarceration, the department shall notify the sentencing court of the proposed placement of the offender in the program and shall include with

If the department determines that the offender is not eligible for placement in a program of shock incarceration, the department shall not place the offender in any program of shock incarceration.

(2) If the department permits an eligible offender to serve the eligible offender's sentence of imprisonment as a sentence of shock incarceration and the eligible offender does not satisfactorily complete the entire period of imprisonment described in division (B)(2)(a) of this section, the offender shall be removed from the pilot program for shock incarceration and shall be required to serve the remainder of the offender's sentence of imprisonment imposed by the sentencing court as a regular term of imprisonment. If the eligible offender commences a period of post-release control described in division (B)(2)(b) of this section and violates the conditions of that post-release control, the eligible offender shall be subject to the provisions of sections 2929.141, 2967.15, and 2967.28 of the Revised Code regarding violation of post-release control sanctions.

(B) An employee may be removed, suspended, or demoted in accordance with this section for violation of written rules set forth by the board or for incompetency, inefficiency, dishonesty, drunkenness, immoral conduct, insubordination, discourteous treatment of the public, neglect of duty, or other acts of misfeasance, malfeasance, or nonfeasance.

(C) Prior to the removal, suspension, or demotion of an employee pursuant to this section, the employee shall be notified in writing of the charges against the employee. Except as otherwise provided in division (H) of this section, not later than thirty days after receiving such notification, a predisciplinary conference shall be held to provide the employee an opportunity to refute the charges against the employee. At least seventy-two hours prior to the conference, the employee shall be given a copy of the charges against the employee.

If the removal, suspension, or demotion action is directed against a management employee, the conference shall be held by the superintendent or a person the superintendent designates, and the superintendent shall notify the management employee within fifteen days after the conference of the decision made with respect to the charges. If the removal, suspension, or demotion action is directed against a superintendent, the conference shall be held by the members of the board or their designees, and the board shall notify the superintendent within
fifteen days after the conference of its decision with respect to the charges.

(D) Within fifteen days after receiving notification of the results of the predisciplinary conference, an employee may file with the board a written demand for a hearing before the board or before a referee, and the board shall set a time for the hearing which shall be within thirty days from the date of receipt of the written demand, and the board shall give the employee at least twenty days notice in writing of the time and place of the hearing.

(E) If a referee is demanded by an employee or a county board, the hearing shall be conducted by a referee selected in accordance with division (F) of this section; otherwise, it shall be conducted by a majority of the members of the board and shall be confined to the charges enumerated at the predisciplinary conference.

(F) Referees for the hearings required by this section shall be selected from the list of names compiled by the superintendent of public instruction director of education and workforce pursuant to section 3319.161 of the Revised Code. Upon receipt of notice that a referee has been demanded by an employee or a county board, the superintendent of public instruction director shall immediately designate three persons from such list, from whom the referee for the hearing shall be chosen, and the superintendent of public instruction director shall immediately notify the designees, the county board, and the employee. If within five days of receipt of the notice, the county board and employee are unable to agree upon one of the designees to serve as referee, the superintendent of public instruction director shall appoint one of the designees to serve.

(G) The board shall provide for a complete stenographic record of the proceedings, and a copy of the record shall be furnished to the employee.

Both parties may be present at the hearing, be represented by counsel, require witnesses to be under oath, cross-examine witnesses, take a record of the proceedings, and require the presence of witnesses in their behalf upon subpoena to be issued by the county board. If any person fails to comply with a subpoena, a judge of the court of common pleas of the county in which the person resides, upon application of any interested party, shall compel attendance of the person by attachment proceedings as for contempt. Any member of the board or the referee may administer oaths to witnesses. After a hearing by a referee, the referee shall file a report within ten days after the termination of the hearing. After consideration of the referee's report, the board, by a majority vote, may accept or reject the referee's recommendation. After a hearing by the board, the board, by majority vote, may enter its determination upon its minutes. If the decision, after hearing, is in favor of the employee, the charges and the record of the hearing shall be physically expunged from the minutes and, if the employee has suffered any loss of salary by reason of being suspended, the employee shall be paid the employee's full salary for the period of such suspension.

Any employee affected by a determination of the board
under this division may appeal to the court of common pleas of the county in which the board is located within thirty days after receipt of notice of the entry of such determination. The appeal shall be an original action in the court and shall be commenced by the filing of a complaint against the board, in which complaint the facts shall be alleged upon which the employee relies for a reversal or modification of such determination. Upon service or waiver of summons in that appeal, the board immediately shall transmit to the clerk of the court for filing a transcript of the original papers filed with the board, a certified copy of the minutes of the board into which the determination was entered, and a certified transcript of all evidence adduced at the hearing or hearings before the board or a certified transcript of all evidence adduced at the hearing or hearings before the referee, whereupon the cause shall be at issue without further pleading and shall be advanced and heard without delay. The court shall examine the transcript and record of the hearing and shall hold such additional hearings as it considers advisable, at which it may consider other evidence in addition to the transcript and record.

Upon final hearing, the court shall grant or deny the relief prayed for in the complaint as may be proper in accordance with the evidence adduced in the hearing. Such an action is a special proceeding, and either the employee or the board may appeal from the decision of the court of common pleas pursuant to the Rules of Appellate Procedure and, to the extent not in conflict with those rules, Chapter 2505. of the Revised Code.

(H) Notwithstanding divisions (C) to (G) of this section, a county board and an employee may agree to submit issues regarding the employee's removal, suspension, or demotion to

(3) "Nonteaching employee" means a person employed by a county board of developmental disabilities in a position that does not require a license.

(4) "Years of service" includes all service described in division (A) of section 3317.13 of the Revised Code.

(B) Subject to rules established by the director of developmental disabilities pursuant to Chapter 119. of the Revised Code, each county board of developmental disabilities shall annually adopt separate salary schedules for teachers and nonteaching employees.

(C) The teachers' salary schedule shall provide for increments based on training and years of service. The board may establish its own service requirements provided no teacher receives less than the salary the teacher would be paid under
section 3317.13 of the Revised Code if the teacher were employed
by a school district board of education and provided full credit
for a minimum of five years of actual teaching and military
experience as defined in division (A) of such section is given
to each teacher.

Each teacher who has completed training that would qualify
the teacher for a higher salary bracket pursuant to this section
shall file by the fifteenth day of September with the fiscal
officer of the board, satisfactory evidence of the completion of
such additional training. The fiscal officer shall then
immediately place the teacher, pursuant to this section, in the
proper salary bracket in accordance with training and years of
service. No teacher shall be paid less than the salary to which
the teacher would be entitled under section 3317.13 of the
Revised Code if the teacher were employed by a school district
board of education.

The superintendent of each county board, on or before the
fifteenth day of October of each year, shall certify to the
state board of education and the department of education and
workforce the name of each teacher employed, on an annual
salary, in each special education program operated pursuant to
section 3323.09 of the Revised Code during the first full school
week of October. The superintendent further shall certify, for
each teacher, the number of years of training completed at a
recognized college, the degrees earned from a college recognized
by the state board and the department of education and workforce,
the type of license held, the number of months employed by the
board, the annual salary, and other information that the state
board and the department may request.

(D) The nonteaching employees' salary schedule established
by the board shall be based on training, experience, and qualifications with initial salaries no less than salaries in effect on July 1, 1985. Each board shall prepare and may amend from time to time, specifications descriptive of duties, responsibilities, requirements, and desirable qualifications of the classifications of employees required to perform the duties specified in the salary schedule. All nonteaching employees shall be notified of the position classification to which they are assigned and the salary for the classification. The compensation of all nonteaching employees working for a particular board shall be uniform for like positions except as compensation would be affected by salary increments based upon length of service.

On the fifteenth day of October of each year the nonteaching employees' salary schedule and list of job classifications and salaries in effect on that date shall be filed by each board with the superintendent of public instruction and the department. If such salary schedule and classification plan is not filed, the superintendent of public instruction—director of education and workforce shall order the board to file such schedule and list forthwith. If this condition is not corrected within ten days after receipt of the order from the superintendent—director, no money shall be distributed to the board under Chapter 3317. of the Revised Code until the superintendent—director has satisfactory evidence of the board's full compliance with such order.

(1) Each county shall receive a basic annual grant of fifty thousand dollars.
(2) The sum of the basic annual grants provided under division (B)(1) of this section shall be subtracted from the total amount of funds appropriated to the department of youth services for the purpose of making grants pursuant to division (A) of this section to determine the remaining portion of the funds appropriated. The remaining portion of the funds appropriated shall be distributed on a per capita basis to each county that has a population of more than twenty-five thousand for that portion of the population of the county that exceeds twenty-five thousand.

(C)(1) Prior to a county's receipt of an annual grant pursuant to this section, the juvenile court that serves the county shall prepare, submit, and file in accordance with division (B)(3)(a) of section 5139.43 of the Revised Code an annual grant agreement and application for funding that is for the combined purposes of, and that satisfies the requirements of, this section and section 5139.43 of the Revised Code. (2) The county treasurer of each county that receives an annual grant pursuant to this section shall deposit the state subsidy funds so received into the county's felony delinquent care and custody fund created pursuant to division (B)(1) of section 5139.43 of the Revised Code. Subject to exceptions prescribed in section 5139.43 of the Revised Code that may apply
to the disbursement, the department shall disburse the state subsidy funds to which a county is entitled in a lump sum payment that shall be made in July of each calendar year.

(3) Upon an order of the juvenile court that serves a county and subject to appropriation by the board of county commissioners of that county, a county treasurer shall disburse from the county's felony delinquent care and custody fund the state subsidy funds granted to the county pursuant to this section for use only in accordance with this section, the applicable provisions of section 5139.43 of the Revised Code, and the county's approved annual grant agreement and application for funding.

(4) The moneys in a county's felony delinquent care and custody fund that represent state subsidy funds granted pursuant to this section are subject to appropriation by the board of county commissioners of the county; shall be disbursed by the county treasurer as required by division (C)(3) of this section; shall be used in the manners referred to in division (C)(3) of this section; shall not revert to the county general fund at the end of any fiscal year; shall carry over in the felony delinquent care and custody fund from the end of any fiscal year to the next fiscal year; shall be in addition to, and shall not be used to reduce, any usual annual increase in county funding that the juvenile court is eligible to receive or the current level of county funding of the juvenile court and of any programs, care, or services for alleged or adjudicated delinquent children, unruly children, or juvenile traffic offenders or for children who are at risk of becoming delinquent children, unruly children, or juvenile traffic offenders; and shall not be used to pay for the care and custody of felony delinquents who are in the care and custody of an institution.
pursuant to a commitment, recommitment, or revocation of a
release on parole by the juvenile court of that county or who
are in the care and custody of a community corrections facility
pursuant to a placement by the department as described in
division (E) of section 5139.36 of the Revised Code.

(5) As a condition of the continued receipt of state
subsidy funds pursuant to this section, each county and the
juvenile court that serves each county that receives an annual
grant pursuant to this section shall comply with divisions (B)
(3)(b), (c), and (d) of section 5139.43 of the Revised Code.

workforce and designated as the Ohio central school system to
serve all of the correctional institutions under its control.
The Ohio central school system shall provide educational
programs for prisoners to allow them to complete adult basic
education courses, earn Ohio certificates of high school
equivalence, or pursue vocational training. To that end, the
department may employ appropriately certified teachers,
administrators, and support staff. The department shall provide
classrooms, shops, and other appropriate facilities and
necessary furniture, books, stationery, supplies, and equipment.

(B)(1) The department of rehabilitation and correction
shall require each prisoner who has not obtained a high school
diploma to take courses leading toward an Ohio certificate of
high school equivalence, an Ohio high school diploma pursuant to
section 3313.61 of the Revised Code, or courses that provide
vocational training. If a prisoner has obtained a high school
diploma, the department shall encourage the prisoner to
participate in a program of advanced studies or training for a skilled trade.

(2) The department of rehabilitation and correction shall adopt rules that prescribe disciplinary actions that the department may take if a prisoner refuses to participate in an educational program required under division (B)(1) of this section.

(3) The failure of the department of rehabilitation and correction to provide, pursuant to division (B)(1) of this section, an opportunity for any prisoner to participate in courses that lead toward an Ohio certificate of high school equivalence or an Ohio high school diploma, or that provide vocational training, does not give rise to a claim for damages against the department.

(C) The department of rehabilitation and correction, for a clearly established medical, mental health, or security reason, may exclude certain prisoners from the requirement to take courses pursuant to division (B)(1) of this section. Any exclusion under this division shall be only for a clearly established medical, mental health, or security reason. The department of medicaid shall enter into an interagency agreement with the department of education and workforce under section 5162.35 of the Revised Code that provides for the department of education and workforce to administer the medicaid school component of the medicaid program other than the aspects of the component that sections 5162.36 to
5162.366 of the Revised Code require the department of medicaid to administer. The interagency agreement may include a provision that provides for the department of education and workforce to pay to the department of medicaid the nonfederal share of a portion of the administrative expenses the department of medicaid incurs in administering the aspects of the component that the department of medicaid administers.

To the extent authorized by rules authorized by section 5162.021 of the Revised Code, the department of education and workforce shall adopt rules establishing a process by which qualified medicaid school providers participating in the medicaid school component pay to the department of education and workforce the nonfederal share of the department's expenses incurred in administering the component. The rules shall be adopted in accordance with Chapter 119. of the Revised Code.

Sec. 5162.365. (A) A qualified medicaid school provider is solely responsible for timely repaying any overpayment that the provider receives under the medicaid school component of the medicaid program and that is discovered by a federal or state audit. This is the case regardless of whether the audit's finding identifies the provider, department of medicaid, or department of education and workforce as being responsible for the overpayment.

(B) The department of medicaid shall not do any of the following regarding an overpayment for which a qualified medicaid school provider is responsible for repaying:

(1) Make a payment to the federal government to meet or delay the provider's repayment obligation;

(2) Assume the provider's repayment obligation;
(3) Forgive the provider's repayment obligation.

(C) Each qualified medicaid school provider shall indemnify and hold harmless the department of medicaid for any cost or penalty resulting from a federal or state audit finding that a claim submitted by the provider under section 5162.361 of the Revised Code did not comply with a federal or state requirement applicable to the claim, including a requirement of a medicaid waiver component.

(2) Grant access to each building under the control of the administrator to law enforcement personnel and to entities described in division (C)(2) of this section, to enable the personnel and entities to hold training sessions for responding to threats and emergency events affecting the building, provided
that the access occurs outside of student instructional hours and the administrator, or the administrator's designee, is present in the building during the training sessions.

(F) The director of public safety, in consultation with representatives from the education community and in accordance with Chapter 119. of the Revised Code, shall adopt rules regarding emergency management plans under this section, including the content of the plans and procedures for filing the plans. The rules shall specify that plans and information required under division (B) of this section be submitted on standardized forms developed by the director for such purpose. The rules shall also specify the requirements and procedures for emergency management tests conducted pursuant to division (E)(1) of this section. Failure to comply with the rules may result in discipline pursuant to section 3319.31 of the Revised Code or any other action against the administrator as prescribed by rule.

(G) Division (B) of section 3319.31 of the Revised Code applies to any administrator who is subject to the requirements of this section and is not exempt under division (H) of this section and who is an applicant for a license or holds a license from the state board of education pursuant to section 3319.22 of the Revised Code.

(2) The director shall exempt from the requirements of this section the administrator of an online learning school, established under section 3302.42 of the Revised Code, unless
students of that school participate in in-person instruction or assessments at a location that is not covered by an existing emergency management plan, developed under this section as of December 14, 2021.

(I) Copies of the emergency management plan and information required under division (B) of this section are security records and are not public records pursuant to section 149.433 of the Revised Code. Notwithstanding section 149.433 of the Revised Code, a floor plan filed with the attorney general pursuant to this section is not a public record to the extent it is a record kept by the attorney general.

Sec. 5502.263. (A) As used in this section, "evidence-based" means a program or practice that does either of the following:

(2) Has a statistically significant effect on relevant outcomes based on:

(a) Strong evidence from at least one well-designed and well-implemented experimental study;

(b) Moderate evidence from at least one well-designed and
well-implemented quasi-experimental study; or

(c) Promising evidence from at least one well-designed and well-implemented correlation study with statistical controls for selection bias.

(5) Conform with all other specifications in a school's emergency management plan developed under section 5502.262 of the Revised Code.

Evidence-based threat assessment processes or best
practice threat assessment guidelines created by the national threat assessment center shall be a resource when developing the model threat assessment plan.

(C) Not later than two years after the effective date of this section, March 24, 2021, the department of public safety, in consultation with the department of education and workforce and the attorney general, shall develop and maintain a list of approved training programs for completion by school threat assessment team members prescribed in section 3313.669 of the Revised Code, one of which must be free or of no cost to schools. Each program approved under this section must be an evidence-based program that provides instruction in the following:

1. Identifying behaviors, signs, and threats that may lead to a violent act;

2. Determining the seriousness of a threat;

3. Developing intervention plans that protect the potential victims and address the underlying problem or conflict that initiated the behavior and assessments of plan results.

Sec. 5513.04. (A) Notwithstanding sections 125.12, 125.13, and 125.14 of the Revised Code, the director of transportation may sell, transfer, or otherwise dispose of any item of personal property that is not needed by the department of transportation. The director may exchange any such item, in the manner provided for in this chapter, and pay the balance of the cost of such new item from funds appropriated to the department. The director
also may accept a credit voucher or cash in an amount mutually agreed upon between a vendor and the department. The director shall apply the amount of any credit voucher to future purchases from that vendor and shall deposit any cash into the state treasury to the credit of the highway operating fund created in section 5735.051 of the Revised Code.

(B)(1) The director may sell or transfer any structure, machinery, tools, equipment, parts, material, office furniture, or supplies unfit for use or not needed by the department of transportation to any agency of the state or a political subdivision of the state without notice of the proposed disposal and upon any mutually agreed upon terms.

(2) Before selling any passenger vehicle, van, truck, trailer, or other heavy equipment, the director shall notify each county, municipal corporation, township, and school district of the sale. The director shall similarly notify the board of trustees of any regional water and sewer district established under Chapter 6119. of the Revised Code, when the board has forwarded to the director the district's name and current business address. For the purposes of this division, the name and current business address of a regional water and sewer district shall be forwarded to the director once each year during any year in which the board wishes the notification to be given. The notice required by this division may be given by the most economical means considered to be effective. If after seven days following mailing or other issuance of the director's notice, no county, municipal corporation, township, regional water and sewer district, educational service center, or school district has notified the director that it wishes to purchase any such vehicle or other heavy equipment, the director may proceed with the sale under division (C) of this section.
In the discretion of the director, the director may transfer any vehicle or other heavy equipment that is unfit for use or not needed by the department to any agency of the state or political subdivision of the state without advertising for bids and upon mutually agreed upon terms.

(3) The director may sell or otherwise dispose of any structure or structural materials salvaged on the state highway system that in the director's judgment are no longer needed by the department, or that, through wear or obsolescence, have become unfit for use. The director may transfer the structure or materials to counties, municipal corporations, school districts, or other political subdivisions without advertising for bids and upon mutually agreed upon terms. The director may transfer the structure or structural materials to a nonprofit corporation upon being furnished a copy of a contract between the nonprofit corporation and a county, municipal corporation, or other political subdivision to which the structure is to be moved pursuant to which the nonprofit corporation must make the structure or structural materials available for rent or sale within a period of three months after becoming available for occupancy to an individual or family which has been displaced by governmental action or which occupies substandard housing as certified by such political subdivision, without advertising for bids. Any such transfers shall be for such consideration as shall be determined by the director to be fair and reasonable, and shall be upon such terms and specifications with respect to performance and indemnity as shall be determined necessary by the director.

When, in carrying out an improvement that replaces any structure or structural materials, it is advantageous to dispose of the structure or structural materials by providing in the
contract for the improvement that the structure or structural materials, or any part thereof, shall become the property of the contractor, the director may so proceed.

(C)(1) Any item that has not been sold or transferred as provided in division (B) of this section may be sold at a public sale, as determined by the director. The director may authorize such sale by the deputy directors of transportation, and the proceedings of such sale shall be conducted in the same manner as provided for sales by the director. The director may establish a minimum price for any item to be sold and may establish any other terms, conditions, and manner for the sale of a particular item, which may be on any basis the director determines to be most advantageous to the department. The director may reject any offer or bid for an item. The director may remove any item from a sale if it develops that a public authority has a use for the item. In any notice of a sale, the director shall include a brief description of the item to be sold, the terms and conditions of the sale, and a statement of the time, place, and manner of the sale.

(2)(a) If, in the opinion of the director, any item to be sold has an estimated fair market value in excess of one thousand dollars, the director shall post a notice of the sale, for not less than ten days, on the official web site of the department. If the district where the property is located maintains a web site, notice of the sale also shall be posted on that web site. At least ten days before the sale, the director also shall publish one notice of the sale in a periodical or newspaper of general circulation in the region in which the items are located. A sale under division (C)(2)(a) of this section shall be made to the highest responsible bidder.
(b) If, in the opinion of the director, any item to be sold has an estimated fair market value of one thousand dollars or less, the director is not required to advertise the proposed sale except by notice posted on the official web site of the department. The notice shall be posted for at least five working days. A sale under division (C)(2)(b) of this section shall be made to the highest responsible bidder.

(D) Proceeds of any sale described in this section shall be paid into the state treasury to the credit of the highway operating fund or any other fund of the department as determined by the director.

(E) Once each year, the state board of education and workforce shall provide the director with a current list of the addresses of all school districts and educational service centers in the state.

examination shall not be divulged for any purpose other than as
required for the audit or unless the officers and employees are
required to testify in a court or proceeding under compulsion of
legal process. Whoever violates this provision shall thereafter
be disqualified from acting as an officer or employee or in any
other capacity under appointment or employment of the auditor of
state.

any purpose other than as required for the internal audit or
unless the officers and employees are required to testify in a
court or proceeding under compulsion of legal process. Whoever
violates this provision shall thereafter be disqualified from
acting as an officer or employee or in any other capacity under
appointment or employment of the office of internal audit.

for
authorization to anticipate a fraction of the remaining estimated proceeds of the levy and issue anticipation notes for that purpose. The application shall be in such form and contain such information as the superintendent director considers necessary and shall specify the amount of notes to be issued. The amount shall not exceed the following:

(A) In the case of a school district:

(1) For levies described under division (D)(2) of section 5705.21 of the Revised Code, the amount by which the total estimated proceeds of the levy remaining to be collected throughout its life exceeds the amount from such proceeds required to pay the principal and interest on notes issued under section 5705.21 of the Revised Code and the interest on any notes issued under this section;

If the superintendent determines that the anticipated proceeds from the levy may be significantly less than expected and that additional notes should not be issued, the superintendent may deny the application and give written notice of the denial to the president of the district's board of education or the taxing authority.

Such notes shall be sold in the same manner as notes issued under section 5705.21 or 5705.215 of the Revised Code.

Sec. 5705.391. (A) The department of education and
workforce and the auditor of state shall jointly adopt rules requiring boards of education to submit five-year projections of operational revenues and expenditures. The rules shall provide for the auditor of state or the department to examine the five-year projections and to determine whether any further fiscal analysis is needed to ascertain whether a district has the potential to incur a deficit during the first three years of the five-year period.

The auditor of state or the department may conduct any further audits or analyses necessary to assess any district's fiscal condition. If further audits or analyses are conducted by the auditor of state, the auditor of state shall notify the department of the district's fiscal condition, and the department shall immediately notify the district of any potential to incur a deficit in the current fiscal year or of any strong indications that a deficit will be incurred in either of the ensuing two years. If such audits or analyses are conducted by the department, the department shall immediately notify the district and the auditor of state of such potential deficit or strong indications thereof.

A district notified under this section shall take immediate steps to eliminate any deficit in the current fiscal year and shall begin to plan to avoid the projected future deficits.

(B) The state board of education, in accordance with sections 3319.31 and 3319.311 of the Revised Code, may limit, suspend, or revoke a license as defined under section 3319.31 of the Revised Code that has been issued to any school employee found to have willfully contributed erroneous, inaccurate, or incomplete data required for the submission of the five-year
projection required by this section.

(C) The department and the auditor of state, in their joint adoption of rules under division (A) of this section, shall not require a board of education to submit its five-year projection of operational revenues and expenditures prior to the thirtieth day of November of any fiscal year.

Sec. 5705.412. (A) As used in this section, "qualifying contract" means any agreement for the expenditure of money under which aggregate payments from the funds included in the school district's five-year forecast under section 5705.391 of the Revised Code will exceed the lesser of the following amounts:

(1) Five hundred thousand dollars;

(2) One per cent of the total revenue to be credited in the current fiscal year to the district's general fund, as specified in the district's most recent certificate of estimated resources certified under section 5705.36 of the Revised Code.

(B)(1) Notwithstanding section 5705.41 of the Revised Code, no school district shall adopt any appropriation measure, make any qualifying contract, or increase during any school year any wage or salary schedule unless there is attached thereto a certificate, signed as required by this section, that the school district has in effect the authorization to levy taxes including the renewal or replacement of existing levies which, when combined with the estimated revenue from all other sources available to the district at the time of certification, are sufficient to provide the operating revenues necessary to enable the district to maintain all personnel and programs for all the days set forth in its adopted school calendars for the current fiscal year and for a number of days in succeeding fiscal years.
equal to the number of days instruction was held or is scheduled
for the current fiscal year, as follows:

(a) A certificate attached to an appropriation measure
under this section shall cover only the fiscal year in which the
appropriation measure is effective and shall not consider the
renewal or replacement of an existing levy as the authority to
levy taxes that are subject to appropriation in the current
fiscal year unless the renewal or replacement levy has been
approved by the electors and is subject to appropriation in the
current fiscal year.

(b) A certificate attached, in accordance with this
section, to any qualifying contract shall cover the term of the
contract.

(c) A certificate attached under this section to a wage or
salary schedule shall cover the term of the schedule.

If the board of education has not adopted a school
calendar for the school year beginning on the first day of the
fiscal year in which a certificate is required, the certificate
attached to an appropriation measure shall include the number of
days on which instruction was held in the preceding fiscal year
and other certificates required under this section shall include
that number of days for the fiscal year in which the certificate
is required and any succeeding fiscal years that the certificate
must cover.

The certificate shall be signed by the treasurer and
president of the board of education and the superintendent of
the school district, unless the district is in a state of fiscal
emergency declared under Chapter 3316. of the Revised Code. In
that case, the certificate shall be signed by a member of the
district's financial planning and supervision commission who is designated by the commission for this purpose.

(2) In lieu of the certificate required under division (B) of this section, an alternative certificate stating the following may be attached:

(a) The contract is a multi-year contract for materials, equipment, or nonpayroll services essential to the education program of the district;

(b) The multi-year contract demonstrates savings over the duration of the contract as compared to costs that otherwise would have been demonstrated in a single year contract, and the terms will allow the district to reduce the deficit it is currently facing in future years as demonstrated in its five-year forecast adopted in accordance with section 5705.391 of the Revised Code.

The certificate shall be signed by the treasurer and president of the board of education and the superintendent of the school district, unless the district is in a state of fiscal emergency declared under Chapter 3316. of the Revised Code. In that case, the certificate shall be signed by a member of the district's financial planning and supervision commission who is designated by the commission for this purpose.

(C) Every qualifying contract made or wage or salary schedule adopted or put into effect without such a certificate shall be void, and no payment of any amount due thereon shall be made.

(D) The department of education and workforce and the auditor of state jointly shall adopt rules governing the methods by which treasurers, presidents of boards of education,
superintendents, and members of financial planning and supervision commissions shall estimate revenue and determine whether such revenue is sufficient to provide necessary operating revenue for the purpose of making certifications required by this section.

(E) The auditor of state shall be responsible for determining whether school districts are in compliance with this section. At the time a school district is audited pursuant to section 117.11 of the Revised Code, the auditor of state shall review each certificate issued under this section since the district's last audit, and the appropriation measure, contract, or wage and salary schedule to which such certificate was attached. If the auditor of state determines that a school district has not complied with this section with respect to any qualifying contract or wage or salary schedule, the auditor of state shall notify the prosecuting attorney for the county, the city director of law, or other chief law officer of the school district. That officer may file a civil action in any court of appropriate jurisdiction to seek a declaration that the contract or wage or salary schedule is void, to recover for the school district from the payee the amount of payments already made under it, or both, except that the officer shall not seek to recover payments made under any collective bargaining agreement entered into under Chapter 4117. of the Revised Code. If the officer does not file such an action within one hundred twenty days after receiving notice of noncompliance from the auditor of state, any taxpayer may institute the action in the taxpayer's own name on behalf of the school district.

(F) This section does not apply to any contract or increase in any wage or salary schedule that is necessary in order to enable a board of education to comply with division (B)
of section 3317.13 of the Revised Code, provided the contract or increase does not exceed the amount required to be paid to be in compliance with such division.

(G) Any officer, employee, or other person who expends or authorizes the expenditure of any public funds or authorizes or executes any contract or schedule contrary to this section, expends or authorizes the expenditure of any public funds on the void contract or schedule, or issues a certificate under this section which contains any false statements is liable to the school district for the full amount paid from the district's funds on the contract or schedule. The officer, employee, or other person is jointly and severally liable in person and upon any official bond that the officer, employee, or other person has given to the school district to the extent of any payments on the void claim, not to exceed ten thousand dollars. However, no officer, employee, or other person shall be liable for a mistaken estimate of available resources made in good faith and based upon reasonable grounds. (4) If the recipient district under division (G)(2) of this section or the newly created district under division (G)(3) of this section is assuming debt from one or more of the districts from which the property was transferred and any of the districts losing the property had fixed-sum levy losses, the department of education and workforce, in consultation with the tax commissioner, shall make an equitable division of the reimbursements for those losses.

(B)(1) If the commissioner's determination is appealed under section 5715.251 of the Revised Code, the county auditor, treasurer, and all other officers shall forthwith proceed with the levy and collection of the current year's taxes in the manner prescribed by law. The taxes shall be determined and collected as if the commissioner had determined under section 5715.24 of the Revised Code that the real property and the various classes thereof in the county as shown in the auditor's abstract were assessed for taxation and the true and agricultural use values were recorded on the agricultural land tax list as required by law.

(2) If as a result of the appeal to the board it is finally determined either that all real property and the various classes thereof have not been assessed as required by law or that the values set forth in the agricultural land tax list do not correctly reflect the true and agricultural use values of the lands contained therein, the county auditor shall forthwith add to or deduct from each tract, lot, or parcel of real property or class of real property the required percentage or amount of the valuation in accordance with the order of the
board or judgment of the court to which the board's order was appealed, and the taxes on each tract, lot, or parcel and the percentages required by section 319.301 of the Revised Code shall be recomputed using the valuation as finally determined. The order or judgment making the final determination shall prescribe the time and manner for collecting, crediting, or refunding the resultant increases or decreases in taxes.

Sec. 5715.34. (A) When a reassessment of all real property, or any class of property, situated in the county, township, municipal corporation, or other taxing district is ordered by the tax commissioner, the county auditor, within sixty days of the receipt of such order, shall commence the reassessment in the manner provided by law and by rules prescribed and issued by the commissioner.

The auditor shall commence the reassessment in the manner provided by law and by rules adopted by the commissioner, within sixty days after receiving the order.

(C) If the county auditor refuses, neglects, or fails to commence a reassessment within sixty days after receiving such order, or refuses, neglects, or fails to complete the reassessment within the time limit prescribed and set forth in such order, the tax commissioner shall withhold from such county
its share in the distribution of state revenue to local
government pursuant to section 5747.50 of the Revised Code and
shall direct the department of education and workforce to
withhold therefrom its share in the distribution of state
revenue to school districts pursuant to Title XXXIII of the

(E) Any rules the state board of education adopts, amends, or rescinds for educator licenses under this section, division (D) of section 3301.07 of the Revised Code, or any other law shall be adopted, amended, or rescinded under Chapter 119. of the Revised Code except as follows:

(1) Notwithstanding division (E) of section 119.03 and division (A)(1) of section 119.04 of the Revised Code, in the case of the adoption of any rule or the amendment or rescission of any rule that necessitates institutions' offering preparation programs for educators and other school personnel that are approved by the chancellor of higher education under section 3333.048 of the Revised Code to revise the curriculum of those programs, the effective date shall not be as prescribed in division (E) of section 119.03 and division (A)(1) of section 119.04 of the Revised Code. Instead, the effective date of such rules, or the amendment or rescission of such rules, shall be the date prescribed by section 3333.048 of the Revised Code.

(2) Notwithstanding the authority to adopt, amend, or
rescind emergency rules in division (G) of section 119.03 of the Revised Code, this authority shall not apply to the state board of education with regard to rules for educator licenses.

(F)(1) The rules adopted under this section establishing standards requiring additional coursework for the renewal of any educator license shall require a school district and a chartered nonpublic school to establish local professional development committees. In a nonpublic school, the chief administrative officer shall establish the committees in any manner acceptable to such officer. The committees established under this division shall determine whether coursework that a district or chartered nonpublic school teacher proposes to complete meets the requirement of the rules. The department of education state board shall provide technical assistance and support to committees as the committees incorporate the professional development standards adopted by the state board of education pursuant to section 3319.61 of the Revised Code into their review of coursework that is appropriate for license renewal. The rules shall establish a procedure by which a teacher may appeal the decision of a local professional development committee.

(2) In any school district in which there is no exclusive representative established under Chapter 4117. of the Revised Code, the professional development committees shall be established as described in division (F)(2) of this section.

Not later than the effective date of the rules adopted under this section, the board of education of each school district shall establish the structure for one or more local professional development committees to be operated by such school district. The committee structure so established by a
district board shall remain in effect unless within thirty days prior to an anniversary of the date upon which the current committee structure was established, the board provides notice to all affected district employees that the committee structure is to be modified. Professional development committees may have a district-level or building-level scope of operations, and may be established with regard to particular grade or age levels for which an educator license is designated.

Each professional development committee shall consist of at least three classroom teachers employed by the district, one principal employed by the district, and one other employee of the district appointed by the district superintendent. For committees with a building-level scope, the teacher and principal members shall be assigned to that building, and the teacher members shall be elected by majority vote of the classroom teachers assigned to that building. For committees with a district-level scope, the teacher members shall be elected by majority vote of the classroom teachers of the district, and the principal member shall be elected by a majority vote of the principals of the district, unless there are two or fewer principals employed by the district, in which case the one or two principals employed shall serve on the committee. If a committee has a particular grade or age level scope, the teacher members shall be licensed to teach such grade or age levels, and shall be elected by majority vote of the classroom teachers holding such a license and the principal shall be elected by all principals serving in buildings where any such teachers serve. The district superintendent shall appoint a replacement to fill any vacancy that occurs on a professional development committee, except in the case of vacancies among the elected classroom teacher members, which
shall be filled by vote of the remaining members of the committee so selected.

Terms of office on professional development committees shall be prescribed by the district board establishing the committees. The conduct of elections for members of professional development committees shall be prescribed by the district board establishing the committees. A professional development committee may include additional members, except that the majority of members on each such committee shall be classroom teachers employed by the district. Any member appointed to fill a vacancy occurring prior to the expiration date of the term for which a predecessor was appointed shall hold office as a member for the remainder of that term.

The initial meeting of any professional development committee, upon election and appointment of all committee members, shall be called by a member designated by the district superintendent. At this initial meeting, the committee shall select a chairperson and such other officers the committee deems necessary, and shall adopt rules for the conduct of its meetings. Thereafter, the committee shall meet at the call of the chairperson or upon the filing of a petition with the district superintendent signed by a majority of the committee members calling for the committee to meet.

(3) In the case of a school district in which an exclusive representative has been established pursuant to Chapter 4117. of the Revised Code, professional development committees shall be established in accordance with any collective bargaining agreement in effect in the district that includes provisions for such committees.

If the collective bargaining agreement does not specify a
different method for the selection of teacher members of the committees, the exclusive representative of the district's teachers shall select the teacher members.

If the collective bargaining agreement does not specify a different structure for the committees, the board of education of the school district shall establish the structure, including the number of committees and the number of teacher and administrative members on each committee; the specific administrative members to be part of each committee; whether the scope of the committees will be district levels, building levels, or by type of grade or age levels for which educator licenses are designated; the lengths of terms for members; the manner of filling vacancies on the committees; and the frequency and time and place of meetings. However, in all cases, except as provided in division (F)(4) of this section, there shall be a majority of teacher members of any professional development committee, there shall be at least five total members of any professional development committee, and the exclusive representative shall designate replacement members in the case of vacancies among teacher members, unless the collective bargaining agreement specifies a different method of selecting such replacements.

(4) Whenever an administrator's coursework plan is being discussed or voted upon, the local professional development committee shall, at the request of one of its administrative members, cause a majority of the committee to consist of administrative members by reducing the number of teacher members voting on the plan.

(G)(1) The department of education and workforce, educational service centers, county boards of developmental
disabilities, college and university departments of education, head start programs, and the Ohio education computer network may establish local professional development committees to determine whether the coursework proposed by their employees who are licensed or certificated under this section or section 3319.222 of the Revised Code, or under the former version of either section as it existed prior to October 16, 2009, meet the requirements of the rules adopted under this section. They may establish local professional development committees on their own or in collaboration with a school district or other agency having authority to establish them.

Local professional development committees established by county boards of developmental disabilities shall be structured in a manner comparable to the structures prescribed for school districts in divisions (F)(2) and (3) of this section, as shall the committees established by any other entity specified in division (G)(1) of this section that provides educational services by employing or contracting for services of classroom teachers licensed or certificated under this section or section 3319.222 of the Revised Code, or under the former version of either section as it existed prior to October 16, 2009. All other entities specified in division (G)(1) of this section shall structure their committees in accordance with guidelines which shall be issued by the state board of education.

(2) Educational service centers may establish local professional development committees to serve educators who are not employed in schools in this state, including pupil services personnel who are licensed under this section. Local professional development committees shall be structured in a manner comparable to the structures prescribed for school districts in divisions (F)(2) and (3) of this section.
These committees may agree to review the coursework, continuing education units, or other equivalent activities related to classroom teaching or the area of licensure that is proposed by an individual who satisfies both of the following conditions:

(a) The individual is licensed or certificated under this section or under the former version of this section as it existed prior to October 16, 2009.

(b) The individual is not currently employed as an educator or is not currently employed by an entity that operates a local professional development committee under this section.

Any committee that agrees to work with such an individual shall work to determine whether the proposed coursework, continuing education units, or other equivalent activities meet the requirements of the rules adopted by the state board under this section.

(3) Any public agency that is not specified in division (G)(1) or (2) of this section but provides educational services and employs or contracts for services of classroom teachers licensed or certificated under this section or section 3319.222 of the Revised Code, or under the former version of either section as it existed prior to October 16, 2009, may establish a local professional development committee, subject to the approval of the department of education and workforce. The committee shall be structured in accordance with guidelines issued by the state board.

(H) Not later than July 1, 2016, the state board, in accordance with Chapter 119. of the Revised Code, shall adopt rules pursuant to division (A)(3) of this section that do both...
of the following:

(1) Exempt consistently high-performing teachers from the requirement to complete any additional coursework for the renewal of an educator license issued under this section or section 3319.26 of the Revised Code. The rules also shall specify that such teachers are exempt from any requirements prescribed by professional development committees established under divisions (F) and (G) of this section.

(2) For purposes of division (H)(1) of this section, the state board shall define the term "consistently high-performing teacher."

(I) The state board shall issue a resident educator license, professional educator license, senior professional educator license, lead professional educator license, or any other educator license in accordance with Chapter 4796. of the Revised Code to an applicant if either of the following applies:

However, nothing in this division shall be construed to prohibit the individual from applying to the state board for a career-technical workforce development educator license under this section.

(3) An individual who, on July 1, 2019, holds an alternative resident educator license for teaching career-technical education issued under section 3319.26 of the Revised Code may, upon the expiration of the license, apply for a professional career-technical teaching license issued under the rules described in former section 3319.229 of the Revised Code. However, nothing in this division shall be construed to prohibit the individual from applying to the state board for a career-technical workforce development educator license under this section.

(B) Except as provided in division (G) of this section, the state board, in collaboration with the chancellor of higher education, shall adopt rules establishing standards and requirements for obtaining a two-year initial career-technical
workforce development educator license and a five-year advanced career-technical workforce development educator license. Each license shall be valid for teaching career-technical education or workforce development programs in grades four through twelve. The rules shall require applicants for either license to have a high school diploma or a certificate of high school equivalence as awarded under section 3301.80 of the Revised Code or as recognized as the equivalent of such certificate under division (C) of that section.

(F)(1) Not later than thirty days after June 30, 2007, each owner of a school bus or motor van shall obtain the complete driving record for each person who is currently employed or otherwise authorized to drive the school bus or motor van. An owner of a school bus or motor van shall not permit a person to operate the school bus or motor van for the first time before the owner has obtained the person's complete driving record. Thereafter, the owner of a school bus or motor van shall obtain the person's driving record not less frequently than semiannually if the person remains employed or otherwise authorized to drive the school bus or motor van. An owner of a school bus or motor van shall not permit a person to operate a school bus or motor van, after an interruption of one year or longer, before the owner has obtained the person's complete driving record.

(3) An owner of a school bus or motor van shall not permit any person to operate such a vehicle unless the person meets all other requirements contained in rules adopted by the state board of education or department prescribing qualifications of drivers of school buses and other student transportation.
(G) No superintendent of a school district, educational service center, community school, or public or private employer shall permit the operation of a vehicle used for pupil transportation within this state by an individual unless both of the following apply:

(2) The most recent criminal records check required by division (J) of this section has been completed and received by the superintendent or public or private employer.

(H) A person, school district, educational service center, community school, nonpublic school, or other public or nonpublic entity that owns a school bus or motor van, or that contracts with another entity to operate a school bus or motor van, may impose more stringent restrictions on drivers than those prescribed in this section, in any other section of the Revised Code, and in rules adopted by the state board department.

(I) For qualified drivers who, on July 1, 2007, are employed by the owner of a school bus or motor van to drive the school bus or motor van, any instance in which the driver was convicted of or pleaded guilty to a violation of section 4511.19 of the Revised Code or a substantially equivalent municipal ordinance prior to two years prior to July 1, 2007, shall not be considered a disqualifying event with respect to division (F) of this section.
(J)(1) This division applies to persons hired by a school district, educational service center, community school, chartered nonpublic school, or science, technology, engineering, and mathematics school established under Chapter 3326. of the Revised Code to operate a vehicle used for pupil transportation.

For each person to whom this division applies who is hired on or after November 14, 2007, the employer shall request a criminal records check in accordance with section 3319.39 of the Revised Code and every six years thereafter. For each person to whom this division applies who is hired prior to that date, the employer shall request a criminal records check by a date prescribed by the department of education and every six years thereafter.

(2) This division applies to persons hired by a public or private employer not described in division (J)(1) of this section to operate a vehicle used for pupil transportation.

For each person to whom this division applies who is hired on or after November 14, 2007, the employer shall request a criminal records check prior to the person's hiring and every six years thereafter. For each person to whom this division applies who is hired prior to that date, the employer shall request a criminal records check by a date prescribed by the department and every six years thereafter.

(3) Each request for a criminal records check under division (J) of this section shall be made to the superintendent of the bureau of criminal identification and investigation in the manner prescribed in section 3319.39 of the Revised Code, except that if both of the following conditions apply to the person subject to the records check, the employer shall request the superintendent only to obtain any criminal records that the
federal bureau of investigation has on the person:

(a) The employer previously requested the superintendent to determine whether the bureau of criminal identification and investigation has any information, gathered pursuant to division (A) of section 109.57 of the Revised Code, on the person in conjunction with a criminal records check requested under section 3319.39 of the Revised Code or under division (J) of this section.

(b) The person presents proof that the person has been a resident of this state for the five-year period immediately prior to the date upon which the person becomes subject to a criminal records check under this section.

Upon receipt of a request, the superintendent shall conduct the criminal records check in accordance with section 109.572 of the Revised Code as if the request had been made under section 3319.39 of the Revised Code. However, as specified in division (B)(2) of section 109.572 of the Revised Code, if the employer requests the superintendent only to obtain any criminal records that the federal bureau of investigation has on the person for whom the request is made, the superintendent shall not conduct the review prescribed by division (B)(1) of that section.

(K)(1) Until the effective date of the amendments to rule 3301-83-23 of the Ohio Administrative Code required by the second paragraph of division (E) of section 3319.39 of the Revised Code, any person who is the subject of a criminal records check under division (J) of this section and has been convicted of or pleaded guilty to any offense described in division (B)(1) of section 3319.39 of the Revised Code shall not be hired or shall be released from employment, as applicable,
unless the person meets the rehabilitation standards prescribed for nonlicensed school personnel by rule 3301-20-03 of the Ohio Administrative Code.

(2) Beginning on the effective date of the amendments to rule 3301-83-23 of the Ohio Administrative Code required by the second paragraph of division (E) of section 3319.39 of the Revised Code, any person who is the subject of a criminal records check under division (J) of this section and has been convicted of or pleaded guilty to any offense that, under the rule, disqualifies a person for employment to operate a vehicle used for pupil transportation shall not be hired or shall be released from employment, as applicable, unless the person meets the rehabilitation standards prescribed by the rule.

(L) The superintendent of a school district or an educational service center governing board shall issue a certificate to operate a vehicle used for pupil transportation in accordance with Chapter 4796. of the Revised Code to an applicant if either of the following applies:

(2) Has an eighth grade education or an equivalent education as determined by the state board department of education and workforce, or equivalent organization in the state where the applicant resides;

(3) Has graduated with at least one thousand eight hundred hours of training from a board-approved barber school or has graduated with at least one thousand hours of training from a board-approved barber school in this state and has a current cosmetology or hair designer license issued pursuant to Chapter 4713. of the Revised Code. No hours of instruction earned by an applicant five or more years prior to the examination apply to the hours of study required by this division.

(C) Any applicant who meets all of the requirements of divisions (A) and (B) of this section may take the barber examination at the time and place specified by the board. If the applicant fails to attain at least a seventy-five per cent pass rate on each part of the examination, the applicant is ineligible for licensure; however, the applicant may reapply for examination within ninety days after the date of the release of the examination scores by paying the required reexamination fee. An applicant is only required to take that part or parts of the
examination on which the applicant did not receive a score of seventy-five per cent or higher. If the applicant fails to reapply for examination within ninety days or fails the second examination, in order to reapply for examination for licensure the applicant shall complete an additional course of study of not less than two hundred hours, in a board-approved barber school. The board shall provide to an applicant, upon request, a report which explains the reasons for the applicant's failure to pass the examination.

(D) The board shall issue a license to practice barbering to any applicant who, to the satisfaction of the board, meets the requirements of divisions (A) and (B) of this section, who passes the required examination, and pays the initial licensure fee. Every licensed barber shall display the certificate of licensure in a conspicuous place adjacent to or near the licensed barber's work chair.

Sec. 4709.10. (A) Each person who desires to obtain a license to operate a barber school shall apply to the state cosmetology and barber board, on forms provided by the board. The board shall issue a barber school license to a person if the
board determines that the person meets and will comply with all
of the requirements of division (B) of this section and pays the
required licensure and inspection fees.

(B) In order for a person to qualify for a license to
operate a barber school, the barber school to be operated by the

thousand dollars issued by a bonding company licensed to do
business in this state. The bond shall be in the form prescribed

instruction in the theory and practice of barbering. The bond
shall continue in effect until notice of its termination is
provided to the board. In no event, however, shall the bond be
terminated while the barber school is in operation. Any student
who is injured or damaged by reason of a barber school's failure
to continue instruction in the theory and practice of barbering may maintain an action on the bond against the barber school or the surety, or both, for the recovery of any money or tuition paid in advance for instruction in the theory and practice of barbering which was not received. The aggregate liability of the surety to all students shall not exceed the sum of the bond.

(6) Maintain adequate record keeping to ensure that it has met the requirements for records of student progress as required by board rule;

(7) Establish minimum standards for acceptance of student applicants for admission to the barber school. The barber school may establish entrance requirements which are more stringent than those prescribed by the board, but the requirements must at a minimum require the applicant to meet both of the following:

(a) Be at least seventeen years of age;

(b) Have an eighth grade education, or an equivalent education as determined by the state board department of education and workforce.

(8) Have a procedure to submit every student applicant's admission application to the board for the board's review and approval prior to the applicant's admission to the barber school;

(9) Operate in a manner which reflects credit upon the barbering profession;

(10) Offer a curriculum of study which covers all aspects of the scientific fundamentals of barbering as specified by rule of the board;

(11) Employ no more than two licensed assistant barber
teachers for each licensed barber teacher employed or fewer than two licensed teachers or one licensed teacher and one licensed assistant teacher at each facility.

(C) Requirements for admission to examination for an independent school psychologist license shall be that the applicant:

1. Has received from an educational institution accredited or recognized by national or regional accrediting agencies as maintaining satisfactory standards, including those approved by the state board of education for the training of independent school psychologists, at least a master's degree in school psychology, or a degree considered equivalent by the board;

The application shall be accompanied by the recommendation of the real estate broker with whom the applicant is associated or with whom the applicant intends to be associated, certifying that the applicant is honest and truthful, and has not been finally adjudged by a court to have violated any municipal, state, or federal civil rights laws
relevant to the protection of purchasers or sellers of real
estate, which conviction or adjudication the applicant has not
disclosed to the superintendent, and recommending that the
applicant be admitted to the real estate salesperson
examination.

(B) A fee of eighty-one dollars shall accompany the
application, which fee includes the fee for the initial year of
the licensing period, if a license is issued. The initial year
of the licensing period commences at the time the license is
issued and ends on the applicant's first birthday thereafter.
The application fee shall be nonrefundable. A fee of eighty-one

successive application made by the applicant. One dollar of each
application fee shall be credited to the real estate education

(C) There shall be no limit placed on the number of times
an applicant may retake the examination.

(D) The superintendent, with the consent of the
commission, may enter into an agreement with a recognized
national testing service to administer the real estate
salesperson's examination under the superintendent's supervision
and control, consistent with the requirements of this chapter as
to the contents of the examination.

If the superintendent, with the consent of the commission,
enters into an agreement with a national testing service to
administer the real estate salesperson's examination, the
superintendent may require an applicant to pay the testing
service's examination fee directly to the testing service. If
the superintendent requires the payment of the examination fee

3. Has not, during any period in which the applicant was licensed under this chapter, violated any provision of, or any rule adopted pursuant to this chapter, or, if the applicant has violated such provision or rule, has established to the satisfaction of the superintendent that the applicant will not

If feasible, the instruction in Ohio real estate law shall be taught by a member of the faculty of an accredited law school. If feasible, the instruction in municipal, state, and federal civil rights law, new case law on housing discrimination, desegregation issues, and methods of eliminating the effects of prior discrimination shall be taught by a staff member of the Ohio civil rights commission who is knowledgeable with respect to those subjects. The requirements of this division do not apply to an applicant who is admitted to practice before the supreme court.

(c) Twenty hours of instruction in real estate appraisal;

(d) Twenty hours of instruction in real estate finance.

(G)(1) Successful completion of the instruction required by division (F)(6) of this section shall be determined by the
law in effect on the date the instruction was completed.

(2) Division (F)(6)(c) of this section does not apply to any new applicant who holds a valid Ohio real estate appraiser license or certificate issued prior to the date of application for a real estate salesperson's license.

(H) Only for noncredit course offerings, an institution of higher education shall obtain approval from the appropriate state authorizing entity prior to offering a real estate course that is designed and marketed as satisfying the salesperson license education requirements of division (F)(6) of this section. The state authorizing entity may consult with the superintendent in reviewing the course for compliance with this section.

(I) Any person who has not been licensed as a real estate salesperson or broker within a four-year period immediately preceding the person's current application for the salesperson's examination shall have successfully completed the prelicensure instruction required by division (F)(6) of this section within a ten-year period immediately preceding the person's current application for the salesperson's examination.

(J) Not earlier than the date of issue of a real estate salesperson's license to a licensee, but not later than twelve months after the date of issue of a real estate salesperson license to a licensee, the licensee shall submit proof satisfactory to the superintendent, on forms made available by the superintendent, of the completion of twenty hours of instruction that shall be completed in schools, seminars, and educational institutions approved by the commission. The instruction shall include, but is not limited to, current practices relating to commercial real estate, property
management, short sales, and land contracts; contract law; federal and state programs; economic conditions; and fiduciary responsibility. Approval of the curriculum and providers shall be granted according to rules adopted pursuant to section 4735.10 of the Revised Code and may be taken through classroom instruction or distance education.

If proof of completion of the required instruction is not submitted within twelve months of the date a license is issued under this section, the licensee's license is suspended automatically without the taking of any action by the superintendent. The superintendent immediately shall notify the broker with whom such salesperson is associated of the suspension of the salesperson's license. A salesperson whose license has been suspended under this division shall have twelve months after the date of the suspension of the salesperson's license to submit proof of successful completion of the instruction required under this division. No such license shall be reactivated by the superintendent until it is established, to the satisfaction of the superintendent, that the requirements of this division have been met and that the licensee is in compliance with this chapter. A licensee's license is revoked automatically without the taking of any action by the superintendent when the licensee fails to submit the required proof of completion of the education requirements under division (I) of this section within twelve months of the date the license is suspended.

(K) Examinations shall be administered with reasonable accommodations in accordance with the requirements of the "Americans with Disabilities Act of 1990," 104 Stat. 327, 42 U.S.C. 12189. The contents of an examination shall be consistent with the classroom instructional requirements of division (F)(6)
of this section. An applicant who has completed the classroom instructional requirements of division (F)(6) of this section at the time of application shall be examined no later than twelve months after the applicant is notified of the applicant's admission to the examination.

(L) Notwithstanding any provision of this chapter or Chapter 4796. of the Revised Code to the contrary, the superintendent shall issue a real estate salesperson's license in accordance with Chapter 4796. of the Revised Code to an applicant if both of the following apply:

(1) The applicant satisfies the requirements specified in section 4796.03, 4796.04, or 4796.05 of the Revised Code, as applicable.

(2) The applicant passes an examination on Ohio real estate law.

Sec. 4747.10. (A)(1) Each person currently engaged in training to become a licensed hearing aid dealer or fitter shall apply to the state speech and hearing professionals board for a hearing aid dealer's and fitter's trainee permit. The board shall issue to each applicant within thirty days of receipt of a properly completed application and payment of an application fee set by the board in rules adopted under section 4747.04 of the Revised Code, a trainee permit if such applicant meets all of the following criteria:

(a) The applicant holds a permit or license in another state.

(b) The applicant has satisfactory work experience, a government certification, or a private certification as described in that chapter as a hearing aid dealer and fitter trainee in a state that does not issue that permit or license.

(B) The board shall not deny a trainee permit issued under this section to any individual based on the individual's past criminal history unless the denial is in accordance with section 9.79 of the Revised Code.

In considering a renewal of an individual's trainee permit, the board shall not consider any conviction or plea of guilty prior to the issuance of the initial trainee permit. However, the board may consider a conviction or plea of guilty if it occurred after the individual was initially granted the trainee permit, or after the most recent trainee permit renewal. The board shall comply with Chapter 119. of the Revised Code when denying an individual for a trainee permit or renewal. Additionally, the board may grant an individual a conditional trainee permit that lasts for one year. After the one-year period has expired, the permit is no longer considered conditional, and the individual shall be considered to be granted a full trainee permit.

(C) Each trainee permit issued by the board expires one year from the date it was first issued, and may be renewed once
if the trainee has not successfully completed the qualifying  
requirements for licensing as a hearing aid dealer or fitter  
before the expiration date of such permit. The board shall issue  
a renewed permit to each applicant upon receipt of a properly  
completed application and payment of a renewal fee set by the  
board in rules adopted under section 4747.04 of the Revised  
Code. No person holding a trainee permit shall engage in the  
practice of dealing in or fitting of hearing aids except while  
under supervision by a licensed hearing aid dealer or fitter.
